24           **BY MS. STEINER:** Your Honor, I had  
25 requested additional time. There were  
26 several --

27           **BY THE COURT:** You got two or three extra  
28 minutes from what I had originally said I  
29 would give.

## INDIVIDUAL VOIR DIRE

1           **BY MS. STEINER:** If the Court, please, I  
2 would proffer that I would like to question  
3 him. I believe that he is one of the people  
4 standing outside with Mr. Amason and the  
5 deputy. And as we now know, it's before this  
6 Court that at least Mr. Amason was advising  
7 the deputy with respect to who was who in  
8 personnel, and I would like to question him  
9 about that. And I believe I'm entitled to do  
10 so.

11                   And Your Honor, I understand the  
12 Court's time limits, but my shortcomings as a  
13 lawyer should -- cannot under the 6th  
14 Amendment be -- prevent this Court from doing  
15 a full inquiry --

16           **BY THE COURT:** Well, we can do it this  
17 way: We're going to bring everybody in and  
18 do the group voir dire now or we're going to  
19 have a time limit. Because as I say, you are  
20 asking -- you're stringing together  
21 paragraph's worth of statements before you  
22 ask a single question. And you're pausing  
23 and taking forever sometimes to even ask a  
24 question.

25                   But the worst thing you're doing is  
26 constantly asking the same things over again.  
27 If -- we will ask him one question -- I  
28 really don't even see that it's relevant --  
29 if he was talking to the deputy sheriff,

## INDIVIDUAL VOIR DIRE

1 there's no prohibition about talking to  
2 anybody that's not involved as a witness in  
3 this case.

4 **BY MR. EVANS:** There can't be any  
5 relevance to it --

6 **BY THE COURT:** And so I don't even see  
7 what -- what's the purpose of this inquiry?

8 **BY MS. STEINER:** Your Honor, if this is a  
9 group of jurors discussing the personnel in  
10 this case with the security, I think the  
11 Court needs to know that. We certainly need  
12 to know that as we look at striking this jury  
13 for preemptory. We do not have the  
14 investigative staff that has asked --

15 **BY THE COURT:** I'll ask Mr. Carpenter this  
16 one question, if he talked to anybody -- you  
17 know, if you'll bring him in just again for a  
18 second.

19 (MR. CARPENTER ENTERS THE COURTROOM)

20 **BY THE COURT:**

21 **Q** Just one brief followup. Somebody said  
22 they may have seen you talking with another juror or  
23 two out with the deputy sheriff this morning before  
24 court or something. Do you remember anything -- any  
25 of that happen?

26 **A** I don't think I even said a word. I  
27 walked up, and there was three or four people  
28 standing by -- by the corner out here. Yes.

29 **Q** And did you just walk by them?

## INDIVIDUAL VOIR DIRE

1           **A**     I mean, no, I actually stopped. But I  
2 don't think I even said a word to anybody.

3           **Q**     So was any discussion about this case  
4 taking place with anyone?

5           **A**     No, sir. They were talking about farming  
6 or cutting trees or something.

7                   **BY THE COURT:** Okay. Thank you.

8           **BY MS. STEINER:**

9           **Q**     You -- I happened to be in the car driving  
10 through at the time. Did anything about -- I wasn't  
11 supposed to interact with any of the jurors. I  
12 think I did look at you. Did anything about that  
13 affect you in any way?

14           **A**     No. Like I said, I -- I just walked up.  
15 I don't think I even made a comment. They were  
16 talking about the timber business. They were had --  
17 having trouble selling timber.

18           **Q**     But did anything in that interaction --  
19 if -- if you didn't like my car or my face or  
20 whatever, you're not going to hold that against my  
21 client?

22                   **BY MR. EVANS:** Your Honor, this is --

23           **A**     No.

24                   **BY THE COURT:** That will be fine. You may  
25 step down.

26                   (JUROR LEAVES THE COURTROOM)

27                   **BY THE COURT:** No. 72, Ms. Colbert.

28                   (JUROR NO. 72, BEATRICE COLBERT, ENTERS  
29 THE COURTROOM)

## INDIVIDUAL VOIR DIRE

1       **BY THE COURT:**

2           **Q**     If you'll come down and have a seat,  
3       ma'am. What we're doing now, ma'am, is asking  
4       questions outside the presence of other jurors  
5       because there are some matters we just felt  
6       appropriate to take up privately instead of  
7       everyone.

8                   First, I want to know about the knowledge  
9       of the case. Have you heard anything about the case  
10      or know any particular facts of the case?

11           **A**     What I have read in the newspaper over the  
12      years, and I do -- I am an avid newspaper reader.  
13      So I do read our local news as well as the Clarion  
14      Ledger.

15           **Q**     How about the Internet? You read any --

16           **A**     I do.

17           **Q**     -- any Internet items?

18           **A**     I read Internet news as well.

19           **Q**     And I guess you probably heard about  
20      the -- or did you hear about the case back at the  
21      time when it first happened?

22           **A**     I did.

23           **Q**     Now, is there anything you've read, heard,  
24      seen or discussed with anyone that has caused you to  
25      form an opinion concerning the guilt or innocence of  
26      Mr. Flowers?

27           **A**     I have taken each trial and, I guess,  
28      accepted what the verdict was. But not having ever  
29      heard all of the evidence that has been presented,

## INDIVIDUAL VOIR DIRE

1 you know, I've never felt like I have been privy to  
2 all of the facts of the case. So not really, I  
3 guess, no.

4 Q So could you lay aside anything you read  
5 or heard and base your decision only on the evidence  
6 presented here in court?

7 A Most definitely.

8 Q And if you had read something in that  
9 paper that doesn't occur during the course of the  
10 trial or that you don't hear testimony on during the  
11 trial, will you still be thinking about the stuff  
12 you might have read in the past or will you --

13 A I can lay that aside and listen to  
14 everything that is presented in the courtroom.

15 Q And will you do that?

16 A Yes, sir.

17 Q Next concerns the possibility of a  
18 sentencing phase. If Mr. Flowers is found not  
19 guilty, the trial is over. If he's found guilty, we  
20 move on to the sentencing phase which, at that  
21 point, the jury will decide the appropriate  
22 punishment. It could be life in prison, if the  
23 death penalty is not imposed. So the death penalty  
24 or life in prison are the options.

25 Mr. Flowers -- I mean, the State of  
26 Mississippi will put on aggravating factors, which  
27 is why the State believes the death penalty is  
28 appropriate. Mr. Flowers will then be given the  
29 opportunity to put on mitigating factors, that being

## INDIVIDUAL VOIR DIRE

1 reasons he believes the death penalty should not be  
2 imposed, and it can be a number of things concerning  
3 his family, history, background and things of that  
4 nature. If -- after you have heard all the evidence  
5 that's admissible by the Court and been instructed  
6 on the law by the Court on all issues, if it gets to  
7 the sentencing phase, can you consider all  
8 sentencing options?

9       **A**     Yes, I can.

10       **Q**     And without having heard anything, do you  
11 have a tendency or do you favor one potential  
12 punishment over another as we sit here right now?

13       **A**     I don't.

14               **BY THE COURT:** Thank you. Mr. Evans.

15       **BY MR. EVANS:**

16       **Q**     All right. And it's important, as we  
17 talked about earlier on voir dire, that a jury come  
18 in with the open mind and not let any outside  
19 influences interfere with them from people they know  
20 or what they may have heard. And I understand  
21 you're telling the Court that you can come in with a  
22 completely open mind, base your decision of guilt or  
23 innocence on only what you hear in court and the  
24 evidence that Court allows in court.

25       **A**     Yes, sir.

26       **Q**     And as far as the sentencing, the judge  
27 will instruct you on what the law is, on what  
28 aggravating factors that you can consider and what  
29 mitigating factors you can consider. Some of those

## INDIVIDUAL VOIR DIRE

1 mitigating factors that the defense may offer are  
2 things like his age, his life before this crime was  
3 committed, his life after this crime was committed,  
4 and the Court will instruct you that all of those  
5 things should be considered. Will you consider  
6 everything that both sides puts on, honestly  
7 consider both sides, listen to the Court's evidence  
8 before you even start to think about which sentence  
9 would be appropriate?

10 **A** Yes, sir.

11 **Q** And could you fairly and honestly impose  
12 either sentence if you felt it was justified under  
13 the facts of this case?

14 **A** Yes, sir.

15 **BY MR. EVANS:** Thank you, ma'am.

16 **BY MS. STEINER:**

17 **Q** How long after you heard about this case  
18 did you learn that it was your -- Ms. Roxanne  
19 Ballard's mother who had died?

20 **A** Immediately, when I heard. I -- I was  
21 told that.

22 **Q** All right. And did you offer your  
23 condolences to Roxanne the next time you saw her?

24 **A** I believe it was probably years that I saw  
25 Roxanne after that.

26 **Q** All right. But even years later, you  
27 offered your condolences?

28 **A** I did.

29 **Q** Have you attended any of the prior trials?

## INDIVIDUAL VOIR DIRE

1           **A**     Yes, I have.

2           **Q**     Which?

3           **A**     I believe it -- I have not attended a full  
4 trial, but I have attended a couple of -- maybe  
5 trials three and four.

6           **Q**     Here in Winona?

7           **A**     Here in Winona.

8           **Q**     So you did hear some evidence in the prior  
9 trials?

10          **A**     Yes, I have.

11          **Q**     Now, you -- so I'm assuming when you got  
12 the invitation to be here this week, you knew what  
13 this case was?

14          **A**     Yes, I did.

15          **Q**     And you already heard some evidence in the  
16 case?

17          **A**     (Nodding head).

18          **Q**     Did you continue to be an avid newspaper  
19 reader? Did you read the Clarion Ledger articles on  
20 this?

21          **A**     I have read -- yes. I have read the  
22 Clarion Ledger every day.

23          **Q**     And did you have any conversations with  
24 Roxanne --

25          **A**     Oh, no. Nothing.

26          **Q**     All right. Did you get on the Internet  
27 and google the case and see what was up on the  
28 Internet after you got your summons?

29          **A**     I did not.

## INDIVIDUAL VOIR DIRE

1           **Q**     Did you read the local newspaper coverage?

2           **A**     Yes.

3           **Q**     By that you mean Tardy -- excuse me,  
4 Winona Times and Greenwood?

5           **A**     Well, Winona -- I generally read the  
6 Winona Times, the Clarion Ledger and The Daily Star  
7 from Grenada since I work in Grenada.

8           **Q**     And you've indicated that you could  
9 consider mitigating evidence and aggravating  
10 evidence. Do you understand that in addition, your  
11 fellow soccer mom Roxanne Ballard -- she may be  
12 testifying at both phases -- but she may up here  
13 talking about her feelings for which you previously  
14 offered condolences. Will that affect -- after  
15 that, will you want to hear anything about  
16 Mr. Flowers?

17          **A**     I -- what I hear from Ms. Ballard would  
18 not impact me. I do not have a close personal  
19 relationship with her. I have known her for years,  
20 but we're not close so I --

21          **Q**     I --

22                   **BY MR. EVANS:** Your Honor, she's trying to  
23 answer if she'll be allowed to.

24                   **BY MS. STEINER:**

25          **Q**     My question was could you still hear  
26 evidence --

27          **A**     Can I still listen to what is presented?  
28 Is that what you're asking me?

29          **Q**     Yes.

## INDIVIDUAL VOIR DIRE

1           **A**     Yes, of course.

2           **Q**     And can you -- you understand that in  
3 mitigation, every juror gets to decide for him or  
4 herself what is mitigating and whether or not the  
5 sentence should be death or life without. You  
6 understand you have the right to whatever opinion  
7 you have. You understand your fellow jurors also  
8 have their rights. Is that correct?

9           **A**     Yes.

10          **Q**     And you want them to respect whatever your  
11 opinion is?

12          **A**     (Nodding head).

13          **Q**     Will you respect theirs?

14          **A**     Most definitely.

15                 **BY MS. STEINER:** Thank you.

16                 **BY THE COURT:** You may step down,  
17 Ms. Colbert. If you'll just return out there  
18 and don't go out and talk with your fellow  
19 jurors about what's been said in here,  
20 please. We'll take a ten-minute recess.

21                         (THE COURT TOOK A BRIEF RECESS)

1 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
2 AND THE DEFENDANT WERE PRESENT. PROCEEDINGS WERE AS FOLLOWS:)

3 THE COURT: I believe we were -- next would be  
4 Number 75. Does that --

5 MR. HOWIE: I think that's right, Your Honor.

6 THE COURT: If you will bring Miss Martin in  
7 next.

8 (JUROR NUMBER 75, LINDA MARTIN, ENTERED THE COURTROOM.)

9 If you will come forward, ma'am, and have a seat.  
10 Be careful there. You can have a seat, ma'am.

11 JUROR LINDA MARTIN: Okay.

12 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

13 THE COURT: Okay. What we are doing now is we  
14 are asking individual jurors questions outside the  
15 presence of everybody else, because we just felt it  
16 appropriate not to ask certain things out in front of the  
17 others.

18 First, I am wanting to know about if you have got  
19 knowledge about this case or heard facts about it or read  
20 articles in the paper, internet or t.v., news or anything  
21 like that about the case.

22 JUROR LINDA MARTIN: Just the local news, the  
23 gossip over the years.

24 THE COURT: Local news. That would be the  
25 newspaper, radio.

26 JUROR LINDA MARTIN: Radio. Newspaper. Yes,  
27 sir.

28 THE COURT: And you have heard just people  
29 talking about --

1 JUROR LINDA MARTIN: Um-hum.

2 THE COURT: -- it through the years. And do  
3 you work in Winona or --

4 JUROR LINDA MARTIN: Work at Hankins Lumber  
5 Company in Grenada.

6 THE COURT: Grenada. So you work out of town.

7 JUROR LINDA MARTIN: Um-hum. We were in Winona  
8 at the time that it happened.

9 THE COURT: And has anything that you heard,  
10 read or seen caused you to form an opinion as to the  
11 guilt or innocence of Mr. Flowers?

12 JUROR LINDA MARTIN: Well, you hear both sides  
13 of it so...

14 THE COURT: Well, after hearing both sides have  
15 you -- have you already made up your mind or have an  
16 opinion on what you believe the truth is or an opinion on  
17 the case?

18 JUROR LINDA MARTIN: I have an opinion. Yeah.

19 THE COURT: Well, can you lay aside that  
20 opinion and base your decision only on the evidence  
21 presented here in court?

22 JUROR LINDA MARTIN: I can.

23 THE COURT: So will you in any way let these  
24 ideas or thoughts that you have had in the past come into  
25 play --

26 JUROR LINDA MARTIN: No.

27 THE COURT: -- in your deliberations?

28 JUROR LINDA MARTIN: I keep telling myself when  
29 I walk through the door, that's out.

1 THE COURT: And if you read something in the  
2 past in the paper or heard it on the radio or something  
3 and it did not -- you did not hear that in the courtroom,  
4 would you be able to filter that out and base your  
5 decision only on the things that you heard inside this  
6 courtroom?

7 JUROR LINDA MARTIN: I think so, yeah.

8 THE COURT: Any doubt in your mind?

9 JUROR LINDA MARTIN: I don't think so. I --

10 THE COURT: I mean you are saying you don't  
11 think so.

12 JUROR LINDA MARTIN: Well, I mean I will listen  
13 to the facts that are presented and make my judgment from  
14 that.

15 THE COURT: And will these prior knowledge come  
16 into play at all?

17 JUROR LINDA MARTIN: No.

18 THE COURT: Also, the next issue concerns the  
19 possible sentence that might be imposed. If the jury  
20 were to find Mr. Flowers guilty, then the jury would then  
21 decide what the punishment should be. They would only  
22 reach that if the jury found him guilty. If the jury  
23 found him not guilty, there would not be a second phase.

24 If the jury were to find him guilty, then the State  
25 would be putting on proof that would show in the State's  
26 view why they think he should be sentenced to death.  
27 That would be something called aggravating factors.

28 JUROR LINDA MARTIN: Um-hum.

29 THE COURT: Then the defense would put on

1 mitigating factors. That would be reasons they believe  
2 he should not be sentenced to death and be things like,  
3 you know, his background, history, you know, his life up  
4 to now and things like that, whatever they choose --

5 JUROR LINDA MARTIN: Um-hum.

6 THE COURT: -- to put on and whatever the Court  
7 allows. As you sit here today, before you have heard any  
8 of those facts or are instructed on the law by the Court,  
9 can you consider both life in prison without parole and  
10 the death penalty as possible sentences in this case?

11 JUROR LINDA MARTIN: Yes.

12 THE COURT: And do you already have some fixed  
13 view of what the appropriate sentence should be in this  
14 case?

15 JUROR LINDA MARTIN: No.

16 THE COURT: So you will keep an open mind and  
17 just wait until the evidence is all heard.

18 JUROR LINDA MARTIN: Yes.

19 THE COURT: Okay. Thank you.

20 Mr. Evans.

21 MR. EVANS: Thank you, Your Honor.

22 Good evening, Miss Martin.

23 JUROR LINDA MARTIN: Hi.

24 MR. EVANS: I think you've said that you heard  
25 some stuff for one side and some stuff for the other  
26 side; is that right?

27 JUROR LINDA MARTIN: Just the gossip. You  
28 know, small town gossip.

29 MR. EVANS: And you know a few folks that were

1 involved in this case.

2 JUROR LINDA MARTIN: Yes, sir.

3 MR. EVANS: And following up on what the judge  
4 said, are you telling us that you can completely set all  
5 of that aside, not pay any attention, not let any of that  
6 enter into your decision in court, come in with a  
7 completely open mind, not lean one way or the other, but  
8 base guilt or innocence in the first phase strictly on  
9 what you see in court and what evidence the Court allows.

10 JUROR LINDA MARTIN: Yes, sir.

11 MR. EVANS: And as for the second phase, the  
12 Court will instruct you on the second phase what  
13 aggravating factors are appropriate and what mitigating  
14 factors you are to consider. Mitigators can be things  
15 like how old the defendant is, his life before the crime  
16 was committed, his life after the crime was committed.  
17 It is basically unlimited as to what they can go into.

18 JUROR LINDA MARTIN: Um-hum.

19 MR. EVANS: Can you tell us that you will go  
20 into the second phase with an open mind, listen to the  
21 law, consider -- seriously consider what both sides put  
22 on before you even consider which penalty would be  
23 appropriate?

24 JUROR LINDA MARTIN: Yes, sir.

25 MR. EVANS: And then depending on what was put  
26 on, you could make up your mind as to whether it should  
27 be the death penalty or life without parole.

28 JUROR LINDA MARTIN: Yes, sir.

29 MR. EVANS: You would have no problem doing

1           that.

2                   JUROR LINDA MARTIN: I wouldn't think so. It  
3 wouldn't be a easy decision but...

4                   MR. EVANS: Yes, ma'am, I understand that.  
5 Thank you, Your Honor.

6                   MRS. STEINER: Good afternoon, Miss Martin.

7                   JUROR LINDA MARTIN: Good afternoon.

8                   MRS. STEINER: Did you attend Miss Bertha's  
9 funeral at your church?

10                  JUROR LINDA MARTIN: No, I did not.

11                  MRS. STEINER: Okay. Had you left that church?

12                  JUROR LINDA MARTIN: I had moved to a different  
13 church by then.

14                  MRS. STEINER: Did you attend any of the prior  
15 trials in this case?

16                  JUROR LINDA MARTIN: No, I have not.

17                  MRS. STEINER: Now, you've stated that on the  
18 basis of the local news and the gossip -- tell me first  
19 where were you when you heard the gossip?

20                  JUROR LINDA MARTIN: Gosh, that's been so many  
21 years ago. You know, the grocery store, Wal-Mart. You  
22 know, just different places.

23                  MRS. STEINER: Here in Winona?

24                  JUROR LINDA MARTIN: Yes, it was here.

25                  MRS. STEINER: It was the talk of the town.

26                  JUROR LINDA MARTIN: Yes, ma'am.

27                  MRS. STEINER: And each time there is a trial,  
28 it is the talk of the town.

29                  JUROR LINDA MARTIN: I assume it has. But now

1 for a couple of trials we have been -- our mill moved to  
2 Grenada so I haven't heard.

3 MRS. STEINER: Okay. When did your mill move  
4 to Grenada?

5 JUROR LINDA MARTIN: It's been seven years ago.

6 MRS. STEINER: That would be 2003.

7 JUROR LINDA MARTIN: Yes. Um-hum.

8 MRS. STEINER: But on the basis of this, you  
9 have formed opinion as to the guilt or innocence of Mr.  
10 Flowers. I am not asking what it is. I am saying have  
11 you formed an opinion.

12 JUROR LINDA MARTIN: I could lean one way.  
13 Yes.

14 MRS. STEINER: All right. And you walk -- you  
15 are coming through the courtroom door. You are going to  
16 try and leave that outside.

17 JUROR LINDA MARTIN: Oh, yes. Yes.

18 MRS. STEINER: But I believe you said you don't  
19 think you would have a problem leaving it outside.

20 JUROR LINDA MARTIN: Oh, I, I don't think so,  
21 no.

22 MRS. STEINER: Okay. But you have some doubts.

23 JUROR LINDA MARTIN: Not really.

24 MRS. STEINER: All right. Now, on the  
25 sentencing, His Honor explained that there are two  
26 sentences. State of Mississippi has said either is  
27 equally valid for this crime. You understand that at the  
28 time you're considering sentence, you have already found  
29 Mr. Curtis Flowers guilty of at least one capital murder.

1 You understand that.

2 JUROR LINDA MARTIN: Yes, ma'am.

3 MRS. STEINER: Deliberately murdered somebody.

4 JUROR LINDA MARTIN: Yes, ma'am.

5 MRS. STEINER: And you will have heard facts of  
6 the crime that I'm confident the State will argue was  
7 brutal. You understand that.

8 JUROR LINDA MARTIN: Um-hum.

9 MRS. STEINER: You will come into this  
10 courtroom to consider sentence only with all of those  
11 things.

12 JUROR LINDA MARTIN: That's right.

13 MRS. STEINER: And that's a slightly different  
14 question from what the judge asked. At that point, can  
15 you consider -- the judge talked about mitigation. Can  
16 you consider both sentences?

17 JUROR LINDA MARTIN: Oh, yes.

18 MRS. STEINER: Now, you may hear testimony in  
19 the courtroom from Mrs. Tardy's daughter, Roxanne, and  
20 several other family members. That's not aggravation.  
21 That is -- that can't be used as your only basis to  
22 conclude that the death penalty is appropriate.

23 JUROR LINDA MARTIN: Yes, ma'am.

24 MRS. STEINER: You understand.

25 JUROR LINDA MARTIN: Yes, ma'am.

26 MRS. STEINER: Now, you said you could listen  
27 to mitigation. And I think -- could you listen to  
28 mitigation that didn't have anything to do with the facts  
29 of the crime?

1 JUROR LINDA MARTIN: Yes.

2 MRS. STEINER: All right. Could you even after  
3 you have heard -- and, and could you listen to matters  
4 that happened long before this crime ever happened as  
5 they pertain to Mr. Flowers and his role in the  
6 community?

7 JUROR LINDA MARTIN: Yes.

8 MRS. STEINER: And could you listen to evidence  
9 -- and would you consider that to be evidence that  
10 would -- you would consider in determining whether a  
11 death sentence was necessary in this case or desirable?

12 JUROR LINDA MARTIN: Yes.

13 MRS. STEINER: All right. Could you listen to  
14 evidence of after his, his arrest and incarceration?

15 JUROR LINDA MARTIN: Yes.

16 THE COURT: Times up with this juror.

17 MRS. STEINER: I have one follow-up question.

18 THE COURT: One more then.

19 MRS. STEINER: Thank you.

20 Do you understand that on mitigation and opinions on  
21 mitigation each juror has his or her own right to his or  
22 her own opinion?

23 JUROR LINDA MARTIN: Yes.

24 MRS. STEINER: If somebody disagrees with you  
25 on this, can you respect their opinion?

26 JUROR LINDA MARTIN: Oh, yes.

27 MRS. STEINER: And would you ask them to  
28 respect yours?

29 JUROR LINDA MARTIN: Oh, yes.

1 MRS. STEINER: But if they don't want to change  
2 their mind, you wouldn't try and change their mind.

3 JUROR LINDA MARTIN: Oh, no.

4 MRS. STEINER: Thank you.

5 THE COURT: You may step down. When you go  
6 back out there, don't talk with anybody out there about  
7 what has been asked of you in here.

8 JUROR LINDA MARTIN: Okay.

9 THE COURT: Mr. King next. Number 76.

10 (JUROR 76, RICHARD KING, III, ENTERED THE COURTROOM.)

11 THE COURT: Mr. King, if you will come forward  
12 and have a seat.

13 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

14 Mr. King, we just felt it appropriate to ask some  
15 questions outside the presence of the other jurors that  
16 were called here today. And I want to know if you have  
17 any knowledge of this case or have heard things about the  
18 case or read about it in the paper or seen it on t.v. or  
19 heard it on radio or internet or anything.

20 JUROR RICHARD KING, III: I have never heard it  
21 on the internet, radio or actually never read it on the  
22 newspaper.

23 THE COURT: Did you come at some point to hear  
24 about the Tardy murders?

25 JUROR RICHARD KING, III: That's correct.

26 THE COURT: And, and how did you hear about it?

27 JUROR RICHARD KING, III: It was just idle  
28 talk.

29 THE COURT: Was that from people that were

1 purporting to be knowledgable about the case or, you  
2 know, like investigated it or anything like that?

3 JUROR RICHARD KING, III: No investigation.  
4 It's just idle talk. I guess thought they probably knew  
5 a whole lot. Probably didn't know anything.

6 THE COURT: Now, has what you saw -- I mean has  
7 what you have heard in the past caused you to form an  
8 opinion as to guilt or innocence of Mr. Flowers?

9 JUROR RICHARD KING, III: So much so. Yes,  
10 sir.

11 THE COURT: So it has caused you to form an  
12 opinion.

13 JUROR RICHARD KING, III: Yes, sir.

14 THE COURT: Can you lay that opinion aside and  
15 be a fair and impartial juror and listen to the evidence  
16 and decide just based on the evidence in court?

17 JUROR RICHARD KING, III: No, sir, I don't  
18 believe I could, because over the years it's just...

19 THE COURT: And I believe you said yesterday or  
20 one day recently that you just felt like you could not be  
21 fair to either side, but especially you felt like you  
22 couldn't be fair to Mr. Flowers. Is that your view?

23 JUROR RICHARD KING, III: That's correct.

24 THE COURT: And you are saying today you just  
25 couldn't be fair.

26 JUROR RICHARD KING, III: Yes, sir.

27 THE COURT: And, and you couldn't lay aside the  
28 opinion you already have.

29 JUROR RICHARD KING, III: No, sir. I don't

1 think I could.

2 THE COURT: And the next question pertains if  
3 you were to be a juror in this case and were to sit in  
4 the case and only if Mr. Flowers were found guilty. Then  
5 you would decide what type sentence should be available  
6 or appropriate I mean. The possible sentence would be  
7 life in prison or the death penalty. If he did not  
8 receive the death penalty, that would be a life in prison  
9 sentence.

10 The State of Mississippi will put on aggravating  
11 factors. Those are reasons the State believes the death  
12 penalty should be imposed. Then Mr. Flowers, through his  
13 lawyers, would put on proof that would show why in his  
14 opinion he felt the death penalty was not appropriate.  
15 Again, those are called mitigating factors. They can be  
16 anything from his early childhood up through and  
17 including his life today.

18 The Court will instruct you on the law and give you  
19 a lot of instructions on how to view those aggravating  
20 and mitigating factors. But as we stand today without  
21 you having heard proof about the case, could you listen  
22 to all the evidence and wait until you have been  
23 instructed by the Court before you made a determination  
24 or considered either life in prison or the death penalty?

25 JUROR RICHARD KING, III: I'm sorry. I really  
26 didn't --

27 THE COURT: Can you consider life without  
28 parole as a possible sentence if he were convicted?

29 JUROR RICHARD KING, III: Yes, sir.

1 THE COURT: Could you consider the death  
2 penalty?

3 JUROR RICHARD KING, III: According to my  
4 religion, no.

5 THE COURT: So you could not under any under --  
6 well, you tell me.

7 JUROR RICHARD KING, III: No. Under my  
8 religion, Your Honor, I couldn't. Not the death penalty.

9 THE COURT: So you are saying under no  
10 circumstances.

11 JUROR RICHARD KING, III: No, sir.

12 THE COURT: Even if you felt the facts  
13 justified it and the law allowed it.

14 JUROR RICHARD KING, III: Yes, sir.

15 THE COURT: Okay. Thank you.

16 Mr. Evans.

17 MR. EVANS: No questions, Your Honor.

18 MR. CARTER: We don't have any either.

19 THE COURT: If you will step to the back of the  
20 courtroom for a second.

21 (JUROR RICHARD KING, III LEFT THE COURTROOM.)

22 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER

23 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE.)

24 THE COURT: I think he has already said that he  
25 has a fixed opinion and that he couldn't be fair to Mr.  
26 Flowers. And you know, we can keep him around if you  
27 want, but, you know --

28 MR. CARTER: No.

29 THE COURT: I didn't figure you would want to

1 keep him around, but I will just go ahead and let him go.

2 (THE BENCH CONFERENCE WAS CONCLUDED.)

3 THE COURT: If you will bring him back in just  
4 for a second.

5 (JUROR NUMBER 76, RICHARD KING, III, RETURNED TO THE  
6 COURTROOM.)

7 THE COURT: Mr. King, we are -- we are going to  
8 just let you go ahead and go. And you are excused and  
9 you do not have to come back.

10 JUROR RICHARD KING, III: Okay. Thank you,  
11 sir.

12 THE COURT: If you will get Miss Williams next.  
13 (JUROR 78, BEVERLY WILLIAMS, ENTERED THE COURTROOM.)

14 THE COURT: Miss Williams, if you will come on  
15 down, please, ma'am.

16 You can have a seat, please.

17 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

18 JUROR BEVERLY WILLIAMS: Okay.

19 THE COURT: What we are doing now, Miss  
20 Williams, is we are asking questions of individual jurors  
21 outside the presence of the others, because we just felt  
22 that was the best procedure to follow at this point.

23 And first inquiry is about whether you have heard  
24 about this case or have any knowledge of the case, read  
25 about it, heard it on the t.v. or radio or anything.

26 JUROR BEVERLY WILLIAMS: No. Huh-huh.

27 THE COURT: So. Did you even -- had you even  
28 heard that these murders occurred?

29 JUROR BEVERLY WILLIAMS: No, because I wasn't

1 down here.

2 THE COURT: And I believe you had lived in  
3 Illinois in the past.

4 JUROR BEVERLY WILLIAMS: Um-hum.

5 THE COURT: How, how long have you been living  
6 here?

7 JUROR BEVERLY WILLIAMS: Ever since '05. June  
8 '05.

9 THE COURT: And so I think the facts probably  
10 would show that this happened in 1996.

11 JUROR BEVERLY WILLIAMS: Um-hum.

12 THE COURT: So you were a long way --

13 JUROR BEVERLY WILLIAMS: Yeah. Yes, sir.

14 THE COURT: -- after -- before you came down  
15 here.

16 JUROR BEVERLY WILLIAMS: Um-hum.

17 THE COURT: And so you don't have any knowledge  
18 at all about the case.

19 JUROR BEVERLY WILLIAMS: No, I don't.

20 THE COURT: And would you listen to all the  
21 evidence in the case and base your verdict on the  
22 decision -- on the evidence presented here in court?

23 JUROR BEVERLY WILLIAMS: Yes, I would.

24 THE COURT: And not -- would there -- any  
25 inside influences come about you or would you just  
26 totally listen only to the evidence?

27 JUROR BEVERLY WILLIAMS: Only to the evidence.

28 THE COURT: And the next area that I want to  
29 ask you about is the possibility of the sentence that

1 could be imposed.

2 What happens is if the jury finds Mr. Flowers guilty  
3 --

4 JUROR BEVERLY WILLIAMS: Um-hum.

5 THE COURT: -- then we go to the sentencing  
6 phase. That's then where the jury decides what the jury  
7 believes the appropriate punishment would be.

8 JUROR BEVERLY WILLIAMS: Um-hum.

9 THE COURT: We only go to that phase if the  
10 jury finds him guilty. If the jury finds him not guilty,  
11 it's over.

12 JUROR BEVERLY WILLIAMS: Um-hum.

13 THE COURT: But if it goes to the second phase,  
14 the State is seeking the death penalty in this case.

15 JUROR BEVERLY WILLIAMS: Um-hum.

16 THE COURT: The State would put on proof that  
17 they believe would justify the imposition of the death  
18 penalty. That would be called aggravating factors.

19 JUROR BEVERLY WILLIAMS: Um-hum.

20 THE COURT: The defense then would put on what  
21 they would consider to be mitigating factors. That would  
22 be factors why they believe the death penalty should not  
23 be imposed --

24 JUROR BEVERLY WILLIAMS: Um-hum.

25 THE COURT: -- or would not be appropriate.  
26 And that can be anything about his childhood, up to and  
27 including his adulthood and the present.

28 I want to know if you could consider the imposition  
29 of the death penalty if you felt the facts justified it

1 and the law allowed it.

2 JUROR BEVERLY WILLIAMS: I believe I could if  
3 the evidence showed me that this is what took place.

4 THE COURT: And you would not -- okay.

5 The first phase -- if, if it got to the second  
6 phase, the jury would have found that he did commit the  
7 crime.

8 JUROR BEVERLY WILLIAMS: True.

9 THE COURT: You understand that?

10 JUROR BEVERLY WILLIAMS: Right.

11 THE COURT: And so if the jury found that he  
12 had committed the crime, then could you consider -- you  
13 would -- are you telling me --

14 JUROR BEVERLY WILLIAMS: Yes, I would.

15 THE COURT: -- you would consider the death  
16 penalty?

17 JUROR BEVERLY WILLIAMS: Yes, I would.

18 THE COURT: And could you also consider the  
19 sentence of life without parole?

20 JUROR BEVERLY WILLIAMS: Yes, I could.

21 THE COURT: And would you -- as you sit here  
22 today, could you consider those sentences equally right  
23 now before you heard any proof?

24 JUROR BEVERLY WILLIAMS: Yes, sir.

25 THE COURT: And you wouldn't be leaning one way  
26 or another toward sentence right now; is that correct?

27 JUROR BEVERLY WILLIAMS: True.

28 THE COURT: Thank you.

29 Both of them get to ask you a few questions.

1 MR. EVANS: How are you doing, Miss Williams?

2 JUROR BEVERLY WILLIAMS: Okay.

3 MR. EVANS: I've just got a few questions. So  
4 you moved here in 2005.

5 JUROR BEVERLY WILLIAMS: Yes, sir.

6 MR. EVANS: Do you have family here?

7 JUROR BEVERLY WILLIAMS: Yes, I have -- my  
8 parents live in Duck Hill.

9 MR. EVANS: And who are they?

10 JUROR BEVERLY WILLIAMS: Dorothy Williams and  
11 McKinley Williams.

12 MR. EVANS: Okay. You didn't live here before  
13 '05.

14 JUROR BEVERLY WILLIAMS: No.

15 MR. EVANS: Okay. I know we went through a lot  
16 of people the other day.

17 JUROR BEVERLY WILLIAMS: Um-hum.

18 MR. EVANS: I know you have sat here for a  
19 couple of days now, and you have seen the defendant  
20 sitting over here, Curtis Flowers. And you have heard  
21 about members of his family. Archie Flowers is his  
22 father. Lola Flowers, his sister. Brother and some of  
23 his relatives. After hearing that, do you have any  
24 connection or know any of them?

25 JUROR BEVERLY WILLIAMS: No, I don't.

26 MR. EVANS: Okay. Have you ever been to where  
27 Mr. Flowers has sang in any of his gospel groups?

28 JUROR BEVERLY WILLIAMS: No, I haven't.

29 MR. EVANS: So you have no, no knowledge --

COURT APPEALED FROM : Circuit Court

COUNTY : Montgomery

TRIAL JUDGE : Joseph H. Loper Jr.

Curtis Giovanni Flowers v. State of Mississippi

Kathy Gillis, Clerk

TRIAL COURT # : 2003-0071-CR

1 JUROR BEVERLY WILLIAMS: No.

2 MR. EVANS: -- that would interfere with you  
3 being fair and impartial to both sides.

4 JUROR BEVERLY WILLIAMS: No, I don't.

5 MR. EVANS: And you -- you're telling us you  
6 could come in with an open mind. You could listen to the  
7 evidence. If the facts were there, you could convict.  
8 If the facts were not there, you could vote not guilty.

9 JUROR BEVERLY WILLIAMS: True.

10 MR. EVANS: And you could consider both the  
11 death penalty and life without parole.

12 JUROR BEVERLY WILLIAMS: True.

13 MR. EVANS: And either one of them could be an  
14 appropriate sentence in this case.

15 JUROR BEVERLY WILLIAMS: True.

16 MR. EVANS: Nothing further, Your Honor.

17 MRS. STEINER: Good afternoon.

18 JUROR BEVERLY WILLIAMS: Hello.

19 MRS. STEINER: His Honor talked about  
20 mitigation, and I want to make sure. His Honor will  
21 instruct you on what you consider and how to think about  
22 it. But unlike aggravation or guilt and innocence, His  
23 Honor is going to instruct you that when you consider  
24 mitigation, that's your own personal decision.

25 JUROR BEVERLY WILLIAMS: Um-hum.

26 MRS. STEINER: And each other juror, it's his  
27 or her own personal decision.

28 JUROR BEVERLY WILLIAMS: Okay.

29 MRS. STEINER: You don't have to come to the

1 same conclusions about if there is mitigation or, or  
2 agree on the penalty. Do you understand that?

3 JUROR BEVERLY WILLIAMS: Yes, I do.

4 MRS. STEINER: Can you respect other jurors who  
5 may differ from you?

6 JUROR BEVERLY WILLIAMS: Yes, I can.

7 MRS. STEINER: Can you -- do you expect to be  
8 respected if they -- do you want the same from them?

9 JUROR BEVERLY WILLIAMS: Yes.

10 MRS. STEINER: And can you be -- deliberate in  
11 that agree to disagree respect for each other context?

12 JUROR BEVERLY WILLIAMS: Yes, I can.

13 MRS. STEINER: Now, the judge talked about  
14 mitigation that had to do with Mr. Flowers' life outside  
15 of this. It may be that there is evidence that has  
16 nothing to do with the crime itself regarding mitigation.  
17 Can you consider that as fully as you would consider any  
18 mitigating factors that talked about the crime itself?

19 JUROR BEVERLY WILLIAMS: Yes, I can.

20 MRS. STEINER: I have nothing further, Your  
21 Honor.

22 THE COURT: Miss Williams, you may step down.  
23 When you go back out, don't talk with other jurors about  
24 what we have talked about in here, please.

25 JUROR BEVERLY WILLIAMS: I sure won't.

26 THE COURT: Thank you.

27 Miss Simmons will be next. Number 80.

28 (JUROR NUMBER 80, BRENDA SIMMONS, ENTERED THE COURTROOM.)

29 THE COURT: If you will come on down, ma'am.

1 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

2 Miss Simmons, what we are doing now is asking  
3 questions individually of jurors. We felt that  
4 appropriate to do instead of out in front of all the  
5 fellow jurors.

6 And first, I am wanting to know about if you heard  
7 about the case or have knowledge about the case or read  
8 about it or seen things in the news or anything.

9 JUROR BRENDA SIMMONS: I told you I've lived  
10 here all my life. And that year that it happened, I  
11 worked at Sta-Home. So I knew about it the day that it  
12 happened.

13 As far as reading about it, I don't know that I read  
14 anything in the newspaper about it. I heard it over the  
15 radio, the local radio station. Excuse me. May have  
16 caught it on the t.v. stations. But other than that,  
17 that is all I know.

18 THE COURT: Were you downtown the date of this  
19 incident?

20 JUROR BRENDA SIMMONS: No, sir. I worked -- I,  
21 I traveled. I work for home health, and I was not there  
22 the day -- I was working, but I was out in the country.

23 THE COURT: And ma'am, has anything you saw,  
24 read or heard caused you to form an opinion as to the  
25 guilt or innocence of Mr. Flowers?

26 JUROR BRENDA SIMMONS: No, sir.

27 THE COURT: And would you lay aside anything  
28 that you have seen, heard or read and base your decision  
29 only on the evidence that's presented here in court?

1 JUROR BRENDA SIMMONS: That is correct.

2 THE COURT: And the next question, ma'am, if,  
3 if he is found guilty, then there is a sentencing phase.  
4 If he is found not guilty, the proceedings are over.

5 Only if he was found guilty would we get to the  
6 sentencing phase. But at that point the State would be  
7 seeking the death penalty. And they would put on  
8 aggravating factors. That would be factors that in the  
9 State's view justify the imposition of the death penalty.

10 Mr. Flowers would be putting on mitigating  
11 circumstances. That would be reasons that he believes  
12 the death penalty would not be an appropriate sentence.  
13 That could be anything about his early childhood up to  
14 and including his adulthood, you know, to this day.

15 I want to know if you could consider both the death  
16 penalty and life without parole as options. Because if  
17 he didn't get the death penalty, life without parole  
18 would be the sentence.

19 JUROR BRENDA SIMMONS: Yes, sir.

20 THE COURT: And as you sit here today, have you  
21 got -- are you leaning either way about what the  
22 appropriate sentence would be?

23 JUROR BRENDA SIMMONS: No, sir. No, sir.

24 THE COURT: So will you wait till the  
25 instructions of the Court and the facts as they are  
26 presented on that issue --

27 JUROR BRENDA SIMMONS: Yes, sir.

28 THE COURT: -- if it should arise?

29 JUROR BRENDA SIMMONS: Yes, sir.

1 THE COURT: Okay. Thank you.

2 Mr. Evans and then defense counsel will ask  
3 questions.

4 MR. EVANS: Good evening, Miss Simmons. Miss  
5 Simmons, you understand that basically what we are asking  
6 if you can do is come into court on the first phase, set  
7 aside anybody that you may know, any facts that you have  
8 heard, come in here not leaning one way or the other and  
9 base your decision only on what is in court. Can you do  
10 that?

11 JUROR BRENDA SIMMONS: Yes, sir.

12 MR. EVANS: And as far as the second phase,  
13 will you tell us that you will truly listen to everything  
14 I put on, everything the defense puts on, weigh all of it  
15 out, consider it all and only determine what penalty is  
16 appropriate after you have heard that from both sides and  
17 the Court's instructions?

18 JUROR BRENDA SIMMONS: Most definitely.

19 MR. EVANS: Nothing further.

20 MRS. STEINER: Good afternoon, Miss Simmons.  
21 How specifically did you hear about this the day it  
22 happened, if you weren't down at the office?

23 JUROR BRENDA SIMMONS: I came into the office  
24 into the afternoon, and I think - I can't be for sure -  
25 that we had a staff meeting that day.

26 MRS. STEINER: So you came in that afternoon.  
27 When, when did you learn who the people who had been --

28 JUROR BRENDA SIMMONS: Probably --

29 MRS. STEINER: -- at that --

1 JUROR BRENDA SIMMONS: No, it wasn't. I think  
2 that it was we were supposed to have a staff meeting, and  
3 I did not know it had been canceled. And when I got  
4 there they told me. They told me what had happened.

5 MRS. STEINER: And were people -- were emotions  
6 running high in the office about that time?

7 JUROR BRENDA SIMMONS: Well, sure. Sure.

8 MRS. STEINER: And did you learn that Benny  
9 Rigby, the man that provides music for your church, that  
10 his --

11 JUROR BRENDA SIMMONS: Who used to. Who used  
12 to.

13 MRS. STEINER: Used to. Was this at the time  
14 --

15 JUROR BRENDA SIMMONS: No, ma'am. No, ma'am.

16 MRS. STEINER: Did you -- were you acquainted  
17 with Mr. Rigby at the time his wife died?

18 JUROR BRENDA SIMMONS: No, ma'am. No, ma'am.

19 MRS. STEINER: But you said you knew people  
20 from the Rigby, Stewart and Golden families.

21 JUROR BRENDA SIMMONS: Not the Golden family.  
22 But Bobo was -- my son and Dale, their son, were  
23 classmates all the way through school.

24 MRS. STEINER: All right. Did you attend  
25 Bo-Bo's funeral?

26 JUROR BRENDA SIMMONS: Yes, ma'am, I did.

27 MRS. STEINER: Did you offer personal  
28 condolences to Mr. Stewart?

29 JUROR BRENDA SIMMONS: Yes. To the whole

1 family.

2 MRS. STEINER: To the whole family.

3 JUROR BRENDA SIMMONS: Yes, ma'am.

4 MRS. STEINER: Have you kept up with them  
5 afterwards?

6 JUROR BRENDA SIMMONS: No, ma'am.

7 MRS. STEINER: And none of your information  
8 about what happened has come from them? Is that --

9 JUROR BRENDA SIMMONS: No, ma'am. No, ma'am.  
10 No, ma'am.

11 MRS. STEINER: -- what you are saying? And you  
12 were a mourner at that funeral along with them.

13 JUROR BRENDA SIMMONS: Yes, ma'am.

14 MRS. STEINER: And that mourning, that loss  
15 stays with you to this day.

16 JUROR BRENDA SIMMONS: Yes, ma'am, it does.

17 MRS. STEINER: And is that a little tearing up  
18 I saw?

19 JUROR BRENDA SIMMONS: I'm okay.

20 MRS. STEINER: Now, you've talked to the judge  
21 about how you consider guilt -- both punishments.

22 JUROR BRENDA SIMMONS: Yes, ma'am.

23 MRS. STEINER: Life without parole and the  
24 death penalty. In addition to the aggravation and  
25 mitigating evidence His Honor discussed, the State may be  
26 putting on testimony from Mr. Bennie Rigby concerning his  
27 and his children's loss and, I believe, some boys are now  
28 grown up, that they may come into court. Boys who -- I'm  
29 sorry. Strike that. In the Stewart family. Forgive me.

1 Mr. Randy Stewart will be -- may be a witness about what  
2 the loss of Bobo has meant to him. Can you -- if you  
3 hear that testimony, can you consider anything about Mr.  
4 Flowers that could counteract that?

5 MR. EVANS: Your Honor, that is not an  
6 appropriate question. Whether anything can counteract  
7 anything is not appropriate.

8 MRS. STEINER: If --

9 MR. EVANS: Whether she can properly and truly  
10 consider it is the question.

11 THE COURT: I will sustain the objection and  
12 give you an opportunity to rephrase.

13 MRS. STEINER: Thank you, Your Honor.

14 Once you have heard that, can you consider anything  
15 about Mr. Flowers that doesn't have to do with the crime  
16 or explain -- or that, that has to do with the actual  
17 murder, other than he is guilty of it beyond a reasonable  
18 doubt?

19 JUROR BRENDA SIMMONS: I'm going to share,  
20 share this with you, ma'am. I'm a fair and honest person  
21 to everybody.

22 MRS. STEINER: I understand that. And the  
23 reason I think the judge is here asking you questions is  
24 because we all want to be able to act on those  
25 principles. But you teared up. You went to the funeral.  
26 And you can be fair and honest. But there are just some  
27 jurors that -- you know, you may be fair and honest when  
28 it isn't someone whose funeral --

29 MR. EVANS: Your Honor, it is not proper for --

1 THE COURT: I agree.

2 MR. EVANS: -- her to argue with this juror.

3 THE COURT: You can ask the juror questions.

4 MRS. STEINER: But in your heart, you are  
5 mourning for --

6 JUROR BRENDA SIMMONS: In my heart, I am  
7 telling you the truth. I can be fair and honest to  
8 everybody.

9 MRS. STEINER: And you are mourning for Bobo  
10 Stewart in your heart too.

11 MR. EVANS: Your Honor, I object to her  
12 continuing to try to harass this juror.

13 MRS. STEINER: I am not harassing, Your Honor.  
14 I'm trying to --

15 THE COURT: Well, it is time to wrap up your  
16 questioning, because you have gone about three minutes  
17 over with this one already.

18 MRS. STEINER: Can you -- you understand that  
19 mitigation is a matter each juror has his or her  
20 conscience on mitigation?

21 JUROR BRENDA SIMMONS: Yes, ma'am.

22 MRS. STEINER: And even if you find something  
23 not mitigating, another juror may find it mitigating and  
24 think it deserves a life sentence. Can you respect the  
25 other juror's opinion?

26 JUROR BRENDA SIMMONS: Yes, ma'am. Yes, ma'am.

27 MRS. STEINER: Can you agree to disagree on  
28 that?

29 JUROR BRENDA SIMMONS: Yes, ma'am.

1 MRS. STEINER: And even if you can't come to  
2 some consensus, you can live with that in the jury room.

3 JUROR BRENDA SIMMONS: Yes, ma'am.

4 MRS. STEINER: Thank you.

5 THE COURT: That will be all, Miss Simmons. If  
6 you will step out. When you go back, don't talk about  
7 out there with others what has been said in here, please.

8 JUROR BRENDA SIMMONS: Yes, sir.

9 THE COURT: We will need Number 87, Miss Locke  
10 next.

11 MR. EVANS: Your Honor, may we approach first?  
12 Something I need to bring up.

13 THE COURT: I need the bailiff to be told not  
14 to come in.

15 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
16 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE.)

17 MR. EVANS: I don't feel comfortable. Her  
18 questionnaire says that she is a convicted felon on  
19 probation. I don't know if it is true or not. I noticed  
20 that, and I intended to ask her about it. I wanted to  
21 bring that to the Court's attention.

22 THE COURT: If she is, she is not qualified as  
23 a juror to start with. So that is the very first  
24 question I intend to ask.

25 MR. CARTER: Call her back and ask --

26 THE COURT: Not the one that just testified.  
27 The one that is coming up next.

28 MRS. STEINER: Thank you. I hadn't read that.

29 THE COURT: No. It is the one that is coming

1 up next. I was going to ask that myself, because  
2 certainly an inquiry has to be made.

3 MR. EVANS: I think it would be better if the  
4 Court would ask it, instead of either side.

5 THE COURT: I had intended to. By the way,  
6 Counsel, if she says she has been convicted --

7 MRS. STEINER: That's a disqualification. We  
8 agree.

9 THE COURT: Do you agree to go ahead and excuse  
10 her on the spot?

11 MR. CARTER: Yes.

12 MRS. STEINER: Yes. As you did all the others.

13 (THE BENCH CONFERENCE WAS CONCLUDED.)

14 THE COURT: You can bring Miss Locke in now.

15 (JUROR NUMBER 87, MISS BEVERLY LOCK, ENTERED THE  
16 COURTROOM.)

17 THE COURT: Miss Locke, if you will come  
18 forward and have a seat.

19 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

20 THE COURT: Miss Locke, we are asking all the  
21 jurors individual questions about certain matters that we  
22 felt was appropriate to bring up outside the presence of  
23 other jurors. And one thing I want to understand before  
24 we get any further. You have put on your questionnaire  
25 that you had been convicted of possession of controlled  
26 substance.

27 JUROR BEVERLY LOCKE: I'm glad, because I was  
28 going to say I didn't want to waste anybody's time.

29 THE COURT: So have you got a felony

1 conviction?

2 JUROR BEVERLY LOCKE: No, it's a misdemeanor.  
3 They dropped it to a misdemeanor.

4 THE COURT: And where did that happen?

5 JUROR BEVERLY LOCKE: Jackson Mississippi at  
6 the V.A.

7 THE COURT: So that was something that  
8 occurred.

9 JUROR BEVERLY LOCKE: 2005. March.

10 THE COURT: Well, now what -- you had put that  
11 you were on probation until 2010. So explain -- what  
12 type of probation was that?

13 JUROR BEVERLY LOCKE: Mr. Brandon Cole, the  
14 U.S. probation officer out of Oxford, is my probation  
15 officer. Timeline -- let me back up. When this incident  
16 happened, they released me and put me on pretrial  
17 probation. And I was on probation -- pretrial probation  
18 almost three years. Then they finally got to my case and  
19 that was in October. It will be -- it will be another  
20 three years.

21 Anyway, October went to Jackson. They heard my  
22 case. Everybody agreed to drop it to a misdemeanor. And  
23 my attorney, he says that's -- you need to do that. He  
24 said because I could have been in real trouble. But at  
25 any rate, they dropped it to a misdemeanor. It was a  
26 lady judge. She put me on three years probation, and  
27 that will be up October 16 of this year.

28 THE COURT: Was that in the Southern or  
29 Northern part of the state that you appeared in court?

1 Like --

2 JUROR BEVERLY LOCKE: It must have been  
3 northern, because I think that is -- I meant to bring --

4 THE COURT: What town did you go to?

5 JUROR BEVERLY LOCKE: Town?

6 THE COURT: For court.

7 JUROR BEVERLY LOCKE: Jackson. I had meant to  
8 bring you Mr. Cole's card, because I didn't want to waste  
9 y'all's time with a lot of the questions if I wasn't  
10 eligible for anything.

11 THE COURT: What type sentence was imposed by  
12 the Court?

13 JUROR BEVERLY LOCKE: Probation. \$500 and  
14 probation.

15 THE COURT: Any jail time imposed?

16 JUROR BEVERLY LOCKE: No. No, sir.

17 THE COURT: The next issues we get into are  
18 concerning any knowledge you might have about the Tardy  
19 Furniture store incident that happened in 1996. Have you  
20 heard anything about this case?

21 JUROR BEVERLY LOCKE: Just what's on the  
22 newspaper headlines every so often. And I don't read the  
23 newspaper. The only reason I think I really knew  
24 anything about it was I moved back here in 1994. If I'd  
25 ever met the Tardys, I don't know it.

26 Now, originally, I think somebody asked had any of  
27 us when we were brought out here bought anything from  
28 Tardy's, and I didn't raise my hand. But I got to  
29 thinking. I think I bought a couch from there in '94,

1 '95, when I first moved back. And anyway, I was working  
2 at the hospital the day that happened. And, of course,  
3 they came up and locked the hospital down. So that is  
4 how I knew about that. And I didn't know the name of the  
5 man that they are accusing until, I don't know, a year or  
6 two ago. I'm not big into watching the news and keeping  
7 track of current events. My life is enough current.

8 THE COURT: And Miss Locke, has anything that  
9 you saw, read or heard caused you to form an opinion as  
10 to the guilt or innocence of Mr. Flowers?

11 JUROR BEVERLY LOCKE: No, sir.

12 THE COURT: And will you lay aside anything you  
13 might have heard, seen or knowledge you might have  
14 obtained outside the court and base your decision  
15 strictly and only on the evidence presented here in open  
16 court?

17 JUROR BEVERLY LOCKE: Yes, sir. I've watched  
18 some of these court shows, and I have been astonished.  
19 And yes, sir. I can do what is right.

20 THE COURT: Do you understand that it may not  
21 work in the real world like it might be on t.v.?

22 JUROR BEVERLY LOCKE: Well, I'm just saying,  
23 when I say astonished, I am just talking about how  
24 ridiculous some of the stuff was. And I realize t.v. is  
25 made up. It is just made up.

26 THE COURT: But do you --

27 JUROR BEVERLY LOCKE: But anyway, yes, I have  
28 no, no preformed opinion. And anything that is lurking  
29 in my mind, if it is, that will be set aside, just to pay

1 attention to what's, what's -- not issued, presented.

2 THE COURT: And, ma'am, if, if the jury found  
3 him guilty of murder, capital murder, then we would have  
4 a sentencing phase of the trial. We would only get into  
5 the sentencing phase if he were to be found guilty. If  
6 he was found not guilty, that would conclude everything.

7 But if he is found guilty, then we would get into a  
8 sentencing phase and the State would be seeking the death  
9 penalty. They would be putting on aggravating factors,  
10 which is reasons why the State believes the death penalty  
11 should be imposed. Then Mr. Flowers would be putting on  
12 mitigating factors, which would be things that he  
13 believes would justify the jury in not imposing the death  
14 penalty. It could be anything about his early childhood  
15 up to and including his present life today.

16 So I want to know right now without having heard any  
17 of that evidence or instructed on the law, could you  
18 consider life without parole and the death penalty as  
19 possible sentences?

20 JUROR BEVERLY LOCKE: Yes, sir, I could.

21 THE COURT: And do you have either -- do you  
22 have a fixed idea of what you think the punishment should  
23 be or will you consider these equally at this point?

24 JUROR BEVERLY LOCKE: Yes, sir.

25 THE COURT: You will consider them equally.

26 JUROR BEVERLY LOCKE: Yes, sir, I will.

27 THE COURT: Okay. Thank you.

28 JUROR BEVERLY LOCKE: Am I...

29 THE COURT: They are going to ask a couple of

1 questions of you too.

2 MR. EVANS: Good evening, Miss Locke.

3 JUROR BEVERLY LOCKE: Hi.

4 MR. EVANS: Just a couple of things I want to  
5 go over with you. There's concept that what we are  
6 trying to do here is get a jury that can come in,  
7 disregard anything in their past, anything that they may  
8 have heard, anything that -- anybody that they may know,  
9 and come in here with a complete open mind, not leaning  
10 either direction for a conviction or for not guilty,  
11 listen strictly to the evidence and base the decision on  
12 that. Can you do that?

13 JUROR BEVERLY LOCKE: Yes, sir.

14 MR. EVANS: And in the second phase, if he is  
15 found guilty, the judge will instruct the jury on what  
16 aggravating factors they can consider. That will be the  
17 things that we introduce and what mitigating factors the  
18 defense can bring up. The mitigating factors can be  
19 almost unlimited. It can be anything about his life,  
20 anything that they want to bring up that the Court will  
21 allow. If the Court allows the testimony in, can you  
22 consider anything that either side brings up and is  
23 allowed for you to consider?

24 JUROR BEVERLY LOCKE: Yes, sir.

25 MR. EVANS: Would you only make a decision of  
26 which sentence was appropriate after you had completely  
27 heard both sides?

28 JUROR BEVERLY LOCKE: Yes, sir. It sounds a  
29 very logical process.

1 MR. EVANS: And you could consider either  
2 penalty depending on what all of the evidence was.

3 JUROR BEVERLY LOCKE: Yes, sir.

4 MR. EVANS: And what mitigation you heard.

5 JUROR BEVERLY LOCKE: Yes, sir.

6 MR. EVANS: Nothing further.

7 MRS. STEINER: Good evening, Miss Locke.

8 JUROR BEVERLY LOCKE: Hi.

9 MRS. STEINER: Miss Locke, on considering  
10 sentences, as you sit here you have no preference one way  
11 or the other.

12 JUROR BEVERLY LOCKE: That's right.

13 MRS. STEINER: At the -- as the Court advised  
14 you, you would not even be considering what the penalty  
15 should be unless you had already decided beyond a  
16 reasonable doubt --

17 JUROR BEVERLY LOCKE: Um-hum.

18 MRS. STEINER: -- Mr. Flowers was guilty of up  
19 to four capital murders.

20 JUROR BEVERLY LOCKE: Yes, ma'am.

21 MRS. STEINER: You understand that?

22 JUROR BEVERLY LOCKE: Yes, ma'am.

23 MRS. STEINER: There would be no defenses left.  
24 He would be guilty.

25 JUROR BEVERLY LOCKE: Yes, ma'am.

26 MRS. STEINER: And at that point you would then  
27 consider aggravating and mitigating circumstances. Do  
28 you understand?

29 JUROR BEVERLY LOCKE: Yes, ma'am.

1           MRS. STEINER: The mitigating circumstances  
2 might have nothing to do with the actual crime or would  
3 not, not have even explained how the crime happened.  
4 They would be about Mr. Flowers' life apart from that  
5 crime before it happened, possibly after it happened and  
6 he would already be guilty of the crime. Can you still  
7 consider mitigation having nothing to do with the crime  
8 --

9           JUROR BEVERLY LOCKE: Yes, ma'am.

10          MRS. STEINER: -- in arriving at sentence?

11          JUROR BEVERLY LOCKE: Yes, ma'am.

12          MRS. STEINER: Now, His Honor will instruct you  
13 that when you are making that decision, unlike whether or  
14 not he is guilty or whether or not there is aggravating  
15 factors that could be used to impose a death penalty,  
16 mitigation and whether or not you think it outweighs the  
17 aggravating factors, that is an individual decision that  
18 you -- each juror makes for him or herself.

19          JUROR BEVERLY LOCKE: Yes, ma'am.

20          MRS. STEINER: They don't need to agree with  
21 each other. Do you understand that?

22          JUROR BEVERLY LOCKE: Good.

23          MRS. STEINER: If you have one opinion about  
24 something being mitigating and that's it -- sentence  
25 should be, and another juror has a different one, can you  
26 respect that other juror's opinion?

27          JUROR BEVERLY LOCKE: Oh, yes, ma'am.

28          MRS. STEINER: And even if it's opposite from  
29 yours.

1 JUROR BEVERLY LOCKE: Yes, ma'am.

2 MRS. STEINER: And can you -- as you would  
3 expect the same respect.

4 JUROR BEVERLY LOCKE: Oh, yes.

5 MRS. STEINER: Thank you, Your Honor. I have  
6 nothing further.

7 THE COURT: Miss Locke, if you will step down  
8 and go back with the rest of the jurors. But don't when  
9 you go back talk about what you have been asked in here,  
10 please, ma'am.

11 JUROR BEVERLY LOCKE: Yes, sir.

12 THE COURT: That will be all for now.

13 JUROR BEVERLY LOCKE: Thank you.

14 THE COURT: I see the person's here to give Mr.  
15 Flowers his insulin shot right now. So we will take a  
16 recess for a few minutes to allow that to be  
17 administered.

18 (A RECESS WAS TAKEN.)

19 THE COURT: After the last juror was  
20 questioned, I meant to make this request. And I hope the  
21 State -- I mean I hope the defense wouldn't object. I  
22 would like the State to run an N.C.I.C.

23 MR. EVANS: We are checking on that.

24 THE COURT: Because, you know, Miss Locke, I  
25 believe, thinks she was convicted of a misdemeanor, but I  
26 don't want it to somehow come forward that she was  
27 convicted of a felony. So if y'all can find that  
28 information out.

29 MR. EVANS: Yes, Your Honor.

1 MRS. STEINER: Your Honor, in my prior life I  
2 did do federal C.J.A. appointments and people stay on  
3 probation for years on some of those situations.

4 THE COURT: Even on misdemeanors.

5 MRS. STEINER: Even on misdemeanors. It's  
6 actually called supervised release, and I didn't want to  
7 question her about this. Often times when it's a drug  
8 situation, there's been addiction, treatment and that  
9 sort of thing.

10 (MR. EVANS WAS TALKING ON A CELL PHONE.)

11 MR. EVANS: Your Honor, if, if we can, I can't  
12 hear. We are trying to get the results right now if we  
13 can get them.

14 MRS. STEINER: Oh, okay.

15 MR. EVANS: Your Honor, it looks like what we  
16 have been able to find out so far from the federal  
17 Probation folks, that she did have a felony charge. She  
18 was indicted. It was dismissed. She was allowed to  
19 plead to a misdemeanor, but part of that plea was on  
20 condition that she receive a psychological evaluation.  
21 And I don't have anything on whether or not that was done  
22 or what the results of that was at this time. We are  
23 supposed to be getting this emailed to us.

24 THE COURT: But at this point, I mean, she is  
25 not --

26 MR. EVANS: Not a felon.

27 THE COURT: -- not a felon. So she would not  
28 be disqualified from service on the jury.

29 If you will get Mr. Hamilton next, please.

1           And you were saying, Mrs. Steiner, this is typical,  
2           I mean very typical for federal practice to be doing  
3           that.

4           MRS. STEINER: In my C.J.A. experience where,  
5           where there were psychological or addiction issues people  
6           would stay on supervision for many years and often get in  
7           trouble, which sounds like she hasn't.

8           THE COURT: Right.

9           (JUROR NUMBER 91, JIMMY HAMILTON, ENTERED THE COURTROOM.)

10          THE COURT: Mr. Hamilton, if you will, come  
11          down and have a seat.

12          (THE JUROR WAS SEATED ON THE WITNESS STAND.)

13          THE COURT: Mr. Hamilton, what we are doing now  
14          is asking questions individually of the jurors, because  
15          we felt it was appropriate to ask some questions outside  
16          the presence of the other jurors just so nothing would  
17          come up in front of them that might create some kind of  
18          problem.

19          But the first thing I want to get with you is I  
20          believe -- did you list on your questionnaire that Robert  
21          Golden -- when the questionnaires asked about whether you  
22          had had family members or friends that were victims of  
23          violent crime or murder, did you list Robert Golden as a  
24          close friend of yours that was murdered?

25          JUROR JIMMY HAMILTON: Yes. Before I read that  
26          that was the case.

27          THE COURT: But you considered him a close  
28          friend.

29          JUROR JIMMY HAMILTON: Yes, I did.

1 THE COURT: And would you be able to sit in  
2 judgment on somebody that has been accused of murdering  
3 your close friend?

4 JUROR JIMMY HAMILTON: I would think I would.  
5 I wouldn't want to jeopardize the trial.

6 THE COURT: Well, it's not a question of  
7 jeopardizing the trial. But if you cannot be fair and  
8 impartial, then obviously you could not serve. And, you  
9 know, have you got any doubts in your own mind about your  
10 ability to be fair and impartial because of being good  
11 friends with Mr. Golden?

12 JUROR JIMMY HAMILTON: Yes.

13 THE COURT: So you feel like you just maybe  
14 could not be fair and impartial because of that.

15 JUROR JIMMY HAMILTON: That and I work with his  
16 brother.

17 THE COURT: And so you have seen them and  
18 known -- know his brother still; is that correct?

19 JUROR JIMMY HAMILTON: That's correct.

20 THE COURT: And that would influence or affect  
21 you in being fair and impartial.

22 JUROR JIMMY HAMILTON: It possibly could.

23 THE COURT: Mr. Evans, if you want to ask any  
24 questions.

25 MR. EVANS: Very briefly.

26 You are saying it possibly could. And as you know,  
27 from hearing our other questions that we have been asking  
28 for a couple of days, we need some positive answers if we  
29 can get it. Are you telling us that you could not set

1           that aside and that it would influence you or that you  
2           could not?

3                   JUROR JIMMY HAMILTON: I don't think there is  
4           any possibility that I wouldn't set it aside.

5                   MR. EVANS: You don't think it's any  
6           possibility that you wouldn't set it aside.

7                   JUROR JIMMY HAMILTON: No.

8                   MR. EVANS: So you are telling us that you  
9           would set it aside, and you would not let it influence  
10          your decision; is that right?

11                   JUROR JIMMY HAMILTON: I would do my best. If  
12          you knew somebody that was a friend that had been dead  
13          for 14 years, wouldn't you want to seek closure in his  
14          family's life?

15                   MR. EVANS: And that is what I'm asking. I'm  
16          not --

17                   JUROR JIMMY HAMILTON: I understand.

18                   MR. EVANS: I'm just trying to find out what  
19          your answer is. Are you saying that it would affect you  
20          then and that you would consider that when making a  
21          decision?

22                   JUROR JIMMY HAMILTON: It's just like I told  
23          Mr. Carter. I would consider the facts.

24                   MR. EVANS: All right, sir. Nothing further.

25                   JUROR JIMMY HAMILTON: And I really don't  
26          believe that I would consider Mr. Golden.

27                   MR. EVANS: Thank you, sir.

28                   MR. CARTER: Mr. Hamilton, I understand this is  
29          a tough stuff situation for you. And you know, I

1 understand friendship. I have plenty of them, plenty of  
2 friends. And nobody is suggesting that, you know, you  
3 shouldn't have feelings and emotion about your friend.  
4 In fact, we all expect you to.

5 And from what I could hear, you are not telling us  
6 that you are sure that you could put that aside or you  
7 would try. I understand you would try to, but I'm  
8 getting the impression you are not really sure.

9 Is it fair to say that Mr. Flowers' fate, with  
10 respect to this trial, would be better off in the hands  
11 of somebody who didn't have your connection to Mr.  
12 Golden?

13 JUROR JIMMY HAMILTON: I don't know Mr.  
14 Flowers, but if -- it is just like you asked. I would do  
15 my best to consider the facts.

16 MR. CARTER: Right.

17 JUROR JIMMY HAMILTON: Because it would do  
18 Robert Golden no good to accuse somebody that didn't do  
19 the deed or his family either or the other families.

20 MR. CARTER: Can you assure the Court that you  
21 wouldn't have any notions of animosity towards Mr.  
22 Flowers, and you wouldn't have any goals of extracting  
23 revenge if you served in this case?

24 JUROR JIMMY HAMILTON: It's the first time I  
25 have ever seen Mr. Golden.

26 MR. CARTER: Mr. Flowers.

27 JUROR JIMMY HAMILTON: Excuse me. Mr. Flowers.  
28 I'm not sure I hadn't seen his daddy down at Wal-Mart. I  
29 don't really know unless I seen a picture of him. I'm

1 not from around here originally. That's why I leave it  
2 up to y'all to decide. Y'all should be professionals.

3 MR. CARTER: Yes, sir, we are trying -- we are  
4 definitely trying to be so.

5 JUROR JIMMY HAMILTON: That's right. And I  
6 have told you all I can tell you about it. There is no  
7 -- you know. You done asked me questions. I've  
8 answered. There is no need in my mind for you to keep  
9 asking me the same questions, seeking a different answer.  
10 Somebody -- that tells me somebody is trying to  
11 intimidate me. When somebody tries to intimidate you,  
12 that is because they are insecure.

13 MR. CARTER: Okay. So you are saying I am  
14 personally trying to intimidate you and --

15 JUROR JIMMY HAMILTON: Y'all keep asking me.  
16 Not personally.

17 MR. CARTER: Okay.

18 JUROR JIMMY HAMILTON: As a whole in general.  
19 No, sir. I'm not saying anything against you --

20 MR. CARTER: Yes, sir.

21 JUROR JIMMY HAMILTON: -- Mr. Evans or anybody  
22 in this court.

23 MR. CARTER: Well, I don't want to continue to  
24 ask you any questions. I really don't. And so I take it  
25 your last -- your final answer is you will do your best.  
26 You can't guarantee it, but you will do your best. Is  
27 that --

28 JUROR JIMMY HAMILTON: I don't believe there is  
29 anybody in this courthouse that can guarantee that their

1 best is going to be right. That is my opinion.

2 MR. CARTER: I don't really know. I guess that  
3 is my last question.

4 THE COURT: Let me ask a couple more. These  
5 are strictly just to make sure that we do get 12 people  
6 to be fair and impartial. We are not trying to  
7 intimidate anybody or do anything like that. This is  
8 very important. It's a very serious thing that Mr.  
9 Flowers has been charged with.

10 JUROR JIMMY HAMILTON: I understand.

11 THE COURT: He has got the absolute right to  
12 have a completely fair and impartial jury to decide his  
13 fate and the State of Mississippi has a right to the  
14 same.

15 If you were selected as a juror in this case, would  
16 you lay aside all things that you might have heard about  
17 the case and base your decision only on the evidence here  
18 in court?

19 JUROR JIMMY HAMILTON: Yes. Because I really  
20 hadn't heard a lot about it.

21 THE COURT: And if the case got to the point  
22 where the jury convicted Mr. Flowers, and only if he was  
23 convicted, then would we get to a sentencing phase where  
24 the jury would decide what the punishment would be.

25 The State is seeking the death penalty. They would  
26 be putting on aggravating factors, which in the State's  
27 mind would be reasons the death penalty should be  
28 imposed. Mr. Flowers, through his attorneys, would be  
29 putting on proof that would show that -- or would in

1       their mind indicate that the death penalty would not be  
2       appropriate based on mitigating circumstance. That could  
3       be anything from, you know, his family background or his  
4       life up to and including the present time. Without  
5       knowing or hearing any facts on that issue and without  
6       having been instructed by the Court on any issue  
7       concerning that, could you consider the death penalty and  
8       life without parole as sentencing options?

9               JUROR JIMMY HAMILTON: Yes.

10              THE COURT: And as you sit here today, do you  
11       have any -- are you favoring one possible sentence over  
12       the other?

13              JUROR JIMMY HAMILTON: Yes.

14              THE COURT: And which do you think is a more  
15       appropriate sentence at this point?

16              JUROR JIMMY HAMILTON: Life without parole.

17              THE COURT: But you would wait until you have  
18       heard all the evidence to decide that issue; is that  
19       correct?

20              JUROR JIMMY HAMILTON: That's correct.

21              THE COURT: Okay. Thank you, Mr. Hamilton.

22              Next we need Mary Ann Crowley next.

23              (JUROR NUMBER 92, MARY ANN CROWLEY, ENTERED THE  
24       COURTROOM.)

25              Miss Crowley, if you will come down here and have a  
26       seat, please.

27              (THE JUROR WAS SEATED ON THE WITNESS STAND.)

28              Miss Crowley, what we are doing now is we are asking  
29       questions of each juror outside the presence of other

1 jurors because there are just some matters we felt  
2 necessary to take up outside the presence of the others.  
3 And what I want to get into is whether you have any  
4 knowledge about this case or know any of the facts about  
5 the case or anything concerning the case.

6 JUROR MARY ANN CROWLEY: No, sir, I do not.

7 THE COURT: Did there ever come a time when you  
8 even heard about the Tardy murders?

9 JUROR MARY ANN CROWLEY: Yeah. I heard a  
10 little something about it, but I really wasn't down here  
11 when it happened. I was living in Grenada County.

12 THE COURT: And how long have you been living  
13 now in Montgomery County?

14 JUROR MARY ANN CROWLEY: I moved back in 2001.

15 THE COURT: And has anything that you heard,  
16 saw, read caused you to form any opinion as to the guilt  
17 or innocence of Mr. Flowers?

18 JUROR MARY ANN CROWLEY: No, sir.

19 THE COURT: And if you are selected as a juror,  
20 will you lay anything you heard aside and base your  
21 decision only on the evidence that is presented here in  
22 court?

23 JUROR MARY ANN CROWLEY: Yes, sir. I will lay  
24 it aside and listen to what they say.

25 THE COURT: Miss Crowley, the way the process  
26 works is if the jury were to convict Mr. Flowers of  
27 capital murder, then we would go into the sentencing  
28 phase. If he was acquitted on the first part of the  
29 trial, we would not get into the sentencing phase. But

1 if he were to be convicted, then the sentencing phase  
2 would be for the jury to determine what the jury believed  
3 to be the appropriate punishment.

4 The State of Mississippi is seeking the penalty of  
5 life in -- I mean seeking the death penalty. And they  
6 would be putting on aggravating factors which the State  
7 would believe would show that the death penalty was  
8 appropriate. Mr. Flowers would be putting on mitigating  
9 facts that would show in his mind that the death penalty  
10 should not be imposed in this particular case.

11 Mitigating factors could be anything about his life  
12 that's occurred from infancy on up to the present time.

13 So I want to know if he got to the point where he  
14 was -- where the second phase of the trial was taking  
15 place after he had been found guilty of capital murder,  
16 could you consider the death penalty as a potential  
17 sentence?

18 JUROR MARY ANN CROWLEY: No, sir.

19 THE COURT: Miss Crowley, on your  
20 questionnaire, on your questionnaire you answered that  
21 you strongly favor the death penalty and that you could  
22 consider it and could not consider life without parole.  
23 Did you --

24 JUROR MARY ANN CROWLEY: I probably read it  
25 wrong, because I did it at work. I did my questionnaire  
26 at work.

27 THE COURT: And so you are saying -- are, are  
28 you saying that that would not even be something that you  
29 would consider, the death penalty?

1 JUROR MARY ANN CROWLEY: No, sir.

2 THE COURT: Could you consider life without  
3 parole as a possible sentence?

4 JUROR MARY ANN CROWLEY: Yeah, I probably could  
5 consider that but not...

6 THE COURT: But you are just saying you would  
7 not consider the death penalty at all.

8 JUROR MARY ANN CROWLEY: No, sir.

9 THE COURT: Mr. Evans.

10 MR. EVANS: Good evening, Miss Crowley.

11 JUROR MARY ANN CROWLEY: Hi.

12 MR. EVANS: I want to make sure I understand  
13 for sure what you are saying. Your views on the death  
14 penalty are so strong that you could not consider that  
15 yourself as a possible penalty in any case; is that  
16 right?

17 JUROR MARY ANN CROWLEY: Yes, sir.

18 MR. EVANS: You could never give the death  
19 penalty.

20 JUROR MARY ANN CROWLEY: No, sir.

21 MR. EVANS: Nothing further, Your Honor.

22 MR. CARTER: I have a couple, Your Honor.

23 Miss Crowley, do you understand that if you got  
24 picked as a juror whatever decision you made would be  
25 your decision and not the decision of anybody else? Do  
26 you understand that?

27 JUROR MARY ANN CROWLEY: Yes, sir, I do.

28 MR. CARTER: Now, you said you could consider  
29 life without possibility of parole. Do you have any

1 reservations about that?

2 JUROR MARY ANN CROWLEY: No.

3 MR. CARTER: Do you consider it a serious  
4 crime? I mean a serious penalty, life without  
5 possibility of parole, where you never get out of jail?  
6 Do you consider it a serious punishment?

7 JUROR MARY ANN CROWLEY: Yes, sir, I do.

8 MR. CARTER: And when the Court asked you if  
9 you could consider death, the Court is not telling you  
10 that you had to vote for death. It is your decision how  
11 you vote. But what we want to know is can you even weigh  
12 the possibility of death and weigh and consider the  
13 possibility of life without -- life without the  
14 possibility of parole. Can you weigh both of them and  
15 then decide which way you want to vote?

16 And so only you really know the answer to that. Can  
17 you -- is it -- again, nobody is telling you how you have  
18 to vote. You can vote however you want to. It is your  
19 decision. What we are asking you though is can you  
20 consider both of them, think about both as a possibility  
21 for punishment and then decide? If you can't, it's just  
22 -- I mean it is up to you.

23 JUROR MARY ANN CROWLEY: I probably could think  
24 about both of them, but I would be more with life in  
25 prison with parole with --

26 MR. CARTER: So you would be leaning towards  
27 life no matter what the facts are.

28 JUROR MARY ANN CROWLEY: Yes, sir.

29 MR. CARTER: So if -- you know, to get to

1 punishment phase, you have to already gone through the  
2 first phase and you would have found Mr. Flowers already  
3 guilty. You understand that?

4 JUROR MARY ANN CROWLEY: Yes, sir.

5 MR. CARTER: And despite that, knowing what he  
6 is charged with, you would have found him guilty, you  
7 still could not go back, viewing both options equally,  
8 and you certainly would be leaning towards life without  
9 possibility of parole. That is what you are saying.

10 JUROR MARY ANN CROWLEY: Yes, sir.

11 MR. CARTER: Okay. Thank you. No further  
12 questions.

13 THE COURT: While you are leaning toward life,  
14 could you consider the death penalty as a sentence? I  
15 mean right now you haven't heard any proof. But would  
16 that be something you could consider?

17 JUROR MARY ANN CROWLEY: No, sir.

18 THE COURT: Even after you -- without hearing  
19 any facts or being instructed on the law, you are just  
20 saying that would just be something you could not even  
21 consider.

22 JUROR MARY ANN CROWLEY: No, sir, I couldn't.  
23 Huh-huh.

24 THE COURT: Thank you, Miss Crowley. You, you  
25 may step down. If you will not talk with anyone about  
26 what you have talked about in here.

27 JUROR MARY ANN CROWLEY: Okay.

28 THE COURT: We will need Miss Pearson next.

29 (JUROR NUMBER 93, MARJORIE PEARSON, ENTERED THE

1 COURTROOM.)

2 THE COURT: Miss Pearson, if you will come  
3 forward and have a seat down here, please.

4 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

5 THE COURT: Miss Pearson, what we are doing now  
6 is asking questions outside the presence of the other  
7 jurors on a couple of issues that we felt necessary to  
8 ask outside the presence of the other people.

9 First of all, do you have any facts about this case  
10 or any knowledge or have you heard anything about this  
11 case?

12 JUROR MARJORIE PEARSON: I read one article  
13 that Dale that used to work at *Winona Times* did. I don't  
14 know his last name. It starts with a "G".

15 THE COURT: And when did -- how long ago was  
16 that that you read this newspaper article?

17 JUROR MARJORIE PEARSON: It's in the last  
18 month.

19 THE COURT: Last -- in the last month.

20 JUROR MARJORIE PEARSON: But I think it was an  
21 article from around '97.

22 THE COURT: Oh, it was an old article that you  
23 read.

24 JUROR MARJORIE PEARSON: Old article.

25 THE COURT: An old issue of the paper.

26 JUROR MARJORIE PEARSON: Yes, sir. Yes, sir.

27 THE COURT: Did that cause you to form an  
28 opinion as to the guilt or innocence of Mr. Flowers?

29 JUROR MARJORIE PEARSON: Yes, sir.

1 THE COURT: Could you lay that opinion aside  
2 and base your decision strictly on the evidence presented  
3 here in court?

4 JUROR MARJORIE PEARSON: Probably not. Could  
5 not.

6 THE COURT: So you are saying you probably  
7 could not lay that aside.

8 JUROR MARJORIE PEARSON: Yes, sir.

9 THE COURT: And next issue involves the  
10 possible sentence that could be involved in this case.  
11 What happens is the trial first is held to decide guilt  
12 or innocence. Only if he was found guilty would we get  
13 to the sentencing phase. And at that time the jury would  
14 decide what the jury felt to be the appropriate sentence.  
15 The sentence could be anything from the death penalty to  
16 life in prison without parole. It will end up being one  
17 or the other.

18 Could you consider both life in prison without  
19 parole and the death penalty as sentencing options?

20 JUROR MARJORIE PEARSON: Yes, sir.

21 THE COURT: So you will consider both of them;  
22 is that correct?

23 JUROR MARJORIE PEARSON: Yes, sir.

24 THE COURT: Okay. Thank you.

25 Mr. Evans.

26 MR. EVANS: Thank you, Your Honor.

27 The other day you said that you could not judge; is  
28 that right?

29 JUROR MARJORIE PEARSON: Yes, sir.

1 MR. EVANS: What did you mean by that? Do you  
2 just feel that you cannot judge anybody on a criminal  
3 case?

4 JUROR MARJORIE PEARSON: I don't believe it's  
5 my place.

6 MR. EVANS: Okay. And would -- are you telling  
7 us that if you were picked as a juror that you just would  
8 not be able to do that?

9 JUROR MARJORIE PEARSON: Yes, sir.

10 MR. EVANS: Nothing further, Your Honor.

11 THE COURT: Miss Steiner.

12 MRS. STEINER: Good afternoon, Miss Pearson.

13 JUROR MARJORIE PEARSON: Good afternoon.

14 MRS. STEINER: His Honor asked you if you could  
15 consider both sentences --

16 JUROR MARJORIE PEARSON: Yes.

17 MRS. STEINER: -- that the law allows. In  
18 considering those sentences you -- the State would put on  
19 evidence to support seeking the death penalty. And Mr.  
20 Flowers could put on things that had nothing to do with  
21 the crime itself in mitigation asking you to consider and  
22 impose a life sentence. Could you consider that even  
23 though you found him guilty?

24 JUROR MARJORIE PEARSON: Would you clarify  
25 that? I don't really understand.

26 MRS. STEINER: Could you consider factors in  
27 Mr. Flowers' life from before this crime was committed or  
28 his life in prison since, jail since?

29 JUROR MARJORIE PEARSON: Yes.

1 MRS. STEINER: As -- could you consider that in  
2 thinking about a life sentence without parole instead of  
3 a death sentence once you found him guilty?

4 JUROR MARJORIE PEARSON: Yes, ma'am.

5 MRS. STEINER: All right. Now, in addition to  
6 aggravation and mitigation, the State has the right to  
7 ask the family members of the victims who died to talk to  
8 the jury about what the loss of their loved one means.  
9 If that evidence was before you, can you consider things  
10 other than the facts of the crime in determining a  
11 sentence?

12 JUROR MARJORIE PEARSON: Yes.

13 MRS. STEINER: I think that is all I have.

14 THE COURT: You may step down at this time,  
15 Miss Pearson. When you go outside don't discuss with  
16 anyone what you have said in here or what you have been  
17 asked in here, please.

18 JUROR MARJORIE PEARSON: Okay.

19 THE COURT: We need Miss Acy next. That is 94.  
20 (JUROR NUMBER 94, MELISSA ACY, ENTERED THE COURTROOM.)

21 Miss Acy, if you will come down. We have a few  
22 questions we are going to ask.

23 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

24 THE COURT: What we are doing, Miss Acy, is  
25 asking questions outside the presence of other jurors,  
26 because there are just some questions we felt appropriate  
27 to take up without being out in front of everybody.

28 And I want to know if you heard anything about this  
29 case or had any knowledge about this case.

1 JUROR MELISSA ACY: I mean I've heard people,  
2 you know, talking about it for years.

3 THE COURT: And have you ever talked to any of  
4 the relatives of the victims about this case?

5 JUROR MELISSA ACY: No.

6 THE COURT: Or law enforcement or anybody like  
7 that?

8 JUROR MELISSA ACY: No. No.

9 THE COURT: Have you read newspaper articles or  
10 seen things on t.v. or heard on the radio about it?

11 JUROR MELISSA ACY: I have.

12 THE COURT: And has what you -- how about the  
13 internet?

14 JUROR MELISSA ACY: No.

15 THE COURT: Has anything that you saw, heard or  
16 read caused you to form an opinion as to the guilt or  
17 innocence of Mr. Flowers?

18 JUROR MELISSA ACY: No.

19 THE COURT: And would -- if you are selected  
20 and serving on the jury, would you lay aside anything you  
21 heard outside of court and base your decision only on the  
22 evidence that was presented here in open court?

23 JUROR MELISSA ACY: Yes.

24 THE COURT: And the next question concerns the  
25 possibility of the sentence that could be imposed if he  
26 were convicted. If Mr. Flowers is convicted, then the  
27 possibility exists that he could receive the death  
28 penalty. If he is found not guilty, we don't get to the  
29 second phase. But if we got to the second phase, the

1 jury would then decide what the appropriate sentence  
2 should be as punishment.

3 The State is seeking the death penalty. They would  
4 put on aggravating facts which they believe would justify  
5 the imposition of the death penalty. Mr. Flowers through  
6 his attorneys would put on mitigating facts that they  
7 believe would justify the death penalty not being  
8 imposed. And if the death penalty was not imposed, the  
9 sentence would be life without parole. Can you consider  
10 both life without parole and the death penalty as  
11 sentencing options in this case?

12 JUROR MELISSA ACY: Yes.

13 THE COURT: And do you have, before you heard  
14 anything, any fixed opinion on what the appropriate  
15 punishment should be?

16 JUROR MELISSA ACY: No.

17 THE COURT: Okay. Thank you, Miss Acy.  
18 Mr. Evans.

19 MR. EVANS: Thank you, Your Honor.

20 Good evening, Miss Acy.

21 JUROR MELISSA ACY: Hi.

22 MR. EVANS: Do you understand that we are  
23 attempting to get a juror -- jury that can come in,  
24 completely disregard anything that they have heard,  
25 disregard anybody that they may know in the community,  
26 base their decision solely on what they see in the  
27 courtroom, what the judge allows -- what testimony the  
28 judge allows and what evidence the judge allows.

29 JUROR MELISSA ACY: Yes.

1 MR. EVANS: And you are telling us that you  
2 could set aside anything else and strictly base your  
3 decision on what's in court.

4 JUROR MELISSA ACY: Yes, sir.

5 MR. EVANS: Not leaning toward either direction  
6 when you come in.

7 JUROR MELISSA ACY: (Nodded.)

8 MR. EVANS: Just open mind.

9 JUROR MELISSA ACY: Yes.

10 MR. EVANS: As far as the second phase, if he  
11 is found guilty, we will go into a sentencing phase. In  
12 that the Court will instruct the jury on what aggravating  
13 factors they can consider, that's the factors that we'll  
14 be bringing up to justify death and what the defendant  
15 can bring up as far as mitigating factors, and that can  
16 be almost unlimited it. It can be anything about his  
17 life, his past since the crime.

18 And what you would be asked to do is come in with an  
19 open mind again, knowing that he has been convicted, come  
20 in with an open mind again on that phase, not be leaning  
21 one way or the other, listen to the Court's instructions,  
22 what we put on, what the defense puts on, truly consider  
23 everything that is put on and then make a decision of  
24 what sentence is appropriate. Can you do that?

25 JUROR MELISSA ACY: I, I can.

26 MR. EVANS: Nothing further, Your Honor.

27 MRS. STEINER: Good afternoon, Miss Acy.

28 JUROR MELISSA ACY: Hi.

29 MRS. STEINER: You are -- you said you heard

1 talking for years. You were acquainted with the Rigby  
2 family; is that correct?

3 JUROR MELISSA ACY: Correct.

4 MRS. STEINER: Did you hear any of the talking  
5 --

6 JUROR MELISSA ACY: No.

7 MRS. STEINER: -- from them?

8 JUROR MELISSA ACY: No. Not from them know.

9 MRS. STEINER: And you knew someone else,  
10 someone's sons. Was that --

11 JUROR MELISSA ACY: The Rigbys sons.

12 MRS. STEINER: The Rigby sons.

13 JUROR MELISSA ACY: Yes. I knew a lot of --

14 MRS. STEINER: All right.

15 JUROR MELISSA ACY: -- both sides.

16 MRS. STEINER: And I believe you work at the  
17 Vaiden Community Living Center.

18 JUROR MELISSA ACY: I do.

19 MRS. STEINER: Is that elder care for nursing  
20 care, assisted living?

21 JUROR MELISSA ACY: It is.

22 MRS. STEINER: Were you -- do you know whether  
23 or not you have ever cared for any family members of any  
24 of the victims' family or Mr. and Mrs. Flowers' family?

25 JUROR MELISSA ACY: Not immediate family.

26 There is -- on both sides there's some relatives, I  
27 think, that we have.

28 MRS. STEINER: Have you offered care for any of  
29 the lawyers here, families that you know?

1 JUROR MELISSA ACY: No. No. Not that I'm  
2 aware of. No.

3 MRS. STEINER: You are not a nurse caregiver.

4 JUROR MELISSA ACY: No. No. I'm the human  
5 resource director.

6 MRS. STEINER: Miss Acy, judge -- you've said  
7 you can consider both sentences. The mitigation, the  
8 State's aggravation --

9 JUROR MELISSA ACY: Um-hum.

10 MRS. STEINER: -- and the defendant's  
11 mitigation, which can cover anything in his life. You  
12 will -- you understand you will have found him guilty  
13 beyond a reasonable doubt of having committed at least  
14 one and probably four murders, if you even reach a  
15 sentencing phase.

16 JUROR MELISSA ACY: (Nodded.)

17 MRS. STEINER: And his -- in addition to his  
18 mitigation and the State's aggravation -- the State's  
19 aggravation in this case will have to do with, with the  
20 aspects of the crime that they contend make it worth the  
21 death penalty. If the mitigation does not address  
22 aspects of the crime that refute that in your mind can  
23 you still consider the mitigation that relates to other  
24 things in the crime?

25 JUROR MELISSA ACY: I think you have lost me  
26 there for a moment.

27 MRS. STEINER: I'm sorry. Could you consider  
28 -- if Mr. Flowers just talks about his life before the  
29 crime and since the crime.

1 JUROR MELISSA ACY: Um-hum.

2 MRS. STEINER: But does not talk about -- if  
3 the evidence does not talk -- say, add anything to the  
4 information you have about the crime, can you still  
5 consider mitigation and realistically consider a life  
6 sentence without parole?

7 JUROR MELISSA ACY: Yes.

8 MRS. STEINER: In addition to aggravation and  
9 mitigation, the State may choose to put on testimony,  
10 including testimony from members of the Rigby family.  
11 Mr. Bennie Rigby and, I believe, his sons are now listed  
12 as witnesses. And you know them personally.

13 JUROR MELISSA ACY: I know them. Yes.

14 MRS. STEINER: And they are not going to be  
15 talking about the facts. They are going to be talking  
16 about what has gone on in their heart as a result of the  
17 loss of their mother.

18 JUROR MELISSA ACY: Um-hum.

19 MRS. STEINER: Is your acquaintance with them  
20 going to be with you in the jury room?

21 JUROR MELISSA ACY: No.

22 MRS. STEINER: Now, the other thing is you've  
23 not -- you have not sat in on any of the prior trials,  
24 have you?

25 JUROR MELISSA ACY: No, I had to work.

26 MRS. STEINER: Some of the evidence in this  
27 case may include photographs of Mrs. Rigby after her  
28 death in place in the store. And when you see that, are  
29 you going to see -- be able to look at that like any

1 other crime victim, or will your remembrance of her as a  
2 living person come into you as well?

3 JUROR MELISSA ACY: No, I think I can look at  
4 it as anyone.

5 MRS. STEINER: Despite your association with  
6 her --

7 JUROR MELISSA ACY: Right.

8 MRS. STEINER: -- and her husband and boys.

9 JUROR MELISSA ACY: Right.

10 MRS. STEINER: When again --

11 THE COURT: You need to wrap it up.

12 MRS. STEINER: Okay. With respect to  
13 considering mitigation of the sentence, can you set aside  
14 any personal feelings about having seen a dead person?

15 JUROR MELISSA ACY: I think I can. Yes.

16 MRS. STEINER: And can you -- but if other  
17 people find mitigation that you don't find, you don't all  
18 have to agree. Can you respect other people's --

19 JUROR MELISSA ACY: Sure.

20 MRS. STEINER: -- opinion?

21 JUROR MELISSA ACY: Sure.

22 MRS. STEINER: And agree to disagree.

23 JUROR MELISSA ACY: (Nodded.)

24 MRS. STEINER: And be satisfied that you have  
25 done your job if you can't all agree on mitigation or  
26 sentence.

27 JUROR MELISSA ACY: Yes.

28 MRS. STEINER: Thank you.

29 THE COURT: Miss Acy, you may step down and

1 please don't go back and talk about with your fellow  
2 jurors what has been asked in here.

3 JUROR MELISSA ACY: Okay.

4 THE COURT: We need Miss Crawford next.

5 (JUROR NUMBER 95, LESLIE CRAWFORD, ENTERED THE  
6 COURTROOM.)

7 THE COURT: If you will come forward, please.

8 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

9 THE COURT: Miss Crawford, what we are doing  
10 now is asking questions of individual jurors outside the  
11 presence of other jurors because we just felt it  
12 appropriate to -- that some things needed to be asked  
13 outside the presence of the others.

14 First of all, though, did you ever receive one of  
15 these questionnaires in the mail?

16 JUROR LESLIE CRAWFORD: Yes, sir.

17 THE COURT: Did you ever fill one out? I never  
18 did see one from you.

19 JUROR LESLIE CRAWFORD: I did.

20 THE COURT: And I never did receive it and that  
21 is why I was asking.

22 JUROR LESLIE CRAWFORD: I turned it in late. I  
23 gave it to the bailiff.

24 THE COURT: You gave it to the bailiff. When  
25 did you do that?

26 JUROR LESLIE CRAWFORD: I think it was Monday.

27 THE COURT: Okay. On Monday of this week.  
28 Okay. Well, I am sure the clerk has got it then. I just  
29 had never seen it, and I just did not know whether one --

1 Counsel, did y'all receive one?

2 MR. HOWIE: We have one.

3 MRS. STEINER: Your Honor, I didn't get a copy  
4 but, but the State says they did. So apparently...

5 THE COURT: Why don't I just have a copy made  
6 for you and me both right now.

7 MRS. STEINER: Thank you, Your Honor.

8 THE COURT: Because I am sure -- well, the  
9 reason we sent them out is for you to look at them ahead  
10 of time.

11 And Miss Crawford, you have been late, pretty bad  
12 late the last couple of days. Have you had some problems  
13 getting to court on time?

14 JUROR LESLIE CRAWFORD: My daughter was sick.

15 THE COURT: Daughter was sick. And how old is  
16 she?

17 JUROR LESLIE CRAWFORD: Eight months.

18 THE COURT: Eight months. Goodness. And how  
19 is she doing now?

20 JUROR LESLIE CRAWFORD: She is fine. It is  
21 just she has been staying up all night.

22 THE COURT: And if, if you are selected on this  
23 jury, you understand that you will be --

24 JUROR LESLIE CRAWFORD: Away.

25 THE COURT: -- sequestered and will be away for  
26 several days. Are you the one whose mother was also on  
27 the jury panel?

28 JUROR LESLIE CRAWFORD: Yes.

29 THE COURT: And mother --

1 JUROR LESLIE CRAWFORD: Chose --

2 THE COURT: -- decided to -- so you would have  
3 mother -- your momma then to take care of your baby --

4 JUROR LESLIE CRAWFORD: Yes.

5 THE COURT: -- if, if you were here then right?

6 JUROR LESLIE CRAWFORD: Yes, sir.

7 THE COURT: What we're doing is we are asking  
8 questions of the jurors about whether they have heard  
9 anything about this case or have any knowledge about the  
10 case. I think you were probably a pretty young lady when  
11 this first happened, because you are 28 now, I believe.  
12 And this happened, like, 19 -- I mean 2000 -- no, 1996.  
13 Did you -- have you heard anything about this case?

14 JUROR LESLIE CRAWFORD: Vaguely. Not really.

15 THE COURT: Do you even remember how you might  
16 have heard about it?

17 JUROR LESLIE CRAWFORD: Probably the newspaper.

18 THE COURT: And has anything you might have  
19 read in the paper or seen or heard caused you to form any  
20 opinion as to the guilt or innocence of Mr. Flowers?

21 JUROR LESLIE CRAWFORD: No, sir.

22 THE COURT: And can you lay aside anything you  
23 might have read or heard and just base your verdict on  
24 the evidence presented here in court?

25 JUROR LESLIE CRAWFORD: Yes, sir.

26 THE COURT: Next question, Miss Crawford, it  
27 concerns the possibility of what might happen if he is  
28 convicted. We would have a sentencing phase if he were  
29 found guilty of these capital murders. If he was found

1 not guilty, we would not even get to the second part.

2 But if he were to be found guilty, then we would  
3 have a sentencing hearing for the jury to decide what the  
4 appropriate punishment would be. The State of  
5 Mississippi is asking the jury to impose the death  
6 penalty. If the death penalty was not imposed, life in  
7 prison without parole would be the sentence. And I want  
8 to know could you listen to all the facts and listen to  
9 the instructions of law and consider both life without  
10 parole and the death penalty as sentencing options if you  
11 were sitting on this jury?

12 JUROR LESLIE CRAWFORD: Not the death penalty.

13 THE COURT: Are there any circumstances where  
14 you could consider the death penalty?

15 JUROR LESLIE CRAWFORD: No.

16 THE COURT: So you are just saying absolutely  
17 no way could you ever consider it.

18 JUROR LESLIE CRAWFORD: (Shook head.)

19 THE COURT: Okay. Thank you, Miss Crawford.

20 JUROR LESLIE CRAWFORD: Can I go?

21 THE COURT: No. They are going to ask some  
22 questions of you too.

23 MR. EVANS: Miss Crawford, I have got several  
24 questions I want to ask you. But the first one, you are  
25 saying that you could never give the death penalty, no  
26 matter what the case yourself; is that right?

27 JUROR LESLIE CRAWFORD: Huh-huh.

28 MR. EVANS: You couldn't even consider it as a  
29 possibility penalty.

1 JUROR LESLIE CRAWFORD: I wouldn't want to.  
2 No.

3 MR. EVANS: Now, you have also said that you  
4 have visited with your boyfriend in the jail in Vaiden.  
5 And while you were there you have talked with the  
6 defendant Curtis Flowers, and you have seen him  
7 approximately 12 times down there.

8 JUROR LESLIE CRAWFORD: Yes, sir.

9 MR. EVANS: And I think you said that that  
10 would probably affect you and keep you from being fair  
11 and impartial.

12 JUROR LESLIE CRAWFORD: Well, it was the next  
13 question you asked after that. Me knowing his sister.

14 MR. EVANS: What was the next one?

15 JUROR LESLIE CRAWFORD: It was me knowing his  
16 family members that --

17 MR. EVANS: Okay. I was going to get into  
18 that. You are also good friends with his sister; is that  
19 right?

20 JUROR LESLIE CRAWFORD: Not friends. I just  
21 know, know his family.

22 MR. EVANS: You know them. Was that the  
23 question that you were asking that said it would affect  
24 you and keep you from being fair and impartial?

25 JUROR LESLIE CRAWFORD: Yes, sir.

26 MR. EVANS: Just for the record, so we make  
27 things clear, you were related to Juror Number 5, Jessie  
28 Crawford.

29 JUROR LESLIE CRAWFORD: Yes, sir.

1 MR. EVANS: You are his niece.

2 JUROR LESLIE CRAWFORD: Yes, sir.

3 MR. EVANS: Now, Jessie Crawford has stated to  
4 the Court that his son has a baby with one of Curtis'  
5 sisters.

6 JUROR LESLIE CRAWFORD: Yes, sir.

7 MR. EVANS: So you are also related to him  
8 through that; is that correct?

9 JUROR LESLIE CRAWFORD: Well, not related to  
10 him, related to the niece.

11 MR. EVANS: Okay. And because of all of these  
12 reasons, are you telling us that you just could not be  
13 fair and impartial in this particular case?

14 JUROR LESLIE CRAWFORD: Yes, sir.

15 MR. EVANS: Okay. Nothing further, Your Honor.

16 MR. CARTER: Miss Crawford, are you saying you  
17 would be uncomfortable as a result of those  
18 relationships?

19 JUROR LESLIE CRAWFORD: Yes, sir.

20 MR. CARTER: But if you got picked as a juror  
21 and allowed to serve, could you put those relationships  
22 aside?

23 JUROR LESLIE CRAWFORD: I'd have to.

24 MR. CARTER: You would have to.

25 JUROR LESLIE CRAWFORD: Um-hum.

26 MR. CARTER: And you would put it aside and be  
27 fair to both -- put that aside and be fair to Mr. Flowers  
28 and to the victims' family.

29 JUROR LESLIE CRAWFORD: Yes, sir.

1 MR. CARTER: And also, I take it you would be  
2 uncomfortable with the death penalty.

3 JUROR LESLIE CRAWFORD: Um-hum.

4 MR. CARTER: And are you telling us that no  
5 matter what Mr. Evans proved, how bad the facts were --

6 JUROR LESLIE CRAWFORD: I just don't believe --  
7 I just don't think it is right. No.

8 MR. CARTER: You don't think the death penalty  
9 is right.

10 JUROR LESLIE CRAWFORD: (Shook head.)

11 MR. CARTER: And are you also telling us that  
12 not only would you be reluctant to vote for it, you  
13 wouldn't even think about it? You couldn't even think  
14 about and give it any thoughts, the death penalty.

15 JUROR LESLIE CRAWFORD: Could I give it any  
16 thought?

17 MR. CARTER: In other words, maybe I can clear  
18 it up a little bit. How ever you vote is, is your  
19 decision. Our state legislature has said that life  
20 without possibility of parole and death both are  
21 appropriate for capital murder. And you certainly have  
22 an aversion to the death penalty. You are not crazy  
23 about it. Lots of folks aren't.

24 But I want to know - and only you know this - are  
25 you saying that there is no circumstances, under which  
26 you could even think about or consider voting for that?

27 JUROR LESLIE CRAWFORD: No.

28 MR. CARTER: No further questions.

29 THE COURT: Miss Crawford, you may step down.

1 And when you go back out, don't talk about with your  
2 other jurors what has been talked about in here.

3 JUROR LESLIE CRAWFORD: Okay.

4 THE COURT: And then I'll just note again for  
5 the record, Number 96 was excused because her grandfather  
6 died this morning. And she was, as you could expect,  
7 quite troubled about that and not in any capacity -- not  
8 any way she could continue on.

9 We need Mr. Robinson, Number 98 next.

10 (JUROR NUMBER 98, WILLIE ROBINSON, ENTERED THE  
11 COURTROOM.)

12 THE COURT: Mr. Robinson, if you will come  
13 down.

14 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

15 THE COURT: What we are doing, Mr. Robinson, is  
16 we are asking questions of each of the jurors outside the  
17 presence of the others, because there is some matters we  
18 just felt more appropriate to take up without having to  
19 have to talk out in front of everybody.

20 First, I am wanting to know if you have heard about  
21 the case or have any knowledge about the case, read about  
22 it or seen things on t.v. or anything like that.

23 JUROR WILLIE ROBINSON: Well, about all I have  
24 seen things on t.v. and I read the newspaper. That is  
25 all I know about it.

26 THE COURT: And can you remember the last time  
27 you even saw something in the paper about it?

28 JUROR WILLIE ROBINSON: I guess it was last  
29 time they had court.

1 THE COURT: A couple of years ago, maybe?

2 JUROR WILLIE ROBINSON: Yeah.

3 THE COURT: Has anything you saw, heard or read  
4 caused you to form an opinion concerning the guilt or  
5 innocence of Mr. Flowers?

6 JUROR WILLIE ROBINSON: No.

7 THE COURT: And would you lay aside anything  
8 you saw, heard or read and base your decision strictly  
9 and only on the evidence presented here in court?

10 JUROR WILLIE ROBINSON: Yes, I could.

11 THE COURT: And Mr. Robinson, the next question  
12 concerns the sentencing phase. What would happen is if  
13 Mr. Flowers was found guilty, we would have a sentencing  
14 phase. The jury would decide the appropriate sentence.

15 If he is found not guilty, we don't get to that  
16 second phase. We would only get there if the second  
17 phase -- to the second phase if after the first phase he  
18 had been found guilty of capital murder. Then and only  
19 then would the jury consider what would be the  
20 appropriate punishment.

21 The State of Mississippi is seeking the death  
22 penalty in this case. They would put on aggravating  
23 facts that in their view would show that the death  
24 sentence was appropriate. Mr. Flowers, through his  
25 attorneys, would put on mitigating facts. That would be  
26 facts that they believe would show that the death penalty  
27 is not appropriate. That could be any number of things  
28 including childhood experiences or anything about his  
29 life up till now.

1           If the death penalty was not imposed, life in prison  
2 would be the sentence if he, again, was convicted in the  
3 first stage of the trial. Can you consider both the  
4 death penalty and life without parole as sentencing  
5 options?

6           JUROR WILLIE ROBINSON: Yes.

7           THE COURT: And having heard none of the facts  
8 or anything at this point, would you be tending to favor  
9 one of those options over the other?

10          JUROR WILLIE ROBINSON: No.

11          THE COURT: So you will consider them both and  
12 make a decision based on what you determine after you  
13 have heard the evidence; is that correct?

14          JUROR WILLIE ROBINSON: That's right.

15          THE COURT: Okay. Thank you.

16          MR. EVANS: Good evening, Mr. Robinson. How  
17 are you doing? I notice on your questionnaire you marked  
18 that you could not consider the death penalty. Now, do  
19 you believe in the death penalty?

20          JUROR WILLIE ROBINSON: Well, no.

21          MR. EVANS: You don't believe in the death  
22 penalty. You don't think it should be a possible  
23 penalty; is that right?

24          JUROR WILLIE ROBINSON: No.

25          MR. EVANS: And what the judge is asking you  
26 and what we need to know, we need a jury that's going to  
27 fairly and honestly consider both sides. And a jury that  
28 would decide from the evidence, not from their personal  
29 beliefs, what opinion is -- what sentence would be

1 appropriate. Are you telling us that your views against  
2 the death penalty are such that you, yourself, could not  
3 consider it as a penalty?

4 JUROR WILLIE ROBINSON: Is that what I had on  
5 my -- on my questionnaire?

6 MR. EVANS: Yes, sir. If what's on your  
7 questionnaire is right, is that right, you couldn't  
8 consider it?

9 JUROR WILLIE ROBINSON: That's right.

10 MR. EVANS: All right. And it doesn't matter  
11 what kind of case it is. You just couldn't consider the  
12 death penalty; is that right?

13 JUROR WILLIE ROBINSON: That's right.

14 MR. EVANS: Thank you, sir.

15 MRS. STEINER: Good afternoon, Mr. Robinson.

16 JUROR WILLIE ROBINSON: How you doing?

17 MRS. STEINER: Mr. Robinson, His Honor had  
18 explained a little more about what your job was here if  
19 you were selected as a juror. You understand your job  
20 isn't to bring anything from outside in your personal  
21 beliefs or whatever you may have heard or anybody you  
22 know in the community inside the courtroom. And the only  
23 person who tells you what you -- what the law is is His  
24 Honor. And His Honor will be instructing you on what --  
25 that you can or -- if the death penalty, if we even get  
26 to the death penalty here, that would be after you would  
27 have decided beyond a reasonable doubt that Curtis  
28 Flowers was guilty of capital murder, up to four capital  
29 murders. You understand that?

1 JUROR WILLIE ROBINSON: Yes, sir.

2 MRS. STEINER: And then you would be asked to  
3 consider what the appropriate punishment would be. You  
4 understand that?

5 JUROR WILLIE ROBINSON: Yes.

6 MRS. STEINER: And His Honor would tell you, as  
7 he has here, and you answered you could consider both.  
8 You would be guided by His Honor on what you could  
9 consider for aggravation and what you could consider in  
10 mitigation. And you would be -- that would be your  
11 conscience. Nobody is going to tell you. The judge  
12 won't. Now, Mr. Carter and I, Mr. Evans may ask you to  
13 vote one way or the other, but we are not asking you that  
14 now. Your vote is your vote. That is your conscience.

15 MR. EVANS: Is there any question coming?

16 MRS. STEINER: Yes.

17 Under those circumstances, no one is asking you  
18 whether -- could you consider, before you cast a vote for  
19 a sentence, the penalty of death and the penalty of life  
20 in prison without parole under those circumstances?

21 JUROR WILLIE ROBINSON: Say -- you lost me  
22 there somewhat.

23 MRS. STEINER: I'm sorry. If the judge  
24 instructs you that you need to set everything else aside  
25 and consider the penalty of death, could you do so?

26 JUROR WILLIE ROBINSON: Set everything else  
27 aside and...

28 MRS. STEINER: And consider two penalties.

29 MR. EVANS: I don't understand what she is

1 talking about the Court telling him to set aside.

2 MRS. STEINER: Let me -- if the Court instructs  
3 you that you must, as a juror, consider the death penalty  
4 and life in prison without parole, could you follow those  
5 instructions of the Court?

6 JUROR WILLIE ROBINSON: You got me confused  
7 right now.

8 MRS. STEINER: I'm sorry. If the Court says in  
9 this to be a juror you --

10 JUROR WILLIE ROBINSON: Yeah.

11 MRS. STEINER: -- must consider life in prison  
12 without parole.

13 MR. EVANS: Your Honor, I don't think the Court  
14 is going to tell anybody they must do anything.

15 MRS. STEINER: You may consider. If the Court  
16 instructs you to -- that you may consider life in prison  
17 without parole and the death penalty as punishment, could  
18 you follow those instructions by the Court?

19 JUROR WILLIE ROBINSON: Yes, I could follow the  
20 instructions. But, but you got me confused here. I  
21 can't -- you are losing me somewhere here.

22 MRS. STEINER: I'm sorry. His Honor was clear  
23 to you; is that correct?

24 JUROR WILLIE ROBINSON: Yes.

25 MRS. STEINER: And you answered the questions  
26 His Honor answered with what your honest opinion is about  
27 considering the penalty here.

28 JUROR WILLIE ROBINSON: That's right.

29 THE COURT: I'm a little bit confused too. And

1 I want to make sure that we understand what you are  
2 saying.

3 JUROR WILLIE ROBINSON: Yes.

4 THE COURT: Because, you know, certainly we  
5 respect anything you are saying, but we want to be  
6 understanding what you are saying. So if the facts of  
7 the case justified the imposition of the death penalty  
8 and the law allowed the death penalty, could you consider  
9 that as a sentencing option?

10 JUROR WILLIE ROBINSON: Well, what you saying,  
11 if we find if, if he's guilty and that's his punishment  
12 that's what...

13 THE COURT: If you found him guilty, then you  
14 would decide what the appropriate punishment would be.  
15 The jury would either decide the death penalty -- and if  
16 he did not get the death penalty, then life in prison  
17 without parole would be the sentence of the Court.

18 You are clear with me so far?

19 JUROR WILLIE ROBINSON: Oh, yes. Yes.

20 THE COURT: So could you consider the death  
21 penalty as a possible sentence if you were sitting in the  
22 second phase of the trial after he had been convicted  
23 during the first part of the trial?

24 JUROR WILLIE ROBINSON: Could I consider the  
25 death penalty?

26 THE COURT: Yes, sir. Could you consider that  
27 as a sentencing option, as a possibility?

28 JUROR WILLIE ROBINSON: No.

29 THE COURT: So you are saying that, that you

1 just could not consider --

2 JUROR WILLIE ROBINSON: No. No.

3 THE COURT: -- it at all.

4 JUROR WILLIE ROBINSON: No.

5 THE COURT: Okay. Thank you, Mr. Robinson.

6 You may step down. And if you would, when you go out  
7 though, don't talk about with your fellow jurors --

8 JUROR WILLIE ROBINSON: No. No.

9 THE COURT: -- what we talked about here. I  
10 knew you wouldn't, but I just -- I caution everybody that  
11 way.

12 JUROR WILLIE ROBINSON: Okay. Thank you.

13 THE COURT: Miss Jones. Number 103.

14 (JUROR MARY JONES ENTERED THE COURTROOM.)

15 Miss Jones, what we are doing now is asking jurors  
16 outside the presence of other jurors certain questions  
17 that we just felt was more appropriate to ask in private.  
18 First, I want to know if you have heard anything about  
19 this case, have any knowledge of it, read anything in the  
20 paper, seen the t.v. or any other news broadcast of any  
21 kind about this case.

22 JUROR MARY JONES: No, I haven't.

23 THE COURT: Did you ever -- did there ever even  
24 come to be a time when you heard about the Tardy murders  
25 at all?

26 JUROR MARY JONES: I, I mean I heard about it  
27 the day that it happened. When it went on in 1996.

28 THE COURT: And but you really hadn't paid any  
29 attention to things.

1 JUROR MARY JONES: No, I hadn't.

2 THE COURT: And has anything that you heard or  
3 saw caused you to form an opinion as to the guilt or the  
4 innocence of Mr. Flowers?

5 JUROR MARY JONES: No, it hadn't.

6 THE COURT: If you were sitting as a juror in  
7 this case, would you lay aside anything that you heard  
8 outside of court and base your decision only on the  
9 evidence presented here in court?

10 JUROR MARY JONES: Yeah, I would.

11 THE COURT: And the next issue involves  
12 possible sentences that might be available. We would  
13 only get into the sentencing phase of a trial if the jury  
14 found Mr. Flowers guilty. If the jury found him not  
15 guilty, there would not even be the second phase of the  
16 trial. But if the jury were to find Mr. Flowers guilty,  
17 then we would have a sentencing phase where the jury  
18 would decide what the punishment should be.

19 The State of Mississippi would be seeking the death  
20 penalty. And the State of Mississippi would put on proof  
21 called aggravating factors that are reasons why the  
22 jury -- why the State felt the jury should impose the  
23 death penalty.

24 Mr. Flowers, through his attorneys, would put on  
25 mitigating factors. That would be reasons why in his  
26 view and in the view of his lawyers the death penalty  
27 would not be an appropriate sentence. And that can be  
28 anything about his -- you know, anything in his life  
29 from, you know, childhood on up till now. Without

1 hearing any -- without knowing any facts or hearing any  
2 of that testimony at this point, could you consider both  
3 the death penalty and life without parole as sentencing  
4 options?

5 JUROR MARY JONES: I couldn't. Not, not, not  
6 really the death penalty.

7 THE COURT: And on your questionnaire I think  
8 you said you could consider it. Have you changed your  
9 mind?

10 JUROR MARY JONES: Yes. I changed that.

11 THE COURT: And so you are saying now -- if the  
12 facts justified it and the law allowed it, could -- you  
13 know, what would your view be if you heard the facts and  
14 were instructed on the law?

15 JUROR MARY JONES: Maybe prison. Maybe. That  
16 is what I select.

17 THE COURT: But you would say -- are you saying  
18 though that you could not consider the death penalty?

19 JUROR MARY JONES: Yeah, I could not consider  
20 that.

21 THE COURT: Okay. Miss Jones.  
22 Mr. Evans.

23 MR. EVANS: Good evening, Miss Jones.

24 JUROR MARY JONES: Good evening.

25 MR. EVANS: Now, before we get to the death  
26 penalty, there is one thing I want to bring up with you.  
27 I believe you stated that you were related to Miss Hazel  
28 Jones; is that right?

29 JUROR MARY JONES: I don't even know her.

1 MR. EVANS: You don't know her. Okay. I put  
2 it on the wrong line.

3 JUROR MARY JONES: I guess so. I don't know  
4 her.

5 MR. EVANS: Now, your beliefs are that you just  
6 don't believe in the death penalty; is that right?

7 JUROR MARY JONES: That's right.

8 THE COURT: Is that a religious belief or just  
9 personal belief?

10 JUROR MARY JONES: Just a personal belief.

11 MR. EVANS: Is that belief so strong that you  
12 yourself couldn't consider the death penalty as an  
13 appropriate --

14 JUROR MARY JONES: Well, it, it is not -- it is  
15 not really that strong, but I just didn't believe it.

16 MR. EVANS: You just don't believe in it, and  
17 you couldn't do it yourself.

18 JUROR MARY JONES: No.

19 MR. EVANS: You couldn't consider it on a case  
20 yourself.

21 JUROR MARY JONES: No.

22 MR. HILL: Your Honor, could we have just a  
23 minute?

24 MR. EVANS: I had that too. I don't know if  
25 this was on the wrong line also or not but in my notes I  
26 had down that you had made the statement that you could  
27 not be fair and impartial.

28 JUROR MARY JONES: I ain't -- I ain't put on  
29 that on mine.

1 MR. EVANS: But it wasn't anything in the  
2 questioning that brought that up?

3 JUROR MARY JONES: No.

4 MR. EVANS: So your biggest problem with the  
5 case is that you just could not consider the death  
6 penalty.

7 JUROR MARY JONES: That's right. I don't know  
8 nothing about the others.

9 MR. EVANS: All right. And as far as just  
10 regular cases, if this weren't the death penalty, could  
11 you judge someone? Could you sit in judgment of someone  
12 else?

13 JUROR MARY JONES: I think so but as long as --

14 MR. EVANS: Just not the death penalty.

15 JUROR MARY JONES: As long as it's not the  
16 death penalty.

17 MR. EVANS: Thank you, ma'am.

18 MR. CARTER: How you doing, Miss Jones?

19 JUROR MARY JONES: Oh, I'm good.

20 MR. CARTER: Apparently, you said on your  
21 questionnaire that you -- that you could vote for the  
22 death penalty. And apparently, you are telling us that  
23 you had a chance to think about since you filled out the  
24 questionnaire.

25 JUROR MARY JONES: Yeah. I thought about it a  
26 little bit.

27 MR. CARTER: Thought about it. And do you  
28 understand that no one is telling you that you have to  
29 vote for the death penalty? Asking you if you can

1 consider the death penalty is not telling you that you  
2 have to vote for it.

3 JUROR MARY JONES: I know.

4 MR. CARTER: Do you understand that?

5 JUROR MARY JONES: I understand.

6 MR. CARTER: And you said in reply to Mr.  
7 Evans' question that your being against the death penalty  
8 is not really all that strong. You just, just don't like  
9 the idea of somebody getting the death penalty.

10 JUROR MARY JONES: No, I don't like the idea.

11 MR. CARTER: You certainly don't like the idea  
12 of yourself being involved with somebody getting the  
13 death penalty. Is that fair to say?

14 JUROR MARY JONES: Right.

15 MR. CARTER: However, if you got picked as a  
16 juror, could you -- you could listen to the evidence and  
17 deliberate and make a decision as to whether he is guilty  
18 or not guilty.

19 JUROR MARY JONES: Yeah, I can listen at the  
20 evidence.

21 MR. CARTER: Okay. And during that second  
22 phase, the penalty phase, if witnesses were called to the  
23 witness stand, where you are sitting now, could you  
24 listen to them also?

25 JUROR MARY JONES: Yeah, I'd listen.

26 MR. CARTER: Listen to both sides.

27 JUROR MARY JONES: Right.

28 MR. CARTER: And after you listen to that,  
29 could you consider life without possibility of parole as

1 a sentencing option?

2 JUROR MARY JONES: I'm not too sure about that.

3 MR. CARTER: So are you telling us that you,  
4 you couldn't even consider giving anybody life without  
5 the possibility of parole either?

6 JUROR MARY JONES: Could I ask a question?

7 MR. CARTER: Yes, ma'am.

8 JUROR MARY JONES: I thought he couldn't have  
9 parole.

10 MR. CARTER: Ma'am.

11 JUROR MARY JONES: Is he not -- can have  
12 parole?

13 MR. CARTER: The two -- the two penalties,  
14 possible options or penalties for capital murder is life  
15 without possibility of parole and the other one is the  
16 death penalty. With your knowing that now, could you  
17 vote for life without possibility of parole for a person  
18 found guilty of capital murder?

19 JUROR MARY JONES: I'm not sure about that.

20 MR. CARTER: Not sure about that one. And if  
21 the facts warranted it -- you gotta remember. Nobody is  
22 trying to make you vote either way now. It is your  
23 decision. So if the facts warranted it, could you also  
24 give some, some thought to --

25 MR. EVANS: Your Honor, that is not the  
26 appropriate --

27 MR. CARTER: -- to the death penalty? Could  
28 you consider -- consider means thought, think about, make  
29 a decision about, whether you could vote for the death

1 penalty. Not that you have to but could you think about  
2 it and make a decision?

3 JUROR MARY JONES: Well, I can think about it  
4 but I rather not do it.

5 MR. CARTER: You wouldn't want to do it.

6 JUROR MARY JONES: Right.

7 MR. CARTER: You wouldn't want to consider it,  
8 but you could consider it.

9 JUROR MARY JONES: Yeah, I could. Um-hum.

10 MR. CARTER: Okay.

11 THE COURT: So am I clear now on you saying  
12 that you could consider the possibility of sentencing  
13 somebody to death if the facts justified it and the law  
14 allowed it?

15 JUROR MARY JONES: Well, yeah.

16 THE COURT: So you could consider that as a  
17 sentencing possibility.

18 JUROR MARY JONES: Right.

19 THE COURT: Okay.

20 MR. EVANS: Your Honor, may I ask just a few  
21 extra questions on that?

22 MR. CARTER: Your Honor, we object.

23 THE COURT: Well, the juror has, has changed  
24 from what was said previously, and I think it  
25 appropriate. Then if you want to follow-up after the  
26 State, I will allow that.

27 MR. EVANS: A few minutes ago you said that  
28 your view against the death penalty was such that you  
29 yourself could not consider it in any case.

1 JUROR MARY JONES: Well, I still say that.

2 MR. EVANS: You still say that.

3 JUROR MARY JONES: Still say that.

4 MR. EVANS: You yourself could not consider  
5 that as an appropriate penalty for any case.

6 JUROR MARY JONES: No. No.

7 MR. EVANS: Nothing further.

8 THE COURT: Well, when you hear the word  
9 consider, what, what are you thinking when the word  
10 consider the death penalty? What, what are you thinking  
11 that means?

12 JUROR MARY JONES: It means -- it doesn't mean  
13 that I have to consider them doing the death penalty.

14 THE COURT: I didn't understand that at all. I  
15 mean I didn't understand what you said.

16 JUROR MARY JONES: I, I, I mean that I really  
17 wouldn't consider them sending him for death penalty, for  
18 murder, for death penalty. I just -- I rather not set  
19 it.

20 THE COURT: It's getting --

21 JUROR MARY JONES: I --

22 THE COURT: No, I was going to say, it's  
23 getting late in the day. My hearing is not -- because my  
24 sinuses are bothering me. My ears get plugged up, and I  
25 don't always hear. You are kind of soft-spoken. So  
26 would you repeat what you just said, ma'am, because I  
27 really couldn't hear you?

28 JUROR MARY JONES: I want to say the way I said  
29 it at first that I rather not consider him for death

1 penalty. That is what I said. But I still don't say  
2 that I couldn't.

3 THE COURT: So you are saying you had rather  
4 not.

5 JUROR MARY JONES: I rather not.

6 THE COURT: But you could consider it --

7 JUROR MARY JONES: I could do it.

8 THE COURT: -- if, if the facts justified it  
9 and the law allowed it.

10 JUROR MARY JONES: Yeah, that is what I'm  
11 trying to say.

12 THE COURT: So you could consider it.

13 JUROR MARY JONES: Yeah, I could.

14 THE COURT: It would be an unpleasant task, but  
15 that is something you could think about.

16 JUROR MARY JONES: Yeah, I think about it.

17 THE COURT: Okay. Thank you.

18 You may step down. And when you go back out, don't  
19 talk about with anyone or among yourselves what, what's  
20 been asked.

21 JUROR MARY JONES: Oh, I won't.

22 THE COURT: I knew you wouldn't, but I am  
23 telling everybody that. I wasn't just singling you out.  
24 And that will be all for right now, Miss Jones.

25 JUROR MARY JONES: Thank you.

26 THE COURT: We need Miss Swindoll next.

27 (JUROR NUMBER 106, JENNIFER SWINDOLL, ENTERED THE  
28 COURTROOM.

29 Miss Swindoll, if you will, come down and have a

1 seat.

2 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

3 What we are doing at this time is just asking each  
4 juror individually a few questions that we felt was  
5 necessary to ask instead of out in front of everybody  
6 else. And I want to ask a couple of questions first,  
7 though, about, maybe, what you said yesterday. Did I  
8 write this down right? That you said you weren't sure  
9 you could just listen to the evidence and you thought it  
10 wouldn't be fair to either side for you to be a juror.

11 JUROR JENNIFER SWINDOLL: In this case in  
12 particular, with all the outside influence, the news and  
13 everything, I just don't think I could be fair and  
14 impartial.

15 THE COURT: So have you read things in the news  
16 about this case?

17 JUROR JENNIFER SWINDOLL: After the last case.

18 THE COURT: And did you listen to radio, see  
19 anything on the internet or see anything on t.v.?

20 JUROR JENNIFER SWINDOLL: It is mostly radio  
21 and newspapers online.

22 THE COURT: How about the internet?

23 JUROR JENNIFER SWINDOLL: Newspapers online.  
24 Yes, sir.

25 THE COURT: I mean other than newspapers. I'm  
26 sorry.

27 JUROR JENNIFER SWINDOLL: Oh, no, sir.

28 THE COURT: And have those things caused you to  
29 form an opinion as to the guilt or innocence of Mr.

1 Flowers?

2 JUROR JENNIFER SWINDOLL: Yes, sir.

3 THE COURT: Could you lay that opinion aside or  
4 is that such a fixed opinion that you could not lay that  
5 aside?

6 JUROR JENNIFER SWINDOLL: I just believe it is  
7 just a fixed opinion.

8 THE COURT: And it's a fixed opinion that --

9 JUROR JENNIFER SWINDOLL: Yes, sir.

10 THE COURT: -- could not be laid aside.

11 JUROR JENNIFER SWINDOLL: Yes, sir.

12 THE COURT: And if you were to actually be  
13 selected on the jury and Mr. Flowers was found guilty at  
14 the first part of the trial, the first phase, the guilt  
15 phase, then there would be a second phase. And that  
16 second phase would be for the purpose of determining what  
17 the jury thought should be the appropriate sentence.

18 The State of Mississippi is seeking the death  
19 penalty. They would be putting on aggravating factors  
20 that they believe would justify the imposition of the  
21 death penalty. The defense would put on mitigating facts  
22 which, which in the defense view would be reasons why the  
23 death penalty should not be imposed. That could be  
24 anything about his background, history, family, life, you  
25 know, anything that's happened in his life time.

26 If you were selected on the jury and it got to the  
27 second phase of the trial, if the facts justified it and  
28 the law allowed it, could you consider the imposition of  
29 the death penalty?

1 JUROR JENNIFER SWINDOLL: Yes, sir.

2 THE COURT: And also, if he did not receive the  
3 death penalty, there would be a sentence of life without  
4 parole. Could you also --

5 JUROR JENNIFER SWINDOLL: I could not.

6 THE COURT: You would not consider death --  
7 life without parole.

8 JUROR JENNIFER SWINDOLL: No, sir.

9 THE COURT: So if he were convicted, you would  
10 automatically believe the death penalty should be the  
11 sentence that was imposed.

12 JUROR JENNIFER SWINDOLL: Yes, sir.

13 THE COURT: Okay. Thank you.

14 MR. EVANS: No questions.

15 MR. CARTER: We don't have any either, Your  
16 Honor.

17 THE COURT: Okay. You may step down.

18 JUROR JENNIFER SWINDOLL: Thank you.

19 THE COURT: And when you go back out, don't  
20 discuss with your fellows jurors what's been discussed in  
21 here.

22 JUROR JENNIFER SWINDOLL: Gotcha.

23 THE COURT: Thank you, ma'am.

24 Mr. Golding next. Number 107.

25 (JUROR NUMBER 107, WILLIAM GOLDING, ENTERED THE  
26 COURTROOM.)

27 If you will come down, please, sir and have a seat.

28 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

29 What we are doing now, Mr. Golding, is we are asking

1 questions individually outside the presence of the other  
2 jurors because we just felt that was the appropriate  
3 procedure to follow.

4 And I want to ask you first about the facts of the  
5 case. Have you heard things through the years about this  
6 case or read newspaper articles or heard discussions or  
7 seen it on t.v. or radio, heard it on radio or internet  
8 or anything like that?

9 JUROR WILLIAM GOLDING: Yes. But I don't know  
10 -- I don't remember what it was. I just -- I can't  
11 really tell what it was.

12 THE COURT: But you have seen stuff --

13 JUROR WILLIAM GOLDING: Yeah. Yeah.

14 THE COURT: -- about it.

15 JUROR WILLIAM GOLDING: Yeah. Yeah.

16 THE COURT: Well, has what seen -- has what you  
17 have seen caused you to form an opinion as to the guilt  
18 or innocence of Mr. Flowers?

19 JUROR WILLIAM GOLDING: Yes, sir.

20 THE COURT: You have a fixed opinion on his  
21 guilt or innocence at this time.

22 JUROR WILLIAM GOLDING: I feel like I do.

23 THE COURT: Could you lay that opinion aside  
24 and base your decision on the evidence presented here in  
25 court, or is that a fixed opinion that could not be  
26 changed?

27 JUROR WILLIAM GOLDING: I feel like it could be  
28 changed.

29 THE COURT: It could be changed. Well, I want

1 to ask you this now. Will you lay aside anything that  
2 you might have heard or any preconceived notions that you  
3 might have about the case and base your decision only on  
4 the evidence presented here in court?

5 JUROR WILLIAM GOLDING: Yes, sir.

6 THE COURT: And if you have heard facts about  
7 the case outside the courtroom that you do not hear  
8 inside the courtroom, would things that you heard in the  
9 past influence your decision making in the case?

10 JUROR WILLIAM GOLDING: I don't think so.

11 THE COURT: Any doubt in your mind?

12 JUROR WILLIAM GOLDING: I, I just believe I  
13 could take the evidence and -- that I hear in the  
14 courtroom and make a decision.

15 THE COURT: Well, I'll ask you to kind of  
16 search your soul about this, because this is very  
17 important to Mr. Flowers. It is very important to the  
18 State of Mississippi. And I mean the prosecution when I  
19 refer to the State of Mississippi.

20 JUROR WILLIAM GOLDING: Um-hum.

21 THE COURT: Is there any doubts but what you  
22 could lay everything aside and deliberate and base your  
23 decision strictly and only on the evidence?

24 JUROR WILLIAM GOLDING: No.

25 THE COURT: No doubt in your mind that you  
26 could do that.

27 JUROR WILLIAM GOLDING: I, I believe I would  
28 have to live with myself. I believe I would have to go  
29 with the facts.

1 THE COURT: So you would listen to the facts in  
2 court --

3 JUROR WILLIAM GOLDING: Yes, sir.

4 THE COURT: -- and not be influenced by any  
5 other influences; is that correct?

6 JUROR WILLIAM GOLDING: Yes, sir.

7 THE COURT: The next question, Mr. Golding,  
8 concerns a possible sentence that might be appropriate.  
9 That would come into play only if Mr. Flowers was found  
10 guilty. If he is found not guilty, we do not get into  
11 the sentencing phase. But if he is found guilty then the  
12 jury would determine what the appropriate punishment  
13 would be.

14 The State of Mississippi would be seeking the  
15 imposition of the death penalty. They would put on  
16 aggravating factors, which would indicate in the State's  
17 mind reasons why the death penalty should be imposed.  
18 Mr. Flowers, through his attorneys, would put on proof  
19 called mitigating factors. That is reasons why the death  
20 penalty should not be imposed. That could be anything  
21 about his family background, history, his life story  
22 basically, anything they chose.

23 And if, if you were sitting as a juror in the  
24 penalty phase, if the facts justified it and the law  
25 allowed it, could you consider imposing the death  
26 penalty?

27 JUROR WILLIAM GOLDING: Could you --

28 THE COURT: Did I --

29 JUROR WILLIAM GOLDING: Could you explain that

1 one more time? Would I? The way I always understood it  
2 is I would be making a decision based on what?

3 THE COURT: Right. First, first, the jury  
4 would decide guilt or innocence.

5 JUROR WILLIAM GOLDING: Okay.

6 THE COURT: That would be the first step. Are  
7 you with me so far?

8 JUROR WILLIAM GOLDING: Okay.

9 THE COURT: If the jury found him guilty, you  
10 would go to the sentencing phase. Do you understand  
11 that?

12 JUROR WILLIAM GOLDING: Yes, sir.

13 THE COURT: If the jury found him not guilty,  
14 there would not even be a second phase.

15 JUROR WILLIAM GOLDING: (Nodded.)

16 THE COURT: But if the jury were to find him  
17 guilty, then we would go to that sentencing phase. At  
18 the sentencing phase, could you consider the death  
19 penalty as a possible sentence?

20 JUROR WILLIAM GOLDING: I believe I could.

21 THE COURT: And could -- and if he was not  
22 sentenced to death, he would be sentenced to life without  
23 parole. Could you also consider life without parole as a  
24 sentence?

25 JUROR WILLIAM GOLDING: Yes, sir.

26 THE COURT: So as you sit here today, do you  
27 have any fixed notion that one sentence over the other  
28 would be the appropriate one?

29 JUROR WILLIAM GOLDING: No.

1 THE COURT: So will you listen to both of them  
2 and then make your decision?

3 JUROR WILLIAM GOLDING: Yes, sir.

4 THE COURT: Okay. Mr. Evans.

5 MR. EVANS: Thank you, Your Honor.

6 Good evening, Mr. Golding.

7 JUROR WILLIAM GOLDING: Good evening.

8 MR. EVANS: What we are trying to determine is  
9 if the jurors here, and you particularly in this case,  
10 could disregard anything that you may have heard or any  
11 friendships that you may have and just come into the  
12 courtroom with a complete open mind, walk through this  
13 door with the idea that you are going to set aside  
14 anything that you know about the case, have heard or  
15 anybody you know, not let any outside influence lean you  
16 one way or another and listen strictly to the evidence  
17 and the law that the judge gives you and base a decision  
18 in the first phase of whether this defendant is guilty or  
19 innocent only on that. Can you do that?

20 JUROR WILLIAM GOLDING: Yeah.

21 MR. EVANS: All right. And once we get through  
22 that phase, if he is convicted, we will go into a second  
23 phase. The judge in that phase will instruct you on what  
24 the law is.

25 We will be arguing what is called aggravating  
26 factors. That is why we will say that we think the  
27 penalty should be death. The defense will be arguing  
28 what is called mitigating factors. That can be almost  
29 anything. It can be his life history, his childhood,

1           what he has done since the crime, things like that.

2           The Court will instruct you that you should consider  
3           everything. You should consider what we say. You should  
4           consider what the defense attorneys say.

5           And what I'm asking you is in that phase, would you  
6           do that. Would you follow the Court's instruction,  
7           consider everything that both sides puts on before you  
8           even make any attempt to determine which penalty would be  
9           appropriate?

10           JUROR WILLIAM GOLDING: Yes, sir.

11           MR. EVANS: That is all, Your Honor.

12           MRS. STEINER: Is any of the basis for your  
13           opinion based on knowing Mr. Bennie Rigby, from going to  
14           church with him?

15           JUROR WILLIAM GOLDING: No, I don't think so.

16           MRS. STEINER: It's from what you heard. Have  
17           you had any discussions with Mr. Rigby about his wife's,  
18           Carmen's, death.

19           JUROR WILLIAM GOLDING: If I have, I don't  
20           recall. It was -- it was nothing that I really can base  
21           it on anyway.

22           MRS. STEINER: Were you in that church with  
23           Carmen and Bennie Rigby?

24           JUROR WILLIAM GOLDING: Huh-huh. Never knew  
25           Carmen.

26           MRS. STEINER: But he and his boys are at  
27           church with you?

28           JUROR WILLIAM GOLDING: I never knew his boys.  
29           Just mainly Bennie.

1 MRS. STEINER: All right. Did you ever  
2 participate in, either as an audience member,  
3 participant, in any of his singing activities?

4 JUROR WILLIAM GOLDING: Yes.

5 MRS. STEINER: Did you sing?

6 JUROR WILLIAM GOLDING: Yeah, I did. Didn't --  
7 no. I didn't sing. I just in the -- in the audience.

8 MRS. STEINER: You went to hear him perform.

9 JUROR WILLIAM GOLDING: -- in the audience.  
10 Yes.

11 MRS. STEINER: Did you participate -- did you  
12 hear him perform a couple of months after the event in  
13 which his wife had died at a fundraiser in Kosciusko  
14 where they were raising money?

15 JUROR WILLIAM GOLDING: No. No.

16 MRS. STEINER: Were you aware that that was  
17 taking place?

18 JUROR WILLIAM GOLDING: I don't remember it.

19 MRS. STEINER: Have you attended any of the  
20 other trials that have been held in this matter?

21 JUROR WILLIAM GOLDING: No.

22 MRS. STEINER: Did you read the newspaper  
23 coverage on them?

24 JUROR WILLIAM GOLDING: Probably read some.

25 MRS. STEINER: Are you -- you are aware of the  
26 verdicts that were entered.

27 JUROR WILLIAM GOLDING: Not for sure. I just  
28 know that it was a hung jury one time.

29 MRS. STEINER: All right.

1 JUROR WILLIAM GOLDING: I really don't know.

2 MRS. STEINER: All right. Now, you've talked  
3 with His Honor and Doug about considering mitigation that  
4 might support a sentence less than death, of life without  
5 parole. You understand that you wouldn't even be getting  
6 to that point unless you, yourself, had been convinced  
7 beyond a reasonable doubt that Mr. Flowers was guilty of  
8 at least one, possibly up to four, separate capital  
9 murders, including the wife of a man you went to church  
10 with. You understand that.

11 JUROR WILLIAM GOLDING: Yes.

12 MRS. STEINER: At that point, the State would  
13 have to put on evidence of aggravation. And in addition  
14 to aggravation from the State, the State may put on  
15 testimony from your church friend, Mr. Rigby, about his,  
16 his feelings about the loss of his wife, Carmen.

17 JUROR WILLIAM GOLDING: Um-hum.

18 MRS. STEINER: You understand that is not  
19 aggravation.

20 JUROR WILLIAM GOLDING: Yes.

21 MRS. STEINER: Could you hear that without  
22 reliving your sympathy for him as having lost his wife?

23 JUROR WILLIAM GOLDING: I think so.

24 MRS. STEINER: All right. And then mitigation  
25 is anything to do with Mr. Flowers' life. It may not --  
26 there may be no evidence about the crime itself in the  
27 mitigation. Do, do you need to hear -- one of the things  
28 you said, that your opinion could be changed. Would you  
29 need to hear evidence from Mr. Flowers about --

1 MR. EVANS: Your Honor, I object that is not  
2 what he said. It is improper.

3 MRS. STEINER: -- about the crime?

4 THE COURT: I'll sustain the objection. You  
5 can rephrase it if you want. You're getting close to  
6 being out of time.

7 MRS. STEINER: You had indicated that your  
8 opinion could be changed. Would you need to hear  
9 anything from Mr. Flowers --

10 JUROR WILLIAM GOLDING: No.

11 MRS. STEINER: -- about the crime to change  
12 your opinion?

13 JUROR WILLIAM GOLDING: No.

14 MRS. STEINER: Would you need to hear anything  
15 from Mr. Flowers about the crime to consider the sentence  
16 of life in prison without the possibility of parole?

17 JUROR WILLIAM GOLDING: No.

18 MRS. STEINER: Now, you understand that the  
19 decision of how to vote with respect to whether something  
20 mitigates the crime or whether life in prison or the  
21 death penalty should be imposed, that is each juror for  
22 his or herself. You don't have to agree with all the  
23 other jurors on your position.

24 JUROR WILLIAM GOLDING: Um-hum.

25 MRS. STEINER: You understand that?

26 JUROR WILLIAM GOLDING: Yes.

27 MRS. STEINER: And they don't have to agree  
28 with you.

29 JUROR WILLIAM GOLDING: Yes.

1 MRS. STEINER: That everything ends whether or  
2 not you all agree. It's your personal conscience.

3 JUROR WILLIAM GOLDING: Um-hum.

4 MRS. STEINER: And can you respect the right of  
5 a juror who disagrees with you in his or her conscience  
6 on something being mitigating or on the life sentence?

7 JUROR WILLIAM GOLDING: Yes, ma'am.

8 MRS. STEINER: And you would expect them to be  
9 able to agree to disagree with you; is that correct?

10 JUROR WILLIAM GOLDING: That's correct.

11 MRS. STEINER: I have nothing further.

12 THE COURT: You may step down. And when you go  
13 out, if you would, don't talk with anybody about what we  
14 talked about.

15 JUROR WILLIAM GOLDING: Can I say one more  
16 thing?

17 THE COURT: Yes, sir, you may.

18 JUROR WILLIAM GOLDING: I have been -- my  
19 memory has been jogged since some of the questioning.

20 THE COURT: Right.

21 JUROR WILLIAM GOLDING: And I just want to make  
22 sure that I'm not leaving out anything.

23 THE COURT: Okay. What --

24 JUROR WILLIAM GOLDING: I had a cousin that  
25 was -- served some prison time in Louisiana. His mother  
26 and daddy's name was Alice and Jimmy King, but I cannot  
27 remember his name. I hadn't heard him or seen him in 35  
28 years probably.

29 THE COURT: And is there anything about that

1 situation that would influence you or affect you in being  
2 a fair and impartial juror?

3 JUROR WILLIAM GOLDING: No.

4 THE COURT: Okay. Thank you. That's all.

5 Mr. Surrell next.

6 (JUROR NUMBER 108, MATTHEW SURRELL, ENTERED THE  
7 COURTROOM.)

8 THE COURT: Have a seat, Mr. Surrell.

9 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

10 THE COURT: What we are doing, Mr. Surrell, is  
11 we are asking questions individually of the jurors now  
12 because there are some things we felt like it was best  
13 just to ask outside the presence of the others. And I  
14 want to ask a couple of things.

15 I believe you indicated that you were a real close  
16 friend of Mr. Stewart, one of the victims in this case.

17 JUROR MATTHEW SURRELL: That's correct.

18 THE COURT: And on your questionnaire I believe  
19 you even listed a close friend that was murdered and that  
20 -- and you were referring to him --

21 JUROR MATTHEW SURRELL: That's correct.

22 THE COURT: -- on that questionnaire. I assume  
23 you attended his funeral.

24 JUROR MATTHEW SURRELL: I did.

25 THE COURT: Were you a pall bearer or just  
26 attended.

27 JUROR MATTHEW SURRELL: Honorary.

28 THE COURT: Honorary pall bearer at his  
29 funeral. I want you to search your soul and your

1 conscience. And can you tell this Court that those  
2 factors will not come into play if you are sitting as a  
3 juror in this case?

4 JUROR MATTHEW SURRELL: Yes, sir.

5 THE COURT: And you would not be influenced at  
6 all by your friendship that you had with him.

7 JUROR MATTHEW SURRELL: No, sir.

8 THE COURT: And I can tell you from past  
9 experiences at different trials, there will be certain  
10 photographs probably that will be introduced that are not  
11 pleasing to look at. There may be crime scene photos  
12 where you see pictures of your deceased friend that, that  
13 might cause you some difficulty. And are you saying that  
14 those would not inflame you and cause you to --

15 MR. EVANS: Your Honor, there are no pictures.

16 THE COURT: I'm sorry. There are not any  
17 pictures then. Okay. I could not remember. I've seen  
18 --

19 MRS. STEINER: Autopsy.

20 THE COURT: So if you saw photographs of Mr.  
21 Stewart, you know, in his status after he was shot or  
22 deceased, are you saying that would not influence you or  
23 your friendship with him would not come into play?

24 JUROR MATTHEW SURRELL: That's correct. I'm  
25 not saying that the photos wouldn't upset me, but it is  
26 not going to hinder my opinion based on facts.

27 THE COURT: And I am -- of course, being a  
28 friend of his and knowing about the situation, you have  
29 heard things, I am sure, about the case through the

1 years.

2 JUROR MATTHEW SURRELL: Honestly, just what has  
3 been in the press. I have not read any testimony or  
4 anything such as that.

5 THE COURT: And have those things caused you to  
6 form an opinion as to the guilt or innocence of Mr.  
7 Flowers?

8 JUROR MATTHEW SURRELL: Yes, sir. I have  
9 formed an opinion.

10 THE COURT: Can you lay that opinion aside and  
11 base your decision only on the evidence presented?

12 JUROR MATTHEW SURRELL: Yes, sir, I can.

13 THE COURT: Will you lay that opinion aside and  
14 base your decision only on the evidence presented?

15 JUROR MATTHEW SURRELL: Yes, sir, I will.

16 THE COURT: If you sit as a juror in this case  
17 and you hear testimony from the witness stand, but you  
18 have read something else in the newspaper in the past,  
19 would you when you were deliberating think about these  
20 past things that you read and have that come into play?  
21 Or will you base it strictly on what has been said in the  
22 courtroom?

23 JUROR MATTHEW SURRELL: I will base it strictly  
24 on what has been said in the courtroom.

25 THE COURT: So no outside influences --

26 JUROR MATTHEW SURRELL: No.

27 THE COURT: -- would come into play?

28 JUROR MATTHEW SURRELL: No, sir.

29 THE COURT: Now, the next situation or

1 questioning concerns the possible sentence that might be  
2 imposed if there was a conviction. First, the jury  
3 decides the guilt or innocence of Mr. Flowers. If Mr.  
4 Flowers was found not guilty, that is it. The  
5 proceedings are over. If he were to be found guilty of  
6 the crime, then we would have a sentencing phase at that  
7 time. And at that time the Court would allow the State  
8 to put on aggravating facts. That would be reasons why  
9 the State believes the death penalty would be  
10 appropriate. The Court would then allow the defense to  
11 put on mitigating factors. This would be reasons why the  
12 death penalty in their view would not be appropriate.  
13 And then the jury after being instructed will decide the  
14 appropriate sentence. Could you consider both life  
15 without parole and the death penalty as sentencing  
16 options if you sat as a juror in this case?

17 JUROR MATTHEW SURRELL: Yes, sir.

18 THE COURT: And as you sit here today, without  
19 having heard any facts of the case, could you consider  
20 both of those equally right now without having heard  
21 anything?

22 JUROR MATTHEW SURRELL: Yes, sir.

23 THE COURT: And are you leaning one way or  
24 another towards sentence having not heard anything?

25 JUROR MATTHEW SURRELL: Not at this time.

26 THE COURT: Okay. Mr. Evans.

27 MR. EVANS: Thank you, Your Honor.

28 You understand what, what we are trying to get to is  
29 a juror that will disregard anything else, come in here,

1 listen to strictly the evidence and nothing else and base  
2 their decision only on what they hear in court and you  
3 can do that.

4 JUROR MATTHEW SURRELL: Yes, sir.

5 MR. EVANS: All right. And as far as the  
6 penalty, the only time -- the judge will instruct you  
7 that the only time that the jury is to even think about  
8 what penalty is appropriate is after we have gone through  
9 the first phase, he has been convicted.

10 And then we go into the second phase. And I put  
11 on -- or my side, the State, puts on our evidence of  
12 aggravation, why we think he should get the death  
13 penalty. The defendant will be able to put on evidence.  
14 His attorney will put on evidence about what mitigators  
15 are there. The Court can allow anything. Anything can  
16 be a mitigator - his past, how he grew up, where he  
17 lives, his life in general. And the Court will tell you  
18 that jurors should consider all of that, should honestly  
19 sit there and think about what both sides put on,  
20 consider every bit of it before they even think about  
21 what sentence should be appropriate.

22 Can you tell us you can do that?

23 JUROR MATTHEW SURRELL: Yes, sir.

24 MR. EVANS: Then based on whatever you decided  
25 at that point, based on all of the evidence, you could  
26 make a decision of whatever sentence was appropriate.

27 JUROR MATTHEW SURRELL: Yes, sir.

28 MR. EVANS: Nothing further, Your Honor.

29 MRS. STEINER: You were 16 when your best

1 friend, BoBo Stewart, died; is that right?

2 JUROR MATTHEW SURRELL: Yes.

3 MRS. STEINER: That's why you were honorary,  
4 not actual pall bearer, you were really too young to have  
5 to put up with actually carrying the man's coffin.

6 JUROR MATTHEW SURRELL: I don't -- I don't know  
7 if that's the case or not. The entire baseball team was  
8 honorary pall bearers.

9 MRS. STEINER: You were honorary pall bearers.  
10 And y'all were, I'm sure, very grieved in your heart for  
11 having lost your teammate.

12 JUROR MATTHEW SURRELL: Sure.

13 MRS. STEINER: And that grief is still in your  
14 heart; is that right?

15 JUROR MATTHEW SURRELL: Sure.

16 MRS. STEINER: And that grief, you can't check  
17 that grief at the door, even however objective you want  
18 to be.

19 JUROR MATTHEW SURRELL: Ma'am.

20 MRS. STEINER: You can't check the grief in  
21 your heart at the door no matter how fair you want to be  
22 to everybody.

23 JUROR MATTHEW SURRELL: I can check grief at  
24 the door about this. Yes, ma'am.

25 MRS. STEINER: Now, it is very commendable to  
26 want to be fair even when you're being asked to sit in  
27 judgment on someone -- did you tell His Honor you had  
28 formed an opinion?

29 JUROR MATTHEW SURRELL: I have. Yes.

1                   MRS. STEINER: And it's commendable to want to  
2 be fair. But searching your heart as His Honor asked you  
3 to do, do you feel that this is the case in which your  
4 instincts to be fair, leave all your personal feelings at  
5 the gate, this is the case in which you should sit?

6                   JUROR MATTHEW SURRELL: I can leave everything  
7 at the door and listen to the facts of this case.

8                   MRS. STEINER: Now, as His Honor has said, one  
9 of the things, in the event he's found guilty, you will  
10 have not only to set aside everything you heard outside  
11 and come in, in this courtroom. But you have now -- you  
12 will have found him guilty beyond a reasonable doubt of  
13 having killed your best friend, Bobo Stewart. And you  
14 will then have to come in and sit in judgment on him.  
15 And at that judgment the law requires that you look at  
16 the sentences of life in prison without parole and the  
17 death penalty. And in making those considerations, one  
18 piece of evidence that may come before you will be  
19 testimony from Mr. Randy Stewart.

20                  JUROR MATTHEW SURRELL: Um-hum.

21                  MRS. STEINER: Your best friend, BoBo's,  
22 father. I assume he said some words at the funeral or  
23 the team offered personal condolences to him for his  
24 loss; is that correct?

25                  JUROR MATTHEW SURRELL: I'm sure we did. Yes.

26                  MRS. STEINER: And he, he may be talking about  
27 the feelings he had then. The feelings you were offering  
28 condolences to him after, and that will be part of the  
29 evidence in the sentencing phase. And that will bring

1 back your grief, will it not?

2 JUROR MATTHEW SURRELL: Not when I check the  
3 feelings at the door. No, ma'am, it won't.

4 MRS. STEINER: And you'll -- you really  
5 couldn't -- if you are convinced that this is the right  
6 man who killed your best friend, Bobo Stewart, you would  
7 want him to pay with his life for that death; is that  
8 correct?

9 JUROR MATTHEW SURRELL: I would listen to the  
10 evidence that both sides present, and I would make my  
11 decision based on the evidence.

12 MRS. STEINER: And you would want Mr. Flowers  
13 to talk about why -- you would want to hear something  
14 about the crime itself and how this person --

15 MR. EVANS: Your Honor, I object. That is not  
16 a proper question.

17 MRS. STEINER: -- was found guilty of the  
18 crime. Would you want to hear such evidence?

19 THE COURT: Well, I've got -- I want you to  
20 rephrase or something. I don't -- I really wasn't quite  
21 understanding you.

22 MRS. STEINER: Okay. As His Honor explained,  
23 evidence of mitigation in support of a life sentence  
24 without parole can include things that have nothing to do  
25 with the actual killing of your best friend, Bobo  
26 Stewart. Do you understand that?

27 JUROR MATTHEW SURRELL: (Nodded.)

28 MRS. STEINER: You could go -- you could hear  
29 nothing about anything to do with the crime. You might

1 hear about Mr. Flowers' life before the crime, his  
2 activities in the community. You might hear about the  
3 life he has lived since his arrest. But you might hear  
4 nothing about the death of your best friend, Bobo  
5 Stewart, other than out of the mouth of his father, Mr.  
6 Bennie. Do you understand that?

7 MR. EVANS: Your Honor, what he might hear is  
8 not appropriate. She is trying to tell him what he will  
9 hear, and that is not the issue.

10 THE COURT: I sustain the objection at this  
11 point.

12 MRS. STEINER: Under those circumstances, can  
13 you -- you could not -- can you --

14 MR. EVANS: Your Honor, under those  
15 circumstances is what I'm objecting to.

16 THE COURT: I, I sustain the objection. I'm  
17 not sure --

18 MRS. STEINER: Thank you.

19 THE COURT: I, I guess I understand the  
20 question, but I don't -- you know, it's not appropriate  
21 how you are asking it.

22 MRS. STEINER: You have an opinion with respect  
23 to guilt or innocence. Do you have an opinion with  
24 respect to the proper sentence for whoever is guilty of  
25 killing your best friend --

26 JUROR MATTHEW SURRELL: No, ma'am. Not at this  
27 time.

28 MRS. STEINER: -- Bobo Stewart. Okay. Thank  
29 you.

1 THE COURT: Mr. Surrell, you can step down. Of  
2 course, when you go back out, don't talk with anybody  
3 about what we have gone over with you in here.

4 JUROR MATTHEW SURRELL: Okay.

5 THE COURT: We need Miss Robinson next, Number  
6 110.

7 (JUROR NUMBER 110, MAMIE ROBINSON, ENTERED THE  
8 COURTROOM.)

9 THE COURT: Miss Robinson, if you will, come  
10 down and have a seat, please.

11 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

12 What we are doing, Miss Robinson, is we are asking  
13 jurors individual questions that we felt was appropriate  
14 to ask without being outside and in the presence of the  
15 rest of the them.

16 And first I want to know if you have heard facts  
17 about this case.

18 JUROR MAMIE ROBINSON: No.

19 THE COURT: And how long have you lived in this  
20 county?

21 JUROR MAMIE ROBINSON: All my life. But I  
22 don't -- I have a 100-year-old grandfather.

23 THE COURT: One hundred. Do you -- have you  
24 been taking care of your elderly grandfather?

25 JUROR MAMIE ROBINSON: Yes. But he still gets  
26 around and does for himself.

27 THE COURT: Well, did you ever even come -- did  
28 there ever come to be an occasion where you even heard  
29 about the Tardy Furniture store murders?

1 JUROR MAMIE ROBINSON: Just maybe when it first  
2 happened, but I didn't know any details. Nothing like  
3 that.

4 THE COURT: And have you through the years read  
5 anything in the paper or heard radio or watched t.v.  
6 about it?

7 JUROR MAMIE ROBINSON: I don't have time.

8 THE COURT: Ma'am.

9 JUROR MAMIE ROBINSON: I don't have time. No.

10 THE COURT: I understand that you don't have  
11 time.

12 JUROR MAMIE ROBINSON: Believe me, I don't.

13 THE COURT: And could you lay aside anything  
14 you might have heard in the past and base your decision  
15 strictly on the evidence here --

16 JUROR MAMIE ROBINSON: Yes.

17 THE COURT: -- in court? And will you set that  
18 aside and base your decision only on the evidence?

19 JUROR MAMIE ROBINSON: Yes, sir.

20 THE COURT: And Miss Robinson, the next  
21 question involves the possibility of the sentence that  
22 might be available.

23 What happens is the jury decides the guilt or  
24 innocence of Mr. Flowers. If they find him not guilty,  
25 it is over. And the proceedings come to an end. If the  
26 jury finds Mr. Flowers guilty, then at that time the jury  
27 is called upon to decide what the appropriate sentence  
28 would be.

29 The State of Mississippi is seeking the death

1 penalty in this case. The State would put on aggravating  
2 factors, which in the State's view would be reasons why  
3 the death penalty should be imposed.

4 Are you with me so far?

5 JUROR MAMIE ROBINSON: Yes.

6 THE COURT: Because I don't want to talk too  
7 long.

8 JUROR MAMIE ROBINSON: No.

9 THE COURT: Then Mr. Flowers, through his  
10 attorneys, would put on proof that would be mitigating  
11 factors. That's reasons why they believe the death  
12 penalty would not be an appropriate sentence. That could  
13 be things like anything from his childhood on to  
14 adulthood. Are you with me so far?

15 JUROR MAMIE ROBINSON: Yes.

16 THE COURT: If you were sitting as a juror on  
17 the second phase of the trial, could you consider the  
18 imposition of the death penalty if you felt the facts  
19 justified it and the law allowed it?

20 JUROR MAMIE ROBINSON: Yes.

21 THE COURT: Also, if the death penalty was not  
22 imposed, then life without parole would be the sentence.  
23 Could you also consider that as a sentencing possibility?

24 JUROR MAMIE ROBINSON: Yes, sir.

25 THE COURT: And so as you sit here today, are  
26 you leaning one way or another toward what you think the  
27 appropriate sentence would be?

28 JUROR MAMIE ROBINSON: No, sir.

29 THE COURT: And will you wait until you hear

1 all the evidence, if it comes to that second phase,  
2 before you make that determination?

3 JUROR MAMIE ROBINSON: Yes, sir.

4 THE COURT: Okay. Thank you.

5 MR. EVANS: Good evening.

6 JUROR MAMIE ROBINSON: Good evening.

7 MR. EVANS: As -- what we are trying to do is  
8 get a, a jury with the members of the jury that will come  
9 in here with no preconceived notions about the case or no  
10 outside influence. And you're telling us basically that  
11 you don't know much about this case any way; is that  
12 right?

13 JUROR MAMIE ROBINSON: No, sir, I don't know.

14 MR. EVANS: And you don't know anybody that  
15 would influence your decision either way in this case; is  
16 that right?

17 JUROR MAMIE ROBINSON: No, sir. I don't  
18 have --

19 MR. EVANS: So you can be a fair juror, listen  
20 to the evidence and base your decision strictly on the  
21 evidence you hear in court.

22 JUROR MAMIE ROBINSON: Yes, sir, I can.

23 MR. EVANS: All right. For the second phase,  
24 once the jury hears the evidence, if the jury convicts  
25 this defendant of the murders, we go into a second phase.  
26 In that phase the State will be asking for the death  
27 penalty. And, of course, the defense will be asking for  
28 a life sentence. In that phase the judge will instruct  
29 the jury on what the law is.

1           Now, we will offer aggravating circumstances and the  
2 Court will tell you what aggravating circumstances you  
3 can consider. The defense will offer mitigating  
4 circumstances or reasons that they think that a life  
5 sentence is appropriate. Now, those mitigators can be  
6 anything. It can be his childhood. It can be how he was  
7 raised. It can be what he has done since the crime  
8 occurred. It can be anything. And the Court will  
9 instruct you that you should listen to both sides.

10           And are you telling us that you would fairly listen  
11 to the aggravators that we put on and the mitigators that  
12 the defense puts on?

13           JUROR MAMIE ROBINSON: Yes.

14           MR. EVANS: Consider both of them and only make  
15 a decision of which sentence is appropriate after you  
16 heard all of that?

17           JUROR MAMIE ROBINSON: Yes, sir.

18           MR. EVANS: And based upon what your findings  
19 were, you could either give the death penalty or a life  
20 sentence.

21           JUROR MAMIE ROBINSON: Yes, sir.

22           MR. EVANS: Nothing further, Your Honor.

23           MRS. STEINER: Good afternoon.

24           JUROR MAMIE ROBINSON: Good afternoon.

25           MRS. STEINER: The Court will instruct you when  
26 you are trying to make this decision -- you understand  
27 you will have found Curtis Flowers guilty beyond a  
28 reasonable doubt of at least one of four capital murders,  
29 possibly all four, when you make your sentencing

1 decision. You understand that?

2 JUROR MAMIE ROBINSON: Yes.

3 MRS. STEINER: And you can -- and the evidence  
4 of mitigation, unlike being guilty and unlike aggravation  
5 or the death penalty, the evidence of mitigation is for  
6 each individual juror in his or her conscience. You  
7 don't have to agree with your colleagues. Do you  
8 understand that?

9 JUROR MAMIE ROBINSON: Yes, I understand.

10 MRS. STEINER: Can you respect if you form one  
11 opinion and you have a colleague who formed another  
12 opinion about whether the mitigation justified the life  
13 sentence or a death sentence? If your opinion is  
14 different, can you respect your colleague's views on, on  
15 that and agree to disagree?

16 JUROR MAMIE ROBINSON: Yes, ma'am.

17 MRS. STEINER: And similarly, if -- do you  
18 expect to be respected with respect to being -- do you  
19 expect to have your views understood and respected by  
20 your colleagues?

21 JUROR MAMIE ROBINSON: Yes, ma'am.

22 MRS. STEINER: And you will be able in a  
23 deliberation to agree to disagree without --

24 MR. EVANS: Your Honor, I am going to have to  
25 object. I have tried not to all day. But the Court's  
26 going to instruct these jurors that they should attempt  
27 to reach a verdict by compromising with each other and  
28 discussing the case. And this attempt to try to tell the  
29 jury that they are supposed to agree to disagree is

1 completely against what the Court is going to instruct  
2 the jury to do.

3 MRS. STEINER: If the Court please, I think  
4 your instructions to the jury with respect to sentencing  
5 have been unanimity with respect only to a death sentence  
6 and with respect to the existence of aggravating factors.  
7 I've been asking these questions on the basis of those  
8 instructions, and we have not been furnished any  
9 alternatives by either the Court or the State that that  
10 will not also be included.

11 THE COURT: On the sentencing phase, the jury  
12 does not have to -- they are not going to be told that  
13 they have to reach -- I mean they are going to be told to  
14 work together.

15 MR. EVANS: But they are not going to be told  
16 to agree to disagree.

17 THE COURT: Well, I agree. I mean that is not  
18 how --

19 MRS. STEINER: You are not going to instruct  
20 them to --

21 THE COURT: Right. I --

22 MRS. STEINER: I'm asking -- I'm sorry, Your  
23 Honor. I was simply asking if that -- if she -- if she  
24 could do that because the instructions will be that they  
25 do not have to do so.

26 THE COURT: Well, try to rephrase the question  
27 maybe. I mean just...

28 MRS. STEINER: Your Honor, I think she has  
29 answered the question as I asked it.

1 THE COURT: Okay. Are you through with, Miss  
2 Robinson?

3 MRS. STEINER: I am.

4 THE COURT: Miss Robinson, you may step down.  
5 And please, don't go out and talk about what we've asked  
6 you in here. I have asked each juror not to do that. So  
7 if you will, please, step down for now.

8 I need Mr. Jones next.

9 (JUROR NUMBER 111, S. BROOKS JONES, ENTERED COURTROOM.)

10 THE COURT: Mr. Jones, if you will come down,  
11 please, sir, and have a seat there.

12 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

13 THE COURT: What we are doing Mr. Jones is  
14 asking questions outside the presence of other jurors to  
15 make sure that nothing was said that might be a factor or  
16 influence some other juror.

17 And first of all, are you related to Margie Scruggs  
18 who works for the D.A?

19 JUROR S. BROOKS JONES: I am. She is my  
20 sister-in-law.

21 THE COURT: She is your sister-in-law. Are you  
22 married to her sister?

23 JUROR S. BROOKS JONES: Correct.

24 THE COURT: Has your wife sat as a prior juror  
25 in this case?

26 JUROR S. BROOKS JONES: No, sir.

27 THE COURT: Okay. Is there anything about  
28 Margie being your sister-in-law and working for the  
29 D.A.'s office that would influence you or affect you in

1 any way in being a fair and impartial juror in this case?

2 JUROR S. BROOKS JONES: No, sir.

3 THE COURT: So you wouldn't feel like her job  
4 depended on how you ruled or anything like that.

5 JUROR S. BROOKS JONES: No, sir.

6 THE COURT: How long have you --

7 MRS. STEINER: Your Honor, I am going to object  
8 to the form of that question on leading.

9 THE COURT: Would you -- would her employment  
10 with the district attorney's office have any influence in  
11 your -- at all in your verdict?

12 JUROR S. BROOKS JONES: No, sir.

13 THE COURT: Mr. Jones, have you heard anything  
14 about the case, any knowledge about the case?

15 JUROR S. BROOKS JONES: Not really.

16 THE COURT: Have you read anything through the  
17 years or seen anything on t.v. or heard on the radio?

18 JUROR S. BROOKS JONES: I'm sure I heard  
19 something about the previous trials, but, you know, I  
20 don't know any facts about it.

21 THE COURT: And have you attended any of the  
22 prior court proceedings on this?

23 JUROR S. BROOKS JONES: No, sir.

24 THE COURT: And have you had any situation  
25 where you formed an opinion as to the guilt or innocence  
26 of Mr. Flowers?

27 JUROR S. BROOKS JONES: No, sir.

28 THE COURT: And can you lay aside anything that  
29 you might have heard, read or seen outside the courtroom

1 and base your decision only on the evidence that's  
2 presented here in court?

3 JUROR S. BROOKS JONES: I can.

4 THE COURT: And Mr. Jones, the next questions  
5 concern the possibility of the sentencing phase. What  
6 happens is there is a possibility of a two-phase trial.  
7 The jury would first decide guilt or innocence of Mr.  
8 Flowers. If the jury found Mr. Flowers guilty, then they  
9 would decide what the appropriate sentence should be. If  
10 he was found not guilty, we would not get to the second  
11 part of the trial, because it would be concluded after an  
12 acquittal.

13 But if we got to the sentencing phase, the State  
14 would be seeking the imposition of the death penalty.  
15 And the State would put on aggravating facts, that would  
16 be facts why in the State's belief the death penalty  
17 should be appropriate and would be appropriate. Mr.  
18 Flowers, through his attorneys, would put on mitigating  
19 facts. That would be reasons why Mr. Flowers, through  
20 his attorneys, felt the death penalty should not be  
21 imposed. That could be anything that's happened in his  
22 life, you know, childhood on up until now. If the death  
23 penalty was not imposed, life in prison without parole  
24 would be the sentence by law.

25 If the facts justified it and the law allowed it,  
26 could you consider the death penalty as a sentencing  
27 option?

28 JUROR S. BROOKS JONES: I could.

29 THE COURT: Could you also consider life

1 without parole as a sentencing option?

2 JUROR S. BROOKS JONES: I could.

3 THE COURT: And as you sit here today do you  
4 have any -- are you leaning one way or another toward  
5 how -- what would be the appropriate sentence?

6 JUROR S. BROOKS JONES: No, sir.

7 THE COURT: And will you wait until hearing all  
8 the proof to make that determination?

9 JUROR S. BROOKS JONES: Yes, sir.

10 THE COURT: Mr. Evans, you may proceed.

11 MR. EVANS: Thank you, Your Honor.

12 How are you doing today, Mr. Jones?

13 JUROR S. BROOKS JONES: Good.

14 MR. EVANS: As the judge has told you, what we  
15 are trying to do is get a jury that can come in,  
16 completely disregard any outside source, anything they  
17 may have heard and base their decision on only what they  
18 hear in the courtroom and the testimony. And you are  
19 telling us that you can do that.

20 JUROR S. BROOKS JONES: I can.

21 MR. EVANS: And you would not be leaning one  
22 way or another. You would just listen to what's in  
23 court.

24 JUROR S. BROOKS JONES: Right.

25 MR. EVANS: As far as the sentencing phase,  
26 when we get into that, if the defendant is convicted, we  
27 go into the sentencing phase. The judge will allow the  
28 State to put on certain aggravators. That is the things  
29 that we think would justify the death penalty. The Court

1 will allow the defense to put on certain mitigators, and  
2 it can be almost unlimited what those mitigators are. It  
3 can be anything about his life, his childhood, the time  
4 since the crime was committed, almost anything.

5 And the Court will instruct the jury that they  
6 should seriously consider everything that both sides puts  
7 on before they even start thinking about what a  
8 appropriate penalty should be. Are you telling us that  
9 you can do that?

10 JUROR S. BROOKS JONES: Yes, sir.

11 MR. EVANS: Just because the jury has already  
12 convicted him shouldn't make any difference as to what  
13 the penalty should be. You shouldn't even consider the  
14 penalty until both sides have put on all of these factors  
15 and you have considered both sides.

16 JUROR S. BROOKS JONES: Yes, sir.

17 MR. EVANS: You are telling us that you could  
18 do that.

19 JUROR S. BROOKS JONES: I can.

20 MR. EVANS: Nothing further, Your Honor.

21 THE COURT: You may.

22 MRS. STEINER: How long have you and your wife  
23 been married?

24 JUROR S. BROOKS JONES: Be 25 years in  
25 September.

26 MRS. STEINER: And Miss Margie of the D.A.'s  
27 office has therefore been your sister-in-law for 25  
28 years.

29 JUROR S. BROOKS JONES: Yes, ma'am, she has.

1 MRS. STEINER: And you go to family reunions  
2 together.

3 JUROR S. BROOKS JONES: We occasionally eat  
4 together.

5 MRS. STEINER: All right. And you are  
6 acquainted with -- and you are also a wildlife officer.  
7 And you are acquainted with other law enforcement.

8 JUROR S. BROOKS JONES: Yes, ma'am.

9 MRS. STEINER: And are you one of the gentlemen  
10 who was chatting with a friend in law enforcement out by  
11 the checkpoint when I drove through in my beat up gray --

12 JUROR S. BROOKS JONES: I, I speak to them when  
13 I get here. I mean I don't know if I --

14 MRS. STEINER: All right. You could have been.

15 JUROR S. BROOKS JONES: I, I could have.

16 MRS. STEINER: There was nothing about how I --

17 MR. EVANS: Your Honor, I object again. We, we  
18 have gone through this.

19 MRS. STEINER: -- treated you, if you saw me.

20 THE COURT: I don't see that it has any bearing  
21 on anything.

22 MRS. STEINER: Your Honor, I, I want to make  
23 sure I didn't do something to offend this juror.

24 THE COURT: Ask him that.

25 MRS. STEINER: Did I do anything in the course  
26 of coming through that checkpoint that offended you?

27 JUROR S. BROOKS JONES: No, ma'am. I didn't  
28 see you. It must not have been --

29 MRS. STEINER: You don't know if you were there

1 or not.

2 JUROR S. BROOKS JONES: I did speak to the  
3 officers when I got here this morning.

4 MRS. STEINER: And some of the other fellows  
5 who --

6 JUROR S. BROOKS JONES: Right.

7 MRS. STEINER: -- you were acquainted with were  
8 also there.

9 JUROR S. BROOKS JONES: Right.

10 MR. EVANS: Your Honor, he said that he didn't  
11 see her come through so her phrasing that, that he was  
12 there is inappropriate phrase.

13 MRS. STEINER: I believe he said he spoke with  
14 the officer there and there were other jurors also who  
15 were acquainted with him present.

16 MR. EVANS: But he said he did not see her.

17 MRS. STEINER: It's a different question, Your  
18 Honor.

19 THE COURT: Let's move on.

20 MRS. STEINER: Was your answer yes?

21 JUROR S. BROOKS JONES: To, to which question?

22 MRS. STEINER: There were other jurors who were  
23 also acquainted with the officer who you greeted, who  
24 were there at the time you greeted the officer.

25 JUROR S. BROOKS JONES: I, I think so. I spoke  
26 to some of the jurors I know, and I think I spoke to the  
27 officer that was standing there.

28 MRS. STEINER: Okay.

29 JUROR S. BROOKS JONES: But I, I don't know

1 that it was when you passed.

2 MRS. STEINER: All right. Is any of the  
3 information you've gotten over the years about the facts  
4 of this case that you said you could set aside, was any  
5 of that from Miss Margie?

6 JUROR S. BROOKS JONES: No.

7 MRS. STEINER: Any of that from, I think it's  
8 -- is it the Tardy family you are friends with the whole  
9 family?

10 JUROR S. BROOKS JONES: I, I don't know the --  
11 I know Frank Ballard is the only one.

12 MRS. STEINER: Frank Ballard. So it's the  
13 Ballard family, Roxanne and Frank.

14 JUROR S. BROOKS JONES: I know Frank. I don't  
15 even know Roxanne.

16 MRS. STEINER: And that's a personal  
17 friendship, as well as a work friendship.

18 JUROR S. BROOKS JONES: I just know him when I  
19 see him.

20 MRS. STEINER: And is any of the information --  
21 well, did you go to Miss Ballard's funeral on the basis  
22 of your acquaintance with Frank?

23 JUROR S. BROOKS JONES: Miss Tardy's?

24 MRS. STEINER: Miss Tardy's.

25 JUROR S. BROOKS JONES: No, ma'am, I did not.

26 MRS. STEINER: All right. Did you go to  
27 anybody's -- any of the victims' funerals?

28 JUROR S. BROOKS JONES: No, ma'am.

29 MRS. STEINER: Now, you checked on your juror

1 questionnaire when asked how you felt about the death  
2 penalty --

3 JUROR S. BROOKS JONES: Um-hum.

4 MRS. STEINER: -- you checked "A", strongly  
5 support. That, that does characterize how you feel about  
6 it; is that correct?

7 JUROR S. BROOKS JONES: If that's the penalty  
8 that should be sought, I, I have no problem with it.

9 MRS. STEINER: All right. And in this  
10 instance, Mr. Flowers, you would be considering the  
11 sentence only after you had found Mr. Flowers guilty  
12 beyond a reasonable doubt of having committed at least  
13 one, and probably all four, of these murders. You  
14 understand that?

15 JUROR S. BROOKS JONES: Right.

16 MRS. STEINER: And in that situation, that is a  
17 situation in which you would strongly support use of the  
18 death penalty; is that correct?

19 JUROR S. BROOKS JONES: I would have --

20 MR. EVANS: That is not appropriate.

21 JUROR S. BROOKS JONES: -- to hear the evidence  
22 before I could determine whether I would support it or  
23 not.

24 MRS. STEINER: All right.

25 JUROR S. BROOKS JONES: I do not have a problem  
26 with the death penalty.

27 MRS. STEINER: All right. And some of the  
28 evidence you might hear, you will hear -- or well, you  
29 may hear evidence not only of whatever aggravated that

1 beyond the guilt but also evidence from Miss Ballard and,  
2 and other members of her family, possibly, concerning her  
3 personal feelings --

4 JUROR S. BROOKS JONES: Um-hum.

5 MRS. STEINER: -- about this. And that your  
6 acquaintance with Mr. Ballard, you would be listening to  
7 his wife talking about the loss of her mother. And that  
8 would have -- could you hear that and still consider  
9 matters of mitigation from Mr. Flowers?

10 JUROR S. BROOKS JONES: Sure.

11 MRS. STEINER: All right. Mitigation, as His  
12 Honor said, can include anything. It can include things  
13 about Mr. Flowers that have nothing to do with the death  
14 of any of the people you found him guilty of.

15 THE COURT: Time with this witness is pretty  
16 much up.

17 MRS. STEINER: Okay. Thank you.

18 THE COURT: So you need to be wrapping it up.

19 MRS. STEINER: I appreciate that, Your Honor.

20 Could you -- could you consider things that came  
21 before any of these events in his life as mitigation of  
22 sentence before you make a decision?

23 JUROR S. BROOKS JONES: Yes, ma'am.

24 MRS. STEINER: And things that occurred since  
25 he has been in prison.

26 JUROR S. BROOKS JONES: Yes, ma'am.

27 MRS. STEINER: Do you have any personal  
28 knowledge of anything about his imprisonment?

29 JUROR S. BROOKS JONES: Pardon.

1 MRS. STEINER: You do not have -- you do not  
2 serve as a guard at either Leflore, Vaiden or --

3 JUROR S. BROOKS JONES: No, ma'am.

4 MRS. STEINER: -- or Parchman.

5 JUROR S. BROOKS JONES: No, ma'am.

6 MRS. STEINER: Now, you understand although the  
7 Court will instruct you at the guilt phase and on  
8 imposition of the death penalty, you must be unanimous  
9 with all your other jurors on the opinion. On mitigation  
10 and imposition of life without parole, His Honor will  
11 instruct you that unanimity is not required. Do you  
12 understand that as a juror to deliberate you may respect  
13 the opinions of others and you may disagree without  
14 having to reach an opinion on the sentence --

15 JUROR S. BROOKS JONES: Yes, ma'am.

16 MRS. STEINER: -- of life without? And can you  
17 respect the opinions of others?

18 JUROR S. BROOKS JONES: Sure.

19 MRS. STEINER: And do you wish to have that  
20 courtesy extended to you as well?

21 JUROR S. BROOKS JONES: Yes, ma'am.

22 MRS. STEINER: But you will be satisfied even  
23 if no agreement can be reached.

24 JUROR S. BROOKS JONES: Right.

25 MRS. STEINER: Thank you. I have nothing  
26 further.

27 THE COURT: Mr. Jones, you can step down.

28 And we will have Mr. Golden come in next.

29 (JUROR NUMBER 118, ANTONIO GOLDEN, ENTERED THE

1 COURTROOM.)

2 Mr. Golden, if you will come down and have a seat,  
3 please, sir.

4 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

5 What we are doing now, Mr. Golden, is we are asking  
6 questions of the jurors individually because we don't  
7 want to ask something that would be inappropriate to ask  
8 in front of everybody else. I notice that you do share  
9 the same last name as Robert Golden, one of the victims  
10 that was in this case that we are here about. As far as  
11 you know, were you related in any way to him?

12 JUROR ANTONIO GOLDEN: I think I am.

13 THE COURT: Do you know how?

14 JUROR ANTONIO GOLDEN: No.

15 THE COURT: Did y'all ever have a situation  
16 where during his lifetime y'all would have socialized or  
17 been at the same -- I know you are a pretty young man,  
18 even now. So you would have been back in 1996, you would  
19 have been, what, about eight or something like that?

20 JUROR ANTONIO GOLDEN: Yes.

21 THE COURT: But during that timeframe, do you  
22 ever remember being around Mr. Golden?

23 JUROR ANTONIO GOLDEN: No.

24 THE COURT: And have you through the years had  
25 any relationship or association with any of his children  
26 or family?

27 JUROR ANTONIO GOLDEN: No.

28 THE COURT: I'll ask you now about knowledge of  
29 the case. Have you heard facts about this case?

1 JUROR ANTONIO GOLDEN: Not besides just reading  
2 the paper.

3 THE COURT: And any thing other than that?

4 JUROR ANTONIO GOLDEN: No.

5 THE COURT: And when you read about the case,  
6 did that cause you to form an opinion as to the guilt or  
7 innocence of Mr. Flowers?

8 JUROR ANTONIO GOLDEN: Maybe a little bit.

9 THE COURT: And so have you already formed an  
10 opinion about guilt or innocence?

11 JUROR ANTONIO GOLDEN: Yeah.

12 THE COURT: Can you lay -- and can you and will  
13 you lay that opinion aside and listen to the evidence and  
14 base your verdict only on the evidence presented?

15 JUROR ANTONIO GOLDEN: Yes.

16 THE COURT: And will you in any way let the  
17 things you have heard or this opinion you have come into  
18 play or influence you in your deliberations?

19 JUROR ANTONIO GOLDEN: Yes.

20 THE COURT: It would come into play.

21 JUROR ANTONIO GOLDEN: No.

22 THE COURT: Or it would not. I'm sorry. I  
23 maybe asked a confusing question.

24 JUROR ANTONIO GOLDEN: Would not.

25 THE COURT: So you are going to lay everything  
26 aside and base it only on the evidence here in court.

27 JUROR ANTONIO GOLDEN: Yes.

28 THE COURT: Next concerns the possibility of a  
29 sentence. If Mr. Flowers is convicted of capital murder,

1 the State is seeking the death penalty. If the death  
2 penalty is not imposed, life in prison without parole, by  
3 law, is the sentence that would be imposed.

4 The State of Mississippi will put on aggravating  
5 factors. That would be facts that they believe would  
6 justify the imposition of the death penalty. Then  
7 mitigating facts would be put on by Mr. Flowers through  
8 his attorneys. That would be reasons why a jury might  
9 find that the death penalty is not appropriate.  
10 Mitigating facts can be anything that's happened during  
11 the course of Mr. Flowers' life. And there is a number  
12 of things that they could put on during that phase of the  
13 trial, if it got to that. I'll ask you now, if the facts  
14 justified it and the law allowed it, could you consider  
15 the death penalty as a sentencing option?

16 JUROR ANTONIO GOLDEN: No.

17 THE COURT: You could not.

18 JUROR ANTONIO GOLDEN: No.

19 THE COURT: Now, I believe on your jury  
20 questionnaire you had said you could consider it. Did --  
21 have you kind of thought about it, or did you mark your  
22 form wrong?

23 JUROR ANTONIO GOLDEN: Marked the form wrong.

24 THE COURT: And so you are saying you could not  
25 under any circumstances consider the death penalty.

26 JUROR ANTONIO GOLDEN: No.

27 THE COURT: And how about life in prison  
28 without parole? Could you consider that as a sentencing  
29 possibility?

1 JUROR ANTONIO GOLDEN: Yes.

2 THE COURT: And that will be all. I'll now ask  
3 -- allow the State to ask questions.

4 MR. EVANS: Good evening, Mr. Golden.

5 JUROR ANTONIO GOLDEN: Good evening.

6 MR. EVANS: Mr. Golden, when I was asking you  
7 some questions and y'all were out here the other day, in  
8 response to one of my questions I think you said that you  
9 could not sit in judgment of anyone else; is that right?

10 JUROR ANTONIO GOLDEN: Right.

11 MR. EVANS: And is that just your belief that  
12 you don't think it is right for you to judge anyone?

13 JUROR ANTONIO GOLDEN: Correct.

14 MR. EVANS: So it wouldn't matter what the case  
15 was. If you can't judge somebody, you couldn't make a  
16 juror, could you?

17 JUROR ANTONIO GOLDEN: Correct.

18 MR. EVANS: So if you were -- even if the death  
19 penalty wasn't involved, if you were called as a juror  
20 you couldn't make a decision on someone's guilt, could  
21 you?

22 JUROR ANTONIO GOLDEN: No.

23 MR. EVANS: Okay. And especially on the death  
24 penalty. Because of your beliefs against the death  
25 penalty, you could never consider the death penalty as an  
26 appropriate penalty, could you?

27 JUROR ANTONIO GOLDEN: Correct.

28 MR. EVANS: Nothing further, Your Honor.

29 MR. CARTER: I have a few.

1           Mr. Golden, I want to make sure you are not  
2 confused. And for most people this is the first time  
3 they wind up in this situation and get asked this  
4 question and get exposed to the trial process in this  
5 way. And I just want to make sure you understand. I can  
6 accept whatever answer you give as long as, as I know you  
7 understand.

8           Now, as I talked about yesterday, you don't like  
9 sitting in judgment of people. Lots of folks don't. I  
10 don't blame you. I accept that. I don't know that I do.  
11 But do you -- are you saying you can't do it or you don't  
12 like to do it?

13           JUROR ANTONIO GOLDEN: Can't do it.

14           MR. CARTER: Can't do it. Okay. Are you sure  
15 about that?

16           JUROR ANTONIO GOLDEN: Correct.

17           MR. CARTER: And you haven't been able to do it  
18 before.

19           JUROR ANTONIO GOLDEN: Correct.

20           MR. CARTER: You avoid it whenever you can.

21           JUROR ANTONIO GOLDEN: Correct.

22           MR. CARTER: Or you never did. Okay. Is that  
23 based -- what is that based on? What do you base it on?

24           JUROR ANTONIO GOLDEN: Just never had that  
25 situation before. Never had this situation before.

26           MR. CARTER: Right. So you are -- you are  
27 saying you can't. You can't judge in this case or you  
28 can't judge in -- I mean you are 23, I believe; is that  
29 correct?

1 JUROR ANTONIO GOLDEN: Correct.

2 MR. CARTER: And is it fair to say that you  
3 have to decide who you will take on as a friend or, or  
4 not a friend?

5 MR. EVANS: Your Honor, that --

6 MR. CARTER: You make a decision.

7 MR. EVANS: -- is not relevant here today.

8 THE COURT: I sustain as to that. I mean, you  
9 know, who his friends are or how he decides is --

10 MR. CARTER: I'm trying to --

11 THE COURT: -- is not relevant.

12 MR. CARTER: Is it fair to say, Mr. Golden,  
13 that you have to make life decisions and you have made  
14 them before in terms of right or wrong. Have you had to  
15 do that before?

16 MR. EVANS: Your Honor, again, that is not the  
17 question here today. It is irrelevant.

18 MR. CARTER: The question is can he judge.

19 MR. EVANS: And he said he can't.

20 MR. CARTER: We are trying to determine --

21 MR. EVANS: The defense attorney --

22 THE COURT: Ask him that question, if he can  
23 judge, because whether he has made decisions --

24 MR. CARTER: When you say you can't judge, Mr.,  
25 Mr. Golden, what do you mean by that?

26 JUROR ANTONIO GOLDEN: Don't judge other  
27 people.

28 MR. CARTER: You can't --

29 JUROR ANTONIO GOLDEN: On anything.

1 MR. CARTER: On anything. Okay.

2 THE COURT: Mr. Golden, you may step down. If  
3 you'll, when you go back, don't talk with anybody about  
4 what we have brought up and discussed in here.

5 JUROR ANTONIO GOLDEN: All right. I have  
6 something to say. I'm a truck driver. And I gotta go  
7 back to work next week or whatever. I drive cross  
8 country. But the only reason why I been still here is  
9 because my license was expired.

10 THE COURT: So when are you supposed to be  
11 leaving again?

12 JUROR ANTONIO GOLDEN: I got a road test I  
13 gotta take in Greenville, Monday, Monday morning at 9:00.

14 THE COURT: We'll be letting you know something  
15 before that.

16 JUROR ANTONIO GOLDEN: All right.

17 THE COURT: We need Miss King in here next.

18 (JUROR NUMBER 119, ALISHA KING, ENTERED THE COURTROOM AND  
19 WAS SEATED ON THE WITNESS STAND.)

20 THE COURT: Miss King, what we are doing now is  
21 we are asking some follow-up questions of the jurors  
22 outside the presence of the other jurors, because there  
23 are some things we just felt like it was appropriate to  
24 ask without other jurors hearing what we were asking.

25 Have you through the years heard anything about this  
26 case?

27 JUROR ALISHA KING: Very little. I mean what I  
28 have heard, it has just been like bits and pieces. You  
29 know, you catch something on the news. But other than

1           that, I mean I don't -- I don't know anything.

2                   THE COURT: And you were probably in junior  
3           high when this -- 1996.

4                   JUROR ALISHA KING: Yeah. I was 14, 15.

5                   THE COURT: And has anything you read, seen in  
6           the newspaper or heard caused you to form any opinions as  
7           to the guilt or innocence of Mr. Flowers?

8                   JUROR ALISHA KING: No, sir.

9                   THE COURT: And would you lay aside anything  
10          that you might have seen, read or heard and base your  
11          decision only on the evidence that is presented here in  
12          open court?

13                  JUROR ALISHA KING: Absolutely.

14                  THE COURT: And the next question involves  
15          possibilities of the sentences in this case, if it got to  
16          that point. What happens in a capital murder case is the  
17          jury first decides guilt or innocence.

18                  JUROR ALISHA KING: Um-hum.

19                  THE COURT: If Mr. Flowers was found not  
20          guilty, the proceedings would be over. But if he were to  
21          be found guilty, then there would be a consideration as  
22          to what the appropriate sentence would be. The State of  
23          Mississippi is seeking the death penalty in this case.  
24          They would put on aggravating factors which they believe  
25          would justify the imposition of the death penalty.

26                  Mr. Flowers, through his attorneys, would put on  
27          mitigating factors, which would be factors that in their  
28          view would show that the death penalty in this instance  
29          would not be appropriate, as I say, if he was convicted.

1 That can be anything about his, you know, prior life or  
2 anything from childhood through now.

3 If the facts justified it and the law allowed it,  
4 could you consider the possibility of the death penalty  
5 in this case?

6 JUROR ALISHA KING: Yes, sir.

7 THE COURT: And if the death penalty was not  
8 imposed, then life in prison without parole would be the  
9 automatic sentence. Could -- would that -- could you  
10 consider that as a sentence as well?

11 JUROR ALISHA KING: Yes, sir.

12 THE COURT: And sitting here today, do you have  
13 any fixed opinion on what the appropriate sentence would  
14 be?

15 JUROR ALISHA KING: No, sir.

16 THE COURT: And will you wait until all the  
17 proof is heard if it got to the sentencing phase before  
18 you made that determination?

19 JUROR ALISHA KING: Yes, sir.

20 THE COURT: Okay.

21 MR. EVANS: Good evening, Miss King.

22 JUROR ALISHA KING: Yeah.

23 MR. EVANS: Now, you are telling us you can  
24 walk through the door of the courtroom and completely  
25 disregard anything outside and base your decision  
26 strictly on what you hear in the courtroom.

27 JUROR ALISHA KING: Yes, sir.

28 MR. EVANS: Not leaning one way or the other,  
29 just listening to the evidence and basing it strictly on

1           that.

2                   JUROR ALISHA KING:  Yes, sir.

3                   MR. EVANS:  All right.  If the defendant is  
4 convicted in the first phase, we'll go into the second  
5 phase.  At that point the judge -- well, at some point in  
6 there the judge will instruct you on what the law is.  We  
7 will be arguing aggravating factors to show in our  
8 opinion why the death penalty is appropriate.  The  
9 defense will be offering mitigators.

10                  The Court will tell you that almost anything that  
11 they offer is something that you should consider.  You  
12 should consider what we put on.  You should consider what  
13 they put on.  And only after you have thought about  
14 everything that has been put on should you even make a  
15 thought about what the penalty should be.

16                  Just the fact that he has been convicted shouldn't  
17 affect your decision.  The only thing that should affect  
18 your thought of what the penalty should be is the  
19 evidence that is put on in court.  And after considering  
20 all of it, you should make that decision.  Can you do  
21 that?

22                  JUROR ALISHA KING:  Yes, sir.

23                  MR. EVANS:  And you would not come into court  
24 leaning for any particular penalty.  You would just  
25 listen to the evidence and make that decision.

26                  JUROR ALISHA KING:  Right.

27                  MR. EVANS:  But you could at this point  
28 consider either penalty depending on what the evidence  
29 was.

1 JUROR ALISHA KING: Yes, sir.

2 MR. EVANS: Nothing further.

3 MRS. STEINER: Good evening, Miss King.

4 JUROR ALISHA KING: Hey.

5 MRS. STEINER: Do you know whether or not your  
6 parents went to Miss Carmen's funeral?

7 JUROR ALISHA KING: They did not.

8 MRS. STEINER: All right. And obviously, you  
9 did not either.

10 JUROR ALISHA KING: No, sir. No, ma'am.

11 MRS. STEINER: It's late. We have been talking  
12 here about penalty. Kind of puts the cart before the  
13 horse here. You understand the fact that we have to talk  
14 about what penalty you would impose, does that affect  
15 your ability to fairly consider the guilt of the  
16 defendant before you even --

17 JUROR ALISHA KING: I mean I haven't heard  
18 anything. So therefore I can't --

19 MRS. STEINER: All right.

20 JUROR ALISHA KING: -- say if he is guilty or  
21 not guilty. I mean I haven't heard anything.

22 MRS. STEINER: But you don't construe me or His  
23 Honor believing that he is going to be found guilty.

24 JUROR ALISHA KING: No, ma'am.

25 MRS. STEINER: All right. You've -- you've  
26 testified -- you've in answer to His Honor's questions  
27 and Doug's, you've, you've indicated that you could  
28 consider either penalty.

29 JUROR ALISHA KING: Right.

1 MRS. STEINER: On your questionnaire you  
2 checked box "A" and said you strongly favor the death  
3 penalty. Is that -- is that a fair characterization of  
4 your views?

5 JUROR ALISHA KING: I mean I favor it, but I  
6 mean I can, you know, consider either option.

7 MRS. STEINER: I understand that, but your,  
8 your view of the death penalty is you strongly favor it.

9 JUROR ALISHA KING: I wouldn't say strongly,  
10 you know, not, you know, either or.

11 MRS. STEINER: All right. Did you just mark  
12 the wrong box or were --

13 JUROR ALISHA KING: It's possible.

14 MRS. STEINER: All right. And His Honor will  
15 instruct you on the guilt or innocence phase --

16 JUROR ALISHA KING: Um-hum.

17 MRS. STEINER: -- that you must -- in order to  
18 reach a verdict, the jurors must be unanimous. And you  
19 understand that deliberating involves compromise and  
20 consideration --

21 JUROR ALISHA KING: Yes, ma'am.

22 MRS. STEINER: -- and that sort of thing.  
23 Similarly, if the decision is to impose a death penalty  
24 or have the jury return a death penalty, that too must be  
25 unanimous. You understand that?

26 JUROR ALISHA KING: Yes, ma'am.

27 MRS. STEINER: His Honor will instruct you with  
28 respect to making decisions about mitigating evidence and  
29 a life sentence.

1 JUROR ALISHA KING: Um-hum.

2 MRS. STEINER: That, that is each juror's  
3 individual conscience.

4 JUROR ALISHA KING: Um-hum.

5 MRS. STEINER: You don't have to be unanimous.

6 JUROR ALISHA KING: Okay.

7 MRS. STEINER: You -- your conscience on, on  
8 whether to impose a life sentence without parole or a  
9 death sentence is your vote. And you need not agree with  
10 the other jurors in order to have this matter conclude.  
11 You understand that?

12 JUROR ALISHA KING: Yes, ma'am.

13 MRS. STEINER: And the deliberations require  
14 that you respect divergent views. Are you comfortable  
15 with doing that?

16 JUROR ALISHA KING: Yes, ma'am.

17 MRS. STEINER: Are you comfortable if you  
18 believe something about the mitigation shows something  
19 you think warrants a life without parole sentence  
20 agreeing to disagree with the jurors who don't feel that  
21 way?

22 JUROR ALISHA KING: Yes, ma'am.

23 MRS. STEINER: And conversely, if you feel that  
24 there is not sufficient mitigation, then death sentence  
25 would be imposed. Will you respect and agree to disagree  
26 with jurors who feel otherwise --

27 JUROR ALISHA KING: Yes, ma'am.

28 MRS. STEINER: -- at the sentencing phase, if  
29 you should reach it?

1 JUROR ALISHA KING: Um-hum.

2 MRS. STEINER: And could you --

3 THE COURT: You are pretty much out of time.

4 MRS. STEINER: The only other question I have  
5 is mitigation could be nothing to do with the facts of  
6 the crime. It could have nothing -- would you be able to  
7 consider mitigation that doesn't refer to the crime, Mr.  
8 Flowers' life before or after the event in question?

9 JUROR ALISHA KING: Yes, ma'am.

10 MRS. STEINER: Thank you. That is all I have.

11 THE COURT: Miss King, you may step down and  
12 please don't go out and talk about with anybody what we  
13 have discussed in here.

14 JUROR ALISHA KING: Yes, sir.

15 THE COURT: I need Mr. Bennett next.

16 (JUROR NUMBER 120, STEVEN BENNETT, ENTERED THE  
17 COURTROOM.)

18 Mr. Bennett, if you will, come forward and have a  
19 seat, please.

20 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

21 THE COURT: What we are doing, Mr. Bennett, is  
22 asking questions outside the presence of the other  
23 jurors, because there are some things we felt would be  
24 better to just bring up without everybody else being in  
25 here. And I want to know if you have knowledge about  
26 this case or have heard anything about it.

27 JUROR STEVEN BENNETT: No. Not really. I  
28 guess I sat in probably ten minutes of testimony, at the  
29 most, two years ago.

1 THE COURT: And I believe you already told us  
2 that you had transported Mr. Flowers some --

3 JUROR STEVEN BENNETT: Right.

4 THE COURT: -- during the course of that  
5 proceeding.

6 JUROR STEVEN BENNETT: Correct.

7 THE COURT: Is there anything that you have  
8 heard about the case back then or, or read about or any  
9 knowledge you have obtained that has caused you to have a  
10 fixed or formed opinion as to Mr. Flowers' guilt or  
11 innocence?

12 JUROR STEVEN BENNETT: No, sir.

13 THE COURT: And can you lay aside anything that  
14 you might have seen or heard and base your decision only  
15 on the evidence that is presented here in open court?

16 JUROR STEVEN BENNETT: Yes, sir.

17 THE COURT: The next question would concern the  
18 possibility of a sentencing phase, if the case got to  
19 that point. If the jury found Mr. Flowers guilty, then  
20 the jury would determine what the appropriate sentence  
21 would be. If he was found not guilty, we would not get  
22 into that second phase.

23 But if we did get into the second phase, after a  
24 jury had found him guilty, the State would be seeking the  
25 death penalty. They would be putting on aggravating  
26 factors that would show in the State's belief that the  
27 death penalty would be appropriate. Mr. Flowers would  
28 then be given an opportunity, through his lawyers, to put  
29 on mitigating facts. That would be reasons why in their

1 view the death penalty would not be appropriate. If he  
2 did not receive the death penalty, life in prison without  
3 parole would be the sentence.

4 If the facts justified it and the law allowed it,  
5 could you consider the imposition of the death penalty?

6 JUROR STEVEN BENNETT: Yes, sir.

7 THE COURT: And could you also consider life in  
8 prison without parole?

9 JUROR STEVEN BENNETT: Yes, sir.

10 THE COURT: And as you sit here today, do you  
11 have any fixed opinion on what the appropriate sentence  
12 would be if he were convicted?

13 JUROR STEVEN BENNETT: No, sir.

14 THE COURT: And will you wait until you have  
15 heard all the evidence and been instructed on the law  
16 before you make such a determination?

17 JUROR STEVEN BENNETT: Yes, sir.

18 MR. EVANS: Good evening, Mr. Bennett.

19 JUROR STEVEN BENNETT: How are you?

20 MR. EVANS: You're, you're telling us that you  
21 would come into court with an open mind, disregard  
22 anything outside of the court and base your decision only  
23 on the evidence here in court; is that correct?

24 JUROR STEVEN BENNETT: Absolutely.

25 MR. EVANS: And you would not be leaning one  
26 way or the other.

27 JUROR STEVEN BENNETT: No, sir.

28 MR. EVANS: As far as the second phase, if the  
29 defendant is convicted in the first phase, we will put on

1 certain factors that are called aggravation. But it's  
2 basically we are putting on things to show the jury our  
3 view of what the penalty should be. The defense will be  
4 putting on things to put on what their version of the  
5 penalty should be, which they are going to be arguing for  
6 life.

7 Now, the mitigators can be almost anything. It can  
8 be anything about his life. It doesn't have to be  
9 anything about the facts of the case. It can be things  
10 about how he grew up or anything else. And the Court  
11 will instruct you that you should consider that. You  
12 should consider that just like you would consider the  
13 things that we put on. You should consider all of it.  
14 You are telling us that you would come in, you would  
15 consider what both sides put on before you would even  
16 consider what penalties should be appropriate. And then  
17 make a decision based upon what you hear in court.

18 JUROR STEVEN BENNETT: Yes, sir.

19 MR. EVANS: And you have no preconceived idea  
20 of what the penalty should be. You would be fair to both  
21 sides.

22 JUROR STEVEN BENNETT: Yes, sir.

23 MR. EVANS: Nothing further.

24 MRS. STEINER: Good evening, Mr. Bennett.

25 JUROR STEVEN BENNETT: How are you?

26 MRS. STEINER: I just noticed on your  
27 questionnaire you formerly worked for Acy Mechanical.

28 JUROR STEVEN BENNETT: Yes, ma'am.

29 MRS. STEINER: And we have been -- there is a

1 juror on this venire list, Melissa Acy. Is she kin to  
2 your boss there?

3 JUROR STEVEN BENNETT: She is married to Barry,  
4 one of the co-owners or sons of the owner.

5 MRS. STEINER: Okay. And would -- if you two  
6 were to end up on the jury together, would that affect  
7 your deliberation?

8 JUROR STEVEN BENNETT: No, ma'am. I don't know  
9 her on a personal level at all. Just through the  
10 company.

11 MRS. STEINER: And she is of a generation of  
12 people who are your boss there.

13 JUROR STEVEN BENNETT: Right.

14 MRS. STEINER: And you're 24.

15 JUROR STEVEN BENNETT: Right. Right. Like I  
16 said, I have no contact with her at all.

17 MRS. STEINER: All right. And now, you  
18 indicated you sat in on some testimony a couple of years  
19 ago. Was that -- were you were acting as an officer,  
20 court security?

21 JUROR STEVEN BENNETT: Yes, ma'am.

22 MRS. STEINER: And have you -- did you do any  
23 reading about the case or anything?

24 JUROR STEVEN BENNETT: None more than what the  
25 newspaper may print.

26 MRS. STEINER: You did follow it in the paper?

27 JUROR STEVEN BENNETT: At times. I mean I  
28 don't get the paper every week. If my brother picks it  
29 up, somebody brings it home, then, then I'll read it.

1 But as far as me going to the store to pick up one to  
2 follow a case or anything happening in the news, I don't  
3 do that.

4 MRS. STEINER: Is this one of your brothers who  
5 is with Montgomery County Sheriff's Department?

6 JUROR STEVEN BENNETT: Right.

7 MRS. STEINER: Do you live with him?

8 JUROR STEVEN BENNETT: Correct.

9 MRS. STEINER: Do you live with your parents,  
10 or is it just you and your brother?

11 JUROR STEVEN BENNETT: We live together in a  
12 rental house.

13 MRS. STEINER: So you are no longer an officer  
14 but you live --

15 JUROR STEVEN BENNETT: I still work -- I don't  
16 work for Montgomery County. I am still employed with  
17 Kilmichael Police Department.

18 MRS. STEINER: All right. And are you  
19 full-time there?

20 JUROR STEVEN BENNETT: Just a reserve.

21 MRS. STEINER: All right. Now, you understand  
22 as an officer, there are times when you must exercise  
23 authority and people need to obey you; is that correct?

24 JUROR STEVEN BENNETT: Yes, ma'am.

25 MRS. STEINER: And if you are in a chain of  
26 command you need to -- you need to obey the officers who  
27 are above you.

28 JUROR STEVEN BENNETT: Yes, ma'am.

29 MRS. STEINER: In a jury everybody is equal.

1           Everybody's opinion is equal.

2                   JUROR STEVEN BENNETT:   Okay.

3                   MRS. STEINER:   You understand that.

4                   JUROR STEVEN BENNETT:   Yes, ma'am.

5                   MRS. STEINER:   Now, you've indicated on your  
6 juror questionnaire that you strongly favor the death  
7 penalty.  Is that a fair characterization of your views  
8 on the death penalty?

9                   JUROR STEVEN BENNETT:   Based on the facts.  I  
10 mean if the facts could be proven showing that that is  
11 the punishment that is needed, yes, ma'am.

12                   MRS. STEINER:   All right.  And you've indicated  
13 you consider that penalty and any penalty -- the life  
14 sentence without parole at this point equally; is that  
15 correct?

16                   JUROR STEVEN BENNETT:   Yes, ma'am.

17                   MRS. STEINER:   Now, we are putting the cart a  
18 little bit before the horse here, you understand.  It --  
19 the fact that you're having to talk about this, and I'm  
20 talking about this, and His Honor is talking about this,  
21 there is no assumption that you will even have to reach  
22 that phase.  There is no -- we are not assuming he will  
23 be found guilty, but we have to put you there since this  
24 is the only time --

25                   JUROR STEVEN BENNETT:   I understand.

26                   MRS. STEINER:   -- I can talk to you.  All  
27 right.  Now, at, at that phase the Court will instruct  
28 you, like, as with a verdict of guilty or not guilty, a  
29 verdict of death and finding aggravation warranting death

1 must be unanimous. You understand that.

2 JUROR STEVEN BENNETT: Yes, ma'am.

3 MRS. STEINER: And your deliberation is, he  
4 will instruct you, to attempt to come to an agreement  
5 with your fellow jurors. You understand that.

6 JUROR STEVEN BENNETT: Yes, ma'am.

7 MRS. STEINER: Now, with respect to any of the  
8 mitigating factors that you consider and the fact being  
9 -- voting not to impose the death sentence, impose a life  
10 sentence instead, that is a individual decision. Each  
11 juror has his or her right to his or her opinion.

12 JUROR STEVEN BENNETT: Okay.

13 MRS. STEINER: Yourself included. And you  
14 don't have to all agree on that. You understand?

15 JUROR STEVEN BENNETT: Um-hum.

16 MRS. STEINER: And I know as someone who is  
17 accustomed as an officer to taking orders from the chain  
18 of command, would you feel that if someone you respected  
19 or had authority or was older thought one way, you would  
20 have to give up your opinion?

21 JUROR STEVEN BENNETT: No, ma'am.

22 MRS. STEINER: And vice versa. If you --  
23 you're an officer, and you are trained to be  
24 authoritative when necessary. You would not pull rank  
25 and disrespect someone else's opinion; correct?

26 JUROR STEVEN BENNETT: No, ma'am.

27 MRS. STEINER: That's all I have.

28 THE COURT: Mr. Bennett, you may step down. If  
29 you will not talk about what we've discussed with anybody

*Challenges for Cause*

1 out there that is on the jury panel with you.

2 JUROR STEVEN BENNETT: Okay.

3 THE COURT: Counsel, at this time, you know, it  
4 is getting late in the evening. I think we can go --  
5 just go over some ones that can be excused for cause --

6 MR. EVANS: All right, sir.

7 THE COURT: -- and go ahead and recess. I, I  
8 would actually like to proceed, and I could proceed till  
9 midnight if I had to. But I have got people who have  
10 been sitting out in metal chairs all day that are  
11 potential jurors, and I suspect they are tired. And I  
12 expect counsel is too. And so I think after we look over  
13 others for cause, we will go ahead and recess for the  
14 evening.

15 MRS. STEINER: Your Honor, are you asking the  
16 parties to make cause challenges which are not -- that  
17 cannot be agreed to or will we have another opportunity  
18 to be looking --

19 THE COURT: We can make the ones that are  
20 obvious. And then if there are some others that you want  
21 to make right now, I will take them up.

22 Mr. Scott, Number 57. Is there any disagreement on  
23 him?

24 MR. EVANS: No, sir.

25 MR. CARTER: One moment, Your Honor.

26 MR. EVANS: He clearly said he could not  
27 consider death under any circumstance.

28 MR. CARTER: No objection, Your Honor.

29 MRS. STEINER: Let me -- let me say this, Your

1 Honor. We preserve certain objections with respect to  
2 the entire *Witherspoon* process.

3 THE COURT: That's, that's clear in the record.

4 MRS. STEINER: Thank you, Your Honor. When we  
5 say no objection, we aren't waiving that. We are simply  
6 saying we agree with the facts disclosed on the basis of  
7 *Witherspoon*.

8 THE COURT: Then Number 65, Miss Woods.

9 MR. EVANS: Yes, sir.

10 MR. CARTER: One moment.

11 No objection, Your Honor.

12 THE COURT: Then Number 92, Miss Crowley.

13 MR. EVANS: Yes, sir.

14 MR. CARTER: No objection. We agree on that  
15 one.

16 THE COURT: Ninety-five.

17 MR. EVANS: Yes, sir, we agree.

18 THE COURT: Miss Crawford.

19 MR. CARTER: Agree.

20 THE COURT: And 98, Robinson.

21 MR. EVANS: Yes, sir.

22 MR. CARTER: We agree.

23 MRS. STEINER: Your Honor, that is *Witherspoon*.

24 THE COURT: I see 106. Miss Swindoll.

25 MR. EVANS: Yes, sir. The State agrees.

26 MR. CARTER: We agree.

27 THE COURT: 118. Mr. Golden.

28 MR. EVANS: Yes, sir, we agree.

29 MRS. STEINER: Your Honor, I believe he was, at

1           least, under *Witherspoon*.

2                   THE COURT: And does counsel see others at this  
3 point that need to be considered for --

4                   MRS. STEINER: Yes, Your Honor. I, I'm a  
5 little tired at the end of the day, and I have a  
6 patchwork here. But I, I had noted some that we would  
7 likely -- I think, Your Honor, in terms of Miss -- Your  
8 Honor, may I -- would it be all right to defer these  
9 others until I have had a chance, either about five  
10 minutes to confer with the people who have been taking  
11 notes for me or wait until the morning? I really -- I've  
12 got a patchwork here. And I -- and if we are going to be  
13 doing --

14                  THE COURT: I would like to be able to send  
15 anybody home that we need to.

16                  MRS. STEINER: May I have five minutes then to  
17 talk to my --

18                  THE COURT: Yeah, I will give you five minutes.

19           (A BREAK WAS TAKEN.)

20           (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
21 AND THE DEFENDANT WERE PRESENT IN THE COURTROOM. PROCEEDINGS  
22 WERE AS FOLLOWS:)

23                  MRS. STEINER: Do you want the State to do its  
24 first?

25                  THE COURT: If the State has got any to make.  
26 I did not know if they did or not.

27                  MR. EVANS: For cause, Your Honor, I think the  
28 only one that we would ask for cause at this point is  
29 Number 62. Basically, she has told the Court that she

1 would automatically lean toward the defendant. She  
2 doesn't think that she can be fair and impartial, and she  
3 knows everybody involved the case. She has worked with  
4 his sister, worked with his father, lived in the  
5 neighborhood where he lives, knows almost everybody  
6 involved in the case. But basically, because of all of  
7 that, she has said she doesn't think she can be fair.

8 MR. CARTER: What is her number? We disagree.

9 THE COURT: Are you disagreeing that she said  
10 that?

11 MR. CARTER: We disagree.

12 MRS. STEINER: Your Honor, Your Honor, I  
13 think -- I, I did not write down that she had  
14 definitively said she could not be fair. She did say she  
15 had no opinion.

16 THE COURT: Well, I will wait until tomorrow  
17 where my court reporter that was typing those notes can  
18 --

19 MRS. STEINER: Yes, thank you.

20 THE COURT: -- call those up for me. And I  
21 will take a closer look at that tomorrow.

22 MRS. STEINER: Thank you.

23 THE COURT: Does the defense have any?

24 MRS. STEINER: Yes, Your Honor. Your Honor,  
25 our first cause challenge would be for Venire, Juror 48,  
26 who in the course of her voir dire, even after both the  
27 Court and the State had elicited her, she had -- she said  
28 absolutely she could consider the death penalty. But  
29 only yes, sir, she could consider life without parole and

1 expressed an opinion that life definitely would be a  
2 better penalty, even now in the pretrial situation. We  
3 would strike her for cause under *Morgan versus Illinois*.

4 THE COURT: Response from the State, if any.

5 MR. EVANS: Your Honor, yes, she said that she  
6 could consider all mitigation. She could consider both  
7 sides before she made any determination as to what the  
8 penalty should be.

9 THE COURT: She said it would be the better  
10 sentence for a brutal crime, but I will look at her. I  
11 will look tomorrow at what she had to say as well.

12 MR. EVANS: And I, I think that anybody could  
13 agree with that statement. But at this point all of that  
14 has to be determined, how brutal the crime is and whether  
15 that is even something that the Court allows.

16 THE COURT: As I say, I take -- I will look at  
17 her testimony or have the court reporter call that up  
18 tomorrow before I --

19 MR. EVANS: Yes, sir.

20 THE COURT: -- make a, a ruling on that.

21 MRS. STEINER: Thank you, Your Honor. The next  
22 cause strike we would raise is to Juror Number 50, Mr.  
23 Bobby Lester. He is -- his testimony was that he was  
24 within minutes in, in the bank, personally involved in  
25 the shock and grief of the events in an immediate way. I  
26 believe his testimony is also that he has formed an  
27 opinion with respect to this.

28 We would strike him under two theories here. The  
29 first would be the Mississippi Supreme Court precedent

1       Taylor versus State of implied bias. Some relationships  
2       are not -- are simply not able to be set aside. These  
3       are family relationships. But under the -- in *Taylor*  
4       *versus State*, 656 So.2d 104, at Page 111, the Supreme  
5       Court wrote we must endeavor to ensure that every  
6       defendant receives a fair trial, free of implied bias.  
7       Despite the fact that the juror said he could set aside  
8       his relationship or -- yeah. He could set aside his --  
9       he was the brother of assistant district attorney.

10               MR. EVANS: What?

11               THE COURT: Brother of assistant district  
12       attorney?

13               MR. EVANS: Where did that come from?

14               MRS. STEINER: *Taylor versus State* is the  
15       precedent.

16               THE COURT: Oh, I thought you were saying Mr.  
17       Lester had said that.

18               MRS. STEINER: No. That is under the same  
19       theory of implied bias, of being so close to someone.

20               THE COURT: Okay. I am with you now. I was  
21       confused --

22               MRS. STEINER: Forgive me.

23               THE COURT: -- about what you had said.

24               MRS. STEINER: All right. And the other reason  
25       we would move to strike Mr. -- Juror 50, Mr. Lester, for  
26       cause is under the United State Supreme Court case of  
27       *Murphy versus Florida* and *Reynolds versus the United*  
28       *States*. *Murphy versus Florida* is 421 U.S. 794,  
29       specifically states the juror's assurance that he can be

1 equal to the task cannot be dispositive under the Sixth  
2 Amendment of the accused's rights. And this is -- the  
3 other case is *Reynolds versus United States*. It's a very  
4 old case, is the foundation for most of the fair trial,  
5 juror bias that specifically held that if a positive and  
6 decided opinion has been formed, he would have been  
7 incompetent even if it had not been expressed. And the  
8 expression of an opinion is important only as to showing  
9 he had not formed one, where he has heard it.

10 I think the implications for fairness under *Murphy*  
11 and *Reynolds* require that a juror with an opinion, no  
12 matter what they represent to the Court, we cannot --  
13 that is an opinion is an opinion. And that regardless of  
14 their best hopes to be able to sit -- and he did it. And  
15 in his situation, he was part of the immediate grieving  
16 process. At the very least with respect to unbiased,  
17 unemotional consideration of victim impact and not  
18 allowing it to inflame him as the *Branch* case says.  
19 Victim impact testimony cannot be permitted to inflame.

20 I think someone who has gone through that immediate  
21 shock and mourning and dealt with that, both as a  
22 supervisor and individual acquainted, that the implied  
23 bias and the -- his assurances are his hopes. I don't  
24 think there is actuality under *Murphy* and *Reynolds*. And  
25 we would move to strike him on both those grounds.

26 MR. EVANS: Your Honor, I don't know that we  
27 heard the same witness, because I didn't hear half of  
28 what she said. He was working at the bank. Folks came  
29 in and reported it and some of them were crying. He has

1 strictly, clearly, unequivocally told this Court that he  
2 could be fair and impartial, would base his decision on  
3 nothing other than what he heard in the court. The fact  
4 that they don't want him as a juror hadn't got anything  
5 to do with it.

6 THE COURT: My recollection of what Mr. Lester  
7 said is -- while not exactly what the prosecutor said,  
8 but it is very close. The juror has definitively stated  
9 that he would lay any opinion he had about the case  
10 aside, that he would base his decision strictly on the  
11 evidence presented here in open court and not on any  
12 information gathered outside the courtroom. He stated  
13 definitively that he does not have a fixed opinion on  
14 what the appropriate sentence would be. He would listen  
15 to the evidence and would decide the sentence based on  
16 the facts as he heard them and the law as given by the  
17 Court. So I do not see any grounds for striking Number  
18 50.

19 MRS. STEINER: Thank you, Your Honor.

20 Number 51 is Mr. Huggins. He, he is the juror who  
21 knew, somewhat reluctantly, after. Although, he is away  
22 a lot, did acknowledge knowledge of the parties, but  
23 his -- when he was being questioned on the death penalty,  
24 I think his final word was if he had found someone, that  
25 he believed in eye for an eye and life for life. And  
26 that if he had found someone guilty, life for life would  
27 be the sentence he would impose.

28 MR. EVANS: No, sir, that is not. She could  
29 have followed-up on that question, but she did not. He

1       said he believed in an eye for an eye. He also said he  
2       could be fair and impartial. He could be fair to the  
3       defendant. He would make a decision based upon the  
4       evidence in the case. An eye for an eye can mean a lot  
5       of things. It can mean if somebody is found guilty, they  
6       should be convicted.

7                MRS. STEINER: If the Court please, I followed  
8       up on an eye for an eye and asked --

9                THE COURT: My recollection of what he said was  
10       that he would be fair and impartial, that he would  
11       consider both sentencing options, and that his personal  
12       view would not enter into the decision making on what the  
13       appropriate sentence would be.

14               I can look at his testimony tomorrow but my  
15       recollection is that there is no grounds right now for  
16       striking him for cause. I will, as I say, revisit the  
17       issue when I have the rough draft of the transcript  
18       available.

19               MRS. STEINER: Thank you, Your Honor. So you  
20       reserving -- you are not ruling on that one at this  
21       point.

22               THE COURT: Correct.

23               MRS. STEINER: Thank you, Your Honor.

24               Juror 67, Mr. Amason, his, his testimony -- I'm  
25       sorry. Let me step back.

26               Juror 54 we would strike. When she was discussing  
27       mitigation, she said that her feelings -- she talked  
28       about feelings of grief she had had when she learned her  
29       friend Bobo -- I think she attended the funeral. And,

1 and I think I'm right about her, that she -- that those  
2 senses of grief would well up if she had to look at the  
3 pictures. She couldn't check those at the door. There  
4 were jurors who said they could.

5 But the other thing is if, in fact, she is a juror  
6 who actually attended the funeral -- this individual,  
7 again, I would think the implied bias of having sat and  
8 mourned the loss of someone at their funeral is enough  
9 for this Court under both *Murphy*, *Reynolds* and *Taylor* to  
10 take the expression of an ability to be impartial as an  
11 expression of a hope that simply can't be realized. And  
12 the Court under the Sixth Amendment does need to ensure  
13 the jury and, and excuse this juror from participating  
14 despite her best intentions.

15 MR. EVANS: Your Honor, the only person talking  
16 about grief with that juror was the defense attorney.  
17 She kept on and on and on talking about grief. The juror  
18 said that she would not consider that. It wouldn't have  
19 any bearing on her decision in the case. She kept trying  
20 to say that she was grieving and it would affect her, but  
21 the juror said it wouldn't.

22 THE COURT: I -- I mean I have nothing written  
23 by her name that indicates that she said anything other  
24 than she would be completely fair and impartial. That  
25 anything she heard outside the courtroom would not be a  
26 consideration in deliberating on a verdict. She also  
27 said that she didn't have any fixed opinion about what  
28 the appropriate sentence would be.

29 So I do not see any grounds for cause. Certainly,

1 the State -- I mean if the defense chooses to  
2 peremptorily strike her when you use your peremptory  
3 strikes that, that would be something. But there is no  
4 grounds for cause here.

5 MRS. STEINER: Thank you, Your Honor.

6 Juror Number 67. In the course of the conversation  
7 with him regarding considering mitigation in response to  
8 our -- my questions concerning -- particularly  
9 considering mitigation, dealing with matters unrelated to  
10 the crime itself, before and after, he said I am not  
11 going to consider anything before or after the crime. In  
12 the context of that, I believe that the Court -- that,  
13 that mitigation in this context does require being able  
14 to at least consider factors other than the facts of the  
15 crime. And we would move to strike him under *Morgan*  
16 *versus Illinois* and the other cases cited in brief, the  
17 *Smith* and *Abdul-Kabir* cases. He simply will not consider  
18 matters before and after. And the Supreme Court has now  
19 spoken thrice on the fact that the broad scope -- I think  
20 Your Honor tried to instruct him about that, but his  
21 definitive response at the end was he couldn't consider  
22 things before and after.

23 MR. EVANS: Your Honor, my memory of what was  
24 said was that he was confused about the question. When  
25 the Court asked him if he would consider everything that  
26 the Court told him to consider, including those things,  
27 he said that he would.

28 THE COURT: That's my recollection.

29 And you were asking him some of the most confusing

1 questions. I couldn't understand on a good many of the  
2 questions you were asking these potential jurors what you  
3 were talking about. And he certainly expressed that he  
4 didn't understand.

5 But I know that he definitively stated when it got  
6 down to me asking him the question about whether he would  
7 lay aside any facts and base the verdict on the evidence  
8 presented, he said yes. Then when he was asked if he  
9 would listen to the facts and the evidence during the  
10 sentencing phase, if it got to that point, and would  
11 listen to the instructions of Court and then make a  
12 decision, he said yes.

13 He indicated that he did not have any fixed opinion  
14 about what the appropriate sentence would be. And  
15 certainly, if he ends up on the jury the Court will be  
16 instructing him on how he should deliberate on the  
17 evidence. So I do not see any reason for Mr. Amason, to  
18 be struck for cause.

19 MRS. STEINER: Thank you, Your Honor.

20 Your Honor, may I remain seated while I do these or  
21 would you like me to stand?

22 THE COURT: You can stay seated.

23 MRS. STEINER: Thank you.

24 The next one would be Juror 69, I'm sorry, 69, Billy  
25 Carpenter. His -- again, his testimony was that he  
26 attended the funeral of Bobo Stewart, and he was friends  
27 with Randy Stewart. I think, again, we have a situation  
28 of implied bias because of personal participation in the  
29 ritual surrounding the death of one of the victims in

1 this case. And that under *Murphy* and *Reynolds* his --  
2 this Court must go beyond an assurance out of his mouth  
3 and treat it as an aspiration. And that under the Sixth  
4 Amendment the juror's assurances of fairness are not  
5 sufficient to protect the defendant's right to a fair and  
6 impartial juror under *Irvin versus Dowd*, and as well as  
7 this court, the Mississippi Supreme Court precedent.

8 MR. EVANS: His only involvement, Your Honor,  
9 he said he knew him. He was only -- he was an honorary  
10 pall bearer with the rest of the ball team.

11 THE COURT: No, that is not the one we are  
12 talking about.

13 MR. EVANS: That is not the one?

14 THE COURT: Mr. Carpenter is a 56-year-old man.

15 MR. EVANS: Oh, okay. Okay. Yeah, he didn't  
16 even remember whether he had been or not. He said he may  
17 have. That was his only involvement. He said that he  
18 could be completely fair and impartial.

19 THE COURT: I agree. I wrote down that he said  
20 he didn't even know if he went to the funeral or not. So  
21 what -- your characterization that he said he went to the  
22 funeral is, is not correct. He said he didn't know if he  
23 went or not. And he said nothing about the facts or  
24 circumstances of the cases caused him to form an opinion  
25 as to guilt or innocence, that he would lay aside  
26 anything he heard by word of mouth or reading the  
27 newspaper and base his decision strictly on the evidence  
28 presented here in court.

29 I have no reason to trust the honesty of his

1 testimony and will deny that one for strike -- that one  
2 for cause.

3 MRS. STEINER: Thank you, Your Honor.

4 The next cause strike would be Venire Member,  
5 Prospective Juror Number 72, Julian Colbert. Her  
6 testimony was that she could set aside what she had read  
7 on the internet, on the *Clarion Ledger*, etc., etc., but  
8 she said she actually attended trials three and four.

9 And I believe that means she has now heard the  
10 evidence inside the courtroom. There was no questioning  
11 by the Court and State about that. So we would move that  
12 she be struck for having influence within the courtroom  
13 from the prior trials. And I believe that simply  
14 whatever assurances quite -- and she wasn't forthcoming  
15 with the Court when the Court asked about it. She talked  
16 about newspapers. It was only I had no idea.

17 MR. HILL: She said she was an avid paper  
18 reader.

19 MRS. STEINER: But her actual attendance at two  
20 prior trials, I believe can -- cannot be ignored, under  
21 the Sixth Amendment, as possibly affecting her ability to  
22 treat this, this as independent proceeding, and we would  
23 move that she be struck for cause.

24 MR. EVANS: Your Honor, she said -- she freely  
25 admitted that she went to and participated and watched  
26 two of the trials. Now, the characterization that she  
27 was less than candid with the Court is completely untrue.  
28 She admitted that she read the paper regularly. She saw  
29 the news on it. We agree with the fact that she said she

1 attended two trials. But the misrepresentation that this  
2 juror was misleading is improper.

3 THE COURT: She stated affirmatively that she  
4 would not consider any facts that she had heard outside  
5 the presence of this courtroom if she is a juror, that  
6 she would not have anything that has caused her to form  
7 an opinion as to guilt or innocence. She has indicated  
8 that she would wait and listen to the evidence if it got  
9 to a sentencing phase. So there is nothing before the  
10 Court that would indicate that Miss Colbert is a biased  
11 individual or that she could not be a fair and impartial  
12 juror.

13 I don't think I've questioned individually anybody  
14 in this entire panel that has not heard about the case.  
15 Everybody that we have asked has heard about the case.  
16 So you know, there is I don't think any possibility that  
17 we could get 12 jurors out of this county that haven't  
18 heard about the case. But she at this point has said  
19 that there is nothing that would affect her or cause her  
20 to be biased. And she stated she would be fair and  
21 impartial.

22 MRS. STEINER: That's denied, Your Honor; is  
23 that correct?

24 THE COURT: It is.

25 MRS. STEINER: Your Honor, our next cause  
26 challenge would go to Miss Linda Martin, Juror Number 75.  
27 She did state that she has an opinion regarding this  
28 case. I think any juror who stated that he or she has an  
29 opinion, regardless of his or her representation, is

1       excludable by the Court under the Sixth Amendment, under  
2       *Murphy versus Florida* and *Reynolds versus United States*.  
3       I just think that is an assurance that it can be set  
4       aside, is simply an aspirational statement and not, in  
5       fact, something that this Court's duty to break the Sixth  
6       Amendment right of the accused, which the accused's right  
7       to a Sixth Amendment jury, a fair and impartial jury,  
8       that under *Murphy* and *Reynolds* that simply having this  
9       opinion.

10               Now, in addition to having the opinion and saying  
11       she could set it aside, this is the juror -- I'm sorry.

12               MR. HILL: Talking about Number 76.

13               MRS. STEINER: Seventy-five. No. I, I believe  
14       she said she had an opinion and can set aside.

15               May I confer?

16               And that's, that's the basis for this objection.

17               MR. EVANS: She said that she could base her  
18       decision strictly on the evidence in court and could  
19       consider both possible penalties, had no preconceived  
20       idea of what the penalty should be.

21               THE COURT: I agree with what the State of  
22       Mississippi has just said. She indicated affirmatively  
23       that any opinion she had would be laid aside, that she  
24       would not consider any previous opinion she had. She  
25       stated that her verdict would be based strictly on the  
26       evidence as presented here in court, not on information  
27       gathered outside the courtroom. She also indicated that  
28       she had, had no fixed opinion on the appropriate  
29       sentence, if it got to that point. And I trust her at

1        what she said. I mean there is no reason to doubt what  
2        she has said.

3                MRS. STEINER: Thank you, Your Honor.

4                Your Honor, our next cause challenge would be Juror  
5        80, Brenda Simmons. She is the lady who did become  
6        somewhat tearful as she was discussing -- and I cannot  
7        remember which of the victim family funerals she  
8        attended. But even talking about -- when we were  
9        discussing victim impact, I know she, again, aspires to  
10       be fair. I think everybody who has come before this  
11       Court has that aspiration. But I think that if just  
12       being asked about it produces this woman to self-admitted  
13       tearfulness, that she sucked it up and said she, she  
14       could -- she didn't. I mean I think that emotions and,  
15       again, with respect to victim impact testimony, the rule  
16       of the Mississippi Supreme Court is that it may not  
17       insight prejudice or undue emotion. And I believe that  
18       with respect, at least, to consideration of, of victim  
19       impact testimony as passionately as required by both  
20       *Payne* and the Mississippi Supreme Court, Miss Simmons  
21       simply does not meet the criteria. She -- and, and she  
22       is also an attendee at the funeral.

23               MR. EVANS: Your Honor, if anything incited  
24        emotion it was opposing counsel by continually telling  
25        her how gruesome this crime was, how brutal the crime  
26        was, how gruesome these bloody pictures were going to be.  
27        And that would be true with any -- I have seen many  
28        trials. And most of the trials, when jurors see pictures  
29        they get upset. I think that is true in any case. And

1       only thing, if anything, that caused her any emotion was  
2       the over implication by defense attorney of how gruesome  
3       this crime was. We weren't arguing that. They were.

4               MRS. STEINER: Your, Your Honor, very frankly,  
5       I've sat through extremely well-constructed and, and  
6       powerful closings by the State saying exactly that and --

7               MR. EVANS: But not in an attempt to try to  
8       inflame a juror.

9               MRS. STEINER: Whatever the attempt is this is  
10      a juror who by her responses here during individual voir  
11      dire displayed that, despite an attempt not to inflame.  
12      She would because of her experience with respect to this  
13      be inflamed.

14              MR. EVANS: And for the record, I didn't see  
15      any emotion. I saw the attorney trying to say well, I  
16      don't want you to be upset and things like that, and she  
17      said I'm fine.

18              MRS. STEINER: I, I think she said she was  
19      tearing up a little. She then recovered herself.

20              MR. EVANS: I didn't hear that.

21              THE COURT: I am going to allow her for cause.  
22      I saw tears when she was being questioned about it. I  
23      think if the mere asking about the case would reduce her  
24      to tears, then I think that would show an indication that  
25      she would have real difficulty being fair and impartial.

26              MRS. STEINER: Actually, this -- the next one I  
27      have on my list is 93, Miss Marjorie Pearson. I thought  
28      her ultimate response was that she could not sit in  
29      judgment. I was a little surprised that wasn't on the

1 Court's preface.

2 MR. EVANS: I agree.

3 THE COURT: She did say that, and I overlooked  
4 that one. I, I -- she definitely said that. I think we  
5 have all marked our notes up so many times it is  
6 difficult to, to read some of them. But she definitely  
7 said that, and I agree with that one for cause.

8 MRS. STEINER: In fact, my note taker kept  
9 arguing with me that she hadn't already been struck.  
10 Thank you, Your Honor.

11 The next cause challenge we would have is to Mr.  
12 Golding. Again, under the motions of implied bias and  
13 *Murphy and Reynolds and Irvin versus Dowd*, under the  
14 Sixth Amendment right to an impartial jury, he expressed  
15 that he had a fixed opinion. And I know he expressed his  
16 aspirations that it could be changed, and that he could  
17 obey the Court's rulings. But I believe this is a case  
18 where once again the juror's assurances of ability to set  
19 aside a fixed opinion at present simply are insufficient  
20 to meet the requisite of the Sixth Amendment fair trial,  
21 and we would therefore move to strike Juror 107 as well.

22 MR. EVANS: Your Honor, he said specifically he  
23 would make his decision strictly on the evidence and he  
24 had no doubt that he could do that.

25 THE COURT: That is what he said. And there is  
26 nothing that indicates that he will do anything other  
27 than base the decision on the verdict -- I mean the  
28 verdict on the evidence as presented. He said he would  
29 lay aside any outside facts and base his decision on the

1 evidence. And so I will deny that one.

2 MRS. STEINER: Okay. Juror 108, Your Honor.  
3 This one of the person's self-characterized as the best  
4 friend of the person -- one of the victims in this case  
5 He was a 17-year-old boy. He remembers 16 years later  
6 that he was an honorary pall bearer. His -- if ever  
7 there is a case in which this Court's duty to protect the  
8 Sixth Amendment right to resolve questionable issues in  
9 favor of impartial jurors, I, I think -- I just think  
10 that despite his protestation that, that he could be  
11 fair, he is real close. He is tantamount, I would say.

12 I know teenage friendships, especially team sport  
13 friendships are very fraternal, very close. This is  
14 tantamount to having someone who at the time was a  
15 brother in, in their activities whom he characterized as  
16 a best friend. This is not like Mr. Carpenter where he,  
17 I agree, although he attended the funeral, had done so  
18 more out of courtesy as a fellow baseball vet. This is a  
19 teammate. This is tantamount to a brother.

20 I think he is aspiring to fairness. I think that if  
21 there's anybody under *Murphy* and *Reynolds*, this Court  
22 needs to say I am going to excuse you because of this  
23 relationship. This is the juror who needs to go, and it  
24 will be reversible error if he is not struck.

25 MR. EVANS: Your Honor, on this one, very  
26 clearly he said that he was there with the team as an  
27 honorary pall bearer. I think the Court can take into  
28 consideration his demeanor. He was as positive as any  
29 juror that I have ever seen that it would have absolutely

1 no affect on him. He would come in here and strictly  
2 listen to the evidence and base his decision on nothing  
3 else.

4 THE COURT: I am going to allow this one for  
5 cause. I agree with the defense. I don't think -- when  
6 you characterize somebody as your best friend, I don't  
7 think you could then sit in judgment on the person  
8 charged with murdering your best friend. I think that he  
9 believes he could, but I think that would require super  
10 human ability and emotion that I just do not think is  
11 possible.

12 So for that reason, again, you know, I mean he said  
13 it would have -- the death had a profound effect on him.  
14 They were very close friends. And he has formed an  
15 opinion of the case. He was a honorary pall bearer. He  
16 was a classmate of Mr. Stewart. And I just do not think  
17 it would be, you know, humanly possible to lay all those  
18 facts aside.

19 MRS. STEINER: Your Honor, and I don't want to  
20 waive the possibility that in this tangle I have missed  
21 something else that I should have done.

22 But the last one I have before the Court tonight is  
23 Juror 111, who is Brooks Jones. He is actually -- I mean  
24 this is *Taylor versus State*. He is a close, 25 years  
25 brother-in-law to an employee of the district attorney's  
26 office, Miss Margie. I think he just assumed everybody  
27 understood and knew that. You know, he didn't put down  
28 on his questionnaire. I mean it's so obvious.

29 THE COURT: There wasn't any place on the

1 questionnaire that asked.

2 MRS. STEINER: For law enforcement.

3 THE COURT: Well, she is not in law  
4 enforcement.

5 MRS. STEINER: Okay. Thank you, Your Honor. I  
6 mean I don't think he meant to conceal it. I think he  
7 just assumed everybody had to know it.

8 This, this has been a relationship for 25 years.  
9 And frankly, you know, I, I don't think he was being  
10 concealing. I just think it was so self-evident. And  
11 this is the situation where the brother, a man who is a  
12 brother of an A.D.A. and a sister who is employed with  
13 A.D.A., he said it wouldn't affect. And the Supreme  
14 Court wrote in reversing because that juror had not been  
15 struck for cause, we must endeavor to ensure that every  
16 defendant receives a fair trial, free of implied bias.  
17 And they found that the relationship alone, despite  
18 eschewing any bias resulting from it, did require the  
19 excusal of that juror notwithstanding his protestation  
20 of neutrality.

21 MR. EVANS: Your Honor, this is not an A.D.A.  
22 It is not someone that is going to be trying to argue the  
23 case or put on any type of evidence in the case. It is  
24 only an employee of the office. That is a victim  
25 assistance coordinator. He has never talked to her about  
26 the case. He has no knowledge of anything that she knows  
27 about the case.

28 And it's similar to *the Vale* case in that there was  
29 a relative of a prosecutor in that case and the Supreme

1 Court said it didn't matter, because they didn't know  
2 anything about it and hadn't ever talked to them about  
3 the case.

4 THE COURT: I do not see Mr. Jones' situation  
5 to be similar to the situation where an assistant  
6 district attorney's brother being on a panel. Mrs.  
7 Scruggs is not in law enforcement. She is employed as a  
8 victim's assistance coordinator.

9 I asked Mr. Jones, even though you objected. But I  
10 asked him. I said would you be concerned that Miss  
11 Scruggs' job might be on the line if you were to rule  
12 against the prosecution. And I think I could tell by his  
13 answer that he found my mere question to be somewhat  
14 absurd. He definitely said that it would not influence  
15 him in any way.

16 So I do not see any reason -- you know, if Miss  
17 Scruggs were a prosecutor, and he was her brother. But  
18 he is not even her brother. He is her brother-in-law.  
19 He happens to be married, I believe, he said to her  
20 sister. There is nothing that would indicate any bias or  
21 anything, and he stated affirmatively that it would not  
22 be an influence on him.

23 MRS. STEINER: Thank you. Thank you, Your  
24 Honor.

25 I am reminded that on the list I had written up,  
26 there is another number here. Number 120. Juror, juror  
27 Steven Bennett. He also did say that, however briefly,  
28 and in the course of his duties as guard, he was in the  
29 courtroom during the testimony in the trial two years

Case #2010-DP-01348-SCT

COURT APPEALED FROM : Circuit Court

COUNTY : Montgomery

TRIAL JUDGE : Joseph H. Loper Jr.

.....  
Curtis Giovanni Flowers v. State of Mississippi

.....  
Kathy Gillis, Clerk

.....  
TRIAL COURT # : 2003-0071-CR

1       ago, which I assume he means the one in 2008. And I  
2       believe that that in and of itself does render him  
3       unable -- I mean -- it's not just that he read, read  
4       publicity.

5               He heard actual testimony, if only for a few  
6       minutes. And that that -- and he was a court officer  
7       during that. He testified it was during his official  
8       duties. So he was acting as a court officer. I think he  
9       also testified that he transported the defendant, but  
10      that wouldn't make any difference. But taken as a whole,  
11      his connection to this trial in a capacity other than an  
12      unattached individual, I think, renders him unable to  
13      serve, whether by implied bias or under the notions of  
14      *Murphy versus Florida*, where the juror's assurances that  
15      all this could be set aside, there is too much there.

16             MR. EVANS: In response, Your Honor, he said he  
17      may have been in the courtroom for 10 minutes. And there  
18      was no indication of anything that he heard, just that he  
19      may have been in the courtroom for 10 minutes.

20             THE COURT: That's exactly what I wrote. He  
21      said two years ago he may have been in here for 10  
22      minutes. He said that nothing that he has heard caused  
23      him to form any opinions as to guilt or innocence of Mr.  
24      Flowers. He said that he would lay aside anything he has  
25      heard in the past. I think he said he hadn't heard much.  
26      And given he is just 24, when the case occurred, the  
27      original incident occurred in 1996, heck, he wasn't even  
28      but eight years old when it happened. So he stated very  
29      affirmatively that that would not be a factor or

1 influence him in his deliberation.

2 If you will bring the jury in now.

3 (THE PROSPECTIVE JURORS RETURNED TO THE COURTROOM.)

4 THE COURT: Court will come back to order. And  
5 we are going to recess for the day, but there are a few  
6 people whose names I call who will not have to come back  
7 tomorrow. If your name is not called, you will need to  
8 be back.

9 But Number 57, Mr. Scott, you do not have to come  
10 back tomorrow. You are excused.

11 And then Number 65, Miss Woods, you are excused.

12 Number 76, Mr. King, you are excused.

13 Number 80, Miss Simmons, you are excused.

14 Number 92, Miss Crowley, you are excused.

15 Number 93, Miss Pearson, you are excused.

16 Number 95, Miss Crawford, you are excused.

17 Number 96, Miss Winters, you are excused.

18 Number 98, Mr. Robinson, you are excused.

19 Number 106, Miss Swindoll, you are excused.

20 Number 108, Mr. Surrell, you are excused.

21 And Number 118, Mr. Golden, you are excused.

22 Ladies and gentlemen, I'll ask you be back at 9:00  
23 in the morning. And if you have not packed belongings in  
24 anticipation of staying, please be sure you have those  
25 tomorrow. I do anticipate that we will have a jury  
26 seated tomorrow. So again, if you have not already  
27 packed belongings, please do that in anticipation that  
28 you might be selected.

29 During this recess, please do not discuss this case

1 with anyone or among yourselves. You can't talk to any  
2 of the parties, the witnesses or anybody, family members  
3 or anybody involved with the case.

4 With that, ladies and gentlemen, we will resume in  
5 the morning at 9:00.

6 THE BAILIFF: Your Honor, they want to know if  
7 they can bring portable DVD's.

8 THE COURT: I've got an inquiry about whether  
9 jurors can bring portable DVD players if they are  
10 sequestered. And I don't see any problem with a portable  
11 DVD player. That is not something that they would be  
12 watching that would give them any information. That is  
13 so long as there is no internet capacity or any way that  
14 there could be communications through this device with  
15 anyone.

16 MRS. STEINER: Yes, Your Honor. I would assume  
17 the bailiffs would know the contents of any DVD that came  
18 in and made sure it wasn't news about the case or  
19 something like that.

20 THE COURT: Well, I will -- I will instruct  
21 everybody as to that.

22 MRS. STEINER: Thank you.

*Individual Voir Dire*

1 (COURT WAS DULY OPENED ON JUNE 10, 2010.)

2 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
3 AND THE DEFENDANT WERE PRESENT. PROCEEDINGS WERE AS FOLLOWS:)

4 THE COURT: Ladies and gentlemen, we are going  
5 to continue the process that we started -- I don't know  
6 when we started it, but we, we have been doing it awhile  
7 anyway. And so there are, you know, some more people who  
8 we need to ask questions of outside the presence of the  
9 others of you here.

10 And I believe, Mr. Austin is the next one.

11 So Mr. Austin, if you will come on down, please.

12 And then, ladies and gentlemen, if you will, the  
13 rest of you, just step out, please.

14 MRS. STEINER: If the Court please, I have a  
15 preliminary matter to bring up before we start.

16 THE COURT: Mr. Austin, if you will step back  
17 out. I think we have some other matters.

18 BAILIFF: Your Honor, could I bring up  
19 something before I forget to say something?

20 THE COURT: Yes, ma'am.

21 BAILIFF BROWNING: Juror Number 94, Miss Acy,  
22 she said she needs to come back into the courtroom.  
23 There is something that she failed to say yesterday that  
24 she found out about and she needs to just come back in.

25 THE COURT: Okay. We'll have her come in in a  
26 little bit.

27 BAILIFF BROWNING: Okay.

28 THE COURT: You said you had some issue.

29 MRS. STEINER: Yes, Your Honor. Although

1 yesterday we were attempting to get a picture of the  
2 party's cause challenges, we did not think that anything  
3 in the voir dire with respect to knowledge of the case or  
4 death penalty or anything would justify a cause challenge  
5 of any of the four Davis family members individually.  
6 But we would object to this Court even attempt having the  
7 parties have to strike from the panel that has four close  
8 relations on it in such close sequence. It is there in  
9 sequence that they could turn up in the same panel to be  
10 either tendered and struck.

11 And I believe that -- frankly, we have looked. This  
12 has never come before Mississippi appellate courts. But  
13 the principles that people who are in close family  
14 relationships are presumptively influenced by that family  
15 relationship is clear from the *Taylor* case. And I  
16 think -- and the fact that simply saying I won't be  
17 influenced, I can set it aside is not in such instances a  
18 sufficient, under the Sixth Amendment, statement. And I  
19 think we would object to having to strike any panel from  
20 which we would be tendered these family members as a  
21 matter of Sixth Amendment impartial fair jury problems.

22 This is not anything to do with the fact this was  
23 high publicity. This was a computer glitch in the  
24 drawing of the venire. We had the problem of relatives  
25 on the jury in the last trial, but they were other ends  
26 of the venire. And we never actually reached the second  
27 relative after the first one had been tendered.

28 And we would move that either some sort of -- form  
29 of lot process be done prior to tendering the panel to

1 eliminate three of the four family members could be  
2 tendered the same panel. Or at the very least, at the  
3 point at which the first such family member is tendered  
4 by, you know, comes up in a -- in a -- in a group from  
5 which either the State will have to tender or the defense  
6 will have to strike, that the other members be dropped to  
7 the heel of the jury so that we can avoid this problem.

8 Because I think this is notwithstanding anything --  
9 I mean either this is just -- this is just a totally  
10 inappropriate, influence in the jury room from outside  
11 the family relationships and the ties that bind in that  
12 and that does need to be addressed by the Court. And we  
13 would object to having to strike from a jury or having  
14 the final venire have these four family members in a  
15 place where they could be tendered in the same panel for  
16 the consideration of the other parties.

17 MR. EVANS: That is completely ridiculous.  
18 There is absolutely nothing in the record that shows any  
19 reason to strike any of these jurors. If the defense  
20 doesn't like them, they can strike them on their  
21 peremptories if they have a reason to. But there is  
22 absolutely nothing in the record to strike any of them.

23 THE COURT: Let me say it wasn't a computer  
24 glitch, as you referred to it. Because a computer glitch  
25 would indicate there was some malfunction in the  
26 computer, and that was not the case. They were randomly  
27 selected and their names came up, just like the names of  
28 the other 496 people who -- or 596 who were asked to be  
29 here. So there is no glitch of any kind.

1 MRS. STEINER: A function of the computer, the  
2 existence of the computer random draw.

3 THE COURT: Also, you know, a, a strike for  
4 cause is, is required to be something that a juror has  
5 said during the voir dire that would indicate some bias  
6 or prejudice or preconception that cannot be set aside.  
7 All of those individuals have clearly stated that they  
8 would judge the case independently of each other. I  
9 didn't get any -- I didn't get any impression at all that  
10 any of them would do anything other than judge it  
11 independently, and I trust them at their word.

12 You know, you have got 12 peremptory strikes that  
13 are available to exercise, and that is what peremptory  
14 strikes are for, if you feel like you don't want somebody  
15 that is a relative of somebody else on the panel. But  
16 there is absolutely no grounds, no -- I have never seen  
17 any case law or read anything that would indicate that.  
18 And I have actually had cases before where, you know,  
19 parent and child sat on juries at the same time.

20 It doesn't happen often, but, you know, when we have  
21 a random -- and I wouldn't have it any other way. We  
22 have to have random selection of the jury. The old days  
23 when the supervisor used to pick the juries is long since  
24 passed, as it should be. But there is just absolutely no  
25 basis for granting that motion. So it's denied.

26 MRS. STEINER: Thank you, Your Honor.

27 This is just a technical thing. The -- during the  
28 voir dire and jury striking process when the witnesses  
29 have not been there, defense has been using the defense

1 witness room as its meeting place and storage place.  
2 Miss Martin is the keeper of the keys on that, and she  
3 understandably does not want to relinquish that to  
4 anybody. I am just wondering if some arrangements can be  
5 made, particularly over the lunch hour, when Miss Martin  
6 and her staff are rotating lunch that keys could be made  
7 available in the office for a bailiff to unlock the door,  
8 should that become necessary. I think there was a brief  
9 delay when we came back from lunch yesterday because --

10 THE COURT: You know, I have to wait for the  
11 judge's chambers to be unlocked too. I mean a brief  
12 delay, you know, is not a problem. But I mean -- I  
13 certainly think that you can be accommodated in that  
14 fashion. But, you know, I don't think that it would have  
15 any bearing on the way the trial is proceeding. But they  
16 lock these doors to keep people from straying in and  
17 taking belongings that --

18 MRS. STEINER: Your Honor.

19 THE COURT: -- you know, that are valuable.

20 MRS. STEINER: Yes. Thank you. And  
21 absolutely --

22 THE COURT: If you had something stolen --

23 MRS. STEINER: -- we like having the door  
24 locked.

25 THE COURT: -- then you would be complaining,  
26 because you would have something stolen out of there.  
27 And justifiably so.

28 MRS. STEINER: And, Your Honor, we are very  
29 grateful that we have a secure and private place to store

1 our things and to meet. We, we -- that is a facility  
2 that we are greatly -- I am just saying for the  
3 convenience of the Court if, you know, we could make sure  
4 that the keys are in the building at any time that, that  
5 we may require them.

6 THE COURT: Well, if you can give the clerk  
7 some estimation of when y'all leave and what time -- when  
8 you leave, what time you will be back.

9 MRS. STEINER: We certainly will.

10 THE COURT: Then that can possibly -- that is  
11 something you can work out with the clerk. I don't think  
12 it needs a court order. But as I say, if you give them  
13 some idea of when you will be back, I think that will  
14 take care of that situation.

15 MRS. STEINER: Right. Thank you.

16 Your Honor, I would note Miss Mary went running  
17 after a juror who absent-mindedly left her keys on the  
18 front bench.

19 Did Juror 17 get her keys back from you?

20 BAILIFF BROWNING: Yes, she did.

21 MRS. STEINER: Okay. Thank you.

22 And, Your Honor, in addition to Juror Number 94,  
23 prior to Your Honor making a final ruling with respect to  
24 our cause challenge to Juror 51, I would like him  
25 recalled for some questions again. This may be my own  
26 obvious shortcomings as a lawyer in the conduct of voir  
27 dire, but he was one of the jurors where Your Honor -- I  
28 had another area that was of essence to voir diring this  
29 juror that I simply did not pursue. I didn't even ask

*Individual Voir Dire*

1 the Court to do so at the time, as I did with Mr.  
2 Carpenter, I think it was. But it is an essential area  
3 of voir dire, and I would ask he be recalled before --  
4 that's Burrell Huggins, prior to -- for questioning in  
5 one very specific area on -- depending on his responses,  
6 it could be one question or --

7 THE COURT: Well, if we are going to have him  
8 brought in, then I think it is appropriate to also bring  
9 in these other three that I was considering. Number 62,  
10 48 and 51 were all jurors that, I think, two of them  
11 y'all moved to strike for cause and one of them the State  
12 of Mississippi moved to strike for cause. But if we are  
13 going to --

14 MRS. STEINER: Well, Your Honor, it's, it's  
15 continuing to pend. The only one -- I mean I think I  
16 have no other questions for any of these others.

17 THE COURT: Well, I mean what question did you  
18 not ask that you should have asked?

19 MRS. STEINER: It has to do with the fact that  
20 he was in a prior venire. And I, I understood one of his  
21 responses to be really all he knew about this was what he  
22 learned when he walked into the courtroom for this voir  
23 dire.

24 THE COURT: When was he voir dired in the past?

25 MRS. STEINER: He was a juror -- he was  
26 summonsed in connection with the 2008 -- yeah, the  
27 September 2008. He was specifically voir dired in that.  
28 He filled out a juror questionnaire and submitted it. He  
29 was voir dired, was present and responded to voir dire

1 questions with respect to knowing Miss Rigby and his  
2 wife's having acquaintance with Miss Rigby at Page 82 and  
3 83 of the voir dire transcript.

4 THE COURT: Let me just say this. If --

5 MRS. STEINER: And --

6 THE COURT: If I look at and, and if what he  
7 said is not justification for cause, because you made --  
8 you have got a pending strike for cause -- challenge for  
9 cause already.

10 MRS. STEINER: I understand, Your Honor.

11 THE COURT: And if I grant that then there  
12 won't be any necessity for asking.

13 MRS. STEINER: Absolutely.

14 THE COURT: So I'll wait and then, you know,  
15 because the court reporter's close to having that done or  
16 at least calling up on the computer where I can look at  
17 the ones I had questions about.

18 MRS. STEINER: Okay.

19 THE COURT: We'll do that if it comes -- if, if  
20 he is not stricken for cause.

21 MRS. STEINER: Thank you.

22 MR. EVANS: Your Honor, does that mean that any  
23 that we have that we want to ask other questions too we  
24 can bring back in also?

25 THE COURT: I think due to the uniqueness of  
26 having him voir dired in the past and in fairness, I am  
27 going to allow a couple of questions about him that are  
28 going to be strictly limited to that issue.

29 I am going to go on with Mr. Austin. We will have

1 Miss Acy come in, but we will go ahead with Mr. Austin  
2 right now.

3 (JUROR NUMBER 121, MICHAEL AUSTIN, ENTERED THE COURTROOM  
4 AND WAS SEATED ON THE WITNESS STAND.)

5 THE COURT: Mr. Austin, what we are doing now  
6 is we are asking questions outside the presence of other  
7 jurors on a couple of issues, because we just felt it  
8 appropriate to ask them privately.

9 And first, I want to know about knowledge of the  
10 case, if you have heard anything about -- I mean you're a  
11 businessman.

12 JUROR MICHAEL AUSTIN: Yeah.

13 THE COURT: And on the board of alderman.

14 JUROR MICHAEL AUSTIN: Right.

15 THE COURT: So I would assume there would have  
16 been a situation where you would have heard about this  
17 case.

18 JUROR MICHAEL AUSTIN: Well, yeah, just like  
19 most folks who live here in town.

20 THE COURT: What sources have, have you seen  
21 things about this case?

22 JUROR MICHAEL AUSTIN: Just people talking and  
23 newspaper and, you know, stuff like that.

24 THE COURT: And I know you are on the board of  
25 alderman. How long have you been on the board?

26 JUROR MICHAEL AUSTIN: About two years.

27 THE COURT: Okay. So you were not a board  
28 member back in 1996.

29 JUROR MICHAEL AUSTIN: No.

1 THE COURT: And have you ever had an occasion  
2 where through your capacity as -- or through your  
3 capacity or not in your capacity as an alderman to  
4 discuss it with the chief who was, I guess, the first man  
5 on the scene.

6 JUROR MICHAEL AUSTIN: No. I never talked with  
7 him about it.

8 THE COURT: And is there anything that you have  
9 heard about the case or read or seen that has caused you  
10 to form an opinion as to the guilt or innocence of Mr.  
11 Flowers?

12 JUROR MICHAEL AUSTIN: You know, everybody may,  
13 may, you know, may, you know, from it. Because there has  
14 been previous trials and stuff. And everybody may, you  
15 know, know about that and sort of have an opinion. But  
16 you still -- you go by what's presented to you here,  
17 facts.

18 THE COURT: So could you lay aside any facts  
19 you have heard outside the court and base your decision  
20 strictly on what is presented here in court?

21 JUROR MICHAEL AUSTIN: I could.

22 THE COURT: And if you heard something outside  
23 the courtroom in the past and you don't hear it, you  
24 know, during the course of the trial --

25 JUROR MICHAEL AUSTIN: Right.

26 THE COURT: -- would that be an influence or in  
27 anyway come into your deliberations if you were a juror  
28 on the case?

29 JUROR MICHAEL AUSTIN: No, sir.

1 THE COURT: Next involves the possible sentence  
2 that could be imposed. What happens in this type case is  
3 the State of Mississippi, if they prove Mr. Flowers  
4 guilty beyond a reasonable doubt at the guilt phase, then  
5 we would move into a penalty phase. The State is seeking  
6 the death penalty. The State at that time would be  
7 putting on aggravating factors, which would show in the  
8 State's mind why the death penalty would be appropriate.

9 JUROR MICHAEL AUSTIN: Right.

10 THE COURT: And Mr. Flowers would be putting on  
11 evidence called mitigating factors that would show in his  
12 mind why the death penalty should not be imposed. That  
13 could be any number of issues from his childhood on up to  
14 the present.

15 JUROR MICHAEL AUSTIN: Right.

16 THE COURT: And at that time the jury would  
17 deliberate to decide what the appropriate verdict would  
18 be. If it is not the death penalty, it would be life in  
19 prison without parole.

20 JUROR MICHAEL AUSTIN: Right.

21 THE COURT: Now, I want to know, as you sit  
22 here today could you consider both of those as sentencing  
23 options?

24 JUROR MICHAEL AUSTIN: I could consider both of  
25 them.

26 THE COURT: And do you have any preconceived  
27 idea of what you think an appropriate sentence would be?

28 JUROR MICHAEL AUSTIN: I don't. I don't.

29 THE COURT: So will you remain completely

1 open-minded as to both sentencing options?

2 JUROR MICHAEL AUSTIN: I will.

3 THE COURT: Mr. Evans.

4 MR. EVANS: Thank you, Your Honor.

5 Good morning, Mr. Austin.

6 JUROR MICHAEL AUSTIN: How you doing?

7 MR. EVANS: Now, like we have told you on voir  
8 dire earlier, what we are attempting to do is get a jury  
9 that can come in here, completely disregard anything that  
10 they may have heard.

11 JUROR MICHAEL AUSTIN: Right.

12 MR. EVANS: Anybody that they may know, not  
13 lean toward one side or the other. But base their  
14 decision strictly on what they see and hear here in  
15 court.

16 JUROR MICHAEL AUSTIN: Right.

17 MR. EVANS: You are telling us you can do that.

18 JUROR MICHAEL AUSTIN: I can.

19 MR. EVANS: And as far as the sentence, you  
20 know from what the judge has told you, you can't even  
21 consider what penalty should be appropriate until the  
22 judge tells you to think about that.

23 JUROR MICHAEL AUSTIN: I understand.

24 MR. EVANS: What that means is in the first  
25 phase of the trial, the jury is not even supposed to  
26 think about what the penalty should be.

27 JUROR MICHAEL AUSTIN: Right.

28 MR. EVANS: Even if he is convicted in the  
29 first trial, that shouldn't have any bearing on the

*Individual Voir Dire*

1 penalty. The only time that you would -- the jury should  
2 consider the penalty is after the second phase is over,  
3 we have put on our proof, the defense has put on their  
4 mitigation, the judge has told you what the law is. Can  
5 you tell us that you could wait until then to even think  
6 about what penalty --

7 JUROR MICHAEL AUSTIN: Yeah. I could.

8 MR. EVANS: And in mitigation the defense will  
9 be able to tell the jury about anything related to the  
10 defendant's life. That can be childhood. It can be  
11 after the crime was committed. It can be almost  
12 anything. And will you tell us that you will openly  
13 consider what we put on, openly consider what they put  
14 on?

15 JUROR MICHAEL AUSTIN: Right. I can.

16 MR. EVANS: And then only make your decision.

17 JUROR MICHAEL AUSTIN: I can.

18 MR. EVANS: Tender the witness, Your Honor.

19 MRS. STEINER: Your Honor, I believe he is a  
20 juror not a witness.

21 Good morning, Mr. Austin.

22 JUROR MICHAEL AUSTIN: Good morning.

23 MRS. STEINER: Your grandchild was born healthy  
24 yesterday?

25 JUROR MICHAEL AUSTIN: Oh, yes.

26 MRS. STEINER: Congratulations. So you have no  
27 worries --

28 JUROR MICHAEL AUSTIN: No.

29 MRS. STEINER: -- about your family.

1 JUROR MICHAEL AUSTIN: No. No.

2 MRS. STEINER: The -- I see you run a car  
3 dealership.

4 JUROR MICHAEL AUSTIN: Right.

5 MRS. STEINER: Have you heard talk from the  
6 customers and people that work at your car dealership  
7 regarding this matter?

8 JUROR MICHAEL AUSTIN: Over the years. Sure.

9 MRS. STEINER: The day it happened, did you  
10 learn about it immediately?

11 JUROR MICHAEL AUSTIN: Immediately.

12 MRS. STEINER: How did you hear about it?

13 JUROR MICHAEL AUSTIN: Somebody called.  
14 Telephone.

15 MRS. STEINER: All right. Was anybody at the  
16 car dealership personally involved with any of the people  
17 who had died at Tardy's? Did anybody have to take off  
18 because of grief or anything like that?

19 JUROR MICHAEL AUSTIN: No.

20 MRS. STEINER: All right. Did -- when did you  
21 learn that your friend, Frank and Roxanne's  
22 mother-in-law, mother, Miss Tardy, was one of the people  
23 who had died?

24 JUROR MICHAEL AUSTIN: First -- when I first  
25 heard about it.

26 MRS. STEINER: That's who you heard about it  
27 from.

28 JUROR MICHAEL AUSTIN: No, I didn't hear it  
29 from them. That is when I learned that she was one of

1           them.

2                   MRS. STEINER: All right. And you also learned  
3           that a member of the whole Rigby family that you are  
4           friends with, Miss Carmen, had -- was one of the ones who  
5           died.

6                   JUROR MICHAEL AUSTIN: Right.

7                   MRS. STEINER: And that your friend Randy  
8           Stewart's son, Bobo, was at that --

9                   JUROR MICHAEL AUSTIN: Right.

10                  MRS. STEINER: -- point gravely wounded.

11                  JUROR MICHAEL AUSTIN: Right. Right.

12                  MRS. STEINER: Have you ever with any of these  
13           individuals had any kind of conversations concerning  
14           the -- that they lost their loved one in this incident?

15                  JUROR MICHAEL AUSTIN: Conversation that they  
16           lost their loved one?

17                  MRS. STEINER: Any conversations pertaining to  
18           this case or their loss related to it?

19                  JUROR MICHAEL AUSTIN: Well, my, my wife has  
20           talked, talked with Roxanne in different -- you know, but  
21           not really about, you know, the facts or anything. Just  
22           that they -- in 1999 my wife's mother died in a car  
23           accident.

24                  MRS. STEINER: I'm sorry.

25                  JUROR MICHAEL AUSTIN: And so Roxanne, you  
26           know, kind of talked to her as a friend, you know, about  
27           losing your mom and stuff.

28                  MRS. STEINER: And so she was her -- they  
29           actually talked about the processes a sudden loss of a

*Individual Voir Dire*

1 relative --

2 JUROR MICHAEL AUSTIN: Right.

3 MRS. STEINER: Grief.

4 JUROR MICHAEL AUSTIN: Right. Grief. Grief.

5 MRS. STEINER: And, you know, Miss Roxanne is  
6 going to be a witness, probably --

7 JUROR MICHAEL AUSTIN: Yeah.

8 MRS. STEINER: -- at the fact stage --

9 JUROR MICHAEL AUSTIN: Um-hum.

10 MRS. STEINER: -- and at the penalty phase.

11 JUROR MICHAEL AUSTIN: Right.

12 MRS. STEINER: And having grief counseled your  
13 wife about the very thing she is going to be testifying  
14 at the penalty phase, that would, of course, bring back  
15 your own emotions of the loss of your own mother-in-law,  
16 would it not?

17 JUROR MICHAEL AUSTIN: I don't think so.

18 MRS. STEINER: You were grieved at the loss of  
19 your mother-in-law.

20 JUROR MICHAEL AUSTIN: At the time, yeah.

21 Yeah, you know.

22 MRS. STEINER: And certainly your wife --

23 JUROR MICHAEL AUSTIN: Right. Right.

24 MRS. STEINER: -- was grieved.

25 JUROR MICHAEL AUSTIN: Still does. Yeah.

26 MRS. STEINER: Did you attend the funeral of  
27 your friend Frank and Roxanne's mother, Miss Bertha?

28 JUROR MICHAEL AUSTIN: No, I didn't.

29 MRS. STEINER: Did you go to your friend Randy

1 Stewart's funeral?

2 JUROR MICHAEL AUSTIN: I went to visitation.

3 MRS. STEINER: To visitation. And what about  
4 any of Miss Carmen's?

5 JUROR MICHAEL AUSTIN: No.

6 MRS. STEINER: And did you send notes of  
7 condolence to anybody?

8 JUROR MICHAEL AUSTIN: No.

9 MRS. STEINER: Did you offer personal  
10 condolence at the visitation to Frank and Roxanne?

11 JUROR MICHAEL AUSTIN: If I saw them, yeah.

12 MRS. STEINER: To, to Randy Stewart.

13 JUROR MICHAEL AUSTIN: Yeah. Yeah. Not the  
14 Stewarts. I didn't see any of them any time after that.

15 MRS. STEINER: But you signed the book and that  
16 sort of thing.

17 JUROR MICHAEL AUSTIN: I what?

18 MRS. STEINER: You signed the book at the  
19 visitation?

20 JUROR MICHAEL AUSTIN: I don't remember if I  
21 did or not. It was a lot of people there and a long  
22 line.

23 MRS. STEINER: Did you attend the -- do you --  
24 do you have anything -- did you attend the fundraiser  
25 held a couple of months after this in Kosciusko at which  
26 Bennie Rigby's gospel group performed, fundraiser for the  
27 reward fund in this matter?

28 JUROR MICHAEL AUSTIN: I don't -- I don't  
29 remember.

1 MRS. STEINER: You don't remember. You could  
2 have done.

3 JUROR MICHAEL AUSTIN: I don't think so.

4 MRS. STEINER: Now, His Honor has explained you  
5 do have to consider mitigating evidence, and you said you  
6 can.

7 JUROR MICHAEL AUSTIN: Yeah.

8 MRS. STEINER: He has talked about the scope  
9 can be anything from before this to after this. Do you  
10 understand that it may not -- that it could have nothing  
11 to do with the specifics of this crime? That  
12 mitigation can --

13 JUROR MICHAEL AUSTIN: Yeah.

14 MRS. STEINER: -- is relevant and must be  
15 considered regardless of whether --

16 JUROR MICHAEL AUSTIN: Yeah.

17 MRS. STEINER: -- it has to do with specifics  
18 of the crime.

19 JUROR MICHAEL AUSTIN: Right.

20 MRS. STEINER: And I assume you know that from  
21 His Honor.

22 JUROR MICHAEL AUSTIN: Yeah.

23 MRS. STEINER: Have, have you been to any of  
24 the other trials in this matter?

25 JUROR MICHAEL AUSTIN: No.

26 MRS. STEINER: And when -- as, as explained  
27 aggravation is -- to find aggravating circumstances in  
28 the death penalty it must be unanimous verdict of all 12  
29 of you beyond a reasonable doubt.

*Individual Voir Dire*

1 JUROR MICHAEL AUSTIN: Right.

2 MRS. STEINER: His Honor is going to instruct  
3 you that in mitigation, it is not required that all 12 of  
4 you agree either that a fact is mitigating or that a life  
5 sentence is warranted. Do you understand that? That is  
6 the individual juror's personal conscience.

7 JUROR MICHAEL AUSTIN: This is during the  
8 sentencing phase?

9 MRS. STEINER: At a penalty phase.

10 JUROR MICHAEL AUSTIN: Okay. Yeah.

11 MRS. STEINER: All right. And that your right  
12 -- you don't have to agree with anybody. Everybody goes  
13 home, even if y'all don't agree, at the penalty phase.

14 JUROR MICHAEL AUSTIN: Right.

15 MRS. STEINER: Do you understand that?

16 JUROR MICHAEL AUSTIN: Yeah.

17 MRS. STEINER: Are you okay with that --

18 JUROR MICHAEL AUSTIN: Yeah.

19 MRS. STEINER: -- law? Are you able to agree  
20 to disagree in respect if someone disagrees with you no  
21 matter how strongly you feel?

22 JUROR MICHAEL AUSTIN: That's right.

23 MRS. STEINER: And do you expect to have that  
24 same respect from another juror?

25 JUROR MICHAEL AUSTIN: Yeah.

26 MRS. STEINER: Nothing further, Your Honor.

27 THE COURT: Mr. Austin, you may step down. And  
28 if you'll not talk about the case. You know, don't go  
29 back and talk with your fellow jurors --

1 JUROR MICHAEL AUSTIN: Right.

2 THE COURT: -- about what we have discussed in  
3 here.

4 JUROR MICHAEL AUSTIN: Right. Thank you.

5 THE COURT: We need Miss Sledge, Number 123,  
6 next.

7 (JUROR NUMBER 123, SHEILA SLEDGE, ENTERED THE COURTROOM.)

8 If you will come up down, ma'am, and have a seat.

9 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

10 What we are doing now, Miss Sledge, is asking  
11 questions of, of the prospective jurors outside the  
12 presence of other jurors, because there are just some  
13 issues we felt more appropriate to do without everybody  
14 sitting here.

15 First of all concerns whether you have heard  
16 anything about this case or have any knowledge about this  
17 case.

18 JUROR SHEILA SLEDGE: No, sir. I don't have  
19 knowledge of the case. I mean I heard about it. But as  
20 far as keeping up with what goes on in a small town, I  
21 have lived here, but I worked away. I work jobs that  
22 curtail a lot of hours, so I don't have time to look,  
23 listen. And I don't even have television. That's  
24 something I don't deal with. I just -- we don't have it.  
25 We don't have time to work cattle.

26 THE COURT: And has anything you might have  
27 seen caused you in any way to form an opinion as to the  
28 guilt or innocence of Mr. Flowers?

29 JUROR SHEILA SLEDGE: No, sir.

1 THE COURT: And could you lay aside anything  
2 you might have seen or heard and just base your decision  
3 strictly on the evidence here as presented in court if  
4 you were called as a juror?

5 JUROR SHEILA SLEDGE: Yes, sir.

6 THE COURT: The next issue involves the  
7 sentencing phase, if the trial got to the point where  
8 there was a sentencing phase. What happens on a capital  
9 murder case is first the jury would decide guilt or  
10 innocence. If the jury found Mr. Flowers not guilty, the  
11 proceedings would cease at that point. Do you understand  
12 that?

13 JUROR SHEILA SLEDGE: Yes, sir.

14 THE COURT: Now, if they did find Mr. Flowers  
15 guilty, then we would proceed into a sentencing phase,  
16 which is a situation where the juror would determine the  
17 appropriate sentence.

18 The State of Mississippi is seeking the death  
19 penalty. They would put on aggravating factors, which  
20 are reasons why in the State's mind the death penalty  
21 would be appropriate. Mr. Flowers would then put on  
22 mitigating evidence which would be reasons why he  
23 believes that the death penalty should not be imposed.  
24 That could be anything, you know, anything that's  
25 happened at any time in his life up to and including the  
26 present.

27 At that time the jury would then decide what the  
28 appropriate sentence would be. If the jury found -- the  
29 jury would have the option of finding that Mr. Flowers

1 should receive the death penalty. And if the death  
2 penalty was not the option the jury chose, then the  
3 sentence would be life in prison without parole. So as  
4 you sit here today, could you consider the -- could you  
5 consider imposing both the death penalty and/or allowing  
6 the Court to impose the sentence of life without parole?

7 JUROR SHEILA SLEDGE: Yes, sir.

8 THE COURT: So both would be things that you  
9 would consider and have an open mind to?

10 JUROR SHEILA SLEDGE: Yes, sir.

11 THE COURT: And do you have any preconceived  
12 notions of what you believe the more appropriate sentence  
13 would be?

14 JUROR SHEILA SLEDGE: No, sir.

15 THE COURT: Okay. Thank you.

16 MR. EVANS: Good morning.

17 JUROR SHEILA SLEDGE: Good morning.

18 THE COURT: Now, as far as the first phase of  
19 the trial, what you are telling us is that you have  
20 nothing, no -- nothing you have heard or no contacts or  
21 anything else that would cause to you lean one way or the  
22 other.

23 JUROR SHEILA SLEDGE: No, sir.

24 MR. EVANS: You would come into court, base  
25 your decision of guilt or innocence strictly on what you  
26 see and hear in the courtroom.

27 JUROR SHEILA SLEDGE: Yes, sir.

28 MR. EVANS: Nothing else. And you can be fair  
29 and impartial to both sides.

1 JUROR SHEILA SLEDGE: Yes, sir.

2 MR. EVANS: As far as the second phase, if he  
3 is convicted, we go into the sentencing phase. The judge  
4 will instruct you on the law. He will tell you the  
5 things that you can consider on both sides, but he'll  
6 also tell you that you should consider, seriously  
7 consider, everything that he allows us to put on and  
8 everything that he allows the defense to put on.

9 Some of what they will put on or all of what they  
10 put on, it doesn't matter, can be things about his life.  
11 It can be childhood. It can be even things that he has  
12 done or hadn't since this crime occurred. Can you  
13 consider all of those things?

14 JUROR SHEILA SLEDGE: Yes, sir.

15 MR. EVANS: All right. And could you go into  
16 that phase -- even though you had already convicted him,  
17 can you go into that phase with a completely open mind  
18 about the sentence until you have heard all of those  
19 things?

20 JUROR SHEILA SLEDGE: Yes, sir.

21 MR. EVANS: All right. Now, I understand from  
22 your questionnaire that you showed you strongly believe  
23 in the death penalty. Is that you just -- that you  
24 strongly believe in the law that says that both of those  
25 penalties are correct?

26 JUROR SHEILA SLEDGE: Yes.

27 MR. EVANS: And it would depend on the case and  
28 the facts of that case.

29 JUROR SHEILA SLEDGE: Yes, sir.

1 MR. EVANS: Nothing further.

2 MRS. STEINER: Good morning, Miss Sledge.

3 JUROR SHEILA SLEDGE: Good morning.

4 MRS. STEINER: Miss Sledge, I believe you said  
5 in the -- that Friday when we were here that you have  
6 served on a grand jury in the last two years, but you  
7 elected not to excuse yourself.

8 JUROR SHEILA SLEDGE: Yes.

9 MRS. STEINER: Is there a reason for that?

10 JUROR SHEILA SLEDGE: No. Nothing in  
11 particular. I just thought well, since you called me  
12 again, I might as well just hang in there and see if you  
13 quit calling me.

14 MRS. STEINER: All right. Have you -- when you  
15 received the instructions from His Honor in this case  
16 when you are deliberating whether or not to find Mr.  
17 Flowers guilty or not guilty, they are going to be a  
18 little different from the instructions you received as a  
19 grand juror, and I want to make sure you understand the  
20 difference.

21 You understand that as a grand juror your charge was  
22 to review preliminary evidence and if there was - I can't  
23 even remember the technical term now - probable cause to  
24 believe that a crime had been committed and that a  
25 particular individual had been the -- committed the crime  
26 that you should -- you could vote and should vote to  
27 return an indictment to charge that person. You  
28 understand that --

29 JUROR SHEILA SLEDGE: Yes, yes, I do.

1 MRS. STEINER: -- that is a very light sentence  
2 and you didn't even have to be unanimous about that.

3 JUROR SHEILA SLEDGE: Right.

4 MRS. STEINER: Here the proof is beyond a  
5 reasonable doubt. You know, if you think he might have  
6 done it, if you think he could have done it, you think  
7 some of the evidence suggests he probably did do it, do  
8 you understand what your verdict needed to be at the end  
9 of the first phase of the trial? If you believed all  
10 those things and you were a grand juror, how would you  
11 vote? You would vote to indict; correct?

12 JUROR SHEILA SLEDGE: Yes, ma'am.

13 MRS. STEINER: How would you vote at the end of  
14 the trial if you believed all those things --

15 MR. EVANS: Your Honor, that is inappropriate.

16 MRS. STEINER: I'm sorry. I'm just -- I'm  
17 trying to -- you understand that it is not the same  
18 standard.

19 JUROR SHEILA SLEDGE: Yes, ma'am, I understand.

20 MRS. STEINER: And you can set aside anything  
21 you have absorbed about the law, what proof is required.

22 JUROR SHEILA SLEDGE: Yes, ma'am.

23 MRS. STEINER: And, now, did you say you have  
24 heard talk about this case?

25 JUROR SHEILA SLEDGE: I just heard about it, as  
26 far as -- that it happened. As far as me personally  
27 knowing any of the people or -- of any, either side, I  
28 don't know these people. I mean I have lived here all my  
29 life, and there is people I couldn't tell you who lives

1 here.

2 MRS. STEINER: And you did not say you were  
3 acquainted with any of Mr. Flowers' family.

4 JUROR SHEILA SLEDGE: (Shook head.)

5 MRS. STEINER: Or Mr. Goldens.

6 JUROR SHEILA SLEDGE: No. No.

7 MRS. STEINER: Miss Tardy?

8 JUROR SHEILA SLEDGE: I don't know any of these  
9 people.

10 MRS. STEINER: Now, were you working at  
11 Heatcraft, or were you at Burt's Livestock the day this  
12 happened?

13 JUROR SHEILA SLEDGE: The day -- I believe from  
14 what y'all have said when the day was, because I don't  
15 even remember that, because that has been so long ago, I  
16 was working with Dr. Jan Bailey, Jr. I was working as a  
17 veterinary assistant.

18 MRS. STEINER: All right. And did you learn  
19 about that -- an incident at the store that day? Or did  
20 you --

21 JUROR SHEILA SLEDGE: No, I don't think I  
22 even -- because I was at the sale barn working cattle. I  
23 work 80 hour weeks so...

24 MRS. STEINER: So you don't recall the content  
25 of what you heard?

26 JUROR SHEILA SLEDGE: No, ma'am.

27 MRS. STEINER: Are you aware there has been  
28 prior proceedings in this matter, prior trials?

29 JUROR SHEILA SLEDGE: I heard someone say it.

1 But as far as me knowing about it or when they were, I  
2 don't have a clue.

3 MRS. STEINER: All right. Thank you. You did  
4 not attend any of them.

5 JUROR SHEILA SLEDGE: No.

6 MRS. STEINER: And you said you don't take  
7 *Winona Times*.

8 JUROR SHEILA SLEDGE: No, ma'am.

9 MRS. STEINER: All right. Now, your response  
10 "A" on the juror questionnaire that you strongly support  
11 the death penalty, that was just your first gut reaction.  
12 Yes, that is a true statement. I support it.

13 JUROR SHEILA SLEDGE: Yeah.

14 MRS. STEINER: Strongly. You could have said  
15 you sorta do, generally supported it or you had no  
16 opinion or that you had some -- you generally opposed or  
17 you strongly opposed. You had five choices, and you read  
18 it.

19 JUROR SHEILA SLEDGE: Well, I read it in kind  
20 of a hurry. And when I filled it out, there was actually  
21 a gentleman standing next to me when I was trying to fill  
22 this out talking to me. And I was like okay, um-hum.  
23 And I am trying to read and check to. So I didn't even  
24 remember that my own brother was a police officer.

25 MRS. STEINER: Okay. I was going to say, I  
26 think you said -- right. Where is your brother a police  
27 officer?

28 JUROR SHEILA SLEDGE: He is in Oxford.

29 MRS. STEINER: In Oxford, Mississippi.

1 JUROR SHEILA SLEDGE: Right. Right.

2 MRS. STEINER: Are you from Oxford?

3 JUROR SHEILA SLEDGE: No. I'm -- we are from  
4 here.

5 MRS. STEINER: All right. Now, there is  
6 nothing wrong with strongly favoring the death penalty,  
7 but you understand that that has to stay outside the  
8 door. When you go in and you consider whether or not the  
9 State has proved aggravating factors, you have to look at  
10 those as passionately beyond a reasonable doubt as you  
11 would anything else, no matter how strongly you support  
12 the death penalty. Do you understand?

13 JUROR SHEILA SLEDGE: Yes, ma'am.

14 MRS. STEINER: Do you understand that in  
15 addition to aggravating and mitigating circumstances, you  
16 may hear testimony from members of the family of the  
17 people who died? That is not an aggravating factor.  
18 How, how would you feel about hearing --

19 MR. EVANS: Your Honor, I object.

20 MRS. STEINER: -- hearing peoples' grief?

21 MR. EVANS: How she would feel at this point --

22 THE COURT: I sustain. She can't say how she  
23 would feel. And I will tell you, your -- time to wrap it  
24 up, because you had gone way over the time I had --  
25 limits that I had given to both sides.

26 MRS. STEINER: Thank you, Your Honor. I am  
27 just -- she is the only person who served only on grand  
28 jury previously. I felt I had to go into that.

29 Would you be able to listen to that with sympathy

1 but without allowing it to overshadow your other  
2 deliberative process?

3 JUROR SHEILA SLEDGE: Yes, ma'am.

4 MRS. STEINER: Could you -- and you said you  
5 could consider mitigation even if it has nothing to do  
6 with the crime itself; is that correct?

7 JUROR SHEILA SLEDGE: Yes, ma'am.

8 MRS. STEINER: And you understand that the  
9 Court will instruct you that with respect to deciding  
10 whether mitigation exists or a life sentence instead of a  
11 death sentence should be entered, it's more like the  
12 grand jury. Any evidence that you pick -- think warrants  
13 a vote for life or against the death penalty, you may  
14 consider that. And you don't have to agree with anybody  
15 else. You can keep your own vote. Do you understand  
16 that?

17 JUROR SHEILA SLEDGE: Yes, ma'am.

18 MRS. STEINER: And that every juror has his or  
19 her same rights. And that part -- it's as in the grand  
20 jury. Part of this is not reaching a consensus but  
21 realizing there are going to be people who agree to  
22 disagree.

23 JUROR SHEILA SLEDGE: Yes, ma'am.

24 MRS. STEINER: And in the grand jury sometimes  
25 12 of you voted one way and four the other. It came out  
26 six voted one way and 18 the other. Do you -- so you  
27 have that --

28 THE COURT: You, you have covered that  
29 thoroughly with her.

1 MRS. STEINER: Okay. Thank you, Your Honor.

2 THE COURT: Miss Sledge, you may step down.  
3 And I ask that you not discuss with your fellow jurors  
4 the -- what we have discussed in here.

5 JUROR SHEILA SLEDGE: Yes, sir.

6 THE COURT: And I -- you looked like you  
7 thought well, how dare you tell me that, but I am telling  
8 everybody that. I, I didn't for a moment think you  
9 would. I was just telling you that, because I want  
10 everybody to follow those same rules. And so that was  
11 why I was telling you.

12 JUROR SHEILA SLEDGE: Okay. Thank you.

13 THE COURT: Yes, ma'am.

14 Miss Britt next. Number 124.

15 (JUROR NUMBER 124, MARTHA BRITT, ENTERED THE COURTROOM.)

16 THE COURT: Miss Britt, if you will come  
17 forward, please, ma'am, and have a seat.

18 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

19 What we are doing now is asking questions of  
20 prospective jurors outside the presence of others,  
21 because there is just some items we felt more appropriate  
22 to discuss and bring up when others were not present.

23 And the first line of questioning concerns knowledge  
24 about the case. I think you've -- you teach in Grenada,  
25 but you live here.

26 JUROR MARTHA BRITT: Yes, sir.

27 THE COURT: Is that -- and you have been a  
28 resident here most of your life.

29 JUROR MARTHA BRITT: Yes, sir.

1 THE COURT: And how long have you worked in  
2 Grenada?

3 JUROR MARTHA BRITT: For 13 years.

4 THE COURT: Thirteen. So would you -- can you  
5 tell us now about what you have heard about this case or  
6 how you came to hear about this case?

7 JUROR MARTHA BRITT: I, I probably don't know  
8 more than anybody else, other than what we have heard on  
9 the news. I've come to court several times, but I always  
10 work. So when I come to court it's usually late in the  
11 afternoon, and I have not heard very much of that. But I  
12 don't know any specific details.

13 THE COURT: So you sat at times in on different  
14 court proceedings.

15 JUROR MARTHA BRITT: Um-hum.

16 THE COURT: But you say you have not sat  
17 through a complete trial.

18 JUROR MARTHA BRITT: No, sir. No, sir.

19 THE COURT: So how much of the previous trials  
20 would you have probably heard? Do you know?

21 JUROR MARTHA BRITT: Very little. Because, you  
22 know, usually if I get here, it is late in the afternoon.  
23 You know, court doesn't last for very much longer. I  
24 have not sat in for -- if you add it all up, it probably  
25 wouldn't add up to more than a day.

26 THE COURT: That would be over the course of  
27 how many trials?

28 JUROR MARTHA BRITT: Just the last few.

29 THE COURT: And has -- have you based on what

1       you've heard, you know, just talk about the case or based  
2       on anything that you have just heard from sitting out and  
3       maybe listening to portions of the trial, have you formed  
4       any opinions as to the guilt or innocence of Mr. Flowers?

5               JUROR MARTHA BRITT: Well, you know, I, I just  
6       based on the fact that, you know, what I've heard, I have  
7       an opinion. But not knowing all the evidence and not  
8       knowing all the details, you know, that opinion could be  
9       changed, you know, depending on what I learn.

10              THE COURT: Can you lay the opinion that you  
11       have aside and base your decision on the evidence?

12              JUROR MARTHA BRITT: Yes, sir.

13              THE COURT: And will you lay that opinion aside  
14       and base your decision on the evidence?

15              JUROR MARTHA BRITT: I will do that.

16              THE COURT: If you had at some prior hearing  
17       heard some testimony and testimony is not presented at  
18       this trial --

19              JUROR MARTHA BRITT: Um-hum.

20              THE COURT: -- would anything that has happened  
21       in the past influence you?

22              JUROR MARTHA BRITT: To be truthful, I couldn't  
23       even tell you whose testimony I've heard.

24              THE COURT: And would anything you've read or  
25       even or -- do you recall any specifics that you might  
26       have read or heard about the case?

27              JUROR MARTHA BRITT: No.

28              THE COURT: So --

29              JUROR MARTHA BRITT: I mean I don't know

1 anything concrete, you know. I just know what has been  
2 in the newspaper and on the news over the years.

3 THE COURT: And if as we progress in the course  
4 of the trial, if there is things that you might have read  
5 about in the paper or seen on the news that do not occur  
6 in the courtroom at this trial, would those be influences  
7 or factors that would enter into your deliberations?

8 JUROR MARTHA BRITT: No, sir.

9 THE COURT: And the next question involves the  
10 possible sentence that might be imposed. If the jury  
11 found Mr. Flowers guilty beyond a reasonable doubt of  
12 capital murder, then it would get to the second phase,  
13 which would be the sentencing phase. You understand  
14 that?

15 JUROR MARTHA BRITT: Yes, sir.

16 THE COURT: So if the jury found him not guilty  
17 it would be over and there would not even be a second  
18 phase at all. The State of Mississippi is seeking the  
19 death penalty in this case.

20 JUROR MARTHA BRITT: Yes, sir.

21 THE COURT: They will be putting on -- if it  
22 got to the point where there was a second phase, they  
23 would be putting on proof that in their view would  
24 justify the imposition of the death penalty. That would  
25 be what is called aggravating factors.

26 JUROR MARTHA BRITT: Right.

27 THE COURT: Then Mr. Flowers, through his  
28 attorneys, would put on mitigating factors. That would  
29 be reasons why in his view the death penalty would not be

1 appropriate.

2 JUROR MARTHA BRITT: Yes, sir.

3 THE COURT: If the death penalty were not the  
4 sentence from the jury, the Court would sentence Mr.  
5 Flowers by law to life without parole. So can you  
6 consider both those sentencing possibilities as options?

7 JUROR MARTHA BRITT: Yes, sir, I could.

8 THE COURT: And as you sit here today without  
9 knowledge of what might be presented at that second  
10 phase, do you already lean one way or the other toward  
11 what the appropriate penalty would be or should be if it  
12 got to that point?

13 JUROR MARTHA BRITT: No, sir.

14 THE COURT: And I think you said maybe you had  
15 -- you sang some with Mr. Rigby.

16 JUROR MARTHA BRITT: Yes, sir.

17 THE COURT: Were you singing with him back in  
18 1996?

19 JUROR MARTHA BRITT: No, sir. We did not start  
20 singing together until about seven years ago. And I, I  
21 can honestly say that we have never talked about the  
22 specifics of the case. I have always felt like if he  
23 needed to talk about it, he could. And I didn't want to  
24 bring it up, if he didn't want to talk about it. So we  
25 just...

26 THE COURT: Well, if you were to sit as a juror  
27 in this case and if you were to find Mr. Flowers not  
28 guilty, would you feel you owed Mr. Rigby any explanation  
29 for how your verdicts had gone? Or would you feel you in

1 any way had to justify that verdict?

2 JUROR MARTHA BRITT: No, sir. I have to look  
3 at myself in the mirror every day. I have to live with  
4 what I do.

5 THE COURT: So that would override any other --

6 JUROR MARTHA BRITT: Yes, sir.

7 THE COURT: -- factor; is that correct?

8 JUROR MARTHA BRITT: Yes, sir.

9 THE COURT: Okay. Mr. Evans.

10 MR. EVANS: Thank you, Your Honor.

11 Good morning, Miss Britt.

12 JUROR MARTHA BRITT: Good morning.

13 MR. EVANS: What we need to know is if you can  
14 completely disregard anything you may have heard or  
15 anybody that you may know involved in this case and walk  
16 into the courtroom on the jury, only base your decision  
17 on what you hear and see in court and nothing else?

18 JUROR MARTHA BRITT: Yes, sir.

19 MR. EVANS: And can you leave anything outside  
20 and not lean one way or the other when you walk in here?

21 JUROR MARTHA BRITT: Yes, sir, I believe that I  
22 can.

23 MR. EVANS: All right. And as far as the  
24 sentence, you are not leaning one way or the other on  
25 that.

26 JUROR MARTHA BRITT: No, sir.

27 MR. EVANS: You understand that even in the  
28 first phase, the jury is going to be told not to even  
29 consider what sentence is appropriate. Can you follow

1           that instruction?

2                   JUROR MARTHA BRITT: Yes, sir.

3                   MR. EVANS: Even if the jury convicts him, the  
4 jury is still not to consider that at that point as what  
5 sentence should be appropriate.

6                   JUROR MARTHA BRITT: Yes, sir.

7                   MR. EVANS: Can you tell us that once he is  
8 convicted, if he is, that you wouldn't even consider the  
9 sentence at that point?

10                  JUROR MARTHA BRITT: Yes, sir.

11                  MR. EVANS: Both sides will be allowed to put  
12 on whatever -- well, not whatever they want to. But both  
13 sides will be able to put on what the Court allows. You  
14 are to consider, seriously consider, everything that we  
15 put on, everything the defense puts on.

16                  JUROR MARTHA BRITT: Yes, sir.

17                  MR. EVANS: Can you do that?

18                  JUROR MARTHA BRITT: Yes, sir, I can.

19                  MR. EVANS: The defense will be allowed to put  
20 on what is called mitigating evidence and that can be  
21 almost anything. It can be something about the case. It  
22 can be something that hadn't got anything to do with the  
23 case. It can be about his life growing up. It can even  
24 be about the time after the crime was committed, what he  
25 has or hasn't done since then. Can you consider all of  
26 those things?

27                  JUROR MARTHA BRITT: Yes, sir, I can.

28                  MR. EVANS: And can you only base your decision  
29 after you have heard that?

1 JUROR MARTHA BRITT: Yes, sir.

2 MR. EVANS: And the fact that you have sung  
3 with Bennie, can you completely disregard that and not  
4 let it affect your decision one way or another?

5 JUROR MARTHA BRITT: Yes, sir, I can.

6 MR. EVANS: Even if evidence comes up in court  
7 or pictures or something else about the case, can you  
8 disregard that?

9 JUROR MARTHA BRITT: Yes, sir.

10 MR. EVANS: Thank you.

11 MRS. STEINER: Good morning, Miss Britt.

12 I, I don't know you well enough. When you were  
13 talking about having to face Mr. Rigby or consider  
14 mitigation, and now I look at you. You've got your lips  
15 kind of pressed together and, and squinting. Is that  
16 because there is some emotions there as you think about  
17 this?

18 JUROR MARTHA BRITT: It's just been a long four  
19 days.

20 MRS. STEINER: Been a long four days. But it  
21 happened. Thinking about singing again with Mr. Rigby --

22 JUROR MARTHA BRITT: Oh, it would be a  
23 difficult thing. I'm not -- you know, I'm human. It's  
24 going to be difficult no matter what I do.

25 MRS. STEINER: And you understand -- I assume  
26 you sing in harmony with Mr. Rigby.

27 JUROR MARTHA BRITT: Sometimes.

28 MRS. STEINER: That is your goal.

29 JUROR MARTHA BRITT: Yeah.

1 MRS. STEINER: Is to make beautiful harmony  
2 with Mr. Rigby when you sing a duet; correct?

3 JUROR MARTHA BRITT: Right.

4 MRS. STEINER: He may be a witness in this  
5 proceeding about --

6 JUROR MARTHA BRITT: Yes, ma'am.

7 MRS. STEINER: He may be talking to the entire  
8 jury about his feelings about his loss --

9 JUROR MARTHA BRITT: Yes, ma'am.

10 MRS. STEINER: -- of his wife. You say you're  
11 ready to hear them as a friend and colleague in music.  
12 Can you be -- and you'll still have those things with you  
13 when you --

14 JUROR MARTHA BRITT: Right.

15 MRS. STEINER: -- walk through that door to  
16 hear his testimony about that.

17 JUROR MARTHA BRITT: Yes, ma'am.

18 MRS. STEINER: And now, so you were not singing  
19 with him at this time.

20 JUROR MARTHA BRITT: No, I did not even know  
21 Mr. Rigby at the time.

22 MRS. STEINER: Were you in any kind of singing  
23 group --

24 JUROR MARTHA BRITT: No.

25 MRS. STEINER: -- back then?

26 JUROR MARTHA BRITT: No, ma'am.

27 MRS. STEINER: So you did not attend the  
28 fundraiser for the reward.

29 JUROR MARTHA BRITT: Oh, no, ma'am.

1 MRS. STEINER: Now, you said -- I think even --  
2 I heard you say it when Mr. Carter was talking to you. I  
3 heard you say it when Mr. Evans was talking to you. I  
4 believe I could set all these things about my  
5 relationship aside. You want to set them aside, --

6 JUROR MARTHA BRITT: Yes, ma'am.

7 MRS. STEINER: -- I know, and be able to be a  
8 fair juror. But you do have doubts that you could, in  
9 fact, do so.

10 JUROR MARTHA BRITT: I don't think that I have  
11 doubts. I think that I, I can look at the evidence and  
12 see it for what it is.

13 MRS. STEINER: I appreciate that. Are you or  
14 your husband related to the Britt family in Grenada? Any  
15 Britts up in Grenada?

16 JUROR MARTHA BRITT: His family is from the  
17 Duck Hill, Alva area. I don't know of anybody in Grenada  
18 that we are related to.

19 MRS. STEINER: Does he have any relation to the  
20 late Reuben Britt?

21 JUROR MARTHA BRITT: I don't know the name.

22 MRS. STEINER: Okay. Thank you. Just making  
23 sure. Do you do internet?

24 JUROR MARTHA BRITT: I have it at school. I  
25 don't have it at home.

26 MRS. STEINER: Did you ever when you missed a  
27 few days, times at trial, go back on the internet and see  
28 what --

29 JUROR MARTHA BRITT: No, ma'am. I have never

1 looked it up on the internet.

2 MRS. STEINER: But you did read *The Winona*  
3 *Times* for what you missed when you couldn't be at trial  
4 after school.

5 JUROR MARTHA BRITT: Yes, ma'am, I read *The*  
6 *Times*.

7 MRS. STEINER: That was your association with  
8 Mr. Rigby that brought you here.

9 JUROR MARTHA BRITT: Yes, ma'am, when we  
10 started singing together.

11 MRS. STEINER: You became very interested in  
12 anything that affected him.

13 JUROR MARTHA BRITT: Right. Yes, ma'am.

14 MRS. STEINER: Because you were a friend.

15 JUROR MARTHA BRITT: Yes, ma'am.

16 MRS. STEINER: And you sing harmony with him.

17 JUROR MARTHA BRITT: Sometimes.

18 MRS. STEINER: Or try too. Now, His Honor,  
19 has, has explained mitigation. Let me just put it this  
20 way. I am going to talk about as if you found Mr.  
21 Flowers guilty. But neither His Honor or I expect or are  
22 assuming that will happen.

23 JUROR MARTHA BRITT: Um-hum.

24 MRS. STEINER: I want to understand. You  
25 strongly support the death penalty; is that correct? You  
26 put that on your questionnaire.

27 JUROR MARTHA BRITT: Yes, ma'am.

28 MRS. STEINER: And you answered honestly.

29 JUROR MARTHA BRITT: Yes, ma'am.

1 MRS. STEINER: And that strong support is going  
2 to follow you into the jury room; although, you have said  
3 you could set it aside and consider instructions.

4 MR. EVANS: Your Honor, she keeps arguing that  
5 it's going to follow her to the jury room. The juror has  
6 said that it will not. I object to her phrasing it like  
7 that.

8 MRS. STEINER: I think -- well, she said she  
9 could set it aside, her feelings.

10 THE COURT: So I sustain his objection.

11 MRS. STEINER: And you said you did have an  
12 opinion with respect to this case but it could be  
13 changed.

14 JUROR MARTHA BRITT: Based on what I know at  
15 this point.

16 MRS. STEINER: Right. And you understand if  
17 you were considering penalty and mitigation and  
18 aggravation, you will have found Mr. Flowers guilty of up  
19 to four capital murders, beyond a reasonable doubt,  
20 intentionally, no excuses, no insanity, nothing like  
21 that. You understand that?

22 JUROR MARTHA BRITT: Yes, ma'am.

23 MRS. STEINER: And that you will be looking at  
24 him having made that decision in your heart.

25 JUROR MARTHA BRITT: Um-hum.

26 MRS. STEINER: And your strong support for the  
27 death penalty has been in your mind, and you will not  
28 have an opinion at the point of which you found him  
29 guilty as to a more appropriate punishment.

1 JUROR MARTHA BRITT: I support the death  
2 penalty, but I don't -- I am not someone who thinks that  
3 you ought to enforce the death penalty for everything. I  
4 think the penalty ought to match the crime that the  
5 person has been convicted of.

6 MRS. STEINER: All right. I -- once, once  
7 you've convicted the person of a crime you think deserves  
8 the death penalty, that is about it for you.

9 MR. EVANS: Your Honor, I object. That is not  
10 what she said.

11 THE COURT: You are not -- I sustain. That is  
12 not what she said. And it's time you wrapped it up. You  
13 have already gone several minutes over what I had --

14 MRS. STEINER: Your Honor, this witness has a  
15 close, personal relationship and --

16 THE COURT: I had gotten into all of that.  
17 Here you are spending most of your time asking things I  
18 already asked. So if you are being repetitive, it is  
19 your fault.

20 MRS. STEINER: Your Honor, I --

21 THE COURT: And you need to move on.

22 MRS. STEINER: All right.

23 THE COURT: I will give you an additional  
24 minute to finish this up.

25 MRS. STEINER: All right. Miss Britt.

26 JUROR MARTHA BRITT: Yes, ma'am.

27 MRS. STEINER: At the point at which you had  
28 found Mr. Flowers guilty of a capital crime, capital  
29 murder, you would then have an opinion as to the

1 appropriate punishment, yes or no.

2 JUROR MARTHA BRITT: I would take the  
3 recommendations of the Court and apply them to what he  
4 has been convicted of.

5 MRS. STEINER: And you understand that if it  
6 comes deciding between life and death, although the jury  
7 has to be unanimous beyond a reasonable doubt --

8 JUROR MARTHA BRITT: Yes, ma'am.

9 MRS. STEINER: -- for a death sentence, each  
10 individual juror's conscience dictates how he or she  
11 votes with respect to a life sentence.

12 JUROR MARTHA BRITT: Yes, ma'am.

13 MRS. STEINER: Or against death sentence.

14 JUROR MARTHA BRITT: Yes, ma'am.

15 MRS. STEINER: Can you respect the opinions of  
16 a juror who disagrees with you with respect to sentence?

17 JUROR MARTHA BRITT: Yes, ma'am.

18 MRS. STEINER: And agree to disagree.  
19 Everybody goes home no matter what after that.

20 JUROR MARTHA BRITT: Yes, ma'am.

21 MRS. STEINER: Okay. Thank you.

22 That's all I have.

23 THE COURT: Miss Britt, that will be all. If  
24 you will step back outside. And I am telling everybody  
25 not to go out and talk about with your fellow jurors what  
26 we have talked about in here.

27 JUROR MARTHA BRITT: Okay.

28 THE COURT: Mr. Robinson. Number 125.

29 (JUROR NUMBER 125, RICHARD ROBINSON, ENTERED THE

1 COURTROOM.)

2 Come forward, Mr. Robinson. Have a seat, please.

3 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

4 THE COURT: Mr. Robinson, what we are doing now  
5 is we are asking questions outside the presence of other  
6 jurors about different matters that we felt appropriate  
7 to discuss without everybody sitting in and hearing it.  
8 First concerns any knowledge you might have about the  
9 case. Have you heard anything through the years about  
10 this case that we are here about?

11 JUROR RICHARD ROBINSON: No more than what you  
12 see and hear on the news, newspapers.

13 THE COURT: And have you followed the case very  
14 closely?

15 JUROR RICHARD ROBINSON: No.

16 THE COURT: And has anything you saw, heard or  
17 read caused you to form any opinion as to the guilt or  
18 innocence of Mr. Flowers?

19 JUROR RICHARD ROBINSON: No.

20 THE COURT: And will you lay aside anything  
21 that you have seen, heard or read and base your decision  
22 only on the evidence that is presented here in court?

23 JUROR RICHARD ROBINSON: Yes.

24 THE COURT: And the next questions concern the  
25 possibility of the sentencing phase. What happens is the  
26 jury would first determine whether Mr. Flowers is guilty  
27 or not guilty. If they found him not guilty, there would  
28 not be any second phase of the trial. The case would be  
29 over and concluded. However, if Mr. Flowers were found

1 guilty beyond a reasonable doubt, then we would go to the  
2 second phase, which is called the penalty phase.

3 Are you with me so far?

4 JUROR RICHARD ROBINSON: Yes.

5 THE COURT: Now, during the penalty phase the  
6 State would be asking for the death penalty. And they  
7 would put on what's called aggravating factors, which are  
8 things that the State believes would justify imposition  
9 of the death penalty.

10 Mr. Flowers would then put on mitigating facts,  
11 which will be things that in his view would justify or  
12 would show that the death penalty was not appropriate.  
13 He wouldn't have to justify it. He would just have to  
14 show -- he doesn't even have to show it. I mean the jury  
15 would be ultimately determining it.

16 But what I'm saying is the mitigating factors could  
17 be any factors about his childhood on up to and including  
18 the present time. And those mitigating factors would be  
19 reasons why in their view the death penalty would not be  
20 appropriate.

21 JUROR RICHARD ROBINSON: Um-hum.

22 THE COURT: The jury would then decide what the  
23 appropriate punishment would be. Again, only if we got  
24 to the second phase of the trial. And if he was found --  
25 if the jury found the death penalty was not appropriate,  
26 then he would be sentenced to life without parole.

27 So as you sit here today, could you consider both  
28 the death penalty and life without parole as sentencing  
29 options?

1 JUROR RICHARD ROBINSON: Yes.

2 THE COURT: And do you have -- as you sit here  
3 today, do you have any prefixed notion of what would be  
4 the more appropriate punishment, having not heard any of  
5 the case?

6 JUROR RICHARD ROBINSON: Just -- well, just  
7 saying my opinion of him? Or what you saying?

8 THE COURT: No, I'm just saying do you before  
9 you heard anything already have an idea about what would  
10 be the appropriate sentence.

11 JUROR RICHARD ROBINSON: Life without parole.

12 THE COURT: I wasn't going to ask you what that  
13 was but I mean -- but you -- could you consider the death  
14 penalty and life without parole?

15 JUROR RICHARD ROBINSON: I consider life  
16 without parole, but I couldn't consider the death  
17 penalty.

18 THE COURT: You're just -- if the facts  
19 justified it and the law allowed it, could you consider  
20 the death penalty as an option?

21 JUROR RICHARD ROBINSON: No.

22 THE COURT: So there is no way, no matter what  
23 you could even consider that.

24 JUROR RICHARD ROBINSON: No.

25 THE COURT: On, on your questionnaire, you, I  
26 think said you generally favored it and could consider  
27 it. Did, did you mark something wrong, or have you just  
28 given it further thought?

29 JUROR RICHARD ROBINSON: Well, I can't remember

1 exactly what I marked. I thought, you know, I really  
2 wouldn't want to be the judge of that.

3 THE COURT: Well, I know nobody wants -- nobody  
4 wants to be, you know. But could you consider that as an  
5 option if it got to the point where there was a second  
6 phase?

7 JUROR RICHARD ROBINSON: I really wouldn't like  
8 to, but if I had to I would.

9 THE COURT: So you could then consider it as an  
10 option if you had to.

11 JUROR RICHARD ROBINSON: Yeah.

12 THE COURT: Okay. Thank you.

13 MR. EVANS: Good morning, Mr. Robinson.

14 JUROR RICHARD ROBINSON: Good morning.

15 MR. EVANS: Nobody is ever going to tell you  
16 that you have to consider anything. But what we need to  
17 know at this point, because of your view, apparently, you  
18 don't believe in the death penalty; is that right?

19 JUROR RICHARD ROBINSON: Right.

20 MR. EVANS: Because of that views, could you  
21 ever honestly consider giving anybody the death penalty?

22 JUROR RICHARD ROBINSON: (No response.)

23 MR. CARTER: Your Honor, first of all, I object  
24 to it, because he just answered it when you asked him.

25 THE COURT: Both the State and you have gotten  
26 up constantly and asked the same questions that I had  
27 asked so, you know, I don't -- I have given five minutes  
28 to both sides to ask whatever they want. If he wants to  
29 ask the same question I asked, he can.

1 MR. EVANS: Would you ever seriously consider  
2 giving anybody the death penalty?

3 JUROR RICHARD ROBINSON: No.

4 MR. EVANS: Okay. Thank you, sir.

5 And nobody is questioning anybody's beliefs. We all  
6 have a right to have our own beliefs. I appreciate you  
7 being honest and telling us that. But as far as the  
8 first phase, you don't know anybody involved in this  
9 case, do you?

10 JUROR RICHARD ROBINSON: No.

11 MR. EVANS: Victims? Defendants? Anybody?

12 JUROR RICHARD ROBINSON: No.

13 MR. EVANS: Okay. And is that because you're  
14 from Duck Hill, you don't live here in town?

15 JUROR RICHARD ROBINSON: Exactly. Yes.

16 MR. EVANS: All right. As far as the first  
17 phase, you could come in with an open mind, listen to the  
18 evidence and decide guilt or innocence.

19 JUROR RICHARD ROBINSON: Yes.

20 MR. EVANS: You don't have any problem with the  
21 judging. It's just that you can't do the death penalty  
22 part.

23 JUROR RICHARD ROBINSON: Yes.

24 MR. EVANS: Nothing further, Your Honor.

25 MR. CARTER: Yes, Your Honor. One second.

26 Mr. Robinson.

27 JUROR RICHARD ROBINSON: Yes, sir.

28 MR. CARTER: It's real easy to be confused by  
29 these words that you are not familiar with hearing. And

1 I want you to understand that we have to ask you these  
2 questions. And we are not conceding or saying in any way  
3 that we believe Mr. Flowers is guilty and that he is  
4 going to be found guilty.

5 JUROR RICHARD ROBINSON: Um-hum.

6 MR. CARTER: And that you would be faced with  
7 necessarily having to decide between a life without  
8 possibility of parole and death but you might. We don't  
9 know what is going to happen. Nobody can say what is  
10 going to happen at this point.

11 JUROR RICHARD ROBINSON: Right.

12 MR. CARTER: And you were asked this question  
13 about whether you could consider death and whether you  
14 could consider life without possibility of parole. Do  
15 you understand that you decide what you vote for?

16 The State of Mississippi, not talking about the  
17 prosecutor, the legislature, the representative of  
18 Mississippi who make laws have said that life without  
19 possibility of parole and the death penalty are two  
20 appropriate penalties for a person who has been found  
21 guilty of capital murder.

22 You couldn't even get to weigh and consider either  
23 option unless Mr. Flowers is found guilty. But if we get  
24 to that point, we are asking you, can you, based on your  
25 own conscience, your own make-up -- even though you are  
26 not crazy about the death penalty. Lots of folks aren't.  
27 But what we want to know is if Mr. Flowers got found  
28 guilty, could you listen to the testimony from the  
29 witness stand, and could you go back and deliberate and

1 weigh, weigh, we want you to consider, we mean weigh,  
2 think about, both penalties, think about whether the  
3 evidence warrants a death sentence, think about whether  
4 the evidence warrant life without possibility of parole,  
5 then vote, based on your conscience, whether you want to  
6 vote for life without possibility of parole or the death  
7 penalty.

8 JUROR RICHARD ROBINSON: Yes.

9 MR. CARTER: Could you do that?

10 JUROR RICHARD ROBINSON: Yes.

11 MR. CARTER: So we are not asking you if you  
12 could vote for the death penalty. We are asking you if  
13 you could consider the death penalty and consider the  
14 life without possibility of parole and then vote your own  
15 conscience. Can you do that?

16 JUROR RICHARD ROBINSON: Yes.

17 MR. CARTER: Thank you.

18 THE COURT: Okay. You may step down.

19 I am telling everybody this, but I almost forgot to  
20 tell you. I am sorry. But this is something I am  
21 telling everybody. But as you go back out, I don't want  
22 you to discuss anything that you've testified -- or that  
23 you stated in here or don't even go out and tell anybody  
24 the questions or anything.

25 JUROR RICHARD ROBINSON: Okay.

26 THE COURT: And as I say, I have asked  
27 everybody that has walked out this door to follow that  
28 same rule. But I almost forgot to ask you.

29 JUROR RICHARD ROBINSON: Okay.

1 THE COURT: So anyway, that is all.

2 JUROR RICHARD ROBINSON: Okay.

3 THE COURT: And Curtis Wayne Britt next.

4 Number 126.

5 (JUROR NUMBER 126, CURTIS WAYNE BRITT, ENTERED THE  
6 COURTROOM.)

7 THE COURT: Mr. Britt, if you will come on  
8 down, please, sir, and have a seat.

9 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

10 THE COURT: Mr. Britt, what we are doing now is  
11 asking questions of the prospective jury outside the  
12 presence of other jurors, because we just felt that was  
13 the best way to handle things. First of all, I want to  
14 ask you about knowledge of the case. Have you through  
15 the years heard anything about the case?

16 JUROR CURTIS BRITT: In the paper and on t.v.  
17 mainly.

18 THE COURT: And have you followed it very  
19 closely?

20 JUROR CURTIS BRITT: Not really. Not too  
21 close. I have seen it on t.v. a few times, you know.

22 THE COURT: And is there anything that you have  
23 seen, heard or read that has caused you to form an  
24 opinion as to the guilt or innocence of Mr. Flowers?

25 JUROR CURTIS BRITT: Well, I have my opinions,  
26 but, you know, I don't really know anything. I hadn't  
27 heard any real facts other than just, as I say, talk,  
28 t.v. and the paper.

29 THE COURT: Well, the opinion that you already

1 have, could you lay that opinion aside if you are a juror  
2 in this case?

3 JUROR CURTIS BRITT: Yes, I could.

4 THE COURT: Would you lay that opinion aside?

5 JUROR CURTIS BRITT: (Nodded.) I would go by  
6 the facts.

7 THE COURT: And what I -- first of all, I want  
8 to know if you have got an opinion already, could, could  
9 you leave that opinion at the door of the courtroom and  
10 not have that come in and influence you in any way?

11 JUROR CURTIS BRITT: I could.

12 THE COURT: So will you lay that opinion aside?

13 JUROR CURTIS BRITT: I will.

14 THE COURT: And will you base your decision if  
15 you are as a juror only on the evidence that's presented  
16 here in court?

17 JUROR CURTIS BRITT: Oh, yeah.

18 THE COURT: And the next questions involve the  
19 possible sentence that might be appropriate if it could  
20 get -- if it got to the phase where the sentencing  
21 hearing even took place. What happens is the jury  
22 decides guilt or innocence.

23 JUROR CURTIS BRITT: Right.

24 THE COURT: If the jury finds Mr. Flowers not  
25 guilty, there is no sentencing hearing.

26 JUROR CURTIS BRITT: Right.

27 THE COURT: Because there is no reason for it.  
28 The case is over. But if the jury finds Mr. Flowers  
29 guilty, then there is a sentencing phase. If the case

1       went to the sentencing phase, the State of Mississippi  
2       would be seeking the death penalty. And they would put  
3       on aggravating factors, which in the belief of the State  
4       would be the justification for the imposition of the  
5       death penalty. Mr. Flowers at that point would be  
6       putting on mitigating proof, which would in his mind show  
7       that the death penalty was not the appropriate sentence.  
8       Those mitigating factors can be any number of things that  
9       involved his past experiences or in his life or anything,  
10      basically, about his background and history. As you sit  
11      here today could you consider both life in prison without  
12      parole and the death penalty as sentencing options?

13               JUROR CURTIS BRITT: I could.

14               THE COURT: And do you have any -- do you favor  
15      one or the other option as you sit here?

16               JUROR CURTIS BRITT: Not really.

17               THE COURT: And will you wait until all the  
18      evidence is heard at the second phase, if it gets to that  
19      point, before you make that determination?

20               JUROR CURTIS BRITT: Oh, yeah.

21               THE COURT: Mr. Evans.

22               MR. EVANS: Good morning, Mr. Britt.

23               JUROR CURTIS BRITT: Good morning.

24               MR. EVANS: A lot of us have opinions on  
25      different things, but an opinion that you already have  
26      would not be appropriate in the courtroom. You  
27      understand that?

28               JUROR CURTIS BRITT: I understand.

29               MR. EVANS: So you are telling us without any

1 doubt that you would leave any opinion that you have  
2 aside, not let it influence your decision in any way and  
3 base your decision of guilt or innocence strictly on what  
4 you hear and see in court.

5 JUROR CURTIS BRITT: I will.

6 MR. EVANS: As far as the sentence, if the  
7 defendant is convicted, we go into the sentencing phase.  
8 The Court will tell you what the law is, tell you what to  
9 consider and how you should weigh everything.

10 Now, once that is done, we will put on -- or it will  
11 be after we do this. We will put on certain factors that  
12 we will be saying justify the death penalty. The defense  
13 will be putting on mitigating factors to say that they  
14 think the crime justifies life without parole.

15 The factors they put on may not even have anything  
16 to do with the case. They may be about his life. They  
17 may be his childhood, may be about him singing with a  
18 gospel group. They may be about things that happened or  
19 that he has done or hadn't done after the crime was  
20 committed. The Court will tell you that you should  
21 consider all of those things.

22 Will you tell us that even if he is convicted, you  
23 will not think about what sentence is appropriate until  
24 after the second phase is over?

25 JUROR CURTIS BRITT: I will.

26 MR. EVANS: And you will truly consider  
27 everything we put on, everything the defense puts on and  
28 only start thinking about what sentence would be  
29 appropriate at that point.

1 JUROR CURTIS BRITT: I will.

2 MR. EVANS: And you are not leaning one way or  
3 the other. You could be fair and impartial and make your  
4 decision at that point.

5 JUROR CURTIS BRITT: That's right.

6 MR. EVANS: Nothing further, Your Honor.

7 MRS. STEINER: Good morning, Mr. Britt.

8 JUROR CURTIS BRITT: Good morning.

9 MRS. STEINER: You were originally from  
10 Grenada; is that correct?

11 JUROR CURTIS BRITT: That is where I was born  
12 and raised.

13 MRS. STEINER: Okay. Are you kin to the late  
14 Reuben Britt?

15 JUROR CURTIS BRITT: Who?

16 MRS. STEINER: The late Reuben Britt of  
17 Grenada.

18 JUROR CURTIS BRITT: I think. Just I never  
19 knew him.

20 MRS. STEINER: You are kin. And are you aware  
21 of how he came to pass?

22 JUROR CURTIS BRITT: Now that you mention it, I  
23 had forgot about that. I never knew him.

24 MRS. STEINER: Mr. Britt died in a robbery --

25 JUROR CURTIS BRITT: Right.

26 MRS. STEINER: -- in which he was shot to  
27 death; is that correct?

28 JUROR CURTIS BRITT: That's right.

29 MRS. STEINER: And did you attend any of that

1 trial?

2 JUROR CURTIS BRITT: No, I didn't.

3 MRS. STEINER: Mr. Carter and I were the  
4 attorneys appointed to represent the defendant in that  
5 case.

6 JUROR CURTIS BRITT: Right.

7 MRS. STEINER: Can you set aside any feeling  
8 you might have about the counsel who defended the man who  
9 --

10 JUROR CURTIS BRITT: Right.

11 MRS. STEINER: -- was ultimately convicted of  
12 shooting and killing your relative?

13 JUROR CURTIS BRITT: I forgot about that. That  
14 is the reason I didn't say anything about it. I never  
15 knew the people.

16 MRS. STEINER: You didn't know them, but you  
17 are kin --

18 JUROR CURTIS BRITT: I never knew them at all.  
19 I think, maybe, fourth cousin or something.

20 MRS. STEINER: You are fourth cousins to --

21 JUROR CURTIS BRITT: Something like that.

22 MRS. STEINER: -- to a man who died in a  
23 capital murder.

24 JUROR CURTIS BRITT: Right.

25 MRS. STEINER: And you sat here throughout the  
26 voir dire in the group and everybody was talking about my  
27 second cousin did this. He was convicted of this.

28 JUROR CURTIS BRITT: Right.

29 MRS. STEINER: And that didn't even come to

1 mind.

2 JUROR CURTIS BRITT: That did not.

3 MRS. STEINER: You have the same name as a man  
4 who died in the capital murder.

5 JUROR CURTIS BRITT: I never knew him. I never  
6 even thought about that really. I am not going to lie  
7 about it. I never knew him.

8 MRS. STEINER: All right. Now, should you --  
9 should you be selected as a juror here today and consider  
10 sentence, you will be having to decide whether or not the  
11 State has proven its aggravating factors.

12 JUROR CURTIS BRITT: Right.

13 MRS. STEINER: Those only have to do with the  
14 crime.

15 JUROR CURTIS BRITT: Right.

16 MRS. STEINER: Beyond a reasonable doubt and  
17 agree all 12 of you. Do you understand that?

18 JUROR CURTIS BRITT: I understand.

19 MRS. STEINER: Now, Mr. Evans was talking about  
20 mitigating factors. And I think he misspoke and said the  
21 State may bring up things about Mr. Flowers life before  
22 this crime or even since the crime. That's the defense  
23 that will likely be doing that. Although, witnesses for  
24 the State may also testify about that. You understand  
25 that?

26 JUROR CURTIS BRITT: Right.

27 MRS. STEINER: His Honor will instruct you that  
28 with respect to deciding whether or not a mitigating  
29 factor exists or whether or not a life sentence without

1 parole should be imposed rather than the death penalty,  
2 each juror -- the jury does not have to come to a  
3 unanimous agreement. Do you understand that?

4 JUROR CURTIS BRITT: I understand.

5 MRS. STEINER: And each of you has your right  
6 to your personal opinion on what is mitigating and what  
7 might warrant a death penalty.

8 JUROR CURTIS BRITT: I understand.

9 MRS. STEINER: And that you have the right to  
10 keep your views respected by the other jurors. You have  
11 a right to say just, let's agree to disagree on this, I'm  
12 saying. You can change your mind if you wish. And  
13 similarly, if there is someone else sitting there that  
14 says I feel very strongly. This is my opinion. Will you  
15 respect their right to disagree with you if it happens to  
16 be a different opinion?

17 JUROR CURTIS BRITT: I will.

18 MRS. STEINER: Excuse me, Your Honor.

19 Mr. Carter said that, I believe, when you arrived at  
20 court, were waiting outside court, you were using a  
21 wheelchair assistive device. Was that just because of a  
22 place to sit?

23 JUROR CURTIS BRITT: I wasn't using a  
24 wheelchair. I sat in one yesterday just resting.

25 MRS. STEINER: You don't use it. You don't  
26 have a physical issue that would --

27 JUROR CURTIS BRITT: That wasn't my wheelchair.  
28 I was just sitting in it.

29 MRS. STEINER: Oh, okay. Thank you. Just

1 wanted to make sure there was --

2 JUROR CURTIS BRITT: It was more comfortable  
3 than the others.

4 MRS. STEINER: -- that would make you have to  
5 have special accommodations, not that you can't serve  
6 because of it.

7 JUROR CURTIS BRITT: Right.

8 MRS. STEINER: Just to make sure what the  
9 accommodations might be.

10 THE COURT: Mr. Britt, you may step down. And  
11 as you go back out, don't talk about with any of your  
12 fellow jurors what we have discussed in here.

13 JUROR CURTIS BRITT: Okay. Is that it?

14 THE COURT: Yes, sir. You may step down.

15 Number 127 next. Mr. Campbell.

16 (JUROR NUMBER 127, DON CAMPBELL, ENTERED THE COURTROOM.)

17 THE COURT: Mr. Campbell, if you will come on  
18 down, please, sir and have a seat.

19 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

20 THE COURT: Mr. Campbell, what we are doing now  
21 is we are asking questions outside the presence of the  
22 other jurors on a couple of issues that we just felt more  
23 appropriate to ask without having to ask it and do it in  
24 front of everybody.

25 I want to ask you if you have got knowledge about  
26 this case or have heard anything about it through the  
27 years.

28 JUROR DON CAMPBELL: Yes.

29 THE COURT: And how, how have you heard about

1 it through the years?

2 JUROR DON CAMPBELL: Just, just certain people,  
3 basically talk and about different things that went on  
4 and all that. That's all.

5 THE COURT: Have you seen t.v. or read the  
6 paper or heard on the radio or internet anything?

7 JUROR DON CAMPBELL: No. Huh-huh.

8 THE COURT: So it's basically just been --

9 JUROR DON CAMPBELL: Basically off the streets.

10 THE COURT: People talking that you might --

11 JUROR DON CAMPBELL: (Nodded.)

12 THE COURT: I guess probably you have worked  
13 for SuperValu for 18 years. You probably have heard a  
14 lot.

15 JUROR DON CAMPBELL: Oh, yes, sir.

16 THE COURT: Have those things caused you to  
17 form an opinion as to the guilt or innocence of Mr.  
18 Flowers?

19 JUROR DON CAMPBELL: No. Huh-huh.

20 THE COURT: And if you were sitting as a juror  
21 in this case, could you lay aside anything that you heard  
22 outside of court and base your decision only on the  
23 evidence that is presented here in court?

24 JUROR DON CAMPBELL: Yes, sir.

25 THE COURT: And would you do that?

26 JUROR DON CAMPBELL: I can do that.

27 THE COURT: Would you?

28 JUROR DON CAMPBELL: Yeah.

29 THE COURT: Now, the next area of inquiry I

1 want to ask about concerns the sentencing phase. And let  
2 me say this. There would only be a sentencing phase at  
3 this trial if the jury found Mr. Flowers guilty on the  
4 first part of the -- phase of the trial, which is called  
5 the guilt or innocence phase. If the jury found him not  
6 guilty, it's over. There is not a second part.

7 But if the jury were to find him guilty, then we  
8 would have the second phase. And that would be the  
9 penalty phase where the jury would be called upon to  
10 inquire or determine what they thought the penalty should  
11 be.

12 The State of Mississippi is seeking the death  
13 penalty in this case. And if the death penalty happened  
14 not to be imposed, then the Court would impose a sentence  
15 of life without parole.

16 The State will be putting on what they call  
17 aggravating factors, which are reasons, in the State's  
18 view, the death penalty is appropriate. Then Mr. Flowers  
19 would be putting on mitigating factors, which are reasons  
20 in his mind to show that the death penalty would not be  
21 an appropriate sentence. And that can be anything about  
22 his past history or life or anything that would be  
23 relevant toward that issue.

24 But the jury, ultimately, after all of that, would  
25 be called upon to make a determination as to what the  
26 appropriate sentence might be. If the facts justified it  
27 and the law allowed it, could you consider both the death  
28 penalty and life without parole as sentencing options?

29 JUROR DON CAMPBELL: Well, I'm strongly against

1 the death penalty so...

2 MR. CARTER: I couldn't hear him.

3 JUROR DON CAMPBELL: I'm strongly against the  
4 death penalty so I...

5 THE COURT: Well, could you lay that personal  
6 feeling aside about being against it and listen to the  
7 evidence and consider the death penalty?

8 JUROR DON CAMPBELL: No. I'm not going to be  
9 able to do it about the death penalty.

10 THE COURT: You are saying you could not  
11 consider it at all.

12 JUROR DON CAMPBELL: Not at all.

13 THE COURT: Mr. Evans.

14 They get to ask you questions of you now.

15 JUROR DON CAMPBELL: Yeah. Go ahead.

16 THE COURT: Mr. Evans and then the defense  
17 attorney.

18 MR. EVANS: Good morning, Mr. Campbell.

19 JUROR DON CAMPBELL: Good morning.

20 MR. EVANS: How are you doing?

21 JUROR DON CAMPBELL: All right.

22 MR. EVANS: You know, as we said the other day,  
23 nobody is questioning anybody's belief. We all have a  
24 right to our own beliefs, but your views against the  
25 death penalty are very strong; is that right?

26 JUROR DON CAMPBELL: Yes, sir.

27 MR. EVANS: And you, yourself, personally could  
28 never consider the death penalty in any case, no matter  
29 what the case was, could you?

1 JUROR DON CAMPBELL: I don't think so.

2 MR. EVANS: In addition to that, I want to  
3 cover a couple of other things. I think that you said  
4 you knew the defendant's brother, Archie, Jr.

5 JUROR DON CAMPBELL: Yes.

6 MR. EVANS: How do you know him?

7 JUROR DON CAMPBELL: Well, we played softball  
8 together back in the years, in the days.

9 MR. EVANS: Y'all were friends?

10 JUROR DON CAMPBELL: I consider him a friend,  
11 yes, sir.

12 MR. EVANS: Are you still friends?

13 JUROR DON CAMPBELL: Well, yes. Yes.

14 MR. EVANS: And knowing that your friend's  
15 brother would be on trial, would that thought be entering  
16 in your mind when you were listening to the evidence?

17 JUROR DON CAMPBELL: I'm pretty sure it would  
18 be on my mind. Yes, sir.

19 MR. EVANS: Do you think it would affect you?

20 JUROR DON CAMPBELL: Not really affect me, but  
21 it will be on my mind.

22 MR. EVANS: All right. And you are the only  
23 one that can answer this question. But would it affect  
24 you to the point that it might sway you one way or the  
25 other?

26 JUROR DON CAMPBELL: I believe so.

27 MR. EVANS: You believe it would?

28 JUROR DON CAMPBELL: I believe.

29 MR. EVANS: Your Honor, I have nothing further.

1 THE COURT: I don't know which one -- Mr.  
2 Carter.

3 MR. CARTER: Mr. Campbell, when the last time  
4 you have seen Archie, Jr.?

5 JUROR DON CAMPBELL: I don't know.

6 MR. CARTER: Been awhile?

7 JUROR DON CAMPBELL: It's been awhile.

8 MR. CARTER: When was the last time you played  
9 ball with him?

10 JUROR DON CAMPBELL: Oh, it's been years and  
11 years. Back in the days.

12 MR. CARTER: So y'all don't see each other  
13 often. While y'all might be friendly toward each other,  
14 it's not the kind of friendship where y'all see each  
15 other a lot and almost like brothers or anything like  
16 that.

17 JUROR DON CAMPBELL: No. We just, you know,  
18 speak whenever we see each other.

19 MR. CARTER: So whatever feelings you have  
20 towards him, those feelings aren't so strong that you  
21 would not be fair to the -- to the Ballards or the Tardys  
22 or the Stewarts or the Rigbys or the Goldens. Is that  
23 fair to say?

24 JUROR DON CAMPBELL: Yeah. That's fair to say.

25 MR. CARTER: Now, to hear these questions for  
26 the first time, and if you are like most folks, you  
27 probably don't know what is being asked of you. Let me  
28 just tell you from the beginning. We are not conceding.  
29 We are not saying Mr. Flowers is guilty of capital

1 murder. We are not saying he is going to be found guilty  
2 of capital murder. We don't know what is going to  
3 happen.

4 JUROR DON CAMPBELL: Um-hum.

5 MR. CARTER: But we do not intend for that to  
6 happen. But let me just say that -- and people come here  
7 and they bring their feelings with them. And there is  
8 nothing wrong with anything that anybody feels. There is  
9 nothing wrong with what you feel, what you think about  
10 the death penalty, life without possibility of parole or  
11 serving on a jury or anything else. Nothing wrong it.  
12 We take them as we come.

13 What you are being asked and you might not fully  
14 understand is that when you are asked can you consider  
15 the death penalty, you are not being asked can you vote  
16 for the death penalty and you are not being asked  
17 necessarily that you can vote for life without  
18 possibility of parole.

19 MR. EVANS: Your Honor, I, I disagree with  
20 that, because if he cannot ever vote for the death  
21 penalty he is being asked that.

22 MR. CARTER: Well, I don't care what you  
23 disagree with.

24 MR. EVANS: Your Honor --

25 THE COURT: Well, I --

26 MR. EVANS: -- may I phrase --

27 THE COURT: Mr. Carter, that is not --

28 MR. EVANS: -- my objection --

29 THE COURT: -- appropriate. I expect both

1 sides to treat the other side with respect. And that --

2 MR. CARTER: Yes, sir. Yes, sir.

3 THE COURT: And I understand in the heat of the  
4 moment, but we all have to be civil to each other in  
5 here. And that applies to Mr. Evans --

6 MR. CARTER: Yes, sir, I accept that.

7 THE COURT: -- and you as well.

8 MR. CARTER: Yes, sir.

9 THE COURT: But I will sustain the objection.  
10 You can rephrase the question.

11 MR. CARTER: You are being asked can you  
12 consider both options, and you are being asked can you  
13 think about? Can you weigh? However, if you served on  
14 the jury, the manner in which you vote, as far as guilty  
15 or not guilty, life or death, that's a personal decision  
16 that you have to make, that nobody can make for you.  
17 Nobody is telling you that you have to vote for the death  
18 penalty. Nobody is telling you that you have to vote for  
19 life without possibility of parole.

20 What we don't know is can you listen to the evidence  
21 and weigh the evidence that comes in and then weigh,  
22 think about, make a comparison as to whether you think  
23 these facts, the facts that you hear from the witness  
24 stand, from where you are sitting now, merit a verdict of  
25 life without possibility of parole or merit a verdict of  
26 death? You decide that. Nobody but you.

27 So what we want to know is can you listen to the  
28 evidence? Can you think when you go back, deliberate on  
29 both options, have an open mind about both? Then vote

1 your personal conscience. That is your conscience. That  
2 is your personal decision. Nobody can make you choose  
3 either way. Can you do that?

4 JUROR DON CAMPBELL: It's possibility that I  
5 could do that, but I wouldn't -- I wouldn't --

6 MR. CARTER: You wouldn't want to do it.

7 JUROR DON CAMPBELL: I wouldn't like it if --

8 MR. CARTER: You wouldn't like it.

9 MR. EVANS: Your Honor, he --

10 MR. HILL: He is interrupting.

11 THE COURT: Let him finish.

12 MR. CARTER: You said it's possible that you  
13 could do it, but you wouldn't want to do it. Is that  
14 what you are saying?

15 JUROR DON CAMPBELL: Yes.

16 MR. EVANS: Your Honor, may the witness answer  
17 instead of him answering for him? The witness was trying  
18 to answer the question, the juror.

19 MR. CARTER: Your Honor, this is not a valid  
20 objection. I listen to what --

21 MR. EVANS: It's very valid.

22 MR. CARTER: -- he is trying to say, and I try  
23 to rephrase it. I try to follow-up to make sure I  
24 understood what he is saying. And he answered the  
25 question. That is not a valid objection.

26 THE COURT: Was there, Mr. Campbell, anything  
27 else you wanted to say in response to that question?

28 JUROR DON CAMPBELL: No. I wouldn't be able to  
29 do it.

1 THE COURT: What? You wouldn't be able to  
2 do...

3 JUROR DON CAMPBELL: About the death penalty.  
4 The death penalty.

5 MR. CARTER: Are you saying, Mr. Campbell --

6 MR. EVANS: Your Honor, may he finish telling  
7 the Court his answer before he is interrupted?

8 THE COURT: Now, he was responding, you know,  
9 because apparently he wasn't finished. And I know you  
10 didn't mean to interrupt him.

11 MR. CARTER: Yes, sir.

12 THE COURT: But you can now finish the response  
13 you were now giving to Mr. Carter's question.

14 JUROR DON CAMPBELL: No. I wouldn't consider  
15 the death penalty.

16 MR. CARTER: And you are saying - so we can be  
17 clear - you wouldn't even weigh and think about both  
18 options. Is that what you are saying? Or are you saying  
19 you wouldn't vote for the death penalty?

20 JUROR DON CAMPBELL: I wouldn't -- I wouldn't  
21 vote for the death penalty.

22 MR. CARTER: And you couldn't even -- okay.  
23 Let me be clear about this. You are saying you, you, you  
24 could think about both options, and you would choose life  
25 without possibility of parole or you wouldn't even think  
26 about both options.

27 JUROR DON CAMPBELL: About parole. I'm talking  
28 about --

29 MR. CARTER: I'm sorry. Let me ask you again.

1 Let me slow down a little. I want to be 100 percent  
2 clear what you are saying. Are you saying that if you  
3 listened to the evidence, and you went back and  
4 deliberated that you couldn't even think about both  
5 penalties that the State of Mississippi allows for  
6 capital murder and then choose whatever penalty you think  
7 is appropriate? Or are you just saying that you could  
8 think about both but you would vote life without  
9 possibility of parole and not death? Maybe that's even  
10 more confusing. I don't know. Do you understand what  
11 I'm saying?

12 JUROR DON CAMPBELL: (No response.)

13 MR. CARTER: Let me start again.

14 JUROR DON CAMPBELL: Yeah. Do that again.

15 MR. EVANS: Your Honor, I think he has made it  
16 abundantly clear that he could never vote or consider the  
17 death penalty.

18 JUROR DON CAMPBELL: Yeah. That, that is my  
19 that is my...

20 MR. CARTER: You are saying you wouldn't think  
21 about either. Is that what you are saying? You wouldn't  
22 think about death and -- you wouldn't think about the  
23 death penalty and you wouldn't vote for it.

24 MR. HILL: Your Honor, one objection I would  
25 like to make because --

26 MR. CARTER: Judge --

27 MR. HILL: -- defense counsel is --

28 MR. CARTER: They are the one that --

29 COURT REPORTER: Judge.

1 MR. CARTER: Your Honor, you told me yesterday  
2 when Miss Steiner was up here, and I tried to object as  
3 Mr. Steiner was the questioner that Miss Steiner had to  
4 object. Mr. Evans needs to object. We are going to have  
5 the same rules. Mr. Hill is not going to object.

6 THE COURT: Mr. Evans can make an objection if  
7 he has one.

8 MR. EVANS: I don't even have one.

9 THE COURT: Now, if you will, it is getting  
10 close. You have already used your time.

11 MR. CARTER: I really want to quit. Final  
12 question one more time. I believe you are saying you  
13 don't like it, you wouldn't vote for it. But what I want  
14 to know is could you even consider the death penalty?  
15 Yes or no?

16 JUROR DON CAMPBELL: No.

17 MR. CARTER: Okay. Thank you.

18 THE COURT: Mr. Campbell, you may step down.  
19 When you walk back out, don't talk with your fellow  
20 jurors what has been discussed in here, please.

21 JUROR DON CAMPBELL: Okay. Yes, sir.

22 THE COURT: We will take about a 10-minute  
23 recess. I imagine everybody is ready to stretch a little  
24 bit.

25 (A RECESS WAS TAKEN.)

26 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
27 AND THE DEFENDANT WERE PRESENT. PROCEEDINGS RESUMED AS  
28 FOLLOWS:)

29 THE COURT: There were three people who were

1 challenges for cause for different reasons yesterday.  
2 And I had said I wanted to look at the rough draft of the  
3 court reporter's notes before I made a determination,  
4 because I wanted to make sure that I had fully understood  
5 the statements that were made. And I have gone back and  
6 looked, and I am satisfied that Miss Bates is a proper  
7 strike for cause.

8 MR. CARTER: What number is she, Your Honor?

9 THE COURT: Number 48. She did state in her  
10 response to question that she did already believe the  
11 better punishment would be the death penalty if it got to  
12 that phase.

13 Then Number 51, Huggins. I went back because there  
14 was some question about whether he -- and I mean he did  
15 make a statement about eye for eye, but Miss Steiner  
16 followed that up with a question from him. And he stated  
17 that the question was some -- something to the effect of  
18 would that be how he would view the case in the  
19 sentencing phase, and he said not necessarily an eye for  
20 a eye in that phase. And then he said he could consider  
21 the evidence. So I do not think that Number 51 is  
22 appropriate for, for cause and will deny that -- yeah,  
23 deny that one for cause.

24 And then Miss Copper, Number 62. The State had made  
25 a challenge for cause. I went back. When the prosecutor  
26 was questioning her, she did indicate there were some  
27 people that she felt like she couldn't be fair. But when  
28 she was questioned by the defense she then stated that  
29 because of those -- knowing all of these people, and she

*Challenges for Cause*

1 knows just about everybody based on what I can see from  
2 her responses, but that she would be uncomfortable doing  
3 it. Then I followed up at the end and asked her. I said  
4 will you follow the evidence and go wherever the evidence  
5 leads and she said that she would. So I am satisfied  
6 that, that she is not a proper one to strike for cause  
7 either.

8 And do we have any strikes or challenges for cause  
9 now as to any jurors that we have heard so far this  
10 morning?

11 MR. EVANS: Yes, sir. The last one that we had  
12 we would definitely move to strike for cause. He has  
13 unequivocally said that he could never consider the death  
14 penalty.

15 MR. CARTER: No objection, Your Honor.

16 THE COURT: We will allow Mr. Campbell for  
17 cause.

18 MR. EVANS: Hold on just a minute, Your Honor.  
19 I have the wrong list here. Give me just one second.

20 MRS. STEINER: Is that 127 we are discussing  
21 here?

22 MR. HOWIE: No. We've already struck him.

23 MR. EVANS: 125 we would also move for cause.  
24 He said he could never vote for the death penalty. Only  
25 could listen to both sides and vote for whichever he  
26 wanted at that point. But that was after saying he could  
27 never consider it and vote for it. The only thing he  
28 ever said to the defense was he could listen to both  
29 sides. He never said he could consider it and go from

1           there.

2                   MR. CARTER: We object to that one, Your Honor.

3                   THE COURT: I believe he was sufficiently  
4 rehabilitated when he was asked questions by the defense  
5 that he should not be stricken for cause.

6                   MR. EVANS: That's all we have, Your Honor.

7                   MRS. STEINER: Thank you, Your Honor. We would  
8 move to strike for cause Juror Michael Austin, 122.

9                   THE COURT: I think he is 121.

10                  MRS. STEINER: 121. Thank you, Your Honor.

11                  Again, this is under the *Reynolds, Murphy*. And  
12 merely by virtue of having an opinion, we believe that  
13 the Court's Sixth Amendment obligation to provide a fair  
14 and impartial juror requires that it not necessarily  
15 credit the aspirational statement of a juror regarding  
16 his ability to be fair. And in particular, in this  
17 because of his close friendships, particularly with Frank  
18 and Roxanne Ballard. Miss Ballard is going to be a  
19 witness.

20                  He has said -- especially with respect, should there  
21 be a penalty phase, to any victim impact, his wife and  
22 she have a personal relationship related specifically to  
23 Miss Ballard's loss of her mother. I think under those  
24 circumstances it's not merely not crediting a -- the  
25 opinion but also, Your Honor, an implied bias, as well.

26                  And, Your Honor, I would also invite the Court's  
27 attention to *Manning versus State*, in which a capital  
28 murder case, a capital murder verdict was affirmed. But  
29 in that case, 735 So.2d 323, and they were talking about

1 this at 326, that that was -- they, they did say a juror  
2 who said they were able to set aside what they knew about  
3 a case and be fair and impartial were credited. But it  
4 was -- one of the reasons it was affirmed was because the  
5 trial court had excused for cause two jurors who had  
6 already formed an opinion.

7 I -- the case I, I didn't -- so I think that there  
8 is a distinction between being able to credit a juror who  
9 can set matters aside, particularly one without personal  
10 relationships with the witnesses, and when he says he or  
11 she has an opinion. And I believe Mr. Austin is both.  
12 He both has a personal relationship with at least one of  
13 the witnesses and with one of the victim families and has  
14 formed an opinion. And I think that's a two-fer, and I  
15 think that puts him in the same kind of category as the  
16 young gentleman you struck who had been an honorary pall  
17 bearer at the funeral.

18 I think whenever it happened his wife's relationship  
19 to Miss, Miss Ballard about the mutual -- each of the  
20 losses of their mother under sudden notice is just  
21 simply -- no matter how he aspires to be fair, not going  
22 to do it. And it's the Court's obligation to step in  
23 under the Sixth Amendment and remove him for cause.

24 And I will sit down while you rule.

25 MR. EVANS: Your Honor, this clearly is not a  
26 cause strike. He has stated that he had an opinion. It  
27 was not a fixed opinion. He could be fair and impartial.  
28 And the opinion would have nothing to do with his  
29 decision. The only connection that she is trying to

1 raise is the fact that his wife and Roxanne Ballard both  
2 lost their mothers. And they talked about a loss, not  
3 about the facts of the case, just a loss. And that is  
4 not him. That is his wife. If his wife were here as a  
5 juror, it might be a different question. But it is  
6 certainly not a question as far as him. And he clearly  
7 said that would not affect him.

8 THE COURT: Well, I see his circumstances  
9 vastly different from Juror 108 who had indicated one of  
10 the victims of the incident was his best friend. Here  
11 Mr. Austin has stated affirmatively that he would lay any  
12 opinion he had that was gathered outside of the court and  
13 base the decision strictly on the evidence presented. He  
14 was asked about -- from what he testified -- I mean what  
15 his responses were that his wife, I take it, was somewhat  
16 counseled by Roxanne Ballard after his wife's mother died  
17 suddenly. He said that, that would not bring up any  
18 issues in his mind concerning his mother-in-law's death,  
19 that it would not affect him in any way.

20 I do not believe that what his statements were mere  
21 aspirational. That is his oath. And I had the  
22 opportunity to look straight at him when he was  
23 testifying. I found his statements to be believable, and  
24 I do not find any reason that would justify him being  
25 stricken for cause.

26 MRS. STEINER: Your Honor, our next cause  
27 strike would be of Juror 124, Miss Martha Britt. It's on  
28 several grounds. First, she has an opinion on this  
29 matter. And you know, to her credit, whenever asked,

1 without being lead by me or Mr. Evans and the Court was  
2 not asking leading questions of her, her response was she  
3 believed she could be fair.

4 In addition, she has a sufficiently close  
5 relationship with, with the Rigby family. Yes. Oh, she  
6 is the one who sings duets with Bennie Rigby. And I  
7 believe she stated in general voir dire they have dined.  
8 They have broken bread together. This appears to be a  
9 close, artistic relationship.

10 And she -- I, I don't know whether she actually  
11 teared up. But I asked her if she was feeling strong  
12 emotions, especially when, when Mr. Evans began asking  
13 about considering Mr. -- facing Mr. Rigby. And again,  
14 when she -- you know, when I asked her, and she just --  
15 her response was well, this is all difficult. And I  
16 think that given her close, personal relationship, her  
17 apparent emotion and the fact that she has an opinion and  
18 Mr. Rigby is likely to be a victim impact witness, even  
19 if this would not be sufficient, which we do not concede,  
20 for her to deliberate with respect to guilt, I think it  
21 substantially impairs her with respect under *Branch* and  
22 *Morgan* to be able to deliberate in the penalty phase when  
23 we have victim impact testimony comes in from Mr. Rigby.

24 And we would therefore move under the Sixth  
25 Amendment that she be stricken. To leave her on would  
26 render the jury not sufficiently fair and impartial to  
27 satisfy the demands of the Sixth Amendment, which protect  
28 the defendant's rights.

29 MR. EVANS: Your Honor, all she said is she had

1 an opinion. It was not a fixed opinion. She could set  
2 that opinion aside, base her evidence strictly on the  
3 evidence. She sings with Bennie Rigby. That was the  
4 only thing that was brought out. She said that they had  
5 never talked about the case. And there is nothing in  
6 there to indicate that she could not be fair and  
7 impartial.

8 She has flat said that she could set everything  
9 aside and base her opinion on the evidence. She had no  
10 fixed opinion on what the penalty should be. She would  
11 fairly and honestly consider both sides before she made  
12 any decision.

13 THE COURT: I, I remember her statements,  
14 basically the very same as the State. She said that --  
15 well, first of all, she didn't know Mr. Rigby when this  
16 murder occurred. She didn't know Mr. Rigby until seven  
17 years after he had lost his wife. So it's not like they  
18 were even friends back during that time period. But she  
19 said that she would lay any thoughts she had aside, that  
20 she would listen only to the evidence that was presented  
21 here in court and will make her decision based on that.  
22 I think the thing that struck the Court the most  
23 concerning her honesty and sincerity is when she said I  
24 have to look in the mirror at myself. I, I have got to  
25 live with, with what I rule.

26 So I am convinced beyond any doubt that if she had  
27 any hesitation she would have spoken up. She did say she  
28 could consider the evidence and would not be influenced  
29 by any friendships or associations with anyone. And

1 again, I don't think her statement was merely  
2 aspirational. I think it was an affirmative, sincere  
3 from the heart statement. And so I do not see grounds  
4 for striking Miss Britt for cause.

5 MRS. STEINER: Thank you, Your Honor.

6 The next one we would challenge for cause is Juror  
7 Number 12, Reuben -- excuse me, Curtis Britt.

8 Is that 126?

9 MR. CARTER: Yes.

10 MRS. STEINER: I have never heard a more  
11 thorough or response provoking voir dire from a Court as  
12 the one you conducted in this courtroom. I, I lost track  
13 of the number of people who had not put down relatives  
14 who were crime victims and other very distant relatives  
15 on the -- on their questionnaires, who, as Your Honor  
16 began your very thorough voir dire, hands were popping up  
17 all over. Up. I just remembered. I have this. I have  
18 that. And it was second and third cousins.

19 And this prospective juror has a relative who died  
20 in a robbery, armed robbery, capital murder in the  
21 adjacent county. And I find that the fact that it took  
22 until we had to ask about kinship to this man. We did  
23 not ask anything other than was he kin, and he had  
24 already responded to that. And I was prepared to leave  
25 it alone. And that prompted a memory.

26 And I believe that when you have a relative in the  
27 place where you grew up your whole life, who has died in  
28 a crime in which certainly the aggravation and the  
29 circumstances, armed robbery in the course -- death in

*Challenges for Cause*

1 the course of an armed robbery by shooting, that, that is  
2 just -- that person should not be permitted. Just having  
3 that by itself is enough implied bias that this person  
4 under the Sixth Amendment should be excused as being  
5 unable to fairly deliberate on either guilt or sentence  
6 for this defendant.

7 And it's an, an -- the fact that it was not  
8 forthcoming, although, not necessarily in and of itself a  
9 basis for striking under these circumstances, I think  
10 supports the fact that there is likely to be some implied  
11 bias because of the complete similarity, nature of the  
12 crimes. And, of course, Mr. Carter and I represented the  
13 defendant in that case.

14 MR. EVANS: Your Honor, he didn't even know  
15 him. He clearly stated that he might -- he thought he  
16 might be his fourth or fifth cousin, but he didn't know  
17 him, had never met him, didn't know anything about him,  
18 did not attend the trial, didn't know anything about the  
19 trial. And he wouldn't have known they were the  
20 defendant's attorneys if she hadn't volunteered that to  
21 him. Now he knows it, but he wouldn't have unless she  
22 had told him. There was absolutely nothing about that  
23 that was improper. He didn't think about a relative he  
24 had never met and didn't know.

25 MRS. STEINER: Your Honor, and I also had a  
26 note here that under the general *Murphy, Reynolds* he did  
27 say he already had an opinion in this case. I think that  
28 compounds it. And would even, standing on its own, do  
29 it. But certainly when you have both these factors, a

1 family member, however distant, plus an opinion. And I  
2 did not mean to preclude Mr. Evans from responding to  
3 that. I just had overlooked that, as well.

4 THE COURT: Well, if you believe the story of  
5 Genesis, we are all ultimately related to some -- all of  
6 us are related to each other in some fashion. But he  
7 stated that at most they might be fourth cousins, and he  
8 did not have any idea who Reuben Britt was. He didn't  
9 put it on his questionnaire, because he didn't think  
10 about it, because he didn't know him.

11 And he said the fact that he didn't know -- you  
12 know, the fact that he was murdered would not be a factor  
13 or influence him in this case. And they didn't grow up  
14 -- well, there is no proof. You are saying they grew up  
15 in the same community, but there is nothing that is  
16 presented before this Court that they grew up in the same  
17 community.

18 Mr. Britt, I know, owned a store over on the Calhoun  
19 Grenada County line, which is, you know, probably 60 or  
20 70 miles from here. So -- and I can take judicial notice  
21 of that, having tried the case where Mr. Britt was the  
22 victim of murder. But they certainly didn't grow up in  
23 the same community. There is not any indication that,  
24 that Mr. Britt even knew him.

25 And he stated the fact that y'all represented him  
26 would not be a factor in his deliberations. And he said  
27 that he would set any opinion aside that he had about the  
28 case and base his decision strictly on the evidence  
29 presented here in court. He stated that affirmatively,

1 and I have every confidence that he meant what he said.

2 I'll just say on a personal note. I, I don't know  
3 any fourth cousins. I am sure I have got some, but I  
4 don't know them. I don't consider fourth cousins to be a  
5 relative, because I don't know them. I mean some  
6 families know their family tree from, you know, tenth  
7 generation but I don't. And apparently neither does Mr.  
8 Britt. You know, there are some families where a third  
9 cousin is a real close, you know, ties there and there  
10 are others that it's not.

11 And in his case it is clear that, that it was not.  
12 It is like in my family. As I say, if -- I'd have to sit  
13 here half the day trying to think of who might be a  
14 fourth cousin. And if I sat too long I might think of  
15 somebody I didn't want to be related to at all. I will  
16 put it like that.

17 MRS. STEINER: Your Honor, if the Court please,  
18 and I know you have access to the court reporter's notes,  
19 although not instantly. It, it was genuinely -- I heard  
20 him to say his juror questionnaire states he was born in  
21 Grenada and grew up there his whole life. Grew up there.  
22 He moved here, I think, as an adult. But he said his  
23 family was from there. Now, I don't know Grenada, how  
24 large it is. I, I spent 26 years in Hattiesburg, and  
25 it's a town of about 40,000. And at least, I think it's  
26 about comparable to Grenada. When I was there being from  
27 anywhere in Hattiesburg is being from the same community.  
28 If that is not the case, then the Court can take judicial  
29 notice of that in Grenada.

1 THE COURT: We don't know where Reuben Britt  
2 grew up. I mean we know where he was at when he died,  
3 but we don't have any idea where Reuben Britt grew up.  
4 So even if Mr. -- even if Juror 126 grew up in Grenada,  
5 there is no, no proof that they grew up in the same town  
6 or same community.

7 MRS. STEINER: Your Honor, I believe you could  
8 take judicial notice of the record that's on file in the  
9 Mississippi Supreme Court. There was victim impact  
10 testimony in that case which did talk about the long  
11 lasting connections of -- at least the victim impact  
12 witnesses who testified there to, to the community and  
13 their father to that community. I, I don't want to  
14 debate this with the Court. I just wanted to say I did  
15 not want the Court to inadvertently err with respect to  
16 its fact finding.

17 THE COURT: Let me just back up and say there  
18 is no evidence in the record we have today without me  
19 taking judicial notice of anything or anything else.  
20 There is nothing that shows that these two gentlemen grew  
21 up in the same community. And again, Curtis Wayne Britt  
22 said I don't know Reuben Britt. I never knew him, never  
23 had any knowledge of him. And his, his statement is what  
24 it is.

25 You did indicate you wanted to bring Number 51. I  
26 believe it was Number 51.

27 MR. EVANS: Your Honor.

28 THE COURT: I'm sorry.

29 MR. EVANS: Excuse me for interrupting. But we

*Challenges for Cause*

1 have been looking at it. We have finally gotten the  
2 report in on Juror Number 87.

3 I, I don't know if we can agree but we would offer  
4 to strike her for cause or just to agree to a cause  
5 strike on her because of some of the mental evaluations  
6 and things like that.

7 MRS. STEINER: We haven't seen --

8 MR. EVANS: Would you like to see?

9 MRS. STEINER: Certainly. May we have...

10 (MR. EVANS CONFERRED WITH MRS. STEINER AND MR. CARTER.)

11 MR. CARTER: I think we will agree. We don't  
12 need to see more of this.

13 THE COURT: If both agree, I am not going to  
14 make any further inquiry on, on that.

15 I want to count and see because it's the Court's  
16 intention to have three alternates because of the length  
17 of time that it might go on, because we would have three  
18 alternates. Each side gets to strike 15 jurors. So  
19 before we begin looking at the panel, need 45 jurors.  
20 And I don't know how many we have got. But once we reach  
21 the 45 that can be potential jurors, I do not see any  
22 reason to continue voir diring people individually who  
23 have absolutely no chance of being on the jury. And so I  
24 am going to count and y'all count too. And also, we do  
25 have Number 51 that --

26 MRS. STEINER: And Number 94 both require.

27 THE COURT: What was 94? I remember 51.

28 MR. HOWIE: I think she just had something to  
29 say, Judge.

1 MRS. STEINER: She requested to come in.

2 THE COURT: Oh, that's right. Why don't we let  
3 them both come in before we even bother counting now?  
4 Because, you know, there might be something that is said  
5 that might disqualify one of them or something. So  
6 bring -- and I am limiting Number 51 to your question  
7 about whether he sat through voir dire before.

8 MRS. STEINER: That is the only thing I didn't  
9 cover before. That is the only thing I didn't cover  
10 before.

11 THE COURT: If you will, bring Number 51 back  
12 in here for a minute.

13 BAILIFF BROWNING: Mr. Huggins.

14 THE COURT: Mr. Huggins.

15 (JUROR NUMBER 51, BURRELL HUGGINS, ENTERED THE  
16 COURTROOM.)

17 THE COURT: If you will, come down, Mr.  
18 Huggins, and have a seat. There were a couple more  
19 follow-up questions.

20 If you will have a seat there, please.

21 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

22 MRS. STEINER: Thank you, Your Honor.

23 Good morning, again, Mr. Huggins.

24 JUROR BURRELL HUGGINS: Good morning.

25 MRS. STEINER: When you were talking to His  
26 Honor in the -- when everybody was in the room and then  
27 later when you were talking privately here with all of  
28 us, you indicated that you -- because you work away,  
29 you'd no real significant prior exposure to the facts of

1 this case until you were called to come here today; is  
2 that correct?

3 JUROR BURRELL HUGGINS: That's true.

4 MRS. STEINER: On Friday, this past Friday. Do  
5 you recall being summonsed as a Juror in 2008 to be in  
6 this case?

7 JUROR BURRELL HUGGINS: Be in this one?

8 MRS. STEINER: Yes.

9 JUROR BURRELL HUGGINS: Yes, ma'am. I remember  
10 it.

11 MRS. STEINER: All right. And you were  
12 questioned at that time. You sat through a similar  
13 process until you finally -- I think you were so far down  
14 in the list, nobody -- you were excused because you  
15 weren't needed; is that correct?

16 JUROR BURRELL HUGGINS: Yes.

17 MRS. STEINER: And in that you testified that  
18 you knew Miss Tardy to see her, but that your wife knew  
19 Miss Rigby a little bit better than that.

20 JUROR BURRELL HUGGINS: Yes, ma'am. My wife is  
21 from here. She knows a lot of folks.

22 MRS. STEINER: All right.

23 JUROR BURRELL HUGGINS: I'm not from here.

24 MRS. STEINER: I understand. But so you were  
25 mistaken when you said the first time you heard anything  
26 about this case was when you walked in here this past  
27 Friday.

28 JUROR BURRELL HUGGINS: Well, it happened in  
29 '96. I mean what I meant was since then I have heard a

1 little off and on when I would come in, you know, into  
2 home.

3 MRS. STEINER: Thank you.

4 JUROR BURRELL HUGGINS: I didn't know that much  
5 about it.

6 MRS. STEINER: I'm sorry. I appreciate it.

7 I have nothing further, Your Honor.

8 THE COURT: Has any of those things that you  
9 have heard or anything that you might have just picked up  
10 on by previous voir dire in this case, any of that  
11 influence you or affect you --

12 JUROR BURRELL HUGGINS: Nope, it would not.

13 THE COURT: -- in being a fair and impartial  
14 juror?

15 Okay. Thank you.

16 JUROR BURRELL HUGGINS: I tried to be as honest  
17 as I could. I was brought up honest.

18 THE COURT: Certainly, honesty is a great  
19 quality to have.

20 JUROR BURRELL HUGGINS: It's a lot of it not  
21 around, isn't it?

22 THE COURT: I --

23 JUROR BURRELL HUGGINS: I did not mean to say  
24 that.

25 THE COURT: We are all entitled --

26 JUROR BURRELL HUGGINS: I'm just a plain  
27 person. I'm just a plain person.

28 THE COURT: I appreciate your frankness and  
29 your honesty. And you may step down.

1 JUROR BURRELL HUGGINS: I come up the hard way.

2 THE COURT: Okay. You can -- you can go on  
3 back out now.

4 JUROR BURRELL HUGGINS: Thank you, sir.

5 THE COURT: And then what was that number  
6 again?

7 MRS. STEINER: 94. Miss Acy.

8 THE COURT: Miss Acy.

9 If you will bring Miss Acy in.

10 (JUROR NUMBER 94, MELISSA ACY, ENTERED THE COURTROOM.)

11 If you will come down, ma'am, and have a seat.

12 (THE JUROR WAS SEATED ON THE WITNESS STAND.)

13 Our bailiff indicated that there was something that  
14 you felt you didn't mention or either something -- I, I  
15 don't know. Well, I don't know what it is.

16 JUROR MELISSA ACY: Right. I was asked the  
17 question yesterday about residents that had been at the  
18 nursing home and any family members. And it -- I didn't  
19 do it intentionally, but there is a family member of one  
20 of the victim's families. She wasn't a family member  
21 years ago when she came to the nursing home, but she has  
22 become one in the last year and a half or two.

23 THE COURT: And who was that?

24 JUROR MELISSA ACY: Miss Naomi White, who is  
25 Bennie Rigby's mother-in-law currently.

26 THE COURT: So Mr. Rigby married at some time.  
27 I mean I don't know when.

28 JUROR MELISSA ACY: Right.

29 THE COURT: He remarried after his first wife.

1 JUROR MELISSA ACY: Yeah.

2 THE COURT: So --

3 JUROR MELISSA ACY: She had been a resident for  
4 years, and then they married. And it just didn't come to  
5 me until I left, and I was upset that I --

6 THE COURT: And I appreciate that.

7 JUROR MELISSA ACY: I didn't want to  
8 intentionally...

9 THE COURT: Is there anything -- do you -- does  
10 Mr. Rigby come in the nursing home to visit her?

11 JUROR MELISSA ACY: I mean I have seen him  
12 there, and he has sung there but...

13 THE COURT: Would the fact that you have seen  
14 him there or might see him in the future there influence  
15 or affect you as --

16 JUROR MELISSA ACY: No.

17 THE COURT: -- far as your ability to be fair  
18 and impartial?

19 JUROR MELISSA ACY: No.

20 THE COURT: And if you were to find Mr. Flowers  
21 not guilty in this case and were to see Mr. Rigby later,  
22 would you feel ill at ease or feel uncomfortable because  
23 you had ruled that way?

24 JUROR MELISSA ACY: No, sir.

25 THE COURT: So will this in any way have any  
26 influence at all on you being fair and impartial?

27 JUROR MELISSA ACY: No. It just made me  
28 sleepless.

29 THE COURT: Well, I appreciate you after

1 thinking about it coming forward and giving us that  
2 information. You may step back out.

3 JUROR MELISSA ACY: Thank you.

4 THE COURT: Y'all may have been counting while  
5 I was talking to the people. I don't know. Let me --  
6 let's all do a count now and see how many jurors we have  
7 got.

8 MRS. STEINER: Your Honor, we would renew our  
9 objection, our motion to strike Mr. Huggins for cause and  
10 add the extreme lateness of his being forthcoming not  
11 only about having heard about this case before but also  
12 with respect to his wife's connection and acquaintance  
13 with Miss Rigby during her lifetime.

14 THE COURT: Mr. Huggins has said that he has  
15 worked away from here for 47 years, comes in and spends a  
16 couple of nights, a month here. His wife raised the  
17 children here. And he said his wife knew her but he  
18 didn't know. And he might have known who Miss Tardy was,  
19 and that's the only statements that he has made.

20 And again, I look back on his statements, and he did  
21 not say that he would necessarily have a view of a eye  
22 for an eye, that he would consider the evidence. And I  
23 take him -- in fact, I believe him being truthful. I'm a  
24 truthful person, that's the way, honest or truthful. I  
25 don't remember.

26 MR. EVANS: Your Honor, you did not strike  
27 Number 125 for cause, did you?

28 THE COURT: No.

29 MR. EVANS: I count 46. I was missing one. I

1 was one too high.

2 THE COURT: I'm showing right exactly 45.

3 MR. EVANS: That is what I have got now.

4 MR. HOWIE: That's what we have got now.

5 THE COURT: Well, I will let everybody count.

6 Mr. Carter, have you had an opportunity to count?

7 MR. CARTER: I got 44 though, Your Honor.

8 THE COURT: Let's just all --

9 MR. CARTER: Call out the numbers, I guess.

10 THE COURT: I was going to say let's all count  
11 together. After calculators, I don't think anybody is  
12 good at math anymore.

13 Okay. I am showing Number 1, Hamilton; and Number  
14 3, O'Quinn; Number 25, Robinson.

15 MRS. STEINER: Number 8.

16 MR. EVANS: Eight, Robinson.

17 THE COURT: I'm sorry. What I've got is I've  
18 got eight. And then I've got the original number out  
19 where they were -- you know, before we struck different  
20 ones or excused. I'm sorry. I was looking at the  
21 original number before the number -- jury list was  
22 renumbered last Friday.

23 Okay. Number 1, 3, 8, 12, 14, 17, 18, 22, 25, 26,  
24 29, 30, 38, 40, 42, 44, 45, 47, 48.

25 MR. EVANS: 48 is for cause.

26 THE COURT: That's right. I'm sorry. Okay.  
27 Then that -- okay. That is probably where my  
28 discrepancy, because I forgot to mark her off. So let me  
29 see.

1           Okay. So that puts 50, 51, 53, 54, 58, 59, 62, 63,  
2           67, 68, 69, 72, 75, 78, 91, 94, 103, 107, 110, 111, 119,  
3           120, 121, 123, 124, 125, 126.

4           MR. HILL: That's it.

5           MR. EVANS: That's it.

6           THE COURT: Okay. Now count them all. But we,  
7           we probably do need one more because I had counted that  
8           one wrong, or I forgot to mark it off.

9           Well, I'm still counting 45.

10          MR. EVANS: It's 45.

11          THE COURT: What are y'all counting now?

12          MR. CARTER: Forty-five this time.

13          MRS. STEINER: Forty-five, Your Honor.

14          THE COURT: I do think what I'm going to do, I,  
15          I, I want to call them in and -- because I know both of  
16          you want to look over your notes for some period of time.

17          MRS. STEINER: I would like to renew an  
18          objection at this point --

19          THE COURT: You may.

20          MRS. STEINER: -- to the -- to the process.

21                 Your Honor, this is our objection under *Lockhart* and  
22                 in general under the equal protection clause of the  
23                 United States Constitution to the fact that by virtue of  
24                 the elimination process to this date, even if you take  
25                 the entire venire as of this morning, it had gone from a  
26                 venire that was 42 percent African-American and 55  
27                 percent white. And there were two or three percent that  
28                 who had not self-identified at the point at which all the  
29                 juror questionnaires were here on Friday and all the

1 jurors had shown up.

2 As of this morning, that ratio had been halved on  
3 points, and the venire was 72 percent Anglo-American,  
4 white, and 28 percent African-American. With the course  
5 of today's challenges, I think that that ratio has not  
6 changed. That is still a statistically significant  
7 reduction in this venire.

8 And in fact, if the Court takes this, this situation  
9 and excuses all the remaining outstanding jurors - one,  
10 two, three, four, five, six - six of the  
11 African-Americans, we are going to be reduced. We were  
12 already reduced one by the challenges to 15  
13 African-Americans. We will be down to fewer than 9  
14 African-Americans.

15 And I, I can take a recess and get out my  
16 calculator. We are even statistically, significantly  
17 more reduced from the original venire that was summonsed,  
18 turned in jury instructions -- jury questionnaires and is  
19 now before this Court. And I would renew the *Lockhart*,  
20 the *Witherspooning* had that significant discriminatory  
21 effect again.

22 And I would renew the motion with respect to -- and  
23 I, I would now re-urge this, when I've not previously  
24 urged. We had in the last trial urged that should this  
25 jury -- that the prosecutor be, be precluded from making  
26 peremptory strikes because so much of this -- because  
27 there is the history that has been found by the  
28 Mississippi Supreme Court of racial discrimination in  
29 jury selection with respect to this case by this

1 prosecution. It's happened actually -- the predecessor  
2 in Flowers II, in Harrison County, found a Batson  
3 violation and ruled a strike by the State. So that in  
4 two proceedings and on the basis of what has been a  
5 persistent pattern of simply, you know, asking things  
6 that are clearly, if not flatly race or at least  
7 race-based --

8 THE COURT: Okay. Name one.

9 MRS. STEINER: Say what?

10 THE COURT: Name one.

11 MRS. STEINER: Yes. There were no questions  
12 asked of any juror who lived in the neighborhood of a  
13 white State's witness about what neighborhoods they lived  
14 in.

15 MR. EVANS: Your Honor, that --

16 MRS. STEINER: His main question --

17 MR. EVANS: I object.

18 THE COURT: Let her finish.

19 MRS. STEINER: One of his main objections --  
20 one of his lines of questioning was the neighborhood in  
21 which they lived. Acquaintanceship is fine. If  
22 neighborhood really matters for things to do with the  
23 acquaintanceship, there are anglo -- white state's  
24 witnesses on our jury list and no questions were asked  
25 about people who lived in the neighborhood. We, frankly,  
26 don't think living in a neighborhood without some sort of  
27 acquaintance being known is, is particularly relevant.  
28 There has been -- I mean --

29 THE COURT: As I recall it, there was a

1 question about who lived in the neighborhood over there  
2 where Mr. Flowers' mom and daddy lived.

3 MR. EVANS: It is where he has lived, Your  
4 Honor. He lived at both locations.

5 THE COURT: And there, there is nothing race --  
6 there is no race issue there. And --

7 MRS. STEINER: Your Honor.

8 THE COURT: You know, I don't see why the State  
9 would be expected to ask the neighborhoods of where their  
10 own witnesses live, because I assume they know where  
11 their witnesses live. So I reject totally your statement  
12 that that is a race-based question.

13 MRS. STEINER: Your Honor, we are dealing with  
14 a venire that especially if we just excuse all these  
15 people of the first 45 that is so blaringly  
16 disproportionate to the population of this county.

17 THE COURT: You have got to look into the  
18 purpose, the reason. And the reason why is because Mr.  
19 Flowers has a number of brothers and sisters. His  
20 parents are well-known. Mr. Archie Flowers is apparently  
21 one of the most well-thought of people in this community.  
22 You have had countless numbers of African-American  
23 individuals that have come in and said they could not sit  
24 in judgment because of their knowledge of Mr. Flowers,  
25 and they could not be fair and impartial.

26 Counsel should have known that was going to happen  
27 from the first two or three trials -- first three trials  
28 that had occurred over here. Counsel had an opportunity  
29 -- because the first two trials, as you know, were tried

*Challenges for Cause*

1 somewhere else. But Mr. Flowers, as he had every right  
2 to do, and has an opportunity to be tried in his home  
3 county. The law allows that. But he cannot then come  
4 around and complain because people are excused because  
5 they know him.

6 And that is what -- you know, if there is a  
7 statistical abnormality now, it is because almost every  
8 African-American that has been excused for cause, other  
9 than those on the death question, were because they knew  
10 him. And I mean, you know, he could have -- if he would  
11 have wanted to elect to be tried somewhere else, there  
12 would have been a situation where he could have had a  
13 change of venue some location where there would be  
14 statistically more people of his race on there than is.

15 And I'll note that, you know, I think there was  
16 probably about and I'm not -- because I haven't counted,  
17 but there is probably about seven or eight people that  
18 were on the death question alone, there was some that  
19 said because of death and other reasons -- well, eight  
20 out of 600 that were originally called is, is  
21 statistically not material. Even eight out of 154 that  
22 finally started voir dire on Monday is statistically  
23 insignificant.

24 So you know, there is -- nothing the State has done  
25 has caused this statistical abnormality. It is almost  
26 chiefly because Mr. Flowers' family are such prominent  
27 people, and he has got so many relatives and so many  
28 friends and so many of his family members that have  
29 friends. But it is not anything that, you know, has

1 shaken out that way. And as I say, this should not be a  
2 surprise to defense counsel, because that has been the  
3 way that has happened the past three trials. And so to  
4 claim surprise now about what you knew was going to occur  
5 is somewhat disingenuous.

6 MRS. STEINER: If the Court please, we are not  
7 necessarily claiming surprise. Although, this has been a  
8 much more radical reduction both in total numbers and in  
9 proportion than either of the prior two trials at which  
10 our office has been involved.

11 But Your Honor's suggestion that Mr. Flowers' right  
12 to a jury that comports with Fourteenth Amendment equal  
13 protection composition under *Castaneda* and *Swain* and all  
14 of those and a panel from which *Batson* -- a reasonable  
15 equal protection challenge. His right to that, as well  
16 as his right to a fair and impartial jury, under the  
17 Sixth Amendment, those two things he has a right to that.  
18 And he has a right to be tried in his same county. And  
19 that he should not be required to choose between those  
20 two rights. Those are not necessarily --

21 THE COURT: And I did not say he had to choose  
22 between those two rights. But you know full well from  
23 past experiences in this county because of the number of  
24 people that know Mr. Flowers, they know his parents, they  
25 know his brother, they know his sisters, and he -- I mean  
26 he has got a large number of siblings. And all of those  
27 people -- you know, I mean he is so well-known here that,  
28 you know, you've got a number of African-Americans that  
29 say I know him. I can't be fair. I know these people.

*Challenges for Cause*

1 I can't sit in judgment of their son. And there is --  
2 there is no way to avoid that if this case is tried in  
3 this county. Because this is the same type things that,  
4 that occurred in the previous trials where he had so many  
5 people that knew him.

6 You know, I don't -- I hadn't kept a running count  
7 of anything in here but, you know, there is nothing that  
8 has -- that has -- no discrimination that's occurred that  
9 has caused this, what you call, statistical abnormality  
10 now. It is strictly because of the prominence of his  
11 family. And --

12 MRS. STEINER: Thank you, Your Honor.

13 THE COURT: -- that is another reason.

14 And as far as the motion to prohibit the State from  
15 using peremptory challenges, there is no basis for that.  
16 Absolutely none. If the State looks at potential jurors  
17 and feels that they have right reasons for using  
18 peremptory challenges, that is their right. That is --  
19 each sides gets to make peremptory challenges.

20 But because Flowers III was reversed on Batson is  
21 certainly no grounds for saying that they should now be  
22 denied the right to use peremptory. The Supreme Court of  
23 this State has certainly never said that on a retrial you  
24 could not use peremptory challenges, nor has the United  
25 States Supreme Court ever said that. And so you're  
26 pulling that motion totally out of thin air and without  
27 any basis in law or in fact for making it. So it's  
28 denied.

29 MRS. STEINER: If the Court please, I -- two

*Challenges for Cause*

1 things. One, I would also renew all motions on the these  
2 same grounds that they should at least be precluded from  
3 seeking the death penalty both because of these  
4 statistics and then because of the substantial impairment  
5 of so many members that -- however, the point I do need  
6 to make is I don't think either the State or the  
7 defendant has had the opportunity to exercise peremptory  
8 challenges on people who were talked to the first day.  
9 And Your Honor, frankly, I overlooked that and I do have  
10 three that --

11 THE COURT: Peremptory challenges?

12 MRS. STEINER: Cause challenges.

13 THE COURT: I asked yesterday and I asked not  
14 more than 20 minutes ago. I said do either of you have  
15 any more for cause and so --

16 MRS. STEINER: Your Honor, I overlooked that.

17 THE COURT: I don't know. You know, if you  
18 have got some that you think should be considered.

19 MRS. STEINER: Thank you, Your Honor.

20 MR. EVANS: Your Honor, may I address some of  
21 these issues that I've been so blatantly accused of?

22 THE COURT: You may.

23 MR. EVANS: I don't know if the defense is  
24 trying to imply that I pick the jury pool that comes in  
25 here. You know, I want to make sure that the record is  
26 clear. All attorneys, the judge were present when this  
27 jury panel was pulled, as they always are, by computer,  
28 by the clerk of this court. I had nothing to do with  
29 that. Don't have anything to do with that.

*Challenges for Cause*

1           Now, as far as the ones that have been excused so  
2 far, I think my count was something like 40 different  
3 jurors that were related to the defendant and said that  
4 they could not under any circumstance be fair and  
5 impartial. It's not my fault that jurors have been  
6 honest and said how they feel. Apparently, the defense  
7 does not like that, but that is just the way it fell.

8           THE COURT: Now, on the others from day one  
9 that you believe might be considered, should be  
10 considered for cause.

11           MRS. STEINER: All right. Thank you, Your  
12 Honor.

13           We would make a peremptory challenge to Juror Number  
14 3, Susan O'Quinn. Her testimony --

15           THE COURT: Challenge for cause. You said  
16 peremptory.

17           MRS. STEINER: I'm sorry. Thank you, Your  
18 Honor.

19           Cause challenge Number 3. Her voir dire indicated  
20 that has not only apparently followed this case closely  
21 in the past, we -- she did acknowledge having  
22 conversations. She might even have said perhaps in jest,  
23 that -- to another juror, that they shouldn't say that.

24           MR. EVANS: I object to that comment entirely,  
25 because that is not what she said.

26           THE COURT: She certainly didn't. She said --

27           MRS. STEINER: She said she didn't recall  
28 whether or not she said it. And I think -- but in  
29 addition, Your Honor, she, after receiving this summons

1 in this case, Googled this case on the internet,  
2 specifically did research, which is totally inconsistent  
3 with every, every rule that the Supreme Court of this  
4 state has handed down about a juror who deliberately or  
5 prospective juror -- a juror who would -- to do research  
6 on this case, and that that is enough that she, she  
7 cannot set aside.

8 Her interest in this is demonstrable that the  
9 defendant's Sixth Amendment right to a fair and impartial  
10 jury, this Court's protection, despite what this juror  
11 has said, should be protected by excusing this juror  
12 under *Murphy* and *Reynolds* and the other Mississippi and  
13 federal progeny that, that prohibit jurors who have done  
14 separate and independent research on the case while they  
15 knew they were a juror.

16 MR. EVANS: There is nothing that says that  
17 this juror did any research on the case. She said that  
18 she Googled the name and that there is nothing on there  
19 that would affect her in any way. As a matter of fact,  
20 there are liberal websites and there are legitimate  
21 websites on there that tell what happened in court. She  
22 could have gotten any information for either side by  
23 Googling the name.

24 But there is absolutely nothing about that that says  
25 that there is anything that would affect her decision in  
26 this case. Everybody on the panel knows about the case.  
27 There is absolutely no person that could tell the truth  
28 that has lived in this county that doesn't know about  
29 this case.

1 THE COURT: Everybody that we questioned has  
2 knowledge about the case. I mean every single one we  
3 have individually voir dired knows about the case. She  
4 has stated that she did look at something on the  
5 internet. It did not have any effect on her. She said  
6 I'll disregard anything that is brought up that I have  
7 seen and base my decision strictly on the evidence here  
8 in court. The cases you are referring to are after  
9 somebody has been selected as a juror when they are  
10 sitting on a panel, and they start trying to do their  
11 investigating once they become a juror. Right now she is  
12 a venire person. She is not on the jury. And she did  
13 not -- she has not violated any admonition of the Court.

14 So I have -- I, I don't pay attention to that. I  
15 mean I read the newspaper once in awhile. I have a stack  
16 of them right now that I haven't read, because I have  
17 been so busy over here. But I don't know what is out  
18 there. But whatever, you know -- but she has -- she has  
19 stated affirmatively that nothing she has read, seen or  
20 heard would affect her in any way. So I will deny that  
21 one for cause.

22 MRS. STEINER: Thank you, Your Honor.

23 And then Juror 17, Pamela Sue Chesteen. She also  
24 stated during voir dire that she had formed an opinion  
25 and could set it aside. Under the precedent of *Murphy*,  
26 *Reynolds* and *Manning* case which seems to say that once an  
27 opinion is formed, you need to treat that differently  
28 from people who merely had prior exposure.

29 And I realize that she did say she could set it

1       aside, but for the reasons we've cited in connection with  
2       the other jurors we believe that *Murphy, Reynolds* and  
3       this Court, the Mississippi Supreme Court's precedent on  
4       seating a fair jury, including its comments in *Manning*  
5       about what was properly done with that jury, mandate  
6       excusal for cause of Miss Chesteen to protect the  
7       defendant's Sixth Amendment right to a fair jury.

8               MR. EVANS: And as we have done with other  
9       jurors, we will argue that she had no fixed opinion. She  
10      had an opinion that would not affect her in any way. It  
11      would not enter into the courtroom with her. She could  
12      be fair and impartial.

13             THE COURT: I, I recall her statement to be  
14      exactly the same as the prosecutor. She did say that  
15      nothing she has heard outside the court would come into  
16      the courtroom and influence her or affect her. She said  
17      any ideas, views or opinions she had on the case would be  
18      set aside and she would base the decision strictly on the  
19      evidence that is presented here in court. And so I deny  
20      that one for cause.

21             MRS. STEINER: Thank you.

22             Your Honor, and I had misspoken earlier when I said  
23      none of the Davises had a basis for a cause challenge. I  
24      actually thought I had already made it, and it was on the  
25      person above him. But it's Juror Number 40, the sons to  
26      Charles Lloyd Davis has stated that he has formed an  
27      opinion. And similarly notwithstanding -- and we do not  
28      disagree that Miss Chesteen also said she could set it  
29      aside. We are saying that notwithstanding that

1 statement, under all the circumstances, it should -- this  
2 should be a challenge that the Court makes despite the  
3 juror's statements. The juror's assurances are not  
4 always where the inquiry ends. And in this instance,  
5 with Number 17 and again with Number 40, it is under  
6 *Murphy, Reynolds and Manning*, this Court's obligation to  
7 protect the Sixth Amendment right of this defendant to a  
8 fair and impartial jury by removing this individual  
9 juror, Number 40, also for cause on that basis.

10 MR. EVANS: He also stated he had an opinion,  
11 but it would not affect him. It was not a fixed opinion.  
12 He could lay any opinion he had aside, base his decision  
13 strictly on the evidence.

14 In addition to his answers him, 17, these others  
15 that they have objected to about having opinions and  
16 saying they could set them side, the Court also had the  
17 opportunity to view these jurors as they were talking and  
18 explaining this. And I think it was clearly obvious, not  
19 only from their answers but from their reactions and how  
20 they were answering these questions, that they were being  
21 honest. They could set any opinion aside. They could  
22 base their, their decision strictly on the evidence in  
23 court.

24 THE COURT: Mr. Davis said the -- said he would  
25 set any opinion aside, and he didn't state what opinion.  
26 He didn't say what opinion he might have. But I have on  
27 all of these that stated they had an opinion, I have sat  
28 less than three feet away from them. I have had an  
29 opportunity to look in their eyes and, and understand

1        what they are saying. And, and believe me, if I had any  
2        belief at all that any of them were being untruthful to  
3        the Court or had any hesitation, I, I would strike them  
4        for cause. But they have all unequivocally stated that  
5        it would not in any way influence them. It would not  
6        have any affect on them and that they will lay aside any  
7        views, any opinions they may have.

8                They -- I believe all of them acknowledged they  
9        don't know all the facts of the case, and different  
10       jurors have stated they read or saw something about it.  
11       But every one of them said that they would listen to the  
12       evidence, they would decide the case based on the  
13       evidence presented and not let any factors outside of the  
14       courtroom affect them in their deliberations. And I  
15       don't think you can ask for more than that. I think that  
16       is all that is required of any juror.

17               And again, on every one of these that have been  
18       individually questioned. I have had the opportunity,  
19       because of my perspective where I am sitting above them  
20       but right next to them and leaning forward, so I could  
21       look and find out and understand and hear as well. And I  
22       just do not see any grounds for, for these you just  
23       raised or for the other ones.

24               MRS. STEINER: Thank you, Your Honor.

25               I have two more motions I would like to make here.  
26       With respect to our objection on the equal protection  
27       clause, without waiving our prior motions that at least  
28       peremptory challenging by the State and/or the seeking of  
29       the death penalty should be dismissed because of this

1       egregious imbalance that has resulted, we would move  
2       that -- and we, we would sustain those and do not think  
3       they can necessarily be cured by what I am moving here.

4               But in an effort to ameliorate that we would move  
5       that all additional jurors be voir dired, challenged for  
6       cause and a full panel then which will at least be  
7       marginally -- I think such a high proportion of the -- as  
8       yet, the disproportion. Half of the unvoir dired jurors  
9       are African-American, where as they may go. Only 28  
10      percent of the total venire.

11             We would move that they all be voir dired and too,  
12      the process be followed on everybody, be followed and  
13      that then the Court be asked to perform a complete and  
14      random reshuffle of the remaining names, however they be.  
15      And that when the jury is struck, it be done on the basis  
16      of that reshuffle.

17             That has never, so far as I know, been done in the  
18      state of Mississippi. I don't think it's unlawful as  
19      long as the process of the arraying jurors is random.  
20      That is a requirement of both the Mississippi and federal  
21      -- that is requirement of Mississippi law and  
22      constitution. And we would ask that as a partial  
23      ameliorative without waiving any of our other equal  
24      protection objections.

25             MR. EVANS: Your Honor, this a randomly drawn  
26      jury. Just because they don't like the way it has fallen  
27      out does not affect it in any form or fashion. It was  
28      drawn randomly. They were randomly brought into court.  
29      They were randomly numbered. And we went through them in

1 the order that they were drawn. Neither side gets to  
2 pick which jurors they want to bring up here. We go by  
3 the random drawn order and follow that.

4 THE COURT: You have got nothing to support  
5 that. And that is, I must say, one of the most absurd  
6 motions I believe I have ever heard. They were -- when  
7 they were pulled out of the jury box, it was random at  
8 that time. I suppose if we randomly reshuffled them  
9 again and you didn't like the shuffle, then you would ask  
10 for it again. Well, you don't get that.

11 I mean they were pulled out according to law. They  
12 were drawn by the way the law requires them to be drawn  
13 and there is no basis in reshuffling a list. Those that  
14 fall outside the 45 that are potential jurors, you know,  
15 they fell where they fell on the jury list. But it is  
16 not by anything other than the random drawing of the  
17 computer when the jury list was originally -- was pulled.  
18 And, you know, I'm not going to reshuffle the list again.  
19 There is no authority for that, and there is no basis for  
20 it.

21 MRS. STEINER: Thank you, Your Honor.

22 And then my final motion is in light of the entire  
23 voir dire, the fact that the Court has allowed  
24 individuals, looked at independently with opinions they  
25 said they can set aside, that there are so many of those  
26 individuals and individuals with multiple personal  
27 connections, particularly to victim impact witnesses, and  
28 other knowledge that has lead to that opinion on this  
29 jury, we would move this venire -- we would move under

1 the authorities of the Mississippi Supreme Court and the  
2 United States court -- Supreme Court requiring that the  
3 defendant, under the Sixth Amendment, be -- and as well  
4 as his Fourteenth Amendment rights to a jury as a whole  
5 that may be fair and impartial, we would move that this  
6 entire venire be quashed, and this case set over for  
7 another jury selection.

8 Mr. Flowers should not have to choose between his  
9 right under the Mississippi Constitution, as recognized  
10 most recently in *May versus State* by the Mississippi  
11 Supreme Court, to a trial, a local trial, that should not  
12 be traded off against his Sixth Amendment right to a fair  
13 and impartial jury. And this venire should be quashed  
14 and that we should start over again at some future time  
15 when it seems likely that we could get a more fair and  
16 impartial jury, or at least one that comports with the  
17 requirements of the Sixth and Fourteenth Amendment and  
18 the Mississippi requirements for a fair and impartial  
19 jury.

20 MR. EVANS: Your Honor, at this point we have  
21 gone -- I think the Court ordered, I don't know if it is  
22 5- or 600 jurors drawn.

23 MRS. STEINER: 600.

24 MR. EVANS: We at this point have voir dired  
25 openly and individually a group of jurors. We have 45  
26 jurors that are available right now that have stated that  
27 they can be fair and impartial. I am sure both sides  
28 have strikes, because they don't agree with some of the  
29 things these people that are on here have said. But we

1 have a panel of enough jurors to try this case that have  
2 all said that they can be fair and impartial.

3 And it is just a complete stalling tactic at this  
4 point to now ask for this case to be set aside and  
5 another trial be set.

6 THE COURT: You don't get do-overs in court. I  
7 mean you get the list. You get the jurors that are  
8 called. And you can't just continually draw people until  
9 you get the jury you want. I mean we have drawn 600  
10 people out of this county. If we drew 600 more, that  
11 might not be something -- a jury that Mr. Flowers wants.  
12 It's a jury of his peers, because it was randomly  
13 selected from the jury wheel in this county.

14 And you know, you say well, the next one might be  
15 more favorable or representative or whatever; it may not  
16 be. The last one, again, because I tried it, and I mean  
17 there were numerous people that were -- came in last time  
18 and said they knew Mr. Flowers or his family and could  
19 not be fair and impartial.

20 If there is any racial abnormalities here, it is  
21 strictly because Mr. Flowers knows so many people and  
22 his, his family are very, very prominent, well-thought of  
23 people. Mr. Archie sings, apparently, from what I have  
24 gathered, at numerous places, at numerous events. And  
25 there is not any rational basis for believing that if we  
26 got rid of this panel there would be a future panel that  
27 would not end up being the very same way as this one is.  
28 So I am going to deny the motion to quash.

29 MRS. STEINER: Your Honor, if -- I just want to

1 clarify that in addition to what you have identified with  
2 respect to the equal protection issues, this is looking  
3 at the individuals now sitting out there from which the  
4 Court is going to allow the parties to strike that the  
5 implied bias and -- is so pervasive in so many of these  
6 jurors, for so many reasons that this particular panel  
7 fails to conform to the standards of the Supreme Court of  
8 Mississippi and the Supreme Court of the United States  
9 and of the literal language of the Sixth Amendment to the  
10 United States Constitution, which is being very strictly  
11 construed in the United States Supreme Court now as, as  
12 the recent decisions, as recent as this term of court,  
13 have, have urged that this panel is specifically so  
14 infected with bias that no fair trial in accordance with  
15 either the Sixth or Fourteenth Amendment could occur.

16 I would also, in light of the Court's apparently  
17 revised notions on not being allowed do-overs, renew our  
18 motion to completely dismiss this case on the grounds of  
19 double jeopardy and certainly the death penalty on  
20 grounds of both double jeopardy and due process.

21 And, and finally, Your Honor, we would say that this  
22 defendant should not have to choose between his right to  
23 an impartial jury -- and very frankly, if Your Honor  
24 finds that no impartial jury can be granted in the county  
25 where this defendant is entitled under the Mississippi  
26 Constitution to stand trial, then the remedy is  
27 discharging this defendant until such time as he can be  
28 recharged at a time when such a jury could be obtained.  
29 And that the tie of stalemate goes to the defendant under

1 the Sixth Amendment of the United States Constitution,  
2 and that has come to pass here, and that is what must  
3 happen here.

4 THE COURT: Well, I have made no finding that  
5 he could not get a fair jury in this county. I, I don't  
6 know where that comes from, but I certainly made no  
7 finding that he could not get a fair jury. We've got 45  
8 people that have said they could be fair and impartial,  
9 and they would consider the evidence and base their  
10 decision on the evidence as presented here in court.

11 So, you know, I thought the other motion earlier was  
12 from left field. But this one is trumps it. There,  
13 there is just nothing that indicates that this jury  
14 cannot be fair and impartial. There is no basis for  
15 dismissing.

16 Again, it seems like the entire purpose of your  
17 motion is you are saying well, I don't like the potential  
18 jurors so I want -- I want to dismiss the case, because I  
19 don't like who might be on the jury. Well, you know,  
20 that is not a basis for dismissing the charge. It is not  
21 a basis for dismissing the death penalty portion of the  
22 case.

23 And it's -- I've ruled previously double jeopardy  
24 has not attached. Jeopardy never attaches until there is  
25 a verdict. If Mr. Flowers at a previous trial had been  
26 found not guilty, we wouldn't be here. But I have never  
27 seen anything that says after a reversal from the Supreme  
28 Court you can't retry a case. If, if that's the law,  
29 it's been handed down sometime since I started court this

1 morning, because that is not the law in this state. It  
2 is not the law in the United States. As far as I know,  
3 it never has been. So I will deny those motions.

4 MRS. STEINER: Your Honor, may we have an hour  
5 and a half for lunch? Because not only do we have to  
6 strike this jury, but I am assuming that the Court is  
7 going to want to begin with witnesses and opening  
8 statements as soon as the striking process is open and  
9 there are boxes that have to be shifted and that sort of  
10 thing.

11 THE COURT: Well, I will give you even more  
12 than that. Just be ready in two hours to look over the  
13 jury list.

14 MRS. STEINER: Thank you.

15 THE COURT: And I am going to call the jury in  
16 and ask them to be back at 2:30. You know, if we are not  
17 through at 2:30, they have been sitting here for days, so  
18 they -- a little more time is not going to, you know, be  
19 of a great inconvenience to them.

20 If you will bring them in.

21 Counsel, if you will approach.

22 (AS PROSPECTIVE JURORS WERE RETURNING TO THE COURTROOM,  
23 MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER AND MR. CARTER  
24 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
25 OUTSIDE THE HEARING OF THE COURTROOM AUDIENCE.)

26 THE COURT: I've actually been marking my list  
27 so much that I -- is it Don Earl Campbell, and 87,  
28 Beverly...

29 MR. HILL: Locke.

1 THE COURT: Are those the two that have been  
2 excused for cause since we last excused?

3 MR. HILL: Yes, sir.

4 MRS. STEINER: Yes, sir. And then Miss Cates  
5 or Bates.

6 THE COURT: Okay. Don -- okay. Has Miss  
7 Locke -- has she been excused already?

8 MR. EVANS: Yes, sir.

9 THE COURT: So what is Miss Bates' name?

10 MR. EVANS: Bates. She is 48.

11 THE COURT: Okay. So it's Number 48 and 127.  
12 48 and 127; is that right?

13 MR. CARTER: Yes.

14 MR. HOWIE: 87, too.

15 MR. CARTER: Yeah. 87, too.

16 THE COURT: Has she not already been --

17 MR. HOWIE: I don't think she has already been.

18 MR. EVANS: She hasn't. She is still here.

19 MRS. STEINER: It is 48. Bates.

20 THE COURT: 87. 127. Is that correct?

21 MRS. STEINER: And 127.

22 THE COURT: 87, isn't it?

23 MR. HOWIE: 87, yes, sir.

24 THE COURT: 48. 87. And 127.

25 MR. HOWIE: Yes, sir. That's correct, Your  
26 Honor.

27 (THE BENCH CONFERENCE WAS CONCLUDED.)

28 THE COURT: Okay. Ladies and gentlemen, we are  
29 going to recess now. I am going to ask that you be back

1 at 2:30. There are some issues, some items we are going  
2 to be doing. There are some more people that I can  
3 excuse, and you won't have to come back.

4 That would be Number 48, Miss Bates; Number 87, Miss  
5 Locke; and then Number 127, Mr. Campbell.

6 And if the remainder of you will be back at 2:30.  
7 And like I've cautioned you always, don't talk with  
8 anybody. Don't talk among yourselves about the case. If  
9 you talk among yourselves, let it be about the weather or  
10 something else, but you can't talk about the case. And  
11 you can't talk to any parties, witnesses or anybody  
12 involved.

13 With that, ladies and gentlemen, if you will be back

## JURY SELECTION - JURY OUT

(THE FOLLOWING PROCEEDINGS WERE HAD IN  
OPEN COURT WITH THE COURT, THE COURT  
REPORTER, ALL COUNSEL, THE DEFENDANT AND  
THE CIRCUIT CLERK PRESENT, OUTSIDE THE  
HEARING AND PRESENCE OF THE PROSPECTIVE  
JURORS, TO-WIT:)

**BY THE COURT:** The Court will come back to  
order. The State may proceed in tendering.

**BY MR. EVANS:** Your Honor, the State will  
tender Juror No. 1, Ms. Sandra Hamilton. The  
State will tender No. 2, Ms. Susan O'Quinn.

**BY THE COURT:** Actually, No. 3.

**BY MR. EVANS:** I mean, we have -- right.  
Juror No. 2, but No. 3 on the list. State  
will tender Juror No. 8, Mr. Alexander  
Robinson. State will tender Juror No. 12,  
Ms. Janelle Marie Johnson. Juror No. 14 will  
be S-1. State will tender Juror No. 17,  
Ms. Pamela Sue Chesteen. State will tender  
No. 18, Ms. Lillie Mae Laney. State will  
tender No. 22, Mr. Larry Wayne Blaylock.  
State will tender No. 25, Ms. Suzanne  
Winstead. State will tender No. 26,  
Ms. Jennifer Chatham. State will tender No.  
29, Mr. Harold Waller. State will tender No.  
30, Mr. Jeffrey Whitfield. State will tender  
No. 38, Mr. Barron Davis.

**BY MS. STEINER:** I believe that's No. 39.  
Is that 38 or --

## JURY SELECTION - JURY OUT

1           **BY MR. HOWIE:** 38.

2           **BY MR. EVANS:** I think that's 12.

3           **BY THE COURT:** Yes. That's 12.

4           **BY MS. STEINER:** Your Honor, before  
5 proceeding, I am not, at this point, making a  
6 challenge under *Batson*. No pattern has yet  
7 been established. However, State's Strike 1  
8 was of African-American -- Juror 14.

9                       Under the Mississippi Rules, I  
10 believe any objections on the preemptory  
11 strike, the juror has to be at least brought  
12 to the Court's attention during the panel.  
13 As we have not yet made a *prima fascia* case,  
14 I am not -- nor do I know that one will  
15 happen. I just want to reserve the right  
16 should a *prima fascia* case develop hereafter  
17 for any reason to include S-1 as part of the  
18 totality of the circumstances of that case.

19           **BY THE COURT:** That's certainly  
20 appropriate, I mean.

21           **BY MS. STEINER:** Thank you.

22                       Your Honor, S-1 -- D-1 would be Juror  
23 1. We will accept Juror 3. We will accept  
24 Juror 8. We will accept Juror 12. We will  
25 strike Juror 17 as D-2. We will accept -- my  
26 print is small -- Juror 18, Lillie Mae Laney.  
27 We will accept Juror 22, Larry Wayne  
28 Blaylock. We will accept Juror 25, Suzanne  
29 Winstead. We will accept Juror 28,

## JURY SELECTION - JURY OUT

1 Jennifer --

2 **BY THE COURT:** Wait, we got --

3 **BY MR. EVANS:** 26.

4 **BY THE COURT:** You probably renumbered  
5 your list -- but is it No. 26, Ms. Chatham?

6 **BY MS. STEINER:** 26, Ms. Chatham. Thank  
7 you, Your Honor. We'll strike Juror 29,  
8 Harold Waller, as Defense Strike 3. And  
9 accept Juror 30, Jeffrey Whitfield, and  
10 accept Juror 39, Barron Davis --

11 **BY THE COURT:** It's 38, but I --

12 **BY MS. STEINER:** 38.

13 **BY THE COURT:** -- knew who you were  
14 talking about.

15 **BY MS. STEINER:** I made the mistake of  
16 trying to put my list on short paper.

17 **BY THE COURT:** We -- it's been obvious  
18 that I had original numbers and new numbers,  
19 and I've gotten mine confused at times so  
20 that's understandable.

21 **BY MR. EVANS:** State will tender Juror No.  
22 40, Charles Davis. State will tender 42,  
23 Marcus Lamar Fielder. 44 will be S-2. 45  
24 will be S-3. State will tender No. 47, Bobbi  
25 Leigh Davis.

26 **BY MS. STEINER:** Your Honor, before the  
27 Defendant exercises any further preemptories,  
28 we would like to move that a prima fascia  
29 case of discrimination against

## JURY SELECTION - JURY OUT

1 African-American jurors has now been shown.  
2 The State has been tendered four -- I'm  
3 sorry -- three African-American jurors --

4 **BY MR. HILL:** Four.

5 **BY MS. STEINER:** Four, and has stricken  
6 three of them. And that is a 75 percent  
7 strike rate of African-American jurors. The  
8 mere fact that one has been accepted does not  
9 preclude the finding of either a prima facie  
10 case or ultimately of discrimination on the  
11 basis of race.

12 **BY MR. EVANS:** Your Honor, I think the  
13 proper procedure is going through the entire  
14 panel and then, if the Court rules, producing  
15 the reasons. But I'll honor whichever way  
16 the Court says do it.

17 **BY MS. STEINER:** We have no objection  
18 since ultimately, the Court's going to have  
19 to consider the totality of the circumstances  
20 in any event so if we can just reserve that.

21 **BY THE COURT:** Well, I mean, it can be  
22 reserved. The State's going to have to come  
23 forward with race-neutral reasons at some  
24 point.

25 **BY MR. EVANS:** And we will ask the Defense  
26 to do the same.

27 **BY MS. STEINER:** Your Honor, I only think  
28 that if there's a prima facie case --

29 **BY THE COURT:** We've got to see a prima

## JURY SELECTION - JURY OUT

1 fascia case before we take that issue up.

2 **BY MS. STEINER:** I have no objection to  
3 waiting till the end to doing it and just  
4 reserving all argument with respect to that  
5 when the entire panel has been tentatively  
6 struck.

7 **BY MR. HILL:** Okay. We got three  
8 tendered.

9 **BY MS. STEINER:** All right. I believe  
10 we -- D-4 would be on Juror 40. We --

11 **BY THE COURT:** Wait, wait, wait. I'm on  
12 the right page now. Give me a second to  
13 get --

14 **BY MS. STEINER:** Charles Davis.

15 **BY THE COURT:** I see it now.

16 **BY MS. STEINER:** D-4 would be Charles  
17 Davis. No. 42, Marcus Fielder, we accept.  
18 And we would exercise D-5 on Ms. Bobbi Leigh  
19 Davis. Allow me to state, Your Honor, that  
20 although we challenged her on the basis of  
21 serving for cause on -- as a relative, and we  
22 are in a position where there are remaining  
23 preemptory challenges, the fact of so many  
24 jurors coming after this one who have  
25 expressed actual opinion -- who have advised  
26 they have actual opinions with respect either  
27 to guilt -- with respect to guilt or  
28 innocence and close connections with Defense  
29 witnesses, it would simply be irresponsible

## JURY SELECTION - JURY OUT

1 not to reserve sufficient preemptory strikes  
2 to strike those people should they come up in  
3 the Court's tender. And that we would like  
4 to reserve the issue of whether or not this  
5 family member -- these two family members  
6 could stay together on that issue alone  
7 despite the fact that we are not exercising a  
8 preemptory strike here on this --

9 **BY MR. EVANS:** I thought she did exercise  
10 D-5.

11 **BY MS. STEINER:** We would not have -- the  
12 fact that we did -- oh, I'm sorry, Your  
13 Honor. We would not have exercised this  
14 preemptory strike, but for the Court's  
15 ruling.

16 **BY MR. EVANS:** So it's the complete  
17 opposite of what you just argued, I guess.

18 **BY MS. STEINER:** I'm sorry. But as there  
19 may be jurors down the road, where we will  
20 run out of preemptorys and cannot strike, and  
21 I would invite the Court's attention to that  
22 when it happens. Forgive me.

23 **BY MR. EVANS:** State will tender Juror No.  
24 50, Mr. Bobby Lester. The State will tender  
25 No. 51, Mr. Burrell Huggins.

26 **BY MS. STEINER:** D-6 will be exercised  
27 against Mr. Bobby Lester. D-7 will be  
28 exercised against Mr. Burrell Huggins.

29 **BY MR. EVANS:** No. 53 will be S-4. State

## JURY SELECTION - JURY OUT

1 will tender No. 54, Ms. Patricia Box. The  
2 State will tender No. 58, Ms. Emily Branch.

3 **BY MS. STEINER:** D-8 will be exercised on  
4 Juror 54, Patricia Box. We will accept Juror  
5 58, Emily Branch.

6 **BY MR. EVANS:** Juror 59 will be S-5.  
7 Juror 62 will be S-6. Tender Juror No. 63,  
8 Mr. James Hargrove.

9 **BY MS. STEINER:** Your Honor, may I have a  
10 moment?

11 **BY THE COURT:** You may.

12 (PAUSE)

13 **BY MS. STEINER:** Thank you, Your Honor.  
14 We, the Defense, will accept Juror 63, James  
15 Hargrove.

16 **BY THE COURT:** And I believe that gives us  
17 twelve, if I'm counting right --

18 **BY MR. HILL:** Yes, sir.

19 **BY THE COURT:** -- but my counting hasn't  
20 been right. At this point, I made a initial  
21 determination, based on the first three  
22 strikes, the State is going to be required to  
23 put on race-neutral reasons as to the jury  
24 strikes, because I have noted now that five  
25 out of six strikes were African-American.

26 **BY MR. EVANS:** All right, Your Honor. Are  
27 you ready?

28 **BY THE COURT:** I am.

29 **BY MR. EVANS:** On Juror No. 14,

## JURY SELECTION - JURY OUT

1 Ms. Carolyn Denise Richardson Wright. She  
2 was sued by Tardy Furniture, after these  
3 murders, by the family members that will be  
4 testifying here today. They had to garnish  
5 her wages because of that fact.

6 She knows almost every Defense  
7 witness in this case. She has worked with  
8 the father of the defendant, Archie, Sr. She  
9 has worked with the sister of the defendant,  
10 Cora. She knows Connie Moore. She knows  
11 Jimmy Forrest. She knows Stacy Wright. She  
12 knows his sister, Sherita. She knows his  
13 sister, Cora. She knows Archie. She knows  
14 Larry Smith. She knows Danny Joe Lott. She  
15 knows Elaine Goldstein and is married to her  
16 cousin. She knows Charles Weems, and she is  
17 his cousin.

18 **BY THE COURT:** Does the Defense offer  
19 anything to rebut the --

20 **BY MS. STEINER:** Yes, Your Honor. Allow  
21 me to say that this is subject to -- and I'd  
22 like to reserve the right to take a break  
23 after we've gone through this process to  
24 review the voir dire, because this is -- a  
25 lot of data has come in, and we have tried to  
26 anticipate to the extent possible, but -- but  
27 yes. We have rebuttal with respect to  
28 Ms. Wright. Like No. 17, accepted by the  
29 State, she has extensive acquaintance with

## JURY SELECTION - JURY OUT

1 many witnesses involved -- on -- in the  
2 family. She had an account at Tardy's, like  
3 75. There were -- there were examinations  
4 about feelings pertaining to the account.  
5 The State conducted them only on Ms. Wright  
6 and another African-American juror who had --  
7 who apparently also had been in a dispute.  
8 And if the Court -- one moment, I have a note  
9 taker here.

10 (PAUSE)

11 **BY MS. STEINER:** And in terms of in  
12 general acquaintance with witnesses and  
13 parties in this matter, the State has  
14 accepted Juror 29, 50, and 69, who have close  
15 personal acquaintances with many prospective  
16 witnesses in this case of an even more  
17 intimate nature -- oh, I'm sorry. 29 and 50.  
18 And with even more intimate, personal  
19 interrelationships with individuals who are  
20 witnesses in this case and apparently made  
21 little or no inquiry of them other than to  
22 seek fairness. No probing inquiry was made  
23 by the State with respect to any of these.

24 And we think it is, therefore,  
25 pretextual specific and particularly in light  
26 under -- of the history of race  
27 discrimination in jury selection in this  
28 district and in this particular case found by  
29 the Mississippi Supreme Court in *State v.*

## JURY SELECTION - JURY OUT

1        *Flowers* after the third trial, the first one  
2        in this district.

3            **BY THE COURT:** Have you found any white  
4        jurors who were not struck who had been sued  
5        by Tardy Furniture? And have you found any  
6        who have worked with Mr. Archie Flowers?

7            **BY MS. STEINER:** I believe, Your Honor,  
8        that -- that juror -- that white Juror 17 has  
9        a business acquaintanceship with Mr. Archie  
10       Flowers -- and possibly with Mr. Archie  
11       Flowers, Jr. I think she's the one who is  
12       the bank teller and has expressed  
13       acquaintances -- I'm sorry. Archie -- no.  
14       She has -- with several other people in the  
15       family, however.

16           **BY THE COURT:** Well, I'll say for the  
17       record she did indicate she knows Archie and  
18       Lola Flowers.

19           **BY MS. STEINER:** I believe so.

20           **BY THE COURT:** I mean, she did say that,  
21       because I've got that in my notes.

22           **BY MS. STEINER:** And I think these are  
23       both basically in the work place  
24       interactions, and that they are comparable.  
25       Each has informed this Court and the State of  
26       an ability to be fair and unbiased, not  
27       withstanding that.

28           Your Honor, there is no evidence of  
29       an actual lawsuit, but Ms. Wright's testimony

## JURY SELECTION - JURY OUT

1 concerning it was that it was not one that  
2 created hostility or ill will. It was one of  
3 simply a financial exigency that -- that came  
4 up. I think she acknowledged there was a  
5 legitimate debt there and simply that she  
6 could not pay it. And that as a result, this  
7 happened.

8 And I think that that is -- in  
9 *Flowers III*, what the Supreme Court of  
10 Mississippi said was that when you are  
11 looking at *Batson*, you look at the totality  
12 of the circumstances and you go beyond little  
13 excuses. And that the danger, certainly, in  
14 *Flowers III* is to devolve -- for the *Batson*  
15 challenging process, to devolve into an  
16 effort of uncovering and coming up with  
17 facially neutral reasons that are merely a  
18 mask for actually racially discriminatory  
19 reasons, the desire to bleach or -- I  
20 suppose, if it were the other way around --  
21 darken or make male or make female, the jury  
22 and that the Court, considering the totality  
23 of the circumstances, cannot simply express  
24 this distinction.

25 This is based on the 14th Amendment  
26 Equal Protection Clause. And there is a huge  
27 body of equal protection civil litigation.  
28 It is referred to by the United States  
29 Supreme Court in *Snyder*, the most recent case

## JURY SELECTION - JURY OUT

1 in which a verdict was reversed on *Batson* in  
2 the United States Supreme Court.

3 And basically, the situation is that  
4 you may go behind the facial neutrality if  
5 anything in the record suggests that one or  
6 more of the reasons may be either unconnected  
7 and related to what is really a material  
8 issue in this case and/or appears to have  
9 been pursued with more vigor in an attempt to  
10 uncover some excuse that is of less than  
11 universal relevance.

12 I do not believe a general question  
13 was asked of this jury by the State, Has  
14 anybody else been sued by Tardy's or by any  
15 of the other people? It's possible the  
16 Golden family. It's possible the Rigby  
17 family. It's possible the Ballard family  
18 have been in litigation with other people in  
19 this jury that was not inquired into, very  
20 frankly.

21 The Defense didn't see it as relevant  
22 if they had put up their hands and say, "I  
23 have ill will against somebody on the base of  
24 litigation." You did ask if you had feelings  
25 about acquaintances. And I think this was  
26 fishing for pretextual facially  
27 nondiscriminatory reasons, and I would  
28 reserve the right at some point -- I'm not  
29 saying this is the only one, but I -- you

## JURY SELECTION - JURY OUT

1 know, I've had -- I haven't even had a chance  
2 to -- I'm tempted to do this in advance but  
3 the --

4 **BY THE COURT:** Well, the time is now if  
5 you've got any to bring out -- I mean, you  
6 know, we can't, you know, stay on one juror  
7 and then move on and come back later and  
8 argue something else on that juror. So if  
9 you've got anything --

10 **BY MS. STEINER:** No, Your -- I understand  
11 Your Honor. I would request that we complete  
12 this process here and that we be given an  
13 overnight recess -- I understand the court  
14 reporter --

15 **BY THE COURT:** No, ma'am. You're not -- I  
16 mean, that's absolutely an absurd request. I  
17 mean, you -- right now, in *Batson*, you have  
18 an opportunity to come forward and show that  
19 somehow the State's excuse is pretextual.  
20 But we don't recess for, you know, days to  
21 thumb through everything that's been said.  
22 You've got -- you have taken great pride in  
23 introducing the number of interns that -- I  
24 don't know how many, four or five -- and  
25 you've got other people here assisting you  
26 besides your interns. And so if you've got  
27 any other arguments to make on this issue,  
28 this is the time to do it.

29 **BY MS. STEINER:** Your Honor, as I say --

## JURY SELECTION - JURY OUT

1 may I complete the inquiry. I understand the  
2 court reporter is working on and has gotten  
3 for the Court preliminary draft notes of the  
4 entire voir dire, at least and certainly as  
5 to any witness --

6 **BY THE COURT:** We're not going to wait for  
7 the voir dire to be transcribed. It would  
8 take the court reporter days to get -- I  
9 don't know how many days but, I mean, they  
10 rough draft. But that's all we've got  
11 available is a rough draft. And I guarantee  
12 you if I handed a rough draft to you or to  
13 Mr. Evans and the court reporter had  
14 something wrong in that rough draft and then  
15 when it -- if it got to the point where it  
16 was appealed and there was something  
17 different, you would be raising that as an  
18 issue, saying that the court reporter had  
19 changed something in a transcript. So that's  
20 why rough drafts of the transcripts from  
21 court reporters are not done.

22 And again, you've had -- you've had  
23 an awful lot of people here assisting you.  
24 And you know, if you can't offer any other  
25 reason, then we're going to move on.

26 **BY MS. STEINER:** All right. Your Honor,  
27 they have also -- one of my many interns has  
28 handed me a note. They have accepted Juror  
29 No. 12, who's related by marriage to -- to at

## JURY SELECTION - JURY OUT

1 least one Defense witness, John Johnson --

2 **BY MR. EVANS:** A Defense witness?

3 **BY MS. STEINER:** We have subpoenaed him as  
4 a witness -- although he will be --

5 **BY MR. EVANS:** Oh, my gosh. She's calling  
6 my investigator as her witness? That's  
7 ridiculous, Your Honor.

8 **BY MS. STEINER:** You're right, Your Honor.  
9 He will be examined adversely.

10 Juror No. 42, which -- who was  
11 accepted by the State, has been employed by  
12 witness Thornburg and Juror No. 22. Again,  
13 friends with John Johnson. Again, other  
14 witnesses --

15 **BY THE COURT:** But I don't think  
16 there's -- the sheriff at the time. Does the  
17 State have anything to respond?

18 **BY MR. EVANS:** Yes, sir, we do, Your  
19 Honor. Since I have been accused, even  
20 though this juror admitted that she was sued,  
21 I would like to offer into evidence a copy of  
22 the judgment where she was sued by Tardy  
23 Furniture.

24 **BY MS. STEINER:** Is there also a  
25 garnishment order on that?

26 **BY THE COURT:** It's an abstract of justice  
27 court where she was sued. And for the  
28 purpose of this -- I mean, obviously, this  
29 isn't going to go into the jury room or

## JURY SELECTION - JURY OUT

1 anything like that.

2 **BY MS. STEINER:** I understand.

3 **BY THE COURT:** But for the purpose of this  
4 proceeding, I'll allow it.

5 **BY MR. EVANS:** I think the record speaks  
6 for itself on everything else that I offered.

7 (STATE'S EXHIBIT NO. 1, JUDGMENT, WAS  
8 MARKED AND RECEIVED INTO EVIDENCE FOR  
9 PURPOSES OF THIS MOTION HEARING ONLY)

10 **BY THE COURT:** Anything else?

11 **BY MS. STEINER:** Yes, Your Honor. The  
12 State has accepted No. 63, who has two prior  
13 convictions of misdemeanors reduced from  
14 felonies. He's a white juror --

15 **BY MR. EVANS:** I haven't used any criminal  
16 convictions --

17 **BY MS. STEINER:** Your Honor, may I finish  
18 my --

19 **BY THE COURT:** Well, they didn't offer  
20 that as race neutral reason as to striking  
21 Ms. Wright so I don't believe --

22 **BY MS. STEINER:** Your Honor, I'm not  
23 suggesting that they are using that as a  
24 reason for striking Ms. Wright. It's the  
25 differential level of investigation. They  
26 obviously felt it important enough to go get  
27 abstracts of judgment on this  
28 African-American juror who, as freely as  
29 Mr. Hargrove, the white juror, discussed the

## JURY SELECTION - JURY OUT

1 prior legal problems they have had. They  
2 did -- they went off for what is now Defense  
3 (sic) exhibit to the *Batson* hearing 1. For  
4 him, I had not seen any indication or  
5 discussion that they had gone off and made  
6 abstracts of the judgments on Mr. Hargrove  
7 respecting his admitted legal troubles --

8 **BY THE COURT:** Well, reckon it might be  
9 that they don't have to prove a race neutral  
10 reason for striking him since they didn't  
11 strike him?

12 **BY MS. STEINER:** No, Your Honor. I'm  
13 saying the kind of investigation was  
14 different with respect to a white juror with  
15 prior litigation history discussed in court  
16 than it was with this African-American juror  
17 with a prior litigation history discussed in  
18 court.

19 **BY MR. EVANS:** Your Honor, for the record,  
20 I would like to put in the record that we  
21 checked every prospective juror on the list  
22 to see if they had ever had any run-ins or  
23 were sued by Tardy Furniture after these  
24 murders. I think that is very relevant. If  
25 the Defense can't see the relevance of that,  
26 something is wrong with them. It is very  
27 important where they have had run-ins with  
28 these folks that are going to be the key  
29 victims in this case.

## JURY SELECTION - JURY OUT

1           **BY THE COURT:** Well, I want to correct  
2 something. Defense counsel maybe does not  
3 recall it. But the entire panel was asked  
4 first if they had ever had a charge account  
5 with Tardy Furniture. And then they were  
6 asked if they had ever been sued by Tardy  
7 Furniture. So that was asked of the entire  
8 group. It was not just asked of  
9 African-American jurors, as you claimed.

10           And I also will note that you have  
11 not -- I mean, Ms. Wright worked with  
12 Mr. Flowers' father, worked side -- I don't  
13 know side by side -- but Wal-Mart here in  
14 Winona is not like some of these giant mega  
15 stores. It's a relatively small -- smallest  
16 Wal-Mart, actually, that I know in existence.

17           So she has worked with Mr. Flowers'  
18 father. She has been sued by Tardy  
19 Furniture. I find those to be race-neutral  
20 reasons. You are correct in pointing out  
21 that some of the other State -- the other  
22 jurors that have been tendered by the  
23 State -- some of these, you know, white  
24 jurors know some of these people.

25           But I have not found, looking through  
26 my notes, any white jurors that worked with  
27 Mr. Archie at Wal-Mart. I have not seen any  
28 indication that Tardy sued any of those. And  
29 so I think the State has offered race-neutral

## JURY SELECTION - JURY OUT

1 reasons, and I find that the Defense has  
2 failed to rebut the reasons offered by the  
3 State.

4 **BY MR. EVANS:** Your Honor, and also, she  
5 worked with his sister, Cora.

6 **BY MS. STEINER:** I believe that's a  
7 different juror.

8 **BY MR. EVANS:** No, sir.

9 **BY MS. STEINER:** I -- this was Wal-Mart --

10 **BY MR. EVANS:** She also worked with Cora  
11 at the shoe store.

12 **BY MR. HILL:** She said Shoe World.

13 **BY MR. EVANS:** Shoe World.

14 **BY MS. STEINER:** I'm --

15 (PAUSE)

16 **BY MS. STEINER:** No, Your Honor. That  
17 was --

18 **BY THE COURT:** I don't think this one  
19 worked with Cora at Shoe World.

20 **BY MS. STEINER:** Yeah, this is not the --

21 **BY THE COURT:** I think you're thinking of  
22 someone else.

23 **BY MS. STEINER:** That was a different  
24 juror. I believe that -- if she -- that was  
25 Juror 62, Dianne Copper. She worked with --  
26 at Wal-Mart shoe and jewelry and formerly at  
27 H&M Beauty Supply. And I think at one of  
28 those, she worked with Ms. -- one of his  
29 sisters. But this juror worked only at -- at

## JURY SELECTION - JURY OUT

1 Wal-Mart where Mr. Archie Flowers was a  
2 greeter at the door and probably saw more  
3 customers more often during the day than his  
4 fellow co-workers.

5 **BY THE COURT:** Well, again, she did work  
6 at the same place. If he was a greeter, then  
7 he was bound to have seen her every time she  
8 walked in the door. And, also, she was sued  
9 by the store. If -- if the only reason the  
10 State offered was that she knows some of  
11 these Defense witnesses, then there might be  
12 something there. But the fact is knowing  
13 these Defenses witnesses that you're  
14 intending to call, plus the fact that Tardy  
15 had to sue her, plus the fact that she worked  
16 with Archie, in my mind, creates race-neutral  
17 reasons for striking her. And that is the  
18 finding of this Court.

19 **BY MR. EVANS:** All right, sir. Juror No.  
20 44, Ms. Tashia Renee Cunningham. On her  
21 questionnaire, she put she would not consider  
22 death or life. She was back and forth in  
23 questioning on what her opinion was on the  
24 death penalty. She knows the Defendant's  
25 sister, Sherita Baskin. Under questioning,  
26 she asked how close she worked with Sherita  
27 Baskin. I asked if she worked next to her,  
28 and she said she did not. That she worked on  
29 the complete opposite end of the line. After

## JURY SELECTION - JURY OUT

1 checking with ADP, I found out that the  
2 information I'd already received was true,  
3 that she works right next to her on the line,  
4 practically every day. So not only did she  
5 lie under voir dire, but she is a close  
6 friend of hers. She knows her. And her  
7 opinions of the death penalty are so  
8 fluctuating back and forth that we could not  
9 keep her.

10 **BY MS. STEINER:** If the Court please -- is  
11 that your only reason? I've --

12 **BY MR. HILL:** Give us just one minute  
13 here.

14 **BY MR. EVANS:** In *Brown v. State*, 890  
15 So.2d 901 clearly states, and the Court has  
16 upheld, The dismissal of jurors who have  
17 given inconsistent answers in regard to their  
18 ability to return a death sentence, citing  
19 *Pinky v. State*, 538 So.2d 329. And hers was  
20 just all over the board. It depended on who  
21 asked the questions as to what her answer  
22 was.

23 (PAUSE)

24 **BY MS. STEINER:** Thank you. Forgive me.  
25 Your Honor, the primary -- first of all, I  
26 believe the witness who testified, testified  
27 she worked in human relations department.  
28 She looked at time cards, that there were  
29 about 25 people on this same line. She said

## JURY SELECTION - JURY OUT

1           that -- she did not -- she was not on the  
2           floor every day. Did not see it. We  
3           specifically asked if there was documentation  
4           that would establish, in fact, being assigned  
5           consistently to immediately adjacent  
6           positions on that 25-person line. She said  
7           she could bring it. The State does not  
8           appear to have brought in that evidence that  
9           could resolve the ambiguity.

10           Ms. Cunningham said that yes, they  
11           worked on the same line, but they -- but they  
12           usually worked quite distant from each other.  
13           She freely acknowledged her acquaintance and  
14           friendship and workplace friendship but said  
15           she could set that aside and be fair and  
16           neutral.

17           The State has accepted those sorts of  
18           assurances from virtually every white juror  
19           it has tendered without more than a passing  
20           conversation including, of course, Juror No.  
21           17, who I believe was acquainted with several  
22           people in the Flowers' family in the course  
23           of the business relationship. And as Your  
24           Honor pointed out, I think while Mr. Archie  
25           was working as a greeter at Wal-Mart, that  
26           there's probably not a person in Winona who  
27           wouldn't have said, "Mr. Archie's my friend."

28           **BY THE COURT:** Does the State have any  
29           response?

## JURY SELECTION - JURY OUT

1 **BY MS. STEINER:** Um --

2 **BY MR. EVANS:** Your Honor, there has  
3 not --

4 **BY THE COURT:** I'm sorry. Are you  
5 finished? I mean, I -- you may have been  
6 pausing, and I thought that you were stopped.  
7 If I've interrupted you, I -- you kind of --  
8 I thought after I asked Mr. Evans, that you  
9 were about to say something else --

10 **BY MS. STEINER:** My ancestors would take  
11 breathers during their sermons.

12 Your Honor, I would also suggest that  
13 juror -- actually, Your Honor, I remember  
14 this. Juror 38, Barron Davis, who the State  
15 tendered -- it was quite interesting because  
16 I was watching his demeanor. In particular,  
17 he had put himself as B, which means he was  
18 not absolutely strongly in favor of the death  
19 penalty but had answered his questionnaire,  
20 yes. Yes. And he was asked by Your Honor on  
21 considering both. He actually hesitated a  
22 little bit and did -- and gave, I thought, an  
23 answer that made him, at least in this  
24 universe of people who we've been talking to,  
25 at least more thoughtful and less certain on  
26 the death penalty than --

27 **BY THE COURT:** Wait a minute. Are --  
28 okay.

29 **BY MS. STEINER:** -- that's who -- is

## JURY SELECTION - JURY OUT

1 that --

2 **BY THE COURT:** Apparently, there were some  
3 people who were wanting to come in out  
4 there --

5 **BY MS. STEINER:** I'm sorry --

6 **BY THE COURT:** If you'll wait a second,  
7 because there were some people trying to come  
8 in, and I think the door, mistakenly, was not  
9 unlocked back there after lunch or I don't  
10 know what the deal is.

11 **BY MS. STEINER:** I'm sorry. I'm thinking  
12 of the young man, 30, Mr. Whitfield. He  
13 said, "I have mixed feelings about the death  
14 penalty." And he did, when Your Honor  
15 questioned him, then said, "But yes, I can  
16 set those aside," much as this witness --  
17 what much as this juror did. Thank you -- I  
18 apologize. 50 is Mr. Davis, who had the  
19 relatives on the jury.

20 And the -- and we would say the -- I  
21 think if you were -- view the trans -- the  
22 rough notes, that he expressed at least mixed  
23 feelings with respect to the death penalty,  
24 just as Ms. -- Ms. Wright did. The -- as  
25 many thought -- yeah, that --

26 I apologize. I am thinking of the  
27 young man, and that is Juror No. 30. And I  
28 think the record will reflect that he had  
29 expressed mixed feelings. And very frankly,

## JURY SELECTION - JURY OUT

1 the Mississippi Supreme Court observed, in  
2 particular in this case, that using death  
3 penalty attitudes has been -- they would  
4 find -- they did not find it as the exact  
5 *Batson* grounds for reversal but found they  
6 were indicative of pretext and suspect, were  
7 the words they used. And this is a jury  
8 where there has been soul searching with  
9 respect to the death penalty and some dislike  
10 of it on several of the jurors, but on most  
11 particular No. 30, Mr. Whitfield.

12 **BY THE COURT:** Any response from the  
13 State?

14 **BY MR. EVANS:** Yes, sir. Mr. Whitfield  
15 was clear. He said that he believed in the  
16 death penalty. He was mixed about his  
17 feelings on the death penalty. He could give  
18 the death penalty. That he could definitely  
19 give the death penalty if there was a rule in  
20 the case. He never, at any point, even  
21 hesitated on whether or not he could even  
22 consider the death penalty. And the juror  
23 that I have struck said that she could not  
24 consider giving the death penalty. It's a  
25 drastic difference. It's daylight-and-dark  
26 difference.

27 **BY MS. STEINER:** If the Court, please,  
28 under *Batson*, I believe the Supreme Court has  
29 said that the State standard falls on what it

## JURY SELECTION - JURY OUT

1 articulates in the first place and to come up  
2 with death penalty hesitation plus after we  
3 have --

4 **BY THE COURT:** Well, my record -- my notes  
5 show that Ms. Cunningham was asked about the  
6 death penalty. She said she might consider  
7 it. She don't -- then she said, Don't think  
8 so. Doesn't know. And then finally, after  
9 Mr. Carter was trying to rehabilitate her,  
10 she said, Possibly, she could. She put on  
11 her questionnaire that she could not consider  
12 the death penalty. That's greatly different  
13 from Mr. Whitfield, who said from the  
14 beginning on his questionnaire that he  
15 generally favored the death penalty and could  
16 consider it.

17 Also, Ms. Cunningham apparently from  
18 what the other -- this outside witness that  
19 was brought in, said she works nine or 10  
20 inches from Mr. Carter -- I mean,  
21 Mr. Flowers' sister. You made some statement  
22 about clearing up any ambiguity. You know,  
23 there -- as far as this witness that came in  
24 and testified yesterday, her testimony was  
25 fairly -- it was totally unambiguous.

26 **BY MS. STEINER:** Not that it was  
27 ambiguous. That it was not verified. There  
28 were records that could verify --

29 **BY THE COURT:** Well --

## JURY SELECTION - JURY OUT

1           **BY MS. STEINER:** -- and she said she could  
2 provide those. The State has elected not to  
3 come forward with that verification.

4           **BY THE COURT:** I'm not aware of any  
5 requirement the State has to do that. They  
6 brought a witness in, and she swore under  
7 oath to these facts. And Ms. Cunningham's  
8 all-over-the-map response to the death  
9 penalty, plus her situation about working so  
10 closely with Mr. Flowers' sister, in my mind,  
11 the State has shown race-neutral reasons for  
12 that strike --

13           **BY MS. STEINER:** Your Honor --

14           **BY THE COURT:** -- and the Defense has  
15 failed to rebut that race-neutral reason that  
16 was given.

17           **BY MS. STEINER:** Once again, we would urge  
18 a continuance and provision of the rough  
19 transcript so that it could be put in the  
20 court record and if --

21           **BY THE COURT:** If there's an appeal in  
22 this case, there will be a transcript on this  
23 if this case is appealed. But at this point,  
24 I don't need a transcript. I wrote notes all  
25 over this -- these -- there was a couple of  
26 these prior jurors when y'all were moving to  
27 strike for cause that I wanted to look back  
28 on. But I'm -- the State has definitely  
29 provided race-neutral reasons as to

## JURY SELECTION - JURY OUT

1 Ms. Cunningham.

2 **BY MS. STEINER:** Your Honor, I believe --  
3 I understand this would be an aid of memory,  
4 and Your Honor has been using it. And  
5 there's no reason why it cannot be fully  
6 protected --

7 **BY THE COURT:** If I was having a memory  
8 problem, I would do that. But I'm not. I've  
9 got notes here. I have made my ruling on  
10 this, and we're going to move to the next one  
11 now.

12 **BY MR. EVANS:** May I proceed, Your Honor?

13 **BY THE COURT:** You may.

14 **BY MR. EVANS:** The next juror is Juror No.  
15 45, Ms. Edith Burnside. She stated that she  
16 knows the Defendant. She knows Hazel Jones.  
17 The Defendant was very good friends with both  
18 of her sons. He has visited in her home many  
19 times. She also was sued by Tardy Furniture,  
20 and a garnishment was issued against her.  
21 She tried to deny that and said that she just  
22 settled with them when she came back but she  
23 was, in fact, sued by them.

24 She also, at one point, said she  
25 could not judge. She stood up when I asked  
26 about the ones that could not judge. She  
27 said that the fact that she knew the  
28 Defendant so well, he had visited in her  
29 home, and was such close friends with her

## JURY SELECTION - JURY OUT

1 sons might affect her decision in this case.

2 **BY THE COURT:** Response?

3 **BY MS. STEINER:** If the Court, please.

4 Again, the differential investigation of  
5 inquiry of these -- of this individual with  
6 respect to possible litigation with the Tardy  
7 family. No similar questions were pursued  
8 with possible litigation with any of the  
9 other victim families or any of the -- the  
10 Defendant's families and certainly nothing to  
11 indicate that anything other than what they  
12 expected to find. And I believe  
13 Ms. Burnside's testimony was that she  
14 actually had a very fairly intimate  
15 relationship with Ms. Bertha Tardy's  
16 husband's first wife. She was the caregiver.

17 And that this was -- she thought,  
18 before she left for Nevada, that this was a  
19 gift, basically, from the business; that when  
20 she returned, again, she discovered that this  
21 was not, in fact, such a gift and was  
22 financially unable to pay it. And there was  
23 no animosity in her towards them for having  
24 done this. She acknowledged that if they  
25 wanted -- if they wanted the money, they  
26 could -- they were owed it. It was not an  
27 illegitimate thing.

28 And the differential investigation,  
29 again, is indicative that for the State of

## JURY SELECTION - JURY OUT

1 Mississippi in this case, the process of  
2 preemptory striking has become a search for  
3 facially non-discriminatory excuses for an  
4 effort to remove African-Americans from this  
5 jury as it did in *Flowers III*.

6 **BY THE COURT:** Well, at this point, her  
7 statement -- I mean, the offer -- the reason  
8 the State's made -- I have notes as to all  
9 that. She first stood up when the district  
10 attorney asked her if she could judge, and  
11 she said she could not. I have seen no white  
12 person that was left on this panel that  
13 responded in a similar fashion. And I've got  
14 a note here that said she stated that she'd  
15 preferred not to judge. Again, I don't have  
16 any notes that would indicate that there was  
17 any white person that said that.

18 She was sued by Tardy Furniture. I  
19 do not recall her indicating that she thought  
20 it was a gift. She did say she moved to  
21 Nevada and then came back and was sued,  
22 but -- and there's no evidence that any  
23 murders occurred on any business property  
24 that was owned by any other individual than  
25 Tardy Furniture or that anybody else owns a  
26 business. So I don't think that the fact  
27 that the State didn't ask about other  
28 businesses that were not related to this case  
29 have any merit.

## JURY SELECTION - JURY OUT

1 But I think the State has offered  
2 numerous race-neutral reasons for this  
3 strike, and there are not white jurors that  
4 were left on the panel that have the  
5 race-neutral reasons the State has offered  
6 for striking Ms. Burnside.

7 **BY MS. STEINER:** Your Honor, we would  
8 incorporate all of the other -- including No.  
9 17, who was widely --

10 **BY THE COURT:** I offered you the  
11 opportunity, and I've made my ruling and so  
12 we'll move to the next one now. I don't like  
13 to be continually challenged after I've made  
14 a ruling. And so we will move now to -- I  
15 believe it was S-4?

16 **BY MR. EVANS:** Yes, sir. S-4 is No. 53,  
17 Ms. Flancie Young Jones. She is related to  
18 the Defendant. She admitted that she was  
19 related -- she was cousin -- or the  
20 Defendant's sister, Angela Jones, is her  
21 niece. So she said she guessed she must be  
22 related to him. Well, I guess so. He would  
23 be her nephew.

24 She was late two different times,  
25 appearing in court approximately 30 minutes  
26 late both times. She -- hold on a minute.  
27 Let me read my writing. She was back and  
28 forth all over the place on her opinion about  
29 the death penalty. She admitted -- and I

JURY SELECTION - JURY OUT

1 thought it was very strange when I asked her  
2 if she had lied on her questionnaire about  
3 her opinion of the death penalty, she said  
4 that she had. She -- on her questionnaire,  
5 it states that she is strongly against the  
6 death penalty. And she comes in now trying  
7 to say that she is for the death penalty.  
8 And her -- like I say, her only explanation  
9 for that change was that she said she had  
10 lied on her questionnaire.

11 **BY THE COURT:** But I think between being  
12 related to the Defendant, her views on the  
13 death penalty, she is also related to Hazel  
14 Jones -- which, of course, she's going to be  
15 related to all of the Defendant's family. I  
16 think those reasons are definitely clear  
17 race-neutral reasons for why we could not  
18 leave her on the jury.

19 **BY MS. STEINER:** Your Honor, I think it  
20 seems -- her -- her relationship is to Ms.  
21 Hazel Jones by marriage. And it is Ms. Hazel  
22 Jones' son who is married to a lady named  
23 Angela or Andrea.

24 Now, I find that is not the same  
25 person as the Angela Jones married to a  
26 Mr. Jones in Prairie View, Texas. So yes --  
27 so he is not the nephew. There is a in-law  
28 relationship to the entire family through --  
29 she's married to -- her husband and Hazel

## JURY SELECTION - JURY OUT

1 Jones are brother-in-law and sister-in-law,  
2 as I understand it. And -- but she says that  
3 she is not connected with that wing of her  
4 husband's family, that she has no actual  
5 knowledge, that she had to come to court to  
6 learn of such connections. They accepted  
7 juror --

8 (PAUSE)

9 **BY MS. STEINER:** Your Honor, maybe we  
10 didn't get to this juror. They seemed to  
11 have no problem certainly during voir dire  
12 with the marital -- marriage relationships  
13 when they were defending juror -- I'm sorry.  
14 There were several jurors who had  
15 relationships by marriage. In fact, we made  
16 challenges on -- on Juror 111, whose  
17 relationship by marriage for 25 years to  
18 Ms. Margie in the D.A.'s office, and the  
19 Court found that in-law relationships are of  
20 minimal significance and denied our cause  
21 challenge --

22 **BY THE COURT:** Well, now, if the State was  
23 moving to strike this person for cause, my  
24 ruling would be the same. But this is not a  
25 situation where the State is moving to strike  
26 this person for cause.

27 **BY MS. STEINER:** Again, we would cite the  
28 totality of the circumstances and the  
29 apparent cherry picking of the

## JURY SELECTION - JURY OUT

1 African-American jurors for scrutiny and  
2 attention. And in light of the history of  
3 racial discrimination by this district  
4 attorney's office in this district, we would  
5 say the totality of the circumstances makes  
6 this a pretext for discrimination and attempt  
7 to look for race-neutral reasons for racially  
8 motivated peremptory striking.

9 **BY THE COURT:** Well, in the Court's  
10 view -- in fact, the Court was somewhat  
11 dumbfounded -- and this is the only juror of  
12 any race that made this statement. But she  
13 got up here from this witness stand and said,  
14 "I lied on my questionnaire." And I think  
15 that, in and of itself, is a race-neutral  
16 reason. She said, "I lied. You know, I  
17 don't want to be here. And so I lied." And  
18 so, you know -- I don't -- she's totally been  
19 dishonest in something that she filed with  
20 this Court, and that is race neutral.  
21 There's not another person that has said, "I  
22 lied on my questionnaire." And she said --

23 **BY MS. STEINER:** If the Court --

24 **BY THE COURT:** I'm making my ruling now,  
25 ma'am. And she said that Angela Ward Jones  
26 was married to Mark Jones, and she said that  
27 was her nephew. So I -- you know, she's not  
28 directly related to Mr. Flowers. She's  
29 related by marriage to Mr. Flowers' sister.

## JURY SELECTION - JURY OUT

1 And then Hazel Jones is her husband's  
2 brother's wife and, you know, that's another  
3 family connection there.

4 But, you know, her lying on the  
5 questionnaire and then admitting that and  
6 then changing what she was saying in court is  
7 grounds alone for -- or race-neutral grounds.  
8 But that, plus these relationships where  
9 Mr. Flowers is married -- Mr. Flowers' sister  
10 is married to her nephew and Hazel is married  
11 to her brother-in-law are race-neutral  
12 grounds. So I'm -- I make a finding that the  
13 Defense has failed to overcome and failed to  
14 rebut the proof that's been offered by the  
15 State of Mississippi.

16 **BY MS. STEINER:** Your Honor, for fear of  
17 waiving something, my shortcomings as a  
18 defense attorney to Mr. Flowers would be  
19 evident if I did not at this point, point  
20 out, Your Honor, that they have accepted  
21 Juror 51, who lied on his questionnaire  
22 about -- and to this Court -- until finally  
23 called in for further voir dire with respect  
24 to his actually having been through the voir  
25 dire process in this Court before. And I  
26 believe that that is a distinction without a  
27 difference. They accepted Mr. Huggins, 51.

28 They apparently don't care if white  
29 people lie. They do care if -- or clarify

1 themselves or say things on their  
2 questionnaires that it turns out were not  
3 completely consistent. They do care if black  
4 people do. It is part of the totality of the  
5 circumstances that make this an additia  
6 pretext in this court, and I do have to  
7 preserve that record. I spent several hours  
8 talking to the -- several minutes talking to  
9 the Mississippi Supreme Court about just that  
10 question.

11 **BY MR. EVANS:** I must have missed that  
12 question because I never saw a question that  
13 he was asked on the questionnaire about  
14 whether he had been on another panel or not.

15 I think referring to him as a liar is  
16 completely wrong. There was no indication  
17 that he lied on anything. That was not  
18 brought up. When it was brought up, he said,  
19 Yep, I was on another panel. There were a  
20 lot of people that were on this panel that  
21 were on another panels. Some never were  
22 asked about it. He did not comment to any of  
23 that. And strictly, he definitely, as the  
24 Court stated and I stated earlier, didn't sit  
25 in that chair right up there and admit to the  
26 Court and everybody else that he had  
27 purposely lied on his questionnaire.

28 **BY MS. STEINER:** Your Honor, he said to  
29 the Court the first thing he had heard about

## JURY SELECTION - JURY OUT

1 this case was when he walked in and sat down  
2 and began to be qualified this past Friday.  
3 Those were the first words out of his mouth.  
4 When he came back in and had this discussed  
5 with him and then, Oh, oops. Yeah, you're  
6 right. I did this two years ago.

7 Your Honor, this is a degree of  
8 questionable seriousness or voracity of  
9 wanting -- wanting to be on or off that is  
10 equally of the same nature as what they are  
11 objecting to here in --

12 **BY THE COURT:** Well, I have made my  
13 ruling, but I'll reiterate that she said up  
14 here from this stand, "I lied on that  
15 questionnaire." I never did hear Mr. Huggins  
16 say he lied, and you didn't ask him. You  
17 know, you didn't ask him when he was called  
18 back in, Did you lie when you said that? So  
19 I can't know his frame of mind of why he  
20 didn't originally point out he was in the  
21 original voir dire. But he clearly did not  
22 say that he lied.

23 And again, the statement on the  
24 questionnaire said she could not under any  
25 circumstances consider the death penalty.  
26 And now she, in court, is saying that she  
27 can. That is vastly different. And also,  
28 again, these relationships she's got.

29 I do not have any white juror that

## JURY SELECTION - JURY OUT

1 has been allowed to remain on that had those  
2 issues. And so I will again restate that I  
3 find that there has been a failure to  
4 overcome the race-neutral reasons that was  
5 offered by the State of Mississippi. And I  
6 that's all as far as the race -- I think that  
7 would --

8 **BY MR. EVANS:** No, sir. No, sir. It's  
9 two more strikes that we'd made, S-5 and S-6.

10 **BY THE COURT:** Okay. I'm sorry. Yeah,  
11 that's right.

12 **BY MR. EVANS:** Juror No. S-5, Ms. Julia  
13 Ann Nail is a white female, but I would --  
14 since we're going through this, I might as  
15 well just state my reasons for striking her,  
16 too. She said that she could consider both,  
17 but she said that she preferred life without  
18 parole. So because of that reason, we have  
19 struck her, which is similar to some of the  
20 others that we have been striking. Juror  
21 No. -- well, I don't guess the Court needs to  
22 rule on that one, does it?

23 **BY THE COURT:** They're only attacking the  
24 strikes as to African-Americans, so --

25 **BY MR. EVANS:** Okay.

26 **BY THE COURT:** -- but she did say she was  
27 strongly in favor of life without parole.

28 **BY MR. EVANS:** Juror No. S-6, Ms. Dianne  
29 Owens Cooper or Copper -- I'm not sure how

## JURY SELECTION - JURY OUT

1 she pronounces it. And I was wrong on the  
2 other one. This is the one that worked with  
3 two of the Defendant's family members. She  
4 has worked with his father, and she has  
5 worked with his sister, Cora, at the shoe  
6 place. She stated that she knows Curtis'  
7 family. She's stated that she leaned toward  
8 favoring his side of the case. She knows  
9 many Defense witnesses.

10 And the reason I point that out, it's  
11 not just that she knows those witnesses, but  
12 that because of knowing the family and  
13 working with those two family members, she  
14 stated that that relationship would influence  
15 her. She later said that -- well, she could  
16 not have an open mind. And then she was  
17 equivocal back and forth. But because of all  
18 of those relationships, she clearly stated,  
19 when I asked her, that they would influence  
20 her. She could not have an open mind, and  
21 she was leaning toward the Defendant's  
22 family.

23 **BY THE COURT:** I think that's --

24 **BY MS. STEINER:** Thank you. Your Honor,  
25 again, they have accepted -- virtually every  
26 white juror they have accepted has had some  
27 connection, personal or professional as  
28 Ms. Copper has a professional workplace  
29 relationship with someone who is a likely

## JURY SELECTION - JURY OUT

1 witness in this case, including Juror No. 17.

2 This is the juror, Your Honor, who  
3 apparently was being fished with living in  
4 the neighborhood. And they asked, In the  
5 neighborhood? She said it was a couple of  
6 blocks away. And Harper Street and Cade  
7 Street intersect, she said, a couple of  
8 blocks from her home. She specifically said  
9 that she did not know the Flowers family well  
10 enough to be able even to say how many houses  
11 from the corner it was. She knew it was down  
12 where Cade Street began. This is a witness  
13 who the State -- and not just with respect to  
14 the people already struck -- but the State  
15 has repeatedly stood up and said it really  
16 doesn't matter if they're acquainted, if  
17 they're not close. Visitors in the household  
18 take the people's word for it. This is not  
19 an important relationship. These are  
20 business relationships.

21 And again, under the totality of the  
22 circumstances and most particularly the  
23 differential questioning of this witness  
24 insisting that -- that's the case. Moreover,  
25 they have accepted Jurors 40 and 50, each of  
26 whom testified in this court as they were  
27 being voir dired that they have formed an  
28 opinion. There was great -- the State  
29 properly, as it should, went after them and

## JURY SELECTION - JURY OUT

1 said, But you can lay that aside. And I  
2 don't believe they attempted to ask her if  
3 she could lay hers aside. I believe the  
4 Court elicited that from her. I believe we  
5 elicited that from her. But when this black  
6 juror expressed an opinion that she had  
7 formed or had a leaning, they didn't bother  
8 to try and rehabilitate her as they did with  
9 Jurors 40 and 50, who they have tendered here  
10 this afternoon.

11 **BY THE COURT:** Well, the Court -- neither  
12 No. 40 or No. 50 stated that they were  
13 learning toward the Flowers' family in this  
14 case. And she did. There -- there wasn't  
15 anything for them to rehabilitate because  
16 they didn't say they were leaning towards the  
17 Flowers family. And --

18 **BY MS. STEINER:** They didn't say --

19 **BY THE COURT:** I'm making my ruling now,  
20 ma'am. I'm tired of you interrupting me  
21 constantly.

22 Also, she had stated that she worked  
23 with Archie at Wal-Mart, and she worked with  
24 Cora at Shoe World. She's had close working  
25 relationship with those two individuals in  
26 Mr. Flowers' family. I see that greatly  
27 different than No. 17, Ms. Chesteen, who was  
28 the bank teller and has people that's come  
29 into the bank. There's no indication that

## JURY SELECTION - JURY OUT

1 Ms. Chesteen has ever worked with Archie  
2 Flowers, ever worked with Cora or anybody  
3 else. And so there is a huge difference  
4 between the -- S-6 with Ms. Copper and any  
5 white juror that was left on the panel.

6 **BY MS. STEINER:** Again, Your --

7 **BY THE COURT:** And now, if the State will  
8 proceed to --

9 **BY MS. STEINER:** Your Honor, may I be  
10 heard?

11 **BY MR. EVANS:** The State will tender No.  
12 67.

13 **BY MS. STEINER:** May I be heard before --

14 **BY THE COURT:** Ma'am, I'm tired of you  
15 inter -- I mean, I've made a ruling. And I  
16 don't know -- you know, when you have  
17 something to say, you need to say it before I  
18 have made the ruling. But after I make a  
19 ruling, you're constantly arguing with the  
20 Court and constantly coming forward with  
21 other things. And I'm kind of getting tired  
22 of that.

23 **BY MS. STEINER:** Your Honor raised in your  
24 ruling the fact that the opinions  
25 expressed -- the opinions of 40 and 50 were  
26 not opinions in favor of the Flowers family.  
27 Your Honor, neither of these jurors advised  
28 as to what that opinion was. It is equally  
29 likely if you have an opinion it could be for

## JURY SELECTION - JURY OUT

1 either side. These jurors did not express an  
2 opinion and --

3 **BY THE COURT:** You're absolutely correct.  
4 They did not, and she did. That makes it  
5 different. That is the difference. She  
6 said, "I would tend to lean toward favoring  
7 that family." And that -- that is different  
8 than somebody that expresses no statement to  
9 that. And again, none of these others worked  
10 side by side or in the same Shoe World with  
11 Mr. Flowers' sister. Nobody -- that is,  
12 nobody that's on the panel that worked with  
13 Mr. Archie.

14 And now again, if the State will  
15 tender --

16 **BY MR. EVANS:** Tender 67.

17 **BY THE COURT:** Let me get back to my --  
18 I'm trying to -- I don't know if you need to  
19 just go ahead and tender three alternates  
20 or --

21 **BY MR. EVANS:** I thought we were just  
22 going to do one at a time with one strike per  
23 alternate?

24 **BY THE COURT:** Well, yeah. That is how  
25 the rules say.

26 **BY MS. STEINER:** We would -- we would  
27 strike No. 67.

28 **BY THE COURT:** So D --

29 **BY MR. EVANS:** All right. We'll take 68

## JURY SELECTION - JURY OUT

1 as the first alternate. And we will tender  
2 69 as the second alternate.

3 **BY MS. STEINER:** We will -- DS-2 will be  
4 Juror No. 69, and we are now out of  
5 challenges with respect to --

6 **BY THE COURT:** No. I said I was going to  
7 have three alternates, but --

8 **BY MS. STEINER:** Oh.

9 **BY MR. EVANS:** Okay, your Honor --

10 **BY MS. STEINER:** Do we have a third strike  
11 for --

12 **BY THE COURT:** Excuse me?

13 **BY MR. EVANS:** We will accept No. 72 as  
14 the second alternate.

15 **BY THE COURT:** Well, let me -- on Julia  
16 Ray, I assume there was not any -- I assume  
17 that you did not -- that you did not --

18 **BY MS. STEINER:** No, we did not exercise a  
19 preemptory.

20 **BY THE COURT:** Then she will be Alternate  
21 1. And I mean, the order in which these  
22 alternates are put on would be the order in  
23 which if somebody got sick or had somebody  
24 die, like we had a juror earlier in the week,  
25 family member or something -- so anyway, we  
26 got --

27 **BY MR. EVANS:** We will accept No. 72 as  
28 the second alternate.

29 **BY MS. STEINER:** Your Honor, we would

## JURY SELECTION - JURY OUT

1 strike -- DS-3.

2 **BY MR. EVANS:** They've already used one  
3 strike --

4 **BY THE COURT:** Well, they've used DA-1 --  
5 let me finish -- Defense Alternate 1. When I  
6 say DA-1, it sounds like I'm -- that I'm --  
7 this is Defense Alternate Strike 1 on Amason.  
8 Defense Alternate Strike 2 on Carpenter. And  
9 I'm taking Defense Alternate Strike 3 on  
10 Colbert; is that correct?

11 **BY MS. STEINER:** That is correct.

12 **BY MR. EVANS:** All right. We will accept  
13 75 as the second alternate then.

14 **BY MS. STEINER:** Your Honor, for the  
15 record, this is a juror who we had challenged  
16 under *Murphy* and *Reynolds* for impartiality.  
17 We are out of strikes here. We are not -- it  
18 is not possible for us to exercise a  
19 preemptory strike against this prospective  
20 juror because we have had to expend all three  
21 of our preemptories.

22 We would like to reserve our right  
23 to -- should there be an appeal -- to  
24 challenge the -- to raise the challenge for  
25 cause that would -- given to this juror  
26 earlier which was overruled by the Court as  
27 we are without further preemptories with  
28 which to challenge this juror.

29 **BY MR. EVANS:** Your Honor, for the record,

## JURY SELECTION - JURY OUT

1 the only reason we're to that juror is the  
2 Defense allowed them to change the rules.  
3 It's my understanding that there was going to  
4 be three alternates, one strike per side per  
5 alternate. They had already used a strike  
6 for the second alternate. They asked to use  
7 another strike for that alternate, and the  
8 Court let them. So it's because they asked  
9 for an extra strike to use on that alternate  
10 that we even get to Linda Martin.

11 **BY MS. STEINER:** All three of these jurors  
12 were cause challenges by the Defendant.

13 **BY THE COURT:** And I'll have you now  
14 tender one more alternate.

15 **BY MR. EVANS:** Tender 78 as the third  
16 alternate.

17 **BY MS. STEINER:** We have no more  
18 preemptories, but we will accept her.

19 **BY THE COURT:** I'm going to call the jury  
20 in and have them seated, and --

21 **BY MS. STEINER:** Your Honor, could we  
22 recite who the jurors are?

23 **BY THE COURT:** I'm showing No. 3, O'Quinn;  
24 8, Robinson; 12, Johnson; 18, Laney; 22,  
25 Blaylock; 25, Winstead; 26, Chatham; 30,  
26 Whitfield; 38, Davis; 42, Fielder; 58,  
27 Branch; 63, Hargrove; 68, Alternate 1, Ray;  
28 Alternate 2, 75, Martin; Alternate 3,  
29 Williams, 78.

## JURY SELECTION - JURY OUT

1 Ms. Steiner, I think you had told me  
2 earlier you had something you needed to grab  
3 out of your car or something --

4 **BY MS. STEINER:** Yes, Your Honor.

5 **BY THE COURT:** So let me have the jury  
6 come in, seated, sworn in. And then I will  
7 recess, and then I'll give them a preliminary  
8 instruction, and then we'll proceed into  
9 opening statements.

10 I'll ask the State at this point,  
11 there is a motion in limine that has not been  
12 heard yet, so I'll ask in opening if the  
13 State will refrain from mentioning any  
14 gunshot residue that -- on the Defendant's  
15 hand, because that is the subject of the  
16 motion. And I don't know if the witnesses  
17 are -- I -- I mean, at some point -- I don't  
18 know if it will be before the witness is  
19 called to testify, but I'll have to  
20 conduct -- have to hear arguments on that at  
21 that time, so if you'll refrain from doing  
22 that.

23 And if you'll call everybody in now.

24 **BY THE BAILIFF:** Can they sit in any  
25 order?

26 **BY THE COURT:** Yeah, at this time, they  
27 can sit anywhere they want.

28 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
29 OPEN COURT WITH ALL PARTIES AND THE

## JURY IMPANELED

PROSPECTIVE JURORS PRESENT, TO-WIT:)

**BY THE COURT:** Okay. Court will come back to order. Ladies and gentlemen, as your names are called, if you would please, come forward here in the jury box. You been selected as jurors to try this case.

Susan Virginia O'Quinn. Alexander Robinson, Jr. Janelle Marie Johnson. Lillie Mae Laney. Larry Wayne Blaylock.

Y'all can go ahead and have a seat wherever you want.

Susan Winstead. You don't have to sit in order of your call. You can sit anywhere you want.

Jennifer Chatham. Jeffrey Whitfield. Barron Davis. Marcus Fielder. Emily Branch. James Hargrove.

And the next three names are going to be alternate jurors. What an alternate is, is they sit up here and they listen to the evidence but would only end up deliberating if for what -- for some reason one of the original twelve jurors got sick or for some reason was not able to complete their service. So the order in which your name is called would be the order in which you would serve as alternate if we had someone that had to be moved up into one of the original jurors. And the alternates are Julia Ray,

## JURY IMPANELED

Linda Martin, and Beverly Williams.

Ladies and gentlemen, if your name was not called, I do appreciate your attendance here. It's been a long several days. You've been very patient, and I really appreciate the civic duty that you've performed here. Certainly, you're invited to remain and watch the proceedings, but I suspect most of you are ready to go. But you are finally excused now by this Court.

(PROSPECTIVE JURORS LEAVE THE COURTROOM)

**BY THE COURT:** And ladies and gentlemen, if you'll will please stand at this time, and the Court is going to swear your in.

**BY THE CLERK:** Would you raise your right hand, please? Do you and each of you solemnly swear or affirm that you will well -- that you will well and truly try the issue between the State of Mississippi and Curtis Giovanni Flowers and a true verdict give, according to the evidence and the law, so help you God?

**BY JURORS:** I do.

**BY THE COURT:** And ladies and gentlemen, for a few minutes, if you'll all step in the jury room, we're going to take up a couple of matters before we actually get started. And so if you'll step in the jury room for a

## JURY IMPANELED

1 couple of minutes.

2 **BY MS. STEINER:** If the Court please, do  
3 you want to instruct the jury with respect to  
4 conversations?

5 **BY THE COURT:** Well, I'm going to give  
6 them an instruction -- but I mean, don't be  
7 back there talking among yourselves about the  
8 case. You just cannot discuss the case until  
9 the -- everything has concluded and you're  
10 instructed to begin talking about it. Until  
11 then, you're not to discuss the case among  
12 yourselves.

13 (JURY LEAVES THE COURTROOM)

14 **BY THE COURT:** I'll have the bailiffs now  
15 sworn in to attend to this particular jury.

16 (BAILIFFS SWORN BY CLERK)

17 **BY THE COURT:** Y'all have been bailiffs  
18 for many years, but I just want to again  
19 reiterate that as bailiffs you are to attend  
20 to this jury's needs and wait on them. It's  
21 different than most juries because this jury  
22 will be sequestered where most of them that  
23 attend to are not. But as a sequestered  
24 jury, they've got to be kept away from any  
25 influences -- outside influences. They  
26 cannot read newspapers, Internet, talk to  
27 anybody on the phone. Any needs the jury  
28 has, they will have to come through you for  
29 that. And I don't --

## JURY IMPANELED

1           **BY THE BAILIFF:** Your Honor --

2           **BY THE COURT:** -- want to make it sound  
3 bad -- but, I mean, they're almost going to  
4 be like children in and of the respect that  
5 y'all are going to have to be taking care of  
6 them because they can't call --

7           **BY THE BAILIFF:** Can I say something?

8           **BY THE COURT:** Yes, ma'am.

9           **BY THE BAILIFF:** Richard and I are not  
10 going to be nighttime bailiffs --

11          **BY THE COURT:** Oh, I know you're not going  
12 to be the night bailiff.

13          **BY THE BAILIFF:** Okay.

14          **BY THE COURT:** I'm just talking about  
15 while you are serving.

16          **BY THE BAILIFF:** Okay.

17          **BY THE COURT:** I'm going to swear the  
18 night bailiffs in later in the evening.

19          **BY THE BAILIFF:** I wanted you to be aware.

20          **BY THE COURT:** I am aware of that. But I  
21 want you to make sure when you are attending  
22 to them to keep any -- everybody away from  
23 them. They cannot have anybody talking to  
24 them or have any discussion or contact with  
25 them, and they're to be kept away from  
26 newspapers, radios or any news broadcasts  
27 about the case.

28                   And if any juror needs something, you  
29 can be their intermediary and call their

## JURY IMPANELED

1 family and -- you know, like if someone needs  
2 clothes or medication or any personal items.  
3 But they cannot see their family members.  
4 They would have to work and go through one of  
5 you or one of the night bailiffs.

6 And again, I just wanted to instruct  
7 on the record what I know you already know  
8 your job to be.

9 **BY THE BAILIFF:** Will you give these same  
10 instructions to the jury?

11 **BY THE COURT:** I will. I've got a jury  
12 instruction that I'm going to present to them  
13 as soon as we come back out that will tell  
14 them what I just told you.

15 **BY THE BAILIFF:** Your Honor, could you  
16 give us our -- of when we can go in and out  
17 of the jury room? I mean, we have had some  
18 controversy before --

19 **BY THE COURT:** Well, you can go in, you  
20 know, when they need coffee and snack items  
21 and stuff. Any time a bailiff is in the jury  
22 room, I want that door open. I don't want  
23 anybody --

24 **BY THE BAILIFF:** Yes, sir.

25 **BY THE COURT:** -- in the jury room with  
26 the door closed. But you know, I know -- I  
27 don't drink coffee, but most people do. And  
28 I know in the mornings and even in the  
29 afternoon as hot as it is, I can't imagine

## JURY IMPANELED

1 anybody wanting to drink something hot. But  
2 if they want coffee or need snacks or need  
3 drinks or anything, you can go in there and  
4 take those items to them. Other than that,  
5 you know, you're to stay out of the jury  
6 room.

7 **BY THE BAILIFF:** Yes, sir.

8 **BY THE COURT:** And as I say, on those  
9 times when you happen to have to go in there,  
10 I want that door open.

11 **BY THE BAILIFF:** Yes, sir.

12 (OFF RECORD)

13 **BY THE COURT:** They say the night bailiffs  
14 are here so I may as well go ahead and have  
15 them sworn in.

16 **BY MR. EVANS:** Your Honor, do you plan to  
17 do the opening statements and then have all  
18 the exhibits marked? Because it's going to  
19 take a while to do that.

20 **BY THE COURT:** I think probably by the  
21 time opening statements are made, it's -- and  
22 I mean, we've all stayed long, but we've kept  
23 the jury long every day, too. So at the hour  
24 it is now, probably by the time we get  
25 opening statements done, it's going to be  
26 4:30. And so after we hear opening  
27 statements, I think I can just send the jury  
28 on and I can have y'all offer whatever  
29 exhibits to the court reporter that can be

## JURY IMPANELED

1 premarked. And then we'll just start  
2 testimony first thing in the morning.

3 **BY MS. STEINER:** Your Honor, we might want  
4 to just -- at this point, I'd like renew and  
5 reiterate all of our pretrial motions with  
6 respect to evidentiary matters and the  
7 actual -- the mere conduct of this trial, you  
8 know, under double jeopardy, I'd like to  
9 renew those. And with respect to any  
10 evidentiary matters disposed of in pretrial  
11 hearings, make those continuing --

12 **BY THE COURT:** I think the record's  
13 preserved. I mean, I think you've made a  
14 preserved record already on those issues.

15 **BY MS. STEINER:** I just wanted to announce  
16 those, take advantage of that continuing  
17 objection so we won't have to be popping up  
18 on that.

19 **BY THE COURT:** The Court will readopt and  
20 reaffirm the rulings that I made  
21 preliminarily on evidentiary matters.

22 (To the night bailiffs) If y'all will  
23 raise your right hands now.

24 (NIGHT BAILIFFS WERE SWORN IN BY THE  
25 CLERK)

26 **BY THE COURT:** And I want to just kind of  
27 go over some items with you. This jury is  
28 going to be sequestered. Y'all are going to  
29 be staying with them at night. I hate to use

## JURY IMPANELED

1 the phrase, but you're almost serving as  
2 parents for them, because they can't do  
3 anything without you being around.

4 They cannot have contact or visits  
5 with anyone, including their family members.  
6 So they're to be totally kept away from  
7 anybody except each other. And you -- they  
8 cannot have cell phones or any electronic  
9 devices where they could communicate with  
10 anyone. They're also to be kept away from  
11 newspapers and radio or television broadcasts  
12 about this case.

13 And if the jurors have any needs,  
14 they're going to have to come through you to  
15 attend to their needs. If they have some  
16 arise where they need to contact a family  
17 member, they're going to have to go through  
18 you to do that. They cannot talk directly.  
19 They can give you a message or write a note  
20 and then you can call a family member and  
21 pass that information along.

22 But you cannot, at any point, have  
23 anybody that comes in and sees the jury,  
24 speaks to them or has any contact with them.  
25 And I just want y'all to be mindful of what  
26 an important duty this is because these  
27 people that are going to be serving on this  
28 jury -- I don't like to use the word they're  
29 at your mercy, but they are certainly going

## JURY IMPANELED

1 to have to lean on you heavily to take care  
2 of their needs and take care of them.

3 And I know that I have every  
4 confidence because of my familiarity with  
5 both of you that you will do that. And  
6 that's all I wanted to say to you about your  
7 service as bailiffs.

8 **BY THE BAILIFF:** Yes, sir.

9 **BY THE COURT:** And we'll take a ten-minute  
10 recess.

11 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
12 CONTINUED IN OPEN COURT WITH ALL PARTIES  
13 PRESENT OUTSIDE THE HEARING AND PRESENCE  
14 OF THE JURY, TO-WIT:)

15 **BY THE COURT:** Court will come back to  
16 order. I want to just -- I want to say this  
17 for media purposes. The media has zealously  
18 followed all the Court rules about  
19 photography and things like that. And I just  
20 want to remind that you can't take pictures  
21 of the jury, and I think everybody realizes  
22 that. But even if you were taking a picture  
23 outside on the courthouse lawn, please make  
24 sure that no juror's ever shown in any  
25 photograph. And as I say, I know you all  
26 know the rules and abide by them, but I just  
27 wanted to make sure that that was reiterated.

28 If you'll bring the jury in.

29 (THE FOLLOWING PROCEEDINGS WERE HAD IN

## PRELIMINARY INSTRUCTIONS GIVEN BY THE COURT

1 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

2 **BY THE COURT:** Members of the jury, it's  
3 appropriate that I give you some preliminary  
4 instructions. You've now been selected as  
5 the jury to try this case. As jurors, you  
6 will hear the evidence, decide the disputed  
7 issues of fact, apply the law to the facts  
8 and reach a verdict.

9 It is my duty as judge to insure that  
10 the trial is conducted in a fair and orderly  
11 manner. I rule on any objections or motions  
12 and instruct you on the law applicable to  
13 this case. You're required to follow the law  
14 as given to you by the Court.

15 You should give careful attention to  
16 the testimony and evidence presented during  
17 the trial, but you should not form or express  
18 any opinion about the case one way or the  
19 other until you've heard all the evidence and  
20 had the benefit of the instructions of law  
21 and the closing arguments of the attorneys.

22 To avoid any appearance of  
23 impropriety, I've instructed the attorneys,  
24 the parties and the witnesses not to have any  
25 contact or discussion with you in any way.  
26 When they appear to ignore you during  
27 recesses, they're doing this because they've  
28 been instructed to do so by the Court.

29 You're prohibited from having any

## PRELIMINARY INSTRUCTIONS GIVEN BY THE COURT

1 conversation with the attorneys or with  
2 anyone else connected with the case.

3 You will be sequestered until all  
4 proceedings of this case have concluded.  
5 During your jury service, you cannot have any  
6 communications or contact with anyone other  
7 than your fellow jurors and the bailiffs. If  
8 any one of you have packed with your other  
9 belongings a cellular telephone or any other  
10 electronic communications device, please  
11 immediately surrender that to one of the  
12 bailiffs.

13 If, while you are sequestered, you  
14 need to contact family members or other  
15 individuals, that contact will have to be  
16 made through one of the bailiffs.

17 You must not talk about, listen to,  
18 discuss or communicate in any manner with  
19 anyone about this case during the trial, not  
20 even among yourselves. If anyone should  
21 attempt to discuss the case with you, you  
22 should immediately report the matter to me or  
23 to one of the bailiffs.

24 You must not read any newspaper  
25 articles, Internet articles or any other  
26 written forms of communications about this  
27 case, and you must not listen to any radio or  
28 television news broadcast about this case.

29 You're not permitted to visit or view

PRELIMINARY INSTRUCTIONS GIVEN BY THE COURT

1 any scene or location involved in this case  
2 or make any independent investigation. Your  
3 duty is to decide this case solely on the  
4 basis of the testimony and evidence presented  
5 here in open court and not on any information  
6 gathered outside the courtroom.

7 During the trial, I may be required .  
8 to rule on motions or objections made by the  
9 attorneys. You should not infer from my  
10 rulings or from anything that I may say that  
11 I have any opinion on the merits of the case  
12 favoring one side or the other.

13 It may be necessary that I conduct  
14 some of the hearings on objections or motions  
15 outside your presence. I will try to  
16 estimate the time needed for the hearings and  
17 for recesses, but they may be extended by new  
18 issues. Your patience and understanding will  
19 contribute to a fair and orderly trial, even  
20 though at times it may seem to go slowly.

21 I realize that sitting and listening  
22 for long periods of time may be tiring for  
23 some of you. We will, from time to time  
24 during the course of the trial, take recesses  
25 in order to allow you to have a rest break.  
26 However, if any one of you should need a rest  
27 break before one is called by the Court, do  
28 not hesitate to ask for a recess either by  
29 bringing it to the attention -- to my

## PRELIMINARY INSTRUCTIONS GIVEN BY THE COURT

1 attention or to the attention of one of the  
2 bailiffs.

3 During the course of the trial,  
4 witnesses will be called to testify under  
5 oath and they will be examined by the  
6 attorneys calling them and cross examined by  
7 the attorneys for the other side.

8 Documents and other exhibits may also  
9 be introduced as evidence for your  
10 consideration when you are deliberating on  
11 your verdict.

12 After both sides finally rest, I will  
13 review the instructions of law with the  
14 attorneys. The instructions will then be  
15 read to you, and you will be permitted to  
16 take the instructions with you to the jury  
17 room.

18 Following the instructions, the State  
19 is permitted to argue their case. Then the  
20 Defense argues their case, and that's  
21 followed by any rebuttal argument offered by  
22 the State.

23 At that time, you will retire to the  
24 jury room to consider your verdict and that  
25 should be the first time that you discuss  
26 this case with anyone or among yourselves.

27 If you would like to do so, you may  
28 take notes during the course of the trial.  
29 And very shortly, we will have note pads

## PRELIMINARY INSTRUCTIONS GIVEN BY THE COURT

1 handed to you for your benefit if you choose  
2 to do so. On the other hand, you're not  
3 required to take notes if you prefer not to  
4 do so. Each of you must -- should make your  
5 own decisions about this.

6 If you decide to take notes, be  
7 careful not to get so involved in note taking  
8 that you become distracted from the ongoing  
9 proceeding.

10 Notes are only a memory aid and a  
11 juror's notes may be used only as a aid to  
12 refresh that particular juror's memory and  
13 assist that juror in recalling the actual  
14 testimony. Each of you must rely on your own  
15 independent recollection of the proceedings.

16 Whether you take notes or not, each  
17 of you must form and express your own opinion  
18 as to the facts of this case.

19 An individual juror's notes may be  
20 used by that juror only and may not be shown  
21 to or shared with other jurors.

22 You will note that we do have an  
23 official court reporter making a record of  
24 the trial. However, we will not have  
25 typewritten transcripts of this record  
26 available for your use in reaching a decision  
27 in this case.

28 And we will now hear closing -- I  
29 mean, opening statements from both sides,

## OPENING STATEMENTS - STATE

1 first starting with the State of Mississippi.

2 **BY MR. EVANS:** Thank you, Your Honor.

3 Good evening, ladies and gentlemen. In this  
4 phase of the trial, what we intend to do is  
5 give you sort of a road map. Something to  
6 watch as we go forward with the trial to see  
7 what the proof is as we go step by step  
8 through it.

9 You can take what we give you, what I  
10 tell you on this opening statement and  
11 compare it to the testimony of the witnesses  
12 as each of them testify and say, yeah, this  
13 part he showed. This part he showed. And it  
14 will help you, I think, to know what to  
15 expect and what to be looking for.

16 What we're going to show you is that  
17 on July the 16th, 1996, here in Montgomery  
18 County, Tardy Furniture Company was open for  
19 business. It was a regular day of business.  
20 Ms. Bertha Tardy was running it. Carmen  
21 Rigby was the bookkeeper working there, and  
22 there were two other employees, Robert Golden  
23 and Derrick "Bobo" Stewart. I think the  
24 testimony will show that one of them had only  
25 been working there two days, and the other  
26 one had been working there one day.

27 We will show you that in the early  
28 morning hours of that morning, a person came  
29 to Tardy Furniture and shot all four of them

## OPENING STATEMENTS - STATE

1 in the head. We will show that the motive  
2 for that was robbery. We will show that  
3 through Ms. Roxanne Ballard. She will  
4 testify about the amount of money that was  
5 missing from the store. So that will be the  
6 proof of what money was taken.

7 But it will go from there into the  
8 evidence about what happened and how this  
9 defendant was charged. We will show you that  
10 he had been an employee at the store. We  
11 will show you that he had been fired from the  
12 store and that money had been withheld from  
13 his check.

14 We'll show you that he was  
15 interviewed about this crime. He give  
16 inconsistent statements about where he was,  
17 what times he did things, and he completely  
18 denied ever being on the east side of Highway  
19 51 that day.

20 We will show you that while the  
21 officers were investigating the crime scene,  
22 they were able to determine that a .380  
23 caliber pistol was used to murder these four  
24 individuals.

25 We'll show you that that morning  
26 around 10:30 or so -- 10:00 or 10:30, a gun  
27 was reported stolen. It was stolen out of a  
28 car in Angelica. The car belonged to a man  
29 by the name of Doyle Simpson.

## OPENING STATEMENTS - STATE

1           We will show you that it was a .380  
2           automatic, and that he is related to the  
3           Defendant, Curtis Flowers. Curtis Flowers  
4           knew that that gun was there.

5           We'll show you that the witness,  
6           Doyle Simpson, who had his .380 stolen,  
7           carried law enforcement officers to where he  
8           had target fired that gun. We'll show you  
9           that projectiles were dug out of the post,  
10          and it was determined that that was  
11          definitely the murder weapon.

12          We'll show you that on that morning  
13          not only was the Defendant on the east side  
14          of Highway 51, but we can spot him all over  
15          that side of the highway. We will show you  
16          through a person by the name of Edward Lee  
17          McChristian that he was in front of his house  
18          walking down toward Angelica where the gun  
19          was stolen.

20          We'll show you through Katherine Snow  
21          that he was leaning up against the car about  
22          the time the gun was stolen out of it. We  
23          will show you through other witnesses that  
24          how he left that scene from Angelica and went  
25          back around to his house.

26          We will show you he came back to his  
27          house and then left again.

28          We'll show you that he was wearing  
29          Fila Grant Hill tennis shoes that day. The

## OPENING STATEMENTS - STATE

1 first officers at the scene found bloody shoe  
2 tracks in the store. They didn't know what  
3 those shoe tracks were at that time but just  
4 knew they were bloody shoe tracks. But they  
5 did a thorough investigation and were able to  
6 determine that those shoe tracks were made by  
7 a Fila Grant Hill ten and a half.

8 We will show you through witnesses  
9 that he wore a size ten and a half. We will  
10 show you that he wore Fila Grant Hill tennis  
11 shoes, and we will show you a Fila Grant Hill  
12 tennis shoe box, size ten and a half, that  
13 came out of his house.

14 We will show you through other  
15 witnesses how he left his house the second  
16 time and went back down to the store. We'll  
17 have people like Ms. Boniva Henry. Folks  
18 that -- and most of these witnesses, just  
19 about all of them, have known him all their  
20 life. It's not like somebody didn't know  
21 him. We'll show you through her how he  
22 walked by her house headed down toward town.

23 We will put on Mary Jeanette Fleming,  
24 who was about a block from there, saw him  
25 further going down toward Tardy's.

26 We will read testimony from Porky  
27 Collins, who is now deceased, when --  
28 testimony that he gave earlier that he saw  
29 this Defendant. He identified this Defendant

## OPENING STATEMENTS - STATE

1 as the person he saw walking toward the front  
2 door of Tardy Furniture.

3 And we will present evidence from  
4 Clemmie Fleming, a person who had known him  
5 basically all of her life, that she saw him  
6 running like somebody was after him, running  
7 away from the back of Tardy Furniture, right  
8 after the time of the murders.

9 We'll have experts to present  
10 evidence to you, experts to tell you about  
11 the tennis shoe tracks. We'll have experts  
12 to tell you about the weapon and what  
13 projectiles were fired out of -- what weapon.

14 We will have Melissa Schoene, an  
15 expert from the state crime lab, that will  
16 testify and show you in detail how all of  
17 these exhibits were found at the scene, and  
18 you will see how these exhibits are matched  
19 back to him.

20 Ladies and gentlemen, I'm not going  
21 to go through everything that we intend to  
22 show. But that is a general overview of the  
23 things that we intend to show you, and I ask  
24 that you watch for those things as we go  
25 through our proceedings and put our proof on  
26 for you.

27 Thank you, Your Honor.

28 **BY THE COURT:** You can make opening,  
29 Mr. Carter. You may proceed.

## OPENING STATEMENT - DEFENSE

1           **BY MR. CARTER:** Ladies and gentlemen, you  
2           may imagine that Mr. Evans and I don't agree  
3           on very much. And if we did, we probably  
4           wouldn't be having this trial. July the  
5           16th, 1996, a terrible thing happened in this  
6           town. And you'd never see me deny it. You'd  
7           never see me discount it. It's a terrible  
8           thing. We all can agree on that. And that's  
9           about the only thing I do agree with  
10          Mr. Evans on.

11                       Finally, you get to hear the facts  
12          and you wonder -- hear rumors anymore about  
13          what happened. You finally get to hear the  
14          facts from the witness stand. And I'm going  
15          to try to do you a great favor and not be up  
16          here as long as I planned to be up here.  
17          That's not to say I'm not going to be up here  
18          a long time, but I certainly intend to  
19          condense it. I realize that what we say is  
20          not evidence.

21                       Ladies and gentlemen, we will show  
22          you that this investigation was terribly  
23          flawed. That it was incomplete. And remains  
24          incomplete. That rewards as much as \$30,000,  
25          at some point, lured people to say they saw  
26          things that they never said they saw before,  
27          and money was offered -- or the possibility  
28          of getting money.

29                       And ladies and gentlemen, we would

## OPENING STATEMENT - DEFENSE

1 show you that the investigators engaged in  
2 what I call tunnel vision and confirmation  
3 bias. Once they decided that Mr. Flowers was  
4 their assailant in this case, they spent all  
5 their energy and efforts in trying to find  
6 little snippets and pieces of evidence that  
7 they thought was sure that Mr. Flowers  
8 committed this crime.

9 And I do want to correct one thing,  
10 and you'll see as the facts develop, that  
11 Mr. Curtis Flowers did work for Tardy  
12 Furniture store. He worked there up until  
13 July 3rd. The next day was the 4th of July.  
14 And the evidence will show that he quit, and  
15 he never went back because he had family in  
16 town, and he wanted to be off shooting  
17 firecrackers and hanging with them and  
18 barbequeing and all that kind of stuff. He  
19 didn't want to go back to work.

20 The evidence will further show that  
21 before Mr. Flowers left Tardy Furniture Store  
22 on the third, Ms. Tardy loaned him \$30. And  
23 that Mr. Flowers did, in fact, make an error  
24 and break some batteries. And she told him  
25 that if the company the batteries came from  
26 didn't make good on it, he was going to have  
27 to pay for it. He was perfectly fine with  
28 that.

29 Ladies and gentlemen, there has to be

## OPENING STATEMENT - DEFENSE

1 a motive for somebody to go in there and kill  
2 four people, which we think was execution  
3 style. That a crime narrative, a crime story  
4 has to have a description of why the suspect  
5 committed the crime. If that isn't there,  
6 then the story is not plausible. It's not  
7 persuasive, and it's not believable.

8 Ladies and gentlemen, you will hear  
9 that this was a leaderless investigation.  
10 That nobody was leading. Or I guess they  
11 would say that they all did. And we know  
12 what happens when the -- when Phil Jackson  
13 and Doc Rivers are not coaching. They're not  
14 leading, and all five players decide they're  
15 going to be the star. You get chaos. You  
16 get confusion. That's what we had in this  
17 investigation.

18 The evidence will show that Porky  
19 Collins and Katherine Snow, we believe, were  
20 tricked and deceived into selecting Curtis  
21 Flowers from a photo array. And deceived by  
22 the investigator. And the evidence will show  
23 that Katherine Snow, who supposedly saw  
24 somebody at Doyle Simpson's car where the gun  
25 was taken from, didn't know who she saw and  
26 waited days and weeks and months before she  
27 ever selected anybody. Before she ever said  
28 who she saw.

29 By that time, we believe that it was

## OPENING STATEMENT - DEFENSE

1 information in the paper, that there was  
2 rumors going around here that Mr. Flowers was  
3 involved. If she saw that -- or she saw  
4 Mr. Flowers, we believe she should have told  
5 the police that from the beginning. And the  
6 evidence will show that she didn't do that.  
7 There's no doubt about that.

8 We intend to show that Clemmie  
9 Fleming and her aunt, Mary Jeanette Fleming,  
10 the ones who claim they saw Mr. Flowers  
11 somewhere near Tardy Furniture Store, didn't  
12 come forward and didn't tell the police that  
13 they saw him until seven to nine months  
14 later, after the reward had gotten up to  
15 \$30,000.

16 But don't believe it because I said  
17 it. Wait till you hear the evidence. You'll  
18 see I'm telling the truth.

19 We intend to show that Odell Hallmon,  
20 who at some point -- well, still in prison.  
21 We expect him to show up and lie, snitch,  
22 claim Mr. Flowers lured him into doing  
23 something. I'm not going to even tell you  
24 what it is. But the evidence will show, and  
25 you judge for yourself after hearing the  
26 evidence, whether you believe it actually  
27 occurred.

28 The evidence will also show, ladies  
29 and gentlemen, that around the time this

## OPENING STATEMENT - DEFENSE

1 crime happened, that Doyle Simpson, the  
2 person who had the only gun and was in and  
3 about and around town, and nonetheless  
4 despite this being his gun, he wasn't charged  
5 with the crime. He wasn't even processed as  
6 if he could have been guilty of this crime.  
7 The evidence -- we intend to show that he  
8 should have been and that his brother, Emmett  
9 Simpson, should have been a suspect.

10 And you heard Mr. Evans say that  
11 you're going to have these people who say  
12 they saw Curtis Flowers. And I want you  
13 to listen to that. And I want you to pay  
14 close attention to what they say he had on.  
15 Every single one of them is saying that he  
16 had different clothes. If they saw  
17 Mr. Flowers, Mr. Flowers had changed five or  
18 six times in the matter of a few minutes.

19 We intend to show that those Fila  
20 tennis shoes, size ten and a half, that there  
21 was several hundred thousand of those made  
22 that were in circulation at the time that  
23 this particular crime occurred. And that any  
24 one of a number of thousands of people could  
25 have left that bloody shoe print there in  
26 Tardy Furniture Store.

27 And we intend to show that Connie  
28 Moore -- she's going to come in and testify  
29 and say that she bought some Fila tennis

## OPENING STATEMENT - DEFENSE

1 shoes, size ten and a half, for her son  
2 Marcus. And you'll get a chance to hear her  
3 testify, and you decide after hearing that  
4 what you think about it.

5 Ladies and gentlemen, we intend to  
6 show that not only was a reward offered,  
7 and -- in the black community, that there was  
8 even a certain amount of threats made and  
9 intimidation made to people in conjunction  
10 with the reward.

11 And ladies and gentlemen, we intend  
12 to show that although the State is going to  
13 take the position and the investigators -- if  
14 they testify like they testified before --  
15 that they didn't have a leader, that they  
16 were all leading at some point. But we  
17 intend to show that they did, in fact, have a  
18 leader and that the leader was John Johnson,  
19 who worked in the district attorney's office.  
20 And that the fact he lead the investigation  
21 and worked in the district attorney's office  
22 obscured any objectivity that should have  
23 existed with Mr. Evans and his staff.

24 Ladies and gentlemen, we furthermore  
25 intend to show and intend to ask you to use  
26 your own judgment about memory and how memory  
27 works.

28 Ladies and gentlemen, we pretty much  
29 have a circumstantial case, and you're going

## OPENING STATEMENT - DEFENSE

1 to be told what that is. But whether it's  
2 circumstantial or not, we intend to show that  
3 the evidence presented in this case -- it  
4 isn't trustworthy. It isn't reliable. And  
5 it's not sufficient to sustain a conviction.  
6 We will honor that. We will show that. And  
7 that all evidence against Mr. Flowers is  
8 based on speculation, on surmise, on  
9 conjecture and on guesswork.

10 You will hear that Doyle Simpson,  
11 this guy they want to give so much credence,  
12 this guy who is going to claim that Curtis  
13 Flowers went in his vehicle and got his  
14 gun -- but you will also hear that that gun  
15 got put in Doyle Simpson's car the night  
16 before this crime occurred. And you will  
17 hear that Curtis Flowers was nowhere around  
18 when they put this gun in his car. Didn't  
19 even know it was in there.

20 Ladies and gentlemen, if you're  
21 expecting to see any DNA that convicts  
22 Mr. Flowers or fingerprints, the evidence is  
23 going to show that you're not going to see  
24 that.

25 And we intend to call someone who's  
26 going to tell you that the investigation in  
27 this case, lead by Mr. Evans and his top  
28 assistant, failed to conform to even the  
29 minimum standards in the profession for the

## OPENING STATEMENT - DEFENSE

1 documentation required to support any  
2 effective investigation of a homicide or  
3 major felony, that there was no organized or  
4 central depository for reports from multiple  
5 agencies that was involved.

6 The Montgomery County Sheriff's  
7 Department was involved. The Winona Police  
8 Department was involved. The Department of  
9 Public Safety -- I think they were called the  
10 Mississippi Bureau of Investigations at the  
11 time -- were involved. And probably a few  
12 others. But we didn't have a leader.  
13 Everybody doing their own thing.

14 You will see that reports weren't  
15 made simultaneously like they should have  
16 been, to document what occurred. I mean, I  
17 don't get any pleasure out of talking about  
18 police officers and talking about what didn't  
19 happen. But you will see that and the  
20 evidence will show that it wasn't done. That  
21 whatever reports were prepared, it wasn't  
22 prepared in close time to when events took  
23 place.

24 And ladies and gentlemen, we will  
25 show that when documentation isn't made like  
26 it should be, that you're left to have to  
27 depend on your recollection. And the problem  
28 with recollection is that it's fallible.  
29 Nobody expected this case to be going on for

## OPENING STATEMENT - DEFENSE

1 14 years, but it is.

2 And I could go on, but I'm not. I'm  
3 going to stop at this point. But all we ask  
4 is that you be open minded and that you  
5 listen to the evidence and that you believe  
6 what you hear. Don't believe something  
7 because I said it or Mr. Evans said it.  
8 Believe what you hear. Thank you.

9 **BY THE COURT:** Ladies and gentlemen of the  
10 jury, it's necessary that some items go ahead  
11 and be premarked for identification. That's  
12 going to take a good while.

13 Also, I know you've been sitting out  
14 for days and I suspect, if you're like me,  
15 you're probably a little bit tired. And  
16 we're going to recess. We're going to allow  
17 you to go ahead and be, you know, taken to  
18 where you're going to be staying and allow  
19 you to get settled in the for the evening and  
20 settled in for the next few days. And we're  
21 to going to, just in the morning, start with  
22 testimony.

23 And also, I wanted to tell you -- we  
24 do have -- you know, media is allowed in the  
25 courtroom and they can take pictures. But  
26 they're not taking your picture. And I  
27 wanted you to make sure that you knew that.  
28 Your pictures are not going to be in the  
29 paper. And everybody understands that you're

## COURT RELEASES JURY FOR THE DAY

1 here performing an important public service  
2 by serving on the jury, and nobody's going to  
3 be putting your picture in the paper or  
4 anything like that. And I don't know if that  
5 was even a possible concern for any of you.  
6 But I wanted to alleviate any concern you  
7 might have.

8 And if you'll step in the jury room,  
9 and they're going to be providing  
10 transportation for you. And I know, you  
11 know, all of that -- well, I hope all of you  
12 packed belongings, and the bailiffs will have  
13 to, at some point, walk you out to your  
14 automobiles and get your belongings with you.  
15 So that's probably going to take a while to  
16 do that, too.

17 So if you'll just step in the jury  
18 room. And when the bailiffs are ready to do  
19 all that, they'll notify you.

20 (THE JURY LEAVES THE COURTROOM AND  
21 ENTERS THE JURY ROOM)

22 **BY THE COURT:** This Court will now stand  
23 in recess, and we'll resume at 9:00 a.m. in  
24 the morning.

25 **BY MR. CARTER:** I'm sorry, sir. You say  
26 recess? I didn't hear what you said, Your  
27 Honor.

28 **BY THE COURT:** I said, we are in recess  
29 and will resume at 9:00 am.

3 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
4 DEFENDANT WERE PRESENT IN OPEN COURT.)

5 (THE JURY ENTERED THE COURTROOM.)

6 THE COURT: Good morning, ladies and gentlemen.  
7 We are ready to proceed.

8 And who is the State's first witness?

9 MR. EVANS: Chief Johnny Hargrove.

10 THE COURT: Chief, if you will come around,  
11 face the bench, raise your right hand and take the oath.

12 Do you solemnly swear or affirm the testimony you  
13 give in this case will be the truth, the whole truth and  
14 nothing but the truth, so help you God?

15 THE WITNESS: Yes, sir.

16 THE COURT: If you will come around please and  
17 have a seat.

18 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

19 THE COURT: For the record, would you state  
20 your name, please?

21 THE WITNESS: Johnny Hargrove.

22 THE COURT: You may proceed.

23 MR. EVANS: Thank you, Your Honor.

24 JOHNNY HARGROVE, Called on behalf of the State, having  
25 been duly sworn, was examined and testified as follows:

26 DIRECT EXAMINATION BY MR. EVANS:

27 Q. Good morning, Chief.

28 A. Good morning.

29 Q. How are you employed?

1 A. City of Winona.

2 Q. And in what capacity?

3 A. Police chief.

4 Q. Chief, how long have you been police chief here in  
5 Winona?

6 A. About 15 years.

7 Q. And how long have you been in law enforcement?

8 A. Twenty-three years.

9 Q. Were you the police chief here in Winona back July  
10 16 of 1996?

11 A. Yes, sir, I was.

12 Q. Were you working that day?

13 A. Yes, sir.

14 Q. Did you have an occasion that morning to receive a  
15 call in relationship to this case?

16 A. I had received a -- people laying in the floor at  
17 Tardy Furniture.

18 Q. Do you know what time you received that call?

19 A. About 10:20-something in the morning. Something  
20 like that.

21 Q. Where were you when you received the call?

22 A. Off of Green -- coming off of Greenlee.

23 Q. And --

24 BAILIFF: Speak up. They can't hear you.

25 Q. You need to speak up, Chief.

26 Where were you when you received the call?

27 A. On Greenlee.

28 Q. And how long did it take you to arrive at Tardy  
29 Furniture?

1           A.    Less than a minute.

2           Q.    What did you find when you arrived at Tardy  
3 Furniture?

4           A.    Found four people laying in the floor.

5           Q.    All right. Need to speak a little louder. I know  
6 it is hard to hear in this room.

7           A.    Four people laying in the floor.

8           Q.    How did you observe that? How did you go in the  
9 store?

10          A.    Through the front door.

11          Q.    Did you see anybody else there at the store at that  
12 time?

13          A.    No, I did not.

14          Q.    Do you know who made the call to the police  
15 department?

16          A.    Mr. -- I believe it was Mr. Sam.

17          Q.    Is that Sam Jones?

18          A.    Sam Jones.

19          Q.    Who is he?

20          A.    Sam used to work for Tardy Furniture.

21          Q.    Is he alive now?

22          A.    No, he is not.

23          Q.    Okay. All right. Chief, I want you to tell the  
24 ladies and gentlemen of the jury step-by-step when you walked  
25 in the front of the door what you saw.

26          A.    Walked through the front door. I proceeded inside  
27 the store. By the time got middle-ways of the store, I  
28 spotted Miss Bertha laying in the aisleway. Then I looked to  
29 my right. Then I seen the other people laying in the floor.

1 Q. And who were they?

2 A. Mr. Robert Golden. And Miss Rigby. And Bobo  
3 Stewart. Which Bobo Stewart was still breathing at the time.

4 Q. And how could you tell that?

5 A. I could hear. He was sort of face down in the  
6 blood, and he was gurgling-like, sounding.

7 Q. Did you know all four of the people?

8 A. Yeah, I did. Robert, he used to -- he was best  
9 friend of my brother. He used to be over at momma's house all  
10 the time.

11 Q. How long had you known Miss Tardy?

12 A. I been knowing her a long time.

13 Q. And how about Miss Rigby?

14 A. All of them. I been knowing all of them.

15 Q. And how about Bobo Stewart?

16 A. I really didn't know him.

17 Q. Okay. When you saw him laying in the blood  
18 gurgling, what did you do next, Chief?

19 A. I loaded my weapon and backed out of the store and  
20 called for backup and called for Med Stat.

21 Q. Who is Med Stat?

22 A. That's the ambulance service.

23 Q. And who did you call for backup?

24 A. I called the D.A.'s office, the highway  
25 investigation. I also told them to send me crime lab.

26 Q. Okay. Did you also call for any of your officers?

27 A. Yes, sir.

28 Q. So you were calling for other police officers, the  
29 highway patrol investigators, the D.A.'s office and the

1 ambulance service; is that right?

2 A. Yes, sir.

3 Q. Where did -- where were you during the time that  
4 everybody was arriving?

5 A. Out in front of the store.

6 Q. Were you to where you could watch the store?

7 A. Yes, sir.

8 Q. Did anyone else -- who, if anyone else, went in the  
9 store before you went back in?

10 A. Didn't nobody else go in before, before I went back  
11 in.

12 Q. Okay. Did you have an occasion to see Mr. Sam  
13 Jones?

14 A. Yes, sir. He walked back down there where I was.

15 Q. Do you know where he was walking from?

16 A. Coast to Coast. Store up the street.

17 Q. You say he was an employee of the store.

18 A. He used to be. He was -- I think he retired.

19 Q. What did you do after Mr. Jones got there?

20 A. After Mr. Jones got there, by that time other  
21 officers and stuff started drawing up -- driving up and stuff  
22 like that. And when they came up, the E.M.T. and all that  
23 went back in the store. And that's when they got Stewart.

24 Q. All right. Did you go in with them?

25 A. Yes, sir, I did.

26 Q. Did you notice anything when you went back in that  
27 you hadn't noticed previously?

28 A. I seen a bloody shoe mark, tennis shoe mark.

29 Q. All right. And what do you mean by a bloody tennis

1 shoe mark?

2 A. It's where a person had stepped in the blood and  
3 stepped off to the side and left a shoe print.

4 Q. What did you do in relationship to that bloody shoe  
5 print?

6 A. I started checking the E.M.T. shoes and, and the  
7 other officers and stuff that were in there.

8 Q. Did anybody in there have tennis shoes on?

9 A. No, sir, did not.

10 Q. Did anybody in there have shoes on that were  
11 anywhere close to resembling those tennis shoe tracks?

12 A. No, sir.

13 Q. What effort was done to preserve those tracks?

14 A. Made sure that nobody stepped over there and secured  
15 it until the crime lab stuff got there.

16 Q. How did you secure it?

17 A. Made sure everybody stayed out from over there and  
18 went on the outside of the store roping everything off.

19 Q. Chief, I want to show you four photographs, Exhibit  
20 S-1, S-3, S-4 and S-5 and ask you to look at them, if you  
21 would.

22 MR. CARTER: Your Honor, can I move? I can't  
23 even see him.

24 THE COURT: You may.

25 A. It's going to be in front of Tardy's.

26 Q. All right. Those pictures show the front of Tardy's  
27 Furniture.

28 A. Yes, sir. One on the side.

29 Q. Where is Tardy's Furniture located?

1 A. On Front Street.

2 Q. And what town, city and state?

3 A. It's going to be in the city of Winona, state of  
4 Mississippi.

5 Q. And what county?

6 A. Montgomery County.

7 Q. Do those pictures truly and accurately depict that  
8 downtown area in front of Tardy Furniture?

9 A. Yes, sir, it do.

10 MR. EVANS: Your Honor, I offer these four  
11 exhibits into evidence.

12 MR. CARTER: No objection, Your Honor.

13 THE COURT: I'll allow them to be admitted.

14 (THE PHOTOGRAPH PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
15 1 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

16 (THE PHOTOGRAPH PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
17 3 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

18 (THE PHOTOGRAPH PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
19 4 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

20 (THE PHOTOGRAPH PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
21 5 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

22 Q. All right. Chief, I want next to show you Exhibit  
23 S-1-A and ask if you can identify this.

24 A. It's going to be in front of Tardy Furniture.

25 Q. And if you would, I want you to compare it to  
26 Exhibit S-1 and see if this is the same picture that you have  
27 already identified as S-1.

28 A. Same picture.

29 MR. EVANS: All right. Your Honor, I offer

1 S-1-A into evidence.

2 THE COURT: I'll allow it to be admitted.

3 MR. CARTER: No objection.

4 (THE BLOW-UP OF S-1 PREVIOUSLY MARKED STATE'S EXHIBIT  
5 S-1-A FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

6 Q. I'll show you Exhibits S-5 and S-4. And I'll ask  
7 you if they are true reproductions or enlargements of regular  
8 S-4 and S-5.

9 A. Yes, sir.

10 MR. EVANS: I offer them into evidence, Your  
11 Honor.

12 MR. CARTER: No objection.

13 THE COURT: I'll allow them to be admitted.

14 (THE BLOW-UP OF S-4 PREVIOUSLY MARKED STATE'S EXHIBIT 4-A  
15 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

16 (THE BLOW-UP OF S-5 PREVIOUSLY MARKED STATE'S EXHIBIT 5-A  
17 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

18 MR. EVANS: Your Honor, may I have the chief  
19 step down for a minute?

20 THE COURT: Chief, you may step down.

21 (THE WITNESS STEPPED DOWN FROM THE WITNESS STAND.)

22 Q. Chief, I want to try to hold this where everybody  
23 can see. But this is Exhibit S-1-A. Would you explain to the  
24 ladies and gentlemen of the jury what this exhibit shows?

25 A. It shows where -- the front of Tardy's and where we  
26 taped off the crime scene.

27 Q. All right. And whose department taped off the crime  
28 scene?

29 A. Winona Police Department.

1 Q. And why was it taped off?

2 A. To keep everybody out of that area in front of  
3 Tardy.

4 Q. All right. Was anybody keeping people out of the  
5 store?

6 A. Yes, sir.

7 Q. And who all -- who was allowed into the store?

8 A. Just investigators and police officers and crime  
9 lab.

10 Q. And what street is in front of Tardy Furniture  
11 there?

12 A. Front Street.

13 Q. There is another building located in this photograph  
14 kind of in the center. What is that building?

15 A. That building over there is sort of like a -- that  
16 is one of Vince Saia mall. He had different peoples in and  
17 out of there.

18 Q. All right. Is there a street between those two  
19 buildings?

20 A. Carrollton Street.

21 Q. Carrollton Street. All right. Let me get another  
22 poster, if I can, Chief. S-4-A that I have now, Chief, would  
23 you describe what this photograph shows?

24 A. That's going to be in front of Tardy's. It's going  
25 to be up where Coast to Coast at, about three buildings up.

26 Q. All right. Coast to Coast is where who was coming  
27 from?

28 A. Mr. Sam there.

29 Q. Okay. Now, I see an area out here in front of

1 Tardy's. Can you describe what that is?

2 A. That's the parking area. That's some of the  
3 vehicles that people worked at the dry cleaners.

4 Q. All right. And the parking area, is traffic two-way  
5 or one-way in there?

6 A. You go up -- you go up this side here, and you come  
7 down this side here.

8 Q. All right. Thanks, Chief.

9 Let me get one more diagram.

10 Exhibit 5-A. What does this poster show?

11 A. That poster going to show Carrollton Street beside  
12 Tardy's and the dry cleaners.

13 Q. All right. And Carrollton Street runs right beside  
14 Tardy's.

15 A. Right beside Tardy.

16 Q. And where does it go if you go west on it?

17 A. If you go west on it, it will run you into Church  
18 Street.

19 Q. Okay. You can have a seat again for a minute,  
20 Chief.

21 A. (Complied.)

22 Q. Chief, I want to show you Exhibit 108 for  
23 identification, S-108. And I'll ask you if you can identify  
24 this.

25 A. It's going to be a city map.

26 Q. And does it truly and accurately depict the streets  
27 and the areas that are on it?

28 A. Yes, sir.

29 MR. EVANS: Your Honor, I offer this exhibit

1           into evidence.

2                   MR. CARTER: No objection.

3                   THE COURT: I'll allow it to be admitted.

4           ( THE LARGE CITY OF WINONA MAP PREVIOUSLY MARKED STATE'S  
5 EXHIBIT NUMBER 108 FOR IDENTIFICATION WAS ADMITTED INTO  
6 EVIDENCE.)

7           Q. All right. Chief, I want to ask you to step back  
8 down again, if I may.

9           A. (Complied.)

10          Q. Can you point out for the jury --

11          A. It's upside down.

12          Q. Thank you.

13          Can you point out for the jury where Highway 51 is on  
14 that map?

15          A. Highway 51. (Indicated.)

16          Q. All right. And where would -- some of the jury is  
17 being blocked, I think, Chief. Back up just a little.

18          Where is Tardy Furniture located on this map?

19          A. It's going to be right in there. (Indicated.)

20          Q. All right. And where is McNutt Street located?

21          A. McNutt is going to be right here. (Indicated.)

22          Q. And is McNutt on the east or west side of 51?

23          A. McNutt is going to be on the west side of 51.

24          Q. Which side of 51 is Tardy Furniture on?

25          A. Tardy is going to be on the east side.

26          Q. Do you see Donniger Street on there?

27          A. Donniger is going to be right down here.

28          (Indicated.)

29          Q. And which side of 51 is it located on?

1           A.    It's going to be on south side.  Almost right there.  
2 (Indicated.)

3           Q.    Is that east?

4           A.    Yes, sir.

5           Q.    Do you see where Angelica is located on that map?

6           A.    Angelica.  It's going to be off of Church down  
7 there.  I need my glasses.  I can't hardly see.  (Indicated.)

8                   COURT REPORTER:  Judge, I am having a hard time  
9 hearing.

10                   THE COURT:  Chief.

11           Q.    Is it located off of --

12                   THE COURT:  Chief, you need to.

13           Q.    Is --

14                   THE COURT:  Mr. Evans, the court reporter is  
15 telling me she was having trouble hearing everything that  
16 was being said.

17                   So Chief, you need to speak up.

18                   THE WITNESS:  I am having problems seeing it.

19                   MR. CARTER:  Just for the record, Your Honor, I  
20 don't want to object, but he was leading.

21                   MR. EVANS:  I don't think I have lead anything  
22 at this point.

23                   THE COURT:  Well, ask the next question.  I  
24 will have to make that --

25           Q.    (By Mr. Evans:)  Which side of Highway 51 is  
26 Angelica located on?

27           A.    51.  It's going to be on the east side.

28           Q.    All right.  You can have a seat again, Chief.

29           A.    (Complied.)

1 Q. Chief, why did you call the D.A.'s office and the  
2 highway patrol investigators in on this case?

3 A. I didn't -- I didn't want to be criticized about the  
4 case. And I felt that I was over my head on it.

5 Q. Okay. Had you ever investigated anything like this  
6 before?

7 A. No, I have not.

8 Q. Had you ever seen anything like this before?

9 A. No, I have not.

10 Q. All right. You had preserved the scene. Where were  
11 you while you were waiting on the investigators from the  
12 highway patrol and my office to arrive?

13 A. I were -- I were on the corner of right there at  
14 Carrollton and front of the store so I could see the side door  
15 and front door.

16 Q. Which ones of your officers assisted in this  
17 investigation?

18 A. Vanhorn.

19 Q. And what was her title?

20 A. Captain.

21 Q. Did any other officers assist in helping the  
22 investigators?

23 A. Yes, sir.

24 Q. Do you know how many of them?

25 A. I think Townsend and -- mostly Townsend and Vanhorn.  
26 Some of the other officers, you know, picked up folks for me.

27 Q. Where were most of the people that were being  
28 interviewed, Chief?

29 A. Winona Police Department.

1 MR. CARTER: I'm sorry. I didn't hear. Winona  
2 what?

3 THE WITNESS: Police department.

4 Q. Do you know about what time the state crime lab  
5 arrived?

6 A. Right offhand I don't.

7 Q. And you say the ambulance service came and picked up  
8 Bobo Stewart.

9 A. Yes, sir.

10 Q. Do you remember which ambulance folks it was?

11 A. It was three of them. I don't know them by name.

12 Q. Other than him, what, if anything, was removed from  
13 the store before investigators arrived?

14 A. Just, just him.

15 Q. Can you briefly describe the inside of the store,  
16 Chief? How is the store set up?

17 A. If, if you come through the front doors it's got  
18 like a aisleway that goes from the front door all the way to  
19 the back. And then they have furniture all on both sides.

20 Q. Okay. And in relationship to that aisleway, where  
21 did you find Miss Bertha Tardy?

22 A. It was almost middle ways of the store in the  
23 aisleway.

24 Q. Okay. What did you notice about her?

25 A. She was laying face down, pointing, you know, to the  
26 back of the store.

27 Q. Okay. And as far as the other three, Miss Carmen  
28 Rigby, Bobo Stewart and Robert Golden, where were they?

29 A. They were right there by the counter. Which Miss

1 Rigby, her body the only one that looked like it was moved.  
2 Looked like she was pulled over to there.

3 Q. What made you think she had been pulled over?

4 A. The way her arm was looked like she had been, and  
5 you could see where her shoes had -- where it slid.

6 Q. So it appeared she had been slid over.

7 A. Pulled over.

8 Q. Did you make any observations about what you thought  
9 had caused their deaths?

10 A. Yes, sir. They all appeared to be shot in the head.

11 Q. Now, the bloody shoe prints that you found, where  
12 were they located?

13 A. It was to the left of the -- there was a little ramp  
14 that goes into the other part of the store. And it was to the  
15 left of the little ramp.

16 Q. All right. Were those bloody shoe prints close to  
17 any particular victim?

18 A. It was over there by where the bodies were.

19 Q. All right. Whose body was the closest to where the  
20 bloody prints were?

21 A. Stewart.

22 Q. Chief, what effort was made to do a canvas of  
23 downtown and Winona as far as --

24 MR. CARTER: Objection. Leading, Your Honor.  
25 No foundation. It has not even been proven that he did  
26 canvass. He asked a question in improper form.

27 MR. EVANS: May I proceed, Your Honor?

28 THE COURT: Rephrase and proceed.

29 Q. What effort was made to do a canvas of downtown by

1 your department?

2 MR. CARTER: Same objection.

3 THE COURT: I don't think it is suggestive of  
4 an answer. So I will overrule the objection.

5 Q. You may answer.

6 A. We canvased the whole area.

7 Q. By canvassing the whole area, what do you mean?

8 A. They searched all around the whole store and the  
9 whole neighborhood and everything.

10 Q. What effort was made to find any evidence other than  
11 canvassing the area?

12 A. We had the street department to pull up the  
13 manholes, the covers, so we can look in there. Stuff like  
14 that.

15 Q. How were y'all -- how did y'all canvas the downtown  
16 Winona area? I am not talking about just downtown. I am  
17 talking about the area that you showed on the map.

18 A. Mostly walked it.

19 Q. Did your officers -- well, let me ask you this. I  
20 am trying to -- did you give your officers any direction on  
21 what to do if they found people that were possibly witnesses?

22 A. Contact investigator.

23 Q. Do you have any idea approximately how many people  
24 your investigators -- your officers talked to?

25 A. How many people? No, sir, I don't.

26 Q. Would it be closer to ten or closer to hundreds?

27 A. Closer to ten.

28 Q. And they would take those to who?

29 A. Take them to the police department to the

1 investigator.

2 MR. EVANS: May I have the Court's indulgence  
3 for just a minute, Your Honor?

4 THE COURT: You may.

5 Q. Chief, you know a person by the name of Barry  
6 Eskridge?

7 A. Yes, sir.

8 Q. Who is he?

9 A. He is the owner of Med Stat.

10 Q. And Med Stat is the ambulance service that you  
11 called.

12 A. Yes, sir.

13 Q. Did he come to the scene?

14 A. Yes, sir.

15 Q. And did you and he do anything together there?

16 A. Looked at -- looked at his people's shoe print, Mr.  
17 Sam and checked the peoples' shoes that were there.

18 Q. All right. Was there -- what, if any, type attempt  
19 was made to look through the store to make sure whether anyone  
20 else was there or not?

21 A. Yes, sir, it was searched.

22 Q. Who did that?

23 A. All officers that were there.

24 Q. All right.

25 A. And investigator.

26 MR. EVANS: Tender the witness, Your Honor.

27 CROSS-EXAMINATION BY MR. CARTER:

28 Q. Good morning, Chief.

29 A. Good morning.

1 Q. Well, let me start a different kind of way.

2 Who all canvassed the neighborhood that worked for your  
3 department, Chief? Those mysterious officers that canvassed  
4 the neighborhood, who are they?

5 A. You had Captain Vanhorn. You had Townsend. And  
6 some of -- the rest of my officers came in.

7 Q. Who are they?

8 A. Right offhand -- you know, my department turn over  
9 so much, I can't call it right offhand.

10 Q. Did you make a report?

11 A. No, sir.

12 Q. A written report of the people who canvassed the  
13 neighborhood?

14 A. No, sir, I did not.

15 Q. Should you have done so?

16 A. No. We had all the investigators and stuff there.  
17 They were taking reports and stuff like that.

18 Q. Should you not have or should you have?

19 A. We didn't take a report.

20 Q. Now here we are 14 years later; right?

21 A. Um-hum.

22 Q. Still trying this case.

23 A. Um-hum.

24 Q. And would you agree with me that memory is fallible  
25 and fleeting and it's hard to remember things after all them  
26 years?

27 A. I know what I saw.

28 Q. But is your memory like a video recorder, and you  
29 can remember exactly what you saw 14 years later?

1 A. It's pretty good.

2 Q. It is like a video recorder, you think.

3 A. No. I didn't say it was like a video recorder.

4 It's pretty good at it.

5 Q. Now, whose vehicles are these vehicle there?

6 (Indicated.)

7 A. Vehicle there?

8 Q. Yeah. Right here? (Indicated.)

9 A. I don't know whose vehicle that is.

10 Q. Do you know whose vehicle that is behind right  
11 there?

12 THE COURT: Mr. Carter, I just -- I wanted you  
13 to tell for the record what exhibit you --

14 MR. CARTER: Sorry about that, Your Honor.  
15 This is Exhibit S-5-A.

16 THE COURT: You can proceed. I just wanted to  
17 make sure for the record.

18 Q. Okay. Chief, I believe you said you don't know who  
19 any of those vehicles belonged to; is that correct?

20 A. They work there at the cleaners but I don't know  
21 whose vehicles they are.

22 Q. Did you go in and talk to the people at the cleaners  
23 and find exactly which car belonged to whom?

24 A. I did not.

25 Q. Did you see anybody do that?

26 A. Some of the rest of them might have, I didn't.

27 Q. You said some of the rest of them might have.

28 A. Yes, sir. They might have, but I didn't.

29 Q. And, Chief, I believe you testified that this is

1 Front Street; is that correct?

2 A. Yes, sir.

3 Q. And on Front Street here I count one, two, three,  
4 four, possibly, five, six cars.

5 A. Um-hum.

6 Q. Do you know who any of these cars belonged to?

7 A. That truck belonged to Tardy's.

8 Q. This truck here. (Indicated.)

9 A. Um-hum.

10 THE COURT: Mr. Carter, I don't want to  
11 interrupt but --

12 MR. CARTER: Sorry. Sorry, Your Honor. This  
13 is Exhibit S-4-A. So sorry, Your Honor.

14 MR. EVANS: I don't think there is S-40 entered  
15 at this point, Your Honor.

16 MR. CARTER: I said S-4-A.

17 Q. Chief, do you know whose vehicle this is?

18 A. I believe that is Miss Seales' vehicle there. The  
19 lady that work in that...

20 Q. Work where?

21 A. In the cleaners. And the other brown vehicle right  
22 there is going to be Miss Armstead. She, she works for the  
23 cleaners.

24 Q. Okay. And is that down by Coast to Coast there?

25 A. No, sir. That is from Coast to Coast. It is almost  
26 to Summit Street.

27 Q. Okay. Where would Coast to Coast be located in  
28 here?

29 A. Coast to Coast going to be right up there by that

1 truck. You see that second --

2 Q. Way back here? (Indicated.)

3 A. No. Come on down. In front of where the truck at.

4 THE COURT: Mr. Carter, I think the jury is  
5 having trouble seeing the picture. So if you will...

6 MR. CARTER: Yes, sir.

7 (MR. CARTER MOVED TO THE SIDE OF THE EXHIBIT.)

8 A. This going to be Coast to Coast right here.

9 (Indicated.)

10 Q. Okay.

11 A. There is two stores in between there, Tardy's.

12 Q. Okay. And thank you, Chief. And did you go in  
13 these buildings and check and see who were in those buildings?

14 A. They checked those. They checked those.

15 Q. Who checked it, Chief?

16 A. Some of the people in the investigator's office,  
17 stuff like that.

18 Q. You saw them check it.

19 A. They, they walking all around there. All of us was.  
20 But they went in that building.

21 Q. Just trying to be clear for the record. You saw  
22 them go in the building.

23 A. I seen some of them go in there.

24 Q. Okay. Who you saw go in, Chief?

25 A. I don't know which one went in.

26 Q. Chief, I show you Exhibit S-1-A. And what did you  
27 say the name of this building was? (Indicated.)

28 A. That building right there, that's -- it was sort of  
29 like a Sta-Home or something, you know, sort of like --

1 Q. Home --

2 A. -- a home care place.

3 THE COURT: Mr. Carter, I'm afraid the way the  
4 picture is being held the jury is probably not being able  
5 to see it.

6 Q. Could you come down, Chief?

7 A. (Complied.)

8 Q. I was trying to avoid doing it. I'm sorry about  
9 that. I'm showing you S-1-A, and you said the building --

10 A. That was some kind of, you know, like Sta-Home  
11 agency or something.

12 Q. And I see some vehicles out in front of it. Did you  
13 check to see and discern or learn who these vehicles belonged  
14 to?

15 A. That is going to be a patrol car. (Indicated.)

16 Q. Okay. The --

17 A. That is going to be Tardy's truck there.  
18 (Indicated.)

19 THE COURT: Speak up Chief, please.

20 A. This going to be Tardy Furniture vehicle. That is a  
21 city vehicle. That is going to be my vehicle. That is going  
22 to be Miss Tardy's vehicle over there.

23 Q. And those --

24 A. Those other vehicles there, that was people just  
25 coming in. You know, that's why we have to put the tape up.  
26 (Indicated.)

27 Q. Coming in and out.

28 A. We put the tape across here to keep them back.

29 Q. Okay. Did anyone go beyond this tape to see --

1 A. No, sir.

2 Q. -- to talk to those people?

3 A. No, sir. Once we put the tape, they -- once we put  
4 the tape up, it kept everybody from coming in front of the  
5 store.

6 Q. Okay. Who went over and talked to them, Chief?

7 You can have a seat now. I'm sorry.

8 A. (Complied.)

9 Q. Who went over and talked to the people?

10 A. I wasn't with everybody that was talking to people.  
11 So I couldn't tell you who talked to them.

12 Q. Did you see anybody go over there and talk to them,  
13 Chief?

14 A. Over that way. No, sir.

15 Q. Chief, would you agree with me that an investigation  
16 is the -- is an objective search for the truth? Is that fair  
17 to say?

18 A. Yes, sir.

19 Q. Now, as to the call, do you know if Mr. Sam Jones  
20 made the call? Or did somebody from Coast to Coast make the  
21 call?

22 A. No. I can't tell you which one made the call. But  
23 Mr. Sam found the bodies.

24 Q. Right. Now, did you walk completely around the  
25 building, Tardy, meaning Tardy Furniture, that morning?

26 A. Yes, sir.

27 Q. Is it fair to say that you were the initial  
28 responding police officer --

29 A. Yes, sir.

1 Q. -- to the scene? Do you know if -- what is Miss  
2 Vanhorn? Is that the first and last? Or is that the last  
3 name?

4 A. Liz Vanhorn.

5 Q. Do you know if she made a report of her duties that  
6 she performed on the day of the crime?

7 A. No, sir, I do not.

8 Q. And she worked for you; is that correct?

9 A. Yes, sir.

10 Q. And Officer Townsend, what is his first name?

11 A. Kenneth.

12 Q. Okay. What did he do exactly?

13 A. Kenneth. He, he, working that morning with me. And  
14 he helped rope off the crime scene.

15 Q. And did he make a report?

16 A. No, sir, he didn't.

17 Q. Now, Chief, did you rope off the bloody shoe part,  
18 the bloody shoe print area also?

19 A. What I did, I made sure didn't nobody step over that  
20 way.

21 Q. Chief, did you rope off the --

22 A. No, I did not.

23 Q. Okay. But you are saying you made sure that  
24 nobody --

25 A. Yes, sir.

26 Q. -- stepped over that way. Now, Chief, weren't there  
27 some points in which you weren't in the building? You were  
28 not inside of Tardy's at all times, were you?

29 A. No, sir, I wasn't.

1 Q. In fact, you went in. You came out. And you stayed  
2 out until somebody got there from Med Stat, I believe; is that  
3 correct?

4 A. Yes, sir.

5 Q. And I believe you stayed out as -- I don't want to  
6 lead you. Who went inside the store while you were on the  
7 outside?

8 A. While I was on the outside?

9 Q. Right.

10 A. Didn't anybody go in.

11 Q. Were you with Mr. Matthews when he went in?

12 A. Matthews.

13 Q. Jack Matthews.

14 A. We went back in. After, after they got there,  
15 everybody else went back -- we went back in.

16 Q. So you went in with Mr. Jack Matthews on each  
17 occasion he went in until he took over the crime scene.

18 A. Not each occasion. No.

19 Q. Not each occasion. So he did go in on some occasion  
20 without you; is that right?

21 A. Yes, sir.

22 Q. Now, you didn't photograph that bloody shoe print,  
23 did you?

24 A. No, sir, I didn't.

25 Q. And correct me, Chief. I, I couldn't hear when,  
26 when I couldn't see. You said something about a best friend a  
27 few minutes ago, I think.

28 A. Robert and my older brother were best friends.

29 Q. Oh, okay. Now, you also said that it appears Miss

1 Tardy was pulled over.

2 A. No, I said Miss Rigby.

3 Q. Rigby. I'm sorry. So sorry. Miss Rigby was pulled  
4 over.

5 A. Um-hum.

6 Q. And what do you base that on? Miss Rigby.

7 A. The way her -- the way her body was laying.

8 Q. How, how was that? Describe it. Tell the jury.

9 A. It -- you know when you get somebody arm and you,  
10 you pull them, the way she was stretched out and the way her  
11 feet was.

12 Q. Okay. Now, have you had any professional training  
13 on how to detect whether somebody fell or was pulled or --

14 A. No, sir.

15 Q. So that's just your opinion. That is not based in  
16 any kind of science or anything; is that correct?

17 A. What I'm saying, you could tell that she was moved.  
18 Like I say, I am not a professional at it. No.

19 Q. I'm not trying to bait you on it, Chief, but you  
20 said you could tell she was moved. Is there anything else  
21 other than the way she was laying that indicate to you that  
22 she was moved?

23 A. No, sir.

24 Q. And when you say that, what are you talking about?  
25 Are you saying she was moved from one spot to another? How  
26 far? How far was she moved? How could you tell? Do you  
27 know?

28 A. Looked like they were trying to pull her out of the  
29 aisleway in front of the counter.

1 Q. Have you testified to that before?

2 A. Sir.

3 Q. Have you testified to that before in either trial?

4 A. Talking about it looked like she'd moved -- been  
5 moved?

6 Q. Been pulled. Yeah.

7 A. No, sir.

8 Q. For the record, so we can be clear, are you saying  
9 it looked like she had been moved or are you saying it looked  
10 like she had been pulled?

11 A. Pulled.

12 Q. Pulled. Now, Chief, I believe the evidence is that  
13 the first time you went in -- and I, I certainly understand it  
14 is a real startling event that you came upon. But the first  
15 time you went in, you didn't see the shoe print, did you?

16 A. No, sir, I did not.

17 Q. You saw it the second time.

18 A. Yes, sir.

19 Q. Okay. And did you find or did somebody else find  
20 it?

21 A. Me and -- me and Barry Eskridge were standing over  
22 there when we found it. (Indicated.)

23 Q. Okay. Who saw it first - you or him?

24 A. I believe we saw it about -- almost the same time.

25 Q. Okay. And your testimony is that he didn't --  
26 correct me if I'm wrong. He didn't see it and point it out to  
27 you.

28 A. Just like I said, we seen it almost the same time.

29 Q. Okay. Saw it about the same time.

1 A. Um-hum.

2 Q. But did Mr. Eskridge also say Chief, there is a  
3 bloody footprint or something along that nature?

4 A. I don't know if he did or not. We looked over there  
5 and -- you know.

6 Q. Chief, did you make a, a report or summary of all  
7 the work that you did that morning?

8 A. No, sir, I did not.

9 Q. Now, should you have?

10 A. That is why we had the investigators and all there.

11 Q. Shouldn't you have made a report, Chief?

12 A. What I'm saying, I was letting the investigators do  
13 all the foot-work on that.

14 Q. Right. And so you are telling me that there is a --  
15 there should have been or was an investigator, a leader. Is  
16 that what you are saying?

17 A. They done -- they done paperwork on that shoe print.

18 Q. So you are telling us that somebody was assigned.

19 A. No, I am not saying anybody was assigned. What I am  
20 saying, they done paperwork on that.

21 Q. Who is they?

22 A. The investigators.

23 Q. Who is it?

24 A. Jack Matthews and Wayne Miller.

25 Q. Okay. And now, isn't it a fact that Jack Matthews  
26 and Wayne Miller wasn't at the scene for a pretty substantial  
27 period of time? You were there first. And you were there  
28 some period of time before Jack Matthews and Wayne Miller got  
29 there; is that correct?

1 A. Yes, sir.

2 Q. And they have no way of knowing what you saw or what  
3 you did; is that correct?

4 A. I pointed it all out to them when they got there.

5 Q. Okay. So you didn't make a report of your duties.  
6 You pointed it out to Mr. Matthews and Mr. Miller.

7 A. Yes, sir.

8 Q. Did they make a report of what you did, Chief?

9 A. I don't know if they did or not. I didn't ask them.

10 Q. You didn't ask them.

11 A. I did not.

12 Q. Did you see a report that they wrote up or compiled  
13 that set forth what you did?

14 A. No, sir.

15 Q. Chief, how long had you been a police officer before  
16 you became chief?

17 A. About eight years.

18 Q. About eight years.

19 A. Yes, sir.

20 Q. Isn't it fair to say that standard police protocol  
21 requires that -- well, strike that. First of all, you knew  
22 this was a major, major, major, major homicide; is that  
23 correct?

24 A. Yes, sir. That's why I called for help.

25 Q. That's why you called for help. That's a good  
26 thing. I'm proud of you for doing that.

27 MR. EVANS: Your Honor, I object to him  
28 commenting back to the witness.

29 THE COURT: That is improper.

1 Q. Well, making -- calling for help, I believe, is the  
2 right thing to do, Chief.

3 MR. EVANS: I object to comments. He can ask  
4 questions.

5 THE COURT: You've got to just ask questions.

6 Q. In a major homicide, Chief, isn't making reports  
7 important and critical?

8 A. Yes, sir.

9 Q. And you didn't do it. Is that also true?

10 A. That's why I said I called for help. They know more  
11 about it than I did.

12 Q. Okay. But you did make a report; is that correct?

13 A. No, I did not.

14 Q. And you had been chief for how long?

15 A. Just had became chief.

16 Q. Just had become chief. And before you had become  
17 chief, had you worked any homicides before?

18 A. No, I haven't.

19 Q. Been an officer for eight years?

20 A. Yes, sir.

21 Q. And what rank did you make as a regular officer?

22 A. In eight years I went from captain to assistant  
23 chief to chief.

24 Q. Did you start out as a captain?

25 A. I started off as patrolman.

26 Q. And didn't you learn within eight years that police  
27 protocol requires making reports of your findings and duties  
28 as you investigate a crime?

29 A. Different departments do it different ways.

1 Q. So the Winona Police Department didn't require  
2 reports. Is that what you are saying?

3 A. We didn't have protocol.

4 Q. Didn't have any protocol.

5 A. We didn't haven't protocol.

6 Q. So you could just kind of do as you wanted.

7 A. No, it ain't do it how you want. You do it.

8 Q. You do it how?

9 A. You do it with the best of your knowledge. You  
10 don't do it the way you want.

11 Q. So you are not --

12 A. What I'm saying, we did not have protocol on it.

13 Q. So there was no standard police protocol.

14 A. No, sir.

15 Q. Rules that you had to follow.

16 A. That's right.

17 Q. So each officer -- what did each officer follow  
18 then? I don't want to put words in your mouth.

19 A. That is what I am trying to tell you. That is why  
20 we called investigators.

21 Q. I understand, Chief. But that was a while before  
22 the investigators got there. What do you do in cases,  
23 Chief --

24 A. We, we secured the crime scene.

25 Q. In cases where you don't, don't call the Mississippi  
26 highway patrol, how do you document and memorialize and make a  
27 permanent record --

28 A. Offense --

29 Q. -- of what you did?

1 A. Offense report.

2 Q. Okay. Did, did you fill out an offense report?

3 A. No, I did not.

4 Q. Did Vanhorn fill out a offense report?

5 A. No, sir, she did not.

6 Q. Did Townsend fill out a offense report?

7 A. No, sir.

8 Q. And you have been chief for, I didn't get it, about  
9 15 years now?

10 A. About 15.

11 Q. Is that correct? Now, you had these investigators,  
12 who I assume were leading. Did they not ask you to do a  
13 written report?

14 A. No, sir, did not.

15 Q. Okay. Now, Chief, up until you became captain and  
16 assistant chief and chief, did you ever go to the police  
17 academy in Jackson --

18 A. Yes, sir.

19 Q. -- for training?

20 A. I did.

21 Q. And didn't they stress the importance of doing  
22 documentation?

23 A. We went into criminal justice and stuff like that  
24 and no report writing. Yeah.

25 Q. Now, Chief, the first officer on the scene supposed  
26 to do certain things. Is that fair to say?

27 MR. EVANS: Your Honor, I object to him telling  
28 the police chief what they are supposed to do. He can  
29 ask him what they are supposed to do.

*Johnny Hargrove - Cross*

1 MR. CARTER: He is on cross, Your Honor. Mr.  
2 Evans knows it.

3 THE COURT: I will overrule the objection.

4 Q. Chief, I am going to do Mr. Evans a favor and  
5 rephrase it.

6 MR. EVANS: I don't need any favors, Your  
7 Honor.

8 THE COURT: Mr. Evans, keep your comments to  
9 yourself.

10 MR. EVANS: I would ask that both sides do,  
11 Your Honor.

12 THE COURT: I think I asked that of y'all  
13 yesterday.

14 MR. CARTER: I will certainly comply, Your  
15 Honor.

16 Q. Chief, what is the first responding officer supposed  
17 to do when he arrives up on the scene?

18 A. Secure the crime scene.

19 Q. And what, what does that mean?

20 A. That mean when you secure it, you make sure don't  
21 anybody tamper with the evidence or can mess up evidence there  
22 at the scene.

23 Q. Okay. And what exact steps did you take to secure  
24 the area?

25 A. I made sure that nobody entered the store. And then  
26 I also start moving people back away from the front of the  
27 store. And then we start securing the tape all the way  
28 around.

29 Q. Chief, did you ever go behind the building?

1 A. Yes, sir.

2 Q. And did you walk up that little street? What is  
3 that little street called that's behind the building?

4 A. Keyneck, I think. Something like Vine. Something  
5 like that.

6 Q. Did you walk all the way up Vine?

7 A. No. I didn't walk all the way up it. I walked  
8 around, come out by Coast to Coast, that little alley-way in  
9 there.

10 Q. Okay.

11 A. By Coast to Coast in front of the store.

12 Q. Did you -- did you lock the door as you walked  
13 behind the building? Was Tardy's locked?

14 A. By that time, when I done that, everybody was there.  
15 The investigators and everybody were there.

16 Q. Okay. And did they walk Vine Street with you?

17 A. No, sir, they did not. But before the investigators  
18 and all got there, I -- there on Carrollton, on the corner  
19 where I could see the back door and the front door.

20 Q. Right.

21 A. I didn't move. I didn't go around it before then.

22 Q. Okay. Chief, I refer again to State Exhibit 1-A.

23 A. Um-hum.

24 Q. And there is something that looks like some tape  
25 here.

26 A. Some tape.

27 Q. You put that there?

28 A. Yes, sir.

29 Q. Did you do it by yourself?

1 A. Me and Officer Townsend.

2 Q. And you put that there to secure the area and let  
3 people know that you are not supposed to go into that area if  
4 you are not an officer --

5 A. Yes.

6 Q. -- called to the scene; is that correct?

7 A. Um-hum.

8 Q. And at what point did you do that?

9 A. I done that right after we got Stewart, Med Stat got  
10 Stewart out.

11 Q. Now, I realize this is probably a real stressful  
12 situation but could -- should you have done that earlier, in  
13 your opinion?

14 A. Done it earlier?

15 Q. Yeah. Taped it off earlier.

16 A. No, sir, I don't think so. Because I was sitting  
17 there waiting for backup. And you know, I wasn't going to be  
18 fooling with no tape. I didn't know if the person was still  
19 in the store or not.

20 Q. I understand. Thank you.

21 Chief, wouldn't you agree that all police officers should  
22 have some training in protecting a crime scene, preserving  
23 physical evidence, collecting and submitting evidence for  
24 scientific examination? Would you agree with that?

25 A. Yes, sir.

26 Q. Would you also agree that great emphasis should be  
27 placed on properly documenting and preserving evidence?

28 A. Yes, sir.

29 Q. And would you agree that one of the goals, if not

1 the main goal, is to make sure that the investigating process  
2 yields reliable information?

3 A. Yes, sir.

4 Q. Now, all crime scenes are unique. Is that fair to  
5 say?

6 A. All of them. They are not the same.

7 Q. Right. And that although every crime scene is  
8 different, there should be certain techniques of preserving  
9 evidence and documenting evidence that should be applied in  
10 every case. Is that fair to say?

11 A. Yes, sir.

12 Q. And you further agree that all officers should have  
13 basic skills, knowledge and abilities with respect to  
14 processing a crime scene. Is that fair to say?

15 A. All departments don't -- all departments officers  
16 not, you know, skilled in that area.

17 Q. But as many as you can make skilled in that, you  
18 agree that's a good idea.

19 A. Yes. It's a good idea if you got the money to send  
20 them through it.

21 Q. Okay. And you roped the area off, Chief, because  
22 you didn't want any contamination, contamination or  
23 disturbance of the physical evidence; is that right?

24 A. Yes, sir.

25 Q. That's why you did it. Now, Chief, with respect to  
26 this canvassing that went on in the neighborhood. And correct  
27 me if I'm wrong. I believe that occurred after Mississippi  
28 Highway Patrol had gotten there. Well, I don't want to put  
29 words in your mouth. When did that happen? At what point did

1 that happen?

2 A. It, it happened shortly after everybody got there.

3 Q. And when you say everybody, are you also talking  
4 about the crime scene folks from Jackson?

5 A. Yes, sir.

6 Q. Now, the crime scene folks from Jackson got there  
7 about 1:00, I believe; is that correct?

8 A. I can't tell you what time she got there.

9 Q. But you do know that canvassing the neighborhood  
10 occurred after the crime scene folks from Jackson got there.

11 A. No. I can't tell you right off. Because my blood  
12 pressure went sky high, and I had to go get some medication.

13 Q. Okay. So now you are saying -- and I'm not trying  
14 to play games with you. But initially you said it happened  
15 after everybody got there. And I just want to make sure that  
16 you are clear, that the jury is clear. You initially said it  
17 happened after the crime scene investigators from Jackson got  
18 there. So now you are saying you are not really sure.

19 A. What, what I'm saying is it was a lot of officers  
20 there. Everybody, you know, just doing different things,  
21 canvassing and stuff like that.

22 Q. Okay. What time did the canvassing start?

23 A. I, I can't tell you what time it started.

24 Q. Who was the next officer to get there after you,  
25 Chief?

26 A. I think Officer Townsend and Bill Thornburg. He was  
27 there.

28 Q. And about how long after you, if you recall?

29 A. It wasn't long when they got there, because they

1 were in Winona.

2 Q. Okay. Would you say 15 minutes?

3 A. It was a few minutes. Yeah. Less -- fifteen or  
4 less.

5 BAILIFF: Your Honor, I have been informed by  
6 the jury we need a break.

7 THE COURT: Okay. Ladies and gentlemen, we  
8 will take a 10-minute recess at this time.

9 (A RECESS WAS TAKEN.)

10 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
11 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS RESUMED AS  
12 FOLLOWS:)

13 THE COURT: Court will come back to order.

14 If you will, bring the jury back in now, please.

15 (THE JURY RETURNED TO THE COURTROOM.)

16 Mr. Carter, you may proceed.

17 Q. (By Mr. Carter:) Now, Chief, is it fair to say that  
18 this was the biggest crime that had ever occurred in Winona --

19 A. Yes, sir.

20 Q. -- at the time? It probably still is; is that  
21 correct?

22 A. Yes, sir.

23 Q. Now, with respect to canvassing, now, I understand  
24 this was a traumatic incident. And I believe you told me your  
25 blood pressure ran up. I understand that. But wouldn't you  
26 say that canvassing, no matter what time it occurred, should  
27 have occurred as quickly as possible to do so?

28 A. Yes, sir.

29 Q. Now, can you tell me, as best you can, about what

1 point could you say that you were there, you had arrived on  
2 the scene, Sheriff Thornburg had arrived on the scene, Jack  
3 Matthews had arrived on the scene, Wayne Miller had arrived on  
4 the scene, Officer Townsend had arrived on the scene, Officer  
5 Vanhorn had arrived on the scene? What time would you say  
6 that all of them had made it there?

7 A. As far as time, I can't tell you. As far as time, I  
8 don't know.

9 Q. You think they all made it there within 30 minutes.

10 A. Townsend and Thornburg and all, yeah. I'd say that.

11 Q. But you are not sure what time the other ones got  
12 there.

13 A. Yeah.

14 Q. Now, why did you do the canvassing? What is the  
15 purpose of that?

16 A. Canvassing. You try to find evidence and try to see  
17 if the suspect is still in the area and stuff like that.

18 Q. Which should occur as quickly as possible you said.

19 A. Yes, sir.

20 Q. Now, how many pairs of shoes did you check, Chief?  
21 Do you know?

22 A. I checked all the E.M.T.'s and Mr. Sam and the  
23 officers that were there.

24 Q. What kind of shoes did the first technician have on?

25 A. They had those boot-like shoes on.

26 Q. Which one? Both of them?

27 A. All three of them.

28 Q. What color were they?

29 A. Black.

1 Q. Like boots, boots, boots -- the long boot that, that  
2 you pull up and --

3 A. No. It's going to be sort of like those cloth-like  
4 military boots.

5 Q. Okay. What kind of shoes did Mr. Sam Jones have on?

6 A. Some of those like Oxford -- you know, those shoes  
7 that they sort of like the military shoe but it's, it's not.  
8 You know, made like the military dress shoe.

9 Q. Okay. It wasn't similar to what the Med Stat  
10 technician had on, was it?

11 A. No.

12 Q. What kind did -- did Mr. Johnson show up at the  
13 scene at some point?

14 A. Yes.

15 Q. John Johnson. Mr. Evans.

16 A. Um-hum.

17 Q. Did you check all their shoes too?

18 A. Looked at their shoes.

19 Q. What kind did they have on?

20 A. They had on some -- he had on dress shoes. And John  
21 had on some shoes too.

22 Q. I'm sorry. I didn't get that.

23 A. Shoes. They had on shoes.

24 Q. Oh, when you say shoes, shoes as opposed to tennis  
25 shoes or boots.

26 A. Opposed to boots.

27 Q. Okay.

28 A. They had on shoes.

29 Q. And did you make a report of that?

1 A. No, sir, I didn't.

2 Q. Now, Chief, for the record, can you tell us exactly  
3 what you did to canvas the neighborhood?

4 A. What I did?

5 Q. Yourself.

6 A. Only thing I done, I walked around the building.

7 Q. Okay. So you didn't -- that is the extent of your  
8 canvassing.

9 A. Yes.

10 Q. Now, right behind Tardy's there is some businesses  
11 there; is that correct?

12 A. Yes, sir.

13 Q. What businesses were there back then?

14 A. You had that -- Coast to Coast had a shop back  
15 there.

16 Q. And they did what?

17 A. They worked on tires and lawn mowers and stuff like  
18 that.

19 Q. And what other business was back there?

20 A. It was that body shop, I think, back there.

21 Q. Okay. Did you talk to any of those people?

22 A. I didn't.

23 Q. Did you see anybody talk to them?

24 A. No, sir.

25 Q. Okay. Now, Chief, there was a reward offered in  
26 this case for information at some point; is that correct?

27 A. That's correct.

28 Q. And the reward money was offered almost immediately;  
29 is that correct?

1 A. Yes, sir.

2 Q. How much was it? Do you remember?

3 A. I think it was about -- approximately about 30,000.  
4 Something like that.

5 Q. And your police department didn't put up any money,  
6 did it?

7 A. No, sir. I think the money is still there.

8 Q. And this reward money was, was written about in the  
9 newspaper; is that correct?

10 A. It was in the newspaper.

11 Q. I think it might have been posters on -- or signs  
12 put on poles around town.

13 A. Yes, sir.

14 Q. Now, Chief, did you make a report of every single  
15 person that went in and outside of Tardy's before the crime  
16 scene got there?

17 A. No, sir.

18 Q. Now, with respect to Mr. Matthews and Mr. Miller,  
19 which one did you view as the, I guess, the senior or superior  
20 officer?

21 A. Both of them.

22 Q. Did they have the same rank?

23 A. I believe so.

24 Q. Did either identify themselves as the commander or  
25 leader?

26 A. No, sir.

27 Q. And you released the crime scene over to whom?

28 A. Highway patrol.

29 Q. Now, which one did you see first?

1 A. I think they both came in about the same time.

2 Q. And "about the same time", what you mean?

3 A. Yes, sir.

4 Q. They came at different times. Which one came first?

5 A. Right offhand, I can't tell you which one came  
6 first.

7 Q. Did you not testify at a earlier point that you  
8 released the crime scene to Jack Matthews?

9 A. I don't believe I did. I couldn't tell you right  
10 off-hand.

11 Q. And Chief, tell the jury and the Court what other  
12 role, if any, did you play in the investigation of this case  
13 once the crime scene had been released to the Mississippi  
14 Highway Patrol?

15 A. I didn't play any other role.

16 Q. Didn't play any other role.

17 A. No, sir.

18 Q. Didn't you go to some houses with other officers to  
19 interview people and to collect certain items? Did you not?

20 A. No. Sure didn't.

21 Q. You didn't go to Connie Moore's house.

22 A. No. I don't think I went to her house.

23 Q. You didn't go to Doyle Simpson's house.

24 A. I don't remember going to his house.

25 Q. Now, this crime occurred in -- is there some reason  
26 you didn't participate any further once the highway patrol got  
27 involved?

28 A. I had my officers doing it, my captain.

29 Q. So you had some captains, some officers --

1 A. I had Officer Vanhorn.

2 Q. -- to continue participating --

3 A. Yes, sir.

4 Q. -- with any investigation.

5 A. Yes, sir.

6 Q. What did she do?

7 A. She set in on interviews and stuff like that.

8 Q. What did you assign her to do?

9 A. To help. To assist.

10 Q. To assist.

11 A. Yes, sir.

12 Q. And, and did you give her any specific ways in which  
13 she should be assisting?

14 A. No, sir, I did not.

15 Q. Left it up to her.

16 A. Yes, sir.

17 Q. And did you make a report of what you assigned her  
18 to do?

19 A. No, I did not.

20 Q. And no other officer within your department but Miss  
21 Vanhorn participated upon her being assigned the case.

22 A. Yes, sir. Mostly her.

23 Q. Mostly her now.

24 A. Yes, sir.

25 Q. Does that mean that it was partially somebody else  
26 too?

27 A. Townsend.

28 Q. Townsend.

29 A. Um-hum.

1 Q. What did he do?

2 A. He assisted too.

3 Q. Exactly how did he assist?

4 A. You know, like, going around, sitting in on  
5 interviews and stuff like that.

6 Q. Did he make a report?

7 A. No, sir, he did not.

8 Q. Did you ask him to?

9 A. No, sir.

10 Q. Did you discuss with him his findings?

11 A. No, sir.

12 Q. Did you discuss with Officer Vanhorn her findings?

13 A. She talked to me every now and then.

14 Q. Okay. And upon talking to you, is it your position  
15 that all she did was sit in on interviews?

16 A. Sit in on it.

17 Q. And she did nothing else.

18 A. To my knowledge.

19 Q. Now, isn't it a fact that Officer -- Mississippi  
20 Highway Patrolman Jack Matthews was, in fact, in and out of  
21 Tardy's that morning several times prior to the C.S.I. people  
22 getting there from -- crime scene people getting there from  
23 Jackson?

24 A. There was a lot of folks in and out of there, you  
25 know, officers.

26 THE COURT: Speak up a little. I am having  
27 trouble. And I figure the people back there on the  
28 second row are too.

29 MR. CARTER: Okay. I will, Your Honor.

1 THE COURT: No, I was talking about the chief,  
2 getting him to speak up.

3 MR. CARTER: I don't remember the question.

4 Q. Oh, I believe my question was wasn't Mr. Matthews in  
5 and out of, on several occasions, Tardy Furniture store before  
6 the crime scene people got there? I don't know if I heard  
7 your answer.

8 A. I think he was mostly in there.

9 Q. Mostly inside.

10 A. Yes, sir.

11 Q. Do you know what he was doing inside?

12 A. Investigating.

13 Q. All right. Did he ever supply you with a report of  
14 -- a written report of what he was doing inside?

15 A. No, sir.

16 Q. And did you ask for one?

17 A. No, sir I did not.

18 MR. CARTER: One moment, Your Honor.

19 THE COURT: Take your time.

20 Q. Chief, I show you what has been marked as Exhibit  
21 2-A. Do you recognize that?

22 A. Yes, sir.

23 MR. EVANS: Your Honor, we have no objection to  
24 that being offered into evidence, if they would like to.

25 THE COURT: Apparently, it hasn't been admitted  
26 into evidence at this time so it --

27 Q. What is it, Chief?

28 A. That's the front of Tardy's.

29 THE COURT: Wait. Wait.

*Johnny Hargrove - Cross*

1 MR. CARTER: Move for admission, Your Honor.

2 THE COURT: It hasn't been admitted yet, so the  
3 jury can't see it until it is admitted.

4 MR. CARTER: Sorry. Sorry.

5 THE COURT: And the State said they had no  
6 objection to it being admitted.

7 MR. CARTER: I move for admission.

8 THE COURT: It had a State i.d. number on it.

9 MR. EVANS: It is one of our exhibits. We have  
10 no problem with it being admitted under our exhibit  
11 number.

12 THE COURT: Is that all right with you, Mr.  
13 Carter? You are showing it to him?

14 Let the court reporter go ahead and mark it into  
15 evidence.

16 (THE BLOW-UP OF STATE'S EXHIBIT NUMBER 2 PREVIOUSLY  
17 MARKED STATE'S EXHIBIT NUMBER 2-A FOR IDENTIFICATION WAS  
18 ADMITTED INTO EVIDENCE.)

19 THE COURT: You can proceed now.

20 MR. CARTER: Yes, sir. Thank you.

21 Q. Chief, what is this now?

22 A. That's the front of Tardy's.

23 Q. Okay. Where is the entrance into the store?

24 A. Entrance to the store. (Indicated.)

25 Q. In this picture.

26 A. I believe it is going to be right here.

27 (Indicated.)

28 Q. Okay. And --

29 A. See, the store sort of like two stores, but it don't

1 have doors down there. This going to be the door right there.

2 Q. Okay. Do you know who those people are that are  
3 standing there?

4 A. Those people there, no.

5 Q. Okay. Are they in front of the tape or behind the  
6 tape? Can you tell?

7 A. They are behind the tape.

8 Q. Okay. And do you know who took the picture?

9 A. No, I don't know.

10 Q. You didn't take it, did you?

11 A. No, sir.

12 MR. CARTER: One moment, Your Honor.

13 THE BAILIFF: Your Honor.

14 THE COURT: Yes, ma'am.

15 THE BAILIFF: The -- I've had several jurors  
16 say they are having a very difficult time hearing. And  
17 also, they are not being able to see the pictures like  
18 they need to.

19 THE COURT: Okay. Chief, if you will, speak a  
20 little louder. I know you are a soft-spoken man. But if  
21 you will, speak as loud as you can.

22 MRS. STEINER: Your Honor, may we approach for  
23 a moment?

24 THE COURT: You may.

25 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
26 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
27 OUTSIDE THE HEARING OF THE JURY.)

28 MRS. STEINER: At this point there is some  
29 exhibits we want get in through the chief to which --

1 MR. EVANS: I can't hear you.

2 MRS. STEINER: At this point there is some  
3 exhibits that we need to get in through the chief. Two  
4 of which are exhibits from a prior trial, which were just  
5 brought in and need to be marked either -- and make a  
6 record of what they were before and that needs to be done  
7 outside the presence of the jury or at the bench. That  
8 should take a couple of minutes.

9 THE COURT: I'll send them to the jury room, it  
10 will be easier that way, a minute rather than trying to  
11 do stuff quietly.

12 (THE BENCH CONFERENCE WAS CONCLUDED.)

13 THE COURT: Ladies and gentlemen, if you will,  
14 just step in the jury room for a couple of minutes. I  
15 think there were some things that, maybe, need to be  
16 marked for identification or something.

17 (THE JURY LEFT THE COURTROOM.)

18 MRS. STEINER: Your Honor, I don't want to be  
19 irregular. This is some documents that we originally  
20 were going to use with another witness, but this witness  
21 has already testified about them. And I'd like to get  
22 them marked at this point.

23 THE COURT: If the State can look at them, it  
24 might be things that y'all could agree to go ahead and  
25 have admitted. I don't know if it is or not.

26 MRS. STEINER: Yes. These only arrived this  
27 morning.

28 THE COURT: But if y'all can --

29 MR. EVANS: What do you mean they only arrived

1 this morning?

2 MRS. STEINER: I -- Mr., Mr. Hill physically  
3 had them.

4 MR. EVANS: But you have had access to them.

5 MRS. STEINER: We have had.

6 MR. EVANS: I just want to make that clear.

7 Your Honor, I have no objection to the previous  
8 Exhibit D-5. But the other exhibits, I do object to. I  
9 object to all the rest of them.

10 MRS. STEINER: All right. Your Honor --

11 THE COURT: I need to --

12 MRS. STEINER: Yes, Your Honor.

13 THE COURT: I guess we probably need to have  
14 those marked for identification that they are objecting  
15 to before I can go --

16 MR. EVANS: And we could -- if the Court would  
17 like, we can go through the objections at this point  
18 without the jury here.

19 THE COURT: That is what I am saying. They  
20 first have to be marked for identification even for the  
21 Court to view. But there is an agreement that D --

22 What is that number?

23 MRS. STEINER: The exhibit marked as D-5 for  
24 admission in Case Number B2401-98-00960, initials of the  
25 court reporter L.B. I'd like to have that marked with  
26 that sticker obscured as --

27 THE COURT: We will place the new exhibit  
28 sticker on. But will that be Defense Exhibit 1?

29 MRS. STEINER: This will be Defense Exhibit 1.

1 THE COURT: Let her just go ahead and mark that  
2 into evidence.

3 MRS. STEINER: That's into evidence.

4 (THE REWARD POSTER WAS MARKED DEFENDANT'S EXHIBIT NUMBER  
5 1 AND ADMITTED INTO EVIDENCE.)

6 THE COURT: Okay. I mean these have been  
7 marked in a previous case for identification. But I, I  
8 assume -- I am not sure.

9 MRS. STEINER: One of them has. I want to put  
10 on the record what we are obscuring.

11 THE COURT: Okay.

12 MRS. STEINER: As Defense Exhibit 2, I would  
13 like to have marked for -- 2 for identification what was  
14 formerly designated in Defendant's Exhibit D-3 for  
15 identification in Case Number B2401-98-00960, court  
16 reporter initial L.B. I would like that marked as  
17 Defendant's Exhibit 2 for identification.

18 (A COPY OF A WINONA TIMES ARTICLE WAS MARKED DEFENDANT'S  
19 EXHIBIT NUMBER 2 FOR IDENTIFICATION.)

20 MRS. STEINER: For the record, since we are  
21 outside the presence of the jury, I'll just state that is  
22 a *Winona Times* newspaper article dated Thursday, July 25,  
23 1996, with the headline *Cash Reward Offered for*  
24 *Information*. Thank you, Your Honor.

25 And in light of -- since there is an objection, if  
26 you want me to go ahead and lay a foundation.

27 THE COURT: Well, why don't you just go ahead  
28 and -- while I am looking at this, and you can be  
29 having those --

1 MR. HILL: Can I see those?

2 MRS. STEINER: Yes. These are the other ones.

3

4 MR. HILL: Where did you get these?

5 MR. EVANS: That is part of the Change of Venue  
6 Motion.

7 MR. HILL: This is -- this is our stuff, I  
8 guess. These have not been previously marked, and they  
9 are not yours.

10 MRS. STEINER: They were -- they are copies of  
11 yours.

12 MR. HILL: That's right. They are my copies,  
13 and I didn't give them to you.

14 MRS. STEINER: No. No. They are photocopies I  
15 made of what you gave me, and I sent you back on a disk.

16 MR. HILL: You made those today?

17 MRS. STEINER: No. I made those -- you had a  
18 disk copied of those back in May.

19 MR. EVANS: It is.

20 MRS. STEINER: Actually, I think I had gotten  
21 them out of your records. Out of an abundance of  
22 caution, I gave you a copy back of those.

23 MR. EVANS: So we didn't get our originals  
24 back.

25 MRS. STEINER: No, I made them at your -- at  
26 here. And I -- these are the only copies I have. I --  
27 Some of these may have come from either the newspapers or  
28 the archives. All I know is you gave me some copies of  
29 things which I made copies of. And then I put everything

1 I proposed to have marked here on the disk we served with  
2 discovery about a month ago.

3 THE COURT: Have those been marked for  
4 identification.

5 MRS. STEINER: They have not been. The State's  
6 been looking at them.

7 (A COPY OF A GREENWOOD COMMONWEALTH ARTICLE WAS MARKED  
8 DEFENDANT'S EXHIBIT NUMBER 3 FOR IDENTIFICATION.)

9 (A COPY OF A WINONA TIMES ARTICLE WAS MARKED DEFENDANT'S  
10 EXHIBIT NUMBER 4 FOR IDENTIFICATION.)

11 (A COPY OF A NEWSPAPER ARTICLE WAS MARKED DEFENDANT'S  
12 EXHIBIT NUMBER 5 FOR IDENTIFICATION.)

13 (A COPY OF WINONA TIMES ARTICLE WAS MARKED DEFENDANT'S  
14 EXHIBIT NUMBER 6 FOR IDENTIFICATION.)

15 (A COPY OF A WINONA TIMES ARTICLE WAS MARKED DEFENDANT'S  
16 EXHIBIT NUMBER 7 FOR IDENTIFICATION.)

17 (A COPY OF A WINONA TIMES ARTICLE WAS MARKED DEFENDANT'S  
18 EXHIBIT NUMBER 8 FOR IDENTIFICATION.)

19 MRS. STEINER: May I approach?

20 THE COURT: You may. Now, what, I mean I --  
21 what's the objection now?

22 MR. EVANS: Your Honor, the objection to these  
23 is that we cannot try a case through the newspapers.  
24 This is newspaper articles about a case, has nothing to  
25 do with the facts. I think it could be highly  
26 prejudicial either way by trying to introduce what was in  
27 a newspaper.

28 We did not object. We don't object to the reward  
29 poster coming in. They have asked him about it. They

1 can ask him about that. But to produce newspaper  
2 articles about a crime to the jury, I think, would be  
3 highly prejudicial.

4 And even if they introduced it, it would be rank  
5 hearsay. And it would be something that appellate  
6 counsel would object on the ineffective assistance of  
7 counsel for them introducing.

8 THE COURT: I'll say this. Without the  
9 prosecutor making his comment, I, I am very concerned  
10 about the idea of showing Mr. Golden's casket being  
11 brought out of the church and a number of other things  
12 here that talk about the victims being laid to rest.

13 You know, I think -- and you know, this article --  
14 D-8 for i.d., you know, has an article about Mr. Flowers  
15 being arrested for the crime. I mean there is a  
16 number -- I mean, you know, I think the reward poster is  
17 going to be sufficient evidence that there was a reward  
18 offered. And the chief has stated that already.

19 MRS. STEINER: Your Honor, let us just leave  
20 them marked for identification for the time being, and  
21 I'll read on the record what they are now. We are not  
22 going to move their admission at this time.

23 THE COURT: I mean if they are marked for  
24 identification, it will be a -- they will be -- I mean  
25 there is a record of everything. So that will speak for  
26 itself.

27 MRS. STEINER: Thank you, Your Honor. But in  
28 case we do wish to use them --

29 MR. CARTER: That is already in; right?

1 THE COURT: Okay. So we can bring the jury  
2 back in now.

3 MRS. STEINER: Thank you, Your Honor.

4 (THE JURY RETURNED TO THE COURTROOM.)

5 THE COURT: Court will come back to order.

6 Mr. Carter, you may continue.

7 MR. CARTER: Thank you, Your Honor.

8 Q. (By Mr. Carter:) Chief, do you remember what year  
9 you went to the academy?

10 A. It was in '87.

11 THE COURT: Speak up Chief, please.

12 A. Back in '87.

13 Q. '87.

14 A. Yes, sir.

15 Q. About ten years or so before this crime occurred.  
16 And had Officer Vanhorn been to the academy by the time this  
17 crime occurred?

18 A. Yes, sir.

19 Q. And had Officer Townsend been to the academy by the  
20 time this crime occurred?

21 A. Yes, sir.

22 Q. And certainly, by the time this crime occurred  
23 neither one of them was working their first day; is that  
24 correct?

25 A. That's correct.

26 Q. In fact, how long had Mr. Townsend been there before  
27 this crime occurred? I realize it's --

28 A. About four or five years. Somewhere in there.

29 Q. How long had Officer Vanhorn been there before this

1 crime occurred?

2 A. She had been there about -- probably about eight  
3 years.

4 Q. Eight years.

5 A. Somewhere in there.

6 MR. CARTER: May I approach the witness, Your  
7 Honor?

8 THE COURT: You may.

9 Q. Officer Hargrove, I hand you what is called D-1  
10 Exhibit. And can you look at it and tell us whether you can  
11 recognize that?

12 A. It's going to be one of the posters that were --  
13 some of them were on light poles and stuff like that. \$30,000  
14 reward.

15 Q. Thank you.

16 May I approach the witness again, Your Honor?

17 THE COURT: You may.

18 Q. Would you mind reading this for us, Chief? Just  
19 read it.

20 A. For information leading to the arrest or conviction  
21 of person/persons responsible for murder that occurred July  
22 16, 1996, at Tardy Furniture, Winona, Mississippi.

23 Q. Is that all that is on there?

24 A. No, sir. The identification of the person providing  
25 information kept confidential. Got the telephone number  
26 Mississippi Highway Patrol Crime Investigation, Winona Police  
27 Department. And also, it got the numbers at the bottom at the  
28 police department and the number at the highway patrol.

29 MR. CARTER: May I approach again, Your Honor?

1 THE COURT: You may.

2 Q. Officer Hargrove, I certainly understand you  
3 couldn't see everything. But do you know if Mr. Wayne Miller  
4 and Mr. Jack Matthews worked in conjunction with each other at  
5 the crime scene?

6 A. Yes, sir, I believe they did.

7 Q. And do you know what specifically each one did at  
8 the crime scene?

9 A. No, I do not.

10 Q. Did you ever see a report setting forth what they  
11 did?

12 A. No, sir.

13 Q. How long did you stay at the crime scene that day?

14 A. Stayed there till almost everybody left.

15 Q. That would have been about what time?

16 A. I can't -- I don't know right offhand.

17 Q. Was it afternoon or morning?

18 A. It was pretty late.

19 Q. Pretty late.

20 A. Yes, sir.

21 Q. But the crime scene folks from Jackson had gotten  
22 there. Is that fair to say?

23 A. Yes, sir.

24 Q. Who closed the building? Was it you? Or do you  
25 know?

26 A. It wasn't me.

27 Q. Do you know who closed it?

28 A. No, sir.

29 Q. Thank you.

1 THE COURT: Any redirect?

2 MR. EVANS: Yes, sir.

3 REDIRECT EXAMINATION BY MR. EVANS:

4 Q. Chief, you've stated the reason you called in help  
5 was so you wouldn't be criticized for handling it yourself; is  
6 that correct?

7 A. That's correct.

8 Q. That didn't help, did it?

9 A. No.

10 Q. You still got criticized?

11 A. Yes, sir, I did.

12 MR. CARTER: Your Honor, I object to that.  
13 It's leading.

14 THE COURT: It's leading. I sustain the  
15 objection.

16 Q. Chief, you were asked about that reward poster.  
17 There was a reward poster put up. Did you have anything to do  
18 with putting it up?

19 A. No, sir, I did not.

20 Q. Has any witness in this case ever claimed a reward?

21 A. No, they haven't.

22 Q. You were asked about your memory being like a  
23 recorder. Are you aware a videotape of the crime scene was  
24 made?

25 A. No, sir.

26 Q. But if one was made, that would be a pretty good  
27 recording, wouldn't it?

28 A. Yes, sir, it would.

29 MR. CARTER: Your Honor, I object to that too.

1           How would he know?

2                   THE COURT: Well, I sustain the objection.

3           Q.    You were asked about your memory. Chief, do you  
4 think you could ever forget that crime scene?

5           A.    No, sir, I won't.

6                   MR. EVANS: Nothing further of this witness,  
7 Your Honor.

8                   THE COURT: Chief, you may step down.

9                   MR. CARTER: Your Honor, we are going to call  
10 him during our case. That will probably be next week.  
11 Well, I don't know.

12                  THE COURT: Well, I mean, you are not leaving  
13 the city or anything.

14                  THE WITNESS: No.

15                  THE COURT: Can you be available at short  
16 notice to come back and testify if you are needed again?

17                  THE WITNESS: Yes, sir. I'm supposed to be out  
18 of town.

19                  THE COURT: Supposed to be out of town.

20                  THE WITNESS: The 27th.

21                  THE COURT: Okay. Well, I don't think we will  
22 still be hearing this on the 27th.

23                  So is it acceptable for y'all to be available and  
24 not have to stick around the courthouse?

25                  MR. CARTER: Yes, sir, that is fine.

26                  THE COURT: Okay. Chief, you can go about your  
27 other duties. If you will just be available when needed  
28 to come back if they call you.

29                  THE WITNESS: Okay.

1 THE COURT: Who would be your next witness?

2 MR. EVANS: Your Honor, I think at this time it  
3 would be appropriate to read the transcript from Sam  
4 Jones.

5 THE COURT: I have got a copy of that.

6 Counsel, if you will just approach for just a  
7 second.

8 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
9 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
10 OUTSIDE THE HEARING OF THE JURY.)

11 THE COURT: It's no big issue. I think last  
12 time when we had transcripts read y'all were asking me to  
13 say, like, this was an elderly black male. When Porky  
14 testified you were asking me to state the approximate age  
15 of the person testifying, when they were being read.  
16 Y'all asked me last time.

17 MR. CARTER: I don't remember, but I don't want  
18 to do it this time. I object to it.

19 THE COURT: Okay. Well, that is fine. That  
20 was something that was done last time, and I didn't know  
21 whether that was something you wanted to be done this  
22 time.

23 MR. CARTER: I think it is unnecessary, Your  
24 Honor. I really don't want to do that.

25 THE COURT: That is fine. I just wanted to  
26 clear that up.

27 MR. CARTER: Do you remember doing it, Doug? I  
28 don't even remember.

29 MR. EVANS: Yeah.

1 MR. CARTER: Do you think it was a good reason  
2 to do it?

3 MR. EVANS: It was just to explain to the jury,  
4 since the witness wasn't here, who they were.

5 THE COURT: Since they can't look physically  
6 and see what they look like. But I don't have any  
7 problem with not doing it.

8 MR. CARTER: Just forget it then.

9 THE COURT: That is fine. I just wanted to  
10 clear it up.

11 (THE BENCH CONFERENCE WAS CONCLUDED.)

12 THE COURT: If y'all will come back just a  
13 second.

14 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
15 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
16 OUTSIDE THE HEARING OF THE JURY.)

17 THE COURT: The court reporter was asking. I  
18 assume it will be all right to just, you know, if it  
19 comes a point where this was an appeal, to have her --  
20 the court reporter was wanting to know if she needed to  
21 sit there and type the reading of --

22 MR. EVANS: It is going to have to be  
23 word-for-word.

24 THE COURT: I mean it is word-for-word, and so  
25 I didn't see any need for her to type.

26 MR. EVANS: I don't either.

27 MRS. STEINER: We haven't in the past required  
28 that.

29 THE COURT: So I will just allow her to have

1 this as a part of the record, but it would not be  
2 something that she is going to sit here and transcribe --  
3 I mean type right now.

4 But if y'all make available a copy of this for the  
5 court reporter's benefit in preparing the record.

6 MR. HILL: Your Honor, we already marked  
7 State's Exhibit Number 127.

8 THE COURT: Okay. This is from the -- this is  
9 from the trial when I tried it, which was the testimony  
10 that was read last time.

11 MRS. STEINER: Right.

12 THE COURT: I assume that is going to be the  
13 same testimony to be read again.

14 MRS. STEINER: Thank you. I just need to know  
15 what to pull up on my computer.

16 (THE BENCH CONFERENCE WAS CONCLUDED.)

17 THE COURT: Ladies and gentlemen of the jury, I  
18 want you to -- I want to explain the process that we are  
19 going to be going through now.

20 Sam Jones was a witness or was testifying under oath  
21 at a previous time, and he is deceased now. So the  
22 testimony that he gave under oath at a previous time is  
23 now going to be read to you.

24 You will be asked to consider this testimony just  
25 like you would the testimony of anybody that is  
26 testifying here as a live witness.

27 Who is going to be reading Mr. Jones?

28 MR. EVANS: Mr. Blackmon. William Blackmon.

29 THE COURT: Okay. Mr. Blackmon is going to be

1 sitting over here. And when the prosecution asks  
2 questions, Mr. Blackmon will be speaking Sam Jones'  
3 words. They are not Mr. Blackmon's words. They will be  
4 what Mr. Jones had said at a previous time.

5 And so you can come around now and proceed.

6 (MR. WILLIAM BLACKMON WAS SEATED ON THE WITNESS STAND.)

7 State your name, please, sir.

8 MR. HILL: Your Honor, before we begin, I am  
9 just going to move the Court, if we could, to have  
10 State's Exhibit 127 for identification, which is the  
11 former testimony of Sam Jones, Jr., received and it, it  
12 has been previously marked and received as a --

13 THE COURT: I'll allow it to be marked as  
14 identification, but it would not be something that would  
15 be actually admitted to the jury -- I mean admitted into  
16 evidence.

17 (THE TRANSCRIPT WAS READ.)

18 MR. HILL: Your Honor, if we could break long  
19 enough, I am going to get S-2-A and put up on an easel.

20 (THE READING OF THE TRANSCRIPT CONTINUED.)

21 THE COURT: I don't know if maybe we --

22 MR. HILL: Read the court reporter note?

23 THE COURT: No, it's not about the court  
24 reporter note. I just don't know if there is something  
25 that is going to be admitted at this time based on what  
26 we were reading on Page -- on this --

27 MR. HILL: I have those photographs here. I  
28 thought maybe I would read a few more lines and then I  
29 will --

1 THE COURT: Okay. Go ahead.

2 (THE READING OF THE TRANSCRIPT CONTINUED.)

3 (MR. HILL, MR. HOWIE AND MRS. STEINER APPROACHED THE  
4 BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD OUTSIDE THE  
5 HEARING OF THE JURY.)

6 MRS. STEINER: If the Court please, I note that  
7 Mr. Hill has gotten out a composite display that includes  
8 photos.

9 You are going to offer that now?

10 MR. HILL: Your Honor, what I suggested was  
11 what we had done previously was just moved all the  
12 photographs into evidence. That was our agreement.

13 MRS. STEINER: That's fine.

14 MR. HILL: Do we have any problem with that?

15 MRS. STEINER: No, we have no problem with  
16 that.

17 MR. HILL: Okay. If we can do that, then we  
18 don't have to stop and move them into evidence. We can  
19 just move all the photos into evidence.

20 MRS. STEINER: Yes, Your Honor.

21 And I was going to say, on the large display, their  
22 S-12 and 12-A, which have not even been identified yet  
23 are being displayed.

24 MR. HILL: No, they are not being displayed.

25 MRS. STEINER: Oh, okay. Thank you.

26 MR. HILL: They are not being displayed.

27 That, that is what I told counsel for the defense.  
28 I was not going to show them at this time.

29 THE COURT: Until they have -- we got to the

1 point in the testimony where they were admitted.

2 MR. HILL: Right.

3 MRS. STEINER: Thank you, Your Honor. We have  
4 no problem with that, Your Honor.

5 THE COURT: Okay.

6 MR. HILL: Can we just go ahead and move all  
7 photographs into evidence at this time?

8 Do y'all have any problem with --

9 MRS. STEINER: No. No.

10 THE COURT: I'll allow the admission of all of  
11 them that were mentioned in this --

12 MR. HILL: Okay.

13 THE COURT: -- at prior trial.

14 MR. HILL: We will identify them as we go  
15 through.

16 THE COURT: That will be fine.

17 (THE BENCH CONFERENCE WAS CONCLUDED.)

18 (MR. HILL AND MRS. STEINER APPROACHED THE BENCH FOR THE  
19 FOLLOWING BENCH CONFERENCE HAD OUTSIDE THE HEARING OF THE  
20 JURY.)

21 MRS. STEINER: They're actually being shown to  
22 the jury. Can that be turned so -- I don't know if any  
23 of the jurors can see it.

24 It is -- I guess it is looking into the courtroom  
25 right now.

26 THE COURT: Yeah, I don't think anybody can see  
27 it at all right now that is on the jury.

28 MRS. STEINER: Thank you, Your Honor.

29 (THE BENCH CONFERENCE WAS CONCLUDED.)

1 have all these been handed to the court reporter for her  
2 to mark now?

3 MR. HILL: Yes, Your Honor, they have.

4 THE COURT: I just wanted to -- has she marked  
5 those for evidence?

6 MR. HILL: She has not marked them into  
7 evidence at this point.

8 THE COURT: Based on the bench agreement, why  
9 don't we just go ahead and let her mark them again so  
10 that it will save time in a few minutes?

11 MR. HILL: That will be fine, Your Honor.

12 (THE PHOTOGRAPHS PREVIOUSLY MARKED FOR IDENTIFICATION  
13 WERE ADMITTED INTO EVIDENCE. THE PHOTOGRAPHS WERE S-2,  
14 S-3-A, S-6, S-7, S-8, S-9, S-10, S-11, S-12, S-12-A, S-13,  
15 S-13-A, S-14, S-14-A, S-15, S-15-A, S-16, S-16-A, S-17,  
16 S-17-A, S-18, S-18-A, S-19, S-19-A, S-20, S-20-A, S-21,  
17 S-21-A, S-22, S-22-A, S-23, S-23-A, S-24, S-25, S-26, S-27,  
18 S-28, S-28-A, S-29, S-29-A, S-30, S-31, S-32, S-33, S-34,  
19 S-35, S-38, S-38-A, S-41, S-41-B, S-45, S-45-A, S-46, S-46-A,  
20 S-53, S-54, S-55, S-56, S-57, S-58, S-59, S-65, S-66, S-67,  
21 S-68, S-69, S-70, S-71, S-95-A, S-95-B, S-96-A, S-97-A, S-98,  
22 S-98-A, S-98-B, S-99, S-99-A, S-100, S-100-A, S-101, S-101-A.)

23 THE COURT: I think it's taking a little longer  
24 than I thought. I know the jury will be -- I think they  
25 have prepared lunch. You will be fed in a building over  
26 adjacent to the courthouse. It looks like it is going to  
27 take a few more minutes to get this done. I know they  
28 told me, or I think, right at noon every day is when they  
29 were supposed to be ready.

1 take a few more minutes to get this done. I know they  
2 told me, or I think, right at noon every day is when they  
3 were supposed to be ready.

4 So if you will just step in the jury room for a few  
5 minutes, and then you will be shown out.

6 And the court will stand in recess until 1:00.

7 (COURT RECESSED FOR THE NOON HOUR.)

8 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
9 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS RESUMED AS  
10 FOLLOWS:)

11 THE COURT: We will resume at this time.

12 Mr. Hill, you may continue.

13 (PROCEEDINGS CONTINUED WITH THE READING OF THE TRANSCRIPT  
14 OF THE TESTIMONY OF MR. SAM JONES.)

15 MS. STEINER: Your Honor, this transcript does  
16 not have blow-ups displayed at this time. I would ask  
17 that they be removed from the pedestal.

18 THE COURT: Were those the blow-ups of the --

19 MR. HILL: We are fixing to...

20 THE COURT: They can be moved momentarily.

21 MS. STEINER: I just think it's confusing to  
22 the jury to have evidence that is being talked about --  
23 maybe not with what they are seeing.

24 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF MR.  
25 SAM JONES CONTINUED THROUGH TO CONCLUSION.)

26 MR. HILL: Your Honor, at this time we are  
27 going to call Barry Eskridge.

28 (THE WITNESS ENTERED THE COURTROOM.)

29 THE COURT: If you will, come around, face the

1 bench and raise your right hand.

2 (THE WITNESS APPROACHED THE BENCH.)

3 Do you solemnly swear or affirm that the testimony  
4 you give in this case will be the truth, the whole truth  
5 and nothing but the truth, so help you God?

6 THE WITNESS: I do.

7 THE COURT: Come around please and have a seat.

8 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

9 THE COURT: State your name for the record,  
10 please.

11 THE WITNESS: Barry Eskridge.

12 BARRY ESKRIDGE, Called on behalf of the State, having  
13 been duly sworn, was examined and testified as follows:

14 DIRECT EXAMINATION BY MR. HILL:

15 Q. Mr. Eskridge, will you tell us how you are employed,  
16 sir?

17 A. I'm the owner of MedStat Ambulance Service here in  
18 Winona.

19 Q. How long have you been so employed?

20 A. I've owned the company since January of 1996.

21 Q. Were you -- tell us, if you will, what kind of  
22 medical training you have and, maybe, where you were before  
23 you came here to Winona.

24 A. Sure. By education, I'm a paramedic.

25 Q. Okay.

26 A. And been in the profession for 29 years now.

27 Q. Okay.

28 A. Before coming back to Winona, I worked for the City  
29 of Jackson, Jackson Fire Department Ambulance Services down

1 there.

2 Q. Okay. Since we are talking about your training with  
3 Jackson Fire Department, while you were there did you have any  
4 -- did your job require you to go to any crime scenes or  
5 homicide scenes there?

6 A. Yes, sir. Quite a few.

7 Q. Did you have any training in evidence recognition or  
8 anything or anything like that?

9 A. Yes, sir. We did quite a bit of training with the  
10 Jackson Police Department, SWAT teams and their crime scene  
11 folks.

12 Q. Attend any seminars or instruction or anything?

13 A. Yes, sir, we did.

14 Q. Were you -- were you working here in July of 1996?

15 A. Yes, sir.

16 Q. Specifically, I'd like to, if I could, call your  
17 attention to July 16, 1996, and ask you if you got a call, if  
18 your ambulance service got a call that morning.

19 A. Yes, sir, we did.

20 Q. Do you remember the precise time at which you got  
21 that call?

22 A. I believe the call was that morning. I think it was  
23 10:20, if I recall.

24 Q. 10:20 a.m.

25 A. A.m. Yes, sir.

26 Q. On the morning of July 16, 1996.

27 A. Yes, sir.

28 Q. Could you tell us the nature of the call, what kind  
29 of call it was?

1           A.    The original dispatch came into us as a call on  
2 Front Street at Tardy Furniture store. I believe they said  
3 there was some people laying in the floor was the original  
4 call.

5           Q.    Okay.

6           A.    We didn't know exactly what it was.

7           Q.    What did you do, or what did your personnel do when  
8 y'all got that call?

9           A.    Well, I had an ambulance crew that was on duty. I  
10 was not the primary responding paramedic. They immediately  
11 responded. The police department at that time dispatched us,  
12 and they dispatched us along with the police department.

13           They responded immediately. They had been out the door  
14 probably about 30 seconds or so when the dispatcher, I heard  
15 over our radio, came back and made a comment to them that  
16 indicated that it was a pretty serious situation.

17           I don't remember if she said that there were people that  
18 were deceased or there were people laying all over the place  
19 or something to that effect that caught my attention that it  
20 was something significant going on. When I heard that I left  
21 right behind the ambulance and followed them down there.

22           Q.    An ambulance was dispatched.

23           A.    Yes.

24           Q.    Do you know who the people were in that ambulance?

25           A.    The paramedic was Bo Owens and the driver, I  
26 believe, was Bruce Storey.

27           Q.    All right. Mr. Storey, does he have any medical  
28 training?

29           A.    He was the E.M.T., was driving the ambulance. And

1 Bo Owens was the paramedic.

2 Q. Who was the first of your crew to arrive there?

3 A. It was the ambulance crew, Mr. Owens and Mr. Storey.

4 Q. I am going to ask you just primarily for record  
5 purposes. Mr. Eskridge, when you went to the scene, can you  
6 tell us the name of the company that it was?

7 A. It was Tardy Furniture company.

8 Q. What, what city was that in?

9 A. Winona.

10 Q. And what street in that city?

11 A. That's Front Street.

12 Q. And what county?

13 A. Montgomery.

14 Q. And what state?

15 A. Mississippi.

16 Q. I want to show you a poster, if I can. I'm showing  
17 you State's Exhibit 2-A. Do you recognize that?

18 A. Yes, sir.

19 THE COURT: If you are wanting the jury to see  
20 it, they were complaining earlier about not seeing it.

21 MR. HILL: I am going to let him see it. Then  
22 I am going to release it and turned it around.

23 THE COURT: Okay.

24 Q. Can you tell us what that is?

25 A. That is the store front of Tardy Furniture.

26 Q. Is that the place you went to?

27 A. Yes, sir.

28 Q. Did I ask you who was the first to arrive of your  
29 people there?

1           A.    Yes, sir.  It was my ambulance crew, Mr. Storey and  
2 Mr. Owens.

3           Q.    And what about you?  How long were you behind them?

4           A.    Probably no more than 30 or 40 seconds.  It's not  
5 but about a two-minute response from our office to that  
6 location.

7           Q.    And where was your office at that time?

8           A.    At the time it was located in a -- in a trailer  
9 behind what was then the old bus station, which is right at  
10 the intersection at Highway 51 and Summit Street.

11          Q.    Okay.  So I think you already told us that when --  
12 as your crew was dispatched, you heard some comments and you  
13 went right behind them.

14          A.    That's correct.

15          Q.    What did you do when you got there?  What was the  
16 first thing you saw?  What did you do when you went there?

17          A.    When I pulled up the ambulance, obviously, was  
18 parked in front of the store.  Bruce Storey, who was the  
19 E.M.T. driver, the ambulance, was at the back of the ambulance  
20 getting the stretcher out and the equipment.  Mr. Owens had  
21 gone into the store and --

22          Q.    That was your paramedic.

23          A.    The paramedic.  Correct.

24          Q.    All right.

25          A.    So Mr., Mr. Storey was still at the ambulance.  He  
26 had not gone in yet.  And I went up to him and helped him get  
27 the equipment, and we went straight into the store.

28          Q.    Okay.  And who was in the store when you went in  
29 with Mr. Story?

1           A.   Bo Owens, the paramedic, was in there. And Chief  
2 Hargrove, I believe, if I recall correct, was standing at the  
3 front of the store. And I believe, if my memory serves me, he  
4 walked in or rushed in with us as we were taking the equipment  
5 in.

6           Q.   Did you see another older gentleman there? Do you  
7 recall?

8           A.   Yes, sir. There was an older gentleman standing on  
9 the sidewalk at the front that I later learned was Sam Jones  
10 that worked there. He was outside on the sidewalk --

11          Q.   Okay.

12          A.   -- when we got there.

13          Q.   And when you went in, tell us what you saw. If you  
14 would, just kind of describe for the ladies and gentlemen of  
15 the jury, when you went in that door with your E.M.T.,  
16 describe for us in step-by-step detail, if you would, what you  
17 saw.

18          A.   Sure. There, there were four victims who had been  
19 shot. There was one white female as you were coming in.  
20 There is -- there is a large -- a work station in the middle  
21 of the store where they did their books and made their sales  
22 and so forth. Right directly in front of that was a young man  
23 who was -- who was at that time still, still alive that had  
24 been shot. I believe just to the front of her, maybe to the  
25 right just a little bit, was a white female. Then even  
26 further on to the right, around the corner of the work station  
27 was a black male. And then in the aisleway going toward the  
28 back of the store was another white female, I believe was Mr.  
29 Tardy.

1 Q. Okay. And you said Miss Tardy was in the aisle  
2 toward the back.

3 A. Yeah.

4 Q. If you would come back. You mentioned a young,  
5 white male; is that right?

6 A. Right.

7 Q. Near the aisle.

8 A. That was Bobo Stewart.

9 Q. And a female near him.

10 A. And I believe that was Carmen Rigby.

11 Q. And you said there was black male in front of the  
12 counter, to the far end over there.

13 A. Yeah. That was Goldman, I believe.

14 Q. Robert Golden.

15 A. Golden. Yes, sir.

16 Q. Could you tell whether any of them were alive when  
17 you got in there?

18 A. No. None of the other three were alive. They were  
19 deceased and the only --

20 Q. You said none of the other three. Who was still  
21 alive at that time?

22 A. Bobo Stewart.

23 Q. And how could you tell he was alive, sir?

24 A. He was breathing.

25 Q. What, what did y'all do with Bobo? What was your  
26 action, I guess? What is the first thing that you and your  
27 staff were doing?

28 A. Well, when we approached the young man lying down,  
29 there was a large puddle of blood around his head. He had had

1 a gunshot wound to the head. And as we approached the young  
2 man, we noticed that there were a lot of spent bullet casings  
3 and some footprints that had been made in the blood that was  
4 leading away from the -- from his, his body toward a lower  
5 section of the store. And when we first got there, we -- I  
6 mean as we looked at him, we immediately saw that. I  
7 verbalized actually out loud to my crew, as well as to the  
8 police chief, that there were some bullet casings and an  
9 unspent shell lying there, as well as some footprints. I made  
10 it aware to them and we need to stay away from that. At that  
11 point we did.

12 Q. Let me stop you right there.

13 MR. CARTER: Can you give him time to finish  
14 his answer if he hadn't finished?

15 THE COURT: Had you finished your answer?

16 THE WITNESS: Yes, sir.

17 Q. When was the first time that you noticed the shell  
18 casings and the bloody foot track?

19 A. As I approached where the young man was lying, I  
20 noticed it.

21 Q. So you saw it actually before you even got up to  
22 where Bobo Stewart was.

23 A. That's correct.

24 Q. Mr. Eskridge, I am going to show you a photograph.  
25 In particular, I am pointing out State's Exhibit 13-A. Do you  
26 see this photograph here, sir?

27 A. Yes, sir.

28 Q. And also, I am pointing out to you State's Exhibit  
29 12-A. You, you can -- you are free to get up out of that

1 chair and look at these closely.

2 (THE WITNESS GOT UP FROM THE WITNESS STAND.)

3 Q. Would you tell us whether or not you recognize 13-A  
4 and 12-A? And would you tell the ladies and gentlemen of the  
5 jury what these photographs represent, please?

6 A. Yes, sir. The one down here, I guess 13-A, is, is a  
7 view from, I guess, the south part of the store toward where  
8 Mr. Stewart was lying. He was lying right here with his head  
9 here, and I think his body toward that direction.

10 (Indicated.)

11 Q. Okay.

12 A. This would be the front of the store that a way.

13 (Indicated.)

14 Q. Okay. And there is in the lower left quadrant of  
15 that photograph that you were just talking about, do you see a  
16 cap there?

17 A. Yes, sir. There was a cap. There was some  
18 footprints and so forth coming off of it going down towards  
19 this a way.

20 Q. Now, you mentioned footprints. Could -- are those  
21 visible in the photograph?

22 A. Yeah. I think some parts of them are. There were  
23 more than that, but there -- those are parts of them.

24 (Indicated.)

25 Q. Okay. Take a look up at this other photograph that  
26 we have here, state's Exhibit 12-A, and see if you see any of  
27 the foot tracks that you saw. Are any of those visible in  
28 there?

29 A. Yes, sir. They are right around in this area here.

1 And it was leading kind of down toward a ramp that goes down  
2 into a lower part of the store. (Indicated.)

3 Q. And do you notice -- do you know who this victim  
4 was, this lady?

5 A. That is Miss Rigby.

6 Q. All right. You can take your stand back there.

7 A. (Complied.)

8 Q. Now, you indicated that you verbalized, I think is  
9 the word that you used, to your crew and to Chief Hargrove.  
10 Did you give your people any instructions about the footprints  
11 or the evidence there?

12 A. Yes. I told them to stay away from them.

13 Q. Okay. And while you were there, did they comply  
14 with your instructions?

15 A. They did.

16 Q. Can you tell what, if anything, Chief Hargrove took  
17 with regard to the footprints and anything that he did or any  
18 of his people?

19 MR. CARTER: Object to the form, Your Honor.

20 THE COURT: Overruled.

21 A. In reference to took, I am not sure if I -- I mean  
22 --

23 Q. Was Chief Hargrove made aware of those footprints?

24 A. Oh, yes. He was standing there with my crew and  
25 myself when we -- when I identified them.

26 Q. Okay. Were you ever later contacted by any  
27 investigators to confirm what kind of shoes you had on or  
28 to -- maybe confirm is not the right word, to ascertain what  
29 kind of shoes, what kind of footwear you had on and what kind

1 of shoes or footwear your --

2 MR. CARTER: Object to leading.

3 Q. -- your personnel had?

4 THE COURT: Overruled.

5 A. Very shortly after we had transported Mr. Stewart to  
6 the hospital, a law enforcement official contacted me - and I  
7 believe it was Wayne Miller - and told me that they wanted to  
8 look at our footwear to make sure that, you know, it didn't  
9 match.

10 MR. CARTER: Object to what Wayne Miller said.

11 THE COURT: Sustained as to things Mr. Miller  
12 may have said.

13 Q. What was the -- what did he want with you when he  
14 contacted you?

15 A. He told me that --

16 MR. CARTER: Object.

17 THE COURT: No. You can't say what he told  
18 you. You can tell what you did as a result of this  
19 conversation.

20 Q. Did he ever come see you?

21 A. I believe we saw them at the hospital.

22 Q. Okay. What was the purpose for him coming to see  
23 you at the hospital?

24 A. He wanted to look at our shoes.

25 Q. Did he look at your shoes?

26 A. He did.

27 Q. Did you also look at your shoes?

28 A. We did.

29 Q. Did you look at Mr. Storey's and Mr. -- who was the

1 other guy?

2 A. Bo Owens.

3 Q. Mr. Owens.

4 A. I did.

5 Q. Did you look at their shoes, as well as yours?

6 A. Yes, sir.

7 Q. And did you have a chance while you were in there  
8 near the foot track that you were talking about, did you have  
9 a chance to look at it carefully?

10 A. The footprint?

11 Q. Yes, sir.

12 A. Yes. The bloody footprint.

13 Q. Yes, sir.

14 A. I did.

15 Q. Was there any similarity at all --

16 A. No.

17 Q. -- in the foot track in your footwear or any of your  
18 staff?

19 A. No. None whatsoever. There were some very  
20 distinctive markings in the footprint that was made in blood.  
21 I believe a couple of my guys had slick sole boots on, and it  
22 was another guy that had a pair of uniform shoes on that  
23 weren't even close.

24 Q. No resemblance at all?

25 A. No resemblance whatsoever.

26 Q. Mr. Eskridge, while you were in the store, before  
27 any additional law enforcement personnel arrived, did you  
28 assist Chief Hargrove in looking through the store?

29 A. I did.

1 Q. And what was the purpose for that?

2 A. At the time we did not know where Mr. Tardy was. I  
3 think Mr. Jones had mentioned that Mr. Tardy was normally at  
4 the store.

5 MR. CARTER: Objection. Objection, Your Honor.

6 MR. HILL: That's not -- that's not hearsay.

7 THE COURT: What is the basis of your  
8 objection?

9 MR. CARTER: Well, he said at the time Mr., Mr.  
10 Jones had mentioned something, I believe, he said.

11 A. We, we were told that Mr. Tardy was normally at the  
12 store --

13 MR. CARTER: Objection, Your Honor.

14 A. -- that time of day.

15 THE COURT: Overruled.

16 A. And we were concerned that he was somewhere in the  
17 store, possibly injured as well.

18 Q. Did you -- did you -- I guess the point of my  
19 question is did y'all see anybody else in the store?

20 A. No.

21 Q. Did you make a thorough sweep of the store?

22 A. We made a loop around the store towards the back and  
23 up toward the front, specifically to the back of the store  
24 where Mr. Tardy's office was to see if he was back there.

25 Q. Okay. Okay.

26 MR. HILL: One moment, please.

27 Tender the witness, Your Honor.

28 CROSS-EXAMINATION BY MR. CARTER:

29 Q. Mr. Eskridge, I don't have much for you. Just a few

1 questions. Did you make a written report of, of the things  
2 you testified to today?

3 A. No, sir, I did not.

4 Q. Did anybody ask you to?

5 A. No, sir.

6 Q. How, how long did you stay at the scene that day, if  
7 you remember?

8 A. After they left with Bobo Stewart, probably 10  
9 minutes.

10 Q. That's all -- okay.

11 A. Somewhere in that neighborhood.

12 Q. Yeah, I'm not trying to tie you down.

13 A. Yeah. I, I wasn't timing it. It was -- as soon as  
14 other law enforcement agencies started showing up, I left and  
15 went to the hospital with my crew.

16 Q. Now, as to the area where you saw the footprints, as  
17 to the area where you saw the, the hulls you said you saw.

18 A. The what now?

19 Q. Some bullet hulls.

20 A. Yes, sir. Shell casings.

21 Q. Shell casings. How many did you see?

22 A. I didn't count them. I just noticed that there were  
23 some lying there. And we were in the process of taking care  
24 of Mr. Stewart.

25 Q. Did that area ever get taped off by any police  
26 officer while you were there?

27 A. In my presence, no.

28 Q. One moment. Did you see anybody take pictures of  
29 the bloody footprint while you were there?

1 A. No, sir.

2 Q. Now, you checked the shoes of your personnel at  
3 Tardy's or did you do it later?

4 A. It was later.

5 Q. How late?

6 A. I believe --

7 Q. Best you can recall. You don't have to be accurate.

8 A. I believe it was at the hospital, if I'm not  
9 mistaken. They transferred him on to Jackson at a later point  
10 from the hospital. I believe we looked at them there at the  
11 hospital.

12 Q. Are you talking about the hospital in Jackson or  
13 hospital --

14 A. In Winona.

15 Q. In Winona? Now, at the time you checked your  
16 employees' shoes, who was with you, if anybody?

17 A. I don't recall.

18 Q. Do you recall if you had any police officers with  
19 you or any investigators?

20 A. I don't think that it was at that point. I think  
21 that I had looked at them before the investigators got up  
22 there.

23 Q. Okay.

24 A. And talked to them.

25 Q. Were you asked to do that or did you do it just kind  
26 of based on having learned you should just on --

27 A. We knew that was an issue that would be important.  
28 And I think we checked ourselves. And I looked at them to  
29 make sure that we didn't have something that needed to be

1 turned over to the police if we had blood on our shoes or  
2 anything like that.

3 Q. Did you see anybody else shoes get checked?

4 A. No, sir.

5 Q. Now, did you say that you -- when you was in Jackson  
6 and the Jackson Fire Department that you used to train with  
7 Jackson Police Department as far as crime scene investigation?

8 A. Yeah. We had as part of our regular continuing  
9 education programs with the fire department. And, of course,  
10 we worked for the City of Jackson so the police and the fire  
11 departments were the same.

12 Q. Did you --

13 A. We had monthly in-services where they came in and  
14 showed us different techniques and things to do at crime  
15 scenes.

16 Q. Did you see any evidence or did you find anything  
17 that indicated to you that either of the victims had been  
18 dragged or turned over or disturbed in some kind of way?

19 A. Nothing that stuck out to me. I'm not -- wasn't  
20 really looking for that. But there is nothing that stuck out  
21 to me that way.

22 MR. CARTER: No further questions.

23 Thank you.

24 THE COURT: Any redirect?

25 MR. HILL: Yes, sir. Just a couple of  
26 questions.

27 REDIRECT EXAMINATION BY MR. HILL:

28 Q. Mr. Eskridge, how long did it take your crew to  
29 attend to Bobo Stewart and get him -- to check him and get him

*Barry Eskridge - Redirect/Melissa Schoene - Direct*

1 out of the store and on the way to the hospital?

2 A. I don't have -- it's, it's all on our medical  
3 records. But it was less than ten minutes. I don't know the  
4 precise time.

5 Q. Yeah. And I'm just --

6 A. It was --

7 Q. It was pretty quick.

8 A. Ten minutes or less. It was pretty quick.

9 Q. And did I understand you to tell defense counsel  
10 that you checked your shoes and your employees' shoes and the  
11 law enforcement investigators also did that?

12 A. Yes, sir.

13 Q. They were checked twice.

14 A. Yes, sir.

15 MR. HILL: Okay. I don't have anything  
16 further.

17 THE COURT: Is Mr. Eskridge excused finally?

18 MR. HILL: Yes, sir.

19 THE COURT: You may step down. And you are  
20 excused as a witness and free to go.

21 Who would be your next witness?

22 MR. EVANS: Miss Melissa Schoene.

23 (THE WITNESS ENTERED THE COURTROOM.)

24 THE COURT: Come around, please, face the  
25 bench, raise your right hand and take the oath.

26 (THE WITNESS APPROACHED THE BENCH.)

27 THE COURT: Do you solemnly swear or affirm the  
28 testimony you give in this cause to be the truth, the  
29 whole truth and nothing but the truth, so help you God?

1 THE WITNESS: I do.

2 THE COURT: Come around please and have a seat.

3 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

4 THE COURT: State your name for the record,  
5 please.

6 THE WITNESS: It's Melissa Schoene.  
7 S-c-h-o-e-n-e.

8 THE COURT: When you are ready, you may  
9 proceed, Mr. Hill.

10 MR. HILL: Thank you, Your Honor. Your Honor,  
11 if the Court will indulge me just one minute. It may  
12 speed us along if I can get some photographs ready before  
13 we begin.

14 THE COURT: That will be fine.

15 MR. HILL: Okay. I'm now ready, Your Honor.

16 THE COURT: You may proceed.

17 MELISSA SCHOENE, Called on behalf of the State, having  
18 been duly sworn, was examined and testified as follows:

19 DIRECT EXAMINATION BY MR. HILL:

20 Q. Miss Schoene, would you tell us your current  
21 employment, please?

22 A. I'm currently employed as a -- an assistant  
23 professor of chemistry at Georgia Perimeter College in  
24 Atlanta, Georgia.

25 Q. How long have you been doing that?

26 A. Approximately six years. Probably more like seven  
27 years.

28 Q. What did you do before then?

29 A. Prior to moving to Atlanta I was a forensic

1 scientist and crime scene lab analyst at the Mississippi Crime  
2 Laboratory in Jackson.

3 Q. Will you tell us Miss Schoene, if you would, about  
4 your educational background that equipped you to hold such a  
5 position at Mississippi Crime Laboratory?

6 A. Yes, sir. My educational background, I earned a  
7 bachelor of arts degree in criminal justice from the  
8 University of Alabama and a masters of science in the field of  
9 chemistry, also from the University of Alabama.

10 Q. And prior to working for the Mississippi Crime  
11 Laboratory, where did you work?

12 A. Prior to my full-time employment at the Mississippi  
13 Crime Laboratory I worked with the Alabama Department of  
14 Forensic Sciences and the Alabama State Medical Examiners on a  
15 part-time basis while I was in graduate school.

16 Q. And while you were working for the Alabama  
17 authorities, did you have an occasion to assist or participate  
18 in any death investigations in the state of Alabama?

19 A. Yes. It was my job responsibility to assist  
20 investigators when they were responded to request for crime  
21 scene -- crime scene investigations. With the state medical  
22 examiner's office, I assisted with autopsy procedures.

23 Q. Do you know how many times you had participated in  
24 different death investigations?

25 A. I would say including, including Alabama and  
26 Mississippi at least 500.

27 Q. What about any special training, on-the-job training  
28 or apprenticeship or supervised work? Did you have any  
29 special training while you were at the Mississippi Crime Lab?

1           A.    Yes.  My training at the crime lab was an  
2   apprenticeship-type training, where I worked along side of an  
3   examiner -- of another examiner who was doing the same thing.  
4   While at the crime laboratory I was full-time -- my job title  
5   was a forensic scientist.  I also had a national certification  
6   for that as a crime scene analyst.

7           Q.    Okay.  And have you ever been qualified as an expert  
8   in your field before in the circuit courts of the state of  
9   Mississippi?

10          A.    I have.  I've been qualified as an expert crime  
11   scene specialist, as well as a footwear and tire track  
12   examiner and a trace evidence examiner.

13          Q.    Miss Schoene, can you give us an approximation of  
14   about how many times you have been so qualified by circuit  
15   courts in this state?

16          A.    I believe conservatively I would say at least 20.

17          Q.    And you say you were -- you had been previously  
18   qualified as an expert in crime scene --

19          A.    Crime scene.  Crime scene analysis.

20          Q.    -- analysis.  And footwear and tire track and --

21          A.    Trace evidence.

22          Q.    -- and trace evidence; is that right?

23          A.    Yes.

24                   MR. HILL:  Your Honor, at this time I would ask  
25   the Court to allow Miss Schoene to testify as an expert  
26   in the fields that she has announced for us.

27                   THE COURT:  Do you wish to voir dire her on her  
28   qualifications?

29                   MRS. STEINER:  No, Your Honor.

1 THE COURT: I will allow her to testify as an  
2 expert in those fields.

3 Q. (By Mr. Hill:) Miss Schoene, were you working for  
4 the crime lab on July 16, 1996?

5 A. Yes, I was.

6 Q. Did y'all get a call that day for assistance from  
7 the Winona Police Department?

8 A. Yes, sir. July 16 was a Tuesday. And the crime  
9 laboratory received a request from the Winona -- the chief of  
10 police with the Winona Police Department, Chief Johnny  
11 Hargrove, to assist with, what I was told at the time is, what  
12 could potentially be a multiple homicide. That's, that's all  
13 I knew.

14 Q. Okay. And what was your -- was there a violent  
15 crime scene response unit at the crime lab in existence at  
16 that time?

17 A. Yes. Violent crime response unit was a group of  
18 forensic scientists who had received specialized training in  
19 crime scene analysis.

20 Q. Were you part of that group?

21 A. Yes.

22 Q. Did you respond in request to Chief Hargrove's call.

23 A. Yes, we did. Myself another analyst, Jody Creel  
24 responded. We left the crime laboratory that morning just  
25 before lunch time, about 11:55 and arrived in Winona at  
26 approximately 1:15.

27 Q. Okay. I want to show you a couple of pictures.  
28 First of all, I'll just show you this one that is up on the  
29 board. This is State's Exhibit 2-1. I would ask if, if you

1 can see that from your witness chair. Can you see the  
2 poster-sized picture here that I have before you?

3 A. Yes.

4 Q. Can you tell us is this the place that you came to  
5 in Winona?

6 A. Yes. What I'm looking at is an enlargement of  
7 Tardy's Furniture, the outside the Tardy's Furniture store.  
8 And I see the exterior the furniture store and one crime scene  
9 tape barrier there on the outside.

10 Q. Okay. Was -- Miss Schoene, when you arrived would  
11 you describe the condition of the crime scene as secure?

12 A. Yes, sir. When I arrived on -- when I arrived here  
13 there was a perimeter set on the outside of the furniture  
14 store that you can see here, the yellow crime scene tape.  
15 There was another barrier on the inside of the furniture store  
16 as well.

17 Q. Okay. Any law enforcement personnel on guard at the  
18 store when you got there?

19 A. There were law enforcement officers present. Yes,  
20 sir.

21 Q. Okay. Let's see here. I'm going to hold up State's  
22 Exhibit 1-A. This is a -- also a photograph. I'm going to  
23 back up so perhaps everybody can see it. Can you see it from  
24 where you are sitting?

25 A. Yes, sir.

26 Q. Do you recognize the blue vehicle here?

27 A. Yes. That blue van is my crime scene van. That's  
28 the, the van that contains the equipment that we need to  
29 process and document evidence at a crime scene.

1 Q. Okay.

2 A. So that blue van is the blue van that I drove from  
3 the Jackson Mississippi Crime Laboratory to, to Winona.

4 Q. And that picture was taken on that day. Can you  
5 tell us who you first talked to when you got to the scene?

6 A. When I arrived at the scene I first spoke with Chief  
7 Johnny Hargrove of the Winona Police Department.

8 Q. Okay. And did you gain some information from him  
9 about what kind of situation he had?

10 A. Yes. When I arrived on scene I spoke with the chief  
11 who lead myself and my partner through the crime scene,  
12 pointing out evidence that they had already discovered and  
13 also giving me as much of a background that he could based on  
14 the facts as he knew them at the time.

15 Q. Just in general terms right now, when you said you  
16 lead in -- were you escorted into the crime scene?

17 A. I don't know the difference between lead and  
18 escorted.

19 Q. Lead. I'm sorry. You said you were lead in there  
20 by Chief Hargrove; is that right?

21 A. I believe so, yes.

22 Q. And what I was getting to is I think you said they  
23 pointed out to you some stuff, some potential evidence. And I  
24 was going to ask you if you would just tell us what kind of  
25 potential evidence that you were talking about that you saw.

26 A. Yes. There were two main types of evidence that  
27 were pointed out to me. One was fairly -- was bloody footwear  
28 impressions or what appeared to be footwear impressions that  
29 were made in blood. In addition to the, the partial -- there

1 were partial footwear impressions. In addition to those there  
2 were several different types of firearms evidence. And by  
3 that I mean casings, projectiles and, and fragments. What a  
4 forensic scientist would term a casing is what you might term  
5 a hull or it's what's left behind when a bullet is fired  
6 through a gun and it's what originally held, held a bullet.  
7 What a forensic scientist would refer to as a projectile or a  
8 fragment would be what most people would call a bullet or  
9 partial bullet. So those types of evidence were the main  
10 types of evidence that were pointed out to me when I arrived  
11 at the scene, the partial footwear impressions and the  
12 firearms evidence.

13 Q. Okay. In addition to those forensic sorts of  
14 evidence, were there any deceased victims still on the scene  
15 when you got there?

16 A. Yes. There were three victims lying on the floor  
17 upon my arrival.

18 Q. Do you -- did you document who they were?

19 A. I did. In my crime scene sketch, I noted the  
20 victims at one, two and three. The first victim that I came  
21 upon was Miss Bertha Tardy. No. Excuse me. Miss Bertha  
22 Tardy was at the rear of the furniture store. The two other  
23 victims that were close to the front of the store were Robert  
24 Golden, who was leaning up against a counter that was in the  
25 middle of the store, and also Miss Carmen Rigby was in the  
26 middle of the store as well.

27 Q. Okay. I think I'll just -- Miss Schoene, I've got  
28 I've got -- a bunch of photographs in my hand. I am going to  
29 pass them to you one at a time.

1           A.    Okay.

2           Q.    And I will ask, if you will, to identify the State's  
3 exhibit number on the back first so we can tell what you are  
4 talking about. And then, if you will, just tell us what the  
5 picture -- if you recognize the picture, and what it shows.  
6 Would you do that for us, please?

7           A.    Are these enlargements that are going to correspond  
8 to what the jury is going to look at?

9           Q.    We will probably have some enlargements of most of  
10 them, yeah.

11          A.    So you would just like for me to look at the  
12 picture, see if I recognize it, give the State's exhibit and  
13 go to the next picture.

14          Q.    Right.

15          A.    Certainly.

16          Q.    Let me hand them to you because I may -- I hand you  
17 that one first.

18          A.    This is State's Exhibit S-1, and I do recognize it.

19          Q.    What is it a picture of?

20          A.    It's a picture of my blue crime scene van in front  
21 of Tardy Furniture store.

22          Q.    You said that is S-1.

23          A.    This is S-1. Yes, sir.

24          Q.    So if this is S-1-A, S-1-A is an enlargement of the  
25 picture that you are holding; is that right?

26          A.    It appears to be, yes.

27          Q.    Okay. Okay. I'm going to hand you State's Exhibit  
28 Number 23. Would you just tell us what that is, please?

29          A.    State's Exhibit 23 is a photograph of Miss Bertha

1 Tardy lying face down near the back of the store.

2 Q. Okay. Miss Schoene, you, you may step down, if you  
3 would like.

4 A. (Looked at The Court.)

5 THE COURT: You may.

6 Q. With the Court's permission.

7 You have -- you identified State's Exhibit Number 23.  
8 These are -- these are photographs. This is Miss Tardy. You  
9 have identified that. I'm going to show you a couple of other  
10 photographs here. I have 21 and 22-A. Would you just tell  
11 the ladies and gentlemen of the jury so -- this will be before  
12 they get to see the small photos. What, what are these photos  
13 of here?

14 A. State's Exhibit 21-A is a picture of Bertha Tardy  
15 taken on the day of July 16 from a distance slightly farther  
16 away from here. And this is a close-up of Miss Bertha Tardy's  
17 head, State's Exhibit 22-A is a close-up of Miss Bertha  
18 Tardy's head in, in the condition that I saw her when I  
19 arrived at the scene. And this is what appears to be blood on  
20 the floor --

21 THE COURT: Mr. Hill and Miss Schoene, the  
22 jurors are indicating they are ready to take a recess --

23 MR. HILL: Yes, sir.

24 THE COURT: -- for a few minutes. So we will  
25 be in recess for 15 minutes and resume.

26 MR. HILL: Yes, sir.

27 (A RECESS WAS TAKEN.)

28 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
29 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS RESUMED AS

1     FOLLOWS:)

2             (THE JURY RETURNED TO THE COURTROOM.)

3             THE COURT: Court will come back to order.

4             You may continue, Mr. Hill.

5             MR. HILL: Thank you, Your Honor.

6             Q.     (By Mr. Hill:) Miss Schoene, I think when we left  
7 off I was fixing to hand you some photographs. Okay. Miss  
8 Schoene, I'm going to ask you to describe these, tell us what  
9 these photographs show, if you know. And you have already  
10 told us about the front of the store with S-1 and S-2.

11            I want to now hand you State's Exhibit Number 8. Would  
12 you look at that and tell us what that is, please?

13            A.     State's Exhibit 8 a photograph of the back of Tardy  
14 Furniture store.

15            Q.     Okay. State's Exhibit Number 9.

16            A.     State's Exhibit Number 9 looks like also the back of  
17 the Tardy Furniture store but taken at a different angle.

18            Q.     So you can see the roof.

19            A.     Yes.

20            Q.     State's Exhibit Number 10.

21            A.     State's Exhibit Number 10 is a photograph inside of  
22 Tardy Furniture store taken at approximately the middle of the  
23 store back toward the -- towards the back of the store. And  
24 in this I can see Bertha Tardy's body lying on the floor, as  
25 well as the office door open.

26            Q.     All right. Now, look on the back of that photograph  
27 please. Is there some handwriting or a number on there?

28            A.     Yes.

29            Q.     Do you recognize that, that number written in?

1 A. Yes. It's J96353601C and has my initials M.P.S.

2 Q. What does that mean when you -- if it has your  
3 initials, why did you -- did you label that photograph so you  
4 could remember if you took it? Is that what that is for?

5 A. This would be part of -- yeah. The photographs that  
6 I took, this is our crime laboratory case number and my  
7 initials.

8 Q. Okay. And most of these that -- these, I guess,  
9 what is that, 3 by 5. What size photograph would you say that  
10 is?

11 A. 4 by 6.

12 Q. Those 4 by 6's, if they have that number and your  
13 initials on them, that means you took them.

14 A. Yes, if these 4 by 6 photographs have my initials  
15 and the case number that means that I took these.

16 Q. Okay. And which one is that you are holding now?

17 A. This is State's Exhibit 11.

18 Q. And what does it show?

19 A. It is also a photograph taken on -- in the inside of  
20 Tardy Furniture store, slightly -- my taking the picture  
21 slightly closer to the front of the store and it shows the --  
22 again, the body of Bertha Tardy at the very back with her  
23 office door open and the feet of Carmen Rigby, as well as a  
24 pool of looks like -- what appears to be blood.

25 Q. Okay. I am going to hand you State's Exhibit Number  
26 23. This is a little out of order, but this -- who does that  
27 show?

28 A. State's Exhibit 23 shows the body of Bertha Tardy.

29 Q. Okay. The reason I handed you that, would you just

1 tell, tell the jury, describe the clothing that she is  
2 wearing, just in general terms, so they can distinguish that  
3 from the other clothing, coloration and, and design. In other  
4 words, what kind of blouse does she have, what kind of skirt.

5 A. Bertha Tardy is wearing a red, floral skirt and a  
6 white top.

7 Q. Okay. I want to hand you now -- let me -- this is  
8 State's Exhibit 13. Tell us, if you will, if you recognize  
9 that photo.

10 A. State's Exhibit 13 shows the body of Carmen Rigby  
11 lying face down, wearing what -- a pink outfit, pink pants and  
12 a pink top. Also, in the back of this picture is a third  
13 victim, Robert Golden. He is lying on his side with a red cap  
14 turned backwards and a blue shirt on.

15 Q. Okay. Thank you.

16 This is State's Exhibit Number 12 that I'm handing you  
17 there. Tell us what's in that picture please.

18 A. State's Exhibit 12 is a picture of another angle of  
19 the feet of Carmen Rigby, with one sandal on and one sandal  
20 off. Also, in this photograph there is what appears to be a  
21 pool of blood and a baseball cap.

22 Q. Okay. Now, in this particular photograph I want to  
23 draw your attention, if I may, to, to the floor and any,  
24 anything of evidentiary significance on the floor in that  
25 photograph.

26 A. Yes. There are partial footwear impressions here.

27 Q. Okay. And is there an item of clothing near  
28 Carmen's feet there, just above them?

29 A. A baseball cap.

1 Q. Right.

2 A. Which I had mentioned earlier.

3 Q. Okay. Thank you.

4 This is State's Exhibit Number 14. Tell us what that is.

5 A. State's Exhibit Number 14 is the body of Carmen  
6 Rigby lying face down on the linoleum tile inside of the  
7 furniture store.

8 Q. This is State's Exhibit 15.

9 A. State's Exhibit 15 is a key chain with a plastic,  
10 yellow number one.

11 Q. Where was it when -- do you recall, when you went in  
12 the store was it located next to any particular individual?

13 A. I, I don't recall.

14 Q. Okay. This is Number 17. State's 17. Would you  
15 look at that, please?

16 A. This is State's Exhibit Number 17, and what it shows  
17 is -- it's taken on the inside of Tardy Furniture store. It  
18 shows the body of Robert Golden in the foreground. And as the  
19 picture goes deeper, you see the arm of Carmen Rigby, what  
20 appears to be a pool of blood with a blue baseball and also a  
21 ramp that goes downward to the second half of the furniture  
22 store.

23 Q. Okay. Thank you, ma'am.

24 A. Um-hum.

25 Q. I am going to now hand you State's Exhibit Number  
26 16.

27 A. State's Exhibit Number 16 shows the body of Robert  
28 Golden lying against the counter in the middle of the store.

29 Q. And does that photo show what kind of clothing he

1 has?

2 A. Yes. He is wearing a blue short-sleeve shirt and  
3 blue pants and a brown belt and a red baseball cap turned  
4 backwards.

5 Q. Okay. I show you State's Number 18.

6 A. State's Exhibit Number 18 is a photograph of Robert  
7 Golden. And again, the arm and head of Carmen Rigby.

8 Q. States 19.

9 A. State's Exhibit 19 is the body of Robert Golden.

10 Q. State's Exhibit Number 20.

11 A. State's Exhibit Number 20 is a photograph of a  
12 linoleum floor, a bed, eyeglasses and what looks to be a bit  
13 of firearms evidence.

14 Q. And the glasses.

15 A. There is a pair of glasses underneath this bed.  
16 Also a Serta, a plastic sign that says Serta.

17 Q. Okay.

18 A. This is taken at the back of the store near the body  
19 of Bertha Tardy.

20 Q. State's Exhibit 21.

21 A. State's Exhibit 21 is another angle of victim Bertha  
22 Tardy, shows her floral skirt and legs lying on the floor of  
23 the -- of the furniture store.

24 Q. Twenty-two.

25 A. State's Exhibit 22 is the head of Bertha Tardy and  
26 her shirt, lying face down on the floor of the furniture  
27 store.

28 Q. Twenty-four.

29 A. State's Exhibit 24 is a picture of Bertha Tardy

1 lying at the back of this picture. You can also see her  
2 office as well. In the foreground is a blue baseball cap, the  
3 sandal of Carmen Rigby in the floor of the furniture store.

4 Q. And another angle, State's Exhibit 25.

5 A. State's Exhibit 25 is an image of what appears to be  
6 a pool of blood with a blue baseball cap in it and the foot of  
7 Carmen Rigby. In the background, very small, you can see the  
8 body of Bertha Tardy.

9 Q. Okay. This is State's 26.

10 A. State's Exhibit 26 shows the body of Carmen Rigby  
11 and Robert Golden and what appears to be a pool of blood.

12 Q. Okay. Just put it right there.

13 A. (Complied.)

14 Q. Twenty-seven.

15 A. This -- State's Exhibit 27 is taken inside of Tardy  
16 Furniture store behind the counter, facing the front of the  
17 store. And there is a picture of a purse on the ground, as  
18 well as the contents and the condition of the counter that was  
19 in the center of the store.

20 Q. Twenty-eight.

21 A. State's Exhibit 28 is a very similar picture from a  
22 slightly different angle.

23 Q. Okay. Twenty-nine.

24 A. State's Exhibit 29 is a picture of an open, wooden  
25 cash drawer.

26 Q. Number 30. State's 30.

27 A. State's Exhibit 30 is photograph from the inside of  
28 Tardy Furniture store of the body of Robert Golden against the  
29 counter. And you can see the arm and head of Carmen Rigby.

1 Q. Let me ask you a question about that photograph.  
2 You mentioned Miss Rigby's arm.

3 A. Um-hum.

4 Q. Is that extended out beyond her head there in that  
5 picture?

6 A. Yes.

7 Q. Okay. I want to show you State's Exhibit Number 31,  
8 please.

9 A. If I may also go back on State's Exhibit 30, there  
10 is a -- what appears to be a yellow key chain.

11 Q. Whose -- that yellow key chain, is that the same key  
12 chain you described in a earlier picture?

13 A. Yes.

14 Q. And whose hand is it near?

15 A. It is near Carmen Rigby's hand.

16 Q. Thank you. Next photograph.

17 A. The next photograph is State's Exhibit 31, and it is  
18 a picture of the inside of Tardy Furniture store showing the  
19 feet and shoes of Bertha Tardy taken from the back of the  
20 store toward the front.

21 Q. Okay. State's 32.

22 A. State's Exhibit 32 is a photograph of the interior  
23 of Tardy Furniture store of the center counter. There is a  
24 u-shaped counter in the middle. And this is a photograph of  
25 that.

26 Q. Thirty-three.

27 A. State's Exhibit 33 is a picture of that same  
28 counter, but from the opposite side. So this is a picture  
29 taken from, if you will, the inside of the counter looking

1 outwards.

2 Q. What is that object right there in the foreground,  
3 lower right quadrant?

4 A. There is a purse on the floor.

5 Q. Okay. A lady's purse.

6 A. I would assume so.

7 Q. All right. And this is -- I want to hand you these  
8 together. It's 35 and -- 34 and 35.

9 A. State's Exhibit 34 and State's Exhibit 35 both show  
10 a gray Sunburst bank bag that was located on the counter on,  
11 on that u-shaped counter that I referred to on the lower level  
12 of that.

13 Q. Thank you, ma'am.

14 This is State's 38.

15 A. State's Exhibit 38 is a photograph of a safe that  
16 was in the back office, what appeared to be Bertha Tardy's  
17 office. And it shows the safe door as closed, and the seat is  
18 backed away from the desk.

19 Q. Okay. State's 98. Take a look at that, please.

20 A. State's Exhibit 98 is a photograph of firearms  
21 evidence on, on the piece of linoleum inside of Tardy  
22 Furniture store.

23 Q. I am going to also give you State's Exhibit Number  
24 41. Take a look at that, please.

25 A. State's Exhibit 49 is a close-up photograph of a  
26 piece of firearms evidence on the floor of Tardy Furniture  
27 store. It appears to be a fragment or a projectile.

28 Q. All right. Did you say 49?

29 A. I don't --

1 Q. I, I read this --

2 A. This is State's Exhibit 41.

3 Q. Okay. Thank you.

4 You say that's a piece of firearms evidence.

5 A. Um-hum.

6 Q. As perhaps a projectile or fragment of a projectile.

7 A. Right. It appears to be a projectile.

8 Q. Okay. I've got a couple of photographs, State's 6  
9 and 7. That's what I was looking for a while ago.

10 A. State's Exhibit 6 is a photograph of -- from the --  
11 taken from the inside of the furniture store of one of the  
12 doors in Tardy Furniture.

13 Q. Could you comment, when you look at that photograph,  
14 is there anything that you can tell us about?

15 A. It's an older, wooden door with a handle and through  
16 the handle is a slat of wood.

17 Q. Okay. The door is closed in that picture; is that  
18 right?

19 A. Yes.

20 Q. And locked from the inside with the bar.

21 A. I would say secured from the inside. I can't say  
22 that it is locked.

23 Q. Okay. Secured from the inside. All right. Next  
24 photograph.

25 A. This is State's Exhibit Number 7, and it is a  
26 photograph of an interior wall of Tardy Furniture.

27 Q. Okay. All right. Now, I've got a couple more  
28 photographs, Miss Schoene, State's 46 and 45. Those are black  
29 and white photographs. Would you call out the number and tell

1 us what they are, please?

2 A. Yes. State's Exhibit 45 and State's Exhibit 46 are  
3 both black and white photographs of the same area in the  
4 store, but taken from different angles. This shows -- this is  
5 at the top of a ramp that connects the two sides of the store.  
6 And in the photographs are white markers that are labeled "A",  
7 "B", and "C". These photographs were taken by me in black and  
8 white film, and what they show is the location and  
9 relationship of partial footwear impressions that appear to  
10 have been made in blood.

11 Q. Okay. Now, you took those in black and white. And  
12 I believe you took -- besides those two, you took a lot of  
13 photos in black and white, but we have selected those two.  
14 Why did you take those in black and white as opposed to color  
15 on the other photographs?

16 A. The other photographs were taken in color as a part  
17 of general crime scene photography to document what the crime  
18 scene looked like and to document evidence that was there.  
19 Black and white film is used to document footwear impressions  
20 or very -- impressions that require a great deal of detail.  
21 We call this examination quality photography.

22 And it's a -- just a special technique that is used in  
23 photography and in forensic science to document evidence that  
24 can't be collected and taken back to the crime laboratory. So  
25 we use a special film and special equipment in order to record  
26 those images. And black and white film is one of that -- one,  
27 one of those requirements. So these are taken in black and  
28 white film, because these are part of footwear evidence.

29 Q. Okay. I want to ask you a couple more questions

1 about the black and white pictures, if I may. Is there any  
2 special technique used in -- you mentioned special equipment,  
3 I believe. Since you -- since you couldn't take that  
4 footprint evidence back to the lab, you took examination  
5 quality photographs. And could you explain to the ladies and  
6 gentlemen of the jury a little bit --

7 MRS. STEINER: Your Honor, I've been giving a  
8 lot of leeway, but I am going to object to leading here.  
9 I think Miss Schoene is very competent in telling her own  
10 story.

11 MR. HILL: I didn't recall --

12 THE COURT: You can rephrase the question. I  
13 think there has been --

14 Q. Miss Schoene, would you explain to the ladies and  
15 gentlemen of the jury a little bit about the technique that  
16 you used and the methodology that you used in taking those  
17 footwear impression photographs?

18 A. Yes.

19 May I step down?

20 THE COURT: You may.

21 A. To take examination quality photographs, it's --  
22 examination quality photographs are different from evidence  
23 photographs in that the film is, is used is going to be blown  
24 up by the analyst for a one-to-one ratio.

25 So in this case if there is a bloody footwear impression  
26 here, what's required of somebody to collect the evidence in  
27 the proper way is to set up a tripod over that, because it is  
28 impossible for us to hold our hands steady as long as we need  
29 to to get the detail that is required of the impression.

1        So we have to have a tripod, black and white film and the  
2 other bit of equipment is something called a detachable flash.  
3 So it's a flash on the camera that we can take off. And we  
4 quite literally move it around at different angles and  
5 different heights, and we take many, many pictures of  
6 impression evidence like that. Because we are not sure at the  
7 time which pictures are going to be clear, which are going to  
8 give the most definition.

9        And so the oblique lighting technique is used for that.  
10 Its a requirement use black and white film, because -- it  
11 seems strange, but the contrast between the different shades  
12 of gray in black and white film affords much more detail to  
13 the examiner than does color photograph or color film. So  
14 that would be the special technique. And it is called  
15 examination quality photography, what we need to do that is  
16 oblique lighting, a tripod and black and white film.

17        Q.    And you said a tripod. What is the purpose of that  
18 tripod? What does that tripod allow you to achieve when you  
19 use a tripod with your camera?

20        A.    Well, it actually serves two purposes. The tripod  
21 one, allows the camera not to shake when the analyst is taking  
22 a photograph. But also, if there is a, an image that we need  
23 to record that is on a slant or on a curve, what the tripod  
24 allows us to do is get the angle exactly the same on the plain  
25 of film where the image is recorded as what's on the ground.  
26 So sometimes it's necessary to -- if you are walking slightly  
27 up a hill to take that plain of film and tilt it to that same  
28 angle that's on the ground. So that image is recorded in a  
29 one-to-one, one-one ratio.

1 Q. These pictures here, these pictures were on a flat  
2 floor, is that right, flat linoleum floor?

3 A. Yes.

4 Q. By using the tripod were you able to put that over  
5 there and get a parallel plain just above it?

6 MRS. STEINER: Same objection. I believe he is  
7 leading here.

8 THE COURT: That is leading. You can ask her  
9 what she did.

10 Q. I think my question was were you able to take that  
11 picture on parallel plain - yes or no?

12 A. Yes.

13 Q. Okay. And were, were you aware that when you took  
14 these back to the lab, were you aware that they would be  
15 handed to another analyst and enlarged?

16 A. Yes.

17 Q. Did you ever see any of the enlargements? You may  
18 or you may not have. I'm just...

19 A. I don't remember if I saw enlarge -- I did not see  
20 them in an examination capacity. As I said earlier, I'm also  
21 certified crime scene -- I mean a certified footwear and tire  
22 track analyst and have testified to footwear and tire track  
23 evidence in the past. But this is not a case that I examined  
24 the footwear impressions for.

25 Another analyst did that analysis and issued a report for  
26 that. So whether or not I saw the enlargements -- yes, I did  
27 see the enlargements, but I didn't see them in a capacity that  
28 I was doing the examination.

29 Q. Okay. Thank you for explaining that. I want you to

1 just look at generally State's 47, 48, 49 and 50 and see if  
2 this is the type of enlargement that you refer to when you say  
3 that pictures you took would be enlarged so that another  
4 analyst could take a look at them. I just want to know in  
5 general terms, is that the type of enlargement you are talking  
6 about as shown in those exhibits?

7 A. What I'm looking at is State's Exhibit 47 through  
8 50. It's four black and white photographs of enlargements of  
9 footwear -- of images that I took using the technique  
10 described earlier on that day. So yes, I don't know if these  
11 were necessarily the photographs that the examiner used for  
12 his analysis, but certainly these are the type.

13 Q. Are those photographs you took?

14 A. Yes.

15 Q. Okay. You took them at Tardy's that same day.

16 A. Yes.

17 Q. And those are enlargements of black and white  
18 photographs like this, that I'm holding up, State's 45, of  
19 this photograph like that. Is that what you are telling us?

20 A. Yes.

21 Q. Okay.

22 A. Yes.

23 Q. That's all I was wanting to know. Okay. Thank you.

24 Now, you have -- you have told us about the photographs  
25 that you took. Is that part of documenting what is present at  
26 a crime scene, by photographing it? You have a good record of  
27 what is there when you photograph it.

28 A. Yes. Generally in crime scene documentation we use  
29 three primary types of documentation - one is narrative or we

1 take notes, another is photography, and the third is a rough  
2 sketch that we draw.

3 Q. Okay. Speaking of rough sketches, I want to hand  
4 you State's Exhibit 51 for identification. Would you look  
5 that, please?

6 A. Yes. State's Exhibit 51 is a rough sketch that was  
7 drawn at the scene of the interior of Tardy Furniture store  
8 and it locates the victims' bodies and the location of the  
9 footwear impressions, as well as the locations of the firearms  
10 evidence that was collected.

11 Q. Okay. That hand drawing there, did you or your  
12 associate draw that?

13 A. I did not draw this. Jodie Creel, who assisted --

14 Q. That's your assistant that day.

15 A. Right. She, she drew this.

16 Q. Okay. And have you seen it before, and are you  
17 familiar with it?

18 A. Yes.

19 Q. Okay. I want to show you --

20 MRS. STEINER: Which exhibit number is this?

21 THE WITNESS: Can I say --

22 THE COURT: Yeah, you can.

23 THE WITNESS: Can I say 51?

24 MRS. STEINER: 51.

25 THE WITNESS: Yes.

26 MRS. STEINER: I have that as a blow-up  
27 footwear a impression. May I approach, Your Honor?

28 THE COURT: You may look at it, or y'all may  
29 get with the court reporter and figure out which number

TRIAL COURT # : 2003-0071-CR

1           it is.

2           (MRS. STEINER APPROACHED AND LOOKED AT THE EXHIBITS.)

3           THE COURT: We are clear on what number it is.

4           MRS. STEINER: Yes, your Honor. I am just  
5           going to alter the list.

6           Q. Just for the record, I am showing you, Miss Schoene,  
7           State's Exhibit 51. And so we make sure in the record what  
8           that is, tell us what that is, please, State's 51.

9           A. Again, State's 51 is a rough sketch that was drawn  
10          at the crime scene. It's the interior of Tardy Furniture  
11          store, and it shows the victims, the location of the victims  
12          in the store, location of the footwear impressions and the  
13          location of the firearms evidence, as well as other furniture  
14          and the center counter there in Tardy Furniture.

15          Q. Now, would you compare that? I'm going to hand you  
16          now State's Exhibit 39.

17          MRS. STEINER: May I approach, Your Honor?

18          THE COURT: You may.

19          (MR. HILL SHOWED THE EXHIBIT TO MRS. STEINER.)

20          Q. State's 39. Tell us what that is, please.

21          A. State's Exhibit 39 is a polished sketch. State's  
22          Exhibit 51 was drawn at the crime scene while we were there.  
23          State's Exhibit 39 is what I would refer to as a polished  
24          sketch. It is what is drawn back at the crime laboratory  
25          under more controlled conditions when things can be a little  
26          neater, lines can be straighter. And this is a polished  
27          sketch representing the same information that is on this rough  
28          sketch, which is labeled State's Exhibit 51. A difference  
29          between these would be that State's Exhibit 39, the polished

1 sketch, does not have the key to what the evidence is written  
2 on it. Whereas my rough sketch has jagged and kind of sloppy  
3 handwriting while I'm taking notes, the polished sketch  
4 doesn't show the key to what -- for example, things are  
5 labeled 1,2, 3 and 4. There is nothing on this sketch that  
6 tells you what that refers to. There is another set of data  
7 that is the key.

8 Q. Okay. And when you got back to the lab, did you and  
9 your assistant prepare such a key?

10 A. Yes.

11 Q. I am going to hand you State's Exhibit Number 40.  
12 Identify that for us, please.

13 A. This is the key. This is the information that was  
14 taken from the rough sketch. And in the polished sketch  
15 numbers and letters that are on here like perhaps, 1-A, 1-B,  
16 1-C. This is the key that tells -- describes to you what  
17 those items are. This is State's Exhibit 40.

18 MR. HILL: Your Honor, we would ask at this  
19 time that State's Exhibit 39, 40 and 51 be received.

20 MRS. STEINER: No objection, Your Honor.

21 THE COURT: I'll allow them to be admitted.

22 (THE CRIME SCENE SKETCH PREVIOUSLY MARKED STATE'S EXHIBIT  
23 NUMBER 39 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

24 (THE KEY AND MEASUREMENTS THAT CORRESPOND TO STATE'S  
25 EXHIBIT 39, THE CRIME SCENE SKETCH, PREVIOUSLY MARKED STATE'S  
26 EXHIBIT NUMBER 40 FOR IDENTIFICATION WAS ADMITTED INTO  
27 EVIDENCE.)

28 (THE CRIME SCENE SKETCH PREVIOUSLY MARKED STATE'S EXHIBIT  
29 NUMBER 51 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

1 Q. Miss Schoene, on State's Exhibit Number 40, this  
2 key, I think you said that it records typewritten list of  
3 things that found; is that right?

4 A. Yes. The key is a list of key measurements -- key  
5 and measurements for sketch of northwest room of Tardy  
6 Furniture company in Winona, Mississippi. And it's labeled  
7 with our crime laboratory case number. And what it is is a  
8 description of a better, more clear, written description of  
9 what is displayed in the rough sketch.

10 Q. Okay. Does the key that you have there list the  
11 firearms evidence that you found on the floor around the  
12 bodies of the victims?

13 A. Yes. This key lists everything that I collected at  
14 the crime scene, footwear impressions and firearms evidence.

15 Q. Miss Schoene, speaking of firearms evidence. I am  
16 going to hand you some boxes and ask if you can identify them.

17 I need my list.

18 I want to hand you State's Exhibit Number 88. That's the  
19 first one I want to show you. This is State's Exhibit Number  
20 88. Would you examine that and see if you can tell us what  
21 that is, please?

22 A. Yes. State's Exhibit -- State's Exhibit 88 is a  
23 casing. State's Exhibit 88 is Mississippi Crime Laboratory  
24 Exhibit Number 25, and it is labeled casing collected from  
25 near Robert Golden. And it is labeled Casing Number 1. That  
26 Casing Number 1 would correspond to my sketch.

27 Q. Okay. So that casing that's in that box is one of  
28 the ones that you picked up and collected from the crime  
29 scene; is that right?

1 A. Yes.

2 Q. Do you recall how many casing you recovered?

3 A. I recovered five casings, one cartridge, two  
4 projectiles and two fragments.

5 Q. And that is one of the casings that you recovered.

6 A. Yes. And again, a casing is -- what a forensic  
7 scientist would call a casing is what other folks might call a  
8 hull or a shell. It's what's left behind after the bullet or  
9 the projectile goes through the barrel of the gun. A casing  
10 is something that can be ejected. It's what's left behind.

11 Q. Was that casing labeled? Is there any marking on  
12 the casing?

13 A. Yeah. The casing was labeled C.C.I.N.R. .380 auto.

14 Q. Okay. So it is a .380 auto casing and you, you  
15 collected that one and others.

16 I want to show you State's Exhibit Number 89, please.  
17 Tell us what that is.

18 A. State's Exhibit 89 is crime laboratory case --  
19 excuse me, Crime Laboratory Exhibit Number 26.

20 Q. Okay.

21 A. It is a casing that is -- casing collected from near  
22 Robert Golden. It is Casing Number 2. So it would correspond  
23 to the casing on my sketch labeled -- for the area labeled  
24 Number 2.

25 Q. All right. I want to show you State's Exhibit  
26 Number 90, please.

27 A. Okay. State's Exhibit Number 90 corresponds to  
28 crime lab case number -- Exhibit Number 27. And it is casing  
29 collected from near Carmen Rigby, and it is labeled on my

1 sketch as Casing Number 3.

2 Q. Okay. State's Exhibit 91.

3 A. State's Exhibit 91 corresponds with our Exhibit  
4 Number 28, and it is a casing collected from area between  
5 Carmen Rigby and Bertha Tardy. It's labeled Casing Number 4.

6 Q. Okay. And finally, I have State's Exhibit Number  
7 95. Would you look that please?

8 A. (Complied.)

9 Q. What did I say, case or exhibit?

10 A. You're right. It is State's Exhibit 92. It is  
11 crime lab Exhibit Number 27, and it is a casing taken from  
12 near the body of Bertha Tardy labeled Casing Number 5 on my  
13 crime scene sketch.

14 Q. Okay. Did you collect all of these and take them  
15 back to the crime lab?

16 A. Yes, I did.

17 MR. HILL: Your Honor, at this time I would ask  
18 that these exhibits, 88 through 92, be received.

19 MRS. STEINER: No objection, Your Honor.

20 THE COURT: I'll allow them to be admitted into  
21 evidence.

22 Hand them to be court reporter to be marked.

23 (THE CASING PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER 88  
24 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

25 (THE CASING PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER 89  
26 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

27 (THE CASING PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER 90

3 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

4 (THE CARTRIDGE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
5 92 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

6 MRS. STEINER: Your Honor, may I move around?

7 THE COURT: Ma'am.

8 MRS. STEINER: May I move around so I can see?

9 THE COURT: You may.

10 MRS. STEINER: I won't interrupt any time I  
11 want to change positions.

12 THE COURT: Any time you need to move to see  
13 the exhibits, you don't have to ask for permission. I'll  
14 just say you've got blanket permission from here on out.

15 MRS. STEINER: That is very generous, Your  
16 Honor.

17 MR. HILL: May I proceed, Your Honor?

18 THE COURT: The court reporter is still marking  
19 them.

20 Q. Miss Schoene, I am going to call your attention to  
21 this large poster-size sketch. It's marked State's Exhibit  
22 39-A for identification. Can you tell us whether or not this  
23 is simply an enlargement of your polished sketch, 39-A, that's  
24 been received into evidence?

25 A. Yes.

26 MR. HILL: Your Honor, I would ask that 39-A be  
27 received.

28 MRS. STEINER: No objection.

29 THE COURT: I'll allow it to be admitted.

1 MRS. STEINER: Your Honor, we have no objection  
2 to receiving the enlargements of 40 and 51, if you want  
3 to do that.

4 THE COURT: Why don't we just go ahead and have  
5 the court reporter mark those exhibits too?

6 (THE BLOW-UP OF STATE'S EXHIBIT NUMBER 39, THE CRIME  
7 SCENE SKETCH, PREVIOUSLY MARKED STATE'S EXHIBIT 39-A WAS  
8 ADMITTED INTO EVIDENCE.)

9 (THE BLOW-UP OF STATE'S EXHIBIT NUMBER 40, PAGE 1 OF THE  
10 KEY AND MEASUREMENTS, PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
11 S-40-A FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

12 (THE BLOW-UP OF STATE'S EXHIBIT NUMBER 40, PAGE 2 OF THE  
13 KEY AND MEASUREMENTS, PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
14 S-40-B FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

15 (THE SKETCH PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER 51  
16 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

17 Q. Miss Schoene, if I could get you to step down from  
18 the stand, please.

19 THE COURT: You may.

20 A. (Complied.)

21 Q. And I am going to ask -- maybe, stand -- keep in  
22 mind so that all the jurors can see. Tell us -- 39-A, they  
23 haven't seen this. Tell us just again what this is.

24 A. Exhibit -- State's Exhibit 39-A is an enlargement of  
25 the polished sketch that was drawn based off of my rough  
26 sketch that was done at the crime scene. This shows the  
27 location of the victims - Victim Number 1, Robert Golden;  
28 victim Number 2, Carmen Rigby; and Victim Number 3, Bertha  
29 Tardy. There was a pool of what appeared to be blood here

1 that didn't seem to correspond to any of these three victims.

2 What you see labeled with just numerals 1, 2, 3, 4 and 5  
3 correspond to the casings that we had just discussed earlier.  
4 So Casing Number 1 was located here. Casing Number 2 was  
5 located here. Casing Number 3. Casing Number 4. And Casing  
6 Number 5. (Indicated.)

7 Q. Okay. I'm going to let you stand right there, if  
8 you will. Did you recover any other firearms evidence from  
9 the scene besides the five shell casings that you've already  
10 told us about?

11 A. I did. I recovered two other types of evidence,  
12 projectiles and fragments. Those are labeled here as well.  
13 Also, on this diagram is the footwear impressions labeled "A",  
14 "B" and "C".

15 Q. I'm going to hand you, Miss Schoene, State's Exhibit  
16 Number 83. Can you look at that and tell us what that is,  
17 please?

18 A. State's Exhibit 83 corresponds to Crime Lab Case  
19 Exhibit Number 31, and it is projectile collected from the  
20 northeast corner, near the body of Robert Golden.

21 Q. Okay.

22 A. This is labeled on this as Projectile 1-B.

23 Q. Would you point that out so everybody can see that,  
24 please?

25 A. Right there. (Indicated.)

26 Q. Okay. When you say a projectile, describe for us  
27 what that is, please.

28 A. A projectile would be a -- the large part of a  
29 bullet, what you might call a bullet. It's what exits the

1 barrel of the gun when the casing is left behind. Most people  
2 would call that a bullet. A forensic scientist would call  
3 that a projectile.

4 Q. I have here State's Exhibit Number 84.

5 A. Okay.

6 Q. Tell us what that is.

7 A. State's Exhibit 84 corresponds with our Exhibit  
8 Number 32. And it is a projectile collected from underneath  
9 the loveseat next to the north side of the corner. It is  
10 labeled Projectile 2-B.

11 Q. Did you mark that on your sketch?

12 A. Yes. This is the location of the projectile that  
13 was -- that is here in this box. It was collected from this  
14 location.

15 MR. HILL: Your Honor, we would ask that the  
16 two projectiles 83 and 84 be received.

17 MRS. STEINER: No objection, Your Honor.

18 THE COURT: I'll allow them to be admitted into  
19 evidence.

20 (THE PROJECTILE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
21 83 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

22 (THE PROJECTILE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
23 84 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

24 Q. (By Mr. Hill:) Did you collect still further  
25 evidence that you hadn't yet testified about?

26 A. Yes.

27 Q. I hand you State's Exhibit 85. Ask if you recognize  
28 that.

29 A. State's Exhibit 85 corresponds to Exhibit Number 33,

1 which is a fragment collected near Carmen Rigby. And it's  
2 labeled as fragment 1-C. So what is in this box came from  
3 this location.

4 Q. And that was near what victim?

5 A. Carmen Rigby.

6 Q. Okay. And when you say fragment, distinguish that  
7 from a projectile.

8 A. A fragment is a smaller piece of a projectile.

9 Q. Okay. Bullet breaks in two.

10 A. Yes.

11 Q. Okay. Or into parts. State's Exhibit 93.

12 A. State's Exhibit 93 corresponds with our Exhibit  
13 Number 30. And it contains a cartridge found near Carmen  
14 Rigby. It is labeled 1-A on this. So this is a cartridge  
15 collected from here. What a cartridge is, again, you may  
16 consider that to be an unfired bullet. It has a -- the bullet  
17 or projectile inside with the casing around it. So if you  
18 were to go to the store and buy what you would call bullets,  
19 that would be called a cartridge. Essentially, an unfired  
20 bullet, if you will.

21 MR. HILL: Your Honor, I ask that 85 and 93 be  
22 received.

23 MRS. STEINER: No objection.

24 THE COURT: I'll allow them to be admitted.

25 (THE FRAGMENT PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER 85  
26 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

27 (THE CARTRIDGE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
28 93 FOR IDENTIFICATION WAS RECEIVED INTO EVIDENCE.)

29 THE COURT: You may continue.

1 MR. HILL: Thank you, Your Honor.

2 Q. I am going to ask you to go over for us, if you  
3 will, Miss Schoene, this chart, which is -- this is State's  
4 Exhibit Number 40-A. In other words, Page 1 of your key.

5 A. Yes. This is State's Exhibit 40-A, and it's an  
6 enlargement of the first page of the key that describes the  
7 location of evidence on the crime scene diagram.

8 Q. Would you just do the headings that you have there  
9 for us, please, on Page 1 as it relates to -- I see you have  
10 got -- what did you have by Mr. Golden's name? In general,  
11 what are those?

12 A. For victim -- again, this corresponds to what you  
13 have seen in the -- in the sketch.

14 It might make more sense to...

15 Q. To have the sketch up.

16 Your Honor, if I could --

17 A. I would think.

18 MR. HILL: Your Honor, if I could, at this  
19 time, I would ask the Court's permission just to pass to  
20 the jury State's Exhibits 39, 51 and 40, which are the  
21 small versions of the crime scene sketch.

22 THE COURT: You may hand those to the bailiff,  
23 and they may be published to the jury while she is  
24 testifying.

25 MRS. STEINER: Mr. Hill, are you distributing  
26 duplicates or multiples or just a single copy for the  
27 jury?

28 MR. HILL: Just a single copy.

29 A. Go on?

1 Q. Miss Schoene, if you would, just -- what I was  
2 asking you to do is just explain your key as how it relates to  
3 the sketch, please.

4 A. Yeah. I think it would be more helpful for you all  
5 to get a feeling for the scene if you could see the picture  
6 here. So again, what this is, this is my key that corresponds  
7 to the labels that are here. So for this, where it says  
8 Victim Number 1, Robert Golden, that is referring to this  
9 person here or this representation in my sketch. Robert  
10 Golden, Victim Number 1. Victim Number 2, Carmen Rigby, is  
11 located here. Victim Number 3, Bertha Tardy, located in the  
12 back of the store with the skirt. And Victim Number 4 was  
13 reported to me to be Derrick Stewart, but I don't have -- he  
14 was not there. The body of this person was not there when I  
15 was there. So I have some notations about different items  
16 that were collected near that suspected pool of blood.

17 You will also see the casings that were described 1  
18 through 5. Again, those are located, Casing 1, Casing 2,  
19 Casing 3, Casing 4, Casing 5. The cartridge, the unfired  
20 bullet, was 1-A, and that was located here near Bertha  
21 Tardy -- excuse me, near Carmen Rigby. The projectiles which  
22 were labeled 1-B and 2-B were here. (Indicated.)

23 Q. And they are listed where?

24 A. 1-B and 2-B, and they are listed here, projectiles  
25 1-B and 2-B. And the fragments, which are labeled 1-C and 2-C  
26 on my key, correspond to 1-C. This is loveseat. And 2-C  
27 here. And you can also see the location of the partial  
28 footwear impressions that appeared to be made in blood that  
29 were here near the body of Carmen Rigby.

1 Q. And you labeled those partial footwear impressions  
2 by what lettering method or what identification method?

3 A. I labeled the partial footwear impressions as "A",  
4 "B", and "C". "A" being closest to the front of the store.  
5 "C" being closest to Carmen Rigby.

6 Q. Okay. And I have here State's Exhibits 45 and 46.  
7 Would you tell us what -- if those are photographs of the  
8 footwear impressions that you marked in your sketch?

9 A. Yes. State's Exhibits 45 and 46 are black and white  
10 photographs that depict what was located here in the sketch.

11 Q. Okay. Thank you, ma'am.

12 And I want to just ask you to remain standing there, if  
13 you will.

14 Your first victim listed up there on your chart -- I  
15 assume you did that randomly; is that correct? Or what order  
16 did you have? Was there any methodology for numbering of the  
17 victims?

18 A. No. At the time of a crime scene I am not certain  
19 of the victims' names. But I walked in and was certain there  
20 were at least three different victims. So in order to  
21 document I said Victim 1, Victim 2, Victim 3.

22 Q. Tell us if you recognize these photographs. The  
23 jury has heard your description, but they have not seen those  
24 photographs. Would you tell us -- just go, whatever method  
25 you decide, and talk about each of those four photographs and  
26 tell us how they relate there, please.

27 A. All four of these photographs, which are State's  
28 16-A, State's Exhibit 18-A, State's Exhibit 17-A and State's  
29 Exhibit 19-A depict the body of -- on my sketch labeled Number

1 1, Robert Golden. And these are taken just from various  
2 angles.

3 This -- if you notice, on State's Exhibit 17-A is the  
4 forearm and the head, little bit of the leg and foot of Carmen  
5 Rigby. Also, here is the -- what appears to be a pool of  
6 blood with the baseball cap. And in this area right here is  
7 also where the partial footwear impressions were located.

8 Q. Okay. The next chart I have here -- this is -- I am  
9 putting up State's Exhibit 12, 13, 14 and 15. Did you take  
10 those photographs?

11 A. I did. But I would like to say for the record that  
12 this is State's Exhibit 12-A --

13 Q. Right. I'm sorry.

14 A. -- 13-A, 14-A and 15-A. These are enlargements of  
15 photographs that I took. What you see here is the body of  
16 Carmen Rigby. And in the background here, Robert Golden.  
17 Again, a different angle of Carmen Rigby with her arm extended  
18 with the key chain, the plastic number one. These are Carmen  
19 Rigby's -- the feet of Carmen Rigby, with the blue baseball  
20 cap near a suspected pool of blood here, what appears to be  
21 Carmen Rigby's other sandal. And this is the area where the  
22 partial footwear impressions were found. And this is a  
23 picture of the set of keys that were near Carmen Rigby here.  
24 (Indicated.)

25 Q. Miss Schoene, can you tell the jury what this area  
26 here is? What does that represent right here? (Indicated.)

27 A. This is a bookshelf, a half bookshelf. This is a  
28 ramp that goes down to the second half. Tardy Furniture was  
29 divided roughly into two halves. One that seemed to be a

1 showroom where customers were and the second seemed more to be  
2 a storeroom. And this, this was a down ramp that went to that  
3 second half of the store. (Indicated.)

4 Q. Okay. Now, you -- would you point out the footwear  
5 impressions in blood, please?

6 A. What I believed was blood is here. I never -- I did  
7 not test these to determine if that material was blood, but it  
8 is definitely what appears to be blood. (Indicated.)

9 Q. Okay. Thank you, ma'am.

10 I think you can get back on the stand, please, for a  
11 minute.

12 A. (Complied.)

13 Q. Miss Schoene, how long were you at the crime scene  
14 preparing all this documentation, photography and collecting  
15 this evidence?

16 A. Approximately six hours.

17 Q. And toward the end of your time there did you get  
18 another call?

19 A. It wasn't necessarily another -- it was a, a  
20 separate request.

21 Q. A request. I'm sorry.

22 A. Yes.

23 Q. Did you get a request from local law enforcement to  
24 do something else away from the scene at Tardy's?

25 A. Yes, it was a request from --

26 MRS. STEINER: If the Court please, if she is  
27 going to move on to something away from the physical  
28 crime scene, I think it is kind of confusing to the jury  
29 to have pictures when she is not working on any longer.

1 THE COURT: Are you through with these?

2 MR. HILL: Yes, sir. I am fixing to move those  
3 and move to something else, Your Honor.

4 THE COURT: Well, you can take them down when  
5 you are through with them.

6 MR. HILL: Thank you, Your Honor.

7 (MR. HILL REMOVED THE EXHIBITS FROM THE EASEL.)

8 Q. Miss Schoene, I've got a couple more, before we  
9 leave the scene, I just remembered we have got a couple more  
10 that I want you to -- come on back down here if you will, if  
11 the Court will allow you too.

12 THE COURT: (Nodded.)

13 A. (Complied.)

14 Q. I don't think we covered this one right here. This  
15 is State's Exhibit 20-A, 21-A, 22-A and 23-A. Would you tell  
16 us what those photo enlargements are, please?

17 A. Yes. Three of these photographs here show the body  
18 of Bertha Tardy. And this picture, which is exhibit --  
19 State's Exhibit 20-A is the photograph that I identified  
20 earlier as being glasses, firearms evidence, a bed and a Serta  
21 plastic marker here.

22 Q. Okay. Miss Schoene, did you collect -- did you  
23 collect the glasses and that piece of firearms evidence?

24 A. I did not collect the glasses. I did collect the  
25 firearms evidence.

26 Q. Okay. They were collected by somebody, the glasses.

27 A. I just can testify to what I did, and I didn't  
28 collect those glasses.

29 Q. Okay. While we have this picture up, I don't guess

1 -- you can't see in this photograph. This is close to the  
2 back; is that right?

3 A. Yes. Bertha Tardy was located in the back of the  
4 store.

5 Q. Okay. Now, was her office in proximity?

6 A. Let's see. If you look at, I believe, this  
7 photograph. If you look back continuing in this direction is  
8 the back wall of the furniture store, and that is where her  
9 office was located.

10 Q. Okay. I want to show you this photograph here.  
11 This is 38-A, the enlargement.

12 A. Yeah.

13 Q. Tell us what that is, please.

14 A. This is a photograph taken of Bertha Tardy's office  
15 in the back of the store. You see that her chair is, you  
16 know, pushed back, the contents of her desk appear to be neat  
17 and orderly. This is the safe that was back there.

18 When I arrived it was closed. The content inside of the  
19 safe appeared to be rather neat, did not appear to be  
20 disheveled or ransacked in any way.

21 Q. So the safe was open but closed. Unlocked rather  
22 but closed.

23 A. Yes.

24 Q. Because you indicated you looked at the contents.

25 A. Right. The safe was not locked.

26 Q. Then we had one more I don't think I asked you  
27 about. This is the enlargement 45-A and 46-A. This may help  
28 the jury to be able to see the footwear impressions. Explain  
29 those, if you will.

1           A.     These are the enlargements of the black and white  
2 photographs that we mentioned earlier of the partial footwear  
3 impressions that were labeled "A", "B" and "C", if you might  
4 remember that from the sketch.

5           The partial impression "A" is closest to the front of the  
6 store, as you can see here. Now, the body of Carmen Rigby and  
7 Robert Golden were here. But in this photograph they have  
8 been removed. So just -- and this is the ramp that I  
9 indicated earlier that was also present in part of the --  
10 (Indicated.)

11          Q.     And the markers that appear there, that is what you  
12 labeled "A", "B" and "C". The little white markers on the  
13 floor. (Indicated.)

14          A.     Yes.

15          Q.     Okay. And those are those right there.  
16 (Indicated.)

17          A.     Yes. These are the same -- these correspond to the  
18 same, the same image here. "A" is here in this photograph.  
19 "B" is in the center. And "C" is farthest back to the back of  
20 the store. As you can see here, this sort of gives you a  
21 better feel. This is where Bertha Tardy's office was located  
22 in the back of the store. (Indicated.)

23                 MRS. STEINER: Your Honor, may the witness  
24 identify which exhibit numbers those are again?

25                 THE COURT: Which ones were you looking at,  
26 exhibit numbers on the board there?

27                 MR. HILL: The last ones.

28                 THE WITNESS: I'm sorry. State's Exhibit 45-A  
29 and State's Exhibit 46-A are enlargements of black and

1 white photographs.

2 MRS. STEINER: Thank you. Thank you.

3 Q. Miss Schoene, before you take your seat again, just  
4 a minute ago I asked you if you got a secondary request later  
5 on toward the end of the day to assist law enforcement by  
6 processing another item. Can you explain who made that  
7 request and what they were requesting of you, please?

8 A. Yes. I was requested to -- when we finished this  
9 scene to go to the police department. I believe I was  
10 requested by Investigator Wayne Miller with the Highway Patrol  
11 Criminal Investigations Bureau to process a vehicle for the  
12 presence of latent fingerprints. And they had asked -- he had  
13 asked that we do that immediately, finishing here, finishing  
14 up our scene here. So I left here at 6:00 and my partner and  
15 I arrived at the police station at approximately 6:04 to do  
16 that.

17 Q. And what was the request made of you?

18 A. The request was to dust for latent prints, to dust  
19 for fingerprints essentially. Latent prints are hidden  
20 prints, and we have different techniques to try to visualize  
21 prints. So I should say look for fingerprints.

22 Q. Did you go to the police station and attempt to do  
23 that for them?

24 A. Yes, I did. I arrived there at 6:04.

25 Q. I have one additional photograph, an enlargement.  
26 The exhibit numbers are labeled on each individual picture. I  
27 am showing you State's Exhibit 100-A, 99-A, and 101-A. And I  
28 ask you if you recognize the photographs and what they show  
29 there.

1           A.    This is the vehicle that I was asked to process for  
2 latent prints, the passenger side, to process for latent  
3 prints. I recognize it by the tag number there. That is the  
4 tag number that is -- that I recorded in my notes as being  
5 this car. So this was the car that I processed for prints  
6 after I left Winona Furniture -- Tardy Furniture store.

7           Q.    Anything about the weather conditions that might  
8 play into your processing?

9           A.    Well, it had rained that day, and so the exterior of  
10 the car was wet, which is quite detrimental to latent prints.  
11 If you are trying to obtain fingerprints from something, a wet  
12 surface is not a very probable surface to obtain fingerprints.  
13 So yes, it had rained that day. It was not raining at the  
14 time.

15           Additional issues with the vehicle that made it slightly  
16 difficult -- well, it did make it difficult to process prints  
17 is the general disrepair. The passenger door did not open.  
18 The rear view mirror was missing. The dashboard was cracked,  
19 like vinyl, kind of cracked and dusty. There were seat  
20 covers. None of those conditions, unfortunately, lend  
21 themselves to getting high-quality fingerprints, even if  
22 someone does come in contact or touch that surface.

23           Q.    Were you told or did you make any notes as to who  
24 the car belonged to? Did you know at the time you went there  
25 whose car that was?

26           A.    I would have to refer to my notes. I don't know  
27 that it would make a difference if I knew who it was. I am  
28 more based, just on empirical evidence here. And I can  
29 identify it based on the tag. I knew that this tag -- this

1 car had this tag. Who it belongs to, I don't really think I  
2 did know.

3 Q. Okay. That's fine.

4 A. And I don't know now.

5 Q. Okay. The bottom photograph in the chart there,  
6 tell us what that is, please.

7 A. This is the glove box and part of the door here.

8 Q. Did you notice any defect on the -- around the glove  
9 box?

10 A. Not that was necessarily inconsistent with the  
11 general disrepair of the car. A defect to me would be  
12 something that would stick out from the norm of something that  
13 would be expected for the object's condition, if you will.  
14 And giving the general state of disrepair of the car, there  
15 were defects, yes. There is also a defect here you will see.  
16 Slight little defect here scratched off where the handle is,  
17 but I don't consider that to be out of the ordinary for a car  
18 that was in this condition. (Indicated.)

19 Q. Okay. I want to draw your attention specifically to  
20 the glove box and the glove box lid or the door on the glove  
21 box. Point that out for us, please.

22 A. Point out the lid of the glove -- of the glove box?

23 Q. Yeah. The door that opens and closes. It has got  
24 the thumb lock and all that on it.

25 A. This door? (Indicated.)

26 Q. Right.

27 A. Okay.

28 Q. Look at the upper edge of that and tell us if you  
29 noticed any, any marks or I don't know if you want to call

1   them defects or marking or damage or anything like that.  When  
2   you -- when you took that photograph and later saw it, did you  
3   see anything that was recorded in your photograph along the  
4   upper edge of that glove box door?

5       A.   The defects here that -- you are talking about this  
6   right here?  (Indicated.)

7       Q.   Yes, ma'am.

8       A.   Yes.  There are defects there.  I would be hesitant,  
9   hesitant to label them as something other than defects.  I'm  
10   not quite sure what you are asking.  I don't know -- quite  
11   know how to make the jury --

12       Q.   I'm just wanting to know were there any defects or  
13   marks on the upper edge of that glove box lid?

14       A.   Yes, there, there were.  Yes.

15       Q.   And was it open or closed?  Was it in that condition  
16   just as you photographed it when you took that photograph?

17       A.   I believe it was in that condition but I don't -- I  
18   honestly don't remember.

19       Q.   So you documented the interior area of that car in  
20   that photograph by having it photographed.

21       A.   Is that correct?  Did I document the interior?

22       Q.   Is photography a form of documentation?

23       A.   Well, photography is a form of documentation.  But  
24   when you say document that means something different to me.  
25   Document to me would mean to go through the contents of the  
26   car, label them, photograph them.  So document has a different  
27   connotation, that terminology --

28       Q.   Maybe I should use --

29       A.   I just, just wanted to be clear on that.  But yes,

1 photography is a legitimate form of documentation.

2 Q. Okay. Okay. So that is what -- you photographed  
3 what you saw that day and that is a picture of it.

4 A. I'm not sure if this is my photograph or not without  
5 seeing the small, the small photograph and having my initials  
6 on the back. But this, this appears to be, yes.

7 Q. Okay. And were you able to get any fingerprints,  
8 lifts out of the car?

9 A. I did take a fingerprint lift. Now, to explain to  
10 you what that means. When we attempt to visualize  
11 fingerprints, we typically use black powder and a brush. And  
12 we will take the brush and dip it in the powder. And we will  
13 rub it gently over the surfaces that we would -- we try to  
14 visualize fingerprints. So when we visualize a fingerprint  
15 that way, and then if we see a print, what we do is take a  
16 piece of clear tape, a lot like packing tape, and take that  
17 and literally press it down where we see that, where we see  
18 the print and rub over it and pull it up.

19 So now you have it transferred to a piece of tape. You  
20 take that piece of tape and put it down on a white card. And  
21 on that white card, on the back, you label the position and  
22 the location as to where that was obtained. So that way the  
23 fingerprint examiner, when they are looking at it, they can  
24 then look at the back. And we also note the position, because  
25 sometimes the position of the fingerprint is important. So  
26 that information goes on the back of a card.

27 Now, I did lift, make a lift -- I did make a lift of the  
28 latch, I believe. But not being a fingerprint analyst, there  
29 is another expert who will look at that and determine if there

1 is enough ridge detail to do a comparison. So I did make a  
2 lift. Now, what was done with that lift after I took it, I  
3 don't know.

4 Q. Or you can't say for us what ridge detail was  
5 available on the lift, whether or not it was a print of value  
6 or anything.

7 A. I can't. No.

8 Q. Okay.

9 A. And I would certainly never make that -- make that  
10 determination at the scene. That is left to somebody that is  
11 trained in fingerprint analysis.

12 Q. Miss Schoene, all these exhibits that you collected  
13 that you've testified about, after you recovered them, did you  
14 securely transport them to the Mississippi Crime Laboratory  
15 where they were kept and examined there?

16 A. Yes. I -- after I collected the evidence, I secured  
17 it in the boxes that you all saw, the small white boxes,  
18 secured them with tape with my initials on them and  
19 transported them to the crime laboratory where they were  
20 deposited in our evidence vault until an examiner goes to that  
21 vault and requests to have them. So the next person that has  
22 those, for example, the firearms examiner, would go and sign  
23 out that evidence and do the examination there. Yes.

24 Q. You can have your seat back on the witness stand.

25 A. (Complied.)

26 MR. HILL: Your Honor, at this time I would ask  
27 that State's Exhibits 47, 48, 49 and 50, these are the  
28 enlarged black and whites that Miss Schoene took the  
29 originals of, ask that they be received.

1 MRS. STEINER: No objection.

2 THE COURT: I'll allow them to be admitted  
3 without objection.

4 (THE BLACK AND WHITE FOOTWEAR IMPRESSION PREVIOUSLY  
5 MARKED STATE'S EXHIBIT NUMBER 47 FOR IDENTIFICATION WAS  
6 ADMITTED INTO EVIDENCE.)

7 (THE BLACK AND WHITE FOOTWEAR IMPRESSION PREVIOUSLY  
8 MARKED STATE'S EXHIBIT NUMBER 48 FOR IDENTIFICATION WAS  
9 ADMITTED INTO EVIDENCE.)

10 (THE BLACK AND WHITE FOOTWEAR IMPRESSION PREVIOUSLY  
11 MARKED STATE'S EXHIBIT NUMBER 49 FOR IDENTIFICATION WAS  
12 ADMITTED INTO EVIDENCE.)

13 (THE BLACK AND WHITE FOOTWEAR IMPRESSION PREVIOUSLY  
14 MARKED STATE'S EXHIBIT NUMBER 50 FOR IDENTIFICATION WAS  
15 ADMITTED INTO EVIDENCE.)

16 MR. HILL: Your Honor, I would now request that  
17 the photographs -- all the photographs that have been  
18 received into evidence not previously passed to the jury  
19 that we be now allowed to publish them to the jury.

20 THE COURT: You may.

21 MR. HILL: Your Honor, we will tender the  
22 witness for cross-examination.

23 THE COURT: We will take a recess at this time.  
24 Recess for 15 minutes.

25 (A RECESS WAS TAKEN.)

26 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
27 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS RESUMED AS  
28 FOLLOWS:)

29 (THE JURY RETURNED TO THE COURTROOM.)

1 THE COURT: Court will come back to order.

2 Mrs. Steiner, you may proceed.

3 CROSS-EXAMINATION BY MRS. STEINER:

4 Q. Good afternoon, Miss Schoene.

5 A. Good afternoon.

6 Q. You actually conducted this investigation, it will  
7 be 14 years ago next month; is that correct?

8 A. Yes.

9 Q. And I'm assuming the reason you are able to talk  
10 about it so fully is because you made very detailed and  
11 specific notes; is that correct?

12 A. Am I able to talk about it because I made detailed  
13 notes?

14 Q. Right. You have notes that you can review.

15 A. I do have notes that I can review. Yes.

16 Q. Did you bring them with you today?

17 A. I did.

18 Q. May I?

19 A. Sure.

20 Q. If you have them with you.

21 A. They are the same notes that were provided to you.  
22 These are a copy of my notes. This is a copy of the crime  
23 scene key and sketch. This is a copy of my partner's notes.

24 Q. And these are -- were deposited and left at the  
25 Mississippi Crime Lab when you left to take your position in  
26 Georgia; is that right? Copies of these?

27 A. The originals are actually at the crime laboratory,  
28 and these are photocopies that were provided to me, I believe,  
29 by the D.A.'s office.

1 Q. Okay. So you have very detailed notes. So you can  
2 recall what you did 14 years ago very precisely by refreshing  
3 your recollection with your notes; is that correct?

4 A. I don't know if I can recall it precisely, but I  
5 will definitely use my notes to assist me with that, yes.

6 Q. Thank you. Thank you. Have you -- are you still  
7 doing crime scene investigation work?

8 A. No, I am not. I teach chemistry and forensic  
9 science at Georgia Perimeter College now.

10 Q. Now, I was actually extremely impressed with how  
11 clear your notes were. I think when you -- you had an  
12 assistant with you; is that correct?

13 A. Yes. Her name was Jody Creel.

14 Q. So it wasn't just you having to keep up with  
15 everything. Is that an investigation technique that made your  
16 crime scene investigators use to try to work in pairs so that  
17 they -- you know, nobody does anything by him or her self?

18 A. Is it a technique that investigators use?

19 Q. Is it -- is it a practice that, when possible,  
20 investigators like to use when investigating a major crime  
21 scene?

22 A. I know that was our procedure --

23 Q. Right.

24 A. -- was to generally -- yes, take at least one  
25 person.

26 Q. Right.

27 A. I mean at least two people, I should say.

28 Q. And you basically wrote down -- both you and your  
29 assistant kept notes of what you did during the investigation;

1 is that correct?

2 A. Well, we don't actually have duplicate sets of  
3 notes. I will take notes of some things, while she is taking  
4 notes of the other. It would be a bit repetitive for us both  
5 to write the same of everything. So she has some notes. She  
6 did most of the sketching and the measurement taking and  
7 assisted me with evidence collection and dusting for  
8 fingerprints. And I took a detailed running narrative of that  
9 while she was doing other things. So I don't -- they are not  
10 very repetitive necessarily, but some of the information does  
11 overlap, I should say.

12 Q. I understand that. But you are both taking notes of  
13 what you as a team -- you were the lead on this, I think,  
14 weren't you?

15 A. Yes.

16 Q. And so you would assign her to do something - why  
17 don't you sketch or why don't you take these photos?

18 A. Yes. Certainly. Yes.

19 Q. And I believe I see in your notes that are copies of  
20 the original at the crime lab, you had a little checklist at  
21 the end to make sure you had done everything you were supposed  
22 to have done.

23 A. A checklist?

24 Q. For your own use.

25 A. Do you recall what page that's on? Oh, I see. Yes,  
26 Page Number 7 of my notes. Yes. There is a -- on Page Number  
27 7 of my notes, and what I'm referring to is notes. These are  
28 taken live while I'm at the crime scene. I'm there working.  
29 And I'm making notes to myself, notes of things that I need to

1 do. And yes, on Page 7 there is a list with checks by it. I  
2 don't know I would call it a checklist, but I have checked off  
3 some things there along with a list of items that I did  
4 collect - the casings, the cartridges, and that sort of thing.

5 Q. So you wrote it down, basically, almost immediately  
6 after you had done it or as you were doing it; is that  
7 correct?

8 A. Not necessarily. It was written down while I was at  
9 the furniture store. But as far as when I wrote it down or  
10 what order, I don't know even know that I sat down and wrote  
11 this all at one time.

12 Q. Oh, I --

13 A. It is sort of a work in progress, as you can  
14 imagine.

15 Q. Right. This is the notes, but you wrote it down  
16 when you were there. You then, I believe, on the important  
17 stuff, like the key, you had it typed up, and you had the  
18 sketch. You know, your colleague made the sketch, a polished  
19 sketch. That sort of thing. So you documented it again.

20 A. Well, I would like to correct you with wrote down  
21 the important things. I am not quite sure what you mean by  
22 that, but -- I feel that everything that I do when I'm there  
23 is important.

24 Q. Okay.

25 A. So I would have to correct you on that or at least  
26 ask you to explain what you mean by that.

27 Q. I'm saying that you, you said that on your checklist  
28 you noted what you had collected, is that correct, by way of  
29 evidence?

1           A.   Well, you actually called it a checklist. I just  
2   said it was a running list. I put checks by it. Yes. I do  
3   have a list that lists things that I either did, was going to  
4   do or was in the process of doing on Page 7 of my crime scene  
5   notes.

6           Q.   I appreciate that. And, you know, you wrote down  
7   that you collected some casings, etc. Then I believe on --  
8   after you got back to the laboratory, laboratory, you had  
9   typed up, you prepared so that anybody looking at your or your  
10  colleague's chart would have the key.

11          A.   Yes. Yes.

12          Q.   All right. And now that you have not been at the  
13  laboratory for seven years, Mississippi State Crime Laboratory  
14  has copies of all of this in case it ever became necessary, if  
15  there were ever a case where you couldn't be there to testify  
16  someone could review them; is that correct?

17          A.   I'm not sure what the Mississippi Crime Laboratory  
18  has. I received these from the D.A.'s office.

19          Q.   Thank you. Now, you said that you arrived at the  
20  secured crime scene about 1:15 in the afternoon.

21          A.   I left shortly before lunch and arrived at 1:15 that  
22  Tuesday.

23          Q.   All right. And I believe you said Chief Hargrove is  
24  who took you into the crime scene and showed you around; is  
25  that correct?

26          A.   Yes.

27          Q.   Do you know if either of the Mississippi Highway  
28  Patrol Investigators were at the scene when you arrived there?

29          A.   There were two investigators that I worked with.

1 Investigator Wayne Miller.

2 Q. Um-hum.

3 A. And Investigator Jack Matthews. They were both  
4 there. Now, if they were there at the time that my crime  
5 scene van arrived, I don't recall.

6 Q. All right. But you were at the scene with them  
7 during the course of the day.

8 A. Yes.

9 Q. All right. And one of the things that I believe you  
10 had your assistant do was make a list of the people at the  
11 scene; is that correct?

12 A. Yes. There is a list of people at the scene that  
13 she generated that is Page 1 of her crime scene notes. And  
14 it's labeled people at scene.

15 Q. I'm going to ask you --

16 May I approach, Your Honor?

17 THE COURT: You may.

18 Q. I'm handing you a document that has a Bates number  
19 on the bottom and attestation from the crime lab. But other  
20 than that, is what I'm handing you a true and correct  
21 reproduction of that list of people at the scene that you had  
22 your assistant generate?

23 A. Yes, it appears to be.

24 MRS. STEINER: I'd like this marked and would  
25 offer it into evidence as Defendant's Exhibit 9.

26 MR. EVANS: No objection.

27 THE COURT: I'll allow it to be admitted.

28 THE WITNESS: May I explain to the jury what  
29 this is?

1 MRS. STEINER: Oh, absolutely.

2 THE COURT: Wait. She has to mark that in  
3 evidence.

4 THE WITNESS: Okay.

5 (A DOCUMENT LISTING PEOPLE AT THE CRIME SCENE WAS MARKED  
6 DEFENDANT'S EXHIBIT NUMBER 9 AND ADMITTED INTO EVIDENCE.)

7 Q. Thank you. I'm handing you what is now marked  
8 Exhibit D-9 in evidence. And you said you would like to  
9 explain what it is. Would you please do so?

10 A. I'd like to keep the jury in the loop of what we are  
11 talking about.

12 Q. I am going to stand back and let you do that.

13 A. Okay. Exhibit -- Defense Exhibit D-9 is a  
14 photograph of -- photocopy of my partner's first page of her  
15 notes. And what she did when we arrived is starting --  
16 started to get a list of people who were at the crime scene at  
17 the time. This doesn't necessarily mean that they intruded on  
18 the crime scene barrier.

19 It just means that this is people -- we want to know  
20 everybody that is there when we get there. This is a list of  
21 23 people that range from police department employees,  
22 sheriff's office, Mississippi Highway Patrol, E.M.T., Duck  
23 Hill P.D. and various people. So we have a list of their name  
24 and a list of who they are with or what agency they represent.

25 Q. Thank you. And I appreciate that explanation.

26 Do you -- do you recall -- did Wayne Miller -- I think  
27 you said you worked with two detectives from the Mississippi  
28 Highway Patrol, Mr. Miller and Mr. Matthews.

29 A. Yes.

1 Q. And they were certainly at the crime scene during  
2 the time you were there.

3 A. Yes.

4 Q. Now, to your knowledge, is there anything in your  
5 notes or your colleague's notes or any firsthand knowledge you  
6 have of whether or not such a list had been prepared prior to  
7 you and your partner arriving and her performing that task?

8 A. Do I have knowledge that there was a list that  
9 existed before the one that she generated?

10 Q. Yes, that's correct.

11 A. I do not have knowledge of a list.

12 Q. All right. You were not furnished one for her to  
13 work from any of the other investigators.

14 A. You would have to ask her that. I don't recall  
15 anyone handing her a list. I just know that this is her list.  
16 Now, where she got it, she may have asked people. I don't  
17 know if someone had handed her a list or not.

18 Q. And you, yourself, were not handed a list --

19 A. No.

20 Q. -- for her to use.

21 A. No.

22 Q. Thank you.

23 Now, I think in your notes at one point you say you were  
24 escorted -- you were met at crime scene by Highway Patrol  
25 Officer D-43 but there is no name. After 14 years, do you  
26 recall a name or a face that goes with D-43?

27 A. I have absolutely no idea. The Mississippi Highway  
28 Patrol officers have badge numbers.

29 Q. Um-hum.

1           A.    I worked with the highway patrol, and my badge  
2 number was L, Lincoln, 54. So sometimes I'm referred to as L,  
3 Lincoln, 54. This is just D-43. I do not know who D-43 is,  
4 but we could find him through that number if we needed to.

5           Q.    All right. Thank you.

6           And now, you -- I appreciate your precision. At the  
7 crime scene when you collected evidence -- well, you attempted  
8 to -- well, you say you didn't collect the glasses that were  
9 shown in one of the photos that you talked about earlier. I'm  
10 assuming that's because that did not appear to be something  
11 that either you or any of the officers who had asked you to  
12 process the crime scene thought would be of significant  
13 evidentiary value other than having picture of it; is that...

14          A.    The glasses at the -- underneath the bed were  
15 consistent with coming off of the head of Bertha Tardy, who  
16 was located very close to those glasses. So I concluded that  
17 those were the glasses of Bertha Tardy.

18          Q.    Okay.

19          A.    So I, I did not collect those, nor did anyone ask me  
20 to collect those.

21          Q.    All right. And similarly, there were -- you  
22 collected what you or the officers investigating considered to  
23 be of evidentiary value and released other things to the --  
24 strike that.

25                You collected what you and/or the officers who were  
26 working in conjunction with you considered to be of  
27 evidentiary value. Is that a safe thing to say?

28          A.    That's what our job responsibility is when we  
29 respond to a request, is to locate, document and collect

1 physical evidence from the crime scene.

2 Q. All right. Now, I, I believe -- did you do any  
3 dusting for fingerprints at the crime scene?

4 A. At Tardy Furniture?

5 Q. Yes.

6 A. Yes, I did.

7 Q. All right. Can you describe the locations at which  
8 you attempted to collect -- dusted for fingerprints? Let  
9 me -- I'm going to put the chart --

10 A. Okay.

11 Q. -- that you -- I think you said your colleague  
12 prepared this --

13 A. She did.

14 Q. -- polished chart. If you don't mind stepping down  
15 and showing where on this chart you sought to collect -- you  
16 dusted for fingerprints.

17 (THE WITNESS STEPPED DOWN FROM THE WITNESS STAND.)

18 A. Okay. This is the, the counter that's located at  
19 the center of the store. There was not a cash register per se  
20 but more a cash drawer that was here at Tardy Furniture.

21 (Indicated.)

22 Q. Can, can I stop you?

23 A. Yeah.

24 Q. Was that drawer closed when you first laid eyes on  
25 the crime scene?

26 A. I believe that it was.

27 Q. Okay. Thank you.

28 A. But I'm not certain, but I believe that it was  
29 closed.

1           So this is the counter. As you see here, it has two  
2 different levels. There is like an upper level, that you  
3 might go lean on the counter. And then there is a lower level  
4 that paperwork was kept. And the cash drawer here. We  
5 dusted -- this was the area of what I would call a hot crime  
6 scene, where the bodies were located, shell casings and  
7 footwear impressions. We dusted this counter area, the  
8 contents, the cash drawer.

9           I also dusted Bertha Tardy's office, the safe that I had  
10 shown you the picture of earlier, had dusted the safe there  
11 for fingerprints and truly, any other area around here that  
12 would be viable to hold prints.

13           What I mean by that is for example, cloth, the chairs  
14 that you are sitting in. A lot of the furniture in the store  
15 was cloth. Well, cloth is not a good receiving surface for  
16 fingerprints. A mattress is not a good receiving surface for  
17 fingerprints or something old and worn and porous, scratchy  
18 surfaces, surfaces like that type do not hold fingerprints  
19 very well even if someone touches them.

20           They certainly won't hold them if someone has gloves on.  
21 So we, my partner and I, dusted all the objects around this  
22 area that we considered to be viable for fingerprints and also  
23 Miss Tardy's office in the back. (Indicated.)

24           Q. Thank you. If I can find it, I may...

25           A. Do you want me to hold this?

26           Q. Thank you, Miss Schoene. It takes a village.

27           I'm showing you -- the chart you have been looking at is  
28 S-39-A for -- in evidence. And I'm now putting up on the -  
29 thanks, excuse me - S-38, which I believe you -- 38-A, you

1 previously identified as a shot of the desk and safe and some  
2 paperwork in the back office; is that correct?

3 A. Yes. This is Miss Bertha Tardy's office in the back  
4 of the store, and this was the safe. Again, the door here was  
5 closed but not locked. And I did dust the safe area, the  
6 handle here on the top. And anywhere around here that, that  
7 would have been viable for fingerprints was dusted in  
8 attempts -- attempts were made to visualize fingerprints.  
9 Unfortunately, again, this is a rather, old metallic safe, as  
10 you might be able to see from the photograph, a very textured  
11 surface, which is not a good receiving surface for  
12 fingerprints. (Indicated.)

13 Q. The handle appears - this is a great enlargement -  
14 to be fairly shiny. The shinier the metal, the better the  
15 receiving surface.

16 A. The shinier the metal, the -- I would say that's,  
17 that's a fair statement if it's not scratchy. And this -- and  
18 if it's clean. This is a shiny metal surface. However, if I  
19 remember correctly, it was a bit brushed. Is that the right  
20 term for a metal that is not polished but brushed? Brushed  
21 metal. But anyway, everything that you see here was dusted  
22 for fingerprints. Attempts were made to visualize  
23 fingerprints that, that might have been there. Yeah, so we  
24 dusted this.

25 Q. You are not saying you can never get lucky and maybe  
26 get a print off of brushed metal or painted surfaces.

27 A. You will never hear me say I can never get lucky. I  
28 like to try very optimistic when I'm at the scene. I like to  
29 think that perhaps we can visualize a print even on surfaces

1 that I know are not generally conducive.

2 Q. For instance --

3 I hope I'm not blocking you.

4 A JUROR: No.

5 Q. I'm sorry.

6 This chair here appears to be a shinier, non-brushed  
7 metal, maybe with paint on it or something. Did you -- I  
8 don't even know if you tried to brush, to look there. And it  
9 seems to have a vinyl or plastic chair. I, I know you don't  
10 necessarily have notes of what -- you probably have notes --  
11 did you make notes of every location you did try and pick up  
12 prints from here?

13 A. I don't know. And it would not be my standard  
14 practice to write every object that I dusted for prints. I  
15 would make general notes like dusted counter area. And to me  
16 that means that my partner and I would dust that general area  
17 and everything that is -- that we could dust, we would dust.

18 Q. And you did that in that scene after these  
19 photographs were taken; is that correct?

20 A. Yes. Dusting for fingerprints leaves a fair amount  
21 of powder. On some surfaces, it, it depends sometimes. It  
22 can be a bit messy, not always. But these appear to have been  
23 made prior to any dusting.

24 Q. All right. And any prints which --

25 I will stand these up so I don't have to worry about when  
26 it's going to fall. I may even be done with this one. Thank  
27 you.

28 (MRS. STEINER MOVED SOME OF THE EXHIBITS.)

29 A. I'll let you decide.

1 Q. Let's leave that there for the moment since you may  
2 wish to explain more.

3 And any latent lifts -- what you get is something called  
4 a latent lift. Is that the term? You talked about taking a  
5 film and putting it on a white piece of paper. Is that --  
6 when we -- if we -- when we hear from a fingerprint examiner  
7 is he or she going to call it a latent lift?

8 A. I'm not sure what they are going to call it. I  
9 would call it a latent lift. I told you guys earlier after  
10 you dust, to visualize it, you take a piece of what looks like  
11 clear packing tape and put that on the impression, pull that  
12 up. You have now transferred that to the tape. And then you  
13 take that tape and you put it on a white -- something about  
14 the size of a white index card. And on that white index card  
15 notes are taken as to the measurements and the location and  
16 the direction of that lift.

17 So in this case I did collect latent lifts. I don't know  
18 how many there were. I can tell you that I believe there were  
19 at least five cards. But it's quite common to put more than  
20 one latent lift on a card. It just makes it easier on the  
21 examiner to not have 15 or 16 different cards but maybe just a  
22 few with various notes on the back.

23 Q. And those were part of the evidence that you  
24 packaged up and had transferred to the Mississippi Crime Lab  
25 so the print examiner could look at it, just as a firearms  
26 person could look at the firearms evidence you collected; is  
27 that correct?

28 A. Yes, ma'am. I didn't actually have it transferred.  
29 I personally transported that evidence to the crime laboratory

1 in a sealed condition and submitted it to the evidence lab  
2 myself.

3 Q. And you signed the chain of custody, evidence  
4 submission form there in accordance with protocol.

5 A. I signed the seal on the bag to indicate that it was  
6 sealed at the -- that I was the last person to open it, and I  
7 was the last person to seal it. Now, as far as who signed it  
8 into the crime lab, I don't know if that was me or not.

9 Q. If, if your signature shows up on the evidence  
10 receipt log, that would be.

11 A. My, my initials, I think, would be on the items of  
12 evidence themselves in a sealed -- in a sealed condition.

13 Q. Thank you.

14 I am going to step away, Your Honor, just a second.

15 I'm not trying to confuse you.

16 May I approach the witness, Your Honor?

17 THE COURT: You may.

18 Q. I am going to hand you a document that's entitled an  
19 evidence submission form, Mississippi State Crime Laboratory.  
20 And I am wondering if you can identify that form for us. Is  
21 that a form routinely used in 1996 at the Mississippi Crime  
22 Laboratory for the submission of evidence?

23 A. Yes.

24 Q. And is that the form, the first page of the  
25 submission which you made to the Mississippi Crime Lab when  
26 you took the evidence and returned it there on July 16, 1996?

27 A. Yes.

28 Q. And you show yourself as the receiver; is that  
29 correct?

1           A.    Yes.  I was -- said delivered by and generally that  
2 is the law enforcement officer's name.  And the received by  
3 would be the crime lab official that receives the evidence.

4           Q.    All right.  And in this case since you actually had  
5 been the collector, it just says collected at crime scene; is  
6 that correct?

7           A.    Yes.

8           Q.    And you show the two requesting officers here -  
9 Chief Johnny Hargrove and Criminal Investigation Bureau  
10 Captain, I believe, Wayne Miller.

11          A.    I'm not sure of his title, but it is Wayne Miller.

12          Q.    All right.

13          A.    And whatever it was then may be different now.

14          Q.    All right.  Thank you.

15          Let me go ahead and have this --

16          (MRS. STEINER SHOWED A DOCUMENT TO MR. EVANS.)

17               MR. EVANS:  That is not the whole report.

18               MRS. STEINER:  May I approach again, Your  
19 Honor?

20               THE COURT:  You may.

21          Q.    Miss Schoene, Mr. Evans pointed out to me I was only  
22 showing you the first page of that.

23          A.    You, you had said the first page.

24          Q.    Yeah.  I'm going to ask you to inspect the first  
25 page that you have already seen, and I'm handing you a second  
26 page behind it.  I need to ask is that the complete evidence  
27 submission form for the evidence collected by you at the Tardy  
28 Furniture store crime scene on July 16, 1996?

29          A.    Is this the complete --

1 Q. Those two --

2 A. What was your question?

3 Q. Is this -- is this -- is this the evidence log  
4 listing all the evidence collected by you on the 16th and  
5 submitted by you that evening?

6 A. What this appears to be is a copy from our main  
7 file, because there are handwritten notes on this. This is  
8 only a partial list of evidence submitted in this case. I  
9 believe there were up to possibly 70 exhibits in this case.

10 Q. Did I --

11 A. I --

12 Q. But that you personally received. Is that what you  
13 received that day and turned in?

14 A. I, I believe so. Yes.

15 Q. Okay. I'd like to offer these two pages as a single  
16 exhibit.

17 MR. EVANS: We would ask that the entire list  
18 of all exhibits that were submitted be introduced if part  
19 of it is going to be introduced.

20 THE COURT: I think she said this was all she  
21 did.

22 MR. EVANS: Well, I couldn't understand if this  
23 was all she did or there were others that she did.

24 Q. I know that were 70-some ultimately pieces of  
25 evidence submitted to the crime lab. All I'm asking you is  
26 this a complete list of what you and your colleague at the  
27 crime scene personally collected and, I believe, you said you  
28 then transported in sealed form back to the crime lab that  
29 day?

1           A.    So I believe -- I believe what you are asking is is  
2 this the evidence that I collected and submitted on this day  
3 as the paperwork shows?

4           Q.    Yes.

5           A.    Yes.  And there are two pages to this.

6                   MR. EVANS:  No objection.

7                   THE COURT:  I'll allow it to be admitted  
8 without objection.

9           (THE MISSISSIPPI CRIME LAB EVIDENCE SUBMISSION FORM WAS  
10 MARKED DEFENDANT'S EXHIBIT NUMBER 10 AND ADMITTED INTO  
11 EVIDENCE.)

12                   THE COURT:  She has marked it now.

13                   MRS. STEINER:  Oh, thank you.

14                   And is that in evidence now?

15                   THE COURT REPORTER:  Yes, ma'am.

16                   MRS. STEINER:  Okay.  Thank you.

17           Q.    Now, as part of documenting the crime scene your  
18 notes reflect -- well, actually, your chart reflects there was  
19 actually a purse sitting here behind the counter; is that  
20 correct?

21           A.    Yes.

22           Q.    And that purse had money and credit cards and, I  
23 believe, possibly one or two sets of keys in it; is that  
24 correct?

25           A.    That sounds correct, but I do have -- let me -- if  
26 you would, give me a second to try to find that in my notes.

27                   Are you reading that off of my notes?

28           Q.    I thought I was, and I will try and find it here.

29           A.    If you could just reference a page number for me.

1 That does sound correct, but I would like for the jury to hear  
2 it from my notes.

3 Q. Oh, I'm -- it's on -- actually it's on Exhibit...

4 A. Here it is.

5 Q. I believe it's on your summary on Exhibit S --

6 A. Yes. But my raw notes, Page 9 of my crime scene  
7 notes --

8 May I just read from my notes?

9 THE COURT: (Nodded.)

10 Q. Yes. Certainly.

11 A. Say that the purse of Carmen Rigby, which is the one  
12 that -- well, the one that was behind the counter on the floor  
13 there. Large tan and cloth. Located on the floor behind the  
14 counter. Wallet with a \$10 bill was exposed. Check Number  
15 2173 showing. I also go on to record her checks, and there  
16 are two sets of keys also.

17 Q. And actually, in that same note, that is where your  
18 note that all the drawers behind that counter were closed when  
19 you entered and made your initial inspection --

20 A. Yes.

21 Q. -- of the scene.

22 A. Yes. That is behind the counter. Yes.

23 Q. So I believe you earlier identified one of the  
24 photographs was a picture of a cash drawer in that counter  
25 that was open.

26 A. Right.

27 Q. But that had been opened in order that you could  
28 take a photograph of it, not because it was standing -- that  
29 isn't how it was when you entered the scene.

1           A.    Right.  According to me, I say counter and counter  
2 area, all drawers are closed, neat and orderly.  So the  
3 picture that was shown was documentation of the content of  
4 that cash drawer or drawer that contained coins.

5           Q.    Okay.  And now, I believe that in addition to  
6 actually yourself doing the processing that you explained to  
7 the jury earlier, now, you actually requested that the  
8 E.M.T.'s return to the crime scene so that you could  
9 personally document their shoes for whoever was going to do  
10 your footwear examination.

11          A.    That's correct.  If you recall, the partial footwear  
12 impressions that appeared to be in blood near the body of  
13 Carmen Rigby.  When I arrived on the scene, Chief Johnny  
14 Hargrove had pointed those out to me, those partial footwear  
15 impressions and had said that they were there when he arrived.  
16 So as the analyst on scene, I said well, I need to know -- I  
17 mean those footwear impressions could have come from somebody  
18 who had been in the scene.  Don't necessarily mean that it  
19 came from the perpetrator.

20          So part of my role there was to look at not only his  
21 shoes but everybody else's shoes that had been there prior to  
22 my arrival, and that included Chief Johnny Hargrove, the  
23 gentleman who found the body, and that is who I requested to  
24 come back and let me look at his shoes.  The tread pattern on  
25 his shoes were not -- was not similar to the impressions that  
26 were made on that linoleum floor.

27          If you recall the linoleum, the impressions were zig-zag.  
28 You could see it in the impression.  The footwear outsole on  
29 the person who found the scene was in a horizontal pattern.

1 So I could exclude the person who found the body as being the  
2 person who left those impressions.

3 Q. And --

4 A. I also requested the E.M.T.'s who were there to  
5 remove -- who arrived before I did and left before I got  
6 there, I also requested that they return to the scene as well  
7 so I could examine their, their footwear impressions as well.

8 Q. Thank you, Miss Schoene. I didn't mean to interrupt  
9 you. You -- and, in fact, on Page --

10 A. 10, I believe.

11 Q. -- 10 of your notes. When the man who found the,  
12 the bodies came back, you not only documented that he had come  
13 back, but you made a little sketch of the pattern you had  
14 observed on the soles of his shoes; is that correct?

15 A. It's a loose interpretation of sketch. It's  
16 actually more like a scribble. But thank you. It's -- yeah,  
17 I did draw a loose pattern of what his soles look like so I  
18 could refresh my memory if it came up again.

19 If you recall, I am also nationally certified -- at the  
20 time I was nationally certified as a footwear and tire track  
21 impression analyst. So I did have training in footwear  
22 comparison. So I felt quite comfortable excluding the  
23 people's -- everybody who came back that I looked at their  
24 footwear impression, I felt quite comfortable excluding those  
25 as being potential depositors of those partial impressions.

26 Q. Miss Schoene, did -- so you are testifying here that  
27 they actually did -- I don't find --

28 A. I'm sorry. Say that again.

29 Q. I, I note where you had asked the -- that the

1 E.M.T.'s return so you could make that inspection. And then  
2 there are some notes about what had been said by them. And I  
3 don't want you to talk about what was said by anybody else.

4 MR. EVANS: Your Honor. I object. If she is  
5 going to go into her report, she can go into her entire  
6 report.

7 THE COURT: Well, I think she can get into any  
8 part of the report she wants right now. This is  
9 cross-examination. So if that is an objection, it is  
10 overruled.

11 Q. The -- I, I don't find a description anywhere in  
12 your report of having a description of what the prints of the  
13 E.M.T.'s looked like, and I -- what the shoe bottoms of the  
14 E.M.T.'s looked like. And I am wondering is that because they  
15 were unable to return for you to personally observe them? Or  
16 does it just mean it was so distinct that you didn't make a  
17 notation?

18 A. No. I believe, if you allow me a second to look at  
19 the notes --

20 Q. Sure.

21 A. -- they did return, and I did a comparison.

22 Q. Okay.

23 A. And if they were in any way similar with, again, the  
24 tread pattern, being these broad zig-zags, if they were in any  
25 way similar, I would have collected those footwear impressions  
26 from the E.M.T. And I have taken many boots from E.M.T.  
27 personnel at crime scenes that came back that footwear  
28 impression was similar. I have sent E.M.T.'s home without  
29 shoes in the past. But what that would mean is that I did a

1 visual examination, was able to exclude the E.M.T.'s from  
2 having made those impressions.

3 Q. Thank you.

4 And it was so divergent from anything on the crime scene  
5 that you considered it not necessary to, to collect the boots  
6 from these E.M.T.'s.

7 A. I wouldn't say -- divergent is not the term that I  
8 would use. I could say that I did a visual examination as a  
9 trained footwear impression analyst and on the spot excluded  
10 those shoes as being even possible footwear that could have  
11 left that impression.

12 Q. All right. And I mean -- you have been here for  
13 almost three, two, two hours at least. And it's safe to say I  
14 sat here and listened to you and feel like you collected  
15 everything from that crime scene that in your professional  
16 training as a crime scene analyst you considered to be of  
17 significance to documenting this particular event, at least  
18 from a forensic point of view.

19 A. Thank you.

20 Q. Thank you.

21 A. Was, was that a question?

22 Q. The question --

23 A. I, I appreciate that.

24 Q. Did you -- is that correct? You, you did -- you and  
25 your associate using your professional training collected  
26 everything from this scene that you thought to be of  
27 evidentiary significance in this case that you observed.

28 A. I still don't think I understand your -- did we --  
29 did we collect evidence that we found pertinent to the case?

1 Q. Yes.

2 A. Yes, ma'am.

3 Q. And you attempted to be as thorough as you possibly  
4 could be in doing so. Is that also a fair statement?

5 A. Given the constraints of the large room, and the  
6 multiple victims, yes.

7 Q. All right. Were you or any of your colleagues, to  
8 your knowledge, ever called back to process anything else at  
9 that scene besides what you actually processed that day? Did  
10 you ever return to Tardy Furniture to do any further crime  
11 scene processing?

12 A. No.

13 Q. Did you ever -- were you ever called to, to a  
14 location -- did you ever come back to Winona to a location on  
15 Poorhouse Road in rural Montgomery County to do any kind of  
16 documentation or processing of an evidence collection place in  
17 connection with this case?

18 A. In regards to this case?

19 Q. Yes.

20 A. No. I had -- I played two roles in this case. One  
21 was to collect the evidence from Tardy Furniture. And I also  
22 went to the police station after that --

23 Q. I --

24 A. -- to dust that car for prints. But outside of  
25 that, I had no involvement.

26 Q. Okay. One more thing. You said that you sat your  
27 -- when you took the photographs of the shoe prints -- I even  
28 stopped taking notes, I was so interested in how you were  
29 talking about that. But you set your camera at the angle that

1 was appropriate to get a true angle and took photographs.  
2 This was before the advent of digital cameras. Is that  
3 correct?

4 A. No, ma'am. Digital cameras existed then.

5 Q. Okay. But you did not use them for examination  
6 quality black and white photography.

7 A. Correct. At the time black and white wet film  
8 photography afforded much greater detail when the, the film is  
9 enlarged. And if you recall, that film must be enlarged. We  
10 take a little picture on a small piece of film, but that piece  
11 of film has to be enlarged to a one-to-one ratio because when  
12 the examiner examines that impression he or she literally  
13 does -- looks at this, looks at the impression and looks at  
14 the known -- looks at question impression and looks at the  
15 known impression and literally does a visual side-by-side  
16 examination. So that's why it is so necessary to use  
17 examination quality photography that I described earlier with  
18 the tripod and the oblique lighting and the black and white  
19 fill. Digital photography was, was available, I believe, was  
20 available then. But to use it for crime scenes is not  
21 something that was well accepted yet.

22 Q. It is now; is that correct?

23 A. It probably would depend on the circuit and the  
24 circumstances. I don't know that I would use digital  
25 photography for examination quality photography.

26 Q. And did you have -- I'm trying to remember. I, I  
27 saw some crime scene photos in the different cases that had  
28 little laser points to try and identify things. Is that -- is  
29 that -- has the technology of setting and measuring improved

1 any since, since then to your knowledge? I know you haven't  
2 been doing it, but you testified you have been teaching it.

3 A. Right. I'm not sure -- has the technology advanced  
4 since this time?

5 Q. Yeah.

6 A. Laser technology?

7 Q. Well, to, to, to place -- to make sure your camera  
8 is placed in exactly the correct angle do they -- they don't  
9 do that?

10 A. No. As far as -- as far as placing the film at  
11 correct angle, we don't really need a laser for that. It is  
12 something that really looks like a compass. It is called an  
13 angle finder. It has a right angle to it. You might find  
14 something like that similar in a hardware store. But quite  
15 literally we place it on the ground. And if it says the  
16 ground is tilted 20 degrees, then we come up to the tripod  
17 where the camera is hanging down, and we tilt that in the same  
18 direction 20 degrees. So as far as the technology advancement  
19 on that, I, I don't think it could be advanced.

20 Q. Now --

21 A. And this was also a flat surface.

22 Q. Right.

23 A. This was not on the ramp.

24 Q. And so you didn't -- and so you took, I think, a  
25 couple of rolls of film.

26 A. Yes, ma'am. I took at least two rolls of black and  
27 white film. If a roll is 24, then I took a minimum of,  
28 probably, 48 exposures. Because as I said earlier, when you  
29 are taking -- I know there is only three impressions, but you

1 can never be sure which impression and which angle of that  
2 oblique light is going to afford the most detail. So you  
3 really -- it's really trial and error, and you want to take as  
4 many as possible.

5 Q. Because you're only human. And the people who built  
6 your tripod are only human, and the people who calibrated your  
7 level are only human. And you have done -- you did it as well  
8 as humanly possible, but no one can be perfect; is that --

9 A. Well, that's all interesting. But no, the reason  
10 that we take so many photographs is because by holding the  
11 oblique light at different angles, different parts of that  
12 impression are highlighted. So what you are actually doing is  
13 bouncing the light off of what the impression is made of. So  
14 I might hold the light here in one, in one picture, and then  
15 hold it just slightly lower in the next picture. I'm not sure  
16 which one of those is going to look better to the examiner.  
17 So that's actually the reason that we take so many, not, not  
18 because of mistakes.

19 The, the film records the true image. There is not  
20 really much room for error there. And the way that we can be  
21 certain that it records the true image is one of the  
22 requirements for examination quality photography, in addition  
23 to the tripod and that oblique light, is placing a ruler or a  
24 scale inside of that, the frame. And what that allows -- the  
25 reason that we do that is so that when the film is  
26 developed -- you saw us looking at 3 by 5's and 4 by 6 images.  
27 Well, those images are blown up to life size when an examiner  
28 does an impression -- does an examination.

29 So if there is a scale or a ruler inside of that frame,

1 when it goes to the lab to be developed, the person who's  
2 developing the film blows that image up to where what we call  
3 it's a one-to-one ratio. So one centimeter or one inch on the  
4 image film will be quite literally enlarged to real life one  
5 image and one centimeter. And that is how the examiner does  
6 the comparison.

7 Q. But you have testified you were not the examiner in  
8 this case and did not perform any of those comparisons here.

9 A. That is exactly right. I did not perform any  
10 comparisons. However, I am qualified to do so, or was at the  
11 time.

12 Q. Thank you.

13 One moment.

14 (THE WITNESS STRETCHED AND YAWNED.)

15 Have I put you to sleep, Miss Schoene?

16 A. No. It did look like that. But no, I'm eyeing the  
17 Chips-A-Hoy cookies in the jury room.

18 Q. I'm sure there are --

19 A. I wonder if they would notice if I slipped back and  
20 grabbed one.

21 Q. I am sure there are other people thinking about  
22 those too.

23 I just have one more question.

24 Did you or your colleague, to your knowledge, take a  
25 crime scene videotape of the crime scene?

26 A. That is a very good question. And no, we --  
27 sometimes videotape is used in recording and documenting crime  
28 scenes. However, at the Mississippi Crime Lab we have never  
29 used that. At a time it was a bit cost prohibitive. But we

1 did -- at the Mississippi Crime Lab, myself nor did Jody  
2 Creel, use a video camera. Although, other agencies may have.  
3 If they have, I am not aware of it though.

4 MRS. STEINER: Thank you. That's all I have.

5 THE COURT: Any redirect?

6 MR. HILL: Yes, sir.

7 REDIRECT EXAMINATION BY MR. HILL:

8 Q. Miss Schoene, you were asked about the notes that  
9 you took. And there was a -- you were questioned about the  
10 thoroughness and the detail that you used in noting the things  
11 that you saw at the crime scene. In your notes do you have a  
12 page that -- where you -- I think you said you drew or made  
13 notes on the pattern of the footwear impression.

14 A. Yes. It's on Page -- my notes, not my assistant's.  
15 I should say colleague, not assistant. Here we go. My notes  
16 on Page 10.

17 MRS. STEINER: Okay. Could I have this marked  
18 for identification, please, as the next exhibit?

19 (A PAGE OF MELISSA SCHOENE'S NOTES WAS MARKED STATE'S  
20 EXHIBIT NUMBER 129 FOR IDENTIFICATION.)

21 Q. Miss Schoene, I want to show you State's Exhibit  
22 Number 129 for identification. Would you compare that to your  
23 Page 10 of your notes, or I believe that indicates Page 10; is  
24 that right?

25 A. Yes, it does. Yes. What State's Exhibit 129 is, is  
26 a copy -- a photocopy of Page 10 of my crime scene notes.

27 Q. Okay. And it has the true copy certification at the  
28 bottom --

29 A. Yes.

1 Q. -- from the crime lab; is that right?

2 A. Yes.

3 Q. And is that a copy of your notes?

4 A. Yes.

5 Q. Okay. Did you -- and you can refer to your Page 10,  
6 if you like. The rough drawing at the top of that, Miss  
7 Schoene, I would call that a -- kind of winged-looking  
8 Chevron-looking -- maybe Chevron is not a good term, but  
9 angles; is that right?

10 A. I would call it a Wide "M".

11 Q. A wide "M".

12 A. Yeah. It looks like the letter "M", but it is wide.  
13 So it is almost like a zig-zag.

14 Q. Okay. And you also noted at the bottom of that same  
15 page at 5:20 p.m., would you tell us what happened at 5:20  
16 p.m. as reflected in your notes, please?

17 THE WITNESS: May I read from my notes?

18 THE COURT: You may.

19 A. I say 5:20 p.m. Jack Matthews brought in shoes of  
20 man who found the bodies. The soles were horizontal lines  
21 only, and that is where I drew a picture. The E.M.T.'s said  
22 the bloody shoe impressions were here when they arrived, same  
23 with chief, who was first on the scene.

24 Q. Okay. And you got that directly from those people,  
25 the E.M.T.'s and the chief.

26 A. Yes. This is -- it's in my handwriting in my notes.  
27 Yes.

28 MR. HILL: Okay. Okay. Your Honor, we would  
29 ask that State's 127 -- I'm sorry, 129 for identification

1 be received.

2 MRS. STEINER: No objection, Your Honor.

3 THE COURT: I'll allow it to be admitted  
4 without objection.

5 MRS. STEINER: Does Mr. Hill have another page  
6 he is going to have marked?

7 MR. HILL: This -- I'm preparing 5, Page 5 of  
8 the witness's notes.

9 (PAGE 5 OF THE CRIME SCENE NOTES WAS MARKED STATE'S  
10 EXHIBIT NUMBER 130 FOR IDENTIFICATION.)

11 Q. Miss Schoene, I have State's Exhibit Number 130 for  
12 identification. Would you please compare this with Page 5 of  
13 your notes and tell us if that is a true photocopy of the  
14 notes you have?

15 A. Yeah. State's Exhibit 130 is a photocopy of Jody's  
16 original notes taken at the crime scene, her Page 5.

17 MRS. STEINER: I'm sorry. Wrong page. May I  
18 see what it is?

19 MR. HILL: Sure.

20 THE WITNESS: It lists the contents --

21 THE COURT: Wait. Let her look at it.

22 MRS. STEINER: Your Honor, no objection.

23 THE COURT: Are you not objecting to it being  
24 admitted? It hadn't been offered.

25 MRS. STEINER: I thought he was offering. I  
26 certainly don't object to its being identified.

27 THE COURT: I mean I thought if you weren't  
28 objecting to it, go ahead and just have it admitted.

29 MRS. STEINER: That will be fine.

1 THE COURT: I mean, assuming you are going to  
2 seek to do that eventually.

3 MR. HILL: Yes, sir, I would.

4 THE COURT: I will go ahead and allow it to be  
5 admitted.

6 MR. HILL: Yes, sir.

7 (PAGE 5 OF THE CRIME SCENE NOTES PREVIOUSLY MARKED  
8 STATE'S EXHIBIT NUMBER 130 FOR IDENTIFICATION WAS ADMITTED  
9 INTO EVIDENCE.)

10 Q. Now, Miss Schoene, I have State's Exhibit Number  
11 130, which you've testified is a copy of the notes prepared by  
12 you and your assistant, Miss Creel. And I'm interested for  
13 the first part of my questioning, where it says money drawer,  
14 do you see that in writing on your notes?

15 A. I do.

16 Q. I want to show you also a picture at this time of  
17 State's Exhibit 29. Would you look at that and compare that  
18 photograph to the notes that are in your file and tell us  
19 first of all, what are the notes recorded as to the money  
20 drawer there?

21 A. You want the notes first?

22 Q. Yes. If you would read the notes, please.

23 A. The notes on Page 5 say money drawer. No bills.  
24 All types of coins. Several sets of keys. Exxon card.  
25 Envelope containing two checks. There is also a receipt book.  
26 Last receipt to Diana Moore on 7-16-96. Late charges 558.  
27 Garnishment fee 15. Court costs 44. The number with a money  
28 sign 162. And in quotes on a -- capital A-slash-C paid by  
29 justice court.

1 Q. And that was in the receipt book; is that right?

2 A. Yes.

3 Q. Now I want to direct your attention, if I may, just  
4 to the top part where it says money drawer.

5 A. Okay.

6 Q. Did, did you or your associate, Miss Creel, since  
7 determine that there was any currency, any U.S. currency,  
8 bills in the drawer?

9 A. There were no paper bills in the drawer.

10 Q. Okay. And did you have a photograph, S-29, of the  
11 drawer available to look at there?

12 A. State's Exhibit 29 is a photograph that shows the  
13 contents of the cash drawer, the money drawer, that I had just  
14 called out, read out loud to you.

15 Q. Okay. And is that photograph consistent with the  
16 notes up there on the money drawer section?

17 A. Yes, it is.

18 Q. Okay. And the .01. , .05 , .1 and .25 does that look  
19 like indications for pennies, nickels dimes and quarters?

20 A. Yes.

21 MR. HILL: Your Honor, at this time I would ask  
22 that State's Exhibit 130 be --

23 It's already in. I'm sorry. Pardon me just one  
24 minute, Your Honor.

25 Your Honor, I would simply ask that State's 129 and  
26 130 be published to the jury, and we would have no  
27 further questions.

28 THE COURT: Miss Schoene, I assume is finally  
29 excused.

*In Open Court*

1 MRS. STEINER: Your Honor, may the two  
2 documents that were admitted by the defendant during the  
3 examination also be published?

4 THE COURT: They can all four be handed over  
5 there.

6 Miss Schoene is finally excused?

7 MR. HILL: Yes, sir.

8 THE COURT: You may go. You are excused.

9 THE WITNESS: I appreciate that.

10 THE COURT: I'm going to want the jury to step  
11 in the jury room for just a couple of minutes. I guess  
12 they can take those exhibits and look at them back in the  
13 jury room. They were going to be published to them while  
14 they were sitting here.

15 MRS. STEINER: That would be fine.

16 Should they be instructed the fact that they take  
17 them back has no significance?

18 THE COURT: Ladies and gentlemen, I mean, I am  
19 going to talk to the lawyers a couple of minutes. These  
20 were items that have just been admitted that I was going  
21 to let be handed to you. I am just going to let you look  
22 at them back there. But don't place any more  
23 significance on them just because I am letting you look  
24 at them in the jury room instead of while you are sitting  
25 here. Because all the evidence that is going to be  
26 admitted in -- here during the course of trial will be  
27 things you are going to consider and look at. You know,  
28 you should look and weigh all the evidence equally. So  
29 don't take any inference just because you are looking at

*Jury Out*

1           them back here as opposed to while you are sitting here.

2           If you will, step back there for a few minutes,  
3           please.

4           (THE JURY LEFT THE COURTROOM.)

5           THE COURT: Counsel, I wanted -- I am going to  
6           recess for the day, but I've got a -- I've got a note  
7           from one of the jurors that was asking if they were  
8           prohibited from watching the NBA finals and/or a portable  
9           DVD player hooked up to the t.v. to watch movies.

10          It is my view that if I instruct them not to watch  
11          any Mississippi television stations, they would be safe.  
12          But I -- you know, I want input. And I don't know  
13          whether -- I think most of the things in Grenada come out  
14          of -- come out of Memphis but --

15          MRS. STEINER: Aren't the NBA finals on ESPN?

16          THE COURT: I'm not --

17          MR. CARTER: No. It's on ABC, isn't it?

18          THE COURT: I have been way to busy to even  
19          think about it. I know I don't have any ABC affiliated  
20          stations that has ever made any media request to be here.  
21          And as I say, I don't know what to tell the jury, but I  
22          am -- I felt like out of courtesy to them, I would give  
23          them a response to what they were asking.

24          THE BAILIFF: It is on the news though.

25          MRS. STEINER: But, Your Honor, if it is a  
26          local news outlet, the problem is that they can in ads  
27          during the game be promo-ing upcoming -- I believe, there  
28          is news after the game tonight; is that not correct? And  
29          I'm concerned. I suppose if the bailiff were physically

*Jury Out*

1 present and every time there was a break he or she  
2 flipped it off and timed it and put it back on that would  
3 prevent that. But I am concerned --

4 THE COURT: I will just instruct that as long  
5 as -- maybe they can all get in a group and watch the  
6 game together or t.v. together, as long as the bailiff is  
7 present with them when they are doing that. So that --

8 MRS. STEINER: With very specific instructions  
9 that at no time anything other than the game is showing  
10 should the jurors be able to watch it.

11 THE COURT: Get my night bailiffs in here. I  
12 am going to tell them that before I tell them that,  
13 because I don't want any confusion.

14 MRS. STEINER: And, Your Honor, I think it  
15 should be in a common room with one television set.

16 THE COURT: Well, I mean we have got two  
17 bailiffs. It would be impossible to have a bailiff in  
18 everybody's room. So that is what I am going to...

19 MRS. STEINER: And, Your Honor, as well, I have  
20 no problem with allowing televisions that are not  
21 otherwise hooked up to cable or reception to have a DVD  
22 player. But I think, again, that the bailiffs should  
23 keep custody of all the movies and videos and make sure  
24 that, you know, they don't just have a bunch of disks  
25 sitting around in their own rooms and that they can check  
26 them out from the bailiff one at a time to watch.

27 MR. EVANS: And, Your Honor, and the Court may  
28 be ready to break anyway. We have got a short witness  
29 left.

*Jury Out*

1 THE COURT: Who is that?

2 MR. EVANS: Patricia Hallmon. She would not be  
3 very long.

4 THE COURT: Like how long?

5 MR. CARTER: She is going to be longer than  
6 her, if I have anything to do with it, Your Honor.

7 MR. EVANS: That is her whole transcript from  
8 last time, Your Honor.

9 THE COURT: Well, it isn't going to hurt her to  
10 be back tomorrow, if it is very long.

11 (THE NIGHT TIME BAILIFFS ENTERED THE COURTROOM AND  
12 APPROACHED THE BENCH.)

13 Anyway, I was going to -- I had -- the jury  
14 requested if they could watch NBA finals on t.v. I will  
15 allow, I mean, you know, if they all want to congregate  
16 in one room together and watch something together at the  
17 same time, that will be permissible. You could have the  
18 cord to the television connected to one of them in a  
19 particular room or even one of your rooms. But if there  
20 comes any promo for news or for anything that's local,  
21 immediately turn the channel until that is off. So  
22 again, they can only do that if they are with y'all and  
23 under your direct supervision and your watch.

24 THE BAILIFF: Yes, sir.

25 THE COURT: Otherwise, they could not.

26 THE BAILIFF: Yes, sir.

27 THE COURT: And they asked about a possible --  
28 if they could watch, have portable DVD player. If they  
29 have got a portable DVD player that they want to hook up

1 to the t.v., I do not have any problems with that. I  
2 would want you before they played a movie to look at it.  
3 I mean I don't think there is any chance that anybody  
4 would have a video of any proceedings that they brought  
5 with them. They certainly would have gone against my  
6 instructions in doing that. But before anybody starts  
7 looking at a DVD, I want you to look at it to make sure  
8 it is whatever the outside of the package purports it to  
9 be.

10 THE BAILIFF: Okay.

11 THE COURT: And I am going to tell the jury  
12 that very same thing, but I wanted to tell y'all before I  
13 told them.

14 THE BAILIFF: Yes, sir.

15 THE COURT: And we are -- I am going to call  
16 them back out and recess -- you know, we'll recess for  
17 the day. So y'all can be, I guess, getting the van ready  
18 to load them up.

19 THE BAILIFF: Yes, sir.

20 THE COURT: You can bring them in here.

21 (THE JURY RETURNED TO THE COURTROOM.)

22 THE COURT: Ladies and gentlemen, we are going  
23 to recess for the day. I did receive a note from one of  
24 you asking if you could watch the NBA finals or watch  
25 something on t.v.

26 What I'm going to do, and what I have already  
27 instructed the bailiffs to do, is if a bailiff is present  
28 and y'all -- you know, you might have to end up  
29 congregating all in one room or two rooms because we have

1 just got two bailiffs. But if you want to watch  
2 television, as long as there is a bailiff present in the  
3 room with you, you can do that. They will, you know,  
4 have to be there. And you know, if some news item were  
5 to flash up they would immediately -- have been  
6 instructed to change the channel where that you could not  
7 see any or be exposed to any possible media about the  
8 case.

9 So again, you know, I have already advised the  
10 bailiffs of that. And also, I have a request about the  
11 possibility of watching a movie, if you had a portable  
12 DVD player. I will allow portable DVD players to be  
13 connected to a television. But before any movie was  
14 watched, I would want you to show that movie to the  
15 bailiff to make sure that it was what it purported to  
16 be. And I am not saying the bailiff sits there in the  
17 entire movie watching it with you.

18 I am just saying I would want them to look at it and  
19 make sure that it, you know, didn't have -- I mean I dare  
20 say I'm not expecting anybody to try to slip something to  
21 you that would be purporting to be a DVD and be something  
22 else.

23 But also, there is a reason you are sequestered, and  
24 that is to make sure you don't have any outside  
25 influences. So, you know, before any movie was watched,  
26 it would have to at least -- be at least, you know,  
27 previewed by the bailiff to make sure that it was what it  
28 was purporting to be.

29 And are y'all still looking at those exhibits that

1 was...

2 As soon as you get through looking at those last  
3 ones, if you will pass them to the bailiff. And we will  
4 be recessing for the evening. And we will be holding  
5 court tomorrow. I am not going to ask you to sit around  
6 all weekend and just -- without continuing court, because  
7 I know that you are probably wanting to move things along  
8 at a reasonably, orderly fashion. And so we will be  
9 recessed until 9:00 in the morning.

10 As soon as you get through with that...

11 I'll have you step back in the jury room until they  
12 do have the van ready to transport you. And I hope you  
13 have a good evening.

## HAYNE - DIRECT

1 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
2 OPEN COURT ON JUNE 12, 2010, WITH THE  
3 COURT, THE COURT REPORTER, ALL COUNSEL FOR  
4 BOTH PARTIES, THE DEFENDANT, AND THE  
5 CIRCUIT COURT CLERK PRESENT, TO-WIT:)

6 **BY THE COURT:** Be seated, please. Now,  
7 before I have the jury brought in, the bailiff  
8 advised me one of them -- wherever they ate  
9 last night, there was apparently shellfish on  
10 the grill or something. One of them had a  
11 shellfish reaction, and she's wearing shades  
12 today because, I guess, her face swelled up a  
13 little bit and I think a doctor is going to  
14 come sometime this morning and administer some  
15 kind of shot. So when that happens -- I  
16 inquired as to the status of the juror and was  
17 told that she was fine and able to go forward  
18 today, but we'll recess at some point when she  
19 needs that shot to be administered. With that,  
20 we'll resume, and if you'll bring the jury in.

21 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
22 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

23 **BY THE COURT:** Morning, ladies and  
24 gentlemen. The Court will come back to order.  
25 And who would the State's next witness be?

26 **BY MR. EVANS:** Dr. Steven Hayne.

27 **BY THE COURT:** If you could come forward  
28 and raise your right hand and take the oath,  
29 please.

## HAYNE - DIRECT EXAMINATION

1           **BY THE WITNESS:** Yes, Your Honor.

2           **BY THE COURT:** Do you solemnly swear or  
3 affirm that the testimony you give in this case  
4 will be the truth, the whole truth and nothing  
5 but the truth, so help you God?

6           **BY THE WITNESS:** I do, your Honor.

7           **BY THE COURT:** Come around, please, and  
8 have a seat.

9           **BY THE WITNESS:** Thank you, sir.

10          **BY THE COURT:** Will you state your name  
11 for the record, please.

12          **BY THE WITNESS:** Steven Timothy Hayne,  
13 Your Honor.

14          **BY THE COURT:** You may proceed.

15          **BY MR. EVANS:** Thank you, Your Honor.

16                           **DIRECT EXAMINATION**

17   **BY MR. EVANS:**

18           **Q**    Good morning, Dr. Hayne.

19           **A**    Good morning, Counselor.

20           **Q**    Dr. Hayne, would you state for the ladies  
21 and gentlemen of the jury a little bit about what  
22 your educational background is?

23           **A**    I graduated from medical school at Brown  
24 University in Providence, Rhode Island. I did my  
25 pathology training at Letterman Army Medical Center  
26 at the Presidio in San Francisco. Worked at  
27 different institutions in the San Francisco bay area  
28 including Irwin Memorial Blood Bank, the Children's  
29 Hospital in San Francisco, California, University of

## HAYNE - DIRECT EXAMINATION

1 California Moffitt Hospital of San Francisco, the  
2 medical examiners office of the city and county of  
3 San Francisco, the 6th Army Medical Laboratory, as  
4 well as others. And the last six months, I spent in  
5 nuclear medicine.

6 Q Okay. And do you have an occasion in your  
7 profession to perform forensic autopsies?

8 A Yes, sir.

9 Q And what, other than your educational  
10 background, has prepared you for that?

11 A Well, that's -- the primary training is  
12 education and formal training, but also one is  
13 required to maintain ongoing education each year for  
14 licensure.

15 Q Yes, sir. As far as experience, what is  
16 your experience in performing autopsies?

17 A Well, I've been practicing for some 35  
18 years doing that, sir.

19 BY MR. EVANS: Your Honor, I would offer  
20 Dr. Hayne as an expert in the field of forensic  
21 pathology.

22 BY MRS. STEINER: We have no objection.

23 BY THE COURT: I'll allow him to testify  
24 as an expert in that field.

25 BY MR. EVANS:

26 Q Dr. Hayne, did you have an occasion to  
27 perform some autopsies in relationship to this case?

28 A I did, sir. I believe there are four  
29 cases involving a postmortem examination or medical

## HAYNE - DIRECT EXAMINATION

1 legal autopsies.

2 Q Do you have any certain order that you  
3 would rather proceed with the autopsies in?

4 A No, sir. I defer to you.

5 Q Okay. Let's start with Ms. Bertha Tardy.

6 A Yes, Counselor.

7 Q When did you see Ms. Bertha Tardy?

8 A The postmortem examination started on the  
9 16th of July, year 1996, and the autopsy started at  
10 11 p.m., sir.

11 Q Would you tell the ladies and gentlemen of  
12 the jury a little bit about what you do  
13 preliminarily on starting an autopsy??

14 A There are a series of steps involving a  
15 postmortem examination, some of which are required  
16 by the attorney general's office of this state, but  
17 also different national standards by different  
18 organizations -- the Center for Disease Control, the  
19 Armed Forces and Group Pathology, the National  
20 Association of Medical Examiners plus others -- but  
21 the different protocols are essentially the same.

22 The series of steps we start to  
23 include the first step, which is communication with  
24 the submitting officer. In this particular case, it  
25 was the deputy county coroner/medical  
26 examiner/investigator Skeeter Robinson that notified  
27 me and that he also requested that they be done that  
28 night. That's the reason they were late in starting  
29 these cases. And he gave the basic summary of his

## HAYNE - DIRECT EXAMINATION

1 impression of what had occurred.

2           The second step was an external  
3 examination, looking at the external surface of the  
4 body to see if there's evidence of disease or injury  
5 that may have participated in the death of this  
6 individual, recording those photographically as well  
7 as an illustration body diagram sheets and  
8 ultimately in written form. There was collection of  
9 evidence appropriate to that step of the  
10 investigation.

11           It's followed by the third step,  
12 which is the internal examination, opening the body  
13 cavities, looking at the different body organs.  
14 Again, looking to see if there's evidence to see if  
15 there's evidence of disease or injury that may have  
16 participated in the death of this individual,  
17 collection of evidence appropriate to that step of  
18 the investigation. The fourth step is to discuss  
19 the case with the submitting officer in this case,  
20 Mr. Robinson, to see if there are differences  
21 between the scene investigation and the autopsy  
22 findings, and if there are, can they be explained or  
23 not explained.

24           There's a series of additional steps.  
25 And ultimately, in compliance with the attorney  
26 general's rulings of this state, one must generate a  
27 formal written protocol, summarizing the steps that  
28 were taken, the observations and coming to  
29 conclusions as to the cause and manner of death.

## HAYNE - DIRECT EXAMINATION

1 The cause of death is the medical reason that person  
2 died, and there are literally thousands of  
3 possibilities. The manner of death is the  
4 classification of death and only six possibilities  
5 from which to choose, and they would include  
6 suicide, accident, homicide, natural, pending in  
7 some cases until additional information is gathered  
8 and some cases undetermined when one cannot come to  
9 a final conclusion. There are certain cases where  
10 the cause of death one cannot come to a final  
11 conclusion and those are also ruled undetermined.  
12 And each of those steps was taken in the performance  
13 of the postmortem examination of the remains of  
14 Bertha Tardy.

15 Q All right, sir. And to keep from going  
16 back through that on all of them, were those steps  
17 taken on all four of the deceased?

18 A There were, sir.

19 Q All right. I want to start with, again,  
20 on Ms. Bertha Tardy. On your external examination  
21 of Ms. Tardy, what did you observe?

22 A The significant finding was a single  
23 gunshot wound, sir. That entrance gunshot wound was  
24 located over the right side of the head near the  
25 right ear, slightly above it at a point three inches  
26 below the top of the head, three and one half inches  
27 forward from the back of the head. And if I point  
28 to myself, Counselor?

29 Q Yes, sir.

## HAYNE - DIRECT EXAMINATION

1           **A**     The entrance gunshot wound was located  
2 approximately here. It was ovoid, not quite  
3 circular, measuring a half inch in greatest  
4 diameter. There were certain findings that were not  
5 present. Tattooing, smudging, flame injury, powder  
6 residue, indicating that the weapon when fired was  
7 no closer than two to two and a half feet from the  
8 decedent when the weapon was discharged. How much  
9 greater than that, I do not know. The angles of  
10 trajectory were subsequently determined to be going  
11 from right to left, it was going toward the front of  
12 the head at approximately 40 to 50 degrees, and it  
13 was going slightly down at approximately five to ten  
14 degrees. The projectile -- again, if I point to  
15 myself?

16           **Q**     Yes, sir.

17           **A**     Exited adjacent to the far side of the  
18 left eye. There was a tear in the skin that  
19 measured approximately one inch in greatest  
20 dimension where the bullet exited the head. That  
21 point was found to be four inches below the top of  
22 the head, two and one half inches to the left of the  
23 middle of the face.

24           **Q**     All right. So this was a  
25 through-and-through wound?

26           **A**     It was through and through or medically, a  
27 perforating gunshot wound and also described it as a  
28 distant gunshot wound. That is, the weapon was no  
29 closer than two to two and a half feet from the

## HAYNE - DIRECT EXAMINATION

1 decedent when the weapon was fired.

2           **Q**     When you did your internal examination,  
3 were you able to determine what areas the bullet  
4 passed through?

5           **A**     I was, sir.

6           **Q**     And what were those areas?

7           **A**     The significant injuries included the  
8 skull itself. There were fractures at the entrance  
9 and exit wound, as well as additional fractures. It  
10 was also, and most significantly, there was a gaping  
11 gunshot wound through the large cerebral hemisphere  
12 on the top part of the brain, including the right  
13 and the left cerebral hemispheres. The wound track  
14 measured approximately one inch in diameter  
15 producing a gaping wound through the brain itself.  
16 There was also bleeding around the surface of the  
17 brain between the inner surface of the skull and  
18 outer surface of the brain.

19           **Q**     So the bullet went through both the right  
20 and left cerebral hemispheres?

21           **A**     Yes, sir.

22           **Q**     And did you prepare -- you said one of the  
23 steps was to prepare photographs and diagrams. Did  
24 you do that in this case?

25           **A**     I did, Counselor.

26           **BY MRS. STEINER:** Your Honor, to make sure  
27 I'm on the same page with the State.

28           **BY THE COURT:** (Nodding).

29                    (STATE'S COUNSEL SHOWS PHOTOGRAPHS TO

## HAYNE - DIRECT EXAMINATION

1 DEFENSE COUNSEL)

2 BY MR. EVANS:

3 Q Dr. Hayne, I want to hand you Exhibits 57,  
4 58, 59 and 73. I'll ask you if you would examine  
5 these, please, sir.

6 A Yes, Counselor.

7 Q What are they?

8 A State's 73 includes five body illustration  
9 diagram sheets documenting the entrance/exit gunshot  
10 wound sites as well as the entrance to the cranial  
11 vault at the base of the skull and the brain. There  
12 is also the ME-17 form, which is the request for  
13 postmortem examination attached to State's 73.

14 State's 57 shows the exit gunshot  
15 wound adjacent to the far side of the left eye of  
16 Ms. Tardy. There's also a bruise located around the  
17 left eye and a smaller bruise located around the  
18 right eye. Those were a product of the gunshot  
19 wound. State's 58 shows the entrance gunshot wound  
20 to the right side of the head located slightly above  
21 the right ear. State's 58 also shows the entrance  
22 gunshot wound above the right ear, and there is a  
23 ABFO calibrated ruler placed adjacent to the gunshot  
24 wound for documentation of size, sir.

25 Q Dr. Hayne, did you prepare these  
26 photographs and diagrams?

27 A I did, sir.

28 Q And these truly and accurately depict what  
29 you found with Ms. Bertha Tardy?

## HAYNE - DIRECT EXAMINATION

1           **A**     They do, sir.

2           **BY MR. EVANS:**   I would offer these into  
3           evidence, Your Honor.

4           **BY MRS. STEINER:**   Your Honor, I believe  
5           they have already been.   No objection.

6           **BY THE COURT:**   I'll allow them to be  
7           admitted without objection.

8                     (STATE'S EXHIBIT NO. 73 WAS RECEIVED  
9                     INTO EVIDENCE.)

10          **BY MR. EVANS:**

11           **Q**     Dr. Hayne, were you able to determine from  
12           your examination the manner and cause of death of  
13           Ms. Bertha Tardy?

14           **A**     I was, Counselor.

15           **Q**     In addition to your diagrams, I believe  
16           you have brought some mannequins here today; is that  
17           correct?

18           **A**     I did, sir.

19           **Q**     Would those aid you in being able to show  
20           the track of the wound to Ms. Tardy?

21           **A**     It gives a three-dimensional aspect to the  
22           wound track, sir.

23           **BY MR. EVANS:**   Your Honor, may I have the  
24           witness step down?

25           **BY THE COURT:**   You may.

26                     (WITNESS STANDS IN FRONT OF JURY)

27          **BY MR. EVANS:**

28           **Q**     Dr. Hayne, I'll hand you this mannequin  
29           for demonstration purposes.   Would you tell us what

## HAYNE - DIRECT EXAMINATION

1 that mannequin is to represent?

2       **A**     It represents the decedent, Bertha Tardy,  
3 sir.

4       **Q**     Would you show the ladies and gentlemen of  
5 the jury the path of the bullet that struck her and  
6 where it exited?

7       **A**     The entrance gunshot wound was located  
8 slightly above the right ear. The exit gunshot  
9 wound was located on the far side of the left eye.  
10 As you can see, the trajectory is markedly forward,  
11 approximately 40 to 50 degrees and slightly down, at  
12 approximately five to ten degrees. And, of course,  
13 it's traveling from right to the left.

14       **Q**     All right. Thank you, sir.

15       **A**     Yes, sir.

16       **Q**     You may take your seat again.

17               **BY MR. EVANS:** Your Honor, I'd like to  
18 pass these photographs to the jury while I  
19 proceed.

20               **BY THE COURT:** You can hand them to the  
21 bailiff and he may do that.

22                       (PHOTOGRAPHS ARE PUBLISHED TO THE JURY)

23 **BY MR. EVANS:**

24       **Q**     All right. Dr. Hayne, I would like you  
25 next to tell the ladies and gentlemen of the jury  
26 about the autopsy that you performed on Ms. Carmen  
27 Rigby.

28       **A**     Yes, Counselor. As to the external and  
29 internal findings, sir?

## HAYNE - DIRECT EXAMINATION

1           **Q**     Yes, sir.

2           **A**     The most significant finding, Counselor,  
3     was a gunshot wound located to the back of the head  
4     found at a point three inches below the top of the  
5     head, one inch to the right. Again, if I may point  
6     to myself.

7           **Q**     Yes, sir.

8           **A**     Located approximately here on the back of  
9     the head. That particular projectile fragmented  
10    when it struck the skull. One small fragment  
11    traveled forward, down and to the right traveling  
12    across the scalp. Again, if I may point to myself,  
13    and there was a semicircular exit wound located on  
14    the right side of the head behind the right ear  
15    two inches behind the right ear, approximately three  
16    and a half inches below the top of the head.

17                   The larger fragment of the bullet  
18    entered the head traveling to the right at  
19    approximately six degrees and slightly downward at  
20    only approximately ten degrees. The projectile  
21    produced extensive lacerations of the back of the  
22    right cerebral hemisphere as it tears the brain,  
23    measuring up to approximately one and one half  
24    inches individually.

25           **Q**     All right.

26           **A**     In addition, there was a large subdural  
27    hematoma; that is, bleeding between the inner  
28    surface of the skull and the outer surface of the  
29    brain. Of course, there were fractures to the skull

## HAYNE - DIRECT EXAMINATION

1 predominantly located around the occipital bone;  
2 that is, the bone on the right back of the skull.

3 Q And, again, in this case, did you prepare  
4 photographs and diagrams to demonstrate your  
5 findings?

6 A I did, sir, in a like manner as we  
7 discussed in the first postmortem examination case.

8 Q I'll hand you Exhibits 74, 68, 61, 62, 63  
9 and 64, Dr. Hayne, and ask you if you'll take a  
10 minute and look at those exhibits. I'm sorry. I  
11 said 68; it's 86.

12 A Yes, Counselor.

13 Q Dr. Hayne, first starting with the  
14 photographs, would you tell us what they show?

15 A State's 64 shows the exit gunshot wound  
16 near the right ear. State's 63 shows the entrance  
17 gunshot wound on the back of the head. State's 61  
18 shows the entrance gunshot wound as well as the exit  
19 gunshot wound which was produced only by a fragment  
20 of the bullet. The remaining part of the bullet  
21 remained within the head of Ms. Rigby. State's 62  
22 shows one of several superficial lesions traumatic  
23 in origin. This consisting of a small bruise  
24 measuring approximately an inch and a third located  
25 on the inner surface of the right forearm. There  
26 were several other injuries that were  
27 noncontributory to the death.

28 Q All right, sir. And the diagram that you  
29 have up there, what is it?

## HAYNE - DIRECT EXAMINATION

1           **A**     There are a total of four diagrams.

2           **Q**     What exhibit number is it?

3           **A**     I'm sorry.  It's State's 74.

4           **Q**     Okay.  74?

5           **A**     Yes, sir.

6           **Q**     All right.

7           **A**     And it shows, as I have indicated, there  
8 are four pieces of paper.  One shows the entrance  
9 wound, one shows the exit wound, the third shows the  
10 injury to the brain and the fourth one shows  
11 injuries to the cranial vault.

12          **Q**     And do those photographs and diagrams  
13 truly depict what you found in your autopsy of  
14 Ms. Carmen Rigby?

15          **A**     They do, sir.

16          **Q**     What is the other exhibit that I asked you  
17 to look at?

18          **A**     State's 86 consists of several items, one  
19 of which is an evidence bag, and it's very difficult  
20 to read the information on there.  It's been  
21 smeared.  Inside it is a plastic tube, and I can  
22 read the name Rigby on it.  And, again, the ink has  
23 been smeared.  Located within the sealed tube is a  
24 piece of paper and I can see a bullet fragment  
25 located there, Counselor.

26          **Q**     Do you know what that exhibit is?

27          **A**     Yes, sir.

28          **Q**     What is it?

29          **A**     It's evidence that I recovered during the

## HAYNE - DIRECT EXAMINATION

1 course of the postmortem examination and consisting  
2 of the bullet recovered from the brain or a bullet  
3 fragment. The bullet was washed, dried, wrapped in  
4 paper, placed in the plastic tube, sealed, labeled,  
5 placed in the evidence container, sealed and labeled  
6 and the chain of custody was initiated for delivery  
7 to the firearms division of the Mississippi Crime  
8 Lab in Jackson.

9 Q And this is the bullet that you removed  
10 from the head of Ms. Carmen Rigby?

11 A The bullet fragment, yes, sir.

12 BY MR. EVANS: Your Honor, I offer this  
13 exhibit and the diagram into evidence.

14 BY MRS. STEINER: No objection, Your  
15 Honor.

16 BY THE COURT: I'll allow it to be  
17 admitted. I just want to be clear: These  
18 previous photographs, I think y'all apparently  
19 had agreed ahead of time on preadmission of  
20 some evidence?

21 BY MRS. STEINER: Yes, Your Honor. The  
22 photographs had been preadmitted. I believe  
23 the diagrams too.

24 BY THE COURT: I think I just need to make  
25 a ruling at this time that any items of  
26 evidence that both sides agreed to ahead of  
27 time will be admitted. Because I don't think  
28 that was actually -- y'all agreed among  
29 yourselves but you didn't ever notify the

## HAYNE - DIRECT EXAMINATION

1 Court. And so just to get that all clear, for  
2 the record, I will allow any evidence that both  
3 sides agreed to ahead of time to be admitted.

4 **BY MR. EVANS:** Thank you, Your Honor. And  
5 this particular autopsy, those photographs are  
6 61, 62, 63 and 64.

7 **BY THE COURT:** That will be fine.

8 (STATE'S EXHIBIT NOs. 61, 62, 63, 64,  
9 74 and 86 WERE RECEIVED INTO EVIDENCE.)

10 **BY MR. EVANS:** Your Honor, as I proceed, I  
11 would like to ask that the bailiff pass these  
12 photographs to the jury, also.

13 **BY THE COURT:** He may do so.

14 (PHOTOGRAPHS ARE PUBLISHED TO THE JURY)

15 **BY MR. EVANS:**

16 **Q** And Exhibit 68 -- 86. I did it again.  
17 All right. Dr. Hayne, were you able to determine  
18 the manner and cause of death of Ms. Carmen Rigby?

19 **A** Yes, Counselor.

20 **Q** And what was that?

21 **A** I ruled Ms. Rigby died from a gunshot  
22 wound to the back of the head, distant and  
23 penetrating, and the underlying cause of death was  
24 homicide.

25 **Q** And do you also have a mannequin that  
26 would help you to show the jury the angle and path  
27 of the bullet that struck her?

28 **A** I did construct that, Counselor.

29 **BY MR. EVANS:** May the witness step down,

## HAYNE - DIRECT EXAMINATION

1 Your Honor?

2 BY THE COURT: He may.

3 (THE WITNESS STANDS IN FRONT OF THE  
4 JURY)

5 BY MR. EVANS:

6 Q Is this the one that you have prepared  
7 Dr. Hayne?

8 A It is, sir.

9 Q Would you point out to the ladies and  
10 gentlemen of the jury where she was struck and the  
11 path that the bullet took?

12 A The bullet struck the decedent in the back  
13 of the head, three inches below the top, one inch to  
14 the right. And the bullet, as you can see, is  
15 traveling markedly to the right, going from back to  
16 front and to the right, going to the right at  
17 approximately 60 degrees slightly down. One exit  
18 wound was located approximately here behind the  
19 right ear and three and one half inches below the  
20 top of the head, two inches behind the ear. And  
21 that was a fragment of the bullet that sheared off  
22 when it struck the skull and traveled underneath the  
23 scalp and then exited the scalp. The preponderance  
24 of the bullet entered the cranial vault and was  
25 recovered inside the brain, sir.

26 BY MR. EVANS: Thank you, sir. You may  
27 take your seat.

28 (THE WITNESS RETURNS TO THE STAND)

29 Q Dr. Hayne, I would next like for you to

## HAYNE - DIRECT EXAMINATION

1 look at the autopsy that you performed on Mr. Robert  
2 Golden.

3       **A**     Yes, Counselor.

4       **Q**     Would you tell the ladies and gentlemen of  
5 the jury what you -- your findings as far as the  
6 external and internal examination of Mr. Robert  
7 Golden were?

8       **A**     The significant findings, Counselor,  
9 included two gunshot wounds, both of which were  
10 lethal, would produce death independent of the other  
11 gunshot wound. There was a near-contact gunshot  
12 wound located on the left side of the head actually  
13 striking the ear, front part of the left ear and  
14 that was located at a point five inches below the  
15 top of the head, four inches forward to the back.  
16 Again, if I may point to myself, Counselor.

17       **Q**     Yes, sir.

18       **A**     Located approximately here. There was  
19 tattooing or unburnt fragments of powder that  
20 extended around the entrance gunshot wound measuring  
21 five inches on the vertical, or up down axis, and  
22 four inches on the side axis, indicating that the  
23 weapon was in close proximity to the decedent's head  
24 when the weapon was fired. The bullet was noted to  
25 go through the ear, entering the cranial vault  
26 traveling to the right, also going slightly upward  
27 and then to the back at approximately ten to 20  
28 degrees. The bullet traveled through the cranial  
29 vault of the skull, went through the brain and

## HAYNE - DIRECT EXAMINATION

1 subsequently exited on the right side of the head.

2 And, again, if I may point to myself, Counselor.

3 Q Yes, sir.

4 A It was located behind the right ear  
5 located at a point four inches below the top of the  
6 head, one and one half inches forward from the back  
7 of the head. The bullet went through the brain,  
8 producing a wound track again of similar size to the  
9 other wounds discovered in the first two autopsies  
10 measuring approximately one inch in diameter,  
11 producing massive injuries to the brain and also  
12 bleeding between the inner surface of the brain --  
13 the inner surface of the skull and outer surface of  
14 the brain, producing what is medically called  
15 cranial cerebral trauma; that is, a fracture to the  
16 skull and injury to the brain. No bullet was  
17 recovered from this gunshot wound as it was an exit  
18 gunshot wound.

19 Q All right, sir. And the other wound to  
20 Mr. Golden?

21 A The second gunshot wound consisted of a  
22 lethal gunshot wound that was located on the top of  
23 the head of the decedent and near the midline at a  
24 point two and one half inches forward from the back  
25 of the head. That particular gunshot wound was  
26 noted to travel downward at approximately 30 to 40  
27 degrees. It also was traveling to the right at  
28 approximately ten to 15 degrees. Again, if I may  
29 point to myself.

## HAYNE - DIRECT EXAMINATION

1           **Q**     Yes, sir.

2           **A**     The entrance gunshot wound was located  
3 approximately here on the midline traveling downward  
4 and to the right. That bullet went through the  
5 cranial vault, fracturing the skull after it went  
6 through the scalp and then went through the brain,  
7 subsequently fractured the base of the skull. A  
8 fragmented bullet was recovered from that wound  
9 track and, of course, it was massive trauma to the  
10 brain producing death. As I indicated earlier,  
11 either gunshot wound would have immediately  
12 incapacitated this individual. And either gunshot  
13 wound independent of the other gunshot wound would  
14 produce death.

15          **Q**     And, again, in the case, did you also  
16 produce photographs and diagrams to help demonstrate  
17 your findings?

18          **A**     I did, sir.

19          **Q**     And you've stated that you recovered a  
20 projectile or a fragment of a projectile from one of  
21 wounds of Mr. Golden, also?

22          **A**     Yes, sir. That was the gunshot wound to  
23 the top of the head.

24          **Q**     Did you preserve it?

25          **A**     Yes, sir. It was preserved in a like  
26 manner to the previously discussed evidence; that  
27 is, the bullet was washed, dried, wrapped in paper,  
28 placed in a plastic container, labeled and sealed,  
29 place in an evidence bag, labeled and sealed and

## HAYNE - DIRECT EXAMINATION

1 then submitted to the Mississippi Crime Lab in  
2 Jackson under chain of custody to the firearms  
3 division.

4 Q Dr. Hayne, I want to hand you some  
5 exhibits again. I'll hand you -- these may not be  
6 in order but -- let's see -- 65, 66, 67, 68, 69, 70  
7 and 71.

8 BY MR. EVANS: Which are already in  
9 evidence by agreement, Your Honor.

10 BY MR. EVANS:

11 Q Then I will hand you State's 75A for  
12 identification, State's 75 for identification and  
13 State's 87 for identification. I'll ask you to  
14 examine those if you would, please, sir.

15 A Yes, Counselor.

16 Q Can you tell what those exhibits are?

17 A Yes, I can, sir.

18 Q And the photographs that you have in your  
19 hand, what are they?

20 A They are photographs taken of the decedent  
21 during the course of the postmortem examination  
22 after the body had been washed and dried, sir.

23 Q Do they truly and accurately depict your  
24 findings?

25 A They do, sir.

26 Q The diagrams -- I noticed there are two  
27 diagrams in this case. What is the significance of  
28 the two diagrams, two sets of diagrams?

29 A Well, they were separated, one

## HAYNE - DIRECT EXAMINATION

1 representing the gunshot wound to the top of the  
2 head, one representing the gunshot wound to the left  
3 side of the head.

4 Q So each gunshot wound, you have  
5 specifically diagrammed in separate sets; is that  
6 correct?

7 A Yes, sir. They have been isolated there.

8 Q And do those diagrams truly and accurately  
9 depict each of those two gunshot wounds?

10 A They do, sir.

11 Q And the plastic bag that's in front of  
12 you, what is that?

13 A It is an evidence bag, and it's difficult  
14 to read some of the writing on it. I can see Robert  
15 Golden, and some of it's worn off. Inside the  
16 evidence bag, there's a fragmented bullet including  
17 a lead core and copper jacket. And I can read part  
18 of it. Part of it looks like Robert Golden.

19 Q Did you --

20 A And that would be consistent with what I  
21 placed on both the bag and the tube before they were  
22 sealed.

23 Q Yes, sir. Did you prepare those exhibits?

24 A I did, sir.

25 Q And what is it?

26 A It is the bullet fragments recovered from  
27 the decedent's head corresponding to the gunshot  
28 wound to the top of the head.

29 Q So it's the bullet you recovered from the

## HAYNE - DIRECT EXAMINATION

1 head of Robert Golden?

2 **A** That's correct, sir.

3 **BY MR. EVANS:** Your Honor, I offer this  
4 exhibit and the two diagrams into evidence.  
5 That would be Exhibits 87, 75 and 75A.

6 **BY MRS. STEINER:** No objection, Your  
7 Honor.

8 **BY THE COURT:** I'll allow them to be  
9 admitted without objection.

10 (STATE'S EXHIBIT NO.s 87, 75 and 75A  
11 WERE RECEIVED INTO EVIDENCE.)

12 **BY MR. EVANS:** All right. Your Honor, I  
13 would, again, like to pass these photographs  
14 that are in evidence and Exhibit 87 for the  
15 bailiff to produce to the jury.

16 **BY THE COURT:** You may.

17 (EXHIBITS ARE PUBLISHED TO THE JURY)

18 **BY MR. EVANS:**

19 **Q** Dr. Hayne, did you also prepare exhibits  
20 to demonstrate to the jury the path of the bullets  
21 of the two different gunshot wounds to Dr. --  
22 Robert Golden?

23 **A** I did, sir.

24 **Q** Would you step down, please, sir.

25 **BY THE COURT:** You may.

26 (THE WITNESS STANDS IN FRONT OF THE  
27 JURY)

28 **BY MR. EVANS:**

29 **Q** All right. If you will, take one that's

## HAYNE - DIRECT EXAMINATION

1 marked Golden 1 first, and explain that one to the  
2 jury.

3       **A**     The entrance gunshot wound is located to  
4 the front of the left ear, found at a point five  
5 inches below the top of the head, four inches  
6 forward. As you can see, the bullet is traveling  
7 upward and it's also traveling slightly to the back.  
8 And, of course, it's going from left to right,  
9 exiting above and slightly behind the right ear.

10       **Q**     That would be a through and through?

11       **A**     It was a through and through or a  
12 perforating gunshot wound.

13       **Q**     So there was no projectile recovered from  
14 it?

15       **A**     No bullet was recovered.

16       **Q**     All right. And the one that you've marked  
17 Golden 2 -- first, on Golden 1, is that the wound  
18 that you have described was a close contact wound?

19       **A**     Yes, sir, it was near contact. There was  
20 tattooing or unburnt powder located around the  
21 entrance gunshot wound measuring in extent  
22 five inches on the vertical axis, four inches on the  
23 horizontal axis, indicating that the weapon was in  
24 close proximity to the decedent when the weapon was  
25 fired.

26       **Q**     All right, sir. And now we'll go to  
27 Golden 2.

28       **A**     The second described wound in Mr. Golden  
29 consisted of a distant penetrating gunshot wound to

## HAYNE - DIRECT EXAMINATION

1 the top of the head. As you can see, the projectile  
2 is traveling downward significantly, approximately  
3 40 degrees and slightly to the right, only about  
4 five to ten degrees. And that bullet entered the  
5 skull but did not exit the head.

6 Q And that is the one that you recovered,  
7 the projectile that the jury is passing around now?

8 A That is correct, Counselor.

9 Q All right. Thank you, Dr. Hayne.

10 A Yes, sir.

11 Q All right. Dr. Hayne, we covered the  
12 cause and manner of death on Ms. Bertha Tardy and  
13 Carmen Rigby. What was the cause and manner of  
14 death on Robert Golden?

15 A Mr. Golden died of two gunshot wounds to  
16 the head, sir. One was penetrating and one was  
17 perforating, either one of which would produce death  
18 producing, again, cranial cerebral trauma; that is,  
19 a fracture to the skull and injuries to the brain.

20 Q All right. Dr. Hayne, let's next go to  
21 Derrick Stewart. Did you find anything, I wouldn't  
22 say unusual, but different about him than the other  
23 three victims?

24 A Yes, Counselor.

25 Q What was that?

26 A Mr. Stewart received hospitalization care  
27 for a period of approximately a week after receiving  
28 a gunshot wound. There was evidence of some  
29 healing. There was also evidence of medical

## HAYNE - DIRECT EXAMINATION

1 intervention on the decedent consisting of punctured  
2 sites where an intravenous catheter had been placed  
3 and also the entrance and exit gunshot wound had  
4 been sutured.

5 Q Okay. Did you, again, follow the same  
6 steps with him as you did with other three?

7 A I did, Counselor.

8 Q Would you tell the ladies and gentlemen of  
9 the jury your findings as far as the external and  
10 internal examination?

11 A Yes, sir. The significant findings on the  
12 external examination consisted of a lethal  
13 perforating gunshot wound. I could only conclude  
14 that it was not a contact gunshot wound. There  
15 was -- the area had been shaved and sutured, so I  
16 could not determine if it were near contact or  
17 distant, only that it was not a contact gunshot  
18 wound; that is, the muzzle of the weapon was not  
19 placed directly against the head of Mr. Stewart when  
20 the weapon was fired.

21 The entrance gunshot wound was  
22 located toward the back of the head. In this case,  
23 slightly to the left at a distance of approximately  
24 one inch, and also three inches below the top of the  
25 head. The entrance gunshot wound measured  
26 approximately one half inch in greater dimension.  
27 As I had indicated earlier, it had been sutured by  
28 medical personnel. The bullet was noted to travel  
29 from back to front going to the right at

## HAYNE - DIRECT EXAMINATION

1 approximately five to ten degrees and slightly  
2 downward at approximately five to ten degrees. The  
3 bullet went through the cranial vault, through the  
4 brain and subsequently exited on the forehead near  
5 the intermedial surface of the right eyebrow on the  
6 forehead. And that was found at a point five inches  
7 below the top of the head, one and one third of an  
8 inch to the right. If I may point to myself,  
9 Counselor?

10 Q Yes, sir.

11 A The exit gunshot wound was located  
12 approximately here. It was quite a bit bigger than  
13 the entrance gunshot wound, measuring seven-eighths  
14 of an inch in greater dimension. The entrance  
15 gunshot wound was located on the back of the head on  
16 the left side, one inch to the left of the mid-back  
17 of the head.

18 Q All right. Were you able to determine a  
19 manner and cause of death to Derrick Stewart?

20 A I was, sir.

21 Q What was it?

22 A Mr. Stewart died from a gunshot wound to  
23 the back of the head producing cranial cerebral  
24 trauma, again fracture of the skull, injuries to the  
25 brain. And I ruled the manner of death homicide,  
26 sir.

27 Q And, again, did you also prepare a  
28 photograph and diagrams to demonstrate your  
29 findings?

## HAYNE - DIRECT EXAMINATION

1           **A**     Yes, sir, in a like manner to the other  
2 three cases.

3           **BY MR. EVANS:** Your Honor, I'll hand  
4 Dr. Hayne Exhibits 56, 55, 54 and 53, which are  
5 already in evidence by agreement.

6           **BY THE COURT:** You may.

7           **BY MR. EVANS:** And Exhibit 72 for  
8 identification.

9           **BY THE COURT:** Yes.

10 **BY MR. EVANS:**

11           **Q**     What is Exhibit 72?

12           **A**     72 includes five sheets of body  
13 illustration diagram papers. And it includes old  
14 injuries, superficial scars, medical intervention.  
15 It also shows what are called subacute periosteal  
16 hematomas. Those are bruises on the right and left  
17 eyes, and those are the product of the gunshot  
18 wound. There is some healing to those. And the  
19 last two illustrations -- diagram sheets shows the  
20 entrance and exit wound as well as the trajectory,  
21 sir.

22           **Q**     And --

23           **BY MR. EVANS:** Well, let me just save  
24 myself some time, Your Honor. Your Honor, I  
25 offer Exhibit 72 into evidence.

26           **BY MRS. STEINER:** No objection.

27           **BY THE COURT:** I'll allow it to be  
28 admitted.

29                    (STATE'S EXHIBIT NO. 72 WAS RECEIVED

## HAYNE - DIRECT EXAMINATION

1 INTO EVIDENCE.)

2 BY MR. EVANS:

3 Q The photographs that I've just numbered,  
4 would you state what they are, please?

5 A State's 53 shows the entrance gunshot  
6 wound to the back of the head of the decedent  
7 Mr. Stewart. It has been sutured, and this is  
8 before the sutures were removed during the course of  
9 the autopsy. And there was also an ABFO calibrated  
10 ruler placed adjacent to the entrance gunshot wound  
11 documenting the size of the entrance gunshot wound.

12 State's 54 shows a more distant view  
13 of the entrance gunshot wound where one can readily  
14 see the entrance gunshot wound in relationship to  
15 other physical parameters of the head. And, again,  
16 as I stated before, the photograph was taken before  
17 the sutures were removed during the course of the  
18 autopsy.

19 State's 55 is a facial view of the  
20 decedent, showing the bruises around the right and  
21 left eye as a product of the gunshot wound. And  
22 also the exit gunshot wound located on the bottom  
23 right side of the forehead involving the right  
24 eyebrow, which has also been sutured, and that was  
25 an image taken before the suture's removed during  
26 the course of the autopsy.

27 And State's 56 is a more distant view  
28 of the decedent's face, again, documenting the exit  
29 gunshot wound and also shows some relationship to

## HAYNE - DIRECT EXAMINATION

1 other body markers to the face and neck, sir.

2 **BY MR. EVANS:** Your Honor, may these  
3 photographs be passed to the jury?

4 **BY THE COURT:** You may pass them to the  
5 jury.

6 (PHOTOGRAPHS ARE PUBLISHED TO THE JURY)

7 **BY MR. EVANS:**

8 **Q** Dr. Hayne, did you also prepare an exhibit  
9 to show -- be able to better show the jury the path  
10 of the bullet to Derrick Stewart?

11 **A** I did, sir.

12 **BY MR. EVANS:** Your Honor, may the witness  
13 step down?

14 **BY THE COURT:** He may.

15 (WITNESS STANDS IN FRONT OF THE JURY)

16 **BY MR. EVANS:**

17 **Q** All right. If you would, show the jury  
18 the path of the bullet that struck and killed  
19 Derrick Stewart.

20 **A** The entrance gunshot wound is on the back  
21 of the head, slightly the left from the midline.  
22 The exit gunshot wound is on the face located on the  
23 lower part of the forehead including the right  
24 eyebrow. And one can see the bullet is traveling  
25 front to back. It's traveling slightly to the right  
26 at approximately ten to five degrees, and it's  
27 traveling slightly downward again at approximately  
28 five to ten degrees.

29 **BY MR. EVANS:** All right. Thank you,

## HAYNE - DIRECT EXAMINATION

1 Dr. Hayne. You may take your seat.

2 (WITNESS RETURNS TO THE STAND)

3 **BY MR. EVANS:**

4 **Q** And I'm pretty sure I've covered this but  
5 just to make sure, the cause and manner of death of  
6 Derrick Stewart?

7 **A** Mr. Stewart died from a gunshot wound to  
8 the back of the head producing cranial cerebral  
9 trauma, again fracture of the skull, injuries to the  
10 brain, and I ruled the manner of death a homicide,  
11 sir.

12 **BY MR. EVANS:** Your Honor, at this point,  
13 we would offer the mannequin heads that  
14 Dr. Hayne has used to describe the paths of the  
15 bullets into evidence. And they would need to  
16 be marked.

17 **BY THE COURT:** Any objection?

18 **BY MRS. STEINER:** No, Your Honor.

19 **BY THE COURT:** I'll allow them to be  
20 admitted. And as they're marked into evidence,  
21 I want it read into the record which is which.

22 (STATE'S EXHIBIT NOS. 131 THROUGH 135  
23 WERE MARKED AND RECEIVED INTO EVIDENCE.)

24 **BY MR. EVANS:** Your Honor, for the record,  
25 the one marked Ms. Tardy is Exhibit S-131. The  
26 one marked Rigby is Exhibit S-132. The one  
27 marked Golden 1 is Exhibit S-133. The one  
28 marked Golden 2 is Exhibit S-134. And the one  
29 marked Stewart is Exhibit S-135. Your Honor, I

## HAYNE - DIRECT EXAMINATION

1 will tender Dr. Hayne.

2 **BY THE COURT:** You may proceed.

3 Mrs. Steiner, I was just advised, I think  
4 the jury is ready for a break, so we'll recess  
5 for ten minutes and we'll resume then.

6 **BY MRS. STEINER:** Yes, sir.

7 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
8 CONTINUED IN OPEN COURT WITH THE JURY  
9 PRESENT, TO-WIT:)

10 **BY THE COURT:** Court will come back to  
11 order.

12 Mrs. Steiner, you may proceed.

13 **BY MRS. STEINER:** Thank you, Your Honor.

14 **CROSS-EXAMINATION**

15 **BY MRS. STEINER:**

16 **Q** Dr. Hayne, these heads that have just come  
17 into evidence, that gunshot back to front, single  
18 lethal wound, that's what popular parlance would  
19 call execution style?

20 **A** I'm sorry?

21 **Q** Is that back to front, single bullet, what  
22 in popular parlance they call execution style?

23 **A** It can be called that, yes.

24 **Q** All right. Now, you've -- the jury's been  
25 looking at a lot of photographs today in connection  
26 with your testimony and yesterday that I know --  
27 you've done this for 30 years, so it may not be  
28 disturbing to you. But to us lay people, it's kind  
29 of disturbing to look at these pictures. And I'd

## HAYNE - CROSS

1 like to ask you some questions that will help the  
2 jury understand what those pictures do and don't  
3 mean.

4 **A** Yes, ma'am.

5 **Q** You used the term immediately  
6 incapacitated when you talked about the wounds that  
7 were suffered by all four of these individuals.  
8 What does that mean?

9 **A** It means, Counselor, that I would expect  
10 they would be rendered unconscious upon receiving  
11 those wounds; they were such massive wounds. I  
12 would -- it would be my impression, Counselor, and  
13 belief that there would be no purposeful action.  
14 They would be unconscious, and death would  
15 subsequently --

16 **BY MR. HILL:** Your Honor, the Defendant --

17 **BY THE COURT:** I didn't realize that. We  
18 need Mr. Flowers in here.

19 (THE DEFENDANT ENTERS THE COURTROOM)

20 **BY THE COURT:** And I'll ask you now to  
21 just start again. I think your first question  
22 was about whether it was an  
23 execution-style-type killing.

24 **BY MRS. STEINER:**

25 **Q** Dr. Hayne --

26 **BY THE COURT:** Mr. Flowers missed a couple  
27 of questions, and I didn't want to proceed  
28 without him.

29 **BY MRS. STEINER:** Thank you.

## HAYNE - CROSS

1 BY MRS. STEINER:

2 Q Dr. Hayne, I think the first question I  
3 asked you, in the popular parlance, these single  
4 shot, back to front is known as execution-style  
5 killings; is that correct?

6 A It is, ma'am.

7 Q And then you were explaining for the jury,  
8 you know, what immediately incapacitated meant with  
9 respect to all four of these individuals.

10 A Yes, ma'am. I would expect they would be  
11 rendered unconscious upon receiving the gunshot  
12 wound due to severe injury to the brain that the  
13 bullet produced in each of the four deaths.

14 Q All right. And so -- and with the three  
15 of who were -- came to you that evening on the 16th,  
16 would -- from what you know of what those wounds  
17 were, would death have been effectively  
18 instantaneous for those people upon receiving those  
19 lethal injuries?

20 A It may not be instantaneous, but  
21 unconscious is what I would expect to be  
22 instantaneous. Death would result somewhere  
23 thereafter. The fourth case there was  
24 hospitalization. There was evidence that the brain  
25 had died at an earlier phase. With modern medical  
26 intervention, one can keep a patient alive for a  
27 period of time even though the injuries to the brain  
28 are lethal. The brain had literally died, and there  
29 was evidence of what's called hypoxic

## HAYNE - CROSS

1    encephalopathy. That means that there was -- the  
2    brain had actually died. It was soft and almost  
3    mushy.

4           Q    All right. And we heard some disturbing  
5    testimony that when he was first found --  
6    Mr. Stewart, who was, I believe, the one who --  
7    whose body survived for a week -- there was  
8    respiration and a vis- -- evidence of a heartbeat.  
9    He was also unconscious and doing -- and immediately  
10   incapacitated from his wounds?

11          A    Yes, ma'am. And, of course, when you  
12   describe death, there's so many different criteria  
13   or different forms of death. You can have traumatic  
14   death, cellular death, respiratory death,  
15   cardiovascular death, central nervous system death  
16   and each of them may differ in time frame from each  
17   other, especially if one is being given medical  
18   resuscitation and support. Brain death may occur  
19   first, followed by a period of time before  
20   respiratory and cardiovascular death occurs.

21          Q    Thank you, Doctor.

22                    Doctor, you don't know what caused --  
23   what killed these people?

24          A    Yes, ma'am.

25          Q    You don't know anything about nor does  
26   your autopsy tell us anything about who killed them.  
27   Is that correct?

28          A    I don't -- I don't partake in that part of  
29   the investigation. That's up to other individuals

## HAYNE - CROSS

1 who do that. I do not have an opinion as to who or  
2 whom fired the shots or were involved in the deaths.

3 Q And that's the case for anybody who  
4 sees -- any scientist or professional who sees these  
5 people?

6 A Well, in my field specifically, because we  
7 do not identify the perpetrator.

8 Q Thank you.

9 BY MRS. STEINER: I have nothing further.

10 BY THE COURT: May this witness be excused  
11 finally?

12 BY MR. EVANS: Yes, Your Honor. We would  
13 ask that he be finally excused.

14 BY THE COURT: Dr. Hayne, you may step  
15 down, and you're finally excused.

16 BY THE WITNESS: Thank you, Your Honor.

17 BY MR. EVANS: Patricia Hallmon would be  
18 next.

19 BY THE COURT: If you would, raise your  
20 right hand, please, and take the oath. Do you  
21 solemnly swear or affirm that the testimony you  
22 give in this case to be the truth, the whole  
23 truth and nothing but the truth, so help you  
24 God?

25 BY THE WITNESS: Yes, sir.

26 BY THE COURT: If you'll please have a  
27 seat. State your name, please.

28 BY THE WITNESS: Patricia Sullivan Odom.

29 BY MR. EVANS: All right. May I proceed,

2 BY THE COURT: You may.

3 DIRECT EXAMINATION

4 BY MR. EVANS:

5 Q Patricia, were you also a Hallmon?

6 A Yes.

7 Q I believe that was your name before you  
8 were married; is that correct?

9 A Yes.

10 Q And what's your last name now?

11 A Sullivan Odom.

12 Q Okay. Patricia, I want to direct your  
13 attention back to July the 16th of 1996. Where did  
14 you live at that time?

15 A On McNutt Drive.

16 Q And in what town?

17 A Winona, Mississippi.

18 Q Did you know a person by the name of  
19 Curtis Flowers?

20 A Yes, sir. Yes, sir.

21 Q About how long had you known him?

22 A I know him for a good while.

23 Q Would that be months or years?

24 A Years.

25 Q Where was he living at that time?

26 A With Connie. Connie Moore.

27 Q And where were they staying?

28 A In the next apartment to me. I think it  
29 was -- it was on Magnolia Drive. I think it was

## ODOM - DIRECT

1     like 702.

2           **Q**     Okay. Before I go any further, do you see  
3     the person that you have described knowing for  
4     years, Curtis Flowers, in this courtroom?

5           **A**     Yes, sir. That's him right there.

6           **BY MR. EVANS:** May the record reflect she  
7     has identified the Defendant in the cause.

8           **BY THE COURT:** I'll let it so reflect.

9     **BY MR. EVANS:**

10          **Q**     Now, you've stated that y'all lived in  
11     apartments next to each other. For the benefit of  
12     the jury, can you describe how far apart or how  
13     close these apartments are?

14          **A**     Well, just -- just right next door, I  
15     guess about -- about -- it was about five feet or  
16     so.

17          **Q**     Okay. So they're right at each other?

18          **A**     Yes, sir. They're right close together.

19          **Q**     On the morning of the murders at Tardy  
20     Furniture, did you see the Defendant Curtis Flowers  
21     that morning?

22          **A**     Yes, sir.

23          **Q**     What was the first time approximately that  
24     you saw him that morning?

25          **A**     The first time I saw him as I was on my  
26     morning walk, it was about 4:45, somewhere up in  
27     there. Could have been -- it could have been like  
28     20 'til or -- yeah, somewhere up in there, 4:45 or  
29     20 'til, something like that, but I know it was

## ODOM - DIRECT

1 before 5:00.

2 Q All right. And you had left out from your  
3 house walking?

4 A Yes, sir.

5 Q What was he doing when you saw him that  
6 early in the morning?

7 A He was sitting on the front porch of their  
8 apartment, and he was smoking a cigarette.

9 Q Did you notice anything unusual as you  
10 went by him?

11 A Yes, sir. I spoke to him but he didn't  
12 speak. And I knew that wasn't usual because he  
13 always speak. He was a very friendly person. We  
14 was close friends, and I thought maybe I had did  
15 something to him or something because he didn't  
16 speak back to me, and he always spoke to me. But I  
17 didn't even consider it when I walked my second time  
18 around and I just went on home.

19 Q All right. Did you have an occasion --  
20 well, when you went back home, did you see him as  
21 you were going back to your house?

22 A That morning?

23 Q Right.

24 A No, I just went on. I had passed on by  
25 and went on in my house.

26 Q What was the next time you saw him that  
27 morning, if you did?

28 A Around about 7:30.

29 Q What was he doing at that time?

## ODOM - DIRECT

1           **A**     He was coming across the hill behind our  
2     apartments going up to their -- going to the back  
3     door of their house which is -- you're facing the  
4     back door of their house going in.

5           **Q**     Coming across the hill from where -- from  
6     which direction?

7           **A**     From Powell Street.

8           **Q**     How was he acting at that time?

9           **A**     Well, he was just -- he was walking. You  
10    know, an ordinary person just be walking as a common  
11    walk, but he was just --

12           **BY MR. CARTER:** Your Honor, I object to an  
13    ordinary person, Your Honor.

14           **BY MR. EVANS:** May she proceed, Your  
15    Honor?

16           **BY THE COURT:** I overrule the objection.

17    **BY MR. EVANS:**

18           **Q**     You may proceed.

19           **A**     He was walking in a fast motion coming  
20    across the hill.

21           **Q**     Did you have an occasion that morning to  
22    see how he was dressed at any time?

23           **A**     The first time? The first time that  
24    morning or the second?

25           **Q**     Either one.

26           **A**     The first time that morning I saw him, he  
27    was sitting on that porch. He had on some short  
28    pants and a shirt. The second time I saw him around  
29    about 7:30 he had on some black pants -- some wind

## ODOM - DIRECT

1 suit pants, nylon, and he had on a white shirt. And  
2 they was unzipped, the pants was unzipped at the  
3 leg.

4 Q Okay. Did you have an occasion to notice  
5 his feet?

6 A Yes.

7 Q What kind of shoes did he have on?

8 A He had on some white Fila's Grant Hill  
9 tennis shoes.

10 Q Had you ever seen him wear those white  
11 Fila Grant Hill tennis shoes before?

12 A Yes, I had.

13 Q Can you give us some idea of how long you  
14 had seen him wearing them?

15 A Well, no, I can't. But I have seen him  
16 wearing them before.

17 Q Did you ever see him wearing them after  
18 the murders?

19 A Yes. Well, no. What you mean, after the  
20 murders?

21 Q After the murders had occurred, did you  
22 ever see him wearing them?

23 A No. I wasn't paying him that much  
24 attention, but I saw him that morning at 7:30. And  
25 I didn't -- I wasn't paying him no attention. I  
26 really didn't see him no more after then really.

27 Q Okay. So that was the last time you saw  
28 him that day?

29 A Yes.

## ODOM - DIRECT

1           Q     Now, I want to make sure that I've got  
2 this right. It was at about 4:45 he was sitting on  
3 his porch; is that right?

4           A     Yes, sir.

5           Q     And about somewhere around 7:30, he's  
6 walking real fast back to his house from somewhere?

7           A     Yes, sir.

8           Q     Did you see him leave his house any more  
9 that day?

10          A     Yes. When he went in at 7:30, I saw him  
11 when he left. He went back in the same direction,  
12 but I don't know exactly what time. But I know the  
13 same time when he went in, he wasn't that long  
14 because I was still outside hanging out clothes when  
15 he came back out the house.

16          Q     And you stated that he lived with who  
17 there?

18          A     Connie Moore.

19          Q     Was there any kind of relationship that  
20 you know of between them?

21          A     In between who?

22          Q     Connie More and the Defendant Curtis  
23 Flowers?

24          A     They was girlfriend and boyfriend.

25                BY MR. EVANS: Your Honor, I'll tender  
26 this witness.

27                       CROSS-EXAMINATION

28           BY MR. CARTER:

29          Q     Good morning, Ms. Hallmon.

## ODOM - CROSS

1           **A**     Good morning.

2           **Q**     Didn't Mr. Flowers' parents live behind  
3 where he and Connie lived?

4           **A**     Not exactly behind him. They live on the  
5 street over, over from Powell Street.

6           **Q**     To get to his parents' house, you can walk  
7 behind -- right back behind using that same path you  
8 saw him walking; is that correct?

9           **A**     Yes.

10          **Q**     And you had seen him coming from that path  
11 and coming to the back of his house many times  
12 before; is that correct?

13          **A**     No, I hadn't. No, at that particular  
14 time. I ain't, no. I haven't.

15          **Q**     Your testimony is that you had never seen  
16 Mr. Flowers running or going up that hill from that  
17 direction?

18          **A**     Oh, yeah. I done seen him before.  
19 Before -- you talking about before all this  
20 happened?

21          **Q**     Before that day, you had seen him going  
22 that same direction many times; is that correct?

23          **A**     Not many times because I wasn't paying  
24 attention that much. Not many times now.

25          **Q**     But --

26          **A**     On different occasions, I have seen him  
27 come from that way.

28          **Q**     Well, if it's not many, how many times  
29 have you seen him coming?

## ODOM - CROSS

1           **A**     Well, I wasn't counting. I can't answer  
2     that.

3           **Q**     All right. Now, was it more than once?

4           **A**     Yes, it was more than once, yes.

5           **Q**     Was it more than five?

6           **A**     I told you, I can't answer that. I don't  
7     know how many times it was.

8           **Q**     I'm not trying to fuss with you.

9           **A**     I'm not fussing.

10          **Q**     You said many times, and I'm just trying  
11     to get -- or you said you couldn't say it was many?

12          **A**     I didn't say that. No, I didn't. I said  
13     I don't know how many times. I wasn't counting. I  
14     don't see him all the time come from there. It's  
15     just that I saw him come from that way before.

16          **Q**     Okay. More than once?

17          **A**     Yes, sir.

18          **Q**     And you do know that his parents live in  
19     that direction or somewhat in that direction?

20          **A**     Yes, sir.

21          **Q**     Now, you was close friend with  
22     Mr. Flowers; right?

23          **A**     Yes.

24          **Q**     How close were you?

25          **A**     We was real close.

26          **Q**     What's his date of birth?

27          **A**     My date of birth?

28          **Q**     Mr. Flowers.

29          **A**     I don't know his date of birth.

## ODOM - CROSS

1           Q     You said you was real close.

2           A     That don't mean I know his date of birth.  
3     I could be real close to you and not know your date  
4     of birth.

5           Q     Did you ever go to any party, birthday  
6     party for Mr. Flowers?

7           A     No, I wasn't the going-out type.

8           Q     Did he ever come to any birthday party for  
9     you?

10          A     No.

11          Q     Did y'all hang out together?

12          A     No.

13          Q     Yet he was your close friend, huh?

14          A     I was close friends to Connie. By me  
15     being close to Connie, I know Mr. Flowers. I've  
16     known Mr. Flowers before I knew her.

17          Q     You still maintain you're close friends  
18     with him?

19          A     No.

20          Q     Thank you. Now, haven't you testified in  
21     other proceedings that you also saw Mr. Flowers on  
22     July 16th, 1996, around noontime?

23          A     Around noon?

24          Q     Around 11:30, somewhere in there?

25          A     I can't remember. I don't remember that.  
26     I know the two times that I do know for sure that I  
27     remembered him.

28          Q     Okay. But if you testified to that at  
29     some other period of time, then it has to be true

## ODOM - CROSS

1 because you wouldn't have said it if it wasn't true;  
2 is that correct?

3 **A** Say it again?

4 **BY MR. EVANS:** Your Honor, he can ask the  
5 witness questions, but he can't argue with her.  
6 I'll object to that.

7 **BY THE COURT:** I'll overrule the  
8 objection.

9 **BY MR. CARTER:**

10 **Q** Did you understand the question as I asked  
11 it?

12 **A** No, ask it again.

13 **Q** Have you testified at another hearing that  
14 you also saw Mr. Flowers at another time, around  
15 11:30 to maybe noontime?

16 **A** I don't know. I could have.

17 **Q** So did you see him at another time on that  
18 day?

19 **A** Didn't I just say I don't remember? I  
20 don't remember that time.

21 **Q** Okay. But if the court record shows --

22 **BY MR. EVANS:** Your Honor, she has  
23 answered that question twice.

24 **BY THE COURT:** Well, he can certainly  
25 follow it up.

26 **BY MR. EVANS:** Okay.

27 **BY MR. CARTER:**

28 **Q** So if testimony from another trial showed  
29 that you said --

## ODOM - CROSS

1           **A**     If it shows that I said it, I said it.

2           **Q**     Okay. Now, do you remember talking to  
3 Ms. Liz Van Horn?

4           **A**     Yes, I remember talking to her.

5           **Q**     How many times did you talk to her --

6           **A**     I don't remember.

7           **Q**     -- about this incident? Did you give her  
8 a statement about what you knew about this case?

9           **A**     I'm sure that whoever interviewed me back  
10 then, I'm sure I gave them a statement.

11          **Q**     Do you know who interviewed you back then?

12          **A**     Do what now?

13          **Q**     Do you know who interviewed you back then?

14          **A**     Yeah, I was interviewed -- I was  
15 interviewed by two or three back then.

16          **Q**     Okay. Tell us who they were.

17          **A**     I was interviewed by Mr. Johnson and  
18 Ms. Van Horn.

19          **Q**     Are they the only two?

20          **A**     As I can remember.

21          **Q**     And when did this occur?

22          **A**     I'm not for sure, but I know it wasn't  
23 right off. It could have been a month.

24          **Q**     Okay. What kind of shirt did Mr. Flowers  
25 have on around 4:50 when you saw him?

26          **A**     Around 4:50? I seen him between 4:45 and  
27 it could have been later.

28          **Q**     Okay, 4:45.

29          **A**     He had on a white shirt with some writing.

## ODOM - CROSS

1 I don't know if it was writing or some designs on  
2 it.

3 Q What color was the designs?

4 A I'm not for sure. They could have been  
5 black.

6 Q Okay. Now, you testified that -- now,  
7 Curtis didn't speak to you that morning and he  
8 usually does and that bothered you; right?

9 A Yes.

10 Q In fact, it bothered you so much that you  
11 stopped your walking and went inside your house; is  
12 that correct?

13 A No. I didn't just stop right there in the  
14 road. I just went on home. I was right there at my  
15 house anyway, so I just went on home.

16 Q Just went on home.

17 A Yes.

18 Q And your home is next door to Mr. Flowers?

19 A Yes.

20 Q Now, Mr. Flowers is a very close friend of  
21 yours, and it was pretty obvious you thought that  
22 there was something wrong with him because he didn't  
23 speak to you. But did you go over and speak to him  
24 and try to find out what was wrong with him and --

25 A No, I did not.

26 Q -- offer him some kind of help?

27 A No, I did not.

28 Q Yet he's your friend, your close friend?

29 Now, when you saw him come into the house that

## ODOM - CROSS

1 morning about 7:30, I believe, did you testify then  
2 that you were washing -- or hanging clothes?

3 **A** No. I said my wash cycle just had  
4 finished. I said my wash cycle. I was getting them  
5 out. When I was -- I had started hanging out -- I  
6 went out after I seen him and he already was in his  
7 house. That's when I went out my door and started  
8 hanging out my clothes.

9 **Q** Okay. So at the time you saw him coming  
10 back into the house about 7:30, what were you doing?

11 **A** That's what I was doing. I was right  
12 there standing by my stove at my door. I could see  
13 right out to their back door of the apartment  
14 complex. And I was -- when the washing machine  
15 stopped, I was getting ready to get my clothes out  
16 then, but I saw him as I went -- well, my door was  
17 open. It was summertime. Before I had seen him  
18 then, then it wasn't -- my washer stopped. That's  
19 when I went there and got my clothes and went out.  
20 That's when I seen him when he left the house.

21 **Q** How do you know what time it was?

22 **A** Because I got a clock right there over my  
23 stove. And this was a small load, small load of  
24 clothes. And it was a white load. It was a small  
25 load and that cycle right there, I know what time --  
26 you know, the cycle. And I got a clock right there  
27 by my stove so it was a short cycle.

28 **Q** Okay. You saw Mr. Flowers, and you looked  
29 at the clock?

## ODOM - CROSS

1           **A**     No. When I -- wait, now.

2           **Q**     Go ahead.

3           **A**     Okay. I saw -- when I was standing in my  
4 door, I saw him come into the house. And I got a  
5 clock right there by my stove and I looked -- you  
6 know, I glanced over at my clock. My washing  
7 machine was almost getting ready to stop so that's  
8 why I knew I was getting ready to go outside.  
9 That's why my door was open.

10          **Q**     And how can you know he stayed in the  
11 house about 20 minutes? How did you determine that?

12          **A**     Because as I -- when I came back in my  
13 house -- when I came back in the house, now, my  
14 clock was like -- it was like 7:50 or something like  
15 that. It was like 7:50 or 7:51. I'm not for sure  
16 on the time. I'm not for sure. But it didn't take  
17 me that long to hang out them few clothes. Like I  
18 told you, it was a small load. So that's why I saw  
19 him as he was leaving back out of that house. I  
20 know it wasn't that long. It wasn't 30 minutes or  
21 an hour or nothing like that.

22          **Q**     And that is your best estimate? Is that  
23 what you're telling me?

24          **A**     Uh-huh.

25          **Q**     Did you have a job at the time?

26          **A**     No, I didn't.

27          **Q**     And do you remember when you got one?

28          **A**     No.

29          **Q**     Who was living with you at the time?

## ODOM - CROSS

1           **A**     Carl Sullivan.

2           **Q**     Any children?

3           **A**     Yes.

4           **Q**     How many?

5           **A**     Three.

6           **Q**     Now, what time did you leave home that  
7 day?

8           **A**     What time did I leave?

9           **Q**     Right.

10          **A**     I'm not for sure.

11          **Q**     Did you leave that day?

12          **A**     Yeah, I probably did. I don't -- I'm not  
13 for sure about that either.

14          **Q**     Who else did you see that morning as you  
15 jogged?

16          **A**     I didn't jog. I was walking.

17          **Q**     I'm sorry. As you walked. Well, I don't  
18 want to put words in your mouth. I'm really not  
19 trying to do that. If it seems that way, I'm really  
20 not. So you were walking that morning. Who else  
21 did you see as you were there? Anybody else in the  
22 neighborhood?

23          **A**     No, I didn't see nobody.

24          **Q**     Okay. And what was the route you took --  
25 your walking route?

26          **A**     Well, okay. The route I took. I go out  
27 of my front door, make a left and go to -- I think  
28 that's Cemetery Lane. I think that is. Back then.  
29 I don't know. I think it's Cemetery Lane. Let's

## ODOM - CROSS

1 see. I think that's it. I don't know for sure.

2 Q I'll take your best guess, go ahead.

3 A Okay. Then I go on down and then I make a  
4 left onto Powell, come back around. It wasn't no  
5 long, long walk, you know. It was a short walk for  
6 me -- for me to -- for my exercise. Then I come  
7 back up the hill. That's McNutt, I turn on McNutt.

8 Q Now, was it dark? Wasn't it dark back  
9 then?

10 A It was beginning to get daylight.

11 Q Were you wearing glasses back then?

12 A Yes.

13 Q Are you nearsighted or farsighted? Do you  
14 need glasses for distance or do you need them for  
15 close up?

16 A What does it matter?

17 Q Do you mind if I ask the questions?

18 A I need my -- I just say this: I need my  
19 glasses at all times.

20 Q So does that mean you're --

21 A I'm farsighted and nearsighted.

22 Q You're farsighted and -- okay. Were you  
23 wearing them that morning?

24 A Yes, I was.

25 Q Now, did you see Mr. Flowers after dinner  
26 that day?

27 A Didn't I just tell you I'm not for sure?  
28 If I said it at another trial, I said it. I'm not  
29 for sure.

## ODOM - CROSS

1           Q     Dinner time. I'm talking like 4:00 or  
2 5:00.

3           A     Oh, no. No. I don't remember -- unh-unh.

4           Q     I'm not trying to argue with you,  
5 Ms. Hallmon. I don't want you to think that.

6                     Now, when you met with Mr. Johnson  
7 and gave Mr. Johnson a statement, isn't it a fact  
8 that Mr. Johnson talked with you some period of time  
9 before he turned the recorder on?

10          A     No, no.

11          Q     Did he --

12          A     Talked with me? What you mean, talked  
13 with me?

14          Q     Have a conversation with you.

15          A     No, we didn't have -- about?

16          Q     Whatever y'all had it about.

17          A     No.

18          Q     So --

19          A     No, he just asked me when -- he just asked  
20 me, you know, did I know -- did I know that, you  
21 know, the person and my name and, you know, how  
22 close I'd been. And then he said -- well, you know,  
23 then he turned it on. That was all he asked me.

24          Q     So he did talk with you a little bit  
25 before he turned the tape recorder on?

26          A     Just asked me my name.

27          Q     He just asked you your name? I thought  
28 you said earlier that he asked you more than your  
29 name?

## ODOM - CROSS

1           **A**     Well, my name and did I know -- that right  
2     there, did I know Mr. Flowers.

3           **Q**     Okay. Now Ms. Van Horn was at this  
4     hearing, is that correct, or was she? Who was  
5     there?

6           **A**     I can't remember who was there. I just  
7     know I did give a statement. I can't remember who  
8     was there.

9           **Q**     Yet you can remember all this stuff about  
10    Mr. Flowers?

11          **A**     Yes, I can remember.

12          **Q**     Okay. Now, Ms. Connie Moore had some  
13    children; is that correct?

14          **A**     Yes.

15          **Q**     And how many did she have? Do you  
16    remember?

17          **A**     Yes.

18          **Q**     How many?

19          **A**     She had four.

20          **Q**     What are their names?

21          **A**     Marcus, Lamarcus, Brittany and Marissa.

22          **Q**     And did you have some special relationship  
23    with one of them?

24          **A**     The baby.

25          **Q**     What was that relationship?

26          **A**     I was her godmother.

27          **Q**     And when was the last time you seen them?

28          **A**     I don't come home hardly.

29          **Q**     When was the last time you seen them?

## ODOM - CROSS

1           **A**     It's been a while.

2           **Q**     How long?

3           **A**     It's been some years.  It's been -- it's  
4     been more than five years.

5           **Q**     Now, on the day that the terrible incident  
6     happened down at Tardy's Furniture Store, how many  
7     children did you see at Connie Moore's house that  
8     day?

9           **A**     Say that again, sir.

10          **Q**     On the day that the bad incident happened  
11     down there at Tardy's, how many children -- how many  
12     of Connie's children was actually at her house that  
13     day?

14          **A**     Well, I can't -- it had to -- I guess all  
15     of them was there.

16          **Q**     Okay.  One moment.

17                   Now, didn't you testify at some point  
18     that you bought your children some Fila Grant Hills?

19          **A**     I sure did.

20          **Q**     Okay.  Which children?

21          **A**     Shaviras and Kevin.

22          **Q**     How much did you pay for them?

23          **A**     It was between 75 and -- I'm not for sure  
24     how much it was, but I know it wasn't 100.  It was  
25     between 75 and 85.

26          **Q**     Okay.  Is that what you testified to  
27     earlier?  Is that the same thing you testified to  
28     earlier, ma'am?

29          **A**     I'm sure, yes.

## ODOM - CROSS

1           **Q**     Now, did you have -- did you have a phone  
2 back at that time -- telephone?

3           **A**     A phone?

4           **Q**     Did you have a telephone in your house?

5           **A**     Yes.

6           **Q**     Not a cell phone, but a telephone. Was  
7 the telephone in your name?

8           **A**     Do what, now?

9           **Q**     Was the telephone in your name?

10          **A**     I can't remember. But one time while I  
11 was there, my phone was in my mom's name and my  
12 name. I'm not for sure which one of our -- which  
13 one of our names it was at that particular time.

14          **Q**     Has your mom ever lived there?

15          **A**     No.

16          **Q**     Don't you have a brother named Odell  
17 Hallmon?

18          **A**     Yes, I do.

19          **Q**     And where is he?

20          **A**     He's incarcerated.

21          **Q**     Now, when you talked to John Johnson, did  
22 you tell John Johnson that you were -- you believed  
23 the person that you saw on the porch was Curtis or  
24 you're 100 percent sure this person you saw  
25 was Curtis?

26          **A**     I said I was 100 percent sure that was  
27 Curtis. I didn't say nothing about I believe.

28          **Q**     Okay. So -- okay. Now, did you testify  
29 at some point that all Curtis Flowers wore was Fila

## ODOM - CROSS

1 Grant Hill shoes?

2 A No, I did not. No, I did not.

3 Q What else did he wear then?

4 A I said I've seen him wear, I'm going to  
5 say, Sunday shoes or church shoes. I've seen him  
6 wear church shoes.

7 Q Did you ever see him wear any other tennis  
8 shoes?

9 A I wasn't paying no attention.

10 Q Well, I mean, if you -- so you were paying  
11 attention when you saw him wearing Grant Hill Fila  
12 shoes and you were paying attention when you saw him  
13 with some church dress shoes, but all other times  
14 you were not paying attention?

15 A No.

16 Q Okay. And do you deny telling John  
17 Johnson that all Curtis wears is Fila Grant Hill  
18 shoes?

19 A No.

20 Q You didn't tell John that; is that what  
21 you're saying?

22 A No. I said that I know he have some.  
23 That's what prompted me to buy my kids some. I  
24 didn't tell him that's all he wear was Fila Grant  
25 Hill tennis shoes.

26 Q Okay. And just so the record will be  
27 clear and I can be clear for later, you never saw  
28 Mr. Flowers with any tennis shoes other than Grant  
29 Hill Fila tennis shoes?

## ODOM - CROSS

1           **A**     No. I don't be paying his feet that much  
2     attention. The only reason why I knew that they was  
3     Fila Grant Hill tennis shoes because how he kept  
4     them all bright and the designs and stuff on them,  
5     and I bought my kids some so that's why I knew that.  
6     I don't be watching that man's feet every time I be  
7     seeing him.

8           **Q**     All right. Now, you testified, I think it  
9     was the sixth time; is that correct?

10          **A**     How many ever times I testified to.

11          **Q**     And you testified quite a few times. And  
12     did you testify in every trial that you had  
13     purchased your kids some Grant Hill Fila shoes?

14          **A**     Yes.

15          **Q**     And you're sure of that?

16          **A**     Yeah, I'm positive.

17          **Q**     Thank you. How long were you neighbors  
18     with Curtis and Connie?

19          **A**     I was neighbors with Connie -- I don't  
20     know how many years it was, but I know it was more  
21     than a year.

22          **Q**     More than a year?

23          **A**     But he wasn't there all the time.

24          **Q**     Now, can you tell us when the first time  
25     you saw Mr. Flowers wearing Grant Hill Fila shoes?

26          **A**     When they came out, they was very popular,  
27     whatever year it was. They was very popular.

28          **Q**     And -- but, wouldn't you agree with me  
29     that popular tennis shoes come out all the time?

## ODOM - CROSS

1           **A**     Do what, now?

2           **Q**     Popular tennis shoes comes out regularly;  
3 would you agree with that? Maybe not Grant Hill  
4 shoes. They might be Nike Air or --

5           **A**     Yeah.

6           **Q**     So -- so you don't remember about when the  
7 first time you've seen him with some -- allegedly  
8 saw him with some Grant Hill Fila shoes?

9           **A**     Say it again.

10          **Q**     How long before the thing down at Tardy's  
11 had you seen him wearing Grant Hill Fila shoes?

12          **A**     I had seen him before with them on. I had  
13 seen him wear those, them tennis shoes before then.

14          **Q**     I know what you're saying, but listen to  
15 me. And my question is -- and I'm apologize if I'm  
16 confusing you -- before the incident at Tardy's, how  
17 long had you been seeing Mr. Flowers wearing Grant  
18 Hill Fila shoes?

19          **A**     I can't answer that question.

20          **Q**     Okay. Had it been several months?

21          **A**     I just said I can't answer that question.

22          **Q**     Okay. Now, these Grant Hill Fila shoes  
23 that -- I'm sorry. Do you know how many pair you  
24 say you bought? Was it two pair?

25          **A**     Yes.

26          **Q**     Now, did you ever show Mr. Johnson or  
27 Ms. Van Horn or anybody the pair of shoes that you  
28 bought for your kids?

29          **A**     No. Didn't nobody ask.

## ODOM - CROSS

1           **Q**     They didn't ask? Now, you told them you  
2     had bought some, and they didn't think and you  
3     didn't think it was necessary or important to --

4           **A**     If they would have asked, I would have  
5     showed them. Didn't nobody ask.

6           **Q**     Okay. And how much was your rent back  
7     then, Ms. Hallmon? Do you remember?

8           **A**     My what?

9           **Q**     Your rent.

10          **A**     How much was it back then?

11          **Q**     Yes, ma'am.

12          **A**     It was low income apartment.

13          **Q**     How much were you paying?

14               **BY MR. HILL:** Your Honor, I know this is  
15     cross-examination, but cross-examination has  
16     got to be relevant to the issues at hand. And  
17     I don't how much her rent was and all that is  
18     relevant to anything this --

19               **BY MR. CARTER:** She's saying she didn't  
20     have a job, Your Honor. And she's saying she  
21     went and bought some expensive tennis shoes.  
22     So I just want to know how much her rent was.

23               **BY THE COURT:** How much her rent was is  
24     not relevant.

25               **BY MR. CARTER:** It might be. Your Honor,  
26     it has some relevance as to whether she could  
27     pay it and whether she could actually buy the  
28     tennis shoes.

29               **BY THE COURT:** Well, ask her that. But

## ODOM - CROSS

1           how much her rent is is not relevant.

2   **BY MR. CARTER:**

3           **Q**     You didn't have a job back then,  
4   Ms. Hallmon. Is that what -- from your earlier  
5   testimony?

6           **A**     That's what I said.

7           **Q**     Now, Ms. Hallmon, on the day that you  
8   talked to Liz Van Horn and John Johnson on  
9   August 7th, 1996, did you also tell them on that day  
10  that you had bought some Grant Hill Fila tennis  
11  shoes for your children?

12          **A**     I -- say that again.

13          **Q**     On August the 7th, 1996, when you talked  
14  to Liz Van Horn and John Johnson at the Winona  
15  Police Department, did you inform them that you had  
16  also purchased some Grant Hill Fila tennis shoes for  
17  your children?

18          **A**     Okay. I remember telling them that, but I  
19  don't know exactly which day it was. I gave a  
20  testimony on August the 7th, that is true, but I  
21  don't remember if I told them then or I told them at  
22  another time.

23          **Q**     Ms. Hallmon, isn't it a fact that you told  
24  the jury in Tupelo, Mississippi, that Curtis Flowers  
25  wears Grant Hill Fila shoes about three times a  
26  week? Do you remember saying that or did you say  
27  that?

28          **A**     I don't remember saying that. I don't  
29  know if I said that.

## ODOM - CROSS

1                   **BY MR. CARTER:** One moment, Your Honor.

2                   **BY MR. CARTER:**

3                   **Q**     Ms. Hallmon, weren't you aware that there  
4                   was a reward out for information concerning a  
5                   suspect in this particular case?

6                   **A**     Not at the time. Not at the time when I  
7                   gave my statement, no.

8                   **Q**     Were you aware by the time you got to  
9                   court?

10                  **A**     Was I what, now? Say that again.

11                  **Q**     Were you aware of it by the time you  
12                  testified in Tupelo?

13                  **A**     Yes, it was all over. Yes.

14                  **Q**     When did you learn there was a reward?

15                  **A**     I don't remember when I -- I don't  
16                  remember that.

17                  **Q**     Can you --

18                  **A**     No, I cannot.

19                  **Q**     You can't what, Ms. Hallmon?

20                  **A**     I can't remember.

21                  **Q**     Can you -- can you think about it a second  
22                  and search your memory and see if you can come up  
23                  with it?

24                  **A**     No, I cannot. I can't remember when I  
25                  found out about the reward. It was all the news and  
26                  everywhere else. I can't remember that day.

27                  **Q**     Okay. When you said the news, are you  
28                  talking about television?

29                  **A**     News.

## ODOM - CROSS

1           Q     A newspaper?

2           A     Yes.

3           Q     What about television?

4           A     I don't remember. I don't watch TV that  
5 much.

6           Q     Did you see any posters on trees or  
7 anything like that?

8           A     I don't remember, sir.

9           Q     Now, you said you saw it in the paper.  
10 Now, if the reward was mentioned in the paper on  
11 July the 25th, isn't it safe to assume that you saw  
12 it or read about it?

13          A     No.

14          Q     Now, which paper is that that you read,  
15 you were reading back then?

16          A     Well, back then I wasn't -- my auntie used  
17 to deliver the Clarion Ledger and the -- that's what  
18 she used to deliver. But then it was like the  
19 Winona Times. At that time, I was late hearing  
20 about the reward so it was an old paper that I had,  
21 that I was reading. I don't remember. I don't  
22 remember which date it was or what the paper said,  
23 you know, which paper it was or the date. I don't  
24 remember that.

25          Q     So you don't remember when you found out  
26 about the reward?

27          A     No, I do not. I really wasn't concerned  
28 about it.

29          Q     Well, if you don't remember when you

## ODOM - CROSS

1 learned about it, how are you so sure that you gave  
2 your statement before you learned of it?

3 **A** Because I didn't learn about the reward  
4 'til after I gave my statement. I told you I gave  
5 my statement in August -- in August, and the  
6 reward -- the reward -- I believe the reward was out  
7 before then. I didn't know about it until August.

8 **Q** Well, it was out. Thank you.

9 **BY MR. CARTER:** No further questions.

10 **BY THE COURT:** Redirect?

11 **BY MR. EVANS:** Yes, Your Honor.

12 **REDIRECT EXAMINATION**

13 **BY MR. EVANS:**

14 **Q** What kind of shoes was Curtis Flowers  
15 wearing the day of the murders?

16 **A** Grant Hill Fila shoes.

17 **Q** Does the fact that you were -- didn't have  
18 much money at that time have anything to do with  
19 your truthfulness?

20 **A** No, sir, because I had a man.

21 **Q** You were going to take care of your  
22 children?

23 **A** Yes, I took care of my children,  
24 100 percent.

25 **Q** Do you know where Angelica is located?

26 **A** Yes, I do.

27 **Q** What direction is --

19 Q Ms. Hallmon, when you saw this Defendant  
20 over here running back towards his house, what all  
21 is in that general direction that he was coming from  
22 in Winona, Mississippi?

23 BY MR. CARTER: Your Honor, I object  
24 unless he can show that she knows what all is  
25 back in the direction.

26 BY THE COURT: You can phrase it if she  
27 knows.

28 BY MR. EVANS:

29 Q Do you know -- did you live here?

## ODOM - REDIRECT

1           **A**     Yes.

2           **Q**     Do you know what's in that general  
3 direction? Do you know where you lived?

4           **A**     Yes, sir.

5           **Q**     What's over there?

6           **A**     There's a lots of stuff over that way.

7           **Q**     Name some of it.

8           **A**     Okay. You've got Knox Gym. You got  
9 different streets. You have more apartments, and  
10 you can also go to Angelica that way.

11          **Q**     Thank you. You were asked by opposing  
12 counsel if you still maintain a friendship with  
13 Curtis Flowers. When did y'all's friendship split?

14          **A**     When this happened. They just stopped  
15 speaking to me. When I first give my testimony and  
16 everything, they just stopped speaking to me. I  
17 ain't did nothing to nobody. They just stopped  
18 speaking. I haven't even heard from them.

19          **Q**     And you've been asked about giving a  
20 statement and testifying six times in this case.  
21 Have you ever said that he had any other shoes on  
22 that day other than Fila Grant Hill's?

23          **A**     No, not that day I seen him. No, I  
24 didn't.

25          **Q**     How old were your children back then?

26          **A**     Okay. Let me see. I think Shaviras was  
27 nine, fixing to turn ten, ten or fixing to turn  
28 eleven. Shaviras would be ten or 11, and Kevin -- I  
29 think he was like -- he was like -- he might have

1     been six going on seven or eight. Seven going on  
2     eight, something like that.

3           **Q**     If you remember, do you remember what size  
4     shoes they wore that you purchased?

5           **A**     The kids shoes? I don't remember the size  
6     but -- I don't remember the size.

7           **Q**     But it was kids' shoes?

8           **A**     Yes.

9           **Q**     You've been asked about the reward. How  
10    much reward money have you ever asked for in this  
11    case?

12          **A**     None.

13                 **BY MR. CARTER:** Your Honor, I object to  
14    that.

15          **A**     What good is that going to do me? None.

16                 **BY MR. CARTER:** Object to that. I mean,  
17    how can you --

18                 **BY MR. EVANS:** Your Honor, they went into  
19    this. They asked her about the reward.

20                 **BY THE COURT:** I'll overrule the  
21    objection.

22    **BY MR. EVANS:**

23           **Q**     How much reward money have you ever asked  
24    for in this case?

25          **A**     None.

26                 **BY MR. EVANS:** Nothing further, Your  
27    Honor.

28                 **BY MR. CARTER:** Your Honor, I'd like to  
29    put in the record that I object to that because

## ODOM - REDIRECT

1       there is no way of defending against that  
2       question. She could say anything, and there's  
3       no way to prove this.

4               **BY MR. EVANS:** Your Honor, this witness is  
5       under oath and that's completely improper for  
6       him to say --

7               **BY THE COURT:** Gentlemen, please. I don't  
8       want you arguing with each other. If you've  
9       got any arguments, it can be made to the Court.  
10      And this witness has sworn under oath she did  
11      not, so it's an appropriate question to ask.  
12      It's proper redirect based on the question that  
13      was asked in cross-examination. It's in no way  
14      an improper question.

15              **BY MR. CARTER:** But, Your Honor, just for  
16      the record, the Court does agree that I can --  
17      I can make my objection; is that correct?  
18      Mr. Evans is out of line to try to stop me from  
19      trying to making it. Would that be fair, Your  
20      Honor, to state --

21              **BY MR. EVANS:** Your Honor, my comment was  
22      to the Court. He's the one who has been  
23      commenting to me.

24              **BY THE COURT:** I want you both to listen  
25      to what I'm saying right now. If you've got an  
26      objection, you make the objection. And,  
27      Mr. Evans, when Mr. Carter is through making  
28      his objection, you can make a response. But I  
29      don't want you talking over each other. The

## ODOM - REDIRECT

2 what's said if you're talking over each other  
3 and I can't understand it either. So I'm  
4 admonishing you both. If either one of you has  
5 an objection, let the other person complete  
6 that objection and then you can respond. But  
7 don't be arguing with each other. Any argument  
8 that's to be made is to be made to this Court  
9 and not to each other.

10 **BY MR. CARTER:** Yes, sir.

11 **BY THE COURT:** You understand, too?

12 **BY MR. EVANS:** Yes, sir. I think my --  
13 my -- all was to the Court, Your Honor.

14 **BY THE COURT:** Yes, sir. That's enough  
15 said, Mr. Evans.

16 **BY MR. EVANS:** I understand.

17 **BY THE COURT:** I don't need to hear  
18 anything more. Is she -- are you through with  
19 your redirect?

20 **BY MR. EVANS:** Yes, sir.

21 **BY THE COURT:** You may step down.

22 **BY MR. CARTER:** Your Honor, I'm calling  
23 her during my case.

24 **BY MR. EVANS:** Your Honor, this witness is  
25 from Jackson. She has been up here several  
26 days. One reason I put her on today she needs  
27 to go back. I would ask that at least she be  
28 allowed to go home instead of sitting here  
29 through this whole trial. And if they need

1 her, she can be available.

2 **BY MR. CARTER:** Well, we certainly intend  
3 to call her. And that's fine with me. As long  
4 as we can get her up here.

5 **BY THE COURT:** If you can give  
6 approximately -- and I'm not saying right now,  
7 but I'm just saying that you can --

8 **BY MR. CARTER:** Can I get somebody to get  
9 her number and stuff?

10 **BY THE COURT:** Yeah. You can get that out  
11 in the hall.

12 (To the witness) And you may step down,  
13 and you will have to come back if they call and  
14 tell you on a particular day where they might  
15 need you again. But you're free to go back to  
16 where you live. And if you can assure me that  
17 you'll come back if you're notified that you  
18 need to be. Do I have that I assurance?

19 **BY THE WITNESS:** Yes, sir.

20 **BY THE COURT:** Okay. That will be fine,  
21 then. You can step down.

22 (OFF RECORD)

23 **BY THE COURT:** I was just advising them  
24 that she could go out on and talk to  
25 Ms. Sullivan to get the information.

26 Who's the next witness?

27 **BY MR. HILL:** Your Honor, Mr. Bill  
28 Thornburg would be our next witness.

29 **BY MRS. STEINER:** Your Honor, she is

2 **BY MR. EVANS:** Your Honor, we would ask  
3 that she be allowed to give the Court the

5 **BY THE COURT:** I'll just tell her to come  
6 up here and --

7 **BY MR. EVANS:** But I can understand why  
8 she does not want certain people wanting her  
9 number.

10 **BY MR. CARTER:** Your Honor, I object to  
11 that.

12 **BY THE COURT:** That comment is not  
13 appropriate, Mr. Evans, and I do not want to  
14 hear it.

15 Ladies and gentlemen, you're to disregard  
16 that comment.

17 (MS. ODOM ENTERS THE COURTROOM)

18 **BY THE COURT:** Ma'am, if you'll just come  
19 in here and state your telephone number and  
20 address.

21 **BY THE WITNESS:** Well, I refused to do  
22 that.

23 **BY THE COURT:** Well, we've got to have

25 **BY THE WITNESS:** Well, I can give to it

9 **BY THE COURT:** No.

10 **BY MR. HILL:** She said she --

11 **BY THE COURT:** Did you have her under  
12 subpoena?

13 **BY MR. EVANS:** No, sir.

14 **BY MR. CARTER:** No, sir.

15 **BY MRS. STEINER:** But we relied on the

17 **BY THE COURT:** And as I say, you -- I

18               **Q**     Good morning, Mr. Thornburg, how are you  
19               doing today?

20               **A**     I'm doing good.

21               **Q**     Have you ever held an elected -- an  
22               official elected position in this county?

23               **A**     I have.

24               **Q**     Tell the ladies and gentlemen of the jury  
25               what that was and when it was, if you recall.

26               **A**     I was elected sheriff 2001.

27               **Q**     And how long were you sheriff?

28               **A**     For eight years -- six years. I'm sorry,  
29               six years.

## THORNBURG - DIRECT

1           Q     And prior to that, Mr. Thornburg, did you  
2     have any experience in law enforcement prior to  
3     being elected sheriff and serving for six years as  
4     sheriff?

5           A     I did. I was a deputy sheriff.

6           Q     How long were you a deputy sheriff?

7           A     Twenty-six years.

8           Q     Was that here in Montgomery County, all  
9     those 26?

10          A     Yes, sir.

11          Q     And what was your -- were you working for  
12     the sheriff's office as a deputy sheriff in July of  
13     1996?

14          A     I was.

15          Q     And specifically, on July the 16th, 1996,  
16     what was your position or rank with the sheriff's  
17     office?

18          A     I was deputy sheriff. My badge number was  
19     S-02.

20          Q     Do you remember events that occurred on  
21     the morning of July 16th, 1996?

22          A     Yes, sir, I do.

23          Q     Would you tell the ladies and gentlemen of  
24     the jury if you got a call sometime midmorning, an  
25     emergency call that you responded to on that day and  
26     time?

27          A     Yes, sir, I did.

28          Q     Describe to them what kind of call you  
29     got, Sheriff, and how you responded when you got

## THORNBURG - DIRECT

1 that call.

2       **A**     We was here in the courthouse. I had  
3 justice court that morning. And I had -- court was  
4 over with and I had gone over to the circuit clerk's  
5 office. And I received a phone call that there had  
6 been a shooting at Tardy Furniture Company.

7       **Q**     What did you do when you got that call?

8       **A**     I ran through the courtroom here and out  
9 this door to the justice court office, and I went in  
10 there and I told James Taylor Williams there had  
11 been a shooting at Tardy Furniture Company.

12       **Q**     And what -- was Mr. Williams a law  
13 enforcement officer?

14       **A**     He was.

15       **Q**     What kind of law enforcement job did he  
16 have?

17       **A**     He was a Mississippi State Trooper.

18       **Q**     And after you told him that there was a  
19 shooting at Tardy's, what did you do?

20       **A**     We both ran out and got in our patrol cars  
21 and went to Tardy Furniture Company.

22       **Q**     How long do you think it took you to get  
23 over there when you left the courthouse?

24       **A**     I'd say no more than two to three minutes.

25       **Q**     Now, I take that it you did respond -- you  
26 did go directly to Tardy's; is that right?

27       **A**     Yes, sir.

28       **Q**     And the place that you've testified about  
29 that's Tardy Furniture Company, tell us in what

## THORNBURG - DIRECT

1 city, what county and what state that's in, please.

2 A It's in Winona, the State of Mississippi  
3 and Montgomery County.

4 Q Sheriff, if you will, tell us what you  
5 saw. Take it from the outside. What did you see  
6 when you got there? Anything in particular that you  
7 saw? Did you park in front of the store or beside  
8 it or what? What you saw when you got there.

9 A I parked in front of the store, got out of  
10 my patrol car and went to the door. And I remember  
11 seeing two officers. I don't remember who one of  
12 them was, but Chief Hargrove was there.

13 Q He was one of them, Chief Hargrove?

14 A Chief Hargrove.

15 Q Was one of the officers you saw?

16 A Yes, sir.

17 Q Okay. And what did you do upon seeing  
18 Chief Hargrove? Can you tell us what you did when  
19 you got to where Chief Hargrove was?

20 A I went inside the store and proceeded  
21 toward the back. There was a counter back there  
22 where the -- about the middle of the store where  
23 they conducted business. I went back there, and I  
24 saw three bodies on the floor.

25 Q Had the ambulance people already come and  
26 gone before you got there?

27 A They had picked up one, yes, sir.

28 Q And do you know who it was they picked up?

29 A Derrick Stewart.

## THORNBURG - DIRECT

1           Q     Did you notice anything as you were  
2     approaching the scene where Mr. Stewart -- or let's  
3     say when you were approaching, I take it you saw the  
4     three victims. Did you know them? Did you know the  
5     three victims?

6           A     Yes, sir.

7           Q     Did you know Ms. Carmen Rigby?

8           A     Yes, sir, I did.

9           Q     Did you approach or walk toward where she  
10    was?

11          A     Not -- no, I did not.

12          Q     Did you notice anything as you got --  
13    approaching the area in the store where the bodies  
14    were, did you see any -- what I'm trying to get at,  
15    Mr. Thornburg, is whether or not you noticed  
16    anything that you thought might be of evidentiary  
17    value there when you got inside the store?

18          A     Yes, sir. There was a huge pile of blood  
19    in the floor there.

20          Q     Okay. Was there any article of clothing  
21    around that huge pile of blood?

22                BY MR. CARTER: Object to leading.

23                BY THE COURT: Go ahead.

24    BY MR. HILL:

25          Q     What, if anything, beside the blood did  
26    you notice? Anything else around that blood?

27          A     There was some shoe prints in it.

28          Q     Okay. Now, I guess what I'm trying to get  
29    at is, did you see those before you walked up to

## THORNBURG - DIRECT

1 where they were?

2       **A**     No, sir. I couldn't see them.

3       **Q**     Well, how close did you get to them before  
4 you saw them? Maybe that would be a better way to  
5 put it.

6       **A**     I would say probably close from here to --  
7 me to you.

8       **Q**     Okay. What I'm saying is: You could see  
9 them before you got up to exactly where they were on  
10 the floor?

11       **A**     Yes, sir.

12       **Q**     Okay. What else did you see, if anything,  
13 around the scene where I believe you said there were  
14 three victims there?

15       **A**     Yes, sir.

16       **Q**     And I asked you if you knew who they were.  
17 Did you -- could you tell us who those three victims  
18 were, if you knew them or if you learned who they  
19 were?

20       **A**     Yes, sir. There was Carmen Rigby, was  
21 there close to the counter. Robert Golden, he was  
22 down toward the other end of the counter. And  
23 Ms. Tardy was back from the counter, kind of headed  
24 toward her office.

25       **Q**     In the area -- and I'm just saying around.  
26 I know that's a -- Ms. Tardy was a little more  
27 distantly removed from Ms. Rigby and Mr. Golden.  
28 Did you see any evidence on the floor beside the  
29 foot tracks that you talked about?

## THORNBURG - DIRECT

1           **A**     Yes, sir. I saw some hulls, projectile  
2 hulls.

3           **Q**     Okay. When you say a projectile hull,  
4 wouldn't that be the same thing as a cartridge  
5 casing?

6           **A**     Yes, sir.

7           **Q**     And when you saw that, did you -- were you  
8 able to examine it more than just seeing it on the  
9 floor?

10          **A**     Yes, sir. I picked one up with my ball  
11 point pen and looked at it.

12          **Q**     Describe how you did that. You say you  
13 picked it up with a pen. Tell us what you --

14          **A**     I took it out of my pocket, reached down,  
15 squatted down and stuck the pen in the end of the  
16 hull and picked it up.

17          **Q**     What was the purpose of you doing that,  
18 Sheriff?

19          **A**     I wanted to see what caliber weapon was  
20 used.

21          **Q**     Was there any -- was there any printing or  
22 labeling on the head stamp of --

23                 **BY MR. CARTER:** Judge, I object to the

26                 **BY MR. HILL:**

27          **Q**     Well, Mr. Thornburg, were you able to read  
28 any writing on the base of the bullet?

29          **A**     Yes, sir.

## THORNBURG - DIRECT

1           Q     What was that writing that you read?

2           A     It was a .380 caliber.

3           Q     Okay. Let's talk about your -- what kind  
4 of shoes you had on just for a minute. Do you  
5 remember what kind of shoes you were wearing?

6           A     Yes, sir.

7           Q     Tell us, please.

8           A     I had on a pair of western boots, most  
9 people call cowboy boots.

10          Q     Okay. And do you remember what kind of  
11 sole they had, what the bottom of them -- the sole  
12 was?

13          A     Yes, sir. It had a slick sole on them.

14          Q     Did you step in any blood while you were  
15 there?

16          A     No, sir.

17          Q     What, if anything, can you tell -- share  
18 with the ladies and gentlemen of the jury about when  
19 you saw those bloody foot tracks that you said, can  
20 you give them any idea of what they were close to or  
21 where they were located, anything like that?

22          A     Well, it was in the blood and it appeared  
23 to me to be a -- a gym shoe, tennis shoe track.

24          Q     Okay. And did you see any of the  
25 responding officers there that were wearing tennis  
26 shoes or gym shoes?

27          A     No, sir.

28          Q     Did you get another call or request for  
29 assistance while you were at the store?

## THORNBURG - DIRECT

1           **A**     Yes, sir, I did.

2           **Q**     How long had you been there? And I'm not  
3 asking you to be exactly precise as to how many  
4 minutes, but what general reference can you give us  
5 as to how long you'd been at the store before you  
6 got the second call?

7           **A**     I'm not sure, but I would say probably  
8 ten, ten to 15 minutes.

9           **Q**     Okay. And what was the nature of that  
10 second call?

11          **A**     They called and said that there'd been a  
12 break-in at Angelica, a car broken into.

13          **Q**     An auto burglary there at Angelica?

14          **A**     Yes, sir.

15          **Q**     And what did you do in response to that  
16 call?

17          **A**     I went and got in my patrol car and drove  
18 to Angelica.

19          **Q**     What did you do upon arriving at Angelica?

20          **A**     I went in the front office and inquired to  
21 the lady in there in the office about it, and she  
22 didn't know anything about it. So she went to the  
23 back and inquired with somebody -- I don't know. I  
24 didn't go back with her, but she came back and --

25                 **BY MR. CARTER:** Well, I object to him  
26 testifying to, Your Honor, since he didn't go  
27 back and question her.

28                 **BY MR. HILL:**

29          **Q**     Did you ascertain any information as to

## THORNBURG - DIRECT

1 the nature of the call that you got from the office  
2 manager?

3 A I did.

4 Q Did you find out who had issued that  
5 complaint or made that request for law enforcement  
6 to come out there?

7 A I did. I found out from her.

8 Q All right. And who's -- what was the --  
9 was there a car that had been broken into?

10 BY MR. CARTER: Objection. Object to the  
11 leading. It's obviously leading.

12 BY THE COURT: He's already said that. I  
13 mean, he's already -- he's responded to that  
14 because Sheriff Thornburg had already said that  
15 there was a call about a car being broken into.

16 BY MR. HILL:

17 Q Whose car was it that had been broken  
18 into?

19 A Doyle Simpson.

20 Q And was Mr. -- can you tell us, were you  
21 able to speak to Mr. Simpson immediately upon  
22 arriving there or did you have to wait?

23 A I had to wait probably ten or 15 minutes  
24 before he drove up.

25 Q Okay. So when he got there, did you talk  
26 to him?

27 A When he got there, I did. He came inside  
28 the office, and I talked with him a few minutes and  
29 found out that -- what had been stolen out of his

1 car.

2 Q What was his complaint?

3 A He said he had a --

4 BY MR. CARTER: I object to what he said.

5 BY MR. HILL:

6 Q Did he have any kind of --

7 BY THE COURT: Wait. I mean, how is this  
8 not hearsay what Mr. Simpson told  
9 Mr. Thornburg?

10 BY MR. HILL:

11 Q Did he have any kind of report or  
12 complaint?

13 A Nothing but a verbal report.

14 Q Okay. And that's what I'm saying. Did  
15 you discuss that with him?

16 A I did.

17 Q What did you do after you discussed his  
18 complaint with him?

19 A He told me he had a --

20 BY THE COURT: Wait.

21 BY MR. CARTER: Objection, Your Honor.

22 A Okay. I went out to his car, and then I  
23 looked at his car. He told me that --

24 BY MR. CARTER: I object, Your Honor.

25 BY MR. HILL:

26 Q You say you went out to the car and looked  
27 at it.

28 A Yes, sir.

29 Q Why did you look at his car?

## THORNBURG - DIRECT

1           **A**     Because it had been burglarized.

2           **Q**     And was there anything allegedly stolen  
3 out of the car?

4           **A**     Yes, sir.

5           **Q**     What was that?

6           **A**     A .380 pistol.

7           **Q**     Now, had you just determined or had you  
8 just seen evidence that a .380 pistol had been fired  
9 in the store?

10          **A**     Yes, sir, I did.

11          **Q**     And when you learned that a .380 pistol  
12 was reported missing, what did you do then?

13          **A**     Well, after that 30 minutes had elapsed --  
14 30 or 45 minutes and people had been killed with a  
15 .380 pistol and that's what had been stolen out of  
16 the car.

17          **Q**     Did you call -- did you make any report or  
18 ask for investigatory assistance on that?

19          **A**     I didn't make a report, no, sir.

20          **Q**     What did you do?

21          **A**     I went back to the store and told them  
22 that the pistol had been stolen was a .380 caliber  
23 pistol.

24          **Q**     And who did you report that to? That's  
25 what I'm getting at?

26          **A**     I'm not sure exactly who, but one of the  
27 investigators. Probably Jack Matthews or Wayne  
28 Miller.

29          **Q**     Okay. And who was Jack Matthews and Wayne

1 Miller?

2 A They were state investigators with the  
3 Mississippi Highway Patrol.

4 Q And they -- were they the ones that were  
5 working there at the Tardy scene?

6 A Yes, sir.

7 Q Do you know whether or not that car was --  
8 the car that was -- that you saw, did you look --  
9 get a chance to look at that car?

10 A Yes, sir.

11 Q Sheriff, I'm going to show you some  
12 exhibits that have already been received. I'm going  
13 to show you State's Exhibit No. 99 -- and you can  
14 turn around a little bit there if you need to --  
15 State's Exhibit No. 99A, 100A and 101A, and I want  
16 to ask you if you recognize what those photographs  
17 are of.

18 A Can I stand up?

19 Q Sure, you can stand down. Go ahead.

20 A Yes, sir. I recognize them.

21 Q Okay. And I want to direct your attention  
22 to 99A first. What is that a picture of?

23 A That's a picture of Doyle Simpson's car.

24 Q Okay. And where was the car at when that  
25 picture was taken, if you recall?

26 A There in front of Angelica.

27 Q Did you notice when you investigated  
28 Mr. Simpson's complaint of a burglary and a pistol  
29 missing out of his car, did you notice any -- any

1     peculiarities that you thought noteworthy when you  
2     looked at the car?

3             **A**     I noticed that when I walked up that the  
4     glove compartment had been broken into.

5             **Q**     Now, you got a picture there, S-101A, this  
6     bottom photograph, can you tell us if you recognize  
7     that photograph?

8             **A**     Yes, sir.

9             **Q**     What is that a picture of?

10            **A**     That's a picture of the glove compartment  
11     in Doyle Simpson's car.

12            **Q**     And I asked you if there was anything that  
13     you thought significant on there. Do you see  
14     anything that came to your attention when you looked  
15     at the car itself and looked at the glove box in the  
16     car?

17            **A**     Yes, sir. I did see some pry marks where  
18     it looked like it had been pried open.

19            **Q**     Would you just point those out for the  
20     ladies and gentlemen of the jury what you're talking  
21     about there, sir?

22            **A**     Okay. It's some pry marks right there and  
23     right here. It looked like a screwdriver had been  
24     used or a tire iron.

25            **Q**     To prise open the glove box?

26            **A**     Yes, sir.

27            **Q**     Okay. All right, Sheriff. Thank you,  
28     sir.

## BENCH CONFERENCE

1 to you for just a moment, please?

2 (BAILIFF APPROACHES COURT FOR AN  
3 OFF-THE-RECORD CONFERENCE)

4 **BY THE COURT:** Counsel, if you'll  
5 approach.

6 (ALL COUNSEL APPROACHED THE BENCH FOR A  
7 CONFERENCE THAT WAS HELD OUTSIDE THE  
8 HEARING OF THE JURY, TO-WIT:)

9 **BY THE COURT:** The bailiff was just  
10 telling me that jury alternate juror Martin's  
11 mother -- got a sister that's in the hospital,  
12 and they had just called up here to say that  
13 she was getting worse, you know. So, I mean,  
14 I -- you know, when we'll recess for lunch,  
15 I'll let the bailiff advise her of that. And  
16 depending on the circumstances, she may end up  
17 having to be excused. I don't know at this  
18 point. But I just -- when the bailiff walked  
19 in --

20 **BY MR. CARTER:** Who is it?

21 **BY THE COURT:** It's one of the alternate  
22 jurors, and I don't know which one. Well, I  
23 think it's two females.

24 **BY MR. HILL:** It's Alternate No. 2.

25 **BY THE COURT:** So I don't know, you know,  
26 what the condition will be or even which one  
27 that is.

28 (BENCH CONFERENCE CONCLUDED)

29 **BY THE COURT:** We'll just recess for lunch

## BENCH CONFERENCE

1 now, and we'll be back at one o'clock.

2 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
3 OPEN COURT OUTSIDE THE HEARING AND  
4 PRESENCE OF THE JURY, TO-WIT:)

5 **BY MR. CARTER:** Your Honor, I can't hear  
6 anything til everyone's cleared out so let's  
7 just wait.

8 **BY THE COURT:** Okay. I need quiet in the  
9 courtroom.

10 **BY THE BAILIFF:** Let's have order in the  
11 courtroom.

12 **BY THE COURT:** You wanted to say  
13 something, and I just felt like you'd wait  
14 until --

15 **BY MR. CARTER:** I just wondered if we  
16 could go ahead and let her go immediately.

17 **BY THE COURT:** I don't know what the  
18 situation of her sister is.

19 **BY THE BAILIFF:** She doesn't either.  
20 Evidently, she's very disturbed because she  
21 knows that when they called and said she's  
22 getting worse, it scared her to death but --  
23 because she -- she knows more than what I do,  
24 and she said it's her sister that is disabled  
25 so she wants to know can she make a phone call  
26 or can -- she wants to make a phone call  
27 immediately or either I can make it, you know,  
28 for her or whatever needs to be done.

29 **BY THE COURT:** Why don't you make it --

## BENCH CONFERENCE

1 she can't, but you can.

2 **BY THE BAILIFF:** She can be beside me;  
3 right?

4 **BY THE COURT:** Well, I mean, she can't  
5 talk to anybody. But you can make a phone call  
6 in her presence. And then if there's, you  
7 know, other things -- I mean, if she ends up  
8 having to be excused, then she'll just have to  
9 be excused. But, I mean, right now, you can --  
10 over this recess find out more.

11 **BY THE BAILIFF:** Where can I take her to  
12 use the telephone, the sheriff's office?

13 **BY THE COURT:** Or you can go in the  
14 judge's chambers back there as soon as I clear  
15 out from lunch.

16 **BY THE BAILIFF:** Yes, sir.

17 **BY THE COURT:** There isn't going to be  
18 anybody hanging out in the judge's chambers,  
19 nobody but me.

20 (THE JURORS KNOCK ON THE DOOR,  
21 INDICATING THAT THEY HAVE A QUESTION OR A  
22 NOTE)

23 **BY THE COURT:** As I say, we'll now -- you  
24 know, I'm fixing to head to lunch. As soon as  
25 I'm out of there, y'all can go in there and  
26 make a call. You can be the intermediary  
27 there, and we'll find out further --

28 **BY THE BAILIFF:** Judge, I was just passed  
29 the number that we need to call.

## ALTERNATE JUROR IS RELEASED

1           **BY THE COURT:** We'll be back at  
2 one o'clock.

3           (FOLLOWING THE LUNCH RECESS,  
4 PROCEEDINGS CONTINUED IN OPEN COURT WITH  
5 ALL PARTIES PRESENT, OUTSIDE THE HEARING  
6 AND PRESENCE OF THE JURY, TO-WIT:)

7           **BY THE COURT:** The Court will come to  
8 order. Tell me of this inquiry that was made  
9 of this sister of the juror. Can you tell me  
10 what we found out?

11           **BY THE BAILIFF:** Yes, sir. She did find  
12 out that her sister is not being taken to the  
13 hospital, because she's going to be placed with  
14 hospice. She's just continuing to get worse.  
15 Her sister has been an invalid ever since, I  
16 guess, birth or ever since I've known of them I  
17 have seen her in a wheelchair. And the cancer  
18 is getting worse and Ms. Martin says she just  
19 does not feel like she can sit here and give  
20 her full attention to the Court with this  
21 bearing on her mind as to what could happen and  
22 she couldn't get to her sister.

23           **BY THE COURT:** Any objection to allowing  
24 Ms. Martin to being excused?

25           **BY MR. CARTER:** No, sir.

26           **BY MR. EVANS:** No, sir.

27           **BY THE COURT:** If you'll bring them out.  
28 And I guess before -- somebody at some point in  
29 time will make arrangements to get -- I don't

## ALTERNATE JUROR IS RELEASED

1 know if Ms. Martin's automobile is here or her  
2 belongings or wherever she's staying, but if  
3 somebody will check into that.

4 **BY THE BAILIFF:** In fact, her car keys is  
5 even up in Grenada so she can't even leave  
6 until she gets a ride up there to them.

7 **BY THE COURT:** Well, somebody will have to  
8 make a trip up there. But y'all can arrange  
9 that with the sheriff after we excuse her.

10 **BY THE BAILIFF:** Yes, sir.

11 **BY THE COURT:** Y'all can bring the jury  
12 back in.

13 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
14 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

15 **BY THE COURT:** The Court will come back to  
16 order. And, Ms. Martin, I understand your  
17 sister's health is rapidly deteriorating, and I  
18 understand your desire to leave, and I'm going  
19 to excuse you at this time. They did make some  
20 arrangements to get you to where your  
21 belongings are and all of that, but you're free  
22 to step down. One of the bailiffs will go  
23 around to the sheriff's office with you, and  
24 they can figure out how to provide  
25 transportation for you and all of that, but you  
26 certainly have the Court's sympathy for the  
27 illness of your sister.

2 Mr. Hill, you may continue.

3 BY MR. HILL: Thank you, Your Honor.

4 CONTINUED DIRECT EXAMINATION

5 BY MR. HILL:

6 Q Mr. Thornburg, I think we were discussing  
7 after you had found out that Mr. Simpson --  
8 Mr. Doyle Simpson's car had been burglarized and he  
9 complained of his .380 pistol being stolen, did you  
10 communicate that to other investigators working on  
11 this case?

12 A Yes, sir, I did.

13 Q And at some point in time after you  
14 discussed this with other investigators, did y'all  
15 feel a need to go to Doyle Simpson's mother's house?

16 A Yes, sir.

17 Q And can you tell the ladies and gentlemen  
18 of the jury what purpose you had in going to  
19 Mr. Simpson's house, or his mother's house I should  
20 say?

21 A We went out there to look for projectiles,  
22 hulls fired from a .380.

23 Q Okay. And why did you -- why did you  
24 desire to look for .380 projectiles there?

25 A Well, it -- the weapon that was used in  
26 the furniture store was a .380 and the weapon that  
27 was stolen out of his car was a .380. That's the  
28 reason I was looking for .380 hulls and projectiles.

29 Q Something that was connected to the stolen

1 pistol?

2           A     Yes, sir.

3           Q     Okay. And what did you do -- let's see.  
4 Do you recall when it was that you went out to  
5 Doyle's mother's house?

6           A     I believe it was on the 19th day of July.

7           Q     Okay. And when you got there, what did  
8 you do, sir?

9           A     I went to the back where he had been  
10 firing his pistol and went down to a post that had a  
11 cut out in it where he'd been shooting bottles and  
12 cans and found some bullet holes in the post. Took  
13 my pocket knife out, stuck in a hole, felt of a  
14 bullet, took my knife and carved it out.

15          Q     Okay. And how did you know where this  
16 post was? Did you have Mr. Simpson with you?

17          A     Yes, sir.

18          Q     And he went with you when you went to his  
19 mama's house?

20          A     Yes, sir.

21          Q     Did he show you where he had been shooting  
22 his gun?

23          A     Yes, sir, he did.

24          Q     Okay. And so from there, that's where you  
25 carved out a bullet; is that right?

26          A     Yes, sir.

27          Q     Okay. Mr. Thornburg, I'm going to hand  
28 you what's been marked as State's Exhibit No. 82 for  
29 identification.

## THORNBURG - CONTINUED DIRECT

1           **BY MR. CARTER:** Could I see it first?

2           **BY MR. HILL:** Sure.

3           **BY MR. HILL:**

4           **Q**     This is State's Exhibit 82 for  
5           identification. Would you take that and look at it,  
6           please, sir. After you examine it, would you tell  
7           us if you recognize that item.

8           **A**     (Witness examining exhibit.)

9           **Q**     Do you recognize that item, sir?

10          **A**     It looks like a .380 projectile.

11          **Q**     Okay. Is there any handwriting on the  
12          outside of the envelope on the back of it that you  
13          recognize?

14          **A**     I see JM B42 on it. Also, I see my  
15          initials on here, Bill Thornburg, S02.

16          **Q**     Okay. And what's the date on there?

17          **A**     7/19 of '96.

18          **Q**     Who put that projectile in that envelope?

19          **A**     Jack Matthews.

20          **Q**     Okay. And how did Jack Matthews get that  
21          projectile?

22          **A**     I give it to him.

23          **Q**     Okay. And after it was sealed up, is that  
24          your handwriting on the exterior with your initials  
25          there?

26          **A**     Yes, sir.

27          **Q**     And is that the bullet that you dug out of  
28          the post behind Doyle Simpson's mother's house?

29          **A**     Yes, sir, it is.

## THORNBURG - CONTINUED DIRECT

1           Q     Did you have an occasion -- I'm sorry.  
2     After you got that bullet and after you gave it to  
3     Officer Matthews, did you discuss with him where you  
4     found that bullet?

5           A     Yes, sir, I did.

6           Q     Did y'all decide to go back out there a  
7     second time?

8           A     We did.

9           Q     I'm going to hand you State's Exhibit 81.

10          BY MR. HILL:   Do y'all care to -- defense  
11     counsel want to --

12          BY MR. CARTER:   Yeah, I need to look at  
13     it, yes.

14     BY MR. HILL:

15          Q     Mr. Thornburg, I'm going to hand you this.  
16     This is a manila envelope labeled State's Exhibit  
17     No. 81. Would you just examine the information  
18     written on there and see if you can tell us if  
19     you're familiar with that exhibit, please, sir.

20          A     (Witness examining exhibit.)

21          Q     And first of all, I would ask you: Is it  
22     labeled with a date on it to indicate what time  
23     y'all recovered that?

24          A     Yes, sir.

25          Q     What is the date written on there?

26          A     The 1st day of August, '96.

27          Q     Okay. And on the 1st day of August, 1996,  
28     did you go back out to Doyle Simpson's house?

29          A     Yes, sir.

## THORNBURG - CONTINUED DIRECT

1           Q     Who, if anybody, went with you that second  
2 time?

3           A     Jack Matthews was with me, an  
4 investigator.

5           Q     All right. The highway patrol  
6 investigator?

7           A     Yes, sir.

8           Q     And when y'all -- when you and Officer --  
9 pardon me -- when you and Officer Matthews arrived  
10 at Doyle's mother's house on the 1st of August of  
11 '96, where did you and he go?

12          A     We went back to the cedar post behind the  
13 house.

14          Q     And what did you do when you got to that  
15 cedar post again?

16          A     We looked for more projectiles.

17          Q     How did you go about locating one?

18          A     We found some more holes and poked in  
19 them. It was an object in there. We took a hatchet  
20 and hacked down pretty close and took a knife and  
21 carved it on out.

22          Q     Were you present -- what is that in that  
23 sack there, Sheriff?

24          A     In this?

25          Q     Yes, sir.

26          A     It's a projectile.

27          Q     Is that that projectile that you removed  
28 from the post on the 1st of August of '96?

29          A     Yes, sir.

## THORNBURG - CONTINUED DIRECT

1           Q     Was it -- are you the one or Mr. Matthews  
2 the one that removed it from the wood?

3           A     I believe Jack removed it from the wood.

4           Q     Okay. Were you present watching him when  
5 he did it?

6           A     Yes, sir.

7           Q     Were you present when he sealed it up in  
8 that package there?

9           A     Yes, sir.

10          Q     And is it still sealed today?

11          A     Yes, sir.

12          Q     Now, after y'all recovered those two  
13 projectiles, did you have occasion to learn where  
14 Mr. Flowers had been staying at the time of the  
15 murders at Tardy Furniture?

16          A     Yes, sir, I did.

17          Q     Can you tell the ladies and gentlemen of  
18 the jury where Mr. Flowers was staying or with whom  
19 he was staying on the 16th of July, '96?

20          A     He was staying with Connie Moore at 702 A1  
21 North McNutt.

22          Q     All right. Did y'all have occasion to go  
23 out to Connie Moore's house for any reason?

24          A     Yes, sir, I did.

25          Q     What were y'all looking for when you went  
26 there?

27          A     We were looking for Fila tennis shoes.

28          Q     And on that occasion, did y'all find any  
29 Fila tennis shoes?

## THORNBURG - CONTINUED DIRECT

1           A     No, sir, I did not.

2           Q     Did you find anything that indicated that  
3 it had the name Fila tennis shoes on it?

4           A     Yes, sir. When I was looking for tennis  
5 shoes, I looked in a chest of drawers in a back  
6 bedroom, and there was a Fila tennis shoe box in  
7 that chest of drawers.

8           Q     And did you take -- was there anything in  
9 that box?

10          A     No, sir.

11          Q     Since it was an empty box, did you take it  
12 that day?

13          A     No, sir, I did not. It was empty, but I  
14 did not take it that day.

15          Q     And did you report your finding of the  
16 empty tennis shoe box to the other investigators?

17          A     Yes, sir, I did.

18          Q     Did y'all talk about it?

19          A     Yes, sir.

20          Q     After discussing that, what you' found in  
21 Connie's house, did y'all decide to go back and ask  
22 for that box?

23          A     Yes, sir, I did.

24          Q     Do you remember the day or do you remember  
25 going back for that box?

26          A     Yes, sir. I believe it was about the 14th  
27 day of August.

28          Q     How did you go about retrieving the box?

29          A     I went back over there, and I told Connie

## THORNBURG - CONTINUED DIRECT

1 that there was a Fila shoe box in the chest of  
2 drawers back there and that I needed to get it.

3 Q Okay. Did she allow you to do that?

4 A I didn't go back. She went back and got  
5 it.

6 Q Okay. And on the previous time, did she  
7 allow you to look in the house for the shoes on the  
8 previous time?

9 A Yes, sir.

10 Q And when you went back for the box, I  
11 believe you said she gave it to you?

12 A Yes, sir.

13 Q Would you recognize it if you saw it  
14 again?

15 A Yes, sir, I believe I would.

16 BY MR. CARTER: Let me see it.

17 BY MR. HILL: Sure.

18 BY MR. HILL:

19 Q Mr. Thornburg, I'm going to hand to you  
20 what's been marked State's Exhibit 79-A for  
21 identification and ask if you would, look at that  
22 box, please, sir. And I'd like for you just to kind  
23 of take a look at it all over and see if you can  
24 tell us if you remember that particular box.

25 A Yes, sir.

26 Q Now, how do you know if that's -- how do  
27 you recognize that box? Did you mark it in any way?

28 A Yes, sir. It's got my initials on it.

29 Q What all does it say there where you wrote

## THORNBURG - CONTINUED DIRECT

1 your initials?

2       **A**     It says 14 August, '96, 2:17 p.m. JB and  
3 BT, Bill Thornburg.

4       **Q**     And who was the other initials?

5       **A**     JB.

6       **Q**     Okay. And who does that stand for?

7       **A**     Jerry Butler.

8       **Q**     And who was he?

9       **A**     He had been an investigator with the  
10 Mississippi Highway Patrol, and he was a -- I  
11 believe he was retired at that time.

12       **Q**     And he was assisting y'all when he went  
13 with you?

14       **A**     Yes, sir.

15       **Q**     Sheriff, is that the box that you got from  
16 Connie Moore's house on that day?

17       **A**     Yes, sir.

18       **Q**     Now, is that box -- does it have a label  
19 on it?

20       **A**     Yes, sir, it does.

21       **Q**     Does that describe what it originally  
22 contained?

23       **A**     It's got MS Grant Hill No. 2 mid Fila,  
24 red, navy and blue, size ten and a half.

25       **Q**     Sheriff, when you first saw that box, did  
26 it have anything in it?

27       **A**     No, sir, it didn't have anything in it.

28               **BY MR. HILL:** Your Honor, at this time,  
29 I'm going to ask that State's Exhibit 79-A, the

## THORNBURG - CONTINUED DIRECT

1 shoe box, and State's -- I believe it's 81 and  
2 82 -- two projectiles that the sheriff just  
3 testified about, I would ask that all three of  
4 these items be received into evidence in the  
5 case.

6 **BY MR. CARTER:** No objection.

7 **BY THE COURT:** I'll allow them to be  
8 admitted.

9 (STATE'S EXHIBITS NO. 79-A, 81 AND 82  
10 WERE RECEIVED INTO EVIDENCE.)

11 **BY MR. HILL:** If the Court will indulge me  
12 one minute.

13 **BY MR. HILL:**

14 **Q** Sheriff, after y'all got the shoe box and  
15 the two projectiles into law enforcement custody, do  
16 you know where they went for comparison purposes?

17 **A** They were taken to the crime lab.

18 **Q** Mississippi Crime Lab?

19 **A** Yes, sir.

20 **Q** In what city?

21 **A** Jackson, Mississippi.

22 **BY MR. HILL:** Tender the witness for  
23 cross-examination. Thank you.

24 **CROSS-EXAMINATION**

25 **BY MR. CARTER:**

26 **Q** Mr. Thornburg, how do you know that was --  
27 how do you know that shoe box was taken to the  
28 Mississippi Crime Lab?

29 **A** It's labeled where it was.

## THORNBURG - CROSS

1           Q     It's labeled?

2           A     Yes, sir. Mississippi Crime Lab. That's  
3 where we take all our evidence to have it examined.

4           Q     So, Sheriff, you believe it was taken to  
5 the Mississippi Crime Lab, but you didn't carry it  
6 yourself, did you?

7           A     I did not take it myself, no, sir.

8           Q     Okay. Do you know who took it?

9           A     I sure do not.

10          Q     Okay. I don't have many questions of you,  
11 believe it or not, Mr. Thornburg, but let me ask you  
12 a few. Now, I believe you testified that you had  
13 been a sheriff for six years and a deputy sheriff, I  
14 think, for 26; is that correct?

15          A     Yes, sir.

16          Q     Now, on the occasion you went to  
17 Mr. Simpson's mother's house and you found a  
18 projectile on July the 19th, 1996 and I believe you  
19 testified August the 1st, '96, if I'm not mistaken?

20          A     Yes, sir.

21          Q     Did you make a report of doing that?

22          A     No, sir.

23          Q     Did you take any pictures when you went  
24 out there?

25          A     Did I take any what?

26          Q     Any photographs, any pictures?

27          A     No, sir.

28          Q     Did you videotape it?

29          A     No, sir.

## THORNBURG - CROSS

1           Q     Did you consider that an important area  
2 where you might have been able to find some -- some  
3 evidence?

4           A     Yes, sir, it was.

5           Q     And you found some?

6           A     I did.

7           Q     Now, who was with you besides -- I might  
8 have missed it. It was you the first time --  
9 yourself and Doyle Simpson. Did you say somebody  
10 else was with you?

11          A     The first time?

12          Q     First time, yes, sir.

13          A     I believe I took the chief of police of  
14 Duck Hill with me with a metal detector, Bob Tatum.

15          Q     Okay. And was there anyone else that you  
16 know of?

17          A     Not to my knowledge, no, sir.

18          Q     Now, you said this -- you found the -- the  
19 hulls on the ground I assume. Where did you find  
20 them?

21          A     We did. We found a -- I don't know how  
22 many but a few hulls.

23          Q     On the ground?

24          A     Yes, sir, in the grass.

25          Q     In the grass?

26          A     Yes, sir.

27          Q     Then you went back and you found a  
28 projectile. Is that what you testified to -- one or  
29 several?

## THORNBURG - CROSS

1           **A**     The first time?

2           **Q**     The second time now.

3           **A**     The second time, yes, sir. I went back  
4 and got another projectile.

5           **Q**     You got a projectile the next time?

6           **A**     Yes, sir.

7           **Q**     Just one?

8           **A**     Yes, sir.

9           **Q**     And you said you had Mr. Jerry Butler with  
10 you that time; right?

11          **A**     No, sir.

12          **Q**     Wait a minute. Let's see. At what time  
13 was Mr. Butler with you, the first time or the  
14 second time?

15          **A**     Mr. Butler didn't go out to Doyle  
16 Simpson's house with me.

17          **Q**     Okay. Wait a minute. I apologize for  
18 having to ask you, but what did Mr. Butler do?  
19 Apparently, I didn't write it down.

20          **A**     He went with me to Connie Moore's.

21          **Q**     Sir?

22          **A**     He went with me to Connie Moore's house.

23          **Q**     Okay. I'm sorry. I apologize. Sheriff,  
24 let me just ask you: Is there a reason you didn't  
25 take any pictures when you went to Doyle Simpson's  
26 house?

27          **A**     No particular reason, no, sir.

28          **Q**     Now, you do agree with me that  
29 documentation is really important in a major

## THORNBURG - CROSS

1 homicide investigation?

2       **A**     Yes, sir. I would say it's important.  
3 But how -- I was working in conjunction with the  
4 state investigators, and I report everything I did  
5 to them.

6       **Q**     Okay. Do you know if they went back and  
7 took any pictures at the scene?

8       **A**     At which scene?

9       **Q**     Do you know if the state investigators --  
10 I'm assuming you're talking about Mr. Jack Matthews  
11 and Wayne Miller; is that correct?

12       **A**     Yes, sir.

13       **Q**     Do you know if they followed up and -- or  
14 anybody followed up and went back to Doyle Simpson's  
15 house and actually took some pictures of the scene  
16 where the hull and the projectile was found?

17       **A**     I do not know.

18       **Q**     Okay. Now, the projectile, you said, was  
19 taken out of a -- was it a cedar log or what do you  
20 call it?

21       **A**     It was a cedar post that was cut out like  
22 a crosstie.

23       **Q**     Cut out like a crosstie? And now, also,  
24 when you got to Angelica that -- not Angelica. When  
25 you got to Tardy's that day and you went into Tardy  
26 Furniture store, was someone with you when you went  
27 in, did you go in by yourself or how did that come  
28 about?

29       **A**     I went in by myself.

## THORNBURG - CROSS

1           Q     Okay. At that point, where was Chief  
2 Hargrove? Do you know?

3           A     He was just inside the door. I remember  
4 seeing him. I saw another policeman but I don't  
5 remember who it was.

6           Q     And I take it Mr. Matthews and Mr. Miller  
7 hadn't gotten there yet; is that fair to say? Is  
8 that right?

9           A     That's right.

10          Q     And how long did you stay at Tardy's  
11 before you got the call to go to Angelica?

12          A     I'd probably say no more than ten or 15  
13 minutes.

14          Q     Now, that ten minutes that you were there  
15 at Tardy's, what exactly did you do?

16          A     I observed the bodies there and the pool  
17 of blood, examined the .380 hull that was laying by  
18 one of the victims.

19          Q     Okay. Did you make a report of your  
20 observations at Tardy's?

21          A     No, sir, I did not.

22          Q     And you went to Angelica's. And if my  
23 memory serves me right, you were there a few minutes  
24 before -- a while, I'm not sure how long it was  
25 before -- I can't even remember his name -- before  
26 another officer with the Mississippi Highway Patrol  
27 got there; is that correct?

28          A     We got down there about the same time.

29          Q     Okay. And since I can't remember the

## THORNBURG - CROSS

1 other officer's name, can you tell us who it was?

2 A It was James Taylor Williams.

3 Q And y'all was there, and it was a few  
4 minutes later that y'all saw somebody running; is  
5 that correct?

6 A Yes, sir.

7 Q And he was running from west -- western  
8 part of the parking lot to the eastern part of the  
9 parking lot. Is that fair to say?

10 A Yes, sir.

11 Q And he made a left turn and made -- made a  
12 left turn and started going north -- is that  
13 correct -- around the building?

14 A Yes, sir.

15 Q And who was that person?

16 A Emmett Simpson.

17 Q And what was his physical condition at the  
18 time that you saw him?

19 A What was his condition?

20 Q Physical condition, outward appearance?

21 A Well, it was hot and he was running; he  
22 was perspiring pretty good.

23 Q Okay. Where did he go?

24 A He went north by the end of the building  
25 and turned back west on the north side of the  
26 building and run all the way back to the loading  
27 dock.

28 Q And you and Mr. Williams, I believe, went  
29 down there and talked to him?

## THORNBURG - CROSS

1           **A**     Yes, sir.

2           **Q**     And he told you that he had been accused  
3 of -- he had been accused or his brother thought he  
4 had taken his gun; is that correct?

5           **A**     Yes, sir.

6           **Q**     Or something like that. And how long  
7 thereafter did Doyle come up on the scene?

8           **A**     I don't really know how long. Probably  
9 ten or 15 minutes.

10          **Q**     And you also got a chance to talk to  
11 Doyle?

12          **A**     I did.

13          **Q**     And did you make a report of that?

14          **A**     No, sir.

15          **Q**     Now, did you consider Emmett and Doyle to  
16 be possible suspects at that time?

17          **A**     Well, I didn't figure he was a suspect,  
18 but I thought he broke in his -- he told me that  
19 Doyle thought he broke in his car.

20          **Q**     Did you or anybody you know make any  
21 effort to get Emmett and Doyle to the police  
22 department right after that to interview them or  
23 anything?

24          **A**     I don't know. I didn't.

25          **Q**     You didn't? Now, when you went to  
26 Ms. Moore's house, she consented to let you search  
27 the house, I believe; is that correct?

28          **A**     Yes, sir.

29          **Q**     And she didn't get in your way or try to

## THORNBURG - CROSS

1 stop you or anything like that, did she?

2 A Do what?

3 Q She didn't try to prevent you or hinder  
4 you from searching the house, did she?

5 A No, sir.

6 Q And she didn't resist providing the shoe  
7 box, did she?

8 A No, sir.

9 Q Now, correct me if I'm wrong, but I  
10 believe -- strike that. How many times did you go  
11 into Tardy's -- in and out of Tardy's for that brief  
12 period of time you were there, if you recall?

13 A When I was first there?

14 Q Yes, sir. Yes, sir, the first time you  
15 went, how long did -- did you come in and out of  
16 there?

17 A I went in. And when I left, I went to  
18 Angelica. That's the only time I came out of there.

19 Q So you only went in -- went in and came  
20 out the first time. Okay. Now, you say you didn't  
21 see the shoe prints the first time or -- am I  
22 summarizing you right or am I wrong about that?

23 A That's wrong. I seen them when I went in  
24 the first time.

25 Q The first time. Now, did somebody have to  
26 point it out to you or you found it on your own?

27 A I saw it on my own.

28 Q You was by yourself, I believe you told  
29 me?

## THORNBURG - CROSS

1           **A**     Yes, sir.

2           **Q**     Now, was the area roped off? Did you see  
3 like that yellow tape that y'all put it up to rope  
4 off the area? Had anybody done it by the time you  
5 got there?

6           **A**     Had not.

7           **Q**     Did anybody ever do it? What time did you  
8 go back to Tardy's, if you recall, best estimate?  
9 You don't have to be exact.

10          **A**     It was in the afternoon. I don't -- I  
11 don't know. I was back there, and it was roped off  
12 then.

13          **Q**     Okay. Do you know who roped it off?

14          **A**     I do not.

15          **Q**     Now, Sheriff Thornburg, were you asked by  
16 any investigator to -- and I mean Investigator  
17 either Wayne Miller or Jack Matthews to write a  
18 report of what you had witnessed at Doyle Simpson's  
19 house or at Angelica or at Tardy's?

20          **A**     I didn't ask them to. I don't know  
21 whether they did or not.

22          **Q**     My question -- I think I might have  
23 confused you. I said did anybody ask you to write  
24 one regarding what you had witnessed at Doyle's  
25 house or Connie's house or Angelica?

26          **A**     No, sir.

27          **Q**     And which particular person was you  
28 reporting to? Who did you consider to be running or  
29 leading the operation?

## THORNBURG - CROSS

1           **A**     I did most of mine with Jack Matthews.

2           **Q**     With Jack Matthews?

3           **A**     Yes, sir.

4           **Q**     Do you know who had the higher rank, Jack  
5 Matthews or Wayne Miller?

6           **A**     I do not.

7           **Q**     Now, you did finally do a report that  
8 covered some of your activity on February the 24th,  
9 1997. Do you remember doing that? I'll show it to  
10 you if you need me to. You may not even recognize  
11 it, but --

12                   **BY MR. CARTER:** May I approach the  
13 witness, Your Honor?

14                   **BY THE COURT:** You may.

15           **BY MR. CARTER:**

16           **Q**     Take a look at that and see if you  
17 recognize it. And you can look at it. You can read  
18 it if you want to.

19           **A**     Yes, sir. I remember giving Mr. Johnson a  
20 statement.

21           **Q**     Okay. Who initiated that? Was it you or  
22 Mr. Johnson?

23           **A**     What do you mean, initiated it?

24           **Q**     Did you go to them and say, "I think it's  
25 about time for me to give some kind of statement,"  
26 or did they ask you to come and give a statement?

27           **A**     I don't remember.

28           **Q**     What's the date of it?

29           **A**     February the 24th, 1997.

## THORNBURG - CROSS

1           Q     Thank you. Do you know if they had a  
2 recorder going when you gave your statement?

3           A     I don't know. I don't know. He may have.  
4 I don't know.

5           Q     Now, were you able to find out -- didn't  
6 you receive some information about where Mr. Simpson  
7 got the gun from?

8           A     I -- I heard some talk of it. I -- I  
9 don't know who was telling about where it came from.

10          Q     Now, when you had this statement up there  
11 for that period of time, did you read it?

12          A     I didn't read all of it, no, sir.

13          Q     Could you read the rest of it and tell me  
14 whether you could answer that question for me? See  
15 if it will refresh your memory. You can read that  
16 last page. Skip the first page.

17          A     (Witness reading document.)

18          Q     And according the information you  
19 received, the gun was obtained from where?

20          A     Doyle told me that he had got the gun from  
21 a relative in Louisiana, but he didn't know what  
22 brand name it was but it was a .380.

23          Q     Did you ever learn whether that was the  
24 truth or not? Did you ever receive information that  
25 that was, in fact, not the truth?

26          A     Yes, sir.

27                BY MR. CARTER: No further questions. Oh,  
28 one moment, Your Honor.

29                BY MR. CARTER:

## THORNBURG - CROSS

1           Q     Sheriff Thornburg, you -- in the process  
2 of your involvement in this investigation, you  
3 learned that Doyle Simpson's car had been  
4 burglarized; is that correct?

5           A     Yes, sir.

6           Q     Did you prepare a report on that?

7           A     I did not.

8           BY MR. CARTER: No further questions, Your  
9 Honor.

10          BY THE COURT: Any redirect?

11          BY MR. HILL: Just a couple of questions,  
12 Your Honor.

13                   REDIRECT EXAMINATION

14          BY MR. HILL:

15           Q     Mr. Thornburg, after you -- after you  
16 discovered that Mr. Simpson's car had been  
17 burglarized and his pistol stolen, did you  
18 communicate that to your fellow investigators that  
19 same day?

20           A     Yes, sir, I did.

21           Q     And with regard to Mr. Emmett Simpson, did  
22 you follow him to where he stopped running?

23           A     Yes, sir.

24           Q     And where was it that he stopped?

25           A     On the loading dock on the north side of  
26 the west end of the building.

27           Q     Okay. Is that where he was working?

28           A     Yes, sir.

29           Q     So he was just running back to his work

## THORNBURG - REDIRECT

1 station?

2 A Yes, sir.

3 Q Okay. And he didn't leave the premises;  
4 he wasn't trying to run away from you, was he?

5 A No, sir.

6 Q And did you question him about why he was  
7 running?

8 A I may have. I can't remember.

9 Q It doesn't have to do with what you  
10 explained to defense counsel about talking to Doyle,  
11 and Doyle talking about that he got the gun?

12 A Yes, sir.

13 BY MR. CARTER: Object to the leading. I  
14 don't mind the question but object to leading.

15 BY MR. HILL:

16 Q And did you search any -- did you search  
17 Emmett's van?

18 A I did.

19 Q And where was it parked?

20 A It was parked in the front parking lot on  
21 the south side of the building.

22 Q Did you find any gun or anything else of  
23 interest in the van?

24 A No, sir.

25 Q You never did see Emmett go to the van  
26 after he started running, did you?

27 A No, sir.

28 BY MR. HILL: That's all we have for this  
29 witness, your Honor.

## BALASH - DIRECT

1           **BY THE COURT:** You may step down. Who  
2 would be the State's next witness?

3           **BY MR. HILL:** Mr. David Balash, Your  
4 Honor.

5           **BY MRS. STEINER:** Your Honor, may we  
6 approach?

7           **BY THE BAILIFF:** Is he finally excused?  
8 He wants to know is he --

9           **BY THE COURT:** All right. May he?

10          **BY MR. CARTER:** He can leave but we intend  
11 to call him, but we'll just find him when  
12 we need him.

13                   (ALL COUNSEL APPROACH THE BENCH FOR A  
14 CONFERENCE HELD OUT OF THE HEARING OF THE  
15 JURY, TO-WIT:)

16          **BY MRS. STEINER:** Your Honor, Mr. Balash  
17 is a witness in the outstanding motion on  
18 suppression of evidence, and I didn't know if  
19 the State was proposing to elicit any testimony  
20 regarding the subject matter of that.

21          **BY MR. EVANS:** Unh-unh, not a bit. He's  
22 not an expert.

23          **BY THE COURT:** Talking about the gunshot  
24 residue?

25          **BY MRS. STEINER:** Uh-huh.

26          **BY THE COURT:** He's not testifying any at  
27 all about --

28          **BY MR. EVANS:** No, sir.

29          **BY MRS. STEINER:** I will ask that he

BALASH - DIRECT

1 remain afterwards to be available to testify.

2 BY MR. EVANS: You need to take it up with  
3 him. He's got a plane out this evening.

4 BY MRS. STEINER: Well, then I'll need to  
5 confer and maybe take some testimony outside  
6 the presence of the jury from him about the  
7 residue. I mean, I'll put him under a subpoena  
8 if I have to. I can go do that right now but  
9 we will need him to remain.

10 BY MR. EVANS: This is ridiculous. We've  
11 got an out-of-state witness that's been here  
12 for three days. They have not attempted to  
13 subpoena him and he has -- we had already  
14 continued his plane ticket one --

15 BY THE COURT: What is the purpose -- I  
16 mean, what are you calling him for?

17 BY MRS. STEINER: He is of the opinion --  
18 if the -- he is of the opinion that the gunshot  
19 residue evidence that exists here does not  
20 support any of the inferences that the State  
21 wishes to argue from it.

22 BY MR. EVANS: That is not what he's  
23 testified to in the case.

24 BY THE COURT: Well, I'll -- I can hear  
25 some outside the presence of the jury, and we  
26 can take that up --

27 BY MRS. STEINER: Right.

28 BY THE COURT: -- before he leaves today.

29 BY MR. EVANS: Yes, sir.

## BALASH - DIRECT

1           **BY MRS. STEINER:** Thank you, Your Honor,  
2           and -- thank you.

3                   (BENCH CONFERENCE CONCLUDED)

4           **BY THE COURT:** If you will come around  
5           please and face the bench and take the oath.  
6           Do you solemnly swear or affirm the testimony  
7           you'll give in this case will be the truth, the  
8           whole truth and nothing but the truth, so help  
9           you God?

10          **BY THE WITNESS:** I do.

11          **BY THE COURT:** Come around, please, and  
12          have a seat.

13          **BY THE WITNESS:** Thank you, sir.

14          **BY THE COURT:** State your name, please.

15          **BY THE WITNESS:** David E. Balash.

16          **BY THE COURT:** You may proceed.

17          **BY MR. HILL:** Thank you, Your Honor.

18                   **DIRECT EXAMINATION**

19          **BY MR. HILL:**

20           **Q**     Mr. Balash, I'm going to remind you that  
21           that microphone in front of you does not amplify  
22           your voice, and if you would, please, try to speak  
23           loudly so everyone back as far as I am can hear you.

24           **A**     Yes, sir.

25           **Q**     Would you tell the ladies and gentlemen of  
26           the jury how you're employed, sir?

27           **A**     Currently, I'm an independent firearms  
28           examiner, forensic science consultant.

29           **Q**     And would you share with us what training

## BALASH - DIRECT

1 and experience, background that qualifies you in  
2 your field, please, sir?

3       **A**     Well, my training and experience began in  
4 September of 1966 when I enlisted in the Michigan  
5 State Police. I completed a 13-week recruit school,  
6 graduated in December of 1966 and was assigned as a  
7 road trooper at the Niles post. I worked for  
8 approximately two and half years at the Niles post  
9 and was transferred to the Sandesky post in Michigan  
10 for an additional two and half years. Beginning in  
11 January -- January 2nd, 1972, I was assigned to the  
12 forensic science division, specifically the firearms  
13 identification, tool marks, bombs and explosives  
14 unit of the Michigan State Police Plymouth  
15 laboratory. I worked in that unit for the next 20  
16 years. It was relocated to the Northville  
17 laboratory. I progressed from being a trooper to  
18 being a detective lieutenant, and I was in charge of  
19 that unit when I retired in 1992.

20       **Q**     Have you ever been qualified by any court  
21 of law as an expert in firearms identification?

22       **A**     Yes, sir, I have.

23       **Q**     Would you tell us approximately how many  
24 times over the extent of your career you have been  
25 so qualified as an expert?

26       **A**     At this time, it's in excess of 400  
27 occasions.

28       **Q**     Can you share with us what states -- the  
29 courts and what different states have qualified you,

## BALASH - DIRECT

1 please, sir?

2       **A**     The vast majority of my testimony would  
3 have occurred within the state of Michigan. In and  
4 around the Detroit metropolitan area, there's five  
5 main counties: Wayne, Waskanaugh, Oakland,  
6 McClaine, Livingston, Monroe counties. And I've  
7 also offered -- and that's for state civil, state  
8 criminal, as well as federal courts in those  
9 jurisdictions. I've also offered testimony in  
10 courts in California, here in Mississippi, Ohio,  
11 Indiana, Wisconsin, Oklahoma and Illinois that come  
12 to mind.

13           **BY MR. HILL:** Your Honor, at this time, I  
14 would tender Mr. David Balash as an expert in  
15 firearms and firearms identification.

16           **BY MRS. STEINER:** No objection, Your  
17 Honor.

18           **BY THE COURT:** I'll allow him to testify  
19 as an expert in that field.

20           **BY MR. HILL:** Thank you, Your Honor.

21 **BY MR. HILL:**

22       **Q**     Mr. Balash, as a result of and because of  
23 your expertise in your field, were you called upon  
24 to come to Mississippi to the Mississippi Crime  
25 Laboratory in Jackson and to review and examine some  
26 evidence that we had on this case back at that time?

27       **A**     It was in -- I believe it was August of  
28 1998, yes.

29       **Q**     All right, sir. Did you come and examine

## BALASH - DIRECT

1 some items of evidence on this case back in 1998?

2 A I did, sir.

3 Q All right, sir. And if you were to look  
4 at those items of evidence, do you think you'd be  
5 able to recognize them again?

6 A Yes, sir, I would.

7 Q And as a result of your examination, did  
8 you generate a report and compile information that  
9 you might have available on this case?

10 A I did, sir.

11 BY MR. HILL: If the Court will indulge me  
12 just a minute, Your Honor. I'm going to move  
13 this around the other side of the table.

14 BY MR. HILL:

15 Q Mr. Balash, I'm going to hand you what's  
16 been marked as State's Exhibit No. 88 for  
17 identification. Would take that and tell us if you  
18 recognize that, sir?

19 A State's Exhibit 88 is a white pill box.  
20 It has writing on it, case number. It also has my  
21 number 621-98 and my initials on it. I do recognize  
22 this box, sir.

23 Q Did you examine that piece of evidence?

24 A I did, sir.

25 Q Can you tell us what's in the box?

26 A It's a fired cartridge case of CCI  
27 manufacture .380 auto caliber.

28 Q And you -- can you tell us the CCI  
29 manufacture, what does that mean?

## BALASH - DIRECT

1           **A**     CCI is a brand. It's a type of  
2 ammunition. And it's an aluminum cartridge case.  
3 It has a non-reloadable primer. It's made for one  
4 time use only. It's silver in color.

5           **Q**     So that is a cartridge casing or --

6           **A**     It's a fired cartridge case. For your  
7 information, if I were to hold up an entire bullet  
8 or cartridge, as people would call it, it consists  
9 of a bullet at the front, a cartridge case that  
10 holds the bullet, there's powder behind the bullet  
11 and then there's a primer at the base of the  
12 cartridge. That's an entire cartridge. When you  
13 separate these out after firing, you have a fired  
14 cartridge case, and all that is, is the remnant to  
15 one that's been fired in a hand gun or a rifle.

16          **Q**     Okay. And did you say what caliber that  
17 was, if you were able to tell?

18          **A**     This was a .380 auto caliber.

19          **Q**     And what was -- what can you tell us about  
20 a .380 auto? What kind of firearm would shoot a  
21 .380 auto caliber?

22          **A**     The .380 auto is almost an exclusive  
23 semi-auto pistol. And therefore, that means that  
24 the -- the weapon to be fired has to have a  
25 cartridge in the chamber. A safety -- if there are  
26 safeties -- on the weapon have to be off. And if  
27 you pull the trigger, the firing pin will explode  
28 the primer of the cartridge that's in the chamber.  
29 The gun will fire; the bullet comes out of the

## BALASH - DIRECT

1 barrel of the firearm. The gas pressure that is  
2 releasing will cause the slide or the top part of  
3 the firearm to function to the rear. And at the  
4 same time, there's a little claw-like device that  
5 grabs the fired cartridge case from the chamber,  
6 strikes the little projection that's called the  
7 ejector, and it expels the fired cartridge case from  
8 the gun. When the slide's in its fully rearward  
9 position, it will then move back forward under  
10 spring tension. And if there's a magazine in the  
11 gun with additional cartridges, it will pick up a  
12 cartridge from the magazine and reinsert it into the  
13 chamber but it will not fire it. It will only fire  
14 one time. You have to release pressure on the  
15 trigger and redepress the trigger to have it fire a  
16 second shot. Even if you hold the trigger fully, it  
17 will only fire one shot.

18 Q Is that --

19 A That's a semi-auto.

20 Q I'm sorry. I've heard during my  
21 experience of a semiautomatic. Would that be a  
22 right designation for this kind of weapon?

23 A Yes, sir, it would.

24 Q I want to hand you now State's Exhibit No.  
25 89. Would you look at this item of evidence,  
26 please, sir, and tell us -- first of all, same  
27 process. Do you recognize it? And if you do, what  
28 it is?

29 A Again, this is a white pill box. Again,

## BALASH - DIRECT

1 it has my laboratory number -- the number is  
2 621-98 -- and my initials DEB. It reportedly  
3 contains a Remington Peters fired .380 auto caliber  
4 cartridge case. I do recognize this item, sir.

5 Q Now, you said that was a .380 auto, I  
6 believe you said, Remington Peters?

7 A Correct.

8 Q And with regard to that cartridge case  
9 there, is it different from the one that you just  
10 mentioned, the CCI?

11 A Yes, it is. The fired cartridge contained  
12 within this pill box is made essentially of brass.  
13 The fired cartridge in this box is made of aluminum.  
14 So this one is a silver color; this one's a copper  
15 color.

16 Q Are both of those the same caliber even  
17 though they are of different consistency on the  
18 case?

19 A They're the same caliber, but different  
20 manufacturers. It's Ford and Chevy. They make  
21 trucks. One's a Ford, and one's a Chevy. These are  
22 .380s. One is a Remington Peters; one is a CCI.

23 Q State's Exhibit No. 90. Tell us about  
24 that, if you examined it.

25 A State's Exhibit No. 90, again, is a white  
26 pill box. Again, it has my laboratory number,  
27 621-98, my initials. Again, it reportedly contains  
28 a .380 auto caliber fired cartridge case and this,  
29 again, appears -- it's difficult to see but I

## BALASH - DIRECT

1 believe it says CCI, and it does have NR, which  
2 means it's non-reloadable, which is a CCI.

3 Q Exhibit 91?

4 A Exhibit 91, again, is a white pill box,  
5 and it bears my laboratory number and initials.  
6 Reportedly, it's sealed with frangible tape as are  
7 the other three. It, again, reportedly contains a  
8 .380 auto caliber CCI, non-reloadable fired  
9 cartridge case. I do recognize this one as well,  
10 sir.

11 Q Okay. Exhibit 92 -- State's Exhibit 92?

12 A State's Exhibit 92, again, is a white pill  
13 box. It, again, has my laboratory number and my  
14 initials. And it's difficult to read the lettering  
15 under the tape. I'd have to refer to my report as  
16 to what it contains, sir.

17 Q Would you do that for us, please.

18 A This was State's Exhibit -- I'm sorry,  
19 what was the --

20 Q 92.

21 A 92?

22 Q Yes, sir.

23 A State's Exhibit 92, according to my  
24 report, contains a .380 auto caliber Winchester  
25 Western fired .380 auto caliber cartridge case.

26 Q Now, you've told us what was in all five  
27 of those cartridge cases. Will you tell us whether  
28 or not you compared one to the other in these cases?  
29 Did you do a comparison? And, if you did, will you

## BALASH - DIRECT

1 tell us how you did it?

2       **A**     I did a comparison. What a comparison  
3 amounts to is a firearms examiner -- an instrument  
4 that is required to do firearms identification is  
5 called a comparison microscope. A comparison  
6 microscope is essentially two microscopes that allow  
7 you to view two different objects at the same time,  
8 and they are connected by a bridge so I can look at  
9 what's on the right stage and the left stage  
10 simultaneously. What I would do in these, I would  
11 begin by looking at all the evidence to see what  
12 type of markings were available for me to examine  
13 and I would do that normally under a  
14 stereomicroscope, which is a single view, strong  
15 microscope. And once I determined in this case  
16 which one had very good markings, I would then  
17 consider that my test or my standard and put it on  
18 the right stage. I would then take the next four,  
19 whatever ones they were, and begin to compare them  
20 against my known standard and either identify, not  
21 come to an opinion or eliminate based on what I  
22 would see under the comparison microscope.

23       **Q**     And what -- what are you looking at? Are  
24 you looking for markings on the -- breech markings  
25 or striations or exactly what is it that you're  
26 looking for when you compare one to another?

27       **A**     On a fired cartridge case, that comes from  
28 a semi-automatic pistol. There are normally five or  
29 six areas that you can positively identify with the

## BALASH - DIRECT

1     weapon. The first one is the firing pin impression  
2     itself where the firing pin comes through the -- the  
3     breech of the weapon and strikes the soft primer.  
4     You can identify that. When the gun fires, the  
5     cartridge case slams back against the breech. Those  
6     are breech marks, and those can be individual and  
7     identifiable. The semi-auto is now being fired.  
8     The cartridge case inside the chamber expands to  
9     seal the gases from coming to the rear. But after  
10    the bullet is expelled from the barrel and the  
11    cartridge case is being dragged out of the chamber  
12    by the extractor, you can also have chamber  
13    markings. The chamber markings, the firing pin  
14    identification markings and the breech markings,  
15    along with any ejection marks that strike the weapon  
16    under a firing sequence, can all be individual  
17    enough to identify that that fired cartridge case  
18    was fired in a specific weapon.

19                   The other two marks that come to mind  
20    that are ready available is the extractor mark and  
21    the ejector mark. Those can be identified  
22    positively with the weapon. But even if you make  
23    that identification, it doesn't mean that that  
24    cartridge case was fired in the weapon. And the  
25    example is, if I were to put a magazine into a  
26    weapon, rack it so that one cartridge goes into the  
27    chamber and then pull the slide back, the entire  
28    cartridge would be drawn out by the extractor, and  
29    it would be expelled by the ejector, and it would

## BALASH - DIRECT

1 leave those marks there but that cartridge was not  
2 fired in the gun. It's a positive identification,  
3 but it doesn't mean it was fired in the gun. So the  
4 ones that are important to have been fired in the  
5 weapon are the primer marks, the breech marks, the  
6 chamber marks and, in some small cases, the  
7 cartridge case that's being ejected after it's fired  
8 will strike a portion of the weapon and damage it  
9 enough that -- and sometimes those are reproducible  
10 and that only happens during the firing process.  
11 Those are the areas that are identifiable.

12 Q Were you able to reach an opinion to a  
13 reasonable degree of scientific certainty as to  
14 these five cartridge cases?

15 A Yes, sir, I was.

16 Q Would you tell the ladies and gentlemen of  
17 the jury what that opinion was, sir?

18 A It was my opinion that all five of these  
19 fired cartridge cases were fired in one weapon, and  
20 one weapon alone.

21 Q And if we could put that in terms of  
22 percentages, how certain are you that that is a  
23 fact?

24 A I'm 100 percent absolutely certain. There  
25 is no margin -- if I identify them as coming from  
26 the gun, that's an absolute identification, 100  
27 percent.

28 Q Now, did you -- in addition to the five  
29 cartridge cases -- in other words, these hulls that

## BALASH - DIRECT

1 we have here, you looked at other firearms evidence  
2 as well, I believe; is that right?

3 A That is correct, sir.

4 Q I want to show you State's Exhibit No. 81.  
5 This is a manila envelope, a small manila envelope  
6 labeled State's Exhibit No. 81. What could you tell  
7 us about recognizing that particular exhibit?

8 A State's Exhibit 81 is a manila envelope.  
9 It bears my initials, my laboratory number, and it  
10 reportedly contains one fired projectile. I do  
11 recognize this item, sir.

12 Q Did you examine it?

13 A I did.

14 Q Can you tell us what it contains?

15 A It contains a portion of a fired bullet.

16 Q And what can you tell us about that  
17 fired -- that portion of the fired bullet there?

18 A May I refer to my report, sir?

19 Q Please do if you need to, sir.

20 A Exhibit 81 is a full metal jacket fired  
21 bullet that was received, according to this, from  
22 Doyle's house, according to my report.

23 Q All right, sir.

24 A And it's a .380 auto caliber fired bullet.

25 Q All right, sir. I want to show you  
26 State's Exhibit No. 82.

27 A State's Exhibit 82 is a white envelope.  
28 Again, sealed. It has my laboratory number and my  
29 initials. It also contains a fired .380 auto

## BALASH - DIRECT

1 caliber fired bullet. Again, I believe -- yes, it  
2 was received, and it indicates Doyle's house. As a  
3 matter of fact, you can see the bullet. It is  
4 sitting up in the corner with the tape --

5 Q Right in the little cellophane corner  
6 there?

7 A And you can see this one as well. They're  
8 both full metal jacketed copper bullets.

9 Q Would you explain to us what a full metal  
10 jacket is and will you distinguish that from a  
11 total -- didn't you say one of these CCI rounds --  
12 well, tell us about full metal and total metal  
13 jackets.

14 A These bullets -- one is Remington; one is  
15 a Winchester, could be Federal. These are full  
16 metal jacketed bullets. What full metal jacketed  
17 bullet means is everywhere you can see in the base,  
18 all around the nose, back to the base is a solid  
19 piece of a copper jacketing. And when you turn the  
20 bullet and look at the back end of it, you'll see a  
21 gray-like material. That's the lead filler that  
22 gives the bullet its weight. So you have the lead  
23 being injected into the back end of this particular  
24 bullet, so it's copper all that would come into  
25 contact with it, whether it's the target or the  
26 surface of the gun, and it has an exposed lead base.

27 Q Mr. Balash, as for those two exhibits, 81  
28 and 82, were you able to tell us or did you form an  
29 opinion to a reasonable degree of scientific

## BALASH - DIRECT

1 certainty about the weapon that fired those two  
2 bullets?

3 A I did.

4 Q Tell us what that opinion is, please, sir.

5 A It is my opinion these two items were  
6 fired in the same gun and that gun would have been  
7 an .380 auto caliber fired weapon.

8 Q Okay.

9 A And it would display -- these bullets also  
10 display rifling specifications of six lands and  
11 grooves with a right twist.

12 Q Okay. I want to show you State's Exhibit  
13 No. 80, please.

14 A State's Exhibit 80, again, is a white pill  
15 box. It has my initials and my laboratory number on  
16 it, and it states, "Recovered from mattress at Tardy  
17 Furniture, Serta brand."

18 Q Did you examine that?

19 A I did, sir.

20 Q Tell us what's in that white box.

21 A A one -- in this particular box is a fired  
22 jacketed .380 auto caliber bullet displaying six  
23 lands and grooves with a right twist. It also has  
24 damage to the base of it.

25 Q All right. Tell us -- you said that 81  
26 and 82, the two bullets from the post at Doyle  
27 Simpson's house were fired in the same weapon and  
28 they were .380 auto caliber, six lands and grooves  
29 with a right twist?

## BALASH - DIRECT

1           **A**     Correct.

2           **Q**     Does this mattress bullet, the one that  
3 was recovered from the scene at Tardy Furniture,  
4 State's Exhibit 80, have the same characteristics  
5 that you described in 81 and 82?

6           **A**     It does, sir.

7           **Q**     And what does that tell us? Class  
8 characteristics or class markings, can you tell us  
9 what that means?

10          **A**     Well, as a firearms examiner, there are  
11 many rifling specifications that come on fired  
12 bullets. You can have five lands and grooves with a  
13 right twist, six lands and grooves with a right  
14 twist, six lands and grooves with a left twist,  
15 eight lands and grooves with a left twist, eight  
16 lands and grooves with a right twist, 12 lands and  
17 grooves, ten lands and grooves, 16. Actually, some  
18 guns have 22 lands and grooves, and that's -- the  
19 only ones that I know of is a right twist. What  
20 that tells you that's how many the manufacturer  
21 decided to incorporate into the rifling. What a  
22 firearms examiner would do when asked to make a  
23 comparison would, first of all, the lands and  
24 grooves markings would have to be of the same class  
25 characteristics. That would mean that when I picked  
26 up one bullet, if it's a .380 auto caliber, the next  
27 bullet that I wanted to compare also would have to  
28 be a .380 auto caliber. If the first bullet had six  
29 lands and grooves with a right twist, the other one

## BALASH - DIRECT

1 had to have six lands and grooves with a right  
2 twist. If it had anything other than that, it would  
3 simply be eliminated as not having to do with it.  
4 Once they both have six lands and grooves, you want  
5 to make sure that the lands and grooves width is  
6 consistent. In other words, some manufacturers will  
7 have six lands and grooves but the groove will be  
8 rather wide and the land will be rather narrow. Or  
9 the other one may have it just the opposite where  
10 the land is very wide and the groove is narrow.  
11 These -- you would look at them to see that both the  
12 lands and the grooves were consistent in size before  
13 you went on to any other examination, and of all  
14 these were consistent to this point.

15 Q Okay. Did you compare No. 80, the  
16 mattress bullet, to the two bullets that came from  
17 the -- Doyle's --

18 BY MRS. STEINER: If the Court please. I  
19 believe 80 is for identification only at this  
20 point. I don't believe he's testified to the  
21 recovery of it at this point.

22 BY MR. HILL: I haven't offered it into  
23 evidence.

24 BY MRS. STEINER: I understand you were  
25 calling it S-80 as if it were --

26 BY THE COURT: You called it S-80 for --

27 BY MR. HILL: S-80 for identification.

28 BY MR. HILL:

29 Q S-80 for identification: Did you compare

## BALASH - DIRECT

1 it to the two bullets in 81 and 82?

2 A Yes, I did.

3 Q What was your findings when you compared  
4 it?

5 A It was my opinion that the bullet  
6 contained with the exhibit -- contained within  
7 proposed 80 was, in fact, fired from the same gun  
8 that fired State's Exhibits 81 and 82. In other  
9 words, all three were fired from the same weapon.

10 Q Okay. And is this to the same standard of  
11 reasonable standard of scientific certainty? I  
12 think you said 100 percent.

13 A It has to be 100 percent or I will not  
14 offer that opinion. That is correct.

15 BY MR. HILL: Your Honor, at this time I  
16 would offer State's Exhibit 80 and ask that it  
17 be received into evidence.

18 BY MRS. STEINER: I'm going to object.  
19 There's been no chain of custody. Nobody's  
20 testified concerning where S-80 was found or  
21 the means by which it was recovered at this  
22 point.

23 BY MR. HILL: I can reoffer it later.

24 BY THE COURT: I think it's prematurely  
25 offered into evidence at this time without some  
26 chain of custody.

27 BY MR. HILL: I will reserve my offer then  
28 until the next witness, Your Honor.

29 BY MR. HILL:

## BALASH - DIRECT

1           Q     Mr. Balash, I will next hand you State's  
2 Exhibit No. 83. Tell us, if you can, what that is,  
3 please, sir.

4           A     State's Exhibit 83 is -- again, it's a  
5 white pill box. It has my laboratory number and my  
6 initials on it, and it's a projectile from the  
7 floor, I believe it is. May I refer to my report  
8 more specifically?

9           Q     Yes, sir, please. That's 83.

10          A     It's a .380 auto full total metal jacket  
11 bullet that has severe damage and ricochet damage,  
12 in my opinion, sir.

13          Q     Okay. And you said that was a .380 auto  
14 caliber?

15          A     Yes, sir.

16          Q     Does it have the same caliber as well as  
17 rifling characteristics as the other three  
18 projectiles that you have so far identified?

19          A     It does. It -- this one has the same  
20 characteristics of six lands and grooves with a  
21 right twist.

22          Q     Okay. Did you have -- were you able to  
23 make an identification on that bullet?

24          A     No, sir, I was not.

25          Q     What could you tell us from your  
26 examination as to how it compares with the other  
27 three that you were able to identify?

28          A     What I could say about this bullet it's a  
29 .380 auto caliber. It has class rifling

## BALASH - DIRECT

1 specifications of six lands and grooves with a right  
2 twist. It could have been fired from the same gun  
3 that fired the three previous exhibits, but I could  
4 not say that it was absolutely so that means it  
5 could also not have been fired from the same gun  
6 that fired the previous three fired bullets.

7 Q Okay. Let me ask you whether or not you  
8 would have -- could you say whether or not it is  
9 consistent with having been fired by the same weapon  
10 that fired the three others?

11 A I have that opinion, yes.

12 Q Could you tell what that is?

13 A My opinion is it is consistent in all  
14 characteristics, could be and probably was fired  
15 from the same weapon that fired the prior three  
16 exhibits that I just spoke of.

17 Q State's Exhibit No. 84, Mr. Balash.

18 A State's Exhibit 84 is, again, a white pill  
19 box. It has my initials on it. I do recognize this  
20 item, sir.

21 Q Tell us what it is.

22 A May I refer again to my report, sir?

23 Q Yes, sir, please.

24 A This, again, also is a fired bullet that  
25 was recovered from the love seat. It's in my notes.

26 Q Now, was that part of the crime scene, the  
27 love seat?

28 A From my understanding of it, yes.

29 Q And if you would refer back to S-83 in

## BALASH - DIRECT

1 your notes there and tell us as to whether or not  
2 S-83 is reported from your notes that you compiled  
3 in making this examination, is it also from the  
4 crime scene?

5 A Yes, sir, it is.

6 Q Okay. So 83 and 84 are from the crime  
7 scene. What can you tell us about S-84?

8 A S-84 is a .380 auto caliber fired bullet  
9 that -- and it has class rifling specifications of  
10 six lands and grooves with a right twist. It has  
11 severe damage to it. It has ricochet damage to it.  
12 But I also have been able to identify this fired  
13 bullet with the weapon that fired the previous  
14 Exhibits 80 -- which was not yet accepted, I  
15 understand -- 81 and 82, so State's Exhibits 81, 82  
16 and 84 and proposed 80, in my opinion, were all  
17 fired from the same weapon.

18 Q I want to back up just one minute, please,  
19 sir, and talk about S-82 again. Let's talk about  
20 that right there again, Mr. Balash.

21 A Thank you, sir.

22 Q You mentioned -- I heard you mention it,  
23 and I failed to follow up on it. I believe you  
24 indicated that projectile as well has some ricochet  
25 damage to it; is that right?

26 A That is correct, sir.

27 Q What could you tell us -- what did you  
28 observe about ricochet damage to that bullet?

29 A In looking at this particular bullet under

BALASH - DIRECT

1 a stereomicroscope, or the lower powered scope that  
2 I would look at just one bullet at a time with, I  
3 noticed that the base and the area on this had a  
4 very flat, smooth, crushed area, which indicated to  
5 me that this bullet had struck something very hard  
6 and solid, such as steel or concrete or a linoleum  
7 over concrete type of situation, and it caused this  
8 damage and caused this to be a ricocheted bullet.

9 Q And this S-80, where does your notes  
10 indicate that bullet was recovered from?

11 BY MRS. STEINER: I'm going to object to  
12 any testimony regarding that as hearsay until  
13 we've had more testimony concerning where that  
14 was recovered from.

15 BY MR. HILL: I believe this bullet was  
16 labeled, and he authenticated that, Your Honor.  
17 I think he can --

18 BY THE COURT: He's already testified once  
19 to what that label says. And it's -- I mean, I  
20 think he's already --

21 BY MRS. STEINER: I think the jury should  
22 be instructed at this point this is his record  
23 regarding the label and is not offered for the  
24 truth of where that was recovered.

25 BY THE COURT: That's correct right now,  
26 ladies and gentlemen. That's what his label  
27 says. They will have to have some other  
28 witness come in and testify that this is, in  
29 fact, where the --

## BALASH - DIRECT

1           **BY MR. HILL:** I didn't ask him where it  
2           came from, Your Honor. I said what does the  
3           label on it show.

4           **BY THE COURT:** I thought you were talking  
5           about the label as it refers to where the  
6           location -- where it was --

7           **BY MR. HILL:** I want him to talk about the  
8           label that he has recorded in his notes when he  
9           made the examination.

10          **BY THE COURT:** And I'm saying -- advising  
11          the jury that his label as to where it came  
12          from is -- until it's tied up -- it's not  
13          offered as truth of the matter that that's  
14          where it came from.

15          **BY MR. HILL:** Right. We intend to tie  
16          that up and put on a witness to that respect,  
17          Your Honor.

18          **BY THE COURT:** Right. And that's what I  
19          was trying to clear up.

20          **BY MR. HILL:** Okay. So does that mean I  
21          can ask him?

22          **BY THE COURT:** You can, with that  
23          admonition to the jury.

24          **BY MR. HILL:** Yes, sir.

25          **BY MR. HILL:**

26           **Q**     Mr. Balash, what information was available  
27           to you when you examined that bullet at the  
28           Mississippi State Crime lab back in 1998, I think  
29           you said -- was that box labeled while it was in the

## BALASH - DIRECT

1 custody of the Mississippi Crime Laboratory as to  
2 where that bullet was recovered?

3 A Yes, sir, it was.

4 Q What does it say on the label?

5 A It's labeled, "Mattress, Tardy's  
6 Furniture, Serta brand." And that's what is  
7 displayed on my report as well.

8 Q Okay. And that was the bullet you just  
9 testified about that has the ricochet damage?

10 A That is correct, sir.

11 Q All right. Now we move forward to State's  
12 Exhibit No. 85. Would you look at that and tell us  
13 if you examined it and what it contains.

14 A State's Exhibit 85, again, has my  
15 laboratory number and my initials. It's a white  
16 pill box. And it's a fragment of a fired bullet,  
17 and it was collected in an area, according to this,  
18 near Carmen Rigby.

19 Q Near Carmen Rigby?

20 A Yes, sir.

21 Q And what caliber is it?

22 A It's a portion of a .380 auto caliber  
23 fired bullet.

24 Q Were you able to determine that, even  
25 though that was a fragment, part of a bullet?

26 A What I determined was that it is  
27 consistent with a .380 auto caliber-size bullet  
28 itself. To say that it was absolutely a .380 with  
29 the damage that was available, I could not say that.

## BALASH - DIRECT

1 But it is consistent in all regards with what I see  
2 as being a .380 auto caliber fired bullet.

3 Q Okay. What about the class  
4 characteristics?

5 A May I refer to my report on that, sir?

6 Q Yes, sir, please.

7 A That's 85?

8 Q Yes, sir, 85.

9 A It's consistent on my report with being a  
10 portion of that which is consistent with a .380  
11 auto, six lands and grooves with a right twist.

12 Q Okay. Do you have an opinion or what  
13 could you tell us about whether or not that bullet  
14 was fired in the same gun that fired the other  
15 three -- four projectiles I think you've now  
16 testified to?

17 A I have an opinion on that, sir.

18 Q Tell us what that is, please.

19 A My opinion is that it could have been. It  
20 is not enough individual identifiable striated  
21 markings on the fragment that remains here to  
22 positively identify it with any gun that it came  
23 from, but it could have been fired from this gun.  
24 But I have no further opinion other than it could  
25 have been.

26 Q All right, sir. And S-86?

27 BY THE COURT: Mr. Hill, why don't we take  
28 a recess? I don't know if I can read body  
29 language or not, but the jury looks like

## BALASH - DIRECT

1           they're probably ready to stretch and move for  
2           a few minutes, so we'll take about a ten-minute  
3           recess.

4           **BY MR. HILL:** Thank you, Your Honor.

5                       (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
6           CONTINUED IN OPEN COURT WITH THE JURY  
7           PRESENT, TO-WIT:)

8           **BY THE COURT:** Mr. Balash, you can have a  
9           seat.

10          **BY THE WITNESS:** Thank you, Your Honor.

11          **BY MR. HILL:** May I continue, Your Honor?

12          **BY THE COURT:** You may.

13                       **CONTINUED DIRECT EXAMINATION**

14          **BY MR. HILL:**

15               **Q**     Mr. Balash, I believe that the immediate  
16           next exhibit we were going to talk about was State's  
17           Exhibit No. 86. Would you take that and examine it?  
18           You may need to examine the contents closely. The  
19           tube is in the bag.

20               **A**     State's Exhibit 86 is a clear plastic bag  
21           containing a -- what appears to be a specimen or  
22           test tube with writing on it. And I do recall  
23           seeing this item at a prior occasion, sir.

24               **Q**     Okay. And do you -- can you tell from  
25           your notes and the exhibit what that is and is it --  
26           the reference as to where it came from?

27               **A**     Yes, sir, I can. According to my notes  
28           and the records, People's Proposed 86 is a clear  
29           plastic bag which contains a plastic tube.

## BALASH - DIRECT

1 Contained within that plastic tube are two copper  
2 jackets and lead fragments, a quantity of paper and  
3 fragments of copper and steel. And they're  
4 reportedly from the deceased Rigby.

5 Q Ms. Rigby. All right. Did you examine  
6 the fragments labeled as having come from Ms. Rigby?

7 A Yes, sir, I did.

8 Q Tell us what that -- give us as good a  
9 description as you can of what's in that tube there  
10 as far as firearms evidence.

11 A What's contained within here are small  
12 fragments of copper jacket and lead material, very  
13 small lead material. The lead material would be  
14 consistent with core material or the inside of a  
15 bullet. The copper jacket is consistent with a  
16 bullet jacket material. It has rifling on it. The  
17 rifling is six lands and grooves with a right twist.  
18 And the fragment that's contained within this  
19 plastic tube I have identified as having been fired  
20 by the same weapon that fired People's 81, 82,  
21 Proposed 80 and 84.

22 Q You can tell that even though it's a  
23 fragment?

24 A Even though this is a fragment and a small  
25 portion of a jacket, the portion that remained had  
26 sufficient individual identifiable characteristics  
27 within that fragment itself that compared to the  
28 individual fragments within the items 80, 81, 82 and  
29 84 that I previously had identified. And by using

## BALASH - DIRECT

1 those for comparison purposes, I was able to say  
2 with 100 percent assurance that this fragment came  
3 from the same weapon that fired the prior four fired  
4 bullets.

5 Q State's 87. See if you can tell us what  
6 that is, please.

7 A Again, People's -- State's Exhibit 87 is a  
8 clear plastic bag. It contains a plastic specimen  
9 tube. And if I may refer to my report, sir?

10 Q Yes, sir.

11 A It is a portion of a total metal jacket or  
12 a full metal jacket fired bullet, quantity of paper,  
13 several lead fragments and two small fragments of  
14 lead.

15 Q And was that identified as having come  
16 from the body of any certain person?

17 A I believe it was Golden, sir.

18 Q What can you tell us in your examination  
19 about the characteristics of those fragments?

20 A The small copper jacket fragments within  
21 here have rifling on them but not to the extent or  
22 the quality that it could allow me to identify them  
23 with any of the other fired bullets or material. It  
24 could have been fired from the same weapon that  
25 fired all the previous fired bullets that I've  
26 identified but I cannot say with assurance that it  
27 was. It simply could have been.

28 Q Take a look at S-93 and tell us what that  
29 is.

## BALASH - DIRECT

1           **A**     S-93 is a white pill box with my  
2 laboratory number and initials on it. Contained  
3 within it is an entire cartridge of CCI manufacture.  
4 I do recognize this, sir.

5           **Q**     All right, sir. And is there any  
6 noticeable damage to any part of that unfired round?

7           **A**     Yes, sir, there is.

8           **Q**     Describe that for the jury, please.

9           **A**     Contained within this pill box is an  
10 entire cartridge, and that means there's a bullet, a  
11 cartridge case, the powder in the cartridge case and  
12 the primer. It is an unfired live cartridge. But  
13 the nose of this cartridge has a noticeable amount  
14 of damage to it, and this was found at the scene.

15          **Q**     And what -- what opinions could you draw,  
16 conclusions could you draw as to the methodology of  
17 the damage of the nose of that bullet, it being at  
18 the scene with the other firearms evidence?

19          **A**     The type of damage done to this, in my  
20 opinion, was caused by the improper insertion of  
21 this cartridge trying to get it into the chamber of  
22 the weapon that was going to fire it, and it struck  
23 the back portion of the chamber and caused the  
24 weapon to malfunction and/or become inoperative. So  
25 if you would imagine that if, we'll say, one  
26 cartridge had been fired, the cartridge case was  
27 ejected and as this cartridge -- or as the slide  
28 moved forward, it picked up a cartridge from the  
29 magazine. It was going to insert that cartridge

## BALASH - DIRECT

1 from the magazine that it has picked up into the  
2 rear portion of the barrel, which is called the  
3 chamber of this weapon. This cartridge didn't feed  
4 correctly, and it struck the back of that and lodged  
5 and stopped the mechanism from functioning. So the  
6 gun was actually partially open, and it would not  
7 function at this point, and the weapon would need to  
8 be cleared. In other words, the slide would have to  
9 be pulled back; this cartridge would fall out to the  
10 ground; as the slide moved forward, it would  
11 reinsert a new cartridge. The damage to this  
12 fired -- or to this unfired bullet and cartridge  
13 combination is consistent with having been caused  
14 during the feeding process into the chamber area of  
15 a weapon.

16 Q Is that consistent with what we have heard  
17 in the common parlance as the weapon jamming when it  
18 was being fired and having to be hand cleared?

19 A Yes. It's one of the causes for weapons  
20 jamming. There are others, but that is one of them.

21 Q Okay. Now, let's see. Was there any  
22 correlation between -- I shouldn't say between. Was  
23 there any correlation among all of the items of  
24 evidence in these firearms exhibits that you've  
25 testified about that you could describe for us, as  
26 far as a correlation of the casings and the  
27 projectile or part projectile evidence?

28 A Yes, sir, there is.

29 Q Would you explain that for us, please.

## BALASH - DIRECT

1           **A**     Certainly. In this particular case, there  
2 are three types of ammunition that are being  
3 utilized. Winchester, Remington Peters and CCI.  
4 Remington Peters and Winchester bullets are full  
5 metal jacketed bullets, which mean they have all  
6 copper where you can see them, but on the base of  
7 the bullet is an exposed piece of lead.

8                     The three CCI fired cartridge cases  
9 are a different type of bullet. They're called  
10 total metal jacketed bullets. In other words, it's  
11 a coating process that coats the entire lead core  
12 with a copper material so there is no exposed lead.  
13 So you have really two dramatically different types  
14 of bullets in this case -- full metal jacketed  
15 bullets, total metal jacketed bullets. And what I  
16 was looking at in all the evidence here that I had  
17 three full or total metal jacketed bullets from the  
18 CCI to full metal jacketed bullets from the  
19 Winchester and the Remington Peters, and all the  
20 evidence of the bullets and the cartridge cases were  
21 consistent. In other words, all the fragments were  
22 correct. All the bullet types were correct for the  
23 number of cartridges and the type of cartridges that  
24 were used in this scene. So if somebody were to  
25 have fired a gun and used a combination of bullets  
26 in that weapon which were CCI, Remington or  
27 Winchester and Remington, then another person were  
28 to exchange those would have had to know what that  
29 combination was and put the same type of fired

## BALASH - DIRECT

1 cartridge cases in correct quantities at the scene.  
2 So all the scene evidence collected, the fired  
3 cartridge cases complete with the fired bullet  
4 evidence that was collected.

5 Q And when you say it's all consistent,  
6 that's all consistent with having been fired in the  
7 same weapon, sir?

8 A No. That's consistent from manufacturing  
9 type only. That means that there are -- the fired  
10 bullets recovered, there's the right number of total  
11 metal jacketed bullets and fragments recovered, and  
12 the right number of full metal jacketed bullets  
13 recovered. It has nothing to do with the type of  
14 weapon that they came from.

15 Q I see. All right. Were all of the -- all  
16 of the projectile evidence, even those that you did  
17 not positively identify, could you tell us whether  
18 they were consistent in caliber and rifling  
19 specifications?

20 A They were consistent in caliber and what  
21 limited rifling you can see. You can get a small  
22 enough fragment that it may display a piece of  
23 rifling, but even the best examiner wouldn't be able  
24 to tell you that it was totally a .380 as opposed to  
25 a 9 mm or another caliber. But in looking at the  
26 totality of the evidence, all of this evidence is  
27 consistent one to the other as being of the same  
28 manufacturer and the same rifling types.

29 BY MR. HILL: I think I have no further

BALASH - DIRECT

1           questions. Before I end my examination, let me  
2           confer with counsel.

3                               (OFF THE RECORD)

4                   **BY MR. HILL:** Your Honor, at this time, I  
5           tender the witness for cross-examination.

6                               **CROSS-EXAMINATION**

7           **BY MRS. STEINER:**

8                   **Q**     Good afternoon, Mr. Balash.

9                   **A**     Good afternoon, ma'am.

10                  **Q**     Now, you've been a firearms and tool mark  
11       analyst -- is that what your field -- the field  
12       you've been qualified as an expert in?

13                  **A**     Well, I've been qualified as an expert  
14       in --

15                  **Q**     Oh, I mean, is that what you're -- is this  
16       what it's called?

17                  **A**     In this particular case, it's firearms  
18       identification, yes, ma'am.

19                  **Q**     Yes. The -- are there any, you know,  
20       certain number of points that have to match on any  
21       particular projectile, like in fingerprints where  
22       you have a certain number of points that have to  
23       match to offer an opinion or is it up to the  
24       examiner and his or her experience and training to  
25       determine the existence of the match or not?

26                  **A**     It is up to the examiner. The only place  
27       that I am aware you have to have a number of points  
28       is latent prints. But not only do they have to have  
29       eight and sometimes ten, but they have to be in the

## BALASH - CROSS

1 same positions for them to be an identification. In  
2 firearms, if I were to take a weapon and fire two  
3 bullets and look at it microscopically, I would see  
4 differences between the two bullets even though I  
5 fired them from the same gun. So it's simply an  
6 opinion that I come to, and it's to each individual  
7 examiner to formulate at what point it's an  
8 identification.

9 Q All right. So it's different from  
10 fingerprint matching in that respect?

11 A It is absolutely different, ma'am.

12 Q And the other -- and I'm also -- let me  
13 try and straighten this out. You've been talking  
14 about 100 percent certainty. That's your opinion.  
15 Now, there aren't really any probabilities in  
16 firearms identification. You're either 100 percent  
17 certain that you rule it out or it matches or you  
18 can -- you can't -- you say you cannot make a  
19 finding whether it matches or not, is that correct,  
20 as a definitive one projectile to one gun; is that  
21 correct?

22 A If I understand your question -- and I  
23 apologize if I get it wrong -- to me it's either a  
24 positive identification, which is 100 percent.

25 Q Right.

26 A There's also an identification that they  
27 don't call it an identification. People say could  
28 be and probably was or could be, which means it has  
29 the same type of rifling, it's the same caliber, but

## BALASH - CROSS

1 I don't see enough to say, Well, yes, it was or, No,  
2 it wasn't --

3 Q Right.

4 A -- so I can't say or you can eliminate  
5 them.

6 Q Right.

7 A So you do have that spectrum.

8 Q Right. So you can 100 percent eliminate,  
9 100 percent match and then in the middle, there is  
10 probably and simply consistent. Is that what you're  
11 saying?

12 A Correct.

13 Q And on those items that you have testified  
14 could be, what your finding is it's in that lower of  
15 those two; it is consistent as the class  
16 characteristics; it could have been fired from this  
17 .380, but you can't say more than that; is that  
18 correct?

19 A That's absolutely correct.

20 Q And that's the case also with the  
21 cartridge casings. Oh, no, I'm sorry. You made a  
22 positive identification on them.

23 Now, there are literally tens of  
24 thousands of .380 caliber handguns in circulation  
25 probably in the southern half of the United States  
26 from which the fragments could have been fired; is  
27 that correct? The jack -- when you say something is  
28 consistent, there are literally tens of thousands  
29 such guns from which it could have been fired in

## BALASH - CROSS

1 circulation in the United States today?

2           **A**     Well, I would disagree with that, and if  
3 I'm allowed to, I would expand that.

4           **Q**     You may.

5           **A**     A .380 auto is not a very hugely popular  
6 caliber, so there's not as many of those made, for  
7 example, as 9 mm. I doubt that it would be one in  
8 ten comparison. But they also have different  
9 rifling, so some might be six right, eight right.  
10 So even if you made 10,000 .380s, a number of them  
11 would be rifled differently. But if you break it  
12 down simply to .380s that are six lands and grooves  
13 of the same width and variances that these are, I'm  
14 sure there are several thousands of those available.

15          **Q**     All right. And all you're saying is when  
16 you say something is consistent is that it is  
17 consistent from any of those several thousand  
18 weapons; is that correct?

19          **A**     That would also be correct, yes, ma'am.

20          **Q**     Now, on the -- the lands and grooves, I  
21 think I understand. That's the barrel of the weapon  
22 is created by a machine that leaves ridges and  
23 valleys on the inside of the barrel; is that  
24 correct?

25          **A**     May I demonstrate slightly to the jury?

26          **Q**     Certainly, please do.

27          **A**     If you envision just a hollow pipe, like a  
28 copper water pipe, for example, and you put an  
29 implement in the copper pipe and the individual

## BALASH - CROSS

1 scrapes out a portion of it uniformly, and while  
2 they're scraping it out they twist it either right  
3 or left and then the machine moves over one sixth of  
4 the way and does that again and does it all the way  
5 around, now when you look down the pipe, you'll see  
6 a spiral cut in the pipe. That's what rifling looks  
7 like. And if you can envision that, it would be  
8 sort of square on the bottom, comes to a point and  
9 down but it's in a circular fashion. That's  
10 standard rifling. There is polygonal rifling which  
11 is different, but in this case it's standard  
12 rifling.

13 Q And that, in the guns in circulation  
14 today, is done by whatever factory manufactured the  
15 gun that the -- that's a -- I can't remember -- die,  
16 a tool that did that?

17 A Yes. There's a number of ways that it can  
18 be done. It can be done hammer forged. It can be  
19 done by a button or a gang broach. And a gang  
20 broach would be a -- if you took a button on your  
21 shirt that had six blades to it and then you put 20  
22 of those in row with each button being just a hair  
23 larger and drew that through one barrel and twisted  
24 it, it would cut all the lands and grooves at one  
25 time. That's called broach rifling.

26 Q And although these are not -- these are  
27 actually -- if you look -- if you are brave enough  
28 to point it, if you can look down the barrel of the  
29 gun and get light in there, these are actually

## BALASH - CROSS

1 visible to the naked eye; is that correct?

2       **A**     Yes, they are, ma'am. And I do look down  
3 barrels quite often.

4       **Q**     I try to avoid it. And, now, when you  
5 look at the cartridge cases, to make the hulls -- as  
6 I think we may call them down here -- you're not  
7 looking at marks that were made by a machine or even  
8 marks that are necessarily as visible to the naked  
9 eye as -- I mean, they can be, but they are not  
10 necessarily as visible to the naked eye as the kind  
11 of lands and grooves that you can look down the  
12 barrel of the gun and see?

13       **A**     Well, I'll guess I'd have to disagree.  
14 They are noticeably visible when you look at them,  
15 and they're on the breach of a weapon. On a  
16 semi-automatic pistol, pull the slide back and look  
17 in the small hole where the firing pin comes out,  
18 you can see the machine marks that are there.

19       **Q**     Those are also machine marks?

20       **A**     Yes, they are. They are machine marks.

21       **Q**     All right. Now -- and you said there are  
22 three kinds. There are breech marks and those come  
23 from machine markings on the pistol; is that  
24 correct?

25       **A**     The breech marks are the impression on the  
26 soft primer and the base of the cartridge case when  
27 it's being fired, and it slams back against the  
28 breech of the weapon. Those are called breech  
29 marks. Some firearms examiners called those breech

## BALASH - CROSS

1 face markings, but that's because it slams against  
2 the face of the breech. Those are interchangeable  
3 terms.

4 Q All right. And then the chamber markings  
5 are also what the shell -- are placed on the shell  
6 by the gun itself; is that correct?

7 A That is correct. If I may explain that.

8 Q Yes, sir.

9 A In a semiautomatic pistol, the chamber and  
10 the barrel are integral; they are one piece.  
11 There's no space. The only gun that has a space to  
12 it is a revolver. So the bullet on a revolver has  
13 to -- actually has to physically jump an air space  
14 to go into the rifling. On a semiautomatic pistol  
15 or rifle, the chamber is the back portion of the  
16 barrel and the barrel is directly attached to the  
17 chamber so that's all a machine process. And when a  
18 cartridge sits in the chamber and is fired, the  
19 cartridge case will swell and it does that  
20 intentionally to seal the gas pressure from coming  
21 straight back and to cause the bullet to go out the  
22 end of the barrel. And it's when it's swelling like  
23 that in a semiautomatic pistol and that slide moves  
24 backward and draws it out under pressure, whatever  
25 defects or machine marks might be present in the  
26 chamber itself can scratch the cartridge case as  
27 it's being withdrawn. Those are chamber marks,  
28 ma'am.

29 Q Yes. And then the firing pin impression

## BALASH - CROSS

1 is simply the point made on the base of the  
2 cartridge where the device that sets the bullet in  
3 motion has struck it; is that correct?

4 A It goes into the primer on the base of the  
5 cartridge, that is correct, yes, ma'am.

6 Q Okay. And now, as with the trained  
7 firearms examiner's eye, there are -- it's up to the  
8 training skill and observation of the examiner to  
9 determine whether or not two cartridge casings have  
10 similarity as to the firing pin impression, the  
11 breech face mark impressions or the chamber  
12 markings; is that correct?

13 A Yes, ma'am, that is correct.

14 Q As with the lands and grooves, there's no  
15 number of points that have to mark -- match before  
16 they can be deemed positive?

17 A That's correct. That's individual to the  
18 examiner.

19 Q That is individual to the examiner. Now,  
20 you also talked about the fact that there was a  
21 correlation and a consistency with respect to the  
22 totality of this evidence that there were  
23 projectiles and fragments recovered that were  
24 consistent with one of the -- with the full metal  
25 jacket cartridges you found --

26 A Yes, ma'am.

27 Q -- and there were a sufficient number to  
28 match that? And then also there were some  
29 projectiles that were recovered that you, as a

## BALASH - CROSS

1 firearms examiner, associated with the other kind of  
2 cartridges?

3 **A** With the full metal jacket, yes, ma'am.

4 **Q** Yes. Again, that is consistency. There  
5 is no way to find a projectile on the floor here and  
6 a cartridge casing on the floor here and say this  
7 projectile came from this particular cartridge  
8 casing; all you can say -- or you can't in this  
9 case, say, correlate this casing and this projectile  
10 one to another?

11 **A** I personally have never tried to do that  
12 for the simple reason that during the firing  
13 process, even though this bullet may be marked  
14 slightly by the cartridge case as it exits the  
15 cartridge case, it immediately goes into the chamber  
16 and the barrel and is marked severely by the barrel  
17 and whatnot. I have heard and have not under -- I  
18 don't believe it personally, but some people have  
19 been able to say that they can put a bullet back  
20 into a cartridge case. I have never been able to do  
21 that.

22 **Q** And you were unable -- and you certainly  
23 did not do that in the case; is that correct?

24 **A** I did not try, no, ma'am.

25 **Q** I appreciate that. You do not believe  
26 that it is within the standard of your profession  
27 that it is something that one can be reasonably  
28 certain about to the extent that you were certain  
29 about what you have testified to here?

## BALASH - CROSS

1           **A**     The only way that I would see would be if  
2     the cartridge itself prior to being fired were  
3     damaged to allow a raised portion of the cartridge  
4     case to sufficiently mark the bullet that passed out  
5     of it, and even though it went through the rifling  
6     of the weapon not to have taken that mark away, but  
7     I would think it would be well less than one-tenth  
8     of one percent as even a possibility. So I have --  
9     I have never looked for it personally, ma'am.

10          **Q**     All right. And I assume there are  
11     literally millions of rounds of Winchester .380  
12     automatic caliber ammunition out there in the world  
13     to be fired in those thousands of .380 pistols?

14          **A**     Yes, I would agree with that.

15          **Q**     And similarly, the CCI ammunition that  
16     some of these cartridges represented; is that  
17     correct?

18          **A**     CCI is a very popular brand, yes.

19          **Q**     Very popular. Probably even more -- and  
20     then did you say there was another brand?

21          **A**     Remington Peters and Winchester and CCI.

22          **Q**     Right. And, again, millions of such  
23     rounds out there to be fired from these thousands of  
24     possible weapons?

25          **A**     I think if you include Federal, those are  
26     all the -- the most popular brands available.

27          **Q**     Okay.

28                   **BY MRS. STEINER:** One moment, Your Honor.

29                   **BY MRS. STEINER:**

## BALASH - CROSS

1           Q     And, Mr. Balash, nothing you have -- am I  
2     correct, you have given the jury some information  
3     about the consistency of certain projectiles and the  
4     matching of certain projectiles and certain  
5     cartridges to a particular hypothetical gun; is that  
6     correct?

7           A     Certain -- certain fired cartridge cases,  
8     yes, ma'am.

9           Q     Yes. All right. Nothing you have  
10    testified here today says anything about who fired  
11    this hypothetical gun; is that correct?

12          A     That is correct, ma'am. I have -- I only  
13    have these to look at. No weapons.

14                BY MRS. STEINER: I have nothing further,  
15    Your Honor. Your Honor, we will have --

16                BY THE COURT: I'm going to do redirect  
17    first.

18                BY MR. HILL: Just a couple of questions.

19                       REDIRECT EXAMINATION

20    BY MR. HILL:

21          Q     Mr. Balash, defense counsel asked you  
22    about a hypothetical gun. Can you look at the  
23    casings -- the cartridge casings that you've  
24    testified about and tell us how many of those there  
25    were?

26          A     There were five fired cartridge cases,  
27    sir.

28          Q     Can you tell us -- and where were they  
29    from?

## BALASH - CROSS

1           **A**     They were all found at the scene of the  
2 Tardy Furniture store, according to my notes, sir.

3           **Q**     All right. And was it a hypothetical gun,  
4 do you think, that fired those five cases?

5           **A**     No, sir, it was a very real weapon.

6           **Q**     All right, sir. And so you had five  
7 cases; how many projectiles from the floor of the  
8 scene did you examine?

9           **A**     In totality there were five total  
10 projectiles including all the fragments that came  
11 together the way it -- that I saw it, sir.

12          **Q**     Okay. Let's break the five total  
13 projectiles and fragments of projectiles down a  
14 little bit. How many off the floor of the scene?

15          **A**     I'd have to refer to my --

16          **Q**     Please do.

17          **A**     -- report if it says so, but I may not  
18 have said that in there. I would have to refer to a  
19 evidence file, because on my report it doesn't refer  
20 to where they came from. It may be on the evidence  
21 receipt, and I didn't keep it in my report.

22          **Q**     Maybe that question was a little bit  
23 sketchy there. You identified one projectile as  
24 having come from the floor at the love seat at the  
25 crime scene?

26          **A**     Yes, sir. I -- you had said floor and I  
27 know it came from the love seat and the mattress,  
28 two of them. You had said floor, and that's why I  
29 said I didn't have that as specific information.

## BALASH - CROSS

1           Q     From the crime scene?

2           A     From the crime scene; that is correct.

3           Q     Okay. And you had another projectile near  
4 one of the victims?

5           A     Another projectile and fragments there.

6           Q     And was it a hypothetical firearm that  
7 fired those as opposed to a real firearm?

8           A     No, sir, it was a very real firearm.

9           Q     You also examined fragments that came from  
10 two very real victims, did you not?

11          A     I did, sir.

12          Q     Nothing hypothetical about that, was it,  
13 sir?

14          A     No, sir, it was not.

15          Q     I would -- you also testified on  
16 cross-examination, Mr. Balash, that there might be  
17 thousands of weapons that could fire a .380 auto  
18 caliber with six lands and grooves, right twist,  
19 but --

20          A     Correct.

21          Q     And you also testified that as far as  
22 ammunition was concerned, there might be many  
23 more -- I don't know how you could enumerate numbers  
24 of rounds of all the popular ammunition. My  
25 question to you is this, sir: When you consider all  
26 of the evidence that you have in total, all of the  
27 cases, the fragments from the victims, the fragments  
28 from the floor, the full projectiles, the post  
29 projectiles, can you tell us anything about whether

## BALASH - CROSS

1 or not the correlation of those -- all of those  
2 pieces of firearms evidence makes it more probable  
3 than not that they were, as far as the projectiles  
4 and fragments, all fired from the same weapon to the  
5 exclusion of all others?

6 **BY MRS. STEINER:** I'm going to object to  
7 the form of the question. I believe the  
8 witness already testified that he does not deal  
9 in probabilities in this kind of tool mark  
10 identification, but as those four categories.

11 **BY THE COURT:** I'm sure if that's the  
12 case, he is certainly qualified to answer and  
13 explain. So if that's the objection, I'll  
14 overrule it.

15 **A** In this particular case, all the fired  
16 bullets that were recovered from the victims or at  
17 the crime scene I either identified positively --  
18 I've identified positively four fired bullets and a  
19 fragment as coming from one weapon. There is  
20 another major portion of a fired bullet that I did  
21 not identify and then various other fragments. But  
22 in totality, everything is consistent with only one  
23 weapon being discharged from all the evidence that I  
24 see at this scene.

25 **BY MR. HILL:** Nothing further, Your Honor.

26 **BY THE COURT:** Ladies and gentlemen, if  
27 you'll step in the jury room for a few minutes.

28 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
29 OPEN COURT OUTSIDE THE HEARING AND

## MOTION TO SUPPRESS - JURY OUT

1 PRESENCE OF THE JURY, TO-WIT:)

2 BY THE COURT: You indicated at a bench  
3 conference earlier there were some questions  
4 you wanted to bring up or discuss or --

5 BY MRS. STEINER: Yes, your Honor. We  
6 would -- we have pending a motion to suppress  
7 the presentation of any opinions or findings  
8 with respect to gunshot residue analysis in  
9 this matter and that I wish to examine  
10 Mr. Balash about that, to call him as an expert  
11 in gunshot residue and ask him a few questions  
12 relative to that. And, Your Honor, I need to  
13 find a piece of evidence that I'm going to use  
14 with him -- a gunshot residue kit.

15 BY MR. HOWIE: Gunshot residue kit?

16 BY MRS. STEINER: Yes. If my head wasn't  
17 attached, I would leave it behind somewhere --

18 BY MR. CARTER: You're looking for your  
19 notes?

20 BY MRS. STEINER: My notes. The State's  
21 attorney has kindly returned my notes to me.

22 BY MR. HILL: I picked it up; I thought it  
23 was mine.

24 BY MR. CARTER: We'll return the favor if  
25 we get a chance.

26 PROFFER DIRECT EXAMINATION

27 BY MS. STEINER:

28 Q Mr. Balash, have you, in the course of  
29 your -- you briefly resumed your professional

## BALASH - PROFFER DIRECT

1 history and training. Have you also in this  
2 professional history worked for the Michigan State  
3 Police and now as a private consultant, I think?

4 **A** Yes.

5 **Q** Been certified and trained to perform  
6 analysis for the detection of what is popularly  
7 known as gunshot residue in --

8 **A** With a caveat, I'd have to answer that.  
9 That there are two types of gunshots residue. First  
10 of all, the gunshot -- it contains gun powder and  
11 fragments that expel from the barrel of the weapon  
12 and are looked at routinely to determine distance of  
13 firearm from the shooter is one type of gunshot  
14 residue. The other one, that even though they call  
15 it gunshot residue, is really gun primer residue.  
16 And that's utilizing a scanning electron microscope  
17 with a computer attachment to it. I'm very familiar  
18 with it and have made tests for it, but I don't run  
19 a computer nor do I have a scanning electron  
20 microscope.

21 **Q** I understand. I'm trying to talk to you  
22 about -- you -- but you are -- you have -- you are  
23 trained in -- in interpreting what that computer and  
24 microscope have spit out, as it were?

25 **A** That is correct, ma'am. I have testified  
26 on both gunshot residue and primer residue in courts  
27 of record.

28 **Q** Okay. With respect to primer residue, are  
29 you -- in your years with the Michigan State Police,

## BALASH - PROFFER DIRECT

1 did you also learn the proper techniques for the  
2 collection of samples to determine the presence of  
3 gunshot residue on the hands or person of  
4 individuals either suspected of having fired a  
5 weapon or individuals suspected of being in  
6 proximity of a fired weapon?

7       **A**     There were two techniques employed. Yes,  
8 I was, ma'am.

9       **Q**     And what are the two techniques --

10       **A**     Well, the original one was -- and it's  
11 been out of use for some number of years -- was a  
12 swabbing procedure, utilizing Q-tips and plastic  
13 specimen tubes. The second one would have involved  
14 adhesive stamps -- aluminum stamps as they call  
15 them -- and they would pat down certain areas of the  
16 anatomy whether it was hands or clothing, forehead,  
17 cheek, depending on what they were looking for and  
18 what the circumstances were.

19       **Q**     All right.

20       **A**     And in both of these, the examiner should  
21 be protected from contaminating the evidence by  
22 having -- wearing gloves.

23       **Q**     And is there anything else the examiner  
24 should do besides simply wearing gloves?

25       **A**     I'm sorry. I didn't follow that, ma'am.

26       **Q**     Is there anything else the examiner should  
27 do besides simply wearing gloves?

28       **A**     Well, you have to handle it. You  
29 shouldn't be in an environment that's loaded with

## BALASH - PROFFER DIRECT

1 material. For example, it would be very  
2 inappropriate if -- even if I were wearing gloves to  
3 conduct that examination in a firearms workshop, for  
4 example, because the entire environment would be  
5 contaminated. So that's why you would certainly  
6 have to know where you're at when you're doing this  
7 and how it's handled. And there are time  
8 constraints. Normally, you wouldn't take this exam  
9 if four to six hours has already passed since the  
10 event.

11 Q All right. And if the examiner has been  
12 at -- if the person actually taking the sample by  
13 either of these two methods has been at a crime  
14 scene where there has been considerable discharge of  
15 weapons and has been handling evidence at that crime  
16 scene, is he or she at any greater or lesser -- what  
17 kind of environment has he or she been in?

18 A Well, if you've been at a scene where  
19 there's a number of shots that have been fired and  
20 you're handling material within the scene and your  
21 in an unprotected hand -- in other words, you're not  
22 wearing gloves, you certainly could pick up  
23 contamination.

24 Q And if you -- do they generally just have  
25 one collection device, whether it's a Q-tip swab or  
26 a -- via a sticky tape?

27 A An aluminum stamp is what it's called.  
28 Normally, there are a number of them contained  
29 within each kit in the identified areas. For

## BALASH - PROFFER DIRECT

1 example, they may want to go for the back of the  
2 palm of the hand and the inside of the web. They  
3 may want to go to the front of the hand around the  
4 wrist area or you could label whatever other area  
5 you would choose to.

6 Q Is it advisable to wear the same pair of  
7 gloves for -- for all the swabs or is it preferable  
8 to reglove for each separate swabbing?

9 A Well, I'm sure, under optimal conditions  
10 if you wanted to take one swab from one area and  
11 continually reglove. But I -- to be honest with  
12 you, once your hands are protected, the only place  
13 that you would pick up any material from is if you  
14 were taking it from the hands of the suspect would  
15 be the hands of that suspect. So you're not  
16 bringing in a containment. As long as you are  
17 containment free to begin with, I don't see the  
18 necessity to change gloves if I do the left hand and  
19 then do the right hand.

20 Q All right. But if it's on your clothing  
21 for any reason, even gloved, you could pick it up  
22 from your clothing. Is that correct?

23 A If that were true, it wouldn't make any  
24 difference how many pair of gloves you had on --

25 Q That's true.

26 A -- if you're bringing that contamination  
27 with you.

28 Q And if you were doing it in at a gunshot  
29 residue rich environment such as firearms

## BALASH - PROFFER DIRECT

1 examination lab, again all the gloves in the world  
2 wouldn't protect any sampling and swabbing you did  
3 from environmental contamination.

4 **BY MR. HILL:** Your Honor, I object. I  
5 think that is so speculative that it's almost  
6 beyond answer.

7 **BY MS. STEINER:** The witness can answer --

8 **BY THE COURT:** He can answer and explain.  
9 I think he's shown that he's fully capable of  
10 answering questions.

11 **A** Thank you, your Honor. If you'll leave  
12 the word "you" out of that, if a person were to do  
13 that, it would certainly be irresponsible. I  
14 certainly would not be one to do that in that  
15 environment.

16 **Q** And I believe your testimony was that the  
17 older technique or the older test kit was the one  
18 that used things like Q-tip swabs; is that correct?

19 **A** That is correct.

20 **Q** And the -- I call it sticky tape. Is  
21 that --

22 **A** Right. It's essentially -- that's what it  
23 is. Double-sided tape.

24 **Q** Right.

25 **BY MS. STEINER:** May I approach the  
26 witness, your Honor?

27 **BY THE COURT:** You may.

28 **BY MS. STEINER:**

29 **Q** Mr. Balash, I'm handing you what's been

## BALASH - PROFFER DIRECT

1 marked for identification as State's Exhibit 94,  
2 which is gunshot residue evidence collection test  
3 with a suspect name, Curtis G. Flowers. Can you --  
4 tell me, have you looked at this previously?

5 **A** No, ma'am, I have not.

6 **Q** Okay. You have testified -- okay. Can  
7 you open that and tell me whether this is the sticky  
8 tape or Q-tip style?

9 **A** The evidence was already opened. It's  
10 simply the frangible tape has already been broken so  
11 it's only sealed with the Scotch tape. Contained  
12 within this exhibit is the form for it. And  
13 contained within the form are the -- the swab  
14 materials that -- the discs. And these disks,  
15 there's four of them. These appear to me to be the  
16 type that originally contained the sticky discs that  
17 would take the newer-type samplings.

18 **BY MS. STEINER:** Your Honor, I think I've  
19 gotten the cart ahead of the horse here. I  
20 would like to have Mr. Balash recognized as an  
21 expert in the techniques of collection and  
22 interpretation of primer residue analysis.

23 **BY THE COURT:** What's -- does the State  
24 accept him as an expert in that area?

25 **BY MR. EVANS:** Yes, sir.

26 **BY MS. STEINER:** Thank you, your Honor.

27 **BY THE COURT:** He can testify in that  
28 regard.

29 **BY MS. STEINER:** All right. And I'm going

## BALASH - PROFFER DIRECT

1 to hand you -- all right. Let me have this  
2 marked for identification as the next exhibit.  
3 This is for purposes of the motion to suppress,  
4 and it's for identification only.

5 (DEFENSE EXHIBIT D-11 IS MARKED FOR  
6 IDENTIFICATION FOR PURPOSES OF THE MOTION  
7 TO SUPPRESS ONLY)

8 **BY THE COURT:** You may proceed.

9 **BY MS. STEINER:**

10 **Q** I'm going to hand you a document on --  
11 dated July 30, 1996. It's been marked for  
12 identification as D-11 and certain other attached  
13 items. And I'm going to ask you to review this  
14 document for a moment, and I'll then ask you a few  
15 questions about it.

16 **A** I've seen these before.

17 **Q** You have reviewed this actual document?

18 **A** Yes, I have.

19 **Q** And what -- if you could, describe for His  
20 Honor what this document is.

21 **A** What the document, Defendant's D-11, I  
22 believe?

23 **Q** Yeah.

24 **A** Indicates that a primer residue test was  
25 conducted in the Mississippi Crime Lab. And the  
26 result of that was that one particle of gunshot  
27 residue was positively identified on the sample in  
28 Exhibit 43A, which is the back of the right hand of  
29 Curtis Flowers.

## BALASH - PROFFER DIRECT

1           Q     All right. Now, I'm asking you if you  
2 would review the third page of that, which is the  
3 microanalysis section of the gunshot residue  
4 examination worksheet. And explain for His Honor  
5 what that is and also whether or not from your  
6 examination that, in fact, supports that some --  
7 summary in the report. Your Honor, would you like a  
8 bench copy to follow along with?

9           BY THE COURT: I think, for now, I don't  
10 need one, but if I get to where I -- do. In  
11 fact, I can look over his head pretty well.

12          A     It does.

13 BY MS. STEINER:

14          Q     Okay. So that is basically a single  
15 particle of primer residue -- am I correct? What is  
16 the -- did you say that you are familiar with the  
17 chemical characteristics of primer residue?

18          A     Yes, ma'am.

19          Q     All right. Why don't you describe for His  
20 Honor what the chemical characteristics of primer  
21 residue are.

22          A     The primer residue that you are looking  
23 for is a -- is lead, barium and antimony. And it's  
24 in a spherical shape and is only normally found  
25 under the firing of a weapon when those elements are  
26 present, and those are circular in nature and  
27 usually in the one micron size.

28          Q     All right. And I'm going to ask you to  
29 look at the fourth page of this and see if you can

## BALASH - PROFFER DIRECT

1 identify what that purports to be.

2       **A**     Well, the bottom is a black photograph. I  
3 can't tell much. It says one particle. And the  
4 other one is a graph, indicating lead, barium and  
5 antimony. But they would have to interpret the --  
6 of the report. It's simply a graph indicating all  
7 the chemical components within the spectrum that  
8 they were running.

9       **Q**     All right. Now, is there not, in fact,  
10 some research that's been conducted subsequent to  
11 July 30, 1996, to indicate that there are, in fact,  
12 particles containing of a spherical nature and  
13 containing these three elements that can, in some  
14 instances, be detected in brake linings of certain  
15 German manufactured automobiles?

16       **A**     I read the article and my recollection of  
17 the article is that -- that the two components were  
18 present. I'm not sure that the spherical nature was  
19 consistent, but when only two of the particles are  
20 present -- and I'm not sure of their size -- but it  
21 would not qualify even in that test with being  
22 unique in my understanding of it.

23       **Q**     This is not unique?

24       **A**     This is unique.

25       **Q**     All right.

26       **A**     The test that you spoke of, in my opinion,  
27 did not translate to being unique.

28       **Q**     I appreciate that. Let's assume for  
29 purposes of further questions that the report which

## BALASH - PROFFER DIRECT

1 states that this is a unique gunshot residue  
2 particle is correct.

3 **BY MR. EVANS:** Your Honor, I object. He  
4 has stated in his opinion it's not. She's put  
5 him on as an expert.

6 **BY MS. STEINER:**

7 **Q** All right. All right. You can't  
8 actually -- because of the nature of the report on  
9 page four, you can't offer your personal opinion as  
10 to whether or not a characteristics spherical  
11 particle was detected; is that correct?

12 **A** That is correct, ma'am. I cannot see  
13 that.

14 **Q** All right. You can read the graph and --  
15 and interpret the chemical composition; is that  
16 correct?

17 **A** It has the correct chemical combination,  
18 but it has to be in the spherical form and the size.  
19 And I -- and normally -- the picture that you're  
20 trying to show, normally, it would include a graph  
21 as far as size as well as a photograph of the actual  
22 item itself. And I cannot see that.

23 **Q** Okay. So you can't offer an opinion as to  
24 whether this --

25 **A** That is correct.

26 **Q** All right. I'm going to ask you as an  
27 expert -- let's assume that this is what they're --  
28 this is what the chemists who performed this will  
29 testify, it is gunshot residue. I'm saying -- and

## BALASH - PROFFER DIRECT

1 so assume -- even assuming that the single particle  
2 recovered from the gunshot residue kit labeled  
3 Curtis G. Flowers. And I want you further to assume  
4 that it was collected by a state policeman who -- at  
5 book. I want you further to assume that there was a  
6 shooting reported at 10:20 a.m. on the morning of  
7 July 16, 1996. I want you to assume that the  
8 firearms evidence, which you have discussed earlier  
9 here today, was collected from the scene of that  
10 shooting by several persons. I want you to assume  
11 that the -- that the officer -- well, okay, that one  
12 of the officers who was present at that crime scene  
13 sometime between 10:20 a.m. and 2:00 p.m. and  
14 surveyed -- walked through the crime scene,  
15 surveying the crime scene, that he closely -- you  
16 know, inspected firearms evidence -- some of the  
17 firearms evidence collected, enough to identify it  
18 as firearms evidence --

19 **BY MR. EVANS:** Your Honor, there's no  
20 evidence of that going to be in this trial.

21 **BY MS. STEINER:** Your Honor,  
22 Mr. Matthews --

23 **BY THE COURT:** She's asking a hypothetical  
24 right now so --

25 **BY MS. STEINER:** There is a hypothetical  
26 based on the --

27 **BY MR. EVANS:** Okay.

28 **BY MS. STEINER:** -- transcript for the  
29 gunshot residue collection of the gunshot

## BALASH - PROFFER DIRECT

1 residue motion.

2 **BY MS. STEINER:**

3 Q I want you to further assume that he was  
4 present at the crime scene and certainly inspected  
5 it and may have handled papers on the crime scene.  
6 You do not assume that he actually handled the  
7 firearms evidence. I want you further to assume  
8 that at 2:00 p.m., the individual, Curtis Flowers --  
9 well, sorry. I want you to further assume that  
10 approximately between 1:00 and 1:30 p.m. that  
11 afternoon, the individual who -- from whom this  
12 gunshot residue collection kit was taken was picked  
13 up from his home in a Mississippi Highway Patrol  
14 police vehicle and driven unrestrained to the Winona  
15 Police Department and taken into the Winona Police  
16 Department interview room customarily used to  
17 interview witnesses, suspects, and such like.

18 I want you to further assume that for  
19 approximately 30 minutes between 1:30 p.m. and 2:00  
20 p.m., the individual from whom this gunshot residue  
21 kit was collected was in the room -- the witness  
22 interview room -- sitting at some sort of hard  
23 surface table having conversations with these  
24 officers. I want you to further assume that in the  
25 course of that conversation, he handled pieces of  
26 paper, a Miranda waiver which he signed with a pen  
27 which he used in that same environment. And then I  
28 want you to assume that the -- that the officer  
29 collected this gunshot residue sample from him,

## BALASH - PROFFER DIRECT

1 and -- after having washed his hands once and gloved  
2 but wearing the same clothes in which he had been  
3 inspecting the crime scene. And then just go ahead  
4 and assume that what we have is a single particle of  
5 gunshot residue.

6           Would you, as an expert in gunshot  
7 residue and analysis yourself, form any opinion or  
8 inference regarding whether or not this is probative  
9 evidence of the person from whom it was collected  
10 being having actually fired a weapon?

11       **A**     In my opinion, if a person had 100  
12 particles of gun powder or primer residue on their  
13 person, it doesn't mean they fired a weapon. If  
14 they have no powder particles on their weapon (sic),  
15 it doesn't mean they fired a weapon. There's not a  
16 test that I am aware of that tells you a person did  
17 or did not fire a weapon.

18           It's my opinion that the particle  
19 that was found is from a weapon that had been fired.  
20 How it got to that is speculative and based on  
21 whatever evidence comes to mind. I would form  
22 neither an opinion that he did or did not fire a  
23 weapon. Specifically, on one item.

24       **Q**     All right. And is that consistent with  
25 the standards of gunshot residue interpretation as  
26 they are now being -- as they now exist, especially  
27 in the wake of the 2005 Quantico Virginia Symposium  
28 on gunshot residue convened, I believe, by the FBI?

29       **A**     Having read that very report this morning,

## BALASH - PROFFER DIRECT

1 I would agree with you.

2 Q Thank you. So it is your opinion that  
3 there is no probative -- would it -- you have  
4 testified in many cases. Is it your opinion that it  
5 would be misleading or confusing to a jury trying to  
6 determine whether or not the individual from whom  
7 this gunshot residue kit was taken --

8 BY MR. EVANS: Your Honor, I think this  
9 witness can make a conclusion as an expert but  
10 not a legal conclusion.

11 BY THE COURT: I sustain. I mean, I don't  
12 think he can make that determination.

13 BY THE WITNESS: Thank you, your Honor.

14 BY MS. STEINER:

15 Q It is your opinion that no inference, one  
16 way or the other, can be drawn under the  
17 circumstances of the hypothetical regarding whether  
18 or not this individual fired a weapon -- the means  
19 by which this particle arrived on this individual's  
20 hand was this individual's firing a weapon?

21 A I would not offer an opinion on that.

22 BY MS. STEINER: All right. Thank you,  
23 your Honor. I have --

24 BY THE COURT: Well, you would offer no  
25 opinion concerning what?

26 BY THE WITNESS: I'm sorry, your Honor.  
27 It -- I would not form an opinion one way or  
28 the other that he did or did not fire a weapon.  
29 One particle to me -- depending on the

## BALASH - PROFFER DIRECT

1       circumstances, if you had twelve people that  
2       were checked and only one had one particle, I  
3       think it takes more inference on that person as  
4       opposed to the -- the other individuals that  
5       did not. But it's still just a part of the  
6       investigation the way I see it.

7       **BY MS. STEINER:**

8           **Q**     Thank you. And it is also your opinion  
9       that -- would you characterize the findings of the  
10      2005 Quantico Symposium on gunshot residue as  
11      representing the standard of the scientific --  
12      forensic science of gunshot residue?

13           **A**     I believe it to be, yes.

14           **Q**     And you believe that anyone following  
15      those findings and conforming with those standards  
16      in the field of gunshot residue analysis would  
17      similarly -- could not -- could -- similarly could  
18      not, consistent with the scientific principles upon  
19      which gunshot residue analysis is based, offer a  
20      valid opinion one way or the other regarding whether  
21      or not that individual had personally fired a  
22      weapon.

23           **A**     It's my opinion there is no test that  
24      tells you absolutely one way or the other that a  
25      person did or did not fire a weapon. If this had  
26      been collected in a NASA clean room, it would add no  
27      more inference or probability that it was or was not  
28      firing a weapon. It simply means that the person  
29      that had this particle on them was in an environment

## BALASH - PROFFER DIRECT

1 that had primer residue available to be deposited on  
2 that person.

3 Q All right. And primer residue has, in  
4 various scientific studies, been found to exist in  
5 police patrol vehicles; is that correct?

6 A Yes.

7 Q And it has been found to exist on tables  
8 and surfaces in police station witness and suspect  
9 interview rooms; is that correct?

10 A That I'm unfamiliar with.

11 Q All right. And it has -- in fact, it was  
12 found to exist in FBI -- state-of-the-art FBI  
13 Quantico laboratory, was it not?

14 A I believe it was.

15 Q And in fact, at around the same time that  
16 it was found, the FBI in -- laboratory in Quantico,  
17 Virginia, elected to cease performing gunshot  
18 residue analysis all together because relative to  
19 the other resources it has, it was less probative  
20 and valuable than other kinds of stuff they wanted  
21 to do with that laboratory.

22 A I know they've discontinued. I don't know  
23 the timeframe, so I can't answer that.

24 Q All right. They are not presently doing  
25 this?

26 A To the best of my knowledge, only private  
27 laboratories, with the exception of when they were  
28 operating, the Detroit Police Lab. And they are no  
29 longer operating.

## BALASH - PROFFER DIRECT

1           Q     I was going to ask you that. I -- you  
2     were actually one of the experts called in to  
3     analyze and ultimately resulted in the Detroit Crime  
4     Lab being shut down because of problems with  
5     contamination and standards. Is that correct?

6           A     That is not correct.

7           Q     Oh, I'm sorry.

8           A     What is correct is I found the initial  
9     error that predicated which you have just spoke  
10    about.

11          Q     All right. And you were -- and as a  
12    consequence of what you found about that error, the  
13    lab was -- has it been reopened yet?

14          A     No.

15          Q     Thank you, Mr. Balash. I have nothing  
16    further.

17          A     You're welcome.

18          Q     Pardon me?

19          A     I said you're welcome, ma'am.

20                BY MS. STEINER: I have nothing further on  
21    the motion to suppress gunshot residue -- oh,  
22    they get to cross, I guess.

23                BY MR. EVANS: Yes. Please.

24                        CROSS EXAMINATION

25           BY MR. EVANS:

26          Q     All right. Mr. Balash, a few questions  
27    I'd like to ask. That FBI lab that she asked you  
28    about, she didn't ask you about the part where it  
29    said the FBI lab stopped analyzing gunshot residue

## BALASH - PROFFER CROSS

1 because of a shift in priorities, not a lack in  
2 confidence of the science, did she?

3 A No. They just -- it isn't productive the  
4 way I saw it to allocate man hours and resources for  
5 a test that is so indeterminate.

6 Q And this article that she referred to says  
7 that they had no lack in the confidence of the  
8 science, didn't it?

9 A Correct. As a science, I believe it to be  
10 correct. It's the application that I have  
11 difficulty with.

12 Q There has never been any contest to the  
13 fact that the science of -- if you want to call it  
14 gunshot residue or gunshot primer residue is a valid  
15 science that can be tested; isn't that correct?

16 A I believe it to be correct, yes, sir.

17 Q And there are plenty of peer reviews that  
18 show that?

19 A Yes, sir.

20 Q Now, as far as what gunshot residue is,  
21 there is only one known source of it. Isn't that  
22 correct?

23 A When you say gunshot residue --

24 Q Gunshot primer residue.

25 A Okay. When you say the primer residue,  
26 that is correct. It is my understanding it only  
27 comes from the firing of a center-fired primed  
28 cartridge formed in the pressure of discharging the  
29 weapon.

## BALASH - PROFFER CROSS

1           Q     It requires lead, barium and antimony. Is  
2 that correct?

3           A     Correct.

4           Q     And it requires a circular appearance?

5           A     Correct. And very small size.

6           Q     What is the significance of that circular  
7 appearance?

8           A     It's significant in the fact that it was  
9 formed in a high pressure environment.

10          Q     Were the cartridge cases that you examined  
11 center fired?

12          A     Yes, sir, they all were.

13          Q     They would have primer residue; is that  
14 correct.

15          A     Yes, they will.

16          Q     Now, you were asked about some  
17 hypotheticals. The hypothetical in this case was  
18 that it was approximately four hours after the  
19 murders when the police picked up this suspect and  
20 tested his hands. What would be the significance of  
21 the four hours?

22          A     As I indicated earlier, normally, you  
23 wouldn't run the test after four to six hours  
24 because the material is easily removed from skin by  
25 simply washing or going through various functions of  
26 every day activities, putting your hands in your  
27 pockets, et cetera.

28          Q     So doing all of that would remove it; it  
29 would fall off.

## BALASH - PROFFER CROSS

1           **A**     It's a particular matter, unless your  
2 hands are excessively sticky or something that would  
3 be making it more difficult, possibly more hairy may  
4 be a way to keep it longer. But other than that,  
5 there's why they usually limit it to between four  
6 and six hours.

7           **Q**     So after four hours, it was lucky that  
8 there was still some on his hands; is that correct?

9           **BY MS. STEINER:** I'm going to object to  
10 the form of that question --

11          **BY MR. EVANS:** Your Honor, this is an  
12 expert --

13          **BY MS. STEINER:** I think he is -- he has  
14 testified that he could make no finding one way  
15 or the other about when that gunshot residue  
16 arrived --

17          **BY MR. EVANS:** Didn't ask when.

18          **BY MS. STEINER:** You said still.

19          **BY THE COURT:** Well, you said lucky, too.  
20 I just don't think -- I'll over -- I'll sustain  
21 the objection.

22 **BY MR. EVANS:**

23          **Q**     After four hours, it could have all been  
24 gone, couldn't it?

25          **A**     There is a generally accepted rule that  
26 after one hour, almost 90 percent of the material  
27 that's normally available dissipates, and it  
28 continually progresses. That's why they seldom do  
29 the test after four and sometimes they've extended

## BALASH - PROFFER CROSS

1 it to six.

2 Q And there's never been a expert in the  
3 field, even though it's a scientifically accepted  
4 field, that would say that that is a positive  
5 indication that a person fired a gun, is it?

6 A There shouldn't be. That is correct, sir.

7 Q What is it for is to see if a person was  
8 in the vicinity of a gun that was being fired as a  
9 possibility; is that correct?

10 A Correct. In my opinion, sir.

11 Q And if a person fired a pistol, an  
12 automatic pistol, that was right handed, where would  
13 you more than likely expect to find gunshot primer  
14 residue?

15 A Normally, along the right hand and up the  
16 sleeve, because the cloud envelopes. And it's the  
17 microscopic particles within that cloud -- much like  
18 if you were to blow cigarette smoke, you'd see it  
19 billowing. And if your hand is in that area, that's  
20 where it would collect.

21 Q Now, I want to you to accept the idea that  
22 the testimony in this case is that the primer -- gun  
23 primer residue was found in the back v of the right  
24 hand. Would that be consistent with having fired a  
25 .380 automatic pistol with a right hand within four  
26 hours of that time?

27 A I don't think I would use the word  
28 consistent. It's possible. Yes.

29 Q All right, sir. Is that where -- or one

## BALASH - PROFFER CROSS

1 of the main places that you would look for it?

2       **A**     If I were conducting the test, that would  
3 be the first place that I would put the stamp.

4       **Q**     All right. And the testing that she  
5 referred to about brake linings, there was nothing  
6 in there about a circular appearance, was there?

7       **A**     Not that I recall, sir.

8       **Q**     It was also nothing in there about the  
9 size of one micron, was there?

10       **A**    No, sir, there was not.

11       **Q**    So that is not consistent with gunshot  
12 primer residue?

13       **A**    In my opinion, what was presented in that  
14 study was not. It lacked one of the main  
15 ingredients. It didn't indicate the circular  
16 pattern nor the size of the particle that they were  
17 looking at.

18       **Q**    And if an officer were to take gunshot  
19 residue from a suspect's hand, it would be proper  
20 for him to wash his hands and place gloves on them;  
21 is that correct?

22       **A**    Prior to, yes, sir, that would be correct.

23       **Q**    And this is an investigative tool to  
24 attempt to see if there is any evidence there?

25       **A**    Yes, it is.

26               **BY MR. EVANS:** One moment, your Honor.

27 **BY MR. EVANS:**

28       **Q**    And this would be one circumstance among  
29 many others that should be considered to put

## BALASH - PROFFER CROSS

1 together the facts against that person; is that  
2 correct?

3 BY MS. STEINER: I'm going to object to  
4 the form of that question. I think as  
5 Mr. Evans probably properly objected before,  
6 that maybe the Court's ruling under the  
7 evidentiary principles that are in this motion  
8 and not for the expert request --

9 BY MR. EVANS: You were --

10 BY THE COURT: I'll sustain the objection.

11 BY MR. EVANS:

12 Q You were asked about being an expert on  
13 recovery, weren't you?

14 A Yes, sir.

15 Q And one of the main reasons is that's one  
16 extra piece of evidence there, isn't it?

17 A That is.

18 BY MR. EVANS: That's all we have, Your  
19 Honor.

20 BY MS. STEINER: Your Honor, I'm sorry.  
21 This is -- I guess I get to redirect him;  
22 correct? He's my witness now?

23 BY THE COURT: Correct.

24 BY MS. STEINER: Thank you.

25 BY THE COURT: Ms. Steiner, I'm told  
26 the -- your client gets a shot every day for  
27 insulin and --

28 BY MS. STEINER: Your Honor, thank you.

29 BY THE COURT: And so --

## BALASH - PROFFER CROSS

1           **BY MS. STEINER:** Your Honor, I just have  
2 one more thing to say. This witness --

3           **BY THE COURT:** Well, if you're -- I mean,  
4 we can wait a few minutes. It's not quite  
5 4:00, but I think they are here.

6           **BY MS. STEINER:** All right. Let me  
7 conclude with this witness. I'd like to go  
8 ahead and offer into evidence for purposes of  
9 the motion to suppress gunshot residue  
10 examination and for it -- but to leave for  
11 identification and not to be circulated to the  
12 jury --

13           **BY THE COURT:** Well, I mean, it's -- it  
14 is, already for identification, I think, been  
15 marked.

16           **BY MS. STEINER:** It has. I just wanted  
17 to --

18           **BY THE COURT:** And I mean --

19           **BY MS. STEINER:** I would like --

20           **BY THE COURT:** -- for purposes of the  
21 Court's ruling, it's -- I mean, it's available  
22 for consideration.

23           **BY MS. STEINER:** Yes, your Honor. We -- I  
24 would -- I would not necessarily offer it into  
25 evidence before the jury in any event. And I  
26 think I would object if this report were  
27 offered before the jury should the State wish  
28 to offer it for the truth.

29           **BY MR. EVANS:** I'm afraid I'm lost now. I

## BALASH - PROFFER CROSS

1 don't know what she's asking.

2 **BY MS. STEINER:** I'm saying I only want  
3 this marked for identification for purposes  
4 of --

5 **BY THE COURT:** It is already.

6 **BY MS. STEINER:** All right. But it is --  
7 can be considered by the Court in considering  
8 the motion as an exhibit to it. Thank you.

9 **BY THE COURT:** I mean, that was the  
10 purpose of doing this exercise.

11 **BY MRS. STEINER:** Okay. Your Honor, I'm  
12 about to destroy Mr. Balash's day, but I have a  
13 subpoena for him to question him.

14 **BY MR. EVANS:** Your Honor, this is  
15 ridiculous.

16 **BY THE COURT:** I think what we can do, if  
17 you have the potential for calling him as a  
18 witness -- he's from Michigan. You already  
19 know his travel plans. You have not bothered  
20 to subpoena him earlier. So you can ask  
21 questions of him right now. The court reporter  
22 can transcribe it, and it can be read next week  
23 if you choose to offer that testimony in your  
24 case next week.

25 **BY MRS. STEINER:** Thank you.

26 **BY THE COURT:** And I think that would  
27 solve his travel problems and it would also  
28 serve the purposes you might have.

29 **BY MRS. STEINER:** I was going to suggest

## BALASH - PROFFER CROSS

1           that as an alternative, Your Honor.

2           **BY THE COURT:**   So why don't we have  
3           Mr. Flowers go get his insulin shot right quick  
4           and we can proceed. And the bailiff is asking  
5           if the smokers on the jury can walk out with  
6           him.

7           **BY MRS. STEINER:**   Yes, sir.

8           **BY THE COURT:**   I don't need one, but we  
9           can just recess.

10          **BY MR. HILL:**   Can we approach, Your Honor?

11                   (ALL COUNSEL FOR BOTH SIDES APPROACH  
12           THE BENCH FOR A CONFERENCE WHILE THE JURY  
13           IS OUTSIDE OF THE COURTROOM:)

14          **BY MRS. STEINER:**   Your Honor, the first  
15           thing I would like to say is ordinarily, if he  
16           were dismissed and under a subpoena, I would  
17           then attempt to have a conversation with him  
18           about the specific questions I would be  
19           proposing to ask in front of the jury to  
20           prepare him as a witness.

21          **BY THE COURT:**   So you're saying you want  
22           to interview him for a few minutes?

23          **BY MRS. STEINER:**   I would like to  
24           interview him now. He's kind of in the middle  
25           of an examination. I wouldn't want to do that  
26           without the Court's permission.

27          **BY MR. EVANS:**   I have no problem with you  
28           doing that.

29          **BY MR. EVANS:**   Your Honor, just so the

## BALASH - PROFFER CROSS

1 Court will know, if he doesn't leave very  
2 shortly, he's going to miss his plane.

3 **BY THE COURT:** Well, I mean, he's under  
4 subpoena by her now, and the only -- I'm trying  
5 to be the Solomon here. I'm trying to  
6 accommodate both sides as much as I can, and  
7 that's all I can do.

8 **BY MRS. STEINER:** I've missed that flight  
9 to Detroit. I have family in Ann Arbor, and  
10 it's dreadful, but it's --

11 **BY THE COURT:** Anyway, if you'll just talk  
12 to him right quick.

13 **BY MRS. STEINER:** Thank you.

14 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
15 CONTINUED IN OPEN COURT OUTSIDE THE  
16 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

17 **BY THE COURT:** But anyway. Ms. Steiner  
18 advised my law clerk that maybe they had  
19 reached a -- I mean, there was some kind of  
20 agreement -- I mean, an alternative that might  
21 be acceptable to everybody.

22 **BY MRS. STEINER:** Yes. He has testified  
23 previously. What I wanted to make sure was  
24 that his opinion was not changed from that. If  
25 he needs to take his flight, I'm very happy to  
26 let him go, and we can have the prior  
27 testimony --

28 **BY MR. EVANS:** I don't see why we couldn't  
29 use his prior testimony. That would be fine

## BALASH - PROFFER CROSS

1 with me.

2 **BY THE COURT:** And actually, I mean, and  
3 with, I guess -- kudos to both counsel. I  
4 think you've probably not -- in the proffer,  
5 there's probably not much more that could have  
6 been asked in front of the jury that hadn't  
7 already been proffered to the Court. But that  
8 testimony or his prior testimony, either one --  
9 but now if you want the testimony from today,  
10 you're going to have to let me know by the end  
11 of the day so the court reporter can have it  
12 next week.

13 **BY MRS. STEINER:** Why don't we have the  
14 testimony from today? Let me use the '98  
15 testimony or the prior testimony.

16 **BY THE COURT:** Okay. That's fine.

17 **BY MRS. STEINER:** All right. And may the  
18 witness be excused?

19 **BY THE COURT:** I'm -- they have agreed  
20 that your testimony from a previous trial can  
21 be read into evidence if they decide they need  
22 it, so you're free to go and return home. You  
23 get that flight.

24 **BY THE WITNESS:** Thank you.

25 (WITNESS EXCUSED)

26 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
27 CONTINUED IN OPEN COURT OUTSIDE THE  
28 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

29 **BY MRS. STEINER:** Your Honor, do you want

## BALASH - PROFFER CROSS

1 the proceed with the motion this afternoon?

2 I'm happy --

3 **BY THE COURT:** I don't know if the  
4 State -- well, I don't know if they're going to  
5 proffer anybody or not. I mean, I don't know  
6 if their proposed expert in this area is even  
7 here.

8 **BY MRS. STEINER:** Your Honor, I think for  
9 purposes of the Court's ruling on the gunshot  
10 residue motion, what I would propose to do is  
11 the testimony from Mr. Balash for the defendant  
12 and then I would offer into evidence for the  
13 Court's consideration the three testimonial  
14 exhibits to the motion, which I have an extra  
15 copy that we can mark for the Court.

16 **BY THE COURT:** I've got a copy.

17 **BY MRS. STEINER:** Let's mark it for  
18 identification for the motion --

19 **BY THE COURT:** I mean, I have looked at  
20 it. I mean, I have read it already --

21 **BY MRS. STEINER:** I just was going to  
22 offer it.

23 **BY THE COURT:** Yeah, I know. That's fine.  
24 I didn't want -- have you have the perception  
25 that I hadn't looked at 100 pages of documents.  
26 Because it was e-mailed last Sunday afternoon,  
27 and I spent Sunday night reading it, and --

28 **BY MRS. STEINER:** I spent Saturday night  
29 writing it.

## MOTION TO SUPPRESS - JURY OUT

1           **BY THE COURT:** Well, I mean, I -- I just  
2           wanted it to be clear that I have already read  
3           what you're submitting as an exhibit.

4           **BY MRS. STEINER:** I'd like to affix it for  
5           identification as an exhibit to the motion. I  
6           believe the State may have another transcript  
7           to offer, and I have no objection to that being  
8           offered and allowing that to stand as the  
9           testimony of their -- the other testimony of  
10          their expert, should they choose to do that.

11          **BY THE COURT:** That will be fine if they  
12          do. I may have to recess and read some.  
13          Anyway, you can have that marked as  
14          identification. Apparently, they're already  
15          attached to your exhibits so I can state for  
16          the record that you -- what you had attached to  
17          your motion, I have read it.

18          **BY MRS. STEINER:** I --

19          **BY THE COURT:** But I will allow it to be  
20          marked as an exhibit for that motion.

21                 (DEFENDANT'S EXHIBIT NO. D-12, PHOTO,  
22                 WAS MARKED FOR IDENTIFICATION.)

23          **BY MRS. STEINER:** Your Honor, with the  
24          testimony of Mr. Balash and the two exhibits  
25          marked for identification, the Defendant would  
26          rest on the motion to suppress gunshot residue.  
27          And I would also like to say I am changing my  
28          mind with respect to my announcement that I did  
29          not need the transcript of Mr. Balash's

## MOTION TO SUPPRESS - JURY OUT

1 testimony in order to prepare in the event the  
2 motion for a -- to possibly even present in the  
3 event the motion for gunshot residue  
4 suppression is not granted. So I would request  
5 that a transcript would be prepared and  
6 provided at some point prior to the conclusion  
7 of the defense case in this matter for purposes  
8 of offering it into evidence as to testimony in  
9 the event it appears different from the '98  
10 testimony.

11 **BY THE COURT:** Okay. I'm going to  
12 allow --

13 **BY MR. HILL:** Is that a contingency motion  
14 or what is that?

15 **BY MRS. STEINER:** Well, I don't know. I  
16 really -- I was examining the witness. I think  
17 he said the same thing, and it won't have to be  
18 as redacted because obviously the jury can't  
19 hear it --

20 **BY MR. EVANS:** My understanding of what  
21 we've agreed to, we're going to use his prior  
22 testimony in another trial. Now, I don't know  
23 if she's changing that or what the deal is, but  
24 that was my understanding of the agreement.

25 **BY MRS. STEINER:** That -- Your Honor,  
26 that's -- I would like at least to have a draft  
27 to review that so I may --

28 **BY MR. EVANS:** He's not going to be here  
29 to be questioned about it.

## MOTION TO SUPPRESS - JURY OUT

1           **BY THE COURT:** Well, I think Noelle can  
2 maybe do that Monday while Tammy is here in  
3 Court --

4           **BY MRS. STEINER:** -- to the parties.

5           **BY THE COURT:** -- I think it can be  
6 provided. No, it will be provided.

7           **BY MRS. STEINER:** Thank you, Your Honor.

8           **BY THE COURT:** And I -- you wrote a  
9 thorough motion, and I don't know if you want  
10 to argue points in your motion or just stand --  
11 I mean, I think you just said you were standing  
12 on the testimony of the witness that just left.

13           **BY MRS. STEINER:** I believe the State had  
14 something they wanted to offer now. Or did you  
15 want to offer anything into evidence?

16           **BY MR. WHITFIELD:** Yes. I just have a  
17 transcript -- it's a transcript, I believe --  
18 I'm not sure which trial it is, but it's pages  
19 1670 through 1699. We have some markings on  
20 this copy. We'd have to get the Court a fresh  
21 copy to admit as an exhibit to this hearing.

22           **BY THE COURT:** Well, if you -- I don't  
23 know if -- I've got a transcript of the '07  
24 trial, and I don't -- I don't have the -- I  
25 don't have a transcript of the '08 one, which I  
26 presided over because I didn't figure I needed  
27 it, but I got a pretty good recall of things.

28           **BY MR. WHITFIELD:** I believe they're  
29 basically the same transcripts, Your Honor. In

## MOTION TO SUPPRESS - JURY OUT

1 addition, the State would like to make argument  
2 if you're ready.

3 **BY MRS. STEINER:** I didn't -- God forbid I  
4 should waive argument, Your Honor. I simply  
5 wanted to give the State a chance to perfect  
6 its record if it wished to put on any evidence  
7 or anything like that.

8 **BY THE COURT:** Well, what -- I mean,  
9 they've already -- it was an attachment to  
10 their motion. They -- which, I mean, I've  
11 already read some previous testimony. But if  
12 it's the same one I've already read, then I  
13 don't --

14 **BY MR. WHITFIELD:** It could possibly be.  
15 One of my motions I got from them was absent of  
16 page numbers, and I'm not sure which.

17 **BY THE COURT:** It was what?

18 **BY MR. WHITFIELD:** It didn't have page  
19 numbers. One of the sections didn't have page  
20 numbers --

21 **BY MRS. STEINER:** Yes. The testimony of  
22 Mr. Flowers and Mr. Matthews regarding the -- I  
23 think our Exhibit B is the testimony of  
24 Mr. Flowers and Mr. Jack Matthews from the  
25 motion in 1998 to suppress Mr. Flowers'  
26 statements which was attached because it talks  
27 about -- in the hypothetical, it talks about  
28 the circumstances of his transport to the  
29 police station and his presence in the

## MOTION TO SUPPRESS - JURY OUT

1 interview room and the means by which the stuff  
2 was collected. And that does not have page  
3 numbers on it because when we got that copy of  
4 the transcript, it didn't have page numbers on  
5 it. But that is -- I put the cover sheet that  
6 shows what trial it's from.

7 **BY THE COURT:** I mean, I've got that. But  
8 what I was saying is -- I thought the State was  
9 going to probably offer some testimony of  
10 Matthews. I -- who is -- who are you offering  
11 testimony?

12 **BY MR. WHITFIELD:** Andrews.

13 **BY MRS. STEINER:** Andrews.

14 **BY MR. WHITFIELD:** Yes, Your Honor,  
15 Mr. Matthews and Mr. Andrews' testimony. I  
16 believe it may be all in the defense exhibits  
17 if all the pages are there.

18 **BY THE COURT:** I remember Matthews and I  
19 remember that name, but for some reason I got  
20 to thumb through and see. I mean, I read it,  
21 but I don't remember all the names. I can't  
22 keep them straight further. Okay. And it was  
23 Matthews and Andrews, was that it?

24 **BY MR. WHITFIELD:** Yes, Your Honor.

25 **BY MR. EVANS:** And Wayne Miller's prior  
26 testimony also.

27 **BY THE COURT:** Who?

28 **BY MR. EVANS:** Wayne Miller's prior  
29 testimony also.

## MOTION TO SUPPRESS - JURY OUT

1           **BY MRS. STEINER:** I don't believe that  
2           that is in the motion because Mr. Miller did  
3           not participate in the taking of the --

4           **BY MR. EVANS:** It's in what we want  
5           because in the Defendant's testimony he claimed  
6           that Wayne Miller tried to take the gunshot  
7           residue test from him, and it wouldn't work so  
8           Jack had to take one. And Captain Miller  
9           testified that that was not true; he had never  
10          tried to take one. It was always --

11          **BY THE COURT:** Let me just take a little  
12          bit and read it.

13          **BY MR. EVANS:** Wayne Miller, Jack Matthews  
14          and Joe Andrews.

15          **BY THE COURT:** If it's stuff I've already  
16          read from Miller and Matthews -- I mean,  
17          Matthews and Andrews.

18          **BY MR. EVANS:** It probably is.

19          **BY THE COURT:** And I'm saying if it is,  
20          I'm not going to read it again. I only needed  
21          to read it once. But what I haven't read is  
22          what you can present to me. You can present  
23          all three.

24          **BY MR. EVANS:** Your Honor, the first --  
25          the parts -- there are some parts that you have  
26          not read that's in what she -- there was a  
27          motion on this basic issue that came up in  
28          Gulfport. And there was testimony from Jack  
29          Matthews down there about the fact this --

## MOTION TO SUPPRESS - JURY OUT

1 disputing the Defendant's testimony. And I  
2 think all of that's going to be stuff that the  
3 Court's going to have to read --

4 **BY THE COURT:** Then why don't we -- give  
5 me what you want me to read. I'll take it with  
6 me this weekend, and I'll read it rather than  
7 trying to sit here for an hour and read  
8 something when we can hear another witness, and  
9 I won't delay things by reading it now. I'll  
10 read it -- I'll have Sunday afternoon and  
11 evening reading again tomorrow.

12 **BY MRS. STEINER:** We have no objection to  
13 proceeding that way. And if just whatever's  
14 submitted to Your Honor, if it can be marked  
15 for identification when we resume on Monday.

16 **BY THE COURT:** That will be fine. So  
17 who's your next live witness? You can bring  
18 the jury in.

19 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
20 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

21 **BY THE COURT:** Court will come back to  
22 order. Mr. Hill, who is your next witness?

23 **BY MR. HILL:** Elaine Goldstein.

24 **BY THE COURT:** I need you to raise your  
25 right hand. Do you solemnly swear or affirm  
26 that the testimony you give in this case will  
27 be the truth, the whole truth and nothing but  
28 the truth, so help you God?

29 **BY THE WITNESS:** Yes, sir.

## GOLDSTEIN - DIRECT

1           **BY THE COURT:** Have a seat please. You  
2           can proceed.

3           **BY MR. HILL:** Thank you, Your Honor.

4                           **DIRECT EXAMINATION**

5           **BY MR. HILL:**

6           **Q**     Tell the ladies and gentlemen of the jury  
7           your name again, please.

8           **A**     Elaine Goldstein.

9           **Q**     Ms. Goldstein, that microphone that you're  
10          leaning up towards, just to let you know, that  
11          doesn't amplify your voice.

12          **A**     Okay.

13          **Q**     That doesn't make you louder, but you do  
14          need to speak loud enough for all of these ladies  
15          and gentlemen to hear you. You're kind of soft  
16          spoken, so speak up if you will.

17          **A**     Okay.

18          **Q**     Ms. Goldstein, I want to ask you where you  
19          lived in July of 1996. Can you tell them -- the  
20          ladies and gentlemen that, please?

21          **A**     703B McNutt Drive.

22          **Q**     And who was your across-the-street  
23          neighbor at that time?

24          **A**     Connie Moore and Curtis Flowers.

25          **Q**     And how long at that time had you known  
26          them?

27          **A**     I've been over at that residence for like  
28          nine, ten years.

29          **Q**     Can you tell us -- you said Curtis Flowers

## GOLDSTEIN - DIRECT

1 and Connie Moore; right?

2 A Uh-huh.

3 Q Can you tell us if the Curtis Flowers that  
4 you lived across the street from back in 1996 is  
5 here in the courtroom today?

6 A Yes, sir.

7 Q Where is he?

8 A (Indicating).

9 BY MR. HILL: Your Honor, may we have the  
10 record reflect that Ms. Goldstein has pointed  
11 out and identified the Defendant Curtis  
12 Flowers.

13 BY THE COURT: I'll let it so reflect.

14 BY MR. HILL:

15 Q Did you -- did you see Mr. Flowers -- do  
16 you remember hearing about the murders at the Tardy  
17 Furniture store on the morning of July the 16th,  
18 1996?

19 A Yes, I do.

20 Q When did you hear about that,  
21 Ms. Goldstein?

22 A On my job.

23 Q Was it that same day?

24 A Yes, it was.

25 Q And if you'll just tell us how you heard  
26 about it, what was it that brought it to your  
27 attention.

28 A Bobo Stewart Auntie Rita, she worked  
29 there. And she was running out the building crying,

## GOLDSTEIN - DIRECT

1 and we was asking her what had happened. And she  
2 said her nephew had got shot at Tardy Furniture.

3 Q Okay. And on that morning, the morning  
4 before Bobo's Aunt Rita became upset and told that,  
5 did you see the Defendant Curtis Flowers that  
6 morning?

7 A Yes, I did.

8 Q Can you tell us where he was and what he  
9 was doing when you saw him that morning?

10 A He was across the street on his porch  
11 smoking a cigarette.

12 Q Can you tell us what time of the morning  
13 it was when you saw him?

14 A Right at 6:30, 6:45.

15 Q Okay. How do you know that -- remember  
16 that so long. That's been --

17 A Because that's what time I get ready to go  
18 to work, and my ride comes between 6:30 and 6:45.  
19 That's what time my ride arrive.

20 Q Okay. Where were you working at?

21 A At Kreuger International, KI.

22 Q KI? And you were getting ready and  
23 waiting on your ride --

24 A Yes, sir.

25 Q -- waiting to go to work. Okay. Did you  
26 ever -- have you ever heard of or had you ever seen  
27 at that time -- that is, on the morning of the July  
28 the 16th, 1996, had you ever seen any Fila Grant  
29 Hill tennis shoes?

## GOLDSTEIN - DIRECT

1           **A**     That morning? Or have I ever seen him  
2     wearing them --

3           **Q**     Were aware at that time of what Fila Grant  
4     Hill tennis shoes looked like?

5           **A**     Yes, I was.

6           **Q**     Do you know anybody that had them at that  
7     time or prior to July the 16th, 1996? Do you know  
8     of anybody that had a pair of Fila Grant Hill shoes?

9           **A**     Yes, I do.

10          **Q**     Who was it that you knew that had a pair  
11     of Fila Grant --

12          **A**     Curtis Flowers.

13          **Q**     Okay. And had you ever seen Mr. Flowers  
14     wearing on his feet a pair of Fila Grant Hill tennis  
15     shoes?

16          **A**     Yes, I had.

17          **Q**     And when did you see him or how long  
18     before that morning had it been that you saw him  
19     wearing these shoes?

20          **A**     Probably a couple of months before,  
21     something like that.

22          **Q**     Okay.

23          **A**     But I remember seeing him put them on.

24          **Q**     Okay. And did you see him on more than  
25     one occasion wearing those shoes?

26          **A**     Not that I can remember.

27          **Q**     And that occasion -- but you saw him  
28     before the murders wearing Fila Grant Hill shoes?

29          **A**     Yes, I did.

## GOLDSTEIN - DIRECT

1 Q Can you describe the shoes?

2 A They was white, red, blue. Mostly white,  
3 with red and blue. And on the ankle, the Fila --

4 Q And where was the blue?

5 A Fila sign -- like the high top, on the  
6 high top side.

7 Q High top or ankle top?

8 A Ankle top.

9 Q High tops? And was there a -- you said  
10 there was a design on them?

11 A A Fila sign.

12 Q And whereabouts is that design, the Fila?

13 A Right on the ankle part.

14 Q Ankle part?

15 A Uh-huh.

16 Q And where was the blue mark on there?

17 Where was that at?

18 A Like comes around the side of the tennis  
19 shoe.

20 Q Okay. Around the perimeter?

21 A Like the shoe -- like a perimeter -- like  
22 on the shoe, on the side. It's got like a blue.

23 Q All the way around to the toe and up?

24 A On the side, uh-huh.

25 Q Okay.

26 BY MR. HILL: I tender the witness, Your  
27 Honor.

28 CROSS-EXAMINATION

29 BY MR. CARTER:

## GOLDSTEIN - CROSS

1           **Q**     Ms. Goldstein, this surprised me. I  
2     wasn't ready for you. Let me ask you this, though:  
3     How long had Mr. Flowers been living in -- there at  
4     that house with his sister before -- I'm sorry --  
5     with his girlfriend Connie before the crimes took  
6     place down there at Tardy's?

7           **A**     How long he been living across the street?

8           **Q**     Right.

9           **A**     Oh, I don't remember.

10          **Q**     But you could give me a good guess?

11          **A**     I'd say about six, seven years.

12          **Q**     He's been there about six, seven years?

13          **A**     (Nodding).

14          **Q**     And you're sure he was living there full  
15     time?

16          **A**     Yes, I am.

17          **Q**     Okay. What other kind of shoe did you see  
18     Mr. Flowers wearing?

19          **A**     Those were just popular. I just remember  
20     the Fila because they was popular back then.

21          **Q**     I know, but what type of shoes --

22          **A**     I seen him with house shoes on.

23          **Q**     Popular shoes come out all the time, won't  
24     you agree?

25          **A**     Those Grant Hill, they stood out.

26          **Q**     They stood out?

27          **A**     (Nodding).

28          **Q**     And during the eight-year period of time  
29     you saw him there, he didn't wear anything else that

## GOLDSTEIN - CROSS

1 stood out? Any other tennis shoe that stood out?

2 A No.

3 Q So what else did you see him wearing  
4 beside -- what other shoes besides the Grant Hill  
5 Fila and house shoes did you ever see him wear?

6 A None.

7 Q And what kind of house shoes was he  
8 wearing?

9 A House shoes, men's house shoes.

10 Q And what color were they?

11 A No, I don't know. I just -- I don't know.

12 Q And the time you saw him with the Grant  
13 Hill -- how many times did you see him with Grant  
14 Hill Fila shoes on?

15 A I can remember I seen him about one time.

16 Q Okay. Where was it that time -- one time  
17 you saw him?

18 A At his house across the street.

19 Q Okay. And where were you?

20 A I was at my house.

21 Q Okay. And how far is your house from --  
22 (Mr. Carter is walking backwards) stop me when I get  
23 about the distance that Mr. Flowers is from your  
24 house to --

25 A About right there.

26 Q Okay.

27 A Uh-huh.

28 Q And you were able to look across the  
29 street and see?

## GOLDSTEIN - CROSS

1           **A**     Sitting on my porch or I was standing out  
2     in my yard.

3           **Q**     And they were Grant Hill Fila?

4           **A**     Uh-huh.

5           **Q**     And did you ever say anything to him about  
6     them?

7           **A**     No, I didn't.

8           **Q**     And the time you saw him with the Grant  
9     Hill Fila shoes, what else did he have on?  What  
10    kind of pants did he have on?

11          **A**     I can't remember.

12          **Q**     What kind of shirt did he have on?

13          **A**     I can't remember.

14          **Q**     What did his hair look like on that day?

15          **A**     What his hair looked like?

16          **Q**     What kind of haircut did he have?

17          **A**     Short, bald.

18          **Q**     He was bald back then?

19          **A**     (Nodding).

20          **Q**     Did he have a mustache?

21          **A**     Did Curtis have a mustache?

22          **Q**     Yes, at the time that you saw him with the  
23    Grant Hill Fila shoes.

24          **A**     I don't remember.  I don't remember that.

25          **Q**     What kind of socks did he have on with the  
26    Grant Hill Filas at the time you saw him?

27          **A**     I don't remember.

28          **Q**     You don't know?

29          **A**     No.

## GOLDSTEIN - CROSS

1           Q     How were the Grant Hill Filas laced at the  
2 time you saw him?

3           A     I don't remember how they were laced. I  
4 just saw the tennis shoes. I know Grant Hill Fila  
5 shoes.

6           Q     How do you know them?

7           A     They was the popular tennis shoes came  
8 out.

9           Q     Did you have any?

10          A     No, I didn't.

11          Q     Did you buy any for your children?

12          A     No, I didn't.

13          Q     Who -- do you know anybody that had any  
14 beside Mr. Flowers?

15          A     I know a couple of people had Grant Hill.

16          Q     Who are they?

17          A     You know, people that lived in Duck Hill.  
18 You know, like little boys and men.

19          Q     What's their names?

20          A     In Duck Hill?

21          Q     What's their names?

22          A     (Shaking head). They was little boys. I  
23 don't remember their names, just little kids running  
24 around.

25          Q     And the -- the ones that the adults wore,  
26 is it your testimony that the Grant Hill Filas that  
27 the little boys wore were exactly the same as the  
28 ones that grown people wore?

29          A     I think the grown ones was a little

## GOLDSTEIN - CROSS

1 different than the small ones.

2 Q But tell us how they differ?

3 A I just say the grown people's was white  
4 all over. It was the design on the smaller tennis  
5 shoes that's different from the ones that grown  
6 people -- that the grownups wore --

7 Q I'm sorry. Go ahead. I won't stop you.  
8 Are you finished?

9 A Yeah, I'm finished.

10 Q What color were the ones you saw  
11 Mr. Flowers on?

12 A White.

13 Q Totally white?

14 A Totally white with the red and blue.

15 Q Where was the red?

16 A The red was like in the design on the  
17 Fila.

18 Q It's on the side?

19 A The Fila.

20 Q Oh, the red -- I'm sorry. In the sign  
21 that says Fila?

22 A It's a little red on the shoe.

23 Q Okay. And where was the blue?

24 A The blue -- it was like mostly blue and  
25 white, then red. You could see a lot of -- a  
26 little -- the sign on the -- the blue on the shoe,  
27 you could see that, and the white mostly and the  
28 red.

29 Q So your testimony is that you never got

## GOLDSTEIN - CROSS

1 closer than the point at which I walked and you from  
2 the witness stand, yet you were able to see all  
3 this?

4 A I knew -- I know Grant Hill Fila shoes.

5 Q Okay. So who else did you see with the  
6 Fila besides Mr. Flowers and the two kids that you  
7 saw?

8 A Not too many people.

9 Q Was anybody else --

10 A They was expensive.

11 Q Was anybody else other than Mr. Flowers  
12 and the kids that you recall?

13 A (Shaking head).

14 Q Now, tell me as close as you can what day  
15 was it you saw Mr. Flowers with the Grant Hill Fila  
16 shoes on.

17 A I can't remember. I don't know.

18 Q Was it on a weekend or through the week?

19 A I can't remember. But I know I saw him  
20 with them on.

21 BY MR. CARTER: One moment.

22 BY MR. CARTER:

23 Q Ms. Goldstein, when did you tell the  
24 police that you saw Mr. Flowers with the Grant Hill  
25 Fila shoes on?

26 A When did I tell them?

27 Q Yeah. Who did you notify with the police  
28 department?

29 A Who did I notify?

## GOLDSTEIN - CROSS

1           Q     Right.

2           A     I didn't notify them; they notified me.  
3     They talked to me.

4           Q     And how did they wind up coming by to see  
5     you?  What caused that?

6           A     Talking to people who lived close to them,  
7     you know, I guess.  That's all I could say.  The  
8     ones that, you know, stayed close around him.

9           Q     And who was it that you talked to?

10          A     John Johnson.

11          Q     And that happened around August 11th,  
12     1996?

13          A     Well, it be so long, I don't --

14          Q     Did you write out a statement?

15          A     Did I write out a statement?

16          Q     Right.

17          A     I don't remember.  I probably did.  I  
18     don't remember.  I don't know.

19          Q     You said you probably did, but you don't  
20     remember?

21          A     I don't remember.

22          Q     Is that what you're saying?

23          A     Uh-huh.

24                BY MR. CARTER:  One moment, Your Honor.

25                BY THE COURT:  Okay.

26     BY MR. CARTER:

27           Q     Now, at the time you talked to the police,  
28     do you know if they were taping your statement?

29           A     No, I don't.

## GOLDSTEIN - CROSS

1           Q     Now, the morning that these crimes  
2 occurred and you saw Curtis sitting on his porch,  
3 supposedly, did you see Patricia Hallmon that  
4 morning as well?

5           A     No, I didn't.

6           Q     Now, you said -- let's see. What time was  
7 this here, 6:45? Now, you saw Mr. Flowers around  
8 6:30 to 6:45, you said, that morning; is that  
9 correct?

10          A     Yes, sir.

11          Q     And you can't be real sure if that is  
12 exactly what time you saw him?

13          A     That's the exact time.

14          Q     Now, you're not saying he had Grant Hill  
15 Filas on that morning, are you?

16          A     Not that I can remember.

17          Q     Okay. But you saw him on the porch. What  
18 did he have on? What was he wearing?

19          A     I don't remember.

20          Q     You don't remember what he had on that  
21 morning. Okay. So you started out telling us he  
22 was wearing Grant Hill Fila's on the day that the  
23 people died at Tardy's Furniture; right?

24          A     Not that I can remember.

25          Q     And, in fact, you're not even telling us  
26 that you had seen him in any -- wearing any Grant  
27 Hill Fila's any time close to the time that the  
28 killings took place at Tardy's, are you?

29          A     No, not that I remember.

## GOLDSTEIN - CROSS

1           **Q**     In fact, you told us that the time you saw  
2 him with Grant Hill Fila's was -- did you say  
3 probably a couple of months before that?

4           **A**     Yeah. Uh-huh.

5           **Q**     So you don't even know if he still -- if  
6 we are to believe that he had any at any point, you  
7 don't know if he still had them anywhere near the  
8 time that the killings at the Tardy Furniture took  
9 place; is that correct?

10          **A**     No, I don't remember.

11                   **BY MR. CARTER:** Thank you.

12                               **REDIRECT EXAMINATION**

13          **BY MR. HILL:**

14          **Q**     Ms. Goldstein, did you know any other  
15 grown man, any other adult male besides Curtis  
16 Flowers that you saw wearing Grant Hill Fila shoes  
17 around your neighborhood? Did you know of any other  
18 grown man that had a pair of Grant Hill Fila's --

19          **A**     No, I didn't.

20          **Q**     -- that stood out?

21          **A**     No.

22          **Q**     That's the only one?

23          **A**     That's it.

24                   **BY MR. HILL:** Nothing further, Your Honor.

25                   **BY THE COURT:** Ms. Goldstein, you may step  
26 down.

27                   **BY MR. EVANS:** Katherine Snow.

28                   **BY THE COURT:** Raise your right hand and  
29 take the oath. Do you solemnly swear or affirm

## SNOW - DIRECT

1           that the testimony you give in this case will  
2           be the truth, the whole truth and nothing but  
3           the truth, so help you God?

4           **BY THE WITNESS:** I do.

5           **BY THE COURT:** Go around, please, and have  
6           a seat. For the record, state your name,  
7           please.

8           **BY THE WITNESS:** Katherine Snow.

9           **BY THE COURT:** You may proceed.

10          **BY MR. EVANS:** Thank you, Your Honor.

11                           **DIRECT EXAMINATION**

12          **BY MR. EVANS:**

13           **Q**     Good evening, Ms. Snow.

14           **A**     Good evening.

15           **Q**     How are you doing today?

16           **A**     I'm all right.

17           **Q**     I want to direct your attention back to  
18           the morning of July the 16th, 1996, the morning of  
19           the murders at the Tardy Furniture. Do you remember  
20           that morning?

21           **A**     I do.

22           **Q**     Where were you working at that time?

23           **A**     Angelica.

24           **Q**     And where is Angelica?

25           **A**     It's in Winona down 51. I can't tell you  
26           whether it's north, east or whatever.

27           **Q**     All right. What is it?

28           **A**     It's a garment factory.

29           **Q**     Okay. How long had you worked there?

SNOW - DIRECT

1           **A**     I started there -- it was like in '91. I  
2 think in there.

3           **Q**     Speak up a little louder for me, ma'am,  
4 because they've got to hear you over there on the  
5 back row of that jury box. Just approximately.

6           **A**     About ten years.

7           **Q**     All right. Did you work -- go to work  
8 there that morning -- the morning of the murders?

9           **A**     I did.

10          **Q**     What time did you go to work?

11          **A**     I had to be there at seven.

12          **Q**     All right. Was there anything unusual  
13 about that morning as far as arriving there?

14          **A**     I was late and parked my car on the far  
15 end, and I had to be --

16                   **BY THE COURT REPORTER:** I'm sorry. Parked  
17 your car where?

18                   **BY THE WITNESS:** On the end. The very far  
19 end.

20 **BY MR. EVANS:**

21          **Q**     All right. Speak up. Because everybody  
22 needs to hear you; okay?

23          **A**     Can I turn the microphone on?

24          **Q**     That doesn't amplify it.

25          **A**     Okay.

26          **Q**     You just need to speak louder.

27          **A**     Okay.

28          **Q**     You said you were late and you parked your  
29 car on the far end?

## SNOW - DIRECT

1           **A**     On the far end.

2           **Q**     How late were you?

3           **A**     A few minutes after seven.

4           **Q**     All right. What did that cause you to do  
5 when you had to park your car on the end?

6           **A**     I had -- I went in, and I sewed ten  
7 garments, and then I asked my supervisor could I go  
8 out to move my car.

9           **Q**     Do you know what time you went out to move  
10 your car?

11          **A**     7:15.

12          **Q**     All right. When you went out to move your  
13 car -- well, let me ask you this first: Do you know  
14 a person by the name of Doyle Simpson?

15          **A**     I do.

16          **Q**     And how do you know him?

17          **A**     We work together.

18          **Q**     Did you know what he drove at that time?

19          **A**     A brown car.

20          **Q**     Did you see his car when you walked  
21 outside to move your car at 7:15?

22          **A**     I did.

23          **Q**     Where was it parked?

24          **A**     He parked on the very first parking spot.

25          **Q**     How far away from you?

26          **A**     Like there from the door to the parking  
27 lot. It's about two cars' distance.

28          **Q**     So real close?

29          **A**     Real close.

## SNOW - DIRECT

1           **Q**     And did you see anybody leaning up against  
2 Doyle Simpson's car?

3           **A**     I did.

4           **Q**     Who did you see?

5           **A**     Curtis Flowers.

6           **Q**     Would you look in the courtroom here today  
7 and see if you see Curtis Flowers?

8           **A**     I do.

9           **Q**     Would you point to him and identify him,  
10 please?

11          **A**     Curtis Flowers.

12                   **BY MR. EVANS:** May the record reflect that  
13 she has identified the Defendant Curtis  
14 Flowers.

15                   **BY THE COURT:** I'll let it so reflect.

16           **BY MR. EVANS:**

17          **Q**     How long had you known Curtis Flowers at  
18 this time?

19          **A**     I been knowing of him for a good many  
20 years, and I had seen him at church singing.

21          **Q**     So you knew -- you knew him; it wasn't a  
22 question of just looking at somebody?

23          **A**     I knew him.

24          **Q**     Did you speak to him?

25          **A**     I did.

26          **Q**     Did he speak back?

27          **A**     He did.

28          **Q**     Any question about who was leaning up  
29 against the car?

SNOW - DIRECT

1           **A**     No doubt in my mind.

2           **Q**     Did you go ahead after you saw -- well,  
3     let me ask you this: Which side of Doyle's car was  
4     he leaning on?

5           **A**     Driver's.

6           **Q**     After you moved your vehicle, did you  
7     still see him?

8           **A**     After I moved my vehicle, he was not there  
9     when I come back out.

10          **Q**     Okay. Now, after you moved your vehicle,  
11     did you later find out that anything had happened  
12     that morning?

13          **A**     I did.

14          **Q**     And what things did you find out had  
15     happened?

16          **A**     See, that morning I had my radio on my  
17     ear, and I seen the police and stuff, and I asked  
18     what had happened. And they told me somebody stole  
19     a car -- a gun out of Doyle car. And I said, "I  
20     seen a guy leaning up against Doyle car." Then this  
21     lady in front sees me. She hollered out, "Linda,  
22     Katherine seen the murder --

23                 **BY MR. EVANS:** What --

24                 **BY THE COURT:** I didn't even understand  
25     what she said.

26           **BY MR. EVANS:**

27           **Q**     Slow down a little bit and speak loudly.  
28     All right. You found out that somebody had stole  
29     Doyle's gun out of his car that morning. And then I

## SNOW - DIRECT

1 think you were saying that you had found out that  
2 there had been a murder that morning -- or murders?

3 A Yep.

4 Q All right. When you found out that there  
5 had been murders that morning and somebody had stole  
6 the gun out of Doyle's car, and Curtis had been  
7 leaning against Doyle's car, what ran through your  
8 mind?

9 A It ran through my mind -- I had doubts --  
10 lots of things running through my mind about it.

11 Q All right. Tell me what ran through your  
12 mind at that point.

13 A When they said that that gun was stolen  
14 out of Doyle's car, I figured it was him.

15 Q Figured it was who?

16 A Curtis.

17 Q That did what?

18 A Stole the gun.

19 Q And did what with it?

20 A The killings.

21 BY MR. CARTER: I can't -- well --

22 BY MR. EVANS:

23 Q Did you tell anybody that day that you saw  
24 somebody leaning up against the car?

25 A I told them I seen somebody leaning up  
26 against the car.

27 Q Who did you tell first?

28 A Francis Meeks.

29 Q Okay. Did you talk to any officers that

## SNOW - DIRECT

1 day?

2           **A**     No more than when y'all came up there at  
3 3:25.

4           **Q**     Okay. After you first told some officers,  
5 at that point, did you tell the officers that you  
6 talked to that this was the person that you saw?

7           **A**     I did not give a name.

8           **Q**     Did you say it was somebody you could  
9 identify?

10          **A**     I did.

11          **Q**     Why did you not give Curtis Flowers' name  
12 if you knew it?

13          **A**     I was scared.

14          **Q**     What were you scared of?

15          **A**     Scared I was going to go home and find my  
16 kids, my family shot.

17          **Q**     Did he know who you were?

18          **A**     He did.

19          **Q**     And he knew you saw him at the car?

20          **A**     He did.

21          **Q**     When did you finally tell the officers who  
22 it was?

23          **A**     When they did a -- showed some pictures, a  
24 lineup and I pointed him out.

25          **Q**     All right. When they did a picture lineup  
26 for you, did you need that picture lineup to know  
27 who it was?

28          **A**     I didn't.

29          **Q**     When they first laid that picture lineup

## SNOW - DIRECT

1 out, what did you do?

2 A I pointed him straight out.

3 Q You pointed him straight out?

4 A I did.

5 BY MR. EVANS: Your Honor, I tender the  
6 witness.

7 CROSS-EXAMINATION

8 BY MR. CARTER:

9 Q Ms. Snow, does Curtis Flowers know your  
10 family?

11 A Huh?

12 Q Does he know your family?

13 A Whether he know them personally, he  
14 probably know of them. And the type relationship  
15 with him, I couldn't tell you.

16 Q And you said a few minutes ago you were  
17 scared you were going to go home and find your  
18 family dead?

19 A Yes.

20 Q Did he know where you lived?

21 A No, he didn't, that I know of.

22 Q Did he know who your family was.

23 A No, that I know of.

24 Q Okay. You're still worried about the man  
25 that doesn't even know your family, doesn't know  
26 where your family lived, killing your family. Is  
27 that what you're telling us?

28 A I was scared. I was scared for my family.  
29 That's natural.

## SNOW - CROSS

1           Q     And whoever you saw at the car, he was  
2 standing at the front of that car, wasn't he?

3           A     He was standing at the front side, on the  
4 driver's side and I know who I seen on the car.

5           Q     And he wasn't even by the door, was he?

6           A     No, he was by the side door.

7           Q     Up by the front part?

8           A     Up by the fender.

9           Q     And the glove compartment was on the other  
10 side of it?

11          A     Yes.

12          Q     As a matter of fact, that person you saw  
13 wasn't doing anything wrong at the time you saw him?

14          A     He wasn't.

15          Q     Now, if you're scared of somebody, isn't  
16 it the right thing to do is to tell the police so  
17 they can from protect you?

18          A     I didn't want no part of it.

19          Q     Okay. Did you ask the police to protect  
20 you and your family because you were worried about  
21 them?

22          A     No, I didn't.

23          Q     And how long did you stay scared? You  
24 must be scared right now.

25          A     I'm still nervous.

26          Q     You're still nervous?

27          A     Right.

28          Q     What are you nervous about now?

29          A     I'm just nervous, period. Because first

## SNOW - CROSS

1 of all, if I could go back and do that thing over  
2 again, that's one black car that would get hit. I  
3 would have left my car. That's why I moved it  
4 because of where it was parked.

5 Q You say you're scared now and you're just  
6 a nervous scared person, period. Is that what you  
7 just said a few minutes ago?

8 A Yeah, I'm nervous and scared. Yes, I am.

9 Q So you're nervous and scared before the  
10 killings took place down at Tardy's?

11 A It's depending on what you're saying when  
12 you say nervous and scared.

13 Q You tell us what you're talking about.

14 A I was talking about that day, that  
15 incident. I was nervous and scared. I've had  
16 problems sleeping and everything.

17 Q Okay. But you don't know that -- you  
18 certainly hadn't on that day received any proof or  
19 even rumors of that from anybody Mr. Flowers was  
20 involved in that crime on that particular day;  
21 right? You hadn't received any facts from anybody  
22 at the police department on that day that  
23 Mr. Flowers was involved in the crime; is that  
24 correct?

25 A That's correct.

26 Q You just assumed that?

27 A I just know I seen him on the car. And  
28 that the gun was stolen, that was the murderer's  
29 gun.

## SNOW - CROSS

1           Q     How long do you -- now, you have seen  
2 Mr. Flowers a time or two since then; right?

3           A     Right.

4           Q     Had y'all ever just had a conversation?

5           A     No.

6           Q     Do you know if he knew you?

7           A     He probably know of me by face wise.

8           Q     Okay. And you didn't you have a  
9 relationship with his Uncle Doyle?

10          A     A work relationship. That's it.

11          Q     Y'all never went out together to clubs?

12          A     Never.

13          Q     You ever been to his house, Doyle's house?

14          A     No.

15          Q     Now, do you know McNutt Street is where  
16 Doyle (sic) and Connie lives?

17          A     I'm not familiar with the name of the  
18 streets here in Winona.

19                BY MR. CARTER: One moment, Your Honor.

20                BY THE COURT: Sure.

21          BY MR. CARTER:

22          Q     Did you know the projects where -- the old  
23 projects that Connie and Curtis lived in?

24          A     I didn't know where Curtis stayed.

25          Q     Did you know where Connie Moore stayed?

26          A     I didn't know of Connie Moore.

27          Q     Did you know where the old projects were?

28          A     I really don't know much about the  
29 projects in Winona. The only places I'm familiar

## SNOW - CROSS

1 with in Winona is the stores and where I work and  
2 the hospital, doctor's office.

3 Q Now, when you went outside to move your  
4 car, did you have your radio on your head then?

5 A I didn't.

6 Q Now, when did you tell Doyle you saw  
7 somebody at his car?

8 A I couldn't exactly say when. I -- I  
9 conversated with Doyle, but I couldn't tell you  
10 exactly when.

11 Q Okay. When did you converse with him?

12 A I couldn't exactly tell you whether it was  
13 before or after. I couldn't exactly tell you.

14 Q Before or after what?

15 A After the day of or after or whatever. I  
16 couldn't tell you when, exactly when.

17 Q So whatever Doyle says is, we can take it  
18 as gospel; could you say that?

19 A No. I said I couldn't tell you when.

20 Q Okay. But you talked to Doyle sometime  
21 shortly after this occurred; right?

22 A I talk to Doyle day in and day out.

23 Q I'm sorry. What was that?

24 A I talk to Doyle daily at work because he  
25 had to come untie my bag where my scraps at.

26 Q Now, did you see Doyle after this crime  
27 occurred?

28 A Yes.

29 Q You learned that the crime had occurred

## SNOW - CROSS

1 that particular day; is that correct?

2 A That's correct.

3 Q And somebody came -- how -- I heard the  
4 story a few minutes ago about Mr. Stewart's aunt  
5 getting bad news and was upset about it. About what  
6 time did that happen?

7 A Who?

8 Q I guess I'm not --

9 BY MR. EVANS: That's not this witness,  
10 Your Honor.

11 BY MR. CARTER: I might be confusing  
12 witnesses. I'm sorry. My apologies.

13 BY MR. CARTER:

14 Q What time did you find out about the  
15 incident at Tardy's?

16 A It was after nine o'clock. I know that  
17 much.

18 Q After 9:00?

19 A Uh-huh. And before lunch.

20 Q And before lunch?

21 A Uh-huh.

22 Q Did you see Doyle Simpson that particular  
23 day?

24 A When I seen him, I seen him at the door --  
25 at the exit door. When the police and stuff was  
26 coming, he was right there.

27 Q Okay. That was about what time?

28 A That would have been somewhere around  
29 9:00, before 10:00.

## SNOW - CROSS

1           Q     Okay. Did you say earlier that  
2     somebody -- Mr. Evans and some police came to you,  
3     to the job or somewhere around 3:25?

4           A     I did.

5           Q     Where exactly did this happen, they came  
6     to your job?

7           A     Came to my job at Angelica.

8           Q     Who came?

9           A     It was Mr. Doug, John Johnson and some  
10    more. I don't know all of them. I was nervous and  
11    scared.

12          Q     Scared of the police?

13          A     It's not something you go through every  
14    day. I was nervous about the whole situation,  
15    period.

16          Q     Okay. Did you give them a statement that  
17    day?

18          A     I told them, yes, I did.

19          Q     Now, you didn't tell them you saw Curtis  
20    Flowers, did you?

21          A     I didn't give them no name.

22          Q     Okay. So let me make sure I understand  
23    you. Well, at what point did you know that you saw  
24    Curtis Flowers?

25          A     When I walked out that door.

26          Q     When you saw the person at the car?

27          A     I did.

28          Q     You saw the person at the car, at a  
29    coworker's car that you talk to on a daily basis.

## SNOW - CROSS

1 You knew there had been murders down at Tardy's.  
2 You were scared somebody was going to kill your  
3 family. You saw John Johnson, the ex-chief, and  
4 some other officers and you saw my good prosecution  
5 buddy here who you know will prosecute, yet you did  
6 not tell them you saw Curtis Flowers. Is that your  
7 testimony?

8 A Correct.

9 Q Because you were scared?

10 A Correct.

11 Q Did you tell anybody else other than the  
12 police that you saw Curtis Flowers? When you went  
13 home that day, who did you go see? Who did you see  
14 when you got home?

15 A My family.

16 Q Was that your husband?

17 A He came in later.

18 Q Did you tell him you saw Curtis Flowers?

19 A I told him what had happened and that I  
20 knew.

21 Q Did you tell him that you saw Curtis  
22 Flowers?

23 A I told him who it was.

24 Q I'm sorry. Say again?

25 A I told him who it was.

26 Q What's his name?

27 A My husband?

28 Q Yes.

29 A Leonard Snow.

## SNOW - CROSS

1           Q     Do you know if he ever talked to the  
2 police?

3           A     No, he didn't.

4           Q     And he didn't encourage you to go to the  
5 police and to tell who you saw?

6           A     No, he didn't.

7           Q     Was he scared too?

8           A     That I wouldn't know, but I know he  
9 comforted me that night.

10          Q     Okay. Now, so you talked to Mr. Johnson  
11 on the same day of the incident. Did you see  
12 Mr. Jack Matthews at that 3:25 hour as well?

13          A     I didn't know all them guys, sir.

14          Q     I mean -- excuse me -- how many you saw?

15          A     I don't know.

16          Q     Did you see Mr. Thornburg?

17          A     I can't remember who all was in there. I  
18 was nervous, and I was scared.

19          Q     Okay. Where did y'all talk?

20          A     We was in a little conference room at our  
21 job there. That's where we went.

22          Q     Did you tell your employer -- your boss  
23 who you saw?

24          A     No, I didn't. All I said was I seen a  
25 man, a guy standing on -- leaning on Doyle's car.  
26 That's all I said to anybody during that day.

27          Q     So you knew who the person was, you didn't  
28 have any doubt, but you didn't tell the police who  
29 it was for -- in fact, you didn't tell them who it

## SNOW - CROSS

1 was until they showed you some pictures; is that  
2 correct?

3 A When they showed me the lineup of  
4 pictures, I pointed him out.

5 Q Okay. And you talked to them on at least  
6 three occasions before you picked the person out; is  
7 that correct?

8 A I don't know how many times it was.

9 Q It was a lot of times, wasn't it?

10 A It was enough.

11 Q Let's see now. They came to your job and  
12 talked to you. Where did they talk to you the next  
13 time?

14 A I've been to the police station.

15 Q And they talked to you how many times at  
16 the police station?

17 A I don't know. But all I know is I was  
18 nervous and scared every time they came.

19 Q Nervous and scared every time they came?

20 A Uh-huh.

21 Q Do you know that Mr. Flowers didn't get  
22 arrested until that January, six or seven months  
23 later?

24 A I don't know when he got arrested. I  
25 don't remember.

26 Q And you were not -- were you able to sleep  
27 at night knowing that --

28 A I had problems sleeping.

29 Q And you had problems sleeping because the

## SNOW - CROSS

1 man you saw at the car wasn't arrested. Is that  
2 fair to say?

3 A I was scared because of the fact I was  
4 scared for my family. And like I told you, it's  
5 nothing I be going through every day.

6 Q Okay.

7 A It's nothing I've ever dealt with before.

8 Q I know. Let me make sure I understand  
9 now. You saw a person at a car who you concluded  
10 was involved in murders. You didn't -- you were  
11 worried about your family getting killed. He wasn't  
12 arrested immediately because you didn't tell the  
13 police who you saw. And you were so worried about  
14 your family, yet you didn't give the name and you  
15 allowed this person to not be arrested for several  
16 months. Is that what you're telling us?

17 A I didn't want no part of it, that's what  
18 I'm telling you.

19 Q What -- what finally happened to make you  
20 want a part of it or decide to participate?

21 A Oh, I still don't want a part of it. It's  
22 just that I knew that they knew that I knew  
23 something. That's why they kept coming at me. So  
24 when they did the lineup, I just went on ahead and  
25 pointed him out.

26 Q Now, if you knew who the assailant was who  
27 committed these terrible crimes, wouldn't you agree  
28 with me that he posed a danger not only to you but  
29 to the Winona community at large?

## SNOW - CROSS

1           **A**     I didn't want no part of it.

2           **Q**     But you're willing to -- okay.

3           **A**     I'm not saying that I was willing. I'm  
4 saying I ain't want no part of it. It's not -- when  
5 you're put in something that you don't go through  
6 daily or deal with it, something like that, it  
7 scares you and it scared me.

8           **Q**     Wouldn't you agree with me that the  
9 citizens of Winona would have been safer with a  
10 person who had killed four people being locked up  
11 than not being locked up?

12          **A**     That remains, I don't know.

13          **Q**     What was the description that you -- you  
14 gave Doyle Simpson of the person you saw eventually?  
15 Now, first of all, now Doyle was suspended, was he  
16 not?

17          **A**     He was suspended, yes.

18          **Q**     So did you give him -- did you talk to  
19 Doyle and tell him you saw somebody after he came  
20 back from the suspension or before he left?

21          **A**     I can't remember exactly when.

22          **Q**     You can't remember. Okay. And did you  
23 give Doyle a description of the person you saw?

24          **A**     Dark skinned, 5'6", black pants, white  
25 shirt, bald head.

26          **Q**     Dark skin and 5'6"?

27          **A**     Uh-huh.

28          **Q**     Okay. Is that the same description you  
29 gave John Johnson at some point?

## SNOW - CROSS

1           **A**     If I'm not mistaken, it is.

2           **Q**     Okay. And there wouldn't be any reason to  
3 give them a different description?

4           **A**     No, because I know I seen him.

5           **Q**     Okay. Did the person you saw have a --  
6 was he wearing a cap?

7           **A**     No.

8           **Q**     What kind of clothes?

9           **A**     Black jeans, white shirt.

10          **Q**     Is that what you told --

11          **A**     That's what I been saying since day one.

12          **Q**     And you -- in your -- and in your  
13 statement to John Johnson on the day that he came to  
14 Angelica, you're sure you told him that he was  
15 wearing those clothes that you just described; is  
16 that correct?

17          **A**     Correct.

18          **Q**     Okay. Now, did you talk to a fellow named  
19 Mr. Freelon at some point?

20          **A**     I did.

21          **Q**     And you -- didn't you tell him that person  
22 you saw was muscular?

23          **A**     Stocky.

24          **Q**     Did you tell him that the person you saw  
25 was --

26          **A**     I can't remember what I told Mr. Freelon  
27 because Mr. Freelon confused me the way he was  
28 talking.

29          **Q**     And when he confused you --

## SNOW - CROSS

1           **A**     I knew what I seen and stuff but he was  
2 changing what I was saying.

3           **Q**     Okay. So when you're confused, do you  
4 have a memory problem when you're confused?

5           **A**     No, when I'm confused I stop. When  
6 somebody trying to confuse me, I stop and let them  
7 know what I seen.

8           **Q**     Okay. And since he confused you, you  
9 don't even know what you told him and you could have  
10 told him that. Is that what you're saying?

11          **A**     It's been a long time.

12          **Q**     I know, I know, I know.

13          **A**     From that day on, if I told him anything,  
14 I told him exactly what I said. Anything else, that  
15 was on him.

16          **Q**     Okay. Did anybody ask you to write  
17 down -- how -- Ms. Snow, how far did you go in  
18 school?

19          **A**     I went to college.

20          **Q**     Oh, good. Where did you go?

21          **A**     Where did I go? Holmes Jr..

22          **Q**     Okay. And you can read and write well?

23          **A**     Real well.

24          **Q**     Okay. Now, did anybody ask you to write  
25 down what you saw, such as a description, where you  
26 saw the person and what time it was and all this  
27 kind of stuff?

28          **A**     I don't think so.

29          **Q**     You were never asked to do that? And you

## SNOW - CROSS

1 certainly could have done it if you had been asked;  
2 is that correct?

3 A If I had been asked I could.

4 Q And nobody anticipated -- you certainly  
5 didn't expect this case to be going on 14 years, did  
6 you?

7 A No.

8 Q I doubt anybody did. And it would have  
9 been a good idea to write down stuff because it  
10 would have helped your memory. Would you agree with  
11 me on that?

12 A Oh, I remember what I seen. It's not --

13 Q Now, I've asked you lots of things that  
14 you say you didn't remember now.

15 A I said I remember what I seen. I told you  
16 I couldn't remember the dates, the times, you know,  
17 but --

18 Q Okay. I mean, I -- you got me -- you  
19 speaking of being confused. I'm confused, too. Let  
20 me ask you this, see if you can help me with this:  
21 If you talked to the police at least three times,  
22 before you saw the photo lineup and you knew who the  
23 person was all along, why did you need a photo  
24 lineup in order to tell them who you saw?

25 A As I said earlier, I don't want no part of  
26 it. I didn't want no part of it.

27 Q So are you saying that the photo lineup  
28 didn't really have anything to do with you naming  
29 Curtis Flowers?

## SNOW - CROSS

1           **A**     I knew they knew that I knew who it was.  
2     At day one they asked me, If you seen the guy again,  
3     could you point him out? I said, Yes, I could.

4           **Q**     Okay. I understand that. But what I'm  
5     trying to find out, are you saying here on the  
6     record that you didn't really need the photo lineup?

7           **A**     That's what I'm saying. I really didn't.

8           **Q**     Okay. Now, this photo lineup that you  
9     were shown, how many pictures did you see?

10          **A**     I don't know how many pictures in there.  
11     I don't know how many was in there. I can't  
12     remember how many, but I knew what -- the one.

13          **Q**     How many times were you shown a photo  
14     lineup?

15          **A**     Once.

16          **Q**     What did the officer say to you before you  
17     engaged in -- well, strike that. Where did the  
18     photograph lineup take place?

19          **A**     In the building where they always have me  
20     come, they would meet at.

21          **Q**     Is that the Winona Police Department?

22          **A**     It's the one that's -- it was downtown.

23          **Q**     Yeah, I don't know where the police  
24     department was back then.

25          **A**     Okay.

26          **Q**     Do you know if it was any part of the  
27     Police Department?

28          **A**     The police was there, some there, yes.

29          **Q**     How did you get there? You drove yourself

1 down there or they come to get you?

2       **A**    No, a police car came and got me.

3       **Q**    Came and got you?

4       **A**    Uh-huh.

5       **Q**    Did they come and get you every time?

6       **A**    Every time.

7       **Q**    Who came and got you?

8       **A**    I don't know all of them names. I know a  
9 female most of the time.

10       **Q**    You know Liz Van Horn?

11       **A**    That's who it was.

12       **Q**    Okay. How many people were there when you  
13 were shown the photo lineup?

14       **A**    I didn't go in and count all of them.

15       **Q**    Who showed it to you?

16       **A**    I can't remember who showed it. I'm  
17 nervous.

18       **Q**    What did they say to you before you looked  
19 at the pictures?

20       **A**    They going to show me a photo lineup.

21       **Q**    Anything else?

22       **A**    I can't remember word for word, but I do  
23 remember that.

24       **Q**    Well, can you generalize what else they  
25 said?

26       **A**    Not really, because I don't want to  
27 speculate.

28       **Q**    You don't want to speculate? What did  
29 they say to you during that time they were showing

## SNOW - CROSS

1     you that photo lineup?

2           **A**     When I picked him out? They asked me what  
3     was the man. I gave it to him. Then I turned it  
4     over, and his name was on the back of it.

5           **Q**     His name was on the back of it?

6           **A**     (Nodding head).

7           **Q**     They showed you a picture that already had  
8     Mr. Flowers' name on the back of it; is that  
9     correct?

10          **A**     (Nodding).

11          **Q**     Thank you. Now, were you told the  
12     Defendant was in the lineup?

13          **A**     No. That's one thing they never did.

14          **Q**     Did they tell you he wasn't in it?

15          **A**     They didn't tell me nothing or who was in  
16     it. They never even led up to him.

17          **Q**     Okay. So what did they say to you after  
18     the lineup?

19          **A**     After the lineup?

20          **Q**     Yeah. After you picked Mr. Flowers, what  
21     did they say to you?

22          **A**     I have no idea what was all said.

23          **Q**     Okay. Now, after you did the lineup --  
24     after the lineup, after you picked out Mr. Flowers,  
25     did you write a statement at that time? Did you  
26     write out a statement? Did you --

27          **A**     I don't remember writing.

28          **Q**     Do you understand what I'm saying?

29          **A**     I understand what you're saying.

## SNOW - CROSS

1           Q     Okay. Did you --

2           A     Yes, I did write one. I said I don't  
3 remember.

4           Q     Do you remember if the police wrote up one  
5 on your behalf and had you sign it afterward?

6           A     That's been years ago. I have no idea.

7           Q     I know. I know it's been a long time. So  
8 if there were written records, it would probably  
9 help, would you agree? If there was a written  
10 record, if a written record had been made at the  
11 time, would that help your memory?

12          A     No, because I know what I seen that day.  
13 It's here. It's in here.

14          Q     It's in there?

15          A     Yeah.

16          Q     But whether or not they said anything  
17 after the lineup, you say you don't recall?

18          A     I couldn't tell you exactly what was said.

19          Q     Well, tell me inexactly what was said.  
20 Tell me the best you can.

21          A     I can't. I couldn't tell you exactly what  
22 was said. Like I said, I don't like to speculate.

23          Q     Okay. Now at the time you did the photo  
24 lineup, you are aware that a reward was out at that  
25 time?

26          A     I had heard of it, yes, I had. But at the  
27 photo lineup? I couldn't tell you. But no money is  
28 worth anybody's life to me.

29          Q     All right. And you never said -- let me

## SNOW - CROSS

1 be clear on something. Did you know that a reward  
2 was offered before you picked Mr. Flowers out of the  
3 lineup?

4 A Unh-unh.

5 Q Yes or no?

6 A When the reward come out? I can't tell  
7 you when the reward come out.

8 Q Well, let me --

9 A I got what you're saying --

10 Q Well, I'm probably confusing you.

11 A No, you didn't. I got what you saying.

12 Q Okay. Well --

13 A My picking him out had nothing to do with  
14 reward money, whether it was before or after the  
15 fact.

16 Q Okay. You haven't answered my question.

17 A Oh, no, you asked me -- you asked me did  
18 the reward -- was the reward out before I picked him  
19 out of the lineup?

20 Q Right. That is what I asked you.

21 A That's what you asked me.

22 Q Yes, ma'am.

23 A And I told you I can't remember exactly  
24 when the reward come out, but me picking him out of  
25 that lineup had nothing to do with the reward.

26 Q So the reward could have --

27 A Make up my mind, no.

28 Q Let me ask you this -- well, I know -- I  
29 know you're innocent, I mean --

## SNOW - CROSS

1           **A**     As far as money goes, like I said, I never  
2     been able to do anything for money or crazy for  
3     money. And I would never put a person's life on  
4     line for money. So reward money, no.

5           **Q**     Now, do you read newspapers?

6           **A**     Yes.

7           **Q**     Were you reading them back then?

8           **A**     I read newspapers every chance I get.

9           **Q**     Okay. So --

10          **A**     Was I influenced by the reading? No.

11          **Q**     But if you had -- if a reward was  
12     mentioned in the Winona Times or the Greenwood  
13     Commonwealth back then before you picked Mr. Flowers  
14     out of the lineup, since you read the newspaper or  
15     you're an avid reader of the newspapers, you  
16     probably would have seen it. Is that fair to say?

17          **A**     That's fair to say. If the reward was  
18     offered or even put toward me, I wouldn't take it  
19     because it's not me.

20          **Q**     Okay. Now, let me be sure -- make the  
21     record clear on something. You didn't have any fear  
22     of Mr. Johnson -- John Johnson, did you?

23          **A**     I was just nervous, period. It didn't  
24     matter who it was.

25          **Q**     Right. But you weren't afraid of him; you  
26     kept talking to him; is that correct?

27          **A**     When he kept coming and getting me, yes.

28          **Q**     You weren't really afraid of him; is that  
29     fair to say?

## SNOW - CROSS

1           **A**     Talking about -- what you talking about,  
2     life threatening, scared or what?

3           **Q**     Just scared that he would harm you in some  
4     kind of way?

5           **A**     I wasn't scared of harm. I was nervous,  
6     and I just didn't want no part of it.

7           **Q**     And you weren't afraid of Mr. Evans, were  
8     you?

9           **A**     I wasn't afraid of him, no. I was scared,  
10    didn't want no part of the situation, the whole  
11    thing.

12          **Q**     I understand that. I really do, Ms. Snow.  
13    You've said it quite a few times, and I realize it.

14          **A**     Yeah. That was my main reason for not  
15    giving a name. I didn't want no part of it.

16          **Q**     How many pictures were in the lineup with  
17    Mr. Flowers?

18          **A**     I don't know how many was in there. It  
19    was more than him.

20          **Q**     Now, haven't you testified before in  
21    another hearing that you didn't know who that person  
22    was that you saw at the car until you picked the  
23    person out of the lineup?

24          **A**     I didn't give a name. I just -- I picked  
25    him out of the lineup.

26          **Q**     So --

27          **A**     I never said that I didn't know who he  
28    was. I know that they asked me could I point him  
29    out again if I seen him. Yes, I could. I did not

## SNOW - CROSS

1 give a name. I know who he was, but I did not tell  
2 them I knew who he was.

3 Q Okay. So there is no transcript of  
4 another hearing where you said you didn't know who  
5 the person was until you did the lineup?

6 A I don't know if there's another transcript  
7 or what. I don't have no idea.

8 Q Okay. But if you said it, you would  
9 remember it; is that correct?

10 A The main thing is that I know what I seen  
11 that day and who I seen. And I know when I gave his  
12 name, but I -- I know it also had nothing to do with  
13 reward money or nobody making me say that was Curtis  
14 that day. I also know why I didn't give the name.

15 Q Now, you didn't ask for a lineup with  
16 Mr. Flowers' picture; isn't that right? That lineup  
17 that you got shown, you didn't request that, did  
18 you?

19 A No, I didn't.

20 Q And that was the police idea; right?

21 A That was their doing.

22 BY MR. CARTER: One moment.

23 BY MR. CARTER:

24 Q Now, when you saw John Johnson the first  
25 time and Mr. Evans and whoever else came, did you  
26 tell them that you was -- you was so afraid that you  
27 couldn't tell them who you saw?

28 A I had a key ring with my family on it.  
29 And I told them -- they asked me when I gave the

## SNOW - CROSS

1 lineup -- when they gave me the lineup and I pointed  
2 him out, I remember them asking me why I didn't  
3 tell. I laid the picture down. I said I was scared  
4 I'd go home and find my kid face down. That's what  
5 I told them.

6 Q Okay. And that was the --

7 A I remember that after they showed me the  
8 lineup.

9 Q The lineup?

10 A Uh-huh.

11 Q But I probably confused you. But on the  
12 day that they came down to your job, did you tell  
13 them the story about how afraid you were?

14 A How afraid I was?

15 Q Yes, ma'am.

16 A No, I didn't. Other than probably tell it  
17 in my voice and stuff.

18 Q In fact, is it fair to say that the first  
19 time you told that you felt comfortable enough to  
20 reveal how afraid you were, is it fair to say that  
21 occurred at the first trial? Did you tell the  
22 Court -- I don't want to confuse you. You saw the  
23 police at least three times, I believe it is, before  
24 you testified in Tupelo. And what I'm asking is:  
25 Did you tell them on any of those prior occasions  
26 how afraid you were?

27 A The first time we went to Tupelo, I came  
28 up the road that morning because we was leaving  
29 early. I told them actually how fast I was driving

## SNOW - CROSS

1 because I was that scared.

2 Q Okay. And I believe that was the first  
3 time you ever told them how afraid you were; is that  
4 correct?

5 A No, it was the second time. The first  
6 time I told them was when I laid that picture down  
7 and showed them.

8 Q Okay. Thank you. Now, I'm sorry this  
9 thing is not over, but do you recall telling or  
10 testifying at one trial that the person you saw had  
11 on a cap?

12 A I never said he had on a cap.

13 Q You never said that?

14 A I never said that.

15 Q Okay. I'm almost finished. Hold on a  
16 second. Now, when you participated in the photo  
17 lineup, was it on a videotape? Did you see a -- was  
18 it -- was there a camera?

19 A Didn't see one.

20 Q Videotape? You didn't see one?

21 A Unh-unh.

22 BY MR. CARTER: One moment, Your Honor, I  
23 think I'm finished.

24 BY THE COURT: Sure.

25 BY MR. CARTER:

26 Q Now, Ms. Snow, did you remember or do you  
27 recall talking to a guy named Chokwe Lumumba?

28 A The lawyer Lumumba, whatever his name was.

29 Q Chokwe Lumumba. You might call him that.

## SNOW - CROSS

1 That's kind of a hard name.

2 A We got the name right.

3 Q It's an unusual name, so it's hard to get.

4 Do you remember talking to him?

5 A I do.

6 Q Now, let me see. I been to -- I'm almost  
7 finished; I ain't got but one or two more.

8 Now, when you were at Angelica that  
9 morning to go move your car, what door did you exit  
10 or how did you go out there?

11 A It's right there by the parking lot.

12 Q And the parking lot is the part where you  
13 got to come up to Applegate to park back there  
14 toward Applegate or is it the part --

15 A I come off of 51.

16 Q Is 51 and Applegate the same thing? I  
17 think it is.

18 A Highway 51 is what road we turn in on  
19 Angelica Drive?

20 Q Right. So there's a big parking lot back  
21 there, and I think I saw a door there that's kind of  
22 like close to the end. Was there a door close the  
23 end?

24 A Right there at the end of the parking lot,  
25 the first part of the parking lot?

26 Q Right. Is that the door you came out of?

27 A That's the door I came out of.

28 Q And Doyle's car was parked --

29 A Right there on the front.

## SNOW - CROSS

1 Q Okay.

2 A Front part.

3 Q Toward the building or toward the trees  
4 back there toward the woods?

5 A The building.

6 Q Toward the building. And where was your  
7 car parked?

8 A On the far end where I came in off 51, on  
9 the very last one.

10 Q The very last one. And Doyle's -- was  
11 your car close to Doyle's?

12 A No, it wasn't.

13 Q I'm just trying to get a picture now.  
14 Doyle was the very last one or you were the very  
15 last one?

16 A I was the very last one. Doyle was the  
17 very first one.

18 Q Does that parking lot go all the way up to  
19 where the office is located?

20 A It didn't. The office folk had their own  
21 parking lot in front.

22 Q So the parking lot --

23 A Employee parking, the ones that work in  
24 the factory, sewing part, they was right there on  
25 the side.

26 Q Oh, on the side. Okay. All right. Thank  
27 you.

28 BY THE COURT: Any redirect?

29 BY MR. EVANS: Yes, sir, briefly. Your

## SNOW - CROSS

1 Honor, there's an exhibit that was marked for  
2 identification the other day that I need, and  
3 I'm not sure if it's in here or not.

4 **BY MRS. STEINER:** I might be able to help.  
5 It's 116.

6 **BY MR. EVANS:** It was marked for  
7 identification the other day.

8 (OFF RECORD)

9 **BY MRS. STEINER:** If it wasn't marked for  
10 identification in the hearings -- it has been  
11 previously in the custody of district  
12 attorney's office. I made a motion to have  
13 them bring all prior exhibits out.

14 **BY THE COURT:** I don't know what we're  
15 talking about.

16 **BY MR. EVANS:** May we approach, Your  
17 Honor?

18 (COUNSEL APPROACH BENCH FOR A  
19 CONFERENCE HELD OUTSIDE THE HEARING OF THE  
20 JURY, TO-WIT:)

21 **BY MR. EVANS:** The other day when they  
22 were here, she asked that we bring the original  
23 documents of this identification. We did. We  
24 turned it over to her so she could use it. She  
25 asked that it be kept in the Court file. Now,  
26 we can't find it.

27 **BY THE COURT:** Ask the clerk. I suspect  
28 if it's been turned over, she's got it.

29 **BY MR. EVANS:** Yes, sir. That's what I'm

## SNOW - CROSS

1 looking for. I'd like a real short break to  
2 find it.

3 **BY THE COURT:** She's probably got it.

4 (BENCH CONFERENCE CONCLUDES)

5 **BY MR. EVANS:** Your Honor, may I have this  
6 exhibit marked for identification?

7 **BY THE COURT:** You may.

8 **BY MRS. STEINER:** No objection, Your  
9 Honor.

10 (STATE'S EXHIBIT NO. 116 WAS MARKED FOR  
11 IDENTIFICATION.)

12 **BY MR. EVANS:** May I proceed, Your Honor?

13 **BY THE COURT:** You may.

14 **REDIRECT EXAMINATION**

15 **BY MR. EVANS:**

16 **Q** Ms. Snow, I want to hand you Exhibit 116  
17 for identification and I'll ask if you can identify  
18 what that is.

19 **A** Yes. This is the lineup photo you give  
20 me.

21 **Q** Speak up, ma'am.

22 **A** The photo, the lineup.

23 **Q** That's the lineup that you were shown?

24 **A** It is.

25 **BY MR. EVANS:** Your Honor, I'd offer this  
26 into evidence.

27 **BY MR. CARTER:** One moment, Your Honor.  
28 No objection, Your Honor.

29 **BY THE COURT:** I'll allow it be admitted.

## SNOW - REDIRECT

1 (STATE'S EXHIBIT NO. 116 WAS RECEIVED  
2 INTO EVIDENCE.)

3 **BY MR. EVANS:**

4 Q Ms. Snow, I want to hand you back Exhibit  
5 S-116 and ask if you see the Defendant Curtis  
6 Flowers.

7 **BY MRS. STEINER:** I'm going to object to  
8 the form and the in-court identification on  
9 that. She has already testified that she sees  
10 Mr. Flowers here today. She's testified about  
11 the lineup. This reenactment of something that  
12 happened 16 years ago is totally irrelevant and  
13 should be excluded even if relevant under Rule  
14 403.

15 **BY MR. EVANS:** Your Honor, I would have  
16 agreed and I didn't go into it in my case in  
17 chief, but they attacked her on the lineup and  
18 I think I'm definitely able to go back and show  
19 what she was able to identify and how.

20 **BY THE COURT:** I'll overrule the  
21 objection. I think it's highly probative, way  
22 more probative than any prejudicial value, and  
23 she's -- all she's going to do is identify the  
24 photograph that she picked out back a number of  
25 years ago. And which photograph are you  
26 pointing to?

27 **BY MR. EVANS:** Your Honor, may the witness  
28 step down?

29 **BY THE COURT:** You may step down.

## SNOW - REDIRECT

1     **BY MR. EVANS:**

2           **Q**     Ms. Snow, is this Exhibit 116 the same  
3 photo lineup that you were shown?

4           **A**     It is.

5           **Q**     This is when you finally identified who  
6 you saw by the car?

7           **A**     It is.

8           **Q**     Would you point to the person that you  
9 identified?

10          **A**     (Indicating).

11          **Q**     You have pointed to the bottom left-hand  
12 picture; is that correct?

13          **A**     Correct.

14          **Q**     Did you have any trouble identifying him?

15          **A**     I did it just like I did then, no problem.

16          **Q**     And as soon as you pointed to him, did you  
17 tell them who it was?

18          **A**     I did.

19          **Q**     You may have a seat.

20                 **BY MR. EVANS:** May I pass this to the  
21 jury, Your Honor? One moment.

22                 **BY THE COURT:** You can hand it to the  
23 bailiff.

24                 **BY MR. EVANS:** One other question, Your  
25 Honor.

26     **BY MR. EVANS:**

27           **Q**     After you identified it, were you asked to  
28 do anything on the back of that photograph that you  
29 identified?

## SNOW - REDIRECT

1           **A**     Yes, sign my name.

2           **Q**     Did you sign your name --

3           **A**     I did.

4           **Q**     -- to the photograph that you identified?

5           **A**     That's it right here.

6           **Q**     How many times have you testified in this  
7 case?

8           **A**     Every trial.

9           **Q**     You've identified the Defendant every  
10 time; is that correct?

11          **A**     Correct.

12          **Q**     What, if any, reward money have you ever  
13 been paid?

14          **A**     Not any.

15               **BY MR. EVANS:** Nothing further, Your  
16 Honor.

17               **BY MR. CARTER:** Your Honor, we're going to  
18 call her during our trial -- our case.

19               **BY THE COURT:** Will you approach?

20                       (ALL COUNSEL APPROACH THE BENCH FOR A  
21 CONFERENCE HELD OUT OF THE HEARING OF THE  
22 JURY, TO-WIT:)

23               **BY THE COURT:** Now, if you're reserving  
24 calling these witnesses just strictly to harass  
25 them and cause them to stay around the  
26 courthouse, I'm going to take that matter up  
27 after the trial. Because I noticed back in  
28 2007, you did the very same thing and then you  
29 never called any of them back. So if you're

## BENCH CONFERENCE

1       doing that strictly for harassment purposes to  
2       cause these people the inconvenience of  
3       sticking around when you don't have any  
4       intention of calling them in your defense,  
5       then, as I say, I'm going to take that matter  
6       up at the conclusion of the trial. Because if  
7       you have no -- and I cannot imagine under any  
8       circumstance how this witness would be a  
9       witness that you would deem necessary to call  
10      in your case in chief because she certainly has  
11      not been of any benefit to you yet. So, as I  
12      say, if you're doing that strictly to harass  
13      them --

14           **BY MR. CARTER:** Your Honor, we have a  
15      different opinion, and it's your opinion she's  
16      not any benefit to us.

17           **BY THE COURT:** It's not in my opinion.

18           **BY MR. CARTER:** We disagree, first of all,  
19      as to whether or not she's been any benefit to  
20      me. And, secondly --

21           **BY THE COURT:** No. I said thus far I  
22      don't see that she has been very helpful. But  
23      nevertheless, you don't call her and you cause  
24      these witnesses to have to sit around for no  
25      reason other than harassing them, then, as I  
26      say -- and it appears that's what happened in  
27      2007, the trial I did not participate in. And  
28      then in 2008 when I tried it, Mr. DeGruy  
29      wouldn't release all his witnesses after they

## BENCH CONFERENCE

1 testified. And so, as I say, if there's -- if  
2 you're causing them to stay around --

3 **BY MR. CARTER:** Your Honor, the Court  
4 doesn't know what our strategy is, what we're  
5 planning to do.

6 **BY THE COURT:** Well, I'm just giving you  
7 advance notice that --

8 **BY MR. CARTER:** I know it. I'm just -- I  
9 just want to state on the record that the Court  
10 doesn't know what we plan to do.

11 **BY THE COURT:** That's exactly right; I  
12 don't.

13 **BY MR. CARTER:** And I feel like I'm being  
14 accused, and I also feel like I'm being accused  
15 with the jury sitting there, which --

16 **BY THE COURT:** Well, we're at the bench,  
17 and they're not listening because they can't  
18 hear because we're talking real low.

19 **BY MR. CARTER:** Okay, good. But let me  
20 say this, Your Honor: I'm not doing it for  
21 that purpose. I really -- I will admit that I  
22 got to get together with my group, and we got  
23 to talk about it this weekend exactly how we  
24 going to have to use -- how we plan to use  
25 them. And I will further tell the Court that  
26 if after we meet, we decide there's anybody we  
27 don't want or don't need, that we will  
28 immediately let the Court know as early as we  
29 can, maybe even as early as Monday. But at

## BENCH CONFERENCE

1       this point, I certainly can recall them for  
2       some legitimate reason based on something that  
3       she said today that I can't -- at this point, I  
4       don't have what I need to confront her with it.

5               **BY THE COURT:** Well, that's fair enough.  
6       As I said -- I've said as long as you had a  
7       reasonable basis and I'm satisfied with what  
8       you're saying that you will advise as quickly  
9       as you know whether if you don't.

10              **BY MR. CARTER:** Even Monday, hopefully.

11              **BY THE COURT:** Okay. That will be fine.

12                       (BENCH CONFERENCE CONCLUDED)

13              **BY THE COURT:** (To Witness Katherine Snow)  
14       You're free to go for now, but there's a  
15       possibility you might be coming back, having to  
16       come back as a witness so you're going to have  
17       to be available next week if need be.

18              **BY THE WITNESS:** Okay.

19              **BY THE COURT:** But you may step down and  
20       go for now.

21                       (WITNESS EXCUSED)

22              **BY THE COURT:** Ladies and gentlemen of the  
23       jury, I'm going to confer with counsel about a  
24       couple of other matters, but we're going to  
25       recess for the day and we're going to recess  
26       until Monday at nine o'clock.

27              And I'll ask you over this recess, please  
28       do not discuss this case with anyone or among  
29       yourselves. And I know you are being

## COURT INSTRUCTS JURY

1 sequestered, and I don't think there's much  
2 chance of any outside influence because I'm  
3 sure my bailiffs are doing a very good job.

4 But, again, just, you know, do not even  
5 inadvertently turn your head toward the  
6 direction of a newspaper or anything like that  
7 because you're not to be seeing anything  
8 related to this case. And so, as I say, if  
9 you'll step in the jury room, they'll be  
10 getting your transportation available.

11 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
12 OPEN COURT OUTSIDE THE HEARING AND  
13 PRESENCE OF THE JURY, TO-WIT:)

14 **BY THE COURT:** (To the bailiffs) I just  
15 want to go on the record. We're going to  
16 recess the jury until nine o'clock Monday  
17 morning. And I know that Sunday is a day of  
18 worship for many people, but I'm just advising  
19 that y'all can't bring a preacher in and you  
20 can't lead worship service or preach to the  
21 jury or have anybody else do that. I mean,  
22 I -- I think these are things that you know  
23 anyway, but it's just certain things that I  
24 feel like for the benefit of the record I  
25 needed to convey, stress to you and you're to  
26 keep all outside influences away from the jury.

27 And like I had said yesterday, if the jury  
28 is all in the same room -- not all in the same  
29 room, but if they're in a room with one of you

## COURT INSTRUCTS JURY

1       bailiffs, they can watch television or things  
2       as long as y'all are monitoring what they are  
3       doing.

4               **BY MRS. STEINER:** Your Honor, I think the  
5       lady bailiff was --

6               **BY THE COURT:** Well, I was going to tell  
7       her, too. I was just again wanting to stress  
8       that the jury will be sequestered and under  
9       your watchful care until Monday morning. I  
10      know Sunday is a day of worship for many  
11      people, but they can't be taken to church or  
12      have somebody come preach to them, and y'all  
13      can't lead them in some kind of worship  
14      services yourselves either. And, you know, as  
15      long as one of you is in a room when a  
16      television is on that they're watching, they  
17      can watch television or watch a movie or  
18      something. They -- and, I mean, they can watch  
19      a movie without your presence as long as you  
20      review the movie ahead of time and make sure it  
21      doesn't have anything in it that in any way  
22      pertains to the case.

23              But anyway, I just again felt necessary to  
24      stress these things. It's not in any way to  
25      the fact that I'm stressing -- it's not in any  
26      way to be considered my lack of confidence.  
27      It's just always better to go ahead and stress  
28      these things. So as soon as y'all can get the  
29      transportation ready. Okay.

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1 Well, I got a -- counsel is going to --  
2 I'm going to talk about some matters with them,  
3 and then they will be ready to be shown out.

4 **BY MR. EVANS:** Your Honor, we're going to  
5 need the full testimony -- Jack Matthews'  
6 testimony, portions or certain parts of it as  
7 it's stating how he took the test kit. But we  
8 could probably take notice of the testimony  
9 that he testified to in the last trial.

10 **BY THE COURT:** Well, what don't I have  
11 that y'all want me to take and look over for  
12 the weekend now?

13 **BY MR. EVANS:** I think other than that,  
14 probably just Jack --

15 **BY MR. WHITFIELD:** Three.

16 **BY MR. EVANS:** Jack's testimony, and it's  
17 going to be basically the same in any of the  
18 trials.

19 **BY THE COURT:** Do I have that?

20 **BY MR. WHITFIELD:** You should have both of  
21 those.

22 **BY MR. EVANS:** His testimony on how he  
23 took the kit.

24 **BY THE COURT:** Well, I don't have anything  
25 from the last trial --

26 **BY MR. EVANS:** Oh, I thought --

27 **BY MR. HOWIE:** It's '98.

28 **BY MR. EVANS:** Okay. All right. It will  
29 be in that, too.

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1           **BY MRS. STEINER:** We have no objection  
2           to -- we have no objection to the Court  
3           considering the trial testimony of Jack  
4           Matthews regarding the taking of the GSR kit  
5           from Mr. Flowers at any prior trials.

6           **BY THE COURT:** Okay. Well, I've got --

7           **BY MRS. STEINER:** If you'll just note for  
8           record what you --

9           **BY THE COURT:** I will. Now, I'm not sure  
10          what the -- I mean, what particular trial these  
11          two would be from -- that I was just handed by  
12          the prosecution.

13          **BY MR. EVANS:** Do you know what they were  
14          from?

15          **BY MRS. STEINER:** You all marked them.

16          **BY MR. HOWIE:** Well, it says five so I  
17          think it's from the fifth one.

18          **BY MR. WHITFIELD:** I don't know about the  
19          other one.

20          **BY THE COURT:** Well, I assume it's both  
21          from the same trial. The fifth trial would be  
22          the one I presided over.

23          **BY MRS. STEINER:** It's a different trial,  
24          Your Honor.

25          **BY THE COURT:** Well, I guess as long as  
26          these two are marked and considered as an  
27          exhibit to the motion, they'll be clear. And  
28          the one I read will be from '07 as to Jack  
29          Matthews.

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1           **BY MR. WHITFIELD:** Your Honor, can I go  
2           and make copies of those?

3           **BY THE COURT:** Well, I thought that was  
4           what I was expecting you to do so I would be  
5           ready to take it with me when I got ready to go  
6           home today.

7           **BY MRS. STEINER:** Your Honor, before he  
8           sits down, indeed, I realize that I may not  
9           also -- if Your Honor's going to be reviewing  
10          the testimony of Jack Matthews from one of the  
11          prior -- whichever the prior trial is, the one  
12          you took or since you have a transcript of the  
13          one before -- I believe that part of the  
14          witness' hypothetical is based on the testimony  
15          he gave at that trial regarding his presence at  
16          the crime scene prior to taking the gunshot  
17          residue test. And that we would also ask to be  
18          part of the record for the Plaintiff -- for the  
19          Defendant on the motion, the movant.

20          **BY THE COURT:** Well, actually, whatever he  
21          testified to in '07, I'm going to read.

22          **BY MRS. STEINER:** Thank you.

23          **BY THE COURT:** That's as clear as it gets.

24          **BY MRS. STEINER:** Yes, Your Honor. We  
25          would ask the Court for the Defendant, movant  
26          here -- I'm used to civil proceedings -- for  
27          the movant here, that the prior trial testimony  
28          from the 2007 trial of Jack Matthews be taken  
29          into account in ruling on this motion.

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1                   **BY THE COURT:** I certainly will. We'll

2 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER, MR.  
3 CARTER AND THE DEFENDANT WERE PRESENT. PROCEEDINGS WERE AS  
4 FOLLOWS:)

5 THE COURT: As we recessed last -- let me back  
6 up, and say I have got a Motion to Exclude Testimony  
7 Concerning Gunshot residue.

8 This was -- there were some exhibits that I was  
9 asked to read that had been submitted by the State, and I  
10 did read those. And I am going to have these two items,  
11 because -- for purpose of identification. The defense  
12 already has had marked for identification what was  
13 submitted to the Court for consideration. And I've got  
14 two other items that were submitted to the State -- by  
15 the State to the Court that I'm going to have marked for  
16 identification so that there will be a record of what the  
17 Court considered.

18 And then there was some testimony from the previous  
19 trial that was occurred -- that occurred in 2007, that I  
20 was asked to review. Copies of that are being made as we  
21 speak. So that can be also in the record. Because I  
22 want it clear about anything that the Court might have  
23 considered in regards to the motion.

24 If you will, hand those to the court reporter and  
25 have her mark those two items as identification for  
26 purpose of this motion only.

27 And then, you know, probably by the time I have  
28 heard arguments from you on the motion, the other two  
29 things that I looked at will be available to offer as an

1 exhibit to the motion. But I'm prepared now to hear  
2 arguments on the motion.

3 (A TRANSCRIPT OF THE TESTIMONY OF JOE ANDREWS WAS MARKED  
4 STATE'S EXHIBIT NUMBER 138 FOR IDENTIFICATION ON THE MOTION TO  
5 EXCLUDE TESTIMONY CONCERNING GUNSHOT RESIDUE.)

6 (A TRANSCRIPT OF THE TESTIMONY OF HORACE MILLER WAS  
7 MARKED STATE'S EXHIBIT NUMBER 139 FOR IDENTIFICATION ON THE  
8 MOTION TO EXCLUDE TESTIMONY CONCERNING GUNSHOT RESIDUE.)

9 THE COURT: Let me also say for the record,  
10 these two documents that were just admitted, some of them  
11 have some underlining or circling or things like that.  
12 Those were not notes made by the Court. Those  
13 underlinings or circlings on those documents were on  
14 there when they were received by the Court. And I just  
15 wanted to make that clear for the record as well.

16 And the other two items, as I say, that are being  
17 copies made, were further testimony -- or testimony in  
18 the 2007 trial of Joe Andrews and also a few pages of  
19 testimony of Jack Matthews from the 2007 trial.

20 Anyway, I am ready to hear argument.

21 Are you ready to proceed on argument of your motion?

22 MRS. STEINER: Yes, Your Honor.

23 THE COURT: You may.

24 MRS. STEINER: Your Honor, I believe our Motion  
25 to Exclude the Evidence and Testimony Concerning Gunshot  
26 Residue would go to parts of the testimony of Mr. Jack  
27 Matthews and Mr. Joe E. Andrews. It would also exclude  
28 any testimony we have not in prior trials had, specific  
29 testimony about the taking of the gunshot residue test

1 from any of the remaining witnesses on the State's list.  
2 But should that be the case or with respect to chain of  
3 custody, we would not want any testimony from any person  
4 who talks about gunshot residue at all.

5 The motion is -- got two bases. The first is the  
6 Daubert Motion under Mississippi Rule of Evidence 702,  
7 which admits expert opinion testimony, that would go to  
8 Mr. Andrews' testimony, under conditions if the person --  
9 if a) will assist the trier of fact to understand the  
10 evidence or determine a fact in issue, which would  
11 include drawing an inference, the witness is qualified as  
12 an expert by knowledge, skill, experience and training.  
13 We do not believe -- no, let's put it that way. And then  
14 the testimony is based upon sufficient facts or data,  
15 it's the product of reliable principles and methods and  
16 the witness has applied the principles and methods  
17 reliably to the case.

18 I believe the testimony of Mr. Balash yesterday  
19 established both that the 2005 symposium held by the FBI  
20 in Quantico, Virginia, created what were the reliable  
21 standards of the profession of forensic trace evidence,  
22 gunshot residue, and also that his professional opinion  
23 that gunshot residue -- a single particle of gunshot  
24 residue was not -- could not support the inference that a  
25 gun was fired, was similarly the position of that  
26 scientific, that body, which had established the  
27 standards.

28 Therefore, to the extent that the finding of that,  
29 that any opinion that there could be an inference of

1 discharge of a firearm, which is laced throughout Mr.  
2 Andrews' testimony, both as we submitted it and the State  
3 has submitted it, is not supported by scientific -- of  
4 the standards of the profession. And therefore, even  
5 without going into the circumstances of the collection,  
6 any suggestion there is an inference of actually having  
7 fired a firearm should therefore be excluded from that  
8 testimony.

9 The second basis for our objection is Rule 403.  
10 That even if this Court were to determine that the  
11 science with respect to inferring what a single gunshot  
12 residue particle means were -- it was acceptable for  
13 experts to vary within that and offer varying opinions,  
14 as Mr. Andrews and Mr. Balash appeared to have with  
15 respect to what significance they as an expert give to  
16 the detection of a single gunshot residue.

17 We would suggest that -- we would submit that the  
18 probative value of this testimony is so weak given how,  
19 how weak the science is. And I would also cite to the  
20 articles of -- submitted in support of the motion,  
21 including the Burke study, which although Mr. Balash  
22 wasn't familiar with it, does find gunshot residue  
23 particles in police stations and police automobiles, both  
24 of which Mr. Flowers were -- was present in preceding  
25 this.

26 Whether or not he shook hands with any officers, he  
27 was in a police interview room. That is established by  
28 the record. And, you know, yes, that could come in as  
29 impeachment. We can read testimony from Mr. Balash to

1 contradict Mr. Andrews. But the fact is that expert  
2 testimony is particularly in awe and this is simply --  
3 the probative value is substantially outweighed. And  
4 because it's coming out of experts, I think there is a  
5 danger not only of unfair prejudice but affirmatively of  
6 misleading the jury as to the importance of this  
7 testimony.

8 And therefore, it should be excluded under Rule 403,  
9 even the expert opinion, and any testimony regarding the  
10 collection concerning the gunshot residue test. And that  
11 this is just simply something that should the Supreme  
12 Court get this case on appeal, I think the Supreme Court  
13 -- there is no counter-veiling expert opinion that the  
14 standards are not as Dr. -- as Mr. Balash testified to  
15 them.

16 And given that, I think this must be excluded. The  
17 expert opinion must be excluded under 702, even if this  
18 Court were not to elect to do that, the fact that it is  
19 of not a generally accepted in the forensic trace  
20 evidence gunshot residue community as a proper inference  
21 means that it should be excluded from consideration by  
22 the jury by Rule 403.

23 And even in his objections yesterday, the State's  
24 clear -- the only purpose the State has, it has argued in  
25 every trial in which this has come in, that there is an  
26 inference that Mr. Flowers discharged a firearm as a  
27 result of this single particle of gunshot residue. That  
28 is the only purpose for which this comes in. And I think  
29 the Court cannot ignore the body of scientific evidence

1 which agrees that is not an inference which an expert  
2 would be prepared to draw or to suggest to anyone else  
3 that it could draw.

4 And if the expert can't suggest it, we would submit  
5 that the State can't argue it. And if the State can't  
6 argue it -- I mean I think the testimony was that this  
7 was a useful investigative tool.

8 Polygraph examinations are useful, investigative  
9 tools, and they continue to be used by law enforcement,  
10 often to good effect. That doesn't make them admissible  
11 in court.

12 I think this gunshot residue test is -- was fine.  
13 If it kept him as a suspect in the running, that is fine.  
14 The investigation may have found it useful, but it does  
15 not belong before this jury.

16 MR. WHITFIELD: Your Honor, first, on the  
17 *Daubert* issue. Mr. Balash, the testimony you have read  
18 from Mr. Andrews all say that gunshot primer residue is  
19 valid science. There is only one place in nature or  
20 whatever where the elements of antimony, lead and barium,  
21 where they are molten together in a spherical morphology,  
22 occur and that is from a discharged firearm.

23 The particle, from the testimony you have seen here  
24 and from Mr. Balash, is that the identity of the particle  
25 was lead, barium and antimony in a one micron spherical  
26 shape, which is the unique characteristic of primer,  
27 gunshot residue. When asked if that was valid science,  
28 Mr. Balash, their expert, said yes, it is. That is the  
29 one place it occurred.

1           They tried to say what about brake dust. What about  
2 other things? Well, the science and the studies that she  
3 cited, the FBI symposium found that yes, particles can be  
4 found, especially two of the three, but the only place to  
5 have that combination is from a discharged firearm. And  
6 the testimony in this case is that was the unique  
7 characteristic of primer residue, which found on the back  
8 of his hand.

9           He -- Mr. Balash's, I think, argument was that he  
10 had a problem with interpretation issues, which are --  
11 you can't say definitively that he fired a gun, but you  
12 can say that he was in the presence or the environment of  
13 gunshot residue, which is what we would show in this  
14 case.

15           The defense, through their exhibits, have cited  
16 probably the one case in America where gunshot residue  
17 was disallowed, which is a district court case in  
18 Minnesota. Now, this district court case is completely  
19 factually different from this case here in where they had  
20 nine suspects that were all brought in from a shooting  
21 scene, three in each patrol car. They were all put in a  
22 same room. Each one before testing was allowed to go and  
23 use a single stall bathroom where each washed their hands  
24 in the same sink. They were all unhandcuffed,  
25 rehandcuffed and placed in a hallway where prior to the  
26 testing, it was observed that their hands were touching.

27           The Court ruled there is so much cross-contamination  
28 between the suspects in this matter that it was held not  
29 to be reliable in that one instance which is a factual

## Motions (Defense)

1 anomaly, which is nothing compared to the case we have  
2 here.

3 Mr. Flowers was not handcuffed. He was brought to  
4 the station. The testimony of Mr. Miller and Mr.  
5 Matthews, Mr. Matthews at Page 2109, Lines 1 through 12,  
6 said that he never shook his hand, didn't see anybody  
7 else shake his hand. Mr. Miller's testimony was on Page  
8 484, Lines 12 through 18, said that he didn't shake his  
9 hand, didn't see people shake his hands. There was no  
10 cross-contamination issues in this particular case.

11 But based on both experts, our expert and the  
12 defense expert, all of them have said that gunshot  
13 residue is a valid science. And I would point the Court  
14 out, I have a list of cases through our court system  
15 where gunshot residue has been allowed in every trial. I  
16 have yet to find one where it was not allowed.

17 As to the Rule 403 issue, the Supreme Court has  
18 already ruled that on the relevance of gunshot residue in  
19 a case that was factually less than ours, in the *Simmons*  
20 *versus State* case, 813 So.2d 710, which I have a copy for  
21 Your Honor.

22 THE COURT: I have it right here actually.

23 MR. WHITFIELD: That was a particle that was  
24 just similar to. It didn't have the, the spherical  
25 morphology. So it wasn't a complete, unique  
26 characteristic gunshot residue case. And the Supreme  
27 Court said that that was fine. And it was not a  
28 violation of the rules of evidence and did not unfairly  
29 prejudice the defendant in that case going forward.

1           There are some other issues in the defense motion  
2           that we would like to address. I believe in Paragraph 23  
3           they discussed that this evidence should be suppressed  
4           due to the destruction of evidence. I would like to  
5           point the Court to *Poole versus State* on this issue.  
6           It's 291 So.2d 723. It is not a due process violation if  
7           evidence is consumed in the testing process.

8           They have not cited case law to the Court that it  
9           would be, except for *Edmonds versus State*. And *Edmonds*  
10          *versus State* where they had cited, Your Honor, was where  
11          in Tyler Edmonds trial they tried to bring Christy  
12          Edmonds, the codefendant, forward and place her on the  
13          stand and make her take the Fifth Amendment in front of  
14          the jury. Now, that case was reversed. In the  
15          subsequent trial she was allowed, but that has nothing to  
16          do with gunshot residue and the ability to perform tests.

17          Further, they cite the due process requires them to  
18          have the element available for testing by their expert,  
19          which *Poole* and its progeny say that that is not a  
20          requirement. When the evidence is consumed through the  
21          testing process, there is no due process violation.

22          They cited *Polk versus State*, which is a 1992 case  
23          under the *Frye* standard dealing with the admittance of  
24          DNA evidence and having it under general acceptance  
25          standards and *Richardson versus State*, which dealt with  
26          whether the State had to furnish an expert for the  
27          defendant and pay for an expert for indigent defendant,  
28          neither having anything to do with the destruction of  
29          evidence through the testing process.

1 Further, when talking about the confrontation  
2 clause, they have a footnote to *Crawford versus*  
3 *Washington*. As the Court would note, *Crawford versus*  
4 *Washington* dealt with the admittance of non-testimonial  
5 hearsay statements. That is not the case here. We have  
6 the experts that are going to testify.

7 The proper case for this is *Melendes-Diaz versus*  
8 *Massachusetts*, which is 129 Supreme Court 2527. In that  
9 case the state tried to introduce the testimony of a  
10 chemist on the presence of narcotics by introducing her  
11 affidavit. And they said that by putting an affidavit on  
12 offended the due process clause because in the  
13 confrontation clause because they were not allowed to  
14 cross-examine the expert.

15 Here we plan to put our expert on the stand, have  
16 him available for cross-examination; therefore, due  
17 process would not -- and confrontation clause would not  
18 be offended in this case.

19 MRS. STEINER: May I respond?

20 THE COURT: You may.

21 MRS. STEINER: Thank you, Your Honor.

22 I agree that *Melendes-Diaz* says experts can't be put  
23 on by, by hearsay by the state under the confrontation  
24 clause. I also agree that the testimony you have before  
25 you does not challenge the chemistry of having detected a  
26 single particle of gunshot residue. I believe in the  
27 hypothetical I presented to Mr. Balash, in which I did  
28 not include having shaken hands with the officers since  
29 Mr. Matthews had already denied that that had happened, I

1 specifically said let's assume -- he said he couldn't  
2 tell from what he looked at whether or not, in fact, it  
3 was a particle gunshot residue. But I asked him to  
4 assume that that photograph showed what Mr. Andrews said  
5 it showed. But nonetheless, it is the combination of no  
6 scientific basis for the inference.

7 And I would say that *Simmons*, which is a 2002 case,  
8 was decided prior to the 2005 symposium, which Mr. Balash  
9 testified has set the bar for what is reliable,  
10 scientific opinion. The mere fact that his testing was  
11 done back in 1996 does not make the opinion that has now  
12 been debunked as scientific opinion by the body that sets  
13 those standards valid in a 2010 courtroom.

14 So I don't believe that there was any expert  
15 testimony that the national standards in *Simmons* were  
16 such that -- there was no testimony regarding the  
17 national standards since the national standards had not  
18 been even established until 2005. So I think *Simmons* is  
19 not dispositive of this case.

20 Edmonds is, in general, about due process,  
21 confrontational, also about expert opinion. I don't  
22 think any of the weaknesses of the expert opinion offered  
23 in *Edmonds* are present here today. Mr. Balash was  
24 qualified as an expert. He offered no opinions outside  
25 the core his expertise in gunshot residue. And, in fact,  
26 he was exceedingly cautious. He said I can offer no  
27 opinion on the chemistry of this. That will have to come  
28 from the scientist who did it who may have the original  
29 of this photograph.

*Motions (Defense)*

1           The problem is that there is no scientific basis for  
2 any inference that this is more likely to have come from  
3 a fired -- from firing a firearm than from some sort of  
4 environmental contact, whether being in the presence or  
5 being in a police station. As Mr. Matthews testifies in  
6 2007 testimony, he took a Miranda waiver. He handed Mr.,  
7 Mr. Flowers a Miranda waiver that he had been handling  
8 that was on this table. He used a pen that they don't  
9 know the source of the pen. They think it probably  
10 wasn't Mr. Flowers. Mr. Flowers testified he didn't have  
11 one, I think. And these are all in a police examination  
12 room. Which in the Burke study in Chicago there was even  
13 more contamination in a police interrogation and  
14 examination room than there was in the police vehicles.  
15 Although, that study is mostly about vehicles.

16           And under these circumstances, a) there is no  
17 science, no reliable method to testify to that or argue  
18 to the jury that inference. And there is certainly, even  
19 if the Court were to find the science quasi-reliable or  
20 within the scope, certainly the possibility of misleading  
21 this jury with fundamentally scientifically unreliable  
22 testimony concerning what the presence of a single  
23 particle of gunshot residue means. Even if this Court  
24 were to prevent Mr. Andrews from offering that opinion  
25 leaving it there unexplained would be prejudicial. This  
26 is like a polygraph - a great investigative tool, but not  
27 something the jury needs to learn about.

28           THE COURT: I take it by what you are arguing  
29 that you are agreeing that any time you have lead, barium

1 and antimony in the spherical nature - because you said  
2 you didn't challenge the chemistry - that you are  
3 conceding that that is -- been accepted as, as gunshot  
4 residue.

5 MRS. STEINER: I'm accepting that Mr. Andrews  
6 has testified, including in the material before this  
7 Court, that he did the chemistry and that that is what he  
8 found. We have no refutation for that.

9 THE COURT: My view is that the -- there is  
10 plenty of scientific data based on, well, both Mr.  
11 Andrews and on Mr. Balash that the only time you can ever  
12 have the combination of lead, barium, antimony in a  
13 spherical shape is if it is gunshot residue. So I am  
14 satisfied that the fact that there is gunshot residue is  
15 something that has been scientifically accepted and  
16 therefore does meet the requirements of Rule 703 -- I'm  
17 sorry, 702, and also the *Daubert* standards that have been  
18 adopted by our Mississippi Supreme Court from the *Daubert*  
19 case in the United States Supreme Court.

20 I have heard no one that's ever -- I mean nothing  
21 that I read that I have noted that had been submitted  
22 that said that anybody from the State is going to come in  
23 and make a statement that Mr. Flowers fired a firearm. I  
24 looked back and Mr. Andrews' previous testimony was that  
25 it, it would show that he fired a weapon, was in close  
26 proximity to somebody that had fired a weapon or -- I  
27 mean close proximity to a weapon when it was discharged  
28 or that he had handled a weapon or object that had  
29 residue on the surface.

1 I've also heard testimony that at best after four  
2 hours you cannot expect to see any gunshot residue of any  
3 kind. The issue of how the gunshot residue got on his  
4 hands in the view of the Court is not a scientific  
5 question. The science is there that it is gunshot  
6 residue. How it got there is not a scientific question.

7 So again, in my view, there is not a *Daubert* issue  
8 whatsoever. But along those lines, and the Court had  
9 found the same case the State had, *Simmons versus State*,  
10 813 So.2d 710, Mississippi, 2002 case, where even the  
11 fact that all three of those elements or -- well, I say  
12 all four because it is got spherical in nature also, all  
13 three of the chemical components, plus the spherical  
14 nature were not present in *Simmons*. And in *Simmons* the  
15 Supreme Court allowed that testimony even though it could  
16 not be positively shown that, that what was found was  
17 even, in fact, gunshot residue.

18 Here from every, every witness there is testimony  
19 that it was, in fact, gunshot residue. So I think the  
20 facts are much stronger here for allowing it than it was  
21 in *Simmons*. And I do not believe there is a 403 problem.  
22 I think that it is -- there is probative evidence here.  
23 I do not find that the prejudicial effect is so great  
24 that it would require the denial of the admission of this  
25 evidence under Rule 403.

26 Also, I agree with the State's argument that if  
27 evidence is destroyed during the testing process, there  
28 is not a due process problem. The only -- I mean from  
29 what I understood from what I had read, there was no way

1 to preserve gunshot residue and have it retested.

2 Also, I just -- I guess I feel I should note for the  
3 record, as everybody is aware, this case, Flowers versus  
4 State, has been in the Supreme Court three different  
5 times. In each of those opinions they did cite the  
6 presence of gunshot residue. But I'll further note that  
7 in the first two cases the Supreme Court was very quick  
8 to recognize plain error and issues that were not even  
9 presented as argument in front of the trial court. So I  
10 have every faith and confidence in the Mississippi  
11 Supreme Court. And that faith and confidence in them  
12 leads me to the conclusion that if they had had any  
13 problems with gunshot residue, they would have recognized  
14 that as plain error since they were so quick to recognize  
15 other issues as plain error.

16 So for all these reasons the Court is going to deny  
17 the Motion to Exclude the Gunshot Residue Testimony.

18 And I do now have copies made of the other two  
19 exhibits that I had looked at in reaching the -- in  
20 reaching the decision I have. They are being handed to  
21 the court reporter who can mark them additionally.

22 MRS. STEINER: Your Honor, may either the Court  
23 or court reporter read out the pages, transcript pages,  
24 so we have a record of that?

25 THE COURT: Well, I mean it's, it's going to be  
26 in evidence -- I mean it is going to be as an exhibit to  
27 the -- so you can write it down.

28 If you will, go ahead and mark those two items as  
29 well, because they were items the State had asked me to

1 look at that were submitted Saturday afternoon.

2 MRS. STEINER: Your Honor, we have one other  
3 matter before the jury returns.

4 THE COURT: Well...

5 (TRANSCRIPT TESTIMONY OF JOE ANDREWS WAS MARKED STATE'S  
6 EXHIBIT NUMBER 140 FOR IDENTIFICATION ON THE MOTION TO EXCLUDE  
7 TESTIMONY CONCERNING GUNSHOT RESIDUE.)

8 (TRANSCRIPT TESTIMONY OF CATHERINE SNOW WAS MARKED  
9 STATE'S EXHIBIT NUMBER 141 FOR IDENTIFICATION ON THE MOTION TO  
10 EXCLUDE TESTIMONY CONCERNING GUNSHOT RESIDUE.)

11 MRS. STEINER: If the Court please, I  
12 appreciate -- I am not sure why S-141 having to do with  
13 the testimony of Miss Snow was relevant.

14 THE COURT: It may have been the wrong pages  
15 may have been copied.

16 MRS. STEINER: What the defendant had requested  
17 you consider was the entire testimony of Jack Matthews  
18 from the previous trial.

19 THE COURT: And I should have looked at this  
20 before I -- because the paper clip did not have -- I had  
21 just put on a few minutes ago a paperclip where I  
22 wanted the pages paper clipped. And apparently, the  
23 paper clip got...

24 MRS. STEINER: It appears that S-140D is Mr.  
25 Andrews' testimony from the prior trial, which the Court  
26 may have found relevant, to which we cannot object.

27 THE COURT: That is what I was asked to look  
28 at. Then the other is supposed to be a few pages of Jack  
29 Matthews where he is talking about doing the gunshot --

1                   MRS. STEINER: I had asked that his entire  
2 testimony be considered, because of the environment in  
3 which he had been preceding that. I believe I had  
4 questioned Mr. Balash about the fact that Mr. Matthews  
5 having been present at the crime scene as a potential  
6 contaminant. And I did want establish that Mr. Matthews  
7 had been present at the crime scene. I can -- when he is  
8 called by the State, we could recess and I can establish  
9 that fact before he commences his testimony; that is, if  
10 the Court would prefer to do it that way.

11                   THE COURT: Well, what is -- S-140 was Miss  
12 Snow's. And let me get the -- let me get this back and  
13 have the right pages copied on...

14                   MRS. STEINER: If the Court please, from the  
15 point of view --

16                   THE COURT: Mr. Matthews' testimony starts --  
17 I'm thumbing through and listening.

18                   MRS. STEINER: Okay. We would like the entire  
19 Matthews testimony.

20                   THE COURT: I will. I am trying to get to it.  
21 I was just saying that I have not gotten -- here we go.

22                   I see now there was something.

23                   MR. EVANS: Your Honor, can I have --

24                   THE COURT: There was a misplaced paperclip on  
25 it out of confusion about how Miss Snow got there.

26                   I'm glad Miss Steiner that you looked at that. As I  
27 say, there was a misplaced paperclip that had been looked  
28 at for a previous motion. And when it was copied, that  
29 is what was copied instead of what I had looked at for

1       this particular motion.

2               So when that is brought back, I'll have it numbered  
3       as S-141. And the testimony of Miss Snow definitely was  
4       not in any way material or relevant to the Court's  
5       consideration of the motion.

6               Did you say you had some other motion?

7               MRS. STEINER: Yes, Your Honor. At the  
8       conclusion of the day on Saturday, the Court had called  
9       the parties to the bench and offered the Court's initial  
10      content -- initial belief that the reservation -- we've  
11      reserved four witnesses, Mrs. Sullivan Odom, Miss Snow,  
12      Mr. Thornburg and Mr. Hargrove, have asked that they  
13      return.

14              Is that correct?

15              And the Court had assumed on the basis of review of  
16      the trial at which the Court had not sat that this was, I  
17      think, harassment and caused Mr. Carter to come forward  
18      and offer reasons for retention. At that time Mr. Carter  
19      did preserve on the record that he felt that was an  
20      attack on him and the Courts having made some assumptions  
21      about his motivations. And I agree that by the end, the  
22      Court acknowledged that he had offered some good reasons.  
23      And we had agreed that we would revisit the reservation  
24      of these witnesses.

25              At the point at which we reserved Miss Sullivan  
26      Odom, obviously, we had no idea how she was going to  
27      react to this. And whatever impeachment value she may  
28      have, I think we have decided that she may be finally  
29      released.

1 MR. CARTER: Can I speak to that, Your Honor?

2 MRS. STEINER: I --

3 MR. CARTER: Just to be clear.

4 MRS. STEINER: I'm sorry.

5 (MR. CARTER AND MISS STEINER CONFERRED.)

6 MRS. STEINER: I'm sorry, Your Honor.

7 I miscommunicated. All of these witnesses -- we  
8 need them to remain here until the conclusion of the  
9 State's case. They may be either subject to impeachment  
10 or themselves offer impeachment or other information that  
11 will be necessary.

12 Your Honor, there -- yeah, I think that -- I think  
13 the State is in the end game and so we would -- we can  
14 certainly determine whether -- necessity of release of  
15 all of these witnesses by the conclusion of the State's  
16 case-in-chief, depending on whom they call and don't call  
17 and depending on the testimony that is elicited. There  
18 has been some inconsistencies in prior testimony, and  
19 these witnesses may actually be necessary for  
20 impeachment.

21 That having been said, as we assured the Court we  
22 would do, the other thing, and I take no relish in doing  
23 this again. But we had heretofore filed a motion for the  
24 Court to recuse itself. And we had renewed it at one  
25 point during the April 20 hearings when the discussion of  
26 alleged juror perjury came up. And I think that at this  
27 point to preserve our record on that motion, I must in  
28 light of the Court's coming to a reservation of witnesses  
29 with the assumption that it had been done for an improper

1 purpose is indication that the history of this case and  
2 the drama of this case and, and the fact that the Court  
3 was personally involved in the arrest of someone, who as  
4 it turned out, there has not been a prosecution completed  
5 of is affecting this Court, not always.

6 The Court has frequently during voir dire announced  
7 its impartiality. And it is -- I'm not saying it has  
8 been a pervasive pattern. I am saying to protect my  
9 record I have to renew that motion at this time on the  
10 basis of that new evidence -- new event.

11 THE COURT: Well, I really don't see the  
12 Court's inquiry about why the defense was asking all the  
13 State witnesses to hang around has anything to do with  
14 Mr. Bibbs being charged with perjury after the first  
15 trial. The Supreme Court has already spoken to that. So  
16 that is certainly not grounds for recusal.

17 And I did feel it appropriate because the witnesses  
18 are up here for days on end at the mercy of the court  
19 proceedings. And I did note that in 2007 all of these  
20 witnesses were asked to stay around with the statement  
21 that they might be called as defense witnesses, when they  
22 had never been called in any trial as a defense witness.  
23 And then I noted that when Mr. deGruy was handling most  
24 of the cross-examination of these witnesses, he excused  
25 every one of them.

26 So my inquiry as to whether these were really needed  
27 or not because the Court certainly has the duty to make  
28 sure that people are discharged as witnesses if there is  
29 no reason for them to hang around. After I inquired, you

1 satisfied my request about that. But in that request, it  
2 was certainly no evidence of any prejudice the Court has  
3 toward Mr. Flowers. It was an inquiry strictly on the  
4 convenience of these witnesses to be released and go  
5 about their business, rather than having to be around the  
6 courthouse for another week if there was no possibility  
7 of them being called as witnesses.

8 So the Court certainly does not see that as any  
9 grounds for recusal and takes no offense to the fact that  
10 you raised it but it is denied.

11 And you can bring the jury in now.

12 (THE JURY ENTERED THE COURTROOM.)

13 Good morning, ladies and gentlemen. We were taking  
14 up a matter that needed to be heard outside your presence  
15 that was going to have to be heard sometime during the  
16 course of the day. So we went ahead and did it rather  
17 than interrupt the proceedings later. So we are ready  
18 now to resume.

19 Mr. Evans, who would be the State's next witness?

20 MR. EVANS: James Edward Kennedy, Jr.

21 (THE WITNESS ENTERED THE COURTROOM.)

22 THE COURT: Come around, please. Raise your  
23 right hand and take the oath.

24 (THE WITNESS APPROACHED THE BENCH.)

25 Do you solemnly swear or affirm the testimony you  
26 give in this case will be the truth, the whole truth and  
27 nothing but the truth, so help you God?

28 THE WITNESS: I do.

29 THE COURT: Have a seat, please.

1 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

2 THE COURT: State your name for the record,  
3 please.

4 THE WITNESS: James Edward Kennedy, Jr.

5 THE COURT: You may proceed.

6 MR. EVANS: Thank you, Your Honor.

7 JAMES EDWARD KENNEDY, JR., Called on behalf of the State,  
8 having been duly sworn, was examined and testified as follows:

9 DIRECT EXAMINATION BY MR. EVANS:

10 Q. Mr. Kennedy, I need you to speak loud enough to  
11 where everybody back here in the jury can hear you. Okay.

12 A. Yes, sir.

13 Q. Where do you live?

14 A. I lived at 635 South Applegate at the time.

15 Q. 635 South Applegate.

16 A. Yes, sir.

17 Q. And that's where you lived on July 16, 1996 --

18 A. Yes, sir.

19 Q. -- when the murders occurred?

20 A. Yes, sir.

21 Q. Where is that located in relationship to Angelica?

22 A. It's on Highway 51. And you turn off to your left.

23 Q. Okay. On which side of Highway 51 is your house?

24 A. It would be on the left.

25 Q. Okay. The east side?

26 A. Correct.

27 Q. Did you know at that time a person by the name of  
28 Curtis Flowers?

29 A. Yes, sir.

1 Q. About how long had you known him?

2 A. I've known him awhile.

3 Q. Would that be years?

4 A. Some years.

5 Q. Okay. Did you have an occasion to see him on the  
6 morning of the murders?

7 A. I did.

8 Q. Where did you see him?

9 A. Walking off of 51 and turn on Angelica.

10 Q. All right. After he turned on Angelica, where you  
11 lived there, what did he do next?

12 A. I spoke briefly, and he went on back.

13 Q. Did he speak back to you?

14 A. He spoke.

15 Q. About how far apart were y'all when you spoke to  
16 each other?

17 A. Wasn't too far.

18 Q. All right. In relationship to this courtroom, can  
19 you -- can you tell me about how far? Would it be further or  
20 closer than I am to you?

21 A. Farther.

22 Q. About how much further?

23 A. Back up. I will tell you when to stop.

24 Q. All right.

25 (MR. EVANS STARTED TO WALK TOWARDS THE BACK OF THE  
26 COURTROOM.)

27 A. About that far.

28 Q. Okay. So y'all were about this far apart --

29 A. Right.

1 Q. -- when y'all were speaking to each other.

2 A. Right.

3 MRS. STEINER: Let the record reflect that Mr.  
4 Evans stopped approximately between the second and third  
5 rows of the audience benches.

6 THE COURT: I'll let it so reflect.

7 Q. Any question about who he was?

8 A. No, sir.

9 Q. After y'all spoke and he went by you and on  
10 Angelica, which direction did he go then?

11 A. I don't -- after he got passed the hedges, I didn't  
12 see him no more.

13 Q. All right. That is what I am talking about. As you  
14 could see him, which direction was he going from your house?

15 A. Going east.

16 Q. And what was located east of your house?

17 A. Angelicas is down in the parking.

18 Q. About how far from your house?

19 A. I really don't know exactly how far, but I know it's  
20 back there.

21 Q. All right. Can you give me an idea as far as  
22 football fields?

23 A. Let me see. I guess it would be about 50 yards, I  
24 reckon.

25 Q. About 50 yards from your house. What time did you  
26 see the defendant, Curtis Flowers, go by your house in the  
27 direction of Angelica?

28 A. It was 7:15 that morning.

29 Q. Do you see the person that walked by your house

1 about 7:15 on the east side of Highway 51 walking toward  
2 Angelica?

3 A. Yes, sir.

4 Q. Would you point to him and identify him?

5 A. Right there. (Indicated.)

6 MR. EVANS: May the record reflect he has  
7 identified the defendant, Your Honor?

8 THE COURT: I'll let it so reflect.

9 MR. EVANS: I'll tender the witness.

10 MRS. STEINER: Your Honor, I need to get  
11 something off the evidence table.

12 THE COURT: Go right ahead.

13 CROSS-EXAMINATION BY MRS. STEINER:

14 Q. Good morning.

15 A. Good morning.

16 Q. Mr. Kennedy.

17 A. How are you?

18 Q. We haven't met before. I'm Alison Steiner, one of  
19 Mr. Flowers' attorneys.

20 I believe you've testified in several other proceedings  
21 in this matter; is that correct?

22 A. That's right.

23 Q. And you spoke with police at the -- I think on  
24 September 17, 1996; is that correct?

25 A. That's right.

26 Q. All right. Now, did they come to find you, or did  
27 you call them up?

28 A. I went to see him.

29 Q. All right. And so you went up to the police

1 department; is that correct?

2 A. Right.

3 Q. And who did you see up there?

4 A. John Johnson.

5 Q. Was there anybody else there?

6 A. Not at the time.

7 Q. Chief Hargrove was not there.

8 A. He came.

9 Q. All right. So your first conversation that day was  
10 just with Mr. Johnson alone; is that correct?

11 A. That's right.

12 Q. All right. And now, that was almost two months  
13 after the events at Tardy's; is that correct?

14 A. Two months?

15 Q. Well, now the people died in Tardy's on July 16 of  
16 1996.

17 A. I went up there the second day.

18 Q. If, if John Johnson's notes say the first time he  
19 saw you was September 17, 1996, could you disagree with that?

20 A. He said he saw me when now?

21 Q. His notes -- and the -- you remember he took a, a --

22 MR. EVANS: Your Honor, I object.

23 Q. -- tape recording statement.

24 MR. EVANS: She can ask him about the  
25 statement. But at this point there is no testimony of  
26 when John Johnson said he first saw him.

27 MRS. STEINER: All right.

28 THE COURT: Sustained.

29 Q. He turned on a tape recorder that day when he saw

1 you; is that correct?

2 A. That's right.

3 Q. And he taped the words you said.

4 A. That's right.

5 Q. And if his -- if, if on that tape recorder the date  
6 is identified as September 17, 1996, you couldn't quarrel with  
7 that, could you?

8 A. If it's dating it, I couldn't.

9 Q. Pardon me, sir.

10 A. If it's dating it, I couldn't.

11 Q. All right. And I believe that at that time and in  
12 every time you've come before this Court to testify, you've  
13 told the police or the Court and -- that Mr. Flowers was  
14 wearing white pants and a black sweater. Is that your  
15 recollection?

16 A. That's my recollection. Yes.

17 Q. Those were long pants.

18 A. Do what now?

19 Q. Long pants.

20 A. Right.

21 Q. And you didn't even get a chance to see his shoes at  
22 all, or you have no recollection of what shoes he was wearing  
23 that day.

24 A. No.

25 Q. Now, do you look at the -- do you read and write,  
26 sir?

27 A. Do what now?

28 Q. Do you read and write, sir?

29 A. Some what.

1 Q. All right. Do you look at the newspaper *The Winona*  
2 *Times* when it comes out?

3 A. No.

4 Q. All right. Did you in your neighborhood ever see  
5 posters on the -- on telephone poles and light poles and  
6 things like that offering a \$30,000 reward in this case?

7 A. No.

8 Q. You did find out, however, at some point that there  
9 was a \$30,000 reward being offered for information in  
10 connection with this case; is that correct?

11 A. Later on. Yeah.

12 Q. All right. But you state you did not see -- I'm  
13 going to hand --

14 May I approach the witness, Your Honor?

15 THE COURT: You may.

16 Q. Mr. Kennedy, I'm handing you Defendant's -- what's  
17 in evidence as Defendant's Exhibit 1.

18 A. Um-hum.

19 Q. Is it your testimony you knew about this information  
20 in this poster but you never actually saw it?

21 A. No, I didn't.

22 Q. But you did know there was a \$30,000 reward.

23 A. I heard of it. Yeah.

24 Q. All right. And did you ever hear people talk about  
25 it or did you -- how did you learn about it?

26 A. I was at a store, I think.

27 Q. All right.

28 A. I was at a store, and I seen a flier on the wall.

29 Q. And at that store that -- you saw the flier in the

1 store. Is that what you are saying?

2 A. Yeah.

3 Q. All right. And if that flier went up before  
4 September 17, you could have seen it before you talked to the  
5 police; is that correct?

6 A. No. I didn't see it before.

7 Q. All right. Fair enough. Now, you didn't see Mr.  
8 Flowers with any kind of gun in his hand when he walked by,  
9 did you?

10 A. No.

11 Q. You didn't even see anything that looked like it  
12 might be a gun stashed away anywhere on him, did you?

13 A. We wasn't that close.

14 Q. You couldn't have.

15 A. Right.

16 Q. Until something jogged your memory, you knew they  
17 were looking to what Curtis Flowers had been doing that  
18 morning. You didn't even think anything about having seen him  
19 that morning, nothing unusual; is that correct?

20 A. Say that again.

21 Q. Until something jogged your memory about --

22 A. What do you mean by jogged my memory?

23 Q. All right. Did something -- you went to the police  
24 after you learned that Curtis Flowers was a suspect in this  
25 matter; is that correct?

26 A. After I heard the peoples was dead.

27 Q. Okay. And by September 17 everybody knew that they  
28 were looking for Curtis Flowers, is that correct, or they were  
29 interested in Curtis?

1 A. I guess so.

2 Q. All right. Thank you very much.

3 I have nothing further.

4 THE COURT: Any redirect?

5 MRS. STEINER: Oh, just a moment. Just a  
6 moment, Your Honor.

7 Q. Do you know if the police ever came to your street  
8 and knocked on doors talking to people about anything about  
9 this?

10 A. No.

11 Q. You don't know.

12 A. (Shook head.)

13 Q. All right.

14 THE COURT: You were nodding your head and you  
15 need to speak so --

16 THE WITNESS: No.

17 Q. You don't know anything about that.

18 A. No.

19 Q. All right. You never saw that.

20 A. No.

21 MRS. STEINER: Thank you, Your Honor. That is  
22 all I have.

23 THE COURT: Any redirect?

24 MR. EVANS: Yes, sir.

25 REDIRECT EXAMINATION BY MR. EVANS:

26 Q. Mr. Kennedy.

27 A. Yes, sir.

28 Q. You knew that you had information that police might  
29 need and you went to John Johnson.

1 MRS. STEINER: Object to leading.

2 Q. Is that correct?

3 MRS. STEINER: Object to leading, Your Honor.

4 Q. Why did you go to John Johnson and give him this  
5 information?

6 A. When I found out that peoples were dead.

7 Q. You have been asked about reward. What, if  
8 anything, did reward have to do with you going and telling the  
9 truth about what you knew?

10 A. Nothing.

11 Q. Have you ever asked for any reward?

12 A. No.

13 Q. What, if any, reward have you ever been paid for  
14 this?

15 A. None.

16 Q. Who did you see walking by headed toward Angelica at  
17 7:15 on the morning of the murders?

18 A. Curtis Flowers.

19 MR. EVANS: Nothing further of this witness,  
20 Your Honor.

21 THE COURT: You may step down, Mr. Kennedy.

22 Who would be the State's next witness?

23 MRS. STEINER: This witness may be finally  
24 excused.

25 THE COURT: Okay. At the next break he can be  
26 told that he is free to go.

27 MR. EVANS: Edward Lee McChristian.

28 THE COURT: While they are getting him for  
29 direct examination --

1 Well, I will take that up a little bit later. If  
2 y'all will approach.

3 (THE WITNESS ENTERED THE COURTROOM.)

4 If you will stay there just a second.

5 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
6 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
7 OUTSIDE THE HEARING OF THE JURY.)

8 THE COURT: The correct document has now been  
9 made a copy of, that would be the testimony of Mr.  
10 Matthews. I believe it was the 2007 trial that was --  
11 that I looked at about, about his presence at the scene  
12 of the incident. And I wanted to go ahead and I mean --

13 MRS. STEINER: That's, for the record, Pages  
14 268 through 297 --

15 THE COURT: Right.

16 MRS. STEINER: -- of the transcript of the  
17 trial in 2007.

18 THE COURT: Right.

19 MRS. STEINER: Thank you.

20 THE COURT: I'll let that be marked as S-141.  
21 And what was originally marked as S-141 was not even  
22 anything related to this testimony but when I pulled out  
23 the -- you know, I handed it. And when it got brought  
24 back to me, I realized the paperclip -- there was more  
25 than one paperclip in the -- in the transcript. And it  
26 was a paperclip of something involving testimony of Miss  
27 Snow, which, truthfully, I don't remember why that was  
28 ever paper clipped. But I think at a previous time I  
29 must have felt it important to be reading. But

*Bench Conference*

1 nevertheless, we do now have the correct portion of the  
2 transcript that I read yesterday afternoon and will allow  
3 that to be admitted as something that the State on  
4 Saturday had asked me to consider when ruling on the  
5 motion.

6 MRS. STEINER: Actually, I think it was the  
7 defense that asked you to.

8 THE COURT: Well, I'm -- thanks for correcting  
9 me. Somebody asked me. I don't know. I just remember  
10 being asked to look at it. And who asked is -- you know,  
11 it doesn't matter as long as --

12 MR. EVANS: Your Honor, and also, I don't know  
13 why the Court had it paper clipped. But one thing that  
14 it was probably for is because the defense had objected  
15 to with their person that they put on about photo  
16 line-ups.

17 THE COURT: That is probably why. I am sure  
18 that is why I had previously read Catherine Snow's. I am  
19 sure now. That is exactly why it was. I couldn't  
20 remember. But anyway, the confusion is over, and we have  
21 got the right --

22 MRS. STEINER: And we have reserved our  
23 objections to her line-up as a continuing objection.

24 Your Honor, for these bench conferences you are  
25 using a Radio Shack transmitter so the court reporter can  
26 actually hear them.

27 THE COURT: Correct.

28 MRS. STEINER: I just noticed there is someone  
29 in the audience wearing an identical thing for a hearing

1           aid. I just have no idea if he is picking this up. This  
2           is not -- these bench conferences are --

3                   THE COURT: As long as the jury is not hearing  
4           it, that is my only concern.

5                   MRS. STEINER: Thank you, Your Honor.

6                   THE COURT: None of them are wearing anything.

7                   MRS. STEINER: I appreciate it.

8                   THE COURT: It is connected to a wire that runs  
9           directly to the court reporter's machine. So I don't  
10          think it is a wireless device to begin with.

11                   MRS. STEINER: Okay. I didn't know if it was  
12          wired or wireless. I didn't know if that was powering it  
13          or --

14                   THE COURT: No. It runs right on over there.

15                   MRS. STEINER: Just needed to clarify that for  
16          the record.

17                   (THE BENCH CONFERENCE WAS CONCLUDED.)

18                   (TRANSCRIPT OF THE TESTIMONY OF JACK MATTHEWS WAS MARKED  
19          STATE'S EXHIBIT NUMBER 141 FOR IDENTIFICATION ON THE MOTION TO  
20          EXCLUDE TESTIMONY CONCERNING GUNSHOT RESIDUE.)

21                   THE COURT: Come around, raise your right hand  
22          and take the oath.

23                   Do you solemnly swear or affirm the testimony you  
24          give will be the truth, the whole truth and nothing but  
25          the truth, so help you God?

26                   THE WITNESS: I do.

27                   (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

28                   THE COURT: State your name for the benefit of  
29          the record.

1 THE WITNESS: Edward Lee McChristian.

2 THE COURT: Mr. McChristian, when you are  
3 testifying, you are going to need to talk real loud,  
4 because all of those ladies and gentlemen over there on  
5 your left are going to have to hear what you are saying.

6 You may proceed, Mr. Evans.

7 EDWARD LEE MCCHRISTIAN, Called on behalf of the State,  
8 having been duly sworn, was examined and testified as follows:

9 DIRECT EXAMINATION BY MR. EVANS:

10 Q. Good morning, Mr. McChristian.

11 A. Good morning.

12 Q. Mr. McChristian, I want to direct your attention  
13 back to the morning of the murders at Tardy Furniture, July  
14 16, 1996. Do you remember that morning?

15 A. Yes, I do.

16 Q. Where did you live at that time?

17 A. 605 Academy Street.

18 Q. 605 Academy Street. Where is that located?

19 A. (No response.)

20 Q. Where is that located?

21 A. South on Academy.

22 Q. South on Academy.

23 A. Right.

24 Q. Is Academy Street on the east or the west side of  
25 Highway 51?

26 A. It's on the east side of it.

27 BAILIFF: Your Honor, the jury cannot hear.

28 THE COURT: If you will, speak --

29 Q. Turn, turn this a way and speak a little louder so

1 the jury can hear you. Okay. Just need you to speak real  
2 loud. You say that where you were living was on the east side  
3 of Highway 51 that morning; is that right?

4 A. Yes, sir.

5 Q. Who was with you that morning at your house?

6 A. Clem Forrest. Bernard Seals. And Hammie.

7 Q. Did y'all have an occasion to see a person that you  
8 knew as Curtis Flowers that morning?

9 A. Yes, I did.

10 Q. Did you already know who Curtis Flowers was at that  
11 time?

12 A. Yes, I did.

13 Q. Where did you see Curtis Flowers that morning?

14 A. Right in front of my house.

15 Q. Which direction was he walking?

16 A. Going north.

17 Q. Do you remember what time you saw him that morning?

18 A. Between 7:30 and 8:00.

19 Q. And how are you able to remember about what time it  
20 was?

21 A. Well, Clem Forrest supposed to be at work at 8:00,  
22 and he was still at my house.

23 Q. Did any of you carry on a conversation with him?

24 A. Well, I didn't.

25 Q. Did anybody in your presence carry on a conversation  
26 with him?

27 A. I think Clem said a few words to him.

28 Q. About how far apart were you when you saw Curtis  
29 Flowers walking north on Academy Street in front of your

1 house?

2 A. It might have been 25 feet.

3 Q. Do you see the person in the courtroom today that  
4 you know as Curtis Flowers that was walking north on Academy  
5 Street in front of your house the morning of the murders  
6 between 7:30 and 8:00?

7 A. Yes, sir.

8 Q. Would you point to him and identify him, please?

9 A. Right there. (Indicated.)

10 MR. EVANS: May the record reflect that he has  
11 identified the defendant?

12 THE COURT: I'll let it so reflect.

13 MR. EVANS: Tender the witness.

14 CROSS-EXAMINATION BY MRS. STEINER:

15 Q. Good morning, Mr. McChristian. I'm Alison Steiner.  
16 We haven't talked in court before, but I'm one of the lawyers  
17 representing Mr. Flowers.

18 Mr. McChristian, when you came in the courthouse this  
19 morning, which door did you come in?

20 A. Front.

21 Q. All right. Which direction were you walking -  
22 north, south, east or west - when you came in that door?

23 A. South.

24 Q. You were walking south. And which side of the  
25 highway is this courthouse on 51?

26 A. West.

27 Q. All right. Now, you testified, I think, that --  
28 well, let me ask you this. I don't know that you testified  
29 about this. Do you recall being interviewed by the -- by Mr.

1 John Johnson in connection with this case on August 16, 1996?

2 A. Yes.

3 Q. All right. And at that time -- do you remember  
4 where you talked to him?

5 A. Down at the police station.

6 Q. All right. And how did you get to the police  
7 station that day?

8 A. Police picked me up.

9 Q. All right. Had they -- how did they know to pick  
10 you up and give you a lift to the police station?

11 A. I wished I knew.

12 Q. They just came down and found you.

13 A. Right.

14 Q. All right. Did they tell you what it was about?

15 A. Not until I got there.

16 Q. All right. Were you nervous when the police had  
17 picked you up?

18 A. Always.

19 Q. Always. So this is August 16. That's about a month  
20 after you heard about the murders at Tardy's; is that right?

21 A. Been knowing about the murders. I didn't know who  
22 was involved in it.

23 Q. All right. And did they explain to you when they  
24 picked you up that they wanted to know if you had seen Curtis  
25 Flowers?

26 A. Yes.

27 Q. So they asked you, they want to know if you saw  
28 Curtis Flowers.

29 A. Right.

1 Q. All right. They brought up Curtis Flowers. You  
2 didn't.

3 A. No.

4 Q. And I believe from the beginning and every time  
5 you've talked to the police or had to say, you don't have any  
6 recollection of what Mr. Flowers was wearing that day; is that  
7 correct?

8 A. Not really. No.

9 Q. Okay. And you said he was about -- and you didn't  
10 see -- you didn't make any note about what kind of shoes he  
11 was wearing or anything like that?

12 A. No. No.

13 Q. Now, I'm going to ask you -- you said about 25 feet.  
14 But let me do this. You were sitting on a -- let me start  
15 over. I tend to get wordy. You were sitting on the porch  
16 with your friends that you referred to.

17 A. Right.

18 Q. All right. That is up -- on that street the houses  
19 sit a little bit back from the road.

20 A. A little bit. Right.

21 Q. And then there is the -- the road is just normal  
22 size street; is that correct?

23 A. Right.

24 Q. And the person you saw walking by was walking down  
25 the middle of the street.

26 A. Yes. Walking on the side of the street.

27 Q. On the side of the street. Okay. I'm going to just  
28 -- was he further away than I am right now at this podium?

29 A. He was a little further than that.

1 Q. All right. I am going to back up and you just tell  
2 me when to stop when I get to where he was, how far away.

3 A. My eyes ain't like they was.

4 Q. Oh, you can't even see how far away I am from you.

5 A. Not now. I guessed at it.

6 Q. All right.

7 A. Go back a little further.

8 Q. (Complied.)

9 A. I say about like that.

10 MRS. STEINER: All right. Let the record  
11 reflect I stopped at approximately the first row of the  
12 chairs in this courtroom, audience chairs.

13 THE COURT: I'll let it so reflect.

14 Q. Did Mr. Flowers -- Mr. Flowers carrying a gun when  
15 you saw him?

16 A. I didn't see him carrying nothing.

17 Q. All right. Did you see anything concealed, like a  
18 bulge like --

19 A. No.

20 Q. -- you see on t.v. of a gun?

21 A. No.

22 MRS. STEINER: All right. I have nothing  
23 further of this witness, Your Honor.

24 REDIRECT EXAMINATION BY MR. EVANS:

25 Q. Wasn't nothing wrong with your eyesight was it?

26 A. Not at that time. No.

27 Q. And the statement that you gave Mr. Johnson, is  
28 there anything inconsistent in it? Or is it basically the  
29 same thing as you told this jury?

1 A. That's it.

2 MR. EVANS: Nothing further, Your Honor.

3 THE COURT: Now, is he excused by both sides?

4 MR. EVANS: As far as the State is concerned he  
5 is.

6 MRS. STEINER: He is excused.

7 THE COURT: Mr. McChristian, you may step down.  
8 You are free to go.

9 Who will be your next witness?

10 MR. EVANS: Mary Jeanette Flemming.

11 (THE WITNESS ENTERED THE COURTROOM.)

12 THE COURT: Come forward and raise your right  
13 hand and take the oath at this time.

14 (THE WITNESS APPROACHED THE BENCH.)

15 Do you solemnly swear or affirm the testimony you  
16 give in this case will be the truth, the whole truth and  
17 nothing but the truth so help you God?

18 THE WITNESS: I do.

19 THE COURT: Please have a seat.

20 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

21 THE COURT: For the record, state your name,  
22 please.

23 THE WITNESS: Marry Jeanette Fleming.

24 THE COURT: You may proceed.

25 MR. EVANS: Thank you, Your Honor.

26 MARY JEANETTE FLEMING, Called on behalf of the State,  
27 having been duly sworn, was examined and testified as follows:

28 DIRECT EXAMINATION BY MR. EVANS:

29 Q. Good morning, Miss Fleming.

1 A. Good morning.

2 Q. How are you doing today?

3 A. All right.

4 Q. I need you to speak loud so that everybody back here  
5 can hear you. You just act like I'm hard of hearing and  
6 holler at me.

7 Miss Fleming, I want to direct your attention back to the  
8 morning of the murders at Tardy Furniture in '96, July 16. Do  
9 you remember that morning?

10 A. Yes, sir.

11 Q. Did you have an occasion to go some place that  
12 morning?

13 A. I went to Weed Brothers.

14 Q. And where is Weed Brothers located?

15 A. Behind Tardy Furniture.

16 Q. Why did you go to Weed Brothers that morning?

17 A. Take my car down there to have a windshield repair  
18 put in it.

19 Q. About what time did you drop your car off?

20 A. It was just like ten minutes till nine when I left  
21 from the house. Probably about nine when I, you know, got  
22 there.

23 Q. All right. You got there about 9:00.

24 A. Yes, sir.

25 Q. About how long was it before you left?

26 A. I just dropped it off and just got out and started  
27 walking back home.

28 Q. Okay.

29 A. Wasn't even minute.

1 Q. Immediately. Pretty close.

2 A. Yes, sir. Immediately.

3 Q. Which direction did you leave from Weed Brothers  
4 walking back home?

5 A. I got on Carrollton Avenue. I got on -- and went to  
6 Church Street. Then I hit -- went to Campbell Street.

7 Q. Did you have an occasion -- well, let me ask you  
8 this. At that time on that day, did you know a person by the  
9 name of Curtis Flowers?

10 A. Yes, sir.

11 Q. How did you know him?

12 A. I been knowing him for many years.

13 Q. Did you have an occasion to see him while you were  
14 walking home from Weed Brothers that morning?

15 A. Yes, sir, I did.

16 Q. Where did you see him?

17 A. On Campbell Street.

18 Q. Was he walking toward downtown or away from  
19 downtown?

20 A. Towards town.

21 Q. Did you have an occasion to speak to him when you  
22 met him?

23 A. Yeah. He spoke to me first.

24 Q. What did he say?

25 A. Hi, good looking.

26 Q. Did you speak back to him?

27 A. Yes, I spoke back.

28 Q. How close were y'all when y'all passed?

29 A. Side by side.

1 Q. Just side by side.

2 A. Yes, sir.

3 Q. Do you see that person that you know as Curtis  
4 Flowers that you walked side-by-side with on Campbell Street  
5 as he was headed toward downtown?

6 A. Yes, sir, I see him.

7 Q. Would you point to him and identify him, please?

8 A. Right there. (Indicated.)

9 MR. EVANS: May the record reflect that she has  
10 identified the defendant in this cause?

11 THE COURT: I'll let it so reflect.

12 Q. Which end of Campbell Street were y'all on when you  
13 met him?

14 A. On the east side of Campbell Street.

15 Q. Do you know about whose house you were at?

16 A. It's like between Glenn Dale Edwards and Aiden  
17 Shields. It wasn't that far from town, you know.

18 Q. Okay.

19 A. You know, a short distance from town.

20 Q. Is this on the east side of Highway 51?

21 A. Yes, sir.

22 Q. Did you have an occasion that morning to see a  
23 person by the name of Miss Beneva Henry?

24 A. Yes, sir.

25 Q. And where did you see her?

26 A. At her house.

27 Q. And what was she doing when you saw her?

28 A. Sitting on the porch.

29 Q. Was anyone there with her?

1 A. Sir.

2 Q. Was anyone sitting there with her?

3 A. I don't think so.

4 Q. Did you see -- who did you see first? Who was  
5 closest to town - her house or where you saw the defendant?

6 A. Who was closer to town?

7 Q. Right. To downtown. Who did you meet first? Did  
8 you see Curtis Flowers or Miss --

9 A. Oh, I seen Curtis first.

10 Q. So where you saw him was between her house and  
11 downtown.

12 A. Not between Beneva house. No. It was on down  
13 further.

14 Q. Okay. That's what I'm trying to find out. It was  
15 down closer to where Tardy Furniture is.

16 A. Yes, sir.

17 MR. EVANS: Your Honor, I tender the witness.

18 THE COURT: Proceed.

19 MRS. STEINER: May I?

20 THE COURT: (Nodded.)

21 CROSS-EXAMINATION BY MRS. STEINER:

22 Q. Good morning, Miss Fleming.

23 A. Good morning.

24 Q. I don't think we have met in court before.

25 A. No, we haven't.

26 Q. I'm Alison Steiner. I am one of the lawyers  
27 representing Mr. Flowers.

28 Miss Fleming, I believe your testimony is you dropped  
29 your car off at...

1 A. At Weed Brothers.

2 Q. At Weed Brothers.

3 A. Yes. Yes.

4 Q. You left home at ten of nine, was that --

5 A. Yes.

6 Q. And so that -- so that's about between ten of nine  
7 and nine is when you dropped your car off at Weed Brothers.

8 A. Yes.

9 Q. Then you walked back home. Where did you live?

10 A. I lived on Freeman Street at the time.

11 Q. All right. And you were coming along. And you left  
12 there. You went up Carrollton Street. And then turned on to  
13 Campbell Street -- Carrollton Street. Then to Church Street.

14 A. And turned on Campbell Street.

15 Q. Turned on Campbell Street.

16 A. Made a right on Campbell.

17 Q. And that's where you saw Mr. Flowers --

18 A. Yes.

19 Q. -- that morning. About what time would you say that  
20 was?

21 A. It probably was like after nine, five after nine.

22 Q. Five after nine.

23 A. Yes.

24 Q. You didn't have to go in and tell them about the  
25 car.

26 A. I already had called before I went down there, and  
27 they was waiting on me when I got there. And I dropped it  
28 off. Some guy was there. You know, he took it for me.

29 Q. Okay.

1           A.    So I gave it to him.  And I just started walking  
2 back home.  I already had called before I went.

3           Q.    All right.

4           A.    Yes.  They were waiting on me.

5           Q.    And so -- now, when you saw Mr. Flowers you didn't  
6 notice the kind of shoes he was wearing, did you?

7           A.    No, I didn't notice the shoes.

8           Q.    And even as you sit here today, you probably can't  
9 remember exactly what he was wearing.

10          A.    Yes.  I know what he was wearing.  I didn't pay no  
11 attention to his shoes.  I knew what he had on.

12          Q.    He had on long pants.

13          A.    Yes.  He had on long pants.

14          Q.    He had on brown pants.

15          A.    Yes.  They were brown, a white shirt and a jacket,  
16 gray jacket.

17          Q.    All right.  And you've never said he had on black  
18 pants.

19          A.    I never said black pants.  He had brown pants on.

20          Q.    All right.

21          A.    Brown.  B-r-o-w-n.  Brown.

22          Q.    All right.  Do you recall coming and testifying in  
23 this matter in Tupelo, Mississippi, at a hearing held up in  
24 Tupelo back in 1998?

25          A.    Yes, I remember that.

26          Q.    Are you telling these ladies and gentlemen that you  
27 did not say in that proceeding that he was wearing black?

28          A.    His pants was not black.

29          Q.    All right.  I'm not asking you whether --

1 A. Huh-huh.

2 Q. Your recollection today is --

3 A. His pants was brown.

4 Q. All right. So you misspoke if you told the jury --  
5 told --

6 A. I don't really recall that but they was brown.

7 MRS. STEINER: Okay. One moment, Your Honor.

8 Approach the witness?

9 THE COURT: You may.

10 Q. Miss Fleming, do you read and write?

11 A. Can I read and write?

12 Q. Yes, ma'am.

13 A. Yes.

14 Q. All right. I was going to ask you to read  
15 something. But if you wanted somebody to assist you, I could  
16 read it out if you needed.

17 May I approach, Your Honor?

18 THE COURT: You may.

19 Q. Miss Fleming, I'm handing you a copy of a page  
20 numbered 19 -- 694 from a prior preceding in this matter held  
21 in Tupelo. And I'm going to ask you, is that your name --

22 A. Yes, that's my name.

23 Q. -- across the top?

24 A. Yes.

25 Q. I'm going to ask you to review and read to yourself  
26 starting at Line 15. You see where those lines are on the  
27 side of the page.

28 A. Um-hum.

29 Q. Start with Line 15. Question. Okay. And you met

1 Curtis Flowers. That is what that line says. And what's the  
2 answer you gave?

3 A. You want me to -- yes.

4 Q. Read it out loud.

5 A. Okay. All right. So you started back walking home.  
6 Yes. Okay. And you met Curtis Flowers. Yes, I did. Tell us  
7 how he was dressed that morning. He had on some black jeans,  
8 white shirt and a light wind breaker jacket.

9 Q. All right. Do you recall ever testifying that the  
10 jacket he had on was purple or had purple on it?

11 A. I said it was purple on the shoulders.

12 Q. All right. But today you're pretty sure what you  
13 really meant to say then was he had on brown pants.

14 A. Yes. That's what he had on was brown.

15 Q. All right.

16 A. Ask him what he had on.

17 Q. All right. That was 1998, a lot closer to this  
18 event.

19 A. It was '96.

20 Q. In '96 is when you said he had on brown pants.

21 A. Yes. When I seen him that morning that is when he  
22 had the brown pants on, yes. In '96, when I met him walking  
23 that morning his pants was brown.

24 Q. All right. And I believe if you also in the hearing  
25 that was held in this matter down in Gulfport said he was  
26 wearing black pants, you, you were just mistaken then too?

27 A. I don't even remember saying black. I said brown.  
28 They was brown.

29 Q. All right.

1 A. Maybe somebody else made the mistake.

2 Q. You think maybe the court reporter wrote it down  
3 wrong.

4 A. Probably did. It, it could happen.

5 Q. All right.

6 Excuse me, Your Honor. I've outfoxed myself with too  
7 many...

8 (MISS STEINER PUT A BINDER ON THE TABLE.)

9 Miss Fleming, when you came into the building today which  
10 direction -- which door did you come in?

11 A. The door right there.

12 Q. Which direction were you walking when you came in  
13 that door?

14 A. I wasn't walking. I drove up here.

15 Q. I'm sorry. You drove up here. You had to get out  
16 of your car to walk up the steps.

17 A. Oh, okay.

18 Q. Which direction were you walking?

19 A. I came through the door this way. (Indicated.)

20 Q. Which direction was that - north, south, east, west?

21 A. East, I think.

22 Q. All right. Now, when -- I believe the first time  
23 you talked to the police about this was in February of 1997;  
24 is that correct?

25 A. I believe so.

26 Q. All right. And you spoke with Mr. Jack Matthews of  
27 the highway patrol; is that right?

28 A. I think I did. I, I remember it was Johnny  
29 Hargrove, though, I think I spoke to too.

1 Q. You were up at Mr. Johnny Hargrove's office.

2 A. Yes.

3 Q. At the police department.

4 A. Yes.

5 Q. How did you come to go up there?

6 A. He come to McDonalds to pick me up.

7 Q. All right.

8 A. He came to McDonalds and told me to come to the  
9 police station.

10 Q. Were you working at McDonalds?

11 A. Yes.

12 Q. And had you called him before he came to pick you  
13 up?

14 A. No, I haven't. I didn't know he was coming up  
15 there.

16 Q. All right. And when he picked you up, he told you  
17 they wanted to know if you had seen Curtis Flowers that day;  
18 is that right?

19 A. Yes.

20 Q. They brought up Curtis' name before you ever did.

21 A. Yes.

22 Q. Now, in February of 1997 there had been posters all  
23 over town saying that they needed -- that there was a \$30,000  
24 reward offered for the information about the Tardy murders; is  
25 that correct?

26 A. Yes. I think I seen a poster downtown.

27 MRS. STEINER: All right. May I approach, Your  
28 Honor?

29 THE COURT: You may.

1 Q. I'm handing you what another witness has identified  
2 as an exhibit in this matter and ask you is that the content  
3 of the poster you saw?

4 A. I think so. Yes.

5 Q. All right. So by the time police came to pick you  
6 up and asked about Curtis Flowers, you knew they wanted him in  
7 connection with the -- they were asking about the Tardy murder  
8 case, didn't you?

9 A. Yes, I knew that. But it wasn't about -- it wasn't  
10 about the money. Nobody said nothing to me about no money or  
11 nothing. Ain't nobody gave me no money or nothing. This is  
12 not about money. Money don't phase me.

13 Q. You don't -- you don't ever do anything for money?

14 A. No, I don't. Money don't phase me.

15 Q. All right. But you had seen this poster.

16 A. Yes. I seen it. It was downtown on a pole. Yes, I  
17 seen it.

18 MRS. STEINER: Okay. One moment, Your Honor.

19 THE COURT: Sure.

20 Q. Miss Fleming, I don't want to embarrass you. But  
21 have you had some illness, some mental illness, depression,  
22 that's required for you to hospitalized?

23 A. Yes.

24 Q. All right. And you spent some time in the hospital.

25 A. Um-hum.

26 Q. And you've been treated by a doctor for it.

27 A. Yes.

28 Q. Are you getting any kind of disability --

29 A. Yes.

1 Q. -- for that? What --

2 A. It ain't for that though. It's for -- I had two  
3 back surgeries. That is what my disability is for, two back  
4 surgeries.

5 Q. Okay.

6 A. It's not for being crazy, because I'm not crazy.  
7 It's for two back surgeries.

8 Q. All right. Now, from --

9 A. Yes, I'm getting disability. Two back surgeries.

10 Q. I understand. And the pain from that back -- has  
11 that been since the murders at Tardy or was that from before?

12 A. It's been since.

13 Q. All right. And are you getting social security  
14 disability?

15 MR. EVANS: Your Honor --

16 A. You know, why, what --

17 MR. EVANS: -- this has nothing to do with this  
18 case.

19 A. What, you in my business for like that?

20 MR. EVANS: This --

21 A. That's my money.

22 MR. EVANS: It is just an attempt to harass the  
23 witness.

24 A. Don't ask me nothing about my business, nothing like  
25 that.

26 THE COURT: Wait. There is an objection.

27 And I sustain the objection. At this point I don't  
28 see any relevance in whether she receives a check for her  
29 back injury. She is -- I mean you have explored.

1 A. Don't ever come to me like that no more.

2 THE COURT: Ma'am, now, you don't be saying  
3 anything more until you are asked another question.

4 MRS. STEINER: May I be heard, Your Honor?

5 She has testified that she never does anything for  
6 money. I was just establishing that she did when she --

7 A. It is for my back surgery.

8 THE COURT: You established that.

9 MRS. STEINER: -- applied for money -- applied  
10 for disability.

11 A. Ha. Ha.

12 Q. Did you also apply for workers' comp?

13 MR. EVANS: Your Honor, I object. This is  
14 getting ridiculous.

15 A. For what? For what? Workers compensation? For  
16 what?

17 THE COURT: I, I sustain.

18 Ma'am, listen, when I say --

19 A. I do not work -- apply --

20 THE COURT: Miss Fleming, do not say anything  
21 more until I have ruled on this objection, please.

22 MRS. STEINER: Your Honor.

23 A. I am going to object though.

24 THE COURT: Miss Fleming.

25 MR. EVANS: Your Honor, I would like for my  
26 objection to be ruled on before opposing counsel just  
27 keeps talking.

28 THE COURT: And I sustained. I don't see any  
29 relevance if she applied for workers' comp. There is

1 nothing relevant about -- not at all.

2 So you can move on to your next question.

3 MRS. STEINER: Your Honor, I'd like to --

4 THE COURT: I've made my ruling, ma'am. So you  
5 can move on.

6 MRS. STEINER: Your Honor, I would like to make  
7 a proffer outside the presence of the jury about what the  
8 answers to these questions would be.

9 THE COURT: We will take that up after you get  
10 through --

11 MRS. STEINER: Thank you.

12 THE COURT: -- with questioning.

13 MRS. STEINER: I have nothing further subject  
14 to the proffer, Your Honor.

15 THE COURT: Okay. Mr. Evans, you may proceed.

16 MR. EVANS: Thank you, Your Honor.

17 REDIRECT EXAMINATION BY MR. EVANS:

18 Q. Miss Flemming, why did it take you so long to tell  
19 the police about who you saw that morning?

20 A. Because I didn't want to be in it, and I still don't  
21 want to be up in this mess.

22 Q. Did anybody attempt to get you not to cooperate?

23 A. Yes. It was some people trying to get me to attempt  
24 to not cooperate. My family members. Yes. A lot of  
25 different people talking crap. Yes.

26 MR. EVANS: Nothing further, Your Honor.

27 THE COURT: Ladies and gentlemen, we are going  
28 to take a ten-minute recess and take up another matter.  
29 If you will, step in the jury room for a couple of

1           minutes.

2           (THE WITNESS GOT UP FROM THE WITNESS STAND.)

3           Ma'am, you'll need to stay here.

4           THE WITNESS: Oh, okay.

5           (THE JURY LEFT THE COURTROOM.)

6           THE COURT: I need quiet in the courtroom.

7           You may proceed.

8   EXAMINATION BY MRS. STEINER: (JURY OUT)

9           Q. Miss Fleming, I do not mean to distress you. I  
10          believe these are questions that we need to ask.

11          MR. EVANS: Your Honor, I object. She can ask  
12          the questions, but she doesn't have to carry on a  
13          conversation with this witness.

14          THE COURT: Just make your proffer.

15          MRS. STEINER: All right.

16          Q. Miss Fleming, did you ever seek workers'  
17          compensation benefits in connection with your back surgery?

18          A. No, ma'am.

19          Q. It's your testimony -- have you ever sought workers'  
20          compensation benefits for any of your illnesses or injuries?

21          A. No, ma'am.

22          Q. Is it your testimony that you did not direct  
23          Kilmichael Hospital and Kilmichael Clinic -- or strike that.  
24          Is it your -- if Kilmichael Hospital or Kilmichael Clinic  
25          records show that some lawyers defending an employer of yours  
26          asked to get your records in connection with the workers'  
27          compensation case, are you saying that you didn't file that  
28          case that they have the record --

29          A. I don't even know what you are talking about. I

1 don't even know.

2 MRS. STEINER: Your Honor, one moment. I am  
3 going to open Miss Lanelle's court file. There was a  
4 return subpoena filed with Miss Lanelle on, on the moving  
5 matters in front of it. And I'm extracting return  
6 subpoenas on Kilmichael Hospital on Mary Jeanette  
7 Fleming. They are in opened envelopes here. I am going  
8 to ask the State to look at them before I show --

9 MR. EVANS: I don't care to look at something  
10 that is just now being furnished to me. We have asked  
11 for discovery in this case. The Court has compelled  
12 discovery in this case. And for them to come in here now  
13 trying to bring something on an irrelevant matter is far  
14 from proper or ethical.

15 MRS. STEINER: Your Honor, this was a subpoena  
16 that was returned in the court file. I had no idea she  
17 would deny having --

18 THE COURT: Well, counsel, and you can proceed,  
19 but I am going to -- I am going to, at least, tell you  
20 for your own benefit that you are treading on very thin  
21 water. And let me explain why. Because I presided over  
22 a case in Tupelo where a lawyer had subpoenaed somebody's  
23 medical records that, that did not have any involvement  
24 in the case. And they ended up paying a substantial  
25 judgment. The Court of Appeals first threw the case out.  
26 And then it went back to trial and I was appointed. And  
27 so I -- I'm just -- as I say, for your own benefit, I am  
28 wanting to make that clear. But you can proceed now.

29 MRS. STEINER: Your Honor, these were returned

1 to the Court. These were not a private subpoena return.

2 THE COURT: Well, it is pretty much the same  
3 type situation. But, as I say, I'm just -- I don't want  
4 any counsel in front of me to expose himself to civil  
5 liability without me at least possibly raising the issue.  
6 And I am not sure that it would, but, you know, you can  
7 proceed.

8 MRS. STEINER: Your Honor, in criminal cases  
9 subpoenas duces tecum have to actually be returned to a  
10 hearing. These were returned to, I believe, the 4th day  
11 of June, and were filed.

12 One moment, Your Honor. I need to...

13 MR. EVANS: And for the record, Your Honor, I  
14 would object to her acting in bad faith by purposely not  
15 following the Court's order on discovery.

16 MRS. STEINER: Your Honor --

17 MR. EVANS: This is something that she has  
18 subpoenaed. We were definitely entitled to know. If I  
19 had done this, I would be run out of the courtroom.

20 MRS. STEINER: If the Court please, we filed a  
21 request for subpoena. The subpoena was issued. And the  
22 subpoena was returned. I, I don't even know --

23 I mean I'm sorry, Your Honor.

24 MR. EVANS: And I think by the rules to get a  
25 subpoena duces tecum in a criminal case there is supposed  
26 to be a hearing, which I was not invited to one.

27 MRS. STEINER: This was returnable to the 4th  
28 day of June at 9:00 a.m. That was the state's date we  
29 were --

1                   THE COURT: This is outside the presence of the  
2                   jury. So I don't see any problem with any violation at  
3                   this point, because we are not doing this in the presence  
4                   of the jury.

5                   MRS. STEINER: May I approach the witness?

6                   THE COURT: You may.

7                   Q. Miss Fleming, I'm going to hand you a document from  
8                   a law firm, Upshaw, Williams, Biggers, Beckham and Riddick.  
9                   And I'm going to ask you if you can tell me. It says it's  
10                  regarding Mary Fleming versus Mississippi Sportswear.

11                  A. Oh, okay. I remember now. I'm sorry.

12                  Q. Okay. Does that refresh your recollection?

13                  A. Yes, ma'am.

14                  Q. And sometime in June of 1998, you did have pending a  
15                  claim for workers' compensation.

16                  A. Yes, ma'am.

17                  Q. And you had filed that claim and you hired a lawyer  
18                  to help you get it, because you thought you were entitled to  
19                  it; is that correct?

20                  A. Yes.

21                  Q. And did you get it?

22                  A. Yes, I got it.

23                  Q. All right. And that was because you needed the  
24                  money because you were disabled from your back injury; is that  
25                  correct?

26                  A. Yes.

27                  MRS. STEINER: I have nothing further on this  
28                  proffer, Your Honor.

29                  THE COURT: I assume, Mr. Evans, you don't have

*Jury Out*

1 any --

2 MR. EVANS: Nothing, Your Honor.

3 THE COURT: Well, again, I think whether she  
4 drew workers' compensation benefits or not is irrelevant  
5 to whether she saw Mr. Flowers down in the area of the  
6 Tardy Furniture store on the date of this incident.

7 So it's a total collateral issue that is of no  
8 evidentiary value at all. So, again, I will reiterate  
9 that I will sustain the objection as to whether she  
10 received workers' comp or ever filed any workers' comp  
11 claim.

12 And is she finally excused?

13 MR. EVANS: Yes, sir.

14 MRS. STEINER: Yes, Your Honor.

15 THE COURT: Miss Fleming, you are free to go  
16 now.

17 And since the jury has had a recess but we haven't,  
18 we will take a few minute recess.

19 (A RECESS WAS TAKEN.)

20 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
21 DEFENDANT WERE PRESENT. PROCEEDINGS WERE AS FOLLOWS:)

22 MRS. STEINER: Your Honor, before the jury  
23 comes back in, I would like to say that our designated  
24 expert, Chief Robert Johnson, has arrived to observe the  
25 testimony of some of the upcoming defense witnesses as an  
26 expert. I think he is entitled to be excluded from the  
27 rule and -- as part of forming his opinion, as we did say  
28 he might use information adduced at trial and --

29 Chief Johnson, are you --

*Jury Out*

1 MR. CARTER: I think he went to the restroom.

2 MRS. STEINER: He is in the restroom. And we  
3 would similarly, if Professor Mallory were to come here  
4 and wanted to observe either Chief Johnson's testimony or  
5 any of the other testimony for the Court, I think he  
6 should properly also be excluded from the rule.

7 MR. EVANS: Your Honor, we are -- will prepare  
8 a written motion if the Court would like, but I do move  
9 in limine for him to be not -- his testimony not to be  
10 allowed in this case.

11 There has never been a case where it has been  
12 allowed that I'm aware of. And I think for them to  
13 attempt to go into this would just be an attempt to try  
14 to discredit witnesses or bolster testimony from --  
15 testimony that they have already been able to elicit  
16 stuff from. We do have some cases on this.

17 At some point it will be necessary to have a hearing  
18 on whether or not this is a reliable field that can be  
19 tested. But we can cover that whenever the Court would  
20 like.

21 THE COURT: I mean I am not prepared to take  
22 that motion up right now, because I don't even have such  
23 a motion. You can file a written motion and brief it,  
24 and I'll consider it at the appropriate time. But at  
25 this time, I mean the expert -- my, my practice has  
26 always been that an expert witness can sit and listen to  
27 testimony as a basis for forming their opinion. And so  
28 on that issue, I will grant your request that the rule  
29 might be invoked as to this witness.

*Jury Out*

1           And if the State has an objection to this witness  
2           testifying at some point in the future of this trial,  
3           I'll take that up at that time.

4           MRS. STEINER: Your, Honor.

5           MR. EVANS: Yes, sir.

6           MRS. STEINER: This is Chief Johnson. He has  
7           just come into the courtroom, so you could eyeball him  
8           and know who he is when he is present.

9           THE COURT: I believe I recognize his picture.  
10          I think I saw his picture in the paper before maybe. But  
11          anyway, that is fine.

12          MR. CARTER: Additionally, Your Honor, I am  
13          going to announce to the Court that I've thought about  
14          it, thought about it. And at this point I am ready to  
15          announce I don't need Patricia Snow anymore.

16          MRS. STEINER: Patricia Snow.

17          MR. CARTER: I'm sorry. Patricia Hallmon  
18          Sullivan Odom, I think.

19          THE COURT: Okay.

20          MR. CARTER: And I can make a similar  
21          announcement about Chief, Chief Hargrove and Sheriff  
22          Thornburg, with the possible exception that I get  
23          surprised and that the testimony of the other officers  
24          turn out to be -- unless it turns out to be something  
25          different than what they testified before, I don't need  
26          them.

27          THE COURT: Okay. Would you advise -- I don't  
28          know if former sheriff Thornburg is still -- I think the  
29          other day he said he would be on standby if he is needed.

*Jury Out*

1 BAILIFF: He is here.

2 THE COURT: Well, you can tell him that he is  
3 not needed anymore from the -- you know, that he is  
4 excused and --

5 BAILIFF: Also, Chief Hargrove.

6 THE COURT: Chief Hargrove. And I think Miss  
7 Odom was another one that was going to be waiting by  
8 phone in case she was needed. And at some point I -- you  
9 know, if the State has her phone number, you can contact  
10 her and advise that she is not going to be needed  
11 anymore.

12 MR. EVANS: Yes, sir.

13 THE COURT: So she doesn't have to stay, you  
14 know, readily handy. And then --

15 MR. CARTER: Is there anyone else?

16 THE COURT: Catherine Snow. You still -- I  
17 don't know.

18 MR. CARTER: What?

19 MRS. STEINER: Didn't we want to retain Miss  
20 Snow pending the State resting?

21 MR. CARTER: Okay.

22 MRS. STEINER: One moment, Your Honor.

23 MR. CARTER: Yes, sir, Your Honor. Yes, sir.

24 THE COURT: Miss Snow was told -- I don't know  
25 if she is at the courthouse. But she's certainly from  
26 here in town and would be readily available if she was  
27 needed. But thank you for doing what I requested and  
28 just looking through your witness list to see if there  
29 was any that might not be needed.

*Doyle Simpson - Direct*

1 MR. CARTER: Yes, sir.

2 THE COURT: And you can bring the jury in.

3 BAILIFF: Okay.

4 (THE JURY RETURNED TO THE COURTROOM.)

5 THE COURT: Court will come back to order.

6 Who would be the State's next witness?

7 MR. EVANS: Doyle Simpson, Your Honor.

8 (THE WITNESS ENTERED THE COURTROOM.)

9 THE COURT: Come around, please. Raise your  
10 right hand and take the oath.

11 (THE WITNESS APPROACHED THE BENCH.)

12 Do you solemnly swear or affirm that the testimony  
13 you give in this case will be the truth, the whole truth  
14 and nothing but the truth, so help you God?

15 THE WITNESS: I do.

16 THE COURT: Please come forward and have a  
17 seat.

18 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

19 State your name for the record.

20 THE WITNESS: Doyle Simpson.

21 THE COURT: Mr. Simpson, you sound like you may  
22 have a scratchy throat. But if you will, speak as loud  
23 as you can. The ladies and gentlemen over here in the  
24 jury box have to hear what you are saying. So when you  
25 are responding to questions from both sides, please speak  
26 as loud as you can.

27 Mr. Evans, you may proceed.

28 MR. EVANS: Thank you, Your Honor.

29 DOYLE SIMPSON, Called on behalf of the State, having been

1 duly sworn, was examined and testified as follows:

2 DIRECT EXAMINATION BY MR. EVANS:

3 Q. Mr. Simpson, if you will, kind of turn your chair  
4 where you're facing the jury. I need you to speak loud so  
5 that everybody can hear you.

6 Let us start over and try it.

7 State your name for the jury, please.

8 A. Doyle Simpson.

9 Q. Thank you. That is a little better.

10 I want to direct your attention back to the morning of  
11 the murders at Tardy Furniture on July 16 of '96. Do you  
12 remember that morning?

13 A. Yes, sir.

14 Q. Where were you living at that time?

15 A. Poorhouse Road.

16 Q. And where were you working?

17 A. Angelica.

18 Q. What was your job at Angelica?

19 A. I was janitor.

20 Q. Okay. How long had you been janitor there?

21 A. About three or four years.

22 Q. What hours did you work at that time?

23 A. 6:30 to 10:30.

24 Q. Did you work that day?

25 A. Yes, I did.

26 Q. What type of vehicle did you have?

27 A. Pontiac Phoenix.

28 Q. What time did you get to work that day?

29 A. 6:30.

1 Q. Did you have any type of weapon in your vehicle that  
2 day?

3 A. I did.

4 Q. What was it?

5 A. .380 pistol.

6 Q. .380 pistol.

7 A. Yes, sir.

8 Q. Was it loaded?

9 A. Yes, it was.

10 Q. What was it loaded with?

11 A. Two different kind of cartridge.

12 Q. You say different. Were they different colored?

13 A. Different.

14 Q. Was that pistol an automatic or revolver?

15 A. Automatic.

16 Q. Where was it located when you went to work that  
17 morning?

18 A. In my glove compartment.

19 Q. And that's in the glove compartment of that Pontiac  
20 Phoenix.

21 A. Yes, sir.

22 Q. Where did you park your car that morning?

23 A. In the parking lot, front row --

24 Q. And -- I'm sorry. I think I interrupted you.

25 A. In the front row of the parking lot.

26 Q. All right. Did you have an occasion to go back out  
27 to your car that morning?

28 A. Yes, I did.

29 Q. What was the first time that you walked back out to

1 your car?

2 A. About 9:20, 9:25. Something like that. No. Wait a  
3 minute. About 9:15.

4 Q. Why did you walk out to your car at that time?

5 A. I was getting ready to go on break. I went out  
6 there to get my breakfast.

7 THE COURT: Can you repeat that last answer? I  
8 couldn't understand you, and I was sitting closer than  
9 the jury. Would you repeat what you just said?

10 THE WITNESS: I went out there to get  
11 breakfast.

12 THE COURT: Okay.

13 Q. All right. You say you were on your break.

14 A. Fixing to go on my break.

15 Q. Did you have your breakfast in the vehicle?

16 A. Yes, sir, I did.

17 Q. Did you notice anything about your car at that time?

18 A. No, I did not.

19 Q. What was the next time that you went out to the  
20 vehicle?

21 A. When I got ready to -- about ten-something. Ten --  
22 about 10:25. Something like that.

23 Q. Why did you go out to your vehicle at that time?

24 A. To let the windows down.

25 Q. And why did you do that?

26 A. Because it was hot that day.

27 Q. Did you notice anything about your vehicle at that  
28 time?

29 A. No, I did not.

1 Q. Did you have an occasion to, to go to pick up  
2 anything on a regular basis for people at Angelica?

3 A. Yes, I did.

4 Q. Tell the ladies and gentlemen of the jury about  
5 that. Just explain that to us.

6 A. Oh, I go around every morning, get -- to get money  
7 to go pick up lunch for different, different ones.

8 Q. All right. You would go pick up lunches for  
9 different people.

10 A. Yes, sir.

11 Q. Did you do that on that morning?

12 A. Yes, I did.

13 Q. Do you know about how many different lunches you  
14 were to pick up that morning?

15 A. Just about -- I guess about five or six, I guess.

16 Q. Okay. And what time did you go to pick up the  
17 lunches?

18 A. After, after I got off.

19 Q. What time was that?

20 A. I left about something-to-11.

21 Q. Something-to-11.

22 A. Yes, sir.

23 Q. And where did you go to pick up the lunch?

24 A. I went to chicken place right there on 407. And I  
25 went to City Cafe on 51.

26 Q. When you got in your car something-to-11 to go pick  
27 up the lunches for the ladies at Angelica, did you notice  
28 anything at that time?

29 A. Yes, I did.

1 Q. What did you notice?

2 A. After I got in the car, my door kind of hard to  
3 shut. When I close the door, the pocket fell open.

4 Q. All right. You say the pocket fell open when you  
5 closed the door. What pocket are you referring to?

6 A. That's the one the gun was in.

7 Q. Is that the glove compartment?

8 A. Glove compartment. Right.

9 Q. Was that usual?

10 A. No, sir.

11 Q. Glove compartment had some problem with it.

12 A. No, sir. It wasn't -- nothing wrong with it.

13 Q. Nothing wrong it.

14 A. No, sir.

15 Q. When you went in to work that morning, was that  
16 glove compartment locked or unlocked?

17 A. It was locked.

18 Q. When you shut the door, it fell open.

19 A. Yes, sir.

20 Q. What did you notice when the glove compartment fell  
21 open?

22 A. I noticed somebody been in it.

23 Q. How did you know somebody had been in it?

24 A. Because it had been broke into.

25 Q. Was anything missing?

26 A. The gun was.

27 Q. Did you report that gun missing?

28 A. Yes, I did.

29 Q. When did you report it missing?

1           A.    I went back in there and told the plant manager  
2 somebody had broke in my car and stole my gun.

3           Q.    Did you know a person at that time named Curtis  
4 Flowers?

5           A.    Yes, I did.

6           Q.    How did you know him?

7           A.    We used to run. We used to hang out together.

8           Q.    How long had you known him?

9           A.    For a while.

10          Q.    Give me some kind of idea. Are we talking about  
11 years?

12          A.    Yeah, years. Well, I always called him my nephew  
13 anyway.

14          Q.    You call him your nephew.

15          A.    Yes, I did.

16          Q.    Why was that?

17          A.    Because his uncle is, is my brothers.

18          Q.    So you had known him pretty much forever.

19          A.    Yes, sir. Yes, sir.

20          Q.    Did he know that you had this pistol?

21          A.    Yes, he did.

22          Q.    Had he seen it in your car before?

23          A.    Yes, sir.

24          Q.    Who is Emmitt? Who is Emmitt Simpson?

25          A.    That's my brother.

26          Q.    And did you have an occasion to ask him if he had  
27 seen anybody around your car?

28          A.    Yeah. I asked him and then two more guys next door.

29          Q.    Do you remember who all you talked to at Angelica

1 that morning about your gun being stolen?

2 A. I didn't talk to nobody but the plant manager.

3 Q. And who is that?

4 A. Her name is Dot Rivers. (Phonetic) Something like  
5 that?

6 MRS. STEINER: I can't --

7 THE COURT: Can you speak up a little louder?

8 MR. CARTER: I can't hear him.

9 THE WITNESS: Plant manager. I talked to the  
10 plant manager. That is the only one I talked to that day  
11 about the gun.

12 Q. When, when did you first talk to any law enforcement  
13 officers about your gun being stolen?

14 A. Well, I didn't -- when I got back with the lunch,  
15 Officer Thornburg was down there.

16 Q. Okay. Had you said anything at any one of the  
17 places that you picked up lunches about the gun being stolen?

18 A. No, sir.

19 Q. When you first gave the officers a statement about  
20 the gun being stolen, did you tell them the truth about where  
21 you had gotten it from?

22 A. No, I did not.

23 Q. Where did you originally tell them you got it from?

24 A. I said I got it from my brother.

25 Q. Was that true?

26 A. No, sir.

27 Q. Why did you tell them that you got it from your  
28 brother?

29 A. Only because of Curtis.

1 Q. Because of Curtis?

2 A. Yes, sir.

3 Q. Explain that to the ladies and gentlemen of the  
4 jury.

5 A. I told them, because Curtis was my nephew, and that  
6 is why I lied about the gun.

7 Q. And why was it necessary to lie about the gun  
8 because Curtis was your nephew? What had you figured out by  
9 the time you talked to the officers?

10 A. I figured -- well, I didn't really know the people  
11 dead till after I -- you know, later on that day I found out  
12 the people dead. They asked me about did I give Curtis the  
13 gun. I said no, I did not.

14 Q. Okay. Did you know anything about Curtis having any  
15 problems with Tardy Furniture?

16 A. I had heard about it.

17 Q. All right.

18 MRS. STEINER: I'm going to object to hearsay  
19 on anything --

20 MR. EVANS: I am not asking what he heard.

21 THE COURT: Well, I will sustain. I mean he --

22 MRS. STEINER: He has no firsthand knowledge  
23 also.

24 THE COURT: Well, I agree. And I mean, I guess  
25 that is a pre-objection, but it is sustained that he  
26 can't talk about what he might have heard.

27 MRS. STEINER: I would also object to his even  
28 being inquired, having said that he has no firsthand  
29 knowledge about any of this information.

1 MR. EVANS: Your Honor, I'm getting to why he  
2 did what he did. I think it is relevant.

3 THE COURT: You can do that, but he can't talk  
4 about, you know, what he might have heard --

5 MR. EVANS: I am not going to ask about what he  
6 heard.

7 THE COURT: -- or hearsay.

8 Q. Based upon what you had heard and knowing that the  
9 gun was missing and that there had been murders at Tardy  
10 Furniture, what thoughts were going through your mind at that  
11 time?

12 MRS. STEINER: I'm going to object to his  
13 thoughts, his speculations. It's entirely speculative.  
14 If there is some conduct he undertook --

15 MR. EVANS: It is not speculative if it's his  
16 thoughts.

17 MRS. STEINER: May I finish my objection?

18 THE COURT: You may.

19 MRS. STEINER: If there is a conduct or action  
20 he took with respect to information he gained, I think  
21 that is relevant. An open question about what were you  
22 thinking at the time is irrelevant and speculative.

23 THE COURT: I'll sustain. I don't think his  
24 mental impression about -- you know, I don't think a  
25 mental impression based on -- it's speculative at this  
26 point.

27 Q. All right. You are saying that you lied to the  
28 officers about where the gun came from to protect Curtis.

29 A. Yes, sir.

1 Q. Was that because of what you were thinking at that  
2 time?

3 A. Yes, sir.

4 MR. EVANS: I'll just end it at that part, Your  
5 Honor, and not go into his thoughts.

6 THE COURT: That's fine.

7 Q. What, if any, effort did you ever make to assist the  
8 officers in determining if your gun was the murder weapon?

9 A. Repeat that, sir.

10 Q. Did you ever take the officers anywhere?

11 A. Yes, sir, I did.

12 Q. Where did you take them?

13 A. To, to my mom's house.

14 Q. And why did you take the officers to your mother's  
15 house?

16 A. They wanted, wanted to dig some bullets where we  
17 target practice at.

18 Q. What had you shot into? What had you been target  
19 practicing with at that house?

20 A. That, that where we used to hang hogs at, had a big  
21 tree out there, big poles out there.

22 Q. You were shooting at a big pole.

23 A. Yes, sir.

24 Q. What weapon were you shooting at that post?

25 A. With that .380.

26 Q. All right. What officer did you first take out to  
27 where that post was?

28 A. Officer Thornburg. State Trooper James, James  
29 Taylor. And I think --

1 MRS. STEINER: What was that last name, the  
2 state trooper?

3 THE WITNESS: James Taylor.

4 THE COURT: Taylor.

5 A. And I think Officer Jack Matthews, I think. I think  
6 it is Jack, Jack Matthews.

7 Q. The gun that was stolen out of your car, had you  
8 shot it into that post?

9 A. Yes, sir.

10 Q. Did you see the officers do anything in reference to  
11 that post?

12 A. Dug some cartridge out.

13 Q. You saw them do that?

14 A. Yes, sir.

15 Q. Did you know who the defendant's girlfriend was at  
16 the time of the murders?

17 A. I think Connie Moore.

18 Q. Do you see the person in the courtroom here today  
19 that you've described as your uncle, that you've been talking  
20 about knowing the gun was in your car?

21 A. Do I see what now?

22 Q. Do you see that person in the courtroom today that  
23 you've described as Curtis Flowers?

24 A. Yes, sir.

25 Q. Would you point to him and identify him, please?

26 A. Right there.

27 MR. EVANS: May the record reflect that he has  
28 identified the defendant in this cause?

29 THE COURT: I'll let it so reflect.

1 MR. EVANS: One moment, Your Honor.

2 Tender the witness.

3 MRS. STEINER: Excuse me, Your Honor.

4 CROSS-EXAMINATION BY MRS. STEINER:

5 Q. Good morning, Mr. Simpson.

6 A. Good morning.

7 Q. Mr. Simpson, I believe your testimony on direct was  
8 that you worked only part-time. You were the janitor and  
9 clean-up person at the store, is that correct, at Angelica?  
10 Is that correct?

11 A. Yes. I had two jobs at the time.

12 Q. Right. At Angelica you only worked in the mornings.

13 A. Right. With the school house in the evening.

14 Q. Say again.

15 A. I worked at school in the evening.

16 Q. Okay. That's the Winona High School.

17 A. Vo-tech.

18 Q. Vo-tech. All right. And at Angelica you came in  
19 well before the rest of the workers, didn't you? You came in  
20 around 5:00 or 6:00?

21 A. 6:30.

22 Q. 6:30. And the other workers didn't come until 7:00;  
23 is that correct?

24 A. It was two of us came in early.

25 Q. All right. And you both do clean-up work.

26 A. No, I did. I was the only janitor.

27 Q. All right. And what did the other person who came  
28 in --

29 A. He is -- he is machine worker.

1 Q. He is the man who maintains the machines.

2 A. Works on the sewing machines.

3 Q. And his job was to make sure that each of the sewing  
4 machines could operate the minute the worker that operated  
5 them got there; is that correct?

6 A. Womens.

7 Q. And he might have a list of machines that people had  
8 complained about the day before that he had to get in shape.

9 A. Yes, sir. Yes, ma'am.

10 Q. And if a machine broke down, he would have to --  
11 while the worker was working on it that morning, he would have  
12 to go tend to it and get it fixed so she could go back to  
13 work; is that right?

14 A. Yes. Correct. Yes, ma'am.

15 Q. All right. And you, you didn't have to fix the  
16 machines; is that right?

17 A. No, ma'am.

18 Q. Your job was you would go from throughout the plant  
19 wherever the machine was working. And among other things, if  
20 somebody's scrap basket was full, you would take that and dump  
21 it so she could keep putting scraps in there.

22 A. Yes, ma'am.

23 Q. And you had to put that in -- did you have a rolling  
24 cart?

25 A. I had a... (Nodded.)

26 Q. All right. You would dump her scraps. You would  
27 dump all the scraps that you could find.

28 A. Well --

29 Q. Basically make a cycle.

1 A. Every machine -- every machine in the plant.

2 Q. Right. And so, you know, you might be on one end of  
3 the plant when the person doing the machine maintenance is on  
4 the other end of the plant; is that correct?

5 A. That's correct.

6 Q. And then I take it you had to take that scrap. Your  
7 -- did you have to dump that out during the course of the day?

8 A. Before -- I dump it out after I fill the basket.  
9 After I fill the can up, I take it out back and dump it.

10 Q. So you go outside to dump the scraps.

11 A. Out, out back. Well, I don't -- it's from about  
12 here to you.

13 Q. Say again.

14 A. The garbage about from here, big dumpster.

15 Q. All right. But you go out the door of the plant.

16 A. Right.

17 Q. Is it a cloth bag you put your scraps in and lift it  
18 up and dump it out or did you -- how did you get it in the  
19 dumpster?

20 A. I just rolled the can up there and flip it over.

21 Q. Okay. So the dumpster was down lower than you were.

22 A. Yes. Well, well, it was higher. I had a ramp to go  
23 up on.

24 Q. Oh.

25 A. Up on a ramp.

26 Q. So you got -- you didn't have to -- sometimes when  
27 you put things in dumpsters, you have to kind of throw them  
28 over your head. You didn't have to do that. You got up a  
29 ramp and just dumped it.

1 A. Yes, ma'am.

2 Q. And you would have to look and make sure it all got  
3 in there.

4 A. Yes, ma'am.

5 Q. And you would not be inside the building when that  
6 was happening.

7 A. No, ma'am.

8 Q. All right. And I take it that the reason you came  
9 in at 6:30 was so you could -- for people who put scraps in  
10 their basket --

11 A. Not --

12 Q. -- after you left the day before, so you could dump  
13 those before you came in.

14 A. No, I came -- I came in to sweep before they get  
15 there.

16 Q. Okay. So you also swept.

17 A. Swept the floor too.

18 Q. And I take it in a sewing factory part of the reason  
19 you are there is because it's not safe to have a lot of scraps  
20 of cloth and threads and everything on the floor.

21 A. Right.

22 Q. People could slip on them. Your job is to make sure  
23 the scraps get dumped so that they don't overflow, so they  
24 don't get on the floor. And even during the day you would  
25 sweep if somebody dropped a bunch of threads and stuff down on  
26 the floor; correct?

27 A. No, ma'am.

28 Q. Oh, you would only sweep in the morning.

29 A. Yes, ma'am.

1 Q. It kept you busy just collecting all the scraps.

2 A. Yes, ma'am.

3 Q. So basically, you were free. Nobody -- it would not  
4 be unusual -- no one would think it unusual if you just walked  
5 out the door if you were pushing your scraps.

6 A. I had to let the door up.

7 Q. Right.

8 A. Then go dump. Come back. Let the door back down.

9 Q. Right. But everybody that worked near that door was  
10 accustomed to you going in and out that door.

11 A. Yeah. The most -- the mechanic seen me.

12 Q. Right.

13 A. Most of the mechanics.

14 Q. When he was at that end.

15 A. Well, there are three mechanics.

16 Q. When they were -- if you happened to go out the door  
17 when they were working on a machine on that end, they would  
18 see you go.

19 A. Everybody. Everybody see me when I go out the door.

20 Q. Okay. And they wouldn't think it unusual?

21 A. No. That is something -- that is something I did  
22 every morning.

23 Q. Okay. You did that. And you probably did it a  
24 couple of times during the course of your shift.

25 A. Yeah. After the -- when I fill it up, I go dump. I  
26 fill it up, I go dump.

27 Q. Four or five times during the course of your shift  
28 at least.

29 A. Yes, ma'am.

1 Q. Okay. So and that morning was no different. You  
2 had been in and out of --

3 A. No.

4 Q. -- there four or five times that morning. And I  
5 think you testified that in addition to going in and out of  
6 the plant when you needed to dump your scraps, you also went  
7 out that morning at 9:20.

8 A. 9:15. Something like that.

9 Q. 9:15. Your breakfast was in the car; is that right?

10 A. Right.

11 Q. You opened the car door, sat in the car, sat down,  
12 ate your breakfast in the car.

13 A. No, ma'am. I came back in the plant.

14 Q. Okay. But you had to open the car door to get your  
15 breakfast out.

16 A. Yes, ma'am. Open the door. Went back in the plant.

17 Q. All right. And you closed the door at that time.

18 A. Yes, ma'am.

19 Q. And then I believe you said you came out a little  
20 after 10:00.

21 A. Yes, ma'am.

22 Q. And at that time -- well, now the passenger side  
23 door didn't open at all, did it? It was broken.

24 A. No. Both sides open.

25 Q. Okay. So you opened -- but you went in the driver's  
26 side both times.

27 A. I went in the driver's side.

28 Q. So when you came out at 10:30, you opened the car  
29 door and shut it again.

1           A.    No.  When I went out that time, I opened it to let  
2 my window down.

3           Q.    All right.

4           A.    I let my window down, then I went back in the plant.

5           Q.    All right.  So you had to open the door --

6           A.    Oh, yeah.  I had to open --

7           Q.    -- to let the window down.

8           A.    I had power windows.

9           Q.    And after you -- so you put the key in the car --

10          A.    Switch.

11          Q.    -- to turn it on.

12          A.    Turn it on.

13          Q.    So could you let the window down?

14          A.    Windows down.  That's right.

15          Q.    And then you -- when you came back to go inside, did  
16 you leave the car running or did you --

17          A.    No, ma'am.

18          Q.    You took the key out.

19          A.    Took the key out.

20          Q.    After you put the window down.

21          A.    Yes, ma'am.

22          Q.    You closed the door and went back inside.

23          A.    Right.

24          Q.    And you started taking -- had you punched out by  
25 then?

26          A.    No.  I punched out -- I punched out after I start  
27 taking up money.

28          Q.    All right.  So you started -- so you actually  
29 started taking up money before you punched out.

1           A.    Let me see.  Before -- let me see.  I took money  
2 after I punched out.

3           Q.    Okay.  And you did pretty much every day.

4           A.    Every day.

5           Q.    Is that correct?

6           A.    Right.  Right.

7           Q.    And you did that for anybody in the plant who maybe  
8 wanted to stay behind and eat in the break room instead of  
9 having to go out and buy their own lunch.

10          A.    They wanted something hot.

11          Q.    If they wanted something hot.

12          A.    Yes, ma'am.

13          Q.    Is that place called Fuzzy's Fried Chicken that you  
14 went to?

15          A.    Yes, ma'am.

16          Q.    And the City Cafe.

17          A.    Yes, ma'am.

18          Q.    And how many orders did you take that day?

19          A.    About six or seven, I guess.

20          Q.    Six or seven.  And you collect the money.

21          A.    Yes, ma'am.

22          Q.    And then you'd bring it back.  Even though you  
23 weren't being paid by the company.  You were off the clock.

24          A.    Yes, ma'am.

25          Q.    You were doing this as a favor to these other folks.

26          A.    Yes, ma'am.

27          Q.    And did they pay you for this?  Did you get tips for  
28 this?

29          A.    Get gas money.

1 Q. You would get gas money.

2 A. Yes, ma'am.

3 Q. And about how far would you drive on each of these  
4 trips? About how far is it from --

5 A. About, I guess about 10 minutes. Ten. Ten.

6 Q. Ten.

7 A. Five minutes down there and about five minutes up  
8 the road.

9 Q. And how much gas money would you collect in a week  
10 for picking up these lunches?

11 A. Sometimes get nothing. Sometimes -- it would depend  
12 -- it would depend on somebody want to give me something.

13 Q. Okay.

14 A. That's all.

15 Q. Okay. But you would certainly, if somebody said  
16 here's a couple of bucks for your gas, you would take it.

17 A. Yes, ma'am.

18 Q. And if they said here's couple of bucks, because I  
19 am just happy I don't have to collect my own money and take it  
20 -- my own food, hot food, you would take it; is that correct?

21 A. Say that again.

22 Q. If somebody said listen, I know this is more than  
23 you would spend for gas, but I'm grateful, I'm going to give  
24 you a tip for collecting my food all the time.

25 A. Oh, yeah.

26 Q. And you would get tips from people for that too.

27 A. Sometimes. Sometimes I did. Sometimes I didn't.

28 Q. All right. And some people just -- if they didn't  
29 have the money to give you a tip, they would still -- they

1 would help you out on your job. It's a scratch my back, you  
2 scratch yours situation.

3 A. Something like that.

4 Q. All right. Now, I believe that your testimony was  
5 that as soon as you came back from collecting all the lunches,  
6 before you were even allowed to give the lunches out, the  
7 officer, you talked with the officers; is that correct?

8 A. I did that when I came back. Yes, ma'am.

9 Q. So other than the plant manager, who you told  
10 beforehand, you didn't talk to anybody about your gun being  
11 stolen or anything like that before you talked to the -- was  
12 it Officer Thornburg who was there?

13 A. I, I, I didn't even call the police myself.

14 Q. I know you didn't.

15 A. Yes, ma'am.

16 Q. But they were waiting there --

17 A. I think the plant manager --

18 Q. -- when you got back.

19 A. Yes, ma'am.

20 Q. If your recollection differs, it's free -- Officer  
21 Thornburg recalls that he was one of the officers there that  
22 talked to you.

23 A. I think he was the only one at the time.

24 Q. Right. Was James Taylor Williams there when they  
25 talked to you --

26 A. Let me see.

27 Q. -- that morning?

28 A. I can't remember. I can't remember.

29 Q. Okay. If you testified in a prior proceeding here

1 in Winona back in around 2003 that the officer who you met  
2 there was Mr. Thornburg, would you dispute that?

3 A. At the plant?

4 Q. Yeah.

5 A. That was Officer Thornburg.

6 Q. Okay. So you agree it was Officer Thornburg?

7 A. Yes, ma'am.

8 MR. EVANS: Your Honor, I think he has already  
9 testified twice to that fact.

10 Q. All right. And do you also agree that at the point  
11 at which you had the conversation with Officer Thornburg  
12 you -- and reported the gun missing, you didn't have any  
13 reason to suspect Curtis of being involved at all; is that  
14 correct?

15 A. At that time, right.

16 Q. So the first time -- and you told the lie to Officer  
17 Thornburg that first time you spoke to him about where you got  
18 it from, didn't you?

19 A. Say that...

20 Q. You told the ladies and gentlemen of the jury here  
21 that you lied --

22 A. Oh, yeah.

23 Q. -- when Officer Thornburg --

24 A. Where I got the gun.

25 Q. At that time you lied and said you had gotten that  
26 gun from your brother down in Louisiana at that time.

27 A. Right. Yes, ma'am, I did.

28 Q. And that was a lie.

29 A. I did lie.

1 Q. You had gotten that from a local man up there in  
2 Winona --

3 A. Yes, ma'am.

4 Q. -- named Ike Williams; right?

5 A. Yes, ma'am.

6 Q. And that was before you had ever talked to Catherine  
7 Snow or anybody else about --

8 A. Right.

9 Q. -- your gun being missing.

10 A. (Nodded.)

11 Q. Now, you kept up that lie about -- well, let me ask  
12 you this. You said you've got a kinship to Curtis. As I  
13 understand it, your daddy at one point was married to his  
14 mother; is that correct?

15 A. Married to his grand momma.

16 Q. His grandmother. Excuse me.

17 A. Curtis grandmother.

18 Q. You are no blood kin to Curtis.

19 A. Well, I guess -- well, they always call me uncle  
20 anyway.

21 Q. But you are not the -- you are a step uncle. You  
22 are not blood kin to him.

23 A. Yeah. Half brothers.

24 Q. The Campbells who are your brothers are your half  
25 brothers.

26 A. Right.

27 Q. But you're no blood kin to Curtis. It's just a step  
28 relationship.

29 A. Yeah. Well, he always call me uncle.

1           Q.    I have three step-brothers and I love -- you know, I  
2   don't make any distinction between my blood brothers  
3   emotionally. But I don't have that -- but you are not related  
4   to him by blood. It is by marriage and being part of the  
5   family by marriage; is that correct?

6           A.    Right.

7           Q.    Now, it's your testimony that you never told anybody  
8   up at either of these cafes that your gun had been stolen,  
9   either at Fuzzy's or at City Cafe.

10          A.    No. No. Not of my knowledge.

11          Q.    Say again.

12          A.    Not of my knowledge.

13          Q.    I am so sorry. I can't --

14          A.    Not to my knowledge. I can't remember. No, ma'am.

15          Q.    All right. Would you like some water? Would you be  
16   able to talk a little louder if maybe one of the deputies got  
17   you a bottle of water?

18          A.    Well, well, my throat, it stays dry, because I got  
19   shot.

20          Q.    Might it be better if you, at least -- I see -- we  
21   have all been drinking water. His Honor is drinking water.  
22   There is no reason why you shouldn't.

23                (THE WITNESS WAS HANDED A BOTTLE OF WATER.)

24          Do you want to take a drink of water?

25          A.    I'm ready. I'm ready.

26          Q.    Okay. Now, did you return to work that week at all  
27   after you clocked out that day?

28          A.    Yes, ma'am.

29          Q.    All right. You didn't get put on suspension for

1 some reason?

2 A. Yes, I did.

3 Q. All right. Now, why were you suspended?

4 A. Because I had -- I had the gun in the parking lot.  
5 Because I had brought a gun to the plant.

6 Q. Okay.

7 A. I got three days suspension.

8 Q. All right. So you weren't even at work to talk to  
9 anybody. From the minute you had been questioned by police  
10 that they -- you checked out, I'm suspending you for three  
11 days. You hadn't talked to anybody --

12 A. I went back to work. I worked the rest of that  
13 week.

14 Q. Oh, okay. Then you were suspended after.

15 A. That Monday, Tuesday, Wednesday that next week.

16 Q. Okay. All right. Now, you already owned a gun,  
17 didn't you, --

18 A. (Shook head.)

19 Q. -- at the time you bought this gun --

20 A. No.

21 Q. -- from Ike Williams?

22 A. No, I did not.

23 Q. This was the only gun you owned.

24 A. Yes, ma'am.

25 Q. Now, you stated, I think, that Curtis Flowers knew  
26 you owned a gun; is that correct?

27 A. Yes.

28 Q. But, in fact, you don't know any -- but you didn't  
29 always keep that gun in that glove pocket; is that right?

1 A. That's right.

2 Q. Because, in fact, as you heard when you are  
3 suspended, it was illegal to bring a gun into the parking lot  
4 at Angelica or that was --

5 A. And plus, I worked at the school too.

6 Q. Plus, you worked at the school. And you weren't  
7 supposed to have a gun at the school either; right?

8 A. Right.

9 Q. And so it would have been very unusual, excuse me,  
10 for you to have actually had a gun in your car parked at  
11 either of your work places.

12 A. Right.

13 Q. And I believe you agreed in -- when you were  
14 testifying at a prior proceeding down in Harrison County that  
15 there is no way that Curtis Flowers could have known the gun  
16 was in the car that particular morning. Did you agree to that  
17 when you were asked that?

18 A. I can't recall that.

19 Q. Okay. You did testify in a prior proceeding in this  
20 matter in Harrison County; is that correct?

21 A. Yes.

22 MRS. STEINER: May I approach the witness, Your  
23 Honor?

24 THE COURT: You may.

25 Q. Mr. Simpson, in that proceeding -- I'm going to hand  
26 you a piece of paper. Do you read and write?

27 A. Yeah.

28 Q. Well enough. You can read this to yourself. I'm  
29 going to ask you to start reading at Line 20 and --

1           Forgive me, Your Honor. I, I misspoke. This is from the  
2 proceeding in Tupelo.

3           I don't want to put words in your mouth. This is from  
4 the proceeding in Tupelo. The person asking the questions is  
5 Mr. Gilmore.

6           Do you have any objection? I mean I'm just showing it to  
7 him.

8                       MR. EVANS: I don't have any objection to you  
9 showing it to him, asking him about it.

10          Q. All right. Now, this was actually in Tupelo, back  
11 in 1998, within about a year and a half of when this happened.  
12 Do you recall testifying in a proceeding in Tupelo?

13          A. Yes, ma'am.

14          Q. Did you ride up on the bus with the other witnesses  
15 to that proceeding, or did you get there on your own?

16          A. No, I rode with Mr. Thornburg.

17          Q. Mr. Thornburg drove you up there. Now, I'm going to  
18 show you this page. I'm going to ask you to look at the top.  
19 Is that your name at the top? Doyle Simpson.

20          A. That's it.

21          Q. Okay. So you don't disagree that if -- there is a  
22 court reporter taking down what you are saying here.

23          A. I know.

24          Q. And when you were there up in Tupelo, she was also  
25 taking down what -- there was someone taking down what you  
26 were saying.

27          A. I think. I guess so. Yes, ma'am.

28          Q. All right. Anyway, you've identified this as your  
29 testimony. Would you please read for the ladies and gentlemen

1 of the jury, Lines 21 --

2 MR. EVANS: Your Honor, that is not proper.

3 MRS. STEINER: I'm sorry. Forgive me.

4 MR. EVANS: We can't guy through the testimony  
5 of all the prior transcripts. She can ask him if he  
6 remembers saying that.

7 MRS. STEINER: Sorry. Thank you. I will  
8 rephrase.

9 Q. Your testimony was you did not recall agreeing and  
10 saying there was no way that Curtis Flowers would have known  
11 that gun was in the car that particular morning.

12 A. No. He, he didn't know it.

13 Q. He did not know it.

14 A. He did not know it.

15 Q. Okay. There was -- okay. You now remembered that  
16 that was the case.

17 A. Yea, I knew it.

18 MRS. STEINER: One moment, Your Honor.

19 Q. Now, some time after you had told the police about  
20 the lie about where that gun came from, is that correct, you  
21 then talked to Catherine Snow about somebody she had seen --

22 A. Seen.

23 Q. -- at your car?

24 A. I think the next day or the next day. It might have  
25 been the next day or the next day after. I can't recall.

26 Q. Okay. After you first told Mr. Thornburg the lie  
27 about where you got the gun.

28 A. Yes.

29 Q. Okay. Now, at that time did Miss Snow tell you that

1 the person she had seen at your car was wearing a cap?

2 A. Yes, she did.

3 Q. At that time did she tell you the person standing at  
4 your car was -- well, was about 5'6"?

5 A. She described -- she described something like that.  
6 I can't remember.

7 Q. 6'5". 5'6".

8 A. No. She didn't say 6'5". She said kind of short  
9 like. She said they was short.

10 Q. Now, do you know how tall your nephew is? He is  
11 about 5'10", isn't he?

12 A. Yeah. I guess so. I don't know.

13 Q. All right.

14 MRS. STEINER: One moment, Your Honor.

15 Your Honor, I would like to approach and ask the  
16 witness. I didn't hear something. I don't want to ask  
17 him, introduce this line of inquiry in front of the jury.  
18 But I would like to have him respond to the question  
19 either from the Court or else at the bench so I, I don't  
20 want to ask --

21 MR. EVANS: I think everybody needs to hear the  
22 questions and answers.

23 THE COURT: Step in the jury room for a minute.  
24 I am not sure what is being requested, but it needs to  
25 be, apparently, out of your presence. So if you will,  
26 step back in there.

27 (THE JURY LEFT THE COURTROOM.)

28 THE COURT: Proceed.

29 Q. Mr. Simpson, I -- remember when I asked to give you

1 water. It's because I wasn't hearing everything you were  
2 saying. Did you say something about you had ever been shot?

3 A. Excuse me.

4 Q. Did you say something when the ladies and gentlemen  
5 of the jury were in the room that you had personally been shot  
6 at one time?

7 A. Yes, I have.

8 Q. But did you say that while in response to any of my  
9 questions --

10 A. No, ma'am.

11 Q. -- so far?

12 MRS. STEINER: All right. Your Honor, that is  
13 all I have out of the presence of the jury.

14 THE COURT: You can tell them to come back in.

15 (THE JURY RETURNED TO THE COURTROOM.)

16 You may continue.

17 MRS. STEINER: All right.

18 Q. Now, this lie you told to the police about where you  
19 had gotten this gun that you -- this lie about getting it from  
20 somebody in your family, it was several weeks before you  
21 admitted to them that that was a lie; is that correct?

22 A. Yes.

23 Q. They had actually already sent a police officer over  
24 to talk to your brother and found out he didn't ever remember  
25 selling you a gun; is that right?

26 A. Say that again.

27 Q. They had actually already sent a New Orleans or St.  
28 Rose, a Louisiana police officer over to talk to Mr. Campbell,  
29 your brother --

1 A. Um-hum.

2 Q. -- and learned he had never sold you that gun; is  
3 that right?

4 A. I don't know. I don't know.

5 Q. They confronted you with that though.

6 A. No, they didn't confront me with nothing.

7 Q. Okay. But it was several weeks -- well, let me ask  
8 you this. Do you recall having a conversation with the police  
9 where they made a recording of what you were saying to them?

10 A. They didn't -- they didn't tell me that neither.

11 Q. Okay.

12 A. They did not tell me that.

13 Q. All right. Did you have a conversation with John  
14 Johnson and Mr. Jack Matthews on or about August 14, 1996?

15 A. (No response.)

16 Q. About a month after this happened.

17 A. I can't recall.

18 Q. All right. And at that time did they confront you  
19 with the fact that they knew you hadn't gotten that gun from  
20 your brother?

21 A. Oh, yeah. Yes, ma'am.

22 Q. That's pretty much when you came clean about where  
23 that gun really came from.

24 A. Yes, ma'am.

25 Q. Right here in Winona.

26 A. Yes, ma'am.

27 Q. Is that correct?

28 A. Yes, ma'am.

29 Q. In fact, you got so upset with them for even

1 pressing you about that that you really got kind of angry and  
2 told them you didn't want to talk to them anymore; is that  
3 right?

4 A. I can't recall. I can't remember that.

5 Q. All right. They'd have to tell whether they thought  
6 you --

7 A. Yes, ma'am.

8 Q. -- got nervous or angry or whatever in that  
9 interview.

10 MR. EVANS: Object to that, Your Honor. It is  
11 improper.

12 THE COURT: I mean, he would be speculating  
13 totally as to that. So I will sustain the objection.

14 Q. Okay. Now, at the time you reported -- you spoke to  
15 Officer Thornburg about the gun, did you know that people had  
16 been killed at Tardy Furniture?

17 A. No, ma'am.

18 Q. All right. It hadn't been on the street when you  
19 were there at Fuzzy's or at --

20 A. (Shook head.)

21 Q. -- or at the cafe?

22 A. No, ma'am. Nobody ever told, told me about it.

23 Q. You deny that you told -- you learned about this up  
24 at Fuzzy's or City Cafe.

25 A. I didn't know.

26 Q. About the shootings.

27 A. No, ma'am. I didn't know either one of them places.

28 Q. And you deny you told anybody up there after you  
29 learned about that --

1 A. Well --

2 Q. -- your gun had been stolen?

3 A. When I found out the people was dead, that is after  
4 I had came back from lunch.

5 Q. It was after you came back from lunch.

6 A. After I brought the lunch back. After I brought the  
7 lunch back, that is when I found out there had been killing.

8 Q. All right. And I believe your testimony here today  
9 is that the time you first told the lie about where the gun  
10 was, you didn't even know Curtis was a suspect in this matter;  
11 is that correct?

12 A. That's correct.

13 Q. And that there was no way Curtis could have known  
14 that you would have had that gun in your car this morning; is  
15 that also correct?

16 A. Yes.

17 Q. That morning.

18 A. That's correct.

19 Q. Thank you.

20 MRS. STEINER: That's all I have, Your Honor.

21 REDIRECT EXAMINATION BY MR. EVANS:

22 Q. You were asked in that trial whether or not there  
23 was any way he knew the gun was in there that morning and your  
24 answer was that it wasn't; is that right?

25 A. That's right.

26 Q. But you were also asked how Curtis knew you kept a  
27 gun in your car, I believe. How did Curtis know you had had a  
28 gun in your car? Had he seen it in there before?

29 A. Yes, sir, he had.

1 Q. Who told you it was Curtis standing by your car?

2 A. Catherine Snow.

3 Q. You were asked about leaving the plant. Did you  
4 ever leave the plant from the time you got there that morning  
5 until you got off work?

6 A. No, sir, I did not.

7 Q. Other than going to the dumpster and to your car,  
8 did you go anywhere else that morning until you got off of  
9 work?

10 A. No, sir, I did not.

11 Q. And the dumpster is located where?

12 A. In the back.

13 Q. And how far away from the door?

14 A. About from here to me and you. (Indicated.)

15 Q. Okay. And how did you open that door?

16 A. It was pull up, pull down door.

17 Q. Big bay door.

18 A. Sir.

19 Q. Big bay door.

20 A. Yes, sir.

21 Q. Could the people working in there see you at the  
22 dumpster?

23 A. Oh, yes, sir.

24 Q. And how many people could see you when you walked  
25 out there and dumped your stuff and came back in?

26 A. Probably half of -- quarter of the plant.

27 MR. CARTER: Object to his speculation.

28 MR. EVANS: If he knows, he can answer, Your  
29 Honor.

1 MRS. STEINER: Object to speculation.

2 Q. All right. Give us a number. Since they don't want  
3 you to speculate. About how many people would you say could  
4 see you?

5 A. About -- I, I would say about 15 or 20.

6 Q. Thank you.

7 Nothing further, Your Honor.

8 THE COURT: Is he excused?

9 MR. EVANS: Your Honor, we may possibly need  
10 him in rebuttal. He, he is free to go. But he would not  
11 need to come in the courtroom just in case we need him in  
12 rebuttal.

13 THE COURT: Mr. Simpson, you can go at this  
14 time. But you need to be available if you are -- you  
15 know, at your home or wherever they could locate you so  
16 that you can be -- and you can't sit out in the courtroom  
17 or anything at this time.

18 THE WITNESS: All right.

19 THE COURT: So you can step down for now.

20 Ladies and gentlemen, we are going to recess for  
21 lunch at this time.

22 If you will, step in the jury room for a couple of  
23 minutes. Then they will walk you across for lunch. And  
24 don't talk about the case with anyone or among yourselves  
25 during this recess.

26 Court will stand in recess until 1:00.

27 (COURT RECESSED FOR THE NOON HOUR.)

28 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
29 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS WERE AS

1 AS FOLLOWS:)

2 THE COURT: You can bring the jury in now.

3 (THE JURY RETURNED TO THE COURTROOM.)

4 MRS. STEINER: Your Honor, may we approach?

5 (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER

6 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD

7 OUTSIDE THE HEARING OF THE JURY.)

8 MRS. STEINER: Your Honor, the last witness the  
9 State had reserved, we would also like to reserve the  
10 right to recall him. The State has made that  
11 reservation.

12 THE COURT: I think I told him to be available  
13 to come back and not sit in the courtroom.

14 MRS. STEINER: I just didn't want the State to  
15 release him.

16 MR. HILL: Doyle Simpson.

17 THE COURT: That's fine. He will be readily  
18 available, if necessary.

19 MRS. STEINER: Thank you, Your Honor.

20 (THE BENCH CONFERENCE WAS CONCLUDED.)

21 THE COURT: Who would be the State's next  
22 witness?

23 MR. EVANS: Your Honor, the next witness will  
24 be Miss Clemmie Fleming.

25 (THE WITNESS ENTERED THE COURTROOM.)

26 THE COURT: Thank you. If you will, come  
27 forward, turn this way.

28 If you will, raise your right hand.

29 Do you solemnly swear or affirm the testimony you

1 give in this case will be the truth, the whole truth and  
2 nothing but the truth, so help you God?

3 THE WITNESS: Yes.

4 THE COURT: Miss Fleming, please have a seat.  
5 State your name, please.

6 THE WITNESS: Clemmie Fleming.

7 THE COURT: You may proceed.

8 CLEMMIE FLEMMING, Called on behalf of the State, having  
9 been duly sworn, was examined and testified as follows:

10 DIRECT EXAMINATION BY MR. EVANS:

11 Q. Miss Fleming, if you would, kind of turn your chair  
12 over in this direction toward the jury.

13 A. (Complied.)

14 Q. And I want you to speak loud so that everybody on  
15 the jury can hear you. Okay. All right. Let's try your name  
16 again. State your name for the jury.

17 A. Clemmie Fleming.

18 Q. Okay. Miss Fleming, I want to direct your attention  
19 back to July 16 of 1996, the morning of the murders at Tardy  
20 Furniture. Do you remember that morning?

21 A. Yes, sir.

22 Q. Did you have an occasion to go down to Tardy  
23 Furniture company that morning?

24 A. Yes, sir.

25 Q. About what time did you go down to the store?

26 A. A little after 10:00.

27 Q. Why did you go to Tardy Furniture that morning?

28 A. To pay on my furniture.

29 Q. How did you go?

1           A.    With Roy Harris.

2           Q.    All right.  Miss Fleming, when you got down to Tardy  
3 Furniture, how were you traveling, as far as in what road?  
4 What road were you on?

5           A.    In front of Tardy Furniture.

6                   MR. CARTER:  I can't hear.

7                   THE COURT:  Can you speak up a little louder,  
8 Miss Fleming?

9                   THE WITNESS:  In front of Tardy Furniture.

10          Q.    Everybody has got to hear you.  So make sure that  
11 you keep your voice up.

12          As you were in front of Tardy Furniture around 10:00 on  
13 that morning, did you go in the store?

14          A.    No, sir.

15          Q.    Why not?

16          A.    I ain't feel good.

17          Q.    All right.  And explain why you didn't feel good.

18          A.    I was five-and-a-half months pregnant.

19          Q.    Your voice is dropping.

20          A.    Five-and-a-half months pregnant.

21          Q.    All right.  And because you felt bad from being  
22 pregnant, you say that you didn't go in; is that right?

23          A.    No.

24          Q.    Which direction did y'all travel at that point?

25          A.    On the side of Tardy Furniture.

26          Q.    All right.  Is that the road that runs right beside  
27 Tardy Furniture?

28          A.    Yes, sir.

29          Q.    When you turned on that road, what did you see?

1 A. I seen Curtis.

2 Q. What did you see Curtis doing?

3 A. Running.

4 Q. Where was he running?

5 A. Across the yard. At the time it was a pink house.

6 Q. Okay. In relationship to the back of Tardy

7 Furniture, how close was he to Tardy Furniture when you first  
8 saw him running?

9 A. 90-something feet?

10 Q. How do you know it was 90-something feet?

11 A. Because I did the steps.

12 Q. Okay. Did you have an occasion to go back with an  
13 officer and see how far it was?

14 A. Yes, sir.

15 Q. Now, you've said you saw Curtis running from the  
16 back of Tardy Furniture. Who is Curtis?

17 A. Right there. (Pointed.)

18 MR. EVANS: May the record reflect that she has  
19 identified the defendant in this cause?

20 THE COURT: I'll let it so reflect.

21 Q. How long had you known Curtis Flowers at that time?

22 A. I always known him.

23 Q. When you turned that corner, did you make any  
24 comment about what you saw?

25 A. I told him there go Curtis.

26 Q. Who did you tell there goes Curtis?

27 A. The man I was in the car with. Roy Harris.

28 Q. All right. I want you to explain, as well as you  
29 can, where you first saw him and which direction he was

1 running.

2 A. Towards the pink house. Across the yard.

3 Q. All right. Is that, that pink house, is it still  
4 there?

5 A. No, sir.

6 Q. All right. At that time there was a pink house  
7 across over there.

8 A. Yes, sir.

9 Q. And you say he was running in the direction of that  
10 pink house.

11 A. Yes, sir.

12 Q. How was he running?

13 A. I thought somebody was after him.

14 Q. As far as speed, how was he running?

15 A. He was running hard.

16 Q. Which direction did you and Roy Harris go from that  
17 corner?

18 A. We went -- we took a left, a left from leaving  
19 Tardy. We took a left, and we went up that road. And then we  
20 went down Powell Street. And we came back, and he was on the  
21 highway. And I seen him again.

22 Q. All right. You say you seen him again. Who did you  
23 see again?

24 A. I seen Curtis again.

25 Q. All right. So you went down and came back up to the  
26 highway. And then which direction did you turn on the  
27 highway?

28 A. I turned right.

29 Q. Okay. And after you came back up Highway 51, where

1 did you see Curtis the second time?

2 A. Like he was going to the store where his daddy work.

3 Q. Do you know the name of that store his daddy worked  
4 at?

5 A. It's -- it was Jeff's Store at the time.

6 THE COURT: Speak up. I didn't hear that.

7 A. It was Jeff's Store at the time.

8 Q. Which side of the highway did you see him on there?

9 A. He was like he was fixing to cross over 51.

10 Q. He was fixing to cross over toward the store.

11 A. Yes, sir.

12 Q. Do you know whether he went in the store or not?

13 A. No.

14 Q. When was the first time that you told somebody about  
15 seeing Curtis Flowers running from the back of Tardy Furniture  
16 that morning?

17 A. I was working in Multi-Craft at the time, and I told  
18 one of my friends. We were talking about it. It was a  
19 coworker.

20 Q. All right. Speak up now.

21 A. It was a coworker, and I told her.

22 Q. Who was that coworker?

23 A. Wanda Meeks.

24 Q. When you told Wanda Meeks about seeing Curtis  
25 Flowers running from the back of Tardy Furniture, did you and  
26 her do anything?

27 A. She said she wanted me to talk to one of her  
28 friends.

29 Q. All right. Who was her friend that she wanted you

1 to talk to?

2 A. John Johnson.

3 Q. You need to speak up.

4 A. John Johnson.

5 Q. Did you, in fact -- you and her go to see John  
6 Johnson?

7 A. Yes, sir.

8 Q. Did you tell John Johnson who you saw running away  
9 from the back of Tardy Furniture --

10 A. Yes, sir.

11 Q. -- on the morning of the murders?

12 A. Yes, sir.

13 MR. EVANS: Your Honor, may I have the witness  
14 step down?

15 THE COURT: You may step down, Miss Fleming.  
16 (THE WITNESS STEPPED DOWN FROM THE WITNESS STAND.)

17 MR. CARTER: Wait a minute, Doug. Let me see  
18 what you are looking at.

19 Q. Miss Fleming, I have Exhibit S-5-A that I would like  
20 for you to look at, please. If you would, stand to where you  
21 can see it, but don't block the jury.

22 A. (Indicated.)

23 Q. You are pointing on that. What are you pointing to?

24 A. A big tree.

25 Q. Is that where you saw Curtis Flowers running on that  
26 morning?

27 A. Yes, sir.

28 Q. You may take your seat.

29 A. (Complied.)

1 Q. I, I noticed that there is an "X" on this poster.  
2 Did you place that "X" there?

3 A. Yes, sir.

4 MR. EVANS: Your Honor, I tender the witness.

5 CROSS-EXAMINATION BY MR. CARTER:

6 Q. Miss Fleming, where was Mr. Flowers running from?

7 A. I don't know where he was running from.

8 Q. You don't know what store he was running from or  
9 whether he was even running from a store, do you?

10 A. No.

11 Q. You don't even know if he was jogging.

12 A. No.

13 Q. Or getting in shape or not, do you?

14 A. No.

15 Q. What did he have on?

16 A. I don't know what he had on.

17 Q. What color -- what kind of shirt?

18 A. I don't know. I just know his face.

19 Q. What was his hair like on that day?

20 A. Like it always been.

21 THE COURT: Speak up. I am afraid everybody --

22 THE WITNESS: Like it always been.

23 Q. How is that?

24 A. He had some hair at the time, a little bit.

25 Q. How was his hair cut?

26 A. I don't know how his hair cut.

27 Q. What kind of hair did he have on his face, beyond  
28 his head?

29 A. I didn't -- he didn't have a whole lot of hair on

1 his face.

2 Q. How much did he have on his face?

3 A. I didn't see a lot of hair. I just know it was him.  
4 I know how he look.

5 Q. You know how he look. Didn't you say you just got a  
6 quick glance?

7 A. Yes, sir.

8 Q. A quick glance. If you knew you had seen Mr.  
9 Flowers and you knew that the murders had occurred at Tardy's  
10 some time ago, why did you wait until April 11, 1997, before  
11 you decided to go to the police?

12 A. I wasn't going to say nothing. I never did go to  
13 the police.

14 Q. You never did go to the police.

15 A. No.

16 Q. Did you go to Mr. Johnson at some point?

17 A. After a friend -- she wanted me to talk to a friend.

18 Q. Okay. And when you got to the police department,  
19 you realized that was -- you went to Winona Police Department.

20 A. No.

21 Q. Where did you go?

22 A. First we went in the office of the Multi-Craft.

23 Q. Office at Multi-Craft.

24 A. Um-hum.

25 Q. Okay. And who did you talk to there?

26 A. John Johnson.

27 Q. Mr. Johnson came to the Multi-Craft.

28 A. Yes, sir.

29 Q. How long did he stay?

1           A.    Long enough for me to talk to him.

2           Q.    Okay. Did he get a statement from you there, a  
3 written statement?

4           A.    No.

5           Q.    So did he get a taped statement from you there at  
6 Multi-Craft?

7           A.    Yes.

8           Q.    Okay. So your testimony is had it not been for this  
9 friend, you wouldn't of ever gone to the police and told them  
10 you had seen Mr. Flowers. Is that your testimony?

11          A.    Yes.

12          Q.    And what did that friend do to make you tell? Let  
13 me be sure we're straight. You knew there were -- four people  
14 had been killed. And did you know there was a reward out at  
15 the time?

16          A.    I did at that time, but it didn't matter about the  
17 reward.

18          Q.    I know.

19                MR. EVANS: Your Honor, may she be allowed to  
20 finish her answer before --

21                MR. CARTER: I apologize.

22                MR. EVANS: -- before she is interrupted by his  
23 comments.

24                MR. CARTER: I apologize. Would you please  
25 finish?

26          A.    It was a baby involved. It was a child involved,  
27 and she let me see a picture of the child, because I never  
28 seen him before.

29          Q.    Was a child involved in what?

1 A. In the murders.

2 Q. Okay. One of the victims was a child. Okay. And  
3 you said child, you are talking about somebody -- how old was  
4 he? Do you know?

5 A. No.

6 Q. Okay. A child to you is anybody who is not adult.  
7 That is just the position you are taking on that.

8 A. He was younger than me.

9 Q. How old were you at the time?

10 A. Twenty-one.

11 Q. And now you, you hired Mr. Roy Harris to take you to  
12 Tardy to pay your bill; is that right?

13 A. Yes.

14 Q. You got there, and you decided not to pay the bill.

15 A. I told him to go in. He said he wasn't going to go.  
16 He would bring me back later.

17 Q. Okay. Let's talk about what you did. So you got  
18 there, and you decided that you were not going to go inside  
19 and pay your bill; is that correct?

20 A. Yes.

21 Q. And before you got down there, you had been called  
22 and told you had to come pay it or else you were going to be  
23 sued to get your furniture taken; is that correct?

24 A. I just need to come and pay on my bill.

25 Q. Okay. What exactly -- you were told to come pay  
26 your bill, and it was urgent that you pay your bills because  
27 you were --

28 A. Late paying.

29 Q. You were late paying. And you needed to pay it; is

1 that correct?

2 A. Yes.

3 Q. Did you ever pay it?

4 A. No.

5 Q. Okay. So you got to Tardy's to pay a bill that was  
6 late, that you knew you needed to pay. And you decided once  
7 you got there, you weren't going to pay it. And then you told  
8 the guy you hired to take you somewhere else; is that correct?

9 A. Yes.

10 Q. Where was he supposed to take you then?

11 A. I went back home at that -- I went back home at the  
12 time.

13 Q. Okay. And you saw somebody running that you got a  
14 glance of. And you couldn't tell me what he had on his feet.  
15 You couldn't tell me what kind of pants he had on. You  
16 couldn't tell me what kind of shirt.

17 A. No.

18 Q. And he had the usual haircut. And you saw him down  
19 by this big tree running and -- was anything unusual about  
20 that?

21 A. I never seen him running.

22 Q. You had never seen him running before.

23 A. No.

24 Q. Okay. And you didn't stop to ask him any questions.  
25 You didn't offer any relief or help; is that correct?

26 A. No.

27 Q. Then you turned -- made a left turn or right turn  
28 off of Carrollton.

29 A. Went left.

1 Q. And that would be Church; is that correct?

2 A. Yes.

3 Q. And you went down to Church. And you took Powell.

4 Is that what you are telling us?

5 A. Yes.

6 Q. And this person -- by the time you got to Jeff's  
7 Store you saw him again running.

8 A. Yes.

9 Q. You were in a car. This person was walking. So he  
10 ran fast enough to beat y'all to 51; is that correct?

11 A. I guess. I don't know.

12 Q. You saw him again at 51. Now, Mr. Harris didn't,  
13 didn't pull over and talk to anybody, did he?

14 A. No.

15 Q. And he didn't slow down after seeing Mr. Flowers,  
16 did he?

17 A. He drive slowly anyway.

18 Q. So he was driving slower than Mr. Flowers was  
19 running?

20 A. Yes. He wasn't driving wide open.

21 Q. Okay. And you said the person you saw was Mr.  
22 Flowers was running fast.

23 A. Yes.

24 Q. Okay. How many times had you seen him?

25 A. Two times.

26 Q. Okay. And either time did you notice any clothing?  
27 Did you notice any weapons?

28 A. No.

29 Q. You didn't notice any evidence of any crime at all,

1 did you?

2 A. No.

3 Q. At what point did you in your mind think that Mr.  
4 Flowers might have had something to do with the killings at  
5 Tardy's?

6 A. No.

7 Q. You never thought he did.

8 A. No.

9 Q. Okay. And you don't think he did to this day, do  
10 you?

11 A. No.

12 Q. Thank you.

13 One moment.

14 Now, prior to going to -- prior to Mr. Johnson coming and  
15 talking to you and prior to your talking to Miss Meeks, had  
16 you been reading about the murders down at Tardy's Furniture  
17 store?

18 A. No.

19 Q. You hadn't read about it. Had you seen anything  
20 about it on television?

21 A. Never.

22 Q. Had you seen any reward posters or signs around  
23 town?

24 A. No.

25 Q. You didn't know there was a reward out.

26 A. I heard about it.

27 Q. You heard about it. Okay. So you knew. How much  
28 did you hear the reward was? What was your understanding of  
29 how much it was?

1 A. I don't know. I think \$5,000. I don't know.

2 Q. Okay. Whatever it was, that is what it was. Okay.

3 Now, do you know a Stacey Wright?

4 A. Yes.

5 Q. Do you know Latarsha Blissett?

6 A. Yes.

7 Q. Have y'all ever had a conversation about who you saw  
8 running?

9 A. I talked to Tarsha about it.

10 Q. Okay. You ever talked to Stacey Wright?

11 A. No.

12 Q. Is that your cousin?

13 A. Yes.

14 Q. Did you ever deny to either one of those that you  
15 had seen Curtis Flowers running back behind Tardy's?

16 A. No.

17 Q. If they came in and said you did, that would be a  
18 lie.

19 A. Yes.

20 Q. Now, did you ever have one of those great moment  
21 experiences where you decided you were going to go ahead and  
22 pay Tardy's for the furniture that you owed, that was owed?  
23 Did you ever pay it?

24 A. I tried to get my brother to go pay it and they --  
25 he didn't have no way of getting in contact with them. When I  
26 talked to them, they told me don't worry about.

27 Q. Who told you don't worry about it? Somebody at  
28 Tardy's Furniture told you don't worry about paying it.

29 A. Yes.

1 Q. Why? Just because they are nice people?

2 A. No. They told me don't worry about it. They were  
3 just trying to grieve over their family members.

4 Q. How much did you owe them?

5 A. I don't know.

6 Q. Give me a rough estimate.

7 A. I don't know.

8 Q. What was the items that you owed them for? What did  
9 you get from there that you didn't pay for? What was it?

10 A. Living room set.

11 Q. Living room set. Did you ever discuss with anyone  
12 what you were going to do with this reward once you finally  
13 get it?

14 A. No. I never discussed nothing like that.

15 Q. Okay. You never received any money; is that  
16 correct?

17 A. No.

18 Q. Do you know anyone named Wanda?

19 A. Yes.

20 Q. You never -- oh, that's Miss Meeks. You talking  
21 about somebody other than Miss Meeks. Is Miss Meeks the only  
22 one you know?

23 A. Yes.

24 Q. Okay. Now, this Wanda Meeks lady -- and do you  
25 still work at Multi-Craft.

26 A. No. It's closed down.

27 Q. It's closed down. Now, have you seen Miss, Miss  
28 Meeks since she helped you get with Mr. Johnson?

29 A. I see her on the highway.

1 Q. See her on the highway. Now, this will make your  
2 sixth time testifying in this case; is that correct?

3 A. Yes.

4 Q. Did you ever mention that Wanda Meeks facilitated  
5 your going to John Johnson before in any, any trial?

6 A. No.

7 Q. Why didn't you?

8 A. They never asked.

9 Q. It was never asked. And now, when you talked to Mr.  
10 Johnson was, was Miss Meeks in the room with you?

11 A. No.

12 Q. Now, do you know if Mr. Johnson took a statement  
13 from Miss Meeks back then as well?

14 A. No.

15 Q. Now, you are sure that this conversation with Mr.  
16 Johnson, statement, statement with Mr. Johnson, that you gave  
17 telling him what you saw occurred at Multi-Craft.

18 A. I, I think. Yeah. At Multi-Craft and down at the  
19 police station.

20 Q. And you went to the police station. And where is  
21 the police station located?

22 A. It's the old police station down on the corner.

23 Q. Down where?

24 A. On the corner.

25 Q. Oh, right down there.

26 A. Yes.

27 Q. Right behind us?

28 A. No.

29 Q. Is it downtown?

1 A. It is downtown. Emergency 911 building.

2 MR. CARTER: May I approach the witness, Your  
3 Honor?

4 THE COURT: You may.

5 Q. Miss Fleming, can you look at this just briefly, or  
6 however long you need to look at it, and tell me what it is,  
7 if you know.

8 Could you read this line, first line, line for us, first  
9 paragraph?

10 A. Today is April 11, 19 --

11 Q. Speak up a little bit. I'm not sure everybody can  
12 hear you?

13 A. Today is April 11, 1997.

14 Q. Read the rest. First paragraph.

15 A. The time is 4:21 p.m. The following is --

16 THE COURT: Speak up, Miss Fleming. I don't  
17 think anybody can hear you.

18 A. The time is now 4:21 p.m. The following is a  
19 volunteer statement from Clemmie Fleming of 905-B Vernon  
20 Street, Winona, Mississippi.

21 Q. Does it say where the statement took place at?

22 A. (No response.)

23 Q. Read the rest of it.

24 A. At my house.

25 Q. Hold on a second.

26 A. It said 905-B Vernon. That's at my house.

27 Q. Read right there where it says the location.

28 A. The location in Montgomery County Courthouse.

29 Q. Okay. So did you -- so you gave a statement at

1 Multi-Craft to Mr. Johnson and he recorded it; right?

2 A. Um-hum.

3 Q. You gave a statement to Mr. Johnson at the police  
4 department. He recorded that. Is that correct?

5 A. Yes.

6 Q. And you also gave a statement, according to him, at  
7 the Montgomery County Courthouse. Is that also correct?

8 A. Yes.

9 Q. So you have given three statements to Mr. Johnson.

10 A. Somebody taped one at the -- at the police station  
11 too.

12 Q. Okay. The police station, Montgomery County  
13 Courthouse and Multi-Craft. Did you say the same thing in all  
14 of them.

15 A. I just -- that one, I didn't do that one.

16 Q. I'm sorry. I didn't understand --

17 A. I didn't say that one about the courthouse. It was  
18 so many. We done went to five cases.

19 Q. Okay. Can you tell us why they needed to talk to  
20 you so many different times and get so many different  
21 statements?

22 A. No.

23 Q. It wasn't your idea. It was the police idea. And  
24 you just complied with what they asked you to do.

25 A. Yes.

26 Q. Now, how many of these statements was Miss Meeks at?  
27 How many did Miss Meeks attend?

28 A. One.

29 Q. Now, did Mr. Johnson ever mention a reward to you?

1 A. No.

2 Q. Now, in this discussion -- strike that. Are you  
3 closer to Latarsha Blissett or your cousin, Stacey Wright?

4 A. Tarsha Blissett.

5 Q. Tarsha Blissett. And y'all used to talk a lot back  
6 in them days; right?

7 A. Yes, sir.

8 Q. And y'all used to, I think, get your hair fixed  
9 together or go to the beauty shop together; is that correct?

10 A. No.

11 Q. Y'all never did that.

12 A. (Shook head.)

13 Q. Did y'all visit a lot back then --

14 A. Yes.

15 Q. -- with each other? Now, the day that you were out  
16 there trying to pay your bills, did you see -- it was around  
17 10:00. Did you ever get to know Mr. Sam Jones?

18 A. No.

19 Q. Did you see him that, that morning?

20 A. No.

21 Q. Did you see -- you know Mary Jeanette Fleming?

22 A. Yes.

23 Q. That's your aunt, I believe, isn't it?

24 A. Yes.

25 Q. Did you see her that morning?

26 A. No.

27 Q. Or that day?

28 A. No.

29 Q. And after you decided you weren't going to pay your

1 bill, where did you go?

2 A. Went by sister's house. Then I went home.

3 Q. Okay. And what is your sister's name?

4 A. Mary Fleming.

5 Q. And how long did you stay at her house?

6 A. Not long.

7 Q. Didn't you get in the car with your sister after

8 y'all heard about the murders at Tardy Furniture --

9 A. No.

10 Q. -- and actually try to drive down Tardy's?

11 A. No.

12 Q. Okay. You didn't. Okay. Now, when you went to  
13 your sister Mary's house did you tell her that you saw anybody  
14 running?

15 A. I told her later on that day.

16 Q. Okay. Now, did you tell the police that you had  
17 told your sister you saw somebody running? Did you tell Mr.  
18 Johnson that in the three statements you gave him?

19 A. What?

20 Q. I don't want to confuse you. Let me start over.  
21 Now, you said you told your sister and you told -- you told  
22 Mary Ella that you saw somebody or Curtis Flowers running that  
23 day. Is that what you are telling us?

24 A. I told her later on that day.

25 Q. At some point that day you told her. About what  
26 time was it? In the afternoon?

27 A. It was in the evening time.

28 Q. In the evening. Okay. Who was at your sister's  
29 house when you got there that day?

1           A.    My family members.

2           Q.    Name them for me.

3           A.    Mary Eloise.  And Juanice.  And her friend BT.

4   (Phonetic.)

5           Q.    B --

6           A.    BT.

7           Q.    BT.  Now, didn't the Tardys tell you that if you  
8 didn't pay for your furniture at some point, and I'm talking  
9 about prior to your going down there that day to pay your  
10 bill, prior to those horrible incidents that occurred down at  
11 Tardy's.  Hadn't you been told that if you didn't pay your  
12 bill, the furniture would be repossessed?

13          A.    I answered that before.

14          Q.    And I apologize.  But did you say no, you hadn't  
15 been told that?

16          A.    Hadn't been told what?

17          Q.    I'm sorry.  Too much going on.  You said you had  
18 been told or had not?

19          A.    I had been told that if I come down there, that was  
20 she was going to come get my furniture?  Is that what you are  
21 asking?

22          Q.    Okay.  I think I understood you then.  How long had  
23 Wanda Meeks and you been working together before y'all talked  
24 and she showed you a picture?

25          A.    I really don't know.  I really don't know.

26          Q.    Okay.  Now, before Miss Meeks showed you the  
27 picture, you did not know that there was a young man.

28          A.    I know it was a kid, but I never seen his picture.  
29 I never seen his face.

1 Q. Okay. And you had known Miss Meeks for how long  
2 before this happened?

3 A. I don't know how long I knowed her.

4 Q. Was she your supervisor?

5 A. No. A employee. Regular employee just like me.

6 Q. Okay. Now, other than Miss Meeks, did you tell  
7 anyone else there --

8 A. No.

9 Q. -- that you had seen Mr. Flowers?

10 A. No.

11 Q. Okay. Now, haven't you talked to the district  
12 attorney or somebody in his employment recently concerning the  
13 role Miss Meeks played in your coming forth and giving a  
14 statement to the police?

15 A. Yes.

16 Q. And who exactly did you talk to?

17 A. I talked to John Johnson.

18 Q. Okay. And maybe three weeks ago? Is that about the  
19 time?

20 A. I don't remember.

21 Q. Okay. When he talked to you, isn't it a fact that  
22 he asked you about Miss Meeks and the role that she played in  
23 helping you come forth and to give information?

24 A. He -- she just said she knew a friend that I could  
25 talk to.

26 Q. Okay. And I probably confused you. Let me make  
27 sure you are not confused, and I'm not confused. My question  
28 was -- this what I think my question was. Did you talk to Mr.  
29 Johnson or somebody with the D.A.'s office recently, within

1 the last month, regarding Wanda Meeks?

2 A. Yes.

3 Q. Okay. And that person was Mr. Johnson; is that  
4 correct?

5 A. Yes.

6 Q. And no one but Mr. Johnson. Is that fair to say?  
7 Just Mr. Johnson. Nobody else.

8 A. Nobody.

9 Q. And isn't it fair to say that Mr. Johnson discussed  
10 with you Wanda Meeks?

11 A. She's the whole reason I'm here.

12 Q. She is the whole reason you are here.

13 A. Um-hum.

14 Q. And Mr. Johnson wanted you to say that; is that  
15 correct?

16 A. No.

17 Q. He wanted to remind you that Miss Meeks facilitated  
18 your coming forth and talking to him; is that correct?

19 A. I always told -- I always, you know, through all the  
20 cases I always asked him why she wasn't never here, because,  
21 you know, she was the reason why I was here. So why she  
22 wasn't here?

23 Q. Okay. And you asked him this about a month ago the  
24 last time you talked to him; is that correct?

25 A. Yes.

26 Q. You asked him again. And you asked him that every  
27 trial. Is that your testimony?

28 A. No. I asked him a couple of times.

29 Q. A couple of times. Despite your concern about that,

1 he, to your knowledge, never involved her; is that correct?  
2 He never, to your knowledge, interviewed her. To your  
3 knowledge he never -- she never got called as a witness. Is  
4 that your understanding?

5 A. I guess. I don't know.

6 Q. And were you made aware that on this particular  
7 occasion, the sixth trial, that the D.A.'s office had an  
8 interest in getting her involved this particular time? Was  
9 that made known to you in some way?

10 A. A little bit.

11 Q. Little bit. So it's your understanding at this  
12 point, that this particular time she will be coming forth as a  
13 witness.

14 A. I -- yes.

15 Q. And it's your understanding that she is coming forth  
16 this time to -- what is she coming forth for this time? Do  
17 you know?

18 MR. EVANS: Your Honor, that's my call, not  
19 this witness's call.

20 MR. CARTER: I just want to know what she  
21 knows, Your Honor, not what Mr. Evans --

22 THE COURT: I think it would be totally  
23 speculative as to this witness's knowledge of why  
24 somebody else might be called. So I will sustain the  
25 objection.

26 MR. CARTER: Yes, sir.

27 Q. Now, all of those statements that you gave to Mr.  
28 Johnson, did they all happen on the same day?

29 A. No.

1 Q. Different days. And I know it's been a long time.  
2 And I'm not trying to tie you down. But if you can, how much  
3 distance, how much time between the statements, lapsed between  
4 the time you gave the different statements?

5 A. I don't really know.

6 Q. Okay. Okay. Now, let me ask you this. You  
7 remember going to Tupelo and testifying.

8 A. Yes.

9 Q. Now, at the time you went to Tupelo, you had already  
10 talked to Mr. Johnson those three times; is that correct?

11 A. Yes.

12 Q. Okay. As a matter of fact, the first time that you  
13 talked to Mr. Johnson, Miss Meeks was, in fact, if not  
14 present, nearby. Is that fair to say?

15 A. Yes.

16 Q. Was she in the same room with you or next --

17 A. No.

18 Q. -- next door?

19 A. I don't know where she was at.

20 Q. Okay. Now, isn't it a fact that Miss Meeks had not  
21 been working at Multi-Craft for a long period of time before  
22 she facilitated your talking to Mr. Johnson? She hadn't been  
23 there several years working with you before then.

24 A. No.

25 Q. Okay. And one other question. Did you start  
26 working there first, or did Miss Meeks start working there  
27 first?

28 A. She was there first.

29 Q. She was there first. Now, did you go to Miss Meeks

COURT APPEALED FROM : Circuit Court

COUNTY : Montgomery

TRIAL JUDGE : Joseph H. Loper Jr.

Curtis Giovanni Flowers v. State of Mississippi

Kathy Gillis, Clerk

TRIAL COURT # : 2003-0071-CR

1 during this conversation you had with her, or did she come to  
2 you?

3 A. We were just sitting there talking, and we were  
4 talking about it. And it went from there.

5 Q. Okay. Now, the facts are that you were talking to  
6 somebody else other than Miss Meeks; is that correct, and Miss  
7 Meeks might have overheard what you were talking about; isn't  
8 that correct?

9 A. No.

10 Q. It's not. So you were not talking to other people  
11 and Miss Meeks overheard the conversation. You were talking  
12 directly to Miss Meeks when it was decided that you would come  
13 to Mr. Johnson; is that correct?

14 A. Yes.

15 Q. And to your knowledge --

16 One moment, Your Honor.

17 One final question, Miss Fleming. Miss Fleming, I hate  
18 to keep asking you questions. I am just trying to make a -- I  
19 just want to be clear. I want the jury to be clear. Do you  
20 know if you talked to any police officers concerning this case  
21 before you talked to Mr. Johnson?

22 A. No.

23 Q. Okay. Now, are you sure the street that you saw or  
24 allegedly saw Mr. Flowers on was Carrollton and not Church?

25 A. Yes.

26 MR. CARTER: One moment.

27 Thank you very much, Miss Fleming. I'm finished.

28 REDIRECT EXAMINATION BY MR. EVANS:

29 Q. Miss Fleming, did you allegedly see Curtis Flowers,

1 or did you see Curtis Flowers?

2 A. I seen Curtis Flowers.

3 Q. Any doubt about who you saw running from the back of  
4 Tardy Furniture on the morning of the murders?

5 A. No, sir.

6 Q. Now, you've stated that you didn't want to get  
7 involved in this? What, what got you involved in this case?

8 A. Like I said, it was a baby involved.

9 THE COURT: Speak up.

10 THE WITNESS: It was child involved.

11 Q. And that made you come forward.

12 A. Yes, sir.

13 Q. Now, opposing counsel has asked you about some  
14 family members. Have your family members tried to get you to  
15 do anything in relationship to this case?

16 MR. CARTER: Your Honor, I object to that. I  
17 didn't make any kind of inference that, that her family  
18 tried to --

19 MR. EVANS: He talked about conversations  
20 between them, and I think --

21 MR. CARTER: Judge, can I --

22 MR. EVANS: -- I can go into them.

23 MR. CARTER: Your Honor, I didn't make any  
24 remark whatsoever about her family members trying to  
25 influence her in any kind of way.

26 MR. EVANS: He talked about conversations  
27 between them, and he brought it up, Your Honor. So I  
28 think I am entitled to go into what the conversations  
29 were about.

4 Q. You may answer.

7 Q. Which sister was that?

9 Q. She tried to talk you out of testifying?

11 Q. You were also asked about reward money. Did you  
12 ever receive a penny of reward money in this case?

14 Q. You were also asked about the statements you gave  
15 John Johnson. What time did you tell John Johnson that you  
16 went to Tardy Furniture that morning?

18 Q. Speak up.

20 Q. Who did you tell him you saw running away from Tardy  
21 Furniture that morning?

23 MR. EVANS: That's all I have, Your Honor.

26 MR. EVANS: As far the State is concerned, she  
27 may be excused, Your Honor.

28 MR. CARTER: I can't really think of a reason  
29 why we need her either, Your Honor.

1 THE COURT: Miss Fleming, you may step down.  
2 You are free to leave and go where ever you need to.

3 MR. EVANS: Your Honor, you may want to take,  
4 if you will, a short break. I think we are going to go  
5 into the transcript.

6 THE COURT: Ladies and gentlemen, you  
7 definitely need a break right now. So we will call about  
8 a 15-minute recess, allow you to -- some of you that need  
9 to smoke, go out and take you a break. We will resume  
10 after that.

11 (A RECESS WAS TAKEN.)

12 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
13 AND THE DEFENDANT WERE PRESENT IN OPEN COURT.)

14 (THE JURY RETURNED TO THE COURTROOM.)

15 THE COURT: I believe the State indicated  
16 Charles "Porky" Collins is next.

17 Ladies and gentlemen, Mr. Collins at some previous  
18 time, testified under oath. He is deceased now. So this  
19 is going to be the same procedure that was done with --  
20 when Mr. Jones' testimony was read. And Mr. Collins at  
21 the time was under oath. He was subject to  
22 cross-examination by both counsel. He's -- this  
23 testimony is just to be considered just like the  
24 testimony of a witness that you have actually seen live  
25 here in the courtroom.

26 Mr. Blackmon is going to come forward. But when he  
27 is reading he is going to be speaking the words that Mr.  
28 Collins spoke when he was giving testimony at a previous  
29 time.

1 Mr. Howie, you may proceed.

2 (THE TRANSCRIPT OF THE TESTIMONY OF CHARLES "PORKY"  
3 COLLINS WAS READ.)

4 MRS. STEINER: If the Court please, may we  
5 interrupt and approach?

6 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER AND MR.  
7 CARTER APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE  
8 HAD OUTSIDE THE HEARING OF THE JURY.)

9 MRS. STEINER: My question was do we have an  
10 Exhibit S-113? That is that same item he is discussing.  
11 We are going to have that displayed to the jury.

12 MR. HOWIE: I was wanting to get it admitted.

13 THE COURT: Has this been agreed?

14 MRS. STEINER: We have no objection.

15 THE COURT: Why don't I just go ahead and tell  
16 the jury that what is going to be referred to as Exhibit  
17 S-99 is S-113.

18 MR. HOWIE: Yes, sir. That's right.

19 (THE BENCH CONFERENCE WAS CONCLUDED.)

20 THE COURT: Okay. Ladies and gentlemen, there  
21 is a piece of evidence that is going to be admitted now  
22 as S-113, State Exhibit 113. In this transcript it was  
23 referred to as Exhibit S-99, but it is in fact S-133  
24 (sic) in this trial.

25 (THE WAL-MART RECEIPT FROM CHARLES "PORKY" COLLINS  
26 PREVIOUSLY MARKED STATE'S EXHIBIT S-113 WAS ADMITTED INTO  
27 EVIDENCE.)

28 THE COURT: Miss Steiner, why don't we take a  
29 recess right now?

1 (A RECESS WAS TAKEN.)

2 (MR. EVANS, MR. HOWIE, MRS. STEINER, MR. CARTER AND THE  
3 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS WERE AS  
4 FOLLOWS:)

5 MR. EVANS: Your Honor, before we go forward --

6 THE COURT: I have got to get quiet in the  
7 courtroom.

8 MR. EVANS: Before we go forward, I have an  
9 issue that I'd like to bring up with the Court. The  
10 exhibits that are in evidence 131, 132, 133, 134 and 135,  
11 the rods that Dr. Hayne demonstrated angles of the  
12 projectiles have been removed from them. And I have been  
13 told by folks in the audience that Mr. Carter is the one  
14 that removed those. If he is I would like to know why he  
15 is tampering with exhibits that are in evidence in this  
16 case.

17 MR. CARTER: I did do it, Your Honor. I  
18 certainly didn't mean to tamper. What I caught myself  
19 doing, and I didn't think -- it was keeping the jury from  
20 continuing to look at this display with the rods in the  
21 head. Maybe I made an error. The hole is still in it.  
22 I thought it was just as simple to just stick the rod  
23 back in it when we needed to. I didn't realize I was  
24 debasing it. I certainly wasn't trying to.

25 THE COURT: Mr. Carter, if you have got a trial  
26 where evidence is displayed in the courtroom that needs  
27 to be addressed to the Court. You don't need to be  
28 taking it upon yourself to do this, and I would just  
29 instruct you to just --

1 MR. CARTER: I agree, Your Honor.

2 THE COURT: -- put them back in like they were,  
3 if we can agree on that. And then they can be sat down  
4 out of the constant view of the jury.

5 MR. EVANS: I don't know that they can be put  
6 back like Dr. Hayne put them, Your Honor. I can't.

7 MR. CARTER: I can see one hole. I caught  
8 myself looking at it.

9 MR. EVANS: That was the whole purpose of the  
10 exhibit, was so that the jury could see the exact angles.

11 MR. CARTER: Wait a minute. I looked at it  
12 good. It ain't but one hole.

13 MR. HOWIE: That is the one that doesn't have  
14 an exit wound. He has made an exit wound on that.

15 MR. CARTER: Excuse me. I certainly didn't  
16 intend to. I didn't mean it. I apologize. Whatever  
17 consequences I have got to pay, I will pay it. I  
18 certainly didn't mean anything by it.

19 THE COURT: I will have the State now look at  
20 them. They look to be pretty close approximations to me.

21 MR. EVANS: They are as close as I can tell,  
22 Your Honor.

23 THE COURT: I am not sure that there is a  
24 trajectory of the bullet issue involved in this case  
25 anyway. So I think that is very close to where Dr.  
26 Hayne --

27 Tammy, you can just set those on the floor right now  
28 so the jury won't be constantly looking at them. Because  
29 they --

1 MRS. STEINER: Your Honor, I do think --

2 THE COURT: I don't say distracting but in the  
3 event they might be, I want them to just be sat down for  
4 right now.

5 MRS. STEINER: They are not relevant to what  
6 the jury is hearing now.

7 THE COURT: I'll have the jury come back in  
8 now.

9 MRS. STEINER: Your Honor, before they come in,  
10 I was preparing for the second two-thirds of this. I  
11 realize that we are on -- now, we are going to eventually  
12 come to Page 650 of this transcript.

13 THE COURT: And y'all are going to -- because  
14 my numbers at the top -- it's the very same transcript,  
15 but I have got different numbers.

16 MRS. STEINER: In five pages -- we've stopped  
17 at Line 14 on what the Court transcript, which is what  
18 I'm working from, Page 1645.

19 THE COURT: Page what?

20 MRS. STEINER: In the Supreme Court transcript,  
21 if I may approach, Your Honor.

22 THE COURT: My numbers are like 1700 and things  
23 like -- I don't know.

24 MRS. STEINER: Let me look at the transcript  
25 that's been marked for identification, and I can say this  
26 using those page numbers. On the transcript marked for  
27 identification, we are presently on Page 1645.

28 THE COURT: My numbers and -- I don't know,  
29 because it's the very same transcript. But for some

1 reason the numbers are not the same.

2 MRS. STEINER: I'm wondering if maybe it got  
3 printed straight from the ASCII file.

4 THE COURT: It may be. I don't know. But  
5 anyway, what -- you say it is in about five pages.

6 MRS. STEINER: In about five pages, at Page  
7 1650, Mr. Lumumba asks to approach and there is bench  
8 conference.

9 THE COURT: Okay. I am on that now.

10 MRS. STEINER: And then the next three -- and  
11 then on the next page, there is a bench conference, which  
12 obviously wouldn't be to the Court -- to the jury. And  
13 then at that point, the Court elects to recess for the  
14 night. And I was going to propose that since we have  
15 already had a recess for this jury, that at the point at  
16 which Mr. Lumumba proposes to approach, at Page 1650 read  
17 through where the Court says sure and then not commence  
18 reading again until on this transcript it's 1654, when  
19 Court resumes mid-page at Line 14, 15. There is a good  
20 morning, Mr. Collins. Good morning. I would propose  
21 that we simply, once the pause for bench conference  
22 happens -- or just to read nothing in this transcript  
23 from Page 1650, Line 27, to redact from the reading of  
24 this transcript everything --

25 THE COURT: Well, like good morning or good  
26 evening.

27 MRS. STEINER: Not even good morning.

28 THE COURT: Well, I mean the good evening or  
29 that we are recessing for the evening.

1 MRS. STEINER: Well, I was thinking we might  
2 just resume with just to put this quickly in context and  
3 -- rather than even announce that a recess.

4 THE COURT: Well, I have no problem with doing  
5 it that way.

6 MR. HILL: We don't object to that.

7 MRS. STEINER: Okay. I'll show you.

8 THE WITNESS: I understand.

9 MRS. STEINER: Thank you. This is confusing  
10 enough as it is.

11 THE COURT: You can bring them in now.

12 (THE JURY RETURNED TO THE COURTROOM.)

13 THE COURT: Okay. Court will come back to  
14 order.

15 Ladies and gentlemen, this is the continuation of  
16 the testimony of Porky Collins.

17 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
18 CHARLES "PORKY" COLLINS RESUMED.)

19 MR. HOWIE: I'm sorry to interrupt. I think  
20 that needs to be marked, as it was placed into evidence.  
21 That is just marked for identification right now.

22 THE COURT: I didn't know if Tammy had already  
23 premarked it, because there were some things she already  
24 premarked. So I will go ahead and let her now mark it  
25 into evidence.

26 MR. HOWIE: And also, Your Honor, I think it  
27 has a different number as the exhibit that is referred to  
28 in here.

29 THE COURT: When she gives it a new exhibit

1 number here, I will state for the record what that number  
2 is.

3 MRS. STEINER: May we approach, Your Honor?

4 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER AND MR.

5 CARTER APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE  
6 HAD OUTSIDE THE HEARING OF THE JURY.)

7 MRS. STEINER: I realize it wasn't done in this  
8 transcript, but we now have the originals of both of  
9 these photo i.d. line-ups available to be marked into  
10 evidence.

11 MR. HOWIE: The original.

12 MRS. STEINER: The originals came in at that --

13 THE COURT: Why don't we all just go ahead and  
14 all agree right now to let them both be admitted into  
15 evidence?

16 MRS. STEINER: All right. I'd like to have the  
17 Court instruct that the second thing we are marking is  
18 the first thing the witness -- we are talking about, if  
19 that would be all right.

20 MR. HOWIE: Why don't we just mark -- just put  
21 the original in and --

22 MRS. STEINER: Right.

23 MR. HOWIE: I don't even know --

24 THE COURT: I am kind of confused about what  
25 you just said. I figure the jury knows. But why don't  
26 you, when they are both marked, just state into the  
27 record what it is that they are looking at so that -- I  
28 mean what it is you are handing him.

29 MR. HOWIE: Only thing I know about, that is

1 that one right there that he has --

2 THE COURT: He was shown two.

3 MR. HOWIE: Oh, okay.

4 (THE BENCH CONFERENCE WAS CONCLUDED.)

5 MRS. STEINER: If the Court please, after the  
6 bench conference, I'm showing something -- we might as  
7 well go ahead and mark what was actually the first  
8 line-up discussed by the witness. I think it is S-173  
9 for identification. We would like to -- if the parties  
10 agree, that may be offered into evidence at this time  
11 together with S-142 for identification. And because they  
12 didn't have the originals then I would like to state into  
13 the record that the one marked S-143 for identification,  
14 that is going to be entered into evidence as S-143 is the  
15 first line-up that the witness was discussing. And that  
16 what is going to be marked into evidence as S-142 for  
17 i.d. is actually the second line-up that the witness is  
18 about to discuss in his testimony as it proceeds here.

19 THE COURT: Okay. That is fine. If you will  
20 just have the court reporter mark these both into  
21 evidence.

22 (A PHOTO LINE-UP WAS MARKED STATE'S EXHIBIT NUMBER 142  
23 AND ADMITTED INTO EVIDENCE.)

24 (A PHOTO LINE-UP WAS MARKED STATE'S EXHIBIT NUMBER 143  
25 AND ADMITTED INTO EVIDENCE.)

26 THE COURT: We will take about a five-minute  
27 recess.

28 (A RECESS WAS TAKEN.)

29 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE

1 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS CONTINUED  
2 AS FOLLOWS:)

3 MRS. STEINER: Yes, Your Honor, before the jury  
4 comes in, I would just like to invite the Court's  
5 attention that we have a continuing objection based on  
6 our pretrial motion to suppress all evidence of the  
7 identification. We do not waive it by virtue of the fact  
8 that we have marked these into evidence in connection  
9 with this witness.

10 THE COURT: So noted.

11 MRS. STEINER: Thank you. That was all I had.

12 THE COURT: Okay. You can bring the jury in.

13 (THE JURY RETURNED TO THE COURTROOM.)

14 THE COURT: You may continue.

15 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
16 CHARLES "PORKY" COLLINS CONTINUED.)

17 MRS. STEINER: May we approach, Your Honor?

18 (MR. HOWIE AND MRS. STEINER APPROACHED THE BENCH FOR THE  
19 FOLLOWING BENCH CONFERENCE HAD OUTSIDE THE HEARING OF THE  
20 JURY.)

21 MRS. STEINER: I just wanted to confer with the  
22 Court. Are we talking -- is this what we think is the  
23 other? Are we introducing this one or the other one? He  
24 marks two of them, and I just don't want the jury to be  
25 confused.

26 They are both -- oh, I'm sorry. Forgive me. That  
27 has to do with the photographs of the store.

28 This is the color photo line-up was marked Exhibit  
29 D-10 for identification. Should we just skip that since

1 we have both of them in evidence now?

2 THE COURT: Just state in the record what line  
3 you are going to be picking up on and what page. I mean  
4 state it here.

5 MRS. STEINER: Right. I'm going to -- I think  
6 this is the first, because the first one -- what I was  
7 going to do is, is I was going to skip Line -- I was  
8 going to skip, for the record, Line 17 on Page 1689  
9 through Line 5 on 1690. And then in lieu -- and then in  
10 lieu of starting at Line 6 with the words, for  
11 identification Mr. Collins, this has been marked as D-10  
12 for identification, I was simply going to say I am  
13 presenting you D-1, whatever the second line-up -- the  
14 first line-up. I think it's D-143.

15 MR. HOWIE: S.

16 MRS. STEINER: And then, then I am showing you  
17 what is in evidence as S-143. That's the first line-up.

18 THE COURT: Okay. That's fine.

19 MRS. STEINER: And then, then I will commence  
20 on Line 7 with the next sentence. And I am showing you,  
21 it appears to be one of the pictures.

22 THE COURT: Okay.

23 MRS. STEINER: Thank you, your Honor.

24 (THE BENCH CONFERENCE WAS CONCLUDED.)

25 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
26 CHARLES "PORKY" COLLINS RESUMED.)

27 MRS. STEINER: Your Honor, for the record, I  
28 believe that we have a different exhibit number in this  
29 transcript than is actually the exhibit number that this

1 jury will be looking at. And with the Court's  
2 permission, at Line 21 the transcript reads this is  
3 State's Exhibit Number 1. And I am going to read State's  
4 Exhibit S-2, because in conference with the district  
5 attorney we have determined that when this witness was  
6 being examined S-2 is the photo he was being shown.

7 THE COURT: That is fine.

8 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
9 CHARLES "PORKY" COLLINS RESUMED.)

10 MRS. STEINER: Your Honor, I think this may be  
11 mistaken, because the witness responds yes.

12 MR. HOWIE: Three or four pictures of the  
13 outside.

14 That must be it then.

15 MRS. STEINER: Your Honor, allow me to correct  
16 for the jury.

17 I am going to give, for the purpose of this  
18 testimony, what is also marked S-1 in this trial.

19 THE COURT: Okay. So the Exhibit 1 is the same  
20 then as Exhibit 1 --

21 MRS. STEINER: Yes.

22 THE COURT: -- that was being referred to in  
23 his testimony.

24 MRS. STEINER: His testimony is referring to  
25 what this jury will be looking at marked as S-1.

26 THE COURT: That is fine.

27 MRS. STEINER: Thank you.

28 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
29 CHARLES "PORKY" COLLINS RESUMED.)

1 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER AND MR.  
2 CARTER APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE  
3 HAD OUTSIDE THE HEARING OF THE JURY.)

4 MR. HILL: Miss Steiner told me she was looking  
5 for some of the older defense exhibits that we had  
6 brought in the other day.

7 MRS. STEINER: Yeah.

8 MR. HILL: And they may have been collected  
9 back up when we left the other day and taken back out of  
10 the courtroom.

11 MRS. STEINER: Oh, okay.

12 MR. HILL: If the Court will give me a -- I'm  
13 not the one doing the questioning. If the Court will  
14 excuse me, I will go out there and see if I can gather  
15 up --

16 What are you looking for?

17 MRS. STEINER: D-11 and D-12.

18 MR. HILL: What, what is --

19 (MR. HILL AND MRS. STEINER STEPPED AWAY FROM THE BENCH.)

20 COURT REPORTER: Judge.

21 THE COURT: Are y'all off the record because --  
22 I mean if you are going to be on the record you need to  
23 be standing here so the court reporter can --

24 MR. HILL: No.

25 MRS. STEINER: We are conferring.

26 THE COURT: Okay.

27 MRS. STEINER: Your Honor -- this is on the  
28 record.

29 Is this going to take five or so minutes?

1 MR. HILL: Three, four, minutes. Maybe less.

2 THE COURT: Well, I mean, this witness -- why  
3 don't you just go find what was originally marked as D-11  
4 and 12 and then we can tell the jury what you were  
5 referring to?

6 MRS. STEINER: All right. Thank you.

7 THE COURT: What was being referred to. But  
8 you can go ahead and be reading this.

9 MRS. STEINER: Thank you.

10 (THE BENCH CONFERENCE WAS CONCLUDED.)

11 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
12 CHARLES "PORKY" COLLINS RESUMED.)

13 MRS. STEINER: Your Honor, what's been being  
14 referred to as Exhibit D-9 from the trial held in  
15 Harrison County has been discovered, and I would like to  
16 have it marked as the next succeeding defense exhibit in  
17 this trial.

18 THE COURT: That's fine.

19 MRS. STEINER: But to leave the sticker that  
20 says D-9 from the previous trial exposed since the  
21 witness has been talking about it by that number.

22 THE COURT: That's fine.

23 To be clear for the record, the new evidence sticker  
24 is a very dark blue color, where the original sticker is  
25 a light blue that had D-11.

26 MRS. STEINER: D-9.

27 THE COURT: I'm sorry. D-9. But for the  
28 purpose of this trial, it will have a new evidence  
29 sticker in dark blue. And the court reporter momentarily

1 can advise what number that will be.

2 COURT REPORTER: Thirteen.

3 THE COURT: Okay. Number 13. It will be D-13  
4 for this trial.

5 (A COPY OF A MAP WAS MARKED DEFENDANT'S EXHIBIT NUMBER 13  
6 AND WAS ADMITTED INTO EVIDENCE.)

7 MRS. STEINER: For the record, this is S-1.

8 And this was then passed to the jury also.

9 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
10 CHARLES "PORKY" COLLINS RESUMED.)

11 THE COURT: S-4 that is being referred to in  
12 the transcript is -- do we have a new exhibit number for  
13 it?

14 MRS. STEINER: We do not apparently have that  
15 exhibit. If we have that exhibit, it will have to be  
16 found and passed to the jury.

17 MR. EVANS: We are going to compare when we get  
18 through with this.

19 THE COURT: So we can clear that up sometime  
20 later then. How about D-11 and D-12?

21 MRS. STEINER: D-11 and D-12 are also pictures  
22 that we do not presently have physically present in the  
23 courtroom.

24 Did you find those?

25 MR. EVANS: Huh-huh. They are not in this.

26 MRS. STEINER: Your Honor, I do have on my  
27 computer copies of those two pictures that I made when  
28 they were produced to us. We can reproduce those and  
29 have those entered into evidence, but I don't want to

1 hold this jury up.

2 THE COURT: Okay. That is fine.

3 MRS. STEINER: It is getting late.

4 THE COURT: As long as we get that clear at  
5 some point in the record.

6 MRS. STEINER: And what I'm going to do is read  
7 this. The ladies and gentlemen of the jury will have to  
8 when this is concluded and when they are -- when it's  
9 finally in evidence, they can review them then.

10 THE COURT: Okay.

11 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
12 CHARLES "PORKY" COLLINS RESUMED.)

13 MRS. STEINER: Your Honor, that is one that  
14 will be marked at a subsequent time.

15 THE COURT: That's fine.

16 MRS. STEINER: S-91 in this case. S-142.

17 THE COURT: Okay. S-142 is for the new trial.

18 MRS. STEINER: It's in evidence.

19 THE COURT: But it was originally marked in  
20 another trial as S-91.

21 MRS. STEINER: That's true.

22 (THE READING OF THE TRANSCRIPT OF THE TESTIMONY OF  
23 CHARLES "PORKY" COLLINS RESUMED.)

24 THE COURT: We are going to recess and begin  
25 tomorrow morning with you reading the redirect.

26 Ladies and gentlemen, we are going to recess for the  
27 evening. I'll ask you, like I have and like I will  
28 continue to, please do not discuss this case with anyone  
29 or among yourselves. You can't talk to anybody or the

1 lawyers are not going to nod your way if they were to see  
2 you.

3 Also, you are being sequestered. But by  
4 happenstance, if you should see some newspaper, look the  
5 other direction. And with that, ladies and gentlemen, we

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
2 OPEN COURT ON JUNE 15, 2010, WITH THE  
3 COURT, THE COURT REPORTER, ALL COUNSEL FOR  
4 BOTH PARTIES, THE DEFENDANT, THE CIRCUIT  
5 COURT CLERK AND THE JURY PRESENT, TO-WIT:)

6 **BY THE COURT:** Good morning, ladies and  
7 gentlemen of the jury. We're ready to proceed.

8 There were some exhibits yesterday that  
9 were made reference to when the testimony of  
10 Mr. Collins was being read. Now we're going to  
11 actually have those available for your use  
12 during deliberations and counsel is going to  
13 read the exhibit numbers that they have now  
14 been given.

15 **BY MRS. STEINER:** All right, sir. It's  
16 presently marked for identification. Your  
17 Honor, Exhibits D-11 and D-12 discussed  
18 yesterday in testimony have been marked D-15 as  
19 a collective exhibit, and we'd move that into  
20 evidence with consent of the --

21 **BY MR. HOWIE:** No objection.

22 **BY THE COURT:** Fine.

23 **BY MRS. STEINER:** And what has been  
24 identified as S-3 yesterday has now been marked  
25 as D-14 for identification, and we move those  
26 into evidence now.

27 **BY MR. HOWIE:** No objection.

28 **BY THE COURT:** I'll allow them both to be  
29 admitted.

## COURT DISCUSSES MATTERS WITH COUNSEL - JURY OUT

1 (DEFENDANT'S EXHIBITS NO. D-14 and D15  
2 WERE RECEIVED INTO EVIDENCE.)

3 BY MRS. STEINER: I'd like to have the  
4 jury look at them as well.

5 BY MR. HOWIE: Are you ready, Your Honor?

6 BY THE COURT: You can proceed now.

7 (THE CONTINUED TESTIMONY OF PORKY  
8 COLLINS WAS THEN READ TO THE JURY)

9 BY THE COURT: Who will the State now call  
10 next?

11 BY MR. EVANS: Odell Hallmon.

12 BY THE COURT: Come around, please. Raise  
13 your right hand and take the oath. Do you  
14 solemnly swear or affirm that the testimony you  
15 give in this case to be the truth, the whole  
16 truth and nothing but the truth, so help you  
17 God?

18 BY THE WITNESS: Yes, sir.

19 BY THE COURT: Have a seat, please. State  
20 your name for the benefit of the record,  
21 please.

22 BY THE WITNESS: Odell Hallmon.

23 BY THE COURT: You may proceed.

24 BY MR. EVANS: Thank you, Your Honor.

25 DIRECT EXAMINATION

26 BY MR. EVANS:

27 Q Mr. Hallmon, you're going to need to speak  
28 loud so that everybody on the jury can hear you;  
29 okay?

## HALLMON - DIRECT

1           **A**     Yes, sir.

2           **Q**     Let's start over. State your name,  
3 please.

4           **A**     Odell Hallmon.

5           **Q**     All right. Mr. Hallmon, I noticed that  
6 you are in prison clothes; is that correct?

7           **A**     Yes, sir.

8           **Q**     Are you in the penitentiary at this time?

9           **A**     Yes, sir.

10          **Q**     For what charge?

11          **A**     Possession of a controlled substance.

12          **Q**     Who put you in the penitentiary?

13          **A**     You -- or Doug, Mr. Doug Evans.

14          **Q**     So I'm the one that prosecuted you?

15          **A**     Yes, sir.

16          **Q**     What are your prior convictions?

17          **A**     Aggravated assault and possession of a  
18 firearm.

19          **Q**     Okay. You know a person by the name of  
20 Curtis Flowers?

21          **A**     Yes, sir.

22          **Q**     How long have you known him?

23          **A**     Long time.

24          **Q**     Can you give us just some kind of rough  
25 idea? You need to speak up.

26          **A**     About 20-something years.

27          **Q**     All right. Now, you still need to speak a  
28 little louder.

29          **A**     Yes, sir.

## HALLMON - DIRECT

1           Q     Act like I'm hard of hearing and just  
2 holler at me if you have to.

3           A     Yes, sir.

4           Q     Were you in jail with the Defendant Curtis  
5 Flowers after the murder at Tardy Furniture?

6           A     Yes, sir.

7           Q     And do you know a person by the name of  
8 Patricia Hallmon or Odom?

9           A     Yes, sir.

10          Q     Who is she?

11          A     That's my sister.

12          Q     And she's a witness in this case; is that  
13 right?

14          A     Yes, sir.

15          Q     Did the Defendant Curtis Flowers ask you  
16 when y'all were in jail together --

17                BY MR. CARTER: I object to leading.

18       BY MR. EVANS:

19          Q     Did the Defendant ask you to do anything  
20 in reference to his sister Patricia?

21          A     Yes, sir.

22          Q     What did he ask you do?

23          A     He asked me to discredit her testimony,  
24 lie against her for him.

25          Q     Did you do that?

26          A     Yes, sir.

27          Q     You actually testified in a case against  
28 the State for the Defendant that she had lied?

29          A     Yes, sir.

## HALLMON - DIRECT

1           Q     Was that true?

2           A     No, sir.

3           Q     Why did you lie on your sister for him?

4           A     Because me and him were friends at the  
5 time, and he made it like her testimony was -- if I  
6 could get her testimony throwed out, it would  
7 benefit him and get his case overturned.

8           Q     And you tried to help him by lying?

9           A     Yes, sir.

10          Q     Now, while you were in jail with him, did  
11 he ever admit anything to you about the murders at  
12 Tardy's Furniture?

13          A     Yes, sir.

14          Q     What did he admit to you?

15          A     He admitted that he killed the people at  
16 Tardy Furniture.

17                BY MR. EVANS: Your Honor, I tender the  
18 witness.

19                BY MR. CARTER: One moment, Your Honor.

20                BY THE COURT: Certainly.

21                               **CROSS-EXAMINATION**

22           BY MR. CARTER:

23           Q     When did he admit it, Mr. Hallmon?

24           A     When we first went to Parchman.

25           Q     Where were you at?

26           A     Lockdown in Parchman.

27           Q     You were in lockdown?

28           A     We --

29           Q     What cell were you in?

## HALLMON - CROSS

1           **A**     We were right beside one another.

2           **Q**     And Curtis Flowers charged with four  
3     murders?

4           **A**     Yes.

5           **Q**     He told you he committed the murders?

6           **A**     Oh, yes, sir. Just like he told me to lie  
7     against my sister.

8           **Q**     Do you remember giving a videotaped  
9     statement at some point and being asked that  
10    question by Mr. Johnson or somebody?

11          **A**     I believe I do.

12          **Q**     And it's your testimony that you said on  
13    that tape that Mr. Flowers told you he killed those  
14    people?

15          **A**     Well, not exactly then. But now I told  
16    Mr. Evans when I first started talking to him.

17          **Q**     What did you tell Mr. Evans?

18          **A**     Well, my mama had -- when I got out of  
19    prison, mama was on me every day about the lie I  
20    made because my sister wouldn't talk to me because I  
21    had lied against her. And so trying to help him and  
22    so I called him and told him even what happened.

23          **Q**     Who was there when you told Mr. Evans  
24    that?

25          **A**     Well, my mama was in the house, but I was  
26    taking to Mr. Evans on the phone.

27          **Q**     You love your sister?

28          **A**     Oh, yes, sir.

29          **Q**     Deeply, don't you?

## HALLMON - CROSS

1           **A**     Yes, sir.

2           **Q**     She loved you deeply, don't she?

3           **A**     Yes, sir.

4           **Q**     Yet you went in Gulfport, Mississippi --

5           **A**     Yes, sir, I did that, but see --

6           **Q**     -- and lied on her?

7           **A**     Yes, sir, I did it because --

8           **Q**     You lie a lot, don't you?

9                   **BY MR. EVANS:** Your Honor, he keeps  
10           interrupting the witness. I would object to  
11           him not allowing the witness to answer the  
12           questions.

13                   **BY THE COURT:** Yeah. Let him complete his  
14           answer, and you can ask the next one.

15           **A**     Yes, sir. But at the time, I was -- we  
16           was right beside one another, and I was looking at  
17           him as a friend. And the time we was in Unit 32  
18           lockdown where you couldn't smoke so he was the only  
19           one being able to smoke cigarettes so he was keeping  
20           me supplied with cigarettes. All this until I sent  
21           or he wrote a note. I recopied the note. I did  
22           exactly what he said. But I sent it there, and I  
23           got on the stand and did it. And it didn't dawned  
24           on me until I got up that I done made a mistake. I  
25           didn't know how crucial this was. But now when I  
26           found out and my mama and my family turned against  
27           me.

28                   **BY MR. CARTER:** Your Honor, I object to  
29           that. That's not answering my question.

## HALLMON - CROSS

1           **BY MR. EVANS:** He's trying to answer the  
2 question.

3           **BY MR. CARTER:** That is not answering a  
4 question. That's not answering my question.

5           **BY MR. EVANS:** He's trying to.

6           **BY THE COURT:** I'll let him continue with  
7 that. I mean, he's answering a question.

8           **BY MR. CARTER:** Your Honor, he's not  
9 answering the question.

10 **BY MR. CARTER:**

11           **Q** Go on. Just go on as long as you need to.  
12 Take the next hour if you need to.

13           **A** Well, I got out and my mama was carrying  
14 on about telling the truth, so my sister and my  
15 family turned against me because I got up there and  
16 lied on him. So I tried to straighten it out, and  
17 that's when I called Mr. Doug Evans and told him  
18 that I lied on the stand and tried to get Curtis off  
19 the charges and that he did admit to me; he did.  
20 But we was friends in lockdown together.

21           **Q** You were friends with Mr. Flowers?

22           **A** Yes, sir.

23           **Q** And that friendship was so -- when is  
24 Mr. Flowers' birthday?

25           **A** I don't know how all that, sir.

26           **Q** Mr. Flowers have any children?

27           **A** I don't know. I believe so, yes, sir. We  
28 was locked up together now. I been knowing him all  
29 my life.

## HALLMON - CROSS

1           Q     I know, but you're supposed be friends and  
2 I'm shocked you don't know his birthday. Now,  
3 Mr. Flowers made you tell on your sister?

4           A     Well, he did.

5           Q     That's what I'm understanding. Had he  
6 convinced you, overwhelmed your own personal  
7 feelings toward your sister, who you admitted you  
8 loved --

9           A     It wasn't --

10          Q     Do you mind if I ask a question?

11                BY THE COURT: Let him finish his question  
12 first.

13          A     Yes, sir.

14       BY MR. CARTER:

15          Q     Mr. Flowers told you what to do,  
16 overwhelmed your own personal judgment and  
17 conscience and had you to lie on your sister and you  
18 did that. You're telling the jury you did that  
19 because you wanted some cigarettes?

20          A     Man, in jail --

21          Q     Did you do that because you wanted --

22                BY MR. EVANS: Your Honor, he has to have  
23 a right to answer the question. He can't just  
24 keep interrupting him.

25       BY MR. CARTER:

26          Q     Did you do that because you wanted some  
27 cigarettes?

28          A     I wanted the cigarettes, but he promised  
29 me thousands of dollars, too. But, see, this is how

## HALLMON - CROSS

1     it went. All right. He asked me -- he wrote -- me  
2     and him talked for months before it even came to  
3     him. He feels like -- I just feel like he trust me  
4     like I trust him. But now nicotine was an  
5     addiction. Now, and you being somewhere where can't  
6     nobody smoke, and he the only one got a cigarette,  
7     man, play a mind game.

8           Q     Okay. Mr. Flowers was the only one at the  
9     prison that has some cigarettes?

10          A     We was in the two zone. We was only two  
11     of the 25 inmates, he was the only one person.

12          Q     Mr. Flowers was the only person out of 25  
13     people who had some cigarettes?

14          A     Yes, sir.

15          Q     And was Mr. Flowers also able to control  
16     the other 25 and tell them what to do as well?

17          A     I don't know. Me and him was just -- like  
18     when you away from places like this and you're  
19     homeboys, they righteously just stick together, so.

20          Q     And you know all kind of personal stuff  
21     about Mr. Flowers. Now, what position -- what  
22     number child is Mr. Flowers in his family?

23          A     What you say?

24          Q     What number child is Mr. Flowers in his  
25     family?

26          A     I know his brothers and sisters, but I  
27     don't what number he is. I don't know him like  
28     that --

29          Q     You ever been to Mr. Flowers' house?

## HALLMON - CROSS

1           **A**     Well, when he stayed by my sister I been  
2 over there.

3           **Q**     You ever been to his mama's house?

4           **BY MR. EVANS:** Your Honor, I object. He  
5 keeps interrupting.

6           **BY THE COURT:** I think he was on the next  
7 question.

8           **A**     Well, now what you say? Have I gone to  
9 his mama's house?

10          **Q**     Yeah.

11          **A**     I been around through there.

12          **Q**     Have you been to his mother's house, yes  
13 or no?

14          **A**     No, but my -- my sister --

15          **Q**     I will settle on the no.

16          **BY MR. EVANS:** Your Honor, I object. He  
17 has got to let this witness answer the  
18 questions.

19          **BY THE COURT:** Wait, wait, wait. After  
20 he -- you know, I don't think anybody can  
21 narrow the answer that a witness intends to  
22 give. He can answer yes or no and then explain  
23 his answer.

24          **BY MR. CARTER:**

25          **Q**     Okay. Explain your answer, sir.

26          **A**     I said not really, but my sister got a  
27 baby by his brother so we was real close like that.

28          **Q**     How -- can you explain to me how this is  
29 an answer to whether or not you been to his mother's

## HALLMON - CROSS

1 house?

2           **A**     You said how close we was. I'm saying you  
3 asked did I know his family and in so many words.

4           **Q**     So you said -- tell me that again. His --

5           **A**     His brother have a baby by my sister.

6           **Q**     His brother have a baby?

7           **A**     Or a daughter, yes, sir.

8           **Q**     How does that make you close?

9           **A**     Well, we been knowing one another all our  
10 lives, really.

11          **Q**     I know you're fine, Mr. Hallmon.

12          **A**     But, see, it didn't get close like that  
13 until we were locked up together. When you beside a  
14 person locked up for almost a year, now that bring  
15 you -- you get real close. Right there where you  
16 can only talk to him, and he can only talk to you.

17          **Q**     Right. And you become closer to them when  
18 you're next to them than you are to your sister? Is  
19 that what you telling us?

20          **A**     I told you I was a cigarette addict. I  
21 just rewrote the letter. I was doing this thing to  
22 keep my habit up, my smoking habit. It's just like  
23 a junkie trying to keep his habit up; that's all it  
24 was. And I didn't know how serious it was until I  
25 got out and approached my family, then I found out  
26 how serious it was.

27          **Q**     You didn't know --

28          **A**     No, sir.

29          **Q**     -- that lying on your sister --

## HALLMON - CROSS

1           **A**     I did lie on her.

2           **Q**     -- was serious? And she was the one that  
3 was committing perjury was what you said? You had  
4 no idea?

5           **A**     No, sir, not at the time. The only thing  
6 I had on my mind was cigarettes and a promise of  
7 money. That's all I had.

8           **Q**     Mr. Hallmon, you've been in the criminal  
9 justice system for a while, haven't you?

10          **A**     Yes, sir.

11          **Q**     And you know that prosecution is serious,  
12 don't you?

13          **A**     I never took it to trial. I always  
14 pleaded out and went on and did my time.

15          **Q**     And when you pled out, did you go home to  
16 your family?

17          **A**     I got out and went home.

18          **Q**     You plead and got out of where?

19          **A**     Prison and went home.

20          **Q**     So when you pled, you pled and you knew  
21 you were going to prison, didn't you?

22          **A**     Yes, sir.

23          **Q**     You didn't want to go to prison. If you  
24 had the preference, you would have gone home instead  
25 of prison; is that correct?

26          **A**     If I did the crime, they caught me and I  
27 did my time.

28          **Q**     If you had a preference --

29          **A**     I never try to run from the system or

## HALLMON - CROSS

1 nothing.

2 Q If you had a preference to go home or go  
3 to prison, which one would you choose?

4 A That's common sense. Anybody would choose  
5 home.

6 Q Okay. To go to prison is a serious  
7 matter, isn't it?

8 A Yes, sir.

9 Q And you know it's a serious matter because  
10 you had been; isn't that correct?

11 A Yes, sir.

12 Q I didn't hear you, sir.

13 A Yes, sir.

14 Q Now, Mr. Hallmon, what exact cell were you  
15 in since you got this good memory?

16 A We was in 32 lockdown. I don't remember  
17 the exact cell.

18 Q What cell were you in?

19 A You was looking at something like over 11  
20 years ago. The cell numbers?

21 Q Yeah, that's right. That's the question.

22 A All right. 59 -- 58, something like that.

23 Q Which one was Mr. Flowers in?

24 A He had to have been in -- he was right  
25 beside me. He had to been in 57, or I was in 59 and  
26 he was in 58. I was in 58 or he was in 57. We was  
27 right there together.

28 Q Okay. Now, how long were you in lockdown  
29 by Mr. Flowers?

## HALLMON - CROSS

1           **A**     I was in there about -- all together back  
2 and forth, I was leaving and then I'm -- about six  
3 months or so, then I come back over there.

4           **Q**     Why did you keep leaving and coming back?

5           **A**     Because they would just move me.  
6 Administration would move me.

7           **Q**     Okay. You didn't have anything to do with  
8 it? You didn't commit any infractions that would  
9 cause yourself to get moved back and forth?

10          **A**     Well, they just moved people. Some guys  
11 jumped on me, and they moved me because of that.

12          **Q**     So you did do some things to cause  
13 yourself to get moved?

14          **A**     No, I didn't do nothing. I was just a  
15 victim.

16          **Q**     Mr. Hallmon.

17          **A**     Yes, sir.

18          **Q**     Are you an honorable person, Mr. Hallmon?

19          **A**     So many ways, I am.

20          **Q**     Which way are you?

21          **A**     Well, right now I'm honest as I can be.

22          **Q**     I said honorable, not honest.

23          **A**     Well, yes. Yes, sir.

24          **Q**     Okay. Are you a reliable person?

25          **A**     Yes, sir.

26          **Q**     Are you a trustworthy person?

27          **A**     Yes, sir, I can be trustworthy.

28          **Q**     Would you lie on a person?

29          **A**     It's according to who -- it's according.

## HALLMON - CROSS

1 See, I was -- I was --

2 Q Yeah, I'm trying to see. Go ahead.

3 A I'm doing -- I was doing everything for a  
4 friend. At the time, I was doing it for a friend.

5 Q Can I take that as a yes, that you will  
6 lie on a person?

7 A Yes, sir. That was for a friend now.

8 Q You have lied?

9 A I wouldn't -- it was according to the  
10 predicament they got me in. See, if you're doing --  
11 see, it got to be -- you got to break down the  
12 element of the mind. So if -- you know, if anything  
13 control the mind so you had to -- I was caught up in  
14 a bind at the time, that's all.

15 Q Mr. Hallmon.

16 A Yes, sir.

17 Q You're not the only person that smokes  
18 cigarettes. You agree with that; right?

19 A Now, I got a bad nerve problem right now.  
20 And the system -- well, within the penitentiary  
21 system, you can check my work --

22 Q Let me see if I understand what you're  
23 saying.

24 A -- I got a bad nerve.

25 Q Let me see -- go ahead. How much time do  
26 you need? Go on.

27 A I've got a bad nerve problem. I got --  
28 you know, and smoking, it helps me. It has helped  
29 me.

## HALLMON - CROSS

1           **Q**     Okay. So I take your answer is, I will  
2     lie; it depends on the circumstances. Is that what  
3     you're saying?

4           **A**     Yes, sir, it's according. At the time, I  
5     would. But now I'm telling you the truth.

6           **Q**     Okay. When did you start telling the  
7     truth, Mr. Hallmon? When did you become honest?

8           **A**     See, I know I done got myself in it. See,  
9     I'm dealing with the serious crisis within myself  
10    right now. So I don't want lie and going out lying  
11    on peoples and doing wrong toward people. I'm  
12    trying to better myself. That's God's truth.

13          **Q**     Okay.

14          **A**     And I done -- like I said, I done -- I  
15    done got myself in a bind whereas I want to just do  
16    right now.

17          **Q**     Okay.

18          **A**     Because I know there's a God in Heaven,  
19    and I know that I got to see Him soon because I'm  
20    going through a medical crisis right now so I want  
21    to get myself right with God.

22          **Q**     Okay.

23          **A**     Therefore --

24          **Q**     Are you finished?

25          **A**     I want to get myself right with God.  
26    Therefore, I'm up here on this stand every time they  
27    need me. I'm getting up here and telling the truth  
28    that I lied and I'm trying to make up for my  
29    mistakes.

## HALLMON - CROSS

1           Q     Are you finished?

2           A     Yes, sir.

3           Q     So you have lied and, in fact, you have a  
4 reputation as a liar; is that correct?

5           A     No, sir. I have lied before but right now  
6 I ain't lying, man.

7           Q     In fact, you've lied in this case before,  
8 haven't you?

9           A     I lied for the Defendant. I lied for the  
10 one you were helping, man.

11          Q     Okay. Well, you gave John Johnson or  
12 somebody a statement, a recorded statement; is that  
13 correct?

14          A     I done gave --

15          Q     You've given several?

16          A     Yeah.

17          Q     In one of them you were asked if  
18 Mr. Flowers said he killed all these people and you  
19 never say no; is that correct? And you never said  
20 he did; is that correct?

21          A     I told Mr. Evans that the first time I  
22 talked to him.

23          Q     Can we talk about the recorded statement?

24          A     At the time?

25          Q     Yeah, we're talking about the recorded  
26 statement.

27          A     Yeah.

28          Q     In the recorded statement that you gave  
29 John Johnson or someone, you were asked if Curtis

## HALLMON - CROSS

1 Flowers told you he killed those people. And in  
2 that recorded statement, you never said he told you;  
3 is that correct?

4 A It's a possibility. But I told Mr. Evans  
5 from the start --

6 Q What do you mean by, It's a possibility?

7 A It's a possibility I didn't say -- tell  
8 Mr. Johnson because I went straight to the district  
9 attorney and called him on the phone and told him.

10 Q Okay. I admit it. I don't -- wouldn't  
11 nothing surprise me that you told Mr. Evans.

12 A Yes, sir.

13 Q But my question is --

14 BY MR. EVANS: I object to that, Your  
15 Honor. That's completely inappropriate.

16 BY THE COURT: I sustain.

17 BY MR. CARTER:

18 Q My question is that if I got to pay it,  
19 I'll play it. Didn't you give a recorded statement  
20 to Mr. Johnson where you were asked if Mr. Flowers  
21 admitted to you that he killed those people, and  
22 isn't it a fact that you never said that he admitted  
23 that to you?

24 A I know I told Mr. Evans. I don't know --  
25 see, I told Mr. Johnson during another process. We  
26 can't bring that up what I told Mr. Johnson.

27 Q Say again?

28 A You know --

29 BY MR. EVANS: Your Honor, we might need

## HALLMON - CROSS

1 to approach because he's trying to cover an  
2 area that the Court has ruled on, and he's  
3 trying to explain why he can't answer that  
4 question.

5 **BY MR. CARTER:** Your Honor, my question is  
6 simply did he gave a recorded statement. He  
7 knows he did.

8 **A** Yes.

9 **BY MR. CARTER:** He knows he did. He's  
10 admitted that. I just want a simple answer.

11 **BY MR. CARTER:**

12 **Q** Now, you do know, Mr. Hallmon, that you  
13 were asked if Mr. Flowers told you that he killed  
14 those people?

15 **A** Yes, sir. This is what I'm saying. I had  
16 told Mr. Johnson, but now we can't talk about that,  
17 what I told Mr. Johnson.

18 **Q** I'm not asking you what --

19 **A** I give Mr. Johnson -- done told  
20 Mr. Johnson before I told Mr. Evans the first time.  
21 But, see, when we was at the court -- and you might  
22 be the one that I told him on or it might be one I  
23 didn't tell him on. But now the one I told him on,  
24 we can't bring that up.

25 **Q** You can't bring up yes or no whether you  
26 did?

27 **BY MR. EVANS:** Your Honor, we might need  
28 to approach because we're fixing to get into  
29 something here.

## HALLMON - CROSS

1           **BY THE COURT:** Step in the jury room for a  
2 minute, ladies and gentlemen, because I need to  
3 find out what he's making reference to.

4           (THE FOLLOWING PROCEEDINGS WERE HAD IN  
5 OPEN COURT OUTSIDE THE HEARING AND  
6 PRESENCE OF THE JURY, TO-WIT:)

7           **BY THE COURT:** Now, if you'll step out in  
8 the hall for a minute, Mr. Hallmon. I need to  
9 find out.

10           (Witness Leaves the Stand and exits the  
11 courtroom)

12           **BY MR. EVANS:** Your Honor, he is trying to  
13 keep from saying that I made sure that he was  
14 telling the truth by polygraphing him. When we  
15 polygraphed him, that's when he admitted that  
16 Curtis Flowers had told him specifically that  
17 he had killed these four people. Now, he is  
18 trying his best to follow my instructions of  
19 telling him the Court said he could not go into  
20 that statement, and the defense counsel keeps  
21 asking him about whether he said that he  
22 specifically killed those people or not. If he  
23 keeps asking him, I'm going to have to ask that  
24 he be allowed to explain that answer.

25           **BY MRS. STEINER:** Your Honor, it's the --

26           **BY MR. CARTER:** Your Honor, that is the  
27 craziest crap I've ever heard in my life.

28           **BY THE COURT:** Mr. Carter, that's not  
29 appropriate language to use in this courtroom.

## HALLMON - CROSS

1           **BY MR. CARTER:** Your Honor, if the  
2 Court -- my apologies. Your Honor, I keep  
3 asking him about his tape-recording. I'm not  
4 even asking him about what he talked about with  
5 Mr. Evans, so I can't understand how my  
6 question about a tape-recording is asking him  
7 about what happened with Mr. Evans with the  
8 conversation with -- I'm not even asking about  
9 him the conversation with Mr. Evans. I don't  
10 even want to know.

11           **BY MR. EVANS:** That conversation with  
12 me -- I believe it was with Mr. Johnson and  
13 Mr. Jennings, and he has explained the fact  
14 that it might be on one of the tapes, and it  
15 might not be on the other. And it is extremely  
16 clear that he is doing his best to follow the  
17 Court's instruction.

18           **BY MRS. STEINER:** Your Honor --

19           **BY MR. EVANS:** And the defense counsel  
20 knows that he can't go into it is why he  
21 continues to ask this question.

22           **BY MR. CARTER:** I didn't ask him to go  
23 into it. I want to talk about the tape and  
24 whether or not he said on the tape that  
25 Mr. Flowers told him he committed the murders.  
26 That's all I want to know, yes or no. I don't  
27 know what Mr. Evans is talking about.

28           **BY MR. EVANS:** Oh, yeah, you do.

29           **BY THE COURT:** Well, let me bring the

## HALLMON - CROSS

1 witness in now and explain why the wit- -- I  
2 mean, we're in agreement. I'll explain to him  
3 that he is just to answer the question yes or  
4 no as far as whether he ever told --

5 **BY MR. CARTER:** Your Honor --

6 **BY MR. EVANS:** But, Your Honor, that's not  
7 appropriate either. If he's going to be asked  
8 a yes or no question, he should have a right to  
9 explain it.

10 **BY THE COURT:** Well, I don't want him to  
11 explain anything about a polygraph test.

12 **BY MR. EVANS:** But that's the problem and  
13 defense counsel knows that.

14 **BY MR. CARTER:** It's not a problem.  
15 Mr. Evans knows that a polygraph test has no  
16 evidentiary or scientific basis.

17 **BY THE COURT:** Well, let me back up and  
18 say, I mean, y'all know what happened in the  
19 investigative stages. That's not something I  
20 know, so I don't know if he gave more than one  
21 statement to Mr. Johnson or more than one  
22 recorded statement. I mean, I'm in the dark on  
23 that.

24 **BY MR. CARTER:** Well, we only know of one,  
25 Your Honor. I don't know what Mr. Evans knows.

26 **BY THE COURT:** And so I -- you know, I --  
27 I'm --

28 **BY MR. EVANS:** And, Your Honor, if it gets  
29 to that point, my argument would be that the

## HALLMON - CROSS

1 polygraph would not be for the truth of whether  
2 it is reliable; it would be for why he changed  
3 his story to tell the truth.

4 **BY THE COURT:** There's not going to be any  
5 mention of polygraph, period, explanation point  
6 next to it. I can assure you of that, and  
7 that's just not going to be allowed under any  
8 circumstances.

9 **BY MR. CARTER:** And I -- can I say one  
10 other thing, Your Honor? It's the defense's  
11 position that there's only one tape-recording,  
12 and it stopped at some point and then it  
13 resumed. And if there's another one that  
14 Mr. Evans know about that we don't know about  
15 it and we would just submit that there's  
16 discovery that we probably have not been given.

17 **BY MR. EVANS:** Your Honor, we would ask  
18 that the Court specifically advise him again --  
19 and it can be done in open court -- that no  
20 matter what he's asked by the defense counsel,  
21 he cannot discuss the polygraph.

22 **BY THE COURT:** I'll call Mr. Hallmon in  
23 and advise him of that very fact.

24 **BY THE BAILIFF:** Are you ready?

25 **BY THE COURT:** I'm ready for him to come  
26 in.

27 (Witness Retakes the Stand.)

28 **BY THE COURT:** Mr. Hallmon -- and you've  
29 very carefully avoided mentioning it and I want

## HALLMON - CROSS

1 to reiterate that -- because I didn't know what  
2 they were talking about as far as not making  
3 reference to something, but apparently at some  
4 point you had taken a polygraph test.

5 **BY THE WITNESS:** Yes, sir.

6 **BY THE COURT:** But under no circumstances  
7 are you to mention anything about the polygraph  
8 test. Now, if he asks you if you've ever given  
9 a statement to Mr. Johnson that said  
10 Mr. Flowers did not have anything to do with  
11 the murders, you can answer that yes or no.  
12 But I don't think that there's any need for any  
13 further explanation for that particular  
14 question.

15 But, now, under no circumstances could you  
16 get into any mention of the polygraph, and I  
17 appreciate the fact that you have carefully  
18 avoided that. But after they advised me what  
19 was going on, I felt like I needed to remind  
20 you of that again, even though it seems like  
21 you are doing a good job already of not  
22 mentioning it.

23 **BY THE WITNESS:** Yes, sir.

24 **BY THE COURT:** And is there any further  
25 need to -- anything further that either side  
26 believes necessary?

27 **BY MR. CARTER:** No, sir, Your Honor, I  
28 just want to ask the question again and move  
29 on.

## HALLMON - CROSS

1           **BY MR. EVANS:** Not that I'm aware of.

2           **BY THE COURT:** You can bring the jury back  
3 out now.

4                   (THAT FOLLOWING PROCEEDINGS WERE  
5 CONTINUED IN OPEN COURT WITH THE JURY  
6 PRESENT, TO-WIT:)

7           **BY THE COURT:** Okay. Court will come back  
8 to order. Mr. Carter, you may proceed.

9           **BY MR. CARTER:** Yes, sir.

10                   **CONTINUED CROSS-EXAMINATION**

11           **BY MR. CARTER:**

12           **Q** Mr. Hallmon.

13           **A** Yes, sir.

14           **Q** Mr. Hallmon.

15           **BY MR. CARTER:** May I approach the  
16 witness, Your Honor?

17           **BY THE COURT:** You may.

18           **BY MR. CARTER:**

19           **Q** First of all, Mr. Hallmon, you testified  
20 in at least three or four of these trials. How many  
21 does this make?

22           **A** You know.

23           **Q** At least -- I think you were in the one in  
24 Gulfport; is that correct?

25           **A** Right.

26           **Q** And you've been involved in three -- three  
27 in this court, I believe; is that correct?

28           **A** Yes, sir.

29           **Q** Now, Mr. Hallmon -- well, you read and

## HALLMON - CROSS

1 write?

2 A Yes, sir.

3 Q Now, at the top there, what -- whose name  
4 is at this top there?

5 A My name, Odell Hallmon.

6 Q And it has direct cross?

7 A Right.

8 Q And if you go down here, you see where it  
9 says cross examination by Mr. Carter --

10 BY THE BAILIFF: He needs to speak up for  
11 the jury.

12 A Yes, sir.

13 BY MR. CARTER:

14 Q And start reading this first question  
15 right here and go to the --

16 BY MR. EVANS: Your Honor, he can ask him  
17 questions about it, but I think just going  
18 through a prior transcript is improper.

19 BY MR. CARTER:

20 Q Mr. Hallmon, are you able to read that?

21 A I'm saying -- yes, I'm able to read it.

22 Q Could you read it, sir?

23 A You going to read your question?

24 Q Could you read that, sir?

25 A Good morning, Mr. Hallmon. I am Mr. Ray  
26 Carter.

27 Q Go ahead.

28 BY MR. EVANS: Your Honor, I offer that  
29 exhibit into evidence if we're going to be

## HALLMON - CROSS

1 reading from it because I think it's got to be.

2 BY MR. CARTER: Can we have it marked?

3 BY MR. EVANS: Then I'd like the whole  
4 transcript entered into evidence if we're going  
5 to use part of it.

6 BY MR. CARTER: Fine with me.

7 BY THE COURT: I don't know the necessity  
8 of having the transcript -- entire transcript.  
9 I think the appropriate thing is to ask him to  
10 read that, and not out loud, but read it  
11 silently and then ask him if that refreshed his  
12 memory on anything. That's my understanding of  
13 appropriate procedure.

14 BY MR. CARTER: Yes, sir.

15 A (Witness reading).

16 BY MR. CARTER:

17 Q You ready, Mr. Hallmon?

18 A Yes, sir.

19 Q Now, Mr. Hallmon, in this document it's --  
20 I'm cross-examining you; is that correct?

21 A Yes, sir.

22 Q At a previous time. And isn't it a fact  
23 that you read where I said, good morning,  
24 Mr. Hallmon, I'm Ray Carter?

25 BY MR. EVANS: Again, it's improper to  
26 read the transcript. He can ask him a question  
27 based upon him refreshing his memory, but he  
28 knows it's improper to attempt to try to read a  
29 prior transcript.

## HALLMON - CROSS

1 BY MR. CARTER:

2 Q Mr. Hallmon?

3 BY MR. EVANS: And I object, Your Honor.

4 BY THE COURT: Response?

5 BY MR. CARTER:

6 Q Mr. Hallmon, what --

7 BY THE COURT: I mean, response to the  
8 objection now.

9 BY MR. CARTER: Your Honor, could you  
10 restate it? I'm not even sure I heard it.

11 BY MR. EVANS: You need to follow the  
12 rules.

13 BY THE COURT: Well, that's not what  
14 you --

15 BY MR. CARTER:

16 Q Mr. Hallmon, I just passed you a document.  
17 Did that document refresh your memory in any way?

18 A Not exactly. I'm talking about you  
19 just --

20 BY THE BAILIFF: Speak up.

21 A I don't -- refresh my memory in which way?

22 BY MR. CARTER:

23 Q Did you read the document?

24 A I read it.

25 Q The portion that I asked you to read?

26 A Yes, sir.

27 Q And do you dispute what's written in it?

28 A Well, Mr. Charles, you got to see, I don't  
29 know who is who. I know Mr. Evans. I don't know

## HALLMON - CROSS

1 everybody by name like that. I know this right here  
2 I told Mr. Evans, and at a point in time, I done  
3 told Mr. Johnson. But now you -- you got me to  
4 where I don't know who it is. Who this person is.  
5 I don't be around them like that, Mr. Charles.

6 Q Mr. Hallmon.

7 A Yes, sir.

8 Q In this document that I passed you, isn't  
9 it a fact that I asked you some questions? Didn't  
10 you see where I asked you some questions, yes or no?

11 A Yes, sir.

12 Q And you answered. Do you see where you  
13 answered? Yes or no?

14 A Yes, sir, I see, but --

15 Q And isn't it a fact that you answered in  
16 reply to my question? My question is: Isn't it a  
17 fact that you told John Johnson that Curtis Flowers  
18 never directly admitted to you that he killed  
19 anybody at Tardy Furniture Store? And isn't it a  
20 fact that you said, "I told John Johnson that, I  
21 believe"?

22 A It's according to the situation. I was  
23 put up under a lot of people who came in and  
24 investigated me. I don't know who -- at the time, I  
25 probably didn't know who Mr. Johnson was. Now I  
26 know him, and I could point him out to you.

27 Q Now, Mr. Hallmon, do you know Lola  
28 Flowers, Curtis' mother?

29 A Just know of her. That's --

## HALLMON - CROSS

1           Q     Now, you wrote her a letter at some point,  
2     didn't you?

3           A     That's the letter Curtis wrote. I  
4     recopied the letter. That's what I was just  
5     telling --

6           BY MR. CARTER: May I approach the  
7     witness, Your Honor?

8           A     That's why I'm here today.

9           BY THE COURT: You may approach.

10          BY MR. CARTER:

11          Q     First of all, let me ask you this: Whose  
12     name is on that letter that you -- whose signature  
13     is on that letter?

14          A     I just recopied the letter he wrote.

15          Q     I mean, how do you know?

16          A     That's how I got here. I don't know  
17     nothing about what went on. He the one that told  
18     me, that volunteered it. He -- I didn't have  
19     anything to do with this. He put me in here.

20          Q     Who wrote the letter, put it in a  
21     envelope?

22          A     I recopied the letter.

23          Q     Sent it to Ms. Flowers?

24          A     Got her address from him and went and put  
25     it on the envelope. I did everything he asked me to  
26     do.

27          Q     And what proof do you have of --

28          A     I don't know her address. I ain't got a  
29     phone book with no address. I don't know -- I got

## HALLMON - CROSS

1 to get it from somebody; where could I have got it  
2 from?

3 Q Okay. I don't know how you got it,  
4 Mr. Hallmon.

5 A I got it from him.

6 BY MR. CARTER: May I approach the  
7 witness, Your Honor?

8 BY THE COURT: You may.

9 BY MR. CARTER:

10 Q Mr. Hallmon, do you recognize that  
11 document?

12 A This is the letter I wrote right here.

13 Q Okay. And it's in your handwriting?

14 A Yes, sir.

15 Q Your signature?

16 A Yes, sir, I recopied it.

17 Q And you sent it to Ms. Flowers?

18 A Yes, sir. Did exactly what he asked me to  
19 do.

20 Q And what did you tell her?

21 A I told her this right here on the letter.

22 Q Tell us what it is. Read it.

23 A I hope this letter finds you in --

24 BY THE COURT: Wait a minute, now. If  
25 he's reading something, it's got to be admitted  
26 into evidence. I mean, he can't read  
27 something, a document that's not admitted into  
28 evidence.

29 BY MR. CARTER: Your Honor, I move at this

## HALLMON - CROSS

1 point in time, admit into evidence a letter  
2 that was written by Mr. Hallmon on January the  
3 13th, 1998, while he was at the Mississippi  
4 State Penitentiary to Ms. Lola Flowers.

5 **BY MR. EVANS:** I don't have any objection.

6 **BY THE COURT:** I'll allow it to be marked.  
7 Go ahead and admit it into evidence, and then  
8 you can proceed after that.

9 (DEFENDANT'S EXHIBIT NO. D-16 RECEIVED  
10 INTO EVIDENCE.)

11 **BY MR. CARTER:**

12 **Q** Mr. Hallmon, could you read your letter so  
13 the jury can hear it?

14 **A** Our letter, me and Mr. Flowers. Well, he  
15 wrote it, and I recopied it.

16 **Q** I know you're telling us that but read it  
17 anyway.

18 **A** Hello, Ms. Flowers. I hope this letter  
19 finds you in the best of health. For myself, I'm  
20 feeling sorry for what I done.

21 **Q** Mr. Hallmon, can you read up a little?

22 **A** "I know apologizing is not going to help,  
23 but I had to -- I know apologizing is not going to  
24 help, but I had to give it a try. I was behind  
25 everything that I did. I'm truly sorry,  
26 Ms. Flowers. I was locked up in the Carroll County  
27 Jail when I had answered to the police he felt like  
28 Curtis committed those murders. I was trying to get  
29 out of jail. I had a fine to pay off, and I

## HALLMON - CROSS

1     couldn't get the money up so I tried to get that  
2     reward they had by using -- and -- and done got  
3     herself trapped in something she didn't know and  
4     I -- I -- how bad it seemed to be. She know we  
5     planned that -- well, I mean, while she was coming  
6     to see me in the county jail. Then people -- I  
7     mean, those people done told her that if she get on  
8     the stand and say she was" -- what's that? What --  
9     for the money? "Lying for money. Lying for money  
10    they going to convict her. So the only thing I can  
11    do is tell the judge. I pushed her up to get --  
12    which I did. Ms. Flowers, please forgive me. I  
13    never thought things would get out of hand like  
14    this. Each day -- each -- I mean, every day that I  
15    talk to Curtis, I feel guilty. My family might turn  
16    against -- against me for what I'm doing but I don't  
17    care. And she know herself what we was trying to  
18    do, so anything I can do -- so anything I can do to  
19    help in a matter, I'll do it. And in time, after  
20    everything's over, I will ask for your forgiveness.  
21    Ms. Flowers, take care of yourself and may God bless  
22    you through these hard times."

23           Q     Thank you, sir.

24           A     That's the letter I copied.

25           Q     Now, when you was in jail, you weren't on  
26    death row, were you?

27           A     No, sir.

28           Q     Mr. Flowers was, though, wasn't he?

29           A     Yes, sir.

## HALLMON - CROSS

1           **Q**     So they house death row inmates and  
2 non-death row inmates together, huh?

3           **A**     Yes, sir, right beside one another.

4           **Q**     So if -- if an ex-commissioner of MDOC  
5 said that wasn't true, the ex-commissioner would be  
6 wrong?

7                   **BY MR. EVANS:** Your Honor, I object.  
8 That's not proper. I think he knows where they  
9 were housed.

10                   **BY MR. CARTER:** May I approach the witness  
11 again, Your Honor?

12                   **BY THE COURT:** You may.

13 **BY MR. CARTER:**

14           **Q**     Mr. Hallmon, do you know Harvey Freelon or  
15 Chuck Williams?

16           **A**     Yes, sir.

17           **Q**     And who are they?

18           **A**     I don't know them just personally, know  
19 them like, you know, friends.

20           **Q**     You've met them though, haven't you?

21           **A**     Yes, sir.

22           **Q**     And you've had some interaction with them  
23 at some point?

24           **A**     Yes, sir.

25           **Q**     With respect to this case; is that  
26 correct?

27           **A**     Yes, sir.

28           **Q**     And tell us what -- well, first of all,  
29 who -- they represented Mr. Flowers at some point;

## HALLMON - CROSS

1 is that correct?

2 A Yes, sir.

3 BY MR. CARTER: One moment, Your Honor.

4 BY MR. CARTER:

5 Q And you actually testified on behalf of  
6 Mr. Flowers at trial at some point; is that right?

7 A I was trying to help, yes, sir. That was  
8 where the letter came from. He wrote the letter for  
9 me to write to his lawyer and his mama.

10 Q You didn't do anything, did you,  
11 Mr. Hallmon except just do what you was told; is  
12 that correct?

13 A Yes, sir.

14 Q And Mr. Flowers is on death row yet was so  
15 powerful and yet persuasive and the friendship was  
16 so overwhelming that he got you to do all these  
17 things?

18 A Yes, sir.

19 Q He got you to write his mama. He got you  
20 to write Mr. Lumumba who represented him at the  
21 time?

22 A Yes, sir.

23 Q He got you to go down to Gulfport to  
24 testify?

25 A Yes, sir.

26 Q And your free will was just gone; is that  
27 your testimony?

28 A Yes, sir.

29 Q You couldn't decide what was right and

## HALLMON - CROSS

1 what was wrong because Mr. Flowers was just so  
2 powerful?

3 A Well, Mr. Charles, it's like this right  
4 here. It's just like putting you beside him. Say  
5 well, all right, if you -- let's say he the only one  
6 that had food and he was over there too, and he was  
7 feeding you food to live. That's where my mind was  
8 coming from at that time.

9 Q So a lot of people get food in prison,  
10 didn't they?

11 A I'm using you for an example like you used  
12 me.

13 Q And if I was in prison, they wouldn't be  
14 feeding me?

15 A I'm saying it's just like using that  
16 analogy if you needed to eat.

17 Q So are you also telling us that  
18 Mr. Flowers was the only one that had food?

19 A No, I'm saying about the cigarettes. I'm  
20 talking about the cigarettes, but I'm saying if you  
21 don't smoke I'm using food for you.

22 Q Now, do you remember that you told -- you  
23 sent Mr. Lumumba a letter as well; right?

24 A Right.

25 Q And what did you tell him?

26 A I can't recall because it's been so long  
27 ago. But I know I sent him a letter and he -- I  
28 didn't see him -- I didn't talk to him. I talked to  
29 an investigator. When I talked to him, I was on the

## HALLMON - CROSS

1 stand. I believe that was --

2 Q Okay. I think you're right about that.  
3 Where were you when you wrote this letter to  
4 Mr. Lumumba?

5 A I was right beside Curtis. Me and him was  
6 beside one another in 32 lockdown.

7 Q Okay. And again, this powerful state of  
8 influence of this great friendship y'all had and his  
9 promises to you and who knows what else, you wrote a  
10 letter to his lawyer for Mr. Flowers. You didn't do  
11 it based on your free will. You didn't do it  
12 because you wanted to do it. And I suppose you're  
13 saying that it's a lie; is that correct?

14 A Yes, sir. I didn't -- I didn't -- them --  
15 I wrote him. I'm just doing what he asked he to do.  
16 He wrote the letter, Mr. Charles.

17 Q Okay.

18 A And I recopied them and sent them like he  
19 asked me to.

20 Q He asked you to lie. You knew it was lie;  
21 right?

22 A I wasn't -- and, yes, sir, I wasn't  
23 thinking about the lying or the consequences at the  
24 time. I'm thinking about my next cigarette.

25 Q Okay. What kind of cigarettes were those?

26 A They were rolled tobacco, rolled tobacco,  
27 Newport cigarettes.

28 Q Okay. And was any Prince Albert involved?

29 A I don't know about no Prince Albert. I

## HALLMON - CROSS

1 know tobacco. Tobacco, I believe.

2 Q Okay. You didn't have any family sending  
3 you anything?

4 A My family turned against me for helping  
5 him. My whole family just kicked me to the curb.

6 Q And did they turn against you?

7 A Oh, they know I was a liar.

8 Q I said did they turn against you before  
9 you started doing all this stuff?

10 A No, sir, they didn't turn against me then.

11 Q If they didn't turn against you before you  
12 started doing all this stuff for Mr. Flowers, then  
13 that means you had cigarettes and whatever else you  
14 needed; is that correct?

15 A I was just managing. I was --

16 Q Did they turn against you before you lied  
17 or before --

18 A When I told my mama what I did it was over  
19 with. My sister turned and quit -- my sister been  
20 helping me all my life. My sister been there for me  
21 all of my life. But now at the time, I wasn't  
22 thinking at the time I was right beside him. He was  
23 smoking; I was smoking. We was just living for then  
24 and there.

25 Q Okay.

26 A And going through -- going through the  
27 process, I done seen my mistake. I'm trying to make  
28 up for the lie we done put together. I'm trying to  
29 get it straighted out. Because I got to worry about

## HALLMON - CROSS

1 myself now. And when I'm a-talking about worry  
2 about myself, I got to think about the consequences,  
3 thinking about --

4 **BY MR. CARTER:** Your Honor, I'll object to  
5 that as being not responsive.

6 **BY MR. CARTER:**

7 **Q** Mr. Hallmon, let me ask you this. Did  
8 your family turn against you before you got involved  
9 with Mr. Flowers or was it afterward?

10 **A** Afterward.

11 **Q** Afterward?

12 **A** They didn't turn against me. They just  
13 won't help me, won't do nothing for me.

14 **Q** They were helping you before you got  
15 involved with Mr. Flowers; is that right?

16 **A** When I told them about what happened, man,  
17 they just -- they just -- but --

18 **Q** Were they helping before you got involved  
19 with Mr. Flowers?

20 **A** See, I told my mama about it and my mama  
21 knew I'm lying.

22 **Q** Okay. You're not going to answer. All  
23 right. Now --

24 **BY MR. CARTER:** May I approach? May I  
25 approach the witness, Your Honor?

26 **BY THE COURT:** You may.

27 **BY MR. CARTER:**

28 **Q** Mr. Hallmon, do you recognize that  
29 document?

## HALLMON - CROSS

1           **A**     I rewrote it. That's the same one I  
2     recopied. I copied that one, too.

3           **Q**     You copied it, Mr. Flowers wrote it?

4           **A**     That's my handwriting.

5           **Q**     You put it in your handwriting and you  
6     sent it to his lawyer?

7           **A**     Mr. Charles, can I say something?

8           **Q**     No. Can you answer my question?

9           **A**     Yes, sir.

10          **Q**     Can you answer my question?

11          **A**     Yes, sir.

12          **Q**     Now, was Mr. Flowers already in prison  
13     when you went?

14          **A**     Yes, sir, we was down there together.

15          **Q**     I know. Who went first?

16          **A**     I might have went first. I don't know. I  
17     can't recall. I went in '97. 1997.

18          **Q**     Okay.

19          **A**     So if he was there then, we were there.

20                 **BY MR. CARTER:** Your Honor, I move to have  
21     admitted into evidence the letter that  
22     Mr. Hallmon wrote to Mr. Lumumba.

23                 **BY MR. EVANS:** No objection.

24                 **BY THE COURT:** Well, normally we would  
25     have it marked for identification and then into  
26     evidence but we'll just go ahead and have it  
27     marked into evidence at this time.

28                         (DEFENDANT'S EXHIBIT NO. D-17 RECEIVED  
29     INTO EVIDENCE.)

## HALLMON - CROSS

1 BY MR. CARTER:

2 Q Okay. Mr. Hallmon, could you take that  
3 and -- your letter, that's in your handwriting?

4 A Uh-huh.

5 Q That has your signature?

6 A Yes, sir.

7 Q And that you sent to Mr. Lumumba. Could  
8 you read it?

9 A Okay. "My name is Odell Hallmon. I am  
10 writing in concern of a case you is handling, the  
11 case of Mr. Curtis Flowers. My sister was a witness  
12 in that case. Well, I had my sister to lie on the  
13 stand. It all staying at the county jail."

14 Q Do what?

15 A I said --

16 Q Could that be started?

17 A "Started at the county jail. At the  
18 county jail. I had a fine to pay off. Since I  
19 didn't -- and I didn't have the money. So I told --  
20 told her to tell the parole -- police she know  
21 who" -- what's that?

22 Q Is it committed, Mr. Hallmon?

23 A "Committed those numbers."

24 Q Murders, Mr. Hallmon?

25 A I mean murders.

26 Q Mr. Hallmon, are you sure it's not murder?

27 A Yes, it's murders. It looks like an n.

28 "So she could get that 30,000 -- \$30,000 and get me  
29 out. My sister loved me like I was her child. She

## HALLMON - CROSS

1 do for me when others don't. I'm -- I'm --"

2 Q Could that be truly?

3 A "Truly sorry everything happened this way.  
4 I never -- I never thought Curtis would be found  
5 guilty. All I was thinking -- all I was thinking  
6 about at that time was myself. Mr. Lumumba, I'm  
7 willing to do everything in my -- I mean, I'm  
8 willing to do anything in my power to make up for  
9 what I did. I'm truly sorry for what me and my  
10 sister did. I -- I was trying to get out of jail  
11 and that was the only way I had, so -- I had -- so I  
12 did it and I'm still locked up. Once again -- once  
13 again, if I can do everything -- I mean, anything,  
14 please let me know. My sister is a -- is a long" --  
15 what that word is, Mr. Charles?

16 Q I don't know what it says either. Just  
17 read the word after it the best you can. What's the  
18 word that comes after?

19 A I don't know that one either. Line or  
20 lying. She is the --

21 Q Worstest?

22 A "Worstest child my mama had. She just  
23 like me, do anything for money. Mr. Lumumba, I hope  
24 that I can be of some use to you. I never thought  
25 things would go out of hand like this. Thanks for  
26 listening. Thank you."

27 Q Mr. Hallmon, would you agree with me that,  
28 you know, people can -- we can say all kinds of  
29 things but what's more important is what we do; is

## HALLMON - CROSS

1 that correct? Is that a fair statement?

2 A Repeat your question.

3 Q I say is it a fair statement that it's not  
4 what we say that counts; it's what we do that  
5 counts?

6 A In so many words, yes, sir.

7 Q That sound like a pretty fair statement,  
8 don't it? Pretty sound statement, wouldn't you  
9 agree?

10 A In so many ways.

11 Q What you mean by that?

12 A I'm saying you -- I'm not agreeing with  
13 you 100 percent. I'm just saying in so many words.

14 Q What percent will you agree with me?

15 A You say what you say is what you do?

16 Q Wouldn't you agree with me it's more  
17 important -- what we do speaks louder to who we are  
18 than what we say? Actions speak louder than words.  
19 Do you agree with that?

20 A Yeah. Sometimes people can be forced to  
21 do stuff they don't want to do.

22 Q Okay. Now, you eventually went to  
23 Gulfport?

24 A Yes, sir.

25 Q In Harrison County, you testified similar  
26 to how you presented yourself in that letter to  
27 Mr. Lumumba; is that correct?

28 A Yes, sir.

29 Q And I'll bet my last dollar Mr. Flowers

## HALLMON - CROSS

1 made you go to Gulfport and to testify as well,  
2 didn't he? You certainly didn't do it on your own.

3 A I went down there with him. Me and him  
4 went down together.

5 Q Okay. And did Mr. Flowers take you down  
6 there?

7 A No, when they picked him up, they picked  
8 me up at the same time.

9 Q Okay. And you took an oath and you  
10 testified --

11 A Yes, sir.

12 Q -- about your sister. And you were  
13 willing to do that; is that correct?

14 A Mr. Charles, when I got out, so much stuff  
15 done happened in my life. Man, I'm trying to  
16 straighten it out.

17 Q And you were trying to straighten yourself  
18 up at that particular time in Gulfport, too; is that  
19 correct?

20 A Well, I was just only doing what he wanted  
21 me to do. I wasn't thinking about the long haul; I  
22 was just thinking about then and there.

23 Q And you weren't thinking about your sister  
24 that you loved?

25 A I wasn't thinking about her.

26 Q Who loved you.

27 A I was only thinking about where I was  
28 going to get the next cigarette --

29 Q An inmate in prison?

## HALLMON - CROSS

1           **A**     -- and the money that he offered me, I  
2 couldn't -- I was --

3           **Q**     Now, you know that Mr. Flowers is on death  
4 row; is that correct?

5           **A**     Yes, sir.

6           **Q**     And when you're on death row, why are you  
7 there?

8           **A**     Cause he killed them peoples at Tardy  
9 Furniture.

10          **Q**     And what they planning on doing to you?

11          **A**     Who?

12          **Q**     What's the government planning on doing to  
13 you when you're on death row?

14          **A**     The government?

15          **Q**     Yeah.

16               **BY MR. EVANS:** I object. That's not  
17 proper.

18               **BY THE COURT:** I'll overrule. I mean,  
19 he's in jail. He probably knows what death row  
20 is.

21          **A**     That's because they done did wrong, and  
22 they going to get prosecuted for it.

23               **BY MR. CARTER:**

24          **Q**     Now, they're already prosecuted before  
25 they get there; is that correct?

26          **A**     I guess.

27          **Q**     They wouldn't be there if they wasn't  
28 prosecuted.

29          **A**     Right.

## HALLMON - CROSS

1           Q     And when you're on death row, what are  
2 they waiting for?

3           A     I guess they're waiting for a lethal  
4 injection.

5           Q     Mr. Hallmon?

6           A     Yes, sir.

7           Q     Now, did Mr. Flowers -- how did  
8 Mr. Flowers know that you had a fine to pay off and  
9 all that you put that in your letter?

10          A     Me and him talked about it. We talked  
11 about everything. I ain't had no fine after I got  
12 locked up. They even sent me to a restitution to  
13 pay my fine off. I told him I wasn't worried about  
14 the fine. I was going to do my time and be  
15 finished. They sent me to a restitution -- I  
16 wouldn't have to go back to do it. They sent me to  
17 a restitution to pay my fine off. I told the  
18 judge -- what judge was that? I believe it was --  
19 it might have been Judge Morgan or somebody. I told  
20 the judge just go on and lock me back up. I ain't  
21 fixing to go out there and work. It's too hot out  
22 there to work, and I went back and just do my time.

23          Q     Okay. You don't --

24          A     But it wasn't possible -- well, they sent  
25 me to a restitution to work it off. I said, Man --

26          Q     You don't want to work, do you?

27          A     I want to go to prison and go on and get  
28 it over with.

29          Q     Now, those letters that Mr. Flowers wrote

## HALLMON - CROSS

1 in Mr. Flowers' handwriting, why didn't you give  
2 those to Mr. Evans?

3 A Why I didn't give it to him?

4 Q Mr. Flowers wrote these letters, you  
5 claim, and gave them to you and you copied them?

6 A Yes.

7 Q And at some point, you came clean and you  
8 found Mr. Evans. What happened to the letters that  
9 Mr. Flowers wrote?

10 A It was over here. I thought it was --  
11 Mr. Charles, if I knew all this stuff right here  
12 now, I wouldn't have ever got caught up in this  
13 stuff.

14 Q Mr. Hallmon, where are the letters?

15 A They done described -- you got them,  
16 Mr. Charles.

17 Q The one that Mr. Flowers wrote.

18 A You got them.

19 Q Okay. Mr. Hallmon, let's be clear about  
20 something. You said -- didn't you tell me that  
21 Mr. Flowers wrote the letters that you copied?

22 A You got the letters.

23 Q I got the ones that you wrote. Where is  
24 the one Mr. Flowers wrote?

25 A That what I'm saying, the letter he wrote,  
26 I just recopied it.

27 Q Okay. Let's be clear on something. Let's  
28 assume this is the letter Mr. Flowers wrote for you  
29 to copy. You copied on this one; is that correct?

## HALLMON - CROSS

1           **A**     Right.

2           **Q**     Let's just say you copied on this one.

3           **A**     Right.

4           **Q**     You sent that one to Ms. Flowers and you  
5 sent one off to --

6           **A**     I gave it back to him.

7           **Q**     -- Mr. Lumumba? Where is this one?

8           **A**     He wanted it back.

9           **Q**     Okay. He wanted it back, and you gave it  
10 back?

11          **A**     You had the original. You had the  
12 original.

13          **Q**     Now, Mr. Hallmon, when you was down in  
14 Gulfport, you mentioned a few times over and over  
15 that you had a conscience.

16          **A**     Oh, man.

17          **Q**     Look here. Did you not say that or did  
18 you say that to my face?

19          **A**     Man, that why I'm up here now because my  
20 conscience is eating at me.

21          **Q**     Okay. Well, your conscience was eating at  
22 you when you was down on the coast, too; is that  
23 correct?

24          **A**     That was lies we plotted up.

25          **Q**     But was your conscience eating at you when  
26 you was down on the coast, yes or no?

27          **A**     No, sir, it wasn't no conscience.

28          **Q**     It may have, may not?

29          **A**     I didn't think that day would come. Yeah,

## HALLMON - CROSS

1 I got a conscience, Mr. Charles. I know I do. Lord  
2 knows I do.

3 Q All right. Mr. Hallmon, who are you more  
4 loyal to, your family member or friends?

5 A Man, that's a hard question. But now,  
6 it's according to the predicament on me. I'm more  
7 loyal to my family but I could be more loyal to a  
8 friend if --

9 Q If you're in some certain situations; is  
10 that what you're saying?

11 A In the situation I was put in,  
12 Mr. Charles, I didn't think it would elevate to this  
13 right here.

14 Q Mr. Hallmon, Mr. Flowers didn't have  
15 nothing to do with you going to prison; is that  
16 correct?

17 A See, in 1999, I got on the stand for  
18 Mr. Flowers. Okay. 2000, when I found out --  
19 dadgum it, I was diagnosed. I tried to get all  
20 myself -- get myself clear, straight, my conscience  
21 was --

22 Q Mr. Hallmon, you're not answering. You  
23 can answer this next question. Mr. Hallmon,  
24 Mr. Flowers didn't have anything to do with you  
25 being in prison; is that correct?

26 A No, sir. I didn't have nothing to do with  
27 him being in prison.

28 Q Okay. Now, Mr. Hallmon, you ever heard  
29 the old saying by a great writer, Oh, what a tangled

## HALLMON - CROSS

1 web we weave when we practice to deceive?

2 A No.

3 Q You never heard that?

4 A No, sir, never heard.

5 Q Now, lying in court is a serious offense,  
6 wouldn't you say?

7 A Yes, sir. Now I do.

8 Q Yet you went to court and testified that  
9 your sister was lying?

10 A I didn't know at the time, Mr. Charles. I  
11 didn't know at the time.

12 Q You didn't know that lying in court was  
13 a --

14 A Man, I ain't never been in no system. I  
15 ain't never studied the law and none of that. I  
16 ain't never --

17 Q Can I get you to agree that lying is  
18 wrong, period?

19 A Lying is wrong, anyway you put it.

20 Q And you learned that real early; right?

21 A Right.

22 Q Probably learned that as a little boy;  
23 right?

24 A Yes, sir.

25 Q And yet you -- you've embraced it fully;  
26 is that fair to say?

27 A Yes, sir, just trying to help a friend at  
28 the time.

29 Q So you admit you've been lying?

## HALLMON - CROSS

1           **A**     Mr. Charles, pretty much it -- I was put  
2     in the predicament. I got caught up, man.

3           **Q**     And you didn't have the power to resist  
4     it? I wrote -- Mr. Hallmon, you're telling us that  
5     you didn't have the power to resist lying?

6           **A**     Well, I --

7           **Q**     Is that what you're telling us?

8           **A**     See, I did wrong. Now, you know better;  
9     you do better.

10          **Q**     What did you do wrong?

11          **A**     I lied. I lied for Curtis. I lied for  
12     it. I lied against my sister. But now I was only  
13     going by what he wanted me to do. When you know  
14     better, you do better. Now I know better; now I'm  
15     doing better.

16          **Q**     And you didn't know before that, before  
17     you started to help Mr. Evans?

18          **A**     Well, I started -- when I told -- my mama  
19     got on me and got on me.

20          **Q**     Mr. Hallmon, you've been in -- this last  
21     stint in jail, how long have you been in there?

22          **A**     Almost six years now.

23          **Q**     Okay. Now -- and you learned a little and  
24     you've become honorable, I would say; is that fair  
25     to say? You're honorable now, and you're honest  
26     now, and you're reliable now; is that what you're  
27     saying?

28          **A**     Well, Mr. Charles, it's like this: Man, I  
29     had to catch odd jobs just to stay in lockdown

## HALLMON - CROSS

1 because my life's in danger. This newspapers put my  
2 life in danger. This trial put my life in danger.  
3 I can't go nowhere.

4 Q Now, Mr. Hallmon --

5 A I'm hooked. They won't grant me  
6 protective custody. I can't even leave out my cell.  
7 You know, that's a bad way to live, man, when  
8 people's -- I'm telling the truth. This wouldn't  
9 have got me, yet my conscience feel better. Yet  
10 still, I'm stuck like. I'm sitting here. I ain't  
11 got no reason to tell no lie. I'm trying to  
12 straighten a lie up we made.

13 Q Mr. Hallmon, tell the ladies and gentlemen  
14 of the jury what you testified to in Gulfport,  
15 Mississippi.

16 A What did I testify to?

17 Q Yes. What did you --

18 A I testified for Mr. Flowers.

19 Q What did you say for Mr. Flowers?

20 A I told them -- I just -- everything he  
21 told me to tell them.

22 Q Okay. What did he tell you to tell them?  
23 What did you say once you got there on the witness  
24 stand Mr. Flowers told you to say?

25 A I told them my sister was lying.

26 Q Did you say little sister? Is she younger  
27 than you?

28 A I said my sister was lying.

29 Q I'm sorry.

## HALLMON - CROSS

1           **BY MR. CARTER:** Your Honor, earlier I  
2           passed Mr. Hallmon a copy of a transcript that  
3           he -- I was eventually able to ask him  
4           questions about and he answered it. I'd move  
5           to have it admitted into evidence at this time.

6           **BY THE COURT:** That one page?

7           **BY MR. CARTER:** Yes, sir, one page.

8           **BY THE COURT:** I'll allow it to be  
9           admitted. He's testified to it.

10                   (DEFENDANT'S EXHIBIT NO. D-18 RECEIVED  
11                   INTO EVIDENCE.)

12           **BY THE COURT:** You can proceed.

13   **BY MR. CARTER:**

14           **Q**   Mr. Hallmon, now, you knew that address on  
15           McNutt where Mr. Flowers lived and where you sister  
16           lived. You're familiar with the area; right?

17           **A**   Yes, sir.

18           **Q**   Now, if you leave out of the back, there's  
19           a hill out back behind the house; right?

20           **A**   Right.

21           **Q**   If you walk straight back behind those  
22           apartments, there's not --

23           **A**   Not a big old hill but a little --

24           **Q**   Isn't there a hill back there?

25           **A**   It's a little -- it ain't a hill or like a  
26           big old hill.

27           **Q**   What would you call it? It goes up a  
28           little bit. It ain't no mountain or anything but it  
29           goes up a little bit?

## HALLMON - CROSS

1           **A**     Yes.

2           **Q**     Now, if you walk straight back there and  
3 continue, say, half a mile, where would you wind up?

4           **A**     Half a mile?

5           **Q**     Well, if you walked straight back behind  
6 that apartment and continue for -- continue walking,  
7 which direction are you going in?

8           **A**     You could be going toward the gym.

9           **Q**     Okay. There's a gym back there, right.  
10 And if you continue --

11          **A**     I believe. Now, I believe the gym -- it's  
12 a pathway you go through.

13          **Q**     Now, and I understand you're not going to  
14 walk in the trees and all that kind of stuff. But  
15 I'm just saying if you go back behind that apartment  
16 where Curtis lived and where Ms. Hallmon lived and  
17 you continue to walk straight, could you ever get to  
18 Angelica's, the plant Angelica's if you go straight  
19 now and not turn but go straight? If you walk back  
20 behind the apartment and go straight and never make  
21 a right turn?

22          **A**     If you go -- all right. If you -- okay.  
23 What you said whereabout?

24          **Q**     If you walk -- let's suppose we're in  
25 Curtis' apartment and you walk out the back door and  
26 go as straight as you can, continue to walk back  
27 straight. If you continue to walk straight, would  
28 you ever get to plant Angelica's?

29          **A**     You got to ask him that. I don't know

## HALLMON - CROSS

1 that.

2 Q I'm asking you.

3 A I don't know.

4 Q You don't know? I can accept that.

5 A I'm saying as far as what I'm saying, I  
6 don't know.

7 Q If you don't know, you don't know. I  
8 ain't trying to make you say something you don't  
9 know.

10 A I ain't even know where Angelica at.  
11 Where that at?

12 Q Thank you.

13 BY MR. CARTER: One moment, Your Honor.

14 BY THE COURT: Certainly.

15 BY MR. CARTER:

16 Q Mr. Hallmon?

17 A Yes, sir.

18 Q Didn't you testify in Gulfport,  
19 Mississippi, that your sister was too poor and never  
20 bought her kids any Grant Hill Fila shoes?

21 A Mr. Charles, them was all lies.

22 Q Did you testify to that?

23 A I did. I said exactly what he asked me to  
24 say. My sister ain't afford all that, shoes.

25 Q Was she working?

26 A Who -- I don't even know at the time. I  
27 can't think. It's been a long time ago,  
28 Mr. Charles.

29 Q I'm sure it has been, Mr. Hallmon.

## HALLMON - CROSS

1           **A**     She might have been working.

2           **Q**     But did you testify -- did you say in  
3 court that your sister did not buy and couldn't  
4 afford any Grant Hill Fila shoes?

5           **A**     I said that. If it's on that statement, I  
6 said it because I was only doing what I was asked to  
7 do.

8           **Q**     Okay. Curtis asked you to do that. Now,  
9 you read two letters that you claim Curtis wrote.  
10 Does it say in one letter -- and if you have those  
11 letters -- that your sister was too poor to buy some  
12 Grant Hill Fila shoes for her children?

13          **A**     But I was lying, Mr. Charles.

14          **Q**     Huh?

15          **A**     I was lying. Them children has -- they  
16 had the top of the line stuff ever since I was --

17          **Q**     You said you were lying. Now, I believe  
18 that.

19          **A**     He had me to do. Mr. Charles, I didn't  
20 know nothing about this.

21          **Q**     I know, Mr. Hallmon, you haven't done  
22 anything. You're as innocent as the driven snow.

23               **BY MR. EVANS:** Your Honor, I object.

24               **BY THE COURT:** I'll sustain the objection.  
25 Mr. Carter, you're not to make comments.  
26 You're to ask questions.

27               **BY MR. CARTER:** Yes, sir, Your Honor.

28               **BY MR. CARTER:**

29           **Q**     Now, Mr. Hallmon, you're a changed man

## HALLMON - CROSS

1 now, and you've gotten yourself together. And let  
2 me just tell you something: I got a lot of  
3 relatives works up there at the prison. Have you  
4 committed any felonies since you've been locked up  
5 over the last year or so?

6 **A** No, I ain't committed no felony. A  
7 felony?

8 **Q** Right.

9 **A** I ain't been charged with no felonies or  
10 nothing.

11 **Q** Have you been charged with having a cell  
12 phone?

13 **A** Yeah, I was charged with it. But I was  
14 wrote up for it but it wasn't mine.

15 **Q** I know it wasn't, Mr. Hallmon. That  
16 doesn't surprise me. You were charged with a cell  
17 phone; is that correct?

18 **A** They pled it out, though.

19 **Q** When did that happen?

20 **A** That happened -- that happened --

21 **Q** If you can't remember, that's fine.

22 **A** That happened about a year or two years  
23 ago.

24 **Q** Are you allowed to have cell phones?

25 **A** No, sir.

26 **Q** Okay. Now, wasn't you also caught with  
27 some other stuff you wasn't supposed to have?

28 **A** Just a charger.

29 **Q** No drugs?

## HALLMON - CROSS

1           **A**     No, I wasn't caught with no drugs. They  
2     didn't get them off my possession.

3           **Q**     Do you remember an officer named Joanne  
4     Shivers?

5           **A**     That ain't no officer.

6           **Q**     What is she?

7           **A**     That was a case manager.

8           **Q**     Okay. So you deny that you were charged  
9     with possession of marijuana since you've been up  
10    there? Do you deny that?

11          **A**     They didn't get it off my possession;  
12    that's what I'm saying.

13          **Q**     What happened?

14          **A**     They had all of us lined up on the wall.  
15    They went in searching.

16          **Q**     And you weren't charged?

17          **A**     They charged a lot of us, all of us with  
18    the same thing. They dismissed it, though.

19          **Q**     Okay.

20          **A**     Mr. Charles, I take medication with  
21    marijuana in it.

22          **Q**     You do what?

23          **A**     I take medication with marijuana in it.

24          **Q**     You take medication for marijuana use?

25          **A**     With marijuana in it.

26          **Q**     But I wasn't talking about medication,  
27    though. You do understand that; right?

28          **A**     Okay.

29          **Q**     You weren't charged with marijuana?

## HALLMON - CROSS

1           **A**     I take medication with it in it.

2           **Q**     But you understand that's not what I'm  
3 talking about; right?

4           **A**     Right.

5           **BY MR. CARTER:** One moment, Your Honor. I  
6 think I'm finished.

7           **BY THE COURT:** Sure.

8           **BY MR. CARTER:** Thanks, Mr. Hallmon. I  
9 tender.

10           **BY THE COURT:** We'll take a ten-minute  
11 recess. Ladies and gentlemen of the jury, I'll  
12 allow you to stretch and move around a little  
13 bit.

14                   (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
15 CONTINUED IN OPEN COURT WITH THE JURY  
16 PRESENT, TO-WIT:)

17           **BY THE COURT:** Court will come back to  
18 order. Mr. Evans, you may proceed.

19           **BY MR. EVANS:** Thank you, Your Honor.

20                   **REDIRECT EXAMINATION**

21           **BY MR. EVANS:**

22           **Q**     Mr. Hallmon, how do you feel about your  
23 mother?

24           **A**     I love my mom.

25           **Q**     Would you lie to your mother?

26           **A**     No, sir.

27           **Q**     Who got you to come tell me the truth?

28           **A**     My mom did.

29           **Q**     You need to speak up.

## HALLMON - REDIRECT

1           **A**     My mom.

2           **Q**     Did I contact you or did you contact me?

3           **A**     I contacted you.

4           **Q**     And you told me that the Defendant  
5 admitted about killing those people, didn't you?

6           **A**     Yes, sir.

7                   **BY MR. CARTER:** Your Honor, that's  
8 leading, first of all.

9                   **BY THE COURT:** That is leading.

10          **BY MR. EVANS:**

11           **Q**     When did you first admit to me that he  
12 told you he killed them?

13           **A**     Well --

14           **Q**     Now, I'm not talking about that day  
15 because you may not remember that. How did you get  
16 in touch with me?

17           **A**     I called you on the phone.

18           **Q**     Did you tell me that he admitted that he  
19 killed them?

20           **A**     Yes, sir.

21           **Q**     Now, you've been asked about why you're  
22 now telling the truth?

23           **A**     Yes, sir.

24           **Q**     And you say your mother is the one that  
25 got you to come see me?

26           **A**     Yes.

27           **Q**     And you've talked about it being in a  
28 medical crisis?

29           **A**     Yes, sir.

## HALLMON - REDIRECT

1           Q     Can you tell the ladies and gentlemen of  
2 the jury --

3           BY MR. CARTER:   Your Honor, I object to  
4 that. That has no relevance whatsoever to this  
5 case.

6           BY MR. EVANS:   Yes, sir, it does. He has  
7 attacked his credibility. He has tried to  
8 explain to him that because of his condition he  
9 wanted to get his life straight with God, and I  
10 think he's got a right to explain that.

11          BY MR. CARTER:   Your Honor, I don't  
12 remember asking him anything about his medical  
13 condition.

14          BY MR. EVANS:   You didn't ask him about  
15 his medical condition, but you asked him why he  
16 was -- why he was testifying now, and he made  
17 reference to the fact that he had a medical  
18 condition so I certainly think this is  
19 appropriate redirect.

20          BY THE COURT:   I'll overrule the  
21 objection.

22 BY MR. EVANS:

23           Q     What is your medical crisis?

24           A     Well, I've been diagnosed with HIV. And I  
25 know my life ain't that far from coming so I just  
26 want to clear my conscience, get all this out of the  
27 way.

28           Q     Is what you're telling the jury today the  
29 truth?

## HALLMON - REDIRECT

1           **A**     Yes, sir.

2           **Q**     Now, you've been asked about prior  
3 transcripts. I want to show you a transcript from  
4 2007.

5                   **BY MR. CARTER:** May I see it, Your Honor?

6                   **BY MR. EVANS:** Page 422.

7                   **BY THE COURT:** You may approach the  
8 witness.

9                   **BY MR. EVANS:** Thank you, Your Honor.

10           **BY MR. EVANS:**

11           **Q**     I point you to line six and ask you if you  
12 will read to yourself from line six down to line 16.

13           **A**     (Witness complying) Yes, sir.

14           **Q**     Who does it say in there asked you to lie  
15 for him?

16           **A**     Curtis Flowers.

17           **Q**     And what does it say in there that Curtis  
18 Flowers admitted to you?

19           **A**     He admitted to me that he killed them  
20 people.

21                   **BY MR. EVANS:** Your Honor, I offer this  
22 page into evidence.

23                   **BY MR. CARTER:** No objection.

24                   **BY THE COURT:** I'll allow it to be  
25 admitted.

26                               (STATE'S EXHIBIT NO. S-144 WAS RECEIVED  
27 INTO EVIDENCE.)

28                   **BY MR. EVANS:** I have no further questions  
29 of this witness, Your Honor.

## MATTHEWS - DIRECT

1           **BY THE COURT:** Mr. Hallmon, you may step  
2 down from the witness stand now.

3                               (Witness Excused)

4           **BY THE COURT:** And who do you have next?

5           **BY MR. EVANS:** Jack Matthews.

6           **BY THE COURT:** If you'll come forward,  
7 please, and raise your right hand and take the  
8 oath. Do you solemnly swear or affirm that the  
9 testimony you give in this case will be the  
10 truth, the whole truth and nothing but the  
11 truth, so help you God?

12           **BY THE WITNESS:** I do.

13           **BY THE COURT:** If you'll come around,  
14 please, and have a seat. State your name,  
15 please.

16           **BY THE WITNESS:** Jack Matthews.

17           **BY THE COURT:** You may proceed.

18           **BY MR. EVANS:** Thank you, Your Honor.

19                               **DIRECT EXAMINATION**

20   **BY MR. EVANS:**

21           **Q**     Good morning, Mr. Matthews.

22           **A**     Good morning.

23           **Q**     How are you presently employed?

24           **A**     I'm the security director at the Greenwood  
25 Leflore Hospital in Greenwood, Mississippi.

26           **Q**     I want to direct your attention back to  
27 July of 1996 at the time of the Tardy murders. How  
28 were you employed at that time?

29           **A**     I was a criminal investigator with the

## MATTHEWS - DIRECT

1 Mississippi Highway Patrol.

2 Q What rank did you hold?

3 A I was a master sergeant.

4 Q Did you have an occasion to be called to  
5 Winona, Mississippi to assist in the Tardy murders?

6 A Yes, I did.

7 Q Do you know about what time you arrived in  
8 Winona?

9 A It was a little past eleven that morning.

10 Q What did you find when you first got to  
11 the scene?

12 A Well, I met with Chief Johnny Hargrove.  
13 He was out front of the store that morning when I  
14 arrived. I talked with him, and he told me that  
15 they had three --

16 BY MR. CARTER: I object to what he said,  
17 Your Honor.

18 BY THE COURT: I don't believe he's  
19 offering it for truth of the matter. I think  
20 he's offering it to explain what he did as a  
21 result of his being there so I'll overrule.

22 BY MR. EVANS:

23 Q You may continue.

24 A When I arrived, I met with Chief Hargrove,  
25 and he told me that he had three victims that were  
26 deceased in the store. One had been transferred to  
27 the hospital by ambulance service.

28 Q All right. At that time, did you notice  
29 whether or not the scene was secure?

## MATTHEWS - DIRECT

1           **A**     Yes, it was. It was secure when I got  
2 there.

3           **Q**     What did you do next?

4           **A**     I talked with Chief Hargrove and also  
5 talked with Mr. Sam Jones who Chief Hargrove said  
6 was the individual who discovered the bodies in the  
7 store.

8           **Q**     All right. After that did you have an  
9 occasion to go into the store?

10          **A**     Yes, sir, we did. Chief Hargrove and I  
11 walked in the store.

12          **Q**     All right. When you and Chief Hargrove  
13 went in the store, what, if anything, did he point  
14 out to you?

15          **A**     Okay. You could see the three bodies  
16 lying on the floor in the store. There were some  
17 shell casings that were scattered near the counter  
18 area of the store where the bodies were. There was  
19 also a -- a tennis shoe or a shoe print in the -- in  
20 some blood there on the floor.

21          **Q**     All right. Were you advised whether or  
22 not the crime lab had already been called or did you  
23 attempt to call the crime lab?

24          **A**     I had instructed the -- when I -- before I  
25 left Greenwood, I instructed the radio dispatcher to  
26 notify the crime lab and to get them on the way.  
27 And after I got here and talked to Chief Hargrove, I  
28 think his office had already done the same thing so  
29 I knew they were on their way.

## MATTHEWS - DIRECT

1           **Q**     All right. Did the crime lab arrive at  
2 the scene?

3           **A**     Yes, they did.

4           **Q**     Do you remember who came from the crime  
5 scene unit?

6           **A**     Melissa Schoene was there, and I believe  
7 Debbie Hollowell.

8           **Q**     What's the purpose of calling the crime  
9 scene unit in?

10          **A**     Well, they secure the crime -- after the  
11 crime scene's been secured, they assist in taking  
12 evidence and securing all the evidence, and they are  
13 able to transport it back to the crime lab and make  
14 comparisons or analysis of whatever is there at the  
15 scene. They do a good job of photographing and --

16          **Q**     All right.

17          **A**     -- working the crime area.

18          **Q**     And they were the ones that went through  
19 the crime scene trying to recover evidence; is that  
20 correct?

21          **A**     That's correct.

22          **Q**     At any point after they completed their  
23 procedure, did you, in fact, recover anything that  
24 you considered significant?

25          **A**     Yes, I did.

26          **Q**     What did you recover?

27          **A**     I recovered some paperwork from the desk  
28 area and also some paperwork from an office back in  
29 the back of the building that I later learned

## MATTHEWS - DIRECT

1 belonged to Ms. Tardy.

2 Q What was the paperwork that you recovered?

3 A It was a daily sheet that looked like they  
4 recorded their transactions -- their cash box  
5 transactions on that sheet. I also recovered a  
6 check and time cards off of her desk.

7 (MR. EVANS SHOWS DOCUMENT TO COUNSEL  
8 OPPOSITE)

9 BY MR. EVANS:

10 Q All right. I want to hand you Exhibit  
11 S-42 for identification first, and I'll ask you if  
12 you can identify what that exhibit is.

13 A That is the sheet I found there at the  
14 counter, at Tardy Furniture Store that morning.

15 Q Now, is that the sheet that you've  
16 discussed about what cash was on hand?

17 A Yes, sir.

18 BY MR. EVANS: Your Honor, I offer this  
19 exhibit into evidence at this time.

20 BY MR. CARTER: No objection.

21 BY THE COURT: I'll allow it to be  
22 admitted.

23 (STATE'S EXHIBIT NO. S-42 RECEIVED INTO  
24 EVIDENCE.)

25 BY MR. EVANS:

26 Q Can you tell us what the total amount of  
27 cash that that sheet shows would have been on hand  
28 in the store at that time?

29 A It has total down here of \$300.

## MATTHEWS - DIRECT

1           **Q**     All right. I want to next hand you  
2 Exhibits S-43 for identification and S-44 for  
3 identification. Starting with 43, tell us what that  
4 exhibit is.

5           **A**     This is an index card with the name of  
6 Curtis Flowers. It has a -- some figures on it.  
7 Paid 30 cash on 6/29. Has -- it looks like some  
8 times that possibly maybe that he had worked.

9           **Q**     All right. And I'll hand you 44. Can you  
10 tell us what that is?

11          **A**     This is a check drawn on Tardy Furniture  
12 Company, Union Planters bank check made out to  
13 Curtis Flowers in this amount of \$82.58 on July the  
14 5th of 1996 and signed by Bertha Marie Tardy.

15          **Q**     All right. Do the hours on that check  
16 correspond to the time card that is in 43?

17          **A**     It says -- I believe 17 and on 11th and  
18 12th and this would be 17.55, so I would assume that  
19 that would be the same.

20          **Q**     And both of these items you recovered off  
21 of Ms. Tardy's desk?

22          **A**     That's correct.

23                 **BY MR. EVANS:** Your Honor, I offer 43 and  
24 44 into evidence.

25                 **BY MR. CARTER:** No objection.

26                 **BY THE COURT:** I'll allow them to be  
27 admitted.

28                         (STATE'S EXHIBITS NO. S-43 AND S-44  
29 RECEIVED INTO EVIDENCE.)

## MATTHEWS - DIRECT

1           **BY MR. EVANS:** May the bailiff pass these  
2           to the jury, Your Honor?

3           **BY THE COURT:** You may.

4           **BY MR. EVANS:**

5           **Q**     Mr. Matthews, can you tell us at that  
6           point basically what the investigators in this case  
7           were doing?

8           **A**     Well, I talked to Chief Hargrove when I  
9           arrived and he advised me that he had officers that  
10          were out searching around Tardy's garbage  
11          containers, covers, ditches, anything, looking for  
12          any evidence that might be out there we might find  
13          that would connect someone to this crime. I had  
14          some state troopers who were there that morning. I  
15          talked with them and got them to canvass the area  
16          around Front Street, the businesses that were  
17          located in that area to see if anybody had seen any  
18          unusual activity that morning down at Tardy's.

19                   I talked with other investigators  
20          that was with the highway patrol that arrived  
21          shortly after that, Officer Miller -- Wayne Miller  
22          and district attorney investigator John Johnson.  
23          There were also some sheriff's deputies that were  
24          there. Bill Thornburg was one, and we discussed  
25          things about the case at that time.

26          **Q**     All right. Did you have an occasion to  
27          talk to Ms. Roxanne Ballard?

28          **A**     I did.

29          **Q**     And based upon talking to her, did you

## MATTHEWS - DIRECT

1 find that it was necessary to talk to anyone else?

2       **A**     Well, I talked to her about things in  
3 the -- that had gone on at Tardy's that she was  
4 aware of, and she did tell me about one incident  
5 where they had recently let an employee go by the  
6 name of Curtis Flowers. And she also told me about  
7 some of the information that we saw a while ago, the  
8 checks and what -- in some of that respect.

9       **Q**     Okay. And after her explaining the  
10 incident about Curtis Flowers, did you feel it was  
11 necessary to interview him?

12       **A**     Yes, sir. Yes, we did.

13       **Q**     Where was he interviewed?

14       **A**     At the Winona Police Department.

15       **Q**     At approximately what time?

16       **A**     It was approximately 1:30.

17       **Q**     And this is the same day of the murders?

18       **A**     Yes, sir.

19       **Q**     Who was present for that interview?

20       **A**     It was myself and the DA investigator,  
21 John Johnson.

22               **BY MRS. STEINER:** Your Honor, may we  
23 approach?

24               (ALL COUNSEL APPROACH THE BENCH FOR A  
25 CONFERENCE HELD OUT OF THE HEARING OF THE  
26 JURY, TO-WIT:)

27               **BY MRS. STEINER:** Your Honor, when we were  
28 renewing motions in -- on April 10th, since you  
29 did not originally rule on the suppression

## MATTHEWS - DIRECT

1 motion on the statements, you had asked that I  
2 renew it -- that it be renewed at trial. We  
3 have nothing further to add on the record that  
4 was made during -- I believe the -- either the  
5 first or second trial. It was Judge Morgan  
6 found the statement to be properly Mirandized  
7 and fully voluntary, and I think you made a  
8 residual finding that it was not even  
9 custodial, this one that's coming up and -- but  
10 I did want to renew and preserve that I have no  
11 additional evidence to offer in support of the  
12 motion but I wanted to preserve it for the  
13 record.

14 **BY THE COURT:** Well, I reviewed the  
15 proceedings that you're talking about, and I  
16 found -- my conclusion on the motion is the  
17 same as his. He -- I mean, I don't see that  
18 there was any Miranda violation and everything  
19 I read indicates that he was free to go at any  
20 time he wanted to. So I did not see any --  
21 I'll reaffirm that ruling.

22 **BY MRS. STEINER:** Your Honor, we would  
23 anticipate the testimony about taking two  
24 subsequent statements, interviews with him that  
25 will also be the same and they were also the  
26 subject of this suppression motion rather than  
27 pop up every time we change subject matters.

28 **BY THE COURT:** Well, I'll just allow you a  
29 continuing objection as to the statements.

## MATTHEWS - DIRECT

1           **BY MRS. STEINER:** Thank you.

2           **BY THE COURT:** Because, I mean, y'all --  
3 not the last trial or this one other made  
4 arguments on the issue made but I have reviewed  
5 those issues from the previous trials, and I do  
6 not see -- well, I just -- again, affirm Judge  
7 Morgan's rulings on those.

8           And while we're here, I know -- I believe  
9 he's going to testify that he took gunshot  
10 residue test. You made a motion in limine  
11 already on this issue so I will allow a  
12 continuing objection on gunshot residue. I do  
13 not see any need for you to have to jump up  
14 when it's being testified to, either through  
15 his testimony or the testimony from the crime  
16 lab witness because I'm -- I mean, I'm  
17 satisfied that you've reserved any issue on  
18 gunshot residue for appeal if that point were  
19 to ever come.

20           **BY MRS. STEINER:** Thank you, Your Honor.

21                   (BENCH CONFERENCE CONCLUDED)

22   **BY MR. EVANS:**

23           **Q**     Officer Matthews, I believe where I was,  
24 we were talking about the fact that you decided it  
25 was necessary to interview Curtis Flowers on the  
26 16th and you interviewed him at around 1:30; is that  
27 correct?

28           **A**     That's correct.

29           **Q**     Did you have occasion to advise him of

## MATTHEWS - DIRECT

1 what's normally called his Miranda rights before you  
2 talked to him?

3 A Yes, we did.

4 Q And who was present when you advised him  
5 of these rights?

6 A Mr. Johnson was.

7 Q And did he, in fact, at that time, make a  
8 statement to you and Mr. Johnson?

9 A Yes, he did.

10 Q Were there notes taken of that statement?

11 A Yes, Mr. Johnson was taking notes.

12 Q And did you review these notes and both of  
13 y'all initial them?

14 A Yes, sir.

15 BY MR. EVANS: Your Honor, at this point,  
16 I would offer the Miranda waiver rights Exhibit  
17 109 into evidence.

18 BY MR. EVANS:

19 Q Well, let me just ask you: Is this the  
20 same Miranda rights that you advised him of?

21 A Yes, sir, it is.

22 Q And did he sign those rights?

23 A Yes, sir, he did.

24 Q And who witnessed them?

25 A John Johnson.

26 Q And who else?

27 A I did myself.

28 BY MR. EVANS: Your Honor, I offer this  
29 into evidence.

## MATTHEWS - DIRECT

1           **BY MR. CARTER:** Let me just look at it.

2           No objection.

3           **BY THE COURT:** I'll allow it to be  
4           admitted.

5                       (STATE'S EXHIBIT NO. S-109 RECEIVED  
6                       INTO EVIDENCE.)

7           **BY MR. EVANS:**

8           **Q** All right. You need to speak a little bit  
9           louder. It's kind of hard to hear in here.

10          **A** Yes, sir.

11          **Q** Can you tell the ladies and gentlemen of  
12          the jury what he told you in that interview?

13          **A** Well, we asked him about his activities  
14          that morning as to what he had been doing that  
15          morning, what time he got up, where he went.

16          **Q** What did he tell you as far as what time  
17          he got up?

18          **A** He told us he got up about 6:30 that  
19          morning. His -- he was living with his girlfriend.  
20          She had to get up and go to work that morning, and  
21          he got up with her. He was babysitting her two  
22          children and that he was at home that morning until  
23          about 9:00, a little after 9:00. He had got up  
24          about 9:00 and fixed them some breakfast and then he  
25          sent the children to her mother's house. And then  
26          he had gone sometime after nine o'clock -- had  
27          walked over to, I believe his sister who lived on  
28          Dennis Street -- had gone over there and been over  
29          there for about 15 to 20 minutes. And then

## MATTHEWS - DIRECT

1 approximately 10:30, he said that he walked to a  
2 store called Jeff's One Stop, which is right there  
3 on Highway 51.

4 Q All right. So as far as times, he said he  
5 got up at what time?

6 A Got up about 6:30.

7 Q And he went to his sister's house at what  
8 time?

9 A Sometime after 9:00, about 9:00.

10 Q And is his sister's house on the east or  
11 west side of 51?

12 A It's on the west side of 51.

13 Q And what time did he go to Jeff's store?

14 A Said he went there about 10:30.

15 Q All right. Did you have an occasion to  
16 ask him specifically anything about being on the  
17 east side of Highway 51 that morning?

18 A Well, I asked him had he been on the east  
19 side, did he go across Highway 51 to the east side,  
20 and he said that he had not.

21 Q He said he had not been on the east side  
22 that entire day?

23 A That's correct.

24 Q Did you observe his body, anything about  
25 his body that day?

26 A Yes, sir. He had on some blue knee-length  
27 pants, short pants. He had on a pair of tennis  
28 shoes, had a jersey-type blue shirt on. We did  
29 notice that he had a scratch on his, I believe, left

## MATTHEWS - DIRECT

1 arm near his elbow.

2 Q Can you point out on your arm  
3 approximately where that scratch was located?

4 A It was right along in here (indicating).

5 Q Okay.

6 BY MR. CARTER: One moment, I couldn't  
7 see, Your Honor.

8 BY MR. EVANS: For the record, he's  
9 showing below the elbow.

10 A Yeah. Between his elbow and the forearm  
11 right in there.

12 BY MR. EVANS:

13 Q Did he make any comments about where that  
14 scratch had come from?

15 A We asked him about it, and he said that he  
16 had run into something.

17 Q What did he tell you about working at  
18 Tardy Furniture?

19 A He told us that he had worked the  
20 Saturday, which I believe was June the 29th. He had  
21 worked that -- the partial day that day and then he  
22 had worked the next week. He couldn't remember  
23 whether he'd worked on Monday or maybe he went back  
24 on Tuesday. But, anyway, he worked Tuesday and  
25 Wednesday. And sometime that Wednesday they only  
26 worked a half a day that day. The next day was the  
27 4th of July and he did not work that day.

28 Q All right. Did you have an occasion to  
29 see what size shoes he was wearing that day?

## MATTHEWS - DIRECT

1           **A**     I don't know that I -- I noticed the size  
2     that he wore. We did look at the prints on the  
3     bottom of the shoes that he had on to see if they,  
4     in fact, looked like the ones that were left in the  
5     store.

6           **Q**     All right. Did you have an occasion to  
7     perform any type of tests on the Defendant that day?

8           **A**     We asked him if he would submit to a  
9     gunshot residue kit case -- test.

10          **Q**     And why would you do that?

11          **A**     Well, we were just -- we had -- it hadn't  
12     been very long since those murders had taken place  
13     there in the store, and we wanted to look and see if  
14     it was possible there was any gunshot residue on  
15     him.

16          **Q**     All right. And did you, in fact, do a  
17     gunshot residue test on the Defendant that day?

18          **A**     We did.

19          **Q**     I want to hand you Exhibit S-94 and ask if  
20     you can identify that.

21          **A**     Yes, sir, that's the kit that we used.

22          **Q**     All right. You've got to speak loud.

23          **A**     Okay. This is the kit that we used.

24          **Q**     To do the gunshot residue?

25          **A**     To do the gunshot residue, right.

26                 **BY MR. EVANS:** Your Honor, I offer Exhibit  
27     94 into evidence.

28                 **BY MR. CARTER:** One moment, Your Honor.  
29     No objection.

## MATTHEWS - DIRECT

1           **BY THE COURT:** I'll allow it to be  
2           admitted.

3                   (STATE'S EXHIBIT NO. S-94 RECEIVED INTO  
4           EVIDENCE.)

5           **BY THE COURT:** It's marked now.

6           **BY MR. EVANS:**

7           **Q**     All right. Now, can you tell us how you  
8           used that kit?

9           **A**     Well, this kit has an instruction sheet in  
10          it. It also has four little plastic containers with  
11          a dabbing-type apparatus that you -- the purpose of  
12          the kit is to take a sample from the area right from  
13          your index finger through your thumb, right in this  
14          area right here to see if you came in contact -- if  
15          you fired a weapon, then this would be the area of  
16          the blowback from the gunpowder, would be in this  
17          area. You do that on both hands, the backs of the  
18          left and the right. You also have -- with the other  
19          two vials you do the palms of both hands and the --  
20          the backs with the other two to see if there's  
21          any -- if you came in contact with any of that  
22          residue.

23          **Q**     All right. If you would, open that  
24          package, please, and see if those vials are in  
25          there.

26          **A**     (Witness complies).

27          **Q**     Is that the same four vials that you used?

28          **A**     Yes, sir.

29          **Q**     And do those vials tell you what area to

## MATTHEWS - DIRECT

1 test?

2 **A** Yes, sir.

3 **BY MR. EVANS:** Your Honor, may I have the  
4 witness step down with one of those vials?

5 **BY THE COURT:** You may.

6 **BY MR. EVANS:**

7 **Q** If you would, take the one for the right  
8 back of the hand. You can just step down if you  
9 would. If you would, you don't have to open the  
10 vial, but just pretend that the vial is open and  
11 show the ladies and gentlemen of the jury on my hand  
12 the procedure for taking that test.

13 **A** This -- it's hard to see, but it's a pad  
14 there that you take it, and you take it and you daub  
15 it all the way around this area of your hand, all  
16 the way to the back, back of the wrist, all the way  
17 down your hand. And, of course, you do that on both  
18 hands, and you do that on both palms.

19 **Q** All right. You can take a seat again.  
20 Before you did that test, did you take any steps to  
21 make sure that the test would not be contaminated?

22 **A** I washed my hands and used gloves.

23 **Q** All right. And is that normal procedure?

24 **A** Yes, sir.

25 **Q** Once you took these four vials from the  
26 Defendant, what did you do with them?

27 **A** I put them back in this envelope and  
28 sealed them up and took them to the crime lab.

29 **Q** All right. And did you request any tests

## MATTHEWS - DIRECT

1 be performed on them?

2 A I just requested the gunshot residue test.

3 Q All right. Did you have an occasion to  
4 interview the Defendant Curtis Flowers again?

5 A Yes, sir. We interviewed him again on  
6 July the 18th.

7 Q And on that occasion did you also advise  
8 him of his rights?

9 A Yes, sir, I did.

10 Q I want to hand you Exhibits S-110 and  
11 S-111, and I'll ask that you examine both of those,  
12 if you would.

13 A Okay. This is the waiver form that he  
14 signed that day.

15 Q Now, which exhibit number is that?

16 A That's S-110.

17 Q And it's the same form that he was advised  
18 of his rights?

19 A Yes, sir.

20 Q Who witnessed that form?

21 A H. W. Miller and myself.

22 Q And who is H. W. Miller?

23 A He was my immediate supervisor.

24 Q Okay. Is that the same Wayne Miller that  
25 was at the scene with you?

26 A That's correct.

27 Q And S-111, what is it?

28 A That is a transcript of the -- appears to  
29 be the transcript of the taped statement that we

## MATTHEWS - DIRECT

1 made.

2 Q And have you reviewed that transcript  
3 before?

4 A Yes, sir, I have.

5 Q And is it as close as you could get it to  
6 what was actually said by the Defendant that day?

7 A Yes, sir, it is.

8 BY MR. EVANS: Your Honor, I'd offer S-110  
9 and S-111 into evidence.

10 BY MR. CARTER: No objection.

11 BY THE COURT: I'll allow them to be  
12 admitted.

13 (STATE'S EXHIBITS NO. S-110 and S-111  
14 RECEIVED INTO EVIDENCE.)

15 BY MR. EVANS:

16 Q Officer Matthews, if you would, read the  
17 statement that the Defendant gave you on the 18th of  
18 July and, if you would, you can just say what is  
19 questions and what's the answers.

20 A Okay. This is an interview with Curtis G.  
21 Flowers. The date is July the 18th, 1996. The time  
22 is 1502 hours. Place, Winona Police Department.  
23 Interview conducted by Master Sergeant Jack  
24 Matthews. Others present, Lieutenant H. W. Miller  
25 in reference to an armed robbery. Interview.  
26 Matthews -- and I'm testing the microphone here.  
27 Testing, one, two, three, test, end test. Question:

## MATTHEWS - DIRECT

1 interviewing Curtis, C-U-R-T-I-S, G. Flowers,  
2 F-L-O-W-E-R-S. Curtis says date of birth is  
3 5/29/70. Conducting this interview is Master  
4 Sergeant Jack Matthews, investigator with the  
5 Mississippi Highway Patrol. Also present is  
6 Lieutenant H. W. Miller, investigator with the  
7 Mississippi Highway Patrol. Today's date is 18  
8 July. Question: Curtis, just a few minutes ago we  
9 read you a statement of your rights and you  
10 understand what your rights are and you signed a  
11 waiver; is that correct? Answer: Yes, sir.  
12 Question: Okay. And you agreed to talk with us  
13 today about your employment at Tardy Furniture  
14 Store? Answer: Yes, sir. Question: And -- some  
15 details about that? Answer: Yes, sir. Question:  
16 Okay. I need to talk back with you on the 16th --  
17 July the 16th, and you indicated that around July  
18 the 1st that you were employed at Tardy Furniture  
19 Company. Answer: The 29th. Question: And you  
20 worked there a few days? Question: Okay. The 29th  
21 of July. Answer: Mmmm. Question: Okay. Answer:  
22 That Saturday. Question: All right. That was on a  
23 Saturday? Answer: Uh-huh. Question: Okay. That  
24 was the first day that you worked; right? Answer:  
25 Yes, sir. Question: All right. Tell us a little  
26 about -- about the time you started to work with  
27 them and why you left and some of the things we  
28 talked about the day before. Answer: Well,  
29 Saturday, my first day, worked Saturday, Monday,

## MATTHEWS - DIRECT

1 Tuesday, Wednesday and get off at twelve noon.  
2 Worked half a day on Wednesday, and that was the  
3 third. Supposed to come back the 5th and 6th. I  
4 didn't show up. Question: You told us about an  
5 incident that happened, I believe on the 3rd,  
6 concerning some batteries that you were supposed to  
7 pick up. Tell us about that. Answer: Yeah. She  
8 told me to load up two mattresses that we had picked  
9 up from a lady on 51 and take them up to -- behind  
10 the tractor place right here on 51 and put them in a  
11 warehouse. She told me when I got down loading  
12 them, pull around to the Coast to Coast. We had six  
13 batteries that her husband was going to get for a  
14 tractor or something -- tractor batteries. Anyway,  
15 I pulled around there and loaded them up. I pulled  
16 off, three of them fell off. So when we got back  
17 around there, I told her what happened. She called  
18 around there and told -- told her to bring them back  
19 so we could see if we could get some kind of deal on  
20 them and evidently we couldn't or something. She  
21 told me, Well, she said, you're responsible for the  
22 batteries. You should have tied them down. And if  
23 they can't do anything, you have to pay for them out  
24 of your check. That was it. And she sent me up  
25 there to put her mattresses in the warehouse and  
26 sent me to Carrollton to take her mattresses.  
27 Question: What did you -- did you pick up some more  
28 batteries or take them around? Answer: No. She  
29 just told me the ones I dropped to pick them up and

## MATTHEWS - DIRECT

1 put them back on the truck. Then we got back around  
2 there and they took them off. Question: All right.  
3 And this was on the 3rd, the 3rd of July? Answer:  
4 I guess. Question: Okay. And the 4th of July was  
5 a holiday, and y'all didn't open that day. The  
6 answer was inaudible. Question: And you're  
7 supposed to go in that Friday? Answer: That  
8 Friday. Question: Was July the 5th? Answer: Yes,  
9 sir. Question: And -- and -- Answer: I didn't go.  
10 Question: You didn't go. Did you call in? Answer:  
11 I called in Friday. I didn't call Saturday.  
12 Question -- excuse me. The answer was I called  
13 Friday. Question -- I didn't call Saturday.  
14 Question: And you're supposed to work Friday?  
15 Answer: And Saturday. Question: And Saturday?  
16 Answer: Uh-huh. Question: The 6th? All right.  
17 When did you find out that they had terminated you?  
18 Answer: Tuesday. Tuesday that next week.  
19 Question: And you didn't go to work Monday either?  
20 Answer: If he responded, the respond was silent.  
21 Question: Did you even call in? Answer: Uh-huh,  
22 and then on that Tuesday I got up and I was going to  
23 go. I got to my mama's house, and I called and I  
24 asked her did Mike come back to work? She said no.  
25 I asked her did I still have a job? She said no. I  
26 said did I get a one-day paycheck? She told me my  
27 check was pretty much covered up with them  
28 batteries. That was it. Question: I understand  
29 that before you got off on the 3rd that she loaned

## MATTHEWS - DIRECT

1 you some money, \$30. Question: \$30? Answer:  
2 Uh-huh. Question: Did you have to pay that \$30  
3 back? Answer: She told me my check was used up and  
4 that was it. She told me I could pay the \$30 back  
5 out of my check when she gave it to me. When I  
6 called her, she said, well, my check was used up.  
7 Question: Have you been back in the store since  
8 that time? Answer: No, sir. Question: Have you  
9 been working anywhere else since that time? Answer:  
10 Nothing more than mowing yards and working on cars  
11 and stuff like that. Question: Do you own a car?  
12 Answer: Yes, sir, a Nissan pickup. Question: You  
13 were telling me something the other day about that  
14 car. It had some kind of mechanical problems.  
15 Answer: Yes. I need a head for it. Question: A  
16 heater? Answer: A head. Question: A head, so  
17 it's not running at this time? Answer: No, sir.  
18 I'm in my sister's car now. Question: When did --  
19 when -- how long is it? Answer: It's been about  
20 two and a half months now. Question: So you  
21 haven't had a vehicle for two and a half months?  
22 Answer: No. Question: When did you find out that  
23 Ms. Tardy and her employees and the incident that  
24 happened down there Tuesday? Answer: When I got  
25 down here. Question: Yeah? Answer: Uh-huh.  
26 Question: In other words, sometime around --  
27 Answer: After 12:00 or something. Question: Yeah.  
28 Sometime between 12:00 and 1:00. And we talked to  
29 you about 1:30? Answer: Uh-huh. Question: That

## MATTHEWS - DIRECT

1 is the first you knew about it? Answer: Yeah, and  
2 I stopped back by the store on my way home and then  
3 my daddy told me. Question: What did you --  
4 what -- what were your activities on that Tuesday?  
5 Answer: Tuesday? Question: This past Tuesday.  
6 Answer: Tuesday, babysitting. Question: Just give  
7 me a rundown as to what you did that day. Answer:  
8 I babysitted my girlfriend's kids. I left the house  
9 twice. I went over to my sister's house, who stays  
10 right there on the next street. And I went to  
11 Jeff's store. Question: Where? Answer: Jeff's  
12 Store right down 51, down to. Question: All right.  
13 What time did you get up that morning? Answer: Oh,  
14 sometime between probably 9:30, something 'til ten.  
15 Question: Okay. You babysitted your girlfriend's  
16 children. The answer was inaudible. The next  
17 question is inaudible. The answer: She got two  
18 right now. I'm staying with her. Question: How  
19 old are they? Answer: Ooh, one of them two, the  
20 other one I think 11. Question: Boy or a girl?  
21 Answer: Boy, 11, the girl is two. Question: Two.  
22 Okay. And what time did you get up that morning?  
23 Answer: About 9:30 or something 'til ten.  
24 Question: You were there in the house with the  
25 children? Answer: Uh-huh. Question: Until about  
26 9:30 or something 'til ten? Answer: Naw, I got up  
27 about 9:30 or something 'til ten. Question: Were  
28 the kids there in the house when you got up?  
29 Answer: Yeah. Question: Okay. Where was your

1 girlfriend? Answer: At work, Richardson Brothers.  
2 Question: What time did she go to work? Answer:  
3 7:00. Question: Did you -- you didn't get up  
4 before she left? Answer: No. Question: She just  
5 got up and -- Answer: I always just tell her bye  
6 and keep staying there in the bed. Question:  
7 During that period of time, did you talk to anybody  
8 on the telephone? Answer: No, sir. Question: Did  
9 you have a telephone? Answer: No, sir. Question:  
10 There's not one in your girlfriend's house? The  
11 answer was inaudible. Question: At what time did  
12 you go to your sister's? Answer: About 11:00,  
13 12:00, something. The last part of it was  
14 inaudible. Question: Did you indicate that you  
15 went to the store? Answer: Yeah, that was like --  
16 question: What was the name of that store? Answer:  
17 Kelly's Stop and Go. Question: Kelly's Stop and  
18 Go. That's on U.S. 51? Answer: Uh-huh, south.  
19 Question: What time did you go to the store?  
20 Answer: It was about -- I imagine about 12:30,  
21 12:45, something in there. Question: After you  
22 went to your sister's? Answer: Yeah. I went and  
23 got a -- went and got a six pack and a bag of chips,  
24 pack of cigarettes, and that's it. Question: Is  
25 that right before they -- they came and picked you  
26 up to come down here? Answer: Yeah. I was  
27 drinking then, yeah. I had just opened a beer when  
28 Kenny knocked on the door. Question: Where did you  
29 get the money to buy the beer? The other part of it

## MATTHEWS - DIRECT

1 was inaudible. Answer: Oh, I get unemployment.  
2 Question: You get unemployment? When do you get  
3 your check? Answer: It comes in on Wednesday.  
4 This is Tuesday? Yeah, I still had some from the  
5 week before that. Question: What was your  
6 unemployment check? Answer: What is it? 119.  
7 Question: 119? Answer: Uh-huh. Question: Was  
8 that your first unemployment check? Answer: That  
9 was my third. Last week was -- this week is the  
10 only week I didn't get an unemployment check.  
11 Question: Because you were working? Answer:  
12 Uh-huh. Question: Okay. And you got up at about  
13 9:30 that morning? Answer: Uh-huh. Question: All  
14 right. And you stayed there at your girlfriend's  
15 apartment. Where does she live and what's the  
16 address? Answer: 702A McNutt Drive. Question:  
17 Did you -- you didn't go anywhere until you went to  
18 your sister's house and that was the first place you  
19 went? Answer: First place I went. Question:  
20 Okay. So you stayed there at the house from the  
21 time you got up at 9:30? Answer: I couldn't -- and  
22 the rest of it was inaudible. Question: Until  
23 about what time that you went to your sister's?  
24 Answer: It was about noon, about dinner, right in  
25 there. Question: Okay. So you stayed over there  
26 for how long? Answer: About 15 minutes. Question:  
27 Where does she live in relationship to your  
28 apartment that you and your girlfriend stay?  
29 Answer: My girlfriend stay on McNutt Drive, and she

1 stay on Dennis Street, which is the next street  
2 over. Question: How far is that? Answer: Well,  
3 walking around the street, it about a mile path go  
4 straight up between two apartment houses to our  
5 house. Question: How long does it take you to get  
6 there? Answer: About five minutes. Question:  
7 Where was the two-year-old when you were over at  
8 your sister's house? Excuse me. Question: Where  
9 was the two-year-old when you were over at your  
10 sister's house? Answer: Up at their grandmama's.  
11 Question: Huh? Answer: Up at their grandmama's.  
12 Question: Did you take them over there? Answer:  
13 Um-mmm. Answer: No, sir, we always just sent them  
14 over the hill because their grandmama stays behind  
15 us. You just go over the hill to the street and all  
16 you do is cross so, you know. Question: And you  
17 were keeping the children? Answer: Yes, sir.  
18 Question: But when you went to your sister's house,  
19 who kept the children? Answer: Their grandmother.  
20 Question: Did she come over to the house? Answer:  
21 No, I sent them over there. Question: You sent  
22 them to your grandmother's house? Answer: Uh-huh,  
23 sure did. Because when I left my sister's house, I  
24 come back by the house and cut through the house and  
25 went to Jeff's. Question: And you were at Jeff's  
26 at sometime around what time? Answer: About 12:45.  
27 Question: You bought a six-pack of beer? Answer:  
28 A six pack and -- a six-pack of beer, a pack of  
29 cigarettes and two bags of chips. Question: And

1 that was on Tuesday? Answer: Uh-huh. Question:  
2 The same day as when you came down here to talk with  
3 us? Where did you go when you left the store?  
4 Answer: To the house. Question: Back to the  
5 apartment? Answer: Uh-huh. Question: Okay. Was  
6 anybody there when you got back there? Answer:  
7 Nope. When I come across the school campus, up the  
8 street, like -- and that part was inaudible --  
9 standing in the yard. I walked to the edge of the  
10 hill and told them good morning, and we all went to  
11 the house together. Question: You didn't go  
12 anywhere that morning except to your sister's? And  
13 what is your sister's name? Answer: Priscilla.  
14 Question: And Priscilla lives on what street?  
15 Answer: Dennis Street. Question: Dennis Street.  
16 It took you about five minutes to -- from your  
17 apartment to her house? Answer: About five  
18 minutes, uh-huh. Question: You stayed there what?  
19 Answer: About 15 or 20 minutes. Question: You  
20 left there going to -- Answer: Kelly's Stop and Go.  
21 Question: Kelly's Stop and Go. You didn't go by  
22 your apartment? Answer: Yeah, I cut across. I had  
23 to go through there. I got to go the path and the  
24 path go behind the house. Question: Well, did you  
25 go in your apartment or did you just -- Answer: No,  
26 I didn't go in. Question: And on to the store?  
27 Answer: On to the store. Question: And got your  
28 beer, cigarettes and potato chips?

3 Ladies and gentlemen of the jury, we'll  
4 recess for the lunch hour, and I'll ask you  
5 during this recess to not discuss the case with  
6 anyone or among yourselves. We'll be in recess  
7 until one o'clock.

8 (FOLLOWING THE LUNCH RECESS,  
9 PROCEEDINGS CONTINUED IN OPEN COURT WITH  
10 THE JURY PRESENT, TO-WIT:)

11 **BY MRS. STEINER:** We've been trying to  
12 marshal our witnesses to be here for tomorrow.  
13 We had had former highway patrol officer James  
14 Taylor Williams served by the sheriff, and we  
15 did not have direct contact information. I  
16 could not find a -- he may have an unlisted  
17 number. I do not know how to personally  
18 contact him. He will be needed for tomorrow.  
19 I don't even know if he reported. I don't  
20 believe we have a phone number, and I would ask  
21 that the Court request the sheriff's office  
22 send him notification that he's needed, so they  
23 are to serve him his subpoena to be here at  
24 nine o'clock tomorrow morning.

25 **BY THE COURT:** And I know I have seen him  
26 up here during some course of the proceedings.  
27 I don't know if he's here today, but I know I  
28 have seen him. But if y'all will, just walk  
29 around and tell the sheriff that

8 (Witness Retakes the Stand)

9 BY THE COURT: I believe you were reading  
10 an exhibit -- I'm sorry. The Court will come  
11 back to order. And, Mr. Matthews, you may  
12 continue the reading of the exhibit that you  
13 had begun before lunch.

14 A The last question on page ten was, and  
15 you -- Question: And you got beer, cigarettes and  
16 potato chips? The answer was: Come back?  
17 Question: Come back? And the other part was  
18 inaudible. Answer: I got the kids from the top of  
19 the hill and went back to the house. Question:  
20 Okay. You stopped at your grandmother's and got  
21 them? Answer: No, sir. From where their  
22 grandmother stay and I stay, my girlfriend stay, you  
23 can see all across there. When I come across the  
24 school campus, got on Powell Street and crossed the  
25 hill, they could see me. We went up the hill -- we

2 Kelly's store. Question: -- or walking in between  
3 these places, then that wouldn't be the truth?

4 Answer: Walking between Kelly's, my house and my  
5 sister's house? Question: Right, if they saw you  
6 any other -- any other place other than those  
7 places. Answer: Oh, yeah. Oh, yeah. He a lie.

8 Question: That'd be a lie? Answer: Uh-huh.

9 Question: Okay. Answer: Sure would.

10 Question: Can you think back, is  
11 there any other place you went or anybody you talked  
12 to during that time? Answer: Didn't go nowhere  
13 else. Question: Who was at your sister's house  
14 when you got there? Answer: Latoya Hardy, that's  
15 my cousin. Question: She's your cousin? Answer:  
16 She's staying with my sister. Question: You -- you  
17 said your -- your girlfriend didn't have a  
18 telephone? Answer: No, she don't. Question: Does  
19 her mother have a phone? Answer: Yes, she has a  
20 phone. Question: Okay. You didn't use it?  
21 Answer: Unh-unh. She don't like -- even like me.

22 Question: How long -- what are your  
23 girlfriend's hours? Answer: They was supposed to  
24 work from 7:00 'til 3:30. Sometimes they work from  
25 7:00 'til 5:30. Question: So she was at work.  
26 Does she come home for lunch? Answer: No.  
27 Question: She -- when she goes to work at 7:00,  
28 she's usually there 'til 3:30 or 5:30? Answer: Or  
29 5:30. Question: You didn't see her until later on

1 that afternoon? Answer: When she got there,  
2 Ms. Van Horn was pulling up. Question: That's who  
3 you caught a ride with from here, Ms. Van Horn?  
4 Answer: Unh-unh. I walked home. Question: Oh,  
5 from here? Answer: Uh-huh.

6 Question: Do you have any more  
7 questions? This is where -- that Officer Miller  
8 asked the question. Question: Yeah. When you went  
9 to work that day, who hired you? Answer: Ms.  
10 Tardy. Question: Ms. Tardy? Answer: Uh-huh.  
11 Question: Who referred you to that job? Answer:  
12 Mike, Mike Martin. Question: Mike? Answer:  
13 Uh-huh. Question: And Mike's the one that quit?  
14 Answer: Yeah. He's going to truck driving school.  
15 Question: Did she hire you the same day that you  
16 went to work? Answer: No. I went down on that  
17 Friday evening, and she told me that I could come  
18 back Saturday morning. Question: Saturday morning?  
19 Answer: Uh-huh.

20 Question: Did you and Ms. Tardy have  
21 any problems? Answer: No. Question: I mean, we  
22 know about the batteries -- and the rest of that was  
23 inaudible. Answer: No, sir. Other than that, we  
24 didn't have no problems. We didn't argue about  
25 that, you know. She talked to me, and she told me.  
26 I understood because I should have tied them down,  
27 you know.

28 Question: How much was your check  
29 that you had coming? Answer: I don't know. She

1 was paying me \$5 an hour. Question: How many hours  
2 did you have? Answer: Saturday, Monday, Tuesday,  
3 Wednesday. Question: You never actually drew a  
4 paycheck? Answer: No, sir. I didn't get that  
5 check because -- Answer -- correction, question:  
6 How many hours did you work on -- that other part  
7 was inaudible. Answer: Told me. Question: Work  
8 on seven? Answer: Seven, from 9:00 to 5:00.  
9 Question: What did you do on Monday? Answer:  
10 Monday? Question: That would be the first.  
11 Answer: I think I came in that day. If I came in,  
12 I worked seven. Question: And then Tuesday?  
13 Answer: Tuesday I worked seven. Question: And you  
14 got off at noon time -- the rest of that was  
15 inaudible. The answer was inaudible, the last part  
16 of it was Wednesday. Question: We're talking about  
17 26 hours? Answer: Yeah, something like that. I  
18 wouldn't know. Question: So your check you had  
19 coming was running \$100 or a little more? Answer:  
20 Yes, sir, somewhere in thereabouts.  
21 Question: The first part was  
22 inaudible. Oh, okay. And who fired you, you said?  
23 Answer: She didn't fire me; she just told me she  
24 just couldn't use me anymore. Question: Just  
25 couldn't use you anymore but she told you that your  
26 check had been used up? Answer: Yeah. Question:  
27 Did that surprise you when she told you that?  
28 Answer: No, sir, because she told me the same day,  
29 the same day the battery was dropped off, if they

## MATTHEWS - DIRECT

1 didn't give her some kind of a deal on it, whoever  
2 handled the battery was responsible. That was it.  
3 Question: All right. Well, did you have anything  
4 to say to her about that? Answer: No, sir. She  
5 sent me to Carrollton.

6 Question: But something was started  
7 to say but the answer was: The first part was  
8 inaudible. She said she had gone -- she said she  
9 was going to leave the store early and if -- if she  
10 wasn't there when we got back to come over to her  
11 house and just bring the key. But when we got back,  
12 she was right there in front of the store, her and  
13 her husband, just coming out and getting in the car.

14 Question: All right. What day was  
15 it that you dropped the batteries? Answer:  
16 Wednesday. Question: It was Wednesday morning?  
17 Answer: Uh-huh. Question: What day was it that  
18 you borrowed the \$30? Answer: Wednesday before we  
19 left. Question: Which did you do first, borrow the  
20 money or drop the batteries? Answer: Dropped the  
21 batteries. Question: First? Answer: Uh-huh.  
22 Question: And then she still loaned you \$30?  
23 Answer: When we got ready to go home, she said have  
24 a happy 4th. She said, Curtis, you had the  
25 trouble -- inaudible -- pay first. She said, Well,  
26 do you need to borrow anything? I said, Yes, ma'am,  
27 I could use \$30 and she give me \$30.

28 Question: So there was really -- was  
29 no big problem with you and Ms. Tardy? Answer: No,

1 sir. We didn't exchange no words. Question: How  
2 did you get along with Ms. Rigby? Answer:  
3 Ms. Rigby? Question: The other lady. Answer: The  
4 secretary? Oh, me and her cleaned up together.  
5 Question: All right. On the 4th you took off  
6 because it was a holiday? Answer: Uh-huh.  
7 Question: Who all did you see on the  
8 4th? Who were some of your buddies that you ran  
9 around with? Answer: Oh, on the 4th. We had a big  
10 get-together at my house, my mother's house.  
11 Question: Name some of the people that was there.  
12 Answer: Oh, Johnny Campbell, Roscoe Campbell, my  
13 mother and my father. You need some more?  
14 Question: Yeah. I mean, how many people are you  
15 talking about? Answer: The first part is  
16 inaudible, and then the family. Question: The  
17 whole family large? Answer -- correction.  
18 Question: The whole family large? Question: Who  
19 outside the family? Answer: I can't think of  
20 anybody outside the family.  
21 Question: Well, what did you do on  
22 Saturday? I mean on Friday? You didn't go to work.  
23 So what did you do on Friday? Answer: Sat at the  
24 house. Question: By yourself? Answer: My  
25 girlfriend, she was off too. Question: Did you  
26 argue with anyone, go any place? Answer: No.  
27 Question: What did you do on Saturday? Answer:  
28 Back over at my mama's house, and we sat around and  
29 drank out there on the picnic tables and stuff.

1 Question: Some of the same people that was there?

2 Answer: My uncle, Johnny Calhoun, Roscoe, Roger

3 Campbell. That's about it.

4 Question: And then Sunday you --

5 Answer: Nothing. Question: You didn't do anything

6 too much? Did you tell a lot of people the problems

7 that you had, had down there about dropping the

8 batteries? Answer: My girlfriend. Well, my uncle

9 and them they saw it, because we was between the

10 alley over there, at the alley over there and the

11 Coast to Coast, the front store. The answer was

12 inaudible -- the question was inaudible. The

13 answer: Robert Campbell. Question: Robert?

14 Answer: He came to work on the weekends anyway.

15 They was over there at the fish market over there,

16 and they was coming out of the parking lot when I

17 was coming up the alley.

18 Question: And they saw the battery

19 spilled? Answer: Uh-huh. Question: But you

20 didn't -- you didn't have a lot to say about the

21 fact that -- that they owed you some money? Answer:

22 No, sir. Question: After you were terminated?

23 Answer: No, sir. I asked was I supposed to be able

24 to receive a check, and she told me, remember, we

25 talked about the battery. And I said, yes, ma'am.

26 And she said, Well, your check was used up. That

27 was it. Question: Did you know about the store

28 being broken into? Answer: Ms. Tardy told me that,

29 told me how they came in and everything. She said

1 that they come through the air shaft or something.  
2 Question: Where did you see Ms. Tardy? Answer: At  
3 the store when I was working. Question: This was  
4 when? And the other part was inaudible. The answer  
5 was: I know he was just telling me about the break  
6 in that they had a while back. That was the day I  
7 started.

8 Question: That was the same day you  
9 started that he was telling you about the break in?  
10 Answer: Yeah, he was telling me about the break in.  
11 Question: But didn't they have one while you were  
12 working down there? Answer: I don't know. She  
13 never did bring it up because, you know, I never did  
14 go back to work. When I called up there, she told  
15 me that she couldn't use me anymore. I asked her  
16 did I have any paycheck coming and she told me,  
17 remember, we talked about the battery. She said it  
18 was used up. I said okay. She said sorry things  
19 didn't work out. I told her okay. That was it.

20 Question: And that was what day?  
21 Answer: That Tuesday. Question: That Tuesday?  
22 Answer: I think it was the 9th, 10th, I don't know.  
23 Question: After the first Tuesday after the 4th?  
24 Answer: Uh-huh, yeah. Question: So you didn't go  
25 to work that Monday either? Answer: No, sir.  
26 Question: You didn't call her? Answer: I called  
27 her Saturday. I called her Friday, and I called her  
28 Monday. And I didn't go in Tuesday but about  
29 eleven-something Tuesday, I called her. I asked her

7 Uh-huh. Question: When did you call? Answer:  
8 About eleven something. Question: You called her?  
9 Answer: Uh-huh.

10 Question: Have you had a lot to say  
11 to different people about what happened there?  
12 Answer: No, sir, nobody but Mike. I told Mike that  
13 to deliver the mattress. She called Mike to help  
14 me. Me and Mike was going to Carrollton. I just  
15 told Mike that, man, she sent me around to the Coast

9 **BY MR. EVANS:**

10 Q Did you notice any major inconsistencies  
11 in the times that he gave you?

12 A Yes, sir, we did.

13 Q Between the two statements?

14 A Yes, sir.

15 Q In the first statement, what time did he  
16 tell y'all he got up?

17 A He told us he got up about 6:30 that  
18 morning.

19 Q This was on the 16th that he gave that  
20 statement?

21 A Yes, sir.

22 Q On the 18th, just two days later, what had  
23 he changed that to?

24 A Told us that he got up about 9:30,  
25 something to ten.

26 Q And on the first statement I believe he  
27 told you that he left the house about 9:15 the first  
28 time?

29 A Yes, sir, about 9:15, 9:30.

## MATTHEWS - DIRECT

1           Q     And in the second statement I believe it  
2 was around noon?

3           A     Yes, sir.

4           Q     Did you think those times were pretty  
5 significant?

6           A     Yes, sir, we did.

7           Q     I believe he told you that he had never  
8 been on the east side of 51 at any time that day; is  
9 that right?

10          A     That's what he told us.

11          Q     Did you have an occasion during the  
12 investigation to go to the home of James Edward  
13 McChristian?

14          A     Yes, sir, I did.

15          Q     Do you know which side of Highway 51 it's  
16 located on?

17          A     It's on the east side.

18          Q     Did you have an occasion to go into  
19 Angelica's during the investigation?

20          A     Yes, sir, we did.

21          Q     Which side of Highway 51 is it on?

4 Henry's house?

5           **A**     Yes, sir.

6           **Q**     Which side of Highway 51 is it on?

7           **A**     That's on the east side also.

8           **Q**     Did you have an occasion to have Mary  
9 Jeanette Flemming show you a location that she saw  
10 the Defendant that same day?

11          **A**     That's correct.

12          **Q**     Which side of 51 is it located on?

13          **A**     It's also on the east side.

14          **Q**     Did you have occasion to see where Clemmie  
15 Fleming said where she said him that day?

16          **A**     Yes, sir.

17          **Q**     Which side of Highway 51 is that located  
18 on?

19          **A**     It's on the east side of 51.

20          **Q**     Did you have an occasion to see a location  
21 where Porky Collins saw him that day?

22          **A**     Yes, sir, I did.

23          **Q**     Which side of Highway 51 is it located on?

24          **A**     It's on the east side.

25          **Q**     But he said he had never been on the east  
26 side that day?

27          **A**     Said in the statement if anybody said they  
28 saw him over there, it would be a lie.

29          **Q**     I want to show you Exhibit S-36 and ask

4       **Q**     Where was it located?

5       **A**     It was on a table on the side of the  
6 counter area. They had a table or some kind of  
7 small desk there that was -- had some carpet samples  
8 or fabric samples on those tables, and we found this  
9 bag under some of those carpet samples.

10       **Q**     Was there any money located in the bag?

11       **A**     No, it was not. It was --

12       **Q**     What were the contents of the bag?

13       **A**     There was a bank book in there.

14       **Q**     Would you examine it and see if that bank  
15 book is in there now?

16       **A**     Yes, sir.

17       **Q**     And what was the last deposit that was  
18 made from that bank book? Well, let me stop right  
19 there for a minute.

20               **BY MR. EVANS:** Your Honor. I offer this

12 BY MR. EVANS:

13 Q You may continue.

14 A It looks like a deposit for January (sic)  
15 the 15th, 1996, of \$1,238.86. And there's a teller  
16 mark on here from the Union Planters Bank in Winona  
17 for July the 16th, 1996, from teller number six.

18 Q All right. Did you have an occasion  
19 during your investigation to search through the  
20 store to determine if there was any store money  
21 located in the store?

22 A We looked for some money. There was some  
23 change located in the change drawer but there was  
24 not any currency in there.

25 Q There was no currency that appeared to  
26 belong to the store anywhere in the store?

27 A No, sir.

28 Q I believe there's been described as a cash  
29 drawer in that store. What was located in it?

## MATTHEWS - DIRECT

1           **A**     There was some change in that cash drawer.

2           **Q**     And no bills?

3           **A**     But no bills.

4           **Q**     I want to hand you Exhibit S-125 and ask  
5 if you can identify what this is.

6           **A**     That's a pair of Nike Flight tennis shoes  
7 belonging to Curtis Flowers. They were taken on the  
8 23rd of July by myself.

9           **Q**     You say you took them from the Defendant?

10          **A**     Yes, sir.

11          **Q**     Did he have them on?

12          **A**     Yes, sir.

13               **BY MR. EVANS:** Your Honor, I offer these

6 shoes would be important at some point?

7 A We felt like they would be.

8 Q Did you have an occasion to go to the  
9 house that the Defendant was living in with anyone  
10 to search the house?

11 A We did, yes, sir.

12 Q What did you find when you went to that  
13 house?

14 A Well, we found some clothes that we  
15 took -- we later took it to the crime lab. We also  
16 found some currency in the headboard that the -- of  
17 the bed there from the house.

18 Q Speak up, please.

19 A Found some currency in the headboard of  
20 the bed there in the house.

21 Q How much currency -- cash was found in  
22 this headboard?

23 A I believe it was around \$235.

24 Q All right. Now, the clothing that you  
25 found, do you know when they were worn?

26 A No.

27 Q It was just some clothing that you found  
28 and sent to the lab?

29 A That's right, yes, sir.

## MATTHEWS - DIRECT

1           Q     Were you even present when some officers

3           A     No, sir, I was not.

4           Q     All right. You were aware that a .380  
5     automatic pistol was reported stolen the morning of  
6     the murders; is that correct?

7           A     Yes, sir.

8           Q     Did you have occasion to go to Angelica's?

9           A     Yes, sir, I did.

10          Q     Did you talk with Doyle Simpson?

11          A     I did.

12          Q     Did you have an occasion at any time after  
13     that to go to a house on Poor House Road to try to  
14     recover any evidence?

15          A     We got a search warrant from his mother to  
16     search a post where he had told us that he had done  
17     some target practicing with that weapon, and we went  
18     out there to see if we could retrieve some  
19     projectiles in that post.

20          Q     All right. Explain that to us. What kind  
21     of post is this and where is it located?

22          A     It was a cedar post that's in the yard.

23          Q     About what size post?

24          A     It was about -- about the size of a  
25     crosstie.

26          Q     Okay.

27          A     A railroad crosstie, about that size.

28          Q     And what did Doyle Simpson tell you --  
29     well, without going into what he told you, based

## MATTHEWS - DIRECT

1 upon what he told you about where he had shot the  
2 gun, what did you do?

3       **A**     Well, we -- we went out there. He told us  
4 that he had shot the gun into this post. They  
5 usually set some cans up or bottles on the post and  
6 he had done some target practicing out there at that  
7 post, so that was the reason we went back and hoping  
8 that we could find some -- either some hulls on the  
9 ground or some projectiles in the post that we might  
10 could compare to the ones that we had out of the  
11 victims from this crime.

12       **Q**     Okay. You were attempting to determine  
13 what?

14       **A**     To see if the gun that was stolen from  
15 Doyle Simpson was that same gun that was used at  
16 Tardy Furniture Company.

17       **Q**     All right. And did you recover some  
18 projectiles?

19       **A**     Yes, we did.

20       **Q**     All right. Explain how you recovered  
21 them.

22       **A**     Well, we took -- tried to take a -- a  
23 little -- we used a little pocketknife to see if we  
24 could make contact with any projectiles or holes  
25 that were in there that might have a piece of --  
26 piece of lead fragment or projectile fragment in  
27 there. And then we just tried to cut away all of  
28 the wood from it so that we could get it out there  
29 as best we could.

## MATTHEWS - DIRECT

1           **Q**     Okay. The projectiles that were  
2 recovered, what did you do with them?

3           **A**     We took those -- we submitted those to  
4 crime lab.

5           **Q**     And for what purpose?

6           **A**     To compare with the ones that they'd  
7 already had down there.

8           **Q**     Now, did you have an occasion to go back  
9 to the crime scene with some officers in an attempt  
10 to find another projectile?

11          **A**     Yes, sir.

12          **Q**     Explain that to the ladies and gentlemen  
13 of the jury.

14          **A**     After we received the autopsy report back,  
15 we got to looking at the projectile that went  
16 through Bertha Tardy. The area that her body was  
17 laying in in the store, when we had been in the  
18 store we noticed there was a nick on one of the  
19 posts, on one of the columns in the store, on one of  
20 the support columns. And we looked at the  
21 projectile from the autopsy reports thinking that  
22 maybe that that bullet had passed through her head  
23 and struck the post. And there was a lot of  
24 mattresses in that vicinity back there. It was a  
25 lot of bedding displays back there and we thought  
26 possible from the angle of where she was lying and  
27 the angle of the post that we might could find that  
28 other projectile, hoping that maybe we could find it  
29 in one of those mattresses.

## MATTHEWS - DIRECT

1           **Q**     All right. Who went back to the store in  
2     an attempt to do that?

3           **A**     Okay. It was Lieutenant Wayne Miller,  
4     myself, DA investigator John Johnson and DA  
5     investigator Robert Jennings.

6           **Q**     Okay. Were you successful?

7           **A**     We were.

8           **Q**     And you did recover what?

9           **A**     We recovered a projectile inside one of  
10    the mattresses.

11           **BY MR. EVANS:** Your Honor, may I have the  
12    witness step down, please?

13           **BY THE COURT:** Wait a minute. Have these  
14    already been agreed to? Have y'all agreed to  
15    that, bringing these numbers in because I don't  
16    recall that I ever --

17           **BY MR. EVANS:** This first one has one,  
18    two, three, four, five pictures on it. They  
19    are S-95A, S-96A, S-97A, S-98A and 41B and they  
20    are marked into evidence. The next poster is  
21    the S-95B; it is already marked into evidence.  
22    And the next one is S-98B, which is already  
23    marked into evidence.

24           **BY THE COURT:** You may proceed.

25                   (WITNESS LEAVES STAND AND TAKE A PLACE  
26                   IN FRONT OF THE JURY)

27    **BY MR. EVANS:**

28           **Q**     All right. Again, if you would, come  
29    around to where you can see but don't block the

## MATTHEWS - DIRECT

1 jury's view. Would you show us where the nick in  
2 the post was that you had previously seen?

3 A We use this yardstick and placed it up  
4 there. The yardstick was not there; we just used  
5 that as the reference point and that's the spot, the  
6 spot on the post where we noticed the nick in the  
7 post.

8 Q All right. And what did you do after you  
9 noticed the nick in the post?

10 A We started looking back at the mattresses  
11 in this area to see if it had ricocheted off there  
12 and went into the mattresses.

13 Q And did you find any place in the  
14 mattresses?

15 A Yes, I did.

16 Q What did you find?

17 A We found a slit spot in the plastic on the  
18 mattress, a hole, and we located it.

19 Q All right. I notice in the top picture up  
20 here, top left-hand picture there is a pin stuck in  
21 a mattress. What is the significance of that?

22 A Well, we put that pin because that was the  
23 hole that was made in the mattress.

24 Q So that pin is marking where you found the  
25 hole in the mattress?

26 A A hole in the mattress.

27 Q And do the other pictures show as you're  
28 cutting these open?

29 A That shows us removing the projectile

## MATTHEWS - DIRECT

1 from the mattress.

2 Q Okay. And is this the projectile that  
3 you've described in the picture here?

4 A That's correct.

5 Q Exhibit 95B: Is this just an enlargement  
6 that more clearly shows the nick in the wall and  
7 where the hole was in the mattress?

8 A Yes, sir.

9 Q And 98 -- S-98B: Is this just a clear  
10 enlargement showing the projectile as it was  
11 laying -- resting in the mattress?

12 A That's correct.

13 BY MR. EVANS: You can have a seat again.

14 (WITNESS RETURNS TO STAND)

15 BY MR. EVANS:

16 Q I want to now show you Exhibit S-80 for  
17 identification and ask if you can identify that.

18 A Yes. This was recovered from the mattress  
19 from Tardy's Furniture Company.

20 Q And is that the same projectile that the  
21 jury just saw in the photographs that you and other  
22 officers recovered from the mattress?

23 A Yes, sir.

24 BY MR. EVANS: I offer Exhibit 80 into  
25 evidence, Your Honor.

26 BY MR. CARTER: Let me see it.

27 BY THE COURT: Any objection?

28 BY MR. CARTER: No objection.

29 BY THE COURT: I'll allow it to be

## MATTHEWS - DIRECT

1 admitted.

2 (STATE'S EXHIBIT NO. S-80 RECEIVED INTO  
3 EVIDENCE.)

4 **BY MR. EVANS:**

5 **Q** Once that projectile was recovered, what  
6 did you do with it?

7 **A** I -- I delivered it to the Mississippi  
8 State Crime Lab.

9 **BY MR. EVANS:** One second, Your Honor.

10 **BY MR. EVANS:**

11 **Q** Did you have an occasion during your  
12 investigation to check any other people's shoe  
13 sizes?

14 **A** Yes, sir. When we got to the scene that  
15 day, I checked with Chief Hargrove as to who had  
16 been in the scene while he was there. And he told  
17 me that he had been in and Kenny Townsend had been  
18 in, and those are the first two officers that  
19 arrived at the scene. And also Sam Jones who had  
20 found the bodies, we knew he had been in there also  
21 that morning. And also the ambulance crew who had  
22 had been in and picked up one of the victims.

23 **Q** Did you have an occasion during your  
24 investigations to see a person that you found out to  
25 be known as Lamarcus Moore?

26 **A** Lamarcus Moore?

27 **Q** Lamarcus.

28 **A** Connie Moore had a son. I don't whether  
29 his name was Lamarcus.

## MATTHEWS - DIRECT

1           Q     Okay. Her younger son, did you have an  
2 occasion to see him?

3           A     The 11-year-old, I did, yes, sir.

4           Q     All right. Did you check his shoe size?

5           A     Yes, we did.

6           Q     What was that shoe size?

7           A     Seven.

8           Q     During your investigations, did you have  
9 an occasion to either include or exclude Doyle  
10 Simpson as a suspect?

11          A     Well, we excluded him as a suspect.

12          Q     All right. And based upon your  
13 investigation, did you do any -- were you able to do  
14 anything that excluded him as a suspect?

15          A     Well, we interviewed his supervisors at  
16 the factory he worked in that morning to make sure  
17 that he was at work, that he had an alibi at the  
18 time of the crimes. And we were able to determine  
19 that he was, in fact, working at Angelica that  
20 morning.

21          Q     Okay.

22                BY MR. EVANS: May I have the Court's  
23 indulgence for just a minute?

24                BY THE COURT: Sure.

25           BY MR. EVANS:

26          Q     All right. You were saying a while ago  
27 that you checked shoes of people that were there at  
28 the store?

29          A     Yes, sir.

## MATTHEWS - DIRECT

1           Q     Were any of those shoes anywhere similar  
2     to the shoe impression that you had seen?

3           A     No.

4           BY MR. EVANS: Your Honor, I'll tender the  
5     witness.

6                           **CROSS-EXAMINATION**

7     BY MR. CARTER:

8           Q     Mr. Matthews, first of all, I want to  
9     applaud you on the good work you did of going back  
10    to the store and making a record of this projectile  
11    that you found in the mattress. And whose request  
12    was it to take all these nice pictures that make  
13    sure that you could document it?

14          A     I don't remember who decided to.

15          Q     You didn't take them, did you?

16          A     I don't remember that I did.

17          Q     Okay. Did you authorize anybody to take  
18    them?

19          A     Well, one of the four that were there took  
20    them. I don't know. I don't remember exactly who  
21    it was.

22          Q     Did you authorize anybody to take them?  
23    Did you personally authorize them?

24          A     Well, we talked about the people that were  
25    there. I don't know that I authorized them.

26          Q     Okay. That's my question. You were there  
27    when they were taking them; is that correct?

28          A     That's correct.

29          Q     And when was the first time you saw them?

## MATTHEWS - CROSS

1 Did you do it with a Polaroid camera so you could  
2 see it almost instantly?

3 A No, I don't think we had a Polaroid.

4 Q You didn't have a camera with you that  
5 day, did you?

6 A I don't remember that I did.

7 Q Now, who all you say was there? Who was  
8 all present when this went down?

9 A Mr. Miller was there, myself, Mr. Johnson  
10 and Mr. Jenkins.

11 Q Okay. What's the point of doing that?  
12 Because you really could have just testified about  
13 what you found, and you really didn't have to take  
14 pictures. What's the point in taking pictures in a  
15 situation like that?

16 A Well, we probably needed to document it.

17 Q Needed to document it. Photograph it and  
18 documenting?

19 A That's correct.

20 Q Now, you also went to Doyle's mother's  
21 house out on Poor House; is that correct?

22 A That's correct.

23 Q And before you went, Mr. Thornton had  
24 gone; is that correct?

25 A He had.

26 Q In fact, Mr. Thornton had gone twice; is  
27 that correct?

28 A Well, I don't know how many times he went  
29 before that. I know he went one time before that,

## MATTHEWS - CROSS

1 and I know he went with me one time.

2 Q Okay. Now, could you explain to us why no  
3 pictures were taken of there, no photographs?

4 A That was probably something we just forgot  
5 to do that day.

6 Q No picture of this cedar post that you're  
7 talking about; right?

8 A No.

9 Q No picture of the projectile in the log;  
10 is that correct?

11 A That's correct.

12 Q No picture of the hull on the ground; is  
13 that correct?

14 A That's correct.

15 Q And would you agree with me if it's not  
16 documented, it didn't happen?

17 A No.

18 BY MR. EVANS: Your Honor.

19 A No.

20 BY MR. CARTER:

21 Q Now, you do agree that taking pictures and  
22 writing reports can serve as a permanent record for  
23 an indefinite period of time that something did, in  
24 fact, occur. Do you agree with that?

25 A That's correct.

26 Q Would you also agree that if -- would you  
27 also agree that memories are -- it's not like a  
28 video recorder but it fades over a period of time  
29 and that applies to everybody?

## MATTHEWS - CROSS

1           A     Some things, yes.

2           Q     Yeah. Now, you went to Connie Moore's  
3 house -- is that correct -- at least on one  
4 occasion?

5           A     I did.

6           Q     How many times did you go?

7           A     I went the one time.

8           Q     One time. Now, if you walk out the back  
9 door of Connie Moore's house and go straight for as  
10 far as you want to go, will you ever reach  
11 Angelica's?

12          A     If you went out the back door?

13          Q     Out the back door.

14          A     No.

15          Q     So you can't go out the back door and go  
16 straight and go to Angelica's?

17          A     Well, you'll have to make a few turns.

18          Q     Right. So if anybody said that, it  
19 would -- well, it's just not possible. Okay.

20                     Now, I noticed you said something  
21 about neighborhood canvassing. Now, is your  
22 testimony that you saw someone canvassing the  
23 neighborhood on that particular day?

24          A     My statement was I talked to Chief  
25 Hargrove, and he said that he had some of his  
26 officers were out there looking through some garbage  
27 containers, receptacles, looking along and surveying  
28 the area around Tardy Furniture Store.

29          Q     Okay. He told you that earlier. He

## MATTHEWS - CROSS

1 didn't give you any written report with that in it,  
2 did he?

3       **A**     No, he didn't give me a written report.

4       **Q**     And you didn't --

5       **A**     He said they were out doing it that  
6 morning.

7       **Q**     And you didn't make a written report  
8 saying that Chief Hargrove told you that?

9       **A**     No, I didn't.

10       **Q**    And you didn't personally see anybody out  
11 canvassing the neighborhood while you were there,  
12 did you?

13       **A**     No.

14       **Q**    Now, you made some reference about why  
15 Mr. Flowers -- and correct me if I'm wrong. I'm  
16 certainly not trying to put words in your mouth --  
17 about Mr. Flowers being let go at Tardy's. Now, is  
18 it your testimony Mr. Flowers was fired?

19       **A**     He told us that he was let go.

20       **Q**    And what did you take that to mean?

21       **A**     Well, I took it to mean that they didn't  
22 need him anymore. They let him go. He wasn't  
23 working there any more.

24       **Q**    Okay. Is that in conflict with quitting  
25 and not going back or could that mean that?

26       **A**     Well, I think when they let you go, they  
27 let you go; they fired you or you're -- it's about  
28 the same thing as being fired.

29       **Q**    Right. And Mr. Flowers said they let him

## MATTHEWS - CROSS

1 go. Did you ask him to explain that and make you  
2 understand exactly what he was talking about?

3 A Well, I pretty much knew that let go means  
4 you were let go. You're not working there anymore.

5 Q But does that mean you're fired for some  
6 kind of misconduct?

7 A Well, I don't know if it was misconduct,  
8 but he told us that when he talked to her on the  
9 telephone that she told him that he didn't have a  
10 job there anymore.

11 Q Right. Didn't have a job because he  
12 didn't come back after the 3rd of July?

13 A That's right.

14 Q Now, did you follow up and talk to anyone  
15 else at Tardy's about whether or not Mr. Flowers was  
16 fired or didn't go back?

17 A Well, there wasn't anybody left at Tardy's  
18 for me to be talking to.

19 Q Did you talk to Ms. Ballard -- Ms. Roxanne  
20 about that?

21 A I didn't talk to her about that.

22 Q Okay. And you didn't talk to Mr. Tardy,  
23 the son, about that either, did you? Or did you? I  
24 don't know.

25 A No.

26 Q Okay. Now, this first time you talked to  
27 Mr. Flowers you made some notes.

28 A Right.

29 Q Now, did you ask Mr. Flowers on the 16th

## MATTHEWS - CROSS

1 to write out a statement?

2 **A** No.

3 **Q** Did you record a statement?

4 **A** No.

5 **Q** So those notes you're referring to are  
6 just some notes you wrote out?

7 **A** No. Mr. Johnson wrote those notes.

8 **Q** Now, how long did you work on this case?  
9 Were you just -- did you just work on it temporarily  
10 such as on July the 16th, 1996?

11 **A** No, worked on it for a while.

12 **Q** Okay. And is it a fact that Mr. Hargrove  
13 released the crime scene to you?

14 **A** He didn't release to us, no.

15 **Q** Okay. I'm not talking about to us; I'm  
16 talking about to you.

17 **A** Well, to me? No, he did not release it to  
18 me.

19 **Q** Okay. So if he said he did -- and when I  
20 say release the crime scene, let's make sure we're  
21 talking about the same thing. What does releasing a  
22 crime scene mean to you?

23 **A** Turn it back over to whoever it belongs  
24 to, that would be releasing it, I would think.

25 **Q** You got there at the crime scene.  
26 Mr. Hargrove was there. Who else was there?

27 **A** Mr. Hargrove was there, and I don't  
28 remember everybody else that was there. Sam Jones  
29 was there. There were a number of people out in

## MATTHEWS - CROSS

1 the -- around the area, out in the street and all.

2 Q Now, isn't it a fact that Mr. Hargrove  
3 called the Mississippi Highway Patrol because he  
4 felt inadequate to handle a major homicide like  
5 that?

6 A I think he called us because he needed  
7 some assistance that day.

8 Q He needed some assistance. Why did he  
9 need assistance in it? If he didn't feel  
10 inadequate, why did he need it?

11 A Well, I don't know if he felt inadequate,  
12 but he felt like he needed some more expertise.

13 Q Yeah, more expertise. And you and  
14 Mr. Miller had the expertise?

15 A Well, I hope so.

16 Q And you arrived upon the scene, what was  
17 Mr. Hargrove -- where was he at and what was he  
18 doing?

19 A He was right there at front door.

20 Q At the front door. And he told you three  
21 people were certainly dead and another one had been  
22 injured and was in the hospital?

23 A That's correct.

24 Q And he told you that, you know, there's no  
25 proof, that some people were out canvassing the  
26 neighborhood; is that correct?

27 A He did.

28 Q And did he tell you that he had called the  
29 crime -- CSI people from Jackson?

## MATTHEWS - CROSS

1           **A**     Right. I had done that before I left the  
2 patrol station in Greenwood, and he told me when I  
3 got over here that he had already done that also.

4           **Q**     Right. He called for you all because he  
5 thought y'all had more expertise, and when you got  
6 there -- now, would you consider it briefing about  
7 what he found?

8           **A**     Uh-huh.

9           **Q**     So he's briefing you about what -- what  
10 had occurred. Isn't it a fact he was briefing you  
11 because he called for your help and he's  
12 releasing -- what did Mr. Hargrove do that day after  
13 he give you this information?

14          **A**     He stayed there around the scene and was  
15 taking care of stuff.

16          **Q**     What was he doing the rest of the day?

17          **A**     Well, I don't know what he was doing the  
18 whole rest of the day. I mean, you'll have to ask  
19 him that.

20          **Q**     Okay. You didn't see him do anything?

21          **A**     Yeah. I saw him.

22          **Q**     You saw him down there at Tardy's; is that  
23 correct?

24          **A**     I saw him at Tardy's. I saw him at the  
25 police department and then later on.

26          **Q**     What did he do at Tardy's for the rest of  
27 the day?

28          **A**     Well, he was taking care of the crime  
29 scene while the crime lab was there.

## MATTHEWS - CROSS

1           Q     Okay. The crime lab got there like one  
2 something; is that correct?

3           A     I don't remember exactly what time they  
4 got there.

5           Q     It was after -- a little after one, wasn't  
6 it?

7           A     They got to the scene probably --

8           Q     What did Mr. Hargrove do at Tardy's? What  
9 time did he get there, 11:00?

10          A     I got there, and Mr. Hargrove was just a  
11 little after 11:00.

12          Q     And so the crime scene got there at 1:00.  
13 So it was a couple hours of time that you and  
14 Mr. Hargrove was at Tardy's. And is it your  
15 testimony -- you can't really tell me what  
16 Mr. Hargrove was doing for that couple of hours?

17          A     I think they were securing the crime  
18 scene.

19          Q     Securing the crime scene. What does that  
20 mean?

21          A     Well, they were not letting anybody in  
22 there until the crime lab got there.

23          Q     Okay. Now, did you see him make a list of  
24 who was coming in and who was going out?

25          A     I don't know.

26          Q     Okay. You didn't see it though?

27          A     I haven't seen a list.

28          Q     Did you make a list?

29          A     No. I wasn't there the whole time.

## MATTHEWS - CROSS

1           Q     Okay. For the period of time you were  
2 there, did you make a list of who came in and went  
3 out?

4           A     I made a list of the people that I talked  
5 to and the ambulance people that I talked to.

6           Q     Oh, you made a list of the people you  
7 talked to. I accept that. But did you make a list  
8 of the folks that you saw come in?

9           A     It wasn't anybody coming in. It wasn't  
10 anybody coming --

11          Q     Nobody came in?

12          A     We didn't let anybody come in there.

13          Q     Okay. Did you make a list of people  
14 you -- you were briefed on and told who had come in  
15 and who had left?

16          A     Yes, sir, just on those.

17          Q     You did?

18          A     Just like I say, the ambulance crew and  
19 Mr. Jones. And the two police officers and  
20 Mr. Hargrove and Mr. Townsend.

21          Q     Okay. Now, are you telling me this is in  
22 a report or you made a list?

23          A     I just made a list that day, a note. I  
24 may have jotted a note down, you know, that they  
25 came, but I didn't make a detailed list.

26          Q     Okay. Now, is there any particular reason  
27 you didn't record the first conversation you had  
28 with Mr. Flowers or make him write out a statement?

29          A     Well, that was just a fact-finding

## MATTHEWS - CROSS

1 interview to see what he'd been doing that day.

2 Q Right. Now, isn't it -- how long you been  
3 a police officer? At that time, how long had you  
4 been with the Mississippi Highway Patrol?

5 A I've been about -- must have been about  
6 23 -- 23 or 22 years.

7 Q And how long had you been an investigator?

8 A About nine years.

9 Q About nine years. Now, is Mr. Flowers the  
10 first and only person who has ever changed something  
11 from what they said from one statement to another  
12 one? It's really not all that unusual for a person  
13 being interviewed to say one thing one time and say  
14 something different another time, is it?

15 A I didn't understand the question. I'm  
16 sorry.

17 Q You're saying -- you testified earlier  
18 that Mr. Flowers said some things different in the  
19 second statement than he did in the first one;  
20 wasn't that correct?

21 A That's correct.

22 Q Now, I said having been an investigator  
23 for as long as you have been one, Mr. Flowers is not  
24 the only person to ever do that; is that correct?

25 A That's correct.

26 Q So it's really kind of common that you get  
27 different stories from people at different times; is  
28 that correct?

29 A You get -- yeah, it could be true.

## MATTHEWS - CROSS

1           Q     Now, Mr. Flowers willingly came in, as far  
2 as you know, and talked to y'all; is that correct?  
3 He didn't resist, as far as you know?

4           A     Which time now?

5           Q     The first time.

6           A     Yes.

7           Q     I didn't know that he resisted any time.  
8 Do you have any proof that he resisted coming in and  
9 talking to you either time?

10          A     No.

11          Q     And when you asked for the gunshot residue  
12 test, he didn't resist that, did he?

13          A     No, that's correct.

14          Q     When you asked for his shoes and clothing,  
15 he didn't resist any of that either, did he?

16          A     No, sir.

17          Q     Now, did you say earlier -- strike that.  
18 Now, you don't know whether Mr. Flowers washed his  
19 hands before coming to see you, do you?

20          A     I don't know.

21          Q     Now, did Mr. Flowers have to -- he had to  
22 sign a waiver of rights form; is that correct? He  
23 had to sign a -- you Mirandized him, and he had to  
24 sign this document just like you did; is that  
25 correct?

26          A     That's correct.

27          Q     And where did he get the pen from to sign  
28 it with?

29          A     I don't remember.

## MATTHEWS - CROSS

1           Q     Do you know -- you don't think you gave it  
2 to him?

3           A     I could have.

4           Q     Now, where did this conversation take  
5 place, in the -- now, I have no idea where the  
6 police department was back then. Is it at the same  
7 place now as back then?

8           A     No, sir. It's at a different place.

9           Q     Is it kind of on the other side of Summit  
10 back over there where the probation office is  
11 located now?

12          A     I'm not familiar with the probation  
13 office.

14          Q     Now, this room that you interviewed  
15 Mr. Flowers in, is this the room that -- describe  
16 this room. What's in this room?

17          A     Oh, it was a table, some chairs in there.

18          Q     Okay. And is this a room where interviews  
19 commonly take place?

20          A     That's the first time I'd been in it.

21          Q     First time you'd been in it?

22          A     I don't know what was done before I got in  
23 there.

24          Q     Now, if there is a -- if a police officer  
25 has fired a gun, now, the pen -- let's put it this  
26 way: Do you know if Mr. Flowers is right handed or  
27 left handed?

28          A     I believe he said he was right handed.

29          Q     And we do know that he had to write to

## MATTHEWS - CROSS

1 sign the form. And do you know the --

2 **BY THE COURT:** Mr. Carter, I understand  
3 the jury's ready for a break, so we'll take a  
4 ten-minute recess at this time.

5 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
6 CONTINUED IN OPEN COURT WITH THE JURY  
7 PRESENT, TO-WIT:)

8 **BY THE COURT:** Court will come back to  
9 order. Mr. Carter, you may resume.

10 **BY MR. CARTER:** Thank you, Your Honor.

11 **BY MR. CARTER:**

12 **Q** Mr. Matthews, who got to the crime scene  
13 first, you or Mr. Miller?

14 **A** I did.

15 **Q** So you did. And upon getting there, Chief  
16 Hargrove briefed you about the scene; is that  
17 correct?

18 **A** That's correct.

19 **Q** And at that point -- and you're an  
20 investigator; is that correct?

21 **A** That's correct.

22 **Q** And yet you don't consider that releasing  
23 the crime scene to you?

24 **A** No. I wouldn't say he released the crime  
25 scene to me. He was in charge of the crime scene  
26 until the crime lab got there.

27 **Q** You were never in charge?

28 **A** I wasn't the one in charge, no. No, I'm  
29 not in charge of that, no, sir.

## MATTHEWS - CROSS

1           Q     Isn't it a fact that Mr. Thornburg and  
2     Mr. Miller went to Angelica's and interviewed Doyle  
3     Simpson and Emmett Simpson, then came back and  
4     reported to you what they found at Tardy's -- I  
5     mean, what they found at Angelica's?

6           A     I think they went down there.

7           Q     They went down there, and they came back,  
8     and they reported to you and not Chief Hargrove; is  
9     that correct?

10          A     I don't know what they told Chief  
11     Hargrove. I can't answer that.

12          Q     That's not what they told you?

13          A     Mr. Hargrove and -- they told me what, you  
14     know, what they were doing. I was down there with  
15     them.

16          Q     You were down at Angelica's, also?

17          A     That's correct.

18          Q     Okay. And what time did you go to  
19     Angelica's?

20          A     Sometime after the call came in.

21          Q     Were you down there when they interviewed  
22     Emmett and Doyle?

23          A     I was down there when we talked to Doyle,  
24     and I was down there later when we talked to Emmett.

25          Q     So did you get there before Mr. Thornburg  
26     and --

27          A     No.

28          Q     -- Mr. Williams?

29          A     No.

## MATTHEWS - CROSS

1           Q     Now, was Porky Collins brought down to  
2 Tardy's Furniture and asked to talk to you? Did you  
3 interview Porky Collins?

4           A     No. I didn't talk to him at Tardy  
5 Furniture, no.

6           Q     You didn't talk to him at Tardy's. Where  
7 did you talk to him at?

8           A     At the Winona Police Department.

9           Q     Winona Police Department. Wasn't that on  
10 July the 16th?

11          A     Yes, sir.

12          Q     Why did you talk to him?

13          A     He came down there to the police  
14 department and -- and I think he was asked to come  
15 down there, and he come down there and talked to us.

16          Q     And he came down there and talked to you?

17          A     Came down and talked to me, yes, sir. I  
18 was one of them that he was talking to.

19          Q     Okay. Let me ask you something else: You  
20 said Mr. Flowers had a scratch on his hand, on his  
21 shoulder, I believe. Didn't you say that?

22          A     Not his shoulder.

23          Q     On his arm?

24          A     His arm.

25          Q     Okay. Could you help me find a picture of  
26 that? I'm sure you took a picture of that, didn't  
27 you?

28          A     I don't think we took a picture of that;  
29 we just noted it.

## MATTHEWS - CROSS

1 Q What you noting it for then?

2 A Just looking at the suspect.

3 Q And that's -- you don't think that's worth  
4 taking a picture of?

5 A Well, we just noted it at the time. It  
6 didn't look like -- it was just a slight scratch on  
7 his arm and we noted that.

8 Q It didn't have any significance then; is  
9 that correct?

10 A I don't think it did at the time.

11 Q Okay. Thank you. Now, besides Doyle  
12 Simpson and Mr. Flowers, are there any other  
13 suspects?

14 A No, sir.

15 Q Now, you say you eliminated Doyle Simpson  
16 as a suspect. Is that what you're saying?

17 A We talked to the supervisors down there  
18 and also talked to -- with some of his coworkers  
19 down there.

20 Q Okay. What did you do down there at  
21 Angelica's?

22 A I talked to his supervisors.

23 Q What's the supervisor's name?

24 A It was a female. I don't remember. A  
25 Doris, I believe was her first name. I can't  
26 remember the last name.

27 Q Did you make a report of that?

28 A We may have.

29 Q Not we. Did you make a report?

## MATTHEWS - CROSS

1           **A**     I don't know whether I did or didn't. I  
2     can't remember.

3           **Q**     Okay. If you got one, can you search  
4     through your records and let us have it?

5           **A**     I don't have the records with me today.

6           **Q**     Okay. Now, who else did you talk to down  
7     there?

8           **A**     We talked to some of his coworkers.

9           **Q**     Not we. Who else did you talk to?

10          **A**     Well, I talked with his co-workers down  
11     there.

12          **Q**     Okay. You got any report of that?

13          **A**     No.

14          **Q**     And they told you that he had been there  
15     all day and he never left. Is that -- is that what  
16     you testified to earlier?

17          **A**     That's correct.

18          **Q**     And what time did they say they got there?

19          **A**     I think it was sometime early morning,  
20     like 6:30 or so.

21          **Q**     Okay. And what time did he leave? What  
22     time did he leave?

23          **A**     He left sometime around a little bit  
24     before 11:00 to pick up some lunches.

25          **Q**     Okay. Now, is that memorialized -- is  
26     that statement right there memorialized in any  
27     written document that you know of?

28          **A**     Could have been. Could have been, but I  
29     don't know. I don't have any with me right now.

## MATTHEWS - CROSS

1           Q     Did you memorialize it in any document?

2           A     No, sir.

3           Q     You personally, not anybody else?

4           A     No.

5           Q     Okay. And aren't you just right now  
6 relying on memory as best it can be summonsed?

7           A     Yes, sir.

8           Q     And I'm sure you had -- well, I know you  
9 didn't. You certainly didn't think it would last  
10 this long, did you, this case would going on for  
11 several years now, did you?

12          A     No, sir.

13          Q     Now, when you talked to Doyle down there  
14 at Angelica's, did you make any report of what Doyle  
15 Simpson said? Is there a written report of what he  
16 said he did that morning and how the gun got in his  
17 car or anything that you might have discovered in  
18 the process of talking with Mr. Simpson?

19          A     No, sir.

20          Q     Now, as far as the crime scene, now, when  
21 you find a hull at a crime scene or a projectile, is  
22 it a good idea to take a sharp object and poke in  
23 there and scratch that and touch that projectile?

24          A     That's not a good idea to do that, no,  
25 sir.

26          Q     Because you could possibly make  
27 indentations or scratches that would make it hard to  
28 make the -- the necessary comparison; is that  
29 correct?

## MATTHEWS - CROSS

1           **A**     This's correct.

2           **Q**     So using a knife was not a good idea at  
3 that time?

4                   **BY MR. EVANS:** Your Honor, I object.

5           There's nothing in the testimony about a knife  
6 being used to pick up a projectile.

7           **BY MR. CARTER:**

8           **Q**     Strike that. A knife being used to  
9 actually get the projectile out of the cedar log.  
10 Did you actually see that happen? Did you actually  
11 see Mr. Thornburg get the projectile out of the --

12          **A**     We didn't pry the projectile out. We cut  
13 the wood away from it so the projectile would come  
14 out. We didn't actually scar the projectile. We  
15 knew better than that.

16          **Q**     Okay. Were you out there when the -- I  
17 take it you saw -- I don't remember -- I take it you  
18 saw Mr. Thornburg when he actually did that?

19          **A**     When we got the second one out. I was not  
20 there on the first one.

21          **Q**     You saw him when he got the second one.  
22 And what did you say he did? Tell us again how he  
23 got it out.

24          **A**     Well, once we located a hole in the post  
25 and located that there was a projectile in the  
26 there -- we thought there was a projectile in  
27 there -- we cut the wood away as far as we can --  
28 could and cut around it so that we could get the  
29 projectile out of there without scarring it up any

## MATTHEWS - CROSS

1 further than it was.

2 Q Okay. And who cut it out? Did you do it?  
3 Of the post? Did you play any role in cutting the  
4 wood?

5 A I believe Mr. Thornburg did that.

6 Q You were there, Mr. Thornburg. Who else  
7 was there?

8 A That's only the two that I know of,  
9 Mr. Thornburg and myself.

10 Q Now, did you make a record of that, of him  
11 cutting the wood and sort of --

12 A I didn't make a record of that but I made  
13 a record when I turned it in to the crime lab on the  
14 submission form.

15 Q Okay. The submission form was your  
16 record?

17 A Yes, sir.

18 Q Now, is that standard protocol? Is that  
19 how you're supposed to make records of  
20 investigations and is that how it's normally done?

21 A Well, that's all we -- you know, we knew  
22 what we did, and we knew what day that was on, and  
23 what time we did it, and we turned it in to the  
24 crime lab on that.

25 Q Mr. Matthews, haven't you been to a --  
26 what's called a police academy at some point?

27 A I've been to the police academy, yes, sir.

28 Q And weren't you taught in the police  
29 academy making records, documentation is critical

## MATTHEWS - CROSS

1 and important to investigating a case, any case?

2 A Yes, sir.

3 Q Okay. Now, it's very important not to  
4 contaminate a crime scene; is that fair to say?

5 A That's fair to say.

6 Q And one of the ways you don't contaminate  
7 it is by marking it off and not letting anybody in  
8 and out unnecessarily; is that fair to say?

9 A That's correct.

10 Q And if anybody goes in and out, you make a  
11 record of it so you know exactly who went in. And  
12 if there's something in there that's real sensitive,  
13 you inform the person before they go in to not step  
14 within certain places or to not move evidence until  
15 it's photographed, videotaped or whatever? Is all  
16 of that fair to say?

17 A That's fair to say.

18 Q And before you got there, you were made  
19 aware that at least four or five people had been  
20 within the crime scene; is that fair to say?

21 A That's fair to say.

22 Q And while you were there, before the CSI  
23 people from Jackson got there, how many went in and  
24 out? How many people went in and out?

25 A Before I got there?

26 Q Yes, sir. How many went in and out after  
27 you got there, that you --

28 A I don't remember exactly how many, but it  
29 wasn't anybody went up to the front of the crime

## MATTHEWS - CROSS

1 scene after we got there because we sealed that off.

2 Q Right. Now, how long were you inside that  
3 store that day before the crime scene people got  
4 there, and tell us exactly what you did.

5 A Well, they interviewed Mr. Sam Jones. And  
6 the ambulance crew came by, and we checked their  
7 shoe prints while we were there that morning. And  
8 then shortly after that is when we got the call that  
9 the gun was missing down at Angelica's, and we went  
10 down there.

11 Q That's the extent of what you did that  
12 day?

13 A That was pretty -- you asked me about what  
14 we did when I first got there. That's pretty much  
15 it, yes, sir.

16 Q And I really asked you what you did that  
17 day. That's the extent of what you did, though?

18 A Yes, sir.

19 Q Okay. And let me ask you this. This  
20 really is puzzling me. At the time you went back  
21 and you found the bullet in the mattress, had the  
22 crime scene been cleaned up?

23 A Yes, sir.

24 Q In fact, the crime scene was cleaned up  
25 the same day as the crime occurred?

26 A I think later on in the afternoon.

27 Q Later on that afternoon? And why didn't  
28 you call the crime scene technicians to come back to  
29 look for that projectile that you suspected might

## MATTHEWS - CROSS

1 have been in the building somewhere?

2 A Well, we thought that we could find it in  
3 there. It wasn't any need in calling them back.

4 Q That's the only reason you didn't call the  
5 crime scene people to go out to Poor House Road?

6 A We didn't need them for that.

7 Q You didn't need them for that? You didn't  
8 need the crime scene people, and you didn't need to  
9 photograph it either, did you, apparently, or  
10 videotape it?

11 A What?

12 Q I said and you didn't need to photograph  
13 what occurred at Poor House Road; is that fair to  
14 say, too?

15 A We didn't. Yes, sir.

16 Q And you didn't need to videotape it,  
17 because your memory and your word is -- it's  
18 sufficient. Is that the position you're taking on  
19 that?

20 A Well, that's exactly what happened. And  
21 that's what I testified to today, yes, sir.

22 Q I understand that's what happened.

23 A Yes, sir.

24 Q Now, Mr. Flowers -- at what point can you  
25 say Mr. Flowers became a suspect?

26 A Probably after the second interview.

27 Q On the 18th. And first of all, Doyle  
28 Simpson got eliminated because, and only because, no  
29 one said he left Tardy's (sic) that morning. Is

## MATTHEWS - CROSS

1 that pretty much what you based it on?

2       **A**     I don't think he'd been seen at Tardy's  
3 that morning.

4       **Q**     Strike that misstatement. Doyle Simpson  
5 got eliminated as a suspect because you went to  
6 Angelica's and you talked to some unnamed person and  
7 some unnamed supervisor and some unnamed  
8 co-employees?

9       **A**     Well, Randy King was one of them. He was  
10 working with him that day. He said that -- I talked  
11 to him that day down there. And the other man by  
12 the name of Johnson down there I talked to that day  
13 that said they were working with him that day. They  
14 took a break with him that morning at the time that  
15 the crimes were occurring in close proximity. And  
16 they were all on break down there, and they were all  
17 together, so we pretty much eliminated him that  
18 morning down there. We knew where he was that  
19 morning.

20       **Q**     Okay. And you talked to Charles "Porky"  
21 Collins later that day who said he saw two people at  
22 Tardy's. What time did he say he saw them?

23       **A**     Saw them in the morning.

24       **Q**     Saw them that morning. And he said that  
25 was like a brown car; is that correct?

26       **A**     I don't remember exactly what he said.

27       **Q**     And you didn't write down what he said, or  
28 did you?

29       **A**     No, I didn't.

## MATTHEWS - CROSS

1           Q     And you never gave -- Doyle actually came  
2     to the police department that day, I believe, didn't  
3     he?

4           A     He could have.

5           Q     Did you see him at the police department  
6     that day?

7           A     I don't remember whether I did or didn't.

8           Q     But you do know that you didn't give  
9     Mr. Simpson any gunshot residue test; is that  
10    correct?

11          A     No, I didn't.

12          Q     And you do know that you didn't go search  
13    his house; is that fair to say?

14          A     That's fair to say.

15          Q     You say you went there twice, went there  
16    once and somebody come -- even though you went to  
17    his house, his mother's house once and you didn't  
18    search either his mother's house or any other place  
19    that he might have been living; isn't that correct?

20          A     I believe we did search his mother's  
21    house.

22          Q     Okay. When?

23          A     I don't remember exactly what day it was.

24          Q     Have you got any record of it?

25          A     It should be a consent form.

26          Q     Okay. So are you saying you went there  
27    and searched yourself?

28          A     I was there, yes.

29          Q     What did you take?

## MATTHEWS - CROSS

1           **A**     I don't think we took anything.

2           **Q**     Didn't take any clothing, didn't -- what  
3 size shoes Mr. Simpson wear?

4           **A**     I believe it was a size 12, I believe.

5           **Q**     Size twelve? Did you make any report of  
6 that?

7           **A**     I may have. I made a mental note of it.

8           **Q**     Made a mental note of it? But you didn't  
9 make a written report of it?

10          **A**     No. We did check the soles of his shoes,  
11 though, while we were down there that day.

12          **Q**     Did you make a written report of it?

13          **A**     No, sir, I probably didn't.

14          **Q**     And when you got down to Angelica's that  
15 day, the same day of the murders, you were told that  
16 Emmett Simpson was seen running around the building;  
17 is that correct? Running around the front of  
18 Angelica's, around the west side and went back to  
19 the back at -- where there was another company back  
20 there. Weren't you told that by Mr. Thornburg and  
21 Mr. Williams?

22          **A**     I remember something about Emmett Simpson,  
23 but I don't remember what the situation was.

24          **Q**     And did you -- was Emmett Simpson ever  
25 considered a suspect?

26          **A**     No.

27          **Q**     And since he wasn't a suspect, he was --  
28 so he was never ruled in or ruled out?

29          **A**     Well, we ruled him out because he was at

## MATTHEWS - CROSS

1 work that day, also.

2 Q He was at work that day, also?

3 A Yes, sir.

4 Q And who did you talk to to rule out?

5 A We talked to his supervisors.

6 Q And who are they?

7 A I don't remember their names. I didn't  
8 actually talk to them myself. I think one of the  
9 other officers did.

10 Q And did you or the other officer make a  
11 record of that?

12 A Not that I've seen. He may have, but I  
13 haven't seen it.

14 Q Now, when you was inside Tardy's that day,  
15 did you note any disheveled appearance or the  
16 furniture turned over or anything that would  
17 indicate that somebody had ransacked the place or  
18 anything like that?

19 A I didn't notice any of that, no.

20 Q Did you videotape the crime scene?

21 A I believe there was a videotape made of  
22 it.

23 Q Did you videotape the crime scene?

24 A No, I did not.

25 Q Now, as far as going back to -- to look  
26 for a projectile at Tardy's at some later day, I  
27 believe you testified earlier that you didn't  
28 authorize that. I think that's your testimony; is  
29 that correct?

## MATTHEWS - CROSS

1           **A**     I didn't request it.

2           **Q**     When you went back and found the  
3 projectile in the mattress and took the good  
4 pictures and all that kind of stuff, who authorized  
5 that? Did you authorize it or do you know who  
6 authorized it?

7           **A**     I think we just -- after we looked at  
8 the -- I don't remember who exactly. We were  
9 looking at the autopsy reports, and we determined  
10 that possibly in looking at that and looking at some  
11 of the photographs that possibly that projectile was  
12 in that mattress because that's the location that  
13 Ms. Tardy was in.

14          **Q**     Who did the autopsy report come to? Who  
15 looked at that and said, Oh, man, we might be able  
16 to tell. Whose idea was that?

17          **A**     I can't remember.

18          **Q**     Okay. But you got a call from somebody  
19 saying let's do it?

20          **A**     No. I think we were just discussing it.  
21 All the investigators met together, and we were just  
22 discussing it.

23          **Q**     So all y'all had a meeting. Where did  
24 this meeting take place?

25          **A**     Probably in Winona.

26          **Q**     Okay. Now, you --

27          **A**     I don't remember exactly what it is, but  
28 we were having a meeting and we looked at those  
29 things, and we came up with that determination. We

## MATTHEWS - CROSS

1 decided to see if we couldn't go back down there and  
2 see if we could locate it.

3 Q Well, that's -- and probably some good  
4 work. Who is we? You said we was having a meeting.  
5 Now who?

6 A The same four folks that were down there.

7 Q Okay. You're not sure where y'all were  
8 meeting but you were probably in Winona?

9 A We were probably at the Winona Police  
10 Department; that's where we usually met.

11 Q Okay. And somebody had the good idea,  
12 don't know exactly who it was, but you all agreed to  
13 let's go do it?

14 A Yes.

15 Q Now, Mr. Matthews, now, isn't it a fact  
16 that people hold pens in their hands in different  
17 ways? For instance, I hold it like this  
18 (indicating). I've seen people do this  
19 (indicating). Now, how many gunshot residue tests  
20 have you given over the years?

21 A I wouldn't know exactly.

22 Q Now, is it your testimony that everybody  
23 who signs their name does it this way here with the  
24 pen resting on their --

25 A You can't get gunshot residue from a pen.

26 Q Well, if gunshot residue is on a pen, you  
27 could get it?

28 A That's a possibility.

29 Q Because if it's on there you could get it

## MATTHEWS - CROSS

1 on your hand?

2 **A** That could be possible.

3 **Q** Okay. Now, if gunshot residue is actually  
4 on -- somehow is on a table and a person puts their  
5 hand on the table, you can get it; isn't that fair  
6 to say?

7 **A** I'm sure it would be possible. I'm not a  
8 firearms expert. I don't know.

9 **Q** I'm just talking about gunshot residue  
10 now. And if somebody actually had it on their  
11 clothing and you touched their clothing, you could  
12 possibly get some on your hands; isn't that fair to  
13 say?

14 **A** I wouldn't know for sure. I couldn't say  
15 that.

16 **Q** Mr. Matthews, if you put your hand -- if  
17 your hand is in a location where gunshot residue is  
18 at, you --

19 **BY MR. EVANS:** Your Honor, I think he's  
20 testified he's not an expert in that field --

21 **BY MR. CARTER:** I'm not asking --

22 **BY MR. EVANS:** -- and he can't answer the  
23 question.

24 **BY MR. CARTER:** I'm not asking him to be  
25 expert in that. I'm just asking him to use his  
26 common sense and having been a police officer  
27 all these years, knowing -- giving gunshot  
28 residue tests and knowing how easily it could  
29 be transferred from one thing to another. I'm

## MATTHEWS - CROSS

1 just asking was it common that it happen.

2 That's all I'm asking.

3 A Would you repeat the question then?

4 BY MR. CARTER:

5 Q If there's -- let's assume just for a  
6 second, if there is some gunshot residue on a  
7 desk -- a desk in a police station, if it's present  
8 and you put your hand there, it could be  
9 transferred; is that fair to say?

10 A I'm assuming.

11 Q I don't know -- I'm not going to say it  
12 was present, but if it is present --

13 BY MR. EVANS: Your Honor, this is  
14 complete speculation. I think he's going to  
15 have to give speculation opinion at least.  
16 It's going to have to be an expert testifying.

17 BY THE COURT: I think this witness can  
18 answer, you know --

19 BY MR. EVANS: Okay. I don't have any  
20 problem if the Court --

21 BY THE COURT: -- if he's got an opinion.

22 BY MR. CARTER:

23 Q Now, let's see if -- Mr. Matthews, I think  
24 we can agree that you can get gunshot residue from  
25 shooting a gun. I mean, I don't dispute that. But  
26 you can also get it if you're close to where a gun  
27 is shot; is that correct?

28 A I would think that's possible.

29 Q Right. And now let's assume somebody got

## MATTHEWS - CROSS

1 some gunshot residue on their clothing and you  
2 touched their clothing. Couldn't it be transferred  
3 that way, you think? Possible?

4 **A** I don't know. I mean, it may be possible,  
5 but I don't know.

6 **Q** All right. Now, do you know -- now, how  
7 much gunshot residue was found on Mr. Flowers?  
8 Isn't it one particle?

9 **A** I believe that's right.

10 **Q** And the one particle is the smallest  
11 amount that can be --

12 **BY MR. EVANS:** Your Honor, again, the  
13 expert is going to be here. This is not proper  
14 questioning for this witness.

15 **BY THE COURT:** I'll sustain unless you can  
16 build a foundation for him having a knowledge  
17 in this area.

18 **BY MR. CARTER:**

19 **Q** Mr. Matthews, how long have you been  
20 giving that gunshot residue test? How long had you  
21 been giving them prior to that, prior to the  
22 incident at Tardy's?

23 **A** Well, I had been in the -- in the  
24 investigative division for nine years before this  
25 crime occurred.

26 **Q** And had you ever had the occasion to read  
27 manuals on gunshot residue -- had you had the  
28 occasion to be -- to receive continuing law  
29 enforcement education and, if so, did that ever

## MATTHEWS - CROSS

1 include articles on gunshot residue?

2           **A**     No. I don't remember taking any course on  
3 that.

4           **Q**     Did you remember doing -- do you ever  
5 remember doing any scientific reading or peer  
6 reviews or forensic articles that involved gunshot  
7 residue tests?

8           **A**     No, sir. I don't remember that.

9           **Q**     None of that? Now, let me ask you  
10 something. I've always been bothered by this. Now,  
11 you were told that Curtis Flowers worked at Tardy's,  
12 and he never came back, and he broke some batteries.  
13 And you wanted to talk to him as a result of having  
14 worked there and that kind of thing; is that  
15 correct?

16          **A**     That's correct.

17          **Q**     Now, Mr. Flowers is not the only person  
18 that worked at Tardy's at this time; is that  
19 correct? Obviously it is. Did you make any effort  
20 to interview any other employees, past employees of  
21 Tardy's Furniture Store?

22          **A**     I believe that -- I didn't personally, but  
23 I believe that someone talked with an individual by  
24 the name of Mike that was referred to in his -- in  
25 his statement, but I didn't talk to him personally  
26 myself.

27          **Q**     Okay. So isn't it fair to say that you --  
28 y'all pretty much focused on one employee, one  
29 ex-employee, and you did not objectively also check

## MATTHEWS - CROSS

1 into the background situation and reasons for  
2 departure as it respects other employees who had  
3 worked there?

4       **A**     I don't know how many other employees had  
5 worked there.

6       **Q**     I know. And you didn't ask either, did  
7 you?

8       **A**     Yes, we asked.

9       **Q**     You asked who else had worked there the  
10 last couple of years and those kind of things?

11       **A**     Well, we asked if there was anybody that  
12 they'd had any problem with or anybody that had been  
13 fired from there, and that was the -- Curtis was the  
14 only one.

15       **Q**     Where is that report? Did you make a  
16 written report of that?

17       **A**     We just asked that question to  
18 Ms. Ballard.

19       **Q**     Just asked that question of Ms. Ballard,  
20 and you didn't memorialize it anywhere --

21       **A**     No.

22       **Q**     -- as a permanent and final record?

23       **A**     No, sir.

24       **Q**     And Mr. Flowers told you that when he  
25 left, she loaned him some money and he left on  
26 pretty much good terms. Is that what he said?

27       **A**     He said that when he left that day on the  
28 3rd, she asked him if he needed some money and she  
29 gave him \$30.

## MATTHEWS - CROSS

1           **Q**     All right. Did you make any kind of  
2 investigation to see if maybe somebody had been  
3 casing the place to rob it or -- or somebody had  
4 some problems with the employees, the current  
5 employees of the furniture store and those kind of  
6 things?

7           **A**     We talked to some individuals about that,  
8 but we didn't come up with any information that  
9 indicated that anybody had had that problem.

10          **Q**     And not only did you not come up with  
11 anything, I bet you didn't even make a record of  
12 even talking to anybody about that, did you?

13          **A**     We didn't have anybody to talk to. Nobody  
14 came up with having a problem.

15          **Q**     Right. And you didn't make a record of  
16 even making those inquiries, did you? You did not  
17 make a record?

18          **A**     We didn't make an inquiry of anybody other  
19 than just talked to Ms. Ballard to see if there was  
20 a -- had been a problem with anybody.

21          **Q**     Did you set forth that conversation with  
22 Ms. Ballard in writing?

23          **A**     No.

24          **Q**     Now, you also knew that somebody had  
25 burglarized the place a week earlier; is that  
26 correct? You learned that -- you discerned that  
27 somehow?

28          **A**     Yes.

29          **Q**     And that you do -- and you also learned

## MATTHEWS - CROSS

1 that whoever came in possibly came through the roof  
2 through some air vent or something. Was that air  
3 vent in the roof or was it in the back of the  
4 building, side of the building, on the ground?

5 A I think it was a skylight.

6 Q Skylight?

7 A Or something. They come through there.

8 Q Did anybody go up there and take pictures  
9 and dust for fingerprints?

10 A No. We talked to the police department  
11 and got a copy of the report that they had made on  
12 it.

13 Q All right. And did that report set forth  
14 that the place had been dusted for prints and  
15 anything like that?

16 A No, sir. I don't think so.

17 Q So there was -- as far as you know, there  
18 was no real effort to connect the two incidents?

19 A I don't know what was done, but I don't  
20 know that there was an effort.

21 Q All right. You didn't do anything?

22 A I didn't do anything, no, sir.

23 Q Now, you say you went to Connie's house,  
24 and you found some money. And, now, you don't have  
25 any information that that money was wrongfully  
26 there, do you?

27 A No, sir.

28 Q Okay. Now, at what point did you stop  
29 working on this case? At what point did y'all --

## MATTHEWS - CROSS

1 strike that. At what point did you stop  
2 participating in the investigation of this case?

3 A Up until the time of the -- that we  
4 brought it to a conclusion.

5 Q At what point did that happen?

6 A It hadn't happened yet.

7 Q At what point did -- at what point did you  
8 become sure and definite and resolved that you had  
9 the right person?

10 A Well, after we -- witnesses started coming  
11 forward and testifying that they had seen him. We  
12 got the gunshot residue information. We also had  
13 the projectiles from this case, and we got those and  
14 one of those matched the gun that was stolen from --

15 Q Are you finished?

16 A -- Mr. Simpson.

17 BY MR. EVANS: Your Honor, may he finish?  
18 He asked him a question, and he has a right to  
19 finish it.

20 BY MR. CARTER: Your Honor, Mr. Evans, I  
21 mean, I just asked him had he finished. How is  
22 that offensive?

23 BY THE COURT: I think you asked him --  
24 were you finished?

25 A No, sir.

26 BY MR. CARTER:

27 Q Go ahead.

28 A After we got all of that evidence and had  
29 the witnesses come forward and testify as to the

## MATTHEWS - CROSS

1 fact that they'd seen him on the east side of  
2 Highway 51 during those times, then I was pretty  
3 much convinced we had the right person.

4 Q How many folks came forward before with  
5 those identifications of having seen him and that  
6 kind of thing before the reward was out?

7 A I don't know.

8 Q Now, you started telling me -- you're not  
9 telling me that -- let me ask you this: When a  
10 reward is offered, isn't it incumbent upon the  
11 police department to do something to ensure that  
12 people are not coming forth for the reward and that  
13 they are coming forth for -- because they actually  
14 saw something and the reward -- yes or no?

15 A I didn't understand that question. Would  
16 you repeat it, please?

17 Q What do you do to make sure that the  
18 investigation is done with integrity and that people  
19 aren't coming forward and claiming that they saw  
20 things just because a reward is offered? What is it  
21 that a good police officer would do?

22 A At no time did I ever mention there was  
23 even a reward. I really didn't know that there was  
24 even one. I had heard some speculation that there  
25 might have been one, but I didn't know any.

26 Q Oh, you don't read the Greenwood  
27 Commonwealth?

28 A Well, I read it, but I don't know what --  
29 they never did talk to me who -- about who was

## MATTHEWS - CROSS

1 offering a reward or who was giving that reward.

2 Q Did you read the Winona Times back in  
3 those days?

4 A I probably did some, but I don't know that  
5 I read every issue.

6 Q And you as an investigator, one of the  
7 investigators, your testimony is that you didn't  
8 know there was a reward. Is that it?

9 A No, no, not that. I knew there was a  
10 reward out there. Someone had offered a reward. I  
11 didn't know if it had ever been substantiated or --  
12 and I didn't know who was offering it.

13 Q All you heard was rumors. How many were  
14 there?

15 A I don't know.

16 Q And since you knew very little about the  
17 reward and you wasn't even sure if a reward was an  
18 actuality, I take that to mean that you did nothing  
19 to ensure that a reward wasn't luring people to come  
20 forth; is that fair to say?

21 A I didn't have any information that anybody  
22 had been offered a reward or that there was a reward  
23 being offered to anybody.

24 Q Okay. And if you didn't know that, then  
25 isn't it fair to say you couldn't take any measures  
26 with respect to ensuring that a reward wasn't an  
27 inducement?

28 A I didn't think it was, and I didn't ever  
29 have any information that it was to anyone. As far

## MATTHEWS - CROSS

1 as I know, nobody has come forward wanting a reward.

2 Q Now, you have said -- have you ever worked  
3 on cases when -- have you ever worked on a case  
4 where there was, in fact, a reward existed and you  
5 knew it existed?

6 A I don't believe so.

7 Q Now, when you collected this gunshot  
8 residue test, who was present?

9 A I believe John Johnson was there that day  
10 and Officer Wayne Miller.

11 Q Now, you interviewed Katherine Snow; is  
12 that correct?

13 A I did.

14 Q And what did she give you as a description  
15 for the person she saw?

16 A I don't remember exactly.

17 Q Now, can you dispute that on one occasion  
18 she described a man with dark skin, aged 25 to 30,  
19 short hair, 5'10", stocky build. Does that sound  
20 like a -- I mean, you're relying on your memory, I  
21 understand. But does that sound like what she might  
22 have said on the 16th or she did say on the 16th?

23 A It's possible. I don't have anything in  
24 front of me.

25 Q Right. And did you write down what she  
26 told you?

27 A No, I didn't. No, sir.

28 Q Shouldn't you have?

29 A Well, probably should have. And I'm not

## MATTHEWS - CROSS

1 so sure that somebody in the office that day did.

2 Q Should you have?

3 A I probably should have, yes, sir.

4 Q And that you repute that she also said on  
5 the 19th that the man she saw was dark skinned, he  
6 had no hair or he was shaved low, and he was about  
7 5'6". You dispute that?

8 A No, I can't, if that's what she said.

9 Q Now, wouldn't you agree that that is a  
10 conflict? If she said both of these things that  
11 that's a conflict and that should have been cleared  
12 up, if it could be cleared up?

13 A It's a possibility.

14 Q Now -- and descriptions or -- of a suspect  
15 is important, isn't it?

16 A Exactly.

17 Q And it's important to write the  
18 description down that a person gives you, isn't it?

19 Now, do you know whether or not when  
20 Mr. Flowers came to the police station that day  
21 whether he shook the hands of any police officers or  
22 even you?

23 A What day was that?

24 Q The day on the 16th.

25 A No, he didn't shake hands with me. But,  
26 now, what he did with other officers I don't know.

27 Q And do you know whether or not he shook  
28 hands with you on the 19th?

29 A 19th?

## MATTHEWS - CROSS

1           Q     18th, two days later.

2           A     No, sir.

3           Q     And do you have a practice or a custom of  
4     greeting and shaking hands with the defendants when  
5     they come in to your office?

6           A     No, sir.

7           Q     Okay. Let's see. When you went into the  
8     Tardy's Furniture that day and started doing your  
9     job as an investigator, what did you do to ensure  
10    that there was no contamination on your part?

11          A     Contamination of the crime scene?

12          Q     Right.

13          A     That was already pretty much taken care  
14    of. They had -- they had that pretty much -- all of  
15    that was secure by the time I got there.

16          Q     And you got there, and you went inside  
17    Tardy's; is that correct?

18          A     Right.

19          Q     And you start fumbling, touching papers  
20    and things; is that correct?

21          A     No, I didn't do that right then. I waited  
22    'til the crime lab got there before we did all that.

23          Q     So you went into Tardy's before the crime  
24    lab got there. And is it your testimony you didn't  
25    touch anything?

26          A     Sure didn't.

27          Q     Okay. Did you even go all the way back to  
28    Ms. Tardy's office before the crime scene got there?

29          A     No, I did not.

## MATTHEWS - CROSS

1           Q     So what did you do?

2           A     I went through the front door until we  
3     could see, went all the way down to -- down the  
4     aisle there where I could see the bodies laying at  
5     the front of the counter. There was some -- there  
6     was some hulls on the floor there. There was a  
7     bloodstain all over the front of that counter, front  
8     counter area and the floor, and that's as far as I  
9     went.

10          Q     Okay.

11          A     And the scene was secure; the police  
12     department had it secure. And we backed out of  
13     there and left there and waited for the crime lab.

14          Q     Who's we?

15          A     Mr. Hargrove and myself.

16          Q     Okay. And you didn't go back into the  
17     crime lab (sic) after that?

18          A     No, sir.

19          Q     Okay. Now, at what point did you see the  
20     bloody footprint?

21          A     At that time.

22          Q     The time you went with Mr. Hargrove?

23          A     Yes.

24          Q     Did you go all the way up to it?

25          A     No.

26          Q     Did you bend down to get a good look?

27          A     I got close enough to where I could see.

28          Q     Did you --

29          A     I tried to see the pattern in the --

## MATTHEWS - CROSS

1 in the print, but that's as close as I got.

2 Q Okay.

3 BY MR. CARTER: One moment.

4 BY MR. CARTER:

5 Q Now, Doyle Simpson lied about where he got  
6 the gun from; is that correct?

7 A That's correct.

8 Q And you confronted him about that at some  
9 point; is that correct?

10 A I did.

11 Q And he was quite agitated and displeased  
12 by it; is that fair to say?

13 A Well, he wasn't happy about it.

14 Q Wasn't happy about it. And as a result of  
15 that, he became less cooperative -- is that fair to  
16 say -- for a period of time?

17 A I'd -- maybe.

18 Q Okay. Now, at the time that you  
19 confronted him about lying about the gun, had you  
20 already gone to the Poor House Road and found the  
21 projectiles in the post?

22 A Without looking at a copy of the report, I  
23 don't remember whether -- what time it was.

24 Q Let's establish, first of all, whether  
25 there is a report.

26 A Yes. There's a report from the -- from  
27 the individual that I got to go meet his cousin down  
28 in New Orleans and talk to him about the gun.

29 Q Okay. All right. But is there a report

## MATTHEWS - CROSS

1 of your confronting Doyle and how he reacted and  
2 whether he become less accommodating? Is there a  
3 report of that, written report?

4 A I don't remember that Doyle became less  
5 accommodating.

6 Q Well, how would you describe his reaction?  
7 I won't put words in your mouth.

8 A Well, he was upset that we found out where  
9 he got the gun from.

10 Q And he -- as a result of being asked why  
11 he lied, he said -- and correct me if I'm wrong --  
12 that he did it to protect Mr. Flowers. Is that what  
13 he told you?

14 A Well --

15 Q Or what did he tell you?

16 A He just told us that he had gotten the  
17 gun, and he didn't want to implicate anybody. He  
18 got the gun from someone here in town, and he didn't  
19 want us to know who he got it from.

20 Q And tried to get his brother to lie?

21 A Yes.

22 Q And you had somebody talk to his brother?

23 A That's correct.

24 Q And his brother denied that?

25 A I don't remember if it was his brother. I  
26 think it was an uncle or cousin or somebody, yes,  
27 sir.

28 Q Now, is there --

29 BY MR. CARTER: One moment.

## MATTHEWS - CROSS

1 **BY MR. CARTER:**

2 Q Now, Mr. Matthews, you testified earlier  
3 that Emmett was ruled out because you talked to some  
4 unnamed supervisor that said that he was at IBP, a  
5 place he worked. Now, wasn't you actually told that  
6 instead or also that Emmett actually left and went  
7 to Wal-Mart that morning?

8 A I could have been. I don't remember.

9 Q Now, when this conversation -- are you  
10 familiar with somebody by the name of Irving Bailey?

11 A I'm not. I don't remember him.

12 Q Do you remember talking to somebody named  
13 Ervie Bays?

14 A Unh-unh.

15 **BY MR. CARTER:** May I approach the  
16 witness, Your Honor?

17 **BY THE COURT:** You may.

18 **BY MR. CARTER:**

19 Q Can you look at this and tell me whether  
20 you recognize it and is it your writing or is it  
21 something you made or --

22 A It's not my writing.

23 Q Do you even know what it is?

24 A It looks like some notes that John Johnson  
25 made down at IBP. And that's my initials up there  
26 too, so I may have been there also but I don't  
27 remember the name. But it's a possibility.

28 Q And it's a possibility it could have  
29 happened, and it didn't happen, and this is one of

## MATTHEWS - CROSS

1 the reasons why we need to make records of something  
2 that happened; is that fair to say?

3 A Well, I believe that is a record of it.

4 Q Okay. And you looked at the record and  
5 you still can't say definitely -- oh, so you're  
6 saying definitely now that you were there and that  
7 you --

8 A I believe I said earlier I was there. I  
9 didn't remember that -- what was said in the  
10 conversation and who the exact person -- people  
11 were that we talked to. But I remember that we did  
12 eliminate Emmett as being a suspect.

13 Q Okay. After seeing this, these notes, are  
14 you now able to say that you were, in fact, there  
15 and that you did, in fact, hear Ervie Bays say that  
16 Emmett left and went to Wal-Mart?

17 A That's a possibility. I don't remember  
18 the conversation, but that could have happened.

19 Q Okay. So -- now, the gun was never  
20 recovered, was it? The gun that was used in this  
21 crime was never recovered; is that fair to say?

22 A Yes, sir, that's correct.

23 Q Did Mr. Miller ever compile any kind of  
24 report of his involvement in this case and turn it  
25 over to you?

26 A Not that I remember.

27 Q Now -- and you're denying that you were  
28 the leader in this case, the lead investigator. Are  
29 you denying that?

## MATTHEWS - CROSS

1           **A**     Well, I don't think anybody was the lead  
2 investigator in this case. In these kind of cases  
3 in small towns like this, the sheriff's department  
4 or police department will call you in to assist and  
5 that's what we are. We're assisting these agencies;  
6 we don't come in and take over. But in a case like  
7 this where you don't live in a town that the crime  
8 occurs, you have to have as much assistance as you  
9 can and you get that from the police department and  
10 the sheriff's department in these small rural areas  
11 like this town is, and you have to rely on them  
12 to -- to help and you assist them as best you can.  
13 And that's the role that we took in this case, and  
14 that's the role that we continue to take. And then  
15 we funneled all of our information through the  
16 D.A.'s office.

17           **Q**     Right. So it's possible to do a thorough  
18 and complete and admirable investigation of a  
19 quadruple homicide without a leader?

20           **A**     Well, I don't know that you got one person  
21 that's sitting up there on a white horse leading  
22 you, but --

23           **Q**     In fact, we didn't have a person leading  
24 at all in this one. Is that your position?

25           **A**     I think everybody worked together and did  
26 comply on the job.

27           **Q**     And everybody led. Now, where was these  
28 people that were working on this -- this case?  
29 Where did you report back to and submit your

## MATTHEWS - CROSS

1 findings? Was there some final place that you could  
2 take your findings back and have a review and where  
3 you received further instructions on what else to do  
4 and there would be some sign of assessment about  
5 whether the investigation was complete or what was  
6 lacking. Where was this location? Was that at the  
7 Winona Police Department?

8 **A** Correct.

9 **Q** Now, was Chief Hargrove involved in this  
10 investigation from the beginning to end?

11 **A** Yes.

12 **Q** And what role did he play 'til the end?

13 **A** I can't answer all that. I don't know  
14 everything that he did. You'd have to ask Chief  
15 Hargrove that. But now we consulted him on a lot of  
16 different matters, especially when names would come  
17 up and things like that or people that had  
18 information or anything of that information would  
19 come through, yes, we would run it by him and we  
20 used the police department and we used the sheriff's  
21 department.

22 **Q** Did you make a record of those things that  
23 you ran by him, those things you discussed with him?  
24 Is there a record of that?

25 **A** I didn't write it down every time we asked  
26 him a question. I didn't write down what question I  
27 asked Chief Hargrove. No.

28 **Q** I take that to mean there is a record; is  
29 that fair to say?

## MATTHEWS - CROSS

1           **A**     I don't think it would be a record of  
2     that, no, sir.

3           **Q**     Okay. Now, was there any check made to  
4     see if there were similar crimes going around or  
5     taking place in Mississippi around the same time?

6           **A**     We did check into that.

7           **Q**     And did you discover any similarly  
8     committed criminal acts to the one that occurred  
9     down there at Tardy's?

10          **A**     No, we didn't run across anything.

11          **Q**     And how did you check into that? What did  
12     you do?

13          **A**     Well, it was pretty much on the news  
14     in the area, and we didn't have anybody that had  
15     anything of this magnitude anywhere else around at  
16     that time.

17          **Q**     And where did you check, Mr. Matthews?

18          **A**     Well, we checked NCIC's information. We  
19     get that daily at the station.

20          **Q**     And you didn't hear about some crimes  
21     taking place in Decatur, Mississippi involving -- I  
22     think it might have been a gentleman by the name  
23     Prestidge, P-R-E-S-T-I-D-G-E and Gamble?

24          **A**     I don't remember that, no.

25          **Q**     Did you hear about any similar crimes  
26     taking place in Alabama involving a guy by the name  
27     of Prestidge and Gamble?

28          **A**     I did not. I don't remember at that time.

29          **Q**     All right. Okay. Now, you also

## MATTHEWS - CROSS

1 interviewed Clemmie Fleming, or did you?

2 A That's correct.

3 Q She came forward April of 1997 about eight  
4 months later or so. Did you make any effort to  
5 ensure -- to make sure that she wasn't coming forth  
6 because there was a reward out?

7 A She didn't mention that when we  
8 interviewed her. She didn't say anything about the  
9 reward.

10 Q Okay. She didn't mention it. But did you  
11 ask her if she was aware that a reward was out, and  
12 did you?

13 A No, sir. I don't remember whether I asked  
14 her, no, sir.

15 Q Now, when you interviewed her and got the  
16 statement, is that the same statement that  
17 Mr. Johnson was at or is that a different one?

18 A Without looking at the statement, I don't  
19 know. You got a copy of it?

20 Q No, I don't. I'm just asking you on your  
21 memory.

22 A Well, I know I've got a statement of hers  
23 that I made, but I don't know.

24 Q Now, you also interviewed James Kennedy;  
25 is that correct? Do you remember James Kennedy?

26 A I don't believe I interviewed him, no,  
27 sir.

28 Q You didn't interview Katherine Snow?

29 A I did talk to Katherine Snow.

## MATTHEWS - CROSS

1           Q     Okay. Did you make a report of your  
2 interview with her?

3           A     No, I didn't.

4           Q     Did you interview Mary Jeanette Flemming?

5           A     Mary Jeanette Flemming, yeah, I did.

6           Q     Did you make a report of that?

7           A     Yeah. I got a copy of a taped statement  
8 with her.

9           Q     Okay. And how did you determine when to  
10 take a statement and when not to take one? What was  
11 the rule on that? What's your policy, protocol on  
12 that?

13          A     After I talked to Mary Jeanette -- she was  
14 working one day at the factory over in Kilmichael.  
15 I went over there while she was on break, and I took  
16 a statement from her.

17          Q     Was it a statement that she wrote out and  
18 signed?

19          A     No, it was a taped statement.

20          Q     A taped statement.

21                BY MR. CARTER: One moment.

22                BY MR. CARTER:

23          Q     Now, did you follow up and talk to  
24 Mr. Flowers' sister and check and see if he went to  
25 Jeff's store like he said he went and those kind of  
26 things?

27          A     Yes, sir, I believe we did. We did make  
28 sure.

29          Q     Did you, Mr. Matthews?

## MATTHEWS - CROSS

1           **A**     Yes, sir. I went to Jeff's Store.

2           **Q**     And you talked to Mr. Flowers' sister?

3           **A**     I did not talk to her because she  
4 wasn't -- he said she wasn't present at the house  
5 when he got there.

6           **Q**     Did you make a report of going to Jeff's  
7 Store?

8           **A**     No, I didn't.

9           **Q**     Now, did you ever take any pictures of  
10 Mr. Flowers on the 16th or the 18th?

11          **A**     I think we took one on the 23rd.

12          **Q**     On the 23rd?

13          **A**     Uh-huh.

14          **Q**     Again, you say you think we. Who took it?

15          **A**     It would either be Lieutenant Miller or  
16 myself.

17          **Q**     Okay. And you know you did; is that what  
18 you're saying?

19          **A**     I'm saying either he took it or I took it.  
20 I don't remember which.

21          **Q**     Okay. Now, is it any -- and you should  
22 have made a record; is that fair to say?

23          **A**     Well, we took fingerprints and fingerprint  
24 copies and that kind of stuff. We may have took  
25 some pictures at that time.

26          **Q**     Yeah. But you can't be sure whether you  
27 took them or Mr. Miller took them?

28          **A**     I don't remember exactly who took them.

29          **Q**     Now, this gunshot residue test, are you

## MATTHEWS - CROSS

1 the only person who made an effort to give  
2 Mr. Flowers a gunshot residue test or did Mr. Miller  
3 also make an effort and run into some problems and  
4 you came in?

5 A No. We only gave one gunshot residue kit,  
6 and I gave it.

7 Q Now, I'm puzzled by why you needed to  
8 check Mr. Sam Jones' shoes. Hadn't you been told  
9 that Chief Hargrove had already done it or were you  
10 told that?

11 A I wasn't told that. And he may have  
12 already done it. I just checked them when I talked  
13 to him.

14 Q Did you make a record of checking his  
15 shoes?

16 A Yeah, I made a note of it.

17 Q And did you participate in checking the  
18 EMT's shoes?

19 A I did.

20 Q You was involved in that? Okay. Now, why  
21 did you take just a portion of Mr. Flowers' clothes  
22 and not a larger collection? How did you determine  
23 what to take?

24 A Well, I think we took all that was there  
25 on that day.

26 Q You took all that was there?

27 A That was there, yes, sir.

28 Q Didn't leave any of his clothes?

29 A Well, we may have. I don't know. But

## MATTHEWS - CROSS

1 these were some dirty clothes over in a pile, and  
2 those are the ones that we took. These are the ones  
3 that we determined that --

4 Q Where was Mr. Flowers at the time? Was he  
5 there?

6 A I don't believe he was there that day. I  
7 don't know where he was.

8 Q Now, at the time that you took the  
9 clothes, you didn't know what kind of shoes had left  
10 the tracks; is that correct?

11 A I don't remember.

12 Q But I think it's fair to say that you all  
13 didn't know what kind of shoe left the track until  
14 you got some information back from the crime lab; is  
15 that fair to say?

16 A I think that's correct.

17 Q In fact, you took some shoes from  
18 Mr. Flowers more than once; is that correct?

19 A I did, yes, sir.

20 Q And he never resisted or tried to prevent  
21 you from taking them; is that correct?

22 A No, sir.

23 Q Now, with respect to the -- to Ms. Snow,  
24 did she ever admit to you that she knew who the  
25 person was prior to seeing the lineup?

26 A Not to me.

27 Q And how many times did you talk to  
28 Ms. Snow?

## MATTHEWS - CROSS

1           Q     And correct me if I'm wrong -- I  
2 apologize -- did you take any clothes -- I might  
3 have asked you this -- from Emmett Simpson or Doyle?

4           A     No.

5           Q     Okay. Now, after you found out Doyle had  
6 lied about where he got the gun, did he become a  
7 suspect again?

8           A     Not really, no. We didn't know why he had  
9 lied, but he wasn't -- we had pretty much ruled him  
10 out as a suspect in the case.

11          Q     Do you know why he lied now?

12          A     I think he was trying to protect somebody.

13          Q     Okay. And you're sure he wasn't trying to  
14 protect himself? It was his gun from his car at his  
15 job location; is that correct?

16          A     Well, I don't know why he would have tried  
17 to protect himself. I don't know that he was a --  
18 he wasn't a suspect at the time, so I don't know why  
19 he would have been trying to protect himself.

20          Q     So --

21          A     He pretty much alibied out at the crime  
22 scene. But now, I don't know if he was trying to  
23 protect himself or someone else, but I would think  
24 he was trying to protect someone else.

25          Q     And I believe you were told he was trying  
26 to protect somebody else; is that correct?

27          A     I think so.

28                BY MR. CARTER: One moment. I think I'm  
29 finished.

## MATTHEWS - CROSS

1 **BY MR. CARTER:**

2 **Q** Now, I'm a little -- Mr. Matthews, y'all  
3 took such a liberty to take the pictures of the  
4 crime scene at Tardy's, and I'm -- and Ms. Schoene  
5 was actually -- I mean, I don't know how you can see  
6 the job she did and not be -- not be impressed, to  
7 be quite frank. And y'all went back down later and  
8 found another projectile, and you needed to take  
9 pictures and to document exactly what you did. But  
10 I can't get over my bewilderment of why anyone would  
11 go out to Doyle Simpson's house -- mother's house  
12 twice and not document what you found in any kind of  
13 way.

14 **BY MR. EVANS:** Your Honor, I object to him  
15 trying to comment. He can ask questions.

16 **BY THE COURT:** I agree. Your comments are  
17 not proper.

18 **BY MR. CARTER:** I agree with Your Honor.  
19 I agree with that.

20 **BY MR. CARTER:**

21 **Q** What's the explanation for that of not  
22 taking pictures out there and making a written  
23 report?

24 **A** We did. We made a submission form for the  
25 objects that we took from that post out there and  
26 turned those over to the crime lab. Those are --  
27 that's documentation in itself.

28 **Q** But photographs is documentation also,  
29 isn't it?

## MATTHEWS - CROSS

1           **A**     And I told you a while ago that we  
2     probably should have took a photograph of that post  
3     but we didn't.

4                   **BY MR. CARTER:**   Okay.   I think I'm  
5     finished now.   Wait just one second.

6     **BY MR. CARTER:**

7           **Q**     Mr. Matthews, did you ever come across the  
8     name of Willie Hemphill in your investigation of  
9     this case?

10          **A**     Yes, we did.

11          **Q**     And how did his name come up?

12          **A**     Best I remember is somebody brought it to  
13     the attention of the investigators that they wanted  
14     us to talk to him, and he came in and we talked to  
15     him.   After a short time, we realized that he didn't  
16     know anything about the case.

17          **Q**     Okay.   And you ruled him out by that  
18     conversation you had with him?

19          **A**     That's correct.

20          **Q**     And in ruling him out, he's telling you  
21     that he -- he told you where he was and what he was  
22     doing at the time that these occurred, I assume.   Is  
23     that what happened?

24          **A**     I think so.

25          **Q**     And did you follow up with the people he  
26     said he was with?   Did you also go to the places he  
27     said he was to see if, in fact, he was there and if  
28     he did, in fact -- if he was, in fact, with the  
29     people he claimed he was with?

## MATTHEWS - CROSS

1           **A**     I don't remember that we did. I think we  
2 pretty much ruled him out from the get-go.

3           **Q**     From the conversation?

4           **A**     From the conversation, yes, sir.

5           **Q**     His conversation and no follow up?

6           **A**     That's correct.

7           **Q**     Okay. Now, are you also familiar with a  
8 gentleman by the name of Jeffrey Hudson?

9           **A**     No, sir.

10          **Q**     Did that name come up?

11          **A**     No, sir, not that I know anything about.

12          **Q**     Okay. Not that you know about. Now, I  
13 believe your interview with Mr. Flowers started  
14 around at or near 1:30; is that fair to say?

15          **A**     Close to that, yes, sir.

16          **Q**     And the crime lab got there around one  
17 something as well; is that your understanding?

18          **A**     Sometime before that, yes, sir.

19          **Q**     Sometime before that. And how long did  
20 you stay at the scene after the crime lab got there?

21          **A**     I wasn't there very long, no, sir.

22          **Q**     Okay. So as soon as they got there, you  
23 pretty much left?

24          **A**     That's correct. Right.

25          **Q**     And what did you do with respect to them  
26 before you left? Did you talk to Ms. Schoene or  
27 anybody?

28          **A**     No, I don't believe we did. I don't  
29 believe we did.

## MATTHEWS - CROSS

1           **Q**     Okay. And at what point did you know you  
2 needed to talk to Mr. Flowers and that Mr. Flowers  
3 would be brought to the police department?

4           **A**     Well, it was sometime after that that we  
5 had -- after I had got to the scene that I had  
6 talked to Ms. Ballard and she relayed this  
7 information about Mr. Flowers. So we decided  
8 that -- that we should get him in and try to  
9 interview him if we could.

10          **Q**     So you asked some particular police  
11 officers to go get Mr. Flowers and bring him in?

12          **A**     I don't know that it was me. I don't  
13 remember who actually asked them to, but that was  
14 the gist of it.

15          **Q**     Okay. You --

16          **A**     Either myself or Investigator Johnson.

17          **Q**     Or Investigator Johnson. Thank you,  
18 Mr. Matthews.

19               **BY MR. CARTER:** No further questions.

20               **BY THE COURT:** Redirect?

21               **BY MR. EVANS:** Thank you, Your Honor.

22                       **REDIRECT EXAMINATION**

23           **BY MR. EVANS:**

24           **Q**     Mr. Matthews, I've got a few areas I'd  
25 like to go back through with you.

26                       You were asked about believing what  
27 Chief Hargrove told you when you arrived at the  
28 scene. Did you have any reason not to believe what  
29 the police chief of Winona would tell you he found?

## MATTHEWS - REDIRECT

1           **A**     No, sir.

2           **Q**     Is there anything unusual about the  
3 investigators with the highway patrol working with  
4 the police department, sheriff's department, D.A.'s  
5 office? Is there any of that unusual?

6           **A**     No, sir.

7           **Q**     Is there anything unusual about different  
8 agencies working together to try to solve a crime?

9           **A**     No, sir.

10          **Q**     As an investigator that's taken  
11 statements, you were asked about it being unusual  
12 for a person to lie and give inconsistent  
13 statements. Why would the main reason be for  
14 somebody to lie and say they were at places that  
15 they weren't at different times?

16               **BY MR. CARTER:** Your Honor, I object to  
17 that. Why is the main reason.

18               **BY THE COURT:** I'll sustain the objection.

19 **BY MR. EVANS:**

20          **Q**     Based on upon your experience, do you have  
21 an opinion of that?

22               **BY MR. CARTER:** Same objection, Your  
23 Honor.

24               **BY THE COURT:** I'll sustain it. I don't  
25 think that's an appropriate question.

26               **BY MR. EVANS:** I'll withdraw it, Your  
27 Honor.

28 **BY MR. EVANS:**

29          **Q**     You were questioned about cutting the wood

1 away from the projectiles. Did y'all do anything to  
2 mess the projectiles up?

3 **A** No.

4 **Q** You were accused of not documenting it.  
5 Did you document that y'all removed those  
6 projectiles?

7 **A** I did.

8 **BY MR. EVANS:** May I have the Court's  
9 indulgence for just a minute?

10 **BY THE COURT:** Sure.

11 **BY MR. EVANS:**

12 **Q** I want to hand you Exhibits 81 and 82 and  
13 ask you if that is, in fact, the exhibits that were  
14 dug out of those posts?

15 **A** Yes, sir.

16 **Q** And did you prepare a submission to the  
17 crime lab showing where they came from?

18 **A** Yes, sir.

19 **Q** So it was documented?

20 **A** Yes, sir.

21 **Q** You were asked about interviewing other  
22 people that had worked there. Other than the  
23 Defendant Curtis Flowers, did you find out anybody  
24 else that had been fired that they'd had problems  
25 with?

26 **A** No, sir.

27 **Q** You were also asked about why and when you  
28 considered him to be the suspect. Did any evidence  
29 ever point to anybody other than him?

## MATTHEWS - REDIRECT

1           **A**     No, sir.

2           **Q**     Did you or anyone else ever offer anybody  
3 a reward?

4           **A**     No.

5           **Q**     Did any of those witnesses -- or who, if  
6 any of those witnesses, ever came to you and say,  
7 I'd like to give you a statement but I want some  
8 money?

9           **A**     No, sir.

10          **Q**     Was there ever any question about a  
11 reward?

12          **A**     No.

13          **Q**     Did Doyle ever stop cooperating with you?

14          **A**     No, sir.

15               **BY MR. EVANS:** Your Honor, I have nothing  
16 further.

17               **BY THE COURT:** You may step down.

18               Ladies and gentlemen, we'll take a  
19 ten-minute recess to allow you to stretch and  
20 move around. He's finally excused, is he not?

21               **BY MR. CARTER:** Yes, sir.

22               **BY MR. EVANS:** Yes, sir, but we would ask  
23 that he not come in the courtroom just in case  
24 we need to call him in rebuttal.

25               (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
26 CONTINUED IN OPEN COURT OUTSIDE THE  
27 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

28               **BY MRS. STEINER:** , Your Honor, during the  
29 break. Mr. Carter had released Mr. Matthews.

## MATTHEWS - REDIRECT

1 But upon reviewing the notes, we may need to  
2 call him very briefly on our case in chief.

3 BY MR. EVANS: He was asked to stay out of  
4 the courtroom. He was asked not to sit in the  
5 courtroom because the State had said the same  
6 thing about possibly calling him for rebuttal.

7 BY MRS. STEINER: We didn't want to  
8 release him. We had a defense subpoena on him  
9 as well. He's still waiting.

10 BY THE COURT: Have you told Mr. Matthews?

11 BY MRS. STEINER: I have not. I haven't  
12 seen him during the break.

13 BY THE COURT: You might need to go back  
14 where he is and tell him that because after the  
15 State told him they were through with him, I  
16 think he was going to leave.

17 BY MRS. STEINER: I mean, if he can stay  
18 on call with the professional law enforcement.

19 BY MR. EVANS: I think he's over at  
20 Greenwood to where -- I don't think there's any  
21 trouble -- too much trouble finding  
22 Mr. Matthews if he's needed.

23 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
24 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

25 BY THE COURT: The Court will come back to  
26 order. Who will be the State's next witness?

27 BY MR. EVANS: Joe Andrews, Your Honor.

28 BY THE COURT: If you'll come forward,  
29 please, and raise your right hand and take the

2 testimony you give in this case to be the  
3 truth, the whole truth and nothing but the  
4 truth, so help you God?

5 **BY THE WITNESS:** I do.

6 **BY THE COURT:** Have a seat, please. For  
7 the benefit of the record, state your name,  
8 please.

9 **BY THE WITNESS:** Joe Andrews.

10 **BY THE COURT:** You may proceed.

11 **BY MR. EVANS:** Thank you, Your Honor.

12 **DIRECT EXAMINATION**

13 **BY MR. EVANS:**

14 **Q** Good evening, Mr. Andrews.

15 **A** Good afternoon.

16 **Q** Are you employed at this time?

17 **A** I'm retired from the state crime  
18 laboratory in Jackson.

19 **Q** How long have you been retired from the  
20 state crime lab?

21 **A** Since 2000- -- since February of 2006.

22 **Q** And while you were at the state crime lab,  
23 what was your position there when you left?

24 **A** I was a forensic scientist specializing  
25 in the area of trace evidence examination. Trace  
26 evidence in our -- at our laboratory included the  
27 analysis of such things as hairs, textile fibers,  
28 paint, glass, gunshot residue and footwear and tire  
29 track impressions.

## ANDREWS - DIRECT

1           Q     How long were you employed with the state  
2 crime lab in Jackson?

3           A     A little over 28 years.

4           Q     Would you tell the ladies and gentlemen of  
5 the jury a little bit about your educational  
6 background and your experience that allowed you to  
7 do trace evidence comparisons?

8           A     Yes, sir. I received a bachelor of  
9 science degree from the University of Mississippi in  
10 forensic science. At my employment at the state  
11 crime laboratory, I had the opportunity to receive  
12 on-the-job training at the crime lab, plus attended  
13 numerous forensic seminars and training schools over  
14 the 28 years of my career in all different aspects  
15 of trace evidence examination.

16          Q     Have you had an occasion to be accepted  
17 in the courts as an expert in the field of trace  
18 evidence examination?

19          A     Yes, sir, I have.

20          Q     Approximately how many times?

21          A     Somewhere between 3- and 400 times.

22                BY MR. EVANS: Your Honor, at this point,  
23 I would offer Mr. Andrews as an expert in the  
24 field of trace evidence examination.

25                BY MRS. STEINER: No questions, Your  
26 Honor. No objection.

27                BY THE COURT: I'll allow him to testify  
28 as an expert in that field.

29                BY MR. EVANS: Thank you, Your Honor.

ANDREWS - DIRECT

1 **BY MR. EVANS:**

2 **Q** Mr. Andrews, in your official capacity at  
3 the state crime lab, did you have an occasion to  
4 perform some tests that you were requested to in the  
5 case that we're here on today?

6 **A** Yes, sir, I was.

7 **Q** Did one of those cases have to do with  
8 some bloody tracks that were found in the store?

9 **A** Yes, sir, they did.

10 **Q** What were you presented in that case?

11 **A** In that -- in that particular situation,  
12 there were photographs taken of what were believed  
13 to be bloody shoe print impressions taken from  
14 inside the furniture store. Those were collected by  
15 our crime scene response team, and they were  
16 submitted to the laboratory along with a pair of  
17 shoes recovered from the Defendant to do an  
18 examination as to whether or not those shoes could  
19 have made that impression.

20 **Q** All right. I want to -- I want to hand  
21 you first Exhibits S-47, 48, 49 and 50 and ask you  
22 if you have ever seen these.

23 **BY MRS. STEINER:** May I have a --

24 **A** Yes, sir, I have. These are photographic  
25 enlargements of the original photographs that were  
26 collected at the crime scene. I can recognize them  
27 by the Mississippi Crime Laboratory case number,  
28 exhibit number and my initials on the corner of each  
29 photograph.

## ANDREWS - DIRECT

1 **BY MR. EVANS:**

2 **Q** What can you tell us about those  
3 photographs?

4 **A** These are black and white photographs. As  
5 I said, these -- the original photographs were  
6 35-millimeter photographs and what were originally  
7 submitted were just regular size 35-millimeter  
8 prints. In order to do forensic comparisons, what  
9 we will do is take the original negatives and have  
10 the images blown back up to life size or to scale.  
11 Anytime you're taking footwear impression-type  
12 photographs, you always include a scale in the  
13 photograph so that you can use that scale to  
14 reproduce that image back up to life size. In this  
15 particular case, these are black and white  
16 photographs taken of three different impressions  
17 that were photographed at the crime scene.

18 **Q** All right. And by doing that, using the  
19 scale, does that get that photograph to the actual  
20 size that that track would have been?

21 **A** Yes, sir. This is the actual size of the  
22 impression located on the floor inside the crime  
23 scene.

24 **Q** And I think you were also -- said you were  
25 sent a pair of shoes that had been taken from the  
26 Defendant. Did you determine what size those shoes  
27 were?

28 **A** The pair of shoes when I examined them,  
29 the label on the inside of the shoes indicated that

## ANDREWS - DIRECT

1 they were size ten-and-a-half's.

2 Q All right. I'll hand you 125 -- S-125 and  
3 ask you if this is the pair of shoes that were sent  
4 to you.

5 A Yes, they are. The bag is marked as one  
6 pair of Nike Flight tennis shoes belonging to Curtis  
7 Flowers. I can recognize the exhibit by the  
8 Mississippi Crime Laboratory case number, exhibit  
9 number and my initials on one of the taped seals.

10 Q All right. And I believe you were able to  
11 tell by just looking at those shoes that that pair  
12 of shoes didn't make the impressions; is that  
13 correct?

14 A Yes, sir, the -- if I can --

15 Q Sure.

16 A You look at the -- at the design on the  
17 bottom of the sole, and it's basically a series of  
18 swirly lines. If you look at the photographs you  
19 can see that the photographs are clearly an  
20 impression with a -- what is called a chevron  
21 pattern or a series of "V" patterns, it's obviously  
22 a different design than what's on the bottom of  
23 these shoes.

24 Q What size are the shoes that were taken  
25 from the Defendant?

26 A 10 1/2's.

27 Q All right. Now, going back to the four  
28 photographs that are up there, what can you tell by  
29 looking at those photographs?

## ANDREWS - DIRECT

1           **A**     Once again, it is a series of three  
2 different impressions. There was a -- an impression  
3 marked with the letter A. There is an impression  
4 marked with the letter C, and then there are two  
5 photos of the same impression that appear to be the  
6 exact same impression. So there are three different  
7 photographs that all appear to have the same design,  
8 and they're the same part of the -- of the footwear  
9 impression. It appears to be a heel impression just  
10 looking at the photograph. The reason there are  
11 slight differences, it appears that these  
12 photographs were taken -- were made in some type of  
13 foreign material which, at the time, was suspected  
14 to be blood on the floor inside the furniture store.  
15 And the reason that there are differences in the  
16 photographs, the first impression has a lot of  
17 excess material in the impression.

18                     It's kind of like if you take a  
19 rubber stamp and stamp it on a ink pad, sometimes  
20 that first impression has too much ink on it. And  
21 when you make the second impression, it's a slightly  
22 better impression. If you make a third impression,  
23 it's even got less material on it. And eventually,  
24 if you keep making impressions, the impression will  
25 fade out because there's no material left to be  
26 transferred.

27                     In this particular case, you have one  
28 extremely heavy impression that has a lot of excess  
29 material on it. You've got the second impression

## ANDREWS - DIRECT

1 that has still slight excess amount of material  
2 around the edges of the impression. And when you  
3 get to the third impression, you can actually see  
4 much more detail in the impression because you've  
5 removed a lot of that excess material.

6 Q All right. Thank you. Next I want to  
7 hand you Exhibit 70- -- S-79A and ask if you have  
8 examined that before.

9 A Yes, sir, I have. This is a shoebox with  
10 the Fila brand on it, marked as being M's Grant  
11 Hill, two mid, size ten-and-a-half. This was  
12 submitted to the crime lab as having been recovered.  
13 I don't recall exactly where it was recovered, but  
14 it was from a residence that the Defendant had  
15 access to.

16 Q What, if any, types of tests or procedures  
17 were you asked to do in relationship to those  
18 pictures and that shoebox?

19 A The shoebox was submitted to the lab for  
20 several different examinations but one of the  
21 questions that was asked -- that was posed to the  
22 laboratory was could the shoes that were originally  
23 packaged in this particular shoebox, could they have  
24 left the impression found at the crime scene.

25 Q Okay. So the attempt was to see if the  
26 bloody shoe tracks could have been left by the same  
27 type of shoes that would have originally come in  
28 that box?

29 A That is correct, yes, sir.

## ANDREWS - DIRECT

1           **Q**     I'll next show you Exhibits S-119A and  
2     S-119B and ask you to examine these, if you would.

3           **A**     Yes, sir. This is a pair of outsoles. I  
4     can identify them by the Mississippi Crime  
5     Laboratory case number, exhibit number and my  
6     initials that I placed on them at the time that I  
7     conducted my examination.

8           **Q**     What are those two exhibits, 119A and  
9     119B? Where did they come from?

10          **A**     Based on the information that we obtained  
11     from the end of the shoe box in State's Exhibit  
12     S-79A, we contacted Fila and asked them to provide  
13     us a set of outsoles that would have been used or  
14     would have been consistent with those used on the  
15     shoes that were originally packaged in that box. At  
16     that time, Fila actually sent us a pair of the  
17     outsoles with the same pattern of the same size that  
18     would have been originally packaged in that box.

19          **Q**     Okay. So what you're saying is, the soles  
20     of those outsoles would have been identical to the  
21     size and design that would have been in that box; is  
22     that correct?

23          **A**     They are the same size and the same design  
24     as what would have been used on the shoes that were  
25     in that box, yes, sir.

26          **Q**     Okay. I want to hand you Exhibits 122 for  
27     identification, 121 for identification and 120 for  
28     identification, and I'll ask you if you can identify  
29     what each of these are.

ANDREWS - DIRECT

1           **BY MRS. STEINER:** Your Honor, may I look  
2           at them?

3           **BY THE COURT:** You may.

4           **BY MRS. STEINER:** Your Honor, as to 120  
5           for identification, assuming it is admitted, I  
6           would like the jury instructed that it is for  
7           the purpose of supporting what this witness did  
8           and not for the truth of the assertions in it.

9           **BY THE COURT:** Well, I don't know what  
10          exhibits you've got that you're referring to  
11          right now.

12          **BY MR. EVANS:** May I proceed, Your Honor?

13          **BY THE COURT:** Well, I mean, I -- and what  
14          is your --

15          **BY MRS. STEINER:** Never mind, Your Honor.  
16          I'll withdraw the objection.

17          **BY THE COURT:** Okay.

18   **BY MR. EVANS:**

19           **Q** All right. Mr. Andrews, if you would  
20           examine those and, for purposes of the record, if  
21           you would, take each one and tell us which exhibit  
22           number it is and what it is.

23           **A** Okay. State's Exhibit S-120 for ID is a  
24           letter submitted with the outsoles from Mark Cain,  
25           who is vice president of Reglobal Footwear Marketing  
26           Lifestyles for Fila. It was addressed to Clyde  
27           Hill, assistant district attorney, Grenada,  
28           Mississippi. It says, "As we have discussed, please  
29           find included the outsoles of the M Grant Hill, two

## ANDREWS - DIRECT

1 mid, size ten-and-a-half." All it is, is just  
2 basically a letter confirming that the outsoles that  
3 were sent to the D.A.'s office are consistent with  
4 the outsoles that would have been used on the Grant  
5 Hill two mid.

6 Q All right. And the next exhibit.

7 A The next exhibit, State's 121 for ID is a  
8 photocopy of the catalog page which shows what a  
9 Grant Hill two mid looked like. That which would  
10 have been the shoe that would have been originally  
11 packaged inside the box.

12 Q All right. And the next exhibit.

13 A And State's Exhibit 122 for ID is a  
14 manufacturer's -- basically, a design drawing of  
15 what the pattern on the bottom of a Grant Hill two  
16 mid was drawn up by the person that did the design  
17 and was used to make the mold that the outsoles were  
18 produced by.

19 Q So that's actually the design pattern to  
20 produce these molds?

21 A Yes, sir.

22 BY MR. EVANS: Your Honor, at this time, I  
23 would offer Exhibits S-119A, S-119B, S-120,  
24 S-121 and 122 into evidence.

25 BY THE COURT: Any objection?

26 BY MRS. STEINER: Your Honor, I would  
27 object to S-119A and 119B going into evidence  
28 at this time as I believe the chain of custody  
29 has not yet been established on that. I had

## ANDREWS - DIRECT

1           understood the witness to testify that he had  
2           personally obtained these outsoles from Fila.  
3           And I understand his own testimony now, there  
4           was an intermediary through the district  
5           attorney's office.

6           **BY MR. EVANS:** Your Honor, I'll be glad to  
7           ask one addition question.

8           **BY THE COURT:** You may.

9           **BY MR. EVANS:**

10          **Q**     Was this box still sealed when you  
11          received it? Was the box from -- the box that  
12          contained the soles still sealed when you received  
13          it from Fila?

14          **A**     Yes, sir, it was.

15          **BY MR. EVANS:** Again, I offer these into  
16          evidence, Your Honor.

17          **BY MRS. STEINER:** Your Honor, I don't  
18          think that cures my chain of custody objection.

19          **BY THE COURT:** I'll overrule the objection  
20          and allow it to be admitted.

21                   (STATE'S EXHIBITS NO. S-119A, S-119B,  
22                   S-120, S-121 and S-122 RECEIVED INTO  
23                   EVIDENCE.)

24          **BY MR. EVANS:**

25          **Q**     I'd like for you to look at S-123 for  
26          identification and ask you to see if you can  
27          identify what that is.

28          **A**     Yes, sir. This is a transparency of  
29          the --

## ANDREWS - DIRECT

1           **Q**     At this point, since it's not in evidence,  
2 just tell us what it is before we show it to the  
3 jury.

4           **A**     Okay. This is a transparency of a  
5 footwear impression I had made using the outsoles  
6 that were submitted in State's 119B.

7           **Q**     All right. And you prepared that  
8 yourself?

9           **A**     Yes, sir.

10           **BY MR. EVANS:** Your Honor, I offer this  
11 exhibit into evidence.

12           **BY THE COURT:** I'll allow it to be  
13 admitted.

14           **BY MRS. STEINER:** No objection, Your  
15 Honor.

16                   (STATE'S EXHIBIT NO. S-123 RECEIVED  
17 INTO EVIDENCE.)

18           **BY MR. EVANS:**

19           **Q**     That was 123; is that correct?

20           **A**     Yes, sir.

21           **Q**     All right. Now that it's in evidence, if  
22 you would, explain to the ladies and gentlemen of  
23 the jury what it is.

24           **A**     This is a -- a clear transparency. In  
25 order to conduct footwear impression comparisons, we  
26 can do some comparisons directly from the shoe  
27 outsole against the mark or the cast or whatever is  
28 submitted to the laboratory. But in order to  
29 sometimes assist us in making the examination, we

ANDREWS - DIRECT

1 will actually use the shoe or the outsole to produce  
2 impressions that we -- then we will make a  
3 transparency of the impression and that transparency  
4 can be used to exactly overlay over the question  
5 impression or the question cast to look for  
6 similarities or differences between the impressions  
7 found at a crime scene and the -- and the  
8 impressions made in the lab.

9 Q All right. And were you asked as an  
10 expert to make a determination if the shoes that had  
11 originally been purchased in that box that's in  
12 front of you found at Curtis Flowers's house could  
13 have left the bloody shoe tracks?

14 A Yes, sir.

15 Q What steps did you use to make that  
16 determination?

17 A As I stated earlier, I took the outsole  
18 that was submitted as having been the same type,  
19 design and size as what would have originally been  
20 packaged inside the shoe box to produce test  
21 impressions in the lab. Those test impressions were  
22 then converted into a clear transparency that I then  
23 used to compare against the photographs that were  
24 made of the impressions at the crime scene.

25 Q Were you able to make a determination if  
26 the size and type shoes that were purchased in that  
27 box could have left those impressions?

28 A Yes, sir, I was.

29 Q What was that determination?

## ANDREWS - DIRECT

1           **A**     Just to explain briefly, when you're doing  
2 footwear comparisons you're basically looking at two  
3 different types of comparisons or characteristics.  
4 You first of all look for what are known as class  
5 characteristics. These are characteristics that are  
6 produced by any shoe of a particular size and  
7 design. Because you may have hundreds, even  
8 thousands of the shoe made from the same mold, at  
9 the time that those shoes are brand new, they would  
10 all have the same class characteristics. The  
11 design, the pattern, the spacing of the design and  
12 the impression would be consistent for all of these  
13 shoes made by that same mold and that same process.

14                     If you can say that your question  
15 impression has the same class characteristics as a  
16 known pair of shoes, then you will go to the next  
17 step of the examination, which is to look for  
18 individual characteristics. Individual  
19 characteristics are added to the shoe through normal  
20 wear and tear, and they can include such things as  
21 cuts, nicks, tears, rocks jammed in the bottom of  
22 the shoe, and these things allow the shoe to make  
23 detail in the impression that would be unique to  
24 that pair of shoes. If you can identify individual  
25 characteristics, it allows you to positively  
26 identify a particular shoe as having made an  
27 impression to the exclusion of all other shoes.

28                     In this case, since we never actually  
29 had a pair of -- the original pair of shoes, the

## ANDREWS - DIRECT

1 question became if you have an outsole for the same  
2 type of shoe that would have been included in that  
3 box, can you use that outsole to look to see if it  
4 has the same class characteristics. In this  
5 particular case, the impressions that I produced  
6 from the outsoles in State's Exhibit 119B are  
7 consistent in design and size with the bloody  
8 impressions in the photographs in State's Exhibits  
9 47, 49, 48 and 50.

10 Q And that was with the right outsole?

11 A Yes, sir.

12 Q Would you hold that --

13 A It would be the right heel impression.

14 Q Would you hold that outsole up at this  
15 point? I'm going to get you to step down here in a  
16 minute, but just kind of point out what area.

17 A Yes, sir. We're talking the heel area  
18 from about where the F is in the name Fila, all the  
19 way to the back edge of the shoe.

20 Q All right. And are you saying that the  
21 bloody shoe tracks that were made -- the bloody shoe  
22 tracks were found made by the right shoe of the  
23 exact same type of shoes that came out of that box?

24 A The impressions found at the scene are  
25 consistent in being a right shoe impression of the  
26 same size and design as this outsole in State's  
27 Exhibit 119B.

28 Q And that is a Fila Grant Hill size  
29 ten-and-a-half?

ANDREWS - DIRECT

1           **A**     Yes, sir, that's correct.

2           **BY MR. EVANS:**   Your Honor, may I have the  
3           witness step down?  If you would, bring --  
4           well, first may I have --

5           **BY THE COURT:**   You may step down.

6                     (WITNESS LEAVES STAND AND TAKES A PLACE  
7                     IN FRONT OF THE JURY)

8           **BY MR. EVANS:**

9           **Q**     And if you would, bring that right outsole  
10           first.  Well, bring it, the best photograph, the one  
11           that you used and the overlay.  Let me hold those  
12           for you.  And if you would, show the ladies and  
13           gentlemen of the jury what part of the right Fila  
14           Grant Hill ten-and-a-half left those bloody  
15           impressions.

16           **A**     Okay.  As I stated earlier, about from the  
17           letter F in the word Fila downward, the main portion  
18           of the impression is this design in the center of  
19           the heel, which appears to be like an A-shaped  
20           design with a squiggly two on top of it.  Then  
21           you've got the chevron pattern in the design that  
22           has several different components.  You have a deeper  
23           chevron line at the bottom.  So these are the main  
24           portions of the detail in the class characteristics  
25           for this particular portion of the shoe.

26           **Q**     All right.  And if you would, Mr. Andrews,  
27           I want to hand you back Exhibits S-47 and S-123 and,  
28           if you would, demonstrate for the ladies and  
29           gentlemen of the jury how you were able to match

## ANDREWS - DIRECT

1 this right shoe with that bloody impression.

2       **A**     Okay. Just to show you from the start.  
3 This is a clear transparency made from the bottom of  
4 the shoe, and the reason you use the transparency is  
5 that you can actually overlay it over and see how  
6 the individual detail matches up. But once you  
7 produce the individual -- the clear transparency,  
8 then you can use it on the photograph in State's  
9 Exhibit 47. Even without the transparency, you can  
10 immediately see the chevron design; you can see the  
11 portion of the A impression with the squiggly two on  
12 top of it. But you would use the -- the overlay to  
13 show that the size of the design matches up. You  
14 may have shoes that range anywhere from a six up to  
15 a 14 that have the same design on it. And different  
16 manufacturers will use different techniques so that  
17 they can use that same design all the way from a  
18 size six to a 14.

19               They'll normally -- to get it all to  
20 fit, they'll either increase the size of the design  
21 as the size of the shoe goes up; they'll decrease  
22 the spacing in the design; they'll make the space  
23 between the gaps or they'll make the space out  
24 toward the edges expand on out so that that design  
25 carries over in all sizes of that shoe. So one of  
26 the things you look at is the spacing of the  
27 characteristics consistent between your impression  
28 and your known test impression on the shoe. And you  
29 can do that with the overlay very easily by

## ANDREWS - DIRECT

1 overlaying it over the top, and everything within  
2 that design area matches up between the test  
3 impression and the impression at the crime scene.

4 **BY MR. EVANS:** All right. Thank you, sir.

5 And if you would, you can take a seat again.

6 (WITNESS RETURNS TO THE STAND)

7 **BY MR. EVANS:**

8 **Q** Mr. Andrews, as an expert in the field of  
9 trace evidence, can you say to a degree of  
10 scientific certainty that in your opinion, it's a  
11 100 percent probably that the bloody shoe  
12 impressions that were left by the same type shoe  
13 that would have been purchased in that box?

14 **A** They are consistent in design and size  
15 with, according to the outsole that was submitted,  
16 to the shoes that would have been originally  
17 purchased in that box.

18 **Q** And there is nothing inconsistent?

19 **A** No, sir.

20 **BY MR. EVANS:** Your Honor, may I pass  
21 these to the jury?

22 **BY THE COURT:** You may.

23 **BY MR. EVANS:**

24 **Q** Mr. Andrews, were you also in this same  
25 case asked to do any tests in relationship to  
26 gunshot residue?

27 **A** Yes, sir, I was.

28 **Q** I want to hand you Exhibit S-94 and ask  
29 you to examine that, if you would, please, sir.

## ANDREWS - DIRECT

1           **A**     Yes, sir. This is a standard gunshot  
2 residue evidence collection kit marked with the  
3 name -- suspect's name Curtis G. Flowers.  
4 Collected, investigating officer's name is Jack  
5 Matthews. I can recognize it by the Mississippi  
6 Crime Laboratory case number, exhibit number. It  
7 has my initials on the sole bottom.

8           **Q**     Okay. And what would be the purpose of  
9 using a gunshot residue test kit?

10          **A**     A gunshot residue test kit is used to  
11 collect samples from a person who has -- who is  
12 believed to have been in the environment of a  
13 discharged weapon.

14          **Q**     All right. And, now, procedurally, is  
15 there any accepted standard in your field about how  
16 long after a person fires a gun you would expect to  
17 still find gunshot residue on their hand?

18          **A**     Several different studies have been  
19 conducted, specifically on hand samples. And the  
20 normal accepted cutoff time for collecting samples  
21 from the suspect is up to four hours after the  
22 suspected time of the shooting.

23          **Q**     If a person holds a .380 automatic in a  
24 normal position when they fire it, where would you  
25 more than likely expect to find gunshot primer  
26 residue on their hands?

27          **A**     If they are right-handed and they hold the  
28 gun in a normal fashion in their right hand, you  
29 would expect to find gunshot residue deposited on

## ANDREWS - DIRECT

1 the back side of their first finger/thumb area, the  
2 top of the thumb and the top of the first finger.

3 Q All right, sir. If you would, look at  
4 that test kit that is there and just tell us what --  
5 explain what it is and how the proper procedure for  
6 using it is.

7 A Yes, sir. This is the standard kit used  
8 by the Mississippi Crime Laboratory. It contains  
9 four sample vials. If I can open it?

10 Q Yes, sir.

11 A There are four vials that are routinely  
12 collected on sam- -- suspects or individuals in the  
13 State of Mississippi are two from each hand, one  
14 from the back of the right hand, one from the palm  
15 of the right hand, the back of the left hand and the  
16 palm of the left hand. Each vial is marked with the  
17 designation of the area that is used to be sampled  
18 for.

19 The procedure we use to analyze  
20 gunshot residue at the Mississippi Crime Laboratory  
21 is a procedure called scanning electron microscopy  
22 with energy dispersive x-ray analysis. And what it  
23 basically does is that you have a small aluminum  
24 stub inside the container that has a sticky adhesive  
25 surface on the top of the stub. To collect a sample  
26 from the suspect, you would open the stub and gently  
27 pat that adhesive surface against the area to be  
28 sampled. The point being that any small microscopic  
29 particles of the gunshot residue will adhere to the

## ANDREWS - DIRECT

1 adhesive portion of the stub.

2                   Once you collect from that specific  
3 area, you package the stub back; you place it in the  
4 container. You collect the other samples in the  
5 kit. You seal the kit, and you submit to the crime  
6 laboratory.

7                   When we get the samples at the crime  
8 laboratory, we first of all carbon coat the stubs.  
9 The carbon coating that we put on the samples are  
10 essentially invisible to the x-ray analyzer because  
11 carbon has such a low atomic number. But it makes  
12 the stub completely conductive, which makes for a  
13 better microscopic energy in the scanning electron  
14 microscope. We then place the sample inside the  
15 microscope. And instead of focusing a beam of light  
16 to get an image of the sample, the scanning electron  
17 microscope focuses a beam of electrons on the sample  
18 and this produces very high magnification. You can  
19 actually go up to 200,000 times magnification with  
20 the scanning electron microscope. One of the  
21 byproducts of focusing a beam of electrons on a  
22 sample is that you cause it -- the sample to produce  
23 x-rays which are characteristic of the elemental  
24 composition of the sample. This is very good for if  
25 you're looking for some of the heavier metallic  
26 elements, especially for things that are common in  
27 gunshot residue particles. The three elements that  
28 have been found to be unique to gunshot residue  
29 particles are the elements lead, barium and

## ANDREWS - DIRECT

1 antimony. So if you can scan the sample looking for  
2 microscopic particles that have the correct  
3 morphology, which is size, shape and appearance, and  
4 have the correct elemental composition, it allows  
5 you to identify that particle as a particle of  
6 gunshot residue to the exclusion of all other  
7 environmental sources.

8 Q All right. Is there any other source in  
9 the universe other than gunshot residue that is in  
10 the elements of lead, barium and antimony that has  
11 the same morphology or size and appearance?

12 A The -- the size, shape and morphology and  
13 elemental composition of gunshot residue particles  
14 are unique to gunshot residue. There have been no  
15 other single source of material anywhere that have  
16 all of those combination of characteristics. So  
17 therefore, if you find those characteristics, it  
18 allows you to positively identify a particle as  
19 gunshot residue.

20 Q And did you, in fact, perform those tests  
21 on the four vials that were in that package?

22 A Yes, sir, I did.

23 Q Did you find gunshot residue?

24 A Yes, sir, I did.

25 Q On which vial?

26 A I found a single gunshot residue particle  
27 on the sample submitted as being taken from the back  
28 of the right hand.

29 Q And if a person were right-handed, where

## ANDREWS - DIRECT

1 would you expect to have found gunshot residue if  
2 they had fired a weapon?

3       **A**     If they were firing a weapon or in close  
4 proximity or if they had actually had the weapon in  
5 their hand when it was discharged, that would be the  
6 area that you would normally expect to find gunshot  
7 residue is on the back of the right hand.

8       **Q**     And that container that you found the  
9 gunshot residue in that showed the back of the right  
10 hand, whose hand does it show that came from?

11       **A**     Curtis G. Flowers.

12       **Q**     Can you say that you are 100 percent  
13 certain that there was gunshot residue on the back  
14 of the right hand of Curtis Flowers from that test?

15       **A**     Yes, sir.

16               **BY MR. EVANS:** Your Honor, I tender the  
17 witness.

18                               **CROSS-EXAMINATION**

19       **BY MRS. STEINER:**

20       **Q**     Good afternoon, Mr. Andrews.

21       **A**     Good afternoon.

22       **Q**     Is it because you're retired and no longer  
23 in the profession that when I phoned to see if you  
24 and I could have a conversation about this evidence  
25 a couple of weeks ago you said you weren't available  
26 to do so?

27       **A**     That's correct.

28       **Q**     All right. And you have not been at --  
29 you don't have a consulting business in retirement;

## ANDREWS - CROSS

1 you're not doing this anymore?

2 A No, ma'am.

3 Q Have you kept up on either of these areas  
4 of trace evidence you've testified here today?

5 A No, ma'am.

6 Q With developing literature or standards  
7 with respect to footwear impressions?

8 A No, ma'am.

9 Q So you don't know if the techniques you  
10 employed in performing this test, if they were to  
11 have been updated or the standard changed after  
12 your -- at some point after your retirement. I  
13 think you said in what month in 2006?

14 A February 2006.

15 Q February of 2006. Then you can't say that  
16 what you did was in conformance with the standards  
17 that exist today; all you can say is you performed  
18 these in conformance with the standards that you  
19 knew and followed and were in existence in, I  
20 believe, at the latest, 2003 when you performed the  
21 last test on this; is that correct?

22 A I can say they were the standard in 2006,  
23 also.

24 Q 2003 and 2006?

25 A Yes, ma'am.

26 Q And similarly on gunshot residue --

27 A Yes, ma'am.

28 Q -- you've not -- similarly, you have not  
29 kept up with any changes in 2006 -- since you

## ANDREWS - CROSS

1 retired in February of 2006?

2 **A** That is correct.

3 **Q** And that was a little bit before the FBI  
4 lab in Quantico, Virginia elected to --

5 **BY MR. EVANS:** Your Honor, I object. He's  
6 stated he doesn't know anything about any  
7 priors. And we have covered both sides of what  
8 that said. That's improper.

9 **BY THE COURT:** I'll sustain. He said he  
10 hadn't kept up, so obviously you can't ask him  
11 about something he hasn't read or kept up with.

12 **BY MRS. STEINER:**

13 **Q** Okay. Now, on -- you were using -- with a  
14 footwear identification, it is possible if you have  
15 an actual shoe to -- to make more than a consistent  
16 or a class characteristics. You can, at times, with  
17 an actual shoe that has been worn and collected at a  
18 crime scene actually go beyond just class  
19 characteristics; you can get the individual  
20 characteristics?

21 **A** Yes, ma'am. If there are individual  
22 characteristics visible in the impression that line  
23 up with the same impressions on the bottom of the  
24 shoe, it allows you to positively identify that shoe  
25 as having made that impression.

26 **Q** But you are not saying you are positively  
27 identifying any particular shoe as having made this  
28 impression?

29 **A** No, ma'am. No -- no actual shoe was ever

## ANDREWS - CROSS

1 submitted for comparison.

2 Q Okay. Now, you were submitted --

3 BY MRS. STEINER: May I approach, Your  
4 Honor?

5 BY THE COURT: You may.

6 BY MRS. STEINER:

7 Q Well, it's certainly no actual shoe that  
8 anybody ever said this was on Mr. Flowers' foot and  
9 recovered from his foot on or near the crime scene?

10 A Yes, ma'am, that's correct.

11 Q And by contrast, you've inspected S-125A  
12 and B, which is a pair of Nike shoes. And those  
13 were submitted to you with a chain of custody  
14 indicating they had actually been recovered from  
15 Mr. Curtis Flowers and had been worn by him prior to  
16 their recovery from him?

17 A They're marked on the bag as having been  
18 belonging to Curtis Flowers, yes, ma'am.

19 Q So the only pair of shoes you actually  
20 looked at and examined and compared to these  
21 photographs are a pair of shoes you could  
22 conclusively rule out as having made the impression  
23 shown in this photograph; is that fair to say?

24 A Yes, ma'am, that's correct.

25 Q All right. So you could make a positive  
26 rule-out identification on that pair of shoes?

27 A Yes, ma'am.

28 Q Okay. I believe in the course of  
29 preparing to make a comparison without an actual

## ANDREWS - CROSS

1 shoe to use, you learned that -- the make and model  
2 of shoe that came in that box that the manufacturer  
3 had distributed over a million pairs of such shoes;  
4 is that correct?

5 **A** If I can refer to my notes real quick.

6 **Q** Please do.

7 **A** During the course of my examination, I  
8 contacted Mr. Andrew Grauf, who at that time was in  
9 marketing at Fila, and he provided me with a list of  
10 the different models of Grant Hill II's on which  
11 that particular style of design outsole which was  
12 used by Fila. He submitted a list of all the  
13 different models, the total number of each one of  
14 those models that was shipped, and he broke it down  
15 into size tens, ten-and-a-half's and 11s. Overall,  
16 all the different models and all the sizes from  
17 six-and-a-half to 16, there were 1,200,000 --  
18 1,927,447 pairs of shoes by Fila with that outsole  
19 design.

20 **Q** That's closer to two million, huh?

21 **A** Yeah. If you break it down to sizes ten,  
22 ten-and-a-half's and 11s -- size tens, there were  
23 221,393. Size ten and a halves, there were 221,189.  
24 And size 11s, there were 200,199.

25 **Q** So there -- this insole that is consistent  
26 with the mark on the floor of Tardy Furniture, you  
27 testified that it's a ten-and-a-half. There are  
28 221,189 such insoles out there in the world, and you  
29 have but one of them; is that correct?

## ANDREWS - CROSS

1           **A**     According to the information I got from  
2     Fila, that's how many were produced and how many  
3     were shipped.

4           **Q**     All right. Now, did you -- as I  
5     understand it, there is -- what you learned is there  
6     is somewhat -- somewhat less than a quarter of an  
7     inch difference in size.

8                     (CELL PHONE RINGING)

9           **BY MRS. STEINER:** Your Honor, may I turn  
10    off my phone?

11           **BY THE COURT:** You may.

12           **BY MRS. STEINER:** My apologies, Your  
13    Honor.

14           **BY THE COURT:** That's fine.

15    **BY MS. STEINER:**

16           **Q**     There is less than a quarter of an inch  
17    difference as you from progress from a ten to a  
18    ten-and-a-half and then three-sixteenth of an inch  
19    difference in overall length on the outsoles?

20           **A**     According to Fila, their -- they produce  
21    shoes in half size molds and their average  
22    difference in size for each half size is  
23    three-sixteenth of an inch. So there were -- you  
24    would expect a three-sixteenth inch difference in  
25    the overall size of the impression from, say, a ten  
26    and a ten-and-a-half.

27           **Q**     All right. Now, did you ascertain on  
28    these particular shoes whether that three-sixteenth  
29    of an inch was distributed across the whole insole

## ANDREWS - CROSS

1 or did you just assume that?

2       **A**     I -- based on the way the shoe is made, if  
3 you -- if you were making the heel separate from the  
4 rest of the shoe, then you could maybe consider that  
5 the differences is just in the heel. But because of  
6 the way the shoe -- the molds are made and the way  
7 Fila explained it, it's three-sixteenth over the  
8 overall length, which means the difference in the  
9 heel part would be significantly less than that.

10       **Q**     Significantly less. So we're talking --

11       **A**     You could figure maybe a third of that.

12       **Q**     A third of that. And if what they decided  
13 to do with their mold was only to extend the toe end  
14 of it but leave the heel end the same, just extend  
15 the length in the toe, then there would be no change  
16 in the heel?

17       **A**     If that's what they did.

18       **Q**     You don't know that they did not?

19       **A**     I don't know for sure, no, ma'am.

20       **Q**     So you can't say that the three-sixteenth  
21 of an inch difference between is less in a -- less  
22 on a ten or more on an 11 isn't entirely in the toe  
23 based on the information you have before you?

24       **A**     I did not request that specific  
25 information from Fila, but it would be unusual for  
26 them to use that technique. As you can tell from  
27 the design drawing, most major manufacturers now use  
28 computer assistance design drawings to produce their  
29 molds --

## ANDREWS - CROSS

1           Q     This is 1996.

2           BY MR. EVANS: Your Honor, may he finish  
3           his answer?

4           BY MRS. STEINER:

5           Q     Are you talking about 1996?

6           A     Yes, ma'am. And as far as I know, it's  
7           still in use today. But they actually -- a lot of  
8           the molds are produced by computers. So if they go  
9           from a size six to a size ten, they basically  
10          increase the size equally amongst the whole design.

11          Q     So you don't -- did not ascertain for  
12          certain that is how they did it in this case?

13          A     I did not specifically ask them that  
14          question, no, ma'am.

15          Q     So you can't tell this jury they didn't do  
16          it the other way?

17          A     I can't say that, no, ma'am.

18          Q     All right. Now, did you like request a  
19          ten and an 11 and do comparisons with those two  
20          sizes of insoles just to make sure that, in fact,  
21          the heels were distinct from each other?

22          A     No, ma'am, I did not.

23          Q     So if they hadn't actually run the whole  
24          thing up, as you think they may have, if the heel --  
25          if they had just extended the toe and kept the heel  
26          size the same, the heel from the ten or the 11 would  
27          have made the same impression as the heel from the  
28          ten-and-a-half; is that correct?

29          A     If they did that, yes, ma'am.

## ANDREWS - CROSS

1           Q     All right. And as you sit here today, you  
2 cannot say they did not?

3           A     No, ma'am, I can't.

4           Q     All right. Now, were you given any shoes  
5 purporting to come from a Mr. Will Hemphill in  
6 connection with the examinations you performed in  
7 comparison to these insoles?

8           A     No, ma'am.

9           Q     Were you given any shoes purporting to  
10 come from a Doyle Simpson --

11          A     No, ma'am.

12          Q     -- to compare?

13          A     No, ma'am.

14          Q     What about an Emmett Simpson?

15          A     No, ma'am.

16          Q     What about a Mr. Presley or Mr. Gamble?

17          A     No, ma'am.

18          Q     And a Jeffrey Hudson?

19          A     No, ma'am.

20          Q     In fact, you weren't given any shoes said  
21 to come from Mr. Flowers that had any class  
22 characteristics consistent with these insoles as  
23 well?

24          A     The only shoes that were submitted to the  
25 laboratory was the pair of Nikes that were submitted  
26 as being from Mr. Flowers.

27          Q     All right. Now, these photographs, we  
28 heard last week about how carefully Ms. Schoene set  
29 these up on the floor and set her camera at the

## ANDREWS - CROSS

1 right angle and put these measurements down here and  
2 when she took her picture it was small. And then I  
3 believe you said you ordered these blown up?

4 **A** Yes, ma'am.

5 **Q** All right. And did you do that in house  
6 in the lab under your personal supervision or did  
7 you send them out and trust that the people you sent  
8 them to were skilled enough to do a scale  
9 enlargement?

10 **A** They were sent out to an outside source.  
11 It was a source at that time that we used solely for  
12 producing any type of prints or impressions that we  
13 did. I also sent them -- as part of sending the  
14 negative to be produced, I sent a copy of the scale.  
15 Once I got the photographs back, I actually used  
16 that same scale to make sure that the copies had  
17 been produced correctly.

18 **Q** All right. And because you knew you were  
19 not dealing with any pair of actual shoes that had  
20 been submitted, except the Nikes which you could  
21 rule out without having to make these transparencies  
22 and such, you didn't -- there were no -- I think you  
23 talked about individualized characteristics that  
24 might come from wear patterns and those sort of  
25 things. You didn't even look for those?

26 **A** With very few exceptions, it's next to  
27 impossible to look at an impression and identify  
28 something as an individual characteristic just from  
29 the impression. It's not impossible. Sometimes

## ANDREWS - CROSS

1 it's such a big defect or whatever you can tell  
2 right away. But because the impression can vary so  
3 much depending on what type of pressure was applied  
4 to make the impression, what type of surface the  
5 impression is on, what type of material the  
6 impression is made out of, it's next to impossible  
7 to -- especially to look at a photograph and  
8 identify something on a photograph as an individual  
9 characteristic just from a photograph.

10 Q Okay. And I believe that in your  
11 profession, those of you -- at least at the time you  
12 retired, those of you in the main stream were very  
13 hesitant to say you can match that exactly as a  
14 fingerprint or that sort of thing?

15 A If you see enough individual  
16 characteristics, it is possible to positively  
17 identify it as being made by a particular shoe.

18 Q But that -- in your experience through the  
19 time you retired in 2006, that was not customarily  
20 what any -- what your lab -- what your examinations  
21 were generally able to do? I got tangled up. I'll  
22 strike that question. Now, you -- about how many  
23 pairs of footwear have you examined -- actual  
24 footwear have you examined in the course of doing  
25 these kind of identifications over the years, in 25  
26 years?

27 A It would be well into the thousands of  
28 pairs of footwear.

29 Q All right. And you have come to know that

## ANDREWS - CROSS

1 a Nike shoe -- shoe manufactured by Nike may have  
2 different shapes and dimensions in how its -- in how  
3 its insoles are put on in a shoe manufactured by  
4 Fila or by Adidas or New Balance or anything. Each  
5 manufacturer has its own specifications for what the  
6 shape of that insole should be; is that correct?

7       **A** Most of the major shoe manufacturers spend  
8 an incredible amount of money developing outsole  
9 designs and so -- and they are copyrighted and  
10 protected and they are very protective of their  
11 designs. That's not to say that it's not possible.  
12 I think all the major footwear manufacturers have  
13 reported cases where their outsole design was copied  
14 as a knock off and then used to produce shoes and  
15 the different brand or whatever, but they -- it's my  
16 understanding that they prosecute those cases  
17 vigorously to protect their investment, so it would  
18 be highly unusual to find the same design on the  
19 bottom of a pair of Nikes that you find on the  
20 bottom of a pair of Filas or something like any  
21 other.

22       **Q** I appreciate that. I was just talking  
23 about what Nike considers the appropriate size of  
24 the shoebox of the shoe -- of the boot part of the  
25 shoe for a ten-and-a-half. It may not be the same  
26 as what -- same exact number of centimeters as Fila  
27 considers for the boot size.

28       **A** There could be some slight differences,  
29 yes, ma'am.

## ANDREWS - CROSS

1           Q     I mean, I -- in some brands I wear one  
2 size and I wear another in another size.

3           A     Yes, ma'am. And if some of the major  
4 manufacturers maybe don't separate the outsoles by  
5 half sizes, they use full sizes and they'll produce  
6 half sizes by changing the size of the upper, not  
7 the sole.

8           Q     So the fact that this shoe -- this Nike  
9 shoe that we do know came off of Curtis Flowers'  
10 foot is a ten-and-a-half doesn't mean that his foot  
11 would have been comfortable in a size ten-and-a-half  
12 Fila?

13          A     As you stated earlier, sometimes the  
14 difference between one manufacturer and another's  
15 shoe -- the same size shoe in a different  
16 manufacturer won't feel the same.

17          Q     All right. Now, with -- nothing you have  
18 said about matching that -- the insoles that are in  
19 evidence, whichever one is the right one that's  
20 S-119B -- to, and in your opinion that it is  
21 consistent with the -- what was photographed.  
22 Nothing says whose foot was in the actual shoe that  
23 left that impression that Ms. Schoene photographed  
24 and you compared this insole to; is that correct?

25          A     Yes, ma'am, that's correct.

26          Q     Now, at the time, you were about a year  
27 before you retired, maybe eight months before you  
28 retired, from the Mississippi Crime Lab. Were you  
29 aware that the FBI -- excuse me -- laboratory, the

## ANDREWS - CROSS

1 FBI at its Quantico, Virginia laboratory actually  
2 convened a conference, a symposium -- I don't know  
3 what they call it exactly -- on -- on the science  
4 and art of gunshot residue analysis, someone with  
5 the FBI laboratory, gunshot residue symposium, were  
6 you aware that had been convened in May of 2005?

7 **A** No, ma'am.

8 **Q** All right. So you don't know how, if at  
9 all, the -- that has altered --

10 **BY MR. EVANS:** Your Honor, I object. He  
11 said he didn't know anything about it.

12 **BY THE COURT:** He can follow up her  
13 question.

14 **BY MRS. STEINER:**

15 **Q** So you can't tell this jury anything about  
16 how, if at all, that has altered any of the findings  
17 you made; is that correct?

18 **A** No. It would not alter the findings that  
19 I reported --

20 **Q** Okay.

21 **A** -- regardless of what was said.

22 **Q** All right. Or altered the standards by  
23 which you performed the testing you did?

24 **A** That is correct, yes, ma'am.

25 **Q** Now, you are not telling the jury, are  
26 you, that finding a single particle of gunshot  
27 residue says that any individual actually pulled the  
28 trigger on a firearm, are you?

29 **A** No, ma'am. The conclusions you can draw

## ANDREWS - CROSS

1 from finding and identifying the gunshot residue on  
2 the hands of the person are one of three  
3 conclusions: That person has discharged a weapon.  
4 That person has been in close proximity to a  
5 discharged weapon or that person has handled an  
6 object that has gunshot residue on it. Those are  
7 the three conclusions you can draw from a positive  
8 gunshot residue identification.

9 Q And nothing -- your finding that there was  
10 a single particle of gunshot residue, which you say  
11 had both the clinical and morpho- -- is it --

12 A Morphological.

13 Q Morphological. It's a big word. It was a  
14 fear and it had these three elements in it?

15 A Yes, ma'am.

16 Q The fact that you found that single  
17 particle does not bring this jury or us one step  
18 closer to knowing which one of these three means  
19 that gunshot residue particle got on Mr. Flowers'  
20 hand; is that correct?

21 A Yes, ma'am, that's correct.

22 Q And if he had ridden in this police car in  
23 which a suspect who had just discharged a firearm  
24 had ridden previously or an officer who had just  
25 been at the firing range had put -- had handled and  
26 had not washed his hands and put his stuff back in  
27 the back seat, if he rode in the car, there could be  
28 gunshot residue particles on that back seat in the  
29 police car in which he rode; is that correct?

## ANDREWS - CROSS

1           **A**     Yes, ma'am, that's possible.

2           **Q**     And if he were interrogated by police who  
3     had an interview room where officers who had been to  
4     firing ranges routinely congregated or sat and had  
5     discharged firearms, those officers could have left  
6     particles of gunshot residue on a table in that room  
7     if they had not washed their hands or cleaned their  
8     weapons between the time they'd been to the range or  
9     had to discharge their firearm in the line of duty;  
10    is that correct?

11          **A**     That's possible, yes, ma'am.

12          **Q**     All right. And it's possible that if a  
13    piece of paper such as a Miranda waiver had sat on  
14    that table and was handed to a defendant to read, he  
15    read it and there was gunshot residue on that  
16    Miranda waiver, that could have been how that single  
17    particle could get on the hand of someone who held  
18    that Miranda waiver?

19          **A**     From just handling the Miranda waiver, you  
20    really wouldn't expect it to be on the back of the  
21    hand. But if --

22          **Q**     But if you had --

23          **A**     -- the waiver, if you had contact between  
24    something that had residue on it with the back of  
25    the hand, it could have been transferred that way.

26          **Q**     And if someone held the pen in a customary  
27    fashion that had had contact gunshot residue on it,  
28    that would actually be right there in the web?

29          **A**     Yes, ma'am, that's possible.

## ANDREWS - CROSS

1           Q     A person who's right-handed who is  
2     discharging a weapon is probably also right-handed  
3     for holding a pen or pencil while signing a Miranda  
4     waiver; is that correct?

5           A     Yes, ma'am.

6           Q     Typically, when an officer who has trained  
7     on a firing range and has discharged his or her  
8     weapon into a target, leaves that firing range, if  
9     you swabbed his or her shooting hand, you would find  
10    probably hundreds of particles of gunshot residue if  
11    they -- as they came off the range having just  
12    discharged a firearm; is that correct?

13          A     Oh, yes, ma'am.

14                BY MRS. STEINER: One moment, Your Honor.

15    BY MRS. STEINER:

16          Q     And of course, finding a single -- finding  
17    any gunshot residue -- Well, strike that.

18                BY MRS. STEINER: That's all I have, Your  
19    Honor.

20                BY THE COURT: Okay. Mr. Evans, you may  
21    redirect.

22                BY MR. EVANS: Thank you, Your Honor.

23                       REDIRECT EXAMINATION

24    BY MR. EVANS:

25          Q     All right. You've been asked about  
26    someone that had just fired a firearm having  
27    hundreds of particles. What starts happening to  
28    those particles right after they fire that gun?

29          A     As I said, several different studies have

## ANDREWS - REDIRECT

1    been conducted specifically on hand samples that  
2    show that almost immediately after particles are  
3    deposited on the hands, any type of normal activity  
4    starts removing those particles and that's why the  
5    general time limit is considered four hours. It  
6    would be unusual to find gunshot residue on the  
7    hands of a living individual who's up moving around  
8    after four hours.

9           **Q**     Okay. What happens to those particles?  
10   Do they fall off?

11          **A**     To explain a little bit what these  
12   particles are, gunshot residue particles are  
13   produced during the discharge of the weapon from  
14   components in the primer cup in a modern cartridge.  
15   The firing pin strikes the primer cup, which ignites  
16   the material inside the primer cup, which then  
17   ignites the gunpowder inside the cartridge that then  
18   forces the projectile out the end of the barrel.

19                   During that process, you have a lot  
20   of gaseous material being created during that  
21   explosion that is forced out of any opening in the  
22   weapon, specifically out the end of the barrel where  
23   the projectile is going. But in the case of a  
24   handgun, it can be forced out around the cylinder  
25   gap on a revolver or out of the ejection port on an  
26   automatic. These gases, as they escape to the  
27   cooler surrounding air, condense back into  
28   microscopic particles that are then deposited on any  
29   surfaces in close proximity to that weapon. These

## ANDREWS - REDIRECT

1 particles, while microscopic in size, are much like  
2 if you took face powder and patted it on the back of  
3 your hand and then walk around for a few hours.  
4 After a few hours, you look down and you won't see  
5 any of the face powder on your hand.

6                   So any type of normal activity or  
7 washing your hands or putting your hands in your  
8 pocket, running your hands through your hair, any  
9 type of normal activity where you brush against the  
10 surface of your hands is going to remove these  
11 particles just through normal activity.

12           Q     And they basically just fall away?

13           A     Yes, sir.

14           Q     And that's why the time frame is around  
15 four to six hours, something like that, that you  
16 would expect to find them?

17           A     Every study that I've ever shown at four  
18 hours there's a precipitous drop in the quantity of  
19 particles that can be found on a sample. So most  
20 kits say don't collect after four hours.

21           Q     Okay. And if you were advised that this  
22 test was done approximately three-and-a-half hours  
23 after the expected time of the crime, you wouldn't  
24 expect to find any particles, would you?

25           A     As I stated, as you approach that  
26 four-hour limit, you really don't expect to find  
27 particles after four hours. And that's not say that  
28 I haven't found particles after four hours. I have  
29 found particles on person's hands after eight hours.

## ANDREWS - REDIRECT

1 But as the general rule, after four hours, the odds  
2 of you finding particles go way down.

3 Q And there's nothing surprising about only  
4 finding one particle after three-and-a-half hours?

5 BY MRS. STEINER: I'm going to object to  
6 the form of that question. I don't think he  
7 said that. I'm just objecting to form.

8 BY THE COURT: I don't see anything  
9 improper about the form. I'll overrule the  
10 objection.

11 A I can't say it would be unusual to only  
12 find one after that length of time.

13 BY MR. EVANS:

14 Q And you -- are you saying, based upon your  
15 expertise and your training, that the particle that  
16 you found on the back of the right hand of Curtis  
17 Flowers was, in fact, gunshot residue to the  
18 exclusion of every other type substance in the  
19 world?

20 A That's correct. Yes, sir.

21 Q And the area that you would expect to find  
22 gunshot residue on a right-handed person that fired  
23 a pistol would be where?

24 BY MRS. STEINER: Ob- --

25 A You would normally expect that residue to  
26 be deposited on the back of the right hand.

27 BY MR. EVANS:

28 Q All right. Let's go to the shoes again  
29 for just a moment. It would have been nice if we'd

## ANDREWS - REDIRECT

1    been able to recover the actual shoes that were  
2    in that box. That would have helped, wouldn't it?

3           **A**     It would have given an actual pair of  
4    shoes to compare to, yes.

5           **Q**     But since we didn't have it, you were  
6    asked to compare the original type of shoes that  
7    came in that box; is that correct?

8           **A**     I was --

9           **BY MRS. STEINER:** Object to leading.

10          **BY THE COURT:** Overruled.

11          **A**     Since there wasn't an actual pair of shoes  
12   submitted, the question became would the shoes that  
13   were submitted -- that were originally purchased in  
14   that box, could they have produced the impressions  
15   found at the crime scene. And based on that, the  
16   only examination that could be conducted was a  
17   comparison of an outsole which was reported as being  
18   the same type and design outsole that would have  
19   been on that pair of shoes to compare to see if it  
20   had the same class characteristics.

21          **BY MR. EVANS:**

22          **Q**     And they did, in fact, have that; is that  
23   correct?

24          **A**     Yes, sir, that's correct.

25          **Q**     Now, the form from Fila, I believe, said  
26   that there were three-sixteenths of an inch  
27   difference between each half size; is that right?

28          **A**     Yes, sir.

29          **Q**     And you were asked about some type of

## ANDREWS - REDIRECT

1 shoes that may increase the size of the upper and  
2 things like that. But Fila says that they produced  
3 the GH II style using full and half size models; is  
4 that correct?

5 A Yes, sir.

6 Q So that means that they weren't just  
7 enlarging the uppers; is that correct? They were  
8 actually producing the full and half size molds?

9 A They actually have a mold for each half  
10 size and each whole size.

11 Q And there's nothing in what they sent you  
12 to indicate that they would have just increased the  
13 toes and left the heel the same size on all shoes,  
14 is there?

15 A As I said, based on the fact -- what I  
16 know about computer assistance design, it would be  
17 unusual for them to do it that way. There are some  
18 shoes that they increase the size that way, but it's  
19 not on a molded outsole like that.

20 Q All right. And the size, the Fila -- I  
21 mean, the Nike shoes that came off of Curtis  
22 Flowers' feet were a size ten-and-a-half; is that  
23 correct?

24 A Yes, sir, that's correct.

25 Q The Fila shoes that were in that box were  
26 size ten-and-a-half; is that correct?

27 A That is correct, yes, sir.

28 Q Is there anything about the questions that  
29 you've been asked on cross-examination that changes

## ANDREWS - REDIRECT

1 your opinion of whether or not the bloody shoe  
2 tracks were consistent with having been made by a  
3 size ten-and-a-half Fila Grant Hill?

4 **A** No, sir.

5 **Q** The same type of shoes that would have  
6 originally been in the box that was recovered from  
7 Curtis Flowers?

8 **A** Yes, sir, that's correct.

9 **BY MR. EVANS:** Nothing further, Your  
10 Honor.

11 **BY THE COURT:** Is he finally excused?

12 **BY MR. EVANS:** Yes, sir.

13 **BY THE COURT:** I assume you don't need  
14 him, Mrs. Steiner?

15 **BY MRS. STEINER:** Yes, sir.

16 **BY THE COURT:** Mr. Andrews, you may step  
17 down. You're free to go and you're finally  
18 excused.

19 Ladies and gentlemen of the jury, we're  
20 going to recess for the day. At this time, I  
21 will ask you like I always do not to discuss  
22 this case with anyone or among yourselves. If  
23 you were to accidentally walk past a newspaper  
24 rack, I want you to look the other direction  
25 and not pay any attention to any outside  
26 influences at all.

27 If you'll just all step in the jury room.

28 (THE COURT RECESSED FOR THE DAY)  
29

1 (COURT WAS DULY OPENED ON THE JUNE 16, 2010.)

2 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
3 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
4 WERE AS FOLLOWS:)

5 THE COURT: Good morning. You can bring the  
6 jury in.

7 (THE JURY ENTERED THE COURTROOM.)

8 Good morning, ladies and gentlemen. Court will come  
9 back to order.

10 Who would be the State's next witness?

11 MR. EVANS: Your Honor, the next witness would  
12 be Miss Beneva Henry, and this is another one that we are  
13 going to have to read the transcript from.

14 THE COURT: I am going to have to get a copy of  
15 it if there is things I have to read, because I don't  
16 have a copy of it.

17 MR. EVANS: It is short. It won't take but a  
18 minute.

19 THE COURT: And ladies and gentlemen, I will  
20 just explain. This is the same type as you have heard a  
21 couple other witness testimony that where the witness is  
22 no longer available. And when this is being read it will  
23 be the testimony under oath that was given by Miss Henry  
24 at some previous time.

25 MRS. STEINER: May we approach, Your Honor?

26 THE COURT: You may.

27 (MR. EVANS AND MRS. STEINER APPROACHED THE BENCH FOR THE  
28 FOLLOWING BENCH CONFERENCE HAD OUTSIDE THE HEARING OF THE  
29 JURY.)

1                   MRS. STEINER: You have not heretofore given  
2                   the date on which -- the year in which the testimony was  
3                   given. There is no reference in here to a period of  
4                   time, a year or two. So when the jury is instructed, I'd  
5                   like it to be instructed that this is from a trial that  
6                   occurred in 2003 so they will.

7                   THE COURT: I will just make a statement this  
8                   testimony was given in 2003.

9                   MRS. STEINER: Or 2004.

10                  MR. EVANS: I think it was 2004, but that is  
11                  fine with us.

12                  THE COURT: Okay.

13                  MRS. STEINER: Thank you.

14                  (THE BENCH CONFERENCE WAS CONCLUDED.)

15                  THE COURT: Again, ladies and gentlemen, this  
16                  is testimony that was offered by Miss Beneva Henry back  
17                  in 2004. And she is no longer available as a witness.  
18                  And so that testimony will now be read into evidence.

19                  You may proceed, Mr. Evans.

20                  MR. EVANS: Thank you, Your Honor.

21                  (THE TRANSCRIPT OF THE TESTIMONY OF BENEVA HENRY WAS  
22                  READ.)

23                  THE COURT: Who would the State's next witness  
24                  be?

25                  MR. EVANS: Roxanne Ballard.

26                  (THE WITNESS ENTERED THE COURTROOM.)

27                  THE COURT: Come around please and raise your  
28                  right hand.

29                  (THE WITNESS APPROACHED THE BENCH.)

1           Do you solemnly swear or affirm that the testimony  
2           you give in this case will be the truth, the whole truth  
3           and nothing but the truth, so help you God?

4           THE WITNESS: I do.

5           THE COURT: Please come around and have a seat.

6           (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

7           If you would, please, state your name for the  
8           record.

9           THE WITNESS: Just one second, please.

10          (THE BAILIFF HANDED THE WITNESS A BOTTLE OF WATER.)

11          Roxanne Miller Ballard.

12          ROXANNE MILLER BALLARD, Called on behalf of the State,  
13          having been duly sworn, was examined and testified as follows:

14          DIRECT EXAMINATION BY MR. HILL:

15          Q. Miss Ballard, before we get started, let me just  
16          advise you that you are going to need to speak loudly, because  
17          that microphone that you see there does not amplify your  
18          voice.

19          A. Okay.

20          Q. And you need to speak loudly enough that jurors as  
21          far back away from you as I am can hear.

22          A. Okay.

23          Q. It may necessitate you trying to amplify your voice  
24          a little bit.

25          Tell us where you live, please.

26          A. Where I live now?

27          Q. What city?

28          A. I live in Winona, Mississippi.

29          Q. How long have you lived in Winona?

1           A.    Okay.  I'll be 51 this year.  So over 40 -- 43  
2 years.

3           Q.    Okay.  Tell us a little bit of something, if you  
4 don't mind, about your educational background.

5           A.    I graduated from Winona High School.  I went to  
6 Millsaps College and a got a degree, B.A. in sociology.  Then  
7 I went back to school at Ole Miss and took the undergraduate  
8 courses to be able to get into the master's program in  
9 accounting.  Then I got into the master's program in  
10 accounting at Ole Miss.  And I graduated with a master's in  
11 accounting at Ole Miss in December of '89.

12          Q.    And what, what kind of work did you do after you got  
13 your master's in accounting?

14          A.    After that my first job was with B.D.O. Seidman in  
15 Memphis, Tennessee.  That's an international C.P.A. firm.

16          Q.    What kind of work did you do for the Seidman firm in  
17 Memphis?

18          A.    I was an auditor.

19          Q.    Did you know Bertha Tardy?

20          A.    Yes.

21          Q.    Relationship to her?

22          A.    She is my mother.

23          Q.    Did you know -- did you know Carmen Rigby?

24          A.    Yes.

25          Q.    And back in 1996, did you know her?

26          A.    Yes.  She had worked for mom for about or -- for  
27 Tardy and then mom for about 20 years.

28          Q.    Do you know who owned Tardy Furniture Company?

29          A.    Yes.  My mother.  Bertha Tardy.

1 Q. Okay. And were you familiar with the operational  
2 aspects of Tardy Furniture?

3 A. Yes. I was extremely familiar with it, because I  
4 grew up in the store. And I worked there and -- off and on.  
5 And sometimes I worked there full-time. Sometimes I worked  
6 there nights and weekends. Sometimes I worked there in the  
7 summer. But I grew up -- I spent all my life -- even from two  
8 weeks old, there are pictures of me in the store. Yes, I  
9 spent my whole life in there.

10 Q. And at the latest time before 1996 when you were  
11 working there, what, what were your duties? Or if you had to  
12 describe your job title, if you could, what, what kind of work  
13 did you do for the store?

14 A. Momma called me comptroller. And I did everything  
15 as far as the accounting and the bookkeeping went. Back then  
16 everything was manual. Momma didn't believe in computers. So  
17 we had all -- everything was manual, from the deposits, the  
18 check-up sheet for all the activity that occurred, writing up  
19 the sales for the day. Everything was manual.

20 We had the big old-timey ledger books. And, you know,  
21 all the financial statements were handwritten, and I did that.  
22 The payroll taxes, the sales taxes, payroll reports, you know,  
23 anything like that.

24 MR. HILL: Court indulge me one minute, Your  
25 Honor.

26 THE COURT: Sure.

27 MR. HILL: Court indulge me just one minute,  
28 Your Honor. I see what I'm looking for.

29 Q. Miss Ballard, I've got State's Exhibit 2-A out in

1 front over there. Can you see that?

2 A. Yes, sir.

3 Q. Do you know what that is a picture of?

4 A. The front of Tardy Furniture Company.

5 Q. Is that the store that you testified about, that you  
6 worked in and grew up in?

7 A. Yes.

8 Q. Tell us what street that is located on, please.

9 A. It's located on Front Street in downtown Winona at  
10 the corner of Front. And that little side street is  
11 Carrollton.

12 Q. Okay. What city, county and state is it located?

13 A. Winona. Montgomery County. Mississippi.

14 Q. Okay. I now hand you or show to you, this is  
15 State's Exhibit 5-A. That is 5-A right there. Do you  
16 recognize this building in the corner of 5-A?

17 A. That's the -- that's the side of Tardy Furniture  
18 Company where the warehouse door is.

19 Q. Okay. And this street running right down beside  
20 Tardy, is that the -- is that Carrollton Street that you  
21 referenced in your testimony just a minute ago?

22 A. Yes, sir.

23 Q. Okay. Miss, Miss Ballard, were you familiar with  
24 the -- and you have indicated as much, but I want to ask you  
25 directly. Were you familiar with the regular business  
26 practices and routine operational procedures of the store when  
27 it came to opening the store in the morning and closing the  
28 store in the evening?

29 A. Yes.

1 Q. Do you know how Miss -- what Miss Rigby's job was  
2 and what her duties were?

3 A. Yes.

4 Q. Would you tell the ladies and gentlemen of the jury  
5 what that was, please?

6 A. Carmen's title was credit manager. She wrote up  
7 sales contracts, checked peoples' credit. She wrote late  
8 notices to people. She also went to furniture market to buy  
9 furniture. She waited on customers when they came in the  
10 store. She did the daily check-up sheet, which is the sheet  
11 we did to tell about the activity for that day and went to the  
12 bank, post office, you know, pretty much anything you can  
13 think of.

14 Q. Okay.

15 A. Just general bookkeeping sort of stuff.

16 Q. During the course of your years there, in your work  
17 there, did you ever have occasion to see Carmen Rigby's  
18 handwriting?

19 A. Yes.

20 Q. Did you ever have occasion to actually see Carmen  
21 writing --

22 A. Yes. Yes.

23 Q. -- on financial instruments and such as that?

24 A. Yes. Of course, I did.

25 Q. Would you then be familiar with her handwriting?

26 A. Yes, sir.

27 Q. Would you be able to recognize it if you saw it?

28 A. Of course.

29 Q. All right. Now, you indicated a minute ago that you

1 were familiar with opening and closing. Tell us first, if you  
2 will, about the closing procedures. In other words, at the  
3 end of a day's business what steps were taken to close the  
4 business overnight?

5 A. As far as the office goes, you would -- on the  
6 counter -- I don't know if they have seen what the counter  
7 looked like. But there is a big wooden-built counter. And  
8 sitting on that counter is the accounts receivable book, which  
9 was a big ledger book, and the receipt book where you wrote in  
10 people when they paid on account or bought something.

11 And then when you pulled out the wooden cash drawer,  
12 there was a metal tray that was inside that held all the  
13 money. And then behind that up in the drawer was the deposit  
14 bag. And so you would take all those things out and stack  
15 them up and take them back to the office. I say momma's  
16 office, because that was hers at the very back. And there is  
17 a safe in there. And you would put them inside the safe and  
18 then lock the safe.

19 MR. HILL: Okay. Court indulge me one minute,  
20 Your Honor.

21 THE COURT: Sure.

22 Q. Miss Ballard, I'm showing you now what's been  
23 received into evidence as S-29-A. Do you recognize what that  
24 is, please?

25 A. That's, that's the little metal tray that I'm  
26 talking about that you -- that actually came out of the  
27 drawer. It was just -- I guess the drawer was built to fit it  
28 or it was bought to fit the drawer. And you just took it out  
29 and took that with all those other things I said and took it

1 back and put it in the safe. You didn't take the money out or  
2 anything like that. You just took the whole thing and set it  
3 in the safe in the back.

4 Q. Just lifted the tray out of the drawer.

5 A. Right. It just came out. And you carried the whole  
6 thing and put it in the safe in back in momma's office.

7 Q. All right. This is S-28-A. Do you recognize what  
8 that picture shows?

9 A. That's the office I'm talking about. It's like a  
10 built, wooden U-shaped office.

11 Q. Okay. Is that like the central counter of the  
12 store?

13 A. Right.

14 Q. When somebody comes in to buy something or pay on  
15 account, they would come there.

16 A. That's right.

17 Q. Is that cash drawer shown in that photograph? And I  
18 want to hand you that pointer. Would you just point to where  
19 the drawer is, please?

20 A. This drawer right here above the filing cabinets.  
21 And that is the accounts receivable book I'm talking about.  
22 And then the receipt book. And we hadn't talked about that  
23 other yet. So that is the drawer that the metal drawer is  
24 inside.

25 Q. Okay. You were telling us about the procedure for  
26 closing the business. At the end of the business day, do  
27 y'all count down or prepare your daily report at the end of  
28 the day?

29 A. No, sir.

1 Q. Can you tell us when that's done?

2 A. In the morning. Normally Carmen did that, unless  
3 she was out of town or something. But Carmen would do it in  
4 the morning. Where if I was working, I would do it, you know.  
5 But Carmen would be the one normally in the morning that would  
6 come in and take the little, yellow check-up sheet and sit  
7 down and count the cash drawer and reconcile the cash and  
8 write any activity on that sheet. And then take the money to  
9 the bank.

10 Q. Okay. So if I understand what you are saying is at  
11 the end of the day you just pick up --

12 A. Yes.

13 Q. -- the books and the cash drawer --

14 A. Took it to the back.

15 Q. -- and lock it in the safe.

16 A. Right. We took it to the back. We didn't do that  
17 --

18 Q. When you come in in the morning --

19 A. -- at the end of the day.

20 Q. -- the next morning, that is when you count up,  
21 reconcile the books --

22 A. That's correct.

23 Q. -- prepare a report for the previous days' business.

24 A. Right. By 5:00 everybody is ready to go home.

25 Q. All right. Okay. Let me see if I can find one more  
26 chart here.

27 Court indulge me just one minute, please.

28 THE COURT: Sure. Take your time.

29 Q. Okay. Miss Ballard, I'm pointing, showing you now

1 State's Exhibit 38-A. Do you recognize what that is?

2 A. That's the top of momma's desk in her -- what I call  
3 her office, at the very, very back of the store. And that's  
4 the safe that I'm talking about.

5 Q. Is that where you put the cash drawer overnight?

6 A. Correct. Correct. All that went in that safe right  
7 there and then you would lock the door.

8 Q. Okay. Was the safe generally locked at night?

9 A. It was locked at night, yes. But during the  
10 daytime, when they were all there, it was not locked.

11 Q. Okay. Now, you have told us about the routine of  
12 closing up. And now I would ask you to explain to the ladies  
13 and gentlemen of the jury the routine for opening the business  
14 in the morning.

15 A. In the morning around 9:00, unless momma was sick or  
16 out of town or something, she would be the one to open the  
17 store. And so she would go in and unlock the front door and  
18 walk about halfway back. And there was a panel on the wall.  
19 I don't know whether you call it a -- I don't know. It was a  
20 switch box of some kind.

21 And that's where all the switches were for -- the, the  
22 store had two sections. The main section is what I call it,  
23 and then a section over on the left. And that panel box  
24 worked all the -- all the lights and stuff on the main section  
25 of the store where the office was and then the U-shaped  
26 office. And then momma's office was in the very back. And  
27 that turned on all the power on that side of the store.

28 And then momma would walk on back to her office and  
29 unlock the safe and get those same four things I keep talking

1 about out - the accounts receivable book and the receipt book  
2 and the deposit bag and, and the little, money tray. And then  
3 she would walk them up to the front and put them on the  
4 counter and put the tray in the drawer and put the money bag  
5 behind the tray until Carmen got there to do the check-up  
6 sheet.

7 Q. Okay. Thank you. After the murders at the store,  
8 were you ever asked to assist the investigators in going to  
9 the office and look for any paperwork that might be of  
10 interest or anything like that? And did you discuss that with  
11 them and help them locate any paperwork?

12 A. Yes, I did.

13 Q. Okay. I want to show you one other thing, if I may.  
14 I want to show you a couple of photographs. These are State's  
15 Exhibits 34 and 35. Would you look at those photographs and  
16 tell us if you can recognize what they show, recognize where  
17 they are taken from?

18 A. If you -- well, is the big office one up there, big  
19 picture of the office?

20 Okay. That's the best one.

21 Over here on this side of the office is this table that  
22 you can sort of see the top of in these pictures. And that's  
23 where the fabric swatches were just kind of all piled up. And  
24 lying on top of the fabric swatches in these pictures is what  
25 I call the bank bag. And it's just lying there open, way over  
26 here on top of those swatches.

27 Q. Okay. So those photographs show a bank bag.

28 A. Correct. The Sunburst bank bag.

29 Q. And what was that bag used for?

1           A.    That is the bag I keep talking about that was in the  
2 drawer or in the safe or gone to the bank.  It's the one they  
3 used to go back and forth every day.

4           Q.    I am just going to reach across here and hand you  
5 State's Exhibit Number 36.  Take that and look at it, please.  
6 Tell us what that is.

7           A.    That, that is the bag.  That is what I call the  
8 deposit bag.

9           Q.    In the picture you just looked, the bag was in,  
10 anything that you noticed that would be a little bit unusual  
11 about the bag, as far as --

12          A.    Yes.

13          Q.    I'll hand you these pictures back.  Tell us, is that  
14 bag open or closed.

15          A.    It's open.  It's wide open.

16          Q.    And why, why would it be open and in that location?

17          A.    Well, I can't imagine.  It is certainly not a normal  
18 place for a bank bag to be.  I mean it wouldn't be just thrown  
19 over in the fabric swatches.  It would be in the drawer or on  
20 Carmen's desk or --

21          Q.    Okay.

22          A.    -- at the bank or something.

23          Q.    So can you tell us, was that the normal place for  
24 the bank bag to be kept --

25          A.    No.

26          Q.    -- over by the fabric?

27          A.    No.  No.  No.

28          Q.    And you think it was unusual that it would be left  
29 open like that.

1 A. Yes. Yes.

2 Q. Was that the bag that they carried the deposit to  
3 the bank with?

4 A. Yes.

5 Q. Is there anything in that bank -- in that bank bag?

6 A. Yes, sir. There is the deposit book.

7 Q. All right. Would you look at that? Open it up, if  
8 you would, to the last, the last entry in there and describe  
9 for us what the last deposit entry shows, please.

10 A. It shows a deposit. At the top it says 7-15-96,  
11 because that's the receipt for that day, on 7-15. And then it  
12 shows the total deposit of -- I'm sorry 12 -- \$1,238.86.

13 Q. All right. So the deposit slip for July 15 would  
14 have been prepared when?

15 A. On the 16th. And you can see -- you can see that  
16 the bank stamped it on the 16th.

17 Q. Okay. And what was the normal time for Miss Rigby  
18 to carry the deposit to the bank?

19 A. Carmen just -- Carmen didn't get there right at 9:00  
20 every day. So it would have been sometime around 9:00 or  
21 after 9:00. And then she would have done the deposit, all  
22 that, as soon as she got there. And she had been doing it for  
23 20 years. So it is not like it took her a really long time to  
24 do it. And then she would go to the bank in the morning right  
25 when she got there.

26 Q. So if somebody saw her at the bank a little after  
27 9:00 that would be consistent with her normal practice.

28 A. Right. That's correct.

29 Q. And you say the bank stamp is dated July 16.

1 A. Yes.

2 Q. All right. You can just put that back in the bag.

3 A. (Complied.)

4 Q. Thank you. Did I ask you if you recognize the  
5 handwriting on the -- on the deposit slip?

6 A. No. It's definitely Carmen's.

7 Q. Okay. And I tell you, I may have some more  
8 questions about that deposit slip in a minute. So if you have  
9 got a place where you can put that just temporarily.

10 Court indulge me one minute, Your Honor. Let me see if I  
11 can find some...

12 Miss Ballard, the next thing I want to show you is  
13 State's Exhibit Number 42. Let's see. Take a look at State's  
14 Exhibit 42. Can you tell us what that is, please?

15 A. That's the check-up sheet that was prepared,  
16 prepared for a day's business on the next day.

17 Q. Okay.

18 A. That's the thing I keep talking about the check-up  
19 sheet.

20 Q. Okay. Now, I realize the jury -- and we all in here  
21 can see that. But what color is that piece of paper you are  
22 holding in your hand?

23 A. Yellow.

24 Q. Yellow sheet. Okay. And is that the original?

25 A. Yes.

26 Q. Is that something that you helped the investigators  
27 locate in the office?

28 A. Yes.

29 Q. Where was that found when you helped them locate it?

1 A. On Carmen's desk by her calculator and stuff.

2 Q. Okay. Explain to us what that shows, please.

3 A. Do you -- do you have a --

4 Q. You want a chart? Okay.

5 A. Well, nobody can see.

6 Q. I need to ask you a couple of questions.

7 THE COURT: Is this already agreed to be  
8 admitted into evidence?

9 MRS. STEINER: No, Your Honor.

10 MR. HILL: If the Court will allow me, I will  
11 fix that up, Your Honor.

12 Q. Miss Ballard, you have identified State's Exhibit  
13 42, and I would ask you to take a look at State's Exhibit  
14 42-A. If you can, tell us what is 42-A with reference to 42?

15 A. It's a copy of the front of the check-up sheet.

16 Q. All right. Is this an enlargement, merely --

17 A. Yes.

18 Q. -- just a bigger poster in enlargement size?

19 A. Yes.

20 MR. HILL: Your Honor, we would ask that 42-A  
21 be received.

22 MRS. STEINER: I don't think 42 has been  
23 received yet.

24 MR. HOWIE: Yes, it has.

25 MR. HILL: Your Honor, 42 has previously been  
26 received into evidence. I believe that was during the  
27 testimony of Officer Matthews.

28 I now ask that 42-A be received as being an  
29 enlargement of same.

1 THE COURT: I'll allow it to be admitted.

2 (THE ENLARGEMENT OF STATE'S EXHIBIT NUMBER 42 PREVIOUSLY  
3 MARKED STATE'S EXHIBIT NUMBER 42-A FOR IDENTIFICATION WAS  
4 ADMITTED INTO EVIDENCE.)

5 Q. Okay. Now, Miss Ballard, now we can talk about the  
6 enlargement of the daily check-up sheet. Come here, if you  
7 will. Take your pointer. And if you don't mind, if you  
8 would, just step down.

9 A. (Complied.)

10 Q. Take it from top to bottom and tell us what, what  
11 information can be gleaned from this financial document by  
12 someone who is familiar with the store's operation and the  
13 preparation of the store's financial records.

14 A. Okay. This is what I call a daily check-up sheet.  
15 And it was used for all activity that had anything to do with  
16 the cash, the sales, anything for any given day. It says  
17 store, Winona. That's -- probably some of you are old enough  
18 to remember that we used to have other stores. This is the  
19 only one that was left. So the store was Winona.

20 And here is the date, which is July 15, 1996. And that's  
21 the day's business it is. You would write up the receipts for  
22 that day. Okay. It says here it was done by Carmen. That's  
23 Carmen's name and her handwriting. There were no cash sales  
24 on the 15th, but these receipts were taken in on the 15th.  
25 And so the total received on account was -- you know, that's  
26 just the list of receipts. And then that's the total cash  
27 that was received on account.

28 Then there's -- there's a collection on a charge-off  
29 account, which is some -- a bad debt that has been written

1 off. And then they collected some of it. And then the court  
2 costs, the garnishment fee were collected. So that's the  
3 total deposits for the day's business of the 15th.

4 Q. All right. Now, let me stop you there. You said  
5 the total receipts that the furniture store business took in  
6 on July 15, \$1,238.86.

7 A. That's correct.

8 Q. Okay. Would that correspond to the amount of the  
9 deposit that you saw recorded in the deposit book?

10 A. Yes. That's the same amount.

11 Q. Okay. And now let's go down here. It says petty  
12 cash. Will you tell us what that shows, please?

13 A. All right. First, let me say this. This is a  
14 credit memo. If somebody paid off their account early and you  
15 needed to take the interest off or whatever because they  
16 didn't owe as much, it would be there. There are none there.  
17 So there is nothing like that.

18 Okay. Then over here is the petty cash. These are two  
19 different things. This section right here is -- this is the  
20 normal amount of cash that would be in the drawer, would be  
21 \$300.

22 Q. Let me ask you a question about that. When you  
23 opened the business in the morning, as far as money to use in  
24 doing business that day, was there a certain amount of money  
25 that was normally used to open the business with?

26 A. Yes, it was \$300. That's the normal amount that  
27 would be in the drawer.

28 Q. Is there a name for that, like normal cash balance  
29 or something?

1           A.    Right.  Petty cash in the drawer is the --  
2   accountants call it the normal balance.  Momma and them just  
3   called it cash on hand.

4           Q.    Okay.

5           A.    So that is the normal amount.  If anything had been  
6   paid out right there, like they had gone and bought supplies  
7   or bought supplies at Fred's or wherever, those things would  
8   have been listed right there.  And then they would have been  
9   subtracted from the total.  And, and so the cash in the drawer  
10   would have been a different amount right there.  But it  
11   wasn't, because there are no paid outs.  There is no money  
12   that's been used out of that \$300.

13          Okay.  Then -- okay.  This is the confusing part, if you  
14   don't, don't know.  Okay.  I am going to try to -- slow me  
15   down if I get to going too fast.  Okay.  This is -- there is a  
16   minus 100 right there.  That, that minus 100 reflects money  
17   that's in the cash drawer that would not normally be in the  
18   cash drawer.  It is cash from somewhere else.  It's another  
19   source that doesn't have anything to do with a normal --  
20   normally what would be in the drawer.  And then this is the  
21   list of cash that was in that little, metal tray.  Okay.

22          Q.    So it says 260.

23          A.    260 would be the larger bills.  It would be 10's  
24   20's.  If there was a 50 or a 100 or whatever, it would be  
25   right there.

26          Q.    Okay.

27          A.    And then -- and then these would be 5's, and these  
28   would be 1's.  And then these would be quarters, dimes,  
29   nickels and pennies.

1 Q. Okay.

2 A. So the total in the drawer is actually \$400 because  
3 you subtracted that 100 right there. If you took that 100 off  
4 right there and added those numbers, you would come up to  
5 \$400, which is what was in the drawer. But the \$100 didn't  
6 belong in the drawer. It was from the late charge box. So  
7 whenever they got a lot of money in the late charge box --  
8 which I can't explain to you why, but they always have this  
9 little box that sat on the counter.

10 If you paid a late charge, it went in that little box.  
11 Well, if it got to be a lot of money, they didn't want to  
12 leave it sitting on the counter. So they would stick it in  
13 the cash drawer. And then at the end of the month or  
14 whatever, they would deposit it. And then you would see up  
15 here, you would see late charges deposited. Okay. And that  
16 meant it got out of the store and into the bank.

17 Okay. And at this point in time, it was still sitting in  
18 the drawer as cash. So these whole -- these things right here  
19 add up to \$400. And then the normal balance should be \$300 so  
20 that is why that 100 is subtracted.

21 Q. Okay. So can you look at that and tell how much  
22 money was in this drawer on the morning of July 16, after they  
23 got this metal tray out of the safe and put it in? This is  
24 where it was found when the investigators got there. Can you  
25 tell us how much money was in that drawer when it was put out  
26 that morning?

27 A. There was \$400 in that drawer after Carmen went to  
28 the bank. When she took the money out from the day before and  
29 took it to the bank, what was left was exactly \$400. And the

1 bills would have been right here, and then there's the coins  
2 still there. Pennies and everything still there. And there  
3 is this little -- there is this little, white piece of paper  
4 that says Serta on it. And on that sheet of paper from the  
5 scratch pad or whatever, it had -- it had late charges \$100.  
6 And that's how I know what came out of that late charge box  
7 and went in that drawer.

8 And that \$100 is the \$100 I keep talking about over here  
9 that was in the drawer but is not normally part of the drawer.  
10 And the only way I knew that is because Carmen left a ticket  
11 right there that says late charges \$100.

12 Q. Okay. And so what we see in the drawer matches what  
13 we -- except for the missing currency, matches what's on this  
14 yellow sheet.

15 A. Yes.

16 Q. Now, I see that there is some pennies, nickels,  
17 quarters. Can you -- can you look on there and tell looking  
18 at this how much money was missing? In other words, there is  
19 no currency, no cash here. Can you tell how much money was  
20 missing out of the store?

21 A. It would be the total of the, the currency numbers,  
22 which would be \$389. Because these first three numbers below  
23 the 100 are currency.

24 Q. All right. Show us --

25 A. \$389.

26 Q. Let me put this back up here. Show us where the  
27 numbers are that represent currency see in the box again.

28 A. The 260, the 95 and the 34.

29 Q. Okay. Those numbers there represent currency.

1 A. Right. Right.

2 Q. Okay. And this represents the change.

3 A. Right.

4 Q. Okay. Thank you. You may step...

5 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

6 Q. Miss Ballard, the next exhibit I want to show you is  
7 State's Exhibit Number 43. Take a look at that. This is the  
8 time card. Take a look at that. Tell us if you know what  
9 that is.

10 A. That's, that's Curtis Flowers' time card that --  
11 like I said, we didn't have computers or anything. And he had  
12 just started. So it's a handwritten time card.

13 Q. Okay. I am going to show you State's Exhibit 43.  
14 Can you tell us whether or not State's Exhibit 43-A is an  
15 enlargement or just a bigger duplicate of the exhibit you are  
16 holding in your hand?

17 A. Yes, it is.

18 MR. HILL: Your Honor, I would ask that 43-A be  
19 received.

20 MRS. STEINER: No objection.

21 THE COURT: I'll allow it to be admitted.

22 MRS. STEINER: Did you admit 43 as well?

23 MR. HILL: I think it is already in.

24 (THE ENLARGEMENT OF STATE'S EXHIBIT NUMBER 43 PREVIOUSLY  
25 MARKED STATE'S EXHIBIT NUMBER 43-A FOR IDENTIFICATION WAS  
26 ADMITTED INTO EVIDENCE.)

27 Q. Okay. Miss Ballard, I will take -- let me hold  
28 this, and I am going to ask if you would, if you don't mind,  
29 if you would step down with your pointer again.

1 A. (Complied.)

2 Q. Let me make sure I am out of the way. Maybe I can  
3 turn it a little more. Can you tell us whose card that is, if  
4 the card itself shows it?

5 A. It says Curtis Flowers. I'm sorry. I'm not talking  
6 loud, am I?

7 Q. Yeah. Speak up.

8 A. Curtis. Curtis Flowers.

9 Q. Okay. And describe for us the information shown on  
10 the card, please.

11 A. It's got the date he started work, the 26th.

12 Q. I'm sorry. What did you say?

13 A. June, June 29. I'm sorry. June 29, 1996. And his  
14 hours. And then he didn't work Monday. And then Tuesday his  
15 hours. And then Wednesday his hours. And then momma gave him  
16 an advance on the first day he worked and --

17 Q. Where is that reflected?

18 A. Right here. Paid cash.

19 Q. Paid \$30 cash.

20 A. On 6-29, which was this date. Then he didn't work  
21 Thursday, Friday or Saturday.

22 Q. And there are some figures on the right-hand side  
23 over here. It appears that they have been added up. Can you  
24 tell us what those are.

25 A. That is -- this is the number of hours he worked  
26 from these times over here. And then the total is 17 hours  
27 and 55 minutes, which is 11 and -- I mean 17 11/12 hours.

28 Q. Okay. Okay. I want to hand you also State's  
29 Exhibit 44 that's been marked as evidence. Would you look at

1 that, please? Can you tell us what that is?

2 A. That's Curtis Flowers' paycheck from Tardy Furniture  
3 that my mom wrote.

4 Q. Do you recognize your mom's handwriting?

5 A. Yes.

6 Q. I am going to show you an enlargement of that,  
7 S-44-A. Tell us if 44-A is a correct enlargement of 44 that  
8 you are holding in your hand.

9 A. Yes, it is.

10 MR. HILL: Your Honor, we would ask that 44-A  
11 be received.

12 MRS. STEINER: No objection.

13 THE COURT: I'll allow it to be admitted.

14 (THE ENLARGEMENT OF STATE'S EXHIBIT NUMBER 44 PREVIOUSLY  
15 MARKED STATE'S EXHIBIT NUMBER 44-A FOR IDENTIFICATION WAS  
16 ADMITTED INTO EVIDENCE.)

17 Q. Okay. Miss Ballard, go through this and tell us --  
18 there is some computation up in the upper, left corner. Tell  
19 us what that shows up there, if you will, please.

20 A. It shows his, his -- Curtis Flowers' salary, his  
21 number of hours he worked.

22 Q. The number of hours I was interested in.

23 A. It's the 11 -- 7 -- I don't know what's wrong with  
24 me. 17 11/12 hours.

25 Q. Is that the same amount of time that was recorded on  
26 his time card?

27 A. Yes, it is.

28 Q. Okay. And does it show when the check was written  
29 or when the check was dated let me refer to.

1 A. On July 5.

2 Q. Check was --

3 A. 1996.

4 Q. -- dated July 5, which is the day after the 4th.

5 A. Um-hum.

6 Q. All right. In the amount of \$82.58.

7 A. Yes.

8 Q. Thank you, ma'am. You can get back on the stand.

9 A. (Complied.)

10 Q. Miss Ballard, you have talked -- you have told the  
11 ladies and gentlemen of the jury about your mother and about  
12 Miss Rigby, what her job was. Were you aware that there were  
13 other employees, new employees of the store on the morning of  
14 the 16th?

15 A. Yes. I was aware that, that Bobo started on Monday  
16 and then that was his first day. And then Robert started --  
17 was starting on Tuesday.

18 Q. Okay.

19 A. Which would be the 16th.

20 Q. So Robert was just starting on the 16th.

21 A. Yes, sir. That was his first day.

22 Q. And as far as Mr. BoBo Stewart, were you aware of  
23 his age, general age group?

24 A. I knew he was in high school. I really did not know  
25 him before this happened.

26 Q. You said something awhile ago in your testimony  
27 about a, a late charge box. Can you look at -- can you look  
28 at this photograph, S-28-A? Is the little, late charge box  
29 visible in this photograph?

1           A.    That's it right there.  Just a little, skinny  
2 cardboard box.  (Indicated.)

3           Q.    Okay.  And that's where late charges were  
4 accumulated.

5           A.    Yes.  And there was a little sheet in there that  
6 says who paid what late charge and the total that was in the  
7 box.

8           Q.    And on the morning of the 16th the money from the  
9 late charge box had been transferred to the cash drawer.

10          A.    Right.

11          Q.    And one other thing.  Quite obviously, State's  
12 Exhibit 28-A.  What's this object right here in the middle of  
13 the floor inside the central counter of the front, front  
14 office?  What is that?

15          A.    That's Carmen's purse.

16          Q.    Okay.  Is that the usual place she kept her purse?

17          A.    No, sir.  Her purse normally would be underneath  
18 there, under where her chair is.

19          Q.    Okay.  Have you ever seen her leave her purse out in  
20 the middle of the floor like that?

21          A.    No, sir.

22          Q.    Okay.  If you would, resume your seat.

23          A.    (Complied.)

24          Q.    Miss Ballard, were you aware of the situation  
25 regarding the batteries?  And if you could, would you tell the  
26 ladies and gentlemen of the jury what you knew about any  
27 batteries that had been purchased from Coast to Coast?

28          A.    They had gotten, I think it was, eight batteries  
29 that were golf cart batteries.  Tardy had a very old golf

1 cart. I don't know. And -- '60's. From the '60's or '70's  
2 or something. I mean a really old golf cart, and the  
3 batteries had gone bad in it. So they were buying new  
4 batteries to get the golf cart up and running so that Jeremy,  
5 my son, could use the golf cart. You know, we could ride  
6 around like Tardy's backyard and stuff like that with the golf  
7 cart.

8 Q. Okay. And did you ever see the actual receipt for  
9 those batteries?

10 A. Yes.

11 Q. Do you know how much it was?

12 A. It was over \$400. I don't know exactly.

13 Q. Over how much?

14 A. Over \$400. I don't know exactly how much.

15 Q. Okay. Do you know whether Tardy's Furniture Company  
16 wound up paying the bill?

17 A. It got paid. I think I paid it out of my, my -- we  
18 paid it after.

19 Q. And that was including the damaged batteries.

20 A. The damaged batteries. And then we had to buy a new  
21 battery. I mean we had to -- we went on and paid. Coast to  
22 Coast ordered replacements. So we went on and paid for those.

23 Q. Now, we looked at -- and I may have to move one of  
24 those charts, but let me just ask you for right now. Do you  
25 know when Curtis Flowers started work? Was that -- was that  
26 June 29? Was this his first day that he had ever worked for  
27 Tardy Furniture Company?

28 A. Yes, sir. Yes, sir.

29 Q. Okay. Okay. Now, Miss Ballard, you told us that

1 there was \$389 missing out of the cash drawer.

2 A. Yes, sir.

3 Q. Did you or members of your family, after the scene  
4 was -- after the store was turned back over to y'all, did  
5 y'all search the premises during the days following, following  
6 the deaths in the store? Did y'all go back through and search  
7 through all of the stuff? And did you -- can you tell us if  
8 you ever found the missing money in the store?

9 A. We never found any money lying around anywhere. No.

10 Q. And I take it that it was missing then and still  
11 missing today.

12 A. Yes, sir.

13 MR. HILL: One minute, Your Honor. If the  
14 Court indulge me.

15 Your Honor, at this time we tender the witness for  
16 cross-examination.

17 THE COURT: The jury has indicated they would  
18 like a break. We will take a 10-minute recess.

19 (A RECESS WAS TAKEN.)

20 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
21 AND THE DEFENDANT WERE PRESENT. PROCEEDINGS RESUMED AS  
22 FOLLOWS:)

23 THE COURT: You can bring the jury back in.

24 (THE JURY RETURNED TO THE COURTROOM.)

25 THE COURT: Court will come back to order.

26 Miss Steiner, you may proceed.

27 MRS. STEINER: Thank you, Your Honor.

28 CROSS-EXAMINATION BY MRS. STEINER:

29 Q. Good morning, Miss Ballard.

1 A. Good morning.

2 Q. I know this is difficult for you. I'm going to try  
3 and ask you my questions as clearly and as quickly as  
4 possible.

5 You testified, I think, that Tardy's had originally had  
6 multiple stores; is that correct?

7 A. Yes.

8 Q. In 1996 -- and I'm not hearing you. If you could  
9 speak up.

10 A. I'm sorry. Yes, I did.

11 Q. Okay. In 1996 you just -- the only store remaining  
12 was the Winona store; is that correct?

13 A. That's correct.

14 Q. And when have the others, when, when had -- at what  
15 point had it become the only store?

16 A. I couldn't tell you that. At least probably 20  
17 years ago.

18 Q. Okay.

19 A. Twenty years before that. I was a young child.

20 Q. All right. All right. So for the -- in the  
21 immediate five, six years before this, the Winona store had  
22 been the only store.

23 A. For longer than that it had been the only store.

24 Q. Okay. And I believe that Tardy's basically did  
25 business with the whole Winona community; is that correct?

26 A. That's correct.

27 Q. And had customers from out in Montgomery County and  
28 probably Carroll County and maybe even up in the Southern part  
29 of Grenada County.

1 A. Even further than that.

2 Q. All right. A very well-known business.

3 A. Um-hum.

4 Q. Business that did its best to accommodate its  
5 customers.

6 A. Yes.

7 Q. I mean you, you talked about it. Most people don't  
8 have the cash to walk in and buy a bedroom suit, but you would  
9 sell furniture for cash if, if they wanted to.

10 A. We sold for cash or on account. That's correct.

11 Q. Right. And when you did your credit accounts, you  
12 didn't get a bank or finance company or somebody to handle  
13 that. You did it yourselves.

14 A. That's correct. At that point.

15 Q. And because this was a community store and you knew  
16 your customers, even the ones that needed credit, you didn't  
17 do big fancy credit checks. You just had them sign contracts  
18 that bound them to pay; is that correct?

19 A. No, that's incorrect. We did credit checks.

20 Q. Okay. You did.

21 A. That was part of Carmen's job. I also did it and so  
22 did mother.

23 Q. All right. But you didn't have some other -- that  
24 was -- you all did that. Tardy's did that and it decided  
25 whether to extend credit on the basis of its own credit check.

26 A. There was a local credit bureau that we ran our  
27 credit check through.

28 Q. And most of your customers, once you decided to  
29 extend credit to them, then they sign the contract. They

1 would pay on the installments on time, or maybe they wouldn't.  
2 What, what, what kind of collection difficulties did you have  
3 with your customers? What percentage of your accounts became  
4 in arrears or required collection action beyond just waiting  
5 for the person to come in?

6 A. On a monthly basis, there were a good many late  
7 notices sent out. Probably, I don't know, 10 or 15 or  
8 something like that.

9 Q. Okay.

10 A. But as far as long term bad debts, it was a low  
11 percentage. Probably less than 10.

12 Q. Less than 10 percent.

13 A. Um-hum.

14 Q. But possibly, 10 percent of the people who even  
15 after your most careful credit check from the local credit  
16 agency got in trouble and didn't pay off on the long term; is  
17 that correct?

18 A. I'm, I'm not sure it would be as high as 10 percent.

19 Q. But some percent.

20 A. But it was -- it was, you know, more than one or two  
21 percent, but maybe not as much, as high.

22 Q. All right. Well, that's fair enough. And now, if  
23 somebody comes in late and pays, then that's what those late  
24 charges are.

25 A. Right.

26 Q. If I had a note of \$80 a month, and I missed this  
27 month and came in the next month with \$160, I'd have -- there  
28 would be a late charge that would go in that late charge box.

29 A. That's correct.

1 Q. And had -- but if I got \$1,000 worth of furniture  
2 with \$80 a month payments and paid four or five payments and  
3 then just stopped paying, didn't come in when you sent me a  
4 late notice, didn't respond, just walked the other way so I  
5 didn't have to go by the store and be seen. Eventually you  
6 would have to do a collection action filed in the justice  
7 court where I lived and ask to collect the money from me. Is  
8 that correct?

9 A. Yes, that's correct.

10 Q. And did you all take security interests? Did you --

11 A. It was the furniture.

12 Q. In the furniture.

13 A. There is other collateral, other than what you had  
14 purchased.

15 Q. Okay. So they walked out. If they -- they have  
16 signed a contract that said I am going to pay my \$80 a month  
17 until this is paid off and if I don't pay you can come get the  
18 furniture back, is that what that security --

19 A. Yes. But that is extremely abnormal in the  
20 furniture business to go get the furniture back.

21 Q. Oh, absolutely. I understand. It, it -- probably  
22 by the time, it's used --

23 A. Well, probably, if they know you are coming to get  
24 it, they are not happy and they might tear it up.

25 Q. All right. So generally, what you did, you went and  
26 you filed copies of your paperwork and the contract and filed  
27 a suit against the people who were -- was there a certain  
28 number of months in arrears that you waited before you filed  
29 suit?

1           A.   Not a set amount. It all depended on whether the  
2 person was trying. Maybe they lost a job. Maybe they were  
3 trying to get another job. It was pretty, pretty much up to  
4 our discretion as to who, you know.

5           Q.   And you did try and -- when someone came in and said  
6 Richardson Brothers closed, neither my husband or I are  
7 working right now, you might not sue them if they missed a  
8 couple of months.

9           A.   That's correct.

10          Q.   But if someone just didn't bother to see you, after  
11 three -- couple of months, you might have to take collection  
12 action.

13          A.   Might have to if they had a job and there was  
14 something you could sue to get.

15          Q.   And, and collection means that you would go -- was  
16 it usually justice court? Usually --

17          A.   Normally. Because it cost too much money to go  
18 beyond that.

19          Q.   All right. And you'd file copies of all your  
20 paperwork. You wouldn't have to hire a lawyer or anything.  
21 You just do it yourself.

22          A.   No, we didn't hire a lawyer.

23          Q.   All right. And y'all filed your paperwork and the  
24 documentation of what they paid and what they hadn't; is that  
25 right?

26          A.   Yes, that's correct.

27          Q.   And then the justice court would send out a notice,  
28 a summons to the customer and they could come in.

29          A.   That's correct.

1           Q.    If they had an explanation or -- and but if, if the  
2 customer didn't come in or if the justice court says well, I  
3 am sorry, ma'am, you do owe this money, I am going to enter a  
4 judgment against you, you would have a judgment for a certain  
5 amount of money.

6           A.    That's correct.

7           Q.    All right. And that -- you would also have the late  
8 charges in that; is that correct?

9           A.    In the amount that was turned over to justice court?

10          Q.    Um-hum.

11          A.    It would be whatever was due at the time that it was  
12 --

13          Q.    Right.

14          A.    -- turned over to justice court.

15          Q.    And if they were six months in arrears, there would  
16 be six months of late charges as part of what was due.

17          A.    Most likely, yes.

18          Q.    All right. And, of course, the court costs.

19          A.    Yes.

20          Q.    Yeah. Tardy's was a business. So you couldn't  
21 afford to give away its furniture. It would have -- or pay  
22 for its own collection. If it could, it would like to have  
23 not only what was owed, but also the cost of collection; is  
24 that correct?

25          A.    That's correct.

26          Q.    And typically, if you got a judgment and people  
27 still didn't come in and make arrangements to pay off the  
28 judgment, then you would have to go back and get a garnishment  
29 against them.

1           A.    The garnishment is the judgment.

2           Q.    Okay.  Would that be -- would you ever get orders on  
3   their -- you know, if they were working at the hospital and  
4   they had a paycheck coming in and they weren't paying you,  
5   when you got a judgment, you would get an order for the  
6   hospital to pay you direct; is that correct?

7           A.    Generally, the money goes back through the justice  
8   court and the justice court writes a check to you.

9           Q.    I'm sorry.  You are right.  It has been a long time  
10   since I have --

11          A.    It has been a long time since I did that too.

12          Q.    Yeah.  And so but you would get an order sometimes  
13   that took money out of their paycheck wherever they worked.  
14   Took it to the justice court.  And when they had enough, they  
15   would send a check over to Tardy's to discharge --

16          A.    That's correct.

17          Q.    -- the judgment.  In fact, the last receipt in the  
18   receipt book that you were referring to was just such a  
19   situation; is that correct?

20          A.    That's exactly right.

21          Q.    And so at any given time -- well, at any given time,  
22   how many lawsuits or garnishments or judgments would you say  
23   you had out there?

24          A.    Very few.

25          Q.    Very few of that two or three percent.

26          A.    Very, very few --

27          Q.    Very --

28          A.    -- got garnished.

29          Q.    Very few got garnished.  And more --

1           A.    They have to have a job, an income.  If they have  
2   lost their job, there is no point in garnishing them.  Or if  
3   they have a lot of prior debts and you would be so far down  
4   the line that there would be nothing -- you can't take all of  
5   someone's pay check.  You can only take a portion of it.

6           Q.    But if you get a judgment against them, you'd file  
7   that for record.  And then if they buy a piece of land, that  
8   judgment attaches to their land.  I mean it stays with them  
9   until they can pay it off.

10          A.    I never know of anybody's land being attached by us.

11          Q.    Oh, I am not saying you did, but it could have.

12          A.    I really don't know what could happen as far as that  
13   goes.  We never went that far.

14          Q.    That's fair enough.  You were so knowledgable about  
15   the business, I thought you might know.

16                Now, in addition, as I understand the furniture business,  
17   the, the store you had, your mother ran the store.  She owned  
18   it --

19          A.    Correct.

20          Q.    -- at the time this happened.  She had been a long  
21   time employee of that store since you were -- I think you said  
22   a couple of months old.

23          A.    No.  She had been there longer than I had been  
24   alive.  She started working there in high school.

25          Q.    All right.  And then Miss Rigby, you said, had been  
26   there about 20 years as well.

27          A.    That's correct.

28          Q.    And I believe Mr. Tardy, now, he was your  
29   stepfather; is that right?

1 A. That's correct.

2 Q. He, he had run the business, but he kind of retired  
3 from active management.

4 A. That's correct.

5 Q. But he would be at the store because customers liked  
6 him and wanted to greet him.

7 A. That's correct.

8 Q. And did you have any other regular full-time  
9 employees in the store on this day besides, I believe, your  
10 mother, who is the owner; Miss Rigby, who had been there for  
11 20 years doing credit management? And you said Mr. Robert  
12 Golden had just started that day. He was full-time?

13 A. We don't know yet. It was his first day. It would  
14 have depended on how busy we were. He also had a full-time  
15 job, was my understanding. So this was a second job for him.

16 Q. So your delivery staff, you would have as many  
17 delivery people as the business required in any given week.

18 A. Normally there was one. Sometimes two. Depended on  
19 how business was. And, you know, with Bobo and Robert just  
20 starting, I don't know how many hours they would have ended up  
21 working.

22 Q. All right. And I believe that the reason you had  
23 hired in that month - actually, that would be three new  
24 employees - Mr. Flowers, Mr. Stewart and Mr. Golden - was  
25 because Mike Martin, who had been your delivery person, had  
26 left to go take another position or do something else.

27 A. Mike Martin left. And that's the reason Curtis  
28 Flowers was hired.

29 Q. I see.

1           A.    The reason the other two people were hired is  
2 because Curtis was fired.

3           Q.    So he, he failed -- you don't -- did you handle  
4 that? Do you have firsthand knowledge?

5           A.    My mother did.

6           Q.    All right. So you don't know what -- your mother  
7 had written him a pay check on July 5; is that correct?

8           A.    That's correct.

9           Q.    And he -- but he didn't show up for work that day.

10          A.    No, he did not.

11          Q.    In fact, he never showed up for work again.

12          A.    That's correct.

13          Q.    And he -- you decided that you wanted somebody more  
14 reliable and replaced him; is that correct?

15          A.    That's part of the answer to that question.

16          Q.    I believe he had also damaged some property.

17          A.    That's another part of the answer to the question.

18          Q.    And now, you -- over the years you've had  
19 part-time -- as well as having a full-time person, you have  
20 had part-time delivery people as your volume of business  
21 required; is that correct?

22          A.    That's correct.

23          Q.    Do you know if Doyle Simpson ever worked part-time  
24 for the company?

25          A.    I'm not absolutely positive. There were people that  
26 came in and out that may have even worked just two or three  
27 days. And I'm not positive about him.

28          Q.    All right. But he could have. You would hire a day  
29 laborer, people who had other jobs who needed extra time if

1 you had a big, big week where you were delivering a lot of  
2 furniture; is that correct?

3 A. Yes.

4 Q. Now, I believe you said that the routine of the  
5 store was at the time, as of July 16, your mother would have  
6 come in and turned on the lights in the store.

7 A. (Nodded.)

8 Q. And I'm not sure if I didn't hear you or you didn't  
9 say. About what time would she do that?

10 A. About 9:00 in the morning.

11 Q. All right.

12 A. A few minutes before.

13 Q. All right. And Carmen would come in after that.

14 A. Generally. She could be there at 9:00, or she could  
15 be there at 9:05.

16 Q. And the first thing she did after she came in was  
17 your mother would have brought the cash drawer out and the  
18 books, did you say?

19 A. They would be up front in the -- their place.

20 Q. Okay. What time would the store open?

21 A. 9:00.

22 Q. 9:00. But the first thing Carmen would do would be  
23 to take this out and do the paperwork you described.

24 A. That's correct.

25 Q. And any employee would know that.

26 A. Not necessarily. Only an office employee would  
27 probably know the normal operating procedures of the office.

28 Q. All right. So a delivery person wouldn't know.

29 A. They would not be doing any of the cash

1 transactions, other than possibly seeing people pay or seeing  
2 Carmen do the check-up.

3 Q. Okay. A delivery person would be either in the  
4 storage area loading up or out on the road delivering --

5 A. Or in the front walking around.

6 Q. Or in the front walking around. But they --

7 A. Moving furniture on the floor.

8 Q. Right.

9 A. You know.

10 Q. But they, they wouldn't -- they would not keep up  
11 with this routine you've described.

12 A. They would not do the record keeping. No.

13 Q. And now, let me step back. If you were -- had to  
14 sue somebody for not paying a bill, it could be for well over  
15 \$400; is that correct?

16 A. I can't recall what the limit was for justice court  
17 at the time. But whatever the limit was for justice court  
18 would be the most it could possibly be.

19 Q. But if it were \$1,000 at the time, you would be  
20 suing for up to \$1,000.

21 A. If it were \$1,000, I mean, yeah.

22 Q. But people tended -- I mean, did you sue -- you  
23 would sue. Was there a minimal amount? I mean if somebody  
24 had defaulted on \$40 of a \$1,000 contract, would you go to  
25 justice court to collect that?

26 A. I can't recall that happening, no.

27 Q. So people tended to owe a fairly considerable  
28 amount, more than \$400.

29 A. Not necessarily.

1 Q. All right. But around -- I mean people -- there  
2 were plenty of people who you had to get judgments against who  
3 owed \$400.

4 A. I don't know why you are on this \$400-thing, but  
5 there is no \$400-number.

6 Q. All right.

7 A. I mean a minimum or maximum. I don't know what you  
8 are getting at.

9 Q. I'm just saying to your recollection you've sued  
10 people for more than \$400.

11 A. For more than \$400?

12 Q. Yes.

13 A. Yes, we have.

14 Q. All right. And you've had to collect more than \$400  
15 in wage garnishments when you have been -- when you have been  
16 able to get wage garnishments.

17 A. Yes.

18 Q. Now, you've testified that and identified some -- a  
19 time card that you said pertained to Mr. Flowers; is that  
20 correct?

21 A. Yes.

22 Q. And you said that you actually came into the store  
23 and helped the investigators locate that time card; is that  
24 correct?

25 A. Yes.

26 Q. And that was actually kept in a card box with the  
27 cards of other employees.

28 A. No.

29 Q. Did you have --

1           A.    It was lying by itself with his check on my mother's  
2 desk, which is very unusual.

3           Q.    Okay.  Now, did you have other employee time cards  
4 available in the store?

5           A.    Most people that had been there any length of time  
6 had a time book that flipped.  And Carmen had one in her  
7 drawer.

8           Q.    All right.

9           A.    And anyone else that had been there awhile would  
10 have had one.

11          Q.    All right.  And did the investigators ask to review  
12 any of those other time books for any other employees?

13          A.    I, I do not recall.  You would have to ask them.

14          Q.    All right.  You did not, to your recollection,  
15 furnish them anybody else's time card, other than the one for  
16 Curtis Flowers.

17          A.    I mean I am sure we looked at when we were in the  
18 store, but I don't remember specifics about it.

19          Q.    All right.  And similarly, that was a uncashed  
20 paycheck, but your -- the checking account records for the  
21 account from which payroll was paid would have payroll checks,  
22 payroll to all the employees; is that correct?  Each employee  
23 would have had several payroll checks issued during the course  
24 of his or her employment.

25          A.    Did you just ask me if employees would have payroll  
26 checks issued?

27          Q.    Yes.  Every week an employee --

28          A.    Yes.

29          Q.    Every employee who worked that week would get a

1 paycheck; is that correct?

2 A. Yes.

3 Q. Were you asked, to your recollection, to produce the  
4 paychecks for any employees other than the one for Curtis  
5 Flowers?

6 A. Well, it was the only one lying around the store.

7 Q. Okay. Now, I believe that the --

8 May I approach, Your Honor?

9 THE COURT: You may.

10 Q. I'm handing you S-42, which I believe you said is  
11 the -- what do they call them?

12 A. The check-up sheet.

13 Q. The check-up sheet. And now, that you located, that  
14 wasn't just lying around the store. You actually had to --

15 A. It was lying on Carmen's desk.

16 Q. Okay. That was because she had just prepared it or  
17 --

18 A. That's correct.

19 Q. And that was the place you would expect to find it.

20 A. That was.

21 Q. Okay. Thank you.

22 I'm sorry. I don't mean to turn my back on you.

23 And you assisted the investigators by saying ah, this is  
24 this. This is what the routine that would have happened; is  
25 that correct.

26 A. Right.

27 Q. And now --

28 May I approach, Your Honor? I am looking for something.

29 I am going to ask you to look again at S-44, which is, I

1 believe, you had identified as the paycheck that had been  
2 written to Curtis Flowers. Is there any withholding out of  
3 that paycheck?

4 A. There is social security and Medicare.

5 Q. All right. There was no withholding out of that  
6 paycheck for any damage to any property, the batteries?

7 A. If you are referring to the batteries, it would have  
8 been more than the check. If you are referring to the \$30  
9 that he was advanced, the normal practice was to cash the  
10 check in the cash drawer so that the employee could go on and  
11 get their cash and not have to go to the bank. So it would  
12 have been withheld when he cashed his check, which --

13 Q. But just for the \$30 that had been advanced to him  
14 on that paycheck.

15 A. That's not what my mother told me was going to  
16 happen with the check. If you would like the answer to  
17 that --

18 Q. No. No.

19 A. I'm assuming not.

20 Q. No. No. Okay. We can't...

21 Now, it's fair to say Mr. Flowers is not the only  
22 employee who ever damaged property belonging to Tardy  
23 Furniture; is that correct?

24 A. I'm sure at some point in time someone scratched  
25 something.

26 Q. All right. And he is not the only employee who  
27 would be asked to reimburse for that damage if it had occurred  
28 and could not be reimbursed from some other source.

29 A. I cannot recall any kind of damage that was anywhere

1 near this kind of amount.

2 Q. All right.

3 A. And on outside of the store property. I mean it was  
4 something we had to go buy.

5 Q. I see. And I believe you said you were gonna use  
6 the -- this was a old golf cart that the store had.

7 A. That Mr. Tardy had.

8 Q. That Mr. Tardy had. He would ride around in that.

9 A. At this point in time, he had it in his backyard.  
10 And he and Jeremy -- the batteries had gone bad, and they were  
11 going to ride around in the golf cart.

12 Q. All right. And Jeremy is your son.

13 A. Um-hum. One of them.

14 Q. Now, did Tardy Furniture re-open for business after  
15 July 16, to your knowledge?

16 A. Yes, it did.

17 Q. Do you recall when it re-opened for business?

18 A. I went in and out some in the days after that.

19 Q. Um-hum.

20 A. Not immediately.

21 Q. Do you recall --

22 A. Then -- I'm sorry.

23 Q. I didn't mean to interrupt. Go ahead.

24 A. And I'm not sure the date we opened to the public.  
25 I basically was letting people in and out that I knew, and I  
26 always had someone with me. I think we actually opened to the  
27 public on a Saturday at the 1st of August, but I'm not  
28 positive.

29 Q. Okay.

1           A.    I know I was still pregnant.  So it must have been  
2 before August 7.

3           Q.    All right.  And now, obviously, you had to come in  
4 and clean up the, the floors and the premises before it was  
5 reopened.  Do you recall --

6           A.    Are you talking about the blood from the crime  
7 scene?

8           Q.    Yes.

9           A.    I certainly didn't clean up from the crime scene.

10          Q.    No, I know you didn't.  Do you know when someone  
11 came in and did that?

12          A.    The day after they finished the crime scene,  
13 whenever they released the store.

14          Q.    All right.  You don't know -- you didn't ask for  
15 that permission, but they did it about the day after.

16          A.    I think it was.  I'm not positive if it was the day  
17 after.  I was a little bit stressed at that time.

18          Q.    Obviously.  And I'm sorry to do that.  But somebody  
19 released it and --

20          A.    Someone released it, and someone cleaned up.

21          Q.    All right.  So by the time you started having to  
22 come in and out, it had been cleaned up.

23          A.    Yes.

24          Q.    And you think that was that same week that your  
25 mother had died.

26          A.    Yes.

27                       MRS. STEINER:  One moment, Your Honor.

28                       Miss Ballard, that's all I have.  Thank you for your  
29 patience.

1 THE COURT: Mr. Hill, any redirect?

2 MR. HILL: Just a couple of questions, Your  
3 Honor.

4 REDIRECT EXAMINATION BY MR. HILL:

5 Q. Miss Ballard, other than Miss Rigby and Derrick  
6 Stewart and Robert Golden, and not counting Curtis Flowers,  
7 were there any other employees left to check on?

8 A. Not at that time. No, there were not.

9 Q. And you were asked about damage. At any -- were you  
10 aware of any other property that had been damaged within the  
11 several months, I think, be safe to say any, maybe, years or  
12 months before this murder? Did you have any other employees  
13 that had damaged anything or any issues with employees  
14 damaging --

15 A. No.

16 Q. -- company property before these murders?

17 A. No.

18 Q. At the time of these murders, was, was there any  
19 issue with any customer that rose to the level of anything out  
20 of the ordinary?

21 A. No, sir.

22 Q. The money that was stolen out of the store, that  
23 belonged to your momma.

24 A. Yes, sir.

25 MR. HILL: That's all we have, Your Honor.

26 THE COURT: Miss Ballard, you may step down.

27 THE WITNESS: Am I finally excused so I can  
28 watch the trial?

29 MR. EVANS: Yes, sir.

1 MRS. STEINER: Yes, Your Honor.

2 THE COURT: You may.

3 THE WITNESS: Thank you.

4 THE COURT: Who would be the State's next  
5 witness?

6 MR. EVANS: Give me one moment, Your Honor.

7 Your Honor, for our record keeping, Exhibit S-125 is  
8 in evidence, which is the entire exhibit that has the 10  
9 1/2 shoes that came off the defendant's feet. Each  
10 individual shoe was previously marked for identification.  
11 So to keep it straight, I would ask that the two  
12 individual shoes be entered into evidence also so there  
13 won't be any confusion.

14 THE COURT: I'll allow that. I think what it  
15 was is the bag the shoes were being held in had a exhibit  
16 number, which was holding the shoes. But the bag was  
17 getting rather ragged.

18 MRS. STEINER: We have no objection, Your  
19 Honor.

20 Your Honor, I would like the bag to be preserved  
21 since it is part of the evidence.

22 MR. EVANS: It's in evidence.

23 THE COURT: It is.

24 (THE LEFT SHOE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
25 125-A FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

26 (THE RIGHT SHOE PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
27 125-B FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

28 MR. EVANS: Your Honor, at this point the State  
29 of Mississippi will rest on its case in chief.

*Motion of Defendant*

1           THE COURT: Ladies and gentlemen, we will take  
2 about a 15-minute recess before the defense starts  
3 putting on their case. If you will, step in the jury  
4 room now.

5 (THE JURY LEFT THE COURTROOM.)

6           THE COURT: Defense want to make a motion?  
7 I need quiet in the courtroom.

8           MRS. STEINER: If the Court please, the defense  
9 has several related motions. The first thing defense  
10 would do would be to renew all of its pretrial and  
11 in-trial evidentiary objections and ask that they be  
12 reconsidered and overruled and the evidence admitted  
13 after they were previously overruled excluded and  
14 preserve any pretrial motions having to do with any  
15 evidence that has come forward and renew them.

16           THE COURT: The Court will reaffirm the  
17 previous rulings that the Court has made for the reasons  
18 stated in the rulings -- in the rulings of the Court at  
19 the time the motions were made. So that motion is  
20 denied.

21           MRS. STEINER: We would renew our Motion to  
22 Quash the Venire and the Jury on the grounds previously  
23 -- all the grounds previously cited at this time.

24           THE COURT: That motion is denied as well.

25           MRS. STEINER: We would renew -- and we  
26 would -- comes now the defendant and moves for a directed  
27 verdict and dismissal of all of the charges and discharge  
28 of the defendant on the grounds that the State has failed  
29 to make -- prove the essential elements of the crime with

1       which the defendant is charged.

2               State's evidence is -- with the exception of a --  
3       well, the only evidence that is not completely  
4       circumstantial and suggestive of a reasonable theory  
5       other than -- not excluding too, the only evidence that  
6       has been presented does not -- does not exclude every  
7       other reasonable hypothesis inconsistent with guilt. And  
8       the only direct evidence presented is the evidence of the  
9       jailhouse snitch whose evidence -- who not only by his  
10      demeanor and information and his self-admission as a liar  
11      is so incredible --

12              COURT REPORTER: Judge, I'm having a hard time  
13      hearing.

14              THE COURT: If you will speak up a little  
15      louder.

16              MRS. STEINER: I'm sorry. I don't usually have  
17      this problem.

18              His evidence is so facially unreliable as to have no  
19      value whatsoever. And we would submit that they did not  
20      prove -- they have proved the existence of a crime of  
21      capital murder. We agree -- or they have put on evidence  
22      that, if believed by the jury, would support a verdict of  
23      finding someone guilty of capital murder. We do not  
24      believe they have sustained their burden of proof of also  
25      showing that it was Curtis Flowers, who they have not put  
26      on sufficient evidence or any evidence to meet the, the  
27      last element of establishing that it was Curtis Flowers  
28      who did the conduct that if it is believed by the jury  
29      would establish capital murder. And therefore, we move

1 to -- for directed verdict to dismiss and to have the  
2 defendant discharged and the matter finally dismissed  
3 with prejudice.

4 THE COURT: In considering a motion for  
5 directed verdict, the Court has to consider all the  
6 weight in the light most favorable to the non-moving  
7 party. So the Court considers the evidence in the light  
8 most favorable to the State of Mississippi. The Court  
9 finds that there has been sufficient evidence presented  
10 to show Mr. Flowers guilty of the crime of capital  
11 murder. So there are jury issues here. So the motion  
12 for directed verdict is denied.

13 Are y'all going to be ready in about 10, 15 minutes?

14 MRS. STEINER: Yes, Your Honor. Fifteen  
15 minutes. Would that be --

16 THE COURT: Okay. We will be in recess until  
17 then.

18 (A BREAK WAS TAKEN.)

19 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
20 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS RESUMED AS  
21 FOLLOWS:)

22 THE COURT: You can bring the jury back in.  
23 (THE JURY RETURNED TO THE COURTROOM.)

24 Court will come back to order. Who will be the  
25 defense's first witness?

26 MRS. STEINER: Your Honor, we would call Mike  
27 McSparrin.

28 (THE WITNESS ENTERED THE COURTROOM.)

29 THE COURT: Come around please and face the

1 bench. Raise your right hand.

2 Do you solemnly swear or affirm the testimony you  
3 give in this case will be the truth, the whole truth and  
4 nothing but the truth, so help you God?

5 THE WITNESS: I do.

6 THE COURT: Come around please and have a seat.

7 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

8 State your name for the record, please.

9 THE WITNESS: Mike McSparrin. It's spelled  
10 M-c-S-p-a-r-r-i-n.

11 MRS. STEINER: May I proceed, Your Honor?

12 THE COURT: You may.

13 MIKE MCSPARRIN, Called on behalf of the Defendant, having  
14 been duly sworn, was examined and testified as follows:

15 DIRECT EXAMINATION BY MRS. STEINER:

16 Q. Good morning, Mr. McSparrin.

17 A. Good morning.

18 Q. Would you tell the jury where you are presently  
19 employed and what your business or profession is?

20 A. I'm employed by the Department of Public Safety.  
21 The division at the Department of Public Safety is the  
22 Criminal Information Center. And I'm a fingerprint expert.

23 Q. All right. And how long --

24 MR. EVANS: Your Honor, the State will gladly  
25 stipulate that he is an expert in the field of  
26 fingerprint comparison.

27 MRS. STEINER: I'm happy to have the  
28 stipulation.

29 THE COURT: I'll allow him to testify as an

1 expert in that field.

2 Q. Now, since you're the expert and this jury isn't,  
3 I'm going to ask you to explain to the jury how long have you  
4 been -- this is one of many forensic sciences; is that  
5 correct?

6 A. Yes.

7 Q. And how long have you been practicing as forensic  
8 science specialist in fingerprint comparison identification?

9 A. Better part of 20 years.

10 Q. All right. In your present position, what exactly  
11 is it that you do with respect to fingerprint identification?

12 A. What I do now is I am the director of the AFIS  
13 system with the State of Mississippi, which is the Automated  
14 Fingerprint Identification System. It's a computer repository  
15 for arrest records.

16 Q. All right. And tell the jury a little bit about  
17 what AFIS is.

18 A. Well, it's just a -- like I said earlier, it's a  
19 repository for arrest records that are based on fingerprints.  
20 And that's how we put information in the system, based on a  
21 set of fingerprints. And that is how we retrieve information  
22 out of the system, based on fingerprints.

23 Q. So if you have an unknown -- today, with your  
24 system, if somebody gives you an identified fingerprint, can  
25 you compare it through that system with the fingerprints in  
26 that system?

27 A. We do that everyday. It is happening right now even  
28 though I'm not there, but my staff is doing that right now.

29 Q. All right. Now, when did that particular -- it is

1 called AFIS.

2 A. Yes.

3 Q. When did the computer system AFIS come into use in  
4 Mississippi?

5 A. We flipped the switch March of 1998.

6 Q. 1998. So that was a couple of years after this --  
7 the events of July 16, 1996 --

8 A. Yes.

9 Q. -- is that correct? Now, what education do you have  
10 and, and training, in particular, focused on your profession  
11 as a firearms, firearms, excuse me, fingerprint examiner and  
12 supervisor over the AFIS system at your agency?

13 A. Well, I have got a B.S. degree from the University  
14 of Southern Mississippi, and I've worked at the crime lab with  
15 the State of Mississippi for 13 years. Went through training  
16 programs there. Went through FBI training programs. Pretty  
17 typical for your fingerprint examiners.

18 Q. All right. So you -- so your first job out of  
19 completion of your bachelor's degree was with the Mississippi  
20 State Crime Lab.

21 A. Yes.

22 Q. And you worked -- you worked there for 13 years.

23 A. Yes.

24 Q. And when did you leave there?

25 A. I left there October of 1998.

26 Q. And have you been with C.I., criminal  
27 investigation --

28 A. Let me back up. October of 1997.

29 Q. 1997. All right. But you were employed by the

1 Mississippi Crime Lab in or about the summer of 1996.

2 A. Yes.

3 Q. And at that time, what was your speciality with the  
4 Mississippi Crime Lab?

5 A. I was a latent print examiner, fingerprints.

6 Q. All right. Now, in the course of your career as a  
7 latent print, fingerprint examiner have you ever had occasion  
8 prior to this to testify in a court law?

9 A. Oh, yes.

10 Q. Approximately how many times so far in your career?

11 A. Probably a dozen.

12 Q. All right. And have you also -- do you continue to  
13 testify in court?

14 A. Occasionally. Usually the federal level.

15 Q. Okay. And so you have offered testimony in both  
16 state and federal court --

17 A. Yes.

18 Q. -- is that correct? And you have been recognized by  
19 those courts as an expert.

20 A. Yes.

21 Q. As His Honor has done today.

22 A. Yes.

23 Q. All right. Mr. McSparrin, did you have occasion to  
24 perform fingerprint -- fingerprint examinations of certain --  
25 on certain evidence submitted to the Mississippi Crime Lab in  
26 connection with the shooting deaths of four people on July 16,  
27 1996, in Winona, Mississippi?

28 A. Yes.

29 Q. And maybe before we move on, if you would explain to

IN THE SUPREME COURT OF MISSISSIPPI

PAGES NUMBERED 2694-2844

VOLUME 42 of 47

EXHIBIT \_\_\_\_\_

ELECTRONIC DISK \_\_\_\_\_

Case #2010-DP-01348-SCT

COURT APPEALED FROM : Circuit Court

COUNTY : Montgomery

TRIAL JUDGE : Joseph H. Loper Jr.

.....  
Curtis Giovanni Flowers v. State of Mississippi

.....  
Kathy Gillis, Clerk

.....  
TRIAL COURT # : 2003-0071-CR

1 the jury what fingerprint identification examination is,  
2 what -- how you do it and what, what's involved in it.

3 A. Okay. Well, your fingerprints, my fingerprints,  
4 everybody's fingerprints in this courtroom are unique and  
5 individual to you and only you. And with this we process  
6 evidence, when I was at the crime lab, for the presence or  
7 absence of latent prints that can be left on surfaces, pieces  
8 of items, pieces of evidence. And then if we have any latent  
9 prints that are of value, we can compare those to known inked  
10 fingerprints that are taken of individuals.

11 Q. All right. And is there an art, a skill to -- well,  
12 obviously, to interpreting whether they match? Can you  
13 describe how you make a decision on -- in this comparison as  
14 to whether you found a match?

15 A. Well, like I said, your fingerprints are unique and  
16 individual to you. Even twins have different fingerprints,  
17 identical twins. What is used is the fingerprints of skin on  
18 the under side of your hands or on the under side of your feet  
19 have ridges, furrows and ridges. And these ridges are not  
20 continuous. They start. They stop. They divide. They come  
21 together. And where these areas are, are known as  
22 identification characteristics or minutia and you compare  
23 these and their relative positions with a latent that is  
24 unknown, that is a chance set of a fingerprint impression left  
25 on a surface to that of known set of fingerprints.

26 Q. And in this case -- I believe you said there is now  
27 a computer way to do that. But when you did the analysis in  
28 this case, did you do that with your own two eyes?

29 A. Yes.

1 Q. So -- and is there a art or skill required in  
2 collecting the -- you used the term, I think, latent lift?  
3 What is a latent lift?

4 A. Like I said earlier, a latent lift is a -- it's a  
5 lift of a impression that's left on a surface by chance, that  
6 you can use -- there's a lot of different mediums you can use.  
7 Tape is probably the most common. That you can dust this  
8 particular image on this surface. See this image. And then  
9 take a piece of tape, lifting tape, place it on top of the  
10 latent impression and lift it from that surface and place it  
11 on a card where you can use it during a comparison.

12 Q. All right. And then you indicated there was a  
13 comparison of known fingerprints that you then made the  
14 comparison with; is that correct?

15 A. Yes.

16 Q. All right. Now, in this case did you receive lifts  
17 taken from various pieces of evidence in this matter?

18 A. Yes. I received latent lifts that were taken from a  
19 crime scene.

20 Q. All right. Did you also receive latent lifts? I'm  
21 handing you S-79, a Fila shoe box. Did you also check to see  
22 if there were any fingerprints of value collected from this  
23 Fila shoe box?

24 A. Actually, what I did with this particular box is I  
25 processed it myself.

26 Q. All right.

27 A. And I did the lifting of some images off of this  
28 piece of evidence.

29 Q. All right. Were you able to lift any, any images

1 off of this box?

2 A. Yes.

3 Q. And were some of them what you would call latent  
4 lifts of value?

5 A. There were latent lifts of value off this box. Yes.

6 Q. All right. Now, who did you receive comparison,  
7 known samples from in this case?

8 A. In this particular case I received some known inked  
9 fingerprints of a Curtis Flowers and of a Doyle Simpson.

10 Q. All right. And you understood those to be two  
11 suspects in this matter.

12 A. Two individuals.

13 Q. All right. Did you receive any kind of history on  
14 the shoebox as to where it was recovered from?

15 A. No.

16 Q. All right. So -- you said you were able to get some  
17 latent lifts of value from this shoebox.

18 A. Yes.

19 Q. And did you make a comparison of those latent lifts  
20 of value to the known fingerprints of Mr. Flowers?

21 A. Yes.

22 Q. And what did you find with respect to whether or not  
23 the lifts from this shoebox matched or did not match Mr.  
24 Flowers' known fingerprints?

25 A. The latents from this particular piece of evidence  
26 did not match the fingerprints that were on the known inked  
27 images of Mr. Flowers.

28 Q. All right. And similarly, did they match any of the  
29 known images of Doyle Simpson?

1 A. No.

2 Q. All right. Thank you.

3 Mr. Byrd, I believe you testified that you had also  
4 received some latent lifts of value recovered from what you  
5 called the crime scene.

6 A. Mr. McSparrin.

7 Q. Mr. McSparrin. I apologize. I'm tired.

8 A. Yes.

9 Q. Do you know how those -- who or how those were  
10 collected? Do you know from whom they came?

11 A. I'm assuming that they came from the crime scene,  
12 the individual that worked the crime scene.

13 Q. Okay. I'm handing you Exhibit D-10 and ask you to  
14 review that and say if that supports your assumption.

15 A. Yes. This looks like the, the evidence submission  
16 form.

17 Q. That was signed by Miss Melissa Schoene; is that  
18 correct?

19 A. Yes. Yes.

20 Q. And she was at that time one of the Mississippi lab  
21 crime scene investigators; is that correct?

22 A. Yes. Yes.

23 Q. All right. Thank you.

24 Now, in -- this has been previously identified for the  
25 jury as a photograph of part of the business area where the --  
26 in the place where the, the killings occurred. And are there  
27 surfaces in this area that would be suitable or likely to  
28 retain fingerprint impressions that could be lifted?

29 A. Yes. Numerous. Yes.

1 Q. Why don't you come down, if you may step down.

2 THE COURT: And if you will, state for the  
3 record what exhibit he is looking at.

4 MRS. STEINER: I'm sorry. I'm looking at  
5 S-28-A.

6 THE COURT: You may step down.

7 (THE WITNESS STEPPED DOWN FROM THE WITNESS STAND.)

8 Q. Thank you. And I don't have a pointer, but if you  
9 want to use my pen. If you would show where such --

10 A. Any of the laminate, any of the smooth, nonporous  
11 surfaces anywhere. Excellent surfaces --

12 Q. Okay.

13 A. -- for crime scene investigation as far as  
14 processing for latents.

15 Q. All right. What about these metal file cabinets?

16 A. Yeah. The metal filing cabinets could be. The  
17 handles may be serrated. That may cause an issue. But the  
18 flat, nonporous surfaces just about all through -- there is  
19 numerous, numerous --

20 Q. I'm going to hand you a laser pointer. Maybe that  
21 will make it easier. You can stand back a little.

22 So why don't you show the ladies and gentlemen of the  
23 jury in here what you are talking about when you are talking  
24 about the laminates?

25 A. Any, any smooth laminate surface is an excellent  
26 surface.

27 Q. Along here also.

28 A. Oh, anywhere. Yes. Any smooth surface. Any glass  
29 surface. I don't know if that is mirrors. I can't tell.

1 Even this because it is chrome. It is a very smooth surface  
2 there. (Indicated.)

3 Q. What about these shiny handles on these drawers?

4 A. Well, the problem with the handles, if they are  
5 serrated, it could cause a problem.

6 Q. Um-hum.

7 A. Plus, another issue with handles, on any type of an  
8 item is it's handled a lot.

9 Q. All right.

10 A. Sometimes when a surface is handled too much it can  
11 actually wipe away latent evidence.

12 Q. All right. Well, I appreciate that. But there  
13 was -- Miss Schoene was correct to dust this area and try and  
14 obtain any prints.

15 A. Having not been at the crime scene --

16 Q. Well, these, these laminate surfaces.

17 A. Yes. If this is considered part of the major part  
18 of the crime scene, yes.

19 Q. All right. And then I'm going to show you, put up  
20 here S-29 in evidence. And I'll just let you know that what  
21 I'm putting up from previous testimony, the jury has heard is  
22 a photograph of this drawer here immediately above one of the  
23 metal filing cabinets. And I'm gonna ask you to look at this  
24 picture and point out for the ladies and gentlemen of the jury  
25 where there might be good surfaces from which latent print  
26 lifts might, might be received.

27 A. I think it would be anywhere, on any of the flat  
28 surface here. Some of this may look a little worn. I can't  
29 tell by the photograph. (Indicated.)

1 Q. Um-hum.

2 A. Any of the flat surfaces anywhere. Think I can kind  
3 of halfway see. If I'm not mistaken, this looks like this may  
4 be some fingerprint dusting powder.

5 Q. Right.

6 A. I see some residue.

7 Q. Right.

8 A. This would be some good places to process for  
9 prints. (Indicated.)

10 Q. And, in fact, these fruitful places were processed  
11 or at least you received prints purporting to come from those  
12 places where the fingerprint powder was; is that correct?

13 A. Yes. I'm assuming the lifts -- I don't have the  
14 lifts with me.

15 Q. All right.

16 A. And usually on the backside of the lift, most of the  
17 crime scene investigators will list where the latent lift was  
18 processed and taken from.

19 Q. All right. Now, you may have a seat again.

20 A. Thank you. (Complied.)

21 Q. And again, I'm having you look at S-38-A in  
22 evidence. And I will tell you that the jury has already  
23 learned this is a corner of an office located in the rear of  
24 the place where the people were found, and this is a safe.  
25 And again, could you point out for the jury, if you want to  
26 use the pointer, whether there are surfaces that would be  
27 fruitful for seeking latent fingerprint lifts?

28 A. There could be. I mean there is a laminate desktop  
29 here.

1 Q. Um-hum.

2 A. I'm not sure the safe is. I would have to see --  
3 the picture, you can't really tell. I don't know how rough  
4 this surface is, which may cause some issues. But this may be  
5 an excellent surface also, in and around this particular safe.  
6 Even -- it doesn't necessarily have to be a non-porous  
7 surface. You can get latent prints from paper items.

8 Q. Okay.

9 A. They can be embedded in the paper itself, and these  
10 can be pretty good surfaces also.

11 Q. All right. And this metal around the chair.

12 A. This, this could be a -- it could be, yes.

13 Q. All right. All right. So there is -- there were  
14 places -- fruitful places that fingerprints could have been  
15 left.

16 A. Yes.

17 Q. Including on -- in the background, the cash drawer.

18 A. Yes.

19 Q. All right. Thank you.

20 I don't think I'm going to ask you anything that requires  
21 this, but I will leave them here in case I do.

22 Now, did you -- did you, in fact, receive latent lifts  
23 collected at the location of that crime scene?

24 A. Yes, I did.

25 Q. And approximately how many, if you can tell me,  
26 lifts did you receive from that crime scene? And of those,  
27 how many were what you would call latent lifts of value for  
28 comparison purposes? And if you wish to refer to your notes,  
29 you may.

1           A.    I received six latents of value that were on lifts  
2 that were from this crime scene.

3           Q.    And did you, in fact, compare those latent lifts of  
4 value to the known fingerprints of Curtis Flowers?

5           A.    Yes.

6           Q.    Were you able to make any match of those  
7 fingerprints?

8           A.    No identification was effective.  No.

9           Q.    All right.  And did you do the same for Doyle  
10 Simpson?

11          A.    Yes.

12          Q.    And again, were you able to affect any sort of  
13 identification?

14          A.    No.  No identification was affected.

15          Q.    We're using -- identification was effective.  That  
16 means you made a match that you were confident in your skilled  
17 eye, said this fingerprint here is the same as this latent  
18 lift here; is that correct?

19          A.    My, my report stated that the latents from this  
20 particular crime scene did not match the known inked  
21 fingerprints that were submitted on this case.

22          Q.    All right.  And so nothing that you found on either  
23 the shoebox or from the crime scene connected Curtis Flowers  
24 in any way to the crime scene?

25          A.    None of the fingerprints -- none of the latent  
26 prints matched any of the knowns from this particular case.

27          Q.    And nothing connected Doyle Simpson to the crime  
28 scene.

29          A.    None of the fingerprints -- none of the latent

1 prints from this crime scene were identified to Doyle Simpson.

2 Q. All right. And so they were -- you know, as far as  
3 what you found, they were both equally unimplicated at the end  
4 of your --

5 A. None of the latent prints from the crime scene with  
6 this case were identified to the knowns submitted on this  
7 case.

8 Q. Thank you.

9 Now, were you ever given prints from an Emmitt Simpson,  
10 known prints from an Emmitt Simpson --

11 A. No.

12 Q. -- to compare? Were you ever given any known prints  
13 collected in Alabama from a Mr. Presley or a Mr. Gamble to  
14 compare to any of these prints?

15 A. No.

16 Q. Were you ever submitted the known prints of a Willie  
17 Hemphill to compare to any of these latent prints of value?

18 A. No.

19 Q. Were you ever submitted the known prints of a  
20 Jeffrey Hudson to submit to, to compare for latent prints of  
21 value?

22 A. No.

23 Q. Now, if Mr. Hemphill or Mr. Hudson were arrested in  
24 the state of Mississippi subsequent to your going online in  
25 1998, would their known prints -- latent -- would their known  
26 prints be in your AFIS system?

27 A. Their arrest record known prints?

28 Q. Yes.

29 A. They could be. Yes.

1 Q. Did Forrest County typically submit, get on the  
2 system? Was it a large enough county? Do they submit,  
3 routinely submit their arrests?

4 A. Yes. They submit. Yes.

5 Q. Does Montgomery County --

6 A. Yes.

7 Q. -- routinely submit?

8 A. We get arrest records from Montgomery County. Yes.

9 Q. Okay. And is it -- do you go interstate? If  
10 Alabama has something in the AFIS system, is the AFIS system  
11 capable of comparing with prints submitted in the state of  
12 Alabama?

13 A. The way the system is set up, we feed the federal  
14 system with arrest records from the State of Mississippi. And  
15 Alabama, Louisiana, Tennessee, all other states, also feed  
16 this same system.

17 Q. All right.

18 A. So if Alabama sent arrest records to the FBI, we  
19 would search against those also.

20 Q. So, now, I understand that -- does the Mississippi  
21 Crime Lab have access to this same AFIS system at present and  
22 since 1998 as you have at C.I.S.?

23 A. Yes.

24 Q. And now, you left the crime lab prior to the AFIS  
25 system getting up and running; is that correct?

26 A. Yes.

27 Q. So you don't know whether or not AFIS has been run  
28 on any of these latent prints; is that correct?

29 A. No. No.

1 Q. But you can testify and explain to the jury that  
2 that has been available for any police agency or district  
3 attorney's office or any law enforcement agency to do since  
4 sometime in early 1998.

5 A. Yes.

6 Q. Is that correct?

7 MRS. STEINER: One moment, Your Honor.

8 Thank you, Your Honor. I have nothing further.

9 THE COURT: Mr. Evans.

10 CROSS-EXAMINATION BY MR. EVANS:

11 Q. Good morning, Mr. McSparrin.

12 A. Good morning.

13 Q. I think we use y'all's office quite often, don't we?

14 A. (Nodded.)

15 Q. And in relationship to the AFIS, we have solved  
16 several major crimes using AFIS, haven't we?

17 A. Yes.

18 Q. Including the Greene case in Attala County.

19 I want to direct your attention back to this crime scene.  
20 Of course, you didn't go to the crime scene; is that correct?

21 A. No.

22 Q. And would you rely more on the expert that was at  
23 the scenes ability to look at certain objects and tell what  
24 could be printed and what couldn't?

25 A. Yes.

26 Q. You would not disagree with her if she said the  
27 wooden surface around that drawer was not a good surface  
28 because of looking at its lift prints, would you?

29 A. No.

1           Q.    Now, if I go into a business that is a public  
2 business and work there, wouldn't you expect my prints to be  
3 in that store?

4           A.    It's possible.   Yes.

5           Q.    So if I already worked in that store, it wouldn't  
6 make any difference whether you found my prints in that store  
7 or not, would it?

8           A.    No.

9           Q.    Now, if I go in your house and my prints are found  
10 in your house and I'm not ever supposed to have been in there,  
11 that would be important, wouldn't it?

12          A.    Yes, it would.

13          Q.    But it's a drastic difference in a public business  
14 and a private location, isn't it?

15          A.    Yes, it can be.

16          Q.    Now, as far as this case that we are here on today,  
17 the proof has been that a person came into a public business,  
18 shot four individuals with a automatic pistol and took the  
19 money out of the store.  Now, what would have to be touched in  
20 that store if you walked in and shot four people and just  
21 grabbed the money?

22          A.    It's hard for me to say.  I mean you could touch  
23 nothing or you could just -- it's hard for me to say what  
24 would be handled and what wouldn't be.

25          Q.    There is nothing unusual about many crime scenes not  
26 having any prints that help in the case, isn't it?

27          A.    No, it's not.

28          Q.    Now, you were asked about prints.  You also compared  
29 some prints that came out of Doyle Simpson's car, I believe;

1 is that correct?

2 A. Yes.

3 Q. And you didn't even find his own prints in the car.

4 A. No.

5 Q. So that's not unusual.

6 A. No.

7 Q. The box that you were asked about, the Fila box,  
8 there were some prints on it; is that correct?

9 A. That's correct.

10 Q. If the testimony was that a person named Connie  
11 Moore went and got the box, picked it up and handed it to some  
12 officers and then those officers later carried it to the crime  
13 lab, wouldn't you expect their prints to be on there?

14 A. They could be. Yes.

15 Q. The six prints of value, that was all that was found  
16 anywhere in the entire store; is that correct?

17 A. That's all that was submitted to me. That is all  
18 the evidence that I looked at. Yes.

19 Q. And do you have a list of where they were recovered  
20 from?

21 A. I don't.

22 Q. All right. So we would have to rely on what Miss  
23 Schoene testified to for that; is that correct?

24 A. That's correct.

25 Q. And if her testimony was that there were no prints  
26 in the area where the money would have had to have been, you  
27 would have to rely on that.

28 A. Yes.

29 Q. Now, you were asked about checking a lot of other

1 people. Do you normally just go out and routinely check  
2 individuals you don't have any reason to check?

3 A. No.

4 Q. If an officer has positively eliminated a suspect or  
5 a person, do you normally get their prints to compare?

6 A. No.

7 MR. EVANS: Nothing further.

8 THE COURT: Redirect.

9 REDIRECT EXAMINATION BY MRS. STEINER:

10 Q. Mr. Evans asked you about - and I'm sorry I forgot  
11 to ask you before - about some latent lifts collected from a  
12 motor vehicle by Miss Melissa Schoene. And I am just going to  
13 tell you that Miss Schoene has identified these three  
14 pictures, S-100-A, S-99-A and S-101-A, as being photos of the  
15 vehicle from which those prints were recovered or those lifts  
16 were taken.

17 And now, I believe Miss Schoene said she felt this  
18 surface here on the glove box certainly was cracked vinyl.  
19 You would agree with her that that is not the most fruitful  
20 place to look.

21 A. A pebbled surface can be difficult.

22 Q. Yeah. Now, the handle, this shiny lock button, is  
23 that -- is that a surface which would take a print?

24 A. It would. The problem you have with any kind of  
25 handle is it's there for the reason it's there. It's to grab  
26 and hold.

27 Q. All right.

28 A. And you can wipe prints off, and you can leave  
29 residue on there. It's handled so many times. Sometimes

1 surfaces that get handled too much create problems with trying  
2 to get latents from crime scenes.

3 Q. But if the testimony we heard is that Mr. Simpson --  
4 we have heard this was Mr. Simpson's car. That if Mr.  
5 Simpson's testimony is he never touched this glove box or the  
6 lock on it that day. In fact, it fell open --

7 MR. EVANS: I object to that, Your Honor. That  
8 is not the testimony that has been before this jury.

9 MRS. STEINER: There is no --

10 MR. EVANS: I think she has at least got to  
11 tell the testimony that has actually been presented here  
12 and not just anything she wants to.

13 MRS. STEINER: I'm sorry, Your Honor. There  
14 has been no testimony from Mr. Simpson that he did  
15 himself handle this lock that day. There has been  
16 testimony --

17 Q. Well, right now, I'm going to ask you on -- now, we  
18 see the passenger side of this car. We see the rear. Are the  
19 metal surfaces or the glass surfaces of an automobile fertile  
20 ground for collection of fingerprints?

21 A. Well, it depends if we are talking interior,  
22 exterior.

23 Q. Yeah. Interior. The testimony is before the jury  
24 that this car had been rained on.

25 A. Um-hum.

26 Q. Before Miss Schoene collected prints from the  
27 exterior.

28 A. Um-hum.

29 Q. But assuming the doors were closed and the windows

1 were up or the widows were -- happened to be rolled down  
2 during the rain, could you still even from the interior side  
3 that hadn't gotten wet? Could you -- is that a fertile ground  
4 for collection of prints?

5 A. There is good places inside of vehicles - mirrors,  
6 any of the glass areas, nonporous, flat areas. Pretty much  
7 fabric is not a very good surface whatsoever. But there  
8 are -- yeah, there is good surfaces in the car.

9 Q. So the interior of the car does have good surfaces.

10 A. (Nodded.)

11 Q. And I believe that you testified Doyle Simpson's  
12 fingerprints were not found inside this vehicle; is that  
13 correct?

14 A. The latents that -- on the lifts that were submitted  
15 from this vehicle with this crime scene were not identified to  
16 Doyle Simpson. So no.

17 Q. And additionally, the latent lifts from this vehicle  
18 that were identified at the crime scene were not identified to  
19 Mr. Flowers either.

20 A. That is correct.

21 Q. Thank you.

22 I believe Mr. Evans asked you and you responded properly.  
23 You only performed comparisons on what the investigating  
24 agencies elect to submit to you; is that correct?

25 A. Yes, that is correct.

26 Q. You are not also a crime scene investigator who goes  
27 out and helps, advise them on what might be useful to submit.

28 A. No, I'm not.

29 Q. All right. And you also talked about the fact that

1 in a private home, you might very well find -- well, you said  
2 in this case the officers who'd handled this S-79-A, the Fila  
3 shoebox, their fingerprints could have been on this shoe box;  
4 is that correct?

5 A. That's possible.

6 Q. Now, isn't that why most officers who are collecting  
7 evidence are trained to and, in fact, usually do wear some  
8 sort of gloves or hand protection?

9 A. That's correct.

10 Q. And if they have a surface like this, are they not  
11 trained, if they are doing it properly, to at least glove and  
12 also to try and pick the object up in a way that leaves as  
13 little possibility for adding their own prints to their mix?  
14 Is that correct?

15 A. That's correct.

16 Q. And probably put it in -- is there some sort of bag  
17 that would be useful? Assuming that they were going to ask  
18 the lab to do the lift, how would they have --

19 MR. EVANS: Object to probably unless he can  
20 testify what the officers did with this specific item.  
21 All he can testify to is what he examined.

22 MRS. STEINER: I appreciate that, but I think  
23 on cross --

24 THE COURT: I think you are asking him to  
25 speculate right now.

26 Q. Now, is there a proper way which you forensic  
27 scientists, when you have the opportunity to train and  
28 interact with officers, do you advise them on how the best way  
29 to collect an item like this, if they believe it to be of any

1 --

2 MR. EVANS: Relevancy on that also, Your Honor.

3 Q. -- evidentiary value?

4 THE COURT: Overrule that objection.

5 A. I would suggest to any crime scene investigator or  
6 law enforcement personnel that they would put that in a paper  
7 bag and seal the top of the paper bag, that would be the  
8 proper way to store that piece of evidence --

9 Q. Okay.

10 A. -- to submit it to a crime lab to be processed.

11 Q. Do you recall when it came to you, was it sealed  
12 inside a paper bag?

13 A. No. I can't recall.

14 Q. You can't recall one way or the other?

15 A. I can't recall.

16 Q. All right. Now, when you collect -- and I'll ask  
17 you. Typically, when you collect evidence from a private  
18 home, do you expect the resident's and homeowner's  
19 fingerprints to be there to be ruled out? I mean if my house  
20 is burglarized and prints are lifted, do you -- are you  
21 surprised when my, my prints show up on my own property that's  
22 been ransacked?

23 A. That are identified as being your prints?

24 Q. Yeah.

25 A. No, I'm not surprised. No.

26 Q. So -- all right. But that box had no latent lifts  
27 which matched Mr. Curtis Flowers; is that correct?

28 A. That is correct.

29 Q. And that is despite the fact that there has been

1 testimony that he resided in the home where this box was  
2 found. Is that -- it makes no difference one way or the  
3 other, I take it.

4 A. Makes no difference.

5 Q. All right. Thank you.

6 Nothing further, Your Honor.

7 THE COURT: I assume he is finally excused as a  
8 witness; correct?

9 MRS. STEINER: Yes, Your Honor. As far as we  
10 are concerned.

11 MR. EVANS: (Nodded.)

12 THE COURT: Mr. McSparrin, you are free to go,  
13 excused as a witness.

14 THE WITNESS: Thank you, Your Honor.

15 THE COURT: Ladies and gentlemen of the jury,  
16 we are going to recess now.

17 And the bailiff -- one of the bailiffs brought up  
18 that you had been concerned about photographs. Again,  
19 under the court rules photographs can be taken. But I  
20 want to reassure you like I had earlier, your photograph  
21 is not being taken. Your pictures are not showing up in  
22 the newspaper. They are not on the internet. They are  
23 not on t.v. They are not anywhere. Because the cameras  
24 are filtering out -- I know some things look like at  
25 times they may be pointed towards you, but they are not.

26 We have got Miss Craft from Jackson who is the court  
27 information officer. She is -- before photographs were  
28 allowed in, advised the photographers of the court rules.  
29 And they are strictly following those rules. So I don't

1 want that to be a concern of any one of you and  
2 apparently that had become a concern. So I just wanted  
3 to restate what I had told you as the trial was first  
4 beginning.

5 If you will, just step in the jury room for a few  
6 minutes. And they will take you to lunch as soon as  
7 everybody has kind of cleared out.

8 (THE JURY LEFT THE COURTROOM.)

9 (COURT RECESSED FOR THE NOON HOUR.)

10 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
11 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
12 RESUMED AS FOLLOWS:)

13 THE COURT: Good afternoon.

14 You can bring the jury in.

15 (THE JURY RETURNED TO THE COURTROOM.)

16 THE COURT: Court will come back to order.

17 Who would be the next witness for the defense?

18 MRS. STEINER: Your Honor, we would have Steve  
19 Byrd.

20 THE COURT: You can get Mr. Byrd. He was  
21 standing right back here a few minutes ago.

22 (THE WITNESS ENTERED THE COURTROOM AND APPROACHED THE  
23 BENCH.)

24 Do you solemnly swear or affirm the testimony you  
25 give in this case will be the truth, the whole truth and  
26 nothing but the truth, so help you God?

27 THE WITNESS: I do.

28 THE COURT: If you will have a seat, please.

29 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

*Steve Byrd - Direct*

1 For the record, state your name, please.

2 THE WITNESS: My name is Steve Byrd.

3 THE COURT: You can proceed.

4 MRS. STEINER: May I proceed?

5 THE COURT: You may.

6 STEVE BYRD, Called on behalf of the Defendant, having  
7 been duly sworn, was examined and testified as follows:

8 DIRECT EXAMINATION BY MRS. STEINER:

9 Q. Mr. Byrd, would you tell the jury where you work and  
10 what your profession is?

11 A. I work in Jackson, Mississippi, at the state crime  
12 laboratory. I am the section chief of the firearms section at  
13 the laboratory. I perform forensic analysis of firearms  
14 evidence that's submitted to the laboratory, as well as  
15 oversee the day-to-day operation of the section itself.

16 Q. So you are the big boss of the firearms section  
17 there.

18 A. I'm the supervisor of the firearms section. Yes.

19 Q. How long have you been employed in the firearms  
20 section of the Mississippi State Crime Laboratory?

21 A. July would be 28 years.

22 Q. And have you worked your entire career in that  
23 section?

24 A. Yes, I have.

25 Q. Why don't you describe for the jury the education  
26 and training you received to be firearms examiner with the  
27 Mississippi State Crime Lab?

28 MR. EVANS: Your Honor, we know Mr. Byrd well,  
29 and we will stipulate that he is an expert in firearms

1 examination.

2 MRS. STEINER: Thank you.

3 THE COURT: Do you accept that stipulation?

4 MRS. STEINER: I do. I do.

5 THE COURT: I will find him to be an expert in  
6 that field and will allow him to testify as such.

7 Q. How long have you been the supervisor of that  
8 section?

9 A. I believe since 1994.

10 Q. So you were the supervisor of the section at the  
11 time the examinations were done in connection with this case;  
12 is that correct?

13 A. Yes.

14 Q. All right. And have you testified and been  
15 recognized throughout the state in courts of law as a  
16 qualified firearms examiner as His Honor has done here today?

17 A. Yes, I have.

18 Q. Approximately how many cases, if you have kept  
19 track?

20 A. I would say in excess of 300 occasions.

21 Q. All right. Now, Mr. Byrd, were you asked to perform  
22 firearms identifications examinations of certain evidence  
23 submitted to the Mississippi Crime Lab in connection with the  
24 shooting deaths of four people on July 16, 1996, at Tardy  
25 Furniture store here in Winona, Mississippi?

26 A. Yes.

27 Q. Now, you, yourself did not personally participate in  
28 the collection of any of that evidence; is that correct?

29 A. No, I did not.

1           Q.    But are you familiar, as a firearms examiner, with  
2   the means and methods by which firearm -- retrieval of  
3   firearms evidence should be made to best preserve it for you  
4   to make your firearms examination?

5           A.    Yes.

6           Q.    All right. Now, let me -- let me first pull the  
7   stuff that has been retrieved and let him make sure he has got  
8   it in front of him.

9           THE COURT: Go ahead.

10          MRS. STEINER: Excuse me one moment.

11          May I approach the witness, Your Honor?

12          THE COURT: You may.

13          MRS. STEINER: I apologize for the delay, Your  
14   Honor. I didn't get to do this during the lunch hour.

15          Q.    Mr. Byrd, I've placed several items of -- that have  
16   been already offered into evidence as exhibits in this case.  
17   Several of them are in boxes. A couple of them are in plastic  
18   bags. Can you inspect that and tell me if each of those --  
19   without talking about what they are, just would you look  
20   through those and make sure each of those represents an item  
21   of firearms evidence which you inspected and performed  
22   analysis and comparison of in this matter?

23          A.    May I?

24          THE COURT: You may.

25          Q.    And you may refer to your notes, if you wish.

26          A.    Yes. Each of these containers do contain firearms  
27   evidence that was submitted to the laboratory.

28          Q.    And which was -- comparisons were -- you opened it  
29   and performed comparisons.

1           A.    That's correct.

2           Q.    And that -- and how do you know that just from  
3 looking at the containers?

4           A.    The -- each of the items have my initials that are  
5 marked -- still marked on them. I can -- are legible, S.C.B.,  
6 which are my initials. The containers in these five boxes  
7 which are marked State's Exhibit 88, 89, 90, 91 and 92. Each  
8 of these boxes contain a fired cartridge case. These other --  
9 these other containers contain projectiles or fragments from  
10 projectiles that were submitted to the laboratory.

11          Q.    And if I'm correct, the plastic bags S-87 and S-86  
12 contain projectile fragments that appear from the chain of  
13 custody have been recovered from the state medical examiner;  
14 is that correct?

15          A.    That is correct. Based on their packaging, yes.

16          Q.    All right. And then the one -- the other three  
17 boxes are S-83, -84 and -85. The first two of those are whole  
18 fired projectiles recovered from the crime scene; is that  
19 correct? And the last one is a fired projectile fragment. Or  
20 do you need to open the box to determine that?

21          A.    Which box -- are you asking me about these three  
22 boxes?

23          Q.    Yes. 83, 84 and 85.

24          A.    Eighty-three is the Laboratory's Exhibit Number 31,  
25 and it is intact projectile. That's State's Exhibit 83.  
26 State's Exhibit 84 is a crime laboratory submission 32. It is  
27 intact projectile. And State's Exhibit 85 is crime laboratory  
28 submission 33.

29          And if you will excuse me, may I refer to my notes?

1 THE COURT: Sure.

2 A. Thirty-three is copper and lead fragments. That's  
3 correct.

4 Q. All right. Thank you.

5 A. That's State's Exhibit 85.

6 Q. And I believe the jury has already heard testimony  
7 that, that those eight boxes you are looking at were all  
8 collected from the crime scene by Miss Melissa Schoene. Do  
9 you know who she is or was?

10 A. Yes, I do.

11 Q. Who, who is Miss Melissa Schoene and what was her  
12 job in 1996 at the time these were collected?

13 A. She is a former employee of the crime laboratory.  
14 She worked in the trace evidence section at the laboratory, as  
15 well as she performed crime screen searches.

16 Q. And you worked with her frequently; is that correct?

17 A. That's correct.

18 Q. Now, when you actually got these items they were --  
19 were they packaged in these same boxes and bags?

20 A. Yes, they were.

21 Q. All right. When an analyst at the crime lab gets an  
22 item of evidence, is it packaged in the packaging in which it  
23 was brought to the crime lab, usually, customarily?

24 A. Yes.

25 Q. All right. And if it was in a paper bag or a  
26 plastic bag or one of these little boxes, do you ever discard  
27 the container in which it came in when you are doing an  
28 analysis?

29 A. No.

Steve Byrd - Direct

1 Q. All right. So you put -- do you put it back in the  
2 container and send it back to storage?

3 A. When I examine evidence at the laboratory, any  
4 analyst at the laboratory, the first thing they do is they  
5 mark the packaging itself. And then they examine the items  
6 that are in that packaging. Once the examinations or analysis  
7 are completed, they would go back in that packaging.

8 Q. All right. And you don't just throw away a paper  
9 bag just because --

10 A. No.

11 Q. If it came in a paper bag, it would leave the  
12 analysis in the paper bag.

13 A. If that were the sealed container that it was  
14 submitted in, yes, that is the way it would leave the  
15 laboratory. However, it were submitted to the laboratory in a  
16 container or a carrier bag, which is a routine way to submit  
17 something, it might have a case number on it and all these  
18 items would be in one paper bag. And that paper bag may or  
19 may not be sealed with some tape just to keep them in there.  
20 But there would be no reason for that container to be marked  
21 or retained.

22 Q. All right. Thank you. Now, let's turn first --  
23 let's talk about when you are doing a firearms identification.  
24 What kinds of things are you looking on? Let's turn first to  
25 the projectiles you looked at and projectile fragments. What  
26 are you looking for to make an identification with respect to  
27 any projectile or projectile fragment when you are doing  
28 firearms analysis? What is the first thing you look for?

29 A. Well, a routine analysis would be to examine the

1 projectile visually in the laboratory, weigh it, see what type  
2 of material it is. And in this case, is it copper or lead?  
3 To determine further characteristics of those projectiles or  
4 fragments, you would examine them. After the visual  
5 comparison you would examine them under comparison microscope  
6 and compare them to known standards that are typically  
7 retained by laboratories.

8       There -- to make an identification or during the course  
9 of examinations you have two type characteristics that you  
10 examine when you are performing these analysis under a  
11 microscope. You are looking at class characteristics and  
12 individual characteristics. Class characteristics are common  
13 to a group of guns and will place a projectile into a broad  
14 group. Individual characteristics are microscopic striations  
15 within those class characteristics allowing an examiner to  
16 examine and compare them and say a projectile was fired in a  
17 known gun or that two projectiles were, in fact, fired in the  
18 same gun based on the individual characteristics. That is how  
19 the individual characteristics are used to determine that two  
20 projectiles were fired in the same weapon.

21       Q. All right. Now, you analyzed all five pieces of  
22 projectile, recovered projectile evidence in those two plastic  
23 bags and the three boxes we've identified as S-87, S-86, S-83,  
24 S-84 and S-85. Were you able to detect any class  
25 characteristics in common among those projectiles and  
26 fragments among them, in comparison to each other?

27       A. Well, part of these fragments were unsuitable for  
28 analysis, and this is not all the projectiles that I examined.  
29 But the projectiles that I examined bore the class

1 characteristics that would be consistent with .380 auto  
2 caliber, six lands and grooves. And the two projectiles that  
3 I was able to say this positively about would have been  
4 State's Exhibit 83 and 84.

5 Q. Were you able to identify any individual  
6 characteristics that could do any -- to identify it, narrow it  
7 down to any particular .380 with the lands and grooves?

8 A. I was able -- each of these projectiles have  
9 individual characteristics on them. And I compared them to  
10 the other items that were submitted in this case and they do  
11 have similarities in individual characteristics with the other  
12 items that I examined in the case, yes.

13 Q. Do -- did -- were the similarities sufficient for  
14 you to either include or exclude them from being fired  
15 from the same weapon?

16 A. No. When I say similarity in individual  
17 characteristics in these two projectiles that I'm speaking of,  
18 when an examiner goes through their steps of performing their  
19 analysis and -- which is the same steps I followed in this  
20 case. When you place two projectiles under the comparison  
21 microscope -- and basically what a comparison microscope is  
22 two microscopes where the fields of view overlap.

23 The first thing that you do is you make sure they are the  
24 same caliber, the same number of lands and grooves and the  
25 widths are the same. Now, these two projectiles, when I say  
26 they had similarity in individual characteristic, and that's  
27 stated in my report, what I am able to say based on the way I  
28 have worded that report is say in the case of these  
29 projectiles, they have six lands and grooves.

1           Okay. And I'm going -- I'm using my hand for an example.  
2   If I had six fingers, which obviously I don't, for me to  
3   perform the analysis properly, I would have to have thumb to  
4   thumb and so forth through the fingers. I was able to put  
5   these said two projectiles in orientation where I was  
6   comparing the right grooves with each other if I was going to  
7   be able to say that they were fired in the same gun as the  
8   other projectiles that I examined in this case.

9           In other words, the individual characteristics that are  
10  present on here, I was able to orient them or phase those  
11  projectiles. Now, there were insufficient amount or they had  
12  insufficient weight for me to say they were, in fact, fired in  
13  the same gun that the other projectiles that I examined in  
14  this case were.

15          Q. All right. So you could say they had the same --  
16  you could not definitively say they were fired from the same  
17  gun; is that correct?

18          A. No.

19          Q. And now, the other five boxes that are sitting up in  
20  front of you, I believe those are S-88, 89, 90, 91 and 92.  
21  Those, I believe, you referred to as cartridges.

22          A. They are cartridge casings. They are the portion  
23  that is extracted and ejected from the firearm when it is  
24  discharged.

25          Q. All right. And with respect to those cartridge  
26  casings, were you able to identify any class characteristics?

27          A. The caliber is .380 auto caliber. And based on  
28  the -- you know, I can compare them to each other. The shape  
29  of the firing pins, the extractor and ejector markings and the

1 chamber signatures, which are all the characteristics you  
2 would examine if you were comparing these cartridge cases to a  
3 weapon.

4 Q. All right. And were you able to draw any  
5 conclusions to either include or exclude these five cartridge  
6 cases from having been fired in the same weapon?

7 A. Three of these cartridge cases were, in fact, fired  
8 in the same weapon.

9 Q. All right. Of those --

10 A. Yes.

11 Q. I have three other -- oh, okay. Of those three --  
12 could you double check your notes?

13 A. Do you want to know which ones? Crime Laboratory  
14 Exhibit 25, 27 and 28, would be State's Exhibit 88, 90 and 91.

15 Q. But the other two you could not correlate either to  
16 those three or to each other; is that correct?

17 A. Well, like I say, they bear the same class  
18 characteristics as these three. Could I say that these two  
19 were, in fact, fired in the same weapon that discharged these  
20 three positively? No.

21 Q. All right. Thank you. And that's on the basis of,  
22 at that time, your 15 years as a firearms examiner with the  
23 Mississippi State Crime Lab.

24 A. '82 to '96. However long that is. July. And I  
25 worked it in July.

26 Q. And that continues to be your opinion to this day  
27 after reviewing your report; is that correct?

28 A. That's correct.

29 Q. All right. Now, you subsequently, I believe, were

1 asked to examine some additional firearms evidence. And all  
2 of this, as far as you know, was collected from the scene of  
3 Tardy Furniture by Miss Melissa Schoene on or about July 16,  
4 1996; is that correct?

5 A. Based on the evidence description that I have, yes.

6 Q. All right. Now, did you subsequently have occasion  
7 to examine the three items I've put up there before you that  
8 are marked S-80, S-81 and S-82?

9 THE WITNESS: May I?

10 THE COURT: You may.

11 A. Yes, I did.

12 Q. All right. And what -- can you describe what each  
13 of those is and if you can tell from the packaging where,  
14 where, or from your report, where they are said to have come  
15 from?

16 A. Well, each of these containers contains a  
17 projectile. The box labeled State's Exhibit 80, according to  
18 the note on the side of it, recovered from mattress Tardy  
19 Furniture, Winona, Mississippi.

20 Q. All right. And 81 and 82. I believe the jury has  
21 heard testimony those were recovered from a post at a home on  
22 Poorhouse Road. The home of Lizzie Simpson. Does it say so?

23 A. The projectile -- according to my information, the  
24 projectile in State's Exhibit 81, which is a crime laboratory  
25 Exhibit Number 66, was recovered from there.

26 Q. Okay. Do you --

27 A. The --

28 Q. -- have any notation on 82?

29 A. May I refer to my notes?

1 MRS. STEINER: May I approach, Your Honor?

2 THE COURT: You may.

3 A. According to the crime scene -- excuse me, not the  
4 crime scene, according to the evidence description, there is  
5 no location given where State's Exhibit 82 was recovered. In  
6 the evidence description it says one white envelope labeled  
7 one spent projectile, initialed BT S02 and JM B42.

8 Q. All right. Now, the jury has already heard  
9 testimony from both Bill Thornburg and Jack Matthews, who  
10 were -- Bill Thornburg was the chief deputy of the sheriff's  
11 office, and Jack Matthews was with the Mississippi Highway  
12 Patrol. They collected this from a post on the same property.

13 A. Okay.

14 Q. All right. So let me ask you this. If you are --  
15 as a firearms examiner, how, how do you -- if, if a projectile  
16 obviously is found on the floor, how should that be collected?

17 A. It should be recovered from the floor using methods  
18 that would not damage the surface that I would be interested  
19 in as a firearms examiner, the bearing surfaces.

20 Q. All right. And that would ordinarily involve --  
21 when Miss Schoene picked the firearms evidence up off the  
22 floor would she -- how, how would you expect her to handle it?  
23 Would she use her bare hands?

24 A. I would expect her in the processing the crime scene  
25 to possibly have had gloves on and either used forceps to pick  
26 it up or picked it up with those gloves on and placed it in  
27 the container.

28 Q. Now, as for these two items that were found  
29 extracted, the jury has heard evidence that they were actually

1 projectiles that were discovered to be embedded in a wooden  
2 post that had apparently been used for target practice. Is  
3 there a particular technique or kinds of techniques that  
4 investigators -- that you as a firearms examiner would prefer  
5 to have investigators use to collect that evidence? They  
6 obviously can't get forceps in there.

7       A. Well, it would depend on the skill level of the  
8 person that was recovering the projectiles from the post. If  
9 they were comfortable with recovering from the post, they  
10 could do it on the scene. If they felt like they were going  
11 to damage the evidence to where it wouldn't be usable by the  
12 examiner, they could remove a portion of the post and bring it  
13 to the laboratory where a trained firearms examiner would  
14 remove it. If the examiner was comfortable with removing that  
15 projectile while at the scene, they would try to determine the  
16 projectile's tract or its path through the post and remove it  
17 from that area cautiously, not to damage the surface that the  
18 examiner would be interested in looking at.

19       Q. Would poking a screwdriver or pocket knife down the  
20 hole before you had some notion of exactly where in that hole  
21 the projectile was located be a, a proper way to begin making  
22 that determination?

23       A. Well, if that is all they had at their means to use,  
24 they would be cautiously placing that in the hole. To pry it  
25 out with a pocket knife might not be the best approach. You  
26 could -- typically you want to use something softer than the  
27 projectile to do your probing. But if that is all you had,  
28 you could probe gently to determine the path of the projectile  
29 into whatever surface it is to know what part of that post or

1 whatever item it was the medium had discharged in how you  
2 would go about removing it so not to damage that projectile.

3 Q. And these projectiles are -- are they lead or --

4 A. They are copper jacketed.

5 Q. Copper jacketed. All right. And a knife might very  
6 well be of a harder metal than either the copper or the lead  
7 of these projectiles.

8 A. Typically speaking, a knife blade is going to be  
9 harder than a copper jacketed projectile. For the jury's  
10 information, when I perform analysis of projectiles, and I did  
11 it in this case, if I know mutilation that is done by the  
12 removal, I would note it in my bench notes. And I have no  
13 record that there were any mutilation to any of these  
14 projectiles.

15 Q. And you were not informed of any by the means by  
16 which they were collected or --

17 A. I wasn't there --

18 Q. -- any --

19 A. -- so I don't know how they removed them from the  
20 post, no.

21 Q. All right. Now, and then I think the jury has heard  
22 testimony that S-80 was actually recovered from inside a  
23 mattress, a soft surface.

24 A. That's correct.

25 Q. Possibly with springs in there, as well.

26 A. That's correct.

27 Q. All right. And how would typically you in your  
28 ideal world want a collector to retrieve a projectile from  
29 inside of a mattress?

1           A.    If they can locate or -- if they can determine the  
2 tract of the projectile through the mattress, they can  
3 determine how far it has gone in there.  If they use a dowel  
4 rod to probe to see how far it traveled into the mattress they  
5 may be able to go into the side of it or the bottom or top of  
6 it to retrieve that projectile at that time.

7           Q.    And would a die rod --

8           A.    A dowel rod is a wooden stick, basically.

9           Q.    That would be a wooden stick.  And that would be  
10 softer.  That would not be harder than the projectile.  It  
11 would be softer.

12          A.    No.  That is correct.  It would be softer.

13          Q.    All right.  But again, if you probed in with a  
14 pocket knife or --

15               MR. EVANS:  Your Honor, I object.  There is no  
16 indication that the mattress was probed in with anything  
17 and this is improper.

18               MRS. STEINER:  If the Court please, I think in  
19 the photograph collection from the mattress the handle of  
20 a pocket knife was visible.

21               MR. EVANS:  It's a big difference in cutting  
22 than it is probing.  That is what the testimony was.  If  
23 she would like to ask about those questions, it would be  
24 fine.

25          Q.    Would a pocket knife ordinarily, Mr. Byrd, be an  
26 appropriate tool to be used in the course of collecting this  
27 evidence if you were not sure exactly how far in the  
28 projectile had gone?

29          A.    If you could -- if you could determine where the

1 entrance is and that was the only means you had necessary to  
2 open the outer portion of the mattress itself, that would gain  
3 you entrance to the mattress. Yes. That would be possible.  
4 That would be feasible, and it wouldn't damage the projectile.

5 Q. Okay. Thank you. Now, I take it at this time Miss  
6 Schoene, from the crime scene investigation group at the  
7 Mississippi Crime Lab, was experienced in recovering  
8 projectiles from solid surfaces, soft surfaces and from even  
9 lining. And she was as experienced as that at she was at  
10 picking them up off the floor or retrieving them when they are  
11 not embedded in some other surface.

12 A. Yes. Anybody that has worked crime scenes for the  
13 crime laboratory, they underwent training from the various  
14 section as to how to collect properly the evidence that they  
15 would be at the scene recovering.

16 Q. And once she was assigned to this case, Miss Schoene  
17 could have been called back to the scene by the investigators  
18 if they wanted her to actually collect this evidence rather  
19 than trying to do it themselves; is that correct?

20 A. That would have been possible. Yes.

21 Q. All right. There is nothing on that to indicate  
22 Miss Schoene was in any way involved in collecting any of  
23 these three items; is that correct?

24 A. I don't see her initials on any of it.

25 Q. Thank you. Now --

26 A. There are initials on here. Now, I don't know whose  
27 they are. It says -- excuse me. That, that goes with  
28 something else. It is part of the conclusion. I don't see  
29 her initials on any of these items.

1 Q. Your initials would be S.B.

2 A. S.C.B.

3 Q. S.C.B. Generally, the examiner tries to make his or  
4 her initials distinct from anybody else they would expect to  
5 handle it. But I don't -- but close enough to them that  
6 someone looking at it could say who it was.

7 A. You are supposed to make them individual to  
8 yourself. So you -- when you see your initials on an item you  
9 should be able to recognize it. Yes.

10 Q. Okay. Now, you did perform a comparison among those  
11 three projectiles; is that correct?

12 A. Yes.

13 Q. And in that case you were able to determine these  
14 three projectiles. You could make a determination that it was  
15 consistent with them having been fired from the same weapon;  
16 is that correct?

17 A. Yes, it is.

18 Q. All right. Did you also make any attempt to  
19 correlate them to the projectiles you had previously examined  
20 from the crime scene and determine whether there was any  
21 correlation that -- well, any -- you could identify them as  
22 having come from the same weapon as the projectiles from the  
23 crime scene?

24 A. Yes. The two projectiles that I was speaking of  
25 earlier that you had up here that were in the boxes that were  
26 in tact that I stated that they had individual characteristics  
27 consist with these three projectiles, that was the two  
28 projectiles I was talking about that I was able to phase them,  
29 in other words, put them in the proper orientation for me to

1 do a conclusive analysis to reach my conclusion.

2 Q. They were consistent with it, but you could not  
3 either definitively rule -- you could not -- you do not offer  
4 the opinion that they came from the same weapon here, do you?

5 A. I can't offer that opinion, no.

6 Q. You can say they could have come from that weapon,  
7 but you can't say definitively that they did.

8 A. That's correct.

9 Q. And there are thousands of .380's out there that  
10 have that similar land and groove class characteristic; is  
11 that correct?

12 A. Yes.

13 Q. Now, did you ever receive or examine a firearm that  
14 was identified to you as the firearm -- strike that. Did you  
15 ever examine or receive a firearm that you could match up with  
16 either the cartridges or the projectiles to do a comparison  
17 firing that you examined here?

18 A. No.

19 Q. Did you ever inspect a firearm that these could have  
20 been from but might also not have been from?

21 A. Well, I actually examined a firearm that was  
22 submitted to the laboratory that I was able to do a comparison  
23 with, and I also examined some test projectiles and cartridge  
24 cases that were submitted to me by another firearms examiner  
25 from another state. So I did examine test projectiles and  
26 cartridge cases from two firearms in this case.

27 Q. And with respect to one of them you could neither  
28 say they did come -- any of those did come from that, nor rule  
29 it out as having fired those.

1           A.    One of the firearms I was able to say that it had  
2   some similarities in the class characteristics that I  
3   described earlier. The other firearm that I was submitted  
4   test projectiles and cartridge cases, I was able to say that  
5   they were not fired in that gun.

6           Q.    Okay. Did you -- any of these labeled as being  
7   associated with Curtis Flowers?

8           A.    Could you repeat that question?

9           Q.    Was there anything to your recollection on the --  
10   what was submitted to you with either of these firearms --  
11   well, with the one that you could neither rule in or rule out,  
12   anything to indicate that that firearm had anything to do with  
13   Curtis Flowers?

14          A.    That it was his firearm?

15          Q.    Yeah.

16          A.    No.

17          Q.    All right. As a firearms examiner, you can talk to  
18   the ladies and gentlemen, can you not, about how these  
19   projectiles relate to each other; is that correct? Whether  
20   they are consistent or whether they are definitive?

21          A.    Yes. I can relate my results to the jury.

22          Q.    Yeah. Right. And but you are saying here that  
23   these three items that you've examined and talked to the jury  
24   about as being consistent with each other, you cannot tell as  
25   being actually from the same -- I believe you said you can  
26   identify those three as having been from the same gun; is that  
27   correct?

28          A.    These three projectiles in State's Exhibit 82, 80  
29   and 81 were all fired in the same gun.

1 Q. All right. But you could not say that they were  
2 fired in the same gun as any of the projectiles you examined  
3 from the crime scene; is that correct?

4 A. No, I was not able to positively link any other  
5 items or the projectiles to these three projectiles  
6 positively, no.

7 Q. Okay. And now with the cartridge casings, can you  
8 correlate whether a particular -- were you able in this case  
9 to make any findings with respect to whether any of these  
10 projectiles were fired -- came from any of the cartridge  
11 casings that were fired?

12 A. To my knowledge there, there is not a technique that  
13 currently exists that allows an examiner to place a given  
14 projectile back into a fired cartridge case.

15 Q. All right.

16 A. So to answer your question, no.

17 Q. All right. So you're -- now, you've made these  
18 scientific findings, but am I correct in saying that nothing  
19 in these findings puts us any closer to identifying who was  
20 holding whatever firearm was discharged, that discharged these  
21 projectiles; is that correct?

22 A. No. I can offer no testimony to that effect.

23 Q. And you can't offer any testimony saying who was  
24 holding the firearm or firearms from which the cartridge  
25 casings were ejected.

26 A. No.

27 Q. Is that correct? And you cannot even say that all  
28 of the cartridge casings recovered at the scene were from the  
29 same firearm.

1           A.    No.  Three of them were.  The other two I wasn't  
2   able to link to those three or to each other.

3                    MRS. STEINER:  One moment, Your Honor.

4           Q.    Mr. Byrd, you, I think -- well, I'm going to hand  
5   you what's been marked as D-10 in evidence.  It's a  
6   Mississippi Crime Lab evidence submission form.  And can you  
7   tell the jury what that is?

8           A.    Okay.  It's two pages from the crime scene -- excuse  
9   me, not the crime scene, from the crime laboratory.  It's a  
10  evidence submission form that entails Exhibits 24 through 30  
11  on the first page, and that crime laboratory Case Number is  
12  J963536-01C.  On the second page is a continuation of that.  
13  It start at Exhibit 31 and goes through Exhibit 37.

14          Q.    And I believe Miss Schoene has already testified to  
15  the jury that that represents the projectiles and other  
16  evidence collected at the scene that she submitted that day.  
17  Is that what it appears to be?

18          A.    It covers the cartridge cases that we have spoken of  
19  already in Exhibits 25 through 29 and the two projectiles that  
20  we spoke of earlier.

21          Q.    All right.

22          A.    Excuse me.  The two projectiles and the fragments,  
23  which were crime laboratory Exhibits 31, 32 and 33.

24          Q.    Now, that is a document prepared so that the crime  
25  lab knows what it has and how it's identified; is that  
26  correct?

27          A.    Yes.  Who collected it.

28          Q.    And the numbers there are the numbers that are  
29  assigned when it arrives at the crime lab; is that correct?

1           A.    That's correct.

2           Q.    And these are records being kept for purposes of the  
3 crime lab use. This is not something that the investigating  
4 officers prepare or use to document their work.

5           A.    No.

6           Q.    Now, you would expect, I assume, that an  
7 investigating officer would have his or her own notes --

8                   MR. EVANS: I object to him assuming what an --

9                   MRS. STEINER: Okay.

10           MR. EVANS: -- officer is going to do. He can  
11 testify about what his expertise is in.

12           Q.    Now, to your knowledge, when a crime scene person,  
13 like Miss Schoene -- well, there is evidence before this jury  
14 that Miss Schoene kept nine or ten pages of her own personal  
15 notes. Is that, as you understand it, usual and customary for  
16 a crime scene investigator to do?

17           A.    Yes. Because they can keep up with items that they  
18 are collecting at the crime scene so when they get back to the  
19 laboratory to actually prepare this they have got their notes  
20 in order. And their exhibit numbers will follow in the order  
21 in which they collected it.

22           Q.    And that would apply to anybody who had done any  
23 evidence collection. He or she might want to have his or her  
24 own notes to organize what they were sending to the crime lab.

25           A.    Well, that would depend on the training of the  
26 actual analyst that did the crime scene. Yes, I am sure they  
27 would want to keep up with an accurate reflection of what they  
28 did at the crime scene and what they collected at the crime  
29 scene.

1 Q. And taking a picture of what you were doing step by  
2 step in the collection would also be a good way of documenting  
3 how that was done as well. But you wouldn't have done that at  
4 the crime lab.

5 A. I wouldn't have done it. But typically speaking,  
6 when someone examines a crime scene they take overall  
7 photographs and they take photographs of items before they  
8 recover them or retrieve them from that scene.

9 Q. But those, those notes wouldn't come to the  
10 Mississippi State Crime Lab.

11 A. Well, if the analyst that worked the crime scene was  
12 an employee of the crime laboratory, they would have their  
13 notes, yes.

14 Q. All right.

15 A. Would I have them? No, they are not a part of my  
16 work packet.

17 Q. But if it was collected by the sheriff of a county  
18 or even the Mississippi Bureau of Investigation, would those  
19 notes reside at the crime scene?

20 A. No. Because they are not something that is  
21 generated by the crime laboratory.

22 Q. And those documents that -- I'm sorry, Defendant 10  
23 is generated by the crime laboratory; is that correct?

24 A. This paperwork? Yes.

25 Q. Thank you.

26 MRS. STEINER: I have nothing further, Your  
27 Honor.

28 CROSS-EXAMINATION BY MR. HILL:

29 Q. Good afternoon Mr. Byrd.

1           A.    Good afternoon.

2           Q.    After you performed your analysis on the firearms  
3 evidence from the four murders at Tardy Furniture company, was  
4 there a court order entered allowing another analyst to come  
5 to Mississippi Crime Lab and do additional examinations of  
6 this firearms evidence?

7           A.    Yes.

8           Q.    Do you know that man's name?

9           A.    Yes, I do.

10          Q.    Can you tell the ladies and gentlemen of the jury  
11 who it was, please.

12          A.    David Balash.

13          Q.    Do you recall being, being there when he came in to  
14 look at the evidence?

15          A.    Yes, I was.

16          Q.    Okay. Have you seen his report?

17          A.    To my recollection, no.

18          Q.    Okay. So then would you be prepared to criticize or  
19 disagree with anything that he found in his report?

20          A.    I know Mr. Balash personally. I wouldn't criticize  
21 his work. He is a competent firearms examiner.

22          Q.    Okay. Now, you were asked about retrieval methods.  
23 And I gathered that counsel for the defense was trying to  
24 suggest that the firearm projectiles in State's Exhibit 81 and  
25 State's Exhibit 82 might not have been correctly collected. I  
26 would ask you, sir, based on your expertise, when you examined  
27 State's Exhibit 81 and 82, and these by the way are the --  
28 what we have been calling the, what I call the post bullets.  
29 That is, the bullets removed from the cedar post at Doyle

1 Simpson's mother's house. Did you notice any damage on these  
2 projectiles that you recorded or noted or saw by the person  
3 retrieving the evidence?

4 A. As I testified a few moments ago, I have no notes  
5 that there were any damage to these projectiles. And if there  
6 were any damage, it didn't inhibit my analysis.

7 Q. Okay. So if there was no damage done to the  
8 projectiles during the collection process, does it matter then  
9 how they were collected?

10 A. No.

11 Q. Now, you were also asked about State's Exhibit  
12 Number 80. This is what we call the mattress bullet. Are you  
13 aware that the mattress bullet was found at the crime scene,  
14 the scene of the four murdered people, just a few inches to a  
15 few feet away from Miss Bertha Tardy. Were you aware of that?

16 A. According to the description on the box, I knew that  
17 it was from the scene, and it was from the mattress.

18 Q. And you were asked if you compared the projectile in  
19 State's Exhibit 80 with the projectiles -- which, by the way,  
20 these are visible down here in the little cellophane taped  
21 portion; right?

22 A. Yes, sir.

23 Q. You compared those --

24 A. Yes, I did.

25 Q. -- three bullets with each other, one with the other  
26 and all three against each other.

27 A. Yes, sir.

28 Q. And what was your opinion then, Mr. Byrd, about  
29 those bullets?

1           A.    My opinion then and today is the same.  They were  
2 all three fired in the same weapon.

3           Q.    Okay.  As far as you could tell, sir, all of the  
4 cartridge cases that were on the floor were of what caliber?

5           A.    They were all .380 auto caliber.

6           Q.    And you said you were able to positively identify  
7 three of them as having been fired in the same gun.

8           A.    That's correct.

9           Q.    And if I was paying attention correctly, when you  
10 were testifying on cross, the three that you identified were  
11 different, different State's Exhibits -- I believe the numbers  
12 that you got were your crime scene Numbers 25, 27 and 28 and  
13 our court Exhibit Numbers 88, 90 and 91, those were all the  
14 C.C.I. or Omark Industries aluminum cartridge cases; is that  
15 right?

16          A.    That's correct.

17          Q.    Okay.  And you said that those three were fired in  
18 the same gun and you were sure that.

19          A.    That's correct.

20          Q.    Did you see any similarities in class  
21 characteristics with the other two cartridge cases?

22          A.    Yes.  But I was not able to say positively they were  
23 fired in the same gun that fired those three.

24          Q.    Would it be -- would they be consistent with having  
25 been fired in the same gun based on what you saw?

26          A.    They have the same class characteristics, yes.

27          Q.    Okay.  And those other two cases, I believe, if I  
28 recall, they -- one was Remington Peters and one was  
29 Winchester.

1 A. That's correct.

2 Q. And those would be brass casings; is that right?

3 A. That's correct.

4 Q. Now you -- the firearms evidence that you examined,  
5 we've talked about the mattress bullet and the post bullets.  
6 But you also identified -- or I'm sorry. That's the wrong  
7 word, you also examined the rest of the firearms evidence.  
8 You looked at a couple of bullets that they got up off the  
9 floor, didn't you?

10 A. Yes.

11 Q. What caliber were those projectiles that were  
12 removed from the floor of the crime scene next to the bodies  
13 of the decedents there?

14 A. The two intact ones were .380 auto caliber.

15 Q. Were you able to tell anything about the bullet  
16 fragments as to their caliber or class characteristics or  
17 anything about the type of projectile they were insofar as  
18 whether they were total metal jacket or full metal jacket or  
19 anything like that?

20 A. Well, several of the items that were submitted were  
21 fragments. And to determine caliber you have to have an  
22 intact base, and I was not able to do that with all the  
23 fragments that were submitted. They were copper jacket  
24 fragments that had portions of lands and grooves, and that is  
25 commonly referred to as the rifling, that I am analyzing or  
26 examining under the microscope. And they had similar land and  
27 groove widths.

28 The two projectiles were the same caliber number of lands  
29 and grooves and the class characteristics were consistent, as

1 well as the individual characteristics that I described  
2 earlier between those two and these three projectiles here.  
3 However, the copper jacket fragments in the remaining  
4 submissions, I wasn't able to determine the caliber because  
5 the base wasn't there.

6 Q. Okay. Let me ask you this question. With the  
7 portions of the fragments that were available to you for  
8 examination, could you tell anything about the class  
9 characteristics? In other words, were the lands and grooves  
10 -- could you tell if they -- if what was there was consistent  
11 with a projectile that was fired in the weapon that had six  
12 lands and grooves that were right twist?

13 A. Yeah. I was able to do that. But to say they bear  
14 the same class characteristics, I would have had enough -- I  
15 would either -- there is two ways I could have approached it.  
16 If the fragment had sufficient individual characteristics, I  
17 would have been able to say it was fired in the same gun that  
18 fired these three, which would obviously tell you it's a .380  
19 auto caliber. Or if I don't have enough of the whole  
20 projectile left, all I can tell you is that the land and  
21 groove widths are inconsistent with, with these three. Which  
22 I was able to do. And that's why my report said it had  
23 similar characteristics to these three projectiles.

24 Q. Okay. Are you -- you are saying then that the lands  
25 and grooves, insofar as what you saw, was consistent with the  
26 ones that you were able to positively identify.

27 A. Yes. And, and I have a possibility of two results.  
28 I'm able to match it to these three and say it's the same  
29 caliber. Or I'm able to say it's similar class

1 characteristics, because I don't have a entire complete base  
2 to allow me to say this is a .380 auto caliber.

3 Q. Mr. Byrd, did you see anything in your examination  
4 of the exhibits in this case here -- and let me go down the  
5 list of them. Let's see. Maybe I need -- have you got a list  
6 of your evidence that you looked at?

7 A. Yes, sir.

8 Q. Submission 67, 66, 61, 8, 23, 31, 32, 33, 25, 26,  
9 27, 28, 29 and 30. Those exhibits -- those are the exhibits  
10 that were two post bullets. And the rest that came from the  
11 crime scene itself, did you see anything there that would lead  
12 you to believe that all of these things were not fired in the  
13 same weapon? Did you see anything that stood out as saying to  
14 you this wasn't fired in the gun that fired the rest of the  
15 them?

16 A. If I would have had class or individual  
17 characteristics -- excuse me, if I would have had class  
18 characteristics that had been different from any of these  
19 items that were submitted from the crime scene or from the  
20 post, which was basically my known exemplar in this case, that  
21 were different, that would allow me to say that they weren't  
22 from the same weapon or there were more than one weapon  
23 involved, it would have been in my report.

24 Q. In other words, if you could have excluded it, you  
25 would have said so.

26 A. That's correct.

27 Q. Now, is it unusual for officers to screen weapons?  
28 That is, for instance, in this case you did examine firearm  
29 that came into the lab to see if that could be matched to

1 these crime scene firearms evidence; is that right?

2 A. Yes.

3 Q. And you did not identify that as the weapon, if I  
4 understood what you told counsel for the --

5 A. No, I did not.

6 Q. -- defense. So but there is nothing wrong or  
7 improper with officers submitting weapons they come across  
8 just to see if they match.

9 A. That would be proper procedure for them to submit  
10 it.

11 Q. Right. And finally, in the two post bullets, those  
12 would be your Crime Lab Exhibit Number 61 and 66, they were  
13 submitted on documentation, were they not?

14 A. Yes, they were.

15 Q. Crime lab submission forms.

16 A. Yes.

17 Q. Just like Miss Schoene's were.

18 A. That's correct.

19 MR. HILL: That's all we have, Your Honor.

20 REDIRECT EXAMINATION BY MRS. STEINER:

21 Q. Mr. Byrd, about how many .380 pistols are there?  
22 How many thousands of .380 pistols out there exist with the  
23 same width, with land and groove widths consistent with those  
24 you observed in the projectiles that you could not identify  
25 anymore closely than that?

26 A. I can't give you an exact number. But there is many  
27 thousands out there that fall in the category of .380 auto  
28 caliber, six lands and grooves, right twist.

29 Q. All right. And how many millions of rounds of

1 Winchester and Remington R.P. ammunition are there out there  
2 that are consistent with .380 caliber --

3 A. I could --

4 Q. -- fired --

5 A. I could give no testimony as to how many rounds of  
6 ammunition that these two companies produce. It is many,  
7 many.

8 Q. Okay. But they, they -- to have the same class  
9 characteristics as a cartridge casing is simply to say it's  
10 one of however many these companies have been producing over  
11 the years; is that correct?

12 A. Unless there is something that identifies them to a  
13 specific weapon, that would be correct.

14 Q. And you -- with respect to two of the cartridge  
15 casings you found that were submitted to you from the scene,  
16 you could not make that association.

17 A. No.

18 Q. Now, I believe you said that you respect Mr. Balash  
19 as a firearms examiner; is that correct?

20 A. Yes.

21 Q. And as far as you know, he respects you as another  
22 professional in the same profession.

23 A. Yes.

24 Q. You did not read his report. Were you aware that  
25 his conclusions in some respects differed from yours?

26 A. I was aware that he identified a projectile -- at  
27 least three projectiles that I was not willing to do.

28 Q. All right. And you respect that conclusion; is that  
29 correct?

1           A.    That's correct.

2           Q.    But you even today having heard it, having -- you  
3 still stand by your opinion that such correlation is not shown  
4 by the evidence in front of us.

5           A.    The conservative nature of my analysis did, did not  
6 allow me to match that projectile to these three projectiles.  
7 Is Mr. Balash right? That's up for you, as a jury, to decide.  
8 Am I wrong? No. I just didn't come to the same conclusion,  
9 conclusion that he did. I was inconclusive in that  
10 projectile, where he actually identified it.

11          Q.    All right. And you stand by that opinion today, 13  
12 years later, just as he stands by his; is that correct?

13          A.    I'll stand by my opinion until I die.

14          Q.    All right. And that opinion is that then and today  
15 you cannot say that these three -- that, that any of the  
16 projectiles or projectile fragments found by Miss Schoene at  
17 the scene were fired from the same weapon as those three  
18 projectiles.

19          A.    I was not able to positively identify any of the  
20 recovered items that were recovered from the autopsy and Miss  
21 Schoene. That's correct.

22          Q.    And as you told the jury before, you cannot give  
23 them any information about whose hand pulled the trigger that  
24 fired those projectiles or ejected those cartridges; is that  
25 correct?

26          A.    No, I cannot.

27          Q.    And you're a scientist. It -- excuse me. It's  
28 not -- it may not be important to you -- to you to do your  
29 science who pulled that trigger; is that correct?

1           A.    It doesn't affect my analysis whatsoever who pulled  
2 the trigger.  No, it doesn't.

3           Q.    And from your point of view, as long as you have not  
4 detected defects resulting from the collection process, it  
5 doesn't matter to you how those projectiles were collected; is  
6 that correct?

7           A.    As long as --

8           Q.    I think you told the jury that on redirect.

9           A.    As long as they don't damage the bearing surface,  
10 which is what I would be interested in and the chain of  
11 custody is in tact when it gets to the laboratory, the  
12 collection method really doesn't concern me.

13          Q.    All right.  But, of course, that could be a matter  
14 of concern to the jury --

15                   MR. EVANS:  Your Honor, I object.  That is not  
16 proper.

17          Q.    -- or the defendant or other people in this  
18 courtroom.

19                   THE COURT:  He doesn't know what is important  
20 to them, so I will sustain the objection.

21                   MRS. STEINER:  Thank you, Your Honor.  I have no  
22 nothing further.  This witness is finally excused as far  
23 as we are concerned.

24                   THE COURT:  Mr. Byrd, you may step down.  You  
25 are excused as a witness.

26                   We will take a 10-minute recess at this time.

27                   (A RECESS WAS TAKEN.)

28                   (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
29 DEFENDANT WERE PRESENT IN OPEN COURT.  PROCEEDINGS RESUMED AS

1     FOLLOWS:)

2                     THE COURT:  You can bring the jury in now.

3             (THE JURY RETURNED TO THE COURTROOM.)

4             Court will come back to order.

5             Who would be the next witness for the defense?

6                     MR. CARTER:  James Taylor Williams, Your Honor.

7             (THE WITNESS ENTERED THE COURTROOM.)

8                     THE COURT:  Come around, face the bench raise  
9     your right hand and take the oath.

10            (THE WITNESS APPROACHED THE BENCH.)

11                    Do you solemnly swear or affirm the testimony you  
12     give in this case will be the truth, the whole truth and  
13     nothing but the truth, so help you God?

14                    THE WITNESS:  I do.

15                    THE COURT:  Please come around.

16            (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

17                    THE COURT:  For the purposes of the record,  
18     state your name, please.

19                    THE WITNESS:  James Taylor Williams.

20                    THE COURT:  You may proceed.

21                    JAMES TAYLOR WILLIAMS, Called on behalf of the Defendant,  
22     having been duly sworn, was examined and testified as follows:

23     DIRECT EXAMINATION BY MR. CARTER:

24                    Q.  How are you doing, Mr. Williams?  I couldn't put a  
25     face to you until I saw you, but now I remember talking to  
26     you.

27                    How are you doing this morning, this evening?

28                    A.  Fine.

29                    Q.  I wanted to talk to you briefly - well, it may not

1 be all that brief - about a statement that you gave awhile  
2 back. You remember the day that the killing took place at  
3 Tardy Furniture store.

4 A. Yes, sir, I do.

5 Q. And you may not remember the date, but I think it  
6 was July 16, 1996. Is that pretty much the time --

7 A. Yes, sir.

8 Q. -- that you have in your mind? Now, I may jump  
9 around a little bit but what exactly were the duties you were  
10 assigned on that particular, particular day? And who made the  
11 assignments to you?

12 A. My assignment that day was I had a case here in  
13 justice court that morning.

14 Q. Okay. And you heard about a, a shooting at --

15 A. Yes, sir. I had just left the courtroom here and  
16 had entered the justice court office when Deputy Bill  
17 Thornburg came in and advised us of an incident there at  
18 Tardy's.

19 Q. Okay. And what did you do after hearing about that?

20 A. I proceeded directly from the courthouse to Tardy  
21 Furniture store.

22 Q. Okay. And what did you hear had happened before you  
23 got to Tardy's?

24 A. I believe Deputy Thornburg had made the statement  
25 that they had some type of shooting there at the --

26 Q. And you got down to Tardy's around 10:46.

27 A. Roughly. Yes, sir.

28 Q. Okay. And what did you do once you got there?

29 A. I initially pulled into the alley there between

1 Tardy's and Weed Brothers garage and worked my way toward the  
2 front of the store there on Front Street.

3 Q. And once you got to Front, who did you meet?

4 A. I believe, best of my recollection, was Chief Johnny  
5 Hargrove.

6 Q. Okay. And how long did you stay there with Chief  
7 Johnny Hargrove?

8 A. It was several minutes there.

9 Q. Okay. Did you ever go inside the building?

10 A. At some point in time I did. Yes, sir.

11 Q. Did you go then or did you go later?

12 A. That -- I believe -- I believe I did go in  
13 momentarily on the first, initial arrival there.

14 Q. Okay. Tell the ladies and gentlemen of the jury how  
15 far you went inside the store and what did you see, if  
16 anything?

17 A. At the time that I entered the store, it was the  
18 three bodies that were there. I saw Miss Tardy, Miss Rigby  
19 and Mr. Golden.

20 Q. Did you see anything else unusual in the store at  
21 that time that would --

22 A. Yes, sir. There was a considerable amount of blood  
23 in the area where their bodies were.

24 Q. Okay. Did you see any other things that could  
25 possibly be considered evidence in this case?

26 A. Not to my recollection, I don't.

27 Q. Okay. Now, did you -- when you were on the back of  
28 the store, did you ever have the occasion to look at the doors  
29 or, or did you look at the doors at the store at any point, in

1 any area?

2 A. When I first arrived I did check the outside doors  
3 to the building as I worked my way toward the front of the  
4 building there.

5 Q. Okay. What, if anything, did you find with respect  
6 to the doors?

7 A. They were secure.

8 Q. All of them were secure. And did you happen to  
9 leave that area at some point shortly?

10 A. Yes, sir, I did.

11 Q. How long would you say you stayed at the furniture  
12 store on your first occasion?

13 A. Roughly, maybe 15 minutes.

14 Q. Okay. In that 15 minutes, who else did you see  
15 besides Chief Johnny Hargrove, if anybody?

16 A. Deputy Thornburg was there. I think it was maybe  
17 another police officer or two there but I'm not sure.

18 Q. Okay. Now, Deputy Thornburg and this other officer  
19 you saw, were they inside the building or outside?

20 A. I don't really recall at that point in time whether  
21 we had entered the building at that time or not there.

22 Q. Okay. Now, when you went into the store the first  
23 time, on the first occasion that you got to Tardy's, did you  
24 go in by yourself or was someone with you?

25 A. I was with Chief Hargrove at the time we went in.

26 Q. Okay. And at that time that you went in, were you  
27 told to -- what were you told? What did Chief Hargrove tell  
28 you with respect to what your conduct -- your behavior should  
29 be like, if anything?

1           A.    Well, with my training and all, after he had advised  
2 me of what had actually happened, I knew that it was a crime  
3 scene, and it was going to have to be investigated. So we  
4 were very careful as to what our movements were in the store.

5           Q.    Okay. Now, did you see any blood that was separate  
6 from the other three areas of blood?

7           A.    Not to my knowledge, I did not.

8           Q.    Did you see any footprints, bloody footprints? Do  
9 you recall ever seeing that?

10          A.    No, sir, I did not.

11          Q.    Okay. Now, you left Tardy's and went to where?

12          A.    I left Tardy's and went down to B and F Building  
13 Supply.

14          Q.    Okay. And why did you go there?

15          A.    My wife works there as bookkeeper. And with  
16 severity of the crime, I was wanting to let them to know to be  
17 cautious of a person or persons coming into that place of  
18 business there.

19          Q.    Okay. And what happened while you were at P and F  
20 and making sure that they knew that something had happened and  
21 to be careful, that kind of stuff? Did anybody come there?

22          A.    Such as?

23          Q.    Did you see Porky Collins there?

24          A.    Yes, sir, I did.

25          Q.    And what did he do or say?

26          A.    Mr. Collins inquired to me what had taken place  
27 there. And at that point in time I told him that we had had a  
28 shooting. I didn't know who was involved or anything, because  
29 at that point I didn't know whether the next of kin had been

1 notified.

2 And during our conversation he related to me that he had  
3 seen Mrs. Rigby earlier at the post office, that he left just  
4 a short distance -- a short time after she left. That he was  
5 going down to the cleaners to either pick up some laundry and  
6 that Miss Rigby was entering the store at that time that he  
7 made his trip down Front Street there in front of Tardy's.

8 Q. And what did you and Mr. Collins do after that?

9 A. We had a short conversation as to what he may have  
10 seen in the immediate area. He said that he noticed two  
11 individuals in the center parking area that appeared to be  
12 having a heated argument, that appeared that they were fixing  
13 to go to blows. And at that time I asked him if he would  
14 follow me back to Tardy's to where he could give a statement  
15 to the investigators.

16 Q. Okay. Now, did he give you a statement, such as  
17 what the people looked like or that kind of stuff? Or you  
18 just took him to the investigators?

19 A. His words were that he didn't know who the  
20 individuals were, but he felt like that if he saw them again  
21 that he could recognize them.

22 Q. Okay. And he didn't give you any description of  
23 what they looked like?

24 A. Other than they were black.

25 Q. Two black males.

26 A. Yes, sir.

27 Q. And y'all went to Tardy's. He followed you in his  
28 car.

29 A. Yes, sir.

1 Q. And you in your patrol car.

2 A. Yes, sir.

3 Q. And you were a highway patrolman at the time, I  
4 believe.

5 A. Yes, sir.

6 Q. Now, so when you went back to Tardy's, who did you  
7 turn Mr. Collins over to?

8 A. I believe it was Mr. Jack Matthews, which was  
9 investigator with the patrol. And if I'm not mistaken, I  
10 believe Mr. John Johnson was there at that particular time.

11 Q. And both were at Tardy's. Where were they located  
12 at Tardy's? Were they inside the store or outside the store?

13 A. They were inside the store just, just as you walk  
14 inside and down to your left.

15 Q. Down to your left. And about how far was that from  
16 the -- where you saw the blood and bodies? Were the bodies  
17 still there when you got back?

18 A. Yes, sir.

19 Q. How far were they away from the blood and the,  
20 the --

21 A. The bodies were located on back toward the center of  
22 the building. It was some distance.

23 Q. Now, did you see any yellow tape back by the bodies  
24 separating that from the location where Mr. Johnson and Mr.  
25 Matthews were located?

26 A. I remember it was some yellow tape on the outside.  
27 At that -- at that particular point in time when I entered  
28 with Mr. Collins, I went directly to the area where Mr.  
29 Johnson and, and the other investigators were.

1 Q. Mr. Hargrove was nowhere around at that time. Is  
2 that fair to say?

3 A. I'm sure he was. I don't recall seeing him --

4 Q. Don't recall.

5 A. -- in that immediate area there.

6 Q. Which one, out of Mr. Johnson and Mr. Matthews, did  
7 you consider to be the lead investigator or to be in charge?

8 A. I have no idea as to who...

9 MR. CARTER: Don't shake your head.

10 Q. You have no idea.

11 A. No, sir.

12 Q. Thank you. But as far as your memory, you took  
13 after Mr. Matthews.

14 A. Well, in most cases your, your state investigator  
15 takes, takes precedence (sic) to that.

16 Q. I want to make sure I understand you. In most cases  
17 where -- you said state investigator for the Mississippi  
18 Highway Patrol.

19 A. Yes.

20 Q. You all.

21 A. Yes, sir.

22 Q. Now, how at that time -- strike that. How long did  
23 you work for the Mississippi Highway Patrol, Mr. Williams?

24 A. Sir.

25 Q. How long did you work for the Mississippi Highway  
26 Patrol in all?

27 A. Twenty-eight and three-quarter years with actual  
28 time with patrol.

29 Q. And by the time the incident happened at Tardy's you

1 had been employed at highway patrol half that time, would you  
2 say? How long?

3 A. Well, this was this '96, and I retired last year.  
4 So probably about 15, roughly 15 years.

5 Q. And after you took Mr. Collins back there and left  
6 him, what did you do after that?

7 A. During the time that we had had the discussion down  
8 at P and F, Mr. Collins had related to me that he had been at  
9 the post office buying a money order. And I went to the post  
10 office to retrieve the receipt where he had purchased that  
11 money order to give a timeline as to when he was actually  
12 there.

13 Q. Okay. And after the post office, what did you do?

14 A. I brought the receipt back down to Mr. Matthews.

15 Q. Okay. And you gave it to Mr. Matthews; is that  
16 correct?

17 A. By that time -- it was within a short period of  
18 time. I don't recall whether I gave it to Mr. Matthews or Mr.  
19 Miller.

20 Q. Okay.

21 A. I believe Mr. Miller had already gotten there about  
22 that time.

23 Q. Okay. Okay. How long did you stay there after,  
24 after passing on the receipt? Do you have any idea?

25 A. Just a short period of time because we were more or  
26 less trying to just kind of ride around the areas and all  
27 there to see if we could find something that might be out  
28 of -- out of place.

29 Q. Okay.

1           A.    To give us a lead on something.

2           Q.    Okay.  Now, did you -- did you see anything out of  
3 place?

4           A.    No, sir.  I drove back down to P and F somewhere  
5 right around 11:00, I think.

6           Q.    Okay.  Let me ask you this.  Did you see anybody  
7 else beside yourself that was riding around the neighborhood  
8 trying to see if you could run up on something out of place?  
9 Was anybody else doing that?  If so, whom?

10          A.    I saw some other patrol vehicles, law enforcement  
11 vehicles.  As to who were in them, I don't recall who it was.

12          Q.    Okay.  And about what time was this would you say?

13          A.    Like I said, this would have been sometime shortly  
14 around 11:00.  Maybe a few minutes after 11:00.

15          Q.    Now, these people that you saw that was riding  
16 around just like you, had you seen them earlier at Tardy's?  
17 Had you seen any of those people meet with Mr. Johnson or Mr.  
18 Matthews and get assignments as to what they should be doing?

19          A.    I did not.

20          Q.    Okay.  You didn't.  Okay.  So you are riding around,  
21 and you eventually wind up going back where?

22          A.    To P and F.

23          Q.    Okay.  And did something happen at P and F this  
24 time?

25          A.    I had a second meeting with Mr. Collins, and he  
26 related to me that he had just came from his brother-in-law's  
27 place of business, which was Fuzzy's Fried Chicken.  That is  
28 next door to -- or was next door to P and F.  And that  
29 according to his brother-in-law, that there was an individual

1 in his place of business short time earlier picking up some  
2 lunches that had made the statement that his vehicle had been  
3 broken into and a gun had been removed from his vehicle.

4 Q. And about time -- about what time was this?

5 A. Like I said, this was somewhere right around 11:00,  
6 give or take a few minutes.

7 Q. Okay. How much time had elapsed between your taking  
8 Mr. Collins to see Mr. Johnson and Mr. Matthews and your  
9 seeing Mr. Collins again at P & F? You don't have to -- just  
10 the best you can.

11 A. Speculating, I'd say probably 35, 45 minutes.

12 Q. Okay. You said you left your brother-in-law's place  
13 of business, which is Fuzzy's; is that correct?

14 A. Sir.

15 Q. Mr. Collins said he had left his brother-in-law's  
16 place of business and that place of business is called  
17 Fuzzy's, I believe, isn't it?

18 A. Yes, sir. Fuzzy's Fried Chicken.

19 Q. Fuzzy's Fried Chicken. And, and he said there was  
20 an individual that had been in there and said he had a gun  
21 stolen. Is that what you said?

22 A. According to Mr. Collins, his brother-in-law had  
23 related to him that a customer had came in to purchase some  
24 lunches and that made the remark that his vehicle had been  
25 broken into and a vehicle -- I mean, excuse me, a weapon or  
26 gun had been taken from the vehicle from Angelica parking lot.

27 Q. Okay. Now, were you able to determine what time --  
28 what did you do after that, after hearing that?

29 A. Well, once he told me that, I went over to talk to

1 Mr. Jones. And Mr. Jones said he did not know what the  
2 individual's name was. But that he frequently came in to pick  
3 up lunches. And that he thought that he did work there at  
4 Angelica and picked up lunches for some of the workers because  
5 they didn't have but 30-minute lunch break. And he asked one  
6 of his workers if she knew who he was. And that's when the  
7 name Doyle Simpson was mentioned.

8 Q. Okay. Now, did Fuzzy tell you or did you think to  
9 ask what time Mr. Simpson was in there that day?

10 A. Like I said, this was all within 11:00 time span, I  
11 believe. The -- he was in probably a few minutes earlier  
12 than, than I was in there.

13 Q. But you didn't -- on that occasion you didn't  
14 actually tie Fuzzy down to a particular time though, did you?

15 A. No, sir.

16 Q. Okay. What did you -- what did you then do?

17 A. Once I got a name I came back and called the police  
18 department and the sheriff's department on the radio and  
19 inquired from them if anyone had called reporting a vehicle  
20 being broken into and a gun stolen from that area of Angelica.

21 Q. And what were you told?

22 A. I was told that they had not.

23 Q. And after that, what did you do?

24 A. I requested from the sheriff's department to send a  
25 deputy to meet me there to where we could talk to the  
26 individual.

27 Q. Okay. And where did y'all go?

28 A. We met there at Angelica, went to the office, talked  
29 to the, the manager there and was told that Mr. Simpson was

1 not there. But he should be arriving shortly, because he had  
2 gone to pick up lunches for the other workers there.

3 Q. Okay. Now, I believe I saw in your report that you  
4 and Mr. Thornburg got to Angelica about 11:14. Is that kind  
5 of the time that you recall or --

6 A. As to what time?

7 Q. 11:14.

8 A. I would say -- safely say that that is probably  
9 about the time that we were there.

10 Q. Okay. You got -- okay. They told you that Mr.  
11 Simpson was going to lunch. And I apologize, if I wasn't  
12 listening well. I may have been looking at my next question.  
13 Could you just tell us, upon you and Mr. Thornburg getting  
14 there, did you do anything outside before going into the  
15 building?

16 A. No, sir. We went in and we talked to the -- to the  
17 lady that was in charge. And that's when she told us that Mr.  
18 Simpson was not there --

19 Q. Okay.

20 A. -- but he should be returning shortly.

21 Q. Did they tell you what time he left?

22 A. They may have mentioned it. I'm -- I don't recall.

23 Q. You don't have any -- one moment. If the report  
24 shows that they told you he left at 10:30, you wouldn't  
25 quarrel with that, would you?

26 A. No, sir.

27 Q. Okay. And while you were inside having a, a  
28 conversation did something happen unusual? Tell us what  
29 happened, what you saw while you and Mr. Thornburg left out

1 the store.

2 A. There was an individual that came by the office  
3 doors virtually running. And Mr. Thornburg and I caught up  
4 with the individual, and it happened to be Mr. Doyle Simpson's  
5 brother, Emmitt.

6 Q. Now, while you were inside did somebody say or tell  
7 you who the gentleman was that was running?

8 A. Not to my knowledge.

9 Q. Okay. So you went and talked to Emmitt. And what  
10 happened as a result of that?

11 A. From there Mr. Doyle arrived and Chief Thornburg and  
12 Mr. Bob Tatum, which was chief of police at Duck Hill, was  
13 down there with us. And they had went back to the office. I  
14 was still talking to Mr. Emmitt Simpson. Excuse me.

15 Q. Let me stop you for a minute you. Again, I may not  
16 have been listening. You said Mr. Bob Tatum, Duck Hill Police  
17 Chief and Mr. Thornburg went --

18 A. They went back to the office there at Angelica.

19 Q. Okay.

20 A. And while I was still talking to Mr. Emmitt Simpson,  
21 Mr. Bob Tatum called me on the radio and told me to come on  
22 back to the office there. That the gentleman that we was  
23 there to see, which would have been Mr. Doyle Simpson, had  
24 arrived. And we went back and Mr. Doyle Simpson and Chief  
25 Thornburg was in the office there.

26 Q. Okay. And Mr. -- and what did Mr. Simpson report  
27 with respect to the gun?

28 A. What did Mr. Simpson report as what?

29 Q. Doyle Simpson. With respect to his gun that he had

1 in his car.

2 A. That it had been removed from the glove compartment  
3 of his vehicle.

4 Q. And did Mr. Simpson state where he had stayed the  
5 night before?

6 A. According to Mr. Simpson he had stayed at his  
7 mother's house there on Poorhouse Road. That normally he  
8 would have kept the vehicle -- excuse me, would have kept the  
9 weapon at his regular residence, but he didn't spend the night  
10 there at his regular residence.

11 Q. He spent the night at his mom's house.

12 A. Right.

13 Q. And put the gun in his car that night or that  
14 morning or some time.

15 A. Well, he had it in the glove compartment there.

16 Q. Yes, sir. And after talking to Emmitt, who you saw  
17 running, and talking to Doyle, who you saw come up later, what  
18 did y'all do after that?

19 A. We talked to Mr. Doyle a short time there at  
20 Angelica. And we left from there.

21 Q. Let me stop you for a minute, Mr. Williams. I'm  
22 sorry. At Angelicas did Mr. Simpson ever say where he got the  
23 gun from?

24 A. Not at Angelica, he did not.

25 Q. Okay. Did he later say at some other point that you  
26 were available and around and heard the answer?

27 A. Yes.

28 Q. Where, where did that take place?

29 A. That took place after we went to Mr. Simpson's

1 mother's and father's house there on Poorhouse Road and  
2 retrieved the ammunition that, that they had been using in the  
3 gun.

4 Q. Okay. Now, did this happen the same day as the  
5 murders?

6 A. Yes, sir.

7 Q. About what time of day? Do you recall?

8 A. This was probably -- I would say around 1:00, 1:30,  
9 possibly 2:00.

10 Q. Okay. Who was with you, as best you can recall?  
11 Who was with and you Mr. Simpson, if you can recall, at Mr.  
12 Simpson's house.

13 A. At the residence?

14 Q. Yes, sir.

15 A. Chief Thornburg. And I don't recall whether it was  
16 sheriff of Choctaw County or the chief deputy of Choctaw  
17 County was there.

18 Q. And where did Mr. Simpson tell you he got the gun  
19 from?

20 A. Mr. Simpson said that he got the gun from a relative  
21 that lived in Louisiana and the reason why he did not report  
22 it as being stolen out of his vehicle that morning is because  
23 the vehicle -- excuse me, the weapon was not registered.

24 Q. Okay. Now, during the time that you were talking to  
25 Mr. Doyle Simpson at Angelicas, did this occur inside the  
26 building or outside the building?

27 A. Part of it was inside. Part of it was outside.

28 Q. Now, the part that occurred inside, were there  
29 employees of Angelicas listening in on the conversation, if

1 you can recall?

2 A. I don't recall that there were. I think it was just  
3 myself and Chief Thornburg. I think Chief Tatum had already  
4 left.

5 Q. Okay. Let's -- did you -- did you all make any  
6 searches or seizures while you were at Angelicas on that  
7 occasion before you left?

8 A. We were given permission from Mr. Emmitt Simpson to  
9 search his van.

10 Q. Okay. And you did.

11 A. We did. We did not find anything.

12 Q. Okay. Did y'all search Mr. Simpson's car at that  
13 time?

14 A. Mr. Simpson carried us out and showed us his vehicle  
15 and showed us where the weapon was kept in that vehicle.

16 Q. Okay. And what did Emmitt tell you that had  
17 occurred between he and Doyle that morning or at some point?

18 A. Something to the effect that Doyle considered maybe  
19 Emmitt had taken the gun out of -- out of the vehicle. And I  
20 think maybe there was some hard feelings for a short period of  
21 time there that Mr. Doyle Simpson felt like Mr. Emmitt had  
22 taken his gun.

23 Q. Okay. Now, after you left Angelicas, where exactly  
24 did y'all go after talking to Doyle and Emmitt and you left  
25 Angelica at some point after -- how long were you at Angelica  
26 before you left on that occasion?

27 A. I don't know. I know when we left from there Mr.  
28 Doyle was doing janitorial work at the high school here. And  
29 he was right at time for him to be at work there at, at the

1 high school. And he advised us if we needed to talk to him  
2 any time after he left there, that we could find him there.

3 Q. So you allowed him to go on to work. And where did  
4 you all go afterwards?

5 A. I left and met the crime scene investigators at the,  
6 the Gas Mart out on 82 just east of the interstate and let  
7 them follow me down to the crime scene.

8 Q. Okay. These are the people from Jackson you are  
9 talking about.

10 A. Yes, sir.

11 Q. Miss Schoene and there was two ladies, I believe,  
12 wasn't it.

13 A. I'm not sure who it was. I let them follow me down  
14 to --

15 Q. Do you know if they were female or male? Or did you  
16 even look, get a chance to look?

17 A. I know one of them was female.

18 Q. And they followed you to the crime scene, to  
19 Tardy's.

20 A. Yes, sir.

21 Q. And, and they went in, I assume. Did you see them  
22 go in?

23 A. No, sir.

24 Q. Did you stay or did you move on to somewhere --

25 A. I went on to something else.

26 Q. Okay. What did you do after that?

27 A. From there a short time later they wanted to talk to  
28 Mr. Doyle Simpson.

29 Q. Who wanted to talk to him?

1           A.    I believe it was, maybe Chief Thornburg, Johnny  
2 Hargrove. I don't recall exactly who all was present.

3           Q.    Okay.

4           A.    But we went to the vocation center there where --

5           Q.    Doyle.

6           A.    -- Mr. Doyle's --

7           Q.    Mother lived.

8           A.    Right.

9           Q.    Let me ask you this. When you got back to Tardy's  
10 Furniture store, before you went to where Doyle's mother  
11 lived, how long did you stay at Tardy's on that occasion?

12          A.    Roughly, guessing, probably 20 minutes.

13          Q.    Okay. And I take it during that period of time that  
14 you went -- did you go inside?

15          A.    Yes, sir.

16          Q.    And I take it you briefed somebody, Mr. Johnson, Mr.  
17 Matthews, about what had happened at Angelica. I don't want  
18 to put words in your mouth. Tell us what happened.

19          A.    As far as what transpired at Angelicas, I was not --  
20 I don't believe I was the one that transferred that to the  
21 investigators. I know at one point we were in Tardy's and,  
22 and that may have been the second trip down that we kindly  
23 scoped the upstairs area of the store. But as far as having  
24 any contact after with the investigators to what transpired  
25 down at Angelica or out at Mr. Simpson's mother's house, I  
26 didn't have any --

27          Q.    You didn't get any further briefing on that.

28          A.    Right.

29          Q.    Okay. Now, when you say you scoped upstairs, who

1 went upstairs, as best you can recall?

2 A. Um...

3 Q. I know you are going by memory. So if you don't  
4 remember, that is fine. Do the best you can.

5 A. I can't recall who all was there. I know a dog was  
6 brought to, to the scene.

7 Q. Okay. And who was the -- do you remember the leader  
8 of the dog?

9 A. Right offhand I can't recall.

10 Q. Do you remember -- even remember what police force?

11 A. He was with the Winona Police Department.

12 Q. Winona Police Department. And the dog was taken  
13 upstairs.

14 A. Yes, sir.

15 Q. Was the dog allowed to track downstairs or to do the  
16 smell test downstairs as well.

17 A. The only that I'm aware of is upstairs.

18 Q. Upstairs.

19 A. Yes, sir.

20 Q. Okay. And do you know if on that occasion that you  
21 were -- did you see Mr. Johnson, John Johnson, and Jack  
22 Matthews?

23 A. Be honest with you, I don't.

24 Q. Okay. Did you see the honorable Mr. Evans on that  
25 occasion when you got there?

26 A. No, sir. I don't recall that.

27 Q. Do you recall seeing him at all at Tardy's that day?

28 A. Yes, sir. At some point in time I did.

29 Q. Okay. Now, now, what did you understand the dog was

1 supposed to be doing, and what did you see the dog do?

2 A. My understanding was that they use dogs to make sure  
3 there was no one hiding upstairs.

4 Q. Okay. And how did you arrive to that understanding?  
5 Did you hear somebody say that or was there discussion about  
6 that or just people's perception of --

7 A. It was just from the, the feeling that I got that's  
8 what it was.

9 Q. Okay. And was the dog and the trainer still there  
10 when you left and went out the courthouse?

11 A. By the time that I left, the dog and the handler  
12 were still there but that was during the time that I left and  
13 went to P & F right along in that time on the second go around  
14 there.

15 Q. I don't know if you --

16 A. That was before we became aware of Mr. Doyle  
17 Simpson's gun missing.

18 Q. Okay. So --

19 A. This was -- this was in the earlier part of --

20 Q. That you saw the dog there.

21 A. -- initial part of the investigation.

22 Q. Saw the dog much earlier. Okay. Now, were you ever  
23 given some specific assignments or duties to perform by Mr.  
24 Johnson or Mr. Evans? Or were you just kind of brought in  
25 using your own best judgment having been a police officer for  
26 a long period of time?

27 A. Primarily just riding. And if someone approached us  
28 with some information as to direct them to the proper  
29 authorities.

1           Q.    Okay.  Now, did somebody tell you to -- as you drove  
2 through the neighborhood looking for clues or whatever, that  
3 if you see something to report to a particular person?  Or was  
4 it -- is that why you did it?  Or you just knew from  
5 experience that, that if you saw something you were supposed  
6 to report it to the investigators or --

7           A.    It is combination of both.

8           Q.    Combination of both.

9           A.    Yes, sir.

10          Q.    Okay.  Who was the person doing the talking and  
11 actually said to you and to others that if you see anything  
12 report it to such-and-such?

13          A.    Mr. Miller and Mr. Matthews.

14          Q.    Okay.  Now, it's your understanding Mr. Miller and  
15 Mr. Matthews were investigators with the highway patrol; is  
16 that correct?

17          A.    Yes, sir.

18          Q.    And you were a patrolman.  Were you still a  
19 patrolman at the time, or what was your, I guess, title or  
20 position at that time?

21          A.    I was a road man.

22          Q.    Now, did you see any investigators on the scene at  
23 Tardy's that you had met before and were familiar with and who  
24 were investigators with other surrounding police department or  
25 agencies?

26          A.    The only ones that I was aware that was  
27 investigators, outside the investigators with the D.A.'s  
28 office, was Mr. Matthews and Mr. Miller.

29          Q.    Okay.  Okay.  So I'm just trying to be clear.  So

1 basically, you understood your duties to be to first of all to  
2 drive around, look for clues. If you saw something out of the  
3 ordinary or that was suspicious to report back. And as far as  
4 going to Angelicas, nobody actually asked you to do that or  
5 instructed you to do that. You did that based on information  
6 that was relayed to you. Is that fair to say?

7 A. Right.

8 Q. And as far as going out on Poorhouse Road with  
9 Doyle, was that something that was assigned to you or was that  
10 something that you just figured out was a good idea and went?  
11 How did that -- how did that come about?

12 A. Well, I was aware that, that they were going to that  
13 area and so --

14 Q. Okay. How did you become aware that they were going  
15 to that area?

16 A. Within talking to Chief Thornburg.

17 Q. Okay. And the reason for going there was, was what,  
18 as best you recall?

19 A. Once found out what the caliber of the weapon was  
20 that was missing, Mr., Mr. Doyle Simpson had made the remark  
21 that they had been using the gun for target practice and still  
22 had some ammunition that hadn't been fired. And it was at his  
23 mother and daddy's house.

24 Q. Okay. Now, in the way Mr. Simpson made this  
25 comment, was it at the school, at Tardy's, at Angelicas?  
26 Where did this occur?

27 A. To be exact, as far as the exact location, I don't  
28 recall whether it was at the school or -- I know it was just  
29 shortly after we left the school there that we went out to his

1 mother and daddy's house.

2 Q. Okay. Now, did you perform any other duties other  
3 than going to Angelicas, seeing Fuzzy, I'm sorry, seeing Mr.  
4 Collins on a couple of occasions and instructing him to go  
5 down and talk to Mr. Johnson, talk to Doyle and Emmitt, going  
6 out to Poorhouse Road and helping look for and retrieve  
7 projectiles? Did you play any other role in this?

8 A. No sir.

9 Q. Okay. Now, with respect to the hull and the  
10 projectile that was found at Doyle's house, did you play any  
11 role in collecting it and packaging it --

12 A. No. No, sir.

13 Q. -- and sending it? And how many times did you  
14 actually go to Poorhouse Road, Doyle's mother's house? Was it  
15 once or was it twice?

16 A. Just that one time.

17 Q. Just that one time. So it is your testimony that  
18 you worked on this case just that one day, July 16. Or did  
19 you --

20 A. Yes, sir.

21 Q. Just that one day. And were you asked that day to  
22 do a, a report that memorialized and set forth in writing what  
23 your duties had been and what your findings had been?

24 A. Pretty -- Yes, sir, I did. I believe Mr. John  
25 Johnson requested that I --

26 Q. Do a report?

27 A. -- write that report.

28 Q. Okay. Did you write a report?

29 A. Sir.

1 Q. You said Mr. Johnson requested that you write a  
2 report.

3 A. Or give a report.

4 Q. Okay. Now, you gave --

5 A. Because I had to write one. I believe I had to  
6 write one and turn it in to my district office.

7 Q. Okay. Did you write one? Do you remember?

8 A. I am sure I did.

9 Q. Okay. And you remember giving Mr. Johnson a  
10 recorded statement at some point too; is that correct?

11 A. Yes, sir. I think it was some several -- few months  
12 later.

13 MR. CARTER: Okay. And may I approach the  
14 witness, Your Honor?

15 THE COURT: You may.

16 Q. Mr. Williams, you can take a look at that and see if  
17 you can identify it and tell us what it is.

18 A. This is the statement that, that I gave to Mr.  
19 Johnson.

20 Q. Thank you, sir. And do you recall what date was on  
21 it when you looked at it?

22 A. I believe it was February 7 of 1997.

23 Q. Yes, sir. And that would have been some seven or  
24 eight months later. Now, now, Mr., Mr. Johnson called you and  
25 asked you to come in and let him get a report from you. Is  
26 that how this came about?

27 A. I am pretty sure that's the way it went.

28 Q. Okay. And to your knowledge he hadn't asked you  
29 earlier, months earlier and you had refused to do so. To your

1 knowledge he, he only asked you to do it at or around the time  
2 that you did it; is that correct?

3 A. I am sure that that is it, because I wouldn't of  
4 refused to give him a statement.

5 Q. Right. If he had asked earlier, you would have done  
6 it earlier.

7 A. Well, you know --

8 Q. Or as early as you could have.

9 A. As early as I possibly could have, yes, sir.

10 Q. Now, you said you are not really sure if you --  
11 correct me if I'm wrong, because I'm not trying to put words  
12 in your mouth. You are not really sure if you did a written  
13 report. But if you did a written report, you didn't -- to  
14 your knowledge, you didn't turn it in to Mr. Johnson or Mr.  
15 Matthews, did you?

16 A. If I did a written report, it would have went into  
17 my district headquarters at Greenwood, and then it would have  
18 been channeled through channels there.

19 Q. And that channel should have --

20 A. I'm sure it would have been a copy that would have  
21 went to the investigators that were handling the case and  
22 would probably went a copy to Jackson.

23 Q. Okay. One moment.

24 Mr. Williams, you were in your uniform that particular  
25 day; right?

26 A. Sir.

27 Q. You were in your uniform on that particular day that  
28 the murders occurred and that you were working on this case.  
29 Were you in your uniform?

1 A. Yes, sir.

2 Q. And you were in your patrol car?

3 A. Yes, sir.

4 Q. Okay. Do you recall if Deputy Thornburg was also in  
5 his uniform and in his sheriff's -- chief deputy car?

6 A. Yes, sir.

7 Q. Okay. Now, did Mr. Thornburg had get to Angelicas  
8 before you?

9 A. No, sir.

10 Q. A little.

11 A. He got there shortly after I got there.

12 Q. After you. Okay. Now, did you see Mr. Thornburg  
13 talking to Mr. Simpson when you were not close enough to hear  
14 what was actually going on?

15 A. To Mr. Simpson? Or are you referring to --

16 Q. Oh, Doyle.

17 A. Doyle.

18 Q. I'm sorry.

19 A. Doyle.

20 Q. Yes, sir.

21 A. It's possible, because by the time I came from Mr.  
22 Emmitt Simpson's vehicle back up to the office there at  
23 Angelica, they were already in, inside the office there at  
24 Angelica. He could have had a conversation with him prior to  
25 me getting there.

26 Q. Okay. And what else was said between the two when  
27 -- before you got there? You have no knowledge of what was  
28 said --

29 A. No.

1           Q.    -- because nobody told you later.  Okay.  Now, did  
2   Porky or Fuzzy give you a physical appearance of this person  
3   they said that was Doyle Simpson?  Did they give a description  
4   of physical appearance?

5           A.    Are you talking about --

6           Q.    Did, did Porky Collins give you a physical  
7   description of this guy that he claimed was up at Fuzzy's and  
8   talking about somebody had taken his gun.

9           A.    The only thing that was mentioned as far as physical  
10   description was that the man was nervous and perspiring  
11   heavily, which it was a hot day in July.  So it could very  
12   easily have been from the weather.  But he acted awful  
13   nervous.  And that he was telling the workers there that at  
14   Fuzzy's that he had a gun stolen out of his car.

15          Q.    And also, now when y'all tried to catch up with  
16   Emmitt, now, correct me if I'm wrong, but my understanding was  
17   that you got in your patrol car and Mr. Thornburg got on his  
18   feet and, and ran and actually tried to catch up with Emmitt.  
19   Is that what happened?

20          A.    Right.

21          Q.    Now, the ammunition that was retrieved at Poorhouse  
22   Road, did you actually see it, see them retrieve it?

23          A.    I didn't see them retrieve it.  I saw it in the box  
24   where it was taken out of the closet.  But now where, where  
25   the ammunition was taken once we left from there, I have no  
26   idea.

27          Q.    Okay.  So y'all took some ammunition when at  
28   Poorhouse Road, at Doyle's place, there was some ammunition  
29   that was taken out of a closet.

1           A.    That's where it was kept was in the closet.  He had  
2 taken it out of the closet, showed it to us.  As to what  
3 happened to that ammunition, I don't know.

4           Q.    Okay.  So and the evidence you saw, was it live or  
5 fired?

6           A.    It was live.

7           Q.    It was live.  Now, did you see Mr. Thornburg or  
8 anybody pick up some hulls from the ground while you were out  
9 there that day?

10          A.    I didn't see anybody pick up any from --

11          Q.    Did --

12          A.    -- from the residence there, no, sir.

13          Q.    Okay.  And did you see anybody, any officer cut a  
14 projectile or anything from a cedar log?

15          A.    No, sir, I did not.

16          Q.    And the evidence that you did see them take from  
17 Poorhouse Road, what did they do with it?  Did you see them  
18 take it back to John Johnson or Jack?  Or what happened to it  
19 after that?  Did you --

20          A.    I have no idea.  When we left the Simpson residence,  
21 I transported Mr. Doyle Simpson in my patrol car back down to  
22 the police department, which is now the E.O.C.

23          Q.    Okay.

24          A.    And the other deputy -- and like I said, I don't  
25 know where -- I know he was from Choctaw County, but whether  
26 it was chief deputy or the sheriff along with Mr. Thornburg,  
27 they, they went in separate directions.

28          Q.    Okay.  Now, when you were down at Angelicas and you  
29 finally met up with Doyle Simpson, did he say anything about

1 anything that had happened to his glove compartment? Or did  
2 he even actually say where the gun was, was taken from?

3 A. He carried us -- Chief Thornburg and I carried --  
4 Mr. Doyle Simpson led Chief Thornburg and I out to his vehicle  
5 and showed us the glove compartment. And it was open.

6 Q. Okay.

7 A. It appeared where it had been pryed open.

8 Q. Okay. And then you saw what you thought might have  
9 been pry marks on the glove compartment.

10 A. Right. It wouldn't -- you couldn't shut it back.

11 Q. Couldn't shut it back. Now, let me ask you this.  
12 Now, there is a lot of comments about how popular those Grant  
13 Hill Fila shoes were. Did you -- did you hear from talking to  
14 any of co-police officers or any investigators that these  
15 shoes, Grant Hill Fila shoes, were popular at the time? Did  
16 you hear any talk like that?

17 A. No, sir.

18 Q. Okay. And did you see the officers going throughout  
19 the neighborhood and checking to see if other people wore  
20 Grant Hill Fila shoes and were bringing them in and ruling  
21 them in and ruling them out as suspects? Did you see anything  
22 like that?

23 A. I have no knowledge.

24 Q. Mr. Williams, I hate to ask you this, because I, I  
25 basically feel you did a good job. But let me ask you. Did  
26 you ever go to the police academy in Jackson? Did you ever go  
27 to the police academy in Jackson?

28 A. I went through the Mississippi Highway Patrol  
29 Training Academy.

1           Q.   Mississippi Highway Patrol training. Okay. And in  
2   that particular program, one of the things they stress and  
3   teach you is to --

4                   MR. EVANS: Object to leading.

5                   THE COURT: Sustained.

6           Q.   Is anything done at that police training at the  
7   highway patrol training with respect to report writing? Is  
8   that mentioned or discussed?

9           A.   You have report writing. Yes, sir.

10          Q.   And are you told whether it's important to do so or  
11   not do so?

12          A.   It's stressed that, that you do your paperwork.  
13   Yes, sir.

14                   MR. CARTER: Okay. One moment, Your Honor. I  
15   think I'm finished.

16          Q.   One final question, Mr. Williams. I don't know  
17   that you, you have given me an answer on this. I don't -- I  
18   don't have a written report that you did. I have never seen  
19   one. As best you, you can -- you said you -- I am trying to  
20   -- you might have written one and, and you might not have.

21          Can you be any more definite in terms of whether you did  
22   or you didn't? And I'm not really -- if you can't, you can't.  
23   Because I am really not trying to belabor the point, because I  
24   actually think you did a good job. Do you know whether you  
25   wrote one any --

26          A.   I am pretty sure that I did write one, that I turned  
27   it in to my district headquarters. Because instances of those  
28   nature -- of a nature of this magnitude you are required to  
29   submit something in writing as to what occurred.

1 Q. Okay. Okay. And prior to the recorded statement  
2 that you gave, did anyone ever -- any of the investigators,  
3 Mr. Johnson, Mr. Matthews, ever ask you whether you had  
4 written a outer statement and follow-up by asking you to  
5 present whatever written statement, if you had written one?

6 A. Not that I can recall.

7 MR. CARTER: Okay. I tender, Your Honor.

8 Thank you, Mr. Williams.

9 CROSS-EXAMINATION BY MR. EVANS:

10 Q. Good evening, Officer Williams.

11 A. Good evening.

12 Q. You were assisting in any way you could, weren't  
13 you?

14 A. Sir.

15 Q. You were assisting in any way you could, weren't  
16 you?

17 A. Under the circumstances, yes, sir.

18 Q. Along with a lot of other officers.

19 A. Yes, sir.

20 Q. And you were not only doing the things that you were  
21 asked to but you were going out and trying to find other ways  
22 of helping, weren't you?

23 A. Yes, sir.

24 Q. And, in fact, you were the first person, I believe,  
25 that Charles Collins or Porky Collins went to offer help that  
26 day; is that right?

27 A. Yes, sir.

28 Q. And he was very detailed about what he saw and where  
29 he was that day, wasn't he?

1 A. Yes, sir.

2 Q. And to verify, since he saw Miss Rigby, to verify  
3 what time it was, you went to the post office yourself and got  
4 that receipt to show what time he was at the post office,  
5 didn't you?

6 A. Yes, sir.

7 Q. And that was another documentation to help pin down  
8 times, wasn't it?

9 A. Yes, sir.

10 Q. He also told you about seeing the two people in  
11 front of the Tardy Furniture Company, didn't he?

12 A. Yes, sir.

13 Q. And he told you that he felt sure that he could  
14 identify the person that was headed towards the store if he  
15 saw him again, didn't he?

16 A. Yes, sir.

17 Q. Are you aware that he has identified somebody in  
18 this case?

19 A. No, sir.

20 Q. You've talked about going to the scene. Did you  
21 ever in any way tamper with anything in the actual scene up  
22 there where the bodies were laying, the hulls were, things  
23 like that?

24 A. No, sir.

25 Q. Did you stay out of that area?

26 A. Yes, sir.

27 Q. Now, as far as going back to Fuzzy's, Doyle Simpson  
28 from the very beginning was telling people that his car had  
29 been broken into, wasn't he?

1 MR. CARTER: I object to that, Your Honor.  
2 Only if he knows. That is speculation.

3 MR. EVANS: Your Honor, I think that is very  
4 clear, and he can -- he can make that judgment.

5 MR. CARTER: He said from the very beginning,  
6 Your Honor. What is the very --

7 THE COURT: I sustain the objection as to the  
8 way the question was phrased.

9 Q. Doyle Simpson earlier that day was telling people at  
10 work and at Fuzzy's that his gun had been stolen, wasn't he?

11 A. Apparently he was.

12 Q. And he cooperated with y'all in every way that you  
13 asked, didn't he?

14 A. Yes, sir.

15 Q. He showed you the car, didn't he?

16 A. Yes, sir.

17 Q. He showed you where the glove compartment had been  
18 pryed open and the gun stolen, didn't he?

19 A. Yes, sir.

20 Q. He took you to where he had some hulls or some  
21 projectiles in the house to see what brand of bullets he had  
22 in that gun, didn't he?

23 A. Yes, sir, he did.

24 Q. And he told y'all that he had a mixed variety of  
25 bullets in that gun, didn't he?

26 A. Yes, sir.

27 Q. Now, I don't know that you did. You didn't go back  
28 to the scene with the officers when they dug some projectiles  
29 out of the post where he had been shooting, did you?

1 A. No, sir.

2 Q. The report that you had was just that Doyle had gone  
3 to pick up some lunches after he had got off work or at  
4 approximately 11:14; is that correct?

5 A. That is when we went to Angelica and inquired about  
6 Mr. Doyle Simpson, the, the lady manager there advised us that  
7 he had gone to pick up some lunches for some of the workers  
8 there.

9 Q. And that was normal, wasn't it?

10 A. Yes, sir. From all indications, I think that he  
11 picked up lunches at various locations for, for those workers.

12 Q. And from what you found out he left there about  
13 10:30 to go do that.

14 A. Roughly. Yes, sir.

15 Q. Now, it kind of sounded like a while ago you had to  
16 jump in your patrol car and take off after Emmitt. Was Emmitt  
17 running from y'all?

18 A. I don't feel like he was running from us, no.

19 Q. What was he doing?

20 A. I think he was having a little nip on the job.

21 Q. And he was trying to get back to where he was  
22 supposed to be on the other side.

23 A. Right. Right.

24 Q. Emmitt fully cooperated with you to didn't he.

25 A. Yes, sir.

26 Q. And the fact that Doyle was even asking him about  
27 the gun, is that much more proof that he had one stolen that  
28 day, isn't it?

29 MR. CARTER: Object, Your Honor.

1           Q.    Just the fact that Doyle was asking Emmitt about  
2   that gun is that much more proof that he actually had one  
3   stolen that day, isn't it?

4                   THE COURT:  Wait.  I sustain the objection.  I  
5   don't think that's a proper question.

6           Q.    Did you take that into your consideration when you  
7   were working there to try to find out what happened to the  
8   gun?

9           I think that is proper, Your Honor.

10                  MR. CARTER:  Same objection.

11                  THE COURT:  I'll overrule it.

12           Q.    You may answer that.  Did you take that fact into  
13   consideration that he was already questioning his brother  
14   about whether he had gotten the gun or not as to whether the  
15   gun was actually stolen?

16           A.    Yes, sir.

17           Q.    All right.  Now, you've talked about all the  
18   different ways that you've helped.  You didn't actually do  
19   anything at the crime scene to recover evidence, did you?

20           A.    No, sir.

21           Q.    You left that to the investigators and the crime  
22   scene experts.

23           A.    Right.

24           Q.    And you work for the same agency that Jack Matthews  
25   and Wayne Miller work for, don't you?

26           A.    Yes, sir.

27           Q.    Or worked for.

28           A.    Yeah.  Yes, sir.

29           Q.    Now, the purpose of the dog was just to go upstairs

1 and make sure that whoever had committed it wasn't hiding up  
2 there.

3 A. Exactly.

4 Q. The dog never went through the crime area.

5 A. None that I'm aware of.

6 Q. And you didn't see the dog wearing Fila Grant Hill  
7 tennis shoes.

8 A. No, sir.

9 MR. EVANS: One moment, Your Honor.

10 THE COURT: Sure.

11 MR. EVANS: Nothing further, Your Honor.

12 REDIRECT EXAMINATION BY MR. CARTER:

13 Q. Mr. Williams, what kind of shoes did Mr. Evans have  
14 on that day?

15 A. I have no idea.

16 Q. So he could have had on the Fila's. Is that fair to  
17 say?

18 A. If you say so.

19 Q. Now, this dog trainer, the guy, I'm assuming the  
20 trainer, the person that was leading the dog, did you happen  
21 to know -- notice what kind of shoes this person might have  
22 had on?

23 A. I just thought of the man -- the man that was  
24 handling the dog that day was Dennis McCullough.

25 Q. Okay.

26 A. And to the best of my knowledge, I believe he had  
27 something on kind of like a combat boot.

28 Q. Okay. Did you see anybody -- you said his name was  
29 Dennis McDonald?

1 A. Oh, I'm sorry. Dennis McCullough.

2 Q. Did you see anyone check his, his shoes?

3 A. No, sir, I did not.

4 Q. Okay. Now, looking in your statement, I am trying  
5 to see what Mr. Collins said in his statement, that if he saw  
6 that person again he would -- he could recognize them.

7 Now, Mr. Johnson got this statement from you. Was there  
8 a conversation between you and Mr. Johnson before he turned  
9 the tape on? Or was it a situation where you came in and the  
10 tape was turned on immediately before he asked you anything?

11 A. I don't recall. I know it wasn't a conversation. I  
12 went in and he told me that, you know, he was going to ask me  
13 some questions, and he was going to tape it if it would be all  
14 right. And I agreed to it.

15 MR. CARTER: Okay. One moment.

16 Q. Now, as to what time Doyle left his job and went to  
17 Fuzzy's, I mean, all you know about that is something that you  
18 were told; is that correct? You don't have any knowledge  
19 exactly what time he left the job, do you? Any personal  
20 knowledge.

21 A. Other than I think that the time that was arrived  
22 was off of his, possibly his time card when he checked out.

23 Q. Okay. Did you put that in your report anywhere,  
24 that the time --

25 A. I didn't see the time clock, so I don't know what  
26 time it was. I didn't see any time card.

27 Q. Okay. I didn't hear you due to the officer's  
28 coughing.

29 You said you thought that time was, was gleaned or was

1 gotten from his time card. But also say you never saw the  
2 time card; is that correct?

3 A. I never looked at the time clock, I mean the time  
4 card. Excuse me.

5 Q. Time card. So you don't personally know --

6 A. No.

7 Q. -- what time he left?

8 A. No, sir.

9 Q. And now, did you say in your statement that you gave  
10 Mr. Johnson, and maybe I missed it -- that Mr. Collins said  
11 that if he saw the people again he would -- could recognize  
12 them? And maybe -- and I do not have speed reading, so I  
13 might have missed it. But can you look, I guess, on this  
14 first page? And if it's in there, I apologize. If it is, I  
15 missed it. And I could have missed it.

16 A. I don't -- I don't see it in here. I am not good at  
17 speed reading either.

18 Q. Okay. That's okay. Thank you. Now, also in your  
19 report, Mr., Mr. Williams, and correct me if I'm wrong, I  
20 didn't really see anything in there about a -- about a dog,  
21 did you?

22 A. No.

23 Q. Now, is it fair to say that this report here is not  
24 a complete report of, of everything that you did on that  
25 particular day that you worked on this case?

26 A. No. It's not a complete report. No, sir.

27 MR. CARTER: One moment, Your Honor.

28 THE COURT: Sure.

29 Q. Mr. Williams, I applaud you. You worked hard on

1 this case, but you were a patrolman doing what you were asked  
2 to do and doing what your instincts and training had, had  
3 compelled you to do. Is that fair to say?

4 A. Yes, sir.

5 Q. And if anything else was required, you realized the  
6 investigators who had the charge and responsibility of  
7 investigating this case to ask you for any additional thing  
8 that they needed from you and to give you any additional  
9 instructions that should have been given to you. Is that fair  
10 to say?

11 A. Yes, sir.

12 MR. CARTER: Thank you. Thank you, sir. I'm  
13 finished. No more questions.

14 THE COURT: He is excused.

15 MR. EVANS: Yes, sir.

16 MRS. STEINER: Yes, sir.

17 THE COURT: Mr. Williams, you may step down.

18 THE WITNESS: Thank you.

19 THE COURT: You are finally excused as a  
20 witness.

21 Who would be your next witness?

22 MR. CARTER: Your Honor, Miss Campbell, Essa  
23 Ruth Campbell.

24 (THE WITNESS ENTERED THE COURTROOM.)

25 THE COURT: I need you to come around, please.

26 (THE WITNESS APPROACHED THE BENCH.)

27 If you would, raise your right hand and take the  
28 oath at this time.

29 Do you solemnly swear or affirm the testimony you

1 give in this case will be truth, the whole truth and  
2 nothing but the truth, so help you God?

3 THE WITNESS: Yes, sir.

4 THE COURT: Please come around and have a seat.

5 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

6 THE COURT: For the benefit of the record,  
7 state your name, please.

8 THE WITNESS: Essa Campbell.

9 THE COURT: Miss Campbell, you are going to  
10 need to speak louder than that. You are going to need to  
11 speak loud enough so these ladies and gentlemen over here  
12 can hear you.

13 ESSA RUTH CAMPBELL, Called on behalf of the Defendant,  
14 having been duly sworn, was examined and testified as follows:

15 DIRECT EXAMINATION BY MR. CARTER:

16 Q. Good afternoon, Miss Campbell.

17 A. Good afternoon.

18 Q. Miss Campbell, what city do you live in?

19 A. Winona.

20 Q. Okay. How long have you lived here?

21 A. Fifty-four years.

22 Q. Okay. And where are you employed now?

23 A. Right now I'm not because I had knee surgery.

24 Q. Knee surgery. Okay. At the time that the murders  
25 occurred down at Tardy's Furniture store, where were you  
26 working?

27 A. At Winona Manor.

28 Q. Okay. How many years did you spend working at the  
29 Winona Manor?

1 A. For 20 years.

2 THE COURT: Can you speak a little louder? I  
3 am afraid everybody over here can't you hear you.

4 Q. Did you say 20 years?

5 A. Twenty.

6 Q. Yes, ma'am. And back at the time that this incident  
7 occurred down at Tardy's, what hours were you working?

8 A. Seven to three.

9 Q. Okay. And what kind of place is Winona Manor? What  
10 occurs there? What kind of business is it?

11 A. It's a nursing home.

12 Q. Okay. What were your duties back then?

13 A. I was a C.N.A.

14 Q. Okay. And what did you do as a C.N.A.?

15 A. I bathed the patients and feed them get them up and  
16 make the bed.

17 Q. Okay. As a result of doing that job, were you  
18 required to move about the building and even go outside?

19 A. Yes.

20 Q. And do you know Curtis Flowers?

21 A. Yes, I do.

22 Q. Are you related to him?

23 A. Yes.

24 Q. How?

25 A. He is my nephew.

26 Q. Do you know Doyle Simpson?

27 A. Yes.

28 Q. Are you related to him?

29 A. Yes.

1 Q. How?

2 A. He is my brother.

3 Q. You know Emmitt Simpson.

4 A. Yes.

5 Q. Are you related to him?

6 A. Yes.

7 Q. How?

8 A. He is my brother.

9 Q. Do you remember about when you heard of the killings  
10 down at Tardy's? About what time did you -- did you hear?

11 A. About 11:00.

12 Q. Okay. Were you still at work?

13 A. Yes.

14 Q. Now, on that particular day, did you see -- strike  
15 that. First of all, did Doyle have a car back then?

16 A. Yes.

17 Q. And what kind did he have?

18 A. I don't know the name of it. I know it was a, a  
19 light and dark brown car.

20 Q. I show you three exhibits, State's Exhibit 100-A,  
21 State's Exhibit 99-A, State's Exhibit 101-A. For the time  
22 being, let's look at State's Exhibit 99-A. That car, you  
23 recognize that car?

24 A. Yes.

25 Q. Who is it? What is it?

26 A. I can't tell, you know, name of the car.

27 Q. Who does it -- I am not asking -- I'm sorry. I'm  
28 confusing you. Who was the owner of that car at some point?

29 A. Doyle.

1 Q. Okay. Your brother.

2 A. Yes.

3 Q. And you have seen that car many times.

4 A. Yes.

5 Q. At your house and all over the place.

6 A. Yes.

7 Q. Now, did you see that car at all on the day that the  
8 murders occurred?

9 A. Yes.

10 Q. And what time did you see it?

11 A. It was between 9:30 and 10:00.

12 Q. Okay. And where were you at and what were you doing  
13 at the time you saw it?

14 A. I was out on the front porch at Winona Manor.

15 Q. And Winona Manor is located where?

16 A. On 82.

17 Q. Is that that new 82, or is it that -- let me see  
18 now. Okay. Is there a old 82 and a new 82 in this town? Or  
19 just one 82? I don't know. I am not trying to confuse you.  
20 But you saw this car on 82. And what direction was it going  
21 towards?

22 A. McDonalds light. McDonalds.

23 Q. Going by McDonalds.

24 A. Um-hum.

25 Q. Okay. And you know for a fact that that was that  
26 car.

27 A. Yes.

28 Q. Were you able to see who was in it?

29 A. No.

1 Q. Did it -- who did you think was in it?

2 MR. EVANS: I object, Your Honor. That is  
3 completely improper.

4 THE COURT: I sustain. I mean if she didn't  
5 see. She can't testify to who she thought was in it if  
6 she couldn't see who was in it. That would be totally  
7 speculative.

8 Q. Okay. Now, how many times did you see that car?

9 A. Twice.

10 Q. Okay. Now, how far were you from it? Where  
11 would -- how far away was -- were you from the car? If I had  
12 to -- was it further than the back of the building?

13 A. Trying to think what -- well, yes.

14 Q. Further than that?

15 A. No. Let me see.

16 Q. I realize you are guessing, so --

17 A. Yeah, I'm just guessing.

18 Q. Are you good at distance?

19 A. No.

20 Q. Okay. So okay, now, the first time you saw it it  
21 was going which way again? It was on 82 doing what?

22 A. It was going towards McDonalds.

23 Q. Going towards McDonalds. And you saw it another  
24 time. And what time was that?

25 A. It was like 10 (inaudible).

26 THE COURT: It was like what? I couldn't hear  
27 you. Can you repeat that? I didn't hear you.

28 Q. Just the best you can. I mean I realize you are  
29 guessing, so the best you can. Did you answer? Did you say?

1 A. Was it later than first time?

2 MR. EVANS: Your Honor, I object to him  
3 leading.

4 MR. CARTER: How is that leading?

5 Q. Was it later or before the other time that you  
6 described?

7 A. It was between like 10:30 and -- I mean 9:30 and --

8 THE COURT: Can you speak up, ma'am? They are  
9 having trouble hearing you over there. And I am having  
10 trouble hearing you.

11 Q. Wait. Miss Campbell, try to relax.

12 A. Okay. And don't be intimidated by anybody.

13 MR. EVANS: Your Honor, I think that was  
14 improper. But I think it is very clear she is trying to  
15 answer the questions and can't. Now, he should --

16 MR. CARTER: Your Honor --

17 MR. EVANS: -- not be able to lead --

18 MR. CARTER: She doesn't have --

19 MR. EVANS: -- and --

20 COURT REPORTER: Judge, they are talking at the  
21 same time.

22 THE COURT: I don't need any side argument.

23 All I asked Miss Campbell to do is speak up.

24 And Miss Campbell, just speak up like -- I know you  
25 are talking out in front of a lot of people and sometimes  
26 that makes people nervous, but don't be nervous and just  
27 be calm and steady. And if you will speak loud, so those  
28 ladies and gentlemen over there can hear you.

29 Q. Okay. So you testified, Miss Campbell, that you saw

1 the car. You know you saw the car.

2 A. Yes.

3 Q. And you know -- if I'm not mistaken you said you saw  
4 it between 9:30 and 10:00 the first time, and you said it was  
5 by McDonalds, I believe; is that correct?

6 A. Going towards McDonalds.

7 Q. Going towards McDonalds. And that would be going --  
8 is that going toward Greenwood or is it going --

9 A. Going towards Greenwood.

10 Q. Going towards Greenwood, which would be west. And  
11 you saw it again; is that --

12 A. Coming back going towards --

13 Q. Going the opposite direction you saw it again. Is  
14 that what you are saying?

15 A. Um-hum.

16 Q. Now, you were on the porch at Winona Manor at --  
17 where were you both times you saw it?

18 A. On the front porch.

19 Q. Front porch. So you saw it going towards McDonalds.  
20 You were sitting on the front porch. Then you saw it go back  
21 in the other direction and you were still on the front porch.

22 A. Um-hum.

23 Q. And you are absolutely sure it was that car.

24 A. Yes.

25 MR. HILL: Your Honor, I believe that is  
26 leading.

27 THE COURT: I --

28 Q. Whose car -- okay. Let me --

29 MR. HILL: We would like a ruling on that.

1 THE COURT: It is leading. You need to avoid  
2 that.

3 MR. CARTER: I will restate it, yes, sir, Your  
4 Honor.

5 Q. You saw that saw car and based on having seen that  
6 car before, who did you know that car belonged to?

7 A. To Doyle.

8 Q. Okay. Any doubt about that being Doyle's car?

9 A. No.

10 Q. Now, Curtis is your relative. Doyle is your  
11 relative. Close relative too, isn't it?

12 A. Yes.

13 Q. And you are not by testifying intending to --

14 MR. HILL: Objection to her intent.

15 MR. CARTER: What? She can't have an intent?

16 MR. HILL: No, sir. That is clearly improper  
17 for him to be suggesting what her intent is.

18 THE COURT: I sustain. I mean at this point it  
19 sounds like you are heading towards a leading question to  
20 me.

21 Q. You are just telling the Court what you saw; is that  
22 correct?

23 A. Yes.

24 MR. CARTER: We tender, Your Honor.

25 CROSS-EXAMINATION BY MR. EVANS:

26 Q. Good evening, Miss Campbell.

27 A. Good evening.

28 Q. Curtis Flowers is your nephew; is that right?

29 A. Yes.

1 Q. And he is the one that is charged with something  
2 here today, isn't he?

3 A. Yes.

4 Q. And you definitely have a reason to want to help  
5 him, don't you?

6 A. I would like to help everybody if I could.

7 Q. You would like to help everybody.

8 A. If I could, yes.

9 Q. Now, how far off of Highway 82 is Winona Manor?

10 A. How far off from it?

11 Q. How far away?

12 A. It's not that far from highway.

13 Q. Have they moved it lately?

14 A. No, they hadn't.

15 Q. It was a pretty good ways off the highway last time  
16 I saw it.

17 A. But you can -- but you can see the highway from it.

18 Q. You can see the highway.

19 A. Yes.

20 Q. But it's a long ways, isn't it?

21 A. It's not that far off.

22 Q. It's not that far off?

23 MR. CARTER: We object to long. We don't --  
24 can we get some direction on what he is talking about?

25 MR. EVANS: Your Honor, I believe this is  
26 cross.

27 THE COURT: I --

28 MR. CARTER: What does that mean?

29 THE COURT: The objection is overruled. He can

1 ask his questions.

2 Q. It's a long way off the highway, isn't it?

3 A. I can see the highway from, from the front porch.

4 Q. Okay. And you just happened to be sitting out there  
5 on the front porch while you were at work just watching the  
6 cars go by.

7 A. No, I was out there with a patient.

8 Q. And you just happened to be looking out there both  
9 times you say this car that looked like Doyle's went by.

10 A. We, we were sitting out on the front porch. I was  
11 out there with one of the patients. We can go out there and  
12 sit with the patient.

13 Q. Well, I'm not questioning that. My question is how  
14 come you just happened to be instead of taking care of the  
15 patient looking at the cars go by both times?

16 MR. CARTER: Your Honor, that is just  
17 ludicrous. I object, Your Honor. That is badgering the  
18 witness.

19 MR. EVANS: Your Honor, this is  
20 cross-examination.

21 THE COURT: Overruled.

22 Q. You may answer the question.

23 A. Because we can sit and talk to our patients on the  
24 front porch.

25 Q. All right. And you don't know how far it is, but  
26 you'll agree with me it's a long ways off the highway.

27 A. But you can see the cars that goes up and down the  
28 highway.

29 Q. Yes, ma'am. You can see that the cars are going up

1 and down the highway. You can do that, can't you?

2 A. Yes, you can.

3 Q. But you couldn't even tell who was driving the  
4 vehicle, could you?

5 A. I can't look inside because the windows was up on  
6 the car.

7 Q. All right. And it was so far away, you couldn't  
8 even see.

9 A. No. It wasn't far away from the building that you  
10 could see -- could not see the car.

11 Q. Windows on Doyle's car aren't tinted, are they?

12 A. I...

13 Q. You don't have to look at the poster. Answer me.

14 A. Well, I couldn't see the person that's --

15 Q. The windows on Doyle's car are not --

16 MR. CARTER: Your Honor, she --

17 MR. EVANS: Your Honor, I object to him --

18 MR. CARTER: She is trying --

19 MR. EVANS: -- interrupting before --

20 MR. CARTER: She is trying --

21 MR. EVANS: -- she --

22 COURT REPORTER: Judge.

23 THE COURT: You can't all talk at the same  
24 time.

25 MR. EVANS: I object to him --

26 MR. CARTER: She is trying --

27 THE COURT: I just said make your objection.  
28 Then he can respond.

29 MR. CARTER: Okay. Your Honor, she tried to

1 answer the question. She tried to follow-up. The same  
2 thing he has been complaining about the whole trial, and  
3 he wouldn't even let her finish.

4 THE COURT: You can complete your answer. Then  
5 he can follow-up his question. If you were not finished  
6 with your answer, then you may finish.

7 THE WITNESS: (No response.)

8 THE COURT: I take it you were finished.  
9 You may ask the next question.

10 Q. When I asked you if Doyle's windows were tinted, you  
11 turned around to look at the picture of the car, didn't you?

12 A. I just turned around.

13 Q. Yes, ma'am. And that is where he had shown you the  
14 pictures of the car a few minutes ago, wasn't it?

15 A. Well, I really don't know about the tint on the car.

16 Q. You don't know much about that car, do you?

17 A. I know it was dark -- light and dark brown. I do  
18 know that.

19 Q. So you are saying --

20 A. Because it sit in my front yard all the time.

21 Q. A light and dark brown car went down Highway 82 in  
22 front of Winona Manor.

23 A. Yes.

24 Q. But you couldn't see who was driving. You don't  
25 even know if Doyle's car has tinted windows; is that right?

26 A. I didn't say I didn't know it was tinted windows.

27 Q. Are they tinted?

28 A. I couldn't see the person that was in the car.

29 Q. Are they tinted windows?

1 A. (No response.)

2 Q. That is a simple question.

3 MR. CARTER: Your Honor, I object.

4 I thought you said --

5 Didn't she say she didn't know whether they were  
6 tinted or not. What else he want her to do?

7 MR. EVANS: Your Honor, she said she didn't  
8 say. I am asking her.

9 Q. Are the windows tinted on Doyle's car?

10 A. I could not tell you if they are tinted or not.

11 Q. Thank you. And you would like to help everybody  
12 out.

13 A. Yes, I would.

14 MR. EVANS: Nothing further, Your Honor.

15 REDIRECT EXAMINATION BY MR. CARTER:

16 Q. Miss Campbell.

17 A. Yes.

18 Q. Is your reason for -- what do you mean by -- first  
19 of all, is your reason for coming here and testifying --

20 MR. EVANS: Your Honor, I object to leading.

21 MR. CARTER: He said -- he asked her if she  
22 would like to come in and help people out.

23 MR. EVANS: And I object to leading.

24 THE COURT: I'll --

25 Q. What, what is your --

26 THE COURT: You can ask her what she meant by  
27 that if that is what you are --

28 Q. What do you mean by that, Miss Campbell?

29 A. I wouldn't want any child -- nobody's child to go

1 anywhere if they had did anything.

2 Q. Okay. Now, let's go back in. Did you see Doyle's  
3 car?

4 A. Yes.

5 Q. You know for a fact that you saw it.

6 A. Yes.

7 Q. Once and twice.

8 A. Yes.

9 Q. Right. And you, you said you couldn't tell who was  
10 actually driving, but you know that was the car.

11 A. Yes.

12 Q. And you don't know whether the windows were tinted  
13 or not. But however they were, you were not able from the  
14 distance you were sitting to actually see who was driving the  
15 car; is that correct?

16 A. Yes.

17 Q. Now, on this stuff about tending to the patient and  
18 not look, are there any rules or were you given any  
19 instructions that when you go outside with a patient that you  
20 can't look around, that you basically keep your eyes on the  
21 patient?

22 A. No.

23 Q. So you were free to look wherever you wanted to; is  
24 that correct?

25 A. Yes.

26 MR. EVANS: Your Honor, every question is  
27 leading, and I object.

28 THE COURT: I agree, Mr. Carter. You are  
29 engaging in leading the witness.

1 MR. CARTER: Yes, sir, I'll stop.

2 Q. Now, this car that's in S-99-A, you've seen this car  
3 numerous times. Is that fair to say?

4 A. Yes.

5 Q. And were there any more cars like that around town,  
6 if you knew.

7 A. I really couldn't tell you --

8 Q. Okay.

9 A. -- because I...

10 Q. Now, and I believe you told me earlier that you are  
11 here to tell what you saw; is that correct?

12 A. Yes.

13 Q. Is that the only thing you are here to do?

14 MR. EVANS: Your Honor, object to leading.

15 A. Yes.

16 THE COURT: Sustained as to leading.

17 Q. Now, you testified a few minutes ago that you didn't  
18 want -- wouldn't want to see anybody's child go to jail for  
19 something they didn't do.

20 A. That's right.

21 Q. And does that include Mr. Simpson too?

22 MR. EVANS: That calls for a conclusion and  
23 it's improper.

24 A. Yes.

25 THE COURT: I'll sustain the objection.

26 MR. CARTER: Wait a minute, Your Honor.

27 Q. Miss Campbell, you just told me that you were here  
28 to tell --

29 MR. EVANS: Your Honor, I object to bolstering

1 the witness, and it has been asked answered several  
2 times.

3 THE COURT: He hadn't even finished his  
4 question yet. So I don't think an objection is  
5 appropriate until a question has been asked.

6 Q. You said you were here and only here to tell what  
7 you saw; is that correct?

8 A. Yes.

9 MR. EVANS: And that's exactly what he was  
10 starting to say. I do object. It's --

11 THE COURT: You are being repetitive at this  
12 point.

13 MR. CARTER: Okay. That's, that's all I've  
14 got, Your Honor.

15 THE COURT: And I assume Miss Campbell is free  
16 to go.

17 MR. CARTER: She is.

18 THE COURT: Miss Campbell, you may step down.  
19 You are free to go wherever you would please at this  
20 time.

21 Court will stand in recess for 15 minutes.

22 (A BREAK WAS TAKEN.)

23 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
24 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
25 WERE AS FOLLOWS:)

26 MRS. STEINER: Your Honor, the next witness  
27 that we would call at this point would be Mr. Billy  
28 Glover. Unfortunately, as the clerk's records will  
29 reflect, Mr. Glover was -- subpoena was issued

*Jury Out*

1 specifically for Mr. Glover.

2 The clerk's records indicate that it was transmitted  
3 to Sheriff Nix, who ascertained that Mr. Glover lives in  
4 Carrollton, North Carrollton. It was transmitted to the  
5 Carroll County Sheriff for service. It was returned  
6 served.

7 And unfortunately, when it became clear we were  
8 going to be starting our case, and after the service, we  
9 learned that despite having been served with the  
10 subpoena, Mr. Glover, who apparently works offshore, went  
11 to the coast, got on the boat or airplane, whatever. And  
12 we were told, and we confirmed with the cell phone  
13 conversation that he is actually offshore now. Now, I  
14 believe he went off on a 14-day shift. As far as I know,  
15 that means he would not ordinarily be back.

16 He is a witness who we consider important to the  
17 case. He has testified -- we weren't expecting him not  
18 to be here. So I haven't -- I have found testimony from  
19 the first trial held here in Winona, and I had pulled one  
20 copy and had my people mark it. And I'd like to call him  
21 as an unavailable witness.

22 Now, I realize -- he, he is physically unavailable  
23 today. Rather than seek a recess, I would like to offer  
24 his testimony from the prior trial. I'd like to allow  
25 the State to review the testimony I'm prepared to offer.  
26 And then also, if -- assuming the Court will allow us to  
27 proceed, there is, at the end of the testimony, a -- at  
28 the end of the cross-examination an objection to a  
29 question that was sustained. And I would, if we are

*Jury Out*

1 allowed to read it, ask that neither the question nor the  
2 objection be read into evidence since it was a sustained  
3 objection.

4 THE COURT: Well, I will first declare him to  
5 be unavailable based on your representations.

6 MRS. STEINER: All right.

7 THE COURT: And I will allow his testimony to  
8 be read. And if there was a question that was asked then  
9 that was sustained then there is no point in reading it.

10 MRS. STEINER: All right. Your Honor, I did --  
11 I am going to hand --

12 MR. EVANS: Your Honor.

13 MRS. STEINER: This is my transcript. You can  
14 review it. And then the transcript, I'll have my people  
15 cross out what should not be read on it. I will ask them  
16 to review and make sure they agree it was a sustained  
17 objection.

18 Your Honor, I located another copy so there will be  
19 three of them.

20 THE COURT: Okay.

21 MR. EVANS: Your Honor, it is mighty convenient  
22 that the very important question about the time is what  
23 they object to, and he is conveniently not here so that  
24 we can rephrase the question now.

25 THE COURT: Well, I will tell you what, Mr.  
26 Evans. I am not going to continue the case for two weeks  
27 for somebody to be flown in from the Gulf of Mexico or  
28 for the county to fly somebody down there to bring him  
29 back.

## Jury Out

1           He did answer a subpoena. He was served a subpoena,  
2           and he will -- make a motion to hold him in contempt and  
3           certainly the Court would issue a warrant for him for  
4           contempt. But at this point, the option would be to  
5           continue the case for an extended period of time while  
6           this witness got back offshore or proceed. And I am  
7           choosing to proceed.

8           MR. EVANS: Yes, Your Honor. I understand.  
9           The Court is going to issue a warrant for him?

10          THE COURT: If the State prepares one, I will  
11          certainly sign it.

12          MR. EVANS: We will prepare one.

13          THE COURT: For failing to appear in court  
14          under subpoena.

15          And I need a copy of the -- I don't know if there  
16          was any objection --

17          MRS. STEINER: Yes, sir.

18          THE COURT: -- that was made during anything,  
19          but I -- if it is, I need to --

20          MR. EVANS: If we are going to use this, I need  
21          a copy of it too.

22          MRS. STEINER: I have got a copy with the  
23          redaction for the State.

24          Your Honor, I will mark here my pencil on the copy I  
25          am giving you where I would propose that the matter cease  
26          and then -- and then resume. Two lines through there and  
27          --

28          THE COURT: Why don't you draw an "X" through  
29          it, because if the court reporter -- for the benefit of

*Jury Out*

1 the court reporter, when she -- I assume it is all right  
2 with you if the court reporter just --

3 MRS. STEINER: Absolutely.

4 THE COURT: Without having to type what  
5 somebody is reading.

6 So if you will just give her the redacted copy at  
7 the conclusion of this proceeding so that she can have  
8 that in her notes.

9 MRS. STEINER: All right.

10 MR. EVANS: If I may inquire. And I agree. I  
11 wouldn't want a continuance either. I am ready to get  
12 this thing over with. What I would ask is that if she  
13 has other witnesses that she is going to put on that we  
14 have a chance to review his other transcripts and see if  
15 that question was asked in a manner that was not  
16 objectionable in another transcript.

17 THE COURT: I don't know. I have no --

18 MRS. STEINER: You can put on rebuttal.

19 THE COURT: I have tried it once. I don't know  
20 if this --

21 MR. EVANS: All I'm asking is if she has other  
22 witnesses for today to give us until in the morning until  
23 this one is presented.

24 THE COURT: Have you got some live witnesses  
25 that you can call or other --

26 MR. EVANS: No, sir. What I'm saying --

27 THE COURT: No. I'm, I'm addressing this to  
28 Mrs. Steiner. I think that is appropriate to see.

29 MRS. STEINER: We, we do have some live

*Jury Out*

1 witnesses. This one -- it just -- we are going into a  
2 different subject matter that we wanted -- this is our  
3 only witness on this subject matter, and we would want to  
4 get that done so we can turn directions.

5 I'm -- you know, I'm at the Court's disposal. I  
6 think they are permitted to impeach or have read into the  
7 record or -- I mean, I suppose I could even recall the  
8 witness.

9 THE COURT: Well, why don't we call somebody  
10 else and then this can be considered and looked at and  
11 they can look through the past transcripts?

12 MRS. STEINER: Okay. All right.

13 THE COURT: Rather than to have this person's  
14 testimony part of it read and then turn around and have  
15 part of it read tomorrow. It would be not only breaking  
16 up the flow of the testimony, but I'm concerned that it  
17 might confuse the jury.

18 MRS. STEINER: Okay. Why don't we have the  
19 proposed testimony as proposedly redacted marked for  
20 identification --

21 THE COURT: You can do that.

22 MRS. STEINER: -- the next exhibit?

23 THE COURT: Exhibit as in just allowing it to  
24 be read?

25 MRS. STEINER: For identification, yes. As we  
26 did with the other transcript.

27 THE COURT: And then we can -- if there is more  
28 testimony that he has offered at some other time, that  
29 could also be considered. Then we will take a look at it

## Jury Out

1 in the morning.

2 MR. EVANS: Yes, sir.

3 MRS. STEINER: Your Honor, may I confer?

4 (A TRANSCRIPT OF THE TESTIMONY OF BILLY GLOVER WAS MARKED  
5 DEFENDANT'S EXHIBIT NUMBER 19 FOR IDENTIFICATION.)

6 MRS. STEINER: Actually, the -- Mr. Glover was  
7 one subject matter. The next subject matter we were  
8 going to have was also going to be a transcript and then  
9 a live witness. And we could certainly complete that  
10 today.

11 That is Stacey Wright. She has -- is the lady who  
12 has moved to Missouri. We, we were very hopeful she  
13 might be down here, and we could get her and make her  
14 stay. We tried. The sheriff tried. She was unable to  
15 be served here. All the information that both the  
16 sheriff and we got was that she continues to reside in  
17 Missouri.

18 In both the fourth and the fifth trials, we actually  
19 did the interstate subpoena. Your Honor gave a  
20 certificate of necessity. The Court summoned her in  
21 Missouri the first time and took evidence from her and  
22 made specific findings that are in an order in the court  
23 file that the judge would not order her to return given  
24 it would cause significant hardship. Not only would  
25 there be the expense, which the .10 a mile and \$40 a day  
26 does not actually cover, but that the person would  
27 miss -- that she would miss work and not have care for  
28 her family.

29 The second time we did that the Court in Missouri,

*Jury Out*

1 the same court, elected simply to conclude that there  
2 could not be changed circumstances and that the total  
3 amount -- and they did not compel her return in both --  
4 in the fourth trial.

5 THE COURT: I, I recall prior to the -- prior  
6 to trial five my ruling was that her testimony from a  
7 previous proceeding could be offered because of her  
8 unavailability.

9 MRS. STEINER: And this is just the same  
10 transcript. It's from the Gulfport trial. And I had a  
11 copy for me to read, and a copy for the witness to read.  
12 I thought it had been previously marked as an exhibit for  
13 identification. If not, I can have someone run and make  
14 a couple more photocopies of it for identification.

15 THE COURT: Well, as long as both sides have a  
16 copy, and I have got a copy.

17 MR. EVANS: I am going to have to get a copy,  
18 Your Honor. I thought there was one in here but there is  
19 not.

20 THE COURT: Well, if you will just run across  
21 the hall and get something xeroxed?

22 MRS. STEINER: May I be excused from the  
23 courtroom?

24 THE COURT: Certainly. Or one of your  
25 associates.

26 MRS. STEINER: Your Honor, while we are waiting  
27 for the duplicate copies, I would also state for the  
28 record that at the commencement of this individual's  
29 testimony, after she identifies herself to the Court,

## Jury Out

1 there is a lengthy bench conference.

2 I'll read into the record what I think we are not  
3 going to be reading aloud when this is marked for  
4 identification. It will be at Page 2510, starting at  
5 Page 12 -- Line 12 of the -- Mr. Horan says, "Your Honor,  
6 can we approach for just a minute?" I would propose --  
7 the witness's identified herself as Stacey Wright.

8 I would propose that in reading this we delete Lines  
9 12 through 16 on -- Lines 12 on Page 2510 through Line 16  
10 on 2512, because that is a bench conference. And just  
11 commence the examination after she has spoken her name in  
12 response to the judge's request, with the question that  
13 begins on Line 17 on Page 2512. Question, yes, ma'am.  
14 Can you tell the ladies and gentlemen, etc.

15 THE COURT: That, that is fine. We are  
16 certainly not going to read any bench conferences in the  
17 record.

18 MRS. STEINER: I have one to be marked.

19 Your Honor, may I have the court reporter also mark  
20 the transcript, and she does not need to take the  
21 testimony.

22 (THE TRANSCRIPT OF THE TESTIMONY OF STACEY WRIGHT WAS  
23 MARKED DEFENDANT'S EXHIBIT NUMBER 20 FOR IDENTIFICATION.)

24 THE COURT: If you'll find somebody to be Miss  
25 Wright.

26 MRS. STEINER: I have. Your Honor, this is  
27 Miss Pria Brandis. She is a law student interning with  
28 our office.

29 THE COURT: Okay. If you will just come around

1 and have a seat. Then she will hand you that transcript.  
2 (MISS BRANDIS WAS SEATED ON THE WITNESS STAND.)

3 THE COURT: I will bring the jury in now.  
4 (THE JURY RETURNED TO THE COURTROOM.)

5 THE COURT: Court will come back to order.

6 Ladies and gentlemen, we have got another witness  
7 who's not available now. Stacey Wright at some previous  
8 time had given sworn testimony, and her sworn testimony  
9 is now going to be read for your benefit.

10 (THE TRANSCRIPT OF THE TESTIMONY OF STACEY WRIGHT WAS  
11 READ.)

12 MRS. STEINER: Your Honor, for purpose --

13 THE COURT: We pick back up after bench  
14 conference was over, starting on Page 2517, Line 20.  
15 (THE READING OF THE TRANSCRIPT CONTINUED THROUGH TO  
16 CONCLUSION.)

17 THE COURT: Who do you have next?

18 MR. CARTER: I don't know if I have got anybody  
19 short, Your Honor.

20 THE COURT: We can start and then we will  
21 recess at some point.

22 MR. CARTER: Latarsha Blissett, Your Honor.  
23 (THE WITNESS ENTERED THE COURTROOM.)

24 THE COURT: I need you to come around, please,  
25 face the bench. Raise your right hand and take the oath.

26 Do you solemnly swear or affirm the testimony you  
27 give in this case will be the truth, the whole truth and  
28 nothing but the truth, so help you God?

29 THE WITNESS: I do.

1 THE COURT: Come around please and have a seat.

2 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

3 THE COURT: For the record, state your name,  
4 please.

5 THE WITNESS: Latarsha Blissett.

6 THE COURT: You may proceed.

7 LATARSHA BLISSETT, Called on behalf of the Defendant,  
8 having been duly sworn, was examined and testified as follows:

9 DIRECT EXAMINATION BY MR. CARTER:

10 Q. How old are you at this point, Miss Blissett, if you  
11 don't mind?

12 A. Thirty-five years old.

13 Q. Okay. And where do you live?

14 A. Thirty-two. Thirty-two years old.

15 Q. Okay. Where do you live?

16 A. In Winona, Mississippi.

17 Q. Okay. And you been here all your life?

18 A. Yes.

19 Q. Okay. And what -- are you employed?

20 A. Yes.

21 Q. Okay. And do you remember the, the time that the  
22 murders happened down at Tardy's Furniture store?

23 A. Yeah. I, I remember the time.

24 Q. And I'm not asking if you remember the date. You  
25 might not -- do you remember the date? But if you don't, it's  
26 all right.

27 A. I just remember the year.

28 Q. Okay. And do you know a Clemmie Fleming?

29 A. Yes.

1 Q. Are you kin to her?

2 A. Yes.

3 Q. Do you know Stacey Wright?

4 A. Yes.

5 Q. You any kin to her?

6 A. No.

7 Q. Okay. Now, were you interviewed by anyone as a, a  
8 witness in the case involving the Tardy murders? Were you  
9 ever interviewed by anybody with the police department?

10 A. Yes, I was.

11 Q. And tell us about -- tell us what happened.

12 A. I was at school one day, and I got picked up by --

13 Q. How old were you?

14 A. Huh?

15 Q. How old were you then?

16 A. I don't -- I can't remember. I'm not -- I can't  
17 remember how old I was at the time they picked me up from  
18 school.

19 Q. You were at school. What school?

20 A. I was at Winona Vo-Tech building.

21 Q. Okay. And someone came to pick you up. Do you  
22 remember who it was?

23 A. It was John and Miss Vanhorn.

24 Q. Okay. John Johnson.

25 A. Um-hum.

26 Q. And Miss --

27 A. Miss Vanhorn. I don't know. Miss Vanhorn. The  
28 lady police that's here in Winona.

29 Q. Liz Vanhorn, I believe. And what happened? They

1 came to school about what, if you recall?

2 A. It was early part of the day.

3 Q. And what did they do once they got there?

4 A. Well, I walked across the street to the  
5 superintendent's little building they got over there. And I  
6 got in the car with them, and we left and went to Greenwood.

7 Q. Okay. And where did you go in Greenwood?

8 A. It was to the highway patrol office, little building  
9 around the back. It gotta be hooked together, because it's  
10 right there, right off the interstate, off the highway.

11 Q. Would that be 82?

12 A. Yeah.

13 Q. Okay. And when you got there, what happened?

14 A. They asked me some questions.

15 Q. Okay. You went inside to a -- some room, I assume.  
16 Is that...

17 A. Yeah. We went inside this room. And I was sitting  
18 in a chair. And the guy that was sitting across from me asked  
19 me some questions. It was a little, small room. And it had  
20 this other little room over here with a window where you could  
21 see people's shadow behind it. But you can't just actually  
22 see the people, but you can see the dark shadows of different  
23 people.

24 Q. You were not a adult at this time; is that correct?

25 A. No, I wasn't. I was a minor.

26 Q. Were your mom with you?

27 A. Nope.

28 Q. And --

29 A. I didn't call her.

1 Q. Okay. Is there any reason why you didn't?

2 A. Because when they asked me to go with them, I just  
3 got in the car with them and left because they was officers.  
4 They were polices. And I didn't know why or what, but I went  
5 with them. I thought maybe they might have contact my  
6 parents.

7 Q. And did you understand that you were going to be  
8 taken to Greenwood before you got in the car?

9 A. I didn't know where we was going.

10 Q. Okay. And was it a patrol car or, or city police  
11 car? Or do you remember what kind of car it was?

12 A. I, I can't remember what kind of car it was.

13 Q. When you got there, who questioned you?

14 A. Johnny. The man.

15 Q. Okay. Now, did they question you on the way to  
16 Greenwood? Were you being asked questions on the way to  
17 Greenwood?

18 A. Huh-huh. On the way to Greenwood we rode and talked  
19 all the way over there. It was just a nice, friendly  
20 conversation. They knew my dad. They just let me, you know,  
21 know they knew my parents and stuff like that.

22 Q. Okay.

23 A. I felt real comfortable riding with them.

24 Q. Okay. And once you got to Greenwood, you went  
25 inside this room with the little window where you could see  
26 shadows. And what happened after that?

27 A. They asked me was I trying to -- well, they told me  
28 they knew I was trying to buy a mobile home, me and my  
29 boyfriend at the time. And they told me that they knew a lot

1 about me, what I was trying to get and do. Told me my social  
2 security number. They just letting me know they, they knew me  
3 real well.

4 Q. Okay. And, and they told you they knew you wanted a  
5 trailer. What else did they do?

6 A. They asked me if I knew what \$30,000 can do. And I  
7 said yeah, I know. And they well, you trying to buy a mobile  
8 home, aren't you? Yeah, I am.

9 Q. Okay. And why did they bring up the money? What  
10 did they want you to do?

11 A. I guess they was letting me know that if I had  
12 \$30,000 that could go towards me getting a mobile home,  
13 because I was just looking at mobile homes.

14 Q. You had been looking at mobile homes, and, and they  
15 knew that.

16 A. Yeah. I don't know how they knew but they knew.

17 Q. Okay. And what -- did they ask eventually about the  
18 Tardy murders or any witnesses? What, what else did they ask  
19 you?

20 A. They asked me if, if I knew what size shoes Curtis  
21 wore, or did I know anything about his shoes size. I, I  
22 couldn't help them in that area, because I did not know.

23 Q. Okay. You told them you didn't know. Anything else  
24 you -- stands out that you remember about that incident?

25 A. No more than after I couldn't help them with the  
26 shoes, then they asked me what size shoes my boyfriend wore.  
27 And I told them what size he wore. They asked me if I knew  
28 what 30,000 could do. And they just kept asking me about  
29 that. And yeah, I know, you know.

1 Q. And who was your boyfriend?

2 A. It was Earl Campbell at the time.

3 Q. How long did they keep you down there?

4 A. I was there when -- had to been -- when I got back  
5 to Winona, school was out. I had to get my things together  
6 and get ready to go home. The whole school was out.

7 Q. How did you get home?

8 A. I walked.

9 Q. They didn't even take you back home? They didn't  
10 take you home?

11 A. No, they didn't take me home. When I got home, I  
12 told my momma about what happened. She didn't even know  
13 nothing about it.

14 Q. Now, now, the time that you spent in Greenwood, was  
15 the entire time spent in this with these two individuals?

16 A. In the room it was just right there. I was sitting  
17 in the chair, and the guy was there. And he recorded  
18 everything that we talked about. It was just me and him right  
19 then. Miss Vanhorn wasn't in the room.

20 Q. Okay. Did she come into the room at some point?  
21 Miss Vanhorn?

22 A. I, I don't think she did.

23 Q. Okay. And once you were not able to help them, what  
24 did they do? Said let's go? What happened?

25 A. Yeah. We got up and left and came back and  
26 everything was okay.

27 Q. Is that the only time they talked to you, only time  
28 Mr. Johnson talked to you about this case?

29 A. Um-hum.

1 Q. Now -- one moment.

2 I believe you testified that Clemmie is your cousin; is  
3 that correct?

4 A. Yeah, she is.

5 Q. And how close? What cousin - first, second, third?

6 A. She is my first cousin.

7 Q. First cousin. Okay. So y'all's mom's -- how y'all  
8 first cousins?

9 A. My dad and her dad, they --

10 Q. Brothers?

11 A. -- brothers. Or they grew up together as brothers,  
12 and that's how we first cousins. Bob Fleming, that's her dad.  
13 And my dad's name is James Fleming.

14 Q. Okay. Now, have you and Clemmie ever had any  
15 discussion about the case and about what she saw or didn't  
16 see?

17 A. Yes, we did. It was after the first trial.

18 Q. And where did this take place? Do you recall?

19 A. At my house the first time.

20 Q. And what did she say?

21 A. She told me that -- if she talked to people, that  
22 she saw Curtis running from the store that they would pay off  
23 her furniture note or give her some money for her furniture.  
24 That is what she said she was going to do. That is what they  
25 asked her.

26 Q. Okay. Did she say she actually saw him? Did she  
27 really see him running?

28 A. She told me she didn't see him, and that they  
29 haven't gave her no money.

1 Q. She said she didn't see Mr. Flowers running and that  
2 she was saying that she saw him for that purpose of not paying  
3 for her furniture or getting some money?

4 A. Her furniture was going to be free and she was --  
5 they were going to give her the money to do away with the bill  
6 if she would have said she saw Curtis. So that is what she  
7 done for the money, for the furniture.

8 Q. Okay. Now, this -- did this happen more than one  
9 time?

10 A. Yeah. We had the conversation a second time. It  
11 was over the phone.

12 Q. Okay. And what did she say on that occasion, if you  
13 recall?

14 A. She said that she didn't change her story, didn't,  
15 didn't tell the people that what she told them was a lie  
16 because if they -- if she told them that she was lying they  
17 was going to take her kids, and she was going to go to jail.  
18 And she didn't want to lose her children.

19 Q. Okay.

20 MR. CARTER: We tender, Your Honor.

21 CROSS-EXAMINATION BY MR. EVANS:

22 Q. Good evening, Miss Blissett.

23 A. How you doing?

24 Q. I'm doing all right. How about you?

25 A. I'm fine.

26 Q. I believe when the officers talked to you, you were  
27 18 years old; is that right?

28 A. I don't know.

29 Q. You were 18 years old, weren't you?

1 A. If you say I was, then...

2 Q. So you weren't a minor.

3 MR. CARTER: Your Honor.

4 THE COURT: I wasn't no 18 years old.

5 MR. CARTER: Your Honor, may --

6 MR. EVANS: Your --

7 MR. CARTER: I think she testified on direct  
8 that she didn't remember how old she was.

9 Q. In one of the previous trials you testified you were  
10 18 when you were picked up. How old were you?

11 A. I don't know how old I was when they picked me up.

12 Q. You wouldn't deny the fact that you've testified at  
13 a previous trial that you were 18.

14 A. I don't know that I said I was 18. I don't remember  
15 that.

16 Q. And you know for a fact that Miss Vanhorn did call  
17 your mother, didn't she?

18 A. No, she did not call my mom. Miss Liz will tell you  
19 that.

20 Q. Yes, she will. Now, you want this jury to believe  
21 that John Johnson just happened to know that you were looking  
22 for a house trailer.

23 A. Yeah, because he --

24 Q. How did he do that? Has he got psychic ability?

25 A. He could have been following me around.

26 Q. Oh, he could have been following you around.

27 A. That's what investigators do.

28 Q. So what you want them to believe is that he offered  
29 you a house trailer if you would tell him what size shoes

1 Curtis Flowers wore.

2 A. No. He did not offer me a house trailer. He asked  
3 me if I knew what \$30,000 can buy.

4 Q. Okay. And he was going to give you \$30,000 to tell  
5 him what size shoes Curtis Flowers wore.

6 A. I don't know if he was going to give it to me or  
7 not. He just asked me if I knew what it could buy.

8 Q. Wouldn't it be a whole lot cheaper to just go ask  
9 Curtis what size shoes he wore?

10 A. Well, I am sure he probably did.

11 Q. According to what you are telling this jury, he  
12 asked you what size shoes Curtis wore and what size shoes Earl  
13 Campbell wore and they carried you back to Greenwood when you  
14 didn't know.

15 A. Repeat your question.

16 Q. The only thing that you told Mr. Carter that he  
17 asked you is what size shoes Curtis Flowers wore and what size  
18 shoes Earl Campbell wore. And they carried you back to Green  
19 -- back to Winona.

20 A. Well, he asked me that and asked me do I know what  
21 \$30,000 can buy. Because Earl Campbell was my boyfriend, and  
22 Earl Campbell kin to Curtis Flowers.

23 Q. Earl -- I am fixing to get into that. Earl is the  
24 defendant's cousin, isn't he?

25 A. Um-hum.

26 Q. And Earl was your boyfriend.

27 A. Right.

28 Q. You had a lot of reasons to want to help out, didn't  
29 you?

1 A. No, I did not.

2 Q. But you want this jury to believe that for \$30,000  
3 all you had to do is say well, I know what size shoes Curtis  
4 Flowers wears.

5 A. If I would have knew what size shoes he wore, I  
6 would have told them. But I did not know.

7 Q. I would to for \$30,000.

8 A. Even if I did know, for \$30,000 -- if I want to just  
9 be dirty, I could have just made up a size.

10 Q. But they didn't ask you --

11 A. \$30,000 --

12 COURT REPORTER: Judge.

13 THE COURT: Wait. Excuse me.

14 Repeat that.

15 Q. They didn't ask you to make up anything, did they?

16 A. No. They didn't ask me to make up nothing. But  
17 offering me that kind of money, that is what they was  
18 expecting for me to do. Lie. Make up a size.

19 Q. That is what you are doing here today, isn't it?

20 A. No. I am telling the truth today. Like I have --

21 Q. You want this jury --

22 A. -- the rest of the time.

23 Q. You want this jury to believe that one, John Johnson  
24 has psychic ability and knew you wanted --

25 MR. CARTER: Your Honor, I object to that.

26 A. No. He is an investigator.

27 MR. CARTER: I object, Your Honor.

28 MR. EVANS: May I --

29 MR. CARTER: I object --

1 MR. EVANS: -- finish --

2 COURT REPORTER: Judge.

3 THE COURT: She is on cross.

4 MR. CARTER: Psychic ability, Your Honor.

5 THE COURT: He can phrase his -- she can answer  
6 that question.

7 Q. You want this jury to believe that John Johnson has  
8 psychic ability, knew you wanted a house trailer and he  
9 offered you \$30,000 just to answer one question - what size  
10 shoes does --

11 A. No.

12 Q. -- the defendant wear?

13 A. No. I don't want them to believe that John Johnson  
14 is a psychic. If he followed me around -- he could have had  
15 you or anyone else to follow me around. But he asked me those  
16 questions, and I answered the questions. The truth is what I  
17 gave him.

18 Q. And that is what he asked and what your answer was.

19 A. The question he asked me, I answered them clearly to  
20 him.

21 MR. EVANS: No further questions, Your Honor.

22 THE COURT: Redirect?

23 MR. CARTER: I don't know that I need to, Your  
24 Honor.

25 REDIRECT EXAMINATION BY MR. CARTER:

26 Q. But Miss Blissett, you are absolutely sure that what  
27 you testified to is, is the truth; is that correct?

28 A. Yes.

29 Q. Thank you very much. No further questions.

1 She can leave.

2 THE COURT: She is finally excused.

3 Miss Blissett, you are excused.

4 THE WITNESS: Thank you.

5 THE COURT: You are free to go wherever you  
6 need to at this time.

7 Ladies and gentlemen of the jury, we are going to  
8 recess. If you will step in the jury room for a few  
9 minutes.

10 If you will get my night bailiffs. I want to  
11 instruct them like I usually do.

12 If you will just step in the jury room. They will  
13 get your transportation, and you can leave shortly. And  
14 don't discuss the case with anyone or among yourselves.  
15 (THE JURY LEFT THE COURTROOM.)

16 THE COURT: I need quiet.

17 Miss Hall, I will tell you this, and you can pass --  
18 I am telling y'all this every day. Again, please be  
19 zealous in making sure that the jury does not have any  
20 outside influences --

21 BAILIFF HALL: Okay.

22 THE COURT: -- that are coming about to let  
23 them know any knowledge of this case. And just please  
24 continue to be faithful in taking care of their needs.  
25 And again, I'll remind you that they can't discuss the  
26 case with anyone or among themselves.

27 BAILIFF HALL: Okay.

28 THE COURT: And, of course, I know you know  
29 this, but you and the other bailiff can't discuss the

1 case with them either.

2 And if you will pass that along to him.

3 BAILIFF HALL: I will.

4 THE COURT: I am doing it every day just about.  
5 Anyway, I just don't think it ever hurts to re-emphasize  
6 things, and I have every confidence that you are  
7 following my instructions.

8 And if he was not doing something else, he would be  
9 standing here with you. So I didn't single you out. I  
10 wanted you to know that too. Anyway, that is all, ma'am.  
11 And y'all have a good night.

12 BAILIFF HALL: Okay. Thank you.

13 THE COURT: Court will stand in recess until  
14 9:00 in the morning.

## GLOVER TESTIMONY READ

1 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
2 OPEN COURT ON JUNE 17, 2010, WITH THE  
3 COURT, THE COURT REPORTER, ALL COUNSEL FOR  
4 BOTH SIDES, THE DEFENDANT AND THE CIRCUIT  
5 CLERK PRESENT, OUTSIDE THE HEARING AND  
6 PRESENCE OF THE JURY, TO-WIT:)

7 **BY THE COURT:** I know there was some  
8 witness that was unavailable, and there was  
9 some discussion about whether there was more  
10 than one transcript of his testimony.

11 **BY MR. EVANS:** Your Honor, I think the  
12 transcripts are all pretty similar. We have no  
13 objection to that particular transcript being  
14 used.

15 **BY THE COURT:** Okay. That will be fine,  
16 then. If you'll bring the jury in, please. At  
17 the appropriate time, I need the copy of the  
18 transcript at some point, when it's being read.

19 **BY MR. CARTER:** Have you got another one  
20 here, Alison?

21 **BY MS. STEINER:** Yes. That's what I'm  
22 trying to pull out for you.

23 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
24 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

25 **BY THE COURT:** Morning, ladies and  
26 gentlemen of the jury. And Court will come  
27 back to order.

28 (To Ms. Steiner) And you can take your  
29 time.

## GLOVER TESTIMONY READ

1           **BY MS. STEINER:** Your Honor, I believe my  
2 reader is in the back along with his copy of  
3 the transcript. May I be excused?

4           **BY THE COURT:** Certainly.

5           (PAUSE)

6           **BY MS. STEINER:** Here, Your Honor, is the  
7 bench copy.

8           (MS. STEINER HANDS TRANSCRIPT TO COURT)

9           **BY THE COURT:** And is Mr. Glover the next  
10 testimony --

11          **BY MS. STEINER:** Yes, Your Honor. We  
12 would have Billy Glover. And I am attempting  
13 to find the third copy of the transcript.

14          **BY THE COURT:** And ladies and gentlemen,  
15 let me explain. You've seen this procedure  
16 already. But Mr. Glover is not available at  
17 this time as a witness. I'm understanding that  
18 he's out of state. And so testimony from a  
19 previous trial will be read at this time. And  
20 the gentleman that's going to be reading  
21 Mr. Glover's testimony is going to be speaking  
22 Mr. Glover's words. And when you're listening  
23 to it, you should consider that that is  
24 Mr. Glover who's speaking. And he was under  
25 oath at the time his testimony was given.

26          **BY MS. STEINER:** Your Honor, I'm afraid  
27 that we're still one shy. Can I get this  
28 copied? Do y'all all --

29          **BY MR. EVANS:** I've got one.

## GLOVER TESTIMONY READ

1           **BY MS. STEINER:** Okay. I can either stand  
2 next to the witness and read it or if you'll  
3 excuse me --

4           **BY THE COURT:** If you want to step out --

5           **BY MS. STEINER:** Thank you.

6           **BY THE COURT:** -- it's not going to take  
7 but a minute to make these copies.

8           (PAUSE)

9           (THE TRANSCRIPT OF DEFENSE WITNESS  
10 BILLY GLOVER WAS THEN READ IN OPEN COURT)

11          **BY THE COURT:** Who would be your next  
12 witness?

13          **BY MR. CARTER:** Kittery Jones.

14          **BY THE COURT:** What's the name?

15          **BY MR. CARTER:** Kittery, Kittery Jones.

16          **BY THE COURT:** If you'll come around  
17 please, but I first need to swear you in. Do  
18 you solemnly swear or affirm that the testimony  
19 you give in this case will be the truth, the  
20 whole truth and nothing but the truth, so help  
21 you God?

22          **BY THE WITNESS:** Yes, sir.

23          **BY THE COURT:** If you'll come around,  
24 please, and have a seat. State your name for  
25 the record, please.

26          **BY THE WITNESS:** Kittery Jones.

27          **BY THE COURT:** And, Mr. Jones, that  
28 doesn't amplify. It just records your voice.

29          **BY THE WITNESS:** Oh, okay.

## KITTERY JONES - DIRECT

1           **BY THE COURT:** If you'll look over at the  
2 ladies and gentlemen and try to talk as loud as  
3 you can for them.

4           **BY THE WITNESS:** Okay.

5           **BY THE COURT:** You may proceed.

6                           **DIRECT EXAMINATION**

7 **BY MR. CARTER:**

8           **Q.** What is your occupation, sir?

9           **A.** I work on air conditioning and  
10 refrigeration.

11          **Q.** And what else do you do?

12          **A.** I'm a pastor.

13          **Q.** And where?

14          **A.** Here in Winona.

15          **Q.** What's the name of your church?

16          **A.** Word of Truth.

17          **Q.** How long you been a pastor?

18          **A.** Probably seven, eight years.

19          **Q.** And do you live in Winona?

20          **A.** Yes, sir.

21          **Q.** How long have you lived here?

22          **A.** All my life.

23          **Q.** How old are you?

24          **A.** Thirty-nine.

25          **Q.** Thirty-nine. And what were you doing back  
26 at the time that the incident happened at Tardy's  
27 back in 1996? What was your occupation?

28          **A.** I wasn't preaching.

29          **Q.** What was your occupation?

## KITTERY JONES - DIRECT

1           A.    I was working at Tyler Holmes Hospital.

2           Q.    Okay.  Now, do you remember hearing about  
3 an incident that happened on July 16th, 1996, at  
4 Tardy Furniture Store?

5           A.    Yes, sir.

6           Q.    How did you hear?

7           A.    My mom had called me.

8           Q.    Okay.  And after you heard -- what time  
9 was it when you heard?

10          A.    I don't remember the time.

11          Q.    Okay.  And were you concerned about it?

12          A.    Yes, sir.

13          Q.    And why?  In an unusual way, why?

14          A.    Because I thought that Curtis Flowers  
15 worked down there.

16          Q.    You knew he used to work down there?

17          A.    Yes, sir.

18          Q.    And you -- did you check to find out  
19 whether he did or not?

20          A.    Yes, sir.

21          Q.    And what did you learn?

22          A.    I went by his house and he came out.

23          Q.    And he wasn't -- did he -- was he still  
24 working there at the time that this happened?

25          A.    I didn't know that.

26          Q.    You didn't know that?  Now, at some point,  
27 you were -- were you interviewed?

28          A.    Yes, sir.

29          Q.    Okay.  And who interviewed you?

## KITTERY JONES - DIRECT

1           A.    John Johnson and -- and Doug Evans.

2           Q.    And how many times were you interviewed?

3           A.    I think it was like twice at the station,  
4 and they came upon my job. They came up to Tyler  
5 Holmes.

6           Q.    And who exactly came up there?

7           A.    It was John Johnson, and I think it was  
8 the Horan guy.

9           Q.    Okay. And they talked to you at Tyler  
10 Holmes?

11          A.    Yes, sir.

12          Q.    And did they -- did you write a report?

13          A.    No, sir.

14          Q.    Did they write one?

15          A.    Not that I know of.

16          Q.    Did they have a tape recorder going?

17          A.    I didn't see one.

18          Q.    Now, had they asked you to write a report  
19 concerning that conversation, you could have done  
20 it, couldn't you?

21          A.    Yes, sir.

22          Q.    Okay. Because you went to school, and you  
23 can read and write; is that correct?

24          A.    Yes, sir.

25          Q.    Okay. And what did they ask you on that  
26 occasion?

27                BY MR. EVANS: Your Honor, I object to  
28 hearsay.

29                BY THE COURT: Sustained.

## KITTERY JONES - DIRECT

1 BY MR. CARTER:

2 Q. What kind of things did they talk to you  
3 about? What was the subject matter?

4 A. The first time at the station?

5 Q. Did the first conversation happen at the  
6 station?

7 A. Yes, sir.

8 Q. Okay. Tell us what happened at the  
9 station.

10 A. Okay. I went down to the station, and  
11 they introduced themselves. And then they began to  
12 ask questions about did I know anything about the  
13 Tardy murders or did I know Curtis Flowers and  
14 questions like that.

15 Q. How long were you there?

16 A. I don't remember how long.

17 Q. Okay. And how did you get there to the  
18 station that day?

19 A. They picked me up.

20 Q. Okay. And you rode in a patrol car?

21 A. Yes, sir.

22 Q. And who exactly picked you up, was it  
23 Mr. Jones (sic)? I mean, was it John Johnson?

24 A. No, sir.

25 Q. Was it a uniformed police officer?

26 A. Yes, sir.

27 Q. From Winona?

28 A. Yes, sir.

29 Q. Black or white?

## KITTERY JONES - DIRECT

1           A.    Black.

2           Q.    Male or female?

3           A.    Male.

4           Q.    Okay.  And you came back -- they brought  
5 you back home?

6           A.    They carried me back.

7           Q.    Excuse me -- to what?  Your job?

8           A.    Yes, sir.

9           Q.    And how long thereafter did they talk to  
10 you again?

11          A.    I don't remember.

12          Q.    Okay.  Where did your next conversation  
13 take place?

14          A.    It was at the station.

15          Q.    How did you get to the station that time?

16          A.    I drove.

17          Q.    And how did you know you needed to go to  
18 the station?

19          A.    They sent word.

20          Q.    For you to come down there?

21          A.    Yes, sir.

22          Q.    And you complied and went on?

23          A.    Yes, sir.

24          Q.    Okay.  And what did they say to you this  
25 time?  What happened this time?

26          A.    We began to talk and talk about Curtis  
27 again.  And then all out of nowhere, Mr. Johnson  
28 reached up and grabbed a piece of paper and he said,  
29 "You know the reward went up, don't you?"  And then

## KITTERY JONES - DIRECT

1 he talked if I came up with something that could  
2 link Curtis or said that Curtis did this, I could  
3 get the reward money.

4 Q. How much was that at the time? Do you  
5 know?

6 A. 15,000.

7 Q. 15,000. How long were you at the police  
8 station that day?

9 A. I don't remember.

10 Q. Okay. Who was present?

11 A. Doug Evans and John Johnson.

12 Q. Okay. So they said -- held up a piece of  
13 paper and showed you the reward has gone up, and  
14 then said if you can tell them something about  
15 Curtis' involvement in the crime, you can get the  
16 reward?

17 A. Yes, sir.

18 Q. Okay. Is that the extent of what happened  
19 on that occasion?

20 A. Yes, sir. Mr. Johnson told me that I  
21 could go purchase me a vehicle. But at the time  
22 that I told him that I had just bought a truck and I  
23 didn't need one. And then he stated that he didn't  
24 know nobody that didn't need \$15,000 in their bank  
25 account. And I told him -- I said, "Yeah, I need  
26 it, but I wouldn't lie on him to get it, lie on a  
27 man to get it."

28 Q. Okay. Now, who else did you say was at  
29 that meeting that particular time?

## KITTELY JONES - DIRECT

1           A.    Mr. Doug Evans.

2           Q.    The district attorney?

3           A.    Yes, sir.

4           Q.    And what else happened? Is that all that  
5 happened? What else do you recall, if anything,  
6 that happened on that occasion?

7           A.    That was about it.

8           Q.    Okay. And after this conversation, what  
9 did you do? Where did you go?

10          A.    I just left and went home.

11          Q.    Went back home?

12          A.    Yes, sir.

13          Q.    Now do you know if this conversation was  
14 being taped on that occasion?

15          A.    I was told that it was.

16          Q.    Did you see a tape recorder?

17          A.    No.

18          Q.    Did you see anybody writing down notes?  
19 Did you see either Mr. Evans or Mr. Johnson writing  
20 notes?

21          A.    They had note pads.

22          Q.    Now, did they ask you to write a statement  
23 on that day?

24          A.    No, sir.

25          Q.    Had they asked you, you could have; is  
26 that correct?

27          A.    Yes, sir.

28          Q.    Now, did they talk to you again after  
29 that?

## KITTELY JONES - DIRECT

1           A.    They came to my job.

2           Q.    Okay.  And what happened when they came to  
3 your job?

4           A.    He just came in and came in the shop where  
5 I was at and he said --

6           Q.    Were you still at Tyler Holmes at that  
7 time?

8           A.    Yes, sir.

9           Q.    Okay.  They came to the shop where you  
10 were at.  What happened?

11          A.    And they told me, you know, We got  
12 concrete evidence against Curtis.  And I was  
13 wondering why were they coming to tell me, because  
14 it didn't have nothing to do with me.  And they just  
15 stated that and they left.

16          Q.    Now, did Mr. Johnson state something to  
17 you?  I'm sorry.  Mr. Evans --

18                   **BY MR. EVANS:**  I object to hearsay.

19          A.    Mr. Evans wasn't there.

20                   **BY MR. CARTER:**

21          Q.    Mr. Evans wasn't there on that occasion?

22          A.    No.

23          Q.    Okay.  Now, on this occasion that  
24 Mr. Evans was present, did he make some comment to  
25 you?

26          A.    Yes.  He told me once that I could get  
27 locked up for obstructing justice.

28          Q.    Now, were you doing anything to obstruct  
29 justice?

## KITTERY JONES - DIRECT

1           A.    No, sir.

2           Q.    Now, are you related to Curtis?

3           A.    Yes, sir.

4           Q.    What -- how?

5           A.    He's my cousin.

6           Q.    And what degree? Do you know?

7           A.    First cousin.

8           Q.    First cousin. Now, you said Mr. Horan was  
9 with Mr. Johnson one time he came to see you?

10          A.    Yes, sir, the last time.

11          Q.    The last time. What -- did Mr. Horan say  
12 anything?

13          A.    I don't recall him saying much.

14          Q.    Okay. Now, this guy that came and picked  
15 you up, did you say Townsend? Is that what you  
16 said?

17          A.    Yes, sir.

18          Q.    What did he say to you, if anything?

19          A.    Nothing.

20          Q.    Okay.

21          A.    But on the way back, the chief carried me  
22 back.

23          Q.    Who carried you back?

24          A.    Chief Hargrove.

25          Q.    And did he say anything to you?

26          A.    Yes, sir.

27          Q.    What did he say?

28          A.    He said that they were barking up the  
29 wrong tree.

## KITTERY JONES - DIRECT

1 Q. What do you mean -- is that all he said?

2 BY MR. EVANS: I object to hearsay, Your  
3 Honor.

4 BY THE COURT: That is hearsay. I'll  
5 sustain.

6 BY MR. CARTER: Okay. One moment.

7 BY MR. CARTER:

8 Q. And your testimony is that when  
9 Mr. Johnson offered you the money, Mr. Evans was --  
10 was there. Is that your testimony?

11 A. Yes, sir.

12 Q. And what did Mr. Evans do, if anything, in  
13 response to Mr. Johnson saying that to you?

14 A. Nothing.

15 Q. Did you see anything, any behavior,  
16 demeanor that showed disapproval, any disapproval of  
17 that?

18 A. No, sir.

19 BY MR. CARTER: One moment, Your Honor.

20 BY MR. CARTER:

21 Q. Now, did you say earlier that you went to  
22 check on Curtis --

23 A. Yes, sir.

24 Q. -- when this crime happened? And why was  
25 that?

26 A. Because I thought he was still working out  
27 there, and I thought he might have been one of the  
28 ones that had gotten killed.

29 Q. Okay. Thank you.

5                   **A.** Yes, sir.

6                   **Q.** That's me?

7                   **A.** Yes, sir.

8                   **Q.** I have never been present when you were

10                  **BY MR. CARTER:** Objection, Your Honor.

11                  **BY THE COURT:** On what basis?

12                  **BY MR. CARTER:** One moment, Your Honor.

17                  **A.** Yes, sir.

18                  **Q.** And that's as true as everything else

21                  **Q.** And that's as true as everything else  
22 you've said today?

23                  **A.** You've been there.

24                  **Q.** Now, you are Curtis' cousin?

25                  **A.** Yes, sir.

26                  **Q.** And what time did you go by his house to  
27 check on him?

28                  **A.** It was around lunchtime.

29                  **Q.** Around lunchtime. So you don't know where

## KITTERY JONES - CROSS

1 he was at the time all these murders were committed?

2 A. No, sir.

3 Q. And you're not trying to alibi him; you're  
4 saying that he was at home at twelve something?

5 A. He was at home before lunch. It was  
6 around lunchtime.

7 Q. And this happened in 1996, and this is  
8 2010. And for the first time, you're saying that I  
9 was present during the interview --

10 BY MR. CARTER: Your Honor, I object to  
11 the form. He's saying this happened. What is  
12 this?

13 BY MR. EVANS: I think everybody in this  
14 courtroom --

15 BY MR. CARTER: I object to the form.

16 BY MR. EVANS: -- knows what happened in  
17 1996.

18 BY MR. CARTER: I object to the form.

19 BY THE COURT: I'll overrule the  
20 objection.

21 BY MR. EVANS:

22 Q. This is the first time in all these years  
23 you're telling anybody that I was present during an  
24 interview?

25 A. I never even knew you before.

26 Q. You didn't know me then either, did you?

27 A. Before I went down there, I didn't even  
28 know your name.

29 Q. But you have a pretty good reason to lie,

## KITTERY JONES - CROSS

1 don't you?

2 **A.** No. I wouldn't lie on you or lie for you.

3 **BY MR. EVANS:** I don't have anything  
4 further of this witness, Your Honor.

5 **BY MR. CARTER:** Neither do I, Your Honor.  
6 Thank you very much.

7 **BY THE COURT:** I assume Mr. Jones is  
8 excused as a witness?

9 **BY MR. CARTER:** Yes, sir.

10 **BY MS. STEINER:** Yes.

11 **BY THE COURT:** Mr. Jones, you may step  
12 down. You're free to go and released from the  
13 subpoena.

14 **BY THE WITNESS:** Thank you, sir.

15 (PAUSE)

16 **BY MR. CARTER:** You ready, Your Honor?

17 **BY THE COURT:** Yeah. I'm waiting to hear  
18 who your next witness was.

19 **BY MR. CARTER:** Connie Moore. Oh, wrong  
20 one, Your Honor. I got my list messed up.  
21 Mary Ella Fleming.

22 **BY THE COURT:** If you'll come around,  
23 please, and face the bench, raise your right  
24 hand and take the oath. Right here. Do you  
25 solemnly swear or affirm that the testimony  
26 that you give in this case will be the truth,  
27 the whole truth and nothing but the truth, so

5           **BY THE COURT:** Ms. Fleming, you're  
6           probably going to need to speak louder. That  
7           does not record -- I mean, that does record; it  
8           doesn't amplify. So if you'll look over toward

16           **A.** Forty-three.

17           **Q.** And you're here under subpoena today; is  
18          that correct?

19           **A.** Yes, sir.

20           **Q.** And you have any sisters and brothers?

21           **A.** Yes, sir.

22           **Q.** How many?

23           **A.** Joanne, Lisa, Robert, Jr., Timmy, Clemmy,  
24          and I have one that died.

25           **BY THE COURT:** I think you need to speak  
26          up a little louder. I've got an indication  
27          that maybe the back row of the jury can't hear  
28          you very well, so if you'll speak louder,

9           **A.**   Yes, sir.

10          **Q.**   And about what time did you hear about

1 same people were at your house?

2 A. Yes, sir.

3 Q. And upon hearing about the incident at  
4 Tardy's, what happened?

5 A. After we heard about it, we all jumped in  
6 the car and went down there to where the Tardy's  
7 Furniture's at.

8 Q. Okay. And what did you see when you got  
9 down there?

10 A. I seen Johnny Glen Hargrove with that  
11 yellow sign, with the yellow thing --

12 Q. Tape?

13 A. Yes, sir.

14 Q. And what else did you see, if anything?

15 A. It was a lot of people standing out.

16 Q. And could you get close to the place at  
17 all?

18 A. We just rode around and kept on going.

19 Q. Okay. Did Clemmy make any remarks at that  
20 time?

21 A. We talked about it earlier, about we were  
22 going down there because Clemmy had to pay a bill,  
23 but we didn't go that morning. And I just told her  
24 that I'm glad we didn't go because we would have  
25 been caught in there.

26 Q. Right. You might have been in there when  
27 it happened?

28 A. Yes, sir.

29 Q. Okay. Now, what time did you first see

## FLEMMING - DIRECT

1 Clemmy that morning?

2 A. About 7:30 or eight o'clock that morning.

3 Q. Okay. And what time was she out of your  
4 view or not with you?

5 A. About three that evening.

6 Q. So if she testified that she saw  
7 Mr. Flowers running from Tardy's somewhere around  
8 9:30 to ten-something, could that have been  
9 possible?

10 A. No, sir.

11 Q. And it couldn't have been possible because  
12 she was with you --

13 A. Yes, sir.

14 Q. -- her sister? Which one of you is the  
15 oldest?

16 A. I am.

17 Q. You love your sister, don't you?

18 A. Yes, sir.

19 Q. You wouldn't lie on her, would you?

20 A. No, sir.

21 Q. Now, you're aware that she's been  
22 testifying repeatedly in the case, aren't you?

23 A. Yes, sir.

24 Q. And do you have any idea of why she's  
25 doing this if she didn't actually see anything?

26 A. No, sir.

27 Q. But you do know that she couldn't have  
28 seen what she claimed she saw; is that correct?

29 A. That's correct.

## FLEMMING - DIRECT

1 Q. You know that for a fact, don't you?

2 A. Yes, sir.

3 Q. Now, did she even -- ever even tell you or  
4 try to convince you that she was actually at Tardy's  
5 and saw this?

6 A. No, sir.

7 Q. Now, did anyone from the police department  
8 ever come interview you?

9 A. No, sir.

10 Q. And do you know if they interviewed  
11 anybody else in your family, your sisters and  
12 brothers?

13 A. I heard that when I was up there working  
14 at Tyler Holmes. One of the housekeepers said that  
15 a police came and got Clemmy one evening.

16 Q. But as far as you know, they didn't  
17 question any other of your siblings?

18 A. No, sir.

19 Q. Now, had they wanted to interview you or  
20 talk to you, would you have been available?

21 A. Yes, sir.

22 Q. And you wouldn't have resisted it? Would  
23 you have resisted it?

24 A. No, sir.

25 Q. Now, you've answered all my questions  
26 truthfully; is that correct?

27 BY MR. EVANS: Your Honor, I object.

28 That's not appropriate.

29 BY THE COURT: I'll sustain. That's just

12           **A.** Good morning.

13           **Q.** I think we've meet like this a couple of  
14           times, haven't we?

15           **A.** Yes, sir.

16           **Q.** Now, you have tried several times to get  
17           your sister not to testify, haven't you?

18           **A.** No, sir.

19           **Q.** You've even tried right before every trial  
20           to get to her not to, haven't you?

21           **A.** No, sir.

22                   **BY MR. CARTER:** Your Honor, I object to  
23           that unless he had some basis or some proof --

24                   **BY MR. EVANS:** Your Honor, she test- --  
25           Clemmy testified that she had tried to get her  
26           not to --

27                   **BY THE WITNESS:** It --

28                   **BY THE COURT:** Wait, wait, wait. I'll

1 **BY MR. EVANS:**

2 Q. You say then in a prior statement that  
3 somebody dropped Clemmy off at your house, didn't

5 A. I don't know if -- I don't know how Clemmy  
6 got there. Clemmy said that Ray Harris dropped her  
7 off.

8 Q. Roy Harris?

9 A. Roy Harris. I don't know how she got  
10 there. I know she was there.

11 Q. All right. And Robert Flemming is your  
12 brother; is that correct?

13 A. Yes, sir.

14 Q. Now, Clemmy had a furniture bill at Tardy  
15 Furniture, didn't she?

16 A. Yes, sir.

17 Q. And it was cosigned by your brother  
18 Robert; is that right?

19 A. Yes, sir.

20 Q. And Robert was sued --

21 **BY MR. CARTER:** Your Honor, I object to  
22 relevance.

23 **BY MR. EVANS:** Your Honor, it's very  
24 relevant. Robert was sued over this bill.

25 **BY THE COURT:** Wait. You need to get

27 **BY THE WITNESS:** No, sir.

28 **BY THE COURT:** You were saying relevant,  
29 and I was going to say you've got to tie it up

## FLEMMING - DIRECT

1           pretty quick if it's relevant.

2   **BY MR. EVANS:**

3           **Q.**   Robert was sued over this bill at Tardy's  
4   Furniture after the murders, wasn't he?

5           **A.**   No, sir.

6           **Q.**   I want to hand you Exhibit 126, and I'll  
7   ask you to look at this before you answer that.

8                   **BY MR. CARTER:** Your Honor, I object to  
9   this as not being relevant. This witness had  
10   no reason to know what happened with respect to  
11   her brother and some furniture that  
12   Mr. Flemming -- that Ms. Clemmie Fleming got.  
13   She hadn't testified that he cosigned or had  
14   anything to do with it whatsoever. This is  
15   improper, a desperate impeachment.

16                   **BY MR. EVANS:** Your Honor, this witness  
17   testified that he cosigned it with her and --

18                   **BY THE COURT:** Well, she testified that  
19   she did not know whether there had been a  
20   lawsuit so I'll sustain the objection, and this  
21   witness is not the appropriate witness to try  
22   to get into any matter concerning that.

23   **BY MR. EVANS:**

24           **Q.**   Robert Flemming is your brother; is that  
25   correct?

26           **A.**   That's correct.

27           **Q.**   What is his address?

28           **A.**   802 Oak Lane.

29           **Q.**   Where did he live back in '96?

## FLEMMING - DIRECT

1           **A.**    He lived with me.

2           **Q.**    And what is that address?

3           **A.**    802 Campbell -- I mean, 202 Academy  
4 Street.

5           **Q.**    Are you aware of the amount of the bill?

6           **A.**    No, sir.

7           **Q.**    And who is Roy Harris?

8           **A.**    That's the guy that Clemmy says she --  
9 that dropped her off at my house.

10          **Q.**    All right. Roy would routinely, for a  
11 fee, carry people around town; is that right?

12          **A.**    That's correct.

13          **BY MR. EVANS:** Your Honor, I have nothing  
14 further of this witness.

15          **BY MR. CARTER:** I tender as well, Your  
16 Honor.

17          **BY THE COURT:** And she's excused?

18          **BY MR. CARTER:** Yes, sir, she's excused.

19          **BY THE COURT:** Ms. Fleming, you may step  
20 down. You're free to go, and you are released  
21 from the subpoena. It looks like you were at  
22 work, so you can go back to work.

23          **BY THE WITNESS:** Thank you.

24          **BY THE COURT:** Who would your next witness  
25 be?

26          **BY MR. CARTER:** Connie Moore, Your Honor.

27          **BY THE COURT:** If you'll come around,  
28 please, and face the bench and raise your right  
29 hand. This direction.

## MOORE - DIRECT

1           **BY THE WITNESS:** Oh, okay.

2           **BY THE COURT:** Do you solemnly swear or  
3 affirm that the testimony you give in this case  
4 to be the truth, the whole truth and nothing  
5 but the truth, so help you God?

6           **BY THE WITNESS:** Yes, sir.

7           **BY THE COURT:** If you'll come around over  
8 here, please, and have a seat. Would you state  
9 your name, please.

10          **BY THE WITNESS:** Connie Moore.

11          **BY THE COURT:** And, Ms. Moore, that is  
12 just recording. It's not going to make your  
13 voice louder, so if you'll look over in the  
14 direction of the ladies and gentlemen and speak  
15 as loud as you can.

16          **BY THE WITNESS:** Okay.

17          **BY THE COURT:** And if you need any water  
18 or anything, let us know that.

19          **BY THE WITNESS:** Okay.

20          **BY THE COURT:** And, as I say, if you'll  
21 look over in that direction, he's going to ask  
22 questions of you shortly.

23          **BY THE WITNESS:** Okay.

24          **BY MR. CARTER:** One moment, Your Honor.

25                   **DIRECT EXAMINATION**

26   **BY MR. CARTER:**

27           **Q.** Good morning, Ms. Moore.

28           **A.** Good morning.

29           **Q.** Ms. Moore, do you know Elaine Goldstein?

## MOORE - DIRECT

1           A.    Yes, sir.

2           Q.    How do you know her?

3           A.    I work with her.

4           **BY THE BAILIFF:**  She's got to speak up.

5           **BY THE COURT:**  Ms. Moore, they can't hear  
6           you so you're going to need to speak a lot  
7           louder.

8           **BY MR. CARTER:**  And, also, that microphone  
9           doesn't magnify your voice.

10          **BY THE COURT:**  Just speak like everybody  
11          in here is hard of hearing.

12          **BY THE WITNESS:**  Okay.

13   **BY MR. CARTER:**

14          Q.    Did she live anywhere near you?

15          A.    Yes, sir, across the street.

16          Q.    Directly in front of you?

17          A.    Yes, sir.

18          Q.    About how far did she live from you?

19          A.    About 107 feet.

20          **BY THE COURT:**  Speak up.

21          A.    107 feet.

22   **BY MR. CARTER:**

23          Q.    How do you know it's that far?

24          A.    We measured it yesterday.

25          Q.    Okay.  So she certainly doesn't live any  
26          25 feet from you?  Doesn't live 25 feet from you?

27          A.    No, sir.

28          Q.    And do you know a Patricia Hallmon?

29          A.    Yes, sir.

## MOORE - DIRECT

1           Q.   And did y'all used to be real good  
2 friends?

3           A.   No, sir.

4           Q.   Did she used to live anywhere near you?

5           A.   Yes, sir.

6           Q.   Did you see her after the incident at  
7 Tardy's took place?

8           A.   Yes, sir.

9           Q.   Did she remain your neighbor for a little  
10 while after that? Did y'all remain neighbors after  
11 the --

12          A.   Yes, sir.

13          Q.   Did y'all interact, conversate after the  
14 murders?

15          A.   Yes, sir, we talked.

16          Q.   Did you ever see her children with any  
17 Grant Hill Filas?

18          A.   No, sir.

19          Q.   Now, do you know Curtis Flowers?

20          A.   Yes, sir.

21          Q.   And did y'all have a relationship back at  
22 the time when the murders at Tardy's took place?

23          A.   Yes, sir.

24          Q.   In fact, y'all used to live together; is  
25 that correct?

26          A.   Yes, sir.

27          Q.   Do you have any children?

28          A.   Yes, sir.

29          Q.   And what are their names?

MOORE - DIRECT

1           **A.**    Marcus, Lamarcus, Marissa and Brittany.

2           **Q.**    Now, do you know if Patricia Hallmon --  
3           strike that. Did you have an occasion to go buy  
4           your kids some tennis shoes that allegedly were  
5           popular back in 1996 and allegedly had something to  
6           do with this case? What type -- did you go buy  
7           your -- some tennis shoes -- some Fila Grant Hill  
8           tennis shoes at some point?

9           **A.**    Yes, sir.

10          **Q.**    And where did you get them from?

11          **A.**    Greenwood.

12          **Q.**    Okay. And who took you there?

13          **A.**    Priscilla.

14          **Q.**    And what did you buy?

15          **A.**    Some Grant Hill Filas, two boxes.

16          **Q.**    How many pair?

17          **A.**    Two.

18          **Q.**    And who did you buy them for?

19          **A.**    My kids.

20          **Q.**    Which kids?

21          **A.**    Marcus and Marissa.

22               **BY THE COURT:** I didn't hear that second  
23           name.

24          **A.**    Marcus and Marissa.

25       **BY MR. CARTER:**

26          **Q.**    Okay. And did you come to buy another  
27           pair for your other child as well?

28          **A.**    Yes, sir.

29          **Q.**    And where did you buy those from?

## MOORE - DIRECT

1           **A.**    At the foot store in Winona.

2           **Q.**    And do you remember the name of the shoe  
3 store you bought the shoes for Marissa and Marcus?

4           **A.**    Shoe Department.

5                   **BY THE BAILIFF:** Your Honor, the jury  
6 cannot hear.

7                   **BY THE COURT:** If you'll speak up, ma'am,  
8 a little louder, please.

9           **A.**    The Shoe Department.

10 **BY MR. CARTER:**

11           **Q.**    Now, what size did you buy?

12           **A.**    A ten-and-a-half and a 12-and-a-half.

13           **Q.**    You bought a ten-and-a-half for Marcus?

14           **A.**    Yes, sir.

15           **Q.**    And a twelve-and-a-half for --

16           **A.**    Marissa.

17           **Q.**    How old is Marissa?

18           **A.**    In '96?

19           **Q.**    How old is she now?

20           **A.**    Twenty.

21           **Q.**    And in '96, she was -- so about four at  
22 the time?

23           **A.**    Yes, sir.

24           **Q.**    So that 12-and-a-half you bought was a  
25 12-and-a-half for a child?

26           **A.**    Yes, sir.

27           **Q.**    And do you recall what size you bought  
28 Lamarcus?

29           **A.**    A seven, I think.

## MOORE - DIRECT

1           Q.   And do you remember the police coming to  
2 your house?

3           A.   Yes, sir.

4           Q.   Do you remember who they were?

5           A.   Not all the officers. I remember Officer  
6 Hargrove came and John Johnson, but the rest of the  
7 officers I couldn't remember.

8           Q.   Okay. And how many times did they come to  
9 your house? Do you remember?

10          A.   Several times.

11          Q.   And each time you -- did they ask you for  
12 things and did they -- did they pass you a paper to  
13 sign? A search warrant? Did they issue a search  
14 warrant?

15          A.   Yes, sir.

16          Q.   And they wanted to search for some things?

17          A.   Yes, sir.

18          Q.   And you allowed them to search for those  
19 things?

20          A.   Yes, sir.

21          Q.   You didn't stop them in any way, did you?

22          A.   No, sir.

23          Q.   And they came back a second time searching  
24 for some things?

25                BY MR. EVANS: Your Honor, object to  
26 leading.

27 BY MR. CARTER:

28          Q.   When they came back the second time, what  
29 did they come back for?

## MOORE - DIRECT

1           A.    They got the shoe box.

2           Q.    They came back -- did they give you a  
3 search warrant on that occasion, the second time?

4           A.    I can't remember.

5           Q.    Did they ask you for the shoe box?

6           A.    Yes, sir.

7           Q.    Did you resist in any way?

8           A.    No, sir.

9           Q.    What was in that shoe box?

10          A.    Some bows.

11          Q.    And what was in the other shoe box?

12          A.    Bows.  One was Christmas bows, and one was  
13 hair bows.

14          Q.    Bows as in Christmas.  And what did you  
15 say?

16          A.    Christmas bows and one was hair bows.

17          Q.    Hair bows.

18          A.    Yes, sir.

19          Q.    Now, did they take any clothes out of your  
20 apartment?

21          A.    No, sir.

22          Q.    You don't remember?

23          A.    No, sir.

24          Q.    I'm --

25          A.    They looked in my washing machine, but I  
26 don't remember them getting any clothes.

27          Q.    You don't remember them getting anything  
28 there?  Did they look in the closets or any other  
29 place?

MOORE - DIRECT

1           **A.**    Yes, sir, they looked.

2           **Q.**    And as far as you know, they didn't take  
3 anything from them other places?

4           **A.**    No, sir.

5           **Q.**    But if they did take something you -- you  
6 can't dispute. You're just saying --

7                   **BY MR. EVANS:** Your Honor, I object.  
8 That's not proper.

9                   **BY THE COURT:** Well, you're leading the  
10 witness, and I agree. If she -- she can't  
11 testify about something she doesn't know.

12 **BY MR. CARTER:**

13           **Q.**    Okay. As far as you can recall, they got  
14 a shoe box when they came. And can you recall them  
15 getting anything else, taking anything else from the  
16 house?

17           **A.**    No, sir.

18           **Q.**    Okay. Where were you working back then?

19           **A.**    Richardson Brothers.

20           **Q.**    And what were your hours back then?

21           **A.**    7:00 to 3:00.

22                   **BY MR. CARTER:** One moment, your Honor. I  
23 have -- I may be finished.

24 **BY MR. CARTER:**

25           **Q.**    Now, Ms. Moore, when the police came to  
26 your house on one occasion, did they do anything  
27 with respect to your bed?

28           **A.**    Yes, sir.

29           **Q.**    What happened?

## MOORE - DIRECT

1           **A.**   They checked my bed, my headboard. I had  
2 a big water bed, and it had drawers up the side of  
3 it, and I had money in it. And they counted it, but  
4 they gave it back to me.

5           **Q.**   They counted it and give it back to you?

6           **A.**   (Nodding head).

7           **Q.**   And they never came back to get it; is  
8 that correct? Or did they?

9           **A.**   No.

10          **Q.**   Now, this shoe box they took, what size  
11 was it?

12          **A.**   A ten and a half.

13                   **BY MR. CARTER:** Thank you so much. I  
14 tender, Your Honor.

15                                   **CROSS-EXAMINATION**

16           **BY MR. EVANS:**

17          **Q.**   Good morning, Ms. Moore.

18          **A.**   Good morning.

19          **Q.**   Ms. Moore, you were living with Curtis  
20 Flowers when these murders were committed; is that  
21 right?

22          **A.**   Well, he was living with me, yes, sir.

23          **Q.**   Y'all were living together?

24          **A.**   Yes, sir.

25          **Q.**   Where were you living?

26          **A.**   702A McNutt Drive.

27          **Q.**   How long had y'all lived together?

28          **A.**   It was a month, I think.

29          **Q.**   And --

## MOORE - CROSS

1                   **BY THE BAILIFF:** They're still having  
2                   trouble hearing.

3                   **BY THE COURT:** If you can speak up a  
4                   little louder, ma'am.

5                   **BY MR. EVANS:**

6                   **Q.** Elaine Goldstein was a neighbor of yours  
7                   at that time; is that correct?

8                   **A.** Correct.

9                   **Q.** Patricia Hallmon was a neighbor of yours  
10                  at that time; is that correct?

11                  **A.** Correct.

12                  **Q.** Curtis was wearing a size ten-and-a-half  
13                  shoe at that time, wasn't he?

14                  **A.** No, sir.

15                  **Q.** Now, why do you say that?

16                  **A.** He wasn't.

17                  **Q.** Are you aware that the shoes that came off  
18                  of him were ten-and-a-halves?

19                  **A.** No, sir.

20                  **Q.** Do you recognize these shoes?

21                  **A.** Yes, sir.

22                  **Q.** Those are Curtis' shoes, aren't they?

23                  **A.** No, sir.

24                  **Q.** Oh, they're not?

25                  **A.** No, sir.

26                  **Q.** Was he wearing somebody else's shoes when  
27                  the officers took them off his feet?

28                  **A.** No, sir.

29                  **Q.** So you're saying that those aren't even

6 Honor.

7 BY THE COURT: I just wanted that clear on  
8 the record.

9 BY MR. EVANS:

10 Q. So if the officers said they took these  
11 off his feet, they'd be lying; is that right?

12 A. Yes, sir.

13 Q. Well, let me show you Exhibit 79-A. Is  
14 that the Fila shoe box that came out of your house?

15 A. Yes, sir.

16 Q. Fila shoe box that was empty the first  
17 time the officers got there; is that right?

18 A. No, sir.

19 Q. And you're saying it had bows in it?

20 A. Yes, sir.

21 Q. You know of any reason the officers would  
22 say it was empty when they arrived?

23 A. No, sir.

24 BY MR. CARTER: Your Honor, I object to  
25 that. I object to that, Your Honor.

26 BY THE COURT: Overruled.

27 BY MR. EVANS:

28 Q. How many times did the officers come to  
29 your house looking for the shoes?

## MOORE - CROSS

1           **A.**    They came several times.

2           **Q.**    And you knew those shoes were important to  
3 whether or not Curtis had committed the murders,  
4 didn't you?

5           **A.**    Yes, sir.

6           **Q.**    You didn't do anything to help the  
7 officers find those shoes, did you?

8           **A.**    Well, I called my son and he had -- he had  
9 moved out, but I looked and they wasn't there.

10          **Q.**    You never got the shoes for the officers?

11          **A.**    They wasn't there.

12          **Q.**    And I think like you testified last time,  
13 you didn't want those shoes found, did you?

14          **A.**    Yes, sir. I wanted them found.

15          **Q.**    Didn't last time when I asked you if it  
16 wasn't true that you didn't want them found you  
17 said, Yes, sir, that's true?

18          **A.**    Oh, I didn't hear the question correctly.

19          **Q.**    Oh, you didn't hear that question? You  
20 knew that Curtis had been fired from Tardy's, didn't  
21 you?

22          **A.**    Yes, sir.

23          **Q.**    He wasn't very happy about that, was he?

24          **A.**    He didn't say.

25               **BY THE COURT:** Speak up.

26               **BY MR. CARTER:** I'm sorry. I didn't hear.

27               **BY THE COURT:** If you'll speak up, ma'am.

28               **BY THE WITNESS:** Okay.

29               **BY MR. EVANS:**

## MOORE - CROSS

1           Q.    You need to answer.  He wasn't very happy  
2 about that, was he?

3           A.    He didn't complain about it.

4           Q.    Your son Marcus was wearing a size seven  
5 when the officers came to your house, wasn't he?

6           A.    No, sir, it was Lemarcus.

7           Q.    All right.  Which is the youngest and  
8 which is oldest?

9           A.    Marcus is the oldest, Lamarcus is the  
10 youngest.

11          Q.    All right.  The youngest, Lamarcus, was  
12 wearing a size seven, wasn't he?

13          A.    Yes, sir.

14          Q.    The oldest one was wearing a size twelve  
15 already, wasn't he?

16          A.    No, sir.  He's wearing a 12 now.

17          Q.    How much money did the officers find in  
18 your headboard?

19          A.    It was two-something.

20          Q.    Two hundred-something?

21          A.    Yes, sir.

22          Q.    In cash?

23          A.    Yes, sir.

24          Q.    Do you remember what bills?

25          A.    I know some 20s and ones.

26          Q.    What time did you get up that morning?

27          A.    Probably around 6:00.

28                BY THE COURT:  Speak up, now.

29                BY MR. EVANS:

## MOORE - CROSS

1 Q. Speak up, please.

2 A. Probably around 6:00.

3 Q. What did you do after you got up?

4 A. Got ready for work.

5 Q. And what time did you leave?

6 A. Might have been about ten or 15 'til.

7 Q. 'Til 7:00?

8 A. Yes, sir. I had to be in around 7:00.

9 Q. What was Curtis doing when you got up?

10 A. I don't know whether he was up or laying  
11 down. I can't remember.

12 Q. You don't remember?

13 A. No, sir.

14 Q. What was he doing when you left the house?

15 A. I don't -- like I said, I can't remember.

16 BY THE COURT: You've got to speak up.

17 BY THE BAILIFF: They can't hear you.

18 BY MR. EVANS:

19 Q. So you don't know what he was doing when  
20 you got up. You don't know what he was doing when  
21 you left the house?

22 A. No, sir, I don't remember.

23 Q. And according to you, he didn't wear the  
24 shoes that the officers took off of him?

25 A. No, sir.

26 Q. Didn't wear a size ten-and-a-half?

27 A. No, sir.

28 BY MR. EVANS: I don't have anything  
29 further, Your Honor.

4                   **Q.** Now, Ms. Moore.

5                   **A.** Yes, sir.

6                   **Q.** This money you had, whose money was that?

7                   **A.** Mine.

8                   **Q.** And how did you get it?

9                   **A.** I worked for it.

10                  **Q.** Okay. Now, your testimony is that -- did  
11 you ever see Mr. Flowers wearing these shoes?

12                  **A.** No, sir.

13                  **Q.** Now, Mr. Evans asked you something about  
14 Curtis being fired. Now, Curtis worked for Tardy's.  
15 Did he work for Tardy's any time prior to the 4th of

## DIRECT EXAMINATION

BY MR. CARTER:

Q. Mr. Johnson, how far did you go in school?

A. I went to Hinds Junior College for a year. I didn't complete anything beyond that.

Q. Can you speak up so everybody can hear you? You say you went to Hinds Junior College for a year, and you didn't complete the year or --

A. That's true.

Q. Okay. And what did you major in while you were down there?

A. Just general courses.

Q. Just general courses. And you ever been in the armed services?

A. I was in the national guard for six years.

Q. And you ever worked for the Winona Police Department?

A. I did.

Q. How long?

A. I worked a number of years there, and I went to Grenada and worked in Grenada. Then I went back to Winona.

Q. How many years did you work in the Winona Police Department?

A. I think about 12 years.

Q. What ranks and positions did you hold?

A. I was a lieutenant, then assistant chief and then chief of police.

Q. Okay. Lieutenant, assistant chief, then

## JOHNSON - DIRECT

1 chief. How long were you lieutenant? Did you start  
2 as a lieutenant?

3 A. No. I was --

4 Q. What did you start as?

5 A. -- patrolman.

6 Q. How long were you a patrolman?

7 A. I don't remember exactly.

8 Q. Give it your best guess.

9 A. A few years. I don't remember.

10 Q. A few years though. Okay. Was it less  
11 than five?

12 A. Probably.

13 Q. Okay. And then you got promoted to  
14 lieutenant?

15 A. I did.

16 Q. And how long were you a lieutenant?

17 A. Probably a year.

18 Q. And then you got promoted to assistant  
19 chief?

20 A. I did.

21 Q. How long were you assistant chief?

22 A. Four years.

23 Q. And how long were you chief?

24 A. Six years.

25 Q. And you said you went to the Grenada  
26 Police Department?

27 A. I did.

28 Q. How long were you there?

29 A. About two and half years.

## JOHNSON - DIRECT

1 Q. And what position did you have there?

2 A. Patrolman.

3 Q. And was this before you started working  
4 for the Winona -- the Winona Police Department or  
5 was it in the --

6 A. I worked for Winona for a year or so and  
7 went to Grenada, worked a couple, two and a half  
8 years, I think, and came back to Winona.

9 Q. And after your six years as chief, what  
10 did you do and where did you go work?

11 A. I went to work for the district attorney  
12 in this district.

13 Q. And that would be Mr. Doug Evans; is that  
14 correct?

15 A. That's correct.

16 Q. And how long had you been working for  
17 Mr. Evans at the time that the crime occurred down  
18 there at Tardy's?

19 A. About four years.

20 Q. Okay. Now, at what point did you go to  
21 the police academy in Jackson or somewhere?

22 A. I think in 1972, I believe.

23 Q. 1972 you went to the police academy.  
24 Where were you working then?

25 A. Winona Police Department.

26 Q. And what rank did you have then?

27 A. Patrolman.

28 Q. Patrolman. And did you have the occasion  
29 to go back again or to get further studies and

## JOHNSON - DIRECT

1 training from there or somewhere else?

2       **A.** I've been to a lot of different seminars  
3 and training, both through the state police academy.  
4 I attended a forensic science seminar with Chester  
5 Quarles at Ole Miss. I've been to at least three  
6 different seminars where Dr. Henry Lee was the  
7 instructor, both in Mississippi Prosecutors  
8 Association meetings and -- let's see -- Mississippi  
9 Division of International Association of  
10 Identification. I'm a member of both of those  
11 organizations. I've attended many seminars there  
12 and conducted and held seminars here in this  
13 courtroom when I was police chief and supported by  
14 Holmes Junior College, the FBI and other seminars  
15 that we shared with other local agencies while I was  
16 chief.

17       **Q.** There is a noted doctor - criminalist from  
18 Massachusetts that teaches classes all across the  
19 country on how to investigate and all that kind of  
20 stuff?

21       **A.** He does. I've also been to a school at  
22 Fort George, Georgia Military Police school in civil  
23 disorder and organized control.

24       **Q.** Okay. And many, if not all of those  
25 training sessions that you went to, some portion are  
26 homicide investigation, documentation and  
27 organization of files related to crime scenes  
28 were -- are discussed and told; is that fair to say?

29       **A.** Yes.

## JOHNSON - DIRECT

1           Q.   Now, the job with Mr. Evans, you went  
2 there as a what? What is your position called?

3           A.   Investigator.

4           Q.   Okay. And did you take any further  
5 training during the time you worked for Mr. Evans?

6           A.   No, but I continued membership with the  
7 Mississippi Division of International Association of  
8 Identification, also a member of the Mississippi  
9 Prosecutors Association, and we have a conference  
10 where guests are invited to give instruction on  
11 investigations.

12          Q.   Okay.

13                **BY THE BAILIFF:** Your Honor, the jurors  
14 ask that he speak up.

15                **BY THE COURT:** Mr. Johnson, if you'll  
16 speak up a little.

17                **BY THE WITNESS:** Yes, sir.

18 **BY MR. CARTER:**

19          Q.   Okay. Now, I might jump around a little  
20 bit. I apologize for that. Now, where were you  
21 when you heard about the crime down at Tardy's?

22          A.   The district attorney's office in Grenada.

23          Q.   And how did you hear about this crime?

24          A.   We received a phone call from Chief  
25 Hargrove.

26          Q.   Okay. And asking for what?

27          A.   Assistance.

28          Q.   And who went? Who showed up to assist  
29 from your office -- from Doug Evans' office?

## JOHNSON - DIRECT

1           **A.**   Mr. Evans and myself.

2           **Q.**   And is that all?  Anybody else from that  
3 office?

4           **A.**   I think his son was there at some point,  
5 but I don't know about early on.

6           **Q.**   Is his son a police officer?

7           **A.**   He is.

8           **Q.**   Was he a police officer back then?

9           **A.**   No, sir.

10          **Q.**   Okay.  Why was he there?  Do you know?

11          **A.**   He was just in Winona, and I saw him later  
12 after the crime scene.

13          **Q.**   And you told him, Come on, let's go to the  
14 crime scene?

15          **A.**   No.  We didn't go to the crime scene.  He  
16 didn't that I'm aware of.

17          **Q.**   Now, you say Mr. Evans' son was there.  
18 Are you talking about at the office or the crime  
19 scene?

20          **A.**   No, he was just in Winona.  I saw him  
21 later in Winona.  You said -- asked who went there.  
22 I thought you were talking about Winona.

23          **Q.**   Did you see Mr. Evans' son at the crime  
24 scene?

25          **A.**   I didn't see him there.

26          **Q.**   Now, when you got to the -- the crime  
27 scene, tell us what happened.  Who did you see?  Who  
28 was the first person you saw?

29          **A.**   Chief Hargrove was there.  I saw numerous

## JOHNSON - DIRECT

1 officers at the front door and on Front Street.

2 Q. Who were they? Tell me who they were.

3 A. At some point I saw Bill Thornburg, James  
4 Taylor Williams, I think Vincent Small. That's the  
5 only officers I remember seeing there when I came  
6 in.

7 Q. Okay. Did you ever write their names down  
8 in a document as being present when you got there?  
9 Did you make a report setting forth that you saw  
10 these people upon arriving at Tardy's Furniture  
11 Store?

12 A. No, sir. They were there. I didn't -- I  
13 don't remember writing their name in a report to say  
14 that they were there, but I knew they were there,  
15 yes.

16 Q. Okay. And you got there and you saw  
17 Mr. Thornburg and you saw Mr. Williams and you saw  
18 Mr. Small. And did you and Mr. Evans get there  
19 together? Did y'all ride together?

20 A. No.

21 Q. Who got there first?

22 A. We were -- I think I was behind him.

23 Q. Okay. Mr. Evans got there, you got there  
24 and you saw Mr. Thornburg, you saw Mr. Williams and  
25 you saw Mr. Small. What did you do at that time?  
26 Got out of the car, I assume. What did you do after  
27 you got out of your car?

28 A. We went inside the store. Chief Hargrove  
29 gave us an overview of what was going on there. The

## JOHNSON - DIRECT

1 EMTs had been there and retrieved Mr. Stewart.

2 Q. Let me stop you for a minute. You said  
3 Chief Hargrove gave you an overview. Did say you or  
4 us an overview?

5 A. I know he was talking to me and whoever  
6 was around me. And I --

7 Q. Okay. And that overview, did you ever put  
8 that in a -- in a record, in a document? Did you  
9 ever document this overview or this briefing that  
10 Chief Hargrove gave you?

11 A. No, sir.

12 Q. And he briefed you and do you know if  
13 Mr. Thornburg or Mr. Small or Mr. Williams or  
14 Mr. Evans was present and heard the conversation as  
15 you were being briefed?

16 A. I would think some of them did, but I  
17 can't tell you which ones did.

18 Q. Okay. So you got briefed. And what --  
19 what'd you do after that? Continue. I'm sorry. I  
20 interrupted you. Go ahead.

21 A. The way the furniture store is laid out,  
22 it's a large building. It's somewhat divided, like  
23 one side is lower than the other. And the area  
24 where we knew the EMTs had been and retrieved the  
25 body of Mr. Stewart, we walked back near the area of  
26 where the other bodies were still laying and just  
27 made a visual look around. And myself and Jack  
28 Matthews went into the south end of the building,  
29 the northeast south part of the building where we

## JOHNSON - DIRECT

1 sat down and started to interview anybody that was  
2 on the scene or anybody that could tell us anything.

3 Q. Okay. You said we walked back. Who is  
4 we?

5 A. Jack Matthews and myself.

6 Q. Okay. So --

7 A. They got there a few minutes after we did.

8 Q. Okay. Do you know if Mr. Matthews -- Jack  
9 Matthews was also present when Chief Hargrove  
10 briefed you?

11 A. I'm sure -- I don't know the answer to  
12 that. No, sir.

13 Q. Okay. And you made no record of that that  
14 set forth whether he was or not; is that fair to  
15 say?

16 A. Likely, yes, sir.

17 Q. Okay. And you walked back, looked around,  
18 and you made -- you and Mr. Matthews set up an area  
19 where you started interviewing people. What --

20 A. We were at the front of the building.  
21 There's a glass front and lighted where we could  
22 see. We sat at a table and started just trying to  
23 find out what was going on.

24 Q. After you talked to Chief Hargrove, who  
25 did you start inter- -- who was the first person you  
26 interviewed?

27 A. We talked to Chief Hargrove, and he  
28 informed us about the situation with Mr. Stewart and  
29 what he had found, that Sam Jones had been there and

## JOHNSON - DIRECT

1 found -- first one on the scene. We made quick and  
2 casual -- I wouldn't say casual but quick interviews  
3 with people on the scene including -- and some of  
4 them maybe by phone -- by cell phone or whatever,  
5 including like with Sam Jones and different ones.

6 Q. Okay. Let's see. Mr. Hargrove briefed  
7 you. Mr. Jones was there or had been there. Did  
8 you interview Mr. Jones at the scene?

9 A. Not at the scene.

10 Q. You interviewed him later where?

11 A. I believe we called him to the police  
12 department at the EOC building in Winona.

13 Q. Now, you agree that Mr. Sam Jones is a  
14 very important witness; is that fair to say?

15 A. Sure.

16 Q. Did you make a contemporaneous written  
17 report or a video recording or record his statement  
18 of his conversation?

19 A. We audio taped his statement, yes, sir.

20 Q. Okay. When did you do it?

21 A. I don't remember the date, but we did talk  
22 to him on the day of the murder either by phone --

23 Q. Did you audiotape it on the day of the  
24 murders?

25 A. No, sir. He was so emotional we felt like  
26 it would be better suited to wait a few days.

27 Q. So you interviewed Mr. Jones, Chief  
28 Hargrove. Who else did you interview?

29 A. We were making contact back and forth with

## JOHNSON - DIRECT

1 the EMTs that had been there and anybody that could  
2 tell us anything about the scene. I called Julia  
3 James, the director of the crime lab and asked --  
4 you know, they told me the crime lab was already  
5 called but I knew her, and I called her and asked  
6 her to -- told her the situation and the severity of  
7 what we were dealing with and asked, you know, for  
8 their help.

9 Q. Okay. Now, the EMT people: Did you  
10 interview them?

11 A. At some point, yes, sir.

12 Q. Did you do it on the 16th, that morning?

13 A. No, sir. They were, I assume, doing their  
14 job in transporting people and doing what they do.

15 Q. Okay. Transported Bobo Stewart. Do you  
16 know if they transported him to Jackson, too?

17 A. At some point they did. I know that, yes,  
18 sir.

19 Q. And did you make a written statement of  
20 their findings at some point or a recorded statement  
21 of the EMT's finding at some point?

22 A. I don't think so. I talked directly to  
23 Barry Eskridge who's the head of that Med-Stat  
24 organization.

25 Q. And did you get a recorded statement of  
26 him or a written statement that day?

27 A. Not that day, no.

28 Q. Now, isn't it a fact that Mr. Eskridge was  
29 actually there when you got -- was he there when you

## JOHNSON - DIRECT

1 got there?

2 A. I don't remember that.

3 Q. You don't remember seeing him?

4 A. At some point he was there, yes, sir.

5 Q. What time did you see him or what did time  
6 did you talk to him, as best you can recall?

7 A. I had a problem with that because  
8 Mr. Matthews and I were in this isolated area of the  
9 building. We stayed there and stayed out of the  
10 crime scene area and, you know, we were trying to  
11 document and learn as much as we could from -- as to  
12 what was going on.

13 Q. Okay. Now, what were the positions that  
14 you and Mr. Matthews assumed? What did y'all see  
15 yourselves as with respect to this crime?

16 A. As investigators.

17 Q. Okay. Both of you were investigators.  
18 And which one of -- which of you was the lead  
19 investigator?

20 A. I don't know that that was ever brought  
21 out or brought as way of a discussion, but I knew  
22 that we were there to support the investigation  
23 wherever it went. And I felt like that Mr. Matthews  
24 and I was -- you know, I considered him probably to  
25 be the head --

26 Q. Okay.

27 A. -- investigator.

28 Q. Who did the most work in this case, you or  
29 Mr. Matthews? And what I'm talking about here is

## JOHNSON - DIRECT

1 who conducted the most interviews, who remained on  
2 the case the longest between you and Mr. Matthews?

3 A. Well, you know, that's hard to answer. I  
4 know that Mr. Matthews and the state crime lab and  
5 the state investigators were involved in handling a  
6 lot of physical evidence and took over the crime  
7 scene and such that day. And I know they did a lot  
8 of work that I may and may not know about. I know  
9 about some.

10 Q. Who was the crime scene released to that  
11 day? Who did Johnny Hargrove release the crime  
12 scene to, you or Mr. Matthews?

13 A. I would assume the State.

14 Q. State?

15 A. Investigators, yes, sir.

16 Q. Let me ask you about something I've been  
17 puzzled with a long time. Now, this incident  
18 occurred in Winona, Mississippi, Montgomery County,  
19 and we had a police chief by the name of Johnny  
20 Hargrove; is that correct?

21 A. We did.

22 Q. And Johnny Hargrove didn't lead anything,  
23 did he? Was he leading -- was he the investigator?  
24 Did he lead in any way? Anything?

25 A. Chief Hargrove recognized the severity of  
26 this crime scene, you know, with four victims in it,  
27 and I think he knew that he needed assistance with  
28 it. The city of Winona Police Department -- the  
29 city of Winona doesn't have the funds and the

## JOHNSON - DIRECT

1 personnel or the equipment to handle something on  
2 this volume by himself. I think he -- I think he  
3 was wise in turning it over to the state highway  
4 patrol investigators, which is a very common thing  
5 with large felony crimes throughout the state.

6 Q. Right. I agree with you. For once, I  
7 agree with you. I think he did a wonderful thing by  
8 calling CSI, the crime scene folks. He called for  
9 help. He called the EMT people. And then you and  
10 Mr. Matthews came upon the scene -- is that  
11 correct -- and became investigators, and  
12 Mr. Hargrove was relegated to -- to what? To  
13 nothing, I guess. What role did Mr. Hargrove play  
14 once -- Mr. Hargrove, the chief of police of Winona,  
15 Mississippi, play after he did that good work of  
16 getting CSI people there, getting you there, getting  
17 the EMT people, what role did he play after that?

18 A. Chief Hargrove and his staff were  
19 supportive the full time of the investigation, both  
20 to me and to the State. I know that they worked  
21 with us in trying to locate witnesses, canvassing  
22 the scene that day and many days to follow. His  
23 department and he -- and Mr. Hargrove himself worked  
24 long and hard hours supporting whatever was needed  
25 in this investigation.

26 Q. Okay. That's admirable. What canvassing  
27 did Chief Hargrove do --

28 A. I know that --

29 Q. -- that you saw?

## JOHNSON - DIRECT

1           **A.**    -- I asked Chief Hargrove at different  
2 times on that day and many days to follow. We  
3 physically walked, physically viewed the scene in  
4 later days. We walked the routes as the witnesses  
5 pointed out where people had been. And we went door  
6 to door, and that was done by police officers,  
7 deputies and highway patrol and was a continued  
8 thing.

9           **Q.**    Okay. Where is the -- the documented  
10 report that sets forth what routes you and Chief  
11 Hargrove walked? Where can I find that? Or do you  
12 have it with you today, Mr. Johnson?

13          **A.**    I think it's noted many times by numerous  
14 witnesses where the Defendant was seen on the --  
15 that day, and I physically walked those positions,  
16 talked to witnesses on those locations. And I think  
17 the witness statements are very clear where we  
18 walked. I physically asked the city of Winona  
19 street department supervisor to pull up the manhole  
20 covers on every street that we thought the exit  
21 might have been made, looking for evidence. I  
22 walked the ditches and the streets myself. I had  
23 other deputies to do that. Police officers, highway  
24 patrol physically got on top of the buildings,  
25 searched the buildings as well --

11          **BY THE COURT:** Mr. Carter, you address  
12          comments to this Court. You do not address  
13          comments to opposing counsel. And I want to  
14          know the basis of your objection. You asked a  
15          question, and it seemed to me that he was  
16          responding to the question.

17          **BY MR. CARTER:** Your Honor, I asked him  
18          where is the report that set forth these things  
19          that he's saying.

20          **BY MR. CARTER:**

21           **Q.** What did -- what is it called? When did  
22           you do it, Mr. Johnson? Where is the report?

23           **A.** I don't have an overview report that shows  
24           specifically the walking of town or that kind of  
25           thing, if that's what you're asking for.

26           **Q.** Do you have a report showing the manholes  
27           being pulled up and that kind of stuff?

28           **A.** No, I don't.

29           **Q.** That was my question. Do you have a

## JOHNSON - DIRECT

1 report showing and setting forth which officers --  
2 do you have a report setting forth which officers  
3 were canvassing the scene and which houses they went  
4 to, the exact location and that kind of thing? Is  
5 there a report showing that? Did you do a report  
6 showing that?

7 A. No, sir.

8 Q. Now, within the police investigation team,  
9 Mr. Johnson, is it fair to say that Chief Hargrove  
10 was the first responder?

11 A. Yes, sir.

12 Q. And isn't that something --

13 A. Well, yes, sir.

14 Q. -- in particular that a first responder is  
15 supposed to do? And did he do it?

16 A. I think he secured the scene and called  
17 for the assistance.

18 Q. Did he ever make a report?

19 A. I'm not aware of it if he did.

20 Q. And did you ever ask him for one?

21 A. I don't think so.

22 Q. You didn't even want one, I don't guess.

23 BY MR. EVANS: Your Honor, I object.

24 BY MR. CARTER:

25 Q. Did you want one, Mr. Johnson, a report  
26 from Chief Hargrove of his duties that he performed  
27 upon getting there set forth in writing? Did you  
28 want that? Did you ask for it?

29 A. I knew what his response was. I was well

## JOHNSON - DIRECT

1     aware of what he did there that morning.

2           Q.     Okay. But you didn't get him to set it  
3     forth in writing, did you?

4           A.     I don't think so, no.

5           Q.     And since we find ourselves here 14 years  
6     later, don't you think it would have been a good  
7     idea if he had set it forth in writing as a  
8     permanent record? It's not a good idea?

9           A.     I didn't say it was not a good idea.

10          Q.     Is it a good idea?

11          A.     It may have been.

12          Q.     Let me ask you something. I want to jump  
13     around a little here. How many pair of shoes did  
14     y'all take from Mr. Flowers?

15          A.     I didn't take any from him.

16          Q.     As one of the investigators who was  
17     responsible for compiling reports, receiving  
18     evidence, making sure that was an organized  
19     investigation and that the left hand knew what the  
20     right hand was doing, did you ever find out what was  
21     taken from Mr. Flowers' house or body? What  
22     clothes?

23          A.     I was told two pair, I think.

24          Q.     And what sizes were those?

25          A.     Ten-and-a-half.

26          Q.     Both?

27          A.     Yes.

28          Q.     You're sure?

29          A.     That's all I knew about was

## JOHNSON - DIRECT

1 ten-and-a-halves.

2 Q. Did you take -- and your testimony is  
3 there wasn't an 11 found, just -- also?

4 A. I've never seen an 11.

5 Q. Okay. Now, was there a record made of the  
6 shoes that were taken? Did you make a record?

7 A. I didn't make a record; I didn't take  
8 them.

9 Q. Do you know if anybody made a record?

10 A. No, sir, I'm not aware of it.

11 Q. And wouldn't it have been a good idea if  
12 no record was made, shouldn't a record have been  
13 made of what shoes and what items were taken off of  
14 Mr. Flowers?

15 A. It would have been a good idea to have a  
16 record, I would think.

17 Q. In fact, on a major homicide  
18 investigation, there should be records made of  
19 everything, shouldn't it, in a multiple homicide?

20 A. I think it would have been a good idea to  
21 have a good record, yes, sir.

22 Q. Now, what particular officers -- strike  
23 that. How long did you remain at the scene that  
24 day? At Tardy's is what I'm talking about.

25 A. I don't know the exact time but it would  
26 have been pretty late.

27 Q. What time did you get there?

28 A. Probably 10:40, 10:45, something like  
29 that.

## JOHNSON - DIRECT

1           Q.   Did you make a record of that anywhere of  
2 what time you got there?

3           A.   I don't know for sure. I'm not -- I  
4 don't -- don't know that I did.

5           Q.   Now --

6           A.   I know Chief Hargrove called us and we had  
7 his time that he called, and I want to say that it  
8 was --

9           Q.   Okay.

10          A.   -- within 15 minutes from that time.

11          Q.   Now, when you and Mr. Matthews went inside  
12 and you found this place and you sat down and you  
13 created this -- this place for -- to conduct  
14 interviews, to receive documents, what else was this  
15 place created for, if anything?

16          A.   We sat down there and, you know, we were  
17 not -- our intent -- we were communicating with  
18 people that had been on the scene, a lot of it by  
19 phone or whatever. We just needed a place to sit  
20 down and to -- and I made notes and --

21          Q.   I'm sorry. I didn't get the last part.  
22 She was coughing.

23          A.   I was -- that was it. That was the  
24 purpose, to sit down there.

25          Q.   Now, did Chief Hargrove did leave the  
26 outside and come in and take a seat and participate  
27 with you and Mr. Matthews?

28          A.   I think Chief Hargrove stayed on the  
29 front. There was a very large crowd there, and --

## JOHNSON - DIRECT

1           Q.    It was a very large crowd.  Who were these  
2 people?  Who was in the crowd?

3           A.    I don't know the people in the crowd.  I  
4 was inside.  I don't know who was in the crowd.

5           Q.    You were able to see them out the window?

6           A.    There were people out there.

7           Q.    And do you know if anybody made a record  
8 of who they were?

9           A.    No, I don't.

10          Q.    You think one should have been made?

11          A.    It probably would have been good, yes.

12          Q.    Did you and Chief Hargrove work together  
13 as fellow officers of the Winona Police Department?

14          A.    We did.

15          Q.    And was he your assistant chief?

16          A.    He wasn't the assistant chief there, no.

17          Q.    Okay.

18          A.    He was a captain.

19          Q.    Captain.  Is that one step away from  
20 assistant chief?  I mean, I don't know.  I'm just  
21 asking.

22          A.    At the time, I don't know if we had an  
23 assistant chief there part of the time.  That was  
24 the first assistant chief.

25          Q.    So the next rank after captain would have  
26 been the chief?

27          A.    That's right.

28          Q.    So he was next in rank to you --  
29 Mr. Hargrove?

## JOHNSON - DIRECT

1           **A.**    He would have been.

2           **Q.**    Okay.  Now, Mr. Thornburg, I believe you  
3           said, was either there when you got there or shortly  
4           thereafter.  At the time you saw Mr. Thornburg,  
5           what, in fact, was Mr. Thornburg engaged in?

6           **A.**    I was communicating with people that --  
7           and some of this would have been coming secondhand,  
8           but I knew he was investigating a burglary and theft  
9           of a vehicle where a pistol was stolen at some point  
10          there shortly after we got there.

11          **Q.**    Okay.  Now, you saw Mr. Thornburg early  
12          upon your arrival at Tardy's; is that fair to say?

13          **A.**    I didn't say he was there on the scene  
14          when I got there but he was there at some point.

15          **Q.**    Okay.  What was he doing at the scene at  
16          Tardy's when you saw him?  I understand you don't  
17          really know; you didn't see him someplace else, but  
18          at the time --

19          **A.**    All I know is he was relaying information  
20          about that theft, and we were communicating with him  
21          and through the --

22          **Q.**    Which theft are you talking about?  Theft  
23          of what?

24          **A.**    Doyle Simpson's pistol out of his car on  
25          Angelica.

26          **Q.**    Okay.  Didn't that happen around 10:30 and  
27          the information concerning that actually got back to  
28          Tardy's around 10:30 or 11:00?  Is that the first  
29          time you saw Mr. Thornburg around this time?

## JOHNSON - DIRECT

1           **A.**    I can't swear exactly what time I saw him,  
2           but I was communicating with him or someone else  
3           through him that he was investigating the theft of a  
4           pistol. In fact, I think --

5           **Q.**    So as far as you can remember, you don't  
6           remember him doing anything or you don't remember  
7           what he was doing prior to the information about the  
8           theft?

9           **A.**    I don't.

10          **Q.**    Now, James Williams, at what point did you  
11          see him?

12          **A.**    At some point he came to the location at  
13          the scene and reported that -- what he knew about  
14          the theft of the gun.

15          **Q.**    Right. Is that your first time seeing him  
16          that day? Is that your testimony that's your first  
17          time seeing him that day?

18          **A.**    You know, I live in Winona. I come  
19          through here. I could have seen him that morning,  
20          but I don't remember seeing him prior to that day.

21          **Q.**    Okay. And you don't remember seeing him  
22          prior to that at Tardy's; is that -- is that  
23          correct?

24          **A.**    I think he was there initially, and I  
25          think he was on -- yes, I believe he was on the  
26          scene.

27          **Q.**    Okay. Now, Vincent Small: Where did you  
28          see Vincent Small at and when was the first time you  
29          saw him?

## JOHNSON - DIRECT

1           **A.**   He was at the door, the front door of  
2 Tardy's.

3           **Q.**   Okay. Doing what?

4           **A.**   Stopping people from wanting to come in  
5 the scene, that kind of thing. They were securing  
6 the scene.

7           **Q.**   And was he -- was he doing anything else  
8 beside standing there and making sure people didn't  
9 come in? Was he writing anything?

10          **A.**   I don't know the answer to that.

11          **Q.**   Okay. And he allowed you to go in; is  
12 that correct?

13          **A.**   He did.

14          **Q.**   Did you give him any instructions?

15          **A.**   I did.

16          **Q.**   What did you tell him?

17          **A.**   He told me that a lot of people were  
18 trying to get in and that kind of thing, and I told  
19 him to get a piece of paper and write down the names  
20 of anybody that attempted to come in, to write down  
21 their name, their title, the date, the time, the  
22 purpose for going in, exactly what they touched,  
23 stepped on or anything else.

24          **Q.**   Did he do it?

25          **A.**   He did that, and I don't think anybody  
26 else wanted to come in.

27          **Q.**   Okay. You saw that report?

28          **A.**   I don't think there was any report,  
29 nothing was written down. I don't know that anybody

## JOHNSON - DIRECT

1 else came in after that point.

2 Q. Okay. I don't want to confuse you, but  
3 what I'm asking you is did he write the names  
4 down -- oh, you're saying nobody else came in.  
5 Okay. Did you -- and since nobody else came in,  
6 there's no report made of that; is that your  
7 testimony?

8 A. I never saw a report describing that, yes.

9 Q. Now, let me tell you something else that  
10 bewilders me.

11 BY MR. EVANS: Your Honor, I object to his  
12 comments. He can ask questions but he needs to  
13 leave his comments out.

14 BY THE COURT: I'll sustain the objection.

15 BY MR. CARTER:

16 Q. Mr. Johnson, what did Mr. Evans do at the  
17 scene?

18 A. I -- all I know he was talking to people  
19 and investigators. I don't know what he did. I was  
20 busy doing what I was doing.

21 Q. Okay. Did he go into the crime scene and  
22 go inside the building?

23 A. I think he went inside the building.

24 Q. Did you see exactly where he went?

25 A. He was with me when I -- like I told  
26 y'all, where I walked, then we walked to the front  
27 of the store and that was it.

28 Q. Did you write a report documenting that  
29 you and Mr. Evans walked into the store and you went

## JOHNSON - DIRECT

1 to the rear of the store?

2 A. No.

3 Q. Do you know if he did? Do you know if  
4 Mr. Evans did?

5 A. No.

6 Q. Now, you remain at the scene -- correct me  
7 if I'm wrong -- until the CSI people got there? Is  
8 that fair to say?

9 A. The CIB is central -- the highway patrol  
10 investigators, I was working with them from that  
11 point, so if -- I don't know if --

12 Q. I think I confused you, Mr. Johnson. I  
13 meant the crime scene people from Jackson.

14 A. The crime scene people were there. Yes, I  
15 was there when they were there.

16 Q. Okay. And you were there from the time  
17 you got there until they got there, and you never  
18 left the facility, is that fair to say, until they  
19 got there?

20 A. That's true.

21 Q. Okay. Now, other than Mr. Matthews and  
22 Mr. Miller, who worked with the highway patrol, and  
23 Mr. Williams, was anyone else there from the highway  
24 patrol department?

25 A. Like I said, I was limited to where I was  
26 sitting and concentrating on what we were doing.  
27 I -- you know, I don't know the answer to that  
28 beyond that.

29 Q. Okay. Were there individuals also showing

## JOHNSON - DIRECT

1 up from Duck Hill, various other police departments,  
2 sheriff's departments, once they heard of this crime  
3 had taken place?

4 A. I didn't see them. They may have. I  
5 don't know.

6 Q. Okay. Did you see a dog come inside the  
7 building?

8 A. No, I didn't.

9 Q. And your testimony is that you were inside  
10 the building from the first time you got there until  
11 the crime scene people got there. And that if a dog  
12 and a dog trainer came inside the building and went  
13 upstairs and checked up there or wherever else to  
14 see if somebody else was in the building, you didn't  
15 see any of that?

16 A. I don't remember seeing anything like  
17 that.

18 Q. Okay. But had you seen it, you probably  
19 would have documented it, wouldn't you have?

20 A. I may have.

21 Q. You may have and you may not have; is that  
22 fair to say?

23 A. Probably, yes, sir.

24 Q. Now, did Chief Hargrove play any role  
25 whatsoever in determining who would become the  
26 investigators in this case? I mean, I know he  
27 called for backup. And after y'all arrived, did he  
28 make any assignments or -- to you or to  
29 Mr. Matthews?

## JOHNSON - DIRECT

1           **A.**    I understood he called the highway patrol  
2           investigators, Jack and Wayne, and I know he called  
3           us, I assume to assist and to work with all of them  
4           on the case.

5           **Q.**    Did he give you any specific instruction  
6           or assignments that he wanted you to conduct?

7           **A.**    He said he wanted it done right.

8           **Q.**    Oh, he said investigate this case and do  
9           it right; is that what he said?

10          **A.**    He said he wanted it done right. That's  
11          the reason he called everyone.

12          **Q.**    And you and -- did you or Mr. Matthews  
13          make any assignment to Chief Hargrove?

14          **A.**    Chief Hargrove and I are good friends. We  
15          worked together a long time. I trust him and  
16          respect him.

17          **Q.**    Did you make any assignments to Chief  
18          Hargrove --

19          **A.**    We communicated on a regular basis. We  
20          know each other.

21          **Q.**    I take that to mean that you did make some  
22          assignments, so tell me what they were. What  
23          assignments did you make to Chief Hargrove?

24          **A.**    Chief Hargrove and his people -- he  
25          assigned people to work with us and, you know,  
26          offered his support from the start.

27          **Q.**    Mr. Johnson, did you make any assignments?

28          **A.**    To Chief Hargrove?

29          **Q.**    Chief Hargrove.

## JOHNSON - DIRECT

1           **A.**    I don't remember directly assigning him to  
2 do anything particular, no, sir.

3           **Q.**    I'll take that as a no.   And Chief  
4 Hargrove didn't make any assignment to you except to  
5 investigate it or do it right; is that fair to say?  
6 Is there anything else you don't remember; is that  
7 fair to say?

8           **A.**    I don't remember anything else now, no.

9           **Q.**    Is it fair to say that -- okay.   Correct  
10 me if I'm wrong.   You came inside the building.  
11 Mr. Matthews came inside the building.   You went  
12 down near the bodies, and then you and Mr. Matthews  
13 found an area, northeast I believe you said, where  
14 y'all could sit down and talk to people and do  
15 interviews?

16          **A.**    Southeast corner of the building.

17          **Q.**    Southeast.   Did you walk through the whole  
18 building?

19          **A.**    No.

20          **Q.**    Did you do that at any point, walk through  
21 the whole building?

22          **A.**    Not that day.

23          **Q.**    Okay.   And did Mr. Jack Matthews walk  
24 through the whole building that day?

25          **A.**    I couldn't answer that.

26          **Q.**    You didn't see him do it, did you?

27          **A.**    No.

28          **Q.**    And you didn't see Mr. Miller walk through  
29 the whole building, did you?

## JOHNSON - DIRECT

1           A.    I'm not --

2           Q.    Wayne Miller.

3           A.    I'm not aware of it.

4           Q.    Okay.  Now, what role did Mr. Wayne Miller  
5 play?  Did he also come to Tardy's and come into  
6 this area that you and Mr. Matthews had made as, I  
7 guess, your headquarters for the receipt of  
8 information and to dispatch and so on?  Did  
9 Mr. Miller ever become a part of that -- that lead  
10 team?

11          A.    He -- he may have come and went there.  He  
12 was busy.  I don't know what he was doing.

13          Q.    Okay.  Now, did you record anything, did  
14 you document anything that he did on that particular  
15 day?

16          A.    No, sir.

17          Q.    Now, Mr. Miller is also an investigator;  
18 is that correct?

19          A.    Yes.

20          Q.    In fact, he had a higher rank than Jack  
21 Matthews, I believe?

22          A.    Correct.

23          Q.    And how is it that you and Mr. Matthews  
24 became the, I guess, the leaders and Mr. Miller  
25 didn't?

26          A.    I don't know.  I would assume that Wayne  
27 would have assigned Jack to that duty, but I don't  
28 know the answer to that.

29          Q.    Okay.  Who assigned you to the duty to be

## JOHNSON - DIRECT

1 one of the primary investigators? Was it Mr. Evans?

2 A. I would assume Mr. Evans would assign me  
3 to do that.

4 Q. And what exactly did he tell you to do?

5 A. To assist and to help with the  
6 investigation.

7 Q. Okay. And that's as personal as it got?

8 A. Yes, sir.

9 Q. Now, at some point, you spoke with Porky  
10 Collins; is that correct?

11 A. I did.

12 Q. And was Mr. Matthews present?

13 A. He was.

14 Q. Who else was present when it happened?

15 A. I think James Taylor may have been present  
16 then. I know that -- I know that Jack and I were  
17 there.

18 Q. Okay. And this happened at this -- this  
19 place that y'all designated from which to do the  
20 interviews and dispatch and all that?

21 A. A little after 12:00. It had been a  
22 couple of hours.

23 Q. So Porky Collins came inside the building?

24 A. He did, came to that -- he was brought to  
25 that table. I think James Taylor brought him, but I  
26 wouldn't swear to it.

27 Q. Maybe I didn't ask you when. Did you say  
28 it was a little after 12:00?

29 A. Yes, sir, probably. I don't know exactly,

## JOHNSON - DIRECT

1 12:30 or so. I don't know.

2 Q. Okay. Did you write down what time?

3 A. I did.

4 Q. What did you write it on?

5 A. It's written down on a note. I made a  
6 note of Porky Collins.

7 Q. Okay. And how many times did you see  
8 Porky Collins on that day?

9 A. I don't -- I don't know if I remember  
10 exactly how many times I saw him that day. I don't  
11 know if that --

12 Q. Let's talk about that day first. You know  
13 he came to you -- Jack Williams (sic) brought him to  
14 you one time. And on that occasion Jack Williams  
15 (sic) brought him to you, did you take a recorded  
16 statement from him?

17 A. No.

18 Q. Did you get a written statement from him?

19 A. No.

20 Q. Did you set forth any permanent way what  
21 he told you or said to you at that time?

22 A. I made -- in my notes, I wrote down that  
23 he had seen two men in front of Tardy's.

24 Q. Okay.

25 A. And that he talked -- I know that he had  
26 talked to Carmen. He also told me at that time that  
27 he thought he might could identify the person or  
28 people.

29 Q. Okay. Are you sure you put all of that in

## JOHNSON - DIRECT

1 your notes?

2 A. I did.

3 Q. Now, isn't it a fact that Mr. Williams  
4 brought Porky Collins to you a second time that day  
5 as well? Or did he? I'm not saying he did or  
6 didn't.

7 A. I think he did. When he brought him in, I  
8 think they went and got a receipt for the -- where  
9 he had been to the post office or had purchased  
10 something.

11 Q. Okay. Now, on the second occasion that  
12 you saw him, did you have him to write out a  
13 statement?

14 A. No.

15 Q. Did you tape record him?

16 A. No.

17 Q. Did you videotape him?

18 A. No.

19 Q. In fact, wasn't it several months before  
20 you ever got a recorded statement from him?

21 A. It was sometime, yes, sir, two or three  
22 months.

23 Q. In fact, it was -- now sometime. Wasn't  
24 it months? Wasn't it, in fact, months?

25 A. There was two or three months, I think.

26 BY MR. CARTER: One moment, Your Honor.

27 BY THE COURT: Sure.

28 BY MR. CARTER:

29 Q. Hold on, Mr. Johnson. Now, Mr. Johnson,

## JOHNSON - DIRECT

1 isn't it a fact, Mr. Johnson, that you took a  
2 statement from Porky Collins on March the 10th,  
3 1997, or somewhere around in there?

4 **A.** I think that's correct.

5 **Q.** And that's a -- that's about seven or  
6 eight months, isn't it?

7 **A.** Yes, sir.

8 **Q.** And could you tell the ladies and  
9 gentlemen of the jury what kept you so busy and kept  
10 you from getting his statement until March 10th,  
11 1997?

12 **A.** We knew basically what Porky was telling  
13 us. I mean, he was very clear on it. One of the  
14 problems we had when we tried to set up a meeting,  
15 you know, to discuss it with Porky, his  
16 brother-in-law Fuzzy Jones was deathly sick and ill  
17 and was in the hospital a lot, and he was in Jackson  
18 with them some. I want to say Porky was ill part of  
19 the time, too. But when we could set it up and we  
20 did set it up, and we did get a statement from him.

21 **Q.** Is it your testimony that you couldn't get  
22 it earlier? Is that your testimony, what that  
23 commentary was about? Are you saying you couldn't  
24 have gotten it earlier?

25 **A.** I'm not saying we couldn't have done it  
26 earlier, but we did not do it earlier.

27 **Q.** You didn't do it, but you're not saying  
28 you were unable to do it earlier, are you?

29 **A.** No.

## JOHNSON - DIRECT

1           **Q.**   Now, you saw Mr. Collins a second time and  
2           didn't he relate to you some information that he  
3           hadn't related to you the first time, on the same  
4           day, I believe, July 16th?

5           **A.**   What was that? I'm not familiar -- I  
6           don't remember.

7           **Q.**   Okay. You don't remember, and you don't  
8           remember making a report of it, either, do you, a  
9           contemporaneous report --

10           **BY MR. EVANS:** Your Honor, I'd like to  
11           know what he's referring to.

12           **BY MR. CARTER:** Well, he investigated it.

13           **BY MR. EVANS:** But I'd like to know what  
14           the question is.

15           **BY MR. CARTER:** Your Honor, my question is  
16           to Mr. Johnson. I'll stop right there.  
17           Whatever else I want to say is --

18                   (MR. CARTER AND MR. EVANS ARE SPEAKING  
19                   SIMULTANEOUSLY)

20           **BY MR. EVANS:** He's answered the question.

21           **BY MR. CARTER:** -- I'll move on to the  
22           next question.

23           **BY THE COURT:** All right. Well, he's said  
24           he's moving on to the next question.

25           **BY MR. CARTER:** Your Honor, I didn't hear  
26           the answer. I saw him just shaking his head  
27           over there.

28           **A.**   Repeat the question, please.

29           **BY MR. CARTER:**

## JOHNSON - DIRECT

1           Q.    Okay.  We know you saw Mr. Collins at  
2   least on one occasion, and he told you he saw some  
3   people.  I think that's what you testified to  
4   earlier, isn't it?

5           A.    That's correct.

6           Q.    And Mr. Williams, I think, brought him to  
7   you -- to you and Mr. Matthews, I think?

8           A.    That's correct.

9           Q.    And I believe you saw him again or did you  
10  see him again later that day and did he give you  
11  some additional information that he didn't give you  
12  the first time?

13          A.    We talked to him several times.  I think  
14  later in the day we did talk to him in reference to  
15  going to the post office or something on that order.

16          Q.    And just so the record will be clear, on  
17  July the 16th, how many times did you talk to him?

18          A.    I don't remember.  If we talked to him  
19  twice, that would probably be it.  I don't remember  
20  talking to him a third time.

21          Q.    Okay.  One moment.  And is it fair to say  
22  that all you remember doing regarding the  
23  information that he gave you about maybe seeing  
24  something at Tardy's was made some personal notes to  
25  yourself?  Is that the extent of what you did with  
26  respect to talking to him the first time?

27          A.    I made a note to that, yes.

28          Q.    And a note was made to yourself for your  
29  own edification if you needed it at some point?

## JOHNSON - DIRECT

1           **A.**    To be used if we needed it, yes.

2           **Q.**    Okay. And Mr. Collins' signature wasn't  
3 on it anywhere, was it?

4           **A.**    No.

5           **Q.**    So it wasn't a statement that Mr. Collins  
6 made; is that fair to say?

7           **A.**    Yes.

8           **Q.**    Okay. Now, at some point that day, you  
9 learned that a gun had been taken or stolen from  
10 somewhere; is that correct?

11          **A.**    Yes.

12          **Q.**    And how did you learn that?

13          **A.**    Through the sheriff's office or James  
14 Taylor Williams one.

15          **Q.**    Okay. And is it your testimony that  
16 Mr. Collins didn't have anything to do with this  
17 information getting to you?

18          **A.**    I think Porky mentioned something about  
19 that, too.

20          **Q.**    Okay. And did he mention it to you or did  
21 he mention it to somebody else and you learned about  
22 it?

23          **A.**    I think he mentioned it to me, yes.

24          **Q.**    To you, okay. And did you take a  
25 statement from him regarding that?

26          **A.**    No, sir, not on the 16th.

27          **Q.**    Now, if four people been killed in a major  
28 homicide and you're getting information that a gun  
29 has been stolen, you didn't think it was a good idea

## JOHNSON - DIRECT

1 to make a written report of that? You didn't think  
2 it was proper?

3 A. The sheriff's office was investigating  
4 that theft at the time. I knew that the other law  
5 enforcement officers agencies were involved in it.

6 Q. So you didn't make a report that day  
7 because the sheriff's department was investigating.  
8 At some point, Mr. Hargrove -- I'm sorry --  
9 Mr. Thornburg and Mr. James Williams came to you  
10 also and gave you information regarding some  
11 information they had learned concerning a gun being  
12 taken from Angelica; is that correct?

13 A. Correct.

14 Q. And that point, did you make a written  
15 report of it?

16 A. No.

17 Q. Now, at some point you learned that the  
18 gun stolen was the same caliber of the gun that  
19 was -- that matched a shell casing found at Tardy's  
20 Furniture Store; is that correct?

21 A. Yes.

22 Q. And did you learn that on July 16th, 1996?

23 A. Not factually, but we suspected that. I  
24 think there were .380 hulls that would obviously be  
25 that or close that caliber and I think everybody was  
26 suspicious of a .380 at that time, yes.

27 Q. And at the point you became suspicious,  
28 did you make a report of that setting forth that?

29 A. No.

## JOHNSON - DIRECT

1           Q.   Now, do you remember what time of the day  
2           that you learned that the stolen gun matched the  
3           shell casings down there at Tardy's? Was that after  
4           the CSI people had gotten there or what time was it  
5           when it happened?

6           A.   It would have been sometime after, I would  
7           think, yes, sir.

8           Q.   Sometime after what -- the CSI people had  
9           got there?

10          A.   After the state investigators were there,  
11          yes.

12          Q.   Did you learn this from them, also?

13          A.   Specifically what were you asking, please?

14          Q.   Now, you told me -- apparently you got the  
15          mental impression or you were told that the gun  
16          stolen was the same caliber as the hulls that were  
17          found at -- at Tardy's, and I asked you if you made  
18          a report at that point and you said no.

19                       Now, I'm asking you when the CSI  
20          people got there and looked around, began their  
21          investigation, did they tell you that there were --  
22          well, first of all, did you tell them -- did you  
23          tell the CSI people -- did you inform them -- did  
24          you brief them that a gun had been reported missing  
25          and that that gun was the caliber of the shell  
26          casings or hulls found there?

27          A.   I think they learned that the same time I  
28          did.

29          Q.   How did you learn?

## JOHNSON - DIRECT

1           **A.**   Through --

2           **Q.**   Well, first of all -- I thought -- so  
3   you're saying at the time that you got suspicious or  
4   had these this mental impression, were the CSI  
5   people there at that time?

6           **A.**   They were there at the same time I was  
7   there. They -- I would -- I'm sure that they heard  
8   James Taylor and others relay to us that a .380 had  
9   been stolen from Doyle Simpson's vehicle.

10          **Q.**   I'm trying to be clear. I'm trying to  
11   make a record. Did you know, as far as you know,  
12   before then that the gun at Angelica's was the same  
13   caliber as the shell casings found at Tardy's? Did  
14   y'all learn that at the same time or did you learn  
15   before?

16          **A.**   I don't know when they learned it any  
17   different than I did. They were present. I would  
18   assume they learned the same time I did.

19          **Q.**   Okay. And if they learned it the same  
20   time that you did, how did you learn or who told  
21   you? How did you discover it for a fact? How did  
22   you gather that information?

23          **A.**   Like I said, I think James Taylor  
24   mentioned to us or Bill Thornburg may have called me  
25   on the cell phone and told me what they were  
26   investigating. I communicated with them. It was  
27   communicated to us that a .380 automatic was stolen  
28   from Doyle Simpson's car.

29          **Q.**   How long prior to CSI people getting there

## JOHNSON - DIRECT

1 did you see the shell casings?

2 A. My view was very limited of the crime  
3 scene that morning.

4 Q. Okay. With your limited view of the crime  
5 scene, did you see the shell casings?

6 A. I saw the shell casings, yes.

7 Q. You saw shell casings. Did you get close  
8 enough to determine the caliber?

9 A. No.

10 Q. Is it a fact that at some point at the  
11 crime scene, technicians recovered the shell  
12 casings. And upon recovering them, they told you  
13 that the shell casings recovered were, in fact, a  
14 .380 caliber? Did they give you that information at  
15 some point?

16 A. Yes.

17 Q. And at what point was that?

18 A. I don't -- some -- I would think sometime  
19 that afternoon, but I don't know that.

20 Q. Okay. Did you make a report or a note of  
21 what time you learned? Did you --

22 A. I don't remember if I made a note of that  
23 or not.

24 Q. A note -- but did you make a report? Do  
25 you remember if you made a report of -- a full  
26 report of what time you learned that and who told  
27 you exactly?

28 A. No, sir.

29 Q. Okay. Now, at some point, you interviewed

## JOHNSON - DIRECT

1 Doyle Simpson, also; is that correct?

2 A. Yes.

3 Q. And do you remember what time that was?

4 A. Later that day.

5 Q. Later that day. Where did that occur?

6 A. Sir?

7 Q. Where did it occur, what building? What  
8 place?

9 A. I think we brought him to the EOC  
10 building.

11 Q. Okay. EOC building, and --

12 A. We also went to Angelica's, and we talked  
13 to a number of people.

14 Q. I'm sorry, Mr. Johnson. I didn't hear  
15 that with the noise.

16 A. We also went to Angelica's and interviewed  
17 people that were there, but I think Doyle was  
18 brought to the EOC.

19 Q. Okay. You went to Angelica's also. Is  
20 that your testimony?

21 A. I did.

22 Q. And did you go to Angelica's before or  
23 after the CSI people got there?

24 A. I -- probably the same time. I don't  
25 know. You said before?

26 Q. So --

27 A. Angelica's would have been late in the  
28 afternoon, near dark.

29 Q. Are you saying that you -- I just want to

## JOHNSON - DIRECT

1 be clear. Did the crime scene technicians go to  
2 Angelica's also?

3 A. Not that I'm aware of.

4 Q. Okay. And I asked you what time --

5 A. No. I do think that they -- I don't know  
6 the answer to that. I don't know if they went or  
7 not.

8 Q. Okay. But you know that you went to  
9 Angelica's on July the 16th --

10 A. I did.

11 Q. -- 1996. And I asked you what time, and I  
12 believe your answer was that afternoon. Is that  
13 what you're saying?

14 A. Later that afternoon.

15 Q. Later that afternoon. You don't know  
16 exactly what time, do you?

17 A. I want to say 6:30, but I wouldn't swear  
18 to it.

19 Q. But, you know, if you set it forth in  
20 writing so that you'd have a permanent record in  
21 case you need it --

22 A. I did make notes of that.

23 Q. You did? And what record -- or what would  
24 you call that report that you set forth in? Was it  
25 a summary you did or just general notes that you --

26 A. General notes of who I talked to, that  
27 kind of thing.

28 Q. Okay. When you got there at 6:30 --  
29 Angelica's at 6:30 p.m. -- is that correct?

## JOHNSON - DIRECT

1           **A.**   Well, it would have been 6:30 at least one  
2 time. It might have been -- I probably was there  
3 earlier because people --

4           **Q.**   Okay. Let's talk about when you probably  
5 were there earlier. What time did you probably get  
6 there earlier?

7           **A.**   Probably 5:30.

8           **Q.**   Okay. And that was -- what was the  
9 occasion for you to go to Angelica's at 5:30 on  
10 July 16th, 1996?

11          **A.**   We made a quick summary interview with  
12 Doyle Simpson and Emmett Simpson and the plant  
13 manager and several other people in the plant that  
14 worked with Doyle Simpson. And several people,  
15 the -- management of Angelica's, the management of  
16 BPD or some kind of -- it was a brake company in the  
17 same building on the north side of the same  
18 building. And --

19          **Q.**   Okay. Now I take that to mean, that long  
20 answer, that you went there to interview some  
21 people. Did somebody request that you come to  
22 Angelica's and interview Mr. Simpson?

23          **A.**   No.

24          **Q.**   Did somebody assign you the task of going  
25 to Angelica's to interview Doyle Simpson?

26          **A.**   No.

27          **Q.**   You said no?

28          **A.**   No.

29          **Q.**   So what in particular -- did it -- did

## JOHNSON - DIRECT

1 it -- specific assignment or occurrence cause you to  
2 go to Angelica's on that first day considering  
3 Mr. Thornburg had already been there, Mr. Williams  
4 had been there, what caused you to go, you  
5 personally?

6 **A.** I went there to verify and to see if there  
7 was something they missed or potentially to verify  
8 what had happened.

9 **Q.** Okay. Were you alone when you went?

10 **A.** No, I was not alone.

11 **Q.** Who was with you?

12 **A.** I think Jack was with me.

13 **Q.** Jack Williams. What time -- is this the  
14 first time you went or the second time?

15 **A.** I don't know whether he was there -- I  
16 would assume he was there with me.

17 **Q.** I think I confused you or you didn't hear  
18 me.

19 **A.** I would I assume he was there the first  
20 time.

21 **Q.** My question was: The time that you went  
22 with Jack Williams, was this the first occasion you  
23 went to Angelica's or was this the second occasion  
24 you went to Angelica's?

25 **A.** I think the first.

26 **Q.** The first. And as best you can, can you  
27 tell me about what time was it when you first went  
28 to Angelica's to make your verification?

29 **A.** I know I noted in a note talking to Doyle

## JOHNSON - DIRECT

1 I think at 6:30. Beyond that, I can't get specific  
2 on time.

3 Q. At this earlier time that you can't  
4 recall, you can't give a specific time, did you talk  
5 to Doyle on that occasion?

6 A. I don't think so. I think they had -- he  
7 had left.

8 Q. Did you talk to Emmett Simpson on that  
9 occasion?

10 A. I -- I talked to Emmett Simpson. I'm not  
11 sure if it was that day or another day.

12 Q. Did you make a report, a written document  
13 setting forth the first time you went to Angelica's,  
14 the reason you went, who you talked to, what you  
15 asked them, their replies? Did that occur? Did you  
16 make a record of that?

17 A. I made notes of people that I did talk to.

18 Q. And you also made notes of what they said;  
19 is that correct?

20 A. If they had anything to say relevant to  
21 the case, yes.

22 Q. Made notes of exactly their names; is that  
23 fair to say?

24 A. I put their names down, yes.

25 Q. And what they saw or knew, if anything?  
26 All that would have been in your notes, too?

27 A. Everything they said would not be written  
28 down in notes, but I would document it by their  
29 name, social security number, date of birth, day,

## JOHNSON - DIRECT

1 time, that kind of thing.

2 Q. This first encounter, which you can't give  
3 a time on, that you made notes on to set forth who  
4 you talked to, did you later make a written document  
5 setting forth when you went, who you talked to, what  
6 you asked them, what they said?

7 A. No.

8 Q. Beyond your personal note, did you make a  
9 written standard report that should be compiled in a  
10 major homicide?

11 A. No.

12 Q. Now, let's talk about the second interview  
13 around 6:30. Where did that one happen with Doyle  
14 Simpson?

15 A. I think it was at the EOC.

16 Q. I don't know what that is. What it is?

17 A. Police department. It's the police  
18 department then.

19 Q. Okay. And that's located -- is it on the  
20 other side of -- the east side of Front Street where  
21 the probation office is located now?

22 A. Yes, sir, on Liberty Street.

23 Q. Mr. Simpson came in. Did y'all go get him  
24 or what happened?

25 A. I think we asked somebody to bring him  
26 down or he came on his own. I don't remember which.

27 Q. Okay. Is it fair to say that by the time  
28 you got to the Winona Police Department, the old  
29 Winona Police Department, that you had finished your

## JOHNSON - DIRECT

1 work at Tardy's Furniture Store and the place had --  
2 had been released back to the family or someone so  
3 that it could be cleaned up? By 6:30, had the crime  
4 scene been released back to the family?

5 A. I think it may have been later than that.

6 Q. Did you make a report setting forth what  
7 time the crime scene was released back to the  
8 family?

9 A. No.

10 Q. Okay. Now, Mr. Johnson, it's -- well, you  
11 think it's important to do so?

12 A. It's important to document stuff but, like  
13 I said, we were busy trying to talk to people,  
14 communicating with other people. That crime scene  
15 was turned over the Mississippi Crime Laboratory,  
16 and I felt that they were competent enough to make  
17 notes and to document what they had and when they  
18 left.

19 Q. Okay. Mr. Johnson, that's fine. But I'm  
20 not talking about what they did. I'm talking about  
21 what you did.

22 A. I did not make any documentation as to  
23 when the crime scene was released to the family.

24 Q. Now, at the time that you talked to -- to  
25 Mr. Simpson, do you know whether Tardy's was still  
26 considered a crime scene in need of further  
27 investigation? Was it -- let me make it clear. Did  
28 the crime scene get cleaned up and released back to  
29 the family sometime on July the 16th, 1996?

## JOHNSON - DIRECT

1           **A.**    I don't know the answer to that.

2           **Q.**    And you don't know that the crime scene  
3 remained to be a crime scene longer than one day or  
4 not?

5           **A.**    I don't know the answer to that.

6           **Q.**    Who would know? Would Mr. Matthews know?

7           **A.**    I think the crime scene specialists would  
8 know.

9           **Q.**    So is it your testimony that the crime  
10 scene specialists -- is it your testimony that once  
11 the crime scene specialists came and took over that  
12 you considered the crime scene specialists to be in  
13 control of the crime scene and you went on to the  
14 police department and you left it to the crime scene  
15 people to decide when they were finished and left it  
16 up to them to release the crime scene back to the  
17 family and not you or somebody associated with the  
18 police department; is that your testimony?

19          **A.**    We released -- I released to it the crime  
20 scene specialists, and Mississippi Highway Patrol  
21 investigators were there that worked for the  
22 Mississippi Highway Patrol. I did not release the  
23 crime scene to anybody.

24          **Q.**    So you left about 6:30? What time did you  
25 leave that day, the crime scene?

26          **A.**    I -- I don't know the time. It would have  
27 been late.

28          **Q.**    Okay. Did you make the record of when you  
29 left?

## JOHNSON - DIRECT

1           **A.**    No.

2           **Q.**    Shouldn't you have?

3           **A.**    Probably.

4           **Q.**    When you left that day, who was with you  
5 when you left?

6           **A.**    I don't remember.

7           **Q.**    And when you had Doyle over at the police  
8 department -- well, strike that. When you left the  
9 scene that day, did you carry with you whatever  
10 documentation you had, whatever instruments or  
11 equipment you used at Tardy's to -- as you used  
12 Tardy's like a little command center temporarily,  
13 did you take all your equipment and files and  
14 documentation and stuff with you when you left at  
15 that time?

16          **A.**    Yes.

17          **Q.**    Okay. And when you left, did you leave  
18 Jack Matthews, Wayne Miller, James Williams, Chief  
19 Hargrove or any of those people still at the crime  
20 scene?

21          **A.**    I think Chief Hargrove was still there.

22          **Q.**    Okay. Now, you think. Are you -- did  
23 you --

24          **A.**    Chief Hargrove was there.

25          **Q.**    Okay. What was he doing?

26          **A.**    Still securing the scene is all I know.

27          **Q.**    And what does that mean? Standing at the  
28 door making sure nobody went in? Is that what you  
29 saw him doing?

## JOHNSON - DIRECT

1           **A.**   Well, I couldn't see what he was doing.

2           **Q.**   Well, let's talk about what you did see  
3 him doing.

4           **BY MR. EVANS:** Your Honor, I think we have  
5 covered this so many times it's pitiful. I've  
6 tried not to object, but it is so repetitive  
7 that --

8           **BY MR. CARTER:** Your Honor --

9           **BY THE COURT:** I'll sustain it. You're  
10 being repetitive, and you can move on.

11          **BY MR. CARTER:** Your Honor, I'm not trying  
12 to be disrespectful. I'm trying to set forth  
13 the facts of what happened, set forth the fact  
14 that various things weren't documented that  
15 should have been documented.

16          **BY THE COURT:** When you start getting  
17 repetitive with the same question, it's time to  
18 move on and that's what you're doing.

19          **BY MR. CARTER:** Your Honor, I don't know  
20 that -- are you saying that I've asked  
21 Mr. Johnson before what Chief Hargrove was  
22 doing when he left? I don't know if I've asked  
23 him that.

24          **BY THE COURT:** I don't know how he could  
25 answer what somebody was doing once he left,  
26 but if you want to ask him that question -- but  
27 you are getting repetitive on your some of your  
28 questions. But you can ask him --

29          **BY MR. CARTER:** Okay.

## JOHNSON - DIRECT

1 **BY MR. CARTER:**

2 Q. Mr. Johnson, I know you can't -- you don't  
3 know what he was doing when you didn't see him.

4 A. No, sir, I didn't.

5 Q. That's a good one, that one. It actually  
6 kind of offends me. But what was he doing --

7 **BY MR. EVANS:** I object to these comments,  
8 Your Honor.

9 **BY MR. CARTER:**

10 Q. What was he doing when you left? What was  
11 Chief Hargrove doing the last time you saw him at  
12 the crime scene?

13 A. Chief Hargrove was still in the front of  
14 the building doing his job is all I know.

15 Q. Okay. Let's go on to -- I'm not saying  
16 I'm not coming back to the crime scene, but  
17 Mr. Simpson came into the old police department.  
18 And that's the first interview, I assume, that you  
19 made with Mr. Simpson; is that fair to say?

20 A. Yes.

21 Q. And were you alone or by yourself when  
22 this interview took place?

23 A. I don't think so. I think -- I think Jack  
24 would have been with me.

25 Q. Okay. Did you make a record of who was  
26 available when this interview was done?

27 A. In my notes I normally would put the  
28 initials of who would be there.

29 Q. Okay. Do you know if you got a recorded

## JOHNSON - DIRECT

1 statement from Mr. Simpson on this occasion?

2 A. No, I don't think so.

3 Q. Do you know if Mr. Simpson wrote out a  
4 statement on that occasion?

5 A. Not to my knowledge.

6 Q. Is it your testimony that Mr. Simpson --  
7 you had learned that Mr. Simpson's gun had been  
8 taken. You had Mr. Simpson at the police station.  
9 Mr. Simpson earlier testified to you that his gun  
10 had been taken; is that correct?

11 A. Yes.

12 Q. And you still didn't get a recorded  
13 statement from him or a written statement that he  
14 signed?

15 A. I did not. The sheriff -- excuse me. Go  
16 ahead.

17 Q. Did you ask a question?

18 BY MR. CARTER: Okay. One moment, Your  
19 Honor.

20 BY MR. CARTER:

21 Q. Now, is there some reason that  
22 Mr. Simpson -- strike that. Mr. Simpson didn't come  
23 to Tardy's as you had your command station there,  
24 did he? Before you left and went to the police  
25 department when you talked to him, did he?

26 A. I don't remember that. I remember making  
27 a note and talking to him on the 16th. He may have  
28 been brought to the -- that's right, I don't -- I  
29 really don't remember. But I remember talking to

## JOHNSON - DIRECT

1 him directly and him reporting to us his gun being  
2 stolen from his car there at Angelica's.

3 Q. Okay. And I take it, if I'm understanding  
4 you, that you remember talking to him at some point  
5 before that 6:30 period of time at the police  
6 department; is that what you're saying?

7 A. No, I don't. I know on the 16th I talked  
8 to him, and I made a note of this.

9 Q. And the time that you talked to him was  
10 more than likely at that 6:30 period of time at the  
11 police department you're talking about and not some  
12 other place?

13 A. I think that's correct.

14 Q. Okay. Now, was Mr. Simpson considered a  
15 suspect at that time?

16 A. No.

17 Q. He had a -- at that time, you knew he had  
18 a gun in his car at Angelica's. You knew he had --  
19 at 6:30 at least told you that his gun had been  
20 taken from his car. And at that point, did you have  
21 any information that anybody else had a gun taken by  
22 that time at 6:30?

23 A. Someone else had a gun taken?

24 Q. By 6:30.

25 A. I'm confused.

26 Q. Let me rephrase. By 6:30, you knew from  
27 the crime scene people that there were hulls that  
28 reflected a .380 caliber gun might have been used;  
29 is that correct? By the time you got to the police

## JOHNSON - DIRECT

1 department, you found a .380 --

2 A. Yes.

3 Q. -- likely had been used, possibly had been  
4 used. And you also knew that there was a guy there  
5 by the name of Doyle Simpson who said he had gun in  
6 his car -- a .380 -- and a .380 had been stolen.  
7 You knew that; is that correct?

8 A. Yes.

9 Q. And this guy was there to be interviewed,  
10 and you didn't get a recorded statement from him;  
11 you didn't get a written statement from him, and you  
12 didn't consider him a suspect at that time?

13 A. Not really, no.

14 Q. Okay. And at that time, did you have any  
15 suspects? At that time, 6:30 or so?

16 A. Yes.

17 Q. Who was it?

18 A. Curtis Flowers.

19 Q. Okay. How did Curtis Flowers become a  
20 suspect by then, by 6:30?

21 A. I knew that the Tardy family had  
22 considered Curtis a threat and that they were  
23 concerned about their safety dealing with him.

24 Q. Okay. Now, did you set forth in any  
25 written report that the Tardy family considered  
26 Mr. Flowers a threat?

27 A. Yes.

28 Q. What report was that?

29 A. In my notes.

## JOHNSON - DIRECT

1           Q.   Did you ask them -- and you also knew that  
2 Mr. Flowers had worked at Tardy's as a result of  
3 talking to the Tardy family; is that correct?

4           A.   That's correct.

5           Q.   And that he had worked there for a period  
6 of time and didn't come back after the 4th and he  
7 eventually called and checked and was told he no  
8 longer had a job; is that correct?

9           A.   Yes.

10          Q.   And did you have any information that he  
11 had gotten in an altercation or a fight with anybody  
12 at Tardy's?

13          A.   No.

14          Q.   What exact person at Tardy's had you  
15 talked to that made you believe that Mr. Flowers was  
16 a threat to them?

17          A.   I talked to Tom Tardy and, of course,  
18 later, I talked with Roxanne.

19          Q.   Okay. Did Mr. Flowers -- did you have any  
20 information that Mr. Flowers had an altercation with  
21 anybody at Tardy's Furniture Store? A fight or a --

22          A.   No fights.

23          Q.   Any -- cuss outs or big arguments where  
24 cursed out, any threats to anybody? Any report of  
25 that anywhere?

26          A.   No.

27          Q.   So you had comments that the family was  
28 concerned about Mr. Flowers. You had no evidence,  
29 no facts that substantiated a threat. He was

## JOHNSON - DIRECT

1 considered a suspect; is that fair to say?

2 A. A possible suspect, yes.

3 Q. And Mr. Simpson had a gun, a .380, same  
4 kind used in the murders, showed up to tell you that  
5 he had the gun, the gun was taken and he wasn't a  
6 suspect?

7 A. At that time, I had already talked with  
8 numerous people at Angelica's that verified that  
9 Mr. Simpson was still at work at Angelica's during  
10 the -- what we've suspected to be the time that  
11 these people were killed.

12 Q. What time were they killed?

13 A. I know that Carmen was seen going in the  
14 store right at 10 o'clock, within ten minutes one  
15 way or the other of 10 o'clock. And we know what  
16 time they were found.

17 Q. Okay. Who, in fact, told you that  
18 Mr. Simpson never left out the building at  
19 Angelica's that morning?

20 A. I talked with Dorothy -- I think her name  
21 is Riker or Striker. She was the manager -- plant  
22 manager at Angelica's.

23 Q. Did you write it down anywhere?

24 A. Yes.

25 Q. Dorothy Striker?

26 A. Yes. Well, I'm sorry. I did write it  
27 down, yes.

28 Q. And what did you write it down in? Was it  
29 some of your notes?

## JOHNSON - DIRECT

1           A.    Just notes.

2           Q.    And did you ever put that in a permanent  
3 record, the type that should be done in a major  
4 homicide?

5           A.    I did not put it in another report.

6           Q.    Who else did you talk to after that, if  
7 you remember?

8           A.    Sir?

9           Q.    Who else did you talk to beside  
10 Ms. Striker?

11          A.    At Angelica's?

12          Q.    Yes, sir, regarding Doyle.

13          A.    I talked to numerous people, many people  
14 in the office and in the plant.

15          Q.    Okay. Did you write all of their names  
16 down and exactly what they said and put it in a  
17 report?

18          A.    Probably not that day.

19          Q.    Did you write all those people's names  
20 down, the questions you asked and their answers and  
21 put it in a permanent report at some other day?

22          A.    No. I made notes of the people that I did  
23 talk to --

24          Q.    I understand you made notes.

25          A.    -- on a file.

26          Q.    Did you follow it up? Did you  
27 subsequently make a permanent record?

28          A.    No.

29          Q.    Okay. Mr. Johnson, by that time, by the

## JOHNSON - DIRECT

1 time that these murders happened at Tardy's, how  
2 many homicides would you say you had worked?

3 A. Numbers of them.

4 Q. Give me your best guess.

5 A. I'm going to guess, say, 50 or so.

6 Q. Okay. And with that being the case, you  
7 knew how important it was to document the facts and  
8 findings and impressions and statements and so on;  
9 is that fair to say?

10 A. Yes.

11 Q. Now, how -- of those 50 or so, how many  
12 have been multiple homicides?

13 A. Like double suicides, if you count those,  
14 that would be -- I don't know multiple, just a --

15 Q. Don't count double suicides, without the  
16 double suicides.

17 A. That would be it.

18 Q. Oh, so just double suicides? Okay. Now,  
19 have you had any training in -- that involved double  
20 homicides? Out of that litany of training you said  
21 earlier you received from various agencies, did any  
22 of that involve multiple homicides and how they  
23 should be documented and memorialized permanently?

24 A. Yes.

25 Q. Now, why didn't you give Doyle Simpson a  
26 gunshot residue test as well, since it was his gun?  
27 Why didn't you do it yourself or order it or have  
28 somebody else do it? Do you know how to give a --  
29 and did you know then how to give a gunshot residue

## JOHNSON - DIRECT

1 test?

2 A. Yes.

3 Q. Did you give Mr. Doyle Simpson one?

4 A. Mr. Matthews did. No, I'm sorry. No.

5 Q. Mr. Matthews give Doyle Simpson a gunshot  
6 residue test?

7 A. No.

8 Q. Okay. Now, you know Doyle Simpson wasn't  
9 given a gunshot residue test that day. He was never  
10 given one at any other point that you know of?

11 A. Not that I'm aware of.

12 Q. Now, did you come to interview Emmett  
13 Simpson also at some point on July 16th, 1996?

14 A. I did.

15 Q. And where did that occur?

16 A. At Angelica's.

17 Q. Okay. Did it occur around -- about or  
18 around the same time as you talked to Doyle the  
19 first time down at Angelica's?

20 A. Sometime close, yes.

21 Q. About what time was that?

22 A. I'm going to guess 5:30 to six o'clock,  
23 something like that.

24 Q. And did you -- was Emmett still at work by  
25 the time you got there or did he have to be called  
26 back there?

27 A. I don't remember the answer to that.

28 Q. Okay. And you talked to him and who was  
29 present?

## JOHNSON - DIRECT

1           **A.**    I think Jack Matthews was with me.

2           **Q.**    Okay. And did y'all get a recorded  
3 statement from Emmett Simpson at that time?

4           **A.**    No.

5           **Q.**    Did you get a written statement from  
6 Emmett Simpson at that time?

7           **A.**    No.

8           **Q.**    And you could have if you wanted to, I  
9 assume. Was there anything that stopped you from  
10 doing it had you wanted to?

11          **A.**    No.

12          **Q.**    Okay. Would you agree with me that being  
13 busy isn't a valid excuse for not documenting  
14 occurrences and scenes and events as it surrounds a  
15 crime scene? I mean, I know you can be busy at  
16 times, but you still -- aren't you supposed to find  
17 time at some point where you can find time that, in  
18 fact, document, photographically, video -- through  
19 videotape or through written documents at some time?

20          **A.**    The crime scene?

21          **Q.**    At a crime scene or after the crime scene?  
22 In other words -- do you understand what I'm saying?  
23 Do you need me to make it a better question?

24          **A.**    I wish you would.

25          **Q.**    Okay. Let me see and make sure I  
26 understand it. The documentation of a major  
27 homicide is a -- it's critical that that be done; is  
28 that correct?

29          **A.**    It's important, yes, sir.

## JOHNSON - DIRECT

1           Q.   It's important, and it's important that it  
2   be done as thoroughly and as completely as possible.  
3   Would you agree with that?

4           A.   I agree with that.

5           Q.   And even if events occur so fast or  
6   simultaneously, you still should document when time  
7   permits even if you can't do it instantaneously; is  
8   that fair to say?

9           A.   Yes.

10          Q.   Was Emmett given a gunshot residue test?

11          A.   No.

12          Q.   Were you present when a search was made of  
13   Emmett Simpson's van or vehicle?

14          A.   No.

15          Q.   You do know that occurred, right, or you  
16   were told that occurred?

17          A.   Yes.

18          Q.   Did you make a -- was a permanent record  
19   made of this at some point?

20                BY MR. EVANS: Your Honor, I object. If  
21   he wasn't even present, how is he going to make  
22   a report of it? This is not proper.

23                BY MR. CARTER: And I object to the not  
24   proper.

25                BY MR. EVANS: Your Honor, will the Court  
26   rule on the objection?

27                BY MR. CARTER: Can I respond, Your Honor,  
28   before you rule? Can I respond before you  
29   rule, Your Honor?

JOHNSON - DIRECT

1           **BY THE COURT:** You can respond.

2           **BY MR. CARTER:** Your Honor, Mr. Johnson  
3           and Mr. Matthews were the -- the main or lead  
4           investigators in this case. At some point,  
5           Mr. Matthews and Mr. Johnson or somebody got to  
6           compile a list of what happened, got to do  
7           summaries. And all I'm trying to find out from  
8           Mr. Johnson, as one of the lead investigators,  
9           either the first one to get there or the second  
10          one, whether or not he knew whether a report  
11          was made of that. I'm not trying to trick him  
12          or anything. I just want to know if he knows  
13          whether or not a report was made of that as a  
14          result of being one of the lead investigators  
15          that people were coming to and talking to as a  
16          result of assignments were made in and so on.

17          **BY THE COURT:** You can ask him if he knows  
18          whether Mr. Matthews -- of course, Mr. Matthews  
19          already testified, but you can ask Mr. Johnson  
20          if he knows if Mr. Matthews made a report, if  
21          that's what the question is.

22          **BY MR. CARTER:** Okay.

23          **BY MR. CARTER:**

24            **Q.** First of all, Mr. Johnson, I apologize if  
25            I have already asked you this question, but the  
26            objection made me forget what I had asked you. Did  
27            you make a report of that, first of all?

28            **A.** No.

29          **BY MR. EVANS:** Your Honor, and that's what

## JOHNSON - DIRECT

1 I objected to. He said he wasn't there so he  
2 couldn't have made a report.

3 **BY THE COURT:** I'll sustain to that.

4 **BY MR. CARTER:**

5 **Q.** All right. Mr. Johnson, you weren't there  
6 when Mr. Simpson's vehicle was searched. Were you  
7 at some point informed that it was, and did you or  
8 somebody make a report as to whether -- I'm sorry,  
9 indicate that that vehicle had been searched?

10 **A.** I'm not aware of one.

11 **Q.** Now, do you have any information -- do you  
12 know whether any weapons were found in either  
13 Doyle's car or Emmett's car on the 16th?

14 **A.** No.

15 **Q.** And your answer, and what you're saying in  
16 your answer is that you don't have any information  
17 that any of it was found?

18 **BY MR. EVANS:** He answered the question,  
19 Your Honor.

20 **BY MR. CARTER:** I want to make sure he  
21 wasn't confused, Your Honor.

22 **BY MR. CARTER:**

23 **Q.** You're not saying that no weapons existed  
24 in the car. You're saying you don't know whether  
25 any weapons existed; is that what you're saying?

26 **A.** I'm not aware of any.

27 **Q.** Okay. I just want to be clear.

28 Now, Mr. Johnson, as an investigator  
29 in this case, did you ever make a -- a summary

## JOHNSON - DIRECT

1 report setting forth everything that you did,  
2 everything that you witnessed, everything that you  
3 observed, setting forth your mental impressions,  
4 setting forth who talked to you and made statements,  
5 setting forth what evidence, if any, is in addition  
6 to what you've testified to, so that there was a  
7 permanent record that could be reviewed by anyone?

8 A. I didn't make an overall report.

9 Q. Would you agree with me that that's  
10 something that should have been done?

11 A. I don't know the answer to that. There  
12 are multiple people involved in this. I documented  
13 what I knew to document.

14 Q. Let me make sure I understand you. You  
15 don't know whether you should have done a composite  
16 report?

17 A. It may have been good; I'm not saying it  
18 shouldn't have been done.

19 Q. Now, based on your training at the police  
20 academy and based on all these other training places  
21 that you've gone, you are saying that that training  
22 that you received didn't require, didn't strongly  
23 suggest that you should do a summary or composite  
24 report of your findings in discovery during a major  
25 homicide investigation?

26 A. It could have been suggested.

27 Q. Okay. Is that to say that you probably  
28 should have done a --

29 BY MR. EVANS: Your Honor, I object. We

## JOHNSON - DIRECT

1           have gone through this so many times it's  
2           pitiful.

3           **BY THE COURT:** You are being repetitive  
4           now. I mean, he just answered the question.

5 **BY MR. CARTER:**

6           **Q.** And the answer was it may have,  
7           Mr. Johnson? Is that it?

8           **BY MR. EVANS:** Your Honor --

9 **BY MR. CARTER:**

10          **Q.** Do you have anything further on that?

11          **A.** No, sir.

12          **BY MR. CARTER:** Your Honor, I realize it's  
13          nearly 12:00. Do you want me to stop and take  
14          a break, Your Honor? Because I'm not finished;  
15          I'm only halfway.

16          **BY THE COURT:** This would be a good time  
17          to recess. Ladies and gentlemen, we'll recess  
18          until one o'clock, and I'll ask you not to  
19          discuss this case with anyone or among  
20          yourselves.

21                       (FOLLOWING THE LUNCH RECESS,  
22                       PROCEEDINGS CONTINUED IN OPEN COURT WITH  
23                       THE JURY PRESENT, TO-WIT:)

24          **BY THE COURT:** Court will come back to  
25          order. And, Mr. Carter, you may proceed.

26          **BY MR. CARTER:** Thank you, Your Honor.

27                       **CONTINUED DIRECT EXAMINATION**

28 **BY MR. CARTER:**

29          **Q** Mr. Johnson, why didn't y'all tape record

## JOHNSON - DIRECT

1 the first statement that you got from Mr. Flowers  
2 the first time you talked with him? Strike that.  
3 That's not -- that's not a well-formed question.  
4 Why didn't you tape record your conversation with  
5 Mr. Flowers on July the 16th, 1996?

6       **A**     That was our first initial contact with  
7 him and, you know, we were just getting into the  
8 investigation. He was cooperating with us, and we  
9 did not record the first interview.

10       **Q**     Was he a suspect at that time?

11       **A**     I think everybody was a suspect at that  
12 time on the first day.

13       **Q**     Okay. And everybody who?

14       **A**     Well, anybody --

15       **Q**     What individual -- or anybody in the  
16 community, anybody in Winona; is that what you're  
17 saying?

18       **A**     Nobody was ruled out as being a suspect.

19       **Q**     Okay. And when you say everybody was a  
20 suspect, what do you mean by that? I mean, that's  
21 what you said so explain it to me.

22       **A**     We didn't rule anybody out as a suspect  
23 initially, tried to get the investigation open and  
24 tried to base it on information and the facts that  
25 we could develop.

26       **Q**     Okay. So correct me if I'm wrong, but are  
27 you saying that the larger Winona community was a  
28 suspect at that time?

29       **A**     No, sir, that's not what I'm saying.

## JOHNSON - DIRECT

1           Q     Well, who, in fact, was a suspect besides  
2     Mr. Flowers at that time?

3           A     He was the only one that was an initial  
4     suspect.

5           Q     And, now, he was an initial suspect;  
6     that's based on the information that you got from  
7     Mr. Tardy; is that fair to say?

8           A     That added to it, yes.

9           Q     Okay. Now, on July the 16th, we didn't  
10    know what kind of shoes left the footprint down  
11    there at Tardy's; is that correct?

12          A     That's correct.

13          Q     And at that point, you didn't know that  
14    there was a shoebox -- a Fila shoebox at Ms. Moore's  
15    house at the time you talked to Curtis Flowers the  
16    first time; is that correct?

17          A     Correct.

18          Q     So there was no -- strike that. So that's  
19    all -- so all you had basically was -- strike that.  
20    Did you have anything else that even conjecturally  
21    connected, that you thought connected Mr. Flowers  
22    other than what you were told at Tardy's at that  
23    time that you talked to him that first day?

24          A     Not really.

25          Q     Now, Mr. Flowers remained a suspect until  
26    he was arrested in January of 1997; is that fair to  
27    say?

28          A     Yes.

29          Q     Do you remember at what point you knew,

## JOHNSON - DIRECT

1 you learned, you first discovered that the shoe  
2 prints at Tardy's were, in fact, Fila Grant Hill  
3 shoes?

4       **A**     On the day of the murders, there was a  
5 very distinct pattern in the blood at the crime  
6 scene, and everybody knew it was a distinct pattern.  
7 And it was sometime later that it was developed that  
8 it was a Fila Grant Hill tennis shoe.

9       **Q**     And what time later was that?

10       **A**     It was some -- I don't know for sure, but  
11 I think Wayne and Jack communicated with that --

12       **Q**     Was it some months later?

13       **A**     I don't know for sure.

14       **Q**     Did you write a report setting forth when  
15 you learned that it was, in fact, a Fila tennis  
16 shoe?

17       **A**     I did not.

18       **Q**     Now, correct me if I'm wrong. I believe  
19 you testified earlier that you didn't take a G-R --  
20 gunshot residue test from Doyle at Angelica's within  
21 a few hours of the shooting because Mr. Collins had  
22 told you he saw Ms. Rigby go into the store at  
23 around 10 o'clock?

24       **A**     The reason we didn't do a GSR kit on Doyle  
25 Simpson on that date is because we had information  
26 and people telling us that he was at work at  
27 Angelica's during the time of the murders.

28       **Q**     Okay. Now, do you remember about what  
29 time that Mr. Collins told you that he saw Ms. Rigby

## JOHNSON - DIRECT

1 enter the store at Tardy's? Are you sure it was  
2 10:00, and you're telling us it couldn't be earlier?

3 A I think it was about ten till 10:00, but I  
4 can't swear to it. It was close to 10 o'clock a.m.

5 Q Did you write it down anywhere what time  
6 he told you?

7 A I think I did.

8 Q And would that be -- where would you have  
9 written it? Would that be in one of these notes --

10 A In notes.

11 Q -- that you make for yourself?

12 A That's right.

13 Q And it wouldn't have been on any standard  
14 or common report that would be made in the course of  
15 documenting a major homicide like this?

16 A I didn't make it in another report.

17 Q And as far as this time, 9:50, that's --  
18 you were relying on your memory as best you can but  
19 you're not saying that's the specific time that  
20 Mr. Collins told you that, are you?

21 A No, it was close. I'm relying on my  
22 memory, yes.

23 Q Okay. Do you think it could have been as  
24 early as 9:30 that he said? Is that even possible  
25 in your mind? Do you think --

26 A It may be possible.

27 Q Okay. Mr. Johnson, at some point, you  
28 interviewed a Katherine Snow; is that correct?

29 A Yes.

## JOHNSON - DIRECT

1           **Q**     And what occasion caused you to interview  
2 her, what event? What situation called you to  
3 interview her?

4           **A**     People at Angelica's told us that someone  
5 was leaned against Katherine -- Doyle Simpson's  
6 vehicle and Katherine Snow's name was given to us.

7           **Q**     Okay. And were you still at Tardy's when  
8 you got access to that information?

9           **A**     I don't remember.

10          **Q**     But you know you went down -- as a result  
11 of getting that information, you followed up and  
12 went to Angelica's; is that fair to say?

13          **A**     That and also following up on the burglary  
14 of the vehicle.

15          **Q**     Okay. Now, I don't want to be wrong. I  
16 certainly don't want to put words in your mouth.  
17 Your first meeting with Ms. Snow, did it take place  
18 at Angelica's?

19          **A**     I think so.

20          **Q**     Now, did you talk to Ms. Snow on the same  
21 occasion as a result of the same trip to Angelica's  
22 to see Doyle and Emmett or was that a separate trip?

23          **A**     It could have been a separate trip.

24          **Q**     Okay. And do you have any records that  
25 would refresh your memory as to whether it was the  
26 first trip, second trip or some other trip? Do you  
27 have -- is there a record that sets forth exactly?

28          **A**     Just the note when I talked to her.

29          **Q**     Okay. When you talked to her that first

## JOHNSON - DIRECT

1 time, did she tell you who she saw out there? Did  
2 she give you a name?

3 A She did not.

4 Q Okay. You talked to her on another  
5 occasion shortly thereafter. And where did that  
6 occur?

7 A I think at the EOC in Winona.

8 Q Okay. And did she tell you on that  
9 occasion who she saw? Did she give you a name?

10 A She did not.

11 Q Okay. And how many times did you talk to  
12 her in all as a result of this investigation?

13 A I think that would have been three times.

14 Q Okay. And did she ever tell you that she  
15 knew the name of the person before you did the photo  
16 lineup?

17 A She did not.

18 Q Okay. Now, there was a photo lineup that  
19 was done that involved who? You and -- who  
20 conducted the photo lineup?

21 A Myself, Wayne Miller and I think -- wait a  
22 minute. Myself, Jack Matthews and Robert Jennings.

23 Q And this third conversation, that took  
24 place at the police department, too?

25 A Yes.

26 Q And on that occasion, she was shown  
27 photographs, pictures, one of which included  
28 Mr. Flowers. And after she picked out Mr. Flowers,  
29 she then told you the person she saw was

## JOHNSON - DIRECT

1 Mr. Flowers; is that correct? What did happen that  
2 day? Tell us.

3 A When we laid the photo lineup out in front  
4 on the table, she immediately said, "That's him."  
5 And I looked at her and I said, "Well, you knew who  
6 it was," and she smiled, and that's when she  
7 indicated she didn't -- she was scared of  
8 identifying him.

9 Q Okay. Now, let's -- you set the photo out  
10 in front. You didn't give her any instruction, I  
11 assume. You didn't say you gave her any. And you  
12 sat the photo out in front. She said, "That's him,"  
13 and she smiled. Is that in your report?

14 A It's in my notes that she identified  
15 Curtis Flowers.

16 Q Is it in your notes that you sat the  
17 pictures out there and she looked at them, she said  
18 "That's him," and she smiled, and whatever else you  
19 said?

20 A Not in that detail, no.

21 Q Okay. So that's something that's not in  
22 your notes. Okay. Now, did she ever give you a  
23 clothing description of what the person wore, wore  
24 at the time that she saw him?

25 A She did.

26 Q What was that?

27 A I don't recall.

28 Q Okay. And -- but if she did, you put it  
29 in writing; is that fair to say?

## JOHNSON - DIRECT

1           **A**     Probably.

2           **Q**     But you may not have?

3           **A**     May not have.

4           **BY MR. CARTER:**   One moment, Your Honor.

5           **BY THE COURT:**   Sure.

6           **BY MR. CARTER:**

7           **Q**     Now, Mr. Johnson, whoever that person who  
8           was later identified to be Mr. Flowers at some  
9           point, now, that person as far as we can tell,  
10          wasn't doing anything that was illegal or wrong  
11          when Ms. Flowers -- I mean, when Ms. Snow saw him;  
12          is that what your investigation showed?

13          **A**     I'm not aware of him doing anything.

14          **Q**     In fact, she said he was just kind of  
15          leaning on the car; is that correct?

16          **A**     That's correct.

17          **Q**     One other thing I just thought about. If  
18          you -- you're familiar with where Connie Moore and  
19          Katherine Snow lived at the time, at McNutt Street;  
20          is that correct?

21          **A**     Connie Moore lived on McNutt. Katherine  
22          Snow, I think, lived in Vaiden.

23          **Q**     Sorry, not -- I didn't mean Katherine  
24          Snow. I meant Patricia Hallmon. Patricia Hallmon  
25          and Connie Moore were neighbors at that time; is  
26          that correct?

27          **A**     Yes.

28          **Q**     Now, if you walk back behind that building  
29          and if you continue straight or nearly straight,

## JOHNSON - DIRECT

1 would you go near the Flowers, Archie and Lola  
2 Flowers' house?

3 A If you go across that block and across the  
4 school property and you'll be pretty close, yeah.

5 Q And if you continue to walk in that  
6 direction, you would never, ever get to Angelica's,  
7 will you, if you continue walking straight? You  
8 can't get to Angelica's if you're walking straight  
9 in that direction or even running in that direction?

10 A If you go straight north and don't turn,  
11 you won't hit it, yes, sir.

12 Q Right. You would have to turn. And  
13 you're going to have to make a right and then  
14 another right if you leave McNutt and a left to get  
15 to Angelica's, wouldn't you?

16 A If you follow the street, you would go  
17 north. And then you would turn east on Powell and  
18 go 51 and go south. Turn left on Angelica Drive and  
19 you would run into Angelica's.

20 Q Now, to get to Angelica's from 702 McNutt,  
21 you could have walked across a graveyard and get  
22 there, couldn't you?

23 A Yes, sir.

24 Q In fact, that would be a shorter path,  
25 wouldn't it?

26 A Yes, sir, a lot shorter.

27 Q And you know that because you walked it;  
28 right?

29 A I walked it, yes.

## JOHNSON - DIRECT

1           Q     Now, do you remember talking to somebody  
2     named -- while down at Angelica's, named Carol  
3     Howard?

4           A     I do.

5           Q     Okay. And what did she tell you? Did she  
6     tell you she had seen a van that morning?

7           A     She did indicate she had seen a van.

8           Q     Okay. And where did she say she saw the  
9     van at?

10          A     Somewhere in around the building, you  
11     know.

12          Q     Okay. Did you follow up to try to  
13     determine if anybody else saw it or who owned it?

14          A     I did.

15          Q     What did you find out?

16          A     I didn't find out anything. It was just a  
17     van that was there and --

18          Q     Who did you follow up and talk to?

19          A     We talked to people at Angelica's. We  
20     talked to people on the streets. We talked to  
21     anybody that might know anything.

22          Q     Okay. Did you put that in a report that  
23     you followed up?

24          A     I have a short note where I spoke with  
25     Ms. Howard, and I made a note that she had seen a  
26     van.

27          Q     Okay. Now, did you also see -- now, you  
28     also know that Emmett Simpson owned a van. What  
29     color was Mr. Simpson's van?

## JOHNSON - DIRECT

1           **A**     I never viewed Mr. Simpson's van.

2           **Q**     Okay. Now, you interviewed him; right?

3           **A**     I did.

4           **Q**     And did you know he owned a van?

5           **A**     I heard he owned a van, yes.

6           **Q**     You heard he owned a van, and you didn't  
7 follow up to photograph it or to -- and you didn't  
8 document what kind of van he had?

9           **A**     I checked with people where he worked and  
10 the manager of the buildings and several more, and  
11 they all have testified him at being at work at IDP  
12 during all that morning, and I didn't see the value  
13 in following up further with that.

14          **Q**     Okay. Now, were you aware that a reward  
15 was posted in this case?

16          **A**     Yes, sir.

17          **Q**     In fact, you told some people about it; is  
18 that correct?

19          **A**     Told people about the reward?

20          **Q**     That a reward existed. You didn't tell  
21 anybody that a reward existed?

22          **A**     I think -- I'm sure I've mentioned the  
23 reward to people in everyday life, like everybody  
24 else, yes.

25          **Q**     How much did you tell them it was?

26          **A**     Sir?

27          **Q**     How much did you tell them the reward was?  
28 What amount did you tell these people?

29          **A**     I don't know that I told them an amount.

## JOHNSON - DIRECT

1 The amount changed. I'm not sure when the reward  
2 came out. And I know it grew from different levels,  
3 but I'm not aware of when or, you know, at what  
4 date, what level it was or anything there. I had  
5 nothing to do with the reward.

6 Q So you weren't consulted with or talked  
7 with about that; is that your testimony?

8 A I've had people to ask me about it and  
9 that were -- tried to work with it, and I told them  
10 that I could not be involved in that.

11 Q Okay. And are -- these people that you're  
12 talking about, are they people that were responsible  
13 for making the reward or coming up with the money or  
14 is it independent people of the reward?

15 A I don't know really how that -- I don't  
16 know that for sure if they were responsible or what.

17 Q Okay. So as far as you know, though, the  
18 people you talked with, they were not the people who  
19 posted the reward or put up the money?

20 A I don't know who posted the money or if  
21 there was any money or what. I never saw any of it.

22 Q Now, is your testimony that a reward can  
23 be put up and a reward was put up, and neither you  
24 or any other of the investigators were made aware of  
25 the reward before it was posted or announced?

26 A I wasn't made aware of it before it was  
27 announced or posted, no.

28 Q Then you were never concerned about  
29 whether it was advisable or proper to use a reward

## JOHNSON - DIRECT

1 or not, were you?

2 A I don't know that anybody asked me that  
3 question.

4 Q Now, when a reward is posted and is being  
5 used to find leads in a crime, wouldn't you agree  
6 with me that some measures should be and have to be  
7 taken to ensure that people are not coming forth  
8 just for money?

9 A I had nothing to do with this reward  
10 posting. The reward -- I don't know that there was  
11 ever a phone call received in reference to the  
12 reward.

13 Q Mr. Johnson --

14 BY MR. EVANS: Your Honor, he's trying to  
15 answer the question.

16 BY MR. CARTER:

17 Q Did you hear my question, Mr. Johnson?

18 A I thought I did.

19 BY MR. CARTER: I object to that, Your  
20 Honor. That's non-responsive to anything.

21 BY THE COURT: It's very responsive.  
22 So -- I mean, you can't object to your own  
23 witness --

24 BY MR. CARTER: I asked him --

25 BY THE COURT: It's your witness,  
26 and you're questioning him.

27 BY MR. CARTER:

28 Q I asked him isn't it a fact that if a  
29 reward is posted that measures should be taken to

## JOHNSON - DIRECT

1 make sure that people are not coming forth for money  
2 and that they are, in fact, in possession of facts  
3 that would help in the case?

4 **A** I've never been involved in any reward  
5 offering at all.

6 **Q** Okay. Let's assume you wasn't involved in  
7 any way, but you knew there was a reward offered in  
8 this case. Isn't it incumbent on the police  
9 officer, on the investigator, to do something to  
10 ensure that people are not coming forward just  
11 because money exists?

12 **A** I never offered a reward to anyone or --

13 **Q** Look --

14 **BY MR. CARTER:** Now, Your Honor, I object.  
15 That is not my question. My question is not  
16 complicated --

17 (MR. CARTER AND MR. EVANS ARE SPEAKING  
18 SIMULTANEOUSLY)

19 **BY MR. EVANS:** The question is so  
20 repetitive --

21 **BY MR. CARTER:** Your Honor, I am so tired  
22 of this. I can't even talk --

23 **BY THE COURT:** I don't want you both to  
24 talk at the same time.

25 **BY MR. EVANS:** I'm objecting, Your Honor,  
26 to the fact that this question is repetitive,  
27 and it is not relevant.

28 **BY MR. CARTER:** Well, Your Honor, maybe it  
29 won't be repetitive if he answered it.

## JOHNSON - DIRECT

1           **BY THE COURT:** Well, he's answered. He's  
2           not saying what you want him to say. But, I  
3           mean, this is your witness, and you're actually  
4           leading --

5           **BY MR. CARTER:** I want to know --

6                   (MR. CARTER AND THE COURT ARE SPEAKING  
7           SIMULTANEOUSLY)

8           **BY THE COURT:** -- you've been leading the  
9           witness the entire time.

10          **BY MR. CARTER:** It's his witness.

11          **BY THE COURT:** No, it's your witness. You  
12          called him.

13          **BY MR. CARTER:** Can the Court take note  
14          that Mr. Johnson is, in fact, Mr. Evans'  
15          investigator and that he's, in fact, a hostile  
16          witness toward me.

17          **BY THE COURT:** He testified to that, but I  
18          see no display of hostility so I can't say that  
19          he's a hostile witness. He does work for the  
20          prosecutor.

21          **BY MR. CARTER:** And you don't think that  
22          would make him hostile, Your Honor?

23          **BY THE COURT:** He's sworn and he's under  
24          oath, and I would assume his testimony is sworn  
25          under oath to tell the truth. He has not, as  
26          far as I can gather so far, displayed any  
27          hostility toward you.

28          **BY MR. CARTER:** And the ruling of the  
29          Court is the fact that he is Mr. Evans's

## JOHNSON - DIRECT

1 investigator doesn't in any way reflect any --  
2 any obvious unstated bias of hostility? Is  
3 that the Court's ruling, Your Honor?

4 **BY THE COURT:** That's not even an issue  
5 before the Court. You called him as your  
6 witness. You made the decision to call him.  
7 This is not cross-examination. This is direct  
8 examination, and you called him.

9 **BY MR. CARTER:** I know I called him.

10 **BY THE COURT:** And I have not seen that,  
11 up to this point, anything that would show that  
12 Mr. Johnson is displaying any hostilities  
13 towards you.

14 **BY MR. CARTER:**

15 **Q** Mr. Johnson, do you deny that you offered  
16 a reward and mentioned a reward to Latasha Blisset?

17 **A** I do.

18 **Q** Do you deny that you offered a reward and  
19 mentioned a reward to Kittery Jones?

20 **A** I do.

21 **Q** Mr. Johnson, would you agree with me that  
22 in a major homicide like this that the investigators  
23 have to assemble a team to investigate the crime and  
24 ensure that there is a team approach and that there  
25 was a coordination and sharing of various evidence  
26 that's collected and responsibility so that as to  
27 make sure that everybody knows what he's going on  
28 and --

29 **BY MR. EVANS:** Your Honor, I object to

JOHNSON - DIRECT

1 leading and repetitive.

2 **BY THE COURT:** It's most definitely  
3 leading. I'll sustain.

4 **BY MR. CARTER:** Your Honor, I'll point the  
5 Court to Rule 611-C that talks about leading  
6 questions, and it says leading questions should  
7 not be used on direct examination of a witness  
8 except as may be necessary to develop his  
9 testimony. Ordinarily, the leading questions  
10 should be permitted on cross-examination. When  
11 a party calls a hostile witness, an adverse  
12 party or a witness identified with an adverse  
13 party, interrogation may be leading questions.  
14 And based on that, I think I should be able to  
15 ask leading questions to this witness.

16 **BY THE COURT:** I don't see that he's  
17 hostile, but I -- you can -- the entire  
18 examination so far has been leading, and it has  
19 not been objected to. But your last question  
20 was also very leading but very confusing, so if  
21 you want to rephrase.

22 **BY MR. CARTER:** I do agree, Your Honor.  
23 It was misleading and too long. I can  
24 certainly agree.

25 **BY MR. CARTER:**

26 **Q** Mr. Johnson, don't you agree that the  
27 investigator or investigators in charge shall  
28 identify specific responsibilities that are  
29 necessary during the scene investigation or

## JOHNSON - DIRECT

1 investigation of the crime? Do you agree with that?

2 **A** I don't know. But would you repeat the  
3 question, please? I lost you somewhere in there.

4 **Q** Do you agree with me that the  
5 investigators in charge shall identify specific  
6 responsibilities that should be done in the process  
7 of investigating a case?

8 **A** Ideally, yes.

9 **Q** And do you furthermore agree that  
10 investigators in charge should share preliminary  
11 information as they investigate any crime?

12 **A** I think we've tried to do that, yes.

13 **Q** Okay. And do you further agree that  
14 investigators working on a major crime should  
15 develop investigative plans?

16 **A** That would be good, yes.

17 **Q** Okay. And don't you agree that the  
18 investigators in charge should also converse with  
19 the first responder?

20 **BY MR. EVANS:** Your Honor, this is  
21 irrelevant. He has already talked about what  
22 he did, what the officers did. What this  
23 officer did is relevant. Now, he's trying to  
24 go into his opinions as what would be ideal in  
25 perfect situations, and that is irrelevant.

26 **BY MR. CARTER:** Oh, that's not what I'm  
27 trying to do, Your Honor. I'm trying to find  
28 out what this man, what Mr. Johnson believes  
29 the responsibilities are of investigators so we

JOHNSON - DIRECT

1 can --

2 BY THE COURT: It is irrelevant. He's  
3 already testified in great length about what  
4 was done, so --

5 BY MR. CARTER: And that makes it  
6 irrelevant, Your Honor?

7 BY THE COURT: His opinion is irrelevant.

8 BY MR. CARTER: Mr. Johnson's opinion  
9 irrelevant on investigations?

10 BY THE COURT: His opinion on whether they  
11 should communicate with the first responder is  
12 irrelevant, but I believe he's already  
13 testified they did. Because he said that, that  
14 he made contact with the man that owned the  
15 ambulance service.

16 BY MR. CARTER: And that is irrelevant,  
17 you're saying, Your Honor?

18 BY THE COURT: Mr. Eskridge -- he's  
19 already been asked and answered the question  
20 about communicating with Mr. Eskridge, so --

21 BY MR. CARTER: Oh, so it's been asked and  
22 answered; you're not saying it's irrelevant?

23 BY THE COURT: I think his opinion is  
24 irrelevant.

25 BY MR. CARTER: Okay.

26 BY MR. CARTER:

27 Q Mr. Johnson, do you agree with me that  
28 that conducting a scene walk-through at a crime  
29 scene provides the investigator in charge with an

## JOHNSON - DIRECT

1 overview of the entire scene?

2       **A**     I can't say that -- in general or are you  
3 talking this case or what are you talking about?

4       **Q**     In this case then.

5       **A**     I don't know the answer to that.

6       **Q**     Yes, sir. Mr. Johnson, wouldn't you agree  
7 with me that written and photographic documentation  
8 records the condition of the scene as first  
9 observed, providing a permanent record?

10       **A**     That's good to have, yes, sir.

11       **Q**     Now, that would be good to have out at  
12 Doyle Simpson's house where the cedar post was, too,  
13 wouldn't it?

14               **BY MR. EVANS:** Your Honor, I don't believe  
15 this witness was even at that post, and that is  
16 not a proper question for this witness.

17               **BY MR. CARTER:** I agree, Your Honor. Let  
18 me make sure he was there or wasn't.

19               **BY THE COURT:** Well, there's been no  
20 testimony where he was. I think you already  
21 asked him where he was, but you can ask him one  
22 more time.

23               **BY MR. CARTER:** I don't remember the  
24 answer.

25 **BY MR. CARTER:**

26       **Q**     Mr. Johnson, did you go out to Doyle  
27 Simpson's house at either time?

28       **A**     Yes, sir.

29       **Q**     Okay. Now, was it both times or one time?

## JOHNSON - DIRECT

1           **A**     I went to Doyle Simpson's house several  
2 times.

3           **Q**     Okay. Now, there were two occasions where  
4 some evidence was collected. I believe a hull on  
5 one occasion and a projectile on the next one. Were  
6 you present on either of those?

7           **A**     I know Bill Thornburg recovered some --

8           **Q**     Were you present on either occasion?

9           **A**     I don't remember that.

10          **Q**     Did you make a record of what you did,  
11 what you saw, what you collected, if anything, on  
12 the occasions that you did go to Doyle Simpson's  
13 mother's house?

14          **A**     I did not collect anything at Doyle  
15 Simpson's.

16          **Q**     Did you make a record?

17               **BY MR. EVANS:** Your Honor, if he didn't  
18 collect anything, how could he make a record?  
19 I object. This is irrelevant.

20               **BY MR. CARTER:** Your Honor, this is so --

21               **BY MR. EVANS:** It's so ridiculous is what  
22 it is.

23               **BY MR. CARTER:** Mr. Evans ought to be  
24 ashamed of himself.

25               **BY THE COURT:** He can answer the question  
26 if he made a record.

27 **BY MR. CARTER:**

28           **Q**     If I confused you, Mr. Johnson -- I don't  
29 want to confuse you, Mr. Johnson. I'm willing to

## JOHNSON - DIRECT

1 take that question back and try to rephrase it,  
2 because I'm really not trying to confuse you. I'm  
3 really not. You went to Doyle Simpson's house on  
4 several occasions, according to you, and I don't  
5 know when you went, and the only way I can get  
6 information is to ask you. How times did you go,  
7 did you say?

8 A I don't really know.

9 Q And did you make a report setting forth  
10 how many times you went to Mr. Simpson's house?

11 A No.

12 Q Did you make a report setting forth what  
13 you did at Doyle Simpson's house on those occasions  
14 that you did go?

15 A No.

16 Q Let me ask you another thing: With you  
17 being one of the main investigators -- strike that.

18 BY MR. CARTER: One moment, Your Honor.

19 Let me see if I can condense a little.

20 BY MR. CARTER:

21 Q Mr. Johnson, in -- according to you --  
22 your training and your experience, whose  
23 responsibility is it to ensure that an officer's  
24 assignments and duties are -- are documented and  
25 findings are documented?

26 A I think every officer is responsible for  
27 certain documentation. I'm -- I was not in charge  
28 of the investigation. I was -- I don't know how to  
29 answer your question.

## JOHNSON - DIRECT

1           **Q**     Okay. Does the investigator in charge, as  
2 far as you know, as part of your training, have any  
3 responsibility of making sure that this  
4 documentation is done as a part of your job?

5           **A**     Documentation is important.

6           **Q**     And does the investigator -- the lead  
7 investigator or a lead -- is it the responsibility  
8 of the lead investigator or one of the lead  
9 investigators to make sure that documentation is  
10 done?

11          **A**     It's important to document, yes. I'm not  
12 in charge of anybody. I was assisting in this.

13          **Q**     Mr. Johnson, wouldn't you agree with me  
14 that a well-documented scene insures the integrity  
15 of the investigation and provides a permanent record  
16 for later evaluation?

17               **BY MR. EVANS:** Object to repetitiveness,  
18 Your Honor.

19               **BY THE COURT:** I'll let him answer.

20          **A**     I said that documentation is important.

21               **BY MR. CARTER:**

22          **Q**     Okay. Does that mean that you agree with  
23 the question I asked?

24          **A**     Documentation is important, and it's  
25 valuable if it's developed, yes.

26          **Q**     So that's a yes? Okay.

27               **BY MR. CARTER:** I'm trying to condense it.

28               Wait a minute. I'm skipping some stuff.

29               **BY MR. CARTER:**

## JOHNSON - DIRECT

1           Q     Now, Mr. Johnson, wouldn't you agree with  
2     me that the handling of physical evidence is one of  
3     the most important factors of an investigation?

4           A     It's important, yes.

5           Q     One moment.

6                     Mr. Johnson, did y'all ever have what  
7     I call a crime scene debriefing? In other words --  
8     well, maybe you know what that means so let me wait  
9     and see if you can answer before I follow.

10          A     You're talking about that day or what?

11          Q     Yes, sir, that day or any day that -- that  
12     you thought it was appropriate.

13          A     I know we discussed the crime scene in  
14     later times. A debriefing or specific meeting on  
15     that, I don't know that I recall specifically one  
16     day or --

17          Q     And if you did have a crime scene  
18     debriefing, isn't it fair to say that it wasn't set  
19     forth in writing, that there's no written document  
20     setting forth exactly what was said?

21          A     I did.

22          Q     Okay. Mr. Johnson, would you agree with  
23     me that crime scene debrief- -- crime scene  
24     debriefing is the best opportunity for law  
25     enforcement personnel and other responders to ensure  
26     the crime investigation is complete?

27                 BY MR. EVANS: Your Honor, again, this is  
28     opinions. It has nothing to do with the facts  
29     of the case.

JOHNSON - DIRECT

1           **BY THE COURT:** I'll sustain it. It's  
2           strictly an opinion that is irrelevant.

3           **BY MR. CARTER:**

4           **Q**     Now, Mr. Johnson, did -- wasn't what you  
5           were taught at the academy and accepted as a  
6           practice, that reports and other documentation  
7           pertaining to crime scene investigation shall be  
8           compiled into a case file? I didn't hear you, sir.

9           **A**     Basically that's taught, yes.

10          **Q**     Now, wasn't you also taught that the  
11          investigators in charge shall ensure that reports  
12          and other documentation pertaining to a crime scene  
13          are complete?

14          **BY MR. EVANS:** I object. This is  
15          completely improper. He has asked him what he  
16          has done, and he had has testified to it.

17          **BY THE COURT:** I'll sustain it. It's an  
18          irrelevant question.

19          **BY MR. CARTER:** Yes, sir. I'll move on.

20          **BY MR. CARTER:**

21          **Q**     Now, Mr. Johnson, you know, I've been  
22          hearing and the jury been hearing that these Fila  
23          Grant Hill shoes were popular. And I must tell you  
24          I'm still looking for some evidence of that now.  
25          With them being as popular as they were, who had  
26          some? I know you claim Mr. Flowers had some. Who  
27          else had some as popular as they were?

28          **A**     I'm sure somebody did. But I checked with  
29          the shoe store here. I talked with them, and they

## JOHNSON - DIRECT

1 didn't have them here locally in stock. This was a  
2 limited edition shoe. I know that they were  
3 popular, and people bought them.

4 Q Okay. So when all this talk I heard about  
5 popular, means that they are popular somewhere in  
6 the nation, somewhere in the country, but they  
7 wasn't popular in Winona; is that fair to say?

8 A I don't know the answer to that.

9 Q Okay. So did you ever -- did you  
10 determine what Patricia Hallmon meant by saying the  
11 shoes were popular? What did she mean by that if  
12 they weren't?

13 A I don't know.

14 Q You don't know? Now, is it fair to say  
15 that Doyle Simpson was eliminated as a suspect early  
16 on?

17 A Fairly early on, yes.

18 Q Okay. And how fairly early on was that?

19 A Well, like I said, on that day it was  
20 confirmed that he was at work during the times of  
21 the murders.

22 Q So he -- is it fair to say that he was  
23 ruled out that day then?

24 A I wouldn't say he was ruled out that day.  
25 We still watched him and tried to develop something  
26 in there, too.

27 Q Okay. Now, but at some point he was ruled  
28 out; is that your testimony?

29 A At some point, yes.

## JOHNSON - DIRECT

1           **Q**     Okay. Now, was that point that he was  
2 ruled out set forth in a written communication or  
3 documentation setting forth when it occurred and  
4 why?

5           **A**     No, sir, not that I'm aware of.

6           **Q**     Okay.

7           **BY THE COURT:** Mr. Carter, I'm not trying  
8 to rush you. The jury has requested a recess.

9           **BY MR. CARTER:** I'm all for that, Your  
10 Honor.

11          **BY THE COURT:** It's two o'clock, so I was  
12 going to go ahead and just give them a  
13 ten-minute recess at this time.

14          **BY MR. CARTER:** Yes, sir.

15                   (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
16 CONTINUED IN OPEN COURT WITH THE JURY  
17 PRESENT, TO-WIT:)

18          **BY THE COURT:** Court will come back to  
19 order. You may continue, Mr. Carter.

20          **BY MR. CARTER:** Thank you.

21                   **CONTINUED DIRECT EXAMINATION**

22          **BY MR. CARTER:**

23           **Q**     Mr. Johnson, isn't it a fact that -- I'm  
24 not going to even try to lead you. How many people  
25 did you talk to during the investigation of this  
26 case?

27           **A**     I don't really know. A lot of people.

28           **Q**     Lots of people. Probably more than 100;  
29 is that that fair to say?

## JOHNSON - DIRECT

1           **A**     Maybe.

2           **Q**     Did you set forth in any document  
3 summarizing exactly who you talked to and everything  
4 each one of them said?

5           **A**     I documented the names and location and  
6 who I talked to with anybody that had anything  
7 relevant to the case. If they didn't know anything  
8 or familiar with anything involving the murders, I  
9 did not document it.

10          **Q**     Now, Mr. Johnson, you used the word  
11 relevant. And what do you mean by that?

12          **A**     If people were not in Winona that day, if  
13 they didn't know anything about the crime, that type  
14 thing.

15          **Q**     So -- okay. If they didn't know anything,  
16 then you didn't write it down. But if they did know  
17 something, you wrote it down? You got a statement  
18 from everybody who did know something?

19          **A**     There were some people that I knew that  
20 were close enough that could know something, that if  
21 they said that they didn't know anything, I wrote  
22 that down.

23          **Q**     Mr. Johnson, is it fair to say that the  
24 fact that you talked to so many people that you  
25 were, in fact, the lead investigator in this case?

26          **A**     I -- I didn't consider myself to be the  
27 lead investigator.

28          **Q**     Did you talk to more people that Jack  
29 Matthews?

## JOHNSON - DIRECT

1           **A**     I don't know how many Jack talked to.

2           **Q**     Okay.  And -- but we do know that you and  
3     Mr. Matthews were the investigators that were  
4     leading this case; is that fair to say?

5           **A**     I think Jack and I probably had more to do  
6     than most of them.

7           **Q**     And shouldn't you all have been  
8     coordinating information and have known what the  
9     other one was doing?

10          **A**     Generally, I think we did that.

11          **Q**     And, specifically, shouldn't you have  
12     known what Mr. Matthews was doing?  And,  
13     specifically, shouldn't Mr. Matthews have known what  
14     you were doing?

15                 **BY MR. EVANS:**  Your Honor, this is asking  
16     for opinions.  He can state what they did.

17                 **BY THE COURT:**  I'll sustain the objection.

18     **BY MR. CARTER:**

19          **Q**     Mr. Johnson, there was two lineups done,  
20     one on Mr. Collins -- Porky Collins -- and there was  
21     one done on Katherine Snow.  Did you participate in  
22     either of these?

23          **A**     I did.

24          **Q**     Did you participate in one or did you  
25     participate in both?

26          **A**     Both.

27          **Q**     What role did you play?

28          **A**     Well, I was a witness to it and present  
29     when the photo lineup was shown.  That was it.

## JOHNSON - DIRECT

1           Q     You didn't say anything to either one  
2 before or afterwards; is that your testimony?

3           A     No, I didn't say that.

4           Q     Well, did you say anything to Katherine  
5 Snow or Porky Collins before the lineup was  
6 conducted?

7           A     They were told that they were going to be  
8 shown a photo lineup.

9           Q     Mr. Johnson, did you, John Johnson, say  
10 anything to Katherine Snow before the photo lineup  
11 was conducted or carried out?

12          A     All I remember being said to them was,  
13 We're fixing to show you a photo lineup and ask you  
14 if you can identify who's in the photo lineup.

15          Q     Were you the one who said it?

16          A     Jack or I or Wayne or all of -- one of us  
17 said it. I can't remember which one said it.

18          Q     You can't remember which one said it.  
19 Okay.

20          A     But I know that's what was said.

21          Q     Now, with respect to afterwards, did you,  
22 John Johnson, the lead investigator or certainly a  
23 major investigator in this case, say anything to  
24 Ms. Snow after the lineup was conducted, was  
25 finished or completed?

26          A     Yes. I looked at her and I said -- well,  
27 because she was so immediate and said, That's him,"  
28 before it was even laid on the table. I said, "You  
29 knew who it was." And she smiled.

## JOHNSON - DIRECT

1           Q     What else did you say?

2           A     Well, she was just smiling in response,  
3     and --

4           Q     Okay. What did you mean when you said,  
5     "You knew who it was"? What did you mean by that?

6           A     She was so immediate. I mean, the lineup  
7     hardly even hit the table, and she said, "That's  
8     him."

9           Q     And you followed up?

10          A     Sir?

11          Q     And you followed up, right, and said, "You  
12     knew that's him"? Didn't you just testify that's  
13     what you did?

14          A     I did.

15          Q     And what did you mean by that? Why did  
16     you say that?

17          A     She was so quick and so responsive and so  
18     sure and said, "That's him." And I looked at her  
19     and said, "Look, you knew who it was." And she  
20     smiled.

21          Q     Right. And why did you say that?

22                BY MR. EVANS: Your Honor, this has been  
23     covered three times that I've counted it.

24                BY THE COURT: He has answered it, and so  
25     that's been asked three times, and that's the  
26     answer, so you can move on. It's being  
27     repetitive at this point.

28                BY MR. CARTER: One moment, Your Honor.

29     BY MR. CARTER:

## JOHNSON - DIRECT

1           Q     Did you say anything else, Mr. Johnson?  
2     Is that all you said?

3           A     That's all I remember that was said.

4           Q     Did you put that in writing?

5           A     I may have put it in my notes.

6           Q     Now, with respect to -- now, also, you  
7     participated -- you were present when a photo lineup  
8     was done by Porky Collins. That's also correct?

9           A     I was present when two photo lineups were  
10    shown to Porky Collins.

11          Q     Okay. And where did it occur? Was that  
12    at the Winona Police Department?

13          A     Yes.

14          Q     And did you say anything to Porky Collins  
15    before the photo lineup?

16          A     I know one of us told him, you know, we're  
17    fixing to show him a photo lineup and ask him can he  
18    identify the people.

19          Q     Mr. Johnson, did you say anything to him?  
20    Not one of you. Did you?

21          A     I don't remember whether that was myself  
22    or the other officer.

23          Q     Okay. Did you say anything to Mr. Collins  
24    after he made a selection from the photo lineup?

25          A     I did.

26          Q     What did you say then?

27          A     I asked him did he know Curtis Flowers.  
28    He said, "I didn't know Curtis Flowers then and I  
29    don't know him now, but I know the man I just

## JOHNSON - DIRECT

1 identified is the man I saw in front of Tardy's  
2 Furniture Store that morning."

3 Q And did you write a report of that?

4 A I did write a note of this, yes.

5 Q You wrote a note, but it wasn't -- you're  
6 talking about these same personal notes that you  
7 write for yourself; is that correct?

8 A I didn't make a report.

9 Q A formal report?

10 A Put it in a formal report, no.

11 Q Okay. Now, Mr. Johnson, don't you  
12 remember that there was a hearing one day to try to  
13 suppress Mr. Collins' photo identification?

14 A Yes, I do.

15 Q And, in fact, the day before the hearing  
16 took place, you got the photo array from your office  
17 and went by Mr. Collins' house; is that correct?  
18 Isn't that correct?

19 A I don't remember that.

20 Q And you haven't been asked that question  
21 before and you haven't testified that you -- before  
22 that you did go by there, Mr. Johnson?

23 BY MR. EVANS: Your Honor, may we  
24 approach?

25 BY MR. CARTER: One moment, Your Honor.

26 (ALL COUNSEL APPROACH THE BENCH FOR A  
27 CONFERENCE HELD OUT OF THE HEARING OF THE  
28 JURY, TO-WIT:)

29 BY MR. EVANS: Your Honor, first of all,

## JOHNSON - DIRECT

1 my objection is that Porky Collins is dead. We  
2 have had this suppression hearing. He knows  
3 that he is not here now to explain this like he  
4 was in the hearing, and this jury cannot hear  
5 this entire suppression hearing, so it's  
6 improper to go into that with this witness at  
7 this time. It's irrelevant.

8 **BY THE COURT:** Well, all he's doing is  
9 asking Mr. Johnson if he went by Mr. Collins'  
10 house with those photographs the day before the  
11 hearing.

12 **BY MR. CARTER:** That's the only thing I'm  
13 going to ask him.

14 **BY THE COURT:** I don't think that has  
15 anything to do with Mr. Collins, so I'll  
16 overrule the objection.

17 **BY MR. CARTER:** I'm sorry. What?

18 **BY THE COURT:** I've overruled the  
19 objection.

20 **BY MR. CARTER:** Yes, sir.

21 (BENCH CONFERENCE WAS CONCLUDED)

22 **BY MR. CARTER:**

23 **Q** Now, Mr. Johnson, I asked you -- was your  
24 answer to that question -- what was it? I don't  
25 remember?

26 **A** I don't remember -- what was your question  
27 again, please?

28 **Q** A suppression hearing took place.

29 **A** When did the suppression hearing take

## JOHNSON - DIRECT

1 place?

2 Q Let me see if I can clear it up a little  
3 for you. Are you familiar with a lawyer by the name  
4 of Chokwe Lumumba?

5 A I am.

6 Q Okay. Now, you know that he, at one  
7 point, represented Mr. Flowers?

8 A Yes.

9 Q And are you aware that at some point he  
10 tried to suppress Mr. Collins' photo identification?  
11 Do you recall that?

12 A Yes.

13 Q And unfortunately, at this moment, I can't  
14 remember when the hearing took place. But a hearing  
15 did take place concerning it. Is that what your  
16 understanding is of the facts?

17 A I think that's right.

18 Q And did you attend that hearing?

19 A Probably.

20 Q And did you also, in fact, leave the  
21 Grenada DA's office, your workplace at Mr. Evans'  
22 office, and go by Mr. Porky's house to see him the  
23 day before the suppression hearing?

24 A That's possible.

25 Q And is it also possible that you took the  
26 photo array with you when you went by?

27 A Would that have been after he had  
28 identified it?

29 Q Yes, I believe it was after.

## JOHNSON - DIRECT

1           **A**     That's possible.

2           **Q**     And if you did, were you instructed to do  
3 that or did you do it on your own volition?

4           **A**     I would have done it on my own.

5           **Q**     And why was it necessary?

6           **A**     I don't know.

7           **Q**     You don't know why you did it?

8           **A**     No. I don't remember really what you're  
9 talking about actually.

10          **Q**     Mr. Johnson, did you make a report of  
11 having gone by Mr. Porky Collins' house the day  
12 before a suppression hearing was done?

13          **A**     No, sir.

14          **Q**     Did you testify at a hearing that you went  
15 by Mr. Collins' house the day before a suppression  
16 hearing was held? Did you testify in court that you  
17 did?

18          **A**     I may have. I don't remember that, to be  
19 honest about it.

20          **Q**     And do you recall Mr. Lumumba asking you,  
21 "When is the last time prior to this hearing that  
22 you talked to Mr. Collins?" And you said, "I spoke  
23 to him yesterday. I stopped by to check and see if  
24 he had been subpoenaed to be here." "Did you have a  
25 discussion with him?" "Yeah." "What did y'all  
26 discuss?" "Just basically asked if you and counsel  
27 asked him any questions beyond what normally had  
28 been discussed, and he indicated he had not." And  
29 you know where Mr. Collins lives; is that correct?

## JOHNSON - DIRECT

1           **A**     I do.

2           **Q**     And you've been to his house many times;  
3     is that correct?

4           **A**     Over the years, I've been to his house.

5           **Q**     In fact, you even know that he had a  
6     problem hearing at times as a result of a taking  
7     medications, various kind of medications?

8           **A**     I'm not aware of that.

9           **Q**     You're not aware of that? Well, are you  
10    aware that he wore glasses?

11          **A**     Sometimes.

12          **Q**     Are you aware that at the time he claimed  
13    he saw these two people that --

14               **BY MR. EVANS:** Your Honor, that's not  
15    relevant of this witness. He has asked if it  
16    was asked of Mr. Collins when his testimony was  
17    before the jury. This witness would have no  
18    personal knowledge of his sight.

19               **BY THE COURT:** I'll sustain the objection.

20               **BY MR. CARTER:** I thought I had moved past  
21    that. Okay. Yes, sir, Your Honor.

22    **BY MR. CARTER:**

23          **Q**     Now, Mr. Johnson, at this same hearing, it  
24    was said, "I probably mentioned to him that there  
25    would be a picture lineup, the same picture lineup  
26    as before."

27          **A**     I did that, yes.

28          **Q**     Does this refresh your memory?

29          **A**     I remember that, yes.

## JOHNSON - DIRECT

1           Q     And no one had authorized you to do it;  
2     you did it on your own?

3           A     Yes.

4           Q     Okay. Did you make a report of going  
5     there and doing that?

6           A     No.

7                   BY MR. CARTER: One moment, Your Honor. I  
8     think I'm about at the end.

9     BY MR. CARTER:

10          Q     Mr. Johnson, did you ever measure the  
11     distance from Elaine Goldstein's house to Connie  
12     Moore's house?

13          A     I didn't actually measure it, but it was  
14     very close, yeah.

15          Q     And in your opinion, what constitutes  
16     close, so we can be clear on that?

17          A     I'd be guessing from memory then.  
18     Probably 50 yards.

19          Q     Okay. Mr. Johnson, do you deny that on  
20     some occasion you picked up Latasha Blisset from a  
21     high school without getting permission from her  
22     mother or father and took her to Greenwood,  
23     Mississippi, outside the county? Do you deny that?

24          A     I deny that.

25          Q     Now, during this investigation,  
26     Mr. Johnson, did you come across the name of Willie  
27     Hemphill?

28          A     I saw a Miranda sheet with his sig- --  
29     name on it, but I didn't know anything about it. I

## JOHNSON - DIRECT

1        hadn't dealt with him or didn't talk to him.

2            Q        Do you know who did?

3            A        I think Jack and Wayne may have or one of  
4        them.

5            Q        And you didn't think it was necessary to  
6        find out from them what it was concerning?

7            A        I think they talked to him for five  
8        minutes. I don't think they learned anything. But  
9        I didn't talk to him.

10          Q        And you didn't talk to him and you  
11        didn't -- so I can be clear, you didn't find out  
12        from them what they talked to him about; is that  
13        fair to say?

14          A        I was told they didn't learn anything.

15          Q        Now, what about a Jeffrey Hudson?

16          A        I've heard the name, but I don't know  
17        anything about that.

18          Q        Okay. What about there was some -- the  
19        name of a Presley and Gammit that was, I think,  
20        arrested over in Alabama somewhere. And they were  
21        allegedly going throughout the country and  
22        committing crimes. Did you hear about these  
23        individuals in any way as a result of looking beyond  
24        Mr. Flowers for a possible suspect?

25          A        I haven't heard anything about them. I  
26        don't know nothing about it.

27                    BY MR. CARTER: Almost finished. One  
28        moment.

29                    BY MR. CARTER:

## JOHNSON - DIRECT

1           Q     Now, Mr. Johnson, is it fair to say that  
2 most of the statements or certainly many of them  
3 were taken many months after you first talked to  
4 these individuals and not contemporaneously or  
5 anywhere close to being contemporaneous?

6           A     I don't know what you mean by  
7 contemporaneous.

8           Q     At the time that you talked to the people  
9 or closer thereby.

10          A     We worked many hours on this. We worked  
11 as -- and some of them were sometimes after. But,  
12 you know, we talked to them when we learned that  
13 they could possibly know anything, documented and  
14 recorded those statements.

15          Q     Mr. Johnson, based on your experience and  
16 common sense, and with respect to memory and how it  
17 works and what you might have experienced with  
18 respect to memory, isn't it more likely that a  
19 person can remember events sometimes close by the  
20 time that they saw it rather than five, six, seven,  
21 eight months later?

22               BY MR. EVANS: Again, I object. That  
23 strictly calls for an opinion and is  
24 speculative and is not proper.

25               BY THE COURT: I'll sustain the objection.  
26 It would be calling for total speculation as to  
27 that.

28               BY MR. CARTER: Yes, sir.

29               BY MR. CARTER:

## JOHNSON - DIRECT

1           Q     Mr. Johnson, did y'all have access to a  
2 video recorder back at that time? Did you have one?

3           A     I didn't have one.

4           Q     All right. Do you know if the Winona  
5 Police Department had one?

6           A     They did.

7           Q     Do you know if the district attorney's  
8 office had one?

9           A     Probably.

10           BY MR. CARTER: One moment. I think I'm  
11 finished. One moment, Your Honor.

12 BY MR. CARTER:

13           Q     Mr. Johnson, do you know Clemmie Fleming?

14           A     I do.

15           Q     And you've written out a statement for  
16 her; is that correct?

17           A     Sir?

18           Q     You got a recorded statement from her, I  
19 believe; is that correct?

20           A     I did.

21           Q     How many times did you talk to her?

22           A     The day that I recorded her statement was  
23 the first day, and I also video recorded a statement  
24 from her later.

25           Q     So you're telling me you got a taped  
26 statement -- you got a recorded statement, and you  
27 got a written statement from her?

28           A     I made notes and audio taped her oral  
29 statement the first time I talked to her, and

## JOHNSON - DIRECT

1       sometime later also did a videotaped statement.

2           **Q**     Now, when you got the recorded statement,  
3       I believe that happened here in the courthouse; is  
4       that correct?

5           **A**     It did.

6           **Q**     And the videotaped statement, where did  
7       that occur?

8           **A**     I think at the Winona EOC.

9           **Q**     Okay. Was that when it was the police  
10      department? Was it the police department then?

11          **A**     Probably.

12          **Q**     Okay. Then -- and you talked to her a  
13      third time, as well, or did you just talk to her  
14      twice?

15          **A**     You know, I run into Clemmie. I knew her.  
16      The fact that I live here, you know, if I saw her,  
17      I'd speak to her. I don't remember another time  
18      talking to her. But I would check back with her if  
19      I saw her. And at times, she might know something I  
20      could ask her. But she basically give me a  
21      statement the first time I talked to her right here.

22          **Q**     Now, did someone else -- do you know Wanda  
23      Meeks?

24          **A**     I do.

25          **Q**     Does she have anything to do with you  
26      getting the initial statement from Ms. Fleming?

27          **A**     She did.

28          **Q**     And did you ever take a statement from  
29      Ms. Meeks?

## JOHNSON - DIRECT

1           **A**     She handwrote a statement, yes.

2           **Q**     And did she give it to you?

3           **A**     Yes.

4           **Q**     When did that occur?

5           **A**     Week or two ago, couple of weeks ago.

6           **Q**     A couple of weeks ago, fourteen years  
7 after the crime?

8           **A**     That's right.

9           **Q**     Now, Mr. Johnson, when did Mr. Flowers get  
10 arrested and charged and arraigned for this -- this  
11 crime?

12          **A**     It was sometime later on.

13          **Q**     Yes, sir, we know that. But at what point  
14 was it?

15          **A**     I don't remember the date, but it would be  
16 noted.

17          **Q**     What did -- do you dispute that it was  
18 January of 1997? Can you dispute it?

19          **A**     I wouldn't dispute that.

20          **Q**     And yet the date that you talked to  
21 Ms. Fleming was April the 11th, 1997, some three or  
22 four months later. Can you dispute that?

23          **A**     No.

24          **Q**     And can you dispute that by the time she  
25 came in and you talked to her and you got a  
26 statement, that not only had Mr. Flowers been  
27 arrested, but his arrest had made the TV news and  
28 newspapers and word of mouth and everything else  
29 around here?

## JOHNSON - DIRECT

1           **A**     I'm sure.

2           **Q**     Is that fair to say?

3           **A**     It did.

4                   **BY MR. CARTER:** Thank you, Mr. Johnson. I  
5           tender.

6                                   **CROSS-EXAMINATION**

7           **BY MR. EVANS:**

8                   **Q**     Good evening, Mr. Johnson. Mine will be a  
9           lot shorter. You have been police chief here in  
10          Winona; is that correct?

11          **A**     Yes.

12          **Q**     And you are from Winona?

13          **A**     Yes.

14          **Q**     Would it make more sense for you to  
15          interview the people in Winona?

16                   **BY MR. CARTER:** Your Honor, I object.  
17          That calls for -- it's not only leading, but it  
18          calls for speculation, and it calls for an  
19          answer that there's no way to actually gauge,  
20          check or correct.

21                   **BY THE COURT:** Overruled. You may answer  
22          the question.

23          **A**     Yes.

24          **BY MR. EVANS:**

25                   **Q**     And I believe you've already stated that  
26          you interviewed over 100 people; is that correct?

27          **A**     Probably, yes, sir.

28                   **Q**     Now, of the people that had any  
29          information, one way or the other about this case,

## JOHNSON - CROSS

1 did y'all make notes and take taped statements from  
2 them?

3 **A** Yes.

4 **Q** And I believe we've got approximately  
5 40-something taped statements that have been  
6 furnished to the defense in this case; is that  
7 right?

8 **A** That's right.

9 **BY MR. CARTER:** I object, Your Honor -- I  
10 mean, I didn't hear it. Can --

11 **BY MR. EVANS:** I'll be glad to repeat it.

12 **BY MR. EVANS:**

13 **Q** I believe we've got over 40-something  
14 taped statements from people that we've given to the  
15 defense; haven't we?

16 **BY MR. CARTER:** Can you give it with  
17 respect, Mr. Evans?

18 **A** Yes, sir.

19 **BY MR. EVANS:**

20 **Q** Explain -- I'm going to start and go  
21 backward with a little of this. How did you have  
22 contact with Clemmie Fleming? Did you go track her  
23 down?

24 **A** Wanda Meeks called me and told me that she  
25 knew somebody that she worked with that was real  
26 upset and scared that indicated that --

27 **BY MR. CARTER:** Your Honor, I object to  
28 the hearsay.

29 **A** -- she knew something about this crime.

## JOHNSON - CROSS

1           **BY MR. CARTER:** Object to the hearsay.

2           **BY MR. EVANS:** At this point, he hasn't  
3           said what she told him. Said that she was  
4           upset and said she knew something about the  
5           crime.

6           **BY MR. CARTER:** Your Honor, yes, she did,  
7           Your Honor.

8           **BY THE COURT:** I think he can't testify  
9           about what this Ms. Meeks said.

10          **BY MR. EVANS:** Yes, sir. I'm not asking  
11          that.

12          **BY THE COURT:** But he can testify about  
13          what he did as a result of what she told him.

14          **BY MR. EVANS:**

15           **Q**     After she talked to Ms. Meeks, what  
16           happened next?

17           **A**     I picked her and Ms. Meeks up at  
18           Multicraft here in Winona, brought them right here.  
19           The courtroom was locked, and she told me that she  
20           had seen Curtis Flowers running from the crime  
21           scene.

22           **Q**     Did she describe how he was running?

23           **A**     She said he was running like somebody was  
24           after him, and it scared her to death.

25           **Q**     Did you, in fact, take her and get her to  
26           specifically show you where he was running?

27           **A**     I did. And I stepped it off, like 97 of  
28           my steps, 74 of her steps from the back southwest  
29           corner of Tardy's to a tree there, and he was right

## JOHNSON - CROSS

1     beside that tree running.

2           **Q**     You were asked about videotapes. Did the  
3 highway patrol investigator have a videotape or  
4 recorder the day of the crime?

5           **A**     They did.

6           **BY MR. EVANS:** Your Honor, it's marked.

7 **BY MR. EVANS:**

8           **Q**     I want to show you S-137 and ask if --

9           **BY MR. CARTER:** Your Honor, may I see it  
10 first?

11 **BY MR. EVANS:**

12          **Q**     -- you can identify this.

13          **BY MR. CARTER:** May I see it first?

14          **BY THE COURT:** Did he not provide that in  
15 discovery?

16          **BY MR. EVANS:** Yes, sir.

17          **BY MR. CARTER:** I haven't seen it.

18          **BY MR. EVANS:** Then that is not true.

19 **BY MR. EVANS:**

20          **Q**     Mr. Johnson, can you tell what that is?

21          **A**     Yes, sir. This is the crime scene  
22 videotape.

23          **Q**     So the crime scene was, in fact,  
24 videotaped; is that correct?

25          **A**     Yes, it was.

26          **Q**     That videotape basically shows the same  
27 thing the picture showed; is that right?

28          **A**     That's right.

29          **BY MS. STEINER:** Can we approach, Your

## JOHNSON - CROSS

1 Honor?

2 (ALL COUNSEL APPROACH THE BENCH FOR A  
3 CONFERENCE HELD OUTSIDE THE HEARING OF THE  
4 JURY, TO-WIT:)

5 **BY MS. STEINER:** It's still just marked  
6 for identification. If he proposes to actually  
7 introduce the content of the videotape into  
8 evidence with instructions for the jury to view  
9 it, we believe that this videotape contains  
10 material that's unnecessarily repetitive and  
11 gruesome and should not actually be viewed by  
12 the jury under Rule 403.

13 And that if he wishes to establish that  
14 the videotape was taken, we have no problem  
15 with them knowing that. But we would object  
16 that the production of the content of that  
17 videotape as being unduly inflammatory and  
18 gruesome and going beyond what is necessary to  
19 establish the matters that were shown in the  
20 still photographs which have been called from a  
21 larger set of photographs to be non- -- less  
22 inflammatory and less gruesome but also would  
23 be repetitive of what was shown in those  
24 photographs, and it would simply be -- the  
25 contents of are inadmissible under Rule 403 as  
26 both repetitive and likely to inflame the jury  
27 and gruesome and not necessary to publish the  
28 facts of what is shown in the --

29 **BY MR. EVANS:** I don't know that I

## JOHNSON - CROSS

1 followed all of that, but, Your Honor, we do  
2 not intend to introduce it. But the fact that  
3 they have talked about the fact that it wasn't  
4 done, I do intend to explain with this witness  
5 that one was done, and the reason we didn't  
6 show it is that it is repetitive, and it is  
7 more bloody and more gruesome so we feel it  
8 would be better to go with pictures.

9 **BY MS. STEINER:** I'd rather simply offer  
10 the -- no reference made to the contents and  
11 have it produced for identification only and  
12 not -- and I would object to production of any  
13 of the content of the videotapes.

14 **BY THE COURT:** He just said he didn't plan  
15 to show the tape. And I don't think  
16 Mr. Johnson can testify as to why you are not  
17 showing the tape. So I don't think that's  
18 something -- you can ask him if it's a crime  
19 scene tape. But as far as why you're not  
20 producing it, I don't think he is in a position  
21 to testify to that.

22 **BY MR. CARTER:** Your Honor, can I just say  
23 for the record, I don't recall him ever say  
24 that a videotape was taken of the crime scene.  
25 But I don't think I ever said it wasn't.

26 **BY THE COURT:** You asked Mr. Johnson if he  
27 took one, and the implication was certainly  
28 there that it was not one done. You've made a  
29 great big issue of documentation and --

## JOHNSON - CROSS

1           **BY MR. CARTER:** I can just say for the  
2           record that wasn't -- that wasn't the intent of  
3           my question. If the Court believes I implied  
4           that, that's fine. But that certainly wasn't  
5           the intent.

6           **BY THE COURT:** Well, they're not going to  
7           offer it so it's right now a moot issue.

8           **BY MS. STEINER:** Can we just have it  
9           marked for identification?

10          **BY THE COURT:** It's definitely not going  
11          to be shown for the jury. It's only marked for  
12          identification.

13          **BY MS. STEINER:** Thank you.

14                       (BENCH CONFERENCE CONCLUDED)

15          **BY THE COURT:** You may proceed.

16          **BY MR. EVANS:** Thank you, Your Honor.

17   **BY MR. EVANS:**

18           **Q**     Mr. Johnson, there were probably hundreds  
19           of photographs taken at the crime scene, too,  
20           weren't there?

21           **A**     That's correct.

22           **Q**     Now, I believe you were present in the  
23           first interview with the Defendant Curtis Flowers;  
24           is that right?

25           **A**     I was.

26           **Q**     Did you observe what size shoes he was  
27           wearing that day?

28           **A**     I did.

29           **Q**     What size was he wearing?

## JOHNSON - CROSS

1        **A**        Ten and a half.

2 Q Did you personally check the shoe sizes of  
3 either one of Connie Moore's children?

4                   A           I did.

5 | Q Which ones?

6 **A** Lamarcus and Marcus.

7 Q What size were they wearing at that time?

8           **A**        Marcus was wearing a size 12. I think  
9        when it first happened, Lamarcus was wearing a seven  
10       and a half and later went to an eight and a half  
11       from one hearing to the next, I think.

12 Q All right. You were asked about the  
13 interviews. Did any officer ever suggest who a  
14 person should identify?

15           **A**     Oh, no, sir.

16 Q And Katherine Snow admitted that she knew  
17 that Curtis Flowers was the one that she saw beside  
18 Doyle's car, too; is that right?

19                    **A**        She did.

20 Q And you say Porky, after he identified  
21 him, he said, "I know that's the man that I saw at  
22 Tardy Furniture"?

23           **A**   In front of Tardy's, yes, sir.

24 Q Now, I want to also ask you a little bit  
25 about -- well, let me get a diagram, first.

26 BY MR. EVANS: Your Honor, may I have the  
27 witness step down?

28 BY THE COURT: Sure.

29 (WITNESS STEPS DOWN FROM STAND AND

## JOHNSON - CROSS

1 TAKES A PLACE IN FRONT OF THE JURY)

2 **BY MR. EVANS:**

3 Q I want to show you for the record, S-95-A,  
4 96-A, 97-A, the top three photographs on this.  
5 Explain to the ladies and gentlemen of the jury what  
6 that is and where it was located.

7 A This was near the back or western part of  
8 the store behind the counter. This column here was  
9 noted to be -- of the crimes. Ms. Tardy's body lay  
10 out in this way in front of the mattress. And this  
11 defect in the column stood out to me that morning,  
12 and I noticed it that morning. And later, we  
13 realized that the bullet that killed Ms. Tardy was  
14 right here in this mattress.

15 Q And who was present when that bullet was  
16 removed from the mattress?

17 A I was. That's my arm with a knife. We  
18 photographed it and cut it out.

19 Q Was anything done in cutting it out that  
20 would damage the projectile?

21 A No. You can see we cut high above and  
22 past and then down. And as we rolled it down, it  
23 was just a pristine bullet inside the nylon fiber of  
24 that mattress.

25 **BY MR. EVANS:** All right. You can have a  
26 seat again.

27 (WITNESS RETURNS TO STAND)

28 **BY MR. EVANS:**

29 Q And I believe in that first statement, you

## JOHNSON - CROSS

1 specifically asked the Defendant if at any time on  
2 the 16th he was on the east side of Highway 51,  
3 didn't you?

4       **A**     I did, and I went further. His daddy  
5 worked at Jeffs' Store. Troy Yates had it at that  
6 time. There was a part of the business across the  
7 street that I think smoked foods, cooked food, was  
8 part of that connection. I asked him specifically  
9 did he cross the street and go to that. He told me  
10 at no time did he go east of 51 Highway.

11       **Q**     All right. And in your investigation, did  
12 you happen to go yourself to all the places that  
13 these witnesses that have testified before this jury  
14 have identified him?

15       **A**     Oh, I did, yes.

16       **Q**     And on which side of Highway 51 is  
17 Angelica?

18       **A**     East.

19       **Q**     Were you able to pinpoint on a map the  
20 locations that he went?

21       **A**     Yes.

22               **BY MR. EVANS:** Your Honor, may I have the  
23 witness step down again?

24               **BY THE COURT:** You may.

25                       (WITNESS LEAVES STAND AND TAKES A PLACE  
26 IN FRONT OF THE JURY)

27 **BY MR. EVANS:**

28       **Q**     Can you point out on that diagram where  
29 Angelica is located?

## JOHNSON - CROSS

1           **A**     Uh-huh. Right here. This is Mark Doniger  
2     Drive on an old map, but that was later changed to  
3     Angelica Drive. 51 Highway is --

4           **BY MR. CARTER:** Your Honor, I object. As  
5     a result of that, we again don't have any proof  
6     that was actually changed.

7           **BY THE COURT:** It's not being offered for  
8     the truth of the matter asserted, and he's also  
9     testified of his knowledge of Winona from being  
10    a patrolman on up to chief of police here in  
11    the city. I think he can certainly testify  
12    about what the name of the street was at the  
13    time that he went out and investigated. You  
14    may proceed.

15          **A**     This is now Angelica Drive. This location  
16    is the factory of Angelica as well as I think it was  
17    DBP or it was a brake company that worked there  
18    inside the north side of the building.

19    **BY MR. EVANS:**

20          **Q**     I want to hand you an orange -- I think  
21    it's going to be orange -- marker and if you would,  
22    just place an A in the general vicinity where  
23    Angelica was located.

24          **A**     I'll have to mark it out to the side.

25          **Q**     That's okay.

26          **A**     Be there.

27          **Q**     All right. Did you have an occasion to go  
28    to James Edward Kennedy's house?

29          **A**     Yes.

## JOHNSON - CROSS

1           Q     Also, I think he goes by another nickname  
2 as "Bo Jack"?

3           A     Yes, sir.

4           Q     But did you go to his house?

5           A     Yes, sir. He was located right here as  
6 you turn on to Angelica Drive off 51, right there in  
7 the corner.

8           Q     All right. If you would, just put his  
9 initials, JEK approximately by his house.

10          A     (Witness complying).

11          Q     You can just hang on to the marker for a  
12 minute. I'll next ask you if you went to a location  
13 where James -- I mean, Edward Lee McChristian and  
14 some friends of his were located that day?

15          A     Yes, sir. There on Academy Street.

16          Q     Would you mark that, just put JLM there.

17          A     J --

18          Q     I mean, ELM. I'm sorry.

19          A     (Witness complying). ELM.

20          Q     All right. Did you have an occasion to go  
21 to a person where Ms. Boniva -- a place where  
22 Ms. Boniva Henry saw him?

23          A     Yes, sir.

24          Q     Would you mark it with just BH.

25          A     It would be right here on the north side  
26 right here, BH.

27          Q     And how about a location where a  
28 Ms. Jeanette -- Mary Jeanette Fleming saw him?

29          A     This is Campbell Street that goes all the

## JOHNSON - CROSS

1 way through here. It would be right in here. I'm  
2 going to put a JF there?

3 Q That's fine. And where Clemmie Fleming  
4 saw him running from the back of the store.

5 A That would be on Front Street at  
6 Carrollton. She saw him right in here.

7 Q And where Porky Collins saw him.

8 A Right in front of the store.

9 Q On which side of Highway 51 are all of  
10 these places located?

11 A East.

12 BY MR. EVANS: You may have a seat again.

13 (WITNESS RETURNS TO STAND)

14 BY MR. EVANS:

15 Q All right. I'll next show you Exhibit  
16 S-5-A, and I'll ask you to step down one more time,  
17 if you would.

18 (WITNESS LEAVES STAND AND TAKES A PLACE  
19 IN FRONT OF THE JURY)

20 BY MR. EVANS:

21 Q Do you see the approximate location on  
22 here that Clemmie Fleming told you she saw Curtis  
23 Flowers running from the back of Tardy's Furniture?

24 A Yes, sir. Right here at this tree.

25 BY MR. EVANS: All right. You may take  
26 your seat again.

27 (WITNESS RETURNS TO STAND)

28 BY MR. EVANS:

29 Q Is there anything unusual on a major crime

## JOHNSON - CROSS

1 of different officers doing different parts of the  
2 investigation?

3 A No, sir.

4 Q How many years have you been in law  
5 enforcement now total?

6 A Well, according to PERS in Jackson, I've  
7 got 35 years in.

8 Q Have you ever seen a crime scene this  
9 major as far as how many bodies were in it?

10 A No, sir.

11 Q You and other officers were able to  
12 completely eliminate Doyle Simpson and Emmett  
13 Simpson as suspects; is that correct?

14 A Yes, sir.

15 Q And that's from talking to numerous people  
16 where they both had been working?

17 A Yes, sir, we did.

18 Q Now, there's been some talk about the room  
19 at the EOC where most of these interviews were made  
20 but nothing has really been told about it. What was  
21 that room used for at that time?

22 A The DA's office.

23 Q Okay. Did it stay locked?

24 A Yes, sir.

25 Q Other officers, police officers there,  
26 they didn't go in and out of that room, did they?

27 A No, sir.

28 Q It was just a kind of a satellite office  
29 that the DA's office had to use in Winona?

## JOHNSON - CROSS

1           A     Yes, sir.

2           Q     And I believe you were asked about --  
3     about standing beside a car that a gun was stolen  
4     from was a crime but stealing a gun out of a car  
5     would be, wouldn't it?

6           A     Yes, it would.

7           Q     And did your investigation lead you to the  
8     fact that that gun was the murder weapon?

9           A     Yes.

10          Q     You were also -- the way it kind of  
11     sounded to me, is it impossible to get from Connie's  
12     house to Angelica?

13          A     No, sir.

14          Q     How would you travel if you were walking  
15     through there?

16          A     If you're going to walk on the streets,  
17     you would walk -- you know, you're right there at  
18     the intersection of Cemetery Lane, and you would  
19     walk north to Powell. You'd walk east of 51. You  
20     could walk south to Angelica and turn left.

21          Q     Did you have an occasion to do that?

22          A     I did.

23          Q     Approximately how long does it take to  
24     walk it?

25          A     About 12 minutes.

26          Q     Did you also have an occasion to walk from  
27     where Curtis Flowers was living to Tardy's?

28          A     I did.

29          Q     Approximately how long does that walk

## JOHNSON - CROSS

1 take?

2 A A little over 15 minutes.

3 Q Now, do you remember interviewing Kittery  
4 Jones?

5 A Yes.

6 Q Who was present when you interviewed him?

7 A I think Jack and Robert was with me.

8 Q Was I present when you interviewed him?

9 A Oh, no, sir.

10 BY MR. EVANS: Nothing further, Your  
11 Honor. Wait one minute, Your Honor. That's  
12 all we have, Your Honor.

13 REDIRECT EXAMINATION

14 BY MR. CARTER:

15 Q Now, Mr. Johnson, that way that you  
16 described to get from McNutt to Angelica, that's not  
17 the only way to get there, is it?

18 A No, sir. It's a quicker way going through  
19 by Wal-Mart.

20 Q Now, did you testify just a few minutes  
21 ago that Clemmie Fleming said she saw Curtis running  
22 like someone was --

23 A After him.

24 Q -- after him and it scared her to death?

25 A Yes.

26 Q Is that in your report?

27 A It's in my notes.

28 Q And did you follow up and make a formal  
29 statement of that?

## JOHNSON - CROSS

1           **A**     I think it was in her statement to me, but  
2 I wouldn't --

3           **Q**     Are you sure?

4           **A**     It's in one of them, I think.

5           **Q**     Now, with respect to Marcus' feet, you  
6 said you personally measured Marcus' feet?

7           **A**     I didn't personally measure it. I just  
8 asked him and his father what size shoes he wore.

9           **Q**     That's not what you testified to earlier;  
10 you said you measured his feet.

11          **A**     Well, I'm sorry.

12          **Q**     What did you say? Well, maybe I misheard  
13 you. What did you say earlier?

14          **A**     I checked the size of his feet, yes, sir.

15          **Q**     How did you check?

16          **A**     Well, I checked with him and his father  
17 for one.

18          **Q**     Okay. Would you -- was he in your  
19 presence? Did you see him at some point?

20          **A**     Yes.

21          **Q**     And you had an opportunity where you could  
22 have gotten a ruler and personally checked his feet,  
23 couldn't you have?

24          **A**     I could have done that, yes.

25          **Q**     Did you do it?

26          **A**     No, I did not.

27          **Q**     In fact, you didn't get a ruler and put a  
28 ruler to the shoes that he had on, did you?

29          **A**     No.

## JOHNSON - CROSS

1           **Q**     Now, with respect to Kittery -- Kittery  
2 Jones, did you sit down at some point nearby the  
3 time you're talking to him and do a compiled report  
4 setting forth exactly who was present and what was  
5 said by each person that you can go back and get and  
6 look to?

7           **A**     Not a -- not a report like you're saying,  
8 no. But I did make notes when I spoke to Kittery  
9 Jones and Cordell Jones.

10          **Q**     What's in your notes?

11          **A**     Well, basically I talked to them and they  
12 told me that they saw Curtis the day of the murders  
13 at his -- Connie's apartment about 12 o'clock.

14          **Q**     Okay.

15          **A**     And I think one -- I know at least one of  
16 them or both of them may have said that they knew he  
17 wore Fila tennis shoes.

18          **Q**     Now, I'm asking you about Kittery. What  
19 you mean -- one of them. One of who?

20          **A**     Kittery or Doreal Jones, one of them.

21          **Q**     I'm asking you about Kittery.

22          **A**     I'm sorry.

23          **Q**     Shoot. Do you have a formal statement  
24 signed by either Kittery or Doreal where they said  
25 Mr. Flowers wore Fila shoes?

26          **A**     No.

27          **Q**     Now, my records show that you got a  
28 statement from Patricia Hallmon on August 7th, 1996.  
29 Can you dispute that?

## JOHNSON - CROSS

1           **A**     No.

2           **Q**     My records show that you got a statement  
3 from --

4                   **BY MR. EVANS:** Your Honor, I don't believe  
5 we went into any of this. It would be improper  
6 redirect.

7                   **BY THE COURT:** I don't remember. I don't  
8 remember her being mentioned on  
9 cross-examination, so I would agree it would be  
10 improper redirect.

11                   **BY MR. CARTER:** One moment, Your Honor.  
12 One moment, Your Honor.

13 **BY MR. CARTER:**

14           **Q**     Mr. Johnson, you mentioned a Bo Jack  
15 Kennedy and where he lived or said he saw  
16 Mr. Flowers?

17           **A**     I did.

18           **Q**     Okay. Did you also mention when you first  
19 talked to him?

20           **A**     Not a few minutes ago, no. I don't think.

21           **Q**     Can you dispute that it occurred September  
22 the 7th, 1996?

23           **A**     What?

24           **Q**     That you got a statement from him?

25           **A**     No, I wouldn't dispute that.

26           **Q**     And you also talked about a Edward  
27 McChristian?

28           **A**     Edward Lee McChristian.

29           **Q**     That's probably his middle name. I don't

TRIAL COURT # : 2003-0071-CR

## JOHNSON - CROSS

1 really know his middle name. Can you dispute you  
2 didn't talk to him until August the 15th, 1996?

3 **A** I wouldn't dispute that.

4 **Q** And you also mentioned a Ms. Boniva Henry.  
5 Can you dispute that you didn't talk to her until  
6 September the 3rd, 1996?

7 **A** I wouldn't dispute that.

8 **BY MR. CARTER:** No further questions, Your  
9 Honor.

10 **BY THE COURT:** Mr. Johnson, you may step  
11 down. I assume he's excused; is that correct?

12 **BY MR. CARTER:** Yes, sir.

13 **BY THE COURT:** You're free to go,  
14 Mr. Johnson. Ladies and gentlemen, we'll take  
15 a ten-minute recess at this time.

16 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
17 CONTINUED IN OPEN COURT WITH THE JURY  
18 PRESENT, TO-WIT:)

19 **BY THE COURT:** Court will come back to  
20 order. Who would be the next witness for the  
21 defense?

22 **BY MR. CARTER:** Liz Van Horn, Your Honor.

23 **BY THE COURT:** If you'll come down here,  
24 please. Do you solemnly swear or affirm that  
25 the testimony that you give in this case will  
26 be the truth, the whole truth and nothing but  
27 the truth, so help you God?

28 **BY THE WITNESS:** Yes, sir, I do.

29 **BY THE COURT:** Come around, please, and

## VAN HORN - DIRECT

1           have a seat. State your name for the record,  
2           please.

3                   **BY THE WITNESS:** Liz Van Horn.

4                   **BY THE COURT:** You may proceed.

5                           **DIRECT EXAMINATION**

6           **BY MR. CARTER:**

7                   **Q**    Ms. Van Horn, were you once a police  
8           officer with the Winona Police Department?

9                   **A**    Yes, sir, I was.

10                  **Q**    For how long?

11                  **A**    Twenty-three years.

12                  **Q**    And did you retire?

13                  **A**    Yes, sir, in August of last year.

14                  **Q**    Now, do you know Latasha Blisset?

15                  **A**    Yes, sir.

16                  **Q**    And did you have the occasion to do  
17           something with her on some occasion by way of  
18           transferring -- transporting her somewhere?

19                  **A**    I was contacted by one of the  
20           investigators with the DA's office, and he had  
21           gotten some information that she might know some  
22           information about the case. And so he contacted me,  
23           being a female, and going to deal with a female  
24           juvenile. We contacted her mother, with permission  
25           to take her to Greenwood to talk to the other  
26           investigators.

27                  **Q**    And who took her to Greenwood?

28                  **A**    I did, me and Mr. Johnson.

29                  **Q**    Okay. And about what time was it when you

## VAN HORN - DIRECT

1 picked her up? Did you pick her up in your patrol  
2 car?

3 A I did.

4 Q As best you can remember, what time was  
5 it?

6 A I would say 10 o'clock, but I can't swear  
7 to that.

8 Q And where did you pick her up from?

9 A The superintendent's office at the Winona  
10 high school.

11 Q Okay. And were you able to determine what  
12 type of classes she was taking?

13 A I did not ask any details --

14 Q Okay.

15 A -- about her classes.

16 Q And you drove her to Greenwood,  
17 Mississippi to the -- to the Mississippi Highway  
18 Patrol office?

19 A Yes, sir.

20 Q And who was there? Who did she meet with  
21 when she got there, if you know?

22 A I believe Wayne Miller. Now, I can't  
23 swear to this either, but I believe he's one of the  
24 ones that was there.

25 Q How long did you stay there?

26 A Fifteen, 20, 30 minutes.

27 Q Okay. Were you present -- how far is that  
28 drive? About 30, 40 minutes?

29 A Yes, sir.

## VAN HORN - DIRECT

1           Q     And did you return her back to --

2           A     I did. Carried her back to where I picked  
3 her up.

4           Q     To the school? What time did you get  
5 back?

6           A     I can't tell; I don't know.

7           Q     Now, did you make a report of --

8           A     I did not.

9           Q     Do you know if Mr. Johnson made a report?

10          A     I do not.

11          Q     Did anybody ask you for a report?

12          A     No.

13                **BY MR. CARTER:** I think that might be it.

14                Hold one second. Thank you, Ms. Van Horn.

15                I tender.

16                               **CROSS-EXAMINATION**

17                **BY MR. EVANS:**

18           Q     Good evening, Ms. Van Horn.

19           A     How are you?

20           Q     Latasha Blisset was never carried for an  
21 interview without her mother being contacted for  
22 approval first, was she?

23           A     No, sir.

24           Q     And did you or Mr. Johnson or anybody ever  
25 offer her any reward, or more specifically ever  
26 offer to buy her a mobile home?

27           A     No, sir.

28           Q     Nothing like that ever happened?

29           A     No, sir.

## VAN HORN - REDIRECT

1                   **BY MR. EVANS:** Nothing further, Your  
2 Honor.

3                   **REDIRECT EXAMINATION**

4                   **BY MR. CARTER:**

5                   **Q** Ms. Van Horn, do you know who  
6 Ms. Blisset's mother is?

7                   **A** Yes, sir, I do.

8                   **Q** What's her name?

9                   **A** Doris.

10                  **Q** What's her last name?

11                  **A** Blisset, I guess.

12                  **Q** Okay. And your testimony that you -- did  
13 you call her or somebody else call her?

14                  **A** I'm the one that called her.

15                  **Q** Okay. And where was she when you called?  
16 Where did you call her?

17                  **A** I don't remember. The house, I guess. I  
18 suppose. I'm not sure.

19                  **Q** Okay. Now, when Latasha got to Greenwood,  
20 were you in her presence at all times while she was  
21 there?

22                  **A** Yes, sir.

23                  **Q** And she was never interviewed by anyone  
24 outside your presence; is that your testimony?

25                  **A** That's my testimony.

26                  **Q** Okay. And do you know if there was a tape  
27 recording going on at the time?

28                  **A** I do not know.

29                  **Q** Okay. And do you know if Latasha was

## VAN HORN - REDIRECT

1 asked to write a report --

2 **A** I do not.

3 **Q** -- and sign it?

4 **A** I did not hear anything like that.

5 **Q** Did you see anybody else write a report  
6 up?

7 **A** I can't remember.

8 **Q** Now, how long were you -- you say you were  
9 a police officer for 23 years at -- how long were  
10 you employed by the police department before you  
11 went to the academy in Jackson?

12 **BY MR. EVANS:** Your Honor, this is  
13 improper redirect.

14 **BY THE COURT:** I'll sustain. That wasn't  
15 asked on cross.

16 **BY MR. CARTER:** Okay. I agree, Your  
17 Honor. Thank you, Ms. Van Horn.

18 **BY THE COURT:** Ms. Van Horn, you may step  
19 down, and you're released and free to go.

20 **BY THE WITNESS:** Thank you, sir.

21 **BY THE COURT:** Who would be the next  
22 witness?

23 **BY MS. STEINER:** Wayne Miller, Your Honor.

24 **BY THE COURT:** Wayne Miller.

25 (WITNESS ENTERS THE COURTROOM AND FACES  
26 THE CLERK TO BE SWORN)

27 **BY THE COURT:** Mr. Miller, I'm the  
28 swearer. I think some judges have the clerk do  
29 it, but I always like to so I'll know it's

## VAN HORN - REDIRECT

1 done.

2 If you'll raise your right hand and take  
3 the oath. Do you solemnly swear or affirm the  
4 testimony that you give in this case to be the  
5 truth, the whole truth and nothing but the  
6 truth, so help you God?

7 **BY THE WITNESS:** I do, sir.

8 **BY THE COURT:** If you'll come around,  
9 please, and have a seat. State your name  
10 please.

11 **BY THE WITNESS:** Horace Wayne Miller,  
12 M-I-L-L-E-R.

13 **BY THE COURT:** You can proceed.

14 **BY MS. STEINER:** Thank you, Your Honor.

15 **DIRECT EXAMINATION**

16 **BY MS. STEINER:**

17 **Q** Mr. Miller, I think you said your first  
18 name was Horace, but do people generally refer to  
19 you as Wayne?

20 **A** Wayne Miller, yeah.

21 **Q** All right. So these ladies and gentlemen  
22 of the jury have heard people talking about Wayne  
23 Miller. That's you?

24 **A** That is me.

25 **Q** Thank you. On July 16th, 1996, where were  
26 you employed?

27 **A** With the Mississippi Highway Patrol,  
28 Criminal Investigation Bureau.

29 **Q** And what was your rank at that time?

## MILLER - DIRECT

1           **A**     I was a lieutenant.

2           **Q**     And are you still with the Mississippi  
3 Highway Patrol?

4           **A**     No. I'm retired since 1999.

5           **Q**     All right. And do you continue to be  
6 employed or are you completely retired?

7           **A**     I do some work. I do investigative work  
8 for various people.

9           **Q**     Like a private investigator?

10          **A**     Right.

11          **Q**     Thank you. And on July 16th, 1996, what  
12 rank was Jack Matthews?

13          **A**     He was a master sergeant.

14          **Q**     And he was also in the Criminal  
15 Investigation Division with you?

16          **A**     He was.

17          **Q**     All right. And are you saying that master  
18 sergeant -- a lieutenant was one rank above a master  
19 sergeant?

20          **A**     That would be correct.

21          **Q**     All right. Were you the director of the  
22 division at that time? Were you the ranking  
23 officer?

24          **A**     I was the ranking officer over the  
25 Greenwood District which consisted of about ten  
26 counties.

27          **Q**     All right. And that was -- and the  
28 investigative division actually now is just known as  
29 the MBI, Mississippi Bureau of Investigation?

## MILLER - DIRECT

1           **A**     It is MBI.

2           **Q**     But it was even then a separate  
3 subdivision of the highway patrol, of the department  
4 of --

5           **A**     Well, to be -- yes, but it's still under  
6 the Mississippi -- it's still under the Department  
7 of Public Safety.

8           **Q**     Right. But the regular patrol officers  
9 had one chain of command and you were not part of  
10 their chain of command; is that correct?

11          **A**     No, I was not.

12          **Q**     All right. Now, on July 16th, 1996, did  
13 you have occasion to be called to Winona,  
14 Mississippi?

15          **A**     I did.

16          **Q**     All right. Can you describe the -- let me  
17 say this -- and that was in connection with four  
18 bodies having been -- three bodies and one  
19 critically wounded man having been found at Tardy's  
20 Furniture Store that morning?

21          **A**     That is correct.

22          **Q**     All right. And what was your  
23 understanding about the role you as a highway patrol  
24 investigator were being summoned to perform? I  
25 mean, as a detective.

26          **A**     Well, at the time I got the call I was  
27 around Ruleville, Mississippi.

28          **Q**     All right.

29          **A**     And I got the call from headquarters

## MILLER - DIRECT

1 office out of Jackson, and they told me what had  
2 happened, and I came over here to assist the chief  
3 of police because he was the one that requested the  
4 investigators with the highway patrol.

5 Q At any point were you ever directed,  
6 either by your own chain of command or the chief of  
7 police or any other investigator, to assume -- to  
8 become the lead investigator or anything like that  
9 in this investigation?

10 A Well, I was not. I was considered the  
11 highest ranking officer with the highway patrol.

12 Q All right.

13 A But the chief of police was the one that  
14 had asked for our assistance.

15 Q But you never were asked to become the  
16 director or coordinator of the investigation?

17 A No, I was not.

18 Q Do you know if Mr. Matthews ever received  
19 that request?

20 A Mr. Matthews did primarily the most of the  
21 report writing and all of the things that he was  
22 responsible for. I was more or less his supervisor.

23 Q Okay. And did -- did this ever become a  
24 highway patrol investigative division investigation  
25 with others assisting or was it always the highway  
26 patrol investigators assisting Chief Hargrove who  
27 had called you?

28 A We were assisting the chief of police.

29 Q So you were never responsible for

## MILLER - DIRECT

1 assigning people to the -- planning what the  
2 investigation should be or --

3 A Well, I was aware of what was going on.

4 Q But you were not the person responsible  
5 for assigning and monitoring and making sure that  
6 all the ducks were in a row --

7 A Well, it depended on if somebody asked me  
8 to do something --

9 Q Of course. You would do it --

10 A -- I would get Investigator Matthews to do  
11 it or I would do it myself.

12 Q Now, you were aware, weren't you, that  
13 there were several Mississippi Highway Patrol  
14 officers -- regular uniformed officers -- who  
15 came -- responded to the call; is that correct?

16 A At least one of the local men is a --  
17 James Taylor Williams --

18 Q Right.

19 A -- was at Tardy's when I arrived.

20 Q Right. But you were not -- he was working  
21 to you. If he filed a report and gave it, it would  
22 go up his chain of command on this --

23 A Right. He was not working under my  
24 jurisdiction.

25 Q All right. Do you recall -- did you ever  
26 receive from his superiors any reports prepared by  
27 him or any other Mississippi Highway Patrol?

28 A I did not myself. Mr. Matthews may have,  
29 but I did not.

MILLER - DIRECT

1           **Q**     All right.  If Mr. Matthews does not  
2 recall receiving any --

3           **BY MR. EVANS:**  Your Honor, I object.  
4           That's not proper.  She can only ask him what  
5 he knows.

6           **BY THE COURT:**  I'll sustain.  He can't say  
7 what Mr. Matthews may or not have done.

8           **A**     I did not receive a report from  
9 Mr. Tay- -- Mr. Williams, rather.

10          **BY MS. STEINER:**

11          **Q**     Did you ever receive any reports from any  
12 of the other agencies other than what you and  
13 Mr. Matthews were preparing?

14          **A**     I observed all of the reports that came  
15 back from the crime lab.  Back when we got the  
16 positive of the gunshot residue, they notified me  
17 that we had a positive gunshot residue on Curtis  
18 Flowers.

19          **Q**     All right.  I understand that.  And were  
20 you part of the -- well, you can't -- what time do  
21 you think you arrived at the scene?

22          **A**     Probably around 11:30.

23          **Q**     All right.

24          **A**     11:00 to 11:30.  I'm not sure of exactly  
25 the time.

26          **Q**     Was that before or after Ms. Schoene from  
27 the Mississippi Crime Lab --

28          **A**     She had not arrived yet.

29          **Q**     Where did you go upon arrival?

## MILLER - DIRECT

1           **A**     I went directly to Tardy Furniture.

2           **Q**     Were you admitted inside the yellow crime  
3 scene tag?

4           **A**     I was inside the building, yes.

5           **Q**     Okay. And that was kind of where Chief  
6 Hargrove had set up the --

7           **A**     The perimeter.

8           **Q**     And were you -- who -- so but was -- did  
9 you kind of set up your headquarters there?

10           **BY MR. EVANS:** Your Honor, I hate to do  
11 it, but I'm going to object to leading. This  
12 continually leading.

13           **BY THE COURT:** It is, and I sustain the  
14 objection.

15           **BY MS. STEINER:**

16           **Q**     Did investigating -- well, did you stay at  
17 Tardy Furniture at that time or did you --

18           **A**     I stayed there until the crime scene  
19 investigators got there.

20           **Q**     All right. And during that period before  
21 the crime scene investigators arrived, where  
22 physically were you located?

23           **A**     Well, one thing, I videoed the whole crime  
24 scene and was around in the area where the crime was  
25 committed.

26           **Q**     You actually proceeded towards the rear of  
27 the store?

28           **A**     Yes, I was.

29           **Q**     All right. And was Mr. Matthews with you

## MILLER - DIRECT

1 when you made that circuit?

2 A He was in the building. He was talking  
3 to -- he was talking to a witness at the time that I  
4 arrived.

5 Q All right. So are you -- so were  
6 witnesses who were being interviewed brought into  
7 the building for purposes of those interviews?

8 A Not in the crime scene area. Mr. Jones  
9 was the only witness in there, and he was off to the  
10 very -- it was just inside the door to the left  
11 side.

12 Q All right. But that was inside the larger  
13 yellow crime scene tape; correct?

14 A Yes. But not in the very -- not where the  
15 bodies were and all that.

16 Q Now, that day, did you participate in any  
17 interviews of Mr. Doyle Simpson?

18 A I did not.

19 Q All right. Were you present at the time  
20 that Mr. Doyle Simpson was interviewed by any other  
21 officers?

22 A I was not present during the interview. I  
23 was just aware of it.

24 Q All right. Where -- was this at the  
25 Winona Police Department?

26 A That was done after --

27 BY MR. EVANS: Your Honor, I object. He  
28 said he wasn't present. There's no way that he  
29 can give information about it if he wasn't

## MILLER - DIRECT

1 present.

2 **BY THE COURT:** He can't testify about  
3 interviewing the witnesses.

4 **BY MS. STEINER:**

5 **Q** All right. You were not even in the same  
6 building?

7 **A** No. But it wasn't at Tardy's. I was at  
8 Tardy's.

9 **Q** You remained at Tardy's through the  
10 afternoon?

11 **A** Well, not all afternoon, no.

12 **Q** Now, when did you leave Tardy's and for  
13 what purpose did you leave Tardy's?

14 **A** I left Tardy's and went to the police  
15 department and carried a gunshot residue kit to do a  
16 gunshot residue on Curtis Flowers.

17 **Q** Okay. And approximately, what time did  
18 you do that?

19 **A** I can't tell you exactly what time. It  
20 was something around 1:30. One -- I'm not looking  
21 at any notes or --

22 **Q** Did you personally do the --

23 **A** No, I did not. Sergeant Matthews did  
24 that.

25 **Q** All right. Prior to Sergeant Matthews  
26 performing that swab, was there any sort of  
27 interaction with Mr. Flowers?

28 **A** No.

29 **Q** There was no --

## MILLER - DIRECT

1           **A**     What do you mean?

2           **Q**     Was he interviewed?

3           **A**     Not -- not -- I don't think he was  
4 interviewed at first, but he was -- the gunshot  
5 residue was done, I think.

6           **Q**     All right. Was he administered a Miranda  
7 warning?

8           **A**     Yes.

9           **Q**     And did you witness that Miranda warning?

10          **A**     Yes.

11               **BY MS. STEINER:** Your Honor, your  
12 indulgence.

13                       (PAUSE)

14               **BY MRS. STEINER:** May I approach the  
15 witness, Your Honor?

16               **BY THE COURT:** You may.

17 **BY MS. STEINER:**

18           **Q**     Mr. Matthews, I'm -- Mr. Matthews --  
19 forgive me. Mr. Miller, I'm handing you what's been  
20 marked into evidence as S-109, which appears to be a  
21 warning and waiver of rights signed by Curtis  
22 Flowers and witnessed by yourself; is that correct?

23           **A**     No, not this one. I witnessed the one  
24 that was submitted when we took the statement from  
25 him.

26           **Q**     Oh, okay, you're right. I thought -- all  
27 right. This is in evidence. What time does it  
28 state that Mr. Flowers signed that?

29               **BY MR. EVANS:** Your Honor, that's not even

MILLER - DIRECT

1 the same day. I don't think there could be any  
2 relevance to that if he wasn't there on that  
3 day.

4 **BY THE COURT:** I guess it's in evidence,  
5 so he can read the date of this.

6 **A** It's the 16th of July of 1996 at 1:28.

7 **BY MS. STEINER:**

8 **Q** All right. I'm going to hand you what's  
9 been marked into evidence as S-94, the gunshot  
10 residue kit that was taken on Curtis Flowers. Could  
11 you read the information sheet out -- inside there  
12 and tell me what time the gunshot residue kit was  
13 taken?

14 **A** At 1400, which would be 2:00 p.m.

15 **Q** All right. So actually the gunshot  
16 residue kit didn't get there until after he'd been  
17 interviewed?

18 **A** Well, I don't know whether he was  
19 interviewed. I did not have anything to do with  
20 that first interview.

21 **Q** All right. Thank you. Were you asked to  
22 provide a gunshot residue kit or perform a gunshot  
23 residue test on any other individual than Curtis  
24 Flowers?

25 **A** No, I was not.

26 **Q** Do you -- are you aware of whether or not  
27 a gunshot residue kit was performed on Mr. Doyle  
28 Simpson?

29 **A** I didn't direct anyone to do that.

## MILLER - DIRECT

1           Q     All right. Did you ever receive the crime  
2 lab information?

3           A     I did not receive any results back or any  
4 evidence of that.

5           Q     All right. What about with respect to  
6 Mr. Emmett Simpson?

7           A     Say that again. I didn't hear you.

8           Q     With respect to Mr. Emmett Simpson, did  
9 you request a gunshot residue test on him?

10          A     I did not.

11          Q     Did you ever receive information from the  
12 crime lab with the results of the gunshot residue  
13 test?

14          A     Not that I'm aware of.

15          Q     All right. I believe your testimony was  
16 the crime lab would send you results?

17          A     They would send it to -- to our office and  
18 it would be -- you know, I would look over that.  
19 I'm just not aware of anything else other than that  
20 one.

21          Q     And would those results stay at your  
22 office or would they go to Chief Hargrove or where  
23 would they go?

24          A     They would -- Mr. Matthews -- Sergeant  
25 Matthews kept them --

26          Q     All right.

27          A     -- kept up with those.

28          Q     Now, did you have occasion to compose any  
29 photo identification lineups for the purpose of

## MILLER - DIRECT

1 being displayed to Mr. Porky Collins?

2 A I did.

3 Q And do you recall how many you composed?

4 A How many photo lineups?

5 Q Yes.

6 A I think there were two.

7 Q All right. And were you also present when  
8 those photo lineups were displayed to Mr. Porky  
9 Collins?

10 A I was.

11 Q I'm going to hand you what is in evidence  
12 as Defendant's Exhibits 3 and 4 and ask you if you  
13 can identify those.

14 A That is a photo lineup.

15 Q Which one are you looking at?

16 A I don't know. I don't know whether you  
17 have them numbered or not.

18 Q In the upper right-hand corner.

19 A It would be 4.

20 Q All right. That's Exhibit 4. And what is  
21 the date on which that was --

22 A The 8th, 24th of '96.

23 Q All right. And did you personally prepare  
24 and select the photographs to be included in that  
25 lineup?

26 A I did.

27 Q All right. Now, this is No. 4, Exhibit 4,  
28 is there a suspect of interest in that one marked  
29 Exhibit 4?

## MILLER - DIRECT

1           **A**     The only person that would -- photograph  
2     of a person in this lineup would be that of Doyle  
3     Simpson, which was -- his name was involved in this  
4     investigation, yes.

5           **Q**     And at which position is he?

6           **A**     He is No. 6.

7           **Q**     No. 6. And do you recall who asked you to  
8     prepare this lineup number with Doyle Simpson in it?

9           **A**     I don't think anyone asked me to do it. I  
10    think we were just doing the investigation, and we  
11    had him because we knew what Porky Collins had  
12    already told some of the investigators, so I  
13    assembled that to show him.

14          **Q**     All right. Now, will you tell me with  
15    respect to this Exhibit 4, the one with Doyle  
16    Simpson in it, where did you get the photograph of  
17    Mr. Simpson to include in the lineup?

18          **A**     That was taken by -- I'm not sure who took  
19    the photograph, but we had a photograph of  
20    Mr. Simpson and I assembled it into this lineup.

21          **Q**     About how long before this lineup was  
22    shown to Mr. Collins, if you recall, did you  
23    physically put it together?

24          **A**     It was probably put together in the same  
25    day.

26          **Q**     All right. And do you know the source of  
27    the photograph of Mr. Simpson or who gave you that  
28    photograph or did you --

29               **BY MR. HILL:** Objection. That's leading.

MILLER - DIRECT

1 **BY MS. STEINER:**

2 Q -- did you personally take it yourself?

3 **BY THE COURT:** I think he's already said  
4 he didn't know.

5 **BY MS. STEINER:** Okay. I'm sorry. I was  
6 distracted.

7 **BY MS. STEINER:**

8 Q Now, the other five people in that photo  
9 array, what was the source of their photographs, if  
10 you know?

11 A Some of these came from various police  
12 departments. I obtained those along and had a  
13 collection of different photo shots or mug shots of  
14 people that had been arrested by the police  
15 departments.

16 Q All right. Was it a mug shot of Doyle  
17 Simpson that you used?

18 A I don't think that was, but I don't know.  
19 But it doesn't appear to be a mug shot.

20 Q All right. And what -- how did you  
21 determine what the --

22 **BY MS. STEINER:** May I approach, Your  
23 Honor?

24 **BY THE COURT:** You may.

25 **BY MS. STEINER:**

26 Q What are -- you've got someone who's a  
27 person of interest. What are the other pictures  
28 called -- fillers? Is that --

29 A Just filler pictures of -- of similar --

## MILLER - DIRECT

1 similar -- the same race, similar complexion, things  
2 of that nature.

3 Q Okay. What was -- when you were asked to  
4 compile a photo array that would have similar to  
5 Doyle Simpson, what was -- what were the  
6 characteristics beside being a black man that you  
7 tried to make your fillers?

8 A Well, we knew that Doyle had facial hair,  
9 and we tried to put some in there that had the  
10 facial hair.

11 Q And did he have braids?

12 A I'm sorry?

13 Q Did he have braids, according to your  
14 description?

15 A No. Doyle did not have braids.

16 Q All right. And you transported that  
17 photograph array to where?

18 A The --

19 Q In order of the display?

20 A The police department here in Winona.

21 Q Okay. Now, I'd like you to pick up the  
22 other one which is, I believe -- exhibit in the  
23 upper?

24 A I believe that's Exhibit 3.

25 Q All right. Now, who is the person of  
26 interest in that one?

27 A Curtis Flowers.

28 BY THE COURT: Counsel.

29 (ALL COUNSEL APPROACH THE BENCH FOR A

1 CONFERENCE HELD OUTSIDE THE HEARING OF THE  
2 JURY, TO-WIT:)

3 BY THE COURT: I noted they were marked  
4 one time at the hearing for the defense and  
5 then another time they were marked into  
6 evidence by the State.

7 BY MS. STEINER: That's right. They're  
8 State's exhibits.

9 BY THE COURT: So I want to make this  
10 clear on the record which number that they've  
11 been offered for at this time and --

12 BY MRS. STEINER: Forgive me, Your Honor.  
13 I thought we marked them.

14 BY THE COURT: So let's just get it  
15 straight. The first one that he looked it.

16 (BENCH CONFERENCE CONCLUDED)

17 BY THE COURT: Ladies and gentlemen, we  
18 were getting confused, because these had a  
19 couple of identification numbers on them, so I  
20 wanted to make clear for the record the correct  
21 identification number. So Ms. Steiner, the  
22 first one that Mr. Miller had been looking at  
23 is actually -- would you read that exhibit  
24 number?

25 BY MS. STEINER: Yes, Your Honor. He's  
26 been calling it Exhibit 4. It is, in fact, in  
27 this proceeding Exhibit S-143.

28 BY THE COURT: Okay.

29 BY MS. STEINER:

## MILLER - DIRECT

1           **Q**     With the red marker. I apologize for  
2 misleading you.

3           **A**     I was going by the top right-hand number,  
4 the one you directed.

5           **BY THE COURT:** And then, the current one  
6 that he's looking at is --

7           **MS. STEINER:** He's been talking about it  
8 as Exhibit 3. But actually, if you look at the  
9 upper left-hand, that is what number?

10          **A**     That is 5-142.

11          **Q**     S-142.

12          **A**     S-142.

13          **Q**     All right. And so we'll try to call them  
14 by those names for now.

15                   Now, in this 142, which is the  
16 photograph of Curtis Flowers?

17          **A**     That is No. 4.

18          **Q**     All right. And is there anything about  
19 the size of the image in that photograph that is in  
20 any way different from the size of the images in  
21 this photograph of the other five people?

22          **A**     It's a little bit larger because it's not  
23 the same type of photograph as the mug shots that  
24 are taken by various police departments.

25          **Q**     So you didn't have a mug shot of Curtis  
26 Flowers?

27          **A**     I did not have a mug shot of him.

28          **Q**     And did you -- when did you obtain a  
29 photograph -- have a photograph taken by other

## MILLER - DIRECT

1 investigators of Mr. Flowers in connection with this  
2 investigation?

3       **A**     Ask me that question again, please.

4       **Q**     All right. To you knowledge, was a  
5 photograph taken of Mr. Flowers on July 16th by  
6 yourself or any other investigator?

7       **A**     I can't answer that. I don't know whether  
8 this was taken that day or not.

9       **Q**     All right. Did you yourself ever  
10 personally take a photograph or request someone else  
11 to take a photograph of Mr. Flowers?

12       **A**     I don't recall one way or the other. I  
13 don't remember.

14       **Q**     Now, did you also meet with Mr. Flowers on  
15 July 18th, two days later?

16       **A**     I did.

17       **Q**     Do you recall whether or not a photograph  
18 was taken of him then?

19       **A**     It could have been.

20       **Q**     All right. And did Mr. Flowers have a  
21 Mississippi driver's license?

22       **A**     I think he did.

23       **Q**     All right. And at that time, in 1996 -- I  
24 don't know if you know this -- did they keep the  
25 photos digitally or did they keep hard copy photos  
26 down at the driver's license division in Jackson?

27               **BY MR. EVANS:** Your Honor, unless there's  
28 some relevance to that, I would object.

29               **BY THE COURT:** I'll sustain as to

MILLER - DIRECT

1           relevance.

2           **BY MS. STEINER:** Your Honor, I believe --  
3           well, allow me to -- I will link this up.

4           **BY MS. STEINER:**

5           **Q**     Is this -- let me ask a question here. Do  
6           you know -- this August 24th, 1996 is when these  
7           photo lineups were displayed to Mr. Collins; is that  
8           correct?

9           **A**     That's correct.

10          **Q**     Mr. -- the information you had from  
11          Mr. Collins -- did it indicate Mr. Collins may have  
12          witnessed someone of interest in this investigation?  
13          What was the date Mr. Collins said he saw somebody  
14          of interest?

15          **A**     Mr. Collins indicted through some other  
16          investigative work by other people that Curtis --  
17          that he had seen someone. He did not name anyone.

18          **Q**     Right.

19          **A**     He had seen someone in front of Tardy's  
20          Furniture Store just prior to the four murders.

21          **Q**     All right. And this is approximately five  
22          weeks after that; is that correct?

23          **A**     That is correct.

24          **Q**     All right. Was there a reason for  
25          delaying five weeks in asking him --

26          **A**     One delay is that Mr. Collins had -- had  
27          some health issues himself, and he also had a  
28          relative that was very sick. And when we would try  
29          to contact him and make some appointment with him to

MILLER - DIRECT

1 look at the photographs, he was not available.

2 Q So obtaining a photograph of Mr. Flowers  
3 was not a factor in the delay?

4 A Say that again.

5 Q Was obtaining a photograph of  
6 Mr. Flowers --

7 A No, that was not part of it. That was not  
8 the delay. It was just Mr. Collins.

9 Q Now, I assume -- or let me ask you. As a  
10 Mississippi Highway Patrol investigator, do you  
11 receive instruction and training on the -- on  
12 obtaining eyewitness identifications through  
13 lineups, show ups and photo arrays, that sort of  
14 things?

15 A Yes, I do.

16 Q And what, if anything, is the rule of  
17 thumb with respect to elapsed time between --

18 BY MR. EVANS: I don't agree to a rule of  
19 thumb. He can testify to what he did, and  
20 that's all.

21 BY THE COURT: I'll sustain.

22 BY MS. STEINER:

23 Q All right. As -- from an investigative  
24 point of view, do you personally, in an  
25 investigation, when, relative to a witness having  
26 seen someone, do you prefer to have them make that  
27 identification --

28 BY MR. EVANS: Again, what he prefers is  
29 not relevant.

MILLER - DIRECT

1                   **BY THE COURT:** I didn't even understand  
2                   the question.

3                   **BY MS. STEINER:**

4                   **Q**     Well, if you could have gotten Mr. Collins  
5                   in a week later, would you have -- would that have  
6                   been a better time to have him look at these than  
7                   five weeks later?

8                   **BY MR. EVANS:** Again, my objection is that  
9                   is not relevant. When he got him in, is when  
10                  he got him in.

11                  **BY THE COURT:** Well, he can answer the  
12                  question. Overrule it.

13                  **A**     Like I said, we tried to get Mr. Collins  
14                  in. He had -- he was in Jackson, and he had other  
15                  reasons -- health problems and even his family  
16                  health problems, and he was not available at some of  
17                  the times that we would try to get together.

18                  **BY MS. STEINER:**

19                  **Q**     But his memory might have been fresher had  
20                  you gotten him in earlier?

21                  **BY MR. EVANS:** I object, Your Honor. He  
22                  cannot testify about what a witness' memory  
23                  would have been.

24                  **BY THE COURT:** I'll sustain that  
25                  objection.

26                  **BY MS. STEINER:**

27                  **Q**     And I believe your testimony is in the  
28                  intervening times, he'd had some health and family  
29                  crisis as well; is that correct?

## MILLER - DIRECT

1           **A**     I think it was more of his relatives that  
2     had some health problems and he stayed -- he was  
3     staying with them at the hospital in Jackson.

4           **Q**     Some families had health problems?

5           **A**     Yes, I think so.

6           **Q**     Sufficiently distracting that he couldn't  
7     be shown these pictures; is that correct?

8           **A**     He said he would contact us as soon as he  
9     was back in Winona, which he did.

10          **Q**     All right. Now, did he say where he was  
11     located -- where his family member was hospitalized?

12          **A**     No, he didn't. I don't -- he may have; I  
13     don't remember that.

14          **Q**     Do you recall if it was in the state of  
15     Mississippi?

16          **A**     I'm sure it was. I don't know. I can't  
17     answer that.

18          **Q**     Are there -- Mississippi Highway Patrol  
19     investigative divisions were there at that time in  
20     all of the regions of the state of Mississippi?

21          **A**     All regions.

22          **Q**     Did you make any attempt to have a  
23     colleague investigator in whatever region the  
24     hospital Mr. Collins was visiting his relative at  
25     prepare and show him an array?

26          **A**     No, I did not.

27          **Q**     Thank you. Now, if you will turn your  
28     attention, I think you've already told us about what  
29     you looked for in the fillers on the S-143.

## MILLER - DIRECT

1                   What were the aspects that you were  
2 looking for in the fillers on S-142?

3           **A**     Well, we knew that Curtis Flowers had  
4 facial hair, and we tried to get them the same  
5 complexion and mug shots of people with facial hair.

6           **Q**     Do all of the other individuals on the  
7 array with Mr. Flowers in it have facial hair?

8           **A**     Not all of them.

9           **Q**     How many have facial hair?

10          **A**     Well, including Curtis Flowers, there are  
11 four.

12          **Q**     All right.

13          **A**     There are two that does not have facial  
14 hair.

15          **Q**     And how would you characterize  
16 Mr. Flowers's hairline in this?

17          **A**     Well, it's receding in the front or  
18 balding, whichever way you want to call it. Some of  
19 these others don't have hair coming down very far to  
20 the front.

21          **Q**     Is there also a person with braids or  
22 dreadlocks?

23          **A**     There's one with braids and --

24          **Q**     Mr. Flowers didn't have braids at that  
25 time?

26          **A**     He did not have braids.

27          **Q**     Now, is number five in 143 the same  
28 individual who's in the number five position in 142?  
29 Can you tell?

## MILLER - DIRECT

1           **A**     Are you saying five?

2           **Q**     Five.

3           **A**     That's possible that it is.

4           **Q**     All right.

5           **A**     Not dressed the same, but it could be him.  
6     I'm not sure.

7           **Q**     Now, when you -- you carried both of these  
8     over to where the -- was it the Winona Police  
9     Department?

10          **A**     Winona Police Department.

11          **Q**     Did you consider this -- how many photo --  
12     how many identification procedures did you think you  
13     were going to be conducting that day -- one, two?  
14     Did you consider this a single procedure?

15          **A**     Well, it's just the one. It's just one  
16     for Curtis Flowers to look at.

17          **Q**     All right. Did Mr. Collins -- was  
18     Mr. Collins shown the one with Mr. Simpson in it?

19          **A**     He was.

20          **Q**     All right. Now, do you recall who  
21     requested that you prepare those?

22          **A**     Say again. I didn't hear.

23          **Q**     Do you recall the name of the investigator  
24     who requested that you prepare those?

25          **A**     I believe John Johnson told me that  
26     Mr. Collins was -- would be coming to the police  
27     department and so he requested that --

28          **Q**     All right.

29          **A**     -- that I bring it.

MILLER - DIRECT

1           Q     Do you have -- did you prepare any sort of  
2 report about that request?

3           A     Not a -- I didn't write down that John  
4 Johnson called me and told me to bring -- I didn't  
5 write that down. But I did take notes of the --  
6 what Mr. Collins did in the lineup.

7           Q     Oh, I understand that.

8           A     Yeah.

9           Q     Did you make any notes or prepare any  
10 documentation concerning either the source for the  
11 filler pictures or the source of the pictures of  
12 either Mr. Simpson or Mr. Flowers in these lineups?

13          A     I did not make my documentation of where  
14 the photographs came from because I -- I had them,  
15 and they came from the police -- various police  
16 departments.

17          Q     All right. And did you -- I believe you  
18 testified you have notes of what Mr. Simpson said.  
19 Did you make any notes of what either you or  
20 Mr. Johnson said -- excuse me -- what Mr. Collins  
21 said? Did you make any notes of what either you or  
22 Mr. Johnson said to Mr. Collins by way of  
23 introducing him to the photo array lineups?

24          A     I didn't -- I didn't make any comment to  
25 Mr. Collins. All I did was show the photo lineup  
26 and ask him was anyone in that photograph that he  
27 recognized and that he saw in front of Tardy's.

28          Q     All right. Before you brought these out,  
29 what did you say to Mr. Collins?

## MILLER - DIRECT

1           **A**     I didn't talk to him before that.

2           **Q**     All right. Were you present with  
3 Mr. Johnson when he -- when Mr. Collins arrived?  
4 Did Mr. Johnson --

5           **A**     I think they were already at the police  
6 department when I came in.

7           **Q**     So you don't know what Mr. Collins had  
8 been told by Mr. Johnson before you arrived?

9           **A**     I was not there. I mean, I brought the  
10 lineups in and --

11          **Q**     Is there any kind of protocol or anything  
12 that you as a highway patrol investigator followed  
13 when doing a photo array lineup with respect to  
14 advising the witness about what was about to happen?

15          **A**     Yeah. I told him that we have a photo  
16 lineup.

17          **Q**     Okay.

18          **A**     And you've indicated that you could  
19 identify the person that he saw in front of Tardy's.  
20 It was a very short conversation, and he immediately  
21 looked at it and -- he looked at one, and then he  
22 didn't identify anybody.

23          **Q**     He didn't make a positive identification?

24          **A**     No. No.

25          **Q**     Which one was he shown first?

26          **A**     I think the one that you called S-143.

27          **Q**     And that's the one --

28          **A**     I'd have to look at my notes, at the  
29 letter that's on the exhibits.

## MILLER - DIRECT

1           Q     S-143. That's the one with Doyle Simpson  
2     in it?

3           A     Right.

4           Q     And he did -- he eluded to Mr. Simpson's  
5     picture?

6           A     I'm not sure what numbers he said.

7           Q     All right. But he made no positive  
8     identification?

9           A     No positive.

10          Q     Now, how long after he had looked at  
11     what -- strike that. After --

12                   BY MS. STEINER: Your Honor, may I  
13     approach the witness?

14                   BY THE COURT: You may.

15     BY MS. STEINER:

16          Q     You say -- I'm not sure whose notes these  
17     are, but I'm handing you two notes that have the  
18     initials JMJ and WM on the top of them and ask you  
19     if on reading those two notes you can refresh your  
20     recollection on the order in which the two  
21     photograph folders were shown and the approximate  
22     time between the two.

23          A     Are you referring to the exhibit?

24          Q     Let me have them marked for identification  
25     so we can do that.

26          A     I don't know how to identify them.

27                   (DEFENDANT'S EXHIBIT NO. D-21 and D-22,  
28     PHOTO LINEUP NOTES, WERE MARKED FOR  
29     IDENTIFICATION.)

MILLER - DIRECT

1 BY MS. STEINER:

2 Q Thank you, Mr. Miller, for getting me in  
3 order on this. I'm handing you what has been marked  
4 as Exhibit D-21 for identification and D-22 for  
5 identification, and I believe these are the  
6 documents you identified as being -- as having your  
7 initials. Are these both -- are these the notes  
8 taken during the lineup procedure?

9 A They were taken at that time.

10 Q All right. Now, can you tell me after  
11 review of them, if you can tell from those notes,  
12 which lineup was shown first?

13 A The D- -- Exhibit D-21.

14 Q And who -- and who was -- was that  
15 a lineup with Mr. Simpson in it or was that a lineup  
16 with Mr. Flowers in it?

17 A That is lineup S-143.

18 Q And is Mr. Simpson?

19 A Mr. Simpson is in that photo lineup.

20 Q What do the notes in front of you indicate  
21 Mr. Simpson -- Mr. Collins said with respect to the  
22 photograph of Mr. Simpson?

23 A Mr. Collins pointed to one and three  
24 resemble but the hairline was further back. And  
25 number six, pointed to Simpson and said hairline was  
26 like this, may have --

27 Q May have appeared --

28 A May have appeared -- I'm not sure. This  
29 is not my notes. I can't read that right. And

MILLER - DIRECT

1 appeared a little darker, but it looks like him.  
2 Face was also same shape, round like this but unable  
3 to make a positive.

4 Q All right. So he did actually point out  
5 Mr. Simpson here as somebody who was -- looks like  
6 the person he'd seen; is that a fair  
7 characterization?

8 A Right.

9 Q Thank you. And what time did that photo  
10 presentation occur?

11 A That was at -- on August the 24th of '96.  
12 This was a Saturday at the Winona Police Department,  
13 and it occurred at 11:10 a.m.

14 Q All right. Do your notes -- and that's  
15 what's set forth in D-21 for identification; is that  
16 correct?

17 A That's correct.

18 Q Do your notes with Mr. Collins on the  
19 lineup -- another lineup that occurred that day, do  
20 they reflect what time that occurred?

21 A You're talking about in Exhibit D-22?

22 Q Yes, in D-22.

23 A Now, what are you asking me?

24 Q I guess the first time is can you, from  
25 reviewing these notes, tell the jury if they refer  
26 to one of -- to -- to either of these folders marked  
27 S-143 or 142?

28 A Porky Collins pointed to Curtis Flowers,  
29 which is number four in this photo lineup, and said,

## MILLER - DIRECT

1 "I think that's him, and he was about my height and  
2 I'm 5'10" and the complexion is right."

3 Q And then what does he say?

4 A And then he said, "I believe that's him,  
5 it looks like him." And he identified him positive  
6 as number four, which is Curtis Flowers.

7 Q All right. You wrote that down. Now, at  
8 any time did anybody mention Curtis Flowers' name to  
9 Mr. Collins before this lineup was displayed to him?

10 A Not that I know of.

11 Q Okay.

12 A I did not.

13 Q All right. It was, however, mentioned to  
14 him immediately after he'd pointed Mr. Flowers out;  
15 is that correct?

16 A I can't answer that. I don't know that I  
17 told him.

18 Q All right.

19 A I don't know -- I'm not saying that I told  
20 him it was Curtis Flowers, but I don't think I did.

21 Q All right. If you review these notes that  
22 your initials are on, and they're -- what follows?  
23 What words follow that?

24 A Well, I asked Porky if he knew Curtis  
25 Flowers and he said, "No, but I know the person I  
26 just identified is the person -- is the person that  
27 I saw in front of Tardy's on the 7/16 of '96."

28 Q Okay. And John Johnson and you are the  
29 two that were there?

## MILLER - DIRECT

1           **A**     We were the two there, yes.

2           **Q**     And these are the notes Mr. Johnson made?

3           **A**     And he made a positive identification of  
4     Curtis Flowers.

5           **Q**     But Mr. Flowers' name was mentioned to him  
6     after he'd made that identification; is that  
7     correct?

8           **A**     It was only afterward, but that was a --  
9     there's nothing there that says that number four was  
10    Curtis Flowers. He just asked him did he know  
11    Curtis Flowers.

12          **Q**     Oh, I appreciate that. And the first time  
13    the words, "I know the person I identified is the  
14    person I saw," came after he was asked if he knew  
15    Curtis Flowers. Is that a fair characterization of  
16    what that note says?

17          **A**     He says that, "I believe that's him. It  
18    looks like him." And then he --

19          **Q**     And then after he's asked if he knew  
20    Curtis Flowers, what does he say?

21          **A**     I know that's the person that I -- I just  
22    identified as the person that I saw in front of  
23    Tardy's.

24          **Q**     Thank you.

25                **BY MS. STEINER:** One moment, Your Honor.  
26                Judge, I'd like to offer D-21 and D-22 for  
27                identification into evidence at this time.

28                **BY MR. EVANS:** I think they're just his  
29                notes, Your Honor. I think he's already

MILLER - DIRECT

1 testified to them, but I don't think his notes  
2 would be proper. If they were, we would have  
3 introduced all his notes. And they're another  
4 witness' notes at that.

5 **BY MS. STEINER:** His initials are on them,  
6 Your Honor.

7 **BY THE COURT:** He's already testified from  
8 his notes and usually the purpose of notes is  
9 to help refresh somebody's memory, and he's  
10 testified from his notes. I agree with  
11 Mr. Evans. We can't be reading everybody's  
12 notes that took some down if they testified  
13 live about it. So I don't see any point in  
14 admitting his notes into evidence.

15 **BY MS. STEINER:** All right. So my request  
16 that they be admitted is --

17 **BY THE COURT:** Denied.

18 **BY MS. STEINER:** -- denied. Thank you.

19 **BY MS. STEINER:**

20 **Q** After those processes that were -- that  
21 you testified to and refreshed your recollection  
22 with notes about, were completed and you returned  
23 to -- I assume you returned back to your -- well, it  
24 was Saturday. You probably returned back to  
25 whatever you would ordinarily do on a Saturday. But  
26 when you returned to your office, do you know -- did  
27 you take these photo identifications with you or did  
28 you leave them with someone else?

29 **A** I kept them in my possession.

MILLER - DIRECT

1           **Q**     All right. And is that until they became  
2 necessary for the court proceedings? Is that  
3 what --

4           **A**     They were probably turned over to the  
5 district attorney at some point. I can't tell you  
6 when.

7           **Q**     Did you prepare any kind of summary report  
8 of the events of Mr. Collins' photo lineup  
9 identification process?

10          **A**     Just the notes that you have there.

11          **Q**     Okay. Thank you. I'm handing you a  
12 manila folder that's in evidence as State's Exhibit  
13 S-116 and ask you if that is a photo identification  
14 array you prepared?

15          **A**     I can't tell you that I prepared it. I  
16 don't see any of my initials on it. I'm familiar  
17 with it, but I did not -- I was not the one that  
18 showed this to --

19          **Q**     You didn't display it?

20          **A**     No, I did not display that.

21          **Q**     All right. I was just asking was this  
22 also something you prepared?

23          **A**     I -- I can't recall. I don't know that.

24          **Q**     All right. Is -- S-143 and S-142 look  
25 like they are in legal size folders with particular  
26 cut openings and preprinted numbers. Is that a  
27 folder form that the highway patrol --

28          **A**     That is a highway patrol form for photo  
29 identification purposes.

MILLER - DIRECT

1           **Q**     Does the highway -- is there any -- does  
2     the highway patrol ever just use legal size file  
3     folders for photo identification purposes, to your  
4     knowledge?

5           **A**     I don't know that we would, if it didn't  
6     have access to this.

7           **Q**     But during the course of the investigation  
8     here --

9           **A**     I can't answer your question.

10          **Q**     Okay.

11                 **BY MRS. STEINER:** Your Honor, I'd like  
12     S-142 and 143 passed to the jury.

13                 **BY THE COURT:** You may pass them.

14                 **BY MS. STEINER:**

15          **Q**     Mr. Miller, did you have occasion to  
16     collect shoes from Mr. Curtis Flowers at any time?

17          **A**     Yes. I was present when they were  
18     collected.

19          **Q**     And there were actually two sets of -- two  
20     pairs of shoes collected from Mr. Flowers; is that  
21     correct?

22          **A**     I'm familiar with the ones collected at  
23     the time he was at the police department.

24          **Q**     All right. And would that be or on about  
25     July 18th, 1996?

26          **A**     Well, it could have been on the 16th. I  
27     don't recall the date.

28                 **BY MS. STEINER:** May I approach, Your  
29     Honor?

MILLER - DIRECT

1                   **BY THE COURT:** You may.

2                   (DEFENDANT'S EXHIBIT NOS. 23 AND 24  
3                   WERE MARKED FOR IDENTIFICATION)

4           **BY MS. STEINER:**

5           **Q**     I'm handing you what's been marked as D-23  
6           for identification and ask you if you would review  
7           that and tell us what that is.

8           **A**     Well, it's the permission to search, which  
9           was given to Curtis Flowers to sign, to give  
10          Investigator Matthews and myself the permission to  
11          take his shoes.

12          **Q**     All right. And from where were those  
13          shoes taken, according to that? If you'll read  
14          where it was filled in. Where? Where was the  
15          property located, the shoes that you took?

16          **A**     From Curtis Flowers.

17          **Q**     From his feet?

18          **A**     Right.

19          **Q**     And what kind of shoes were taken? What  
20          color?

21          **A**     They were Nike Flight tennis shoes.

22          **Q**     And what is the date on it?

23          **A**     That is the 18th of July.

24          **Q**     All right. And so that is the pair of  
25          shoes you collected from him?

26          **A**     I was present with Investigator Matthews.

27          **Q**     Okay. All right. I'm handing you the  
28          collective Exhibits S-125, 125-A and 125-B. Would  
29          you call these black shoes?

## MILLER - DIRECT

1           **A**     I would not. They are blue.

2           **Q**     Blue and white, would you say?

3           **A**     Right, blue and white.

4           **Q**     There is no black other than possibly a  
5 little mud still sticking to them on this shoe?

6           **A**     Right.

7           **BY MS. STEINER:** One moment, Your Honor.

8           **BY THE COURT:** Sure.

9           **BY MS. STEINER:** Your Honor, we would  
10 tender.

11                           **CROSS-EXAMINATION**

12           **BY MR. EVANS:**

13           **Q**     Good evening, Mr. Miller.

14           **A**     How are you?

15           **Q**     I want to go through just a few of the  
16 things that we've been through, but I'm going to  
17 limit it. There were two pair of shoes taken off of  
18 the Defendant at different times, weren't there?

19           **A**     That is correct.

20           **Q**     Both of them were ten-and-a-halves, weren't  
21 they?

22           **A**     They were ten-and-a-halves.

23           **Q**     Now, you knew early on that Filas were  
24 involved in the case, didn't you?

25           **A**     I did through Mr. Andrews from the crime  
26 lab.

27           **Q**     And that's Joe Andrews --

28           **A**     Joe Andrews.

29           **Q**     -- who has testified here? And after you

## MILLER - CROSS

1 found out early on from him that Filas were  
2 involved, what steps did you take at that point to  
3 try to find out what kind of Filas were used?

4 **A** I checked at several different shoe stores  
5 and mainly the -- I ended up at Conley's Shoe Store  
6 in Greenwood.

7 **BY MS. STEINER:** Your Honor, may we  
8 approach?

9 **A** And --

10 **BY MR. EVANS:** Wait just a minute.

11 **BY MS. STEINER:** Your Honor, may we  
12 approach?

13 (ALL COUNSEL APPROACH THE BENCH FOR A  
14 CONFERENCE HELD OUT OF THE HEARING OF THE  
15 JURY, TO-WIT:)

16 **BY MS. STEINER:** In light of the Supreme  
17 Court's ruling with respect to opinions offered  
18 in Flowers II concerning some shoes obtained by  
19 Mr. Miller being not properly admitted, both  
20 the State and we, in examining Mr. Andrews,  
21 dealt only with his -- his 2003 comparison  
22 which dealt with insoles actually obtained from  
23 Mr. Flowers in which the objectionable  
24 information was not admitted.

25 And I -- if -- if Mr. Evans has some  
26 reason other than to attempt to bolster the  
27 opinion obtained in 2003 by trying to bring in  
28 the being admissible identification performed  
29 on the basis of Mr. -- what Mr. Miller

## MILLER - CROSS

1       obtained, then we would object both under the  
2       case law of the case -- well, under Flowers II.  
3       And additionally, since that was a hearsay  
4       objection, we would excite Belinda Diaz, which  
5       varies itself, also a Sixth Amendment  
6       violation. And we would ask that it would  
7       either be upon improper bolstering with  
8       inadmissible and/or would, even if relevant and  
9       otherwise admissible, would be both confusing  
10      to the jury and possibly misleading to them  
11      under Rule 403.

12             And we would ask that no testimony be  
13      taken from Mr. Miller concerning his obtaining  
14      any shoes for comparison purpose. And in if  
15      that's where Mr. Evans is going, we would  
16      object to -- make a continuing objection to any  
17      questions along those lines.

18             **BY MR. EVANS:** To start with, it would  
19      help if she had any idea to know what he was  
20      talking before I -- my question to him is did  
21      he go to a store and look to try to determine  
22      what kind of shoes were used. They have  
23      attacked every officer in the case about not  
24      doing an investigation. I am not going to get  
25      Joe Andrews to compare the shoes he got. That  
26      was the only thing the Supreme Court said  
27      shouldn't so I won't. He should have used just  
28      the Filas that came from the outsoles that was  
29      sent.

## MILLER - CROSS

1           My questions of this witness are going to  
2           be to the extent that he went to Greenwood and  
3           looked for shoes and tried to determine what  
4           kind of shoes that left that impression and  
5           that's it. And if that's not proper, I don't  
6           know what could be.

7           **BY MS. STEINER:** I have no objection to  
8           that. I wasn't inside his head, and I wanted  
9           to --

10          **BY THE COURT:** All right. If something  
11          comes up, I'd prefer you to object rather than  
12          having some continuing objection, because at  
13          the time being, that's not what he's intending  
14          to go into.

15          **BY MS. STEINER:** No. That's what -- just  
16          the case if he was intending to do that.

17                   (BENCH CONFERENCE CONCLUDED)

18          **BY MR. EVANS:**

19           **Q**     Mr. Miller, I'm not even sure what I asked  
20           you last, but I think it was something to do with  
21           did you go to some shoe stores and attempt to  
22           determine what kind of shoes had left that  
23           impression?

24           **A**     I did. And I ended up at Conley's Shoe  
25           Store in Greenwood.

26           **Q**     And after what information you had  
27           received from Joe Andrews and your investigation,  
28           did you at that time know that y'all were looking  
29           for Fila Grant Hill tennis shoes?

## MILLER - CROSS

1           **A**     I was.

2           **Q**     Now, you were asked about gunshot residue  
3 kits being used on anybody else. But is there any  
4 suggestion that a gunshot residue kit should have  
5 been used on anyone else that day?

6           **A**     No, there was not.

7           **Q**     Now, have you got the -- the photo lineups  
8 that Porky Collins was shown, Exhibits 142 and 143,  
9 he only picked out one person out of these lineups,  
10 didn't he?

11          **A**     He did.

12          **Q**     And I think what you said was, "I know the  
13 person that I identified as the person that I saw in  
14 front of Tardy Furniture." Is that what he said?

15          **A**     That is what he said.

16               **BY MR. EVANS:** Your Honor, may I have the  
17 witness step down?

18               **BY THE COURT:** You may.

19                       (WITNESS LEAVES THE STAND AND TAKES A  
20 PLACE IN FRONT OF THE JURY)

21 **BY MR. EVANS:**

22          **Q**     On Exhibit S-142, which photograph did he  
23 point to and identify?

24          **A**     Number four, which is Curtis Flowers.

25          **Q**     Thank you. And as far as the first  
26 photograph, he didn't -- photo lineup 143, he didn't  
27 pick out anybody?

28          **A**     He did not identify anybody.

29          **Q**     He compared some complexions and some

## MILLER - CROSS

1 hairlines?

2           **A**     That's all he did.

3           **Q**     He pointed to number six, who is Doyle,  
4 and said, "It's about that hairline"?

5           **A**     That's correct.

6           **Q**     And that is consistent with his; is that  
7 correct?

8           **A**     That is correct.

9           **BY MR. EVANS:** Nothing further, Your  
10 Honor.

11           **BY THE COURT:** Redirect?

12                   **REDIRECT EXAMINATION**

13           **BY MS. STEINER:**

14           **Q**     I'm handing you back S-143, the lineup  
15 with Doyle in it and D-21 for identification. And  
16 in addition to saying that the hairline was like  
17 that, he did say, quote, "It looked -- but it looks  
18 like him;" is that correct?

19           **A**     "But it looks like him," according to the  
20 notes of what he said, "but unable to do a positive  
21 identification."

22           **Q**     Correct. But it was more than just the  
23 hairline; is that correct?

24           **A**     It said that he did -- but it looks like  
25 him.

26           **Q**     Yes, thank you.

27           **BY MS. STEINER:** One moment, Your Honor.  
28 That's all I have, Your Honor.

29           **BY THE COURT:** Mr. Miller, you may step

## MILLER - REDIRECT

1 down. I'm assuming he's excused?

2 **BY MRS. STEINER:** He may be finally  
3 excused.

4 **BY THE WITNESS:** Thank you.

5 **BY THE COURT:** Who would you have next?

6 **BY MS. STEINER:** Your Honor, may we confer  
7 for a minute?

8 (PAUSE)

9 **BY MRS. STEINER:** Your Honor, may we have  
10 a recess? I see it's 5:00. I don't know what  
11 time the Court was planning to adjourn for the  
12 night. We do have to have a conference for a  
13 few minutes before we make any further  
14 announcements.

15 **BY THE COURT:** Okay. If you'll step in  
16 the jury room for a minute, ladies and  
17 gentlemen.

18 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
19 CONTINUED IN OPEN COURT OUTSIDE THE  
20 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

21 **BY THE COURT:** Who would be your next  
22 witness?

23 **BY MS. STEINER:** I wish to do -- do you  
24 wish to do this outside the presence of the  
25 jury? As I said, I'm happy to do -- I have an  
26 announcement I can make out of the presence --

27 **BY THE COURT:** Go ahead.

28 **BY MS. STEINER:** Your Honor, we have at  
29 this time -- we know we have Chief Johnson who

## MOTION - JURY OUT

1 is the -- we have a motion in limine with  
2 respect to him that the Court is going to have  
3 to hear outside the presence of the jury, and  
4 we have one other non-expert witness, who is  
5 actually -- maybe two. I'm sorry. One of  
6 whom -- neither of whom are physically here  
7 right now. Is that correct? One of whom is  
8 actually a bring back order person --

9 **BY THE COURT:** Where is physically the  
10 other one?

11 **BY MR. CARTER:** Both of them are in the  
12 jail.

13 **BY MS. STEINER:** They're both in jail.

14 **BY THE COURT:** Give him the names, and  
15 we'll have -- the sheriff can go get them, and  
16 I'll take up the motion in limine while he's  
17 going down to the jail and bringing these  
18 witnesses up.

19 **BY MR. CARTER:** Do I give it to Your  
20 Honor?

21 **BY THE COURT:** You can have the sheriff  
22 send a deputy after those from Vaiden.

23 **BY MS. STEINER:** It's just one.

24 **BY THE COURT:** Okay. And I guess -- at  
25 some point I always do this, and I guess this  
26 would be as good a time as any. I want to go  
27 over Mr. Flowers' constitutional right to  
28 testify, and I do that in every case I've ever  
29 presided over. And since I've got an

COURT ADVISES DEFENDANT OF RIGHT TO TESTIFY - JURY  
OUT

1       indication maybe there was only one other  
2       witness besides Chief Johnson, I'd like to go  
3       ahead.

4               So, Mr. Flowers, if you'll stand, there's  
5       a couple of things I want to tell you.

6               (WITNESS STANDS BEFORE THE COURT.)

7               **BY THE COURT:** Mr. Flowers, under the  
8       constitution of the State of Mississippi and  
9       the constitution of the United States, you've  
10      got a constitutional right to testify in your  
11      own behalf. Do you understand that?

12              **BY THE DEFENDANT:** Yes, sir.

13              **BY THE COURT:** And under both of those  
14      constitutions, you also have a constitutional  
15      right to not testify if you choose not to  
16      testify. Do you understand that?

17              **BY THE WITNESS:** Yes, sir.

18              **BY THE COURT:** Do you understand if you  
19      want to testify and your lawyers told you that  
20      you shouldn't, that they thought your case  
21      would be stronger if you didn't testify, you  
22      could override their misgivings and testify  
23      even if they didn't want you to do. Do you  
24      understand that?

25              **BY THE DEFENDANT:** Yes, sir.

26              **BY THE COURT:** And, further, do you  
27      understand if they wanted you to testify and  
28      you didn't, if they thought it would help your  
29      case and would be better for you to testify but

COURT ADVISES DEFENDANT OF RIGHT TO TESTIFY - JURY  
OUT

1       you did not want to testify, you could not be  
2       forced by your lawyers or anyone to testify.  
3       Do you understand that?

4               **BY THE DEFENDANT:** Yes, sir.

5               **BY THE COURT:** So ultimately, the decision  
6       as to testify or not testify is your decision  
7       and yours alone?

8               **BY THE DEFENDANT:** All right.

9               **BY THE COURT:** And so do you understand  
10      that?

11              **BY THE DEFENDANT:** I understand.

12              **BY THE COURT:** So if there comes a point  
13      where you want to exercise the privilege to  
14      testify and your lawyers don't want you to  
15      testify, notify the Court and you will be  
16      allowed to testify even if they didn't want you  
17      to.

18              **BY THE DEFENDANT:** All right.

19              **BY THE COURT:** And I'm sure that you've  
20      got very capable lawyers, and I'm sure y'all  
21      have discussed those matters already, but I  
22      just felt it necessary for the purpose of the  
23      record to again advise you of these things. Do  
24      you have any questions for the Court about  
25      these things that I've just told you?

26              **BY THE DEFENDANT:** No, sir.

27              **BY THE COURT:** Okay. That will be fine.

28              Okay. All right. We had motion filed to  
29      exclude evidence and testimony under Rule 702

1 and 608. And I don't know if you want to --

2 BY MS. STEINER: Do you want me to -- I'd  
3 rather go ahead and qualify him.

4 BY THE COURT: I think it might be  
5 important to call your witness up here --

6 BY MS. STEINER: That's what I --

7 BY THE COURT: -- before we hear the  
8 motion.

9 BY MS. STEINER: Yes, Your Honor. We  
10 would have Chief Robert Johnson.

11 BY THE COURT: Mr. Johnson, if you'll  
12 raise your right hand and take the oath. Do  
13 you solemnly swear or affirm the testimony you  
14 give in this case will be the truth, the whole  
15 truth and nothing but the truth, so help you  
16 God?

17 BY THE WITNESS: I do.

18 BY THE COURT: If you'll come around.

19 BY THE WITNESS: Yes, sir.

20 BY THE COURT: For the purpose of this  
21 motion and for the benefit of the record, state  
22 your name, please.

23 BY THE WITNESS: Robert Johnson.

## MOTION IN LIMINE - JURY OUT

1           **Q**     Chief Johnson, would you tell us what your  
2     present business address and profession is.

3           **A**     I currently own and operate RL Johnson &  
4     Associates Consulting Business in Jackson,  
5     Mississippi, where I do expert witness on issues  
6     related to criminal liability, safety, law  
7     enforcement practices, corrections and federal  
8     security issues. I'm also co-partner and co-owner  
9     of Mississippi Probation Services, also located in  
10    Jackson, Mississippi. We provide supervision to  
11    probationers coming out of justice court, municipal  
12    court and some pretrial detainees out of circuit  
13    court in Jackson.

14          **Q**     And that's is Hinds County, Mississippi?

15          **A**     That's in Hinds County, Mississippi.

16          **Q**     Chief Johnson -- I'm calling you chief.  
17     Have you served as the chief of any municipal police  
18     departments?

19          **A**     I've served as police chief in three  
20     different jurisdictions.

21          **Q**     All right. And any in Mississippi?

22          **A**     Yes, one in Mississippi.

23          **Q**     What jurisdiction was that?

24          **A**     That was Jackson.

25          **Q**     All right. Chief, I'm going to hand you  
26     what's been marked D-25 for identification, and ask  
27     if that is your curriculum vitae that sets forth  
28     your education and experience and other  
29     accomplishments in -- related to the current subject

## MOTION IN LIMINE - JURY OUT

1 matter of your consulting practice?

2 A Yeah, it is.

3 Q Thank you.

4 BY MS. STEINER: I'd like to offer this  
5 into evidence for the purpose of the motion.  
6 And assuming he testifies, I'll move it into  
7 evidence for purposes of the trial.

8 BY THE COURT: I think it's marked for ID  
9 for the purpose of the motion. So in the event  
10 of appeal, it would be included in the record  
11 so, you know, that will be fine.

12 BY MS. STEINER: All right.

13 BY MS. STEINER:

14 Q Chief, why don't you give a brief history  
15 of your professional law enforcement career and, in  
16 particular, include what it is in the course of that  
17 career that pertains specifically to either  
18 conducting homicide, major felony investigations or  
19 supervising such investigations or developing the  
20 procedures and protocols to be used for such  
21 investigations and/or teaching in the academic realm  
22 and other officers about methods for performing  
23 those investigations.

24 A Well, preparatory to doing that, a little  
25 bit about my background may be helpful.

26 Q Thank you.

27 A I attended Tennessee State University and  
28 eventually received a bachelor's degree from Spring  
29 Arbor College. I've also received a master's degree

## MOTION IN LIMINE - JURY OUT

1 in public administration from Western Michigan  
2 University. I've attended and graduated from the  
3 FBI National Academy, the FBI's law enforcement  
4 executive development course, Michigan State  
5 University's command and executive course, as well  
6 as numerous other courses in training over my nearly  
7 40 years of experience in the criminal justice  
8 field. I was police chief in Jackson, Michigan, for  
9 eight years prior to assuming the police chief's job  
10 in Jackson, Mississippi --

11 Q Let me stop you here. Did you begin your  
12 law enforcement career at Jack- -- in Jackson,  
13 Michigan?

14 A Yes, I did.

15 Q And where did you start and what --

16 A I became certified as a police officer in  
17 1972 in Jackson, Michigan. I attended the Southern  
18 Michigan Police Academy and received certification  
19 in 1972, and I remained at that department until  
20 1994.

21 During my career in Jackson,  
22 Michigan, I rose through the ranks from patrol  
23 officer to become the police chief. Over the course  
24 of the 23 years that I served in that department, I  
25 performed every role and responsibility and held  
26 just about every position in a police department,  
27 including a detective, sergeant, lieutenant,  
28 captain, deputy chief and police chief.

29 And throughout the 23 years that I

## MOTION IN LIMINE - JURY OUT

1 spent in that department, I attended hundreds of  
2 schools and seminars and conferences related to  
3 police work in general and more specific courses  
4 related to investigations and things of that nature.

5 Also, during my career there, I  
6 served as an adjunct with Jackson Community College,  
7 Lansing Community College at Michigan State  
8 University, teaching subjects such as introduction  
9 to criminal justice, culture diversity and community  
10 policing.

11 Q Okay. And that was just your first job?

12 A That was just my first job. I was offered  
13 and accepted the police chief job in Jackson,  
14 Mississippi in 1994 where I led the largest police  
15 agency here in the State of Mississippi. I became  
16 certified as a sworn police officer here in the  
17 State of Mississippi in 1995 and hold certification  
18 as a licensed police officer.

19 During that time, I also was involved  
20 in a number of professional organizations, including  
21 the Mississippi Association of Chiefs of Police, the  
22 Mississippi FBI National Academy Graduate, the  
23 LED -- the Mississippi chapter of the FBI branch. I  
24 attended the Drug Enforcement Administration  
25 executive courses in that time period as well. I  
26 also did adjunct teaching at Jackson State  
27 University and at Hinds Community College in the  
28 areas of criminal justice investigation, corrections  
29 and community policing.

## MOTION IN LIMINE - JURY OUT

1           **Q**     All right. In your capacity as police  
2 chief of the city of Jackson, Mississippi, did --  
3 what, if any, involvement did you have with respect  
4 to homicide and major felony investigations?

5           **A**     Well, in both Jackson, Mississippi, and in  
6 Jackson, Michigan, I was involved not only in terms  
7 of supervising investigations of those kind of  
8 crimes but also directly involved in the  
9 investigations.

10                   As a detective, I had experience in  
11 working homicide investigations. And, as a matter  
12 of fact, received one of the department's highest  
13 awards for a homicide investigation that I conducted  
14 during a period of time that I served as a  
15 detective. As a sergeant and a lieutenant, I  
16 directly supervised the investigation of homicides  
17 and approved or disapproved the course and conduct  
18 of those investigations.

19                   That occurred similarly here in  
20 Jackson, Mississippi, where I was directly involved  
21 in reviewing every homicide that occurred in the  
22 city of Jackson over the course that were generated  
23 and the activities that surrounded the investigation  
24 of those homicides.

25           **Q**     Did you yourself ever develop the specific  
26 protocol for either of these departments for their  
27 use in homicide investigations?

28           **A**     Any protocol or procedure developed in any  
29 of the police agencies that I've been the head of,

## MOTION IN LIMINE - JURY OUT

1 I've had direct involvement in the development of  
2 those procedures, whether related to the conduct of  
3 a criminal investigation or the conduct of the  
4 officers themselves conducting investigations, yes.

5 Q All right. Now, I'm a resident of Jackson  
6 now. I didn't live there in 1994. During your --  
7 how long were you police chief in Jackson?

8 A I left the position in December of 1997.

9 Q All right. And that was to take another  
10 position?

11 A That is correct.

12 Q All right. During that period of 1994 to  
13 1997, approximately how many homicides were --  
14 occurred in the city of Jackson that you or officers  
15 acting under your direct -- well, officers of  
16 Jackson Police Department had to investigate during  
17 that period, if you can estimate?

18 A Well, the -- my first year in Jackson  
19 there were something like 98 homicides; that was  
20 just one year. It didn't vary much from that over  
21 the next -- the next several years. So if want to  
22 add those up, you'll get an idea of just the number  
23 that I was involved in one -- one police agency, not  
24 counting the Jackson, Michigan or Lansing, Michigan,  
25 where I was also police chief and as well in the  
26 review of homicide investigations.

27 Q And did this in any of these other  
28 positions involve homicides, multiple homicides,  
29 homicides where multiple victims were apparently

## MOTION IN LIMINE - JURY OUT

1 shot in the same homicidal act?

2 A Or killed.

3 Q Or killed --

4 A Yes.

5 Q -- is that correct? And you've been  
6 present for much of the testimony here and you  
7 understand from the testimony what the nature of  
8 this crime was; is that correct?

9 A That's correct.

10 Q All right. And have you ever, either  
11 yourself been involved in investigating or  
12 supervised the investigation of triple or quadruple  
13 homicides --

14 A Yes.

15 Q -- over the course of your career?

16 A Yes.

17 Q All right. Well, I stopped you -- you  
18 were at the Jackson Police Department, and you left  
19 in 1997. Where did you go from there?

20 A I took the police chief's position in  
21 Lansing, Michigan.

22 Q And how big is Lansing, Michigan?

23 A The population?

24 Q Yeah.

25 A About 190,000 people.

26 Q All right. And it has a state university  
27 as does Jackson, Mississippi?

28 A Yeah. Both cities are capital cities.  
29 Lansing is the capital of Michigan where Michigan

## MOTION IN LIMINE - JURY OUT

1 State University is located, yes.

2 Q All right. And is it safe to say your  
3 duties with respect to homicide investigations in  
4 Lansing were similar to those you had in Jackson,  
5 Michigan and Jackson, Mississippi as chief?

6 A With the exception of the number of  
7 homicides, yes. There were quite a few more in  
8 Jackson, Mississippi than there were in Lansing,  
9 Michigan.

10 Q All right. And where did you go -- and  
11 how long did you serve as chief in Lansing,  
12 Michigan?

13 A I remained there for two years.

14 Q And what -- what -- where did you go from  
15 there?

16 A I was asked by the governor of the State  
17 of Mississippi to return here and run the Department  
18 of Corrections for him.

19 Q All right.

20 A For the State of Mississippi.

21 Q And which governor was that?

22 A Governor Musgrove.

23 Q All right. And did you accept that?

24 A I did, yes.

25 Q And how long did you serve as commissioner  
26 of the Department of Corrections?

27 A Longer than I care to remember. No, but I  
28 remained in the position for two years.

29 Q And, now, in that position, you are the

## MOTION IN LIMINE - JURY OUT

1 administrator to the entire Department of  
2 Corrections; is that correct?

3       **A**     That's correct.

4       **Q**     Does the Mississippi Department of  
5 Corrections have a criminal investigation division  
6 within its four walls?

7       **A**     It's called integrity investigative  
8 division, but they investigate crimes, yes.

9       **Q**     Which occur on the premises of the  
10 Department of Corrections --

11       **A**     Penal institutions. Yes.

12       **Q**     -- facilities? And what were the years  
13 you were here as commissioner of corrections?

14       **A**     2002 -- 2001 to 2003.

15       **Q**     And were you teaching while you were  
16 commissioner either for already -- for officers  
17 trained or academically during that period?

18       **A**     I think there was a period at work where  
19 there was a hiatus in doing adjunct teaching, and I  
20 believe that that was the time period.

21       **Q**     After -- what did you do after leaving the  
22 Mississippi Department of Corrections?

23       **A**     Well, shortly after -- well, shortly  
24 before, of course, 9/11 occurred. And at that point  
25 in time, the federal government created this new  
26 agency called the Transportation Security  
27 Administration, TSA. I had a friend, a colleague  
28 from Michigan, who was a deputy undersecretary of  
29 that department who asked me to come to work for TSA

## MOTION IN LIMINE - JURY OUT

1 in a new position that they were creating in  
2 response to 9/11.

3 Q And where was that position and what was  
4 that position?

5 A It was as the federal security director of  
6 TSA at Detroit Metro Airport where I was responsible  
7 for the TSA operations at that airport.

8 Q All right. And that is -- and you  
9 commenced those duties when?

10 A Shortly after 9/11.

11 Q All right. Sometime in 2002?

12 A Yes.

13 Q All right. How long -- and in that  
14 capacity, were you responsible for supervising any  
15 kind of criminal investigations that went on?

16 A As federal security director, our role was  
17 limited to what's referred to as the AOA, the  
18 airlines operation area, which included anything  
19 beyond the secure gate area that you encounter when  
20 you go to the airport. We were responsible for  
21 anything that occurred thereafter on the airport  
22 property. There were inspectors -- federal  
23 inspectors that were involved in enforcing DOT  
24 regulations with regard to security in AOA  
25 operations.

26 Q And then after -- did you leave the TSA  
27 post?

28 A Yeah. I reached retirement age and wanted  
29 to return here to Mississippi and start my own

## MOTION IN LIMINE - JURY OUT

1 business, which I eventually did, yes.

2 Q All right. Are you connected with both  
3 Mississippi and Michigan in terms of family and  
4 friends and that sort of thing?

5 A Yeah, both. But I think I'm more invested  
6 in Mississippi than in Michigan.

7 Q All right. Now, Chief, in the course of  
8 being a practicing police officer supervisor and  
9 chief of police, aren't there standards generally  
10 accepted in the policing and police administration  
11 profession for the proper conduct of criminal  
12 homicide investigations?

13 A There are for any type of investigation,  
14 whether it's homicide or burglary or auto theft or  
15 an aggravated assault or a larceny of a vehicle,  
16 certainly.

17 Q All right. And are you familiar with the  
18 ones that should be generally applied in homicide  
19 investigations?

20 A Well, I think -- to be honest with you, I  
21 think even the -- the newest police officer, a  
22 rookie is aware of certain protocols and procedures  
23 to -- that should occur in any investigation,  
24 including a homicide.

25 Q And because you are also familiar with  
26 them in your -- on the basis of your education,  
27 experience and training that you've described thus  
28 far?

29 A Well, of course, yes.

## MOTION IN LIMINE - JURY OUT

1           **Q**     All right. Now, in the course of -- now,  
2     you also alluded to the fact you taught adjunct  
3     criminal justice. What sort -- what kind of subject  
4     matters did you personally teach and what sort of  
5     resources did you use to create your courses for  
6     teaching?

7           **A**     Well, I taught introduction to criminal  
8     justice, which covered a wide gamut of different  
9     subjects to be encountered in criminal justice. I  
10    taught community policing, which focused primarily  
11    on crime prevention, reduction of crime and the  
12    investigation of crime as well.

13          **Q**     All right, sir.

14          **A**     I did culture diversity courses which  
15    taught the sociology and interaction aspects of  
16    police work.

17          **Q**     And there is a body of literature and  
18    research, et cetera, in the field of criminal  
19    justice in criminology which is taught as an  
20    academic discipline in the courses which you also  
21    taught?

22          **A**     Yes. There are a number of publications  
23    that are fairly standard texts that are referred to  
24    or material that's referred to in any -- in typical  
25    investigative courses and those kind of things. A  
26    number of those come out of the justice department.  
27    One specifically is crime investigation. It's a  
28    procedural manual that is published by the U.S.  
29    Justice Department. Another that is commonly used

1 is Vernon Gerberth's Practical Homicide  
2 Investigation as well. Those are two that I -- I  
3 refer to constantly in talking about and in teaching  
4 in these areas.

5 **BY MS. STEINER:** Your Honor, I think I  
6 brought the notebook behind somewhere.

7 **BY MS. STEINER:**

8 **Q** Now, does the Justice -- Department of  
9 Justice have an office that from time to time  
10 convenes technical working groups on various aspects  
11 of policing law enforcement and such like?

12 **A** Yes.

13 **Q** And what is that division called?

14 **A** Well, may I refer to my notes here?

15 **Q** You may. I have -- you had handed me  
16 something, and if you need -- if that's part of your  
17 notes you need to refer to, I can give it to back to  
18 you for the time being.

19 **A** Yeah, I think that's it.

20 **BY MS. STEINER:** May I approach, Your  
21 Honor?

22 **BY THE COURT:** You may.

23 **BY MS. STEINER:**

24 **Q** If you'd like to step down and retrieve  
25 another file you may.

26 **BY THE COURT:** If you need to, yes, sir.

27 **A** Yes.

2 Q I was asking you if there's a division of  
3 the United States Justice Department which devotes  
4 itself to studying and creating standards for police  
5 practice in various areas.

6 A Well, I'm not sure about creating  
7 standards but certainly developing standards that  
8 are, you know, recommended for adoption by the  
9 different agencies involved but the office of  
10 justice programs out of the National Institute of  
11 Justice. And this is a typical publication that you  
12 might find from them, crime scene investigation,  
13 eyewitness evidence, those sort of things.

14 Q So there are -- would you characterize  
15 these as national standards that are arrived at  
16 consensus of the people who participate with the --  
17 whatever the agency is called?

18 A You know, it's certainly most -- and many  
19 of the procedures and protocols outlined here are  
20 generally -- are commonly accepted practices  
21 throughout much of the country. Even though they  
22 may not be categorized, they're still pretty much  
23 practiced across the country.

24 Q And are these developed on the basis of  
25 practical experience of officers doing this sort of  
26 investigation work in their careers?

27 A Oh, of course, yes.

28 Q Do they also take into account the kind of  
29 academic work that you rely on and teach within the

## MOTION IN LIMINE - JURY OUT

1 academic world of criminal justice?

2 A Yes.

3 Q And are they tested through experience  
4 over time; is that --

5 A Well, certainly they are. In developing  
6 many of these protocols and/or standards, they have  
7 working group members who are -- actually come from  
8 the field who are actually involved in many of these  
9 activities at the operational level, certainly.

10 Q And has --

11 BY MS. STEINER: May I approach, Your  
12 Honor?

13 BY THE COURT: You may.

14 BY MS. STEINER:

15 Q And have -- have these sort of working  
16 groups and then does that generally result in a  
17 publication to -- well, to at least make available  
18 to any law enforcement community the information the  
19 justice department has put together as best  
20 practices, shall we say?

21 A Yes.

22 Q And, now, I believe -- was -- did the  
23 attorney general with the United States, Janet Reno,  
24 who served -- who was serving Attorney General, I  
25 believe, in 1996, was her justice department -- did  
26 it -- was it undergoing those processes? Did those  
27 standards exist in 1996, to your knowledge?

28 A I believe they did. And this is an  
29 ongoing process. It didn't occur with Attorney

## MOTION IN LIMINE - JURY OUT

1 General Reno. It's occurring now as we speak in  
2 terms of involvement of the Office of Justice  
3 Programs, International Institute of Justice. Their  
4 search is ongoing.

5 Q All right. And do you know if in the -- I  
6 think the -- this was -- she was the attorney  
7 general in the Clinton administration which took  
8 office in January of '93. Do you know whether or  
9 not such programs were also ongoing under previous  
10 Presidents Bush and Reagan as well?

11 A I'm sure, yes.

12 Q And you were a police chief at that time  
13 and so also kept familiar with those things?

14 A Yes.

15 Q Thank you. Now, Chief, do you have an  
16 opinion -- can you tell this Court whether or not  
17 there are basic standards in the law enforcement  
18 community based on the kinds of information that  
19 you've talked about here regarding organization,  
20 supervision, documentation and internal review to be  
21 followed in any homicide investigation in order to  
22 achieve an accurate and effective investigation of a  
23 homicide?

24 A Well, there are certain standards. And,  
25 you know, one of the old saws in police work  
26 especially is if there is no report, it didn't  
27 happen.

28 Q All right.

29 A And that's kind of what's relied on even

## MOTION IN LIMINE - JURY OUT

1 at the ground level of police work.

2 Q Now, certainly -- and you are familiar  
3 with, among others, that standard; is that correct?

4 A Yes.

5 Q And is that a standard that only applies  
6 in a large metropolitan police department such as  
7 Jackson, Mississippi or Lansing, Michigan, or is  
8 there any exception to those sorts of standards for  
9 organization, supervision, documentation, I think  
10 you said, particularly an internal review. Is there  
11 any exception for small departments?

12 A An officer in a small department is  
13 required to have the same certification and the same  
14 licensure as a police officer from a larger  
15 department. It doesn't matter the size of the  
16 department. The qualifications are necessary for a  
17 police officer and the standards to be used as that  
18 police officer. Of course, what they teach in the  
19 academy is some of the basic protocols of report  
20 writing and those kind of things.

21 Q Now, Chief, before I get into -- I'm not  
22 going to ask you what your opinions are just yet  
23 because there's going to have to be voir dire on  
24 your qualifications. But have you -- before I get  
25 there, on the basis of this education, training and  
26 experience that you've -- it's in your resume, and  
27 you've explained to His Honor here -- have you been  
28 recognized -- qualified and recognized as an expert  
29 in, among other things, police procedures in any

## MOTION IN LIMINE - JURY OUT

1 courts in the state of Mississippi, state or  
2 federal?

3 A I've been recognized in federal district  
4 court here in Mississippi as a police procedures, a  
5 law enforcement security and safety expert.

6 Q In any state courts?

7 A In Hinds County Circuit Court I have been  
8 recognized in those areas as well.

9 Q Now -- and on the basis -- and again, I'm  
10 not asking you what they are just yet -- but on the  
11 basis of your education, training, experience and  
12 what you were provided by way of discovery, et  
13 cetera in this matter and what you have heard here  
14 in the courtroom from the witnesses, particularly  
15 the police witnesses talking about their  
16 investigations here, have you formed opinions  
17 regarding whether or not the investigation, as  
18 described by the witnesses here, was conducted in  
19 accordance with the basic protocols and procedures  
20 which you've identified as having been developed and  
21 which are generally applicable to police entities?  
22 Have you formulated an opinion regarding that?

23 A Well, based on my presence here in the  
24 courtroom, my observations, reviewing a number of  
25 documents and materials that have been submitted to  
26 me previously, I have formed several opinions  
27 relative to this particular case, yes.

28 Q All right.

29 BY MS. STEINER: Your Honor, I think if we

## MOTION IN LIMINE - JURY OUT

1       were actually taking his testimony, I would --  
2       he would be tendered for voir dire for his  
3       qualifications at this point. Do you want me  
4       to go into his substantive testimony right now  
5       or does the State want to voir dire with the  
6       respect to their motion in limine?

7               **BY THE COURT:** Why don't you just get  
8       through with all the things that you're going  
9       to question him about, and then I'll just let  
10      the State follow up.

11             **BY MS. STEINER:** Thank you, Your Honor.

12      **BY MS. STEINER:**

13             **Q** All right. Chief, I guess we can get into  
14      your opinions.

15             **BY THE COURT:** I mean, we're outside the  
16      presence of the jury at this time, so....

17             **BY MS. STEINER:** Oh, okay. Thank you.

18      **BY MS. STEINER:**

19             **Q** Chief, I guess, maybe if you could say, I  
20      believe you told me that you have three basic areas  
21      in which you have opinions on this matter; is that  
22      correct?

23             **A** That's correct.

24             **Q** And in those areas in which the  
25      investigation did not conform to the standards  
26      you've been discussing; is that correct?

27             **A** That's correct.

28             **Q** Would you state -- why don't you state  
29      what the areas are, and we'll go into them one at a

## MOTION IN LIMINE - JURY OUT

1 time.

2       **A**     Well, the management and organization of  
3 the investigation itself. In my opinion, the  
4 investigation never clearly identified a lead or  
5 responsible investigator for this. I've defined  
6 that from both my review of the documents that were  
7 submitted to me and my observations here in the  
8 courtroom. None of the investigators called or  
9 testified here would own the investigations.  
10 They -- it appeared to be a shared responsibility  
11 with nobody directly responsible with each saying  
12 this other they thought was responsible for that  
13 investigation, and that's no way to conduct an  
14 investigation. There has to be somebody who is the  
15 recipient of all the information coming from a  
16 variety of sources and is able to correlate that  
17 information and further direct the direction that  
18 the investigation needs to develop.

19               The -- the organization part of that  
20 is there should have been a case file that is in  
21 depth that included both original notes and reports  
22 going forward. Again, most of the testimony I heard  
23 was reliant on submission forms as the form of  
24 documentation that didn't provide any sort of  
25 background about how that submission got to where it  
26 was supposed to go and who submitted it there.

27               None of the circumstances behind that  
28 ever appeared in any written document. And most of  
29 the -- most of the verbal documentation of that was

## MOTION IN LIMINE - JURY OUT

1   obscure in terms of remembrances and times and  
2   locations and those sort of things. So the  
3   organization and management of that investigation  
4   was troubling to me in terms of my knowledge about  
5   protocol and procedure for them to conduct an  
6   investigation.

7           **Q**    Now, did -- was -- did you have a  
8   second -- and we may return to this in more specific  
9   in a few minutes -- but did you have a second area  
10   where you felt that what -- that the investigation  
11   failed to meet minimal standards for the conduct of  
12   any sort of criminal investigation?

13          **A**    Well, there are some issues relative to  
14   the integrity of the crime scene and/or crime  
15   scenes, if you consider a couple of other places,  
16   that did not appear to me to be what would be -- to  
17   adhere to certain standards. There was no log kept  
18   of that scene. The only one that I'm familiar with  
19   was one provided in documentation that was conducted  
20   or kept by the crime scene investigator who arrived  
21   at the scene, you know, hours later.

22          **Q**    I'm going to hand you what's D-9 in  
23   evidence and ask you if that's what you are  
24   referring to.

25          **A**    Yes.

26          **Q**    Okay. And you are familiar with the fact  
27   that the crime scene -- you've read the crime scene  
28   investigator's notes; is that correct?

29          **A**    Yes, I have.

## MOTION IN LIMINE - JURY OUT

1           Q     And do you have any problems with how she  
2 documented what she or her associate did?

3           A     I thought it was an excellent report and  
4 conformed, in my opinion, to any standards that are  
5 out there.

6           Q     All right. And you're familiar that her  
7 explanation is that this was prepared only after she  
8 and her associate arrived at the crime scene  
9 approximately 1:15?

10          A     Yes.

11          Q     What is -- why is this a problem with  
12 respect to having accurate and useful police  
13 investigation in a major homicide? What could  
14 happen as a result of failing to do this?

15          A     Well, a number of things obviously can  
16 happen. The scene can become contaminated.  
17 Evidence can be overlooked or deposited there  
18 perhaps after the crime has occurred that's  
19 irrelevant to the scene. There may be a number of  
20 issues related to the presence of people at the  
21 crime scene, so you want to have a record of when  
22 they were there, how long they stayed and when they  
23 left.

24          Q     All right. Now, at the point you said  
25 Ms. Schoene and her associate arrived, was there any  
26 way they could reconstruct that and still go about  
27 their crime scene investigation duties?

28          A     It really wouldn't have been their  
29 responsibility to do that before they arrived.

## MOTION IN LIMINE - JURY OUT

1           Q     That would be an investigator's  
2 responsibility?

3           A     Or a police officer's responsibility.

4           Q     Okay. Now, you -- we did hear testimony,  
5 I believe, from Investigator Johnson and possibly  
6 Sergeant Matthews concerning the location of where  
7 the officers set up kind of their -- their place  
8 where they -- where the investigators set up their  
9 investigating space, where they met and established  
10 their -- whatever it was when they arrived inside  
11 the crime scene tape. Was that an issue for you,  
12 inside the building, actually.

13          A     It certainly is an issue and could become  
14 even more of a problematic issue. I'm not real sure  
15 how far away from where the bodies and the bulk of  
16 the evidence was discovered that was. I wasn't  
17 really here and listening to that testimony. But  
18 the fact that it was located within the crime scene  
19 itself is problematic. Depending on how close in  
20 proximity to the -- to the blood and bodies and  
21 critical evidence it was, it would become even more  
22 problematic.

23          Q     All right. But just merely being inside  
24 the crime scene perimeter is a problem in and of  
25 itself?

26          A     Yeah. And having people in and out who,  
27 you know, have no association or need to be there,  
28 it certainly is.

29          Q     All right. Now, did you -- before we get

## MOTION IN LIMINE - JURY OUT

1 into the specifics of what was done and wasn't done  
2 and why that might have affected either the  
3 integrity or the accuracy of the investigation, you  
4 had mentioned documentation. Was that a separate  
5 area of concern that you discovered in the course of  
6 reading these documents and hearing the testimony  
7 today?

8       **A**     Well, I think that's a recurring theme  
9 throughout this is the lack of reports, not just  
10 submission forms but the lack of reports giving  
11 background to what occurred in this investigation.  
12 That confuses everything.

13               The third area I was concerned about  
14 was the -- the early focus on one potential suspect  
15 to the exclusion of all others. It's okay to very  
16 quickly focus on one suspect; that happens all the  
17 time, you know. But to the exclusion of all else  
18 and all others is where it becomes problematic, and  
19 you sometimes lose vital evidence that may be had  
20 because you haven't included and kept them in as a  
21 potential suspect or person of interest.

22       **Q**     All right. Now, in this case the -- well,  
23 was there anything about the nature of the crime  
24 itself -- and I don't believe you were here for the  
25 testimony of the pathologist, but you did review his  
26 findings with respect to the injuries suffered and  
27 causes of death to these four people. Were there  
28 any concerns, given the nature of this crime scene  
29 and what you know about the means and manner in

## MOTION IN LIMINE - JURY OUT

1    which each of these people died, that would add to  
2    the pot, you know, make the narrowing down to just a  
3    single suspect as your sole perpetrator a problem in  
4    this case?

5            **A**     Yeah.  It's -- it's -- the question  
6    obviously would be whether one person was capable of  
7    committing that crime.  Given the nature of the  
8    wounds that each received or the location of the  
9    gunshot wounds and the distance apart that the  
10   victims were when they were found, it would suggest  
11   that it would be difficult for one person to do  
12   that; therefore, it would be -- be very important to  
13   not exclude additional suspects even if you zero it  
14   on the correct person --

15           **Q**     All right.

16           **A**     -- it excludes any others simply because  
17   you've got a suspect and he very well may be the  
18   right suspect.  And you can't do that or you  
19   shouldn't do that.  Protocol would tell you that.

20           **Q**     All right.  Now, was -- did you find  
21   anything troubling about, in particular, what  
22   appears to be a decision to treat the report by  
23   Mr. Doyle Simpson of the -- the claim of -- the  
24   report of Mr. Doyle Simpson that a weapon, a .380,  
25   consistent with what was visibly evident at the  
26   crime scene, to be the caliber of at least one of  
27   the weapons used, to exclude that report in person  
28   from consideration, you know, even within the four  
29   hours that you might have collected valid gunshot

## MOTION IN LIMINE - JURY OUT

1 residue evidence and that sort of thing from him?  
2 Was there anything problematic in this investigation  
3 about doing that?

4 A Well, simply, it would raise suspicion. I  
5 would imagine that it did raise suspicion among the  
6 investigators in this case. Reporting the gun being  
7 stolen this close to this event, I think that's the  
8 reason they sought him out very quickly. I have to  
9 assume that it raised some suspicions on their part.

10 Q All right. Now -- now, there's some  
11 people -- if I call you from my home in Buckley  
12 Drive in Fondren in Jackson and say our handgun was  
13 stolen, just -- we came back in from a weekend  
14 away -- am I the same kind of -- I mean, am I  
15 automatically going to be regarded with suspicion of  
16 the circumstances or is this a substantial -- my  
17 house was broken into and my handgun was stolen, is  
18 that the kind of a burglary that we're talking about  
19 in this incident?

20 A No. No, when I said that, the  
21 investigators were aware that they had had a  
22 homicide committed. When also receiving a report of  
23 a gun being stolen, I'm sure there were some  
24 suspicions being raised relative to the person  
25 reporting the gun being stolen. I'm assuming; I  
26 can't get inside their head.

27 Q No. Now, I believe you were here for  
28 testimony from Mr. Doyle Simpson himself; is that  
29 correct?

## MOTION IN LIMINE - JURY OUT

1           **A**     That's correct.

2           **Q**     And his description during that testimony  
3 regarding the nature of his actual duties as a  
4 janitor and clean up person on the floor, did you  
5 have any concerns when you heard the testimony of  
6 the officers whether or not they had followed proper  
7 protocols in eliminating him as a suspect on the  
8 basis of, as we shall say, alibi or being elsewhere  
9 at the time of the events in question?

10          **A**     It is my opinion that what occurred in  
11 that instance goes back to the one recurring theme  
12 in the whole thing -- the lack of communication and  
13 reporting of these things and one central repository  
14 for this information and somebody evaluating its  
15 value to the investigation.

16                   One officer interviewed and took  
17 statements from Mr. Doyle. Another investigator did  
18 something else. Never was there a time when that  
19 information was put together to say, Well, Doyle  
20 left that building three times to check on his car.  
21 Once, I think, to let the windows down, the second  
22 time to get his breakfast -- or rather the other way  
23 around. Once to get his breakfast, two, let his  
24 windows down, and the third time to go out to go  
25 pick up lunches or something. Twice, he was at that  
26 car and didn't discover the break in. You know,  
27 what -- and the other part of that is him admitting  
28 that he was out of the building and gone during  
29 those times and nobody reported him ever having left

## MOTION IN LIMINE - JURY OUT

1 the building, but he himself said that he left three  
2 times.

3 Q And the -- I believe he testified that his  
4 duties involved him to move around a fairly -- a  
5 large factory floor; is that correct?

6 A Yes.

7 Q And would -- again, under those instances,  
8 what would a responsible investigation do, assuming  
9 that it's -- it's the day of the crime, and you  
10 can't talk to 200 people in a factory -- or not that  
11 there were that many in the factory that day --  
12 would it have been prudent to -- until you really  
13 could figure out what these -- resolved these  
14 inconsistencies, would it have been prudent to  
15 continue having him at least treated as a person of  
16 interest and suspect in the same fashion they did  
17 Curtis Flowers, such as asking about his  
18 whereabouts, taking a gunshot residue test, that  
19 sort of thing?

20 A I would think so.

21 Q All right. Now, I think you heard the  
22 testimony that after the two officers arrive, a  
23 person, who turned out to be the brother of Doyle  
24 Simpson, was seen running in the parking lot and  
25 actually had to be pursued by the officers. Would  
26 that attribute to the investigation on -- you know,  
27 two hours -- less than an hour into the  
28 investigation, would that indicate that under the  
29 standard protocol something further should have been

## MOTION IN LIMINE - JURY OUT

1 done with respect to Emmett Simpson once he had been  
2 identified and --

3       **A**     I think for -- for purposes of you doing  
4 that, you could probably stand there and make  
5 examples or give me examples, you know, over and  
6 over about -- about those kind of things, what if,  
7 and I'm not here to -- to hindsight or those kind of  
8 things, to Monday morning quarterback, so to speak.  
9 My purpose here is to offer an opinion regarding  
10 what I think some inadequacies were in that  
11 investigation. I know what the examples are, and I  
12 can tell you what should have been done, but I think  
13 what I'm here to offer is the opinion that the --  
14 the lack of adherence to certain protocols led to  
15 problems in this case.

16       **Q**     All right.

17       **A**     Both with the integrity of the evidence,  
18 the completion of the -- a complete investigation  
19 which isn't complete at this point in time.

20       **Q**     That is your opinion?

21       **A**     That's my opinion. And that that part of  
22 the investigation that was complete has flaws in it.  
23 Now, some of those -- some of these flaws can be  
24 corrected. Some have gone way past the time where  
25 that can occur. So, you know, you can keep asking  
26 the performance of individual kind of things, and I  
27 can tell you, yeah, but that appears to be  
28 hindsight. I think anybody could hindsight and tell  
29 you that.

1 you call these black shoes?

2 A I would not. They are blue.

3 Q Blue and white, would you say?

4 A Right, blue and white.

5 Q There is no black other than possibly a

7 A Right.

15 A How are you?

16 Q I want to go through just a few of the  
17 things that we've been through, but I'm going to  
18 limit it. There were two pair of shoes taken off of  
19 the Defendant at different times, weren't there?

20 A That is correct.

21 Q Both of them were ten-and-a-halves, weren't  
22 they?

23 A They were ten-and-a-halves.

24 Q Now, you knew early on that Filas were  
25 involved in the case, didn't you?

26 A I did through Mr. Andrews from the crime

28 Q And that's Joe Andrews --

9 approach?

10          **A**     And --

11                   **BY MR. EVANS:** Wait just a minute.

12                   **BY MS. STEINER:** Your Honor, may we  
13 approach?

14                               (ALL COUNSEL APPROACH THE BENCH FOR A  
15 CONFERENCE HELD OUT OF THE HEARING OF THE  
16 JURY, TO-WIT:)

17                   **BY MS. STEINER:** In light of the Supreme  
18 Court's ruling with respect to opinions offered  
19 in Flowers II concerning some shoes obtained by  
20 Mr. Miller being not properly admitted, both  
21 the State and we, in examining Mr. Andrews,  
22 dealt only with his -- his 2003 comparison  
23 which dealt with insoles actually obtained from  
24 Mr. Flowers in which the objectionable  
25 information was not admitted.

26                   And I -- if -- if Mr. Evans has some  
27 reason other than to attempt to bolster the  
28 opinion obtained in 2003 by trying to bring in  
29 the being admissible identification performed

## MILLER - CROSS

1 on the basis of Mr. -- what Mr. Miller  
2 obtained, then we would object both under the  
3 case law of the case -- well, under Flowers II.  
4 And additionally, since that was a hearsay  
5 objection, we would excite Belinda Diaz, which  
6 varies itself, also a Sixth Amendment  
7 violation. And we would ask that it would  
8 either be upon improper bolstering with  
9 inadmissible and/or would, even if relevant and  
10 otherwise admissible, would be both confusing  
11 to the jury and possibly misleading to them  
12 under Rule 403.

13 And we would ask that no testimony be  
14 taken from Mr. Miller concerning his obtaining  
15 any shoes for comparison purpose. And in if  
16 that's where Mr. Evans is going, we would  
17 object to -- make a continuing objection to any  
18 questions along those lines.

19 **BY MR. EVANS:** To start with, it would  
20 help if she had any idea to know what he was  
21 talking before I -- my question to him is did  
22 he go to a store and look to try to determine  
23 what kind of shoes were used. They have  
24 attacked every officer in the case about not  
25 doing an investigation. I am not going to get  
26 Joe Andrews to compare the shoes he got. That  
27 was the only thing the Supreme Court said  
28 shouldn't so I won't. He should have used just  
29 the Filas that came from the outsoles that was

## MILLER - CROSS

1 sent.

2 My questions of this witness are going to  
3 be to the extent that he went to Greenwood and  
4 looked for shoes and tried to determine what  
5 kind of shoes that left that impression and  
6 that's it. And if that's not proper, I don't  
7 know what could be.

8 **BY MS. STEINER:** I have no objection to  
9 that. I wasn't inside his head, and I wanted  
10 to --

11 **BY THE COURT:** All right. If something  
12 comes up, I'd prefer you to object rather than  
13 having some continuing objection, because at  
14 the time being, that's not what he's intending  
15 to go into.

16 **BY MS. STEINER:** No. That's what -- just  
17 the case if he was intending to do that.

18 (BENCH CONFERENCE CONCLUDED)

19 **BY MR. EVANS:**

20 **Q** Mr. Miller, I'm not even sure what I asked  
21 you last, but I think it was something to do with  
22 did you go to some shoe stores and attempt to  
23 determine what kind of shoes had left that  
24 impression?

25 **A** I did. And I ended up at Conley's Shoe  
26 Store in Greenwood.

27 **Q** And after what information you had  
28 received from Joe Andrews and your investigation,  
29 did you at that time know that y'all were looking

## MILLER - CROSS

1 for Fila Grant Hill tennis shoes?

2 A I was.

3 Q Now, you were asked about gunshot residue  
4 kits being used on anybody else. But is there any  
5 suggestion that a gunshot residue kit should have  
6 been used on anyone else that day?

7 A No, there was not.

8 Q Now, have you got the -- the photo lineups  
9 that Porky Collins was shown, Exhibits 142 and 143,  
10 he only picked out one person out of these lineups,  
11 didn't he?

12 A He did.

13 Q And I think what you said was, "I know the  
14 person that I identified as the person that I saw in  
15 front of Tardy Furniture." Is that what he said?

16 A That is what he said.

17 BY MR. EVANS: Your Honor, may I have the  
18 witness step down?

19 BY THE COURT: You may.

20 (WITNESS LEAVES THE STAND AND TAKES A  
21 PLACE IN FRONT OF THE JURY)

22 BY MR. EVANS:

23 Q On Exhibit S-142, which photograph did he  
24 point to and identify?

25 A Number four, which is Curtis Flowers.

26 Q Thank you. And as far as the first  
27 photograph, he didn't -- photo lineup 143, he didn't  
28 pick out anybody?

29 A He did not identify anybody.

## MILLER - CROSS

1           Q     He compared some complexions and some  
2 hairlines?

3           A     That's all he did.

4           Q     He pointed to number six, who is Doyle,  
5 and said, "It's about that hairline"?

6           A     That's correct.

7           Q     And that is consistent with his; is that  
8 correct?

9           A     That is correct.

10           BY MR. EVANS:   Nothing further, Your  
11 Honor.

12           BY THE COURT:   Redirect?

13                       REDIRECT EXAMINATION

14           BY MS. STEINER:

15           Q     I'm handing you back S-143, the lineup  
16 with Doyle in it and D-21 for identification. And  
17 in addition to saying that the hairline was like  
18 that, he did say, quote, "It looked -- but it looks  
19 like him;" is that correct?

20           A     "But it looks like him," according to the  
21 notes of what he said, "but unable to do a positive  
22 identification."

23           Q     Correct. But it was more than just the  
24 hairline; is that correct?

25           A     It said that he did -- but it looks like  
26 him.

27           Q     Yes, thank you.

28           BY MS. STEINER:   One moment, Your Honor.  
29 That's all I have, Your Honor.

## MILLER - REDIRECT

1           **BY THE COURT:** Mr. Miller, you may step  
2 down. I'm assuming he's excused?

3           **BY MRS. STEINER:** He may be finally  
4 excused.

5           **BY THE WITNESS:** Thank you.

6           **BY THE COURT:** Who would you have next?

7           **BY MS. STEINER:** Your Honor, may we confer  
8 for a minute?

9                       (PAUSE)

10           **BY MRS. STEINER:** Your Honor, may we have  
11 a recess? I see it's 5:00. I don't know what  
12 time the Court was planning to adjourn for the  
13 night. We do have to have a conference for a  
14 few minutes before we make any further  
15 announcements.

16           **BY THE COURT:** Okay. If you'll step in  
17 the jury room for a minute, ladies and  
18 gentlemen.

19                       (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
20 CONTINUED IN OPEN COURT OUTSIDE THE  
21 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

22           **BY THE COURT:** Who would be your next  
23 witness?

24           **BY MS. STEINER:** I wish to do -- do you  
25 wish to do this outside the presence of the  
26 jury? As I said, I'm happy to do -- I have an  
27 announcement I can make out of the presence --

28           **BY THE COURT:** Go ahead.

29           **BY MS. STEINER:** Your Honor, we have at

## MOTION - JURY OUT

1       this time -- we know we have Chief Johnson who  
2       is the -- we have a motion in limine with  
3       respect to him that the Court is going to have  
4       to hear outside the presence of the jury, and  
5       we have one other non-expert witness, who is  
6       actually -- maybe two. I'm sorry. One of  
7       whom -- neither of whom are physically here  
8       right now. Is that correct? One of whom is  
9       actually a bring back order person --

10       **BY THE COURT:** Where is physically the  
11       other one?

12       **BY MR. CARTER:** Both of them are in the  
13       jail.

14       **BY MS. STEINER:** They're both in jail.

15       **BY THE COURT:** Give him the names, and  
16       we'll have -- the sheriff can go get them, and  
17       I'll take up the motion in limine while he's  
18       going down to the jail and bringing these  
19       witnesses up.

20       **BY MR. CARTER:** Do I give it to Your  
21       Honor?

22       **BY THE COURT:** You can have the sheriff  
23       send a deputy after those from Vaiden.

24       **BY MS. STEINER:** It's just one.

25       **BY THE COURT:** Okay. And I guess -- at  
26       some point I always do this, and I guess this  
27       would be as good a time as any. I want to go  
28       over Mr. Flowers' constitutional right to  
29       testify, and I do that in every case I've ever

COURT ADVISES DEFENDANT OF RIGHT TO TESTIFY - JURY  
OUT

1       presided over. And since I've got an  
2       indication maybe there was only one other  
3       witness besides Chief Johnson, I'd like to go  
4       ahead.

5               So, Mr. Flowers, if you'll stand, there's  
6       a couple of things I want to tell you.

7               (WITNESS STANDS BEFORE THE COURT.)

8               **BY THE COURT:** Mr. Flowers, under the  
9       constitution of the State of Mississippi and  
10      the constitution of the United States, you've  
11      got a constitutional right to testify in your  
12      own behalf. Do you understand that?

13              **BY THE DEFENDANT:** Yes, sir.

14              **BY THE COURT:** And under both of those  
15      constitutions, you also have a constitutional  
16      right to not testify if you choose not to  
17      testify. Do you understand that?

18              **BY THE WITNESS:** Yes, sir.

19              **BY THE COURT:** Do you understand if you  
20      want to testify and your lawyers told you that  
21      you shouldn't, that they thought your case  
22      would be stronger if you didn't testify, you  
23      could override their misgivings and testify  
24      even if they didn't want you to do. Do you  
25      understand that?

26              **BY THE DEFENDANT:** Yes, sir.

27              **BY THE COURT:** And, further, do you  
28      understand if they wanted you to testify and  
29      you didn't, if they thought it would help your

COURT ADVISES DEFENDANT OF RIGHT TO TESTIFY - JURY  
OUT

1 case and would be better for you to testify but  
2 you did not want to testify, you could not be  
3 forced by your lawyers or anyone to testify.  
4 Do you understand that?

5 **BY THE DEFENDANT:** Yes, sir.

6 **BY THE COURT:** So ultimately, the decision  
7 as to testify or not testify is your decision  
8 and yours alone?

9 **BY THE DEFENDANT:** All right.

10 **BY THE COURT:** And so do you understand  
11 that?

12 **BY THE DEFENDANT:** I understand.

13 **BY THE COURT:** So if there comes a point  
14 where you want to exercise the privilege to  
15 testify and your lawyers don't want you to  
16 testify, notify the Court and you will be  
17 allowed to testify even if they didn't want you  
18 to.

19 **BY THE DEFENDANT:** All right.

20 **BY THE COURT:** And I'm sure that you've  
21 got very capable lawyers, and I'm sure y'all  
22 have discussed those matters already, but I  
23 just felt it necessary for the purpose of the  
24 record to again advise you of these things. Do  
25 you have any questions for the Court about  
26 these things that I've just told you?

27 **BY THE DEFENDANT:** No, sir.

28 **BY THE COURT:** Okay. That will be fine.  
29 Okay. All right. We had motion filed to

1 exclude evidence and testimony under Rule 702  
2 and 608. And I don't know if you want to --

3 **BY MS. STEINER:** Do you want me to -- I'd  
4 rather go ahead and qualify him.

5 **BY THE COURT:** I think it might be  
6 important to call your witness up here --

7 **BY MS. STEINER:** That's what I --

8 **BY THE COURT:** -- before we hear the  
9 motion.

10 **BY MS. STEINER:** Yes, Your Honor. We  
11 would have Chief Robert Johnson.

12 **BY THE COURT:** Mr. Johnson, if you'll  
13 raise your right hand and take the oath. Do  
14 you solemnly swear or affirm the testimony you  
15 give in this case will be the truth, the whole  
16 truth and nothing but the truth, so help you  
17 God?

18 **BY THE WITNESS:** I do.

19 **BY THE COURT:** If you'll come around.

20 **BY THE WITNESS:** Yes, sir.

21 **BY THE COURT:** For the purpose of this  
22 motion and for the benefit of the record, state  
23 your name, please.

24 **BY THE WITNESS:** Robert Johnson.

## MOTION IN LIMINE - JURY OUT

1     **BY MS. STEINER:**

2           **Q**     Chief Johnson, would you tell us what your  
3     present business address and profession is.

4           **A**     I currently own and operate RL Johnson &  
5     Associates Consulting Business in Jackson,  
6     Mississippi, where I do expert witness on issues  
7     related to criminal liability, safety, law  
8     enforcement practices, corrections and federal  
9     security issues. I'm also co-partner and co-owner  
10    of Mississippi Probation Services, also located in  
11    Jackson, Mississippi. We provide supervision to  
12    probationers coming out of justice court, municipal  
13    court and some pretrial detainees out of circuit  
14    court in Jackson.

15          **Q**     And that's is Hinds County, Mississippi?

16          **A**     That's in Hinds County, Mississippi.

17          **Q**     Chief Johnson -- I'm calling you chief.  
18    Have you served as the chief of any municipal police  
19    departments?

20          **A**     I've served as police chief in three  
21    different jurisdictions.

22          **Q**     All right. And any in Mississippi?

23          **A**     Yes, one in Mississippi.

24          **Q**     What jurisdiction was that?

25          **A**     That was Jackson.

26          **Q**     All right. Chief, I'm going to hand you  
27    what's been marked D-25 for identification, and ask  
28    if that is your curriculum vitae that sets forth  
29    your education and experience and other

1 accomplishments in -- related to the current subject  
2 matter of your consulting practice?

3 A Yeah, it is.

4 Q Thank you.

5 BY MS. STEINER: I'd like to offer this  
6 into evidence for the purpose of the motion.  
7 And assuming he testifies, I'll move it into  
8 evidence for purposes of the trial.

9 BY THE COURT: I think it's marked for ID  
10 for the purpose of the motion. So in the event  
11 of appeal, it would be included in the record  
12 so, you know, that will be fine.

13 BY MS. STEINER: All right.

14 BY MS. STEINER:

15 Q Chief, why don't you give a brief history  
16 of your professional law enforcement career and, in  
17 particular, include what it is in the course of that  
18 career that pertains specifically to either  
19 conducting homicide, major felony investigations or  
20 supervising such investigations or developing the  
21 procedures and protocols to be used for such  
22 investigations and/or teaching in the academic realm  
23 and other officers about methods for performing  
24 those investigations.

25 A Well, preparatory to doing that, a little  
26 bit about my background may be helpful.

27 Q Thank you.

28 A I attended Tennessee State University and  
29 eventually received a bachelor's degree from Spring

## MOTION IN LIMINE - JURY OUT

1 Arbor College. I've also received a master's degree  
2 in public administration from Western Michigan  
3 University. I've attended and graduated from the  
4 FBI National Academy, the FBI's law enforcement  
5 executive development course, Michigan State  
6 University's command and executive course, as well  
7 as numerous other courses in training over my nearly  
8 40 years of experience in the criminal justice  
9 field. I was police chief in Jackson, Michigan, for  
10 eight years prior to assuming the police chief's job  
11 in Jackson, Mississippi --

12 Q Let me stop you here. Did you begin your  
13 law enforcement career at Jack- -- in Jackson,  
14 Michigan?

15 A Yes, I did.

16 Q And where did you start and what --

17 A I became certified as a police officer in  
18 1972 in Jackson, Michigan. I attended the Southern  
19 Michigan Police Academy and received certification  
20 in 1972, and I remained at that department until  
21 1994.

22 During my career in Jackson,  
23 Michigan, I rose through the ranks from patrol  
24 officer to become the police chief. Over the course  
25 of the 23 years that I served in that department, I  
26 performed every role and responsibility and held  
27 just about every position in a police department,  
28 including a detective, sergeant, lieutenant,  
29 captain, deputy chief and police chief.

## MOTION IN LIMINE - JURY OUT

1                   And throughout the 23 years that I  
2   spent in that department, I attended hundreds of  
3   schools and seminars and conferences related to  
4   police work in general and more specific courses  
5   related to investigations and things of that nature.

6                   Also, during my career there, I  
7   served as an adjunct with Jackson Community College,  
8   Lansing Community College at Michigan State  
9   University, teaching subjects such as introduction  
10  to criminal justice, culture diversity and community  
11  policing.

12           Q       Okay. And that was just your first job?

13           A       That was just my first job. I was offered  
14  and accepted the police chief job in Jackson,  
15  Mississippi in 1994 where I led the largest police  
16  agency here in the State of Mississippi. I became  
17  certified as a sworn police officer here in the  
18  State of Mississippi in 1995 and hold certification  
19  as a licensed police officer.

20                   During that time, I also was involved  
21  in a number of professional organizations, including  
22  the Mississippi Association of Chiefs of Police, the  
23  Mississippi FBI National Academy Graduate, the  
24  LED -- the Mississippi chapter of the FBI branch. I  
25  attended the Drug Enforcement Administration  
26  executive courses in that time period as well. I  
27  also did adjunct teaching at Jackson State  
28  University and at Hinds Community College in the  
29  areas of criminal justice investigation, corrections

## MOTION IN LIMINE - JURY OUT

1 and community policing.

2 Q All right. In your capacity as police  
3 chief of the city of Jackson, Mississippi, did --  
4 what, if any, involvement did you have with respect  
5 to homicide and major felony investigations?

6 A Well, in both Jackson, Mississippi, and in  
7 Jackson, Michigan, I was involved not only in terms  
8 of supervising investigations of those kind of  
9 crimes but also directly involved in the  
10 investigations.

11 As a detective, I had experience in  
12 working homicide investigations. And, as a matter  
13 of fact, received one of the department's highest  
14 awards for a homicide investigation that I conducted  
15 during a period of time that I served as a  
16 detective. As a sergeant and a lieutenant, I  
17 directly supervised the investigation of homicides  
18 and approved or disapproved the course and conduct  
19 of those investigations.

20 That occurred similarly here in  
21 Jackson, Mississippi, where I was directly involved  
22 in reviewing every homicide that occurred in the  
23 city of Jackson over the course that were generated  
24 and the activities that surrounded the investigation  
25 of those homicides.

26 Q Did you yourself ever develop the specific  
27 protocol for either of these departments for their  
28 use in homicide investigations?

29 A Any protocol or procedure developed in any

## MOTION IN LIMINE - JURY OUT

1 of the police agencies that I've been the head of,  
2 I've had direct involvement in the development of  
3 those procedures, whether related to the conduct of  
4 a criminal investigation or the conduct of the  
5 officers themselves conducting investigations, yes.

6 Q All right. Now, I'm a resident of Jackson  
7 now. I didn't live there in 1994. During your --  
8 how long were you police chief in Jackson?

9 A I left the position in December of 1997.

10 Q All right. And that was to take another  
11 position?

12 A That is correct.

13 Q All right. During that period of 1994 to  
14 1997, approximately how many homicides were --  
15 occurred in the city of Jackson that you or officers  
16 acting under your direct -- well, officers of  
17 Jackson Police Department had to investigate during  
18 that period, if you can estimate?

19 A Well, the -- my first year in Jackson  
20 there were something like 98 homicides; that was  
21 just one year. It didn't vary much from that over  
22 the next -- the next several years. So if want to  
23 add those up, you'll get an idea of just the number  
24 that I was involved in one -- one police agency, not  
25 counting the Jackson, Michigan or Lansing, Michigan,  
26 where I was also police chief and as well in the  
27 review of homicide investigations.

28 Q And did this in any of these other  
29 positions involve homicides, multiple homicides,

## MOTION IN LIMINE - JURY OUT

1 homicides where multiple victims were apparently  
2 shot in the same homicidal act?

3 A Or killed.

4 Q Or killed --

5 A Yes.

6 Q -- is that correct? And you've been  
7 present for much of the testimony here and you  
8 understand from the testimony what the nature of  
9 this crime was; is that correct?

10 A That's correct.

11 Q All right. And have you ever, either  
12 yourself been involved in investigating or  
13 supervised the investigation of triple or quadruple  
14 homicides --

15 A Yes.

16 Q -- over the course of your career?

17 A Yes.

18 Q All right. Well, I stopped you -- you  
19 were at the Jackson Police Department, and you left  
20 in 1997. Where did you go from there?

21 A I took the police chief's position in  
22 Lansing, Michigan.

23 Q And how big is Lansing, Michigan?

24 A The population?

25 Q Yeah.

26 A About 190,000 people.

27 Q All right. And it has a state university  
28 as does Jackson, Mississippi?

29 A Yeah. Both cities are capital cities.

## MOTION IN LIMINE - JURY OUT

1     Lansing is the capital of Michigan where Michigan  
2     State University is located, yes.

3           Q     All right. And is it safe to say your  
4     duties with respect to homicide investigations in  
5     Lansing were similar to those you had in Jackson,  
6     Michigan and Jackson, Mississippi as chief?

7           A     With the exception of the number of  
8     homicides, yes. There were quite a few more in  
9     Jackson, Mississippi than there were in Lansing,  
10    Michigan.

11          Q     All right. And where did you go -- and  
12    how long did you serve as chief in Lansing,  
13    Michigan?

14          A     I remained there for two years.

15          Q     And what -- what -- where did you go from  
16    there?

17          A     I was asked by the governor of the State  
18    of Mississippi to return here and run the Department  
19    of Corrections for him.

20          Q     All right.

21          A     For the State of Mississippi.

22          Q     And which governor was that?

23          A     Governor Musgrove.

24          Q     All right. And did you accept that?

25          A     I did, yes.

26          Q     And how long did you serve as commissioner  
27    of the Department of Corrections?

28          A     Longer than I care to remember. No, but I  
29    remained in the position for two years.

## MOTION IN LIMINE - JURY OUT

1           Q     And, now, in that position, you are the  
2 administrator to the entire Department of  
3 Corrections; is that correct?

4           A     That's correct.

5           Q     Does the Mississippi Department of  
6 Corrections have a criminal investigation division  
7 within its four walls?

8           A     It's called integrity investigative  
9 division, but they investigate crimes, yes.

10          Q     Which occur on the premises of the  
11 Department of Corrections --

12          A     Penal institutions. Yes.

13          Q     -- facilities? And what were the years  
14 you were here as commissioner of corrections?

15          A     2002 -- 2001 to 2003.

16          Q     And were you teaching while you were  
17 commissioner either for already -- for officers  
18 trained or academically during that period?

19          A     I think there was a period at work where  
20 there was a hiatus in doing adjunct teaching, and I  
21 believe that that was the time period.

22          Q     After -- what did you do after leaving the  
23 Mississippi Department of Corrections?

24          A     Well, shortly after -- well, shortly  
25 before, of course, 9/11 occurred. And at that point  
26 in time, the federal government created this new  
27 agency called the Transportation Security  
28 Administration, TSA. I had a friend, a colleague  
29 from Michigan, who was a deputy undersecretary of

## MOTION IN LIMINE - JURY OUT

1 that department who asked me to come to work for TSA  
2 in a new position that they were creating in  
3 response to 9/11.

4 Q And where was that position and what was  
5 that position?

6 A It was as the federal security director of  
7 TSA at Detroit Metro Airport where I was responsible  
8 for the TSA operations at that airport.

9 Q All right. And that is -- and you  
10 commenced those duties when?

11 A Shortly after 9/11.

12 Q All right. Sometime in 2002?

13 A Yes.

14 Q All right. How long -- and in that  
15 capacity, were you responsible for supervising any  
16 kind of criminal investigations that went on?

17 A As federal security director, our role was  
18 limited to what's referred to as the AOA, the  
19 airlines operation area, which included anything  
20 beyond the secure gate area that you encounter when  
21 you go to the airport. We were responsible for  
22 anything that occurred thereafter on the airport  
23 property. There were inspectors -- federal  
24 inspectors that were involved in enforcing DOT  
25 regulations with regard to security in AOA  
26 operations.

27 Q And then after -- did you leave the TSA  
28 post?

29 A Yeah. I reached retirement age and wanted

## MOTION IN LIMINE - JURY OUT

1 to return here to Mississippi and start my own  
2 business, which I eventually did, yes.

3 Q All right. Are you connected with both  
4 Mississippi and Michigan in terms of family and  
5 friends and that sort of thing?

6 A Yeah, both. But I think I'm more invested  
7 in Mississippi than in Michigan.

8 Q All right. Now, Chief, in the course of  
9 being a practicing police officer supervisor and  
10 chief of police, aren't there standards generally  
11 accepted in the policing and police administration  
12 profession for the proper conduct of criminal  
13 homicide investigations?

14 A There are for any type of investigation,  
15 whether it's homicide or burglary or auto theft or  
16 an aggravated assault or a larceny of a vehicle,  
17 certainly.

18 Q All right. And are you familiar with the  
19 ones that should be generally applied in homicide  
20 investigations?

21 A Well, I think -- to be honest with you, I  
22 think even the -- the newest police officer, a  
23 rookie is aware of certain protocols and procedures  
24 to -- that should occur in any investigation,  
25 including a homicide.

26 Q And because you are also familiar with  
27 them in your -- on the basis of your education,  
28 experience and training that you've described thus  
29 far?

## MOTION IN LIMINE - JURY OUT

1           **A**     Well, of course, yes.

2           **Q**     All right. Now, in the course of -- now,  
3 you also alluded to the fact you taught adjunct  
4 criminal justice. What sort -- what kind of subject  
5 matters did you personally teach and what sort of  
6 resources did you use to create your courses for  
7 teaching?

8           **A**     Well, I taught introduction to criminal  
9 justice, which covered a white gamut of different  
10 subjects to be encountered in criminal justice. I  
11 taught community policing, which focused primarily  
12 on crime prevention, reduction of crime and the  
13 investigation of crime as well.

14          **Q**     All right, sir.

15          **A**     I did culture diversity courses which  
16 taught the sociology and interaction aspects of  
17 police work.

18          **Q**     And there is a body of literature and  
19 research, et cetera, in the field of criminal  
20 justice in criminology which is taught as an  
21 academic discipline in the courses which you also  
22 taught?

23          **A**     Yes. There are a number of publications  
24 that are fairly standard texts that are referred to  
25 or material that's referred to in any -- in typical  
26 investigative courses and those kind of things. A  
27 number of those come out of the justice department.  
28 One specifically is crime investigation. It's a  
29 procedural manual that is published by the U.S.

## MOTION IN LIMINE - JURY OUT

1 Justice Department. Another that is commonly used  
2 is Vernon Gerberth's Practical Homicide  
3 Investigation as well. Those are two that I -- I  
4 refer to constantly in talking about and in teaching  
5 in these areas.

6 BY MS. STEINER: Your Honor, I think I  
7 brought the notebook behind somewhere.

8 BY MS. STEINER:

9 Q Now, does the Justice -- Department of  
10 Justice have an office that from time to time  
11 convenes technical working groups on various aspects  
12 of policing law enforcement and such like?

13 A Yes.

14 Q And what is that division called?

15 A Well, may I refer to my notes here?

16 Q You may. I have -- you had handed me  
17 something, and if you need -- if that's part of your  
18 notes you need to refer to, I can give it to back to  
19 you for the time being.

20 A Yeah, I think that's it.

21 BY MS. STEINER: May I approach, Your  
22 Honor?

23 BY THE COURT: You may.

24 BY MS. STEINER:

25 Q If you'd like to step down and retrieve  
26 another file you may.

27 BY THE COURT: If you need to, yes, sir.

28 A Yes.

1 AND RETURNS TO STAND)

2 **BY MS. STEINER:**

3 Q I was asking you if there's a division of  
4 the United States Justice Department which devotes  
5 itself to studying and creating standards for police  
6 practice in various areas.

7 A Well, I'm not sure about creating  
8 standards but certainly developing standards that  
9 are, you know, recommended for adoption by the  
10 different agencies involved but the office of  
11 justice programs out of the National Institute of  
12 Justice. And this is a typical publication that you  
13 might find from them, crime scene investigation,  
14 eyewitness evidence, those sort of things.

15 Q So there are -- would you characterize  
16 these as national standards that are arrived at  
17 consensus of the people who participate with the --  
18 whatever the agency is called?

19 A You know, it's certainly most -- and many  
20 of the procedures and protocols outlined here are  
21 generally -- are commonly accepted practices  
22 throughout much of the country. Even though they  
23 may not be categorized, they're still pretty much  
24 practiced across the country.

25 Q And are these developed on the basis of  
26 practical experience of officers doing this sort of  
27 investigation work in their careers?

28 A Oh, of course, yes.

29 Q Do they also take into account the kind of

## MOTION IN LIMINE - JURY OUT

1 academic work that you rely on and teach within the  
2 academic world of criminal justice?

3 A Yes.

4 Q And are they tested through experience  
5 over time; is that --

6 A Well, certainly they are. In developing  
7 many of these protocols and/or standards, they have  
8 working group members who are -- actually come from  
9 the field who are actually involved in many of these  
10 activities at the operational level, certainly.

11 Q And has --

12 BY MS. STEINER: May I approach, Your  
13 Honor?

14 BY THE COURT: You may.

15 BY MS. STEINER:

16 Q And have -- have these sort of working  
17 groups and then does that generally result in a  
18 publication to -- well, to at least make available  
19 to any law enforcement community the information the  
20 justice department has put together as best  
21 practices, shall we say?

22 A Yes.

23 Q And, now, I believe -- was -- did the  
24 attorney general with the United States, Janet Reno,  
25 who served -- who was serving Attorney General, I  
26 believe, in 1996, was her justice department -- did  
27 it -- was it undergoing those processes? Did those  
28 standards exist in 1996, to your knowledge?

29 A I believe they did. And this is an

## MOTION IN LIMINE - JURY OUT

1 ongoing process. It didn't occur with Attorney  
2 General Reno. It's occurring now as we speak in  
3 terms of involvement of the Office of Justice  
4 Programs, International Institute of Justice. Their  
5 search is ongoing.

6 Q All right. And do you know if in the -- I  
7 think the -- this was -- she was the attorney  
8 general in the Clinton administration which took  
9 office in January of '93. Do you know whether or  
10 not such programs were also ongoing under previous  
11 Presidents Bush and Reagan as well?

12 A I'm sure, yes.

13 Q And you were a police chief at that time  
14 and so also kept familiar with those things?

15 A Yes.

16 Q Thank you. Now, Chief, do you have an  
17 opinion -- can you tell this Court whether or not  
18 there are basic standards in the law enforcement  
19 community based on the kinds of information that  
20 you've talked about here regarding organization,  
21 supervision, documentation and internal review to be  
22 followed in any homicide investigation in order to  
23 achieve an accurate and effective investigation of a  
24 homicide?

25 A Well, there are certain standards. And,  
26 you know, one of the old saws in police work  
27 especially is if there is no report, it didn't  
28 happen.

29 Q All right.

## MOTION IN LIMINE - JURY OUT

1           **A**     And that's kind of what's relied on even  
2     at the ground level of police work.

3           **Q**     Now, certainly -- and you are familiar  
4     with, among others, that standard; is that correct?

5           **A**     Yes.

6           **Q**     And is that a standard that only applies  
7     in a large metropolitan police department such as  
8     Jackson, Mississippi or Lansing, Michigan, or is  
9     there any exception to those sorts of standards for  
10    organization, supervision, documentation, I think  
11    you said, particularly an internal review. Is there  
12    any exception for small departments?

13          **A**     An officer in a small department is  
14    required to have the same certification and the same  
15    licensure as a police officer from a larger  
16    department. It doesn't matter the size of the  
17    department. The qualifications are necessary for a  
18    police officer and the standards to be used as that  
19    police officer. Of course, what they teach in the  
20    academy is some of the basic protocols of report  
21    writing and those kind of things.

22          **Q**     Now, Chief, before I get into -- I'm not  
23    going to ask you what your opinions are just yet  
24    because there's going to have to be voir dire on  
25    your qualifications. But have you -- before I get  
26    there, on the basis of this education, training and  
27    experience that you've -- it's in your resume, and  
28    you've explained to His Honor here -- have you been  
29    recognized -- qualified and recognized as an expert

## MOTION IN LIMINE - JURY OUT

1 in, among other things, police procedures in any  
2 courts in the state of Mississippi, state or  
3 federal?

4 **A** I've been recognized in federal district  
5 court here in Mississippi as a police procedures, a  
6 law enforcement security and safety expert.

7 **Q** In any state courts?

8 **A** In Hinds County Circuit Court I have been  
9 recognized in those areas as well.

10 **Q** Now -- and on the basis -- and again, I'm  
11 not asking you what they are just yet -- but on the  
12 basis of your education, training, experience and  
13 what you were provided by way of discovery, et  
14 cetera in this matter and what you have heard here  
15 in the courtroom from the witnesses, particularly  
16 the police witnesses talking about their  
17 investigations here, have you formed opinions  
18 regarding whether or not the investigation, as  
19 described by the witnesses here, was conducted in  
20 accordance with the basic protocols and procedures  
21 which you've identified as having been developed and  
22 which are generally applicable to police entities?  
23 Have you formulated an opinion regarding that?

24 **A** Well, based on my presence here in the  
25 courtroom, my observations, reviewing a number of  
26 documents and materials that have been submitted to  
27 me previously, I have formed several opinions  
28 relative to this particular case, yes.

29 **Q** All right.

## MOTION IN LIMINE - JURY OUT

1           **BY MS. STEINER:** Your Honor, I think if we  
2           were actually taking his testimony, I would --  
3           he would be tendered for voir dire for his  
4           qualifications at this point. Do you want me  
5           to go into his substantive testimony right now  
6           or does the State want to voir dire with the  
7           respect to their motion in limine?

8           **BY THE COURT:** Why don't you just get  
9           through with all the things that you're going  
10          to question him about, and then I'll just let  
11          the State follow up.

12          **BY MS. STEINER:** Thank you, Your Honor.

13          **BY MS. STEINER:**

14          **Q** All right. Chief, I guess we can get into  
15          your opinions.

16          **BY THE COURT:** I mean, we're outside the  
17          presence of the jury at this time, so....

18          **BY MS. STEINER:** Oh, okay. Thank you.

19          **BY MS. STEINER:**

20          **Q** Chief, I guess, maybe if you could say, I  
21          believe you told me that you have three basic areas  
22          in which you have opinions on this matter; is that  
23          correct?

24          **A** That's correct.

25          **Q** And in those areas in which the  
26          investigation did not conform to the standards  
27          you've been discussing; is that correct?

28          **A** That's correct.

29          **Q** Would you state -- why don't you state

## MOTION IN LIMINE - JURY OUT

1 what the areas are, and we'll go into them one at a  
2 time.

3       **A**     Well, the management and organization of  
4 the investigation itself. In my opinion, the  
5 investigation never clearly identified a lead or  
6 responsible investigator for this. I've defined  
7 that from both my review of the documents that were  
8 submitted to me and my observations here in the  
9 courtroom. None of the investigators called or  
10 testified here would own the investigations.  
11 They -- it appeared to be a shared responsibility  
12 with nobody directly responsible with each saying  
13 this other they thought was responsible for that  
14 investigation, and that's no way to conduct an  
15 investigation. There has to be somebody who is the  
16 recipient of all the information coming from a  
17 variety of sources and is able to correlate that  
18 information and further direct the direction that  
19 the investigation needs to develop.

20               The -- the organization part of that  
21 is there should have been a case file that is in  
22 depth that included both original notes and reports  
23 going forward. Again, most of the testimony I heard  
24 was reliant on submission forms as the form of  
25 documentation that didn't provide any sort of  
26 background about how that submission got to where it  
27 was supposed to go and who submitted it there.

28               None of the circumstances behind that  
29 ever appeared in any written document. And most of

## MOTION IN LIMINE - JURY OUT

1 the -- most of the verbal documentation of that was  
2 obscure in terms of remembrances and times and  
3 locations and those sort of things. So the  
4 organization and management of that investigation  
5 was troubling to me in terms of my knowledge about  
6 protocol and procedure for them to conduct an  
7 investigation.

8 Q Now, did -- was -- did you have a  
9 second -- and we may return to this in more specific  
10 in a few minutes -- but did you have a second area  
11 where you felt that what -- that the investigation  
12 failed to meet minimal standards for the conduct of  
13 any sort of criminal investigation?

14 A Well, there are some issues relative to  
15 the integrity of the crime scene and/or crime  
16 scenes, if you consider a couple of other places,  
17 that did not appear to me to be what would be -- to  
18 adhere to certain standards. There was no log kept  
19 of that scene. The only one that I'm familiar with  
20 was one provided in documentation that was conducted  
21 or kept by the crime scene investigator who arrived  
22 at the scene, you know, hours later.

23 Q I'm going to hand you what's D-9 in  
24 evidence and ask you if that's what you are  
25 referring to.

26 A Yes.

27 Q Okay. And you are familiar with the fact  
28 that the crime scene -- you've read the crime scene  
29 investigator's notes; is that correct?

## MOTION IN LIMINE - JURY OUT

1           **A**     Yes, I have.

2           **Q**     And do you have any problems with how she  
3 documented what she or her associate did?

4           **A**     I thought it was an excellent report and  
5 conformed, in my opinion, to any standards that are  
6 out there.

7           **Q**     All right. And you're familiar that her  
8 explanation is that this was prepared only after she  
9 and her associate arrived at the crime scene  
10 approximately 1:15?

11          **A**     Yes.

12          **Q**     What is -- why is this a problem with  
13 respect to having accurate and useful police  
14 investigation in a major homicide? What could  
15 happen as a result of failing to do this?

16          **A**     Well, a number of things obviously can  
17 happen. The scene can become contaminated.  
18 Evidence can be overlooked or deposited there  
19 perhaps after the crime has occurred that's  
20 irrelevant to the scene. There may be a number of  
21 issues related to the presence of people at the  
22 crime scene, so you want to have a record of when  
23 they were there, how long they stayed and when they  
24 left.

25          **Q**     All right. Now, at the point you said  
26 Ms. Schoene and her associate arrived, was there any  
27 way they could reconstruct that and still go about  
28 their crime scene investigation duties?

29          **A**     It really wouldn't have been their

## MOTION IN LIMINE - JURY OUT

1 responsibility to do that before they arrived.

2 Q That would be an investigator's  
3 responsibility?

4 A Or a police officer's responsibility.

5 Q Okay. Now, you -- we did hear testimony,  
6 I believe, from Investigator Johnson and possibly  
7 Sergeant Matthews concerning the location of where  
8 the officers set up kind of their -- their place  
9 where they -- where the investigators set up their  
10 investigating space, where they met and established  
11 their -- whatever it was when they arrived inside  
12 the crime scene tape. Was that an issue for you,  
13 inside the building, actually.

14 A It certainly is an issue and could become  
15 even more of a problematic issue. I'm not real sure  
16 how far away from where the bodies and the bulk of  
17 the evidence was discovered that was. I wasn't  
18 really here and listening to that testimony. But  
19 the fact that it was located within the crime scene  
20 itself is problematic. Depending on how close in  
21 proximity to the -- to the blood and bodies and  
22 critical evidence it was, it would become even more  
23 problematic.

24 Q All right. But just merely being inside  
25 the crime scene perimeter is a problem in and of  
26 itself?

27 A Yeah. And having people in and out who,  
28 you know, have no association or need to be there,  
29 it certainly is.

## MOTION IN LIMINE - JURY OUT

1           Q     All right. Now, did you -- before we get  
2 into the specifics of what was done and wasn't done  
3 and why that might have affected either the  
4 integrity or the accuracy of the investigation, you  
5 had mentioned documentation. Was that a separate  
6 area of concern that you discovered in the course of  
7 reading these documents and hearing the testimony  
8 today?

9           A     Well, I think that's a recurring theme  
10 throughout this is the lack of reports, not just  
11 submission forms but the lack of reports giving  
12 background to what occurred in this investigation.  
13 That confuses everything.

14                     The third area I was concerned about  
15 was the -- the early focus on one potential suspect  
16 to the exclusion of all others. It's okay to very  
17 quickly focus on one suspect; that happens all the  
18 time, you know. But to the exclusion of all else  
19 and all others is where it becomes problematic, and  
20 you sometimes lose vital evidence that may be had  
21 because you haven't included and kept them in as a  
22 potential suspect or person of interest.

23           Q     All right. Now, in this case the -- well,  
24 was there anything about the nature of the crime  
25 itself -- and I don't believe you were here for the  
26 testimony of the pathologist, but you did review his  
27 findings with respect to the injuries suffered and  
28 causes of death to these four people. Were there  
29 any concerns, given the nature of this crime scene

## MOTION IN LIMINE - JURY OUT

1 and what you know about the means and manner in  
2 which each of these people died, that would add to  
3 the pot, you know, make the narrowing down to just a  
4 single suspect as your sole perpetrator a problem in  
5 this case?

6       **A**     Yeah. It's -- it's -- the question  
7 obviously would be whether one person was capable of  
8 committing that crime. Given the nature of the  
9 wounds that each received or the location of the  
10 gunshot wounds and the distance apart that the  
11 victims were when they were found, it would suggest  
12 that it would be difficult for one person to do  
13 that; therefore, it would be -- be very important to  
14 not exclude additional suspects even if you zero it  
15 on the correct person --

16       **Q**     All right.

17       **A**     -- it excludes any others simply because  
18 you've got a suspect and he very well may be the  
19 right suspect. And you can't do that or you  
20 shouldn't do that. Protocol would tell you that.

21       **Q**     All right. Now, was -- did you find  
22 anything troubling about, in particular, what  
23 appears to be a decision to treat the report by  
24 Mr. Doyle Simpson of the -- the claim of -- the  
25 report of Mr. Doyle Simpson that a weapon, a .380,  
26 consistent with what was visibly evident at the  
27 crime scene, to be the caliber of at least one of  
28 the weapons used, to exclude that report in person  
29 from consideration, you know, even within the four

## MOTION IN LIMINE - JURY OUT

1 hours that you might have collected valid gunshot  
2 residue evidence and that sort of thing from him?  
3 Was there anything problematic in this investigation  
4 about doing that?

5 **A** Well, simply, it would raise suspicion. I  
6 would imagine that it did raise suspicion among the  
7 investigators in this case. Reporting the gun being  
8 stolen this close to this event, I think that's the  
9 reason they sought him out very quickly. I have to  
10 assume that it raised some suspicions on their part.

11 **Q** All right. Now -- now, there's some  
12 people -- if I call you from my home in Buckley  
13 Drive in Fondren in Jackson and say our handgun was  
14 stolen, just -- we came back in from a weekend  
15 away -- am I the same kind of -- I mean, am I  
16 automatically going to be regarded with suspicion of  
17 the circumstances or is this a substantial -- my  
18 house was broken into and my handgun was stolen, is  
19 that the kind of a burglary that we're talking about  
20 in this incident?

21 **A** No. No, when I said that, the  
22 investigators were aware that they had had a  
23 homicide committed. When also receiving a report of  
24 a gun being stolen, I'm sure there were some  
25 suspicions being raised relative to the person  
26 reporting the gun being stolen. I'm assuming; I  
27 can't get inside their head.

28 **Q** No. Now, I believe you were here for  
29 testimony from Mr. Doyle Simpson himself; is that

## MOTION IN LIMINE - JURY OUT

1 correct?

2           **A**     That's correct.

3           **Q**     And his description during that testimony  
4 regarding the nature of his actual duties as a  
5 janitor and clean up person on the floor, did you  
6 have any concerns when you heard the testimony of  
7 the officers whether or not they had followed proper  
8 protocols in eliminating him as a suspect on the  
9 basis of, as we shall say, alibi or being elsewhere  
10 at the time of the events in question?

11           **A**     It is my opinion that what occurred in  
12 that instance goes back to the one recurring theme  
13 in the whole thing -- the lack of communication and  
14 reporting of these things and one central repository  
15 for this information and somebody evaluating its  
16 value to the investigation.

17                   One officer interviewed and took  
18 statements from Mr. Doyle. Another investigator did  
19 something else. Never was there a time when that  
20 information was put together to say, Well, Doyle  
21 left that building three times to check on his car.  
22 Once, I think, to let the windows down, the second  
23 time to get his breakfast -- or rather the other way  
24 around. Once to get his breakfast, two, let his  
25 windows down, and the third time to go out to go  
26 pick up lunches or something. Twice, he was at that  
27 car and didn't discover the break in. You know,  
28 what -- and the other part of that is him admitting  
29 that he was out of the building and gone during

## MOTION IN LIMINE - JURY OUT

1 those times and nobody reported him ever having left  
2 the building, but he himself said that he left three  
3 times.

4 Q And the -- I believe he testified that his  
5 duties involved him to move around a fairly -- a  
6 large factory floor; is that correct?

7 A Yes.

8 Q And would -- again, under those instances,  
9 what would a responsible investigation do, assuming  
10 that it's -- it's the day of the crime, and you  
11 can't talk to 200 people in a factory -- or not that  
12 there were that many in the factory that day --  
13 would it have been prudent to -- until you really  
14 could figure out what these -- resolved these  
15 inconsistencies, would it have been prudent to  
16 continue having him at least treated as a person of  
17 interest and suspect in the same fashion they did  
18 Curtis Flowers, such as asking about his  
19 whereabouts, taking a gunshot residue test, that  
20 sort of thing?

21 A I would think so.

22 Q All right. Now, I think you heard the  
23 testimony that after the two officers arrive, a  
24 person, who turned out to be the brother of Doyle  
25 Simpson, was seen running in the parking lot and  
26 actually had to be pursued by the officers. Would  
27 that attribute to the investigation on -- you know,  
28 two hours -- less than an hour into the  
29 investigation, would that indicate that under the

## MOTION IN LIMINE - JURY OUT

1 standard protocol something further should have been  
2 done with respect to Emmett Simpson once he had been  
3 identified and --

4       **A**     I think for -- for purposes of you doing  
5 that, you could probably stand there and make  
6 examples or give me examples, you know, over and  
7 over about -- about those kind of things, what if,  
8 and I'm not here to -- to hindsight or those kind of  
9 things, to Monday morning quarterback, so to speak.  
10 My purpose here is to offer an opinion regarding  
11 what I think some inadequacies were in that  
12 investigation. I know what the examples are, and I  
13 can tell you what should have been done, but I think  
14 what I'm here to offer is the opinion that the --  
15 the lack of adherence to certain protocols led to  
16 problems in this case.

17       **Q**     All right.

18       **A**     Both with the integrity of the evidence,  
19 the completion of the -- a complete investigation  
20 which isn't complete at this point in time.

21       **Q**     That is your opinion?

22       **A**     That's my opinion. And that that part of  
23 the investigation that was complete has flaws in it.  
24 Now, some of those -- some of these flaws can be  
25 corrected. Some have gone way past the time where  
26 that can occur. So, you know, you can keep asking  
27 the performance of individual kind of things, and I  
28 can tell you, yeah, but that appears to be  
29 hindsight. I think anybody could hindsight and tell

## MOTION IN LIMINE - JURY OUT

1           **Q**     Now, I'm going to -- I do have one other  
2     very specific area of concern that I think we have  
3     heretofore discussed. Do you still have the  
4     identification procedures protocol developed under  
5     Janet Reno in the 1990s? I'm going to hand you  
6     Exhibits S-142 and 143 and which are the photo ID --  
7     eyewitness ID lineup shown to the witness Mr. Porky  
8     Collins. And you were present, I think, for the  
9     testimony of both officers who participated in the  
10    preparation -- or the officer who prepared those and  
11    both officers who participated in the identification  
12    that was made or not made from those; is that  
13    correct?

14           **A**     Yes.

15           **Q**     All right. And I believe prior to that,  
16    you did read the documentation of what  
17    documentation, et cetera, the officers had of this.  
18    And did you read the testimony of Mr. Collins? In  
19    addition to what was read here in the room, did you  
20    also read the testimony of Mr. Collins, Officer  
21    Johnson, and Officer Miller -- at least Mr. Collins  
22    and Officer Johnson concerning this that was taken  
23    back in 1999?

24           **A**     Yes.

25           **Q**     Now, are there and were there, in 1996,  
26    certain generally accepted standards and protocols  
27    for the preparation and administration of photo  
28    identification lineups recognized in the law  
29    enforcement investigative community?

## MOTION IN LIMINE - JURY OUT

1           **A**     Yes.

2           **Q**     Based on what you have heard here in this  
3 courtroom and read in the discovery and  
4 documentation and prior testimony, do you have an  
5 opinion as to whether these photo array lineups as  
6 heard -- you seen them, heard them described and the  
7 procedures followed in showing them, do you have an  
8 opinion as to whether or not they followed those  
9 procedures?

10          **A**     I would be -- I'm not -- I'm not sure that  
11 I understand how they conducted the lineup. I can  
12 tell you what the protocol calls for.

13          **Q**     If you would do --

14          **A**     There were no written reports for me to  
15 refer to and make that determination. The only  
16 thing that I can tell you is that -- that prior to  
17 engaging in a photo array lineup, you should best --  
18 you can prepare the witness beforehand before  
19 displaying that.

20          **Q**     And what -- what do the protocols suggest  
21 you do?

22          **A**     Well, first of all, obtain as much  
23 information as you can from that witness, about the  
24 physical characteristics of the suspect or the  
25 person that you are attempting to identify.

26          **Q**     Was that done in this instance? In any of  
27 the documentation you have reviewed or anything you  
28 heard today, did you think a sufficient interview of  
29 the witness with respect to those things was ever

## MOTION IN LIMINE - JURY OUT

1 conducted with Mr. Porky Collins?

2       **A**     I've not seen any written report or  
3 documentation to indicate to me that they took a  
4 statement from him relative to the description  
5 provided to him. There should have been a report  
6 that said the witness provided this physical  
7 description. And then using that physical  
8 description as best you can, you put the photo array  
9 together.

10       **Q**     So they didn't get the basic data before  
11 doing this?

12       **A**     I do not know whether they did or not.

13       **Q**     Oh, I'm sorry.

14       **A**     There's been no testimony or written  
15 documentation that I've seen that indicated that  
16 they did that.

17       **Q**     All right. Now, in creating -- well,  
18 what's -- maybe just let me step back. The purpose  
19 of that photo display array is what? What's the  
20 value in an investigation for using one of those  
21 things? What are you trying to do when you show  
22 someone six pictures, one of whom is the suspect?

23       **A**     You're trying to identify a suspect.

24       **Q**     All right. You want to see if the witness  
25 can identify the person?

26       **A**     Yes.

27       **Q**     All right. And what is the danger if it  
28 is not done right?

29       **A**     Well, either because of the array and the

## MOTION IN LIMINE - JURY OUT

1 way that it's put together, you can be suggestive to  
2 the -- to the witness or you can give certain verbal  
3 and nonverbal clues to the witness --

4 **BY THE COURT:** Ms. Steiner, this is taking  
5 so long, I'm going to send the jury on.

6 **BY MS. STEINER:** That will be fine, Your  
7 Honor.

8 **BY THE COURT:** And we can continue this  
9 hearing. But it's no -- I mean, it's taking  
10 really a whole lot longer than I thought it  
11 would, but I'm going to complete this hearing  
12 until the day's out. But I'm going to bring  
13 the jury in.

14 Chief, if you'll just step down just a  
15 minute, because I don't want any of --

16 **BY THE WITNESS:** Sure.

17 **BY THE COURT:** I mean, you know, I don't  
18 want the jury to get any suggestions about  
19 anything about you sitting there.

20 **BY THE WITNESS:** Yes, sir.

21 **BY THE COURT:** That will be fine. You can  
22 bring them back in.

23 (THE FOLLOWING PROCEEDINGS WERE HAD IN

25 **BY THE COURT:** Ladies and gentlemen, I'm  
26 taking up some matters that's being heard  
27 outside your presence at this time. And so  
28 it's really taking a little bit longer than I  
29 anticipated. I'm going to continue with that

1       hearing, but I'm going to send you on where you  
2       are staying for the night and have you brought  
3       back in the morning.

4               So if you'll -- well, if they'll just --  
5       if you'll step in the jury room just for  
6       minute, and then when they have your  
7       transportation lined up. And I'll ask you  
8       during the overnight recess to please do not  
9       discuss this case with anyone or among  
10      yourselves or if you should by chance glance at  
11      some newspaper, simply turn the other direction  
12      from it.

13             And, as I say, if you'll -- or Mary Lee,  
14      you can just walk out in the hall with the jury  
15      and make sure there's not anybody -- look and  
16      make sure nobody out there. And, of course, if  
17      any of you have any belongings in the jury  
18      room, well, you can retrieve your belongings.

19             (THE JURY WAS EXCUSED FOR THE DAY. THE

25             **BY MS. STEINER:** Thank you.

26      **BY MS. STEINER:**

27             **Q** Chief Johnson -- and I'm referring to --  
28      we were talking about the photo identification. I  
29      believe you have two exhibits there that the court

1 reporter is going to insist I not let you put inside  
2 your briefcase when you leave here, S-142 and 143.  
3 Thank you.

4 Now, Chief, I believe you were saying  
5 that you didn't find any documentation to tell you  
6 how specific -- or you didn't find any documentation  
7 or any testimony from any officer from which you  
8 could determine that the standard pre- -- the  
9 standard interview with the witness had actually  
10 occurred prior to the assembly of these photo  
11 identification arrays. And then you were telling us  
12 that the problem is suggestibility, that you get a  
13 false positive identification; is that fair to say?

14 A Well, there's suggestibility.

15 Q I understand.

16 A And it's critical to necessarily prep the  
17 witness before you presume the photo array.

18 Q Have you seen any documentation of what --  
19 are there standard ways in which standard  
20 investigative protocols suggest that the witness be  
21 prepared?

22 A Certainly. But by asking him to view  
23 photos -- and you may say, "That's okay if you don't  
24 see the suspect in here," making sure that he's not,  
25 you know, obligated to make a pick from this array  
26 if, in fact, he's not able to. Some investigators  
27 say, "Well, can you pick the suspect out of here,"  
28 suggesting, you know, to the witness that he's in  
29 here. And it's okay to say -- or you should say to

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 the witness, "It's okay if you can't make a  
2 description. The suspect may not be in this photo  
3 array."

4 Q All right. And did you see any  
5 documentation that suggested that that preparation  
6 had been made of Mr. Collins on the day he viewed  
7 these arrays?

8 A There wasn't anything in there, but that's  
9 not to suggest that the officer didn't know that and  
10 I've heard no evidence to indicate that that was  
11 done. But that's not suggesting that the officer  
12 who did do this did not do that.

13 Q All right.

14 A I'm not suggesting that.

15 Q All right. But there was no testimony  
16 from either of the officers who displayed this about  
17 that, though, was there? Strike that.

18 Now, with respect to the composition  
19 of the array, either of those arrays, one with Doyle  
20 Simpson in it or the one with Curtis Flowers in it,  
21 is there anything -- strike that.

22 Are there standards for selecting  
23 filler pictures, the non-suspect pictures that would  
24 go in a six -- a six-person photo array? Are there  
25 customary standards in the profession for making  
26 those selections of those filler pictures?

27 A Well, you would certainly want a close  
28 connection in terms of standard size and those kind  
29 of things.

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1           **Q**     All right. Now, did either of these photo  
2     arrays -- is there anything, just even in isolation,  
3     about either S-140- -- well, particularly S-142, the  
4     one with Curtis Flowers in it, that appears not to  
5     conform to the basic selection standards in the  
6     profession of filler photos given that you now  
7     know -- you know which one is Curtis Flowers in that  
8     array; is that correct?

9           **A**     Yes.

10          **Q**     And which number is that?

11          **A**     Four.

12          **Q**     All right. Now, is there anything just in  
13     that array, knowing Curtis Flowers is the suspect,  
14     that appears that the standards for selection of  
15     non-suggestive photographs and fillers fail to  
16     conform to -- that the actual selection of the  
17     photograph of the suspect and the filler photographs  
18     fail to conform to standard protocols and procedures  
19     for eyewitness identification photo array  
20     procedures?

21          **A**     It's problematic relative to the type of  
22     photos and the physical characteristics of the  
23     fillers.

24          **Q**     All right. Would you -- why don't you  
25     just be specific about what -- what's problematic.

26          **A**     The physical characteristics of the  
27     fillers are close resemblance to each other, other  
28     than number four, which is neither physical  
29     characteristics nor is the size and type of the

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 photo is.

2 Q All right. And is it your opinion, based  
3 on your training, experience and a familiarity with  
4 the standards applicable to photo identification,  
5 eyewitness identification arrays, that as a  
6 consequence of this, this is a potentially  
7 suggestive photo array? Assuming, knowing --

8 A In my opinion it is.

9 Q What?

10 A In my opinion it is.

11 Q All right. Now, I don't know that I've  
12 even ever asked you this before, but as long as  
13 we're doing this I'll ask. If you look at 143, the  
14 one with Doyle Simpson in it, are there any problems  
15 with either the fillers or the nature of the photos  
16 of Mr. Simpson and the other -- other people in it?  
17 Do they have similar problems or don't they? I  
18 really don't know what your answer is going to be,  
19 sir.

20 A Well, comparing the two photo arrays,  
21 the -- the characteristics here are -- are less  
22 suggestive than the one here.

23 Q In -- so when you're saying the  
24 characteristics of S-143 appear to be less  
25 suggestive than the characteristics of S-142; is  
26 that correct?

27 A Yes.

28 Q And S-142 is the photo array from which  
29 the testimony is that Porky Collins' identification

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 of Curtis Flowers; is that right?

2 **A** Yes.

3 **Q** All right. And he also testified he was  
4 unable to make a certain identification with respect  
5 to anybody in S-143, although he did make some  
6 remarks about the similarity of Doyle Simpson to the  
7 man he saw; is that correct? I'm sorry. Is -- the  
8 testimony here that you heard in 143 the witness did  
9 actually point to number six and say that looks --  
10 he looks like the man but did not make a positive  
11 identification; is that right?

12 **A** I believe I heard that, yes.

13 **Q** Okay. And just in case the jury does get  
14 to hear this, I want to make sure we're clear about  
15 what it is.

16 Let me just reiterate here, Chief,  
17 rather than going through dozens of examples from  
18 the testimony. Just on the basis of having read the  
19 records you read, heard the testimony you heard  
20 today, it is your opinion on the basis of your  
21 education, training and experience and familiarity  
22 with the standards of academic and practical for a  
23 homicide investigation that this homicide was not --  
24 that the team which investigated this homicide was  
25 not organized in a fashion that conforms to those  
26 standards; is that true?

27 **A** That would be a fair statement, yes.

28 **Q** All right. And would it be a fair  
29 statement to say that the documentation created by

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 that team, in your opinion, based on your education,  
2 experience and familiarity with both the practical  
3 and academic protocols that the documentation failed  
4 to met minimal standards?

5 A Yes.

6 Q And it is your opinion that as a result of  
7 those failures, again, on the basis of your  
8 education, experience, training and familiarity with  
9 the standards, both academic and practical, is it  
10 your opinion that the investigation in this case,  
11 even today, 15 years later, is incomplete and not  
12 yet adequate to have fully eliminated all possible  
13 suspects or gained all possible information in this  
14 particular case?

15 A Yes.

16 Q And is it your opinion that the -- and you  
17 have an opinion -- is it your opinion, again, on the  
18 basis of your education, experience, training and  
19 familiarity with the standards both academic and  
20 practical with people in law enforcement that the  
21 identification of Curtis Flowers as the sole suspect  
22 in this was made prematurely given the facts and  
23 circumstances at the time it was made?

24 A No, I can't say that.

25 Q Okay. That's -- I'm sorry.

26 A Prematurely, no, I can't say that.

27 Q Is it -- forgive me. Is -- as a  
28 consequence of the things you have already opined,  
29 do you have an opinion on whether or not the

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 investigation that preceded after the focus was  
2 narrowed to Mr. Flowers adequately investigated  
3 alternatives to Mr. Flowers as the only, of course,  
4 prime -- the only suspect in these murders. Do you  
5 have an opinion on that?

6 **A** It was not adequate, no.

7 **Q** All right. Thank you. Just a minute.

8 **BY MS. STEINER:** Your Honor, that, I guess  
9 is both our tender of him as an expert witness  
10 in the field of criminal investigation  
11 procedures and a proffer for testimony that he  
12 would offer to the jury in general regarding  
13 his opinions. And allow me to say that,  
14 without waiving our position, that this is  
15 entirely admissible and relevant in its  
16 entirety with respect to all positions; that in  
17 the event the Court rules that the jury will  
18 not be allowed to hear the expert opinions  
19 regarding the investigation in general, we  
20 would, with respect to the testimony and  
21 opinions regarding the photo arrays shown to  
22 Porky Collins, the first thing I would do is  
23 respectfully renew our motion under Rule 403 to  
24 exclude from the jury's consideration any of  
25 the testimony regarding this Porky Collins'  
26 photo identification.

27 And then, again, without waiving either --  
28 and frankly, Your Honor, it is so pervasive in  
29 this that I would have to move for a mistrial

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 on that basis because of the improper  
2 information before the jury. And then without  
3 waiving either that motion, the motion --  
4 without waiving the right to admit all of the  
5 testimony and without waiving our motion for  
6 mistrial because of what is now self-evidently  
7 improper evidence under Rule 403 regarding the  
8 photo identification. Assuming those motions  
9 are not granted by Your Honor, we would move in  
10 the alternative and without waiving any other  
11 motion to permit the jury to hear at least  
12 Chief Johnson's testimony with respect to the  
13 photo identification procedures so that they  
14 may -- I think it's fully relevant to the  
15 factual determination they must make as to  
16 whether or not Mr. Collins' identification of  
17 Mr. Flowers as a person he saw near the crime  
18 scene is a valid identification of the product  
19 of something other than an actual observation  
20 and that this Mr. -- Chief Johnson is clearly  
21 qualified to give this opinion on the basis of  
22 his education, training, experience and that  
23 this is evidence the jury should have in  
24 arriving at the conclusion. And that  
25 therefore, it's relevant and admissible and  
26 properly the subject of expert testimony from  
27 this particular witness given his  
28 qualifications.

29 So I've made three motions, and I believe

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1 the State has a motion in limine as to one.  
2 And I have no idea what its position is on the  
3 third, and I assume it's going to oppose the  
4 mistrial.

5 BY THE COURT: Are y'all going to oppose  
6 the mistrial?

7 BY MR. WHITFIELD: Yes, Your Honor.

8 BY MR. EVANS: Yes, sir, we will.

9 BY MR. HILL: Yes, sir, we will.

10 BY MR. EVANS: I'm glad she spoke for us.

11 BY MR. WHITFIELD: I guess, Your Honor,  
12 that was such a long motion at the end. I'm  
13 going to start kind of backward and work  
14 forwards. I would first state the Court's  
15 already ruled that the lineups in question were  
16 not impermissibly suggestive as stated by the  
17 Courts. We've had a full hearing on that  
18 matter. The Court's have held and the  
19 testimony before with the various things that  
20 would make a lineup -- one was wearing a  
21 jacket, one was wearing a hat, we had different  
22 hair lengths, different size photos. All this  
23 stuff the Supreme Court has ruled does not make  
24 a photo lineup impermissibly suggestive to  
25 require its exclusion.

26 The Court's been fully briefed on that  
27 matter, and we stand on that prior testimony,  
28 and nothing new today has gone to counter that  
29 testimony that the lineups were impermissibly

## CONTINUED PROFFER OF ROBERT JOHNSON - JURY OUT

1           suggestive so as to require their exclusion,  
2           which would negate the purpose for the -- I  
3           believe she called it a retroactive 403 motion  
4           to -- however the motion is styled, we submit  
5           that these photo lineups are not impermissibly  
6           suggestive to require exclusion.

7           May I proceed with the witness, Your  
8           Honor?

9           **BY THE COURT:** You may.

10                               **CROSS-EXAMINATION**

11           **BY MR. WHITFIELD:**

12           **Q**     Now, Chief Johnson, isn't it true that  
13           there are no minimum standards in Mississippi even  
14           today as to what is necessary for a minimum standard  
15           for an investigation?

16           **A**     True.

17           **Q**     So there's no minimum standard that these  
18           officers should have followed to conduct this  
19           investigation in Mississippi even today?

20           **A**     True.

21           **Q**     And the guidelines that you talked about  
22           that are put out by the justice department and  
23           various other agencies are aspirational goals and  
24           not minimum standards?

25           **A**     I don't know what aspirational goals  
26           means.

27           **Q**     The things that we -- that in the law  
28           enforcement community that you tend to strive for,  
29           that they are the guidelines that you want to do but

## ROBERT JOHNSON - PROFFER CROSS

1 they're not the minimum?

2       **A**     There are guidelines that are suggested by  
3 the U.S. Justice Department.

4       **Q**     So they're suggested guidelines and none  
5 of these are required guidelines?

6       **A**     No, they're not required.

7       **Q**     And to your knowledge, nationwide, there  
8 are no required minimum guidelines?

9       **A**     No.

10       **Q**    And would you also agree with me that  
11 there are investigations done every day where  
12 reports are not written?

13       **A**     True.

14       **Q**    And you cannot empirically testify whether  
15 these investigations are more reliable than not,  
16 that they led to the wrong result?

17       **A**     I can testify that -- that a -- an  
18 investigation that is well documented by reports is  
19 much more likely to be a complete investigation as  
20 opposed that those that lack those reports.

21       **Q**    But you can't say that they lead to the  
22 wrong result?

23       **A**     I can say with some certainty that the  
24 conclusion of that -- that investigation is likely  
25 to be more complete than those that lack the  
26 reports.

27       **Q**    Now, you also said that you drafted the  
28 guidelines for the various agencies you worked with;  
29 is that correct?

## ROBERT JOHNSON - PROFFER CROSS

1           **A**     Policies and procedures that we've talked  
2     about.

3           **Q**     And you did not draft the policies and  
4     procedures of the Mississippi Highway Patrol?

5           **A**     No.

6           **Q**     The investigation bureau?

7           **A**     No.

8           **Q**     You didn't draft the policies and  
9     procedures of the Winona Police Department?

10          **A**     No.

11          **Q**     And since there are no minimum standards,  
12     all they have is what you believe, in your opinion,  
13     is what they should have done?

14          **A**     What I -- what my opinion is based upon is  
15     generally accepted practices in police work.

16          **Q**     But did they fall below a minimum  
17     standard?

18          **A**     They fall below what's generally accepted  
19     as an acceptable investigation by police  
20     departments, large and small.

21          **Q**     Let me rephrase my question. You said  
22     there was no minimum standard. You said there was  
23     no standard that -- or you knew there were  
24     investigations done all the time without reports; is  
25     that correct?

26          **A**     There are no minimum standards for  
27     conducting a criminal investigation that says you  
28     are required to do this, this and this. But it is  
29     generally accepted in an investigation that certain

## ROBERT JOHNSON - PROFFER CROSS

1 steps and procedures are to be accomplished.

2 Q And those certain steps would be to  
3 canvass the crime scene for clues?

4 A One of those would be, yes.

5 Q To go down the streets looking in manhole  
6 covers to find and see if there was evidence?

7 A That's correct.

8 Q To talk to coworkers of possible suspects  
9 to rule out their involvement?

10 A That's correct.

11 Q To do gunshot residue tests on potential  
12 suspects?

13 A And do it correctly, yes.

14 Q To go and interview neighbors and people  
15 in the community that may have seen things?

16 A Yes, of course.

17 Q So all those things that they've done are  
18 part of these guidelines that you're talking about?

19 A Generally accepted practices, yes.

20 Q So they did follow generally accepted  
21 practices by --

22 A Yes.

23 Q -- doing all of these things?

24 A Yes.

25 Q Now, one of the other areas that you  
26 talked about -- I'm going to try to hit these in the  
27 order that you talked about them -- is the first  
28 area was management and organization; is that  
29 correct?

## ROBERT JOHNSON - PROFFER CROSS

1           **A**     That's correct.

2           **Q**     And it's your theory or opinion in this  
3 case that because there was no lead investigator  
4 that this investigation was fatally flawed?

5           **A**     I don't know where the term fatally flawed  
6 came from.

7           **Q**     So what is your opinion as to the status  
8 of this investigation because there was no  
9 identified person that was in charge?

10          **A**     That certain information may have been  
11 missed. That certain documents throughout the  
12 course of this trial that were referred to were not  
13 present. There was no report of activity that was  
14 significant to the investigation here available  
15 either for you or for the other side of this case.

16          **Q**     And, now, I understand that you worked for  
17 larger police departments, Jackson, Mississippi;  
18 Lansing, Michigan; I believe Jackson, Michigan?

19          **A**     Yes.

20          **Q**     Department of Corrections, TSA,  
21 departments with large manpower; is that correct?

22          **A**     That's correct.

23          **Q**     So is it not also a common practice in  
24 smaller departments, in rural communities for people  
25 to band together?

26          **A**     Of course, yes.

27          **Q**     And I believe as the chief of Jackson,  
28 you're familiar with territorial conflicts where  
29 sheriffs don't like police encroaching on their

## ROBERT JOHNSON - PROFFER CROSS

1 turf, police don't like sheriffs encroaching on  
2 their turf, and you've dealt with these conflicts?

3 A Yes.

4 Q Now, isn't it the case in this incident  
5 everybody pooled together; there was no conflict?

6 A I'm not aware of what the relationship was  
7 in terms of that question. I don't know.

8 Q And you did review the -- the  
9 documentation? There was some 2,000 pages of  
10 documents, give or take. Did you review all of  
11 these documents?

12 A Everything that was given to me.

13 Q Did you review the trial transcripts?

14 A Some of them, yes.

15 Q So you didn't review all of them?

16 A No.

17 Q You're not sure if you reviewed all  
18 2000-plus pages of discovery?

19 A I reviewed every piece of paper and  
20 discovery that was provided to me. I have a list if  
21 you'd like it.

22 Q And see the video of the crime scene?

23 A Yes.

24 Q All the -- listen to all the tapes?

25 A Yes.

26 Q So they did document a lot of the things  
27 they did, some 2000-plus pages, some 40 interviews,  
28 a video tape, investigator notes, the physical  
29 evidence here, the crime lab submissions. There was

## ROBERT JOHNSON - PROFFER CROSS

1 documentation.

2       **A**     A lot of the reports were not documented.

3       **Q**     But a lot that were?

4       **A**     I don't know because there were no reports  
5 to indicate that it occurred.

6       **Q**     And can you say to a reasonable degree of  
7 certainty that this investigation would have turned  
8 out differently had these been there?

9       **A**     That I can't tell you, no.

10       **Q**    So you have no way to state reliably one  
11 way or another whether this investigation would have  
12 turned out differently?

13       **A**     I cannot state that. I can tell you that  
14 the investigation, in my opinion, wasn't completed.  
15 Now, whether it's completed, it still remains the  
16 same.

17       **Q**     So there's no way to empirically test your  
18 opinion?

19       **A**     Well, you can surmise certain things.

20       **Q**     And that would be speculation on your part  
21 as to what could have been done differently?

22       **A**     Well, certainly, I can advise you about  
23 things that could be done. Now, whether the  
24 conclusion would come out any differently, I don't  
25 know that any of us could predict that. But I think  
26 you do a disservice to both your case and the other  
27 side's case by not completing the investigation  
28 properly.

29       **Q**     Now, I believe the comment was -- let me

## ROBERT JOHNSON - PROFFER CROSS

1 find it in my notes because I don't want to misquote  
2 you: There's no report that didn't happen; is that  
3 correct?

4 A That's correct.

5 Q So the majority of your opinion is going  
6 to the credibilities of these officers who have  
7 testified to the things they did because they didn't  
8 write a report?

9 A That's a common axiom used in police work,  
10 as you probably well know. It doesn't go to the  
11 credibility of the officers that were testifying.

12 Q Now, you drafted an opinion in the case;  
13 is that correct?

14 A That's correct.

15 Q And you said that the problem with this  
16 documentation was the failure to substantiate the  
17 recollection of the officers?

18 A That's correct.

19 Q So that's going to the cred- -- your  
20 opinion is going to the credibility of the officers  
21 for their failure to be able to substantiate their  
22 recollections?

23 A And in some cases, no recollection, I  
24 think, is probably more accurate.

25 Q Now, back to my other point -- I know I'm  
26 jumping around, and I get sidetracked. I go one way  
27 and then come back. You know of many -- there have  
28 been many investigations in this state and  
29 nationwide where agencies have come together in a

## ROBERT JOHNSON - PROFFER CROSS

1 shared or task force manner; is that correct?

2 A That's correct.

3 Q So that's not an uncommon thing for  
4 agencies to come together and work in a task force  
5 manner?

6 A Of course not. It's commendable.

7 Q With each person also responding to their  
8 own individual agency head?

9 A And protocols and procedures, yes.

10 Q So that's not uncommon in the profession?

11 A No, it is not.

12 Q The other part of your management opinion,  
13 if I understood it correctly -- and please correct  
14 me if I misstate you -- is that the case isn't done  
15 because they didn't do an index of the file?

16 A That's a mischaracterization of it.

17 Q And so --

18 A There was no central repository for all  
19 the information coming from disparate sources. You  
20 had the task force together involving three  
21 different and distinct agencies, probably four if I  
22 really think about it -- the D.A.'s office, Winona  
23 police, the sheriff's department and the MBI. But  
24 there was no one repository for this information  
25 that was coming in for everybody who's involved in  
26 this investigation to share and to be aware of  
27 different aspects of the investigation.

28 Q Now, I know that you sat through some of  
29 the testimony. I know you haven't been here for all

## ROBERT JOHNSON - PROFFER CROSS

1 of it. And would it change your opinion, based on  
2 the testimony that they did have regular meetings at  
3 the Winona Police Department -- I believe it's now  
4 the EOC -- to discuss the case and that the  
5 documents all wound up into one central place at the  
6 district attorney's office?

7 **A** What documents were those?

8 **Q** The whole file.

9 **A** Reports of their activities?

10 **Q** The documents in existence, the central  
11 repository you referred to.

12 **A** I know that. I already surmised that it  
13 wound up at the district attorney's office. I --  
14 yeah.

15 **Q** And that would count as a central  
16 repository?

17 **A** Well, the courtroom could count as the  
18 central repository if you brought the information in  
19 and sat it down some place.

20 **Q** And the meetings they had where they met  
21 and shared information?

22 **A** It's what?

23 **Q** The meetings where they met and shared  
24 information, that would also be --

25 **A** Exactly, yes.

26 **Q** -- counter to your opinion that they  
27 didn't do this?

28 **A** No. My opinion is that there was no place  
29 for these resources to go for somebody, a leader or

## ROBERT JOHNSON - PROFFER CROSS

1 a manager of this investigation to review all of the  
2 disparate information that's coming in, not just  
3 simply to bring a file and set it on a table. I'm  
4 not talking about a filing repository. I'm talking  
5 about a place where the information could be perused  
6 by somebody managing the information and directing  
7 the investigation.

8 Q And I also want to go back to one of the  
9 things you said. You are not an expert in forensic  
10 pathology; is that correct?

11 A No, I am not.

12 Q So by the positions of the bodies, the  
13 types of wounds they had, you can offer no opinion  
14 as to whether one shooter could have done that or  
15 not?

16 A I can offer an opinion, but it's not an  
17 expert forensic opinion.

18 BY MS. STEINER: Your Honor, for the  
19 record, under Edmonds, I think we have said  
20 even a forensic pathologist cannot necessarily  
21 offer that sort of an opinion. I object to him  
22 even pursuing this line.

23 BY MR. WHITFIELD: I thought that's what  
24 she offered, Your Honor.

25 BY MR. EVANS: That's what she offered.

26 BY THE COURT: Well, I know what Edmonds  
27 said, but that's -- your questions of Chief  
28 Johnson certainly are indicating that maybe you  
29 didn't know what it said.

## ROBERT JOHNSON - PROFFER CROSS

1           **BY MR. WHITFIELD:** Me, Your Honor?

2           **BY THE COURT:** No, her. I am familiar  
3 with it, but her question suggested she was  
4 not. But thank you for clearing up that you  
5 are familiar with that.

6           **BY MR. WHITFIELD:** One moment, Your Honor.

7 **BY MR. WHITFIELD:**

8           **Q** Now, also, if I understand your testimony  
9 a few minutes ago, you said you offered no opinion  
10 as to the photo lineups?

11          **A** I'm sorry?

12          **Q** You said you had no opinion as to how the  
13 photo lineups were conducted.

14          **A** That's because I don't how they were  
15 conducted.

16          **Q** So basically, you have no opinion in that  
17 area?

18          **A** I provided her information of how a photo  
19 lineup or array should be submitted. I don't know  
20 how that occurred so I don't have any opinion about  
21 it. Had there been a report indicating the way that  
22 the photo array was presented, I may be able to form  
23 an opinion. I don't have an opinion about it.

24           **BY MR. WHITFIELD:** I tender back, Your  
25 Honor.

26                   **REDIRECT EXAMINATION**

27 **BY MS. STEINER:**

28          **Q** Chief, certainly I wasn't talking about a  
29 forensic opinion on means of death. I'm talking

## ROBERT JOHNSON - PROFFERED REDIRECT

1 about an investigator sees a body with a knife  
2 sticking out of the heart. It says one kind of --

3 **BY MR. WHITFIELD:** Your Honor, I'm going  
4 to object to this because as we discussed in  
5 Edmonds, he's not offering any forensic  
6 pathological testimony as to death, and I  
7 believe the Edmonds case was pretty on point on  
8 that. You know, from wounds you don't go  
9 backwards and talk about how many shooters or  
10 anything else.

11 **BY MS. STEINER:** I agree, Your Honor. I'm  
12 just saying -- let me clarify.

13 **BY MS. STEINER:**

14 **Q** My question was: Just as an experienced  
15 investigator walking on a scene, seeing four bodies  
16 with one shot -- or two closely placed shots in the  
17 head, do you draw different conclusions about what  
18 to look for than when you draw -- walk into a crime  
19 scene with one person with a knife sticking out into  
20 his heart?

21 **A** Well, yeah. An investigator's going to  
22 draw conclusions from both -- both scenes, yes.

23 **Q** All right. And are they different?

24 **A** Or form an opinion about each case.

25 **Q** And a reasonable invest- -- and what the  
26 investigator sees at the crime scene, am I correct,  
27 is one of the factors she may add into planning what  
28 the next investigation steps should be?

29 **A** It certainly would give you a notion or an

## ROBERT JOHNSON - PROFFERED REDIRECT

1 idea of which direction to go with the  
2 investigation, at least initially, yes.

3 Q If she were the manager she -- or director  
4 of -- or the leader of that investigation, would  
5 that affect what tasks and what kind of assignments  
6 she would give the people working under her  
7 supervision?

8 A Yeah. It would give the person some idea  
9 of how to initiate the investigation and what  
10 activities you'd be involved in. Yes. Sure.

11 Q And is it your opinion that a properly  
12 organized investigation with a leader, the -- the  
13 crime scene, as observed and documented by Ms.  
14 Schoene did, in fact, suggest investigative leads  
15 and activities that there is no record of occurred  
16 in this case? That -- were there leads suggested  
17 just from this crime scene that did not appear from  
18 the documentation in the case at least to have been  
19 pursued?

20 A I'm sure -- I'm having trouble  
21 understanding the question.

22 Q I'm sorry. We're both tired. I'll just  
23 move on.

24 A Maybe I can --

25 BY MS. STEINER: See if you can tell me  
26 the question I need to ask.

27 BY MR. EVANS: Well, I don't that would be  
28 very proper, either.

29 BY THE COURT: I don't, either.

## ROBERT JOHNSON - PROFFERED REDIRECT

1 BY MS. STEINER:

2 Q All right. Okay. Your opinion is the  
3 investigation in this matter is not, as we stand  
4 here on June 17th, 2010, complete; is that correct?

5 A That's correct.

6 Q And are some of the things that have not  
7 yet been done suggested by the findings of the crime  
8 scene as it looked when Ms. Schoene documented it at  
9 approximately 1:15 on July 16th, 1996?

10 A I can't relate the crime scene to the  
11 completeness or incompleteness of the investigation.  
12 It's based on a number of things that have occurred  
13 during the investigation, not just one single crime  
14 scene.

15 Q Thank you. Now, I -- the -- well, I don't  
16 want to go back through a whole huge laundry list,  
17 but the State did ask about some very specific  
18 stuff. Canvassing the area for clues, did you detect  
19 any report -- even investigator notes, much less any  
20 reports or systematic summary documentation of any  
21 canvassing activities of the businesses surrounding  
22 Tardy's Furniture in what you reviewed in those  
23 documents or what you heard in the courtroom here  
24 today?

25 A No other than what I heard during  
26 testimony.

27 Q But you didn't -- did you see a single  
28 report by an officer that said, "I went to  
29 Coast-to-Coast and spoke to xyz at three in the

## ROBERT JOHNSON - PROFFERED REDIRECT

1     afternoon," anything like that?

2             **A**     No.

3             **Q**     With respect to investigation of  
4     coworkers, other aspects of the business, did you  
5     detect any testimony or documentation, testimony  
6     here today from any of the off- -- or any in this  
7     trial from any of the officers or in any of the  
8     documents you reviewed prior to this trial to  
9     indicate that any invest- -- is there any  
10    documentation of investigation of the circumstances  
11    of the business itself or the other workers at that  
12    business was conducted?

13            **A**     No.

14            **Q**     Similarly -- and then finally, assuming,  
15    Chief Johnson, everything that has come out of the  
16    mouth of every police officer who has testified here  
17    in this trial today and whose testimony you have  
18    previously read is the truth, as that officer best  
19    recalls it to the best of his or her recollection,  
20    even assuming that it is all truthful, you don't  
21    question the veracity of what they say, does that  
22    change any of the opinions you have offered here  
23    today?

24            **A**     I understood the question until the end.  
25    I do not question any person's testimony, veracity  
26    of any of the investigators' testimony, no.

27            **Q**     Thank you.   Thank you.

28                    **BY MS. STEINER:**   Your Honor, that  
29    concludes my proof.

## MOTION IN LIMINE ARGUMENT - JURY OUT

1           **BY THE COURT:** Chief, you may step down  
2 for now. I'll review my notes.

3           **BY MR. WHITFIELD:** Your Honor, do you want  
4 to take cases and arguments on this point?

5           **BY THE COURT:** I've had some cases cited  
6 by the State. But if you've got something  
7 additional, I'll certainly consider it.

8           **BY MR. WHITFIELD:** Yes, Your Honor. First  
9 and foremost, the cases that were previously  
10 cited in the State's motion is Ross vs. State,  
11 which is the most recent pronouncement -- I  
12 believe it's about six and half months old  
13 where this testimony was excluded. First, it  
14 did not meet the Daubert standard to show that  
15 it was reliable. Second, it was established  
16 that it was well documented throughout the  
17 trial and subject to vigorous  
18 cross-examination.

19           As I would submit to the Court today, the  
20 testimony of Chief Johnson is that there are no  
21 minimum standards for an investigation. There  
22 haven't been; there isn't. There are  
23 guidelines that are aspirational, but there are  
24 no minimum standards. Therefore, his opinions  
25 are based on his own speculation as to what  
26 could have been different. He couldn't even  
27 testify that these theories to be empirically  
28 tested one way or the other to whether the  
29 investigation would have come out any

## MOTION IN LIMINE ARGUMENT - JURY OUT

1       differently, thereby giving no help to the  
2       trier of fact who is the jury, and the jury is  
3       the one to determine credibility of witnesses  
4       for documenting or not documenting evidence.

5               And I would point the Court to Thorson vs.  
6       State. Ross appears to be the only case that I  
7       can find on point dealing with the testimony of  
8       somebody trying to be admitted as an expert in  
9       the field of criminal investigations. That's  
10      the only -- Ross one and Ross two.

11             Ross one was a Supreme Court case that  
12      held it didn't meet Daubert. Ross two was a  
13      Court of Appeals case heard later after it was  
14      remanded for other reasons. They went through  
15      the analysis and said once again it didn't meet  
16      the Daubert reliability.

17             But Thorson was a case dealing with the  
18      field of false confessions and said that this  
19      type of the testimony that goes to the  
20      credibility of a witness is not an appropriate  
21      subject for that of an expert witness but  
22      should be left to the province of the jury.

23             Now, the jury has been subjected to  
24      testimony at length about documentation and  
25      whether it was a good idea to have more  
26      documentation or less documentation. The  
27      officers I have heard testify have testified  
28      over and over again that, yeah, it would have  
29      been great to have had more documentation.

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 Which takes us to another matter of the  
2 impermissible bolstering of testimony under  
3 Rule 608. The specifics of conduct of these  
4 officers, whether they wrote a report or not,  
5 is not subject to attack by an expert. They've  
6 testified to what they did. They've admitted  
7 to whether it was a good idea or not. They  
8 said they should -- they could have done  
9 better, but that is not a subject for expert  
10 examination; that is the sole province of the  
11 jury.

12 Edmonds vs. State was another case dealing  
13 with the false confessions, and Dr. Allison  
14 Redlich was denied her ability to come in and  
15 testify about false confessions because these  
16 theories could not be empirically tested.

17 Once again, Chief Johnson's theories  
18 cannot be empirically tested; therefore,  
19 they're not reliable under the Daubert standard  
20 where they must be relevant and reliable.

21 Based on the accumulation of evidence that  
22 the defense has brought out, he has definitely  
23 put on his defense of the documentation was  
24 insufficient and the leaderless investigation,  
25 as they called it. But once again, the  
26 testimony is there are no minimum standards, so  
27 any help or guidance from this expert witness  
28 is invading seriously on the province of the  
29 jury as the determination of credibility and

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 definitely cumulative and in violation of the  
2 Rule 608 for impermissibly bolstering or  
3 attacking the credibility of witnesses, and  
4 should be excluded from testifying.

5 **BY THE COURT:** What is the cite on  
6 Thorson?

7 **BY MR. HILL:** Thorson is 895 So. 2d. 85.  
8 It's a Supreme Court 2004. And, of course, the  
9 Edmonds opinion is 955 So. 2d. 787.

10 **BY THE COURT:** I have read Edmonds. And  
11 I -- I mean, when you started citing authority  
12 on it, it was bringing back what Edmonds said.  
13 But I haven't -- I suspect that -- because I  
14 have too many to read. At one point I read  
15 Thorson, but I could not remember that one like  
16 I did Edmonds.

17 **BY MR. HILL:** And, of course, the Ross  
18 opinion that are six months old that we've  
19 previously cited.

20 **BY THE COURT:** Right. Response?

21 **BY MS. STEINER:** Thank you, Your Honor.  
22 Well, I think that under the court of appeals  
23 decision in Ross, I actually was the appellate  
24 attorney in Ross one and I had an extremely --  
25 the record in Ross one, and I think the  
26 Mississippi Supreme Court found that neither  
27 the qualifications of the individual proposed  
28 to testify nor any testimony whatsoever about  
29 any of the existence of any standards or

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 anything like that, and -- that's what Ross one  
2 found, that just simply this expert hadn't --  
3 wasn't an expert and there was no testimony  
4 establishing that what -- what the discipline  
5 he was going to testify about was.

6 I think in this instance, the proffer from  
7 Chief Johnson, they didn't ask one question  
8 about any of his things about his personal  
9 qualifications or experience and training or  
10 his -- his statements about the existence of a  
11 body of accepted standards and procedures both  
12 academic and in the practical world. They  
13 questioned whether or not Mississippi had  
14 adopted minimum standards, and he answered no,  
15 they hadn't. So I think it's very much  
16 distinguished from Ross one.

17 Ross two, I was happily not involved in,  
18 but I will note that it's exactly the same  
19 expert, so whether or not his credentials were  
20 explored, I don't know. This is certainly not  
21 a case. In fact, Your Honor was very strict on  
22 the objection of the defense not to permit  
23 these officers to offer opinions on whether  
24 they did things better or worse or conformed  
25 with anything. There's also no testimony from  
26 these officers about their opinions on how, you  
27 know, if they did the investigation right or  
28 not. They were allowed to answer questions. I  
29 did this. I didn't do this. And subject to

## MOTION IN LIMINE ARGUMENT - JURY OUT

1           608, problem in Ross two is not existent here.

2           Now, the pro- -- in fact, I'm going -- I'm  
3           looking at Ross. I'm reminded that Ross two  
4           actually did find that the expert's memberships  
5           were voluntary and fee based, not peer reviewed  
6           or tested. There was no challenge to the many  
7           organizations in Mississippi law enforcement  
8           and the credentialing value of those or his  
9           academic qualifications as an adjunct professor  
10          in criminal justice.

11          So I think Ross is distinguishable here,  
12          and I would -- the State is absolutely correct.  
13          The courts in Mississippi have not ever been  
14          presented with, so far as I know, an expert  
15          with the credentials and background and the  
16          kind of explanation about both the discipline  
17          and standards and the individual's credentials  
18          tendered as a expert witness.

19          However, the State -- in the State of  
20          Texas and at least one case in the State of  
21          California, such experts were recognized and  
22          accepted in their opinion testimony  
23          including -- on matters concerning the actual  
24          substantive qualifications of the investigation  
25          and the usual and customary rules of hearsay  
26          testimony by the expert witness were fully  
27          approved.

28          Your Honor, I can have the -- I only have  
29          Westlaw citations but the cases are from Texas,

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 the Morris vs. State. It's a Texas Court of  
2 Appeals decision out of San Antonio. It's --  
3 the citation is -- oh, Lord. Oh, yeah, it is  
4 reported. It's 123 Southwest 3d. 425. The  
5 California case is People vs. McMurry. It is  
6 not an official citation. Its citation is 2009  
7 Westlaw 181-6051 from the California appellate  
8 court --

9 **BY THE COURT:** Wait, you were saying that  
10 way faster that I could write.

11 **BY MS. STEINER:** I was going to say, I  
12 have the Westlaw printouts of both of these. I  
13 have one copy. I would be happy to tender them  
14 the Court for its review and have -- if the  
15 clerk could make copies of them right quick.

16 **BY THE COURT:** I think she could go make a  
17 copy right quick.

18 **BY MS. STEINER:** So that maybe she could  
19 make two. We can return one and --

20 **BY THE COURT:** I was trying to write the  
21 cite so I could look at it.

22 **BY MS. STEINER:** Westlaw citation, when I  
23 get past seven digits I can't even say them,  
24 much less write them down.

25 **BY THE COURT:** Anything else?

26 **BY MS. STEINER:** Well, I would say, Your  
27 Honor, that from my reading of both the Texas  
28 and California cases, it appears that their --  
29 they have adopted the Daubert standard as well

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 so this is not never accepted under Daubert.

2 Very frankly, the findings in Edmonds and  
3 Thorson with respect to the Plaintiff's experts  
4 on -- in Edmonds, it was false confession and  
5 Thorson -- Edmonds and Thorson are both false  
6 confessions. The findings by the Supreme Court  
7 were that that expert had not shown his or her  
8 qualifications. I think maybe it's the same  
9 expert for both. Or her, you know, ability,  
10 training and science, the various cases that  
11 allow experts from the -- I think it's also the  
12 CIS that Mr. McSperrin was from, particularly  
13 with respect to child interview cases, and I  
14 don't have these citations in front of me --

15 **BY THE COURT REPORTER:** Ms. Steiner, what  
16 was the name -- McSperrin?

17 **BY MRS. STEINER:** McSperrin, yes. It's  
18 the CIS. It's a Mississippi Department of  
19 Public Safety subsidiary. They have the cases  
20 which have accepted testimony from experienced  
21 child interviewers that has been challenged as  
22 improperly invading the province of the jury to  
23 determine credibility of child witnesses who  
24 have been during an interview --

25 **BY THE COURT:** I've always sustained  
26 objections to that, too.

27 **BY MS. STEINER:** Well, Your Honor, if this  
28 were a child case, I would be grateful for  
29 that, but I -- the United -- the Mississippi

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 Supreme Court has, where apparently in courts  
2 where objections have not been sustained, has  
3 found that when you lay the proper foundation  
4 for the expert and have a specific finding of  
5 what they are doing and there is a disciplinary  
6 following that -- that with the child  
7 investigation services it is not invading the  
8 province of the jury, and they have in -- and  
9 -- and I just don't have those cases in my  
10 mind, because I don't happen to do child sexual  
11 abuse cases.

12 **BY THE COURT:** I -- I'm familiar with  
13 that. My view has always been that the  
14 probative value was substantially outweighed by  
15 prejudicial harm. But I am familiar with those  
16 cases.

17 **BY MS. STEINER:** Right. You're more --  
18 the court of appeals disagrees with you on some  
19 of those issues and other circuit judges  
20 have --

21 **BY THE COURT:** I note that.

22 **BY MS. STEINER:** And so that when we're  
23 looking at what the Mississippi Court of  
24 appeals is saying here, and I think this is not  
25 an improper invasion of the province of the  
26 jury. I think this is within the realm of a  
27 proper Daubert qualified expert testimony and  
28 that it -- that the overall opinions would  
29 permit the jury -- would permit the jury as the

## MOTION IN LIMINE ARGUMENT - JURY OUT

1 finder of the fact.

2 And then on my subsidiary motion with  
3 respect to the photo lineups, the Chief did  
4 offer an opinion that the Curtis Flowers lineup  
5 was unduly suggestive, not the legal opinion of  
6 whether it meets that but that it has -- it is,  
7 in fact, suggestive and, in fact, more  
8 suggestive than the one with Doyle Simpson in  
9 it. This jury is going to be asked to make a  
10 finding, one, I think they're going to be  
11 struggling, whether or not depending, because  
12 they're certainly finders of fact, whether or  
13 not the photo identifications by Mr. Collins  
14 are accurate in having this individual expert's  
15 opinion regarding not legal suggestibility but  
16 empirical suggestibility would assist them in  
17 arriving at that conclusion.

18 So without waiving any of the other  
19 objections, we would respectfully, at least to  
20 the photo lineup, we would like to have the  
21 proffer testimony -- offer the proffered  
22 testimony to the jury.

23 And if I may approach, I can give you the  
24 Texas and California cases, Your Honor.

25 And let me read for the court reporter the  
26 Westlaw citation in this case if ever reviewed.  
27 The case is People vs. McMurray, the State of  
28 California 2009WL181-6051.

29 **BY THE COURT REPORTER:** Is it McMurray m-c

7 BY THE COURT: 425. I think I'm going to

10 and it'll take me a long time to review them.  
11 And while I'm reviewing them, everyone else is  
12 probably ready to go to the house. So we'll

*Court's Ruling on Motions*

1 (COURT WAS DULY OPENED ON JUNE 18, 2010.)

2 (MR. EVANS, MR. HOWIE, MR. HILL, MRS. STEINER, MR. CARTER  
3 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
4 WERE AS FOLLOWS:)

5 THE COURT: I took up a motion yesterday. The  
6 Court presently has before it a Motion to Exclude  
7 Evidence and Testimony under Mississippi Rules of  
8 Evidence 702 and 608 that was filed by the State of  
9 Mississippi.

10 In the motion the State seeks to have this Court  
11 exclude the testimony of Robert Johnson, who has been  
12 tendered as an expert witness in the field of law  
13 enforcement, police practices, consulting, investigation,  
14 administration, communication, dispatching and training.

15 When considering whether expert testimony is  
16 admissible, this Court must look to Mississippi Rules of  
17 Civil Procedure. Rule 702 of the Mississippi Rules of  
18 Procedure states that if scientific, technical or other  
19 specialized knowledge will assist the trier of fact in  
20 understanding the evidence or to determine a fact in  
21 issue a witness qualified as an expert by knowledge,  
22 skill, experience, training or education must testify  
23 thereto in forming of an opinion or otherwise if 1) the  
24 testimony is based upon sufficient facts or data 2) the  
25 testimony is a product of reliable principles and methods  
26 and 3) the witness has applied the principles and methods  
27 reliably to the facts of the case.

28 In *Mississippi Transportation Commission versus*  
29 *McLemore*, 863 So.2d 31, the Mississippi Supreme Court

1 held that the testimony of expert witnesses should be  
2 admitted only if a witness is qualified by virtue of his  
3 or her knowledge, skill, experience or education and the  
4 witness's scientific, technical or other specialized  
5 knowledge must assist the trier of fact in understanding  
6 or deciding the fact in issue.

7 In determining whether expert testimony is  
8 admissible, the courts must also make a determination as  
9 to whether the testimony is reliable. The factors  
10 include whether the theory or technique can be and has  
11 been tested, whether it has been the subject of peer  
12 review and publication, whether with respect to a  
13 particular technique there is a high known or potential  
14 rate of error, whether there are standards controlling  
15 the techniques operation and whether the theory or  
16 technique enjoys general acceptance within a relevant  
17 scientific community. And that was in *McLemore* at Page  
18 37, citing *Daubert versus Merrell Dow*.

19 In *Palmer versus Volkswagon America, Inc.*, 904 So.2d  
20 1077, Supreme Court held -- Mississippi Supreme Court  
21 held that if a witness is testifying about a subject that  
22 requires scientific, technical or other specialized  
23 knowledge that is beyond the common knowledge of a random  
24 adult, the testimony must be treated as expert testimony.

25 Chief Johnson is being offered as a witness to show  
26 that the investigation in the murders that are subject to  
27 this case was flawed. More specifically, he claims the  
28 investigation was flawed because there was never a lead  
29 investigator and central repository of information and

1 evidence that was gathered, that the integrity of the  
2 crime scene was not properly preserved causing the  
3 possibility of evidence contamination and overlooking of  
4 evidence, the evidence was not properly documented and  
5 the investigation focused too early on one suspect.

6 Chief Johnson stated that there were commonly  
7 accepted investigative standards throughout most of the  
8 country; however, he never articulated what they are. He  
9 even went so far as to say that if something is not  
10 documented, it did not happen. He stated there were no  
11 minimum standards for police investigations in  
12 Mississippi and therefore was unable to say that the  
13 investigation of the Tardy murders fell below minimum  
14 standards for police procedures and protocols in  
15 Mississippi.

16 In *Ross versus State*, 954 So.2d 968, the Mississippi  
17 Supreme Court held that the testimony of an expert in the  
18 field of police investigatory techniques must meet the  
19 standards required under *Daubert* and *McLemore*. Court  
20 will note that this Court has heard testimony from  
21 experts in the field of ballistics, pathology,  
22 fingerprints, shoe print identification, gunshot residue  
23 and identification, and trace evidence.

24 In each of those fields a properly trained expert  
25 could analyze the evidence gathered and reach the same or  
26 similar conclusion as any other expert. For instance,  
27 both David Balash and Joe Andrews testified that gunshot  
28 residue consists of lead, barium and antimony in a  
29 spherical shape. The Court will also note the

1 similarities in the testimony in David Balash and Steve  
2 Byrd in the field of ballistics. Although there were  
3 minor disagreements in the expert opinions, the  
4 methodology they used in -- to reach their opinions was  
5 the same.

6 In the field of criminal investigations there are no  
7 established investigatory techniques that if followed  
8 will lead to the same results. If so, then every police  
9 department would have a manual, if you will, a criminal  
10 investigation for dummies book, that, if followed, would  
11 lead to the arrest and conviction of all criminal  
12 perpetrators. However, that is not the case because no  
13 two crimes are the same. And thus no two criminal  
14 investigations are the same.

15 Because there is no valid way of testing the field  
16 of police investigatory techniques, this Court finds the  
17 proposed expert testimony in the field fails to meet the  
18 reliability standards required under Rule 702.

19 Now, every police officer that has testified has  
20 admitted that he could and maybe should have done things  
21 differently. Bill Thornburg testified that he probably  
22 should have taken a photograph of the fence post at the  
23 home of Doyle Simpson's mother. Jack Matthews testified  
24 that perhaps photos of the fence post should have been  
25 taken, and he probably should have written down the  
26 description that Catherine Snow offered of the individual  
27 she had seen at Doyle Simpson's car. James Taylor  
28 Williams admitted he thought he had written a complete  
29 report on his activities for the day of murder and if he

1        didn't, he should have.

2                John Johnson admitted that there were reports he  
3        probably should have made during the course of the  
4        investigation that were not made. Wayne Miller admitted  
5        that he had no record of where the photos came from in  
6        the photo line-up shown to Porky Collins. And by no  
7        means is this an exhaustive list of the things that  
8        different police officers testified that they could or  
9        should have done and maybe were wrong in not doing.

10              This Court only uses these illustrations to point  
11        out that all police officers that were investigating the  
12        crime were questioned vigorously. They were questioned  
13        in minute detail about the investigations and  
14        deficiencies in the investigation. Thus this Court finds  
15        that even if the proper testimony met the reliability  
16        standards of Rule 702 it would be cumulative in nature  
17        and would not assist the jury.

18              The defendant also seeks to have Chief Johnson offer  
19        an expert opinion concerning the photo line-up shown to  
20        Porky Collins. However, Chief Johnson testified that he  
21        did not have sufficient information about the line-up to  
22        offer an expert opinion. Additionally, because Porky  
23        Collins was cross-examined for over four hours and  
24        because both John Johnson and Wayne Miller were called as  
25        defense witnesses and questioned at great length on the  
26        subject, this Court finds that expert testimony of the  
27        photo line-up -- about the photo line-up would be  
28        cumulative in nature and would be of no assistance to the  
29        jury.

1           For these reasons, the Court finds the Motion to  
2           Exclude Evidence and Testimony Under Mississippi Rules of  
3           Evidence 702 and/or 608 to be well taken and the  
4           testimony of Chief Johnson is excluded.

5           Also, there was a motion for mistrial made  
6           yesterday, and that is denied as well.

7           With this motion behind us, who does the defense  
8           have as their next witness?

9           MRS. STEINER: Your Honor, before we do that,  
10          we had also renewed the Motion to Exclude the Evidence.  
11          That was the mistrial motion.

12          THE COURT: Well, that is denied.

13          MRS. STEINER: Thank you.

14          THE COURT: The Court had an extensive pretrial  
15          motion on that. And for the reasons stated during that  
16          motion, that is denied.

17          If you will, bring the jury back in now.

18          (THE JURY ENTERED THE COURTROOM.)

19          THE COURT: Good morning, ladies and gentlemen.

20          And Court will come back to order.

21          Who would the defense's next witness be?

22          MRS. STEINER: Your Honor, the defense would  
23          move and re-move the admission into evidence of every  
24          item -- the defense would move and re-move the admission  
25          into evidence of every item marked by it and sought to be  
26          admitted into evidence. And then would rest.

27          THE COURT: I'm not really clear how you can  
28          move and re-move something.

29          MRS. STEINER: Well, we had sought -- and I am

1 just trying to cover the record to make sure all the  
2 exhibits we sought to have admitted into evidence were  
3 either admitted or denied.

4 THE COURT: Okay. Well, if you have got  
5 anything that was not admitted that you wish to have  
6 admitted that the Court has not ruled on --

7 MRS. STEINER: My notes show the Court had  
8 ruled on everything we had sought. I just wanted to  
9 preserve the record there.

10 THE COURT: Okay. Then you are saying the  
11 defense does rest at this time.

12 MRS. STEINER: Yes, Your Honor.

13 THE COURT: Does the State have any, any  
14 rebuttal evidence?

15 MR. EVANS: Very briefly, Your Honor. We would  
16 call Frank Ballard.

17 (THE WITNESS ENTERED THE COURTROOM.)

18 THE COURT: If you will, come forward, face the  
19 bench, raise your right hand and take the oath.

20 (THE WITNESS APPROACHED THE BENCH.)

21 Do you solemnly swear or affirm that the testimony  
22 you give in this case will be the truth, the whole truth  
23 and nothing but the truth, so help you God?

24 THE WITNESS: Yes, sir, I do.

25 THE COURT: Come around please and have a seat.

26 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

27 THE COURT: State your name for the record,  
28 please.

29 THE WITNESS: Frank Scott Ballard.

1 MR. EVANS: Just a minute, Your Honor.

2 Your Honor, may I have this item re-marked for  
3 identification?

4 THE COURT: You may.

5 (A JUDGMENT WAS MARKED STATE'S EXHIBIT NUMBER 145 FOR  
6 IDENTIFICATION.)

7 MRS. STEINER: May we approach, Your Honor?

8 (MR. EVANS, MR. HOWIE, MRS. STEINER AND MR. CARTER  
9 APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
10 OUTSIDE THE HEARING OF THE JURY.)

11 MRS. STEINER: Your Honor, based on - what's  
12 the number on that - S-145 for identification, it appears  
13 to be the proof of a judgment entered against --

14 MR. EVANS: Robert Fleming.

15 MRS. STEINER: -- Robert Fleming. I don't  
16 believe this is proper rebuttal. The defendant's  
17 evidence was that Miss Mary Ella Fleming had no knowledge  
18 of whether or not her brother had been sued and had the  
19 judgment against him. This is not responsive to her  
20 knowledge. This is simply establishing that, in fact,  
21 the stuff -- what she didn't know was that her brother  
22 did have a judgment against him.

23 The testimony, I believe, from Miss Clemmie Fleming  
24 and concerning Miss Clemmie Fleming all stated that there  
25 was a lawsuit brought on the cosigned note. There was  
26 collection brought on the cosigned note, I believe. This  
27 is not responsive to anything established or rebuttal to  
28 anything established in the defendant's case. And that  
29 it is therefore irrelevant and would be misleading,

1       confusing and cumulative to the jury and should therefore  
2       be excluded under both Rule 402 and 403 and is not proper  
3       rebuttal to the defendant's case.

4               MR. EVANS: Briefly in response, Your Honor.  
5       They attacked this witness on the fact that -- trying to  
6       accuse her of lying to get her furniture debt paid for.  
7       Some of her family members testified that that is why she  
8       did it. And it is simply to show that the debt -- she  
9       was never told that the debt would not have to be paid  
10      for.

11             As a matter of fact, they did, in fact, sue the  
12      cosigner that had a job. The reason she wasn't sued is  
13      she didn't have a job. The cosigner did, and there was a  
14      judgment entered in it.

15             THE COURT: The Court finds it is proper  
16      rebuttal because the defense certainly left in the jury's  
17      mind the idea that she got her furniture for free for  
18      coming up here and testifying. And so I think it's  
19      appropriate rebuttal to show, to rebut that proof that  
20      was offered. So I will deny the motion.

21             MRS. STEINER: Thank you, Your Honor.

22      (THE BENCH CONFERENCE WAS CONCLUDED.)

23             MR. EVANS: May I proceed, Your Honor?

24             THE COURT: You may.

25             FRANK SCOTT BALLARD, Called on behalf of the Defendant,  
26      having been duly sworn, was examined and testified as follows:

27      DIRECT EXAMINATION BY MR. EVANS:

28             Q. I'm not sure if you did it or not, but state your  
29      name for the record, please.

1 A. Frank Scott Ballard.

2 Q. And Mr. Ballard, what was your connection with Tardy  
3 Furniture?

4 A. When we reopened the furniture company, Roxanne and  
5 I took over and ran it.

6 Q. All right. And Roxanne's your wife.

7 A. That's correct.

8 Q. All right. Do you know a person by the name of  
9 Clemmie Fleming?

10 A. Yes, sir, I do.

11 Q. Did she have a debt with Tardy Furniture?

12 A. Yes, sir, she did.

13 Q. In any way was that eliminated in exchange for her  
14 testimony?

15 A. Absolutely not.

16 Q. And, in fact, what was done with that debt?

17 A. That debt was turned over to justice court and legal  
18 proceedings were made against her. She was not gainfully  
19 employed. So standard procedure at that time was she was -- I  
20 believe it was her brother, Robert. And the lawsuit or the  
21 justice court judge went after the cosigner of the contract.

22 Q. All right. So even after she testified, there was a  
23 suit filed on this debt and judgment rendered.

24 A. Yes, sir.

25 Q. I want to hand you Exhibit 145 and ask if you can  
26 identify this.

27 A. Yes, sir, I can.

28 Q. What is that?

29 A. This is when we went to the justice court clerk and

1 filed papers.

2 Q. Is that on that same debt that Clemmie Fleming and  
3 her brother, Robert, had at that time?

4 A. Yes, sir, it is.

5 MR. EVANS: Your Honor, I offer this into  
6 evidence.

7 THE COURT: I'll allow it to be admitted.

8 MRS. STEINER: Subject, Your Honor, to the  
9 matters at bench.

10 THE COURT: Your objection there is noted.

11 (THE JUDGMENT PREVIOUSLY MARKED STATE'S EXHIBIT NUMBER  
12 145 FOR IDENTIFICATION WAS ADMITTED INTO EVIDENCE.)

13 MR. EVANS: May I have this passed to the jury,  
14 Your Honor?

15 THE COURT: You may.

16 MR. EVANS: I'll tender the witness.

17 CROSS-EXAMINATION BY MRS. STEINER:

18 Q. Good morning, Mr. Ballard.

19 A. Good morning.

20 Q. Now, the furniture note was signed by Miss Clemmie  
21 Fleming and her brother Robert; is that correct?

22 A. Yes, ma'am.

23 Q. To your recollection. Miss Mary Ella Fleming, one  
24 of their sisters, was not a cosigner on that note; is that  
25 correct?

26 A. I don't believe so. No, ma'am.

27 Q. And the judgment you obtained did not -- was not  
28 against her.

29 A. Her? Her?

1 Q. Miss Mary Ella Fleming.

2 A. No, ma'am.

3 Q. This is simply evidence of the judgment against the  
4 cosigner who was employed; is that correct?

5 A. The -- it was actually for the people on the  
6 contract.

7 Q. Right. And Mr. Robert Fleming was one of those  
8 people.

9 A. That's correct. Yes, ma'am.

10 Q. And that -- I believe it's for a little over \$450;  
11 is that correct?

12 A. The -- I believe that. And court costs is also  
13 involved.

14 Q. And, and did you know -- did you obtain a wage  
15 garnishment on Mr. Fleming pursuant to this judgment?

16 A. Ma'am, I really and truly don't remember.

17 Q. But the reason you got judgment on him was in the  
18 hopes that if he did not voluntarily satisfy the judgment you  
19 could garnish his wages; is that right?

20 A. That's -- yes, ma'am.

21 Q. Do you know whether or not he did, in fact, satisfy  
22 this judgment either by paying it or through wage garnishment?

23 A. Ma'am, there were numerous people that suit was  
24 filed against. And I'd have to -- I'd have to pull the  
25 records and see.

26 Q. All right. Are you saying filed against for this  
27 particular debt or for just in general since you and Roxanne  
28 began running the business you filed suit against numerous  
29 people for debts?

1 A. Anyone that didn't pay their bills, yes, ma'am.

2 Q. All right. And again, they are all for amounts like  
3 this, 450 plus court costs, that sort of amount.

4 A. Oh, yes, ma'am.

5 Q. Or more.

6 A. Whatever, whatever their debt was.

7 Q. And certainly in these numerous suits for people who  
8 didn't pay, if they were employed, then if you got a judgment,  
9 and it was not immediately satisfied, you would pursue  
10 garnishment against their wages; is that right?

11 A. I believe that was the procedures, yes, ma'am.

12 Q. All right. And perhaps for the ladies and gentlemen  
13 who hopefully haven't had this happen, what is garnishment of  
14 the wages when -- as you understand it, when you got a  
15 judgment against somebody who hadn't paid for their furniture.

16 A. Well, it is my understanding that if you have a debt  
17 and you go to court, you pay the court fees. And the judgment  
18 is for recovery of your debt. And those people gainfully  
19 employed and do not voluntarily want to settle the judgment  
20 then the court orders garnishment of their wages through their  
21 employer.

22 Q. And that means the employer withholds a certain  
23 amount from each paycheck until the full amount is collected  
24 and then sends it on to y'all.

25 A. It's handled through the court.

26 Q. Right. They send it to you all.

27 A. Yeah, I don't know that aspect of it.

28 Q. And --

29 A. The justice court handled that side of it.

1 A. Anyone that didn't pay their bills, yes, ma'am.

2 Q. All right. And again, they are all for amounts like  
3 this, 450 plus court costs, that sort of amount.

4 A. Oh, yes, ma'am.

5 Q. Or more.

6 A. Whatever, whatever their debt was.

7 Q. And certainly in these numerous suits for people who  
8 didn't pay, if they were employed, then if you got a judgment,  
9 and it was not immediately satisfied, you would pursue  
10 garnishment against their wages; is that right?

11 A. I believe that was the procedures, yes, ma'am.

12 Q. All right. And perhaps for the ladies and gentlemen  
13 who hopefully haven't had this happen, what is garnishment of  
14 the wages when -- as you understand it, when you got a  
15 judgment against somebody who hadn't paid for their furniture.

16 A. Well, it is my understanding that if you have a debt  
17 and you go to court, you pay the court fees. And the judgment  
18 is for recovery of your debt. And those people gainfully  
19 employed and do not voluntarily want to settle the judgment  
20 then the court orders garnishment of their wages through their  
21 employer.

22 Q. And that means the employer withholds a certain  
23 amount from each paycheck until the full amount is collected  
24 and then sends it on to y'all.

25 A. It's handled through the court.

26 Q. Right. They send it to you all.

27 A. Yeah, I don't know that aspect of it.

28 Q. And --

29 A. The justice court handled that side of it.

1 Q. So anybody who has a judgment and garnishment, his  
2 or her paycheck reduces for a period of time until that debt  
3 is paid in to the court, as far as you know.

4 A. It's never happened to me personally. So I don't  
5 know exactly. It is handled through the court here.

6 Q. But you certainly have in the business, at least  
7 since you have been running it, during period of recovery and  
8 collected money from justice court on garnishments; is that  
9 correct?

10 A. Yes, ma'am, that's correct.

11 MRS. STEINER: One moment, Your Honor. Thank  
12 you, Your Honor. I have nothing further on this witness.

13 THE COURT: Any redirect?

14 MR. EVANS: No, Your Honor.

15 THE COURT: Mr. Ballard, you may step down and  
16 you are finally excused.

17 THE WITNESS: Thank you.

18 THE COURT: State have any other witnesses?

19 MR. EVANS: One more, Your Honor.

20 We would call Wanda Meeks.

21 (THE WITNESS ENTERED THE COURTROOM.)

22 THE COURT: If you will, come around, please,  
23 face the bench, raise your right hand, and take the oath.

24 (THE WITNESS APPROACHED THE BENCH.)

25 Do you solemnly swear or affirm that the testimony  
26 you give in this case will be the truth, the whole truth  
27 and nothing but the truth, so help you God?

28 THE WITNESS: Yes, sir.

29 THE COURT: Come around, please, and have a

1 seat.

2 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

3 THE COURT: State your name please for the  
4 record.

5 THE WITNESS: Wanda Robertson.

6 WANDA ROBERTSON, Called on behalf of the State, having  
7 been duly sworn, was examined and testified as follows:

8 DIRECT EXAMINATION BY MR. EVANS:

9 Q. Miss Robertson, did you used to go by the name of  
10 Wanda Meeks?

11 A. Yes. I was married nine months ago.

12 Q. Okay. I want to direct your attention back to the  
13 murders at Tardy Furniture. Did you have an occasion to know  
14 a person by the name of Clemmie Fleming?

15 A. Yes, sir.

16 Q. How did you know her?

17 A. She worked where I worked at Multi-Craft.

18 Q. Okay. How long had y'all worked together?

19 A. I think Clemmie had just started --

20 Q. Okay.

21 A. -- about the time of the murders.

22 Q. Did y'all happen to have a conversation at  
23 Multi-Craft that had anything to do with the Tardy Furniture  
24 murders?

25 A. Yes.

26 Q. What, if anything, developed out of that  
27 conversation?

28 A. We had that conversation that morning where we  
29 worked, in the department that we were worked, just general

1 talking about the murders. And it was brought up that my  
2 youngest son and Bobo were really good friends and that BoBo  
3 had been living with us. Later at lunch Clemmie and I ended  
4 up in line together going to the break room, and she asked me  
5 how my son was doing.

6 MRS. STEINER: I am going to object to what  
7 Miss Fleming said as hearsay.

8 MR. EVANS: I don't think we have gotten into  
9 any hearsay yet.

10 THE COURT: It sounded like she was about to  
11 say what Miss Fleming --

12 Q. You can't say what she told you. But based upon  
13 what she told you, what did you do?

14 A. I don't understand what you...

15 Q. All right. The Court says I can't ask you what she  
16 told you. But based upon what y'all's conversations were, did  
17 you call anyone?

18 A. I contacted John Johnson.

19 Q. Okay. And why did you contact John Johnson, if you  
20 can answer that without saying what you had been told?

21 A. I contacted John because of what she said.

22 Q. Okay. And did that relate to the Tardy Furniture  
23 murders?

24 A. Yes, it did.

25 Q. Once you contacted Mr. Johnson, what happened next?

26 A. Clemmie met with John.

27 Q. Okay. And where was that meeting, if you remember?

28 A. Here at the courthouse.

29 Q. Okay. Were you present for any of it?

1           A.    Clemmie wanted me to come with her, but I was not  
2 present when she and John spoke.  No.

3           Q.    Okay.  Did you overhear any of the conversation?

4           A.    No.

5           Q.    Okay.  But you were the one that got her and John  
6 Johnson together.

7           A.    Correct.

8           Q.    And it was based on what she had told you.

9           A.    Correct.

10                   MR. EVANS:  That's all, Your Honor.

11                   MRS. STEINER:  One moment, Your Honor.  I need  
12 to get something out of the box.

13                   THE COURT:  Sure.

14           CROSS-EXAMINATION BY MRS. STEINER:

15           Q.    Good morning, Miss Meeks.

16           A.    Good morning.

17           Q.    Miss Robertson.  Excuse me.  You -- would you --  
18 when you and -- the conversation you overheard, I believe you  
19 testified, was in general about the murders at Tardy's; is  
20 that correct?

21           A.    No, ma'am.

22           Q.    Oh, I'm sorry.

23           A.    I didn't overhear a -- we -- there was a  
24 conversation earlier.  The conversation that Clemmie and I had  
25 was between ourselves.

26           Q.    Oh, I realize that.  But it followed a general  
27 conversation on the floor about the incident at Tardy  
28 Furniture.

29           A.    (Nodded.)

1 Q. And as I understand it, within 24 hours of receiving  
2 the information from Miss Fleming, you had set up her meeting  
3 with Mr. Johnson; is that correct?

4 A. Correct.

5 Q. So if Mr. Johnson says that meeting happened on  
6 April 11, 1997, you would not dispute that. Does that fit  
7 with your recollection?

8 A. I honestly don't recall when the meeting took place.

9 Q. All right.

10 A. But it was after the murders.

11 Q. Within 24 hours of when Miss Fleming and you had had  
12 the conversation.

13 A. It happened that afternoon.

14 Q. All right. Now, in April of 1997, is it not true  
15 that Mr. Flowers had been -- already been arrested? Is that  
16 correct?

17 A. I assume.

18 Q. All right. And do you remember that March 24 or  
19 March 25 he had actually gone to court and been arraigned and  
20 there had been a lot -- there had been a front page story in  
21 *The Winona Times* after that, the last week in March? Do you  
22 recall that?

23 A. Not the exact dates. No, ma'am.

24 Q. Not the exact dates, but you do recall that at some  
25 point prior to Miss, Miss Fleming and you having this  
26 conversation Mr. Flowers had actually already been to court to  
27 be arraigned the first time.

28 A. No, ma'am, I don't recall that.

29 Q. All right. You don't read *The Winona Times*.

1           A.    Yes, ma'am.

2           Q.    All right.  Now, these events happened in April of  
3 1997.  At any point did you provide any sort of written report  
4 to the office of the district attorney about these events?

5           A.    Yes.

6           Q.    And when did you do that?

7           A.    About a month ago.

8           Q.    All right.  If the written report that you provided  
9 said it was provided May 25, 2010, does that refresh --

10          A.    That would be about right.  Yes.

11          Q.    All right.  How did you come to provide that one  
12 report 13-plus years after the events that happened?

13          A.    I was asked by John Johnson.

14          Q.    All right.  Had you ever prior to that been asked to  
15 prepare any sort of report?

16          A.    No, ma'am.

17          Q.    To your knowledge, did Mr. Johnson take any notes  
18 about what you said to him when you brought Miss Fleming to  
19 the building?  Did you see him taking notes?

20          A.    Yes, ma'am.

21          Q.    He did take notes of what you said.

22          A.    (Nodded.)

23          Q.    But you don't know whether he wrote it up in a  
24 formal report.

25          A.    No, ma'am.

26          Q.    All right.  It's safe to say that at the point at  
27 which this conversation occurred with Miss Fleming, people had  
28 been concerned about talking about what had happened at  
29 Tardy's on July 16, 1996, for the entire seven months between

1 when that had happened and when you and Miss Fleming had this  
2 conversation; is that correct?

3 A. Yes, ma'am.

4 Q. Thank you. That's all.

5 That's all I have, Your Honor, of this witness.

6 REDIRECT EXAMINATION BY MR. EVANS:

7 Q. Did you or anybody else in your presence try to get  
8 her to identify any certain person?

9 A. No, sir.

10 Q. She just said who she saw running from the store.

11 A. Yes, sir.

12 Q. Now, you don't know why it was necessary for us to  
13 get a statement to furnish to the defense, do you?

14 A. No sir.

15 Q. Do you have any problem remembering what happened  
16 that day?

17 A. Not at all.

18 MR. EVANS: Nothing further, Your Honor.

19 THE COURT: Miss Robertson, you may step down.  
20 You are excused.

21 THE WITNESS: Thank you.

22 MR. EVANS: Your Honor, the State will finally  
23 rest.

24 THE COURT: Ladies and gentlemen of the jury,  
25 both sides have now rested their case. It's going to be  
26 necessary now for us to recess to go over jury  
27 instructions. I say it will probably take 30, 45  
28 minutes. I don't know exact timeframe for that, because  
29 you know, there will be a number of issues we have to

1 look over. Just be knowing that we will be working  
2 diligently to have those instructions ready to present to  
3 you as quickly as possible.

4 If you will just step in the jury room and wait on  
5 that. And please, do not discuss the case with anyone,  
6 well, it is only going to be among yourselves while you  
7 are back there.

8 (THE JURY LEFT THE COURTROOM.)

9 I was advised by the bailiff at some point this  
10 morning Mr. Robinson, one of the jurors, has got to  
11 receive a shot that he has to have periodically. And  
12 they are going to make an arrangement -- well, they need  
13 to do -- whoever is going to do it needs --

14 You need to arrange for a nurse to have it before  
15 any deliberations begin. It will have to be in your  
16 presence while that shot is being administered to make  
17 sure that no improper statements or contact is made.

18 BAILIFF BROWNING: Okay, sir.

19 I will inform the sheriff to get a nurse up here.

20 THE COURT: Okay.

21 We will proceed with going over jury instructions.  
22 And I, I don't know -- I need a copy of the State's  
23 instructions.

24 (MR. HOWIE HANDED THE COURT A COPY OF THEIR JURY  
25 INSTRUCTIONS.)

26 I am going to need quiet in the jury room -- I mean  
27 the courtroom, while we are going over instructions.

28 The Court has C-1, -2, -3 and -4 that would be  
29 things the Court would intend to offer at this time.

1           Is there any objection to these four instructions?

2           MRS. STEINER: Your Honor, on some of the  
3           subject matters the State has -- I'm sorry, the defendant  
4           has submitted supplemental instructions to further  
5           clarify some of the matters discussed by the Court. But  
6           the only objection would be the denial of those further  
7           instructions to the extent that they either elaborate on  
8           or say things on subject matters the Court does not say.  
9           That would be our only objection to 1, 2, 3 and 4 by the  
10          Court.

11          THE COURT: C-1, -2, -3 and -4 are given.

12          Okay. Let's see. Any objection to S-1?

13          MRS. STEINER: Forgive me, Your Honor. It was  
14          just physically handed to me. I need to make sure it is  
15          similar to the one that I reviewed the prior trials. It  
16          appears to accurately state the elements of capital  
17          murder, Your Honor, with respect to each of the four  
18          counts of the indictment.

19          THE COURT: S-1 will be given.

20          Any objection to S-2?

21          MRS. STEINER: Yes, Your Honor. We would  
22          object. The evidence respecting the robbery is entirely  
23          circumstantial. And we would object to giving this  
24          without the words after, in the first line, beyond a  
25          reasonable doubt, we would object unless the words and to  
26          the exclusion of every other reasonable hypothesis  
27          consistent with innocence.

28          The testimony -- the only thing that -- and, and we  
29          will later be arguing that this is so flimsy and

1       unreliable, it should not even be considered direct  
2       testimony. But the only direct evidence of guilt of  
3       anything is the testimony by Odell Hallmon that Mr.  
4       Flowers had told him he killed those people. That is  
5       direct evidence only under these context of murder.

6       Whether or not the robbery occurred is an entirely  
7       circumstantial case, and we, therefore, object to the  
8       giving of an instruction regarding robbery that does not  
9       include the necessary language for an entirely  
10      circumstantial case. So we object to it unless the Court  
11      also inserts the words after beyond a reasonable doubt,  
12      unless it inserts and to the exclusion of every other  
13      reasonable hypothesis consistent with innocence.

14               THE COURT: Response.

15              MR. EVANS: Your Honor, this is not a  
16      circumstantial evidence. There is direct proof. He  
17      admitted to Odell Hallmon he killed them, and that takes  
18      it out from under the circumstantial cases.

19              You don't -- you don't break it down to the  
20      elements. If there is direct proof of any of the crime,  
21      then it is a direct proof case.

22              MRS. STEINER: Your Honor, the instructions are  
23      separate. And I believe that we are entitled, with  
24      respect to the robbery, even if the Court finds that Mr.  
25      Hallmon's testimony is sufficient to be treated as direct  
26      evidence of the murders, it is not sufficient to be  
27      direct evidence of the robbery. And I believe on some of  
28      the documentation on our circumstantial evidence,  
29      *Sandstrom versus Wyoming*. It's a United States Supreme

1 Court case regarding looking up circumstantial elements  
2 and requiring that each chain in the circumstance be  
3 proved -- be proved beyond a reasonable doubt.

4 Mississippi Supreme Court is very clear you do break  
5 down. For instance, *Barry Hill versus State*, as a matter  
6 of law. Because the indictment did not state the  
7 burglary charge with sufficient specificity, that was  
8 parsed out and treated separately. And, in fact, the  
9 capital murder aspects were completely quashed.

10 It's a similar situation under *Sandstrom* and the  
11 general rules of Constitutional Right under Sixth and  
12 Fourteenth Amendment. We are entitled, with respect to  
13 the robbery, to a circumstantial evidence instruction.

14 And in -- and we would, in fact, with respect to  
15 S-2, tender the instruction as I have described it with  
16 the insertion of the words and to the exclusion of every  
17 other reasonable hypothesis consistent with innocence.

18 MR. EVANS: The case that she cited had nothing  
19 to do with burden of proof. There isn't -- the law in  
20 Mississippi is if it's a capital case that relates to a  
21 burglary, you have to put in the indictment what the  
22 underlying elements for burglary were. That has nothing  
23 to do with the burden of proof.

24 If there is direct proof of any elements of the  
25 crime, it takes it out from under being a circumstantial  
26 evidence case. I have never seen a case that the Court  
27 has tried to break down or could break down whether one  
28 element is circumstantial and one is not.

29 THE COURT: Well, I'm of the opinion -- I mean

1 we have got direct testimony, if they believe Odell  
2 Hallmon. We have got direct proof, and so I am going to  
3 grant S-2.

4 MRS. STEINER: We would object to the granting  
5 of S-2 in that form.

6 THE COURT: Well, that's noted.

7 Any objection to S-3?

8 MRS. STEINER: No. No objection.

9 THE COURT: It will be given.

10 MRS. STEINER: No objection to S-4.

11 THE COURT: It is given.

12 MRS. STEINER: No objection to S-5.

13 Has that been granted, Your Honor?

14 THE COURT: Ma'am.

15 MRS. STEINER: I said we had no objection.

16 THE COURT: Oh, it is given. Yes, ma'am.

17 MRS. STEINER: No objection to S-6.

18 THE COURT: We will take up the form of the  
19 verdict after we take up your instructions, because you  
20 had requested some lesser included.

21 I -- you know, will take note that by offering  
22 D-1-A, -B, -C, -D, you are moving for directed verdict  
23 again at the conclusion of all the evidence and seeking a  
24 peremptory instruction. And I'm of the opinion that  
25 there are facts that would make these jury issues so  
26 D-1-A, -B, -C, and -D are refused.

27 MRS. STEINER: Thank you, Your Honor. I was  
28 going to stand up on those instructions and make a motion  
29 to exclude the evidence and enter the directed verdict on

1 all four counts on the basis that the State has not  
2 proved the essential elements beyond a reasonable doubt  
3 and the evidence is insufficient to do so on the basis of  
4 the record before this Court in the fashion in which the  
5 State has finally rested.

6 THE COURT: I'll deny that. As I say, I think  
7 you covered that issue anyway in D-1 -- the D-1  
8 instruction.

9 MRS. STEINER: Yes, sir.

10 THE COURT: I'll take up now D-2.

11 MRS. STEINER: Yes, Your Honor. That is our  
12 lesser included murder, which I believe we are entitled  
13 to under *Fairchild* and *Lanier*. Actually, I -- when I  
14 pulled the jury instructions from -- I thought it was  
15 from the fifth trial, it turned out to have been from the  
16 fourth trial. The State had submitted a lesser included  
17 instruction. And I don't even know if we tendered this  
18 and if the State has a formal objection to this lesser  
19 included instruction. Had the State tendered the lesser  
20 included for murder instruction that it did in the 2007,  
21 we would not have objected to it, very frankly, Your  
22 Honor.

23 So allow me to say it for the record, that should  
24 the State -- should the Court find or the State object to  
25 the form of this as a lesser included instruction for  
26 murder, I have an alternative to submit that is the  
27 State's own language. Let me say this. Although Your  
28 Honor has ruled that for purposes of instructions that  
29 the fact of direct evidence bleeds over and, and does not

1 entitle us to a separate instruction on robbery, the fact  
2 is the evidence is different. And I think we are  
3 entitled.

4 There is support for a basis for the jury to  
5 consider the robbery. The jury will have to consider the  
6 robbery element separately and make a finding on it. And  
7 if -- to not grant this instruction with the lesser  
8 included of murder is effectively to grant the State a  
9 directed verdict on the -- on the element of robbery.

10 THE COURT: I believe in all the previous  
11 proceedings that the lesser included of murder has been  
12 given. I know I gave it back in 2008, and I intend to  
13 again.

14 MRS. STEINER: This -- then D-2 is what we  
15 would --

16 MR. EVANS: Your Honor.

17 THE COURT: I mean I'm like you. I kind of  
18 like the way the State had worded it in the past, and if  
19 they have one --

20 MR. EVANS: We, we do have one, Your Honor. I  
21 didn't know whether they were going to want one or not so  
22 we held off on offering it until we could see if they  
23 did.

24 THE COURT: If you will just pass that along to  
25 Mrs. Steiner. And if she can read it, y'all might can  
26 just agree on that instruction. And then D-2 could  
27 perhaps be withdrawn in lieu of another instruction.

28 MR. EVANS: Your Honor, we can proceed. We  
29 will get that instruction finished, if we can proceed, as

1 we are going through some of these others.

2 MRS. STEINER: And that -- the one that we are  
3 anticipating offering is going to be S-7; is that  
4 correct? Would that be numbered S-7?

5 MR. EVANS: Right. Right.

6 MRS. STEINER: Well, let me just say. I guess  
7 we should pass on this, but I will announce that this  
8 will be withdrawn if S-7 as given in the two prior  
9 proceedings -- in the prior proceeding over which this  
10 Court presided. But let's just move on. I won't  
11 withdraw it until we make sure it's granted.

12 THE COURT: That's fine.

13 MRS. STEINER: Your Honor, D-3 is a  
14 manslaughter instruction. The evidence, I think, from  
15 Miss Ballard would support that there was a heightened  
16 level of emotion with respect to -- their theory appears  
17 to be that the motive was heightened level of anger,  
18 emotion and perhaps both pecuniary gain and revenge for  
19 apparently depriving him of \$87 in pay because of a  
20 workplace related accident.

21 I believe that is sufficient to raise the question  
22 of whether or not if, in fact, the jury were to determine  
23 that Mr. Flowers is the person who fired the shots which  
24 killed these people that they were fired under sufficient  
25 circumstances to warrant a manslaughter instruction.

26 Now, I realize this does not go down for each of the  
27 four, and I would -- if there were an objection as to  
28 form, I would ask for the right to take the State's  
29 lesser murder instruction and track it with respect to

IN THE SUPREME COURT OF MISSISSIPPI

ELECTRONIC DISK \_\_\_\_\_

Case #2010-DP-01348-SCT

COURT APPEALED FROM : Circuit Court

COUNTY : Montgomery

TRIAL JUDGE : Joseph H. Loper Jr.

.....  
Curtis Giovanni Flowers v. State of Mississippi

.....  
Kathy Gillis, Clerk

.....  
TRIAL COURT # : 2003-0071-CR

1 the elements of manslaughter here, as we are asking for a  
2 lesser of manslaughter in light of Miss Ballard's  
3 testimony concerning the emotions around -- heightened  
4 emotions around the alleged firing and anger at not  
5 getting a paycheck.

6 MR. EVANS: Your Honor, we would disagree. We  
7 would strongly object to a manslaughter instruction.  
8 There has been nothing in this case that would indicate  
9 manslaughter. As a matter fact, just the opposite.  
10 There was proof in the case that this was a planned out  
11 robbery, murder. That he went through the effort of  
12 going across town to steal a gun to commit the robbery.  
13 He went into the store with the gun to commit this crime.

14 For heat of passion, it would require an argument,  
15 that something occurred at that time. There is no  
16 indication of that. Matter of fact, all indications are  
17 complete opposite. So an instruction of lesser included  
18 should never be given if there is nothing to base it on.  
19 In this case, there is not.

20 THE COURT: The Court -- if, if the testimony  
21 of the State is, is believed then he went and armed  
22 himself before he went to the store. I don't think if  
23 you go and arm yourself and head somewhere that you can  
24 then claim that you suddenly had a heat of passion and  
25 committed a murder. There is -- there is just really  
26 zero evidence to support a manslaughter instruction. So  
27 it, it will be refused.

28 MRS. STEINER: Your Honor, that, that is not  
29 because of this particular form here. It's the substance

1 of --

2 THE COURT: Well, it's not the form. It's the  
3 substance, the substance of the law dealing with  
4 manslaughter. There is just nothing here that would  
5 support a manslaughter instruction being granted.

6 MRS. STEINER: Thank you, Your Honor. Your  
7 Honor, the next one, D-4, is withdrawn. D-5, we will  
8 defer until looking --

9 THE COURT: Yeah, we need to get the -- because  
10 the State will need to prepare a sentencing instruction  
11 as well, or somebody is going to have to.

12 MRS. STEINER: If, if there is a sentencing  
13 proceeding.

14 THE COURT: Well, I mean, no, the form of the  
15 verdict is what I mean. I mean that is what I meant was  
16 form of the verdict.

17 MRS. STEINER: Okay. I was going to --

18 THE COURT: And I think the -- I think -- let  
19 me, the form of the verdict -- okay.

20 MRS. STEINER: Given that we have withdrawn one  
21 of the instructions that D-5 would have referred to, this  
22 one would also have to be revised. So let's defer it  
23 until the Court determines finally.

24 THE COURT: I will mark it withdrawn. I mean  
25 there is going to be an instruction -- I mean, I am  
26 sorry, a form of the verdict that lays out murder as an  
27 alternative for a possible --

28 And Mr. Evans, do you have somebody that can be  
29 preparing that form?

1 MR. HILL: Yes, sir.

2 MR. EVANS: They should be.

3 THE COURT: And I'll take up D-6.

4 MRS. STEINER: Your Honor, this is the  
5 instruction that we respectfully submit is required by  
6 the United States Supreme Court in *Sandstrom versus*  
7 *Montana*, at least where even though it's not a  
8 circumstantial case entirely, there are -- there is  
9 circumstantial evidence. This is not -- and that each --  
10 all of the circumstances must be proved beyond a  
11 reasonable doubt.

12 There is considerable circumstantial evidence in  
13 this case, and I believe we are therefore entitled to  
14 this instruction under *Sandstrom versus Montana*, the  
15 Sixth and Fourteenth Amendment of the United States  
16 Constitution and the comparable Mississippi provisions in  
17 the Mississippi Constitution.

18 MR. EVANS: Your Honor, we object to this  
19 instruction. The instructions already given set -- given  
20 set forth, state the direct law that the jury must find  
21 beyond a reasonable doubt that the elements of the crime  
22 are proven. This is going way, way, way far beyond that.  
23 It is -- besides the fact, that it is not a proper  
24 instruction of the law, it is so confusing it's no way  
25 anyone could understand what it means.

26 THE COURT: I, I think it is somewhat  
27 confusing. S-1 has laid out each of the elements for  
28 each of the four victims, laid out each of the facts that  
29 have to be proven. And then goes further says and says

1 if the State has failed to move -- prove any of those  
2 beyond a reasonable doubt, you must find the defendant  
3 not guilty.

4 Also, the Court has given an instruction, C-2, that,  
5 that requires that they find the defendant guilty beyond  
6 a reasonable doubt. So I -- C-2, I'm sorry, S-1 and C-2  
7 instruct on reasonable -- on what they have to find. D-6  
8 would be repetitive and, and very, very confusing as  
9 well. So it's refused.

10 MRS. STEINER: Your Honor, in light of the  
11 Court's ruling on that, to the extent that the confusion  
12 of putting it down the road from reading the State's --  
13 the Court's instructions, we would request that the Court  
14 instruction be modified where it is talking about burden  
15 of proof and beyond a reasonable doubt to include this  
16 language in closer proximity to eliminate the possible  
17 confusion that having it given in isolation after other  
18 subject matters have been covered that might entail.

19 THE COURT: Well, I think I usually read the  
20 beyond a reasonable doubt instruction right after the,  
21 the State instruction or probably would do it right after  
22 the lesser included instruction, because that, you know,  
23 lays out all the elements.

24 MR. EVANS: We would object to the part of her  
25 request changing the Court's instruction to put her  
26 language in it.

27 THE COURT: Well, I'm, I'm not going to change  
28 the language of the Court instruction. I mean it -- this  
29 talks about before an inference essential to establish

1 guilt. Well, the Court does not deal in inferences. It  
2 -- the jury is called upon to rule based on facts and,  
3 you know, they have laid out -- you know, S-1 lays out  
4 the facts that must be considered. So because of that,  
5 you know, D-6 is not appropriate.

6 MRS. STEINER: You've refused the instruction  
7 in any -- in this form and/or to be inserted closer to  
8 the Court's instruction on --

9 THE COURT: I mean it's refused. So you know,  
10 it wouldn't be inserted anywhere if it's refused.

11 MRS. STEINER: Thank you, Your Honor. Are you  
12 ready for D-7?

13 THE COURT: I am.

14 MRS. STEINER: That is our circumstantial  
15 evidence instruction on the entire case. That is based  
16 on the legal insufficiency of Odell Hallmon's testimony  
17 to rise even to the minimal standard of evidence that can  
18 be considered by the jury.

19 The internal evidence of that testimony is that he  
20 has lied self-admittedly. He has come up with excuses  
21 that are self-evidently contradictory. He needed  
22 cigarettes because his family had cut him off for lying,  
23 which is why he lied.

24 Your Honor, the State has submitted a snitch  
25 instruction, and McNeal says that at the very least that  
26 instruction is required. In this case, the evidence of  
27 Odell Hallmon is so completely ineffective that it does  
28 not rise even to evidence the jury can consider as, as  
29 any evidence, direct evidence of this matter. I believe

1       there was a pretrial motion made about excluding such  
2       testimony for extreme unreliability that was previously  
3       denied. We would reurge that motion.

4               THE COURT: That motion has never been made in  
5       front of me, and I have never ruled on that.

6               MRS. STEINER: Thank you, Your Honor.

7               THE COURT: But --

8               MRS. STEINER: In any event, I believe that  
9       evidence is so fundamentally incredible that this should  
10      be granted under the circumstances of this particular  
11      testimony.

12              MR. EVANS: Basically, in response, Your Honor,  
13      the State would testify that it's a jury decision of what  
14      weight and credibility to give each witness for either  
15      side. There is some testimony that witness lied, but  
16      only that he lied for the defense at the request of the  
17      defendant in one trial. And it is up to the jury. It is  
18      a jury issue, and there is direct proof that the  
19      defendant admitted to him that he murdered these people.

20              THE COURT: In C-1 I've told the jury that they  
21      are to consider and weigh the credibility of each witness  
22      who has testified. If they believe this testimony, there  
23      is direct proof of guilt that takes it out from under  
24      circumstantial evidence case. And it's not -- in jury  
25      instructions, this Court cannot and should not weigh the  
26      testimony of all witnesses and decide based on that  
27      whether to grant a particular instruction or not.

28              Right now the Court has proof before it that he --  
29      Mr. Hallmon had a confession -- or Mr. Flowers confessed

1 to Mr. Hallmon that he had committed the murders. So  
2 that makes it a direct evidence case and not a  
3 circumstantial evidence case. And he even went so far as  
4 to say he basically came clean, because he was trying to  
5 get right with God, because he knew based on his illness  
6 he wouldn't be around that long. So the Court will  
7 refuse D-7.

8 MRS. STEINER: Thank you, Your Honor.

9 D-8 is an instruction given the large quantity of  
10 circumstantial evidence that is supporting this  
11 exceedingly feeble direct evidence, I believe the Court  
12 having, having refused the general circumstantial  
13 instruction, the Court should nonetheless give this  
14 instruction to explain to the jury how they handle the  
15 aspects of this case that are being established through  
16 circumstantial evidence. And that would be required  
17 under Fourth Amendment due process and Sixth Amendment  
18 right to a trial by jury and the corresponding  
19 Mississippi Constitution provisions.

20 MR. EVANS: Same argument as on the last one,  
21 Your Honor.

22 THE COURT: Again, for the reasons stated on  
23 denying D-7, D-8 is refused, because -- again, because of  
24 the testimony of Mr. Hallmon, this is not a  
25 circumstantial evidence case. And so it will be refused.

26 MRS. STEINER: Is Your Honor waiting for me to  
27 proceed or are --

28 THE COURT: You know, I am.

29 MRS. STEINER: I'm sorry I thought you were

1 reviewing.

2 D-9 is our instruction that we are proposing under  
3 *Chapman versus State* to give the jury a picture of the  
4 aspects they may consider to determine credibility and  
5 believability. And I believe we are entitled to it under  
6 *Chapman versus State*. I don't believe either the Court  
7 or the State have an instruction that, that does what  
8 *Chapman* says may be done if requested.

9 MR. EVANS: Your Honor, we have no problem with  
10 a similar instruction being given. We do have the proper  
11 instruction prepared if the Court would like to give one  
12 on witnesses. This instruction is not proper. It does  
13 list elements that are not approved by the Court. But we  
14 do have one that has been approved by the Supreme Court,  
15 if the Court feels that it's necessary to give one on  
16 eyewitness identification.

17 THE COURT: Well, I will review your, your  
18 instruction.

19 MRS. STEINER: Right. I haven't seen what the  
20 State's proposed instruction on this is so I can't say  
21 whether that would solve the problem of tendering this or  
22 if I wish -- I can't say whether I would still entertain  
23 that.

24 Your Honor, what, what number do you want to assign  
25 to this instruction?

26 THE COURT: I actually think this instruction  
27 is the one you are tendering later as D-14.

28 MRS. STEINER: Oh, well.

29 Oh, yes, Your Honor. I will withdraw D-9 in favor

1 of D-14.

2 THE COURT: And I'll grant D-14. I mean I  
3 guess I am taking it out of order a little bit, but I'll  
4 go ahead. Because I think D-14 is an appropriate  
5 statement of the law and will grant it.

6 MRS. STEINER: Your Honor, D-10. I believe  
7 there is expert testimony in this case. I think this is  
8 a standard expert instruction. I don't think the Court  
9 has an expert instruction in its charge, nor has the  
10 State tendered one.

11 THE COURT: I'll grant D-10, because I mean we  
12 have a large number of experts. And I think that is an  
13 appropriate instruction.

14 I'll take up D-11.

15 MRS. STEINER: I believe that one of the issues  
16 is an eyewitness, not to the crime itself, but to one of  
17 the -- the damaging circumstances in which the State is  
18 attempting to prove the crime. And we are entitled to  
19 the Court's instruction on this.

20 MR. EVANS: I object to it. I don't think it  
21 is a correct statement of the law or -- and I think it is  
22 trying to single out and tell the jury how they are to  
23 view the witnesses. D-14 covers the identification part  
24 and the other elements in here are inappropriate.

25 MRS. STEINER: Your Honor, our -- we believe  
26 that although there is no Mississippi case law on this  
27 particular instruction, it is required by the Sixth and  
28 Fourteenth Amendments of the United States Constitution  
29 and the comparable provisions of the Mississippi

1 Constitution.

2 MR. EVANS: There is nothing before the jury  
3 about any scientific studies.

4 THE COURT: That was a big -- I mean I had  
5 major concerns when you the start telling the jury about  
6 scientific studies that are not in evidence or have  
7 any -- I mean there is just no proof at all of that.

8 D-14, I'm satisfied covers the issue that you are  
9 attempting to cover in D-11. So it would be cumulative.  
10 And also, when you start putting in instructions  
11 something scientific studies that the Court is not aware  
12 of, has not had anything presented to that effect, nor  
13 has the jury heard that, I think D-11 would be totally  
14 inappropriate. And actually, I think the language that  
15 I've already given in S-6 is probably better than D-12,  
16 because it actually even says a jailhouse informant.

17 MRS. STEINER: Yes, Your Honor. I was going to  
18 withdraw that in favor of S-6.

19 MR. EVANS: There is absolutely no basis for  
20 13.

21 MRS. STEINER: I believe it covers the same  
22 territory as S-6. I will withdraw that.

23 Fourteen is -- you have already granted that.  
24 Fifteen, Your Honor. I think that there have been many  
25 witnesses who have been impeached.

26 Just a moment, Your Honor.

27 Your Honor, I'm sorry. I was looking at it  
28 differently. We will withdraw D-15.

29 D-16, Your Honor, I believe is supported by the

1 authority of Wharton's Criminal Evidence and as required  
2 by the Sixth and Fourteenth Amendments of the United  
3 States Constitution, the -- certainly for due process  
4 under the Fourteenth Amendment and right to trial before  
5 a fair and impartial jury. And therefore we think we are  
6 entitled to D-16. Neither the State's instruction, nor  
7 the Court's instructions heretofore granted deals with  
8 this aspect.

9 MR. EVANS: The Court and the State's  
10 instructions clearly set forth what the burden of proof  
11 is and this is, I think, repetitive, plus it is  
12 misleading.

13 THE COURT: C-3 has already told the jury to  
14 consider the case separately, to deliberate, not to  
15 change their opinion unless convinced that their opinion  
16 is erroneous. So C-3 has already been given. D-16 would  
17 be cumulative and, and unnecessary. And, of course, you  
18 know, the S-instruction, S-1, tells each of them they  
19 must -- I means tells the, the facts they must find  
20 before they can find Mr. Flowers guilty. So D-16 is not  
21 proper and is refused.

22 MRS. STEINER: Thank you, Your Honor.

23 D-17, again, I believe that this is a clear  
24 statement of the law as to which they have been being --  
25 been having conversations during voir dire. I believe we  
26 are entitled to, to this instruction under the  
27 Mississippi -- the authority of the Mississippi Supreme  
28 Court about burden of proof and reasonable doubt and  
29 under the Sixth and Fourteenth Amendment provisions of

1 the United States Constitution and the corresponding  
2 Mississippi state constitution provisions previously  
3 identified in further -- in prior objections.

4 MR. EVANS: Again, we object, because the Court  
5 and the State instructions more properly explain  
6 reasonable doubt to the jury and this is repetitive.

7 THE COURT: In C-2 the Court has already  
8 instructed the jury that the burden of proof is on the  
9 State. They must prove the defendant guilty of every  
10 material element of the crime before they can return a  
11 verdict of guilty. The State must prove the case beyond  
12 a reasonable doubt. So they have already been instructed  
13 on that. So they could only find guilt if they found all  
14 these elements listed in S-1 beyond a reasonable doubt.

15 And further, at the conclusion of C-2, the Court  
16 instructs the jury that the defendant is not required to  
17 prove his innocence. So they have already been  
18 instructed on anything that was attempting to be offered  
19 in D-17. So it's refused.

20 MRS. STEINER: Thank you, Your Honor.

21 D-18 is language proved in *Edlin versus State*. If  
22 there is any doubt, that it should be given as part of  
23 the initial charge to the jury. We would ask that should  
24 there be an Allen-type charge to the jury, that this be  
25 given, if not in the initial deliberations, at such time  
26 as any Allen charge was given to the jury.

27 THE COURT: An Allen charge is not allowed in  
28 state courts in Mississippi.

29 MRS. STEINER: Right.

1 THE COURT: And actually, I -- because I came,  
2 you know, when preparing these, I've looked back at every  
3 instruction I had given by the Court. And, you know,  
4 it's not numbered. It's, it's a *Sharplin* instruction.

5 MRS. STEINER: *Sharplin*.

6 THE COURT: Which I think was handed to both of  
7 you. I mean, I am going to cross that bridge when -- if  
8 we get to it. But I don't -- you know, it wouldn't be an  
9 appropriate instruction at this point.

10 MRS. STEINER: Right. I think that was just a  
11 misspeaking. I think that this would cure any defect in  
12 the *Sharplin* instruction that are condemned by *Allen*.  
13 But I will reserve that to the point at which we are  
14 crossing that bridge.

15 THE COURT: So I am going to mark D-18  
16 withdrawn pending further developments.

17 MRS. STEINER: Well, we are not offering it as  
18 the initial charge to the jury, but we would reserve the  
19 right to offer it should *Sharplin* be done.

20 And similarly, for D-19, that is supplemental to a  
21 *Sharplin* instruction to cure the problems that make *Allen*  
22 instructions improper in this state.

23 THE COURT: Well, I, I mean I'll, for this time  
24 and for the record to be clear, consider it withdrawn at  
25 this time.

26 MRS. STEINER: Right.

27 THE COURT: If there is some time in the future  
28 where it needs to be reconsidered then, then I will  
29 reconsider it.

1 MRS. STEINER: Thank you, Your Honor. I'll  
2 bear that in mind if we get to a *Sharplin* instruction.

3 THE COURT: And then let's now...

4 MRS. STEINER: Your Honor, does the --

5 THE COURT: Let's now take back up the State  
6 instruction on the lesser included.

7 MRS. STEINER: Should we call that S- -- I  
8 believe there is two. Are those S-6 and S-7?

9 THE COURT: Well, I don't remember --  
10 What was the last instruction numbered by the State?

11 MR. EVANS: One second, Your Honor.  
12 S-6.

13 (BAILIFF BROWNING APPROACHED THE BENCH.)

14 THE COURT: Incidentally, I, I think that we  
15 have got a shot that some juror needed, and I think -- I  
16 was advised we have two nurses on the jury. So I am  
17 going to just hand that in to the -- I am going to allow  
18 the bailiff to open the door and hand that in the jury  
19 room.

20 MRS. STEINER: Do they have gloves?

21 THE COURT: Well, they may need gloves. I  
22 have -- am told they didn't use them the other day.

23 Apparently, one of the nurses has already  
24 administered a shot.

25 BAILIFF BROWNING: To another person.

26 THE COURT: With the lady that had the swelling  
27 after the shellfish.

28 MR. CARTER: Just for the record, Your Honor,  
29 we object to that.

1 THE COURT: Well, I'm not going to -- you want  
2 somebody to die on us or get sick during --

3 MR. CARTER: I don't want them to get sick. I  
4 just want somebody else to do it besides them. But if  
5 that's fine with the Court...

6 THE COURT: I think the best thing to do is  
7 have somebody that's on the jury. Therefore, there is no  
8 outside person coming in and having any contact with the  
9 jury. Are you saying you would prefer somebody that has  
10 no contact -- I mean that has some contact with the juror  
11 that is not on the panel?

12 MR. CARTER: I don't want the juror feeling  
13 beholden to this person and seeing this person as some  
14 medical provider to him.

15 THE COURT: Well, I --

16 MR. CARTER: I will leave it up to the Court to  
17 decide how to do it.

18 THE COURT: Well, I don't see any reason why  
19 somebody that is a trained nurse on the jury can't give  
20 it, and I think that is a much better procedure than to  
21 have some medical person that has not been sequestered up  
22 here having some contact with the jurors. So I am going  
23 to allow it.

24 BAILFF BROWNING: It is not an emergency. It  
25 is B-12 shot.

26 THE COURT: I am going to ask the bailiff to go  
27 ahead and hand that in there.

28 You may do it.

29 (THE BAILIFF HANDED THE SHOT INTO THE JURY ROOM.)

1 THE COURT: Okay. We will mark this next one  
2 as S-6, and I guess the one after that --

3 MR. HOWIE: S-7, Your Honor.

4 THE COURT: Okay. S-7.

5 MR. EVANS: Yes, sir.

6 THE COURT: And the one following that would be  
7 marked S-8.

8 MRS. STEINER: So S-7 is the single page.

9 THE COURT: And then the multi-page would be  
10 S-8.

11 MRS. STEINER: Thank you, Your Honor. We would  
12 object to S-7. I think it's confusing and puts in  
13 information which goes beyond what the law presently is.

14 S-8, which is what has been granted in the past, it  
15 specifically states the fact that you deliberate first on  
16 the charge of capital murder and then subsequently  
17 deliver -- deliberate on others. We believe that even  
18 that language may go too far, but that is the  
19 introductory language the Mississippi Supreme Court has  
20 approved, and then this properly instructs as this Court  
21 has in the past on each --

22 (THERE WAS A KNOCK FROM THE JURY ROOM.)

23 THE COURT: Wait.

24 I have got the jury apparently with a note or  
25 question. So I want to wait, have you open the door.

26 (BAILIFF BROWNING OPENED THE JURY ROOM DOOR.)

27 BAILIFF BROWNING: He wishes not to take it,  
28 because it makes him sleepy. And it is not going to hurt  
29 him to miss it by a couple of days.

1 THE COURT: Okay. That's good. He said it  
2 makes him sleepy, and he doesn't choose to take it. It  
3 can wait for a couple of days.

4 Okay. And I want to make clear on this. The single  
5 line -- page instruction is S-7; right?

6 MR. EVANS: Yes, sir.

7 MRS. STEINER: Yes, sir. And we object to  
8 that.

9 MR. EVANS: As far as S-7, this is the same  
10 instruction that we have given for as many years as I can  
11 remember on every case dealing with lesser included. I  
12 think it is a correct statement of the law. It has been  
13 approved in many, many, many cases, and it's been given  
14 in this case at a previous times.

15 THE COURT: I have given S-7 every time -- I  
16 mean every time there has been a lesser included  
17 instruction that has been warranted in any trial I have  
18 ever presided over S-7 has been given. It's an  
19 appropriate and correct statement of the law. It will be  
20 granted.

21 MRS. STEINER: We have no objection to S-8.

22 THE COURT: It's given. With that, I assume  
23 now that D-2 can be withdrawn.

24 MRS. STEINER: Yes, Your Honor. Yes, Your  
25 Honor. To the -- it's withdrawn other than to the extent  
26 it supports an alternative to giving S-8.

27 MR. EVANS: Has the Court got the corrected --

28 THE COURT: Form of the verdict?

29 MR. EVANS: -- form of the verdict?

1 MRS. STEINER: Your Honor, I think this  
2 actually two fold. There is a --

3 THE COURT: A form of the verdict and an  
4 instruction telling them to plainly mark.

5 MRS. STEINER: How do we want to mark those?

6 MR. EVANS: Probably should be Court  
7 instructions.

8 THE COURT: I want to make sure that I've got  
9 them all. Let me take this one. I think the original  
10 one, let's just have it marked. What was the last Court  
11 instruction? We will call it C-5-A. So it will be clear  
12 in the record. Then the next one will be C-5-B, which  
13 will be the one granted which gives the lesser included.

14 MRS. STEINER: So the one -- so the less --

15 THE COURT: The one that originally was handed  
16 by the State, that just had capital murder in it --

17 MRS. STEINER: Okay.

18 THE COURT: -- will be C-5-A, and it will be  
19 withdrawn.

20 MR. EVANS: Yes, sir.

21 THE COURT: And then the next one that now  
22 includes another -- the lesser included will be called  
23 C-5-B, and it will be given.

24 MRS. STEINER: Do we want to assign a number to  
25 the verdict form itself?

26 THE COURT: Well, the form of the verdict would  
27 just be something that would be attached to it, but it's  
28 not an instruction. It is just something that they mark.  
29 So I don't think we assign a number to it.

1           Let me now...

2           MRS. STEINER: We have no objection to this  
3 form of the verdict entitled verdict form.

4           THE COURT: I am going to now try to put these  
5 in a semblance of order that makes sense when I am  
6 reading them. Then I will read in the record the order  
7 in which they are to be read.

8           MR. HILL: Your Honor, would the Court allow  
9 the clerk to copy the instructions as given for the  
10 parties?

11          THE COURT: We will take a brief recess before  
12 we bring the jury back in.

13          MRS. STEINER: I was going to ask for that,  
14 Your Honor.

15          THE COURT: Ma'am.

16          MRS. STEINER: I was going to ask for that.

17          THE COURT: Oh, okay.

18          Now, I am going to read in the record the order in  
19 which the instructions would be given. C-1 will now be  
20 given as Instruction Number 1. S-1 will be Instruction  
21 2.

22          MRS. STEINER: Your Honor, I'll write these  
23 down too.

24          THE COURT: She is going to make a copy for you  
25 too.

26          MRS. STEINER: Thank you, Your Honor.

27          THE COURT: Are you with me now?

28          MRS. STEINER: Yes, I am.

29          THE COURT: Then instruction S-5 will be given

1 as Instruction Number 3. S-2 will be Instruction 4. S-3  
2 will be Instruction 5. S-7 will be Instruction 6. S-8  
3 will be Instruction Number 7. C-2 will be Instruction  
4 Number 8. D-10 will be Instruction Number 9. S-6 will  
5 be Instruction 10. S-4 will be Instruction Number 11.  
6 C-3 will be Instruction Number 12. C-4 will be  
7 Instruction 13. C-5-B will be Instruction Number 14.

8 These will all be stapled together. And then paper  
9 clipped on to the instructions will be the form of the  
10 verdict.

11 MRS. STEINER: Your Honor, I believe the, the  
12 defense instructions that were granted are not included  
13 in that.

14 THE COURT: D-10.

15 MRS. STEINER: Oh, I thought you said C-10.

16 THE COURT: No. D-10 is given as Instruction  
17 Number 9, and...

18 MRS. STEINER: D-14.

19 THE COURT: Let me find it again.

20 MRS. STEINER: I don't believe D-14 is included  
21 in the list, unless I misheard.

22 THE COURT: Let me make sure I didn't put it in  
23 the wrong pile here by mistake.

24 I thought D-14 was withdrawn.

25 No, I'm sorry.

26 MRS. STEINER: It is granted.

27 THE COURT: No. I'm sorry. It is granted, and  
28 the State instruction had the same thing.

29 MRS. STEINER: I thought D-14 --

1 THE COURT: No, it is. And I appreciate your  
2 calling that to my attention.

3 MRS. STEINER: I think that is my job, Your  
4 Honor.

5 THE COURT: Well, thank you. Because I  
6 certainly -- I had two instructions that said the same  
7 thing, and I was -- put it in the wrong stack. And now  
8 I've got to go back. I'm going to just mark this as  
9 Instruction 7-A. Because otherwise, I would have to go  
10 back and instruct. And I think it needs to be read after  
11 the -- after the elements of the crime instructions would  
12 be, I think, the most appropriate place would be to put  
13 that one.

14 MRS. STEINER: So put that after S-8 and before  
15 C-2.

16 THE COURT: It will be after -- yeah. It will  
17 be instruction, read after -- yes, ma'am, you are  
18 correct.

19 Okay. Have I overlooked any other one, because I  
20 certainly...

21 MRS. STEINER: I hope not, Your Honor.

22 THE COURT: I don't think so.

23 But I will have the clerk stamp these all filed and  
24 make copies for both of you before we resume.

25 How long do y'all desire to argue?

26 MR. CARTER: I need at least a hour, Your  
27 Honor, hour and 15 minutes.

28 MR. EVANS: I think an hour would be fine for  
29 us. I think that is pretty much what we have had in the

1 past.

2 THE COURT: I'll give each side an hour. If  
3 you get to the point, Mr. Carter, where you just  
4 absolutely have something else to say, and you hadn't got  
5 it said, then you can request additional time.

6 MR. CARTER: Thank you.

7 THE COURT: Also, you know, some lawyers ask me  
8 to give them a warning when their time is about up. Some  
9 just ask me to advise them to sit down. And I don't know  
10 if y'all are going to intend to split your time up  
11 either, if you want me to give you any warnings of any  
12 kind.

13 MR. HILL: Your Honor.

14 MRS. STEINER: Your Honor. Sorry.

15 MR. HILL: I'll probably go first for the  
16 State, and I would like a five-minute warning at the end  
17 of 25 five minutes. We will split ours 30 minutes and 30  
18 minutes.

19 THE COURT: Okay.

20 MRS. STEINER: Your Honor, I believe Mr. Carter  
21 is going to go first for the defendant. I -- let me say  
22 this, and I am hoping we can control this within  
23 ourselves. I would like to go second and argue for a  
24 total of 15 minutes with a five-minute warning at -- with  
25 a warning at ten minutes. If that turns out it -- if he  
26 goes 55 minutes, that would be de facto of a request for  
27 an extension of our argument time for the defendant.

28 THE COURT: Okay. Right now it would appear 45  
29 minutes would be your time, Mr. Carter. Do you want me

1 to give you some --

2 MR. CARTER: Can I at least get another 10,  
3 Your Honor? Fifty-five minutes.

4 THE COURT: I'll give you 55. Does the State  
5 want additional?

6 MR. EVANS: Yes, sir.

7 THE COURT: You are entitled to it. That will  
8 be an hour and ten minutes. So I guess --

9 MR. HILL: Thirty-five.

10 THE COURT: Thirty-five and 35.

11 MRS. STEINER: Your Honor, I think Mr. Carter  
12 has asked to be warned or notified at 50 minutes.

13 THE COURT: Okay. Mr. Evans, you want me to  
14 give you any kind of warning?

15 MR. EVANS: Yes, sir. If you would just give  
16 me, maybe, a five-minute warning be fine.

17 THE COURT: Okay.

18 MR. EVANS: That is, if I go that far.

19 THE COURT: That will be fine.

20 And so we will take a short recess to have the  
21 instructions labeled.

22 (A RECESS WAS TAKEN.)

23 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
24 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
25 WERE AS FOLLOWS:)

26 THE COURT: If you will, bring the jury in for  
27 a second.

28 I am going to recess and let them be back at 12:15.  
29 So they can just eat a little early. I am going to have

1 the jury brought out.

2 If you will open the door and let the jury out.

3 (THE JURY RETURNED TO THE COURTROOM.)

4 Court will come back to order.

5 Ladies and gentlemen, because of the length of time  
6 that closing arguments are going to take place, and I  
7 know that you would probably get hungry before we got  
8 through with those. So we are just going to have you go  
9 to lunch a little early today, and we will recess until  
10 12:15.

11 They have told me they will have lunch prepared very  
12 shortly for you. And so we will just recess until 12:15.  
13 That way we won't have to break during closing arguments  
14 or anything like that.

15 So if you will just step in the jury room for a few  
16 minutes until everybody is cleared out. They can take  
17 you to lunch. Then we will resume at 12:15 with closing  
18 arguments to begin at that time. So you may step in  
19 there.

20 (THE JURY LEFT THE COURTROOM.)

21 Stand in recess.

22 (COURT RECESSED FOR THE NOON HOUR.)

23 (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
24 AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
25 WERE AS FOLLOWS:)

26 (THE JURY RETURNED TO THE COURTROOM.)

27 THE COURT: Court will come back to order.

28 Members of the jury, you have heard all the testimony,  
29 received the evidence and will shortly hearing arguments

1 of counsel. The Court will presently instruct you as to  
2 the rules of law which you will use and apply to this  
3 evidence in reaching your verdict.

4 When you took your places in the jury box, you made  
5 an oath that you would follow and apply these rules of  
6 law to the evidence in reaching your verdict in this  
7 case. It is therefore your duty, as jurors, to follow  
8 the law which I shall now state to you.

9 You are not to be concerned with the wisdom of any  
10 rule of law. Regardless of any opinion you may have as  
11 to what the law ought to be, it would be a violation of  
12 your sworn duty to base your verdict upon any other view  
13 of the law than that given to you in these instructions  
14 by the Court.

15 You are not to single out one instruction alone as  
16 stating the law, but you must consider these instructions  
17 as a whole. Neither the manner in which these  
18 instructions are given, nor the number of instructions on  
19 any given proposition is of any significance in  
20 determining the importance of such instructions.

21 It is your exclusive province to determine the facts  
22 in this case and to consider and weigh the evidence for  
23 that purpose. The authority thus vested in you is not an  
24 arbitrary power but must be exercised with sincere  
25 judgment, sound discretion and in accordance with the  
26 rules of law stated to you by the Court.

27 Both the State of Mississippi and the defendant have  
28 a right to expect that you will conscientiously consider  
29 and weigh the evidence and apply the law of the case and

1       that you will reach a just verdict, regardless of what  
2       the consequences of such verdict may be.

3             It is your duty to determine the facts and to  
4       determine them from the evidence produced in open court.  
5       You are to apply the law to the facts and in this way  
6       decide the case.

7             You should not be influenced by bias, sympathy or  
8       prejudice. Your verdict should be based on the evidence  
9       and not upon speculation, guesswork or conjecture. As  
10      sole judges of the facts in this case, you determine what  
11      weight and what credibility will be assigned the  
12      testimony and supporting the evidence of each witness in  
13      this case. You're required to use your good common sense  
14      and sound honest judgment in considering and weighing the  
15      testimony of each witness who has testified in this case.

16            The evidence which you are to consider consists of  
17      the testimony and the statements of the witnesses and the  
18      exhibits offered and received. You are also permitted to  
19      draw reasonable inferences from the evidence as seem  
20      justified in the light of your own experience.

21            Arguments, statements and remarks of counsel are  
22      intended to help you understand the evidence and apply  
23      the law but are not evidence. If any argument, statement  
24      or remark has no basis in the evidence then you should  
25      disregard that argument, statement or remark.

26            The production of evidence in court is governed by  
27      rules of law. From time to time during the trial it has  
28      been my duty as judge to rule on the admissibility of  
29      evidence. You must not concern yourself with the reasons

1 for the Court's rulings since they are controlled and  
2 governed by rules of law. You should not infer from any  
3 rulings by the Court on these motions or objections that  
4 the Court has any opinion on the merits of the case  
5 favoring one side or the other.

6 You should not speculate as to possible answers to  
7 questions which the Court did not require to be answered.  
8 Further, you are to dis -- further, you should not draw  
9 any inference from the content of those questions. You  
10 are to disregard all evidence which was excluded by the  
11 Court from consideration during the course of the trial.

12 Shortly after you were selected, I informed you that  
13 you could take notes, and I instructed you as to the  
14 appropriate use of any notes that you might take. Most  
15 importantly, an individual juror's notes may be used by  
16 that juror only and may not be shown to or shared with  
17 other jurors.

18 Notes are only a memory aid, and a juror's notes may  
19 be used only as an aid to refresh that particular juror's  
20 memory and assist that juror in recalling the actual  
21 testimony. Each of you must rely on your own independent  
22 recollection of the proceedings.

23 Whether you took notes or not, each of you must form  
24 and express your own opinion as to the facts of this  
25 case. Be aware that during the course of your  
26 deliberations there might be the temptation to allow  
27 notes to cause certain portions of the evidence to  
28 receive undue emphasis and receive attention out of  
29 proportion to the entire evidence. But a juror's memory

1 or impression is entitled to no greater weight just  
2 because he or she took notes, and you should not be  
3 influenced by the notes of other jurors. Thus during  
4 your deliberations, do not assume simply because  
5 something appears in your notes that it necessarily took  
6 place in court.

7 The defendant, Curtis Giovanni Flowers, has been  
8 charged in four separate indictments with the crimes of  
9 capital murder of Bertha Tardy, Robert Golden, Carmen  
10 Rigby and Derrick Stewart. These charges have been  
11 consolidated for trial in this case. Therefore, all 12  
12 of you must unanimously agree on and return a separate  
13 verdict in each of the four charges.

14 If you believe from all the evidence in this case  
15 beyond a reasonable doubt that the defendant, Curtis  
16 Giovanni Flowers, did on or about July 16, 1996, in  
17 Montgomery County, Mississippi, willfully, unlawfully,  
18 feloniously, either with or without deliberate design,  
19 then and there kill and murder Bertha Tardy, a human  
20 being, without authority of law, when engaged in the  
21 commission of the crime of armed robbery, then the  
22 defendant is guilty of the crime of capital murder of  
23 Bertha Tardy, and it is your sworn duty to so say -- to  
24 say so by your verdict.

25 If the State is has failed to prove any one or more  
26 of these elements beyond a reasonable doubt, then you  
27 shall find the defendant not guilty of the capital murder  
28 of Bertha Tardy.

29 If you believe from all the evidence in this case,

1 beyond a reasonable doubt, that the defendant, Curtis  
2 Giovanni Flowers, did on or about July 16, 1996, in  
3 Montgomery County, Mississippi, willfully, unlawfully,  
4 feloniously, either with or without deliberate design,  
5 then and there kill and murder Robert Golden, a human  
6 being, without authority of law, when engaged in the  
7 commission of the crime of armed robbery, then the  
8 defendant is guilty of the crime of capital murder of  
9 Robert Golden, and it is your sworn duty to say so by  
10 your verdict.

11 If the State has failed to prove any one or more of  
12 these elements beyond a reasonable doubt, then you shall  
13 find the defendant not guilty of the capital murder of  
14 Robert Golden.

15 If you believe from all the evidence in this case  
16 beyond a reasonable doubt that the defendant, Curtis  
17 Giovanni Flowers, did on or about July 16, 1996, in  
18 Montgomery County, Mississippi, willfully, unlawfully,  
19 feloniously, either with or without deliberate design,  
20 then and there kill and murder Carmen Rigby, a human  
21 being, without authority of law, when engaged in the  
22 commission of the crime of armed robbery, then the  
23 defendant is guilty of the crime of capital murder of  
24 Carmen Rigby, and it is your sworn duty to say so by your  
25 verdict.

26 If the State has failed to prove any one or more of  
27 these elements beyond a reasonable doubt, then you shall  
28 find the defendant not guilty of the capital murder of  
29 Carmen Rigby.

1           If you believe from all the evidence in this case,  
2 beyond a reasonable doubt, that the defendant, Curtis  
3 Giovanni Flowers, did on or about July 16, 1996, in  
4 Montgomery County, Mississippi, willfully, unlawfully,  
5 feloniously, either with or without deliberate design,  
6 then and there kill and murder Derrick Stewart, a human  
7 being, without authority of law, when engaged in the  
8 commission of the crime of armed robbery, then the  
9 defendant is guilty of the crime of capital murder of  
10 Derrick Stewart, and it is your sworn duty to say so by  
11 your verdict.

12           If the State has failed to prove any one or more of  
13 these elements beyond a reasonable doubt, then you shall  
14 find the defendant not guilty of the capital murder of  
15 Derrick Stewart.

16           The Court instructs the jury that deliberate design  
17 as used elsewhere in these instructions means intent to  
18 kill without authority of law and not being justifiable  
19 or legally excusable. A deliberate design cannot be  
20 formed at the very moment of the fatal act; however, the  
21 deliberate design need not exist in the mind of the  
22 defendant for any definite time, not for hours, days or  
23 even minutes.

24           If you believe from all the evidence in this case,  
25 beyond a reasonable doubt, that the defendant, Curtis  
26 Giovanni Flowers, did on or about July 16, 1996, in  
27 Montgomery County, willfully, unlawfully and feloniously,  
28 with the felonious intent to permanently deprive the  
29 owner thereof, take, steal and carry away or attempt to

*Court Reads Jury Instructions*

1 take, steal and carry away the personal property of  
2 Bertha Tardy, doing business as Tardy Furniture store,  
3 from the presence and against the will of Bertha Tardy,  
4 Robert L. Golden, Carmen Rigby and/or Derrick Stewart, or  
5 any one of them by the violence to their person, with a  
6 deadly weapon, then the same would constitute armed  
7 robbery.

8 A thing is in the presence of a person with respect  
9 to robbery which is so within his or her reach,  
10 inspection, observation or control that he or she could,  
11 if not overcome with violence or prevented by fear,  
12 retain their possession of it.

13 The Court instructs the jury that if warranted by  
14 evidence, you may find the defendant guilty of a crime  
15 lesser than capital murder on any one or more of the four  
16 charges. However, notwithstanding this right, it is your  
17 duty to accept the law as given to you by the Court, and  
18 if the facts and law warrant a conviction for the crime  
19 of capital murder, then it is your duty to make such  
20 findings uninfluenced by your power to find a lesser  
21 offense.

22 This provision is not designed to relieve you from  
23 the performance of an unpleasant duty. It is included to  
24 prevent a failure of justice if the evidence fails to  
25 prove the original charge of capital murder on any one or  
26 more of the four charges but does justify a verdict for  
27 the lesser crime of murder.

28 If you find that the State has failed to prove any  
29 one or more of the essential elements of the crime of

1 capital murder on any or all of the four charges of  
2 capital murder, you may -- you must find the defendant  
3 not guilty of capital murder on that charge or charges,  
4 as the case may be.

5 You will then proceed with your deliberations to  
6 decide whether the defendant has proved beyond a  
7 reasonable doubt -- whether the State has proved beyond a  
8 reasonable doubt all the elements of the lesser crime of  
9 murder on that charge or charges, as the case may be.

10 The crime of murder is distinguishable from the  
11 crime of capital murder by the failure to prove the  
12 murder or murders, as the case may be, were committed  
13 when the defendant was engaged in the crime of armed  
14 robbery. If you believe from all the evidence in this  
15 case beyond a reasonable doubt that the defendant, Curtis  
16 Giovanni Flowers, on or about July 16, 1996, in  
17 Montgomery County, Mississippi, did willfully,  
18 unlawfully, feloniously, and with the deliberate design  
19 to effect death, then and there kill and murder Bertha  
20 Tardy, a human being, without authority of law, then the  
21 defendant is guilty of the murder of Bertha Tardy, and it  
22 is your sworn duty to say so by your verdict.

23 If the State has failed to prove any one or more of  
24 these elements beyond a reasonable doubt, then you shall  
25 find the defendant not guilty of the murder of Bertha  
26 Tardy.

27 If you believe from all the evidence in this case  
28 beyond a reasonable doubt that the defendant, Curtis  
29 Giovanni Flowers, on or about July 16, 1996, in

1 Montgomery County, Mississippi, did willfully,  
2 unlawfully, feloniously and with the deliberate design to  
3 effect death, then and there kill and murder Robert  
4 Golden, a human being, without authority of law, then the  
5 defendant is guilty of the murder of Robert Golden, and  
6 it is your duty -- sworn duty to say so by your verdict.

7 If the State has failed to prove any one or more of  
8 these elements beyond a reasonable doubt, then you shall  
9 find the defendant not guilty of the murder of Robert  
10 Golden.

11 If you believe from all the evidence in this case,  
12 beyond a reasonable doubt, that the defendant, Curtis  
13 Giovanni Flowers, on or about July 16, 1996, in  
14 Montgomery County, Mississippi, did willfully,  
15 unlawfully, feloniously and with the deliberate design to  
16 effect death, then and there kill and murder Carmen  
17 Rigby, a human being, without authority of law, then the  
18 defendant is guilty of the murder of Carmen Rigby, and it  
19 is your sworn duty to say so by your verdict.

20 If the State has failed to prove any one or more of  
21 these elements beyond a reasonable doubt, then you shall  
22 find the defendant not guilty of the murder of Carmen  
23 Rigby.

24 If you believe from all the evidence in this case,  
25 beyond a reasonable doubt, that the defendant, Curtis  
26 Giovanni Flowers, on or about July 16, 1996, in  
27 Montgomery County, Mississippi, did willfully,  
28 unlawfully, feloniously and with the deliberate design to  
29 effect death, then and there kill and murder Derrick

1        Stewart, a human being, without authority of law, then  
2        the defendant is guilty of the murder of Derrick Stewart,  
3        and it is your sworn duty to say so by your verdict.

4            If the State has failed to prove any one or more of  
5        these elements beyond a reasonable doubt, then you shall  
6        find the defendant not guilty of the murder of Derrick  
7        Stewart.

8            The Court instructs the jury that in reaching your  
9        verdict, you are to consider all of the evidence  
10       concerning the entire cause and the circumstances  
11       surrounding the crime.

12           One of the issues in this case is the identification  
13       of Curtis Flowers as the perpetrator of the crime. As  
14       with each element of the crime charged, the State has the  
15       burden of proving identity beyond a reasonable doubt.  
16       And before you may convict Mr. Flowers, you must be  
17       satisfied beyond a reasonable doubt of the accuracy of  
18       the identification of Mr. Flowers.

19           If after considering all of the evidence concerning  
20       the crime and the witnesses' identification of Mr.  
21       Flowers as the person who committed the crime, you are  
22       not convinced beyond a reasonable doubt that he is the  
23       person who committed the crime, then you must find him  
24       not guilty.

25           Identification testimony is an expression of belief  
26       or impression by the witness. You must judge its value  
27       and reliability from the totality of the circumstances  
28       surrounding the crime and the subsequent identification.

29           In appraising the identification testimony of a

1 witness, you should consider the following. Did the  
2 witness have an adequate opportunity to observe the  
3 offender? Did the witness observe the offender with an  
4 accurate -- with an adequate degree of attention? Did  
5 the witness provide an accurate description of the  
6 offender after the crime? How certain is the witness of  
7 the identification? How much time passed between the  
8 crime and the identification? If after examining all the  
9 testimony and evidence you have a reasonable doubt that  
10 Curtis Flowers is the person who committed the crime,  
11 then you must find Curtis Flowers not guilty.

12 The law presumes every person charged with the  
13 commission of a crime to be innocent. This presumption  
14 places upon the State the burden of proving the defendant  
15 guilty of every material element of the crime with which  
16 the defendant is charged. Before you can return a  
17 verdict of guilty, the State must prove to your  
18 satisfaction beyond a reasonable doubt that the defendant  
19 is guilty.

20 Presumption of innocence attends the defendant  
21 throughout the trial and prevails at its close unless  
22 overcome by evidence which satisfies you, the jury, of  
23 the defendant's guilt beyond a reasonable doubt. The  
24 defendant is not required to prove his innocence.

25 The law permits evidence of certain persons who are  
26 termed expert. Experts may testify to their opinions  
27 derived from their knowledge of particular matters.  
28 However, the ultimate weight to be given to an expert --  
29 given to expert testimony is a question to be determined

1 by you. Testimony of an expert, like that of any other  
2 witness, is to be received by you and given such weight  
3 only as you think it is properly entitled to receive.  
4 You are not bound by the opinion testimony of any  
5 witness, expert or otherwise.

6 The Court instructs the jury that the law looks with  
7 suspicion and distrust on the testimony of a jailhouse  
8 informant and requires the jury to weigh the same with  
9 great care and suspicion. You should weigh the testimony  
10 from a jail informant in passing on what weight, if any,  
11 you should give this testimony. You should weigh it with  
12 great care and caution and look upon it with distrust and  
13 suspicion.

14 This phase of the trial deals only with the question  
15 of the guilt or innocence of the defendant, Curtis  
16 Giovanni Flowers. In the event you find the defendant  
17 guilty of capital murder, you will then and only then,  
18 after being further instructed by the Court in the second  
19 phase of the trial, consider the appropriate sentence to  
20 be imposed.

21 The verdict of the jury must represent the  
22 considered judgment of each juror. In order to return a  
23 verdict, it will be necessary that each juror agree  
24 thereto. In other words, all 12 jurors must agree on a  
25 verdict in this case.

26 It is your duty, as jurors, to consult with one  
27 another and to deliberate in view of reaching an  
28 agreement if you can do so without violence to your  
29 individual judgment. Each of you must decide the case

1 for yourself but do so only after impartial consideration  
2 of the evidence with your fellow jurors.

3 In the course of your deliberation, do not hesitate  
4 to re-examine your own views and change your opinion if  
5 convinced it is erroneous, but do not surrender your  
6 honest conviction as to the weight or effect of the  
7 evidence solely because of the opinion of your fellow  
8 jurors or for the mere purpose of returning a verdict.

9 Upon retiring to the jury room, you will need to  
10 select one from among your number to act as a foreman,  
11 who may be a man or woman. A foreman will preside over  
12 your deliberations and will be your spokesperson before  
13 the Court. If it becomes necessary during your  
14 deliberations to communicate with the Court, please write  
15 out your message or question and pass the note to the  
16 bailiff.

17 No member of the jury should ever attempt to  
18 communicate with the Court by any means other than in  
19 writing, and the Court will never communicate with any  
20 member of the juror on any subject touching the merits of  
21 the case, other than in writing or orally here in open  
22 court.

23 Bear in mind also, that you are never to reveal to  
24 any person, not even the Court, how the jury stands  
25 numerically or otherwise on the question of the guilt or  
26 innocence of the defendant until after you have reached a  
27 unanimous verdict.

28 Your verdict must be plainly marked on the separate  
29 form provided by the Court. It need not be signed by

1       you, and may be in either of the following forms.

2               Count I:  If you find the defendant, Curtis Giovanni  
3       Flowers, guilty of the capital murder of Bertha Tardy,  
4       then the form of your verdict shall be, we, the jury,  
5       find the defendant guilty of the capital murder of Bertha  
6       Tardy.

7               If you find the defendant, Curtis Giovanni Flowers,  
8       guilty of the lesser included offense of murder of Bertha  
9       Tardy, then the form of your verdict shall be, we, the  
10      jury, find the defendant guilty of the lesser offense of  
11      murder of Bertha Tardy.

12              If you find the defendant, Curtis Giovanni Flowers,  
13      not guilty of the capital murder or lesser included  
14      offense of murder of Bertha Tardy, then the form of your  
15      verdict shall be, we, the jury, find the defendant not  
16      guilty.

17              As to Count II:  If you find the defendant, Curtis  
18      Giovanni Flowers, guilty of the capital murder of Robert  
19      L. Golden, then the form of your verdict shall be, we,  
20      the jury, find the defendant guilty of the capital murder  
21      of Robert L. Golden.

22              If you find the defendant, Curtis Giovanni Flowers,  
23      guilty of the lesser included offense of murder of Robert  
24      L. Golden, the form of your verdict shall be, we, the  
25      jury, find the defendant guilty of the lesser included  
26      offense of murder of Robert Golden.

27              If you find the defendant, Curtis Giovanni Flowers,  
28      not guilty of the capital murder or lesser included  
29      offense of murder of Robert Golden, the form of your

1 verdict shall be, we, the jury, find the defendant not  
2 guilty.

3 As to Count III: If you find the defendant, Curtis  
4 Giovanni Flowers, guilty of the capital murder of Carmen  
5 Rigby, then the form of your verdict shall be we, the  
6 jury, find the defendant guilty of the capital murder of  
7 Carmen Rigby.

8 If you find the defendant, Curtis Giovanni Flowers,  
9 guilty of the lesser included offense of murder of Carmen  
10 Rigby, the form of your verdict shall be we, the jury,  
11 find the defendant guilty of the lesser included offense  
12 of murder of Carmen Rigby.

13 If you find the defendant, Curtis Giovanni Flowers,  
14 not guilty of the capital murder or lesser included  
15 offense of murder of Carmen Rigby, the form of your  
16 verdict shall be we, the jury, find the defendant not  
17 guilty.

18 As to Count IV: If you find the defendant, Curtis  
19 Giovanni Flowers, guilty of the capital murder of Derrick  
20 Stewart, the form of your verdict shall be we, the jury,  
21 find the defendant guilty of the capital murder of  
22 Derrick Stewart.

23 If you find the defendant, Curtis Giovanni Flowers,  
24 guilty of the lesser included offense of murder of  
25 Derrick Stewart, the form of your verdict shall be, we,  
26 the jury, find the defendant guilty of the lesser  
27 included offense of murder of Derrick Stewart.

28 If you find the defendant, Curtis Giovanni Flowers,  
29 not guilty of the capital murder or lesser included

1 offense of murder of Derrick Stewart, the form of your  
2 verdict shall be we, the jury, find the defendant not  
3 guilty.

4 Ladies and gentlemen, those are the instructions of  
5 law from the Court. We will now begin hearing closing  
6 arguments, first beginning with the State of Mississippi.

7 MR. HILL: May I begin, Your Honor?

8 THE COURT: You may proceed.

9 MR. HILL: Ladies and gentlemen of the jury,  
10 you are a special people. You have been selected for a  
11 very special task. The task in this case, to sit here  
12 for the days of live testimony and to weigh and evaluate  
13 the testimony in the greatest crime in at least the  
14 recent history of this fair city.

15 You are to weigh the evidence not just for the  
16 murder of one person, not for the murder of two people,  
17 nor three. But this case involves the murder of four  
18 people. These people were completely innocent, having  
19 done no wrong. They were just working on a routine day  
20 in their lives. They were all at the store. They were  
21 all at work.

22 And the defendant in this case, for reasons that we  
23 are going to go through, walked in that day with the a  
24 .380 semi-automatic handgun and executed Bertha Tardy,  
25 Carmen Rigby, Derrick Stewart and Robert Golden. He  
26 killed them all. They were all killed in one place, at  
27 one time, in one way, by one gun. These murders were  
28 committed while the defendant was engaged in the  
29 commission of armed robbery. There is no question that a

1 handgun was the gun used, the weapon used. There is no  
2 question that the store was robbed. This is the ultimate  
3 crime quadrupled.

4 Now, ladies and gentlemen, you have taken a solemn  
5 oath to return the just and right verdict in this case.  
6 We now are going to take a few minutes and commence a  
7 short journey back through the evidence. The evidence  
8 that proved beyond any reasonable doubt whatsoever that  
9 the defendant, Curtis Flowers, is the person responsible  
10 for these awful acts. We are now going to do an  
11 analysis, just a little recap, if you will, of the  
12 evidence that has been produced for you in this case.

13 But first, I just want to comment to you that after  
14 we finish the analysis, I think you will all agree that  
15 the man that did these crimes is seated right over there.  
16 (Pointed.) He has been with us here in this courtroom  
17 for the last two weeks. He has seen it all, just as you  
18 have.

19 Ladies and gentlemen, this wasn't a two-day  
20 investigation. This was an extensive investigation. It  
21 was huge. It was huge in both its scope and both the  
22 time and the energy devoted to it. It was huge in the  
23 sense that all the agencies assisted and cooperated with  
24 each other in unprecedented teamwork. I want you to keep  
25 in mind that there was no rush to accuse. There was no  
26 rush to arrest. The defendant was not arrested on the  
27 first day. He was talked to on the first day, as he  
28 should have been, but he was not arrested. Nor was he  
29 arrested the second day or the third. It was some six

1 months later before he was arrested. He wasn't arrested  
2 until all the ducks were in a row, until the final note  
3 had been written. And he was arrested and he has been  
4 charged.

5 Now, I think you should also keep in mind that in a  
6 criminal investigation it's all about linkages. It's all  
7 about connections. It's about evidence. And we are now  
8 going to go through and talk to you just a little bit to  
9 perhaps refresh your memory. I see many of you have note  
10 pads and you can, I'm sure, follow with me.

11 Mr. Sam Jones who had worked for Tardy Furniture - I  
12 think he was like 87 years old at the time - worked for  
13 Tardy Furniture for many years. He walked into that  
14 • store on the morning of July 16, 1996, and he heard the  
15 labored final breaths of Derrick Stewart laying on the  
16 floor, gurgling in his own blood. He walked up close  
17 enough to see what was going on, and there he discovered  
18 the bodies of all four victims basically laying in a  
19 pile, in a group right at the front counter in Tardy  
20 Furniture store.

21 We are going to talk about connections. There is a  
22 lot of things that connect this defendant. That's what  
23 you look for in criminal investigation. You look for  
24 connections. What connected this defendant to these  
25 crimes?

26 Well, let's look. First of all is we have here a  
27 timeline. I'm going to talk to you about times and about  
28 witnesses and about identification. And I'm going to  
29 just point out to you, I've written this on a marker

1 board.

2 Mr. Sam Jones came into the store slightly after  
3 10:00 on the morning of the 16th and discovered the  
4 bodies. The 911 dispatched, dispatched the MedStat  
5 ambulance crew at 10:20 a.m. Chief Hargrove was the  
6 first to arrive between 10:20 and 10:21 a.m. Hargrove is  
7 on the scene and locks down the crime scene.

8 So we have a fixed point in time from which to  
9 operate, and we know that the murders occurred before  
10 10:20 a.m. That is beyond any question. We know it  
11 happened before then. The investigators learned pretty  
12 quickly when they asked who in the world could have had  
13 some reason, some motive, some anything to attack four  
14 people like this.

15 Have you had anybody that's had any beef with the  
16 store? Just one. Well, that doesn't mean he did this  
17 though, does it? No. But you check that out. You look  
18 at him. And in the course of deciding what, if anything,  
19 Curtis Flowers had to do with this crime.

20 You heard the officers say they canvassed, they went  
21 door to door. They talked and they walked for many  
22 months. I mean we didn't talk to all these people the  
23 first day. But what we did find out was that Miss  
24 Patricia Odom, Patricia Hallmon Odom, who lived near the  
25 defendant, was his neighbor. And according to her, she  
26 thought she was a friend. She was up for her morning  
27 walk between 4:45 and 5:00 on the morning of the 16th of  
28 July. And she saw the defendant, who she knew, on the  
29 porch smoking a cigarette.

1           There is one other thing important about what she  
2 saw. The defendant was wearing his Fila Grant Hill II  
3 tennis shoes. She knew him to have the shoes. She had  
4 seen them before. They were, you know, kind of a special  
5 shoe. And so she just saw him and she spoke. The only  
6 thing, he didn't return. He didn't speak back.

7           Another neighbor, Miss Elaine Gholston, saw the  
8 defendant on the porch between 6:30 and 6:45. Miss  
9 Gholston had to go to work and be there at 7:00. That is  
10 what she was doing up. She said she was out on the porch  
11 waiting for a ride. Probably closer to 6:45. She sees  
12 the defendant sitting on the porch smoking a cigarette.  
13 What does she know about Curtis? She knows he has a pair  
14 of Grant Hill Fila tennis shoes because she has seen him  
15 wearing them. Okay. That will come in to -- we will  
16 take note of the importance of that in a few minutes.

17           Mr. James Edward Kennedy. 7:15 in the morning.  
18 He's up. He sees Curtis, who he knows, turning in off of  
19 Highway 51 on to Angelica, walking in the direction of  
20 Angelica. And he sees him out there at the corner of  
21 Angelica and 51 Highway at 7:15.

22           Miss Catherine Snow, who was already on the job at  
23 Angelica. I think she testified she come in a little  
24 late that day, had to park the car in a place she didn't  
25 want to park. And at 7:15 she came out to move her car  
26 and saw somebody she knew at Doyle, Doyle Simpson's car.  
27 And who was that? It wasn't somebody she had never seen  
28 before. It was somebody that she knew. It was Curtis  
29 Flowers leaning up on the car of Doyle Simpson.

1           Now, who is Doyle Simpson? He said he called  
2 himself the defendant's uncle. They were kin, maybe by  
3 marriage. But they were related. What's important about  
4 Doyle's car? That's where the gun was stolen from.

5           Okay. So you have got both James Edward Kennedy and  
6 Catherine Snow seeing him in the area of Angelica. Mr.  
7 Kennedy at the highway. Catherine Snow at the car.

8           Between 7:30 and 8:00 Edward Lee McChristian, who  
9 doesn't know anything about the defendant being at  
10 Angelica, sees the defendant, knows him on sight. It is  
11 not somebody he had to -- never seen before. Knows him  
12 on sight. Mr. McChristian and a couple of friends  
13 Clarence Forrest and Mr. Seales were sitting on the front  
14 porch at 605 Academy. And Mr. McChristian testified that  
15 he saw the defendant walking away from Angelica. That  
16 pretty well puts him in there, doesn't it? Patricia Odom  
17 says she saw the defendant coming back home, coming up  
18 the hill, going toward the back door of the apartment  
19 around 7:30. And she says the only other time she saw  
20 him that day was a little while later after 7:30 he left  
21 home again.

22           So we've got him going to Angelica, leaning on the  
23 car, leaving Angelica, coming back home. And that's by  
24 one, two, three, four, five different witnesses that all  
25 agree.

26           Miss Beneva Henry is sitting on her porch that  
27 beautiful morning between 9:15 or so. She saw the  
28 defendant walking toward town in front of her house. Her  
29 testimony was her and Miss Vera Latham were sitting on

1 the porch and Curtis is walking toward Tardy Furniture  
2 company, walking down Academy, which intersects with  
3 Church, which makes a little double corner on to Calvary.  
4 And Calvary runs right beside the back of the store.  
5 Miss Henry saw him.

6 Mary Jeanette Fleming who knows Curtis, basically  
7 all of his life. Well, I don't know. A long time. I  
8 wouldn't say all of his life. Mary Janette Fleming knows  
9 him well. She had been to Weed Brothers to drop her car  
10 off to have the windshield repaired, relaced. She didn't  
11 have but one car. They were working on it.

12 So she had to come back. She had to walk back home.  
13 She walked down Carrollton, cornered off on Church, made  
14 the corner on Campbell, was walking back toward Miss  
15 Beneva Henry's house when she saw Curtis Flowers. She  
16 estimated at 9:05. He was almost at Tardy's when she saw  
17 him. He was just a -- the little double corner in the  
18 road.

19 And you've got a map there. You can look at it. He  
20 was, what, 100 yards? She saw him within a 100 yards of  
21 the back of the store. Now, she didn't know Porky  
22 Collins, and she had no connection at that time with  
23 Clemmie Fleming.

24 The next person that we've got on the list here on  
25 the timeline is Charles Porky Collins. Y'all sat through  
26 about three hours of transcript, prior testimony. But it  
27 really boils down to something very simple. Porky had a  
28 honey-do list to do that morning. He had to go to the  
29 bank and the post office and get some spark plugs, all

1           that kind of stuff to get the car fixed.

2           Shortly after 10:00 -- I'm sorry. Shortly after  
3           9:00 he saw something going on in front of Tardy's. He  
4           saw one man facing him, and the other one back toward  
5           him. The one that he saw appeared to be angry. Caught  
6           Porky's attention. Porky looked at him. Made the block  
7           to look at him again.

8           When Porky found out that some people had been  
9           murdered in front of Tardy's, he told James Taylor  
10          Williams. He said I saw something I think y'all ought to  
11          know about. He said I think I can identify that guy if I  
12          see him again. Now, here's the interesting thing about  
13          Mr. Porky Collins. Porky didn't know Curtis. Never  
14          claims to have ever seen him before. Didn't know him.  
15          Didn't know those other people, as far as them having  
16          seen him. Porky says I can identify him.

17          I'm going to refer to this some more in a minute but  
18          I just want you to -- you've seen these. We had them  
19          passed to y'all. Here are two line-ups. These line-ups  
20          were shown to Porky at the same setting. First was this  
21          one that has Doyle Simpson's picture on it. Because  
22          later on when they did this line-up, they already knew  
23          that the gun came out of Doyle's car. And so they gave  
24          this thing to Porky first and said is the guy that you  
25          saw in front of Tardy's in this group.

26          Now, if he was going to make a misidentification,  
27          ladies and gentlemen, that would have been the perfect  
28          time for him to pick one of these guys and say yeah,  
29          there he is right there. But you know what? Porky did

1 not misidentify anybody. He said the guy ain't in there.  
2 They took another six photographs and said look at this  
3 second set. He said that's him right there. You heard  
4 Mr. Miller talk about Porky, said he was positive. He  
5 made a positive identification.

6 Now, why is Porky's i.d. -- Porky doesn't know him.  
7 Porky wasn't able to say yeah, I know who it was and  
8 that's him. Porky said he didn't know him. When he saw  
9 the photograph of Curtis Flowers, he pointed him out.

10 So you have got two different kinds of  
11 identifications and they agree. You've got  
12 identification by all of these witnesses who knew him,  
13 Porky, who didn't know him, and they both agree. And he  
14 was offered -- Porky was offered a prime chance to mess  
15 up. The perfect chance to make a mistake. He almost --  
16 it didn't develop out the way it, but it was almost like  
17 a trick.

18 You know, see if he is in there. No, he is not. Is  
19 he in this second group? Yeah. That's him right there.  
20 So that's pretty strong identification, isn't it?

21 Then you have Clemmie Fleming. What about Clemmie?  
22 And this is huge. She said she saw Curtis running hard  
23 at the back of the store. You were shown that photograph  
24 S-5 over there. She marked down there where she saw him.  
25 She knows him. No mistake. Doesn't have to pick him out  
26 of a line-up. She knows him. Knew him on sight.  
27 Recognized him instantly. And when they were talking  
28 about Derrick's death a little while after the crime, she  
29 told Wanda Meeks I know something. I saw him, saw him

1 running away from behind the store.

2 Okay. That's your timeline. There he is at the  
3 store. Do you understand? That is what this shows.  
4 This is him at the store. This is in front of the store  
5 after 9:00, running away right at 10:00. That's just  
6 witness testimony. He is in the front before, and he is  
7 running away right after.

8 All right. Let's talk about some more stuff. Let's  
9 talk about the shoes. All of these people right here,  
10 Sam Jones, Barry Eskridge, Johnny Hargrove, in addition  
11 to the other officers that came on made sure they  
12 preserved. Barry and Johnny -- Chief Hargrove said when  
13 he saw that print he knew it was important. Barry  
14 Eskridge, the ambulance owner, said he had had a lot of  
15 crime scene training with Jackson Police Department. He  
16 recognized instantly they had bloody footprints leading  
17 away from the scene there beside BoBo's body.

18 When they saw it they immediately, immediately  
19 recognized the value of what they had. They preserved  
20 it. They locked it up. They had somebody on that scene  
21 from the time they arrived that there was not a time when  
22 there was not a officer. And most of the time, it was  
23 the chief of police himself guarding those prints.

24 The crime scene lady, Miss Schoene, came on and gave  
25 you extensive testimony that was so long that I was  
26 concerned y'all might get bored through the presentation  
27 of all of that. But it was so long and so necessary.  
28 She talked about how she took two rolls, 48 shots, of  
29 those bloody foot tracks with different lighting and para

1 plains level and all the special techniques that she used  
2 to make sure that she had the photographs just right so  
3 they could use it in analytical processing. And they did  
4 that.

5 Let's talk about those shoes. First of all, from  
6 the photographs, they were able to determine some things.  
7 They were able to tell what kind of shoes. Of all the  
8 shoe kinds in the world, they were able to say that is a  
9 Fila Grant Hill II Mid. That means, I guess, high top.  
10 Ankle top. Men's. Not a ladies' but a men's shoe.  
11 Grant Hill. Fila Grant Hill, second edition, men's high  
12 top. That's a lot of individual characteristics to be  
13 able to tell about a shoe.

14 What else could they tell? They could tell what  
15 size it was. It was size 10 1/2. So you have got a  
16 special kind of shoe of a certain size. I've already  
17 told you Miss Gholston said Curtis had a pair of those.  
18 Patricia Hallmon said Curtis had a pair of those, and he  
19 was wearing them that day. We even had some evidence, I  
20 think when Mr. Johnson was testifying, he talked to other  
21 people that knew Curtis had those shoes.

22 We had testimony from former Sheriff Thornburg, said  
23 when the first time they went to Curtis' house to look  
24 around he was looking in a chest of drawers in the  
25 bedroom. And there in the bedroom in a chest of drawers  
26 is a shoe box. Can you imagine what kind of shoe box of  
27 all the shoe boxes in the world, what kind was it? Fila  
28 Grant Hill. Ladies shoes? No. Size 9 1/2? No. Size  
29 10 1/2. There is the box. Right there in Curtis'

1 bedroom in his apartment in his chest of drawers. There  
2 is the shoe box right there. What does it say? 10 1/2  
3 Grant Hill Fila shoes. Men's.

4 How did that box get there? Connie said I bought  
5 that box and put it there. The shoes -- the shoes wasn't  
6 for her. Keep this also in mind. Shoes weren't there.  
7 Look on the price tag. I think them shoes cost about  
8 \$90. Ladies and gentlemen, \$90 for a pair of tennis  
9 shoes back in '96 was expensive. I don't know what they  
10 cost now but \$90 back in '96, that was an expensive pair  
11 of shoes. And they are just up and gone. No. Don't  
12 know where they went. Connie said hey, I bought them  
13 shoes for Marcus, but Marcus didn't wear a size 10 1/2.  
14 Well, just get him to bring them over. Where, where are  
15 they? Why would they be on his feet that morning and  
16 unlocatable that afternoon?

17 If you think about it -- let's talk some more about  
18 the shoes. When Officer Johnson spoke with him he asked  
19 him, determined the first day what size shoes do you  
20 wear? 10 1/2. He had 10 1/2's on his feet. About a day  
21 or two later when they had contact with him again they  
22 took those shoes off his feet. And they are a size 10  
23 1/2. They searched his house and they took a second pair  
24 of 10 1/2's. Curtis wore a size 10 1/2. That's for  
25 sure. Because he had them on his feet, and he said he  
26 wore 10 1/2's. So that puts the shoes on his feet. What  
27 did they say? If the shoe fits...

28 Let's talk about the gun. What did Mr. Balash say?  
29 One gun. What have you got? One gun. You've got one

1 shooter. How do we know it was one gun? Do we know what  
2 gun? Absolutely we know what gun. But just like the  
3 shoes involved in this murder, the gun is gone. Do we  
4 know who had the gun? Well, it came up stolen out of  
5 Doyle's glove box. It had to be right around there.  
6 Sometime maybe a little after 7:15 after she moved the  
7 car. Either that or before. Curtis had the gun.

8 How do we know it's that gun? Well, Doyle said he  
9 had it in the glove box and it was locked. When he left  
10 to go get the lunches, the glove box started moving in  
11 the car. The glove box lid fell open. The gun was gone.  
12 He said I looked in there. I could tell somebody had  
13 been rummaging in my glove box, and my pistol was gone.

14 Before he left he went in there and told his  
15 supervisor my car had been burglarized. My gun is gone.  
16 That was before he left at 10:45 or whatever to go get  
17 the lunches. That was before. Whatever -- I forget now  
18 what time it was he said he went to get the lunches. But  
19 it was right at 11:00, somewhere close to 11:00, because  
20 they got to work early and I guess they eat around 11:00.  
21 He was quarter of 11:00 leaving the plant, the box fell  
22 open. The gun was gone.

23 How do we know it's that gun? He took them out to  
24 the place where he had been shooting the pistol. They  
25 dug a couple of bullets out of the post very carefully so  
26 as not to damage them, and they took them to the crime  
27 lab. The crime lab people looked at those two bullets  
28 and they looked at the bullet that the investigators got  
29 out of the mattress near where Miss Tardy had been

1 murdered.

2 Remember, she had a bullet through and through. It  
3 entered back of her head, came out the front, bounced off  
4 the brick wall. You've got a big picture of it there  
5 with a yard stick pointing to it. Went into the  
6 mattress. They didn't know where that bullet was, but  
7 they had seen that. And they decided that they needed to  
8 try to locate that bullet. That's the proverbial needle  
9 in a haystack. In a furniture store full of mattress and  
10 chairs and what all, they are going to go look for a  
11 bullet in one of those.

12 They go right up there and look where that nick is.  
13 They look across, start feeling along. They found a  
14 little perforation hole in the plastic on top of the  
15 mattress. They start feeling around there. They feel a  
16 lump. They cut it open. They got a bullet. What do  
17 they do with that bullet? They send it to the lab. What  
18 does the lab do? They look at that bullet. That is a  
19 crime scene bullet now. That is the bullet that killed  
20 Miss Tardy.

21 They have got that bullet and they have got the  
22 bullets that came out of the post and they are undamaged  
23 enough that they can put them together and look at them  
24 and do a positive match. So the gun at the crime scene,  
25 the gun that killed Miss Tardy is the gun that shot the  
26 bullets in the post at Doyle's house. The bullet missing  
27 -- the gun missing out of his glove box of the car where  
28 Curtis was seen the morning of the murders.

29 What else do we know? We know that all the shell

1 cases fired in the same gun. Mr. Balash is able to take  
2 five of those projectiles and parts of projectiles, one  
3 of the bullets that killed Miss Rigby, he was able to  
4 make a positive identification of that to the mattress  
5 bullet and the post bullets. And I think there was one  
6 additional bullet that he was able to match conclusively.  
7 And I pressed him on this point. He said look, I'm 100  
8 percent -- I don't make a positive identification unless  
9 I can tell you it's 100 percent positive. And that  
10 agrees with what the other expert said.

11 All right. That's one gun, one shooter, one place.  
12 Even the -- even the overall composition of all the  
13 firearm evidence, all the brass and all the projectiles,  
14 when you sort it all out, it matches what Doyle said was  
15 in the gun that was stolen.

16 THE COURT: Mr. Hill, you have got five  
17 minutes.

18 Mr. Hill.

19 MR. HILL: Thank you, Your Honor.

20 THE COURT: You can proceed.

21 MR. HILL: Okay.

22 Let's talk about gunshot residue. Curtis had  
23 gunshot primer residue on his hand. That's a substance  
24 that is unique in the world. In other words, it does not  
25 occur in nature. Mother Nature doesn't make it, primer  
26 residue. Because it's barium, antimony and lead in a  
27 molten, spherical form, because it melts together when  
28 it's fired in a gun. And it isn't just any gun, it's a  
29 gun that uses center -- center fire primer cartridges,

1       like those on the floor at Tardy Furniture store.

2               And at the end of the envelope where you might think  
3       the gunshot residue was all gone, what did Curtis have on  
4       his hand, top of his right hand, right there. What is  
5       that? That is the most likely place that you are going  
6       to find it if you find it at the end of three and a half  
7       to four hours. It's going to be right there. Gunshot  
8       residue.

9               Now you know you don't have to be -- you can wipe it  
10       on somebody, just like you can do anything else. You can  
11       put it on somebody. But it only comes from shooting a  
12       gun. It don't come from breaks or batteries. It comes  
13       from shooting a gun. It's the only place it comes from.

14              Let's talk about the robbery. I had Roxanne go  
15       through meticulously the financial documents, the time  
16       card. It was the every day routine business practice of  
17       that store to have \$300 for start up. I think they call  
18       it normal balance in cash register to do business. The  
19       everyday routine procedure is go get the cash drawer out  
20       of the safe, put it in the cash drawer in the counter and  
21       it's got \$300 or more. Some time -- this time it had  
22       extra \$100 from late charges that were in a little box on  
23       the counter.

24              The robber, the murderer took all that money, except  
25       for the change. The total being \$389. It was cleaned  
26       out when the cops got there. And it ain't never been  
27       found since.

28              Okay. Let's talk about connection. I told you we  
29       were going to speak about connections again. And I want

1       you to think of the interlocking corroboration and  
2       connections. Also, I want to tell you, I think -- you  
3       think -- I want you to think about this too. This is  
4       really big. It's the defendant's statement. The  
5       defendant, when he gave a statement, incriminated  
6       himself, I want to ask y'all that. Did he? He denied  
7       doing the crimes. But you know what he said when they  
8       first talked to him? He said I got up at 6:30 in the  
9       morning, and I left some time after 9:00. A couple of  
10      days later when they got ready to take a taped statement  
11      from him, low and behold, his story had changed. He  
12      skewed the -- he skewed it for three hours. Said I got  
13      up at 9:30. And I stayed at the house till around noon,  
14      which does what? Puts him at the house at the time of  
15      the murder, right? It doesn't account for any of that  
16      stuff though, does it? Every one of those people right  
17      there that knew Curtis said that's not right.

18           I tell you one other thing too. They asked him  
19      specifically, Curtis were you ever on the east side of  
20      Highway 51? Were you on the Angelica side? Were you on  
21      the Tardy Furniture store side of town? Were you east of  
22      the 51 Highway at all, any time the morning of the 16th?  
23      No, sir, I wasn't over there.

24           Look a here. (Indicated.) Not a variation in the  
25      bunch. Curtis was over there. What did he do? He lied.  
26      He falsified the information that he gave. Why?  
27      Probably the same reason that he got Odell Hallmon to  
28      buddy up with him and go to court to try to help him in  
29      his case. It's called cover up. It's lying. It's

1 changing the truth.

2 THE COURT: Mr. Hill.

3 MR. HILL: Time?

4 THE COURT: Time.

5 MR. HILL: I'll close up then.

6 Ladies and gentlemen, Odell told you that he's got  
7 AIDS, HIV. There is one thing he wanted to do. He  
8 doesn't know how long he has got to live, but he don't  
9 want to go to his grave with that falsehood that he did  
10 for Curtis on his mind, on his conscience. So he came  
11 over there, and he told you while they were locked up  
12 together Curtis told him that he killed them people and  
13 he wanted Odell to help him cover it up. And Odell went  
14 along with it at first, until he got out. And then his  
15 momma knew he had lied because he lied on his sister. So  
16 that made it an internal family thing. Odell came and  
17 told you what Curtis said.

18 Okay. My time is up. But ladies and gentlemen, I  
19 just want to tell you this. This evidence puts the gun  
20 in Curtis' hand. It puts Curtis' feet in the shoes of  
21 the person that left that bloody footprint in the blood  
22 of the victims. It puts that stolen money in his pocket.  
23 It puts him in the store. And it tells you beyond any  
24 question whatsoever Curtis Flowers is guilty as charged  
25 on all of these crimes.

26 THE COURT: You may proceed, Mr. Carter.

27 MR. CARTER: Good afternoon, ladies and  
28 gentlemen.

29 As you have seen, Mr. Hallmon likes to write

1 letters. But you haven't seen a letter written to Mr.  
2 Evans about him having AIDS or HIV or his cons before he  
3 went to the grave, because he is lying. He may be sick.  
4 But I don't believe a word of the stuff about him wanting  
5 to clear his conscience before he goes to his grave. I  
6 am going to tell you why that was said.

7 As a little boy, I grew up in Louisville,  
8 Mississippi. I used to wonder why certain people would  
9 come to our neighborhood and talk with us and visit my  
10 parents and visit other relatives around election day.  
11 And I finally discovered because those people knew a few  
12 dollars would buy votes.

13 I used to wonder why certain people would show up at  
14 fish fries in my neighborhood around election time and  
15 buy fish fries and buy fish sandwiches and pass out the  
16 bucks. Because they knew it didn't take much to get  
17 certain people, poor people who never had nothing to go  
18 along, to give them something.

19 Now, you are talking about the identification that  
20 Porky Collins made. John Johnson went to visit Mr.  
21 Collins and showed him those pictures. I asked him about  
22 it. I said did somebody tell you to go visit him before  
23 this hearing. No, I went on my own. He took the  
24 pictures to his house before a hearing to get those  
25 pictures suppressed.

26 Now, we know Porky was driving. We knew he only got  
27 a glimpse. We know he said he saw light-skinned people  
28 or medium-complexion people. And certainly, Mr. Flowers  
29 is not that. He admitted he had a problem remembering,

1       that he wore glasses. Clemmie Fleming even said she  
2       didn't believe Mr. Flowers did it.

3               Now, remember that none of the experts can say that  
4       Mr. Flowers committed this crime despite all the good  
5       work they did. None of them connected Mr. Flowers to  
6       this crime. Two pairs of shoes were taken from Mr.  
7       Flowers. You saw one pair. You didn't see the other  
8       pair. The other pair was given back. Do you want to  
9       know why? They didn't fit the script. They are not a.  
10      10 1/2.

11              Now, just that quickly, we don't have any proof, as  
12      far as I'm concerned, that anything was collected at  
13      Doyle Simpson's mother's house. You have to be  
14      suspicious. They document everything else. Why didn't  
15      they document that?

16              I'll tell you why they didn't document it. They  
17      want you to take their word it. They believe you will do  
18      it. They think -- I am just being honest with you. The  
19      prosecution believes you'll find Mr. Flowers guilty just  
20      because they said it, no matter the facts to the  
21      contrary. They are banking on that. They are thinking  
22      if we just get the right people on the jury, everything  
23      will be all right. Their whole case is based on that.

24              Mr. Hill and Mr. Evans don't know anything they  
25      couldn't prove to you. So don't think they know  
26      something that didn't come from that stand. I don't care  
27      how much they sit up here and pretend they know that Mr.  
28      Flowers did it, do their best and make all kinds of  
29      claims. If they can't prove it from there, then they

1 can't prove it. They don't know.

2 What kind of person would bring Odell Hallmon, a  
3 pathetic individual who has written letters back and  
4 forth. An individual you can't even say he is  
5 trustworthy, can't even say he is honorable, because he  
6 isn't. There is no doubt about that. He said in his own  
7 words that he and his sister will do anything for money,  
8 and I believe it. I'll tell you what kind of person I  
9 would call Odell Hallmon, a desperate person and a person  
10 who is acting dishonorably in this case.

11 There is a unstated reason why Odell Hallmon is  
12 being used. Of course, he came here. And when you go  
13 back and you look at the statements, you are going to see  
14 that he said Mr. Flowers told him he committed the  
15 murders. And you are going to see where he said Mr.  
16 Flowers told him he didn't commit the murders. He said  
17 something about it depend on the situation.

18 He does what he needs to do depending on the  
19 situation. I am going to tell you the unstated reason  
20 why Odell Hallmon is being used. They know if they can  
21 make you believe that Mr. Flowers is cunning, is tricky,  
22 is controlling and possesses some kind of evil power over  
23 others that you won't give him the benefit of the doubt.  
24 You will believe this is a man who can't be trusted, who  
25 does not deserve the benefit of a doubt because he is  
26 tricky, because he is dishonest. That is the reason.

27 Because if you believe he, he is cunning, and he is  
28 dangerous, you are going to convict him. You are going  
29 to be led to convict him because of that and you won't

1 give him the benefit of any doubt, no matter the  
2 evidence. That's what the hope is. Mr. Flowers deserves  
3 a fair trial before a impartial jury. He has to have  
4 that.

5 Now, you -- we heard somebody testify that Tardys  
6 considered Mr. Flowers to be some kind of threat, and you  
7 heard the flimsy evidence about how that came about and  
8 what facts existed to support it. And there wasn't  
9 really any. There wasn't really any.

10 Now, Mr. Evans knows that Odell Hallmon doesn't have  
11 any credibility, and he knows any reasonable person would  
12 figure that out too. That is why he wanted you to hear  
13 so bad that man had AIDS, HIV. I didn't want to get it  
14 in. I wasn't going to do it, because I knew it didn't  
15 have anything to do with anything.

16 It doesn't make you honest. If you are not honest,  
17 you are not honest. He wanted to get that in, because he  
18 wanted that man to say he thought he was about to meet  
19 his maker. Therefore, he wanted to clear his conscience.

20 Now, he is up there in jail, still getting  
21 marijuana, still getting cell phones. Now, marijuana,  
22 possession of marijuana is a crime. Possession of a cell  
23 phone while you are in prison is a crime. So we ain't  
24 got no saint up there in prison. Everywhere this man  
25 goes, he take his past with him. And the reason he has a  
26 past is because he's an individual who will do anything.

27 In my opening statement I told you this case was  
28 about tunnel vision, the focus on one person and trying  
29 to confirm tunnel vision and confirmation bias. Now, I

1 know that you wonder how Curtis could be a suspect just  
2 because he work at Tardy's and just because he left and  
3 didn't go back. And they want you to think that Mr.  
4 Flowers is mad at Miss Tardy. That something bad went on  
5 between them, and she didn't trust him.

6 If she didn't trust him, why did she give him \$30?  
7 If she didn't trust him, why did she write him that  
8 check? I guess, if he showed back up. He didn't show  
9 back up. There isn't and wasn't any hatred or ill will  
10 between the two.

11 And I ask you to use your own judgment. Don't  
12 believe it existed just because they said it, if they  
13 ain't got the facts to support it. Where are the facts?  
14 And, of course, I will ask where are the facts on a lot  
15 of things in this case.

16 Now, Mr. Flowers, all of a sudden, is a suspect, and  
17 there is no proof that he did anything. Now, Doyle,  
18 Doyle brought a gun to work, took it to the school too.  
19 I guess he was going to take it to school. The gun got  
20 taken. He lied about where he got the gun from. We know  
21 he did, yet he is not a suspect.

22 Oh, he got ruled out quickly. And I suppose he got  
23 ruled out quickly, because he did something. Started  
24 working for them, I guess. What did he do? We can't be  
25 sure about it. They make no report of that. They didn't  
26 even make a report of what they found at the house.

27 Doyle's sister said she saw him between 9:30 and  
28 10:00. And, you know, they want you to believe that  
29 every time Doyle went out to check his car, somebody saw

1 him. Somebody was looking at him. Somebody went and saw  
2 him. Make sure what you are doing. Who saw him? Who  
3 knew where he was at all times? Where are the  
4 statements? Where is the proof? There isn't any. Lots  
5 of proof missing in this case. If it's not documented,  
6 it didn't happen.

7 I also told you this was a flawed investigation.  
8 And I know you had to see that. You can't sit here and,  
9 and hear this case and not feel that's wrong. I'm  
10 worried that a person in Mr. Flowers' situation, who  
11 looks like Mr. Flowers, can't get a fair trial. I can't  
12 deny it. I'm worried about that.

13 I think it's time Mr. Evans get shown and  
14 prosecutors like him that any philosophy which hold one  
15 group of people superior and another one inferior --

16 MR. EVANS: Your Honor, I object to this line  
17 of argument. I think it --

18 MR. CARTER: -- should be --

19 THE COURT: I sustain the objection.

20 MR. CARTER: I also told you in the opening  
21 statement that a crime narrative requires a motive. If  
22 you don't have a motive, how can it be plausible or  
23 persuasive or believable? A crime story without a motive  
24 is incomplete, make believe. It's fantasy.

25 I also told you this ways a leaderless  
26 investigation. You've sit here and watched this case.  
27 You heard all this evidence. You saw nobody wanted to be  
28 a leader. They wanted to work on the case, but nobody  
29 wanted to be a leader. Nobody wanted to be leader.

1 Nobody wanted to be accountable. Nobody wanted to  
2 document it. Nobody wanted to know what the next person  
3 was doing. No one wanted to make assignments. Nobody  
4 wanted to be in control.

5 This investigation is like sending the Los Angeles  
6 Lakers to play without a coach. It's like sending a  
7 platoon out to fight the enemy with no leader. And we  
8 know what's going to happen when that occurred. You  
9 can't help but wonder about the great and astounding  
10 failure to document and to know what other members of the  
11 team are doing. How can you justify that? The voice of  
12 many is loud and can be heard across the continent. But  
13 most important of all is it is heard.

14 What each of us consider as facts is a very  
15 important thing. And it's only with the aid of these  
16 facts that we can arrive at making a sound and logical  
17 determination of what actually happened. Now, you should  
18 be asking yourself lots of things. How can I be fair?  
19 How can I do what is right? How can I be fair to both  
20 sides? How can I be opened-minded? If you listen to the  
21 facts in these cases -- this case, I really don't know  
22 how you can just conclude as they expect you to, that Mr.  
23 Flowers is guilty.

24 The incompetence and abuse of the criminal justice  
25 system has time and time again caused innocent people to  
26 go to jail. We hear all the time about people who's  
27 innocent coming into some DNA and wind up getting out of  
28 jail. And everybody thought they were guilty. I have  
29 represented some just like that. I do nothing but

1 capital murder cases.

2 The mechanics of a wrongful prosecution, such as the  
3 manipulation of eyewitness testimony, the abuse of inmate  
4 snitch testimony, the use of junk science, attempts to  
5 maximize the number of certain people and the exclusion  
6 of others from the jury, the tunnel vision of the  
7 prosecution very evidenced in this case.

8 I don't believe, believe that evidence should be  
9 manufactured. I don't believe it should be hidden. I  
10 don't believe testimony should be manipulated. Somebody  
11 once told me that some prosecutors act as if they believe  
12 that if I win, I'll look good for the public.

13 MR. EVANS: Your Honor, that is inappropriate  
14 closing argument. I object to it.

15 THE COURT: I, I sustain the objection.  
16 Arguments are supposed to be based on the evidence  
17 presented at trial, and that's not a proper argument. So  
18 I am sustaining the objection.

19 MR. CARTER: Ladies and gentlemen, a person  
20 should be convicted based on reliable, trustworthy  
21 testimony or facts or evidence that is documented. Not  
22 on flimsy, weak or non-compelling evidence. Curtis  
23 Flowers is being tried for the sixth time. And it's not  
24 his fault that he is being tried for the sixth time. It  
25 is not his fault it has been reversed.

26 MR. EVANS: Your Honor, none of this is  
27 appropriate argument.

28 MR. CARTER: The investigators and prosecutors

29 --

1                   MR. EVANS: I would ask that he be directed to  
2 stop, and that the jury disregard this inappropriate --

3                   THE COURT: I sustain. That is not in  
4 evidence. So that's -- I sustain the objection.

5                   MR. CARTER: When investigators and prosecutors  
6 decide a person is guilty --

7                   MR. EVANS: Your Honor --

8                   MR. CARTER: -- before the investigation --

9                   MR. EVANS: Your Honor, I --

10                  MR. CARTER: -- even begins as in this case --

11                  MR. EVANS: I object, Your Honor. None of this  
12 has --

13                  MR. CARTER: Look --

14                  MR. EVANS: -- anything to do with the facts --

15                  MR. CARTER: Mr. Flowers --

16                  MR. EVANS: -- of this case and --

17                  COURT REPORTER: Judge. Judge.

18                  THE COURT: May he shut up while I'm objecting?

19                  MR. CARTER: You shut me up. Shut me up.

20                  THE COURT: Gentlemen, you better both refrain  
21 from making comments to each other.

22                  Now, if there is an objection make it.

23                  And Mr. Carter, you can respond.

24                  MR. EVANS: Your Honor, my objection was that  
25 none of these arguments that he is making have anything  
26 to do with the evidence in this case. They are  
27 inappropriate and should not be made in this case.

28                  THE COURT: Now you can respond.

29                  MR. CARTER: Your Honor, in this particular

1 situation, I believe the evidence shows that Mr. Flowers  
2 made a suspect. Mr. Flowers talked to them the first  
3 day. And he clearly, according to Mr. Johnson or Mr.  
4 Matthews, was a suspect on the second day.

5 THE COURT: You can make that argument.

6 MR. EVANS: That argument I didn't object to,  
7 Your Honor.

8 THE COURT: You may proceed.

9 MR. CARTER: A person should become a suspect  
10 based on facts, based on evidence and not before an  
11 investigation is actually conducted. If it's not  
12 documented, it didn't happen, as far as I'm concerned.

13 Now, I have my own opinion about why the evidence  
14 and so much evidence wasn't documented and why Mr.  
15 Johnson, who I believe is lead investigator, failed to  
16 document so many -- so many things. I have my own  
17 opinion about why Mr. Matthews failed to document so many  
18 things. And I have my opinion about why all of them  
19 failed to document what they did.

20 Yet they want to claim that so many different things  
21 happen. And again, I say that is because they want you  
22 to believe what they say and not what is documented, not  
23 what you can prove independently, that somebody can read.

24 Now, we know from the facts that Mr. Evans was on  
25 the scene the first day. We also know that Mr. John  
26 Johnson was on the scene the first day. And we also know  
27 that Chief Hargrove was there on the first day. And we  
28 know that Chief Hargrove at some point -- although he did  
29 a wonderful job of calling E.M.T., although he did a

1        wonderful job of calling C.S.I. people from Jackson and  
2        calling highway patrol, at some point it appears he was  
3        relegated to a minor role in this investigation.  
4        However, he did not do report of what he did at any  
5        point. It's my position and I argue that John Johnson  
6        was selected by his boss to run this investigation. Now,  
7        in this investigation I, I recognize that there are many  
8        questions that probably neither one of us addressed,  
9        neither side, that neither one of us answered. And I  
10       can't answer them. I wish I could answer them. But I  
11       can't answer them, because I wasn't investigator. I  
12       can't answer them, because I got on the case late. The  
13       only person and the only group who could have filled in  
14       the gaps and answered those questions are the people  
15       investigating this case. That's why an investigation  
16       must be complete. And in this case, it isn't complete.

17       Ladies and gentlemen, I concede, I admit this was a  
18       terrible, terrible crime. And the victims didn't deserve  
19       it. There is no doubt about it. I have nothing but  
20       respect and sympathy for the victims. I want that to be  
21       known. This is one of the worst crimes that anybody  
22       should have to come up on. And I'm sure it surprised and  
23       devastated some people.

24       You heard from police officer after police officer,  
25       investigator after investigator, what they did at this  
26       crime or what they didn't do. And you heard over and  
27       over, over and over that it wasn't investigated. Nobody  
28       made documents or made very few. There is no  
29       accountability. It appears nobody wanted to be

1 responsible. This case is circumstantial. That is all  
2 it is. And Mr. Hallmon can't be believed because he is a  
3 liar. He will say anything.

4 Now, you've heard all of these people. And you saw  
5 eyewitnesses. You saw Kittery Jones, very nice young  
6 man. Came here. Told you what happened to him, what was  
7 offered to him, who talked to him.

8 You heard Latarsha Blissett come in and tell you she  
9 was gotten from school. She said it was without her  
10 mother even being notified and taken to Greenwood and  
11 talked to and told if she said she saw Mr. Flowers in  
12 certain kind of shoes, she had the chance to get some  
13 money, this kind of money. You heard her say that,  
14 talked to her about getting a trailer. You heard Kittery  
15 say he was offered money, even told something by Mr.  
16 Evans about getting in the way of the prosecution.

17 Now, you hear them talk about over and over their  
18 witnesses. Now, Patricia Hallmon, she talks about -- and  
19 you hear all this talk about how popular those shoes  
20 were. Now, but you didn't hear any evidence whatsoever  
21 at any point that they went out and rounded up people,  
22 saw who had these shoes and made sure that all those  
23 people had alibis.

24 I think I even asked Mr. Johnson to name me somebody  
25 else who had them. They couldn't name anybody else who  
26 had them. If they were popular, they certainly weren't  
27 popular in Winona, or they didn't care how many people  
28 had them. And, and they want you to believe that  
29 Patricia Hallmon is this, this honorable person. Now,

1           what did she say? She said she saw him around 4:45 to  
2           5:00.

3                   MR. EVANS: Your Honor, may we approach?

4                   THE COURT: You may.

5           (MR. EVANS, MR. HILL, MRS. STEINER AND MR. CARTER  
6   APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE HAD  
7   OUTSIDE THE HEARING OF THE JURY.)

8                   MR. EVANS: Your Honor, opposing counsel is  
9           showing pictures of clothes not in evidence. I don't  
10          have any objection to him talking about clothes, but he  
11          cannot show photos that are not in evidence. This is  
12          completely inappropriate.

13                   MR. CARTER: Your Honor.

14                   THE COURT: I think it just a demonstrative aid  
15          that shows what the witnesses claimed to see. So I don't  
16          see any problem with it.

17                   MR. EVANS: All right, sir.

18           (THE BENCH CONFERENCE WAS CONCLUDED.)

19                   MR. CARTER: Now, she saw -- she said she saw  
20          Mr. Flowers, and she said she knew he wore Fila. And I  
21          asked her what else did he wear. She blurted out I don't  
22          know. I don't be looking at his feet. And I believe  
23          her. I believe she, she wasn't looking at his feet.

24                   However, she said they were best friends. And she  
25          said she saw her best friend sitting on the porch looking  
26          like he was bothered by something. And I asked her did  
27          you go by and check and see how he was doing, see if you  
28          could render any kind of aid. No. Walked straight on in  
29          the house.

1           You heard Connie Moore say they were not -- they  
2           were not friends. What did she say he had on? Short  
3           pants, white t-shirt with black designs. That is what  
4           she saw earlier. And again at 7:30, she saw him with  
5           nylon zip-up sweat pants and white shirt.

6           Then Bo Jack Kennedy, James Kennedy, said he saw him  
7           around 7:15 on Applegate going toward Angelica. He had  
8           on white pants and a black sweater. Now, he didn't talk  
9           to the police until 9 -- September 17, 1996. And Miss  
10          Hallmon, she didn't give a statement until August 7,  
11          1996.

12          Now, we have got Catherine Snow who saw somebody at  
13          Mr. Flowers' car. She wouldn't tell the police who it  
14          was the first time. She wouldn't tell the police who it  
15          was the second time. And she testified she didn't even  
16          need a photo line-up. But once they showed her one, then  
17          she picked Mr. Flowers.

18          She said the person she saw -- and you heard all  
19          this about she was scared to death, about her family was  
20          going to wind up getting killed. But she didn't tell the  
21          police. I guess she didn't have confidence in the  
22          police. She didn't think anybody could protect her and  
23          her family. She didn't tell anybody. Her husband, I  
24          think, she said she told. She said he was wearing a  
25          white top and black pants with no cap. She saw him  
26          around 7:15. She didn't look at a line-up until August  
27          19, and that's the time that she gave a statement.

28          Then we have Edward McChristian. Edward  
29          McChristian. He saw him at 7:30 to 8:00 on Academy going

1 north. He didn't give a clothing description. He  
2 finally talked to John Johnson on August 15.

3 Then we have got Mary Jeanette Fleming. She saw him  
4 at 9:05 wearing brown pants and a white shirt and a gray  
5 jacket. Now, she said black pants in one case, walking  
6 east on Campbell.

7 Now, this is around the same time that Billy Glover  
8 is testifying that he saw Mr. Flowers in a whole  
9 different place.

10 Then we have Miss Beneva Henry. She saw him between  
11 9:00 and 9:30 walking downtown on Campbell wearing white  
12 shorts. Mr. Johnson talked to her on September 3, 1996.  
13 And she admitted she had eye problems.

14 And then we have Mr. Collins, Porky Collins, who  
15 testified he saw two black men, medium complexion by a  
16 brown car. Now, we know Mr. Simpson has got a brown car  
17 parked in front of -- parked on Front Street about 9:43.  
18 He turned around. He saw these guys. They were doing  
19 something with their hands. Made him notice them. Never  
20 saw their face. He got a glimpse of one of them. I  
21 think he saw that one's face just, just momentarily.  
22 Never really got a good description of the other one or  
23 saw his face. And again, I said Mr. Johnson, even though  
24 he reluctantly did it, went by and visit him.

25 We have Clemmie Fleming who claims she went down to  
26 Tardy's that morning to pay her bill, that she had been  
27 told her furniture would be repossessed if she didn't  
28 pay. She got there. She didn't pay. Didn't want to go  
29 in. Couldn't get anybody else to go in for her and went

1           on.

2           Of course, we had her sister, Mary Ella, come here  
3           and said that didn't happen. She knows it didn't happen,  
4           because she was at her house. And they heard about the  
5           crime, and she went down there later. They both went  
6           down. And she said herself that if we had been down  
7           there, we might have been in that.

8           Clemmie Fleming was also impeached by Stacey Wright,  
9           who said they heard -- she told them that the reason she  
10          was saying she saw Mr. Flowers was to get money and not  
11          have to pay her furniture note off. She said she  
12          personally never paid it.

13          Now, they want you to believe that their witnesses  
14          are telling the truth and, and all our witnesses aren't.  
15          I will leave it up to you to decide who is telling the  
16          truth. You heard all of them. And so I am not going to  
17          stand up here and tell you who to believe. I trust you  
18          to decide who to believe. I know you can do it. I am  
19          counting on you to do it.

20          Now, even if they plainly saw Curtis and, frankly, I  
21          think they might have seen him at some time. But I don't  
22          believe they saw him on that particular day. Because I  
23          do not believe he changed clothes that many times. It  
24          just doesn't make any sense.

25          Now, there are lots of people who, who despite the  
26          facts want to believe and have been convinced that Mr.  
27          Flowers committed these, these horrible crimes. I know  
28          that's the case. They didn't get to sit through the  
29          trial like you did. They didn't get to hear the facts

1 from both sides. They didn't get to see the witnesses  
2 and judge them for themselves. They didn't get to see  
3 how poorly this case was investigated and managed.

4 And they don't know that one particle of gunshot  
5 residue is so small you can't even see it. You have to  
6 have a machine to see it. They didn't get to hear that  
7 you can get one particle of gunshot residue on your hand  
8 from a myriad of ways. You can touch an ink pen that has  
9 it on it. You can sit in a police car. You can get it  
10 in a police station. You can be near somebody that has  
11 it on them, or you could be around somebody who fired a  
12 gun. I can't deny that. I wouldn't try to deny that.  
13 But we do know there was only one. And we don't know  
14 that he ever had any more on his hand, no matter what Mr.  
15 Evans said. We don't know that.

16 Mr. Flowers was cooperative. When they came and got  
17 him, he went. Every time they asked him to show up, he  
18 showed up.

19 Now, I must tell you, I don't know if they had other  
20 suspects or not, but I do know that Mr. Flowers shouldn't  
21 have been the only suspect. I know that they should have  
22 been out canvassing neighborhoods, which they claim they  
23 did. But of course, where is the proof? Where is the  
24 proof?

25 Pick up a high school student and drive her to  
26 Greenwood. Where is the proof that you took her? I mean  
27 they said they took her. Where is the proof what you  
28 talked about? Where is the proof of what Mr. Johnson  
29 said to Kittery, to Latarsha, to all of these various

1 people? Where is the proof? Where is the independent  
2 proof that we can look at and decide what happened? It  
3 doesn't exist. Don't believe the document. Believe us.  
4 Believe what we said. Believe it because I said it,  
5 because I wouldn't say it if it wasn't true. That's the  
6 position I believe that is being taken. You don't have  
7 to be gullible and accept that as the way a case should  
8 be proven.

9 And, ladies and gentlemen, we know for ourselves how  
10 memory works to some extent. And we know that we can't  
11 go take a -- study for an exam today and never study  
12 again and take the exam eight months later and expect to  
13 remember what you read and learned eight months earlier.  
14 You might remember some things, but I bet you, you won't  
15 remember it that late as well as you remembered it on or  
16 around the time it happened.

17 Police reports are supposed to be done as quickly as  
18 possible, because you want to be accurate. There is no  
19 doubt it's wrong, and very wrong to commit crimes. And  
20 it's very wrong what happened out there at Tardy's.  
21 There ain't no doubt about that.

22 It is also wrong to convict a person who is  
23 innocent. It is wrong to convict a person when the  
24 government does not prove their case beyond a reasonable  
25 doubt, like they are supposed to. That's their charge.  
26 That's their duty. Prosecutors are supposed to seek  
27 justice, not just convict. Power is not supposed to be  
28 compromised for the purpose of getting the advantage.

29 I just can't get passed this motive. What is the

1 motive? He broke some batteries on accident. Who among  
2 us haven't made a mistake at our jobs, haven't done  
3 something wrong? Who among us hasn't been chastised?  
4 Who among us who hasn't had to pay for our mistake? Of  
5 course, we know -- most of us don't get mad and beat our  
6 boss up. I don't know of a case where anybody -- what  
7 they claim happened between Miss Tardy and Mr. Flowers  
8 went in a place and just killed people just for that.  
9 That doesn't even make sense to me. It just doesn't.

10 We heard Connie Moore come here and testify that she  
11 knows for a fact that she bought all of her children some  
12 shoes. And she kept the box. You heard Miss Hallmon try  
13 to imply that you can go back behind her house over that  
14 hill and go to Angelica. And that's why I wanted to make  
15 sure that you didn't believe that. That is why I wanted  
16 to make sure that -- even the police admit you'll never  
17 get to Angelica unless you turn right, then turn left.

18 Now, why do you think I had to make that clear?  
19 Wouldn't, wouldn't you expect both of us to make that  
20 clear? Because you shouldn't be deceived. You shouldn't  
21 be mislead. I shouldn't mislead you. I shouldn't trick  
22 you. Nobody should.

23 You have this awesome, awesome responsibility. And  
24 you might look out here and say those guys are lawyers.  
25 They have been to law school. In some situations those  
26 guys make quite a bit of money. Those guys are powerful.  
27 We are not more powerful than you are. That judge  
28 sitting up there is not more powerful than you are, not  
29 at this point. Because you and you alone get to decide

1 the fate of your fellow man.

2 I can't tell you what to do. At some point, you are  
3 going to go back there, you are going to deliberate. And  
4 you have got to decide based on your conscience on what  
5 proof you require to decide the fate of your fellow man.  
6 And it's your decision, each of your decision, how you  
7 vote.

8 I was engaged in a baseball game in Houston one  
9 time, and we played with all these people. And we had a  
10 teammate that couldn't none of us stand, and I didn't  
11 like him for sure. Because he made some comments to me  
12 one time that made me not like him. So as we played that  
13 game that night, this same teammate that couldn't nobody  
14 on the team stand, did something to a player on the other  
15 side, on the other team.

16 And this person from this other team came and got  
17 this guy and was choking him to death. And wouldn't  
18 nobody on my team help the guy. And I sat there. And I  
19 thought man, he is going to kill this guy. I stood  
20 there. I'm sorry I stood there. Finally, it dawned on  
21 me that I shouldn't be waiting on nobody else to act,  
22 that I had to do it.

23 So I walked up behind the guy, and I put my arm  
24 under his, and I grabbed him. And everybody think that I  
25 snatched his hand away from the guy, but I didn't. All I  
26 did was grab him and told him you are wrong for choking  
27 this guy to death. I know you don't like him. Don't  
28 nobody like him. But is it proper for you to kill him?  
29 No. I am going to tell you another reason why you

1       shouldn't kill him. If you choke him to death, you will  
2       regret it.

3               MR. EVANS: This is inappropriate argument at  
4       this phase of the trial.

5               MR. CARTER: Ladies and gentlemen, I'm finished  
6       with that story. And the only reason I tell that story  
7       is to illustrate how important responsibility is, how  
8       important duty is and how seriously we have to take  
9       power, whether it is given to us or we just suddenly wind  
10      up with it. We have to do the right thing when we can.

11              What can we believe? What is undisputed? I think  
12      it is undisputed that Mr. Flowers was made a suspect,  
13      remained a suspect, that Doyle Simpson owned the gun.  
14      And as a matter of fact, as I understand, he went to  
15      Fuzzy's and telling somebody his gun had been taken, even  
16      before he reported it back at his job. Because Porky  
17      came up there telling Mr. Williams that somebody up here  
18      reported his gun stolen. I mean they are talking about a  
19      gun even before he told the folks at the job. It is  
20      undisputed that no report was ever filed showing that.

21              It is undisputed they found Emmitt running,  
22      sweating. It is undisputed that Doyle Simpson lied. And  
23      he said he did it to protect Curtis. It is undisputed,  
24      because he said it. Doyle said it. Curtis didn't even  
25      know the gun was in there. Now, of course, he wants you  
26      to believe that Curtis came up there anyway and looked in  
27      there and found that. That is what he wants you to  
28      believe. But you don't have to believe that. There is  
29      no proof of it.

1           I remember asking who could sit and listen to the  
2 evidence in this case and not be concerned about how you  
3 would be viewed if you made a decision that was contrary  
4 to what any of us wanted and desired. And we know no  
5 decision could be made that please everyone. And you  
6 said that you could put community sentiments aside. You  
7 could even put aside any feelings you might have had  
8 prior to sitting in this case. And only you know if you  
9 can do that. And we hope, we pray that you can, and that  
10 you make whatever decision you make based on the  
11 evidence.

12           And I can tell you right now that I can live with  
13 it, whatever it is, even though I have a preference.  
14 It's your job. Listen to the evidence. Not favor any of  
15 us based on something that has nothing to do with the  
16 evidence. And go back and deliberate and make your  
17 decision. You are expected to go back and use your own  
18 moral conscience, not anybody else's. And you are  
19 expected to make whatever decision you make based on  
20 reliable, trustworthy, credible testimony. You said you  
21 could. We believe you can.

22           And I remember saying or making a statement that as  
23 hard as this might be to fathom, as hard as this might be  
24 to do, that your job is not to give -- to merely give  
25 some relief that you might think is desired, but to  
26 listen to the facts and the evidence and make whatever  
27 decision you believe is appropriate.

28           Now, I'm going to go and take my seat in a few  
29 minutes, and my co-counsel is going to get up and talk to

1           you. And Mr. Evans is going to get up and talk to you.

2           But I just ask one thing. I want you to apply this  
3           to me too and apply it to my co-counsel. No matter what  
4           we say and how we say it or our tone or how much we act  
5           like we believe it, ask yourself every time is that what  
6           the evidence showed. Is that what the evidence showed?  
7           Is that what the evidence showed? Is that what the  
8           witnesses said? Is that what the proof showed?

9           And ladies and gentlemen, if you can do that, you  
10          will have done your job, and we don't have anything to  
11          complain about.

12          Thank you very much.

13                 THE COURT: Miss Steiner, I think before we  
14          continue we are going to just let the jury take about a  
15          ten-minute recess. I imagine they are probably ready to  
16          stretch and move.

17          Ladies and gentlemen, we will take a 10-minute  
18          recess and then resume hearing closing arguments.

19          (A BREAK WAS TAKEN.)

20          (MR. EVANS, MR. HILL, MR. HOWIE, MRS. STEINER, MR. CARTER  
21          AND THE DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS  
22          CONTINUED AS FOLLOWS:)

23          (THE JURY RETURNED TO THE COURTROOM.)

24                 THE COURT: Court will come back to order.  
25          Miss Steiner, you may proceed.

26                 MRS. STEINER: Thank you, Your Honor.

27          Ladies and gentlemen, it's my only time to speak to  
28          you, and it's also going to be the last time anybody on  
29          behalf of Mr. Flowers is going to speak to you. So to

1       some extent, I am going to have to anticipate some of  
2       what Mr. Evans is going to talk to you about here. And I  
3       want you to just remember I'm not going to be able to --  
4       you need to keep things in your mind. Because if he  
5       contradicts something, I can't stand up and correct it  
6       again.

7               Now, I don't know -- I am sure some of y'all are old  
8       enough to have, like me, listened for many years to Paul  
9       Harvey's radio show. I was practicing law down in  
10      Hattiesburg. He came on on the noon hour. And he always  
11      had entertaining stuff to say in that wonderful voice  
12      that just compelled you to listen.

13             My favorite segment on Paul Harvey was always just  
14      before he would come to a break, he would give you a set  
15      up. He would say this happened, this happened and  
16      something told us about this. And you, you'd go to that  
17      break thinking you were very sure about the point that  
18      story was going to make. Then he would come back and  
19      say, ladies and gentlemen, it may look like this, but  
20      here, here's the rest of the story. And that's really  
21      what you, ladies and gentlemen, are here to decide. What  
22      is the rest of the story?

23             A terrible crime occurred here. Four people died  
24      senselessly and without any -- having done anything  
25      wrong. That's, that's there. But we are here. Y'all  
26      have taken the oath to deliberate and decide the rest of  
27      the story. And the rest of the story is not so much  
28      about the fact that four people died, it's about who did  
29      it. And as His Honor instructed you when he read you the

1 instructions, that is what the rest of the story is  
2 about. Has the State proved beyond a reasonable doubt  
3 that Curtis Flowers did it? The rest of the story says  
4 no.

5 Just a minute before I -- having, having said that,  
6 I guess I do have to go back. If you will recall, you  
7 are considering not whether or not any crime has occurred  
8 but there are two separate crimes His Honor has  
9 instructed you on. He has instructed you on capital  
10 murder. If you find that this crime was committed, if it  
11 was committed, while as part of a robbery, then -- that  
12 you must find both the robbery beyond a reasonable doubt  
13 and a killing during that robbery. And if you can't find  
14 both of those as His Honor has instructed you, you may  
15 consider whether or not this was, the lawyers call it  
16 simple murder. Murder, deliberate taking of the life.

17 Now, as I say, I don't think you are going to have  
18 to worry. Mr. Flowers, they haven't proved Mr. Flowers  
19 guilty. I do want to talk to you about that, because I  
20 certainly think there is no proof beyond a reasonable  
21 doubt that the killing and any stealing from -- of that  
22 money from Miss Tardy's has been proven beyond a  
23 reasonable doubt.

24 I believe Mr. Sam Jones, who I think the State said  
25 was almost -- over 80 years old. And he came in -- and  
26 you know, his testimony, I looked it up as they were  
27 saying that. His original testimony was he might have  
28 gotten there, started his voyage to go in to -- as early  
29 as 9:00. He, he thought maybe he got there closer to

1 9:30. But we know from the police that the call came in  
2 at 10:20. And if you will remember, Mr. Jones also told  
3 you he thought it might have been 15 minutes before he  
4 recovered himself enough to go and actually make the  
5 report. So there is a bunch of time in there.

6 You know, it would take me time to recover. I know  
7 so many of y'all winced when you first had to look at  
8 those pictures. His time -- he may have also taken some  
9 time to recover. You know, during that time there wasn't  
10 any police lying around in the store. There wasn't  
11 anything except, maybe, an 87-year-old man trying to get  
12 over the shock of what he had seen.

13 Anybody could have walked into that store, seen  
14 those people dead. And instead of doing what Mr. Jones  
15 did, just said oh, there is cash in here. Gone in.  
16 Cashed out. Gone. So even -- and I don't think you are  
17 going to come to finding this beyond a reasonable doubt.  
18 But even if you think, as the State said, that Mr.  
19 Flowers was holding the gun that killed these people, you  
20 do have to deliberate. And I don't believe they have  
21 made any proof beyond a reasonable doubt that he also  
22 robbed them.

23 And if you find that the crime was murder, that  
24 whatever was stolen might have been stolen during that 15  
25 minutes that Mr. Jones had to recover himself, then the  
26 crime you would have to be considering, should you decide  
27 that Mr. Flowers fired that gun, would be murder.

28 But let me just now turn to the rest of the story  
29 here. Now, the State -- and I am sure Mr. Evans is going

1 to come up, and he is a very good lawyer. He is a very  
2 good teller of what he thinks the facts are or what the  
3 evidence showed. But I think he will tell you things,  
4 you are going to say yes, yes. He has his little map.  
5 He has his -- all these people and all these times. But  
6 the rest of the story tells that doesn't hold water.

7 I agree with Mr. Carter. I mean Mr. Hallmon -- His  
8 Honor has instructed you, view whatever Mr. Hallmon says  
9 with suspicion. I think you can set that aside as any  
10 proof of anything other than Mr. Hallmon's desperation  
11 and unreliability.

12 Let's look at the circumstances. Let's see the rest  
13 of the story. Now, unfortunately, because of the fact  
14 that it didn't have a leader, didn't write things down.  
15 And if you keep a organized organization to decide what  
16 the rest of the story was, the State didn't get the rest  
17 of the story. It didn't have it. Apparently, either it  
18 chose not to or maybe was so overwhelmed by the magnitude  
19 of the crime they couldn't get it together to do so.

20 You know, the highway patrol wanted -- the, the  
21 detective from the highway patrol wanted to defer, and  
22 they didn't want to intrude and nobody wanted to be a  
23 leader. But for whatever reason, ultimately what  
24 happened, instead of doing the investigation they should  
25 have done to not only get the terrible story that these  
26 people had died, but the rest of the story that would  
27 help them and the people deciding this, you, the jury,  
28 decide what really happened and whether the State could  
29 prove this beyond a reasonable doubt. They didn't do

1       that.

2               Instead they found Mr. Flowers. Yes, he was the  
3 most recent employee to leave there, and he had damaged  
4 some property. And Miss Tardy's children with 20/20 --  
5 Miss Tardy's daughter and Mr. Tardy's son, with 20/20  
6 hindsight said oh, she had to let him go. And then from  
7 then on they focused and said what we'll do is we'll pick  
8 this person, we'll find out. But the rest of the  
9 story -- the rest of the story that the State ignored,  
10 that it didn't find, has -- points in a completely  
11 different direction. And they didn't even rule it out.

12              They -- Doyle Simpson -- well, Doyle Simpson, we are  
13 not quite sure what's true and what's bad memory and  
14 what's a lie. Now, he did say he, he did tell one lie.  
15 The first thing out of his mouth to the police was a lie  
16 about the gun he claimed had been stolen. He claimed he  
17 bought it from or gotten it from his brother in  
18 Louisiana. He told you that was a lie.

19              But, you know, he also lied when he lied,  
20 unfortunately, here in this court to y'all, about why he  
21 told that lie in the first place. He said well, I was  
22 trying to protect Curtis. But then remember, when I was  
23 asking him questions, what did he say? I said but wait,  
24 wait. You didn't know anybody had accused Curtis when  
25 you told James Taylor Williams this lie.

26              You didn't know anybody had -- and James Taylor  
27 Williams said the first anybody ever heard of it was when  
28 James Taylor Williams went out to investigate, went up to  
29 Fuzzy's and got a report that a nervous, flustered,

1       sweaty man had come in and started talking about a gun  
2       being stolen. Everybody knew these horrible shootings  
3       had happened and a man was nervous and flustered and  
4       sweaty. And James Taylor Williams tells you comes into  
5       Fuzzy's, and says ooh, my gun was stolen. My gun was  
6       stolen.

7               Did they go down to Angelica when James Taylor  
8       Williams called them? It wasn't Angelica calling. It  
9       wasn't -- it wasn't Doyle Simpson calling. Good highway  
10      patrol. Just he went -- even though he didn't have a  
11      lead, he went out and he traced down this lead. That's  
12      who brought that lead in.

13             But the first thing he told that -- right after he  
14      comes back, they wait for Doyle to come back. And right  
15      after he comes back, he doesn't have a chance even to go  
16      in and, and -- into the floor. He is brought right into  
17      that office before he has talked to Catherine Snow. He  
18      said it didn't happen until several days later or at  
19      least a couple of days later. Before he knows anything  
20      about his step nephew, Curtis Flowers, being a suspect,  
21      he is telling the lie about where he is getting the gun.  
22      And he came and told you a lie that he was trying to  
23      protect Curtis Flowers. He was trying to protect  
24      himself.

25             We don't know. The State didn't do the  
26      investigation that would either rule him out or rule him  
27      in. They didn't -- they saw him within less than an hour  
28      of that crime, of discovering those bodies. Did they  
29      take out that gunshot residue kit? Apparently, they

1        carry that with them just for circumstances like this.  
2        This is the only man who ever admitted to handling or  
3        owning this gun. Why didn't they -- why didn't they say  
4        well, let's make sure he is telling us the truth about  
5        this gun being stolen. And, and it didn't take them  
6        long. He, he told them a lie about where he had gotten  
7        the gun. It was prudent police work. Let's do a job.

8                As, as you heard Mr. Andrews say, after four hours  
9        it diminishes. But this was less than an hour later.  
10       They didn't do that. They didn't look. I believe they  
11       said they talked to people on the floor, and they thought  
12       they ruled him out. But you remember what he testified  
13       about his job. He came in. He was the janitor. He came  
14       in before everybody else and swept in the morning.

15               Then once the rest of the people in this sewing  
16       factory floor got there -- I think it was mostly ladies  
17       who worked. They sat down at these big sewing machines.  
18       I don't know if any of y'all ever worked a sewing machine  
19       but I have to say when I'm sewing on my little home  
20       sewing machine, my eyes are there with that needle going  
21       up and down. And it could go right through my finger if  
22       I didn't do it. I don't think anybody operating a sewing  
23       machine on the floor of Angelica was looking up, looking  
24       around, let's see if I can find Doyle.

25               He is -- he may be on the other end of another line  
26       picking up someone else's scraps. He may be outside.  
27       Remember, he told you, well, I took the scraps out every  
28       once in awhile, five, six, times that morning. And I'm  
29       sure -- if I'm sewing on my machine, I'm taking a break

1 to move my pieces, I may actually hear him. Up goes that  
2 roll-up door he talked about. You hear that roll up, and  
3 I go back to sewing. Maybe I take another pause, and I  
4 hear it roll down. But you know, I get used to hearing  
5 that up and down. I don't look to see which side of that  
6 door Doyle Simpson was on when he rolled it up and when  
7 he rolled it down.

8 The rest of that story was never investigated. It  
9 hasn't been told to y'all, and it is not there. But it  
10 is reasonable doubt on whether, in fact, what they  
11 decided to put together. They started getting this  
12 evidence, I. Think the earliest from other people  
13 spotting him was a month after this all happened.

14 But that day they had Doyle Simpson, and he admitted  
15 to them that he had been in and out of that plant three  
16 times that morning. He had gone out. He had gone out.  
17 He had opened the door to his car about 9:30, opened it.  
18 And got his breakfast out. And I think he said he ate  
19 his breakfast at his car. But he admitted he closed that  
20 door. Nothing fell open on the glove compartment at  
21 9:30. That's 9:30. After -- two hours after the State  
22 would want you to construe what Miss Catherine Snow said  
23 was when the gun was stolen. Two hours later. That  
24 glove compartment didn't fall open.

25 And by the way, he wasn't in that building. So  
26 nobody could have told the police that, well, I saw him  
27 while he was out there in his car eating his breakfast.  
28 And he went out again. He went in, did his scraps, put  
29 them in the dumpsters. Open and close that door. And

1       then about 10:20 he admits he went out again. And he  
2       went out to roll down his windows. He said he had  
3       electric windows, which meant he had to open the door, go  
4       in, turn the car on, or turn the electricity on, and roll  
5       down the windows.

6               Now, you heard Miss Schoene say one of those doors  
7       didn't even open. But he went in the passenger side,  
8       opened and closed the door. Nothing happened to that  
9       glove compartment.

10              The State didn't -- the State had this information.  
11       The State had this information, and for whatever reason,  
12       they didn't follow through on it. So by the time, maybe,  
13       they decided they were only going to look at Mr. Flowers  
14       the minute they got the report from Miss Ballard or Tom  
15       Tardy. Or maybe they just were so disorganized nobody  
16       realized the importance of this information. The fact is  
17       they didn't look at it. They didn't look at the person  
18       closest to the gun that they believed. They built a case  
19       saying it was used in this case.

20              It's terrible. It's tragic. But they didn't look  
21       at perfectly reasonable other suspects right there in  
22       front of them and evidence was lost forever.

23              There, there are so many other things. The rest of  
24       the story on, on the statements. Mr. Hill has argued  
25       that the two conversations Mr. Flowers had with the  
26       police he always said that he never came over on the  
27       downtown side.

28              THE COURT: Miss Steiner, you have five  
29       minutes.

1                   MRS. STEINER: Thank you. But he, he -- that  
2 he told them that -- and I was pondering that. Every  
3 single witness who sat on that stand to give evidence  
4 against him, they waited months to come forward. They --  
5 most of them said -- I know Miss Mary Jeanette Fleming  
6 said I, I didn't want to be involved. No one. Patricia  
7 Hallmon had to wait -- waited till after he was  
8 arraigned. And they didn't want to come forward. Curtis  
9 was a witness perhaps, that he had been called in and as  
10 a witness no one, no one, no one wants to be involved.

11                   This -- the State would have you infer from two  
12 contradictory statements that he was trying to hide  
13 something. But, but the rest of the story on that is  
14 every witness didn't want to come forward. Every witness  
15 just wanted to get as far as possible from what happened  
16 there. And the motive. The motive in this case, the  
17 rest of the story on that. He lost his job for breaking  
18 batteries and they were going to take an \$87 paycheck  
19 from him. You heard his statement. He was getting  
20 unemployment compensation. He got every dollar --  
21 anything he earned came off of his unemployment  
22 compensation. If he didn't get that \$87, that \$87  
23 wouldn't come off of the unemployment compensation.

24                   The glove box. The two officers, Mr. James Taylor  
25 Williams and Mr. Thornburg, went and they looked in that  
26 ratty, old brown car, and they said the glove box was  
27 open. They knew they had had -- they had had the story  
28 that the gun had been stolen. They saw pry marks. They  
29 called in the specialist, Miss Schoene. She told you,

1 ladies and gentlemen -- she was asked by the State no,  
2 those aren't pry marks. That was a beat up old car.  
3 Those marks are consistent with that car's age.

4 The, the gunshot residue, ooh, there's a particle of  
5 gunshot residue on his hand, on his fingers. But then  
6 you heard what Jo Andrews said. Well, I can only tell  
7 you three things. He might have fired a gun. He might  
8 have been there when a gun was fired, or he might have  
9 picked it up from somewhere where it also was. Well, he  
10 told you it's in police cars. It's in police  
11 interrogation rooms. It's not only where people have  
12 fired guns. It's where people who have been near guns  
13 that have been fired. Like people at a crime scene.

14 You heard Mr. Matthews and Mr. Johnson tell you,  
15 they actually sat up the post where they were  
16 interviewing witnesses inside that tape. So in addition  
17 to the 27 people Miss Schoene found at that crime scene,  
18 we had witnesses come in and out. But those officers,  
19 they toured there within a few minutes or within less  
20 than four hours of when those guns had been discharged.  
21 And they could have picked it up on their clothes. They  
22 can wash their hands. But if they put that gloved hand  
23 down in their pocket, they could pick it up there.

24 There is no proof beyond a reasonable doubt that,  
25 that Mr. Flowers got that gunshot powder residue from  
26 anything other than sitting in that room, picking up a  
27 pen and holding it in his hand.

28 And you know, I was just looking down here. On my  
29 piece of paper, I typed out some notes and printed them

1 out last night. And I was too nervous to go powder my  
2 nose and put on new lipstick before I stood up to talk to  
3 y'all. But before we came in from lunch, I was in there.  
4 I went in and I powdered my nose and I put on my  
5 lipstick. And it is all pretty much gone now. You know,  
6 how you probably watched that. I put my pen in my mouth.  
7 I just noticed. There is a little trace of that lipstick  
8 I put on right after lunch that is all gone now. I think  
9 I must have just put my pen down or put it on my hands.  
10 That's what gunshot residue is. It can be picked up from  
11 anywhere and left around.

12 And the gun experts. We had Mr. Balash. He said  
13 oh, everything matches up completely. And then the rest  
14 of the story, we find out he's the second one that they  
15 went to when it didn't fit their theory.

16 MR. EVANS: Your Honor, I object. That is not  
17 true.

18 THE COURT: Mrs. Steiner, your time is up.

19 MRS. STEINER: Okay. Thank you.

20 May I have a moment, a minute or two to conclude?

21 THE COURT: You can have a minute.

22 MRS. STEINER: All right. Thank you.

23 Ladies and gentlemen, I'm sorry. I get a little  
24 wound up, but this evidence -- the rest of the story does  
25 not support the State's theory that it was Curtis Flowers  
26 that did this. The State didn't find. They didn't  
27 organize. They didn't document. They didn't investigate  
28 this case to do anything except take the most convenient  
29 suspect and make him guilty.

1           They went around, and they found all these people.  
2           And they want to connect a bunch of dots, but those dots  
3           don't connect. The man is wearing five different  
4           outfits. He would have had to go home and come back to  
5           each of those places 12 minutes, 17 minutes each way. It  
6           is not possible. The dots don't connect. Their case is  
7           only as strong as its weakest link. And that is a chain  
8           whose links fall apart when you remember what they say he  
9           was wearing.

10           Mr. Flowers is not guilty. The State has not proved  
11           him guilty beyond a reasonable doubt and your verdict,  
12           ladies and gentlemen, should be not guilty.

13           MR. EVANS: Your Honor, may I move these so  
14           that I can put some up --

15           THE COURT: Sure. Take that down. It blocks  
16           my view of the jury, and I don't like my view of the jury  
17           to be blocked.

18           MR. EVANS: And I'd like -- I can either cut it  
19           off or --

20           THE COURT: Have somebody from their office  
21           turn it off.

22           Mr. Evans, you may proceed.

23           MR. EVANS: Thank you, Your Honor.

24           Ladies and gentlemen, I am not going to be long,  
25           because y'all have heard the evidence in this case. And  
26           I think it's very clear to y'all what happened on this  
27           case.

28           I think it is funny any time that I see the defense  
29           trying to attack everybody. In this case they talk about

1 junk science. They don't want you to believe the  
2 experts. They've talked about every law enforcement  
3 officer that worked this case. We don't have any  
4 officers around this part of the country, I don't guess,  
5 that are honest or capable. They talk about me. They  
6 talk about my dishonesty. They talk about the  
7 eyewitness. Apparently, the people that live in your  
8 community are dishonest. They don't want you to believe  
9 anything.

10 MRS. STEINER: Objection, Your Honor.

11 MR. EVANS: Why do they not want you to believe  
12 anybody?

13 MRS. STEINER: Objection, Your Honor. We have  
14 attacked in our argument -- in my argument, I have  
15 attacked their memory and their veracity and their, their  
16 motives on this. We have never attacked the character  
17 for honesty of anybody except Odell Hallmon, whom the  
18 Court has instructed the jury must be viewed with  
19 suspicion.

20 MR. EVANS: May I proceed, Your Honor?

21 THE COURT: What do you consider veracity to  
22 be?

23 MRS. STEINER: Yes, I'm sorry, Your Honor.  
24 That they were influenced. But we have not attacked the  
25 honesty in my -- in our argument, in my argument, at  
26 least, of anything other than their recollections?

27 MR. EVANS: May I proceed, Your Honor?

28 THE COURT: You may.

29 MR. EVANS: I wrote it down. Ray Charles

1 Carter said the officers lied. He doesn't want you to  
2 believe anybody. The experts. It's junk science. You  
3 can't believe anybody. All of these people that came in  
4 here from the community.

5 And I'll be honest about one thing - that they don't  
6 want to have to testify. They are tired of testifying.  
7 They are scared. They don't want to be involved. They  
8 have told you that. But they did. They sat on that  
9 stand right there and had the guts to tell you what they  
10 saw. But they want to attack them.

11 Y'all will have this map to go back there. To me  
12 this is one of the best things in this case. Because it  
13 shows the exact path. You can pinpoint where he went,  
14 what time he left his house, how he got to Angelica, how  
15 he got back to his house, how he went to store, how he  
16 went back to the his house.

17 I've never seen a case that had so much evidence.  
18 I've never seen a case that had so much investigation.  
19 We are talking about a case where the officers worked  
20 together. They worked together daily on a endless battle  
21 to try to solve this case. They searched house to house.  
22 They searched manhole covers. They searched garbage  
23 cans. They did everything in the world. They followed  
24 leads. And this is what it lead to. It lead to the  
25 proof that he did it.

26 The gunshot residue is on his hand. The expert  
27 testified it is nothing else. It is gunshot residue.  
28 And that's where you would expect to find it. The tennis  
29 shoes prove that the person in the store was wearing Fila

1 Grant Hill 10 1/2 tennis shoes.

2 We have got the box they came out of. Why do they  
3 want to hide the shoes? Why wouldn't they bring them in?  
4 You heard Connie. She testified yeah, I admit it. I  
5 said last time that I didn't want the shoes found, but I  
6 really didn't understand your question. She understood  
7 my question. She didn't want the shoes found. And she  
8 wants to sit up here and tell y'all that Curtis doesn't  
9 even wear a 10 1/2. The evidence is here.

10 This case proves beyond any doubt that this  
11 defendant is guilty. There is only one verdict that can  
12 be there. It's not murder. It is capital murder.  
13 Because the proof is there that he also took the store  
14 money and that's what makes it robbery.

15 Ladies and gentlemen, I could sit up here for five  
16 days and argue the facts of this case, but y'all have  
17 heard it. Y'all have heard the important parts. This  
18 defendant is guilty. This was a well-worked case. The  
19 officers that worked this case did an excellent job. You  
20 might could have -- say okay, well, I might should have  
21 written this note down. I might should have written that  
22 note down. I might should have gone and checked to see  
23 if Elvis was still in his grave. He might could have  
24 committed the crime.

25 But you have to look at reality. What they did,  
26 they followed the leads that were there, and they did an  
27 excellent job of it. We have got officers here that were  
28 dedicated. They wanted to make sure that they got the  
29 right person. All the people that they eliminated from

1 the crimes, they went and made sure where they were.  
2 They talked to people on the floor. They talked to  
3 people that were in the break room with them. They made  
4 sure that they knew what they were doing, because they  
5 wanted the right person charged. And that's Curtis  
6 Flowers.

7 And I ask that when you go back in the jury room,  
8 this form -- this isn't the one, this is another copy of  
9 it. There is a form of the verdict here. There is four  
10 different counts because there are four victims in this  
11 case. And on each one there are three choices. I ask  
12 that the whoever y'all elect as foreman, mark on each of  
13 the four counts we, the jury, find the defendant guilty  
14 of capital murder, because that is what he is guilty of.

15 Thank you, Your Honor.

16 THE COURT: Ladies and gentlemen of the jury,  
17 you have heard all the evidence. You have been  
18 instructed on the law by the Court, and you now have  
19 heard closing arguments. I'll ask that you retire now to  
20 the jury room to deliberate. When you have reached a  
21 decision, if you will mark that verdict on the form  
22 attached by paperclip to these instructions. And then  
23 knock on the door and let the bailiff know that you have  
24 reached a decision.

25 We do have two alternates that have been here the  
26 entire time, but we do still have a complete panel.

27 So Miss Julia Ray and Miss Beverly Williams, you are  
28 excused at this time. You may have a handbag in the jury  
29 room. If you do, you can step in there maybe and get

*Jury Retires to Jury Room to Deliberate*

1           those before the rest of the jury goes in.

2           (THE TWO ALTERNATE JURORS WENT IN THE JURY ROOM AND GOT  
3 THEIR BELONGINGS.)

4           And ladies, if you will go around to the sheriff's  
5 office. They can provide means of transportation so you  
6 can get your belongings and all that have been left where  
7 you have been staying.

8           A JUROR: Thank you.

9           THE COURT: Now, ladies and gentlemen, if you  
10 will step in the jury room and begin your deliberations.

11          (THE JURY LEFT THE COURTROOM TO DELIBERATE THEIR VERDICT  
12 AT 2:52.)

13          (THE EXHIBITS THAT WERE ADMITTED INTO EVIDENCE AND THE  
14 JURY INSTRUCTIONS WERE HANDED INTO THE JURY ROOM.)

15          THE COURT: I'll go on record now and state  
16 that all the exhibits that were introduced during  
17 evidence have now been presented to the jury in the jury  
18 room. None of the items that were marked for  
19 identification, were not admitted, have been submitted to  
20 the jury. So they have only things that were admitted  
21 into evidence during the course of the trial.

22          Court will now recess to await the verdict of the  
23 jury.

24          (THE JURY KNOCKED AT 3:21.)

25          THE COURT: Court will come back to order.

26          I will say to everybody, I don't know what -- the  
27 jury's knocked. I don't know if it is a note or verdict  
28 or what it is.

29          I just will say this. If it is a verdict, I don't

1 want to hear any comments from anybody in the audience.  
2 If anybody thinks they can't control their emotions if it  
3 is a verdict, they need to make their way out  
4 immediately.

5 If you will find out what they are knocking about.

6 (THE JURY INDICATED TO THE BAILIFF THAT THEY HAD REACHED  
7 A VERDICT.)

8 (THE JURY RETURNED TO THE COURTROOM.)

9 THE COURT: Who is the foreman of the jury?

10 A JUROR: (Indicated.)

11 THE COURT: Mr. Foreman, has the jury reached a  
12 verdict?

13 A JUROR: Yes, they have, Your Honor.

14 THE COURT: Is that verdict written on the form  
15 that was provided?

16 A JUROR: Yes, it is.

17 THE COURT: Would you hand that form to the  
18 bailiff, please?

19 A JUROR: (Complied.)

20 THE COURT: Is this the verdict of all 12  
21 members of the jury?

22 A JUROR: Yes, sir, it is.

23 THE COURT: I'll have the clerk read the  
24 verdict.

25 If the defendant will please stand.

26 CIRCUIT CLERK LANELLE MARTIN: As to Count I,  
27 we, the jury, find the defendant guilty of capital murder  
28 of Bertha Tardy.

29 Count II, we, the jury, find the defendant guilty of

1 capital murder of Robert Golden.

2 Count III, We, the jury, find the defendant guilty  
3 of the capital murder of Carmen Rigby.

4 Count IV, We, the jury, find the defendant guilty of  
5 the capital murder of Derrick Stewart.

6 THE COURT: I am going to poll each one of you  
7 on the jury.

8 Ma'am, is this your verdict?

9 A JUROR: Yes, sir.

10 THE COURT: And, ma'am, is this your verdict?

11 A JUROR: Yes, sir.

12 THE COURT: Sir, is this your verdict?

13 A JUROR: Yes, sir.

14 THE COURT: Sir, is this your verdict?

15 A JUROR: Yes, sir.

16 THE COURT: Sir, is this your verdict?

17 A JUROR: Yes, sir.

18 THE COURT: On the back row, sir, is this your  
19 verdict?

20 A JUROR: Yes, sir.

21 THE COURT: Ma'am, is this your verdict?

22 A JUROR: Yes, sir.

23 THE COURT: Sir, is this your verdict?

24 A JUROR: Yes, sir.

25 THE COURT: Ma'am, is this your verdict?

26 A JUROR: Yes, sir.

27 THE COURT: Ma'am, is this your verdict?

28 A JUROR: Yes, sir.

29 THE COURT: And, ma'am, is this your verdict?

1 A JUROR: Yes, sir.

2 THE COURT: Sir, is this your verdict?

3 A JUROR: Yes, sir.

4 THE COURT: Ladies and gentlemen, if you will  
5 now return to the jury room, and we will give you further  
6 instructions.

7 (THE JURY LEFT THE COURTROOM.)

8 THE COURT: I am going to go ahead and start  
9 proceeding in the second phase. The State or defense  
10 need a few minutes before we start with --

11 MR. EVANS: Ten or fifteen will be enough, Your  
12 Honor.

13 THE COURT: We will just recess for 15 minutes.

14 MRS. STEINER: Your Honor, I have to say that  
15 if -- we had made a motion previously asking for a  
16 24-hour cooling off period. We do not require that but  
17 we would request that we not start the sentencing  
18 proceeding until tomorrow morning.

19 We have got witnesses we have got to get here. We  
20 need to get them sequestered. Some of them have been  
21 permitted to remain in the courtroom.

22 THE COURT: You need to start doing that in the  
23 next 15 minutes, because we are going to resume.

24 MRS. STEINER: Thank you.

25 (A RECESS WAS TAKEN.)

26 (MR. EVANS, MR. HILL, MRS. STEINER, MR. CARTER AND THE  
27 DEFENDANT WERE PRESENT IN OPEN COURT. PROCEEDINGS WERE AS  
28 FOLLOWS:)

29 MRS. STEINER: Your Honor, before bringing the

1 jury out I have some motions.

2 THE COURT: Proceed.

3 MRS. STEINER: Your Honor, the first motion  
4 would be to move that the -- this jury be -- that the  
5 State not be permitted to proceed --

6 THE COURT: Speak up.

7 MRS. STEINER: That the State not be permitted  
8 to proceed to a sentencing phase for all of the reasons  
9 cited in the motions previously heard by this Court - the  
10 double jeopardy motion, the prosecutorial vindictiveness  
11 motion, the Batson and no peremptories motion.

12 And also, we would move that the verdict that the --  
13 this jury -- at the very least, this venire be dismissed  
14 and that no sentencing proceeding take place on the basis  
15 of the initial motion that no fair jury was constituted  
16 in this matter in light of all the responses of all the  
17 venire members, including those who were serving on this  
18 jury. And with respect to that, there were 12 people.  
19 This took barely over 35 minutes. They didn't even have  
20 time to use the restroom and clear their throats. And it  
21 appears that they -- that there was effectively no  
22 deliberation.

23 And we would retrospectively under the Sixth  
24 Amendment cite that as evidence, that this -- a fair  
25 juror under the Sixth Amendment could not be constituted.  
26 And we would therefore move that the State at least -- at  
27 the very least be precluded from presenting any evidence  
28 and seeking the death penalty at this time.

29 And then we have one further motion, Your Honor.

1 And she has been doing technical stuff. But at least  
2 during -- as we were going in and out trying to get --  
3 gather our boxes and our information, my -- one of -- two  
4 of my interns observed the jurors taking their usual  
5 smoke break under the supervision of the bailiff. What  
6 was unusual was these jurors were also apparently engaged  
7 in some sort of interaction or conversation with at least  
8 two highway patrol members.

9 I would call Miss Pria Brandis to state under oath  
10 what it was she observed in this regard. And we would  
11 move that this jury, even if none of the other motions  
12 with respect to seeking the death penalty be granted,  
13 that this particular jury be discharged and not be  
14 permitted to consider sentence because they have been  
15 disobeying the Court's orders with respect to  
16 communications with anybody besides the bailiff outside  
17 of and, and in open court to the judge.

18 THE COURT: Well, the first issue on the length  
19 of deliberations, I have never seen any case law that  
20 would ever indicate that a jury has to deliberate a  
21 certain length of time before they can return a verdict.  
22 So that, that motion on its face is just spurious, is  
23 totally ridiculous. And this jury is not going to be  
24 dismissed because they didn't deliberate as long as,  
25 maybe, defense counsel wishes they would.

26 I have never seen any evidence the prosecutor  
27 engaged in any misconduct during the course of this  
28 trial. And jeopardy certainly has never attached because  
29 there has never been a not guilty finding. Jeopardy --

1 double jeopardy only attaches if there is a verdict of  
2 not guilty. And so jeopardy has definitely not attached.

3 Because the prosecutor did not at one point seek the  
4 death penalty does not preclude them from some later time  
5 seeking the death penalty.

6 And then you have made great statements about the  
7 makeup of the jury. So I'll just read into the record  
8 how we got to the point where we had the jury we did.

9 Originally Juror Number 6, an African-American male,  
10 was excused for cause because he knew the Flowers family,  
11 said he could not be fair and impartial.

12 Juror 15, an African-American female, was excused  
13 for cause because she had known Curtis Flowers all her  
14 life and said she couldn't be fair and impartial.

15 Juror 16, an African-American male, was excused for  
16 cause because he knows Curtis Flowers, worked in the past  
17 with his sister, Priscilla, and said he couldn't be fair  
18 and impartial.

19 Juror 21, an African-American male, was excused for  
20 cause because his wife is a cousin of Curtis Flowers and  
21 he said he couldn't be fair and impartial.

22 Juror 23, an African-American male, was excused for  
23 cause because he is related to Curtis Flowers, said he  
24 couldn't be fair and impartial.

25 Juror 24, an African-American female, was excused  
26 for cause because she said she was close to Curtis  
27 Flowers and she couldn't be fair and impartial.

28 Juror 31, an African-American female, was excused  
29 for cause because she is the sister-in-law of Curtis

1 Flowers and she said she couldn't be fair and impartial.

2 Juror 33, an African-American male, was excused for  
3 cause because his daughter and the brother of Curtis  
4 Flowers have a child together and he said he couldn't be  
5 fair and impartial.

6 Juror 34, an African-American male, was excused for  
7 cause because he stated he could not judge anyone for any  
8 reason.

9 Juror 36, an African-American male, stated that he  
10 was married to a cousin of Curtis Flowers and he could  
11 not be fair and impartial.

12 Juror 37, an African-American female, was excused  
13 for cause because she said she was related to Curtis  
14 Flowers and could not be fair and impartial.

15 Juror 41, an African-American female, was excused  
16 for cause because she said she couldn't sit in judgment  
17 of anyone.

18 Juror 43, an African-American female, was excused  
19 for cause because she knows Curtis Flowers, has worked  
20 with his sister and said she couldn't be fair and  
21 impartial.

22 Juror 46, an African-American male, was excused for  
23 cause because he is a cousin of Curtis Flowers, worked  
24 with his brother and sister and stated he couldn't be  
25 fair and impartial.

26 Juror 49, an African-American male, was excused for  
27 cause because he stated he could not sit in judgment of  
28 anyone.

29 Juror 42, an African-American male, was excused for

1 cause because he is related to Curtis Flowers, said he  
2 couldn't be fair and impartial.

3 Juror 57, an African-American male, was excused for  
4 cause because he stated that under no circumstances could  
5 he accept -- consider the death penalty.

6 Juror 60, an African-American male, was excused for  
7 cause. He stated that he could not be fair and impartial  
8 since his son had been recently convicted of a felony.

9 Juror 65, an African-American female, was excused  
10 for cause because she said under no circumstances could  
11 she consider the death penalty.

12 Juror 70, an African-American female, was excused  
13 for cause because she knows the parents of Curtis  
14 Flowers, works with his sister and stated she couldn't be  
15 fair and impartial.

16 Juror 71, an African-American female, was excused  
17 for cause because she stated she had known Curtis Flowers  
18 for many years and could not be fair and impartial.

19 Juror 74, an African-American male, was excused for  
20 cause because he stated he knew the parents of Curtis  
21 Flowers, works with his brother, Archie, Jr., and stated  
22 he could not be fair and impartial.

23 Since the last juror selected was Juror 78, there is  
24 no point in going past that in stating the reasons for  
25 different African-Americans that stated that they could  
26 be -- could not be fair and impartial because of  
27 friendships or kinships with Mr. Flowers, but that was a  
28 continuing theme throughout the course of the trial.

29 Then Juror 14, an African-American female was struck

1       for cause -- I mean was struck by the State  
2       peremptorily - and I found it to be race-neutral -  
3       because she had worked with Archie Flowers in the past,  
4       who's the father of Curtis, and also she had been sued by  
5       Tardy Furniture.

6               Juror 44 was struck by the State as peremptory  
7       because she said she might could consider the death  
8       penalty, not sure she could consider it, doubted she  
9       could consider it. And she stated during voir dire that  
10      she had worked in the same factory as the sister of Mr.  
11      Flowers. She stated she didn't have any contact with his  
12      sister, but then a manager from the plant came in to  
13      court and testified that they work nine inches apart from  
14      each other.

15             Juror 45, an African-American female, was excused  
16      peremptorily by the State, because she stated in voir  
17      dire that she couldn't judge anyone. Later changed her  
18      mind, said she could judge. And she also had been sued  
19      in the past by Tardy Furniture.

20             Juror 53, an African-American female, stated her  
21      nephew is married to Curtis -- married to the sister of  
22      Curtis Flowers. Also, her brother-in-law is married to  
23      Curtis Flowers' aunt. On her jury questionnaire she  
24      stated she could not under any circumstances consider the  
25      death penalty, but in voir dire she stated she had lied  
26      on her questionnaire when she said she could not consider  
27      the death penalty. Also, she was late for court, I  
28      believe, it was the second day of voir dire, and we had  
29      to continue proceedings because we were waiting for her

1 and two other jurors that were extremely late.

2 Then Juror 62, an African-American female, stated  
3 during voir dire that she had worked in the past with  
4 Archie Flowers, the father of Curtis. She also stated  
5 she had worked in the past with Lola Flowers, his sister.  
6 She also stated that she could possibly lean towards the  
7 Flowers family during the course of the trial.

8 So those are the reasons why the jury makeup ended  
9 up being what it was. Again, the record can show that  
10 there was countless people who had either kinships,  
11 friendships or family ties with Mr. Flowers that  
12 prohibited them from sitting in judgment.

13 I'll also note there was a concern about whether  
14 there was a *Witherspoon* issue about the death penalty,  
15 the seeking of the death penalty and permissibly striking  
16 too many black jurors from the jury panel. However,  
17 based on where the final jury -- juror was selected, and  
18 that was Number 78, so only two people of the 78  
19 African-Americans said they could not consider the death  
20 penalty. That was Juror 57 and Juror 65. We had an  
21 equal number of white jurors that said the same thing,  
22 that they could not consider the death penalty under any  
23 circumstances of that first group who could have possibly  
24 ended up on the panel. So I do not find that there was  
25 any *Witherspoon* issue.

26 There was not a disproportionate number of blacks  
27 that were excused because of the death penalty question,  
28 because, as I say, any juror that was passed Juror 78,  
29 there is no reason to consider that because they would

1 not have ended up on the panel based on the challenges --  
2 or the peremptorial -- peremptory challenges that were  
3 offered by both sides. So I do not find there to be a  
4 *Batson* problem. I do not find there to be a *Witherspoon*  
5 problem. I do not find there to be any sign that there  
6 was any racially discriminatory motives behind the jury  
7 that was selected.

8 Now, if you want to call your interns for whatever  
9 they have to say.

10 MRS. STEINER: If the Court, please I'd also  
11 like a ruling on my general motion under the Sixth  
12 Amendment renewal that no fair and impartial jury can --  
13 was -- the jury as it sat was not a Sixth Amendment fair  
14 and impartial jury, which the defendant is entitled to,  
15 because of the extensive connections and the opinions  
16 held by numerous members of the panel whose only  
17 distinction in what the Court has said were justified  
18 excuses was they said, well, they could set that aside.  
19 And I believe that these are in many of these instances  
20 imputed bias that is such that it does not pass Sixth  
21 Amendment muster. This jury as it sat contained people  
22 who had implied bias and otherwise were not qualified to  
23 sit on the jury as a whole fails to meet the Sixth  
24 Amendment standard of fair and impartial jury. That was  
25 also one of my motions, and I would like a ruling from  
26 the Court on whether it will quash this jury and send  
27 them home on, on that basis.

28 MR. EVANS: Your Honor, the only thing I would  
29 like to add to that is that every juror that ended up

1 serving on this case was accepted by both sides. Neither  
2 side used all of their strikes. They had an opportunity  
3 if it was somebody that they didn't want on the jury to  
4 strike them and chose not to take it.

5 THE COURT: I have seen nothing about this jury  
6 that would indicate that they were not a fair and  
7 impartial jury. And I do agree with the State that there  
8 was -- I don't remember the exact number. I don't have  
9 that list sitting right here at my fingertips.

10 You had several other strikes which you could have  
11 exercised if you had been concerned about somebody  
12 sitting on the panel that could not be fair and  
13 impartial. Everybody that was seated on this jury was  
14 questioned at length about their ability to be fair and  
15 impartial.

16 Everyone to a person said they could be a fair and  
17 impartial juror, and I have no reason to believe that  
18 they were not truthful with the Court.

19 Also, I mean they sat here for several days. They  
20 have listened attentively -- they have listened very  
21 attentively to the evidence, and they reached the verdict  
22 they did. But there is no showing that this verdict, the  
23 evidence is prejudged or rush to judgment or anything  
24 else. And so I do not find any grounds whatsoever to  
25 quash this jury or to set this verdict aside for anything  
26 related to the jury.

27 MRS. STEINER: Your Honor, we would call Pria  
28 Brandis as a witness.

29 (THE WITNESS APPROACHED THE BENCH.)

1 THE COURT: Do you solemnly swear or affirm the  
2 testimony you give in this case will be the truth, the  
3 whole truth and nothing but the truth, so help you God?

4 THE WITNESS: I do.

5 THE COURT: Come around. Have a seat.

6 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

7 State your name.

8 THE WITNESS: Pria Brandis.

9 PRIA BRANDIS, Called on behalf of the Defendant, having  
10 been duly sworn, was examined and testified as follows:

11 DIRECT EXAMINATION BY MRS. STEINER:

12 Q. Miss Brandis, would you explain for His Honor where  
13 you go to school and --

14 THE COURT: I don't care where she goes to  
15 school. All I'm interested in is what she may have seen.

16 Q. All right. You are -- you have been -- all right.  
17 Did you when the jury was dismissed and were you directed to  
18 go out and bring in some new papers so that we could get ready  
19 for the next phase of trial?

20 A. Yes. I was out back, in the back behind the  
21 building in the parking lot.

22 Q. All right. And did you, in fact, go get things out  
23 of the car and then turn around and proceed back into the  
24 building?

25 A. Yes, I did.

26 Q. All right. Now, at that time, what did you observe  
27 with respect to people you recognized as having been jurors  
28 seated here?

29 A. I was with two other people who were working for the

1 defense, and we were walking out towards the parking lot on  
2 our way to the cars. And I saw three jurors smoking outside  
3 the building with the bailiff and talking to two highway  
4 patrol officers.

5 Q. Now, can you describe -- how do you know those were  
6 highway patrol officers? Can you describe the uniform, the  
7 color, the cut, the color of the uniform?

8 A. Well, I have been in court for the past two weeks,  
9 and I would describe the uniforms as being like bluish gray on  
10 the gentleman that is sitting over there.

11 Q. Did you approach close enough to read the name badge  
12 of the individuals?

13 A. No, we did notify the -- we did notify the chief  
14 through Hargrove, I believe his name is.

15 Q. Um-hum. But you did not make any --

16 A. But I did not attempt to approach.

17 Q. -- attempt to approach.

18 MRS. STEINER: Thank you. I have nothing  
19 further from Miss Brandis.

20 THE COURT: Any questions?

21 CROSS-EXAMINATION BY MR. EVANS:

22 Q. Are you saying that anybody said anything improper?

23 A. I -- well, I did hear the two jurors speaking to the  
24 bailiff and the two highway patrolmen. I know that one of the  
25 conversations was about one juror wanting to call her fiancée  
26 after the verdict, and, I believe, have an escort. To who it  
27 was, like, they had been out there for a bit when I left. But  
28 apart from that, I didn't hear.

29 Q. Didn't hear anything inappropriate?

1           A.    I, I mean not -- that's what I heard.  I -- they  
2 were talking.

3           Q.    And the bailiff was out there.

4           A.    The bailiff was out there.

5                   MR. EVANS:  Nothing else, Your Honor.

6                   MRS. STEINER:  We have no further questions of  
7 her.

8                   THE COURT:  Anybody else?

9                   MRS. STEINER:  I think it would merely be  
10 cumulative.  We would rest on our --

11                  THE COURT:  You can step down.

12                  Now, I am going to swear the bailiff in.

13                  I mean swear you to tell the truth.

14                  Do you solemnly swear or affirm the testimony you  
15 give in this case will be the truth, the whole truth and  
16 nothing but the truth, so help you God?

17                  THE WITNESS:  I do.

18                  THE COURT:  Have a seat first.

19                  THE WITNESS:  (Complied.)

20                  THE COURT:  And state your name.

21                  THE WITNESS:  Richard Whitfield.

22                  RICHARD WHITFIELD, Called by the Court, having been duly  
23 sworn, was examined and testified as follows:

24                  EXAMINATION BY THE COURT:

25                  Q.    I just want you to advise if there has been any  
26 improper conduct from anyone with the jury.

27                  A.    To the best of my ability, there has been no  
28 improper conduct on the part of the Mississippi Highway  
29 Patrol, the Montgomery County Sheriff's Department, the City

1 of Winona or any other law enforcement as far as this jury is  
2 concerned. They are professionals from top to bottom, and  
3 they know that they are not to have any type of contact other  
4 than just a casual conversation with a bailiff -- with a  
5 juror. And then most of them do not even say anything to  
6 them.

7 Q. Well, so what kind of conduct -- has there been any  
8 contact? I mean I know the patrol has been out there kind of  
9 guarding the jury during the proceedings. But has there been  
10 any -- have you been with the jury the entire time?

11 A. I have been with the jury the entire time except the  
12 time that they were sequestered, Your Honor. Today one of the  
13 jurors asked one of the highway patrolman when this thing is  
14 over, could you call my fiancée and tell him to come and get  
15 me. The highway patrolman to -- as far as to my knowledge,  
16 did not answer her one way or the other.

17 Now, there is nothing that is going to stop a juror from  
18 asking a question of me. That is just like asking a question  
19 of me. There was nothing. There was nothing out of the way  
20 as far as this case is concerned.

21 Q. Was any discussion of the verdict or anything  
22 concerning the case?

23 A. There was nothing that pertained to this case  
24 discussed.

25 THE COURT: Anybody want to ask Mr. Whitfield  
26 any questions?

27 MR. EVANS: No, sir.

28 MRS. STEINER: I have one or two.

29 EXAMINATION BY MRS. STEINER:

1           Q.    Mr. Whitfield, I believe your testimony is that your  
2 understanding of your instructions were that the jurors could  
3 have nothing except casual conversations with persons other  
4 than yourself and Miss Browning.

5           A.    Okay. When the jury is out there, they carry on  
6 casual conversations. Okay. Now, the highway patrolman may  
7 be around --

8                       THE COURT: Talking among themselves?

9           A.    Casual conversation among themselves. Okay. Just  
10 about, you know, about the food they had last night, what they  
11 want tonight and things of this nature.

12          Q.    Mr. Whitfield, I am not asking about that. I am  
13 talking about casual conversations as the one you have  
14 recounted between it was a juror and the Mississippi Highway  
15 patrolman. The juror spoke to the Mississippi highway  
16 patrolman about something other than the fact this case or the  
17 verdict or anything like that. But you do testify that that  
18 did not --

19          A.    I testified to the fact that one juror asked a  
20 highway patrolman when this case is over and we are dismissed,  
21 would you call somebody -- would you have somebody call my  
22 fiancée or boyfriend, I forgot which exactly she used, to come  
23 and get me.

24          Q.    Thank you.

25          A.    Other than that, there was nothing.

26          Q.    And you have heard the judge's instructions to  
27 yourselves and the jurors that the only people with whom the  
28 jurors may have even casual conversations are each other and  
29 the two of y'all. You have heard those instructions given to

1 the jury; is that correct?

2 A. I have heard that.

3 Q. And they were given to yourself as well.

4 A. Right.

5 Q. And you are telling this jury that in your presence  
6 at least one of the jurors violated that stricture given by  
7 the judge; is that correct?

8 A. One of the jurors was looking at a highway  
9 patrolman. I was standing there beside him, also. Okay. And  
10 she said when this thing is over, when we are dismissed, would  
11 you have someone contact my, I think she used the word  
12 boyfriend, and have him come and pick me up.

13 THE COURT: And was there a response.

14 THE WITNESS: I don't think there was a  
15 response. As well as I can remember, there was no  
16 response.

17 Q. And was there more than one highway patrol officer  
18 standing there when this happened?

19 A. As well as I can remember, there were two at that  
20 time.

21 Q. Do you recall the identities of --

22 A. No, I don't.

23 Q. -- which officers they were?

24 A. No, I don't.

25 Q. Do you know the identity of the juror who made this  
26 contact with someone other than yourself and Miss Browning?

27 A. I know the juror's face. I don't know the juror's  
28 name.

29 Q. Thank you.

1           A.     But I can rest -- you may rest assured that there  
2 was nothing pertaining to this case or the decision that this  
3 jury reached was spoken or had anything said about it out  
4 there.

5           Q.     Thank you.

6           I have nothing -- one moment, Your Honor.

7           I have nothing further, Your Honor.

8                     THE COURT:   You can step down.

9                     THE WITNESS:   Okay.   Thank you.

10                    THE COURT:   I will just note for the record, my  
11 count, I think I see seven or eight state troopers in  
12 uniform, with a number of plain clothes people here  
13 providing security throughout the course of the trial.  
14 We have had troopers sitting over there close to the jury  
15 box the, entire course of, the trial.   They have been  
16 there to provide security for the Court, for the jury and  
17 for everyone else that might be up here at this  
18 courthouse.

19                    From what I have heard, I do not find there to be  
20 any impermissible contact or anything that would indicate  
21 that the juror in question could not continue to be fair  
22 and impartial during this process.   In fact, the  
23 testimony I have heard indicates that there was not a  
24 conversation.   A juror may have made some statement that  
25 the trooper was walking by.   So there has been nothing  
26 that has, I would say, polluted the jury pool or in any  
27 way impermissible or improper.

28                    So if you will bring the jury in now we will begin  
29 the sentencing phase of --

1 MRS. STEINER: May it please the Court, Your  
2 Honor? Let me just add, I don't know if I used the magic  
3 word mistrial as to sentencing but that is what I sought  
4 and that is what I understand your over ruling; is that  
5 correct?

6 THE COURT: I am denying.

7 You can bring the jury in.

8 (THE JURY RETURNED TO THE COURTROOM.)

9 Court will come back to order.

10 We are going to, ladies and gentlemen, move into the  
11 sentencing portion of this proceeding now.

12 The State wish to make any opening statement?

13 MR. EVANS: I hadn't even thought about opening  
14 statements, Your Honor.

15 Do y'all want to make one?

16 MR. CARTER: I probably will. Go ahead. You  
17 are not going to? Do something real briefly. I am sure  
18 it will be a minute or two.

19 MR. EVANS: Your Honor, before we even do that,  
20 I move at this point to reintroduce all --

21 THE COURT: Let's have -- if we are going to  
22 have opening statements, they come before introduction of  
23 evidence.

24 MR. EVANS: All right.

25 Ladies and gentlemen, this is going to be very  
26 short. Y'all have heard all of the evidence and we will  
27 be allowed to reintroduce everything that y'all have  
28 heard and seen in this entire case. You will be able to  
29 consider all of those facts in the second phase.

1           There is going to be -- other than that, probably  
2           the only thing that we are going to put on is some victim  
3           impact. So what we are asking y'all to consider is to  
4           reconsider the physical evidence, the testimony that we  
5           presented in the first phase and based upon that make  
6           your decision.

7           And we will be arguing later what we think that  
8           decision should be based on the evidence, but that will  
9           be your determination.

10           MR. CARTER: Ladies and gentlemen, we talked a  
11           while back about a case such as this involving two  
12           phases - a guilt or innocent phase and a penalty phase.  
13           And we have concluded the penalty phase. And just as I  
14           told you in the closing argument, whatever your decision  
15           is I would accept it without complaining, even if I  
16           didn't like it.

17           At this point we begin the second phase. We will  
18           call witnesses. The other side will call witnesses.  
19           They will give testimony, and you will get a chance to  
20           deliberate again.

21           We will put forth facts and circumstances of Mr.  
22           Flowers' background and his social history. And we will  
23           be asking you to vote for life without possibility of  
24           parole. We also will be asking you to listen to all the  
25           evidence before you make a decision.

26           We will specifically show that Mr. Flowers doesn't  
27           have a criminal history, that he has a good prison  
28           record, no rule violations, that he followed rules and  
29           regulations of the prison. He does as he is told. He

1 does not cause trouble for the guards. We will show that  
2 Mr. Flowers has a loving and supportive family and many  
3 friends. And possibly a few other things that, that I  
4 can't think of at this moment.

5 But we will furthermore argue that there is some  
6 residual doubt as to Mr. Flowers' guilt, and we would ask  
7 you to consider those things. Thank you.

8 THE COURT: Mr. Evans, you may proceed.

9 MR. EVANS: Thank you, Your Honor.

10 Your Honor, at this point, we would move to  
11 reintroduce all of the testimony and all of the physical  
12 exhibits from the first phase and the jury be allowed to  
13 consider all of that in this phase.

14 THE COURT: I'll allow it to be admitted.

15 And I don't know if the rule is being invoked, if  
16 there is anybody in the courtroom that is -- I mean that  
17 --

18 MR. EVANS: We have no objection to witnesses  
19 in this phase sitting in the courtroom, unless the  
20 defense does.

21 MR. CARTER: We don't either. I don't see any  
22 point.

23 THE COURT: The witnesses -- potential  
24 sentencing witnesses can remain in the courtroom.

25 MRS. STEINER: And, Your Honor, they were  
26 exempted from the rule for the first phase as well.

27 THE COURT: Yes, ma'am, they were.

28 You may proceed.

29 MR. EVANS: Our first witness would be Miss

1 Roxanne Ballard.

2 THE COURT: Miss Ballard, you have been  
3 previously sworn in as a witness during the previous  
4 phase in this trial. You are still under that same oath  
5 that was previously administered.

6 If you will, have a seat, please.

7 MRS. STEINER: Your Honor, may we approach for  
8 a minute?

9 (MR. EVANS AND MRS. STEINER APPROACHED THE BENCH FOR THE  
10 FOLLOWING BENCH CONFERENCE HAD OUTSIDE THE HEARING OF THE  
11 JURY.)

12 MRS. STEINER: Your Honor, I don't think I did  
13 this. I forgot to do this. We would reiterate our  
14 motion that victim impact testimony, even if permitted by  
15 Payne, that, that Mississippi law does not permit victim  
16 impact testimony. And further that constitutionally  
17 Payne is wrongly decided and that, in fact, the Eighth  
18 Amendment does preclude such testimony. We would ask --  
19 that is our motion, renewal of our motion.

20 THE COURT: I think the case law is clear in  
21 Mississippi on that issue. I am following the case law  
22 zealously, as best as as I am capable of it. Based on  
23 case law, I am going to deny that motion.

24 MRS. STEINER: Thank you.

25 (THE BENCH CONFERENCE WAS CONCLUDED.)

26 MR. EVANS: May I proceed, Your Honor?

27 ROXANNE BALLARD, Called on behalf of the State, having  
28 been duly sworn, was examined and testified as follows:

29 DIRECT EXAMINATION BY MR. EVANS:

1 Q. Miss Ballard, you are the same Roxanne Ballard that  
2 testified earlier before this jury; is that right?

3 A. That's correct.

4 Q. And I want to go back in just a little bit. What  
5 was your connection to the victim's in this case?

6 A. Bertha Tardy was my mother. And Carmen Rigby worked  
7 there for 20 years. Is that all you want me to -- I mean can  
8 I keep --

9 Q. Yeah. That, that is the ones that you had -- that  
10 you knew for a long time; is that right?

11 A. Yes. I did not know Bobo. I knew his family, and I  
12 knew Robert's wife. She was in high school with me.

13 Q. I am going to be very brief. I just want you to  
14 tell the ladies and gentlemen of the jury what impact the  
15 death of your mother had on your family.

16 A. I have to be very brief, and I don't know how to do  
17 that. I don't know how to summarize almost 14 years of this  
18 in a brief statement. All I can say is that the horror  
19 started on July 16, 1996. And I had a 4 1/2 year old son. I  
20 worked in Grenada. And I guess it just started with a very,  
21 very long ride from Grenada to here knowing that this  
22 horrible, horrible thing had happened. And three weeks later  
23 Tyler, my second child, was born.

24 And my mother and I were so close. I either was with her  
25 or talked to her every day, sometimes five times a day. And  
26 suddenly that only child syndrome of leaning on your mother  
27 was just gone. And I had no, no, no -- anymore to lean on.  
28 And it, it has just been absolutely horrible. And I lost that  
29 support of having her there to raise my children with me and

1 to lean on for advice.

2 And you know, I think it changed my personality in a lot  
3 of ways. And unfortunately, one was too young to know and one  
4 wasn't born yet, so I don't guess they will ever know the  
5 person I was before this crushed part of my soul.

6 And I also want to say that Carmen was part of my life  
7 for 20 years. And I was even in one of the Rigby's weddings  
8 33 years ago. So our families go way back. And I watched  
9 those kids grow up. And I lost a friend, as well as a mother.

10 MR. EVANS: Tender the witness, Your Honor.

11 MRS. STEINER: We have no questions, Your  
12 Honor.

13 THE COURT: Miss Ballard, you may step down.

14 MR. EVANS: Brian Rigby would be next.

15 (THE WITNESS APPROACHED THE BENCH.)

16 THE COURT: If you will raise your right hand.

17 Do you solemnly swear or affirm the testimony you  
18 give in this case will be the truth, the whole truth and  
19 nothing but the truth, so help you God?

20 THE WITNESS: I do.

21 THE COURT: Have a seat, please.

22 THE WITNESS: (Complied.)

23 THE COURT: State your name for the record,  
24 please.

25 THE WITNESS: Brian Rigby.

26 BRIAN RIGBY, Called on behalf of the State, having been  
27 duly sworn, was examined and testified as follows:

28 DIRECT EXAMINATION BY MR. EVANS:

29 Q. Brian, what connections did you have with the

1 victims in this case?

2 A. My mom was Carmen Rigby. One of -- one of my best  
3 friends was Bobo. And Miss Bertha is -- I knew my whole life.  
4 I kind of grew up in the store.

5 Q. Can you tell us just a little bit about what type of  
6 impact their deaths have had on your family?

7 A. It's really hard to put into words I mean. I was 18  
8 years old when it happened, about to go to college and  
9 supposed to be an exciting time in your life. And it wasn't  
10 that for me.

11 You know, you miss these people every day. And you know,  
12 when you pick up the paper every day and you read things like  
13 this that happen all across the country, and it's not a  
14 tragedy until it's your address. And you know, it's just not  
15 a day goes by you don't think about them.

16 For a long time I didn't want to get close to anyone  
17 else, because you don't want to go through that pain ever  
18 again, and you are hurting for yourself. You are hurting for  
19 yourself, but you see your family hurting. It just kills you.

20 And Bobo is -- the reason he was there that day is  
21 because of me. I got him the job. And then he was -- he was  
22 a good friend - I grew up with him - and a great person. All  
23 four people were great people.

24 MR. EVANS: Your Honor, I am going to tender  
25 the witness.

26 MRS. STEINER: We have no questions, Your  
27 Honor.

28 THE COURT: Mr. Rigby, you may step down.

29 MR. EVANS: Kathy Permenter will be next.

1 Kathy Permenter.

2 (THE WITNESS APPROACHED THE BENCH.)

3 THE COURT: Raise your right hand.

4 Do you solemnly swear or affirm the testimony you  
5 give in this case will be the truth, the whole truth and  
6 nothing but the truth, so help you God?

7 THE WITNESS: I do.

8 THE COURT: Have a seat, please.

9 THE WITNESS: (Complied.)

10 THE COURT: Please state your name.

11 THE WITNESS: Kathy Permenter.

12 THE COURT: You can proceed.

13 KATHY PERMENTER, Called on behalf of the State, having  
14 been duly sworn, was examined and testified as follows:

15 DIRECT EXAMINATION BY MR. EVANS:

16 Q. Miss Permenter, what family connections did you have  
17 with any of the victims in this case?

18 A. I'm Bobo Stewart's mom. Carmen Rigby was a very  
19 close friend of mine. I knew Miss Bertha Tardy just from  
20 being -- living in the community of Winona.

21 Q. I am going to ask you -- and I know it's hard to  
22 briefly describe. But I want to ask you to briefly describe  
23 to the ladies and gentlemen of the jury what impact your son's  
24 death has had on your family.

25 A. Well, I think if anyone has children, to lose a  
26 child, you could only imagine. The day July 16, 1996, when  
27 this happened, it was kind of like a nightmare. After 14  
28 years, it still is. You get up every day, just ask God to let  
29 me make it through this day the best I can knowing that you

1 have lost a child. Since all this happened, I have lost a  
2 sister. I've lost my mom and my dad. And losing a child is  
3 one of the worst things.

4 And to tell you a little about Bobo, at the age of 16 his  
5 death put a big impact on Winona, Mississippi. He was an all  
6 star.

7 MRS. STEINER: Your Honor, may we approach?

8 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER AND MR.  
9 CARTER APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE  
10 HAD OUTSIDE THE HEARING OF THE JURY.)

11 MRS. STEINER: Your Honor, I realize she is --  
12 there is not a question to object to, but I believe that  
13 under *Branch* and other -- and under *Payne* the victims  
14 under *Payne* are described as the loved ones of the  
15 decedent's. The city of Winona and the impact on the  
16 city of Winona is not proper victim impact testimony and  
17 rather than jumping up and objecting I thought we would  
18 come to the bench and ask the State or the Court to  
19 direct her to talk specifically about how the loss of, I  
20 believe, it is her son and her friend has affected her.  
21 I don't believe that it's appropriate for her to go into  
22 the effect on the community as a whole.

23 MR. EVANS: I have no problem with doing that,  
24 Your Honor. I did not ask the question. I do not have  
25 any problem with instructing her specifically to family.  
26 (THE BENCH CONFERENCE WAS CONCLUDED.)

27 Q. Miss Permenter, I need you to restrict it to just  
28 the impact to your family.

29 A. Oh, okay. Yes, sir.

1           As I was saying, Bobo, he was an all star. He loved  
2 baseball. The night before all this happened he had pitched a  
3 winning game, no hitter game. He was -- he was a very lovable  
4 child all through his years of growing up, very  
5 tender-hearted. To have that taken away from you has really  
6 been hard, like I say. It's tough on the whole family. We  
7 have all stuck together through this. And we talk about him a  
8 lot. That's one way to keep him close to us, is just to talk  
9 among ourselves.

10                   MR. EVANS: Your Honor, I will tender this  
11 witness.

12                   MRS. STEINER: We have no questions, Your  
13 Honor.

14                   THE COURT: Miss Permenter, you may step down.

15                   THE WITNESS: Yes, sir.

16                   MR. EVANS: Mr. Willie Golden would be next.

17                   (THE WITNESS APPROACHED THE BENCH.)

18                   THE COURT: If you will, raise your right hand.

19                   Do you solemnly swear or affirm the testimony you  
20 give in this case will be the truth, the whole truth and  
21 nothing but the truth, so help you God.

22                   THE WITNESS: I do.

23                   THE COURT: Have a say seat, please.

24                   THE WITNESS: (Complied.)

25                   THE COURT: State your name, sir.

26                   THE WITNESS: Willie George Golden.

27                   THE COURT: You can proceed.

28                   MR. EVANS: Thank you.

29                   WILLIE GEORGE GOLDEN, Called on behalf of the State,

1 having been duly sworn, was examined and testified as follows:

2 DIRECT EXAMINATION BY MR. EVANS:

3 Q. Mr. Golden, who were you related to in this case?

4 A. Robert Lee Golden.

5 Q. And how were you related to him?

6 A. He was my brother.

7 Q. Can you tell the ladies and gentlemen of the jury a  
8 little bit about what impact that had on your family?

9 A. Well, it had a great impact on me, because we got a  
10 small family. And he and I was close together. We was always  
11 around each other. We grew up together. We was always  
12 around. The rest of my sisters and brothers left home, moved  
13 to different places. But he and I was always close together.  
14 And just sometimes you feel like you see him -- supposed to  
15 see him, you just come around. And you just miss that, miss  
16 that connection. And it's, it's been a struggle on me for  
17 quite a while.

18 Q. Thank you, sir.

19 MR. EVANS: We tender.

20 THE COURT: Any questions.

21 MRS. STEINER: Nothing from this witness.

22 THE COURT: You may step down.

23 MR. EVANS: Your Honor, at this point the State  
24 of Mississippi will rest on its case in chief on the  
25 second phase.

26 THE COURT: Who would be the first witness for  
27 the defense?

28 MRS. STEINER: Your Honor, we would reiterate  
29 the motion made prior to the commencement of this with

1 respect to the delay, for the time.

2 THE COURT: It is denied. You may proceed with  
3 your next witness or first witness.

4 MR. CARTER: Nelson Forrest.

5 THE COURT: What is the name?

6 MR. CARTER: Nelson Forrest.

7 THE COURT: Nelson Forrest. Is he in the  
8 courtroom?

9 (THE WITNESS APPROACHED THE BENCH.)

10 THE COURT: If you will, raise your right hand,  
11 take the oath.

12 Do you solemnly swear or affirm the testimony you  
13 give in this case will be the truth, the whole truth and  
14 nothing but the truth, so help you God.

15 THE WITNESS: I do.

16 THE COURT: Would you state your name for the  
17 record, please?

18 THE WITNESS: Nelson Forrest.

19 THE COURT: You can proceed.

20 MR. CARTER: All right. One second.

21 NELSON FORREST, Called on behalf of the Defendant, having  
22 been duly sworn, was examined and testified as follows:

23 DIRECT EXAMINATION BY MR. CARTER:

24 Q. Mr. Forrest, how long have you lived in Winona,  
25 Mississippi?

26 A. All my life.

27 Q. Which is how many years?

28 A. Fifty-four years.

29 Q. Fifty-four years. And do you know -- what is your

1 occupation?

2 A. I'm employed with Mississippi Military Department at  
3 Camp McCain. I'm a pastor for the United Methodist Church,  
4 Starkville District, Supervisor of Montgomery County District  
5 5, retired Mississippi National Guard.

6 Q. Okay. You know Curtis Flowers?

7 A. Yes.

8 Q. How long have you known him?

9 A. All his life.

10 Q. And did y'all have some kind of close relationship  
11 where y'all interacted and met a lot, visit each other or he  
12 visited you?

13 A. Yes. Call our relationship big brother little  
14 brother relationship, Curtis and I. He would visit maybe two  
15 or three times a week when he was in high school. He come by,  
16 talk with me. Report card time, I checked his grades. I  
17 didn't have to didn't ask him for them. He brought them to  
18 me. So we had a good relationship.

19 Q. Why, why would he do that? Do you know?

20 A. Well, he just like to, you know, be around me. He  
21 was -- he was a fine guy. I guess he sought me for a lot of  
22 advice about, about things that he was dealing with, things  
23 that in his life.

24 Q. What is your favorite memory of him?

25 A. Well, my favorite memory of Curtis I guess would be  
26 through his singing with, with his father. A lot of times he  
27 would -- if he had a new song, he wanted to work with me. He  
28 would come by and tell me what it was and have me to listen to  
29 it, ask me to, you know, help him because he wanted to get it

1 right. He wanted to do a good job with it.

2 Q. Do you sing as well?

3 A. Yes.

4 Q. You and Mr. Flowers ever sung together?

5 A. Well, we sing together around my house when we just  
6 practicing on some. I been on program, my group. The group  
7 that he was singing with, we sang on a program together.

8 Q. Did he ever sing at your church?

9 A. Yes.

10 Q. Now, what penalty do you think would be -- at this  
11 point you know what the circumstances are; is that correct?

12 A. That's right.

13 Q. Two penalties. Do have you a preference to one over  
14 the other. If so, why?

15 A. I would prefer, you know, life without parole  
16 because I feel that --

17 MR. EVANS: Your Honor, I don't know that that  
18 is even appropriate.

19 MR. CARTER: Your Honor, I don't know of any,  
20 quite honestly, any law that precludes it. And I do it  
21 routinely in other jurisdictions. If there is some law  
22 that precludes it, I am not aware of it.

23 THE COURT: I'll over rule the objection.

24 A. Because I, I feel that, you know, Curtis could -- he  
25 could be of access to maybe some other person that may be  
26 incarcerated. I think Curtis would be a great impact on  
27 helping somebody else in life.

28 Q. One moment.

29 Mr. Forrest, what kinship are you to Mr. Curtis Flowers?

1           A.    Curtis', Curtis' father and my father are first  
2   cousins.

3           Q.    Okay.  Now, by asking this jury to spare Mr.  
4   Flowers' life, are you meaning to be disrespectful or demean  
5   the loss of the victims in any way?

6           A.    No.  No.  My heart goes out to, to all these, these  
7   families that lost their loved ones in this tragedy.  I, I  
8   sympathize with them.  I understand their pain.  But you know,  
9   I got -- that's it.

10          Q.    But you just simply feel that punishing Mr. Flowers  
11   with life without possibility of parole is a significant  
12   punishment.  Or do you believe life without possibility of  
13   parole is a significant punishment?

14          A.    Well, I believe it would be significant.

15                   MR. CARTER:  I tender, Your Honor.

16                   MR. EVANS:  No questions.

17                   THE COURT:  Mr. Forrest, you may step down.

18                   THE WITNESS:  Okay.

19                   MR. CARTER:  Thank you.

20                   Next we call Jimmy Forrest, Reverend Jimmy Forrest.

21                   (THE WITNESS APPROACHED THE BENCH.)

22                   THE COURT:  If you will raise your right hand.

23                   Do you solemnly swear or affirm the testimony you  
24   give in this case will be the truth, the whole truth and  
25   nothing but the truth, so help you God?

26                   THE WITNESS:  I do.

27                   THE COURT:  If you will please have a seat.

28                   THE WITNESS:  (Complied.)

29                   THE COURT:  If you will state your name for the

1 record.

2 THE WITNESS: My name is Jimmy Lewis Forrest.

3 JIMMY LEWIS FORREST, Called on behalf of the Defendant,  
4 having been duly sworn, was examined and testified as follows:

5 DIRECT EXAMINATION BY MR. CARTER:

6 Q. Okay. And how old are you, sir?

7 A. I'm 66.

8 Q. Okay. What is your occupation at this time?

9 A. Pastor.

10 Q. Okay. And where did you work? Are you retired  
11 also?

12 A. Yes.

13 Q. What did you do before you retired?

14 A. I work for the M.D.O.T.

15 Q. How long?

16 A. Thirty years.

17 Q. Do you know Curtis Flowers?

18 A. Yes.

19 Q. How -- are you related?

20 A. Yes.

21 Q. How?

22 A. He is my second cousin.

23 Q. Okay. And I take it you know his parents.

24 A. Yeah. Me and his parents sing together.

25 Q. Sing together.

26 A. Used to. Yeah.

27 Q. Okay. And how long have you known Curtis?

28 A. All his life.

29 Q. Tell us about some of your favorite memories of

1 Curtis.

2 A. Like when we go on program he would sing, and I  
3 would -- found joy in the song that he sang.

4 Q. Why would you get joy? Can he -- is he a good  
5 singer?

6 A. He can sing, yes sir, just like his dad.

7 Q. His dad a good singer?

8 A. Yes.

9 Q. And where did y'all do the singing? Where did it  
10 take place?

11 A. Churches. Auditoriums.

12 Q. Do you have an opinion as to what punishment Mr.  
13 Flowers should get? If so, why? Or do you know the two  
14 options? Well, maybe I need to ask you. Make sure you  
15 understand the two options when a person is found guilty of  
16 capital murder. Do you know what the two penalties are?

17 A. Yes.

18 Q. Two possible penalties.

19 A. Yes.

20 Q. And if you have a preference for one? Tell us what  
21 it is and why.

22 A. Life without parole.

23 Q. Why do you think that would be appropriate for Mr.  
24 Flowers?

25 A. I believe he has -- yet have influence over young  
26 peoples, younger people, his age. And I believe that he would  
27 serve significant means even in prison.

28 Q. Is -- to your understanding, is there a need in  
29 prison for role models or people interested in helping?

1 MR. EVANS: I object to that, Your Honor. He  
2 can testify about -- I don't object. I don't even  
3 object.

4 Q. Is there any -- why do you believe he would be a  
5 asset to people in prison? Is there anything in particular  
6 you know about the situation?

7 A. His lifestyle. As far as I know, he was a kind  
8 person, joyful person. And he had something to say that was  
9 positive.

10 Q. You, you finished? I take it you think he can pass  
11 that on too.

12 A. Yes.

13 Q. Now, with respect to the victims, do you have any  
14 comments you would like to make too about them.

15 A. Great passion. I feel almost empathy rather than  
16 sympathy. I feel the hurt. I know they are in pain. I have  
17 passion for anyone that lose loved ones, no matter who it is.  
18 I have that passion, spirit.

19 Q. Thank you.

20 MR. CARTER: I tender.

21 MR. EVANS: No questions.

22 THE COURT: Mr. Forrest, you may step down.

23 MR. CARTER: Oh, one moment. One moment. One  
24 moment.

25 You are finished, sir.

26 THE COURT: Okay. You may step down.

27 MRS. STEINER: Your Honor, Your Honor, Reverend  
28 Billy Little.

29 THE COURT: Reverend Little in the courtroom?

1           Okay. If you will come forward, please, sir.

2           (THE WITNESS APPROACHED THE BENCH.)

3           If you will, raise your right hand, take the oath.

4           Do you solemnly swear or affirm the testimony you  
5           give in this case will be the truth, the whole truth and  
6           nothing but the truth, so help you God?

7           THE WITNESS: Yes, sir, I do.

8           THE COURT: Have a seat, please.

9           THE WITNESS: (Complied.)

10           MRS. STEINER: Yes, Your Honor. Before I  
11           begin, I would like the court reporter to mark some  
12           exhibits for identification so we can move smoothly.

13           THE COURT: Okay. She can do that.

14           THE WITNESS: Judge, my hearing is not good.  
15           So I may have difficulty hearing some times.

16           THE COURT: At any time you don't hear  
17           something, you just tell us and we will make sure they  
18           speak loud enough for you to hear.

19           (A CERTIFICATE OF RECOGNITION WAS MARKED DEFENDANT'S  
20           SENTENCING EXHIBIT A FOR IDENTIFICATION.)

21           (A SELF WORTH CERTIFICATE WAS MARKED DEFENDANT'S  
22           SENTENCING EXHIBIT B FOR IDENTIFICATION.)

23           (A SELF WORTH CURRICULUM WAS MARKED DEFENDANT'S  
24           SENTENCING EXHIBIT C FOR IDENTIFICATION.)

25           (A CERTIFICATE OF APPRECIATION WAS MARKED DEFENDANT'S  
26           SENTENCING EXHIBIT D FOR IDENTIFICATION.)

27           (CMRCF LETTERS WERE MARKED DEFENDANT'S SENTENCING EXHIBIT  
28           E FOR IDENTIFICATION.)

29           MR. EVANS: Your Honor, we have seen these

1 exhibits before, and we do not object to them.

2 THE COURT: You agree to go ahead and have them  
3 marked into evidence.

4 MR. EVANS: Yes.

5 MRS. STEINER: I'd be happy to have them marked  
6 into evidence.

7 THE COURT: Go ahead and do that and save you  
8 the trouble having to have them marked each time you show  
9 Mr. Little.

10 MRS. STEINER: Thank you.

11 (THE CERTIFICATE OF RECOGNITION PREVIOUSLY MARKED  
12 DEFENDANT'S SENTENCING EXHIBIT A FOR IDENTIFICATION WAS  
13 ADMITTED INTO EVIDENCE.)

14 (THE SELF-WORTH CERTIFICATE PREVIOUSLY MARKED DEFENDANT'S  
15 SENTENCING EXHIBIT B FOR IDENTIFICATION WAS ADMITTED INTO  
16 EVIDENCE.)

17 (THE SELF-WORTH CURRICULUM PREVIOUSLY MARKED DEFENDANT'S  
18 SENTENCING EXHIBIT C FOR IDENTIFICATION WAS ADMITTED INTO  
19 EVIDENCE.)

20 (THE CERTIFICATE OF APPRECIATION PREVIOUSLY MARKED  
21 DEFENDANT'S SENTENCING EXHIBIT D FOR IDENTIFICATION WAS  
22 ADMITTED INTO EVIDENCE.)

23 (CMRCF LETTERS PREVIOUSLY MARKED DEFENDANT'S SENTENCING  
24 EXHIBIT E FOR IDENTIFICATION WERE ADMITTED INTO EVIDENCE.)

25 THE COURT: Would you state your name for the  
26 record, please?

27 THE WITNESS: Billy W. Little.

28 REVEREND BILLY W. LITTLE, Called on behalf of the  
29 Defendant, having been duly sworn, was examined and testified

1 as follows:

2 DIRECT EXAMINATION BY MRS. STEINER:

3 Q. Reverend Little, would you tell the ladies and  
4 gentlemen of the jury -- well, are you employed at the present  
5 time?

6 A. I am. I pastor North Mission Baptist Church here.  
7 I mean Mission Baptist Church on North Mission Road. And I am  
8 part-time chaplain at the Carroll Montgomery Regional  
9 Correctional Facility.

10 Q. And as chaplain at the Carroll Montgomery Regional  
11 Correctional Facility, do you minister to people who are  
12 convicted of crimes as well as people who are awaiting trial  
13 on crime?

14 A. I minister to all who will show an interest to be  
15 ministered to or will attend the services or attend classes.

16 Q. And the fact that someone is a convicted felon or  
17 even a convicted murderer, you minister to them.

18 A. That's right. There is no partiality shown.

19 Q. In the hopes that even a convicted person serving a  
20 sentence for murder can find God and you can help him reach  
21 that; is that correct?

22 A. That's right. I sow with the seed of the gospel. I  
23 teach the word. And it's up to the individual about their  
24 response to it.

25 Q. All right. Now, for how long have you been being a  
26 part-time chaplain at --

27 A. Ten years. Or maybe just a little over ten.

28 Q. All right. Have you in the course of serving as a  
29 chaplain, particularly in the last couple of years, have you

1 had programs in which Mr. Curtis Flowers has participated?

2 A. Yes, ma'am.

3 Q. All right. And for, for inmates who -- and if he  
4 were to stay -- I don't know that he will stay in your prison  
5 for having been convicted -- in your jail having been  
6 convicted, but would you continue to permit him to participate  
7 in your programs if he remains in your jail the next time you  
8 go and have an event that he wants to participate in?

9 A. Yes, ma'am. All have a privilege to do that if they  
10 so desire.

11 Q. All right.

12 A. Unless they are in lock-down. You know, if they are  
13 in lock-down they cannot.

14 Q. But he is not. He has been able to participate --

15 A. That's right.

16 Q. -- in your events, if not, so far as you know, been  
17 in lock down.

18 A. That's right.

19 Q. I'm going to hand you -- I guess my first question,  
20 do you have discipleship course called Experiencing God.

21 A. We do have. Yes, ma'am.

22 Q. And did you do such a study course? And that's from  
23 the Mississippi Baptist Convention Board; is that right?

24 A. That's right.

25 Q. Is your church here in town a Baptist convention  
26 church?

27 A. Southern Baptist.

28 Q. How long have you pastored to that church?

29 A. This church here two years.

1 Q. All right. And you consider what you do in the  
2 church part of your ministry.

3 A. Yes, ma'am. That's correct.

4 Q. Your calling. In the church and also in the jail.  
5 Is that correct?

6 A. Yes, ma'am.

7 MRS. STEINER: May I approach, Your Honor?

8 THE COURT: You may.

9 Q. Reverend Little, I'm handing you what the court  
10 reporter has marked into evidence as exhibit D-A. And can you  
11 explain for the jury what that is?

12 A. I believe you have in your possession all, all the  
13 subject matter that is listed in regard to Experiencing God.  
14 But it has to do with knowing the will of God, doing the will  
15 of God, being involved in the work of God.

16 Q. Yes. I --

17 A. Obeying the Lord.

18 Q. All right. And I believe there is a curriculum that  
19 the inmates attend classes; is that right?

20 A. That's correct.

21 Q. And Mr. Curtis attended those classes. Mr. Flowers  
22 attended those classes.

23 A. And I made -- I made a note here. I believe this,  
24 this is a 12-week course. He attended 10 out of 12 sessions  
25 but still qualified for a certificate. Yes, ma'am.

26 Q. All right. And to your satisfaction he appeared to  
27 receive the word. What is that certificate called?

28 A. Experiencing God. Certificate of recognition for  
29 having completed the course.

1 Q. All right. Thank you.

2 MRS. STEINER: May I approach again, Your  
3 Honor?

4 THE COURT: You may.

5 MRS. STEINER: May I just stay next to the  
6 witness? It might be a little quicker.

7 THE COURT: That will be fine.

8 Q. All right. And this was awarded to Mr. Flowers and  
9 signed by you.

10 A. Yes, ma'am.

11 Q. And he participated and completed that course.

12 A. Completed the course.

13 MRS. STEINER: I'd like to have this passed to  
14 the jury.

15 THE COURT: You can hand it to the bailiff.

16 Q. Now, do you also run a class called the Incident of  
17 Self -- the Institute of Self Worth at the prison?

18 A. Yes, ma'am.

19 Q. And did Mr. Flowers while he was living at Carroll  
20 Montgomery Correctional Facility complete that institute  
21 course that you --

22 A. He, he did. And I checked the file. He attended  
23 eight of nine sessions of that, and that qualified him for  
24 completion of the course.

25 Q. All right. I'm going to hand you what's been marked  
26 Exhibit D-C and ask you does that -- is that a summary of what  
27 the curriculum is for the Institute of Self-worth?

28 A. It is. Yes, ma'am.

29 Q. And now these people are -- and what, what sorts of

1 things -- is this also part of the ministry connecting them  
2 with the love of God and themselves to their self worth?

3 A. Yes, ma'am. Self worth really begins by accepting  
4 the Lord as your personal Lord and savior and then growing in  
5 his grace and in his knowledge and learning the things of the  
6 word and being able to apply them in your heart and in your  
7 life.

8 Q. And that is as valid to people who will be living  
9 out the rest of their lives inside prison as it is to someone  
10 who may walk free again. Is that true?

11 A. That is correct. Yes, ma'am.

12 Q. You recognize the value of those human souls and  
13 want to connect them with God, if you can; is that correct?

14 A. Yes, ma'am.

15 Q. And Mr. Flowers, did he complete that course?

16 A. He did complete it.

17 Q. I'm handing you what is marked Exhibit D-B and ask  
18 you if you can tell the jury what that is.

19 A. Now, the Institute of Self Worth, that is what we  
20 have been talking about.

21 Q. Yes, sir.

22 A. That is the same one.

23 Q. Yes.

24 A. I said it begins with trusting the Lord as your  
25 personal Lord and Savior and then learning the things that we  
26 should apply in our lives, the values day by day that we might  
27 be a better person, a better Christian, a better servant of  
28 the Lord.

29 Q. Is that a diploma that shows?

1 A. That, that is a diploma, yes, ma'am.

2 Q. That Mr. Flowers successfully completed that course.

3 A. He completed it. Yes, ma'am.

4 Q. And that was signed by you. It looks like the date  
5 is the 31st day of March. Was that this year or this past  
6 year, if you recall?

7 A. Okay. I'm sorry. That didn't get the date carried  
8 on out it, did it, because it was typed in. 31st day of  
9 March. I believe that was this year. And I would have to go  
10 back to the records. I think you have a copy of the  
11 attendance record. It will verify that.

12 Q. Would you like to look at that? I'd be happy to --

13 A. Please.

14 Q. Thank you. I'm happy to bring it.

15 A. Ma'am, it has the beginning date and the completion  
16 date on it up at the top.

17 Q. Thank you. I'll -- let me hand it to you and  
18 perhaps.

19 A. Because I teach the classes over and over and over  
20 and it is sort of hard for me to remember.

21 Q. I see that, and I'm just trying to --

22 A. He completed it March 31 of this year.

23 Q. All right. Thank you. And he completed it  
24 successfully. That is why he got this diploma.

25 A. Yes, ma'am.

26 MRS. STEINER: Your Honor, I would like to have  
27 this circulated to the jury.

28 THE COURT: You may.

29 MRS. STEINER: These two exhibits D-B. and D-C.

*Reverend Billy Little*

1 (THE EXHIBITS WERE PASSED TO THE JURY BY THE BAILIFF.)

2 Q. Reverend Little, in addition to offering courses to  
3 keep the inmates, even ones who will never see the light of  
4 day outside of prison, connected spiritually to their  
5 Christianity and to God's love, do you also supervise any --  
6 the choir at the prison?

7 A. Yes, ma'am. I direct all the activities. I am not  
8 present when that choir is practicing. They are under the  
9 supervision of an officer at that time.

10 Q. All right. But you do direct their activities.

11 A. I do direct that.

12 Q. Do you hear them sing when they do performances for  
13 inmates?

14 A. Yes, ma'am.

15 Q. Do they perform at the church services you offer for  
16 inmates within the prison?

17 A. Within the prison, yes, ma'am.

18 Q. And do you believe that the music they give brings  
19 spiritual comfort and connection to God, to the people singing  
20 and the people hearing?

21 A. Would you state that again, please?

22 Q. I'm sorry. And do you believe that there is  
23 spiritual value for even inmates to hear --

24 A. Yes, ma'am.

25 Q. -- their brothers sing --

26 A. Yes, ma'am.

27 Q. -- the praises of the Lord; is that correct?

28 A. Yes, ma'am.

29 Q. Now, does -- as Mr. Flowers participates in that

1 choir that sings at the services you, you hold for inmates at  
2 Carroll Montgomery when he was living there.

3 A. Yes, ma'am.

4 Q. And is he just a member of the choir? Or does he  
5 have a particular role or did he have a particular role?

6 A. He was a member of choir. But he was also a lead  
7 singer. You know, you may have base, tenor and other  
8 positions. But he was a lead singer in the choir.

9 MRS. STEINER: May I approach again, Your  
10 Honor?

11 THE COURT: You may.

12 Q. Reverend Little, I'm handing you Defendant's Exhibit  
13 D-D, and I'm going to ask you to tell the ladies and gentlemen  
14 of the jury what that represents.

15 A. All right. I reviewed my notes or else I could not  
16 remember the exact number. But there were eight people at  
17 that time participating in the choir. All eight members of  
18 the choir received an appreciation certificate for  
19 participating in the choir and for their singing.

20 Q. And this is one for Mr. Flowers --

21 A. Yes. Yes, ma'am.

22 Q. -- who was lead singer.

23 A. Yes, ma'am.

24 Q. Is that correct?

25 A. That's right.

26 Q. And this was in June of 2009. That was a year ago.

27 A. That is correct. Yes, ma'am.

28 Q. Has, has he continued to participate in the choir?

29 A. He, he did continue to participate as long as he was

1 there. Yes, ma'am.

2 Q. He, he moved, I guess, some time last month or the  
3 month before to another facility; is that correct?

4 A. That -- that's correct.

5 Q. And did he -- through the day he left -- was he able  
6 to bring the spiritual connection and comfort you talked about  
7 through his singing to other inmates for whom he performed?

8 A. Well, I, I feel that all the choir each time they  
9 stand and sing, each one knows their own heart and their  
10 motives in it. But I feel that they do provide inspiration  
11 and spiritual help to those who are in the service. Yes,  
12 ma'am.

13 Q. So he supports your ministries to others, as well as  
14 connecting to your ministry to him; is that correct, through  
15 his singing?

16 A. That's correct.

17 MRS. STEINER: I'd like this passed to the  
18 jury.

19 (THE BAILIFF PASSED THE EXHIBIT TO THE JURY.)

20 Q. Reverend Little, I am going to ask you in addition  
21 to the choir, is there a special group called the Spiritual  
22 Four that you supervise?

23 A. Yes, ma'am.

24 Q. What is the Spiritual Four? And what is it that  
25 they do in addition to being in the choir?

26 A. Their name is Spiritual Four. As you mentioned,  
27 sometimes there may be five of them. But they -- they are  
28 kind of a quartet group or a group singing. That -- that's in  
29 addition to the choir that participate in the services. They

1 practice and then participate in the services singing special  
2 song.

3 Q. And this is -- spiritually you are talking about  
4 access to their own spiritual connection.

5 A. That, that's the name that they chose to apply to  
6 their group.

7 Q. I see.

8 A. That's what that means.

9 Q. So you -- that's what they call themselves.

10 A. That's what they call themselves.

11 Q. After -- to, to demonstrate their connection and  
12 their desire to sing the praises of the Lord in particular  
13 ways, in addition to simply in the choir. Is that -- I'm  
14 sorry. I have asked a confusing question.

15 A. All right. They among themselves chose that name to  
16 apply to their group.

17 Q. I see.

18 A. As to what all that conveys, I'll leave that part  
19 unanswered if I may, ma'am.

20 Q. That's fine. That's fine. You probably don't know.  
21 They, they selected it.

22 I am going to hand you what has been marked Exhibit D-E,  
23 which is three pages. And it appears to be memorandums from  
24 you to Warden Arthur L. Smith concerning Spiritual Four. And  
25 could you tell the jury what those pages show?

26 A. These pages are an update of those that participate  
27 in the Spiritual Four. All this is Spiritual Four; right?

28 Q. Yes. Yes.

29 A. And periodically I have to update that, any time

1 there is a change of another person participating or someone  
2 who has had a move or a change or wishes to be removed from  
3 the list.

4 Q. Okay. And they perform also at the services you --

5 A. That's correct. Yes, ma'am.

6 Q. -- give further inmates. So they further enrich the  
7 lives of other inmates with their performance; is that safe to  
8 say?

9 A. That's, that's true. Yes, ma'am.

10 Q. And they help you in your mission, in your ministry  
11 in taking lives of people who have done terrible things and  
12 bringing them closer to God. Is that a fair thing to say?

13 A. I think that is fair. I would always think that any  
14 of the singing or the teaching or the preaching or the prayers  
15 or the testimony of whoever may be in the congregation  
16 gathered together of inmates at that time is, is a value to  
17 those who are present.

18 Q. And does Curtis have a beautiful voice?

19 A. Curtis has a good singing voice. He does have.

20 Q. Does he move people in the congregation of prisoners  
21 to -- when you look at them? Are, are they moved by his  
22 singing and the singing of the choir and of the Spiritual Four  
23 in which he participates?

24 A. You know, I don't know if I can answer that.

25 Q. That will be fine.

26 A. I don't know if I can answer that. I would hope so.

27 Q. You would hope so. And you believe it assists you  
28 in your mission to these other inmates --

29 A. Yes, ma'am.

1 Q. -- to have that sort of voice raised.

2 A. That's right.

3 Q. And he stands here today convicted of four capital  
4 murders, the most serious crimes available for -- under  
5 Mississippi law. But if he were permitted to stay in your  
6 facility, would he be still -- if he were put back in your  
7 facility today, even convicted of these four terrible murders,  
8 if the prison authorities did not put him on lock down, would  
9 he be welcome to rejoin the choir that you direct?

10 A. He, he would, because all inmates have that  
11 potential, that possibility, that opportunity regardless of  
12 the crime they have committed.

13 Q. And if he also sought to rejoin the Spiritual Four  
14 would you welcome him into that brotherhood as well?

15 A. He would also have that privilege. Yes, ma'am.

16 Q. Thank you.

17 I'd like this D-E circulated to the jury.

18 A. And that, ma'am, that is M.D.O.C. policy that all  
19 can participate.

20 Q. Right.

21 A. I wish all did participate but all don't.

22 Q. And you certainly welcome any soul, even the most --  
23 the souls convicted of the worst crimes imaginable to come  
24 participate in your ministries. Is that true?

25 A. That's correct. Yes, ma'am.

26 Q. And if they wish to sing the praises of the Lord in  
27 support of your ministry, they are welcome to join you for  
28 that as well.

29 A. That's correct.

*Bench Conference*

1 MRS. STEINER: Your Honor, we have nothing  
2 further from Reverend Little.

3 MR. EVANS: I have no questions, Your Honor.

4 THE COURT: Okay. Mr. Little, you may step  
5 down.

6 MRS. STEINER: Your Honor, I have -- I need to  
7 check on whether one of my witnesses has arrived.

8 Your Honor, may we approach?

9 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER AND MR.  
10 CARTER APPROACHED THE BENCH FOR THE FOLLOWING BENCH CONFERENCE  
11 HAD OUTSIDE THE HEARING OF THE JURY.)

12 MRS. STEINER: Your Honor, we would have to ask  
13 for approximately ten-minute recess to prepare this  
14 witness. This is James Aiken. He is an expert in prison  
15 classification and future dangerousness and such things.  
16 He testified in the last trial in which a verdict was  
17 reached. One of the things to which he -- that was in  
18 2003.

19 THE COURT: I think the jury is probably ready  
20 for a brief recess anyway.

21 MRS. STEINER: He needs to actually make sure  
22 that his impressions from a personal interview with the  
23 defendant continue as they were several years ago. And I  
24 would like him to be admitted during the break to have a  
25 brief conversation with the defendant so that he may  
26 testify.

27 THE COURT: Well, that is fine.

28 (THE BENCH CONFERENCE WAS CONCLUDED.)

29 THE COURT: Ladies and gentlemen, we will take

*Jury Out*

1 a ten-minute recess to allow stretching and moving.

2 (A BREAK WAS TAKEN.)

3 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER, MR.

4 CARTER AND THE DEFENDANT WERE PRESENT IN OPEN COURT.

5 PROCEEDINGS WERE AS FOLLOWS:)

6 THE COURT: You can bring the jury in.

7 MR. EVANS: Your Honor, just one minute before  
8 we do. I would like to bring up two cases to the Court  
9 before we go forward, and they are both *Wilcher versus*  
10 *State* and *Ross versus State*, which both specifically say  
11 that trial court did not err in excluding testimony from  
12 Wilcher's family that they wished for his life to be  
13 spared, because such testimony is not relevant to the  
14 defendant's character, record or circumstances of the  
15 offense.

16 That was what we had objected to earlier, but I  
17 couldn't name the cases at that time. And this is both  
18 *Wilcher* and the *Ross* case, 954 So.2d 968, 2007.

19 THE COURT: Response.

20 MRS. STEINER: Your Honor, I think it's  
21 discretionary with, with the Court, particularly with  
22 family members. I mean whatever the Court directs with  
23 respect to whether we can make a direct inquiry. I can't  
24 say the family members might not simply blurt out  
25 something with respect to the penalty. But I think we  
26 are entitled to ask it if the Court has permitted it  
27 heretofore. If the Court wishes to revisit that decision  
28 and direct us with respect to inquiry, I will, of course,  
29 be bound by what the Court directs.

Curtis Giovanni Flowers v. State of Mississippi

.....  
Kathy Gillis, Clerk

.....  
TRIAL COURT # : 2003-0071-CR

1                   MR. EVANS: Your Honor, we have tried not to  
2 object to anything in this phase, but I do think that  
3 that is objectionable, and I would request that.

4                   THE COURT: Well, we have allowed it for some.  
5 So I think we have heard that enough. So it would be  
6 cumulative anyway. So I will ask that you refrain from  
7 questioning any future witnesses as to that issue.

8                   You can bring the jury in.

9                   (THE JURY RETURNED TO THE COURTROOM.)

10                  THE COURT: Who would be the next witness for  
11 the defense?

12                  MR. CARTER: Crystal Ghoston.

13                  THE COURT: If you will come forward, please.

14                  (THE WITNESS APPROACHED THE BENCH.)

15                  If you will raise your right hand.

16                  Do you solemnly swear or affirm the testimony you  
17 give in this case will be the truth, the whole truth and  
18 nothing but the truth, so help you God?

19                  THE WITNESS: I do.

20                  THE COURT: Have a seat, please.

21                  THE WITNESS: (Complied.)

22                  THE COURT: State your name, please.

23                  THE WITNESS: Crystal Ghoston.

24                  THE COURT: Would you spell that last name for  
25 the court reporter's benefit?

26                  THE WITNESS: G-h-o-s-t-o-n.

27                  THE COURT: Okay. Thank you. You may proceed.

28                  CRYSTAL GHOSTON, Called on behalf of the Defendant,  
29 having been duly sworn, was examined and testified as follows:

1 DIRECT EXAMINATION BY MR. CARTER:

2 Q. Okay. How old are you, Crystal?

3 A. Sixteen.

4 Q. What school do you go to?

5 A. J.Z. George High School.

6 Q. Are you in any activities at school?

7 A. In the band.

8 Q. What do you play?

9 A. Clarinet.

10 Q. What chair?

11 MR. EVANS: Your Honor, I -- never mind.

12 A. First.

13 Q. First. Do you know Curtis Flowers?

14 A. Yes.

15 THE COURT: You need to speak up, ma'am.

16 A. Yes.

17 Q. When did you meet him? When did -- how is he  
18 related to you?

19 A. He is my father.

20 Q. And at what point did you learn that? How old were  
21 you?

22 A. Fourteen, I think.

23 THE COURT: Miss Ghoston, if you can speak up a  
24 little louder. I want everybody to hear you. And your  
25 voice is kind of soft, and you need to kind of just speak  
26 like everybody in here is hard of hearing.

27 A. I said I think I was 14.

28 Q. Okay. And, and where was Mr. Flowers at the time  
29 you found out?

1 A. In jail.

2 Q. Okay. Once you found out he was your father, did  
3 y'all begin any kind of relationship?

4 A. Yes.

5 Q. And tell us what, what happened. Did you visit him?

6 A. Yes.

7 Q. And did y'all write each other?

8 A. Yes.

9 Q. Do you love your father?

10 A. Yes.

11 Q. How has his being in this situation affected you?

12 MR. EVANS: Your Honor, that is not relevant  
13 and Ross specifically says that it is not.

14 THE COURT: Sustained.

15 Q. Anything happen between y'all on a birthday or  
16 special occasions or anything like that?

17 A. Yes. He sent me cards and letters.

18 Q. You have any other musical talent other than playing  
19 an instrument?

20 A. I can sing a little.

21 Q. Well, you -- Mr. Flowers -- does Mr. Flowers have  
22 any other children you know of?

23 A. No.

24 Q. You the only child?

25 A. Yes, sir.

26 MR. CARTER: One moment.

27 Q. Is there anything you want to tell us about your  
28 father?

29 A. He is a nice person, fun to be around. He is fun to

1 get a long with. Got a great personality.

2 THE COURT: I didn't hear that, ma'am.

3 THE WITNESS: He got a great personality.

4 THE COURT: Okay.

5 Q. So when y'all see each other, y'all have fun.

6 A. Yes, sir.

7 MR. CARTER: We tender, Your Honor.

8 MR. EVANS: No questions.

9 THE COURT: Miss Ghoston, you may step down.

10 MR. CARTER: Thank you, Crystal.

11 THE COURT: Who would you have next?

12 MR. CARTER: Let me make sure she is here, Your  
13 Honor, right quick.

14 She is coming around, Your Honor.

15 Kenyatta.

16 MRS. STEINER: Kenyatta Knight.

17 MR. CARTER: Kenyatta Knight.

18 (THE WITNESS APPROACHED THE BENCH.)

19 THE COURT: If you will raise your right hand,  
20 take the oath.

21 Do you solemnly swear or affirm the testimony you  
22 give in this case will be the truth, the whole truth and  
23 nothing but the truth, so help you God?

24 THE WITNESS: I do.

25 THE COURT: Have a seat, please.

26 THE WITNESS: (Complied.)

27 THE COURT: For the record, tell us your name  
28 please.

29 THE WITNESS: Kenyatta Knight.

1 THE COURT: You can proceed.

2 KENYATTA KNIGHT, Called on behalf of the Defendant,  
3 having been duly sworn, was examined and testified as follows:

4 DIRECT EXAMINATION BY MRS. STEINER:

5 Q. Good afternoon, Miss Knight.

6 A. Hi.

7 Q. Can you tell the jury what your relationship is to  
8 Crystal Ghoston?

9 A. I'm her mother.

10 Q. Now, she told us that she was 16 years old. Now, 16  
11 years ago how did you and Curtis know each other?

12 A. We went to high school together.

13 Q. All right. Now, did you have a intimate  
14 relationship with him --

15 A. Yes, ma'am.

16 Q. -- while you were in high school?

17 A. Yes, ma'am.

18 Q. And during that time that you were having a  
19 relationship with him, did you become pregnant with Crystal?

20 A. Yes, ma'am.

21 Q. Now, he was arrested approximately 13 years ago for  
22 the crimes for which he has been convicted. You know that.

23 A. Yes, ma'am.

24 Q. Did you make a decision because he was in jail at  
25 first not to have Crystal not to find out Crystal was his  
26 child and subject her to knowing he was his father?

27 MR. EVANS: Your Honor, those questions are not  
28 relevant. This has to do with the character of the  
29 defendant, not her.

1 THE COURT: I sustain the objection.

2 MRS. STEINER: Strike that.

3 Q. Now, at the point at which you -- was, was Curtis  
4 actually incarcerated at the point at which you decided to  
5 identify him as Crystal's father? Is that correct?

6 A. Yes, ma'am.

7 Q. All right. And at that time did you introduce your  
8 daughter to her father?

9 A. I told her about him.

10 Q. All right.

11 A. And what the situation was.

12 Q. And what --

13 A. And --

14 Q. And did she -- did she decide to start a  
15 relationship with him?

16 A. Yes, ma'am.

17 Q. Now, he was in prison at the time that that started;  
18 is that correct?

19 A. Yes ma'am.

20 Q. Did that make her ashamed?

21 A. No, ma'am.

22 Q. Once she knew who he was, what did she do about  
23 acknowledging him in the greater community?

24 A. She was happy to know he was her father.

25 Q. Did she -- I believe she testified she visited with  
26 him.

27 A. Yes, ma'am.

28 Q. Did that -- you are her mom. You can tell -- a mom  
29 can tell if a child is nervous, happy, unhappy. What effect

1 does having -- even through prison windows, what effect does  
2 that have on your daughter?

3 MR. EVANS: Your Honor, that is not relevant.

4 THE COURT: Sustained.

5 Q. Well, all right. Let me say, does Curtis Flowers,  
6 because of who he is as a person, does that bring something  
7 into the world for your daughter?

8 A. Yes, ma'am.

9 Q. Is it a good thing, even though he now stands --  
10 again stands convicted of four murders? As a mother, are you  
11 ashamed to have her be his daughter?

12 MR. EVANS: Objection, Your Honor.

13 A. No, ma'am.

14 THE COURT: Sustained.

15 Q. Does -- do you intend if he -- you understand he  
16 will never walk out of prison walls again.

17 A. Yes, ma'am.

18 Q. And does he bring, even behind prison walls,  
19 something to your daughter that you want her to have?

20 A. Yes, ma'am.

21 Q. She said she loved him. Do you agree --

22 A. Yes ma'am. She do. She do.

23 Q. -- with her?

24 A. Yes ma'am.

25 MRS. STEINER: One moment, Your Honor.

26 I have nothing further of this witness, Your Honor.

27 MR. EVANS: No questions.

28 THE COURT: Miss Knight, you may step down now.

29 And who would you have next?

1 MRS. STEINER: Your Honor, I am just  
2 ascertaining that.

3 MR. CARTER: One moment.

4 MRS. STEINER: We would have Mr. James Akin.  
5 Mr. Akin, if you will, please come forward, raise  
6 your right hand.

7 (THE WITNESS APPROACHED THE BENCH.)

8 Do you solemnly swear or affirm that the testimony  
9 you give in this case will be the truth, the whole truth  
10 and nothing but the truth, so help you God?

11 THE WITNESS: So help me God.

12 THE COURT: If you will have a seat, please.

13 THE WITNESS: Thank you, sir.

14 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

15 THE COURT: Would you tell us your name for the  
16 record?

17 THE WITNESS: My name is James Evans Aiken.  
18 A-i-k-e-n.

19 THE COURT: You may proceed.

20 MRS. STEINER: Thank you.

21 JAMES EVANS AIKEN, Called on behalf of the Defendant,  
22 having been duly sworn, was examined and testified as follows:

23 DIRECT EXAMINATION BY MRS. STEINER:

24 Q. Mr. Aiken, would you tell the ladies and gentlemen  
25 of the jury your current employment?

26 A. I'm president of James E. Aiken and Associates, Inc.

27 Q. And what does James E. Aiken and Associates do?

28 A. It is a correctional, prison-related consulting  
29 concern, as well as to provide expert testimony in cases such

1 as this.

2 Q. Now, could you share with us your educational and  
3 employment background relating to corrections? Let's start  
4 with your educational background.

5 A. Yes. I have a undergraduate degree from Benedict  
6 College, Columbia, South Carolina. And I hold a master's  
7 degree in criminal justice from the University of South  
8 Carolina. And that is also in Columbia.

9 Q. And what is your background? You do corrections  
10 consulting. Now, how long have you been working in  
11 corrections? And possibly start with where you started and  
12 how you started.

13 A. And I'll be as brief as possible, ma'am. I started  
14 working in prisons in 1971. I started off in the capacity of  
15 a substance abuse counselor in social environment in a medium  
16 security prison in South Carolina.

17 Q. What does medium security mean?

18 A. Medium security means that a inmate can move from  
19 Point A to Point B within a prison with -- without restraints  
20 and things of that nature. But the perimeter, the fence, has  
21 gun towers, has razor risen, has security devices that I don't  
22 want to get too much in details about to detect, respond and  
23 contain inmate population.

24 Q. Okay.

25 A. And these gun towers are armed.

26 Q. All right. Now, you began in that prison. Where  
27 did you go from being a social worker at that prison?

28 A. Well, a social worker, a counselor was about the  
29 same back in those days. From there I was promoted to the

1 rank of administrative assistant to the warden. In that  
2 position -- and I think if my memory serves me correct, I was  
3 the first one. So nobody really knew what a administrative  
4 assistant does to the warden.

5 So I was just a extra correctional officer, basically. I  
6 helped with the keys. I helped fight contraband control,  
7 disciplining of inmates, classification of inmates, as well as  
8 other security functions with -- within the facility. And  
9 after all of that was done, I got to write letters for the  
10 warden.

11 From there I was promoted to the rank of deputy warden of  
12 that same facility. I was number two in charge of that  
13 prison. I was in charge of classification. I was in charge  
14 of security force. I was in charge of inmate management, as  
15 well as administrative matters, to include support matters,  
16 such as medical care, food service, etc. I was a policy  
17 interpreter, as well as keeping the number one focus for  
18 prisons is protection of the public. And so you had to make  
19 sure that every aspect of the security delivery system was  
20 focused towards protection of the public.

21 Q. So you were at this point -- had become an  
22 administrator of a prison whose job it was to keep inmates in  
23 and protect the public to make sure that the public is  
24 protected and the inmates are secured; is that correct?

25 A. That's correct, ma'am. But only back -- as well as,  
26 I've only held one position that was in the treatment area.

27 Q. Um-hum.

28 A. The other areas that I was involved in was totally  
29 security.

1           Q.   All right.  Now, did you move from the medium  
2 security prison to another prison at any point?

3           A.   Yes.  I was promoted to deputy warden of the state  
4 penitentiary in Columbia, South Carolina.  This was a prison  
5 that housed 2,000 of the most dangerous predator, disruptive  
6 inmate population within the South Caroline penal system, as  
7 well as the criminal justice system.  Because we took inmates  
8 that were so disruptive and so dangerous that county jails  
9 couldn't manage them.  They ended up at that particular  
10 prison.

11           We had inmates that committed some of the worst crimes  
12 that any human being can imagine, as well as those inmates  
13 that have gone into a prison system and continued to be so  
14 disruptive, involved with -- I'm not talking about disrespect.  
15 But I'm talking about stabbing and killing other inmates,  
16 forming and -- what we call S.T.G., security threat groups,  
17 and things of that nature.  The most dangerous predator inmate  
18 population within not only the correctional system, but within  
19 the criminal justice system in South Carolina.

20           Q.   Thank you.  And you supervised that facility.  Did  
21 you become familiar there with dealing with such prisoners --

22           A.   Yes, ma'am.

23           Q.   -- as well?

24           A.   Day-to-day activities of the use of force on  
25 inmates, disciplining of inmates, classification of inmate  
26 population, investigations, riot control, hostage situation  
27 control, preparing staff how to deal with these.  This type of  
28 very dangerous inmate population.

29           Q.   All right.  So you've been exposed -- now, do you

1 have any particular -- in addition to your education in  
2 criminal justice and your -- oh, I believe you became the  
3 warden of a prison subsequently; is that correct?

4 A. Yes. And I will go through them very quickly.

5 Q. Yes.

6 A. I was then appointed warden of the women's prison in  
7 South Carolina. This is all within the South Carolina  
8 correctional system. I was the chief policy maker. I was in  
9 charge of all security activities within that prison, to  
10 include classification of inmate population, control of the  
11 inmates, managing difficult inmates, etc.

12 From there I was promoted back to the state penitentiary  
13 as the warden. I was chief executive officer of that  
14 particular prison that I just explained to you a few moments  
15 ago. Also, this prison held death row population. And under  
16 the statutes of South Carolina, it was my responsibility to  
17 carry out executions. I put two inmates to death personally  
18 in that capacity.

19 And from there I was promoted to the rank of deputy  
20 regional administrator where I managed 16 prisons ranging from  
21 minimum security, that is inmates that are the least harm to  
22 the public, to maximum, super maximum security inmate  
23 population, which I described to you.

24 From there I was appointed commissioner of corrections  
25 for the Indiana Department of Corrections. It housed inmate  
26 population of adult, male, juvenile, female, as well as male  
27 inmates, ranging from minimum security to maximum, super  
28 maximum security population. I was involved, of course, with  
29 classification. I was the chief policy maker in the

1 management of the prisons, as well as the management of  
2 dangerous population all the way down to the least dangerous  
3 population that was incarcerated.

4 Q. All right. Now, you clearly in all these prisons  
5 where you were director, you learned and had experience in all  
6 of these things. Have you been invited because of your  
7 abilities and experience to serve on any national boards or  
8 investigative groups for the United States government?

9 A. Yes, ma'am. I also -- when I was commissioner of  
10 corrections, the warden of corrections, I was approached by  
11 the U.S. Justice Department and bureau -- not bureau but  
12 National Academy of Correction, where I was given a  
13 opportunity to teach wardens how to be wardens, teach existing  
14 wardens how to be better wardens, to teach wardens of super  
15 maximum security prisons. And that was held at a place called  
16 ADX.

17 ADX is the most secure prison in the United States, as  
18 well as the world. We house international terrorists, those  
19 individuals that a lot of people read about in the newspaper  
20 today are housed at this particular prison. And that was our  
21 classroom, or part of our classroom in teaching wardens how to  
22 manage this type of population.

23 I forgot to mention to you that when I left the Indiana  
24 system, I was asked to go and take over the Virgin Islands  
25 system. My interest at that particular time is because I saw  
26 terrorism coming in the United States, and I knew the prison  
27 systems had to get ready to deal with international  
28 terrorists, as well as international drug cartels. And that  
29 was the open door through the Virgin Islands to get my hand

1 other places. So I got firsthand knowledge of taking over a  
2 system that was corrupt and not managed well and turning  
3 systems around.

4 Q. All right.

5 A. While I was also working with the Justice Department  
6 as a consultant, I also taught people about classification,  
7 riot control, hostage situation control, gang management,  
8 managing the hard to manage violent inmate, as well as to look  
9 at teaching people new ways of managing this population that  
10 would save money also.

11 And I've also, not in the classroom, but I've actually  
12 been to the Mississippi Department of Corrections and actually  
13 delivered firsthand knowledge, as well as instruction on  
14 managing high security prisons, as blends classification in  
15 your work force and how to use weapons in every aspect of a  
16 security delivery system.

17 I was also appointed by congress in 2004 to the prison  
18 rape elimination commission. Thus is a statute, believe it or  
19 not, as I understand it, that was passed almost unanimously by  
20 the house and senate in congress and signed by President  
21 George Bush to eliminate prison rape in prisons, jails,  
22 correctional facilities throughout the United States in  
23 federal, state, local levels, as well as county levels and to  
24 come up with a set of standards that all of these facilities  
25 throughout the United States must adhere to.

26 So I got to look at Mississippi. In all other  
27 jurisdictions we had subpoena power. And these standards have  
28 been completed, and they are on the attorney general's desk.  
29 We have had several meetings with the attorney general

1 personally, as well as his staff to, to, to explain what we  
2 were doing. It is headed up by a federal district judge. And  
3 hopefully, we'll be able to see these standards in the near  
4 future.

5 Q. And have you also --

6 MR. EVANS: Your Honor, I, I hate to object but  
7 at this point I haven't heard anything that relates to  
8 why we are here.

9 MRS. STEINER: If the Court please, the  
10 classification is why we are here. I was just qualifying  
11 him as an expert. I haven't tendered him yet.

12 Q. Can you briefly state for His Honor and the jury  
13 what inmate classification is and -- well, does classification  
14 have to do with whether or not inmate if consigned to a prison  
15 would be dangerous either to inmates or the public, other  
16 inmates, the guards or the public in general?

17 A. Well, in laymen's terms, and I'll speak in laymen's  
18 terms, classification is putting the right inmate in the  
19 proper level of security and the proper structure in  
20 supervision to protect the public. It looks at a person's  
21 ability to adjust to a prison environment, as well as  
22 assessing future dangerousness, not only within a prison  
23 setting but also in the community.

24 And these transactions take place on a continual basis  
25 and are continuously updated. I've classified thousands and  
26 thousands of inmates, as well as to develop, implement, assess  
27 and monitor classification systems throughout the systems that  
28 I've worked in, as well as other systems that I have provided  
29 expert assistance to.

1           Q.   Does that include the Mississippi corrections system  
2 into which Mr. Flowers will, by virtue of this verdict, be  
3 confined at least for the rest -- well, will be confined for  
4 the rest of his life?

5           A.   Yes. On two points. Not only does the  
6 classification system in Mississippi is much like  
7 classification systems throughout the United States. Their  
8 consultant, one of their consultants that they use on  
9 classifications is Dr. James Austin. And Dr. Austin also  
10 worked with my classification systems in Indiana, as well as  
11 the Virgin Islands. So we are well aware of him. And he has  
12 also helped us with the Prison Rape Elimination Commission.

13           On the other hand, actually being here in Mississippi and  
14 talking about managing prison security systems classification  
15 was a integral part of that. You know, we don't have crystal  
16 balls, but what we are saying is that we look at certain  
17 information. And we can better predict future behavior, as  
18 well as prepare for managing that behavior over an extreme  
19 long period of time.

20           Q.   And in your 30-plus years of doing what you've  
21 described to the jury, have you ever been qualified as an  
22 expert in a court of law in corrections classification and  
23 security and management of inmates and prisons?

24           A.   Yes, ma'am. Not only on the state level, but also  
25 on a federal level.

26           Q.   And can you tell us at this point approximately how  
27 many times?

28           A.   Well over 100 times, I would guess.

29           Q.   All right. And you have said both in the states and

1 the federal courts.

2 A. Yes, ma'am.

3 MRS. STEINER: Your Honor, we would tender Mr.  
4 Aiken as an expert in corrections security and  
5 corrections and inmate classification with respect to  
6 future dangerousness assessment of inmate behavior and  
7 tender him as an expert relevant under *Skipper* versus -  
8 excuse me, Your Honor. I am having a senior moment  
9 here - *skipper versus North Carolina*, I believe. We have  
10 cited it in our -- in our brief. I can turn back and  
11 find the exact -- *Skipper versus South Carolina*, Your  
12 Honor, and also the Mississippi courts have been  
13 recognized and, I believe, in the law of the case in this  
14 case he has been previously recognized in prior  
15 proceeding.

16 And we tender him as that expert with respect to the  
17 matters concerning Mr. Flowers' behavior in prison and,  
18 and predictive ability and his future dangerousness, even  
19 if he were confined to prison on -- for the rest of his  
20 life at a location other than on death row.

21 THE COURT: State wish to voir dire him on his  
22 qualifications?

23 MR. EVANS: No, sir.

24 THE COURT: I'll allow him to testify as an  
25 expert in the areas you've requested.

26 MRS. STEINER: Thank you.

27 THE WITNESS: Thank you, Your Honor.

28 MRS. STEINER: Your Honor, I --

29 Q. Mr. Aiken, you have talked about classification a

1 little abstractly when were establishing that you knew your  
2 business. If now you would share with this jury, first of  
3 all, you said making classification decision involves making  
4 decisions on how dangerous that inmate could be within the  
5 walls of the prison and, and his likelihood of being a danger  
6 in the community as a whole; is that correct?

7 A. That's correct, ma'am.

8 Q. And in determining classifications, what do you  
9 assess to determine and why do you do that assessment? If you  
10 could, explain that for the jury.

11 A. And I'll give you examples. Number one thing is his  
12 conviction and what he was convicted of and sentence, of  
13 course. That is a driving force. And what we mean by driving  
14 force is I don't care how good he is or how bad he is, the  
15 purpose is protection of the public and that is the driver.  
16 That sentence and that conviction will be number one in making  
17 every classification system about his security and custody as  
18 long as he is breathing.

19 Q. And in custody on four counts of capital murder is  
20 there also a punitive aspect, a restriction of the inmate that  
21 is imposed on him in addition to never leaving the prison so  
22 long as he lives?

23 A. Yes, ma'am. And in very simple terms, we are not  
24 talking about rehabilitation here. Yes, a inmate can receive  
25 things to better stabilize him during his incarceration. But  
26 that's no longer the priority. The priority is  
27 incapacitation.

28 As long as you live, you are going to be here. Now, you  
29 can be good or you can be bad. Because either way, we can

1 manage it. Because we have the training, the staff, the  
2 policies, the procedures, the physical structures, the  
3 statutes, the guns, the ammunition, everything that we need to  
4 manage your behavior.

5 Q. All right. Now, let's talk about what you look at  
6 specifically with respect to classification. So with respect  
7 to a particular inmate, you know where he or she, in this case  
8 it's he, fits in the correctional system.

9 A. Yeah. That being said about the crime and  
10 conviction, we also look at previous criminal history. We  
11 also look at institutional adjustment, whether it's in a jail  
12 or whether it's in a prison environment. How well did that  
13 person adjust in those environments? And what I mean are  
14 adapt and adjust and obeying the rules and regulations as set  
15 forth by staff. And you have to understand that in a prison  
16 setting, you are in confinement status 24 hours a day, seven  
17 days a week, whether it is Christmas or the 31 of July. You  
18 are being assessed continuously.

19 And everything that you do, wrong especially, is  
20 well-documented. And that we have a disciplining process. We  
21 have a process to control your movements. If we need to gas  
22 you to control your behavior, we will. If we have to tie you  
23 to a bed to control your behavior, we will. If we have to  
24 send you up to the feds to their supermax to control your  
25 behavior, we will. If we have to kill you to control your  
26 behavior, we will.

27 Q. Now, in making the classification, are you trying to  
28 predict how the inmate is likely to adjust and conform within  
29 the prison system?

1           A.    Yes, ma'am. And that's being said, no, we don't  
2 have crystal balls. But what we have been able to do,  
3 especially within the last 20 to 30 years, is to compile a lot  
4 of information, such as age is a major factor. Medical  
5 condition is another factor. Mental health status is another  
6 factor. Gang involvement is another factor. All of those  
7 things are put into a pot, so to speak, and it ends up in a  
8 classification document.

9           And the warden is the signal. He or she is that  
10 individual that signs off on it and makes the decision as to  
11 the proper level. Now, that being said, there is certain  
12 things wardens can't change, such as the conviction and the  
13 sentence. That will remain constant. Wardens cannot overrule  
14 that.

15          Q.    And a warden, if he is told by a jury to lock  
16 someone up for the rest of their life and never admit them to  
17 parole or probation, that warden, he or she, has no discretion  
18 to let them go; is that correct?

19               MR. EVANS: That not relevant.

20               THE COURT: At this point I don't see any  
21 relevance.

22               MRS. STEINER: Thank you.

23          Q.    Now, Mr. Aiken, have you had the opportunity to  
24 review the actual prison and jail records of Curtis Flowers in  
25 the last 13 years during which he has been residing in various  
26 correctional facilities?

27           A.    Yes, ma'am. I've had a opportunity to review  
28 records as provided by you, prison and jail records pertaining  
29 to his adjustment to prison and the regiment that he has been

1 under.

2 Q. Okay. And have you reviewed his records from the  
3 Mississippi state penitentiary during the years he was  
4 incarcerated there?

5 A. Yes, sir. Yes, ma'am. I think it was about 10  
6 years.

7 Q. Yeah. And have you reviewed the records from the  
8 Carroll Montgomery County jail where he has resided for  
9 several years of the last 13 while waiting to come to court  
10 for this particular trial?

11 A. Yes, ma'am. I think you forwarded all those records  
12 to me.

13 Q. And did we also provide you some records when he has  
14 been incarcerated in the Leflore County Correctional Facility  
15 located in Greenwood, Mississippi?

16 A. If I remember, correctly, yes, ma'am.

17 Q. All right. And have you made any actual visits to  
18 either of -- any of these facilities? I believe you stated  
19 you are familiar with the Mississippi state penitentiary.  
20 Have you made actual visits to both the Greenwood and  
21 Montgomery Carroll facilities?

22 A. If my memory serves me correct, yes, I have been to  
23 two jails in this vicinity.

24 Q. All right.

25 A. Both of them housing him prior to my testimony.  
26 Yes, ma'am.

27 Q. And you have reviewed those records. What, if  
28 anything -- have you also conducted face-to-face interviews  
29 with Mr. Flowers?

1           A.    Yes, ma'am. I have conducted at least two  
2 face-to-face interviews with him.

3           Q.    All right. Now, are these things you normally do if  
4 you were -- if he is being classified, is getting this kind of  
5 record and having some sort of interview part of the normal  
6 classification process?

7           A.    No, ma'am. I have classified thousands and  
8 thousands of inmates. And many of them I did not have a  
9 face-to-face interview, unless there was something that  
10 triggered me to have that interview with the individual. For  
11 example, in this particular case, I thought it was appropriate  
12 to have a sit down face-to-face with him.

13          Q.    All right. And why is that? Because you would have  
14 to testify to these ladies and gentlemen?

15          A.    No, ma'am. The purpose of a face-to-face interview  
16 with a person like him is, because I need to further validate  
17 what I see in the record.

18          Q.    All, right.

19          A.    You have a individual who has been here 13 years  
20 incarcerated and no violations. You don't see that as a  
21 warden. You don't see that in a prison that's high security  
22 or even low security for that matter. You can get written up  
23 for not making up your bed. But this person has been  
24 incarcerated for 13 years, and I needed to have a discussion  
25 with him in order to further validate what was in the record.

26          Q.    All right. And if you would, and, and I believe he  
27 has actually been classified at each time he enters a new  
28 facility. Are there not records where they have undergone  
29 this classification process?

1           A.    Yes.  In jail you have a intake, booking, where they  
2 know what his charges are and things of that nature.  Yes,  
3 ma'am.

4           Q.    And looking at the data collected by these various  
5 institutions -- let's set aside for now what you consider his  
6 remarkable -- remarkably clean prison record.  And does that  
7 -- what does -- what does a clean record with respect to  
8 discipline mean about the inmate?  Let's start with that.

9           A.    Like I said, I mean I've classified thousands of  
10 inmates, plus there is empirical data to prove this, that a  
11 inmate when he comes in, like, 20 years old or whatever, they  
12 tend to be disruptive, disrespectful, getting in fights,  
13 contraband, contraband weapons, gang involvement, being  
14 involved in disturbances, some even try take hostages and  
15 things of this nature, and they have had to have use of force  
16 against them of gas, pinning them against the wall, a number  
17 of other things that we use to control behavior.

18          Q.    Has --

19          A.    And then -- I'm sorry.

20          Q.    I was going to say, you reviewed carefully when Mr.  
21 Flowers first went to the penitentiary at age 27, 13 years  
22 ago.

23          A.    That's correct, ma'am.

24          Q.    Have you reviewed the penitentiary records even as a  
25 relatively youthful 27?  Did you find any of these kinds of  
26 disruptive or dangerous behavior within the environment?

27          A.    No, ma'am.  And I might add, you can't fake it.  You  
28 know, you may try to fake it, but you are around very  
29 dangerous, disruptive people.  You are being watched 24 hours

1 a day. And we have a adage in the prison. If you can't write  
2 anything bad about somebody, you don't write nothing at all.  
3 And to have 13 years of that, I find to be very remarkable.

4 Q. Now, he is convicted -- this jury has found him  
5 guilty beyond a reasonable doubt of having murdered, killed  
6 four people out here in the community. He has been found  
7 guilty by these ladies and gentlemen of having killed, used  
8 violence against four people, capitally murdered them in the  
9 course of an armed robbery of those people. That's a serious  
10 crime.

11 Can you enlighten them on why, on how that relates -- you  
12 know, how his behavior in the community and his adjustment in  
13 prison relate to each other and how you can tell them you  
14 don't think he is dangerous in prison when he has done this  
15 horrible thing here in the community?

16 A. Yes, ma'am. And it's more like Alice in Wonderland.  
17 Prisons are abnormal environments. I have seen inmates. I  
18 have seen people maladjusted in the community who commit some  
19 of the most heinous crimes that you couldn't even imagine.  
20 And then they come to prison, you don't hear a peep out of  
21 them. Or most of them -- some of them are so scared they --  
22 you have to drag them out of a cell to take a shower, because  
23 they are scared of other inmates. I have had inmates steal  
24 cars and come to the prison to just about try to burn it down.

25 So what am I saying? The crime in the community is that  
26 driving force. But it's not the very best predictor of how a  
27 person will adjust to prison.

28 Q. And how has, in your opinion, on the basis of the 13  
29 years of records you have reviewed in Mr. Flowers' case, how

1 has he adjusted in the prison environment with respect to  
2 posing a danger to either other people in the environment or  
3 to somehow getting to where he could get back into the  
4 community and behave the way he did on the morning of July 16,  
5 1996?

6 A. With that particular sentence -- not sentence but  
7 conviction, that would preclude him from community  
8 integration. And anyone that, that tried to reintegrate him  
9 through the community, you know, is just -- uncalled for and  
10 it wouldn't happen. Period. That door is closed, slammed  
11 shut. But you have to understand his adjustment to prison has  
12 been remarkable and exceptional. And I don't say that very  
13 often.

14 Q. Okay. So for what -- can you tell these ladies and  
15 gentlemen without a crystal ball, on the basis of the criteria  
16 for classification, if he, with these four convictions, were  
17 to go in -- first of all, would he be put in some sort of low  
18 security country club camp?

19 A. No, ma'am. There will always be a gun between him  
20 and the public, as far as I'm concerned.

21 Q. And when he initially goes there, am I correct, he  
22 will have to be classified in a maximum security --

23 A. Without --

24 Q. -- classification?

25 A. Without a doubt, ma'am.

26 Q. And if that -- if the warden felt that was  
27 warranted, he could spend the rest of his natural life on  
28 maximum security with not only a gun between him and the  
29 public but some substantial restrictions on his movements

1 within the prison; is that correct?

2 A. Yes, ma'am. We have the authority and the  
3 flexibility to control him in any way that we deem  
4 appropriate, other than violation of his constitutional  
5 rights.

6 Q. Is there any way, given the crimes of conviction, no  
7 matter how good of an inmate he is, no matter how many  
8 programs or choirs or anything he sings in, that he will ever  
9 be eligible to a minimum security classification given your  
10 knowledge of the Mississippi state penitentiary's practices  
11 with respect to inmates whose crimes of conviction is capital  
12 murder and sentences of life in prison without parole?

13 A. That's correct, ma'am. He will always be in a  
14 higher security environment for the protection of the public.

15 Q. Thank you. Thank you. If you would, like, could  
16 you describe what the inmate's life on maximum security is  
17 like?

18 A. Well, you know, we -- it's very difficult in a way  
19 to explain it to lay people, because they look at prison with  
20 community eyes. Can you look at a television, or can you go  
21 to recreation? Well, you know, you think that those things  
22 are in the same context as community, and that's not the case.  
23 You are around the most dangerous, predator people that God  
24 has ever allowed to live. You are constantly involved with  
25 looking at people that are disruptive and constantly trying to  
26 be extremely manipulative. Contraband, weapons, everything of  
27 that nature. Then on top of that, we don't realize that this  
28 does not end tomorrow. This goes day after day, week after  
29 week, year after year, decade after decade.

1           And a lot of old convicts call it being on the shelf.  
2           What do you mean by being on the shelf? It's like when I was  
3           growing up in South Carolina and going to my grand momma's  
4           house and looking up on, on the shelf on the mantel piece and  
5           there was little figurine there.

6           Q.    All right.

7           A.    Then you come back many years later and that  
8           figurine is sitting right there. Everything that you done in  
9           life, but that figurine has been on the shelf. That's why old  
10          convicts call it being on the shelf.

11          Q.    And --

12          A.    Every day. Whether it's Christmas or whether it is  
13          Tuesday, January 14. Same thing.

14          Q.    And while they are sitting on that shelf, do they  
15          get to pick when they eat or what they eat?

16          A.    Well, that's the next thing about it.

17                   MR. EVANS: Your Honor, none of that is  
18          relevant.

19                   THE COURT: I, I sustain about what the food is  
20          in prison.

21          Q.    Is -- in order to maintain security at the prison,  
22          are the prison -- do the prison authorities have to regulate  
23          how the inmate conducts himself 24 hours a day, seven days a  
24          week?

25          A.    Yes, ma'am. We have control and authority and  
26          flexibility to insure a safe and secure environment. We can  
27          tell people what to wear, what not to wear, where they can go,  
28          where they can't go. If I tell you to strip naked so I can  
29          search you, you are going to have to strip naked.

1 MR. EVANS: And none of that is relevant, Your  
2 Honor. Wilcher specifically says that the harshness or  
3 whatever of Parchman or things like that has nothing to  
4 do with any testimony in this phase.

5 THE COURT: I sustain the objection.

6 THE WITNESS: Excuse me, Your Honor. I'm  
7 sorry.

8 THE COURT: You owe me no apology, because you  
9 are answering questions until they are objected to.

10 THE WITNESS: Yes, sir.

11 Q. Well, let me put it this way. If you were the  
12 warden or the commissioner of corrections or whoever is in  
13 control of the Mississippi state correctional system, would  
14 you have discretion to put him at any facility that you wish  
15 to put him at?

16 MR. EVANS: I object to that, Your Honor.

17 MRS. STEINER: I'm sorry. That's right. Let  
18 me withdraw that.

19 MR. EVANS: In fact, Your Honor, he does not  
20 work in Mississippi.

21 Q. If Mr. Flowers, knowing what you know about his age,  
22 his history in incarceration to date, the 13 years, if you  
23 were the warden supervising Curtis Flowers in prison under a  
24 sentence of life without parole, would Curtis be a person that  
25 you would have concerns for your staff, for the -- for the  
26 safety of your staff?

27 A. Well, ma'am, he is at the lowest level probability  
28 to cause any dangerment to staff, other inmates, as well as  
29 the public, as long as he is in a high security environment.

1 That being said is that he is at the lowest that you can  
2 possibly go. And what I mean by that is that crimes -- the  
3 crimes that he has committed is the driving force, and it  
4 doesn't change. He will always be in high security to protect  
5 the public.

6 Q. Now, I believe that -- have you found in your review  
7 of his records, and I believe you were present in the  
8 courtroom when you heard the testimony of the chaplain at one  
9 of his local prisons. Have you found anything in his records  
10 to indicate whether or not his -- the behaviors that he is  
11 engaging in are informed in any way by any kind of religious  
12 faith?

13 A. Yes. His faith is a driving force. And I know. I  
14 have heard so many inmates when they go to jail, they found  
15 religion. But usually they find that religion for about two  
16 weeks or until somebody says something to them and they go off  
17 on them, usually it's a officer. But for a person to take the  
18 religious faith and the dictates of that and demonstrate it in  
19 behavior such as the records that I have had on opportunity to  
20 review is very remarkable.

21 Number two is that we, looking at the history of prisons,  
22 religion has been that driving force that has remained  
23 constant throughout the ages, not psychotherapy, not chemical  
24 therapy, not group therapy, not all of these other things.  
25 Religion has been the oldest and the most important tool for  
26 management of inmate population. And we have other tools now.  
27 Don't get me wrong. But it's the oldest and tried and true.

28 Q. And you said earlier, you know, inmates try and fake  
29 it all the time. As part of the classification process that

1 you would -- that will be gone through. If this -- if you had  
2 this record in front of you classifying this inmate, would you  
3 have doubts? Would you say this inmate is just shamming this  
4 at this point?

5 A. There, there is no way you can fake it for 13 years.  
6 And that's based on thousands and thousands of inmates that  
7 are very manipulative and very sharp, so to speak, that I've  
8 had to deal with in my 38, 39 years in this business. But you  
9 can't fake it for that long.

10 Q. And is there anything in his prison record that  
11 indicates he has these characteristics of manipulativenness,  
12 violence, faking it, anything like that?

13 A. No, sir. No, ma'am. He is not in gangs. He is not  
14 causing disruption within the prisons. And he has had all the  
15 opportunities to demonstrate that behavior.

16 Q. Thank you.

17 A. Thank you, ma'am.

18 MRS. STEINER: One moment.

19 I have nothing further.

20 THE COURT: Mr. Evans.

21 MR. EVANS: Thank you, Your Honor.

22 CROSS-EXAMINATION BY MR. EVANS:

23 Q. Mr. Aiken, you don't work in Mississippi, do you?

24 A. No, sir, I don't.

25 Q. I may have misunderstood you. I thought you kept  
26 saying awhile ago we don't do this and we don't do that and we  
27 have guns and we have guards at the penitentiary over there.  
28 But you don't work over there.

29 A. No, sir. I don't draw a paycheck. That's correct.

1           Q.    Now, you've talked about how violent the  
2 penitentiaries are - the gangs, the rapes, the stabbings, the  
3 things like that. But in your opinion this defendant's not a  
4 violent person.

5           A.    In my opinion, he's not demonstrated violent  
6 behavior while incarcerated.

7           Q.    Are you aware of the violent nature of the murders  
8 he committed?

9           A.    Yes, sir.

10          Q.    Wouldn't you consider that pretty violent?

11          A.    Yes, sir.

12          Q.    Now, it's also possible for inmates to try to do  
13 things, because they enjoy being able to do things in prison,  
14 isn't it? Isn't that also an incentive?

15          A.    Enjoy? I'm lost.

16          Q.    Well, you heard the testimony about him getting to  
17 sing in the choir --

18          A.    Oh.

19          Q.    -- and doing things like that. He may actually be  
20 enjoying that part, couldn't he?

21          A.    Yes, sir. I was on a different wavelength. I guess  
22 I have been in prison too long. I know inmates that enjoy  
23 killing other inmates.

24          Q.    Yes, sir.

25          A.    That is where my, my mind frame was. I'm sorry.

26          Q.    A lot of inmates are violent, aren't they?

27          A.    Yes, sir.

28          Q.    Now, back to my question, if you don't mind.

29          A.    Yes, sir.

1           Q.    A lot of inmates enjoy doing different things in  
2 jail, don't they?

3           A.    Yes, sir. And we use that as a security tool just  
4 like a fence.

5           Q.    And you are here on the sentencing part of what  
6 sentence would be appropriate. If he were in prison and  
7 enjoyed it, he would be able to serve out his life enjoying  
8 singing, wouldn't he?

9           A.    He would get gratification out of singing, yes, sir.

10          Q.    Now, where are inmates housed in the state  
11 penitentiary that have life sentences?

12          A.    They are -- I don't know the exact institution, such  
13 as Parchman, where he would be assigned. But I do know it  
14 will be a security fence in a secured perimeter within the  
15 classification system, sir.

16          Q.    So you don't even know where he would be housed.

17          A.    I don't have his institutional assignment, nor his  
18 bed assignment. I just know the classification.

19          Q.    Where would he be housed on a death penalty?

20          A.    He would be housed at Parchman, even though they are  
21 moving some population possibly out, yes, sir.

22          Q.    As far as housing, what is the difference in a life  
23 sentence and the death penalty?

24          A.    Well, the death penalty is that you are just waiting  
25 to be executed. You are still in a high security environment  
26 and that -- you know, a lot of people make the mistake of  
27 thinking that death row is the highest level security in a  
28 prison. That's not the case. You can demonstrate behavior  
29 that will put you in another security category, if necessary,

1 other than death row.

2 Q. All right. Regular folks serving life sentence have  
3 a lot more freedom than people on death row, don't they?

4 A. That's relative.

5 Q. I'm not asking about relative. I'm just asking --

6 MR. CARTER: Your Honor, may he be able to  
7 ask -- answer his question --

8 MR. EVANS: And I am asking --

9 MR. CARTER: -- without.

10 MR. EVANS: -- for him to answer it, Judge.

11 THE COURT: Only one at a time. And Mr. Evans  
12 is cross-examining Mr. Aiken. And I think he is fully  
13 capable of answering that question.

14 A. And what I'm talking about relative, freedom.  
15 Freedom is different to people.

16 Q. All right. Let me explain to you what I'm asking.  
17 When they are serving a life sentence, they get to go out a  
18 lot more, don't they?

19 A. Depending on their behavior, yes, sir.

20 Q. They get to have more association with other people,  
21 don't they?

22 A. Yes, sir. As long as it is within the security  
23 perimeter of that prison, yes.

24 Q. They get to participate in singing, don't they?

25 A. If their behavior inside the prison demonstrates  
26 that and authorities deem that appropriate, yes, sir.

27 Q. If they are on death row, they get out one hour a  
28 day, don't they?

29 A. Not necessarily so, sir.

1 Q. Oh, really. When did they change that?

2 A. No, I'm not say they changed it. What I'm saying is  
3 that it could be 24 hours a day on death row or it could be 24  
4 hours a day if he had life without parole depending on his  
5 behavior.

6 Q. But I'm not asking about behavior. I'm asking about  
7 the straight differences between them.

8 A. People on death row are confined, yes, sir. Not as  
9 for 24 hours a day or 21 hours or 23 hours, I don't have that  
10 before me, no, sir.

11 Q. You don't know a whole lot about how things are run  
12 at the state penitentiary, do you?

13 A. Sir, I spent 39 years not only running institutions  
14 and prison systems but tracking in and out of prison systems,  
15 not only in this nation but internationally, as well as  
16 spending the last five years looking at policy, rules,  
17 regulations and procedures in just about every jurisdiction  
18 for this congressional commission.

19 Q. All right. Now, that you have said that, how much  
20 have you -- how long have you worked at the state penitentiary  
21 in Mississippi?

22 A. I have never worked there as a correctional  
23 employee, sir. I was --

24 Q. Have you ever worked there in any capacity?

25 A. -- as consultant.

26 Q. Have you ever worked there in any capacity?

27 MR. CARTER: Your Honor, I object. He didn't  
28 let him finish his question -- his answer.

29 THE COURT: If you were not finished with your

1 answer, you may complete it, Mr. Aiken.

2 A. Do you mind repeating the question, sir?

3 Q. Have you ever worked there in any capacity?

4 A. As I stated before, I have not drawn a paycheck  
5 there. You are correct.

6 Q. Now, you say that one of your jobs is testifying in  
7 cases like this one.

8 A. Yes. Providing expert testimony and giving  
9 analysis, security analysis of individuals, such as this.  
10 Yes, sir.

11 Q. And about how often do you testify for the defense  
12 in death penalty cases?

13 A. I've not been offered as an expert on the -- you  
14 said defense or prosecution?

15 Q. The defense.

16 A. Over 100 times.

17 Q. How many times have you testified for the  
18 prosecution?

19 A. Never been asked.

20 MR. EVANS: Nothing further, Your Honor.

21 THE COURT: Any redirect?

22 REDIRECT EXAMINATION BY MRS. STEINER:

23 Q. I believe you testified -- and I don't know if the  
24 jury heard you when you were cut off by Mr. Evans. Have you  
25 personally performed consulting and advising services to the  
26 people who do run and administer the Mississippi Department of  
27 Corrections?

28 A. That is correct, ma'am.

29 Q. And do you know -- is the Mississippi Department of

1 Corrections, is it -- is it required to maintain certain  
2 standards in order to get federal funding?

3 A. Not only federal funding but mandates as set forth  
4 by the constitution, as well as sound correctional practice.

5 Q. And to your knowledge, is what you've testified to,  
6 in terms of classification and security and restrictions, is  
7 that part and parcel of what any correctional system must have  
8 in order to continue to operate properly?

9 A. Yes. And to protect the public.

10 Q. And based on your consulting with the Mississippi  
11 Department of Corrections, does the Mississippi Department of  
12 Corrections use the kinds of means and standards for  
13 classification, security and control of inmates that you have  
14 testified to here today?

15 A. Yes ma'am. That as well as serving on the  
16 congressional commission, presidential commission, as well as  
17 you get a lot -- you learn a lot about the prison system by  
18 looking at the inmate records.

19 Q. All right. And you have reviewed at least seven to  
20 ten years of inmate records from the Mississippi Department of  
21 Corrections with respect to this inmate; is that correct?

22 A. Yes, ma'am. I reviewed the records that you  
23 provided me. Yes, ma'am.

24 Q. Thank you.

25 Your Honor, we have nothing further.

26 THE COURT: Mr. Aiken, you may step down, and  
27 you are excused as a witness.

28 THE WITNESS: Thank you very much, Your Honor.

29 THE COURT: Yes, sir.

1 Who would you have next?

2 MR. CARTER: Archie Flowers, Jr., Your Honor.

3 THE COURT: If Mr. Archie Flowers, Jr., would  
4 come forward, please.

5 MRS. STEINER: Your Honor, one moment, Your  
6 Honor.

7 MR. CARTER: Call Miss Lola Flowers.

8 THE COURT: If you will come forward, please.

9 (THE WITNESS APPROACHED THE BENCH.)

10 Will you raise your right hand and take the oath?

11 Do you solemnly swear or affirm that the testimony  
12 you give in this case will be the truth, the whole truth  
13 and nothing but the truth, so help you God?

14 THE WITNESS: I do.

15 THE COURT: Please have a seat.

16 THE WITNESS: (Complied.)

17 THE COURT: State your name, please.

18 THE WITNESS: Lola Flowers.

19 LOLA FLOWERS, Called on behalf of the Defendant, having  
20 been duly sworn, was examined and testified as follows:

21 DIRECT EXAMINATION BY MR. CARTER:

22 Q. Miss Flowers, do you have any children?

23 A. Yes, I do.

24 Q. How many have you got?

25 A. Six.

26 Q. What are their names?

27 A. Archie Renardo, Cora Felicia, Angela, Priscilla,  
28 Curtis and Sherita.

29 Q. And Curtis is the baby boy. I think it is just two

1 boys; is that right?

2 A. Yeah. He is.

3 Q. How was Curtis as a little boy?

4 A. He was a good boy. You know, liked laughing and  
5 joking around, life of the family, kept things going.

6 Q. Okay.

7 A. He was.

8 Q. How was he in school?

9 A. He was all right. Joking around, playing too. But  
10 he was fine.

11 Q. Okay.

12 A. He finished school and everything.

13 Q. How did he get along with his brother, Archie, Jr.?

14 A. Wonderfully. Never -- if they ever got to fighting,  
15 I didn't know anything about it.

16 Q. Was he close with his dad?

17 A. Yes. Um-hum.

18 Q. Okay. Did he have any pets?

19 A. Yeah. He had a dog.

20 Q. What happened to him, the dog?

21 A. I don't know, because I don't like animals anyway.  
22 So I really don't know.

23 Q. All right. But he did, didn't he?

24 A. He did.

25 Q. Okay. What kind of hobbies did he have?

26 A. Fishing and singing.

27 Q. Okay. Was he any good at fishing?

28 A. A little bit.

29 Q. All right. What about singing?

1           A.    Yeah.  Now, he can sing.  I have to give that to  
2 him.

3           Q.    Who taught him to do that?

4           A.    I reckon he got it from his daddy.

5           Q.    Got it from his dad.

6           A.    Majority of the family can sing.

7           Q.    Okay.  What about Miss Lola?

8           A.    No, I can't.

9           Q.    Okay.  Did Curtis acquire any skills while he was at  
10 school?  Do you remember?  Was he...

11          A.    Was he like -- what skills?  Which one?

12          Q.    How was he -- did he have any preference for  
13 academics or shop?

14          A.    Working in shop.  Auto mechanic and stuff like that.  
15 He liked that.

16          Q.    Did he ever become any good at that?

17          A.    Oh, he's always out there working on cars and  
18 things.  He was.

19          Q.    Now, did Curtis know somebody named Mr. Lonnie  
20 Fullilove?

21          A.    Yeah.  The old man that lived next door.

22          Q.    What did he use to do for him?

23          A.    Bathe him.  Carried him to the store.  Shopping for  
24 him.  He just basically took care of him like he was his  
25 granddaddy.

26          Q.    Were they any kin?

27          A.    No.

28          Q.    What about a Miss Mattie Hall?

29          A.    Miss Mattie Hall and Miss Ola Mae Tolliver

1 (phonetic) and them. He even tried to get me to move Miss Ola  
2 Mae in with us, because she didn't have any children, so we  
3 could take care of her.

4 Q. What did he used to do for Miss Hall?

5 A. Carry her shopping and go shopping for her and  
6 everything.

7 Q. Okay.

8 A. Cut her lawn and everything.

9 Q. Are these people still living?

10 A. No, they are dead.

11 Q. How was Curtis with his nieces and nephews?

12 A. They love him just like he was their dad, I think.  
13 Everybody loved Curtis.

14 Before we get too much further, I want to say this to the  
15 family of the victims. I want to say that I'm sorry for what  
16 happened to y'all. I know the feeling. I know how you feel.  
17 I lost my momma and daddy both like that. They died all of a  
18 sudden, overnight. Not overnight, just all of a sudden. So I  
19 know how you feel. And I just want to tell y'all I'm sorry  
20 about y'all's hurt.

21 Q. Okay.

22 A. And --

23 Q. I'm sorry. Go ahead.

24 A. You ask me your question. Then I'll say mine last.

25 Q. No, you can say it now. Go ahead while you are  
26 thinking about it.

27 A. I want to ask the jury to think about if that was  
28 your son sitting over there --

29 MR. EVANS: Your Honor, I object. That is not

1 relevant.

2 Q. You can't --

3 THE COURT: Miss Flowers, you can't say that.

4 Q. You can't say that, Miss Lola.

5 A. I'm sorry.

6 Q. How, how, how did you and Curtis get along?

7 A. Fine. Well.

8 Q. Well.

9 A. Um-hum.

10 Q. Now, did you ever have to discipline, discipline --

11 A. Oh, yes, I have. Um-hum.

12 Q. Now, did he attend church when he grew up as a  
13 child?

14 A. Yes. We all went to church. Mount Vernon in  
15 Colombia.

16 Q. Okay. Did he go regularly, regular?

17 A. Um-hum. He did. When we wasn't in regular church,  
18 he was at church singing.

19 Q. Okay.

20 One moment, Your Honor. Let me just be sure I can ask  
21 something before I -- I'm trying to follow the rules, trying  
22 to follow the law.

23 May I approach the witness, Your Honor?

24 THE COURT: Well, if you are going to approach,  
25 why don't you just go ahead and have them marked, if you  
26 are going to ask her?

27 MR. EVANS: Your Honor, I don't object to them  
28 being introduced.

29 THE COURT: I will just go ahead and allow them

1 to be marked into evidence, and that will save you the  
2 time of having to show them each individually to her.

3 MR. CARTER: Yes, sir.

4 THE COURT: So you may take a minute now and  
5 have the court reporter do that.

6 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT G AND  
7 ADMITTED INTO EVIDENCE.)

8 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT H AND  
9 ADMITTED INTO EVIDENCE.)

10 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT I AND  
11 ADMITTED INTO EVIDENCE.)

12 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT J AND  
13 ADMITTED INTO EVIDENCE.)

14 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT K AND  
15 ADMITTED INTO EVIDENCE.)

16 (A PHOTOGRAPH WAS MARKED DEFENDANT'S EXHIBIT L AND  
17 ADMITTED INTO EVIDENCE.)

18 Q. Miss Lola, I pass you some documents and ask you can  
19 you tell the ladies and gentlemen of the jury what they are?

20 A. Pictures of the children when we was in Florida.  
21 One of Curtis' school day pictures. Another one of his school  
22 pictures when he was small. Another one of Curtis' school  
23 pictures. One of his senior pictures. And a picture of he  
24 and Priscilla.

25 Q. Thank you. Does this represent the extent of the  
26 pictures that you have of him?

27 A. Yes. The house burned and all the other pictures  
28 burned.

29 Q. Now, Mr. Flowers has been in jail since 1997. How

1 often have you visited him?

2 A. Every visit day. Never missed a visit.

3 Q. And you visit -- how often do they allow it? Once a  
4 week or every two weeks?

5 A. When he was in Parchman it was like every two weeks.  
6 Then when he came to Vaiden, it was every week, every Friday.  
7 In Greenwood it's every Wednesday.

8 Q. Wednesday.

9 A. You asked everybody else what the impact that --

10 MR. EVANS: Your Honor, I object to victim  
11 impact.

12 A. -- it had.

13 THE COURT: Sustained.

14 You are only to respond to the questions being  
15 asked, Miss Flowers.

16 Q. Miss Flowers, there are rules and laws that control  
17 what I can ask you.

18 A. Um-hum.

19 Q. So I know you want to answer that, but I can't --

20 A. I do.

21 Q. -- let you answer it.

22 Now, on these visitation nights, are you the only one  
23 that go -- goes or others -- who else goes?

24 A. Archie Renardo, my son goes. Priscilla goes.  
25 Archie goes. The others live out of town. Whenever they are  
26 home, you know, they try to go see him.

27 Q. So I get the impression y'all love Curtis deeply.

28 A. Yes, we do.

29 Q. And always have. Always will. Is that fair to say?

1           A.     Yes.

2                     MR. CARTER:  One moment.  I think I'm finished.  
3           Tender, your Honor.

4                     MR. EVANS:  No questions.

5                     THE COURT:  Ladies and gentlemen of the jury,  
6           we will take a ten-minute recess.  I want to tell you  
7           during this recess, at this time I am considering that  
8           y'all are setting the schedule.

9                     If you want to recess for the evening, if you will  
10          talk among yourselves, we will do that.  If you want to  
11          keep staying, we will do that.  If you want food brought  
12          in and stay here for awhile, we can order pizza for you.  
13          And it does not have to be unanimous.  If any one of you  
14          want to recess for the evening, then let me know.  If all  
15          of you -- you know, so I am leaving things totally up to  
16          you at this point.  So if you will step back in the jury  
17          room and, and if you have got some request of the Court  
18          about how long to stay, what time you want to recess,  
19          whether you want food or anything, please make that  
20          known.

21          (THE JURY LEFT THE COURTROOM.)

22                     Miss Flowers, you may step down.

23                     MRS. STEINER:  If the Court please, if the  
24          Court please, allow me at this point, I, I have to  
25          object.

26                     THE BAILIFF:  Let's have order in the court.

27                     MRS. STEINER:  Your Honor, I, I appreciate the  
28          consideration that is being shown the jury.  But in fact,  
29          as we have previously moved for time for cooling off, not

1 merely for us to prepare, although as I have advised the  
2 Court, we, we have many things that we need to prepare  
3 for in order to adequately provide the constitutionally  
4 necessary defense and representation to this client just  
5 with respect to the law, with respect to the jury  
6 instructions. We --

7 THE COURT: Are you saying that after about  
8 nine months you are not prepared?

9 MRS. STEINER: No. Your --

10 THE COURT: I mean this case has been set for  
11 trial for, for numerous months. And you know, the 14th  
12 day of proceedings is not exactly a time when you should  
13 still be preparing.

14 MRS. STEINER: Your Honor, in order to be able  
15 to request proper instructions from this Court, with  
16 respect particularly to mitigation, that awaits what was  
17 shown here in this courtroom. We simply have jury  
18 instructions that have to be reviewed. There have been  
19 important updates in the law with respect to those  
20 instructions. We need the time before this jury is  
21 instructed and before we argue to change directions here.

22 This is a man's life on the line. This jury, we  
23 respect them. We do not want to detain them. We do not  
24 want to hold them. But we do urge that this jury be  
25 excused for the night, and we have at least a recess for  
26 the night, with them to be instructed not to begin  
27 deliberating, to return in the morning.

28 Plus, this jury has been here since -- its been here  
29 for ten hours today. The people, they are sitting there,

*Jury Out*

1 talking, looking away. There is simply no way that we  
2 can have a jury that can bring to considering sentence in  
3 this case the moral gravitas that Your Honor instructed  
4 them they must have during -- have during voir dire, at  
5 the end of this day, at the end of this long day, after  
6 what they have been through.

7 You know, we will do as the Court directs. And if  
8 the Court does not wish to bring them back to hear  
9 testimony tomorrow, we can conclude that. But we would  
10 urge that this jury not be sent out to deliberate after  
11 it has already sat for ten hours hearing evidence, making  
12 its deliberations and otherwise having to deal with this  
13 case.

14 It is not -- it is not conducive to having a fair  
15 jury. It is not conducive to having fair opportunity for  
16 Mr. Flowers to either present the law to the jury that he  
17 is -- that should be presented or to argue to this jury  
18 on a basis of what has happened in this courtroom over  
19 the last almost 14 days, and we would -- or 10 days.

20 And we would therefore, Your Honor, again renew our  
21 motion that as respectful as we wish to be of the jury  
22 that the Court agree to recess this case either now or as  
23 soon as the evidence is --

24 (THE JURY KNOCKED ON THE DOOR.)

25 -- completed before the parties are required to  
26 instruct the jury or otherwise to argue the case.

27 THE COURT: Well, at this point, the jury is  
28 knocking with some instructions. Again, if they want to  
29 continue, we are going to continue. Counsel has had

*Jury Out*

1           countless months, I mean, to prepare.

2           There hadn't been any new developments in the past  
3           two weeks since we started in the realm of capital murder  
4           cases that have been handed down by the Supreme Court.  
5           So there has not been any changes in the law in that time  
6           period.

7           So, you know, I don't know what you are talking  
8           about on recent updates or changes in the law because  
9           there haven't been any.

10           MRS. STEINER: Well, Your Honor, we haven't  
11           even had the opportunity to get to the computer to print  
12           out the jury instructions on the sentence that have been  
13           prepared because of how precipitously this did. And that  
14           frankly, our word processing program doesn't print out on  
15           the clerk's computers. She uses Word Perfect. All of  
16           our stuff is in Word. We have the prior jury  
17           instructions, which we can modify for the conference but  
18           we haven't even had a chance to sit --

19           (THE JURY KNOCKED ON THE DOOR.)

20           -- down and read them and review them and assemble  
21           them.

22           We have been working as diligently as we can, but we  
23           have almost two weeks of jury selection and testimony on  
24           the guilt phase. As the -- as the *Wiggins* and other  
25           cases say, the penalty phase, death is different. The  
26           penalty phase requires special kinds of preparation with  
27           respect to the presentation of evidence we are putting  
28           on.

29           THE COURT: And that is why we have had eight

*Jury Out*

1 months since this case was set for trial for that  
2 preparation to be taking place.

3 MRS. STEINER: But, Your Honor --

4 (THE JURY KNOCKED ON THE DOOR.)

5 MRS. STEINER: -- you can't instantly change  
6 directions.

7 THE COURT: Let me hear what the jury -- I  
8 assume they have got some kind of note of some kind. So  
9 if you will open the door and receive that note.

10 THE BAILIFF: Do you have a note?

11 (THE BAILIFF HANDED THE NOTE TO THE COURT.)

12 THE COURT: Judge, we would like to stay and  
13 finish up tonight if possible. Pizza as soon as possible  
14 would be great. They give us the type pizza they want.

15 At this point we are going to have pizza ordered and  
16 we are going to continue. And we will stand in recess  
17 for five minutes, long enough for the clerk to order  
18 the pizza.

19 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER, MR.

20 CARTER AND THE DEFENDANT WERE PRESENT IN OPEN COURT.

21 PROCEEDINGS CONTINUED AS FOLLOWS:)

22 THE COURT: Are we ready to proceed?

23 MRS. STEINER: Yes, Your Honor. Before the  
24 jury is brought out, our last witness is going to be Mr.  
25 Archie Lee Flowers, and he will testify briefly. He will  
26 then -- I believe the State has agreed to enter into  
27 evidence the contents of the video, which Mr. Archie will  
28 describe as, as Curtis performing with Archie's gospel  
29 singing group. It is 16 minutes long. I think that we

*Jury Out*

1 are entitled to put on mitigation we want. We would like  
2 it to play for 16 full -- length of the tape.

3 The State seems not to have 16 minutes or seems to  
4 not want that. I very frankly would prefer, given that  
5 this video is the last thing that they are going to see,  
6 that the jury be allowed to have their pizza, come back  
7 in, hear the testimony, be sent back in while we do the  
8 instruction conference and come out and be argued to if  
9 they really want to proceed.

10 Our first choice, of course, Your Honor, has again  
11 been denied is that we allow them to complete the  
12 evidence. They be instructed as they have every day  
13 during the guilt phase of this trial to go back, to not  
14 discuss the sentence. And that we then come back when  
15 the jury and we are all fresh in the morning. And  
16 instruct them.

17 We will stay as late as it takes to get a package of  
18 instructions that the Court can hit the ground running  
19 with in the morning. I don't believe it's unreasonable  
20 very frankly. I am going to be arguing this case. And I  
21 have both high blood pressure and diabetes, and I simply  
22 do not believe that in my condition presently that I can  
23 start at 8:00, 8:30, 9:00 tonight and do an adequate job  
24 of arguing and pleading for my client's life to this  
25 jury.

26 And I am telling the Court that I can -- that I --  
27 the team has determined I am to argue it. That is our  
28 judgment. That is our strategy. I am the person who has  
29 prepared for this as Your Honor noted over the last seven

1 months. This jury is hungry. It's tired. Let's let  
2 them eat. Let's let them see the last witness, and then  
3 allow me. I will do it regardless --

4 THE COURT: Let's watch the video and then the  
5 pizzas can be given to them, because it's not even here  
6 yet.

7 MRS. STEINER: All right. All right. And the  
8 testimony.

9 MR. EVANS: Your Honor, if I may, I almost  
10 forgot where we were on this. I think it is appropriate  
11 for them to show some of a video with him singing with  
12 his family. That, I don't object to. I think it is --  
13 there is no need in showing 16 minutes of the same thing.  
14 I think that that is just completely --

15 THE COURT: I hadn't seen it. But I would  
16 rather see 16 minutes of it than argue for eight over  
17 whether to see 16. So, you know, if they want to show  
18 the entire 16, then we will watch 16 minutes.

19 You can bring the jury in.

20 (THE JURY ENTERED THE COURTROOM.)

21 Court will come back to order. Ladies and  
22 gentlemen, we do have pizza that has been ordered. It  
23 isn't here yet. So when it is we will recess.

24 Who would your next witness be?

25 MRS. STEINER: Mr. Archie Lee Flowers.

26 THE COURT: Mr. Flowers, if you will come  
27 around please and raise your right hand and take the  
28 oath.

29 MRS. STEINER: You need to take the oath, Mr.

1 Archie.

2 THE COURT: He can do it right here. That is  
3 where most people are being sworn. Right here.

4 If you will raise your right hand, please.

5 Do you solemnly swear or affirm the testimony you  
6 give in this case will be the truth, the whole truth and  
7 nothing but the truth, so help you God?

8 THE WITNESS: I do.

9 THE COURT: Please have a seat.

10 THE WITNESS: (Complied.)

11 THE COURT: State your name, please.

12 THE WITNESS: Archie Lee Flowers.

13 THE COURT: Mr. Flowers, you might need to  
14 speak a little louder. These ladies and gentlemen have  
15 to hear you.

16 THE WITNESS: Archie Lee Flowers.

17 ARCHIE LEE FLOWERS, Called on behalf of the Defendant,  
18 having been duly sworn, was examined and testified as follows:

19 DIRECT EXAMINATION BY MRS. STEINER:

20 Q. Mr. Flowers, if you could, that microphone does not  
21 amplify. If you will, speak loud. Maybe direct your voice  
22 towards the jury. They are the ones who have to hear you.

23 Mr. Flowers, would you state your name and your  
24 relationship to Curtis Flowers?

25 A. My name is Archie Lee Flowers, and I -- Curtis is my  
26 son.

27 Q. And are you feeling okay? Do you need a glass of  
28 water or anything like that before you talk to the jurors?

29 A. I guess I'll be all right.

1 Q. All right. Now, do you love your son?

2 A. Yes, ma'am.

3 Q. For these 13 years he has been in prison, do you  
4 love your son?

5 A. I love him.

6 Q. These ladies and gentlemen have determined that he  
7 is guilty of four murders. Even with that determination, do  
8 you love your son?

9 A. I love him.

10 Q. Do you -- I believe you have five other children.

11 A. Right.

12 Q. And is this a family that has hung together for  
13 these 13 years?

14 A. Yes, ma'am.

15 Q. And do they love him?

16 A. They love him too.

17 Q. And well, how old are you, Mr. Archie?

18 A. I'm 68.

19 Q. So Curtis has been in your life. He is 40, is that  
20 right, now?

21 A. Right.

22 Q. He has been in your life for the last 40 years; is  
23 that --

24 A. He has.

25 Q. Why don't you tell the jury a little bit about your  
26 background and how you tried to bring that to your son?

27 A. I'm, I'm from Kilmichael. My daddy, we, we was from  
28 Kilmichael. We moved to Winona.

29 Q. What, what, what did -- what did you do when you

1 were coming up in Kilmichael?

2 A. Oh, we farmed.

3 Q. Sharecropped farmed.

4 A. Right.

5 Q. Now, did you -- were you able to provide a  
6 different, slightly different kind of life for Curtis as he  
7 was growing up? Did he have to sharecrop?

8 A. No, ma'am.

9 Q. What did you do after you got big enough to leave  
10 the farm?

11 A. I went -- I started setting out pine trees for the  
12 forestry service.

13 Q. And how long did you do that?

14 A. For about maybe ten years or more.

15 Q. Was that while Curtis was a little boy?

16 A. Right.

17 Q. Did he -- did you teach him anything about working  
18 with his hands while he was little?

19 A. We talked about it.

20 Q. A little boy.

21 A. He could do anything.

22 Q. Now, tell the jury what sorts of things.

23 A. He like to fix on lawn mowers, cars and stuff like  
24 that.

25 Q. Did he like to paint houses? Did he --

26 A. I had him paint. I used to paint houses a little  
27 bit too.

28 Q. All right. So you worked for the forestry service.  
29 Did you also have your own house painting business?

1           A.    Right.

2           Q.    Did your boys work with you in that?

3           A.    Right.  Both of the boys.

4           Q.    And did Curtis help, help his family?  How old was  
5 he when he started working with you in your painting business?

6           A.    I believe he was about 12 or 13.

7           Q.    All right.  Were you and Miss Lola able to make a  
8 living with your various jobs and the help of Curtis and your  
9 other sons too?

10          A.    Yes, ma'am.

11          Q.    Were you able to buy a home?  Or I believe you  
12 were -- Miss Lola owned a home, is that correct, had a family  
13 property?

14          A.    Right.

15          Q.    Were you able to take what you had earned and make  
16 that into as good a home as you could afford for y'all's kids?

17          A.    Yes, ma'am.

18          Q.    And in that home would you say -- you had six kids.  
19 Were they all -- were they ever all home at once or did some  
20 of them grow up before the younger two came along?

21          A.    They was all at home at once.

22          Q.    All right.

23          A.    Same time.

24          Q.    And Curtis, how did he get along with his brothers  
25 and sisters?

26          A.    Yeah.  He always crack jokes, keep them laughing.

27          Q.    All right.  Did he have a sister he was particularly  
28 close to?  Where was he in the birth order of the family?  Was  
29 he the baby?

1           A.    The baby boy.

2           Q.    The baby boy.  And how many younger sisters did he  
3 have?

4           A.    My mind rough about children, you know.

5           Q.    All right.  Did he have little sisters?

6           A.    He had a little sister, Sherita.

7           Q.    Was Priscilla his little sister?

8           A.    Her.  And Sherita.  Priscilla.

9           Q.    And there are some pictures Miss Lola put in.  Now,  
10 you don't have all the family pictures that you once had; is  
11 that correct?

12          A.    No.

13          Q.    That house burned down; is that right?

14          A.    That's right.

15          Q.    And that has been since Curtis has gone to prison;  
16 is that right?

17          A.    That's right.

18          Q.    Why don't you tell the jury a little bit about --  
19 well, in addition to working with you, helping you make a  
20 better life for himself and his sisters, did you find any  
21 particular talent Curtis had?

22          A.    Yeah, he can sing.

23          Q.    All right.  Now, tell me this Mr. Archie.  Are you a  
24 singer?

25          A.    I am.

26          Q.    Do you have -- what kind of music do you perform?

27          A.    Gospel music.

28          Q.    Gospel.

29          A.    We sing gospel.

1 Q. All right. Do you have a group that at least before  
2 Curtis went to jail --

3 A. Yes, ma'am.

4 Q. -- he was -- he participated with you in?

5 A. Right. He sung with me a while.

6 Q. All right. Now, before we start talking about that,  
7 I think you said you want to say something to the families who  
8 lost their loved ones in this tragedy.

9 A. Yeah.

10 Q. You may say what you care to.

11 A. I feel bad about it.

12 Q. All right. Have you prayed for them?

13 A. I really have.

14 Q. Have you raised gospel song for them in these last  
15 13 years?

16 A. I really have.

17 Q. Have you prayed with Curtis for them?

18 A. I have.

19 Q. You go see him when --

20 A. Every visit day.

21 Q. All right. When he was in Parchman, how often were  
22 you able to?

23 A. Every -- you know, every time we had visit.

24 Q. All right. And then when he was down here in, in  
25 Carroll Montgomery would you go every week?

26 A. Every Friday.

27 Q. All right. Were you able to spend -- was it ever  
28 just you or just Miss Lola or were there lots of people came  
29 to visit?

1           A.    It would be both of us if I didn't have nowhere to  
2 sing.  Sometimes she go by herself.

3           Q.    All right.  And did his daughter -- once the family  
4 learned he had this daughter, did she come --

5           A.    Yes.

6           Q.    -- and spend time?

7           A.    She was there.

8           Q.    But still you had -- you had guards watching you the  
9 whole time.

10          A.    Right.

11          Q.    It's not like having him at home.

12          A.    No, it's not.

13          Q.    Do you miss him?

14                   MR. EVANS:  Your Honor, I object.  That is not  
15 relevant.

16                   THE COURT:  I sustain as to that.

17          Q.    All right.  Well, why don't you tell the jury a  
18 little bit about Curtis's singing?  How old was he when you  
19 first discovered his talent?

20          A.    I think he was probably about nine or ten.

21          Q.    And how did you discover it?

22          A.    He used to get back in the back room and he'd sing.  
23 Sometimes I go back there boy, when you going to start  
24 singing.  He said I will let you know.

25          Q.    All right.  Now, the gospel songs you sing, do you  
26 sing the old time songs?

27          A.    We, we go back to some of them sometimes.

28          Q.    All right.  Do you also write your own songs?

29          A.    Well, we have started.

1 Q. All right. And Curtis --

2 A. Got some to put on C.D.

3 Q. All right. Did Curtis ever write a song for the  
4 Unionaires to sing?

5 A. Right. He have.

6 Q. And are there other people in your family who Curtis  
7 has sung for or with?

8 A. Um-hum. He have.

9 Q. You have other, other family --

10 A. Cousins.

11 Q. All right. Now, the singing, the gospel group, do  
12 you -- do you perform publicly? What -- when did Curtis  
13 finally say he was ready to start going out and performing  
14 with you and Unionaires?

15 A. He was -- I, I don't recall how old he was. But it  
16 was -- like I say, he told me he was ready. He went on and  
17 start singing. He wasn't ashamed of the crowd.

18 Q. Was he shy at first?

19 A. He was shy.

20 Q. Why did you want him -- did you want him to sing  
21 with you?

22 A. I did, because he had the voice to do it.

23 Q. Was it -- how would you describe his voice, his  
24 calling?

25 A. It, it was clear. Sort of like mine.

26 Q. And what did he sing when he sang? Did he sing  
27 blues or rock and roll? What did he sing?

28 A. Well, he used -- when, when I listened at him sing?

29 Q. Yeah.

1 A. Oh, he would sing gospel --

2 Q. Is that what he --

3 A. -- when he started.

4 Q. While he was free, would he still perform in public?

5 A. Oh, yeah.

6 Q. Now, have you in the prison -- the testimony from  
7 Reverend Little was that he continued to sing in the choir.  
8 Have the Unionaires or any group of people with whom you sing  
9 gospel, have you ever come to perform in the prison?

10 A. Talking about down in Vaiden?

11 Q. Yes.

12 A. We have. We been down there a few times.

13 Q. All right. Is that the only time in the last 13  
14 years or the only time you expect for the rest of his life he  
15 will ever raise his voice in song, in harmony with yours?

16 A. Do --

17 Q. If he goes to prison for rest of his life in  
18 Parchman --

19 MR. EVANS: Your Honor, that is not relevant.

20 Q. Were you ever allowed to companion him and raise  
21 your voice in song in public with him when he was in Parchman?

22 A. You mean --

23 Q. Did you ever -- did you ever perform with him when  
24 he lived in Parchman?

25 A. No, ma'am. While he was over there?

26 Q. Um-hum.

27 A. No.

28 Q. And that you don't expect ever to be able to raise  
29 your voice in song --

1 MR. EVANS: Again, Your Honor, that is not  
2 relevant.

3 THE COURT: I sustain. That is not relevant.

4 MRS. STEINER: Your Honor, he was -- when he  
5 was examining Mr. Aiken and talking about the pleasure,  
6 this is Mr. Flowers' pleasure. He will be deprived of  
7 trying to establish the joy of raising his voice in  
8 harmony with --

9 MR. EVANS: It is not relevant whether he can  
10 sing with his father in prison, Your Honor.

11 THE COURT: Well, I mean, I think Mr. Flowers  
12 has already indicated he can't. So I think you can move  
13 on.

14 Q. Okay. Now, what -- tell the Court, Curtis sang with  
15 the group. When Curtis had to leave the group, did, did that  
16 affect the group's ability to perform?

17 MR. EVANS: Object, Your Honor. That is not  
18 relevant.

19 THE COURT: I sustain.

20 Q. Would you -- now, the Unionaires with Curtis, when  
21 he got grown, did they perform around the state?

22 A. Right.

23 Q. The neighborhood?

24 A. Out of state too.

25 Q. And did from time to time people in the family make  
26 video of those, those performance or parts of them?

27 A. Somebody did. Somebody always making video.

28 Q. Now, you had a house fire so some of your tapes got  
29 lost; is that right?

1 A. Right.

2 Q. But --

3 A. Most of them did.

4 Q. Most of them. Have we found one where Curtis was  
5 performing with the Unionaires?

6 A. I think so.

7 Q. Would you like this jury to see that video of Curtis  
8 performing with your group?

9 A. Yes, ma'am. If the judge would allow it.

10 Q. Do you think -- do you think that might explain what  
11 you -- what you have been telling them here today?

12 A. Yes, ma'am.

13 MRS. STEINER: Your Honor, I believe the -- a  
14 video disk has been marked D-F for identification. The  
15 State agrees it may be offered into evidence. The video  
16 itself is presently in the player, but the case has been  
17 marked. We would like to mark the contents of the video  
18 into evidence.

19 MR. EVANS: State has no objection.

20 (THE VIDEO PREVIOUSLY MARKED DEFENDANT'S EXHIBIT F WAS  
21 ADMITTED INTO EVIDENCE.)

22 MRS. STEINER: I need technical assistance.

23 (MR. HILL AND MS. BRANDIS APPROACHED TO HELP WITH THE  
24 DISK.)

25 MRS. STEINER: Just a moment, Your Honor. May  
26 I leave the courtroom, get our --

27 THE COURT: Sure.

28 (MRS. STEINER LEFT THE COURTROOM AND RETURNED.)

29 (THE VIDEO WAS PLAYED.)

*Archie Flowers - Direct*

1 THE COURT: You can take them into the  
2 boardroom like I'm saying, and they will set the food up.  
3 We will be in recess.

4 (A RECESS WAS TAKEN.)

5 (MR. EVANS, MR. HILL, MR. WHITFIELD, MRS. STEINER, MR.  
6 CARTER AND THE DEFENDANT WERE PRESENT IN OPEN COURT.  
7 PROCEEDINGS WERE AS FOLLOWS:)

8 THE COURT: Let Mr. Flowers get up here before  
9 the jury is brought in.

10 (THE WITNESS WAS SEATED ON THE WITNESS STAND.)

11 THE COURT: Okay. You can bring the jury in.

12 (THE JURY RETURNED TO THE COURTROOM.)

13 THE COURT: Court will come back to order.

14 We will continue with the presentation that was  
15 being presented.

16 MRS. STEINER: Thank you, Your Honor.

17 CONTINUED DIRECT EXAMINATION BY MRS. STEINER:

18 Q. Mr. Flowers, it's late. Do you think that's given  
19 these ladies and gentlemen a picture of the Curtis Flowers who  
20 loved God enough to raise a beautiful voice in praise to him?

21 A. Yes, ma'am.

22 Q. All right. And I believe both before Curtis went to  
23 jail and since then, although you have now retired, you stood  
24 proudly at the door at Wal-Mart and greeted the community.

25 MR. EVANS: Your Honor, that has no relevance  
26 to this case.

27 THE COURT: I sustain.

28 Q. All right. Is this -- you love -- you told the jury  
29 earlier, this is your son whom you love; is that right?

1 A. Right.

2 Q. And you know he now stands convicted of a terrible  
3 crime. Does that change your love for him?

4 A. No, it don't change my love for him.

5 Q. Do you have anything you want to tell this jury  
6 about Curtis that you want them to take with them when they  
7 consider the sentence that they and they alone have the power  
8 to impose upon him?

9 A. I'm hurt.

10 Q. I understand. You want to tell them anything more  
11 about Curtis?

12 A. No, I don't believe I could.

13 Q. All right. Would you like to be able to step down  
14 and rest and just go home and pray?

15 MR. EVANS: Your Honor, I object. That is not  
16 appropriate.

17 THE COURT: I sustain that. I mean if he is  
18 ready.

19 MRS. STEINER: That's fine. That's all I have  
20 from this witness.

21 THE COURT: You may step down, Mr. Flowers.  
22 Are you going to keep playing the tape?

23 MRS. STEINER: No, Your Honor. The jury is  
24 tired. Mr. Flowers has told them what he needs to tell  
25 them.

26 THE COURT: Who would be the next witness?

27 MRS. STEINER: Your Honor, the defendant would  
28 rest his penalty phase case at this time.

29 THE COURT: Ladies and gentlemen of the jury,

*Jury Dismissed*

1 as much as I want to accommodate you, because I know you  
2 are ready to go home. But it's going to take a long time  
3 to go over jury instructions, much longer than it took  
4 earlier in the day for the previous instructions.

5 There is no, no task a jury is called upon to  
6 consider that is more important than what you are being  
7 called upon to consider. I don't want to keep you up  
8 here, you know, close to midnight and have any kind of  
9 rush decision, because it's got to be made with great  
10 deliberation. And so by the time we heard -- had the  
11 instructions done and heard closing arguments, I just  
12 feel like it would be too late in the evening to  
13 continue.

14 So again, I do understand your desire to finish  
15 tonight, but I think it's best to come back in the  
16 morning with a fresh start when everybody has had a night  
17 of rest. And so if you will step in the jury room until  
18 your transportation can be brought to you.

19 I will tell you that I do anticipate that we will  
20 conclude tomorrow. So you can pack your belongings and  
21 bring them on back to the courthouse with you in the  
22 morning.

23 And I'll ask that during this recess you do not  
24 discuss among yourselves what you think the appropriate  
25 sentence would be or anything connected with the case. I  
26 will ask that you not discuss the case at all again until  
27 you receive further instructions from the Court.

28 And with that ladies and gentlemen, if you will step  
29 in the jury room for a few minutes.

1 (THE JURY LEFT THE COURTROOM.)

2 THE COURT: I want to advise Mr. Flowers again.

3 Mr. Flowers, I advised you during the first phase of  
4 the trial that you had a constitutional right to testify  
5 or not testify. After consulting with your attorneys,  
6 obviously you chose not to testify.

7 THE DEFENDANT: That's right.

8 THE COURT: But I want you to understand you  
9 have got a right testify at this phase, as well, if you  
10 wanted to do so. Do you understand that?

11 THE DEFENDANT: Okay.

12 THE COURT: And do you understand whether you  
13 chose to testify in this phase or not is your decision  
14 and yours alone?

15 THE DEFENDANT: Okay.

16 THE COURT: If you wanted to testify and your  
17 lawyers didn't, you could override their judgment and  
18 testify.

19 THE DEFENDANT: Okay.

20 THE COURT: Do you understand further that if  
21 they thought they wanted you to testify and you didn't  
22 want to, they couldn't force you to?

23 THE DEFENDANT: (Nodded.)

24 THE COURT: So at all times whether you testify  
25 or not is your decision, yours alone. Do you understand  
26 that?

27 THE DEFENDANT: Okay.

28 THE COURT: I just wanted to make that clear.  
29 I assume based on the counsel resting that you have

1 discussed with them and are exercising your right not to  
2 testify; is that correct?

3 THE DEFENDANT: That's correct.

4 THE COURT: Okay. I want to -- Counsel, in a  
5 minute, when everybody clears out, I want to discuss jury  
6 instructions with you. As far as -- the proceedings are  
7 recessed for the day, but I am going to talk to counsel  
8 just a minute about instructions.

9 I know that I've had cases where I've had death  
10 penalty in the past, the State and the defense can get  
11 together and prepare the instructions that lays out the  
12 State's aggravating factors and the mitigating factors.

13 And so if y'all will just maybe get together about  
14 8:30 in the morning and try to get those instructions,  
15 because I think it's probably going to be obvious what  
16 both of you are requesting. And then I'll --

17 MR. EVANS: We have got everything --

18 We have got everything ready except the mitigators,  
19 and we are going to get together on that and try to  
20 figure out which ones need to be inserted.

21 THE COURT: If y'all will do that. Then I'll  
22 just convene with you at 9:00 in the morning and go over  
23 these instructions. And then after instructions are  
24 ready to be presented, we'll proceed then with closing  
25 argument.

26 MRS. STEINER: Your Honor, we will have printed  
27 out in clean copy. We will try and have any additional  
28 defense -- if we will have any additional defense  
29 instructions that we wish the Court to consider available

1 tomorrow morning. If you would like them prior to 9:00  
2 a.m., I can have. If you want to give me a deadline --

3 THE COURT: Well, I don't see any point. I  
4 mean we, we can start going over instructions at 9:00. I  
5 don't need to have them any earlier than that.

6 MRS. STEINER: Thank you.

7 THE COURT: We will recess until in the  
8 morning.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
2 OPEN COURT ON JUNE 19, 2010, WITH THE  
3 COURT, THE COURT REPORTER, ALL COUNSEL FOR  
4 BOTH SIDE, THE DEFENDANT, AND THE CIRCUIT  
5 CLERK PRESENT, OUTSIDE THE HEARING AND  
6 PRESENCE OF THE JURY, TO-WIT:)

7 **BY THE COURT:** We'll start going over  
8 sentencing instructions at this time. I'll  
9 take up the State ones first.

10 **BY MR. HILL:** Your Honor, have you got a  
11 copy of your proposed S-1?

12 **BY MS. STEINER:** I don't, either.

13 **BY THE COURT:** I've got everything except  
14 for the S-1.

15 **BY MR. HILL:** Okay. Your Honor, the only  
16 thing I think that there's going to be any  
17 disagreement about are the list of mitigators,  
18 mitigating circum- -- factors that should be  
19 typed into the sentencing instructions. And  
20 counsel and I have discussed those, and we have  
21 some issues as to what should be in there. And  
22 if we can resolve that first, then S-1 will be  
23 ready in its final form.

24 **BY MRS. STEINER:** Let me agree that, Your  
25 Honor, we are going to propose D-5A, D-5B, D-5C  
26 and D-5D as alternative language to S-1. We  
27 believe S-1 to be incomplete. However, should  
28 the State -- should -- since the Court takes up  
29 the State's instructions first, we have -- we

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 would like to perfect, as it were, the State's  
2 instructions with all the mitigators we need in  
3 it in the event that the Court elects to grant  
4 S-1 in lieu of D-5.

5 **BY THE COURT:** Okay. What mitigators are  
6 there disagreements on?

7 **BY MRS. STEINER:** All right. Your Honor,  
8 the State has advised me -- and this may even  
9 be contrary to law of the case. The State has  
10 advised me that the only mitigators on which  
11 it -- if you turn to D-5A, you have a list of  
12 the -- on page two of D-5A, there is a list of  
13 the mitigators that Mr. Flowers proposes.  
14 Subparagraph A, he has no history of prior  
15 criminal activity.

16 **BY THE COURT:** I've read them. I'm just  
17 wondering which one it is the State disagrees  
18 with.

19 **BY MRS. STEINER:** The State disagrees with  
20 granting B, C, D, E and I believe F.

21 **BY MR. HILL:** Your Honor, that's not quite  
22 correct. We do not object to A that Curtis  
23 Flowers has no history of prior criminal  
24 acts --

25 **BY THE COURT:** I can read it. Y'all just  
26 give me the numerical on it.

27 **BY MR. HILL:** Okay. The number -- we do  
28 not object to B.

29 **BY MRS. STEINER:** Oh, okay.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY MR. HILL:** We do not object to C. We  
2 do object to D. We do not object to E. And we  
3 do object to F and G in those present -- the  
4 way it's typed, that language. We would  
5 suggest to the Court that the statutory  
6 catch-all be used in place of F and G. Those  
7 are just different -- that's two catch-alls in  
8 different language and different forms, and we  
9 feel like the Supreme Court has approved the  
10 statutory catch-all, and it should be used in  
11 place of those two.

12           **BY MRS. STEINER:** May I be heard, Your  
13 Honor?

14           **BY THE COURT:** I'm listening.

15           **BY MRS. STEINER:** All right. Your Honor,  
16 we -- I believe there are -- may I argue from a  
17 seated position?

18           **BY THE COURT:** Certainly. Have a seat.

19           **BY MRS. STEINER:** Thank you. First of  
20 all, the law of the case -- in this case, the  
21 last time what was determined to be the  
22 mitigators on which could be advised -- excuse  
23 me -- the law of the case is that in this case,  
24 based on Judge Morgan's ruling, nonstatutory  
25 mitigators of which there is evidence to  
26 support the finding may be in- -- will be  
27 included in whatever omnibus instruction is  
28 given, whether it's called S-1 or D-5, so the  
29 law of the case is the nonstatutory and

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 statutory mitigators will be given.

2 Further, in the interim period since the  
3 last time a jury had to be instructed with  
4 respect to sentencing in this matter, the  
5 United States Supreme Court has decided  
6 Abdul-Kabir v. Quarterman, which is cited in  
7 the jury instructions elabor- -- and Smith v.  
8 Texas, which is a companion case in which, very  
9 frankly, Your Honor, I did not have either a  
10 hard copy or a pullup electronic copy. It is  
11 cited in the memorandum we submitted during  
12 voir dire concerning voir dire and mitigation  
13 for the citation on that.

14 And those make it clear, not only does the  
15 Defendant have the right to argue and the jury  
16 to consider a -- you know, any nonstatutory  
17 mitigating circumstance, but that the  
18 instructions from the Court must facilitate  
19 that. And that it is a violation of the Sixth  
20 and Eighth Amendment if those -- and the  
21 Fourteenth Amendment if all the mitigation  
22 which the -- there is evidence to sustain and  
23 which is sought and in the instruction is not  
24 directed. And that would take care of -- in  
25 D-5A at page two, that would take care of B, C  
26 and E, which we are asking to be instructed in.

27 Paragraph D, which is required by the  
28 Mississippi Supreme Court in the case of  
29 Rubenstein vs. State where Mr. Rubenstein had

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1        been sentenced to death without an instruction  
2        explaining that life without parole means life  
3        without parole, without release. And although  
4        his conviction was upheld and the -- if you  
5        read the final Rubenstein decision, it's an  
6        affirmed decision, but the sentence was vacated  
7        and sent back because of the failure to give  
8        this instruction D. And, in fact, it -- he was  
9        ultimately sentenced to death. I believe the  
10       State elected not to proceed.

11       F and G are -- F is a very specific  
12       listing of the standards set by Tennard vs.  
13       Dretke by the United States Supreme Court of  
14       the very broad scope of mitigating  
15       circumstances which the Court can -- which the  
16       jury is entitled to consider is the virt- -- as  
17       I believe the term in Tennard vs. Dretke is the  
18       virtually unlimited circumstances. That's the  
19       Court saying what they are.

20       This is -- F is a summary in somewhat less  
21       forward and less specific terms of what Tennard  
22       vs. Dretke says is mitigation and that  
23       Abdul-Kabir says we are entitled to have the  
24       jury instructed on it.

25       G is a paraphrase of the Mississippi  
26       statute catch-all, and I think it's a fair  
27       paraphrase. There's nothing that requires an  
28       instruction to craft statutory language. And I  
29       believe that in the interest of clarity, this

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       paraphrase does not add to or subtract anything  
2       from the statutory language, that it is meant  
3       to instruct about and is simply a clear  
4       rendition of that. We do have other aspects  
5       such as a reasonable doubt and other  
6       instructions which I have because there is not  
7       such clear law. I have not asked to be  
8       included in whatever -- I call this the omnibus  
9       instruction, with respect to aggravation and  
10      mitigation --

11       **BY THE COURT:** And now let the State  
12      respond to --

13       **BY MRS. STEINER:** -- that we'll take up  
14      later, Your Honor.

15       **BY MR. EVANS:** Your Honor, we'll withdraw  
16      our objection to D. I don't -- I'm not  
17      familiar with Rubenstein. And I'm not -- but  
18      as far as that, I don't really have a problem  
19      with that. As far as catch-all, I think  
20      there's only one catch-all appropriate. You  
21      can't just continue to give repetitive  
22      instructions. And, you know, I think the  
23      state-approved catch-all that's in the statute  
24      covers it.

25       **BY THE COURT:** What is number five on  
26      S-1A? I mean, why is --

27       **BY MRS. STEINER:** On 1A, paragraph five  
28      fails to specify the -- and give the jury  
29      guidance that the aspects of the Defendant's

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 record that Tennard vs. Dretke specifically  
2 itemizes: Background, life, environment,  
3 emotional make up and that can include a  
4 psychological make up. And -- and that  
5 Tennard, I think goes -- even as a  
6 constitutional matter, permits consideration of  
7 and requires, if sought, instruction concerning  
8 more specific things than the general any other  
9 matter, any other aspect of the Defendant's  
10 character record.

11 **BY THE COURT:** And I've got a question. I  
12 mean, in a previous trial, these two things  
13 that y'all are now objecting to were contained  
14 in the instructions and that were submitted by  
15 you. So I'm kind of confused now about why  
16 they wouldn't be appropriate when they were in  
17 the last case.

18 **BY MR. EVANS:** I think we objected to them  
19 in the last case, Your Honor.

20 **BY THE COURT:** Well, I think I'm going to  
21 put them back in. So y'all -- and so somebody  
22 can retype your S-1A, 1B, 2B on the -- 1-A, B,  
23 C and D. And add those two factors and then  
24 put in factor D which you did not object to.

25 **BY MR. EVANS:** Yes, sir.

26 **BY MRS. STEINER:** Your Honor, are you  
27 ruling that B and C and E will or will not be  
28 included?

29 **BY THE COURT:** Well, they don't object to

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 those.

2 **BY MRS. STEINER:** Oh, I thought they --

3 **BY MR. HILL:** There's only one thing I  
4 think I'd like to get the Court's specific  
5 direction on, and that is the state catch-all  
6 as -- or a version of it, is their letter G,  
7 not the same exact words in G as, "Any other  
8 circumstance or combination of circumstances."  
9 That's not exactly what the state statute says,  
10 and I think that we should follow the state  
11 statute when we type paragraph G or our number  
12 five, you know, our statutory catch-all.

13 **BY THE COURT:** Again, that's the exact  
14 language from the previous trial, and I  
15 don't -- I mean, it doesn't have to be  
16 verbatim.

17 **BY MR. HILL:** If the Defendant requests it  
18 and waives any --

19 **BY THE COURT:** It does not have to be  
20 verbatim what the statute says, but it is  
21 clearly a representation of what the statute  
22 says. And so if y'all will....

23 I'm going to take up SS-2.

24 **BY MRS. STEINER:** No objection.

25 **BY THE COURT:** I think SS-3 needs to be  
26 amended to say sentence instructions 1A, 2A, 3A  
27 and 4A because --

28 **BY MR. HILL:** 1A, 2A -- what are those  
29 again?

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY THE COURT:** Or actually I --

2           **BY MR. HILL:** This sentencing instruction?

3           **BY THE COURT:** Well, I guess when I  
4 renumber them probably 1A will be number 1, 2A  
5 will be -- I mean, 1B will be Instruction 2, so  
6 I need to just say Sentence Instructions 1,2, 3  
7 and 4.

8           **BY MR. HILL:** Got it. You want that to  
9 read --

10          **BY THE COURT:** Because, you know, when I  
11 renumber them at the very top of each page,  
12 it's going to be they're numbered in numerical  
13 order from one to however many we end up with.

14          **BY MRS. STEINER:** Your Honor, I think that  
15 to some extent this is also inconsistent with  
16 the proposed verdict form. If you reach a  
17 verdict as to sentence and then a verdict form  
18 is proposed, unable to agree unanimously if the  
19 -- one or the other has to be altered.

20          **BY THE COURT:** Okay. Explain.

21          **BY MRS. STEINER:** Well, this says, "If you  
22 unanimously reach a verdict as to sentence, the  
23 foreman shall cause the verdict to be written  
24 on the form and manner prescribed in Sentencing  
25 Instruction I. And the foreman shall  
26 thereafter affix his or her signature to the  
27 verdict." That's fine, except for that it  
28 doesn't tell them what to do if they are unable  
29 to agree unanimously on punishment. The

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 verdict form the State approves -- the State  
2 has proposed and which, subject only to our  
3 continuing objection to even having them  
4 consider the death penalty and any other  
5 objections that may be made in the course of  
6 our presentation of other jury instructions, we  
7 do not find objectionable --

8 **BY THE COURT:** So what basically you're  
9 saying it needs also, "If you are unable to  
10 unanimously reach a verdict as to sentence,  
11 write that in the form prescribed?"

12 **BY MRS. STEINER:** Well, I think it --

13 **BY MR. HILL:** Wouldn't it be simpler, Your  
14 Honor, if we just said that, "The foreman shall  
15 cause the verdict to be written in the form  
16 prescribed in the verdict form" -- which  
17 there's only one verdict form in all the  
18 instructions -- "the matter prescribed in the  
19 verdict form."

20 **BY MRS. STEINER:** But, again, this --  
21 the -- this begins with "If you unanimously  
22 reach a verdict as to sentence" and the verdict  
23 form has two options for unanimous verdicts and  
24 one option for nonunanimous. And I just -- I  
25 think this sentence -- actually, I think that  
26 this instruction is --

27 **BY MR. HILL:** We don't have to -- if they  
28 don't want it, we can withdraw it.

29 **BY MRS. STEINER:** I mean, I think that

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           that whole second section is -- I think they do  
2           have to be instructed to select a foreperson or  
3           foreman, and it probably should track the  
4           original language in the -- at the guilt phase  
5           so that -- I think the one that His Honor gave  
6           at the guilt phase where you can select it, you  
7           know, he or she.

8           **BY THE COURT:** Well, I can just get  
9           Patrick --

10          **BY MRS. STEINER:** But I think this one  
11          should either be withdrawn or refused.

12          **BY THE COURT:** We'll just get the --  
13          Patrick.

14                       (Off Record.)

15          **BY THE COURT:** I'm just going to give that  
16          one that I gave, so I'll just mark SS-3  
17          withdrawn, and I'll -- I'll just have that  
18          one -- I'll give that one again that I have  
19          gave at the -- at the guilt phase.

20          **BY MRS. STEINER:** And I think just a  
21          general -- it shall be in the form -- in the  
22          verdict form I will provide you rather than  
23          very specific. But we can -- but when the  
24          language is here we can discuss it.

25          **BY THE COURT:** I'm -- I think I'll just go  
26          back there in a couple of minutes and type what  
27          I think needs to be said and I think you with  
28          can both agree to it. SS-4.

29          **BY MRS. STEINER:** We have no objection to

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 SS-4. We do propose jury instructions and  
2 Defendant's instructions that we think are  
3 clearer and elaborate more fully on the subject  
4 matter.

5 **BY THE COURT:** We'll take those up when we  
6 --

7 **BY MRS. STEINER:** And we have no objection  
8 subject to supplementation which we propose  
9 should be given.

10 **BY THE COURT:** Okay. SS-4 is given.

11 **BY MRS. STEINER:** SS-5. Assuming however  
12 many that the Court grants, subject to the  
13 supplementation we proposed in our jury  
14 instructions, we have no objections.

15 **BY THE COURT:** SS-5 will be given.

16 **BY MRS. STEINER:** Forgive me. I -- let me  
17 step back. You must first -- I think the word  
18 between first and find -- unanimously find or  
19 find unanimously.

20 **BY MR. HILL:** There is a -- unanimously is  
21 given in S-1.

22 **BY MRS. STEINER:** But I think this would  
23 be confusing if it is not also here.

24 **BY THE COURT:** So I will just insert on  
25 the next to the last line, "You must first  
26 unanimously find."

27 **BY MRS. STEINER:** Yes, Your Honor, that --  
28 if that were inserted, subject only to the  
29 supplementation we would propose in our other

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 instructions, we have no objection.

2 BY THE COURT: And then SS-6.

3 BY MRS. STEINER: Oh, I'm sorry, Your  
4 Honor. No objection.

5 BY THE COURT: SS-6, I think you got a  
6 similar one to that.

7 BY MRS. STEINER: No objection, Your  
8 Honor.

9 BY THE COURT: And now I'm going to take a  
10 five-minute recess, and I think I will very  
11 quickly have an instruction about the form.

12 (FOLLOWING A BRIEF RECESS, PROCEEDINGS  
13 PROCEEDED IN OPEN COURT OUTSIDE THE  
14 HEARING AND PRESENCE OF THE JURY, TO-WIT:)

15 BY THE COURT: Okay. I just had handed to  
16 me CS-1, and see if y'all can agree on that.

17 BY MR. EVANS: State agrees.

18 BY MRS. STEINER: Defendant agrees.

19 BY THE COURT: And I have now received the  
20 copies of the State's sentencing instructions  
21 that include the language that I wanted in  
22 S-1A -- SS-1A, SS-1B, 1C and 1D. And have  
23 y'all had a chance to look?

24 BY MRS. STEINER: I have, Your Honor. We  
25 have proposed by way of D-5 A through D,  
26 alternative and language to -- with respect to  
27 all of the, you know, preliminaries on all  
28 sections of this which we would find  
29 preferable. However, on the substance, we have

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 reviewed the mitigating circumstances  
2 instructed and find that it now contains  
3 mitigating circumstances that we requested  
4 instruction on pursuant to Your Honor's order.

5 We do object to, in subparagraph B on  
6 aggravat- -- I believe there is a typographical  
7 error in paragraph B. It says, "You must still  
8 find the mitigating circumstances" -- oh, I'm  
9 sorry -- "do not outweigh the aggravating  
10 circumstances." I'm sorry. Never mind. I  
11 thought they reversed that.

12 Anyway, on page two, we would object to  
13 aggravating circumstance number two on the  
14 basis of our pretrial motion that it  
15 effectively is a restatement of the  
16 capitalizing factor that made this capital  
17 murder in the first place, and for the reasons  
18 stated in our pretrial motion to not have  
19 duplicative aggravators of the -- of the  
20 capitalizing circumstances.

21 We believe that that violates the Eighth,  
22 Sixth and Fourteenth Amendment of the United  
23 States Constitutions as interpreted by the  
24 Supreme Court of the United States. The  
25 Mississippi Supreme Court has thus far not  
26 agreed with my position in this; I'll represent  
27 that to Your Honor.

28 **BY THE COURT:** At this point, I'm sworn to  
29 uphold the laws of the State of Mississippi,

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 and I'm following the decision of the Supreme  
2 Court vigorously on everything I do, and I'm  
3 going to add 1 -- SS-1A, SS-1B, SS-1C and  
4 SS-1D --

5 **BY MRS. STEINER:** Your Honor, I had some  
6 other objections to the aggravators.

7 **BY THE COURT:** What would they be?

8 **BY MRS. STEINER:** I don't believe that one  
9 is warranted by the facts, the Defendant  
10 created a great risk of death to each of the  
11 people which he killed, which was four persons.  
12 But, again, that is what these crimes of  
13 conviction are. There is nothing to indicate  
14 that persons other than those actually killed  
15 were either present or available, so I don't  
16 believe the facts warrant one.

17 Paragraph three, I don't believe that  
18 there's any evidence whatsoever introduced that  
19 the capital offense was committed other than  
20 for the purpose of effectuating the robbery,  
21 which is what made it a capital offense in the  
22 first place. So we would object to number  
23 three on that ground.

24 **BY MR. EVANS:** To number three or to  
25 number one?

26 **BY MRS. STEINER:** I'm objecting to number  
27 one and number three. I'd interpose both  
28 objections.

29 **BY MR. EVANS:** Your Honor, as far as No.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       1, the law is clear in Mississippi that the --  
2       creating a great risk of death to many people  
3       or persons is appropriate. Jackson v. State,  
4       684 So. 2nd 1213 and Wheeler v. State, 536 So.  
5       2nd 1341 both state that use of that as an  
6       aggravator is appropriate where there are  
7       multiple victims.

8               Also, Porter v. State, 732 So. 2nd 899  
9       clearly states that there must be evidence that  
10      the Defendant knew that he was creating danger  
11      to several persons. And I think that's very  
12      clear. Not only did he know he was doing it;  
13      he did, in fact, kill four people.

14             And as far as three, the avoiding  
15      apprehension or arrest, the fact that he killed  
16      all the possible witnesses by himself is ample  
17      evidence to support that aggravator.

18             **BY THE COURT:** I think both of those, one  
19      and three, are appropriate aggravators and  
20      supported by the case law. And, you know,  
21      there has been some issue about how somebody  
22      killed four people at one time. And I think a  
23      reasonable inference would be that they were  
24      killed one at a time as they were coming in the  
25      store.

26             Certainly the evidence was that Ms. Rigby  
27      had been at the post office and had just -- I  
28      mean, at the bank and still had her keys and  
29      her purse with her, so I think the sentence

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       could be something the jury could find that she  
2       was killed because she hadn't come into the  
3       store as he was committing the crimes against  
4       the others. So I think there's plenty of  
5       evidence to support aggravators one and three.

6               So I'm going to give those aggravators and  
7       will grant the instructions.

8               **BY MRS. STEINER:** Thank you, Your Honor.  
9       The Defendant has proposed several instructions  
10      and supplementations to these, which I believe  
11      both the State and the Court have before them.  
12      Whenever you're ready to proceed, I'll be happy  
13      to begin with D-1. Can I approach and show you  
14      what the page looks like or do you have the  
15      originals that have been filed with the clerk,  
16      Your Honor?

17              **BY THE COURT:** Well, why don't you give me  
18      the originals then because those are the --  
19      actually the ones that I'll be taking up. What  
20      I had was original copies so I'll just look at  
21      the originals.

22              **BY MRS. STEINER:** I'm afraid the copy  
23      machine was misbehaving this morning, Your  
24      Honor, and some may have gotten eaten.

25              **BY THE COURT:** Of course, D-1 is a  
26      peremptory instruction, and I'll refuse D-1.

27              **BY MRS. STEINER:** D-2, Your Honor, again,  
28      especially in light of decisions of the United  
29      States Supreme Court in Abdul-Kabir and Smith

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1        v. Texas, I believe that it is appropriate to  
2        have this kind of specific focusing  
3        instruction, and we are proposing it under the  
4        authority of Boyd as cited, and also under the  
5        Court's obligations identified in Abdul-Kabir,  
6        Smith to adequately instruct on mitigation.

7                And very frankly, Your Honor, I would also  
8        move for this instruction because I think at  
9        the end of the day yesterday, people were  
10       tired. The jury was impatient. And the jury  
11       was, over our objection, allowed to decide  
12       on -- seemed to take control over the timing.

13               **BY THE COURT:** Well, the Court reversed  
14       that, and I allowed the jury to go home and  
15       granted your motion to continue today.

16               **BY MRS. STEINER:** Thank you. But I'm  
17       saying I think that this sort of refocusing the  
18       jury to the seriousness of their task and an  
19       explanation by the Court that it is instructing  
20       them as particularly indicated here.

21               When you sent them home, you did tell them  
22       that -- that it was an important and  
23       deliberative process that they needed to be  
24       fresh to take seriously. But I think this is  
25       necessary to undo at least some of the harm  
26       that was caused by failing -- by failing to  
27       grant our objections to the --

28               **BY THE COURT:** I don't see any harm. But  
29       I think D-2 is an appropriate instruction to

1 grant.

2 BY MRS. STEINER: Thank you, Your Honor.

3 BY MR. HILL: Your Honor, before we  
4 finalize on that, we are having trouble finding  
5 our copy of D-2.

6 BY MR. EVANS: We've got the sentencing,  
7 and then our next one is D-6.

8 BY THE COURT: This starts off by, "I  
9 instructed you on the specific matters  
10 regarding this case. I'll instruct you on the  
11 general principles that will govern your  
12 deliberations during this phase and explain  
13 your duties. I must refer to matters you may  
14 need to reach --

15 BY MR. EVANS: All right. And that -- was  
16 the Court giving that one or refusing it?

17 BY THE COURT: I think it's an appropriate  
18 instruction.

19 BY MR. EVANS: What's the -- is the next  
20 one D-6?

21 BY MRS. STEINER: No. The next is D-3.

22 BY MR. EVANS: I don't have it either. I  
23 don't have 3. If I do, they're not numbered.

24 BY MRS. STEINER: We gave the original to  
25 Mr. Blackmon to copy.

26 BY MR. EVANS: I've got a 5A, a one-page.  
27 All I'm saying is I need to get a copy of those  
28 if there's some I don't have. Wait a minute,  
29 this may be it. There is two right there. We

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 did find it. Let's see if there is a 3 in  
2 there.

3 Okay. All right. Here's 3.

4 **BY THE COURT:** It seems to me D-3 is  
5 pretty repetitive to D-2.

6 **BY MRS. STEINER:** Your Honor, I would  
7 modify what I'm tendering. I would delete all  
8 the proposed language in D-3. I agree it is  
9 redundant of D-2. However, the last sentence,  
10 punishment by death, last three -- that --  
11 where it begins on the third line before the  
12 end. "Punishment by death is a unique  
13 punishment. It is final. It is irrevocable.  
14 You must render a decision based on the  
15 evidence free from anger and prejudice."

16 I think I am entitled to a specific  
17 instruction to that effect. I agree that the  
18 entire first sentence/paragraph and the  
19 contents of the introduction to that second  
20 paragraph are redundant of 2, and we would  
21 strike that and request that the language  
22 that's in D-3, "Punishment by death is a unique  
23 punishment. It is final. It is irrevocable.  
24 You must render a decision based on the  
25 evidence free from anger and prejudice" be  
26 given as a separate instruction.

27 **BY MR. EVANS:** We would object to that,  
28 Your Honor. I just don't think it's  
29 appropriate.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY THE COURT:** I think it's appropriate to  
2 tell the jury that they can't base their  
3 decision on anger and, you know, it's got to be  
4 based on those -- so I'm going to basically --

5           **BY MR. EVANS:** Your Honor, that part I  
6 don't object to. The part about trying to tell  
7 the jury that it's irrevocable I don't think is  
8 appropriate.

9           **BY THE COURT:** I'll strike everything  
10 except "Punishment by death is a unique  
11 punishment. You must render a decision based  
12 on evidence free from anger and prejudice."

13           **BY MR. EVANS:** All right.

14           **BY THE COURT:** I'll take a magic marker  
15 and mark through everything else.

16           **BY MRS. STEINER:** Thank you, Your Honor.

17           **BY THE COURT:** I'm going to give D-3 as  
18 it's been amended.

19           I'll take up D-4 now.

20           **BY MRS. STEINER:** Yes, Your Honor. I  
21 believe that this is simply a mirror of what --  
22 anytime the jury is required to reach a  
23 conclusion unanimously, beyond a reasonable  
24 doubt, this is the presumption. But it's  
25 statutory here. It's -- the effective  
26 presumption of innocence with respect to  
27 aggravating factors. I think it's parallel to  
28 the same reason you gave that about he stands  
29 innocent and that -- the presumption of

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 innocence. And this presumption of lack of  
2 aggravation until they have, through the  
3 evidence, determined unanimously, beyond a  
4 reasonable doubt, that death is the only  
5 appropriate sentence.

6 **BY MR. EVANS:** We object. That is  
7 completely inappropriate. Edwards v. State,  
8 737 So. 2d 275 and Davis v. State, 660 So. 2nd  
9 1228 both say that the Defendant is not  
10 entitled to a separate sentencing instruction  
11 stating that the sentencing jury is to presume  
12 no aggravating circumstance exists at the  
13 beginning of the sentencing phase.

14 **BY THE COURT:** I'll refuse D-4, and I'll  
15 say that SS-5 and SS-1A, B, C and D have  
16 already instructed the jury.

17 **BY MRS. STEINER:** Your Honor, the next  
18 four mentions D-5A, D-5B, D-5C and D-5D are, as  
19 I referred to earlier, the proposed  
20 sentencing -- I call them the catch-all or  
21 omnibus sentencing instruction that we would --  
22 we believe better states the law than S-1. I  
23 believe you've already rendered S-1.

24 Let me also say that we had previously  
25 preserved our objection to the char- -- the  
26 Edmond factors, the four factors the Defend- --  
27 that Defendant had actually intended that the  
28 killings take place and the Defendant  
29 contemplated that lethal force would be

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 employed. By having included this in what we  
2 tendered, we do not waive the  
3 previously-ruled-on objection because that is  
4 not a constitutionally sufficient --

5 **BY THE COURT:** Well, I --

6 **BY MRS. STEINER:** -- to the previous  
7 rulings -- our objection to the previous  
8 rulings that this is a constitutionally  
9 sufficient instruction on the Edmond v. Florida  
10 factor. But apart from that, we would prefer  
11 this that we -- we had left spaces for the  
12 aggravating factors, circumstances that the  
13 State -- that have been granted to the State,  
14 but we would prefer this in lieu of S-1.

15 **BY THE COURT:** All right. Since the  
16 Court's already granted SS-1A, B, C and D, I  
17 think those were appropriate instructions. I  
18 think, based on those instructions, the jury  
19 will and has been properly instructed. So  
20 those four is S- -- S5 and 6A -- I mean 5A, 5B,  
21 5C and 5D are refused.

22 **BY MRS. STEINER:** Thank you, Your Honor.

23 D-6 -- I believe you've already granted  
24 S-5, and this is redundant of that. We'll  
25 withdraw that.

26 I didn't have the State's instructions  
27 before I moved on that -- produced that.

28 D-7, I believe we are entitled in -- to  
29 have it explained to the jury that the mere

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 conviction is not an aggravating circumstance,  
2 particularly in light of the fact that some of  
3 the aggravating circumstances -- this one of  
4 them is redundant in many fashions with the  
5 elements of the underlying offense. And I  
6 would note that our authority was actually  
7 given in the 16th Judicial District in State v.  
8 Kentese Hodges. And, Your Honor, that case has  
9 heretofore withstood appellate review with  
10 respect to the jury instructions.

11 **BY THE COURT:** Any objection to D-7?

12 **BY MR. EVANS:** Yes, Your Honor. I think  
13 that the instructions are already given telling  
14 them the only aggravating circumstances they  
15 can consider, and I think for the Court to try  
16 to just state what they can't consider would be  
17 inappropriate. They've already been given the  
18 instruction of what they have to consider, so  
19 it would not only be repetitive but I think it  
20 would be confusing because it tries to start  
21 setting out what they can't consider.

22 **BY THE COURT:** I actually agree with the  
23 State on this. They've already been told in  
24 S-1A, 1B, 1C and 1D what the aggravating  
25 factors are, and I don't think we can go  
26 through a laundry list of things that aren't  
27 aggravators and instruct them on all of those.  
28 I think they've already been properly  
29 instructed.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY MRS. STEINER:** Thank you, Your Honor.

2           D-8, I agree that the last sentence of D-8  
3           is redundant of instructions previously granted  
4           but I would like to -- plurals also -- I would  
5           like the first two sentences given. I believe  
6           that, again, to make it clear that the Court is  
7           not instructing that they do exist. It's a  
8           complex omnibus instruction. I think this  
9           clarifies the Court's intent in giving.

10          **BY MR. EVANS:** I don't think there is any  
11          confusion. The Court has already told them in  
12          other instructions that they must unanimously  
13          find those. That instruction clearly tells  
14          them what they must do. And if none of those  
15          exist, the death penalty may not be imposed.

16          **BY THE COURT:** I'm going to refuse D-8 as  
17          being repetitive as they have already been  
18          instructed.

19          **BY MRS. STEINER:** Thank you, Your Honor.

20          D-9, for the same reason, I think that  
21          telling them after a long -- that they will  
22          have heard four times, a complex instruction,  
23          simply having this sentence read, "The  
24          improbabilities are not sufficient to warrant a  
25          finding of an aggravating circumstance, is  
26          warranted to be granted for the -- on the basis  
27          of the authority cited."

28          **BY THE COURT:** Response?

29          **BY MR. HILL:** It's repetitive.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY THE COURT:** It's repetitive. I agree.

2

3           **BY MR. HILL:** Repetitive as they've  
4 already been told what they've got to find and  
5 how to find it.

6           **BY THE COURT:** In each of the four  
7 separate instructions, SS-1A, B, C and D, all  
8 tell them the same thing so they will have  
9 heard me read it four different times. So I'm  
10 going to refuse D-9.

11           **BY MRS. STEINER:** D-10, Your Honor, I  
12 think is required by the Constitution. And if  
13 I missed this in the omnibus instruction or one  
14 of the Court's instructions, I believe that  
15 this is -- contains the standard, you know, the  
16 instruction with respect to deliberation and  
17 forcing the change on the aggravating  
18 circumstances.

19           **BY MR. EVANS:** And, again, it is four  
20 different times they are told that you must  
21 unanimously find beyond a reasonable doubt that  
22 one or more of the preceding aggravating  
23 circumstances exist to return a death penalty.  
24 If none of these aggravating circumstances are  
25 found to exist, the death penalty may not be  
26 imposed.

27           **BY MRS. STEINER:** Your Honor, actually let  
28 me withdraw that one in favor of D-11. They  
29 are redundant of each other, and I prefer to

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 have the Court consider D-11; it is more  
2 complete. The facts and that -- fully and  
3 general deliberate but don't be forced to  
4 change your mind language that was given in the  
5 guilt phase.

6 **BY MR. EVANS:** In addition to being  
7 repetitive, it is an attempt to define  
8 reasonable doubt, which is inappropriate.

9 **BY MRS. STEINER:** It is stating that all  
10 reasonable doubt must be removed. It is not to  
11 try and redefine that.

12 **BY THE COURT:** I'm satisfied in S-1A, B, C  
13 and D series of instructions they've already  
14 been told that they have to unanimously find  
15 the aggravating factors exist. They have to  
16 find that beyond a reasonable doubt. They've  
17 been instructed on it so D-11 will be refused.

18 **BY MR. EVANS:** I've never seen a  
19 circumstantial evidence instruction for a  
20 sentencing phase. We would object to D-12 as  
21 being improper. I don't know that there is any  
22 such thing as a circumstantial evidence  
23 instruction for the sentencing phase.

24 **BY MRS. STEINER:** Your Honor, the  
25 aggravating circumstances have to be proved  
26 beyond a reasonable doubt in this instance, so  
27 it was completely circumstantial with respect  
28 to -- at least to one and three. Two is the  
29 same as the crime and I suppose Odell Hallmon's

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 testimony takes that out of the circumstantial  
2 realm, but I believe aggravators one and three  
3 are ac- -- Your Honor, articulated in saying  
4 why you felt they were warranted, you infer  
5 from a set of circumstances. Very frankly, I  
6 think the timing in the guilt phase of when  
7 actually Ms. Rigby was seen entering in the  
8 store may suggest an alternative time and such.

9 But in any event, I think both the danger  
10 to many people and the -- and the escape from  
11 pecuniary gain was done -- I mean, the  
12 escape -- the murder for escape by killing all  
13 the witnesses is circumstantial here. There  
14 was no testimony as to motive or escape, no  
15 direct evidence. Mr. Hallmon did not testify  
16 about his motivations in doing this, simply  
17 that he admitted to killing them.

18 **BY THE COURT:** Response?

19 **BY MR. EVANS:** It's just inappropriate.  
20 It is not -- there is no such thing as a  
21 circumstantial case on sentencing that I'm  
22 aware of. And in this case, there is plenty of  
23 direct proof of all of the elements.

24 **BY THE COURT:** I'm -- I've never seen a  
25 circumstantial evidence instruction on a  
26 sentencing phase. I do not think it's  
27 appropriate, and it's refused.

28 **BY MRS. STEINER:** Your Honor, D-13 is not  
29 redundant of the prior instructions. It

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 specifically states that the remedy for failing  
2 to agree unanimously is to cease deliberations,  
3 which I believe is what the law is. If they  
4 cannot find an aggravating circumstance  
5 unanimously, they then have no basis to further  
6 deliberate sentence. I think this states the  
7 law, the Mississippi law. I also think that  
8 the Ring v. Arizona line of cases requires this  
9 instruction.

10 **BY MR. EVANS:** I don't think it's anywhere  
11 close to the law. I think the Court has  
12 properly instructed the jury on their duties as  
13 far as attempting to discuss the case among  
14 themselves, and this is confusing and  
15 inappropriate.

16 **BY THE COURT:** Well, they've already been  
17 instructed they unanimously must find beyond a  
18 reasonable doubt one of these aggravating  
19 factors, and so I think D-13 is redundant.  
20 It's already been given in other instructions.

21 **BY MRS. STEINER:** Your Honor, D-14 -- D-14  
22 I think is further explanatory of SS-6 and  
23 SS-1A.

24 **BY MR. EVANS:** It is.

25 **BY MRS. STEINER:** I -- I won't withdraw  
26 it. I do not say that there's not some  
27 overlap, but I would like a ruling on it. I  
28 think it goes further than those and includes  
29 essential matters required by Abdul-Kabir and

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1        Smith and Tennard v. Dretke.

2                **BY MR. EVANS:** It is repetitive and has  
3 already been covered.

4                **BY THE COURT:** I'm refusing it for  
5 those -- I agree. And I think again defense  
6 counsel is --

7                **BY MRS. STEINER:** I'm sorry. I didn't  
8 hear you.

9                **BY THE COURT:** I said I think to some  
10 extent you prefaced the submission of it by  
11 admitting that part of it was already there.

12                **BY MRS. STEINER:** I'm reviewing D-15 to  
13 see. I'll withdraw D-15 in light of the prior  
14 instructions.

15                Let me come back. This was actually  
16 granted in a Hinds County case but -- well, but  
17 we don't know what the other instructions were  
18 so I'll withdraw that.

19                We'll withdraw D-16. I believe that the  
20 Court's rulings on the mitigating factors in  
21 SS-1 covers this.

22                **BY MR. EVANS:** Are you withdrawing 16?

23                **BY MRS. STEINER:** I am withdrawing 16,  
24 although I would state that the cases cited,  
25 Abdul-Kabir and Tennard v. Dretke, as well as  
26 others, are cited in support of this  
27 instruction and really basically on any others  
28 that have argued with respect to mitigation.

29                D-17 is not redundant; it simply again

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       instructs the jury in that void to understand  
2       what isn't an aggravating circumstance,  
3       including a lack of mitigating circumstances.

4               **BY MR. EVANS:** And, again, I think it  
5       would be inappropriate for the Court to try to  
6       list and explain to the jury what is not  
7       aggravators. It would be an -- no way that  
8       that Court could do that in a complete list,  
9       and they have already been instructed to the  
10      only things that can be aggravating factors.

11              **BY THE COURT:** I'm going to refuse D-17,  
12      because they have been advised and instructed  
13      on what are aggravators. You know, if they  
14      don't find one of those aggravators, then it  
15      stops. There can't be the fact that there's  
16      not a mitigator as an aggravating factor.

17              **BY MRS. STEINER:** D-18, and it may be by  
18      the time the copies got to the Court, that's  
19      very faint on the bottom. It's the one that  
20      begins, "Before you may consider imposing."

21              **BY THE COURT:** It's fine. It's dark for  
22      me.

23              **BY MRS. STEINER:** I believe that the --  
24      this gives -- takes away some of the confusion  
25      of brevity in S-1A if I, a lawyer that's been  
26      practicing death penalty law exclusively for  
27      the past five years actually was misreading  
28      some of this language I'm weighing, I think  
29      this jury need needs further and clearer

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       elaboration on what the weighing process is and  
2       I think this instruction gives it and we  
3       request it.

4               **BY MR. EVANS:** This is a completely  
5       inappropriate and untrue statement of law. The  
6       law is clear that the mitigating -- if the  
7       mitigating circumstances do not outweigh the  
8       aggravating circumstances, and this is trying  
9       to put it in the reverse.

10              **BY THE COURT:** I agree. That's totally  
11       opposite from what the statute reads and the  
12       law says.

13              **BY MRS. STEINER:** I think that the United  
14       States Supreme Court decision in Marsh v. Texas  
15       says -- makes it unconstitutional to  
16       essentially put the burden on the Defendant to  
17       prove mitigating circumstances outweigh, I  
18       believe, a Mississippi statute to the extent  
19       that it is construed in these instructions as  
20       doing that. It does violate Marsh v. Kansas,  
21       which dealt with an equipoise situation that  
22       presumed that the issue was equipoise as  
23       opposed to aggravators outweighing, and  
24       therefore to the extent the Court's is  
25       construing the Mississippi statute to refuse  
26       this instruction, we would object. We would  
27       object to that instruction.

28              **BY THE COURT:** The statute as it's existed  
29       has been held constitutional, I guess, every

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 time the death sentence is challenged but the  
2 statue of Mississippi is what it is right now,  
3 and based on the current law, I can't speculate  
4 as to what somebody might say about the law at  
5 some point in the future. But right now, D-18  
6 is an inappropriate statement of the law.

7 **BY MRS. STEINER:** D-19, again, I believe  
8 it's necessary. This does not tell them how --  
9 how they -- how it is relative to aggravation  
10 but it does clear up some of the confusion in  
11 S-1A through D regarding what are they weighing  
12 within the mitigating situation.

13 **BY MR. EVANS:** And I think as far as the  
14 appropriate parts of this they have already  
15 been given. Part of this seems to be some  
16 attempt to try to explain to the jury how they  
17 are to weigh the mitigators, and I don't think  
18 that would be appropriate. But it's repetitive  
19 as far as the -- what is appropriate in telling  
20 them that it's not a mere counting process.

21 **BY THE COURT:** They have already been  
22 instructed on how to look at mitigating and  
23 aggravating, so D-19 is refused.

24 **BY MRS. STEINER:** Your Honor, on D-20, I  
25 agree that the first sentence is redundant as  
26 to prior instruction. We would ask that the  
27 second paragraph, "You are allowed to give full  
28 consideration and full effect to the mitigating  
29 circumstances. Please be sure that your

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 sentencing decision is reliable and that you  
2 treat Mr. Flowers as a uniquely individual  
3 human being in arriving at your sentencing  
4 decision.

5 I believe that's what the Tennard v.  
6 Dretke line of cases ominating most recently in  
7 Abdul-Kabir and State v. Texas, that's what  
8 they say. I think the Defendant is entitled  
9 under the Sixth, Eighth and Fourteenth  
10 Amendment to have this instruction granted.

11 **BY MR. EVANS:** I think it's completely  
12 inappropriate for the Court to tell the jury to  
13 be sure that what they do is reliable. I think  
14 the Court has already properly instructed the  
15 jury on what -- how to proceed.

16 **BY THE COURT:** They've been instructed and  
17 also it says something about treating  
18 Mr. Flowers as an unique individual. Well,  
19 we've laid out all these mitigating factors  
20 that in and of themselves are unique to  
21 Mr. Flowers. So I think we've already, you  
22 know, told them that they have to consider  
23 things unique to him, because nobody else  
24 has -- I mean, I can't say nobody ever has but  
25 certainly all these mitigators are strictly  
26 unique as to him as was all the testimony put  
27 on in mitigation about him. So I don't think  
28 D-20 is appropriate, and it's refused.

29 **BY MRS. STEINER:** Thank you. Your Honor,

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 D-21 has to do with distinguishing victim  
2 impact evidence. There are no specific  
3 instructions heretofore on victim impact  
4 evidence. May I have a moment to review D-21,  
5 22, 23, 24, 25 and see if I can withdraw some,  
6 I guess through 26? If I may have a minute or  
7 two just to look through those and see if we  
8 want to offer them.

9 **BY THE COURT:** Yes, ma'am.

10 **BY MRS. STEINER:** In that sequence, let me  
11 withdraw D-23 -- I would withdraw D-22. And  
12 then I'd -- D-26 and D-27 appear to be entirely  
13 redundant of each other so I will withdraw  
14 D-27. I would tender D-21. I believe there is  
15 as of yet no explanation to the jury about  
16 victim impact evidence and what it is, and this  
17 is something that they have a very specific --  
18 they do need to know what it is and isn't. And  
19 D-21, I think, does that and further ties up  
20 their absence of emotionality to particularly  
21 the victim impact testimony.

22 **BY MR. EVANS:** As to 21, it's another  
23 attempt to try to spell out what are not  
24 aggravators. The Court has already said what  
25 the aggravators are. And as for the last part  
26 of it, victim impact is limited to a rational  
27 inquiry as to the culpability of the Defendant?  
28 Culpability was decided in the first phase.  
29 This is not appropriate.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY MRS. STEINER:** Well, as to the moral  
2 culpability, just finding death penalty as  
3 opposed to a sentence of life without parole.

4           **BY MR. EVANS:** That's not appropriate. I  
5 don't think D-21 is appropriate, Your Honor.

6           **BY THE COURT:** I -- again, they have been  
7 told what are aggravating factors. Victim  
8 impact is not listed among those, and so I'm  
9 going to refuse D-21.

10           **BY MRS. STEINER:** Well, I -- then I do  
11 tender D-24. It does not introduce that  
12 confusion. It does allude to the fact of  
13 victim impact evidence. The Court, during voir  
14 dire, had specifically talked about it in these  
15 terms, and I think the members of the jury,  
16 that they separate that emotionality  
17 specifically from the victim impact testimony  
18 is required, not only by the cases cited but  
19 D-25, Branch v. State. If this D-24 were  
20 granted, I would withdraw D-25.

21           **BY MR. EVANS:** We object to 24 as to just  
22 not being proper. The Court has already  
23 instructed the jury appropriately on what they  
24 must consider, what they can consider, and I  
25 don't think it would be necessary for the Court  
26 to tell the jury that they must be rational.

27           **BY MRS. STEINER:** Your Honor, I -- Payne  
28 is very specific; Branch is very specific.  
29 Victim impact evidence is a very specific kind

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 of evidence that I suppose it could be  
2 mitigation but it certainly is not aggravation,  
3 and it is a separate category of evidence. It  
4 is permitted for limited purposes and is  
5 specifically, by the Mississippi Supreme Court  
6 in Branch and Payne, recognized as having to be  
7 carefully controlled by the Court as to what  
8 use they can or cannot make of it.

9 **BY THE COURT:** I think an instruction on  
10 the victim impact needs to be -- and this is  
11 the one I have so I'm going to grant D-24. And  
12 I assume you withdraw D-25?

13 **BY MRS. STEINER:** Yes, Your Honor. I'll  
14 withdraw D-26 as well. I think as a matter of  
15 law I'm entitled to D-28.

16 **BY THE COURT:** I'll grant D-28.

17 **BY MR. EVANS:** Wait just a second, Your  
18 Honor. I'm not --

19 **BY THE COURT:** D-28 says --

20 **BY MR. EVANS:** What happened to 26? Was  
21 26 withdrawn?

22 **BY MRS. STEINER:** 26 and 27 were redundant  
23 of each other, and 26 was withdrawn, yes.

24 **BY MR. EVANS:** Okay. I didn't have it  
25 down. Excuse me one second. And the Court has  
26 given 28?

27 **BY THE COURT:** Yes. It says they can't  
28 draw any inference from the fact that he didn't  
29 testify.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY MR. EVANS:** Yes, sir. No objection.

2           **BY MRS. STEINER:** Your Honor, D-29 is  
3 simply telling the judge that -- I'm sorry,  
4 Your Honor, the jury exactly what Mississippi  
5 statute says. It's a statement of the law, and  
6 I think we're entitled to it.

7           **BY THE COURT:** Response.

8           **BY MR. HILL:** Give me just one minute,  
9 Your Honor. I believe that such an instruction  
10 is nothing more than a mercy instruction  
11 resulting in a verdict based on whim and  
12 caprice, Edwards v. State, 737 So. 2nd 275 and  
13 317.

14           **BY MRS. STEINER:** Your Honor, I have a  
15 mercy instruction in the Kansas v. Marsh, which  
16 I -- to which this objection might be  
17 appropriate. This is not a mercy instruction.  
18 This is simply stating that nothing in the law  
19 requires them to return a death sentence no  
20 matter how many aggravating circumstances or  
21 how few mitigating circumstances they find.  
22 It's black letter Mississippi law, and I think  
23 we're entitled to it. And it is not said  
24 elsewhere in any of these instructions.

25           **BY MR. EVANS:** That's pretty much what  
26 Edwards says, that you are not entitled to.

27           **BY MR. HILL:** And a lot of other cases as  
28 well. That's exactly what it says about the  
29 title.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY THE COURT:** Well, SS-1A, B, C and D  
2           have already instructed on how they're to  
3           consider and weigh the aggravating and  
4           mitigating circumstances. This is not an  
5           appropriate instruction, and it will be  
6           refused.

7           **BY MRS. STEINER:** Thank you, Your Honor.  
8           In light of that being refused, I would then  
9           propose D-30. Again, I think the jury needs to  
10          know that the sentence -- a sentence less than  
11          death is appropriate regarding -- regardless of  
12          what its weight is. A simple "may" in a two,  
13          three-page instruction is simply not enough to  
14          articulate that for the jury.

15          **BY MR. EVANS:** I think this has already  
16          been covered in the previous instructions and  
17          more appropriately.

18          **BY THE COURT:** I agree, and there's -- I  
19          mean, there's nothing to read -- S-1A, B, C and  
20          D are instructions that would in any way  
21          indicate that they were supposed to add these  
22          things up and then decide in that fashion. And  
23          the Court believes those instructions properly  
24          instruct the jury, and I believe the jury has  
25          the mental capacity to understand that. And I  
26          don't see D-30 to be appropriate so it's  
27          refused.

28          **BY MRS. STEINER:** I also then propose  
29          D-31, though I have no arguments for it

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 distinguishing it from D-30. I think that D-30  
2 should have been granted. And since it hasn't,  
3 I would propose D-31.

4 **BY THE COURT:** Well, it will be refused  
5 for the same reasons stated.

6 **BY MRS. STEINER:** D-32 is my residual  
7 doubt instruction. I do not think there is  
8 anything that prevents this from happening.  
9 The Hanson v. State allowed -- expressly allows  
10 arguments based on residual doubt. The Supreme  
11 Court has recently reiterated in limiting the  
12 right to create residual doubt in sentencing  
13 only preceding in some -- Gustav v. Oregon,  
14 reiterated that, where as here, the  
15 sentencing -- the culpability jury is  
16 considering sentence with the entire record  
17 from the first phase before it that the jury  
18 may consider it. Mississippi Supreme Court has  
19 not heretofore required an instruction but our  
20 sister State of Tennessee, which as Mississippi  
21 does recognize the right to argue residual  
22 doubt, has recognized the right to such an  
23 instruction, and I believe that that is  
24 persuasive precedence that this Court can and  
25 should follow in granting this instruction.

26 **BY MR. EVANS:** There's a big difference in  
27 being allowed to argue it and the Court  
28 instructing on it. The cases are clear all the  
29 way from Holland v. State on up that it is not

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 proper to instruct the jury on residual doubt.

2 **BY THE COURT:** I agree. I mean -- and  
3 just to instruct them that they might, you  
4 know, the kind of deliberation, they might  
5 think about something that might come to light  
6 in the future that might possibly be  
7 discovered. That's just not an appropriate  
8 instruction, and it's refused.

9 **BY MRS. STEINER:** Thank you, Your Honor.

10 **BY MR. CARTER:** We can still argue it  
11 though, right?

12 **BY THE COURT:** You certainly may argue it.

13 **BY MRS. STEINER:** D-33, again, this is  
14 basically under Hanson v. Montana. I believe  
15 we are entitled to this instruction on that,  
16 especially since the aggravating circumstances  
17 in this case are two of the three are  
18 completely circumstantial and one is ident- --  
19 has the identical elements to the capitalizing  
20 factor.

21 **BY MR. EVANS:** And they're just not  
22 entitled to a circumstantial evidence  
23 instruction. This is improper.

24 **BY THE COURT:** I agree. This is more than  
25 a circumstantial instruction that I -- you  
26 know, this just -- you don't grant a  
27 circumstantial instruction on the sentencing  
28 phase. So it's not appropriate. And it's  
29 refused.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY MRS. STEINER:** D-34 is simply a  
2 statement of the black letter law of the  
3 Mississippi code section what happens.

4           **BY MR. EVANS:** Which we object to. The  
5 Court has already properly instructed the jury  
6 on what they should do as far as deliberations.

7           **BY THE COURT:** I'm going to refuse. I  
8 mean, you know, the Court's -- I mean, right  
9 now this would just tell the jury that they  
10 could deliberate for a while, and I could call  
11 them out and dismiss them if I, you know, got  
12 tired of waiting on their deliberation, and  
13 that's certainly not an appropriate statement  
14 of the law so it's refused.

15           **BY MRS. STEINER:** Your Honor, D-35 is  
16 redundant of the Rubenstein instruction that  
17 was not heretofore granted, and we'll withdraw  
18 it.

19           **BY THE COURT:** And D-36, y'all offered  
20 another instruction earlier that I refused.

21           **BY MRS. STEINER:** I think that -- I was  
22 going to say I think that this may be redundant  
23 of an instruction you went over actually.

24           **BY THE COURT:** Or maybe --

25           **BY MRS. STEINER:** Please don't take that  
26 one away.

27           **BY MR. EVANS:** Are you withdrawing it?

28           **BY MRS. STEINER:** Well, let me double  
29 check. Well, I prefer it to the language of

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 SS-4, but it does cover the same territory. I  
2 move that it be replaced, SS-4 be re- -- it be  
3 added to the language of SS-4.

4 **BY MR. EVANS:** It has already been  
5 covered, and we would object to it.

6 **BY THE COURT:** I actually think SS-4 is a  
7 better instruction.

8 **BY MRS. STEINER:** It may be, Your Honor.  
9 I'm --

10 **BY THE COURT:** I'm going to refuse D-36.  
11 I'll grant D-37. This is one that I usually  
12 grant at the sentencing phase -- I mean, at the  
13 guilt phase of any trial I preside over. But I  
14 think it's appropriate at the sentencing phase  
15 as well.

16 **BY MRS. STEINER:** Your Honor, I freely  
17 concede that D-38 is a mercy instruction. I  
18 believe we're entitled to it under Kansas v.  
19 Marsh, but the Mississippi State Court has not  
20 yet come to agree with that the decision.

21 **BY THE COURT:** I'm going to read it, but  
22 based on the decisions that have been rendered  
23 and that is -- the opinion been brought out  
24 numerous times by the Mississippi Supreme  
25 Court.

26 **BY MR. EVANS:** I think 39 is also a mercy  
27 instruction. We would object to --

28 **BY MRS. STEINER:** Your Honor, I think you  
29 have heretofore refused on the grounds of

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1       confusion and repetitiveness. This  
2       statement -- I think this is a black letter law  
3       statement. The law of this -- the statute as  
4       it's been interpreted by the Courts in the  
5       State of Mississippi and, of course, the  
6       circuit from reviewing the sentencing in this  
7       State, and I think we're entitled to it.

8               **BY THE COURT:** I'm going to refuse D-39.  
9       The jury's already been instructed on what they  
10      must find before they could return the death  
11      penalty. It would be repetitive to SS-1A, B, C  
12      and D's instructions.

13              **BY MR. EVANS:** D-40 is also a sympathy  
14      instruction.

15              **BY THE COURT:** I agree. I mean, it's  
16      almost -- it's not exact language, but it's's  
17      very close to the sympathy instruction --

18              **BY MRS. STEINER:** Thank you, Your Honor.

19              **BY THE COURT:** -- I refused a few minutes  
20      ago.

21              **BY MRS. STEINER:** If the authority --  
22      there is Mississippi authority cited for the  
23      fact that the jury may consider that Jordan and  
24      King, and we submit that under Abdul-Kabir and  
25      Smith, there should be an instruction guiding  
26      them on doing that. I know you'll be happy to  
27      know that was all the instructions we've  
28      proposed for the Defendant.

29              **BY THE COURT:** Okay. I'm now going to

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 read in the record the order in which they are  
2 going to be read and given. And I'm going to  
3 renumber them at the top. D-2 will be read as  
4 Instruction No. 1. SS-2 will be Instruction 2.  
5 SS-1A will be Instruction 3. SS-1B will be  
6 Instruction 4. SS-1C will be Instruction No.  
7 5. SS-1B will be Instruction 6. SS-5 will be  
8 Instruction 7. SS-4 will be Instruction No. 8.  
9 D-3 will be Instruction 9. D-24 will be  
10 Instruction No. 10. D-37 will be Instruction  
11 No. 11. D-28 will be Instruction 12. CS-1  
12 will be instruction -- I'm sorry. SS-6 will be  
13 Instruction No. 13. And CS-1 will be  
14 Instruction No. 14.

15 **BY MRS. STEINER:** Your Honor, what is the  
16 number for instruction nine? I didn't hear it.

17 **BY THE COURT:** What did I renumber it to?

18 **BY MRS. STEINER:** Yeah. What was it  
19 before you numbered it No. 9?

20 **BY THE COURT:** D-3, that was -- I amended  
21 it. That said, "Punishment by death is a  
22 unique punishment, and you must render a  
23 verdict on the --

24 **BY MRS. STEINER:** Yeah. I just didn't  
25 know what number it was before you renumbered  
26 it.

27 **BY THE COURT:** Well, that's it.

28 **BY MRS. STEINER:** I'm just trying to be  
29 thorough.

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           **BY THE COURT:** What was your original  
2 number?

3           **BY MRS. STEINER:** That was the original  
4 number before I tendered it.

5           **BY THE COURT:** Your original, I believe,  
6 was D-3.

7           **BY MRS. STEINER:** That's D-3. Okay. I  
8 thought it was mine, but I didn't know if it  
9 was. Or one of the Court's instructions.

10           **BY THE COURT:** Of course, a lot of it was  
11 actually repetitive and --

12           **BY MRS. STEINER:** Your Honor, are we going  
13 to take up the verdict form --

14           **BY THE COURT:** We can while she's doing  
15 that. Is there any objection to the verdict  
16 form?

17           **BY MRS. STEINER:** Subject to reserved  
18 objection on anything preceding to the penalty  
19 phase, this appears to be formally appropriate  
20 given the Court's rulings.

21           **BY THE COURT:** The Court will attach these  
22 verdict forms.

23           How do y'all want to argue?

24           **BY MR. CARTER:** Your Honor, with so much  
25 hanging in the balance, about an hour.

26           **BY THE COURT:** I thought Mrs. Steiner was  
27 doing all the argument based on what I was told  
28 last night.

29           **BY MR. CARTER:** Well, that was the plan,

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1 but I changed it last night. I'm the lead  
2 attorney; I changed it.

3 **BY THE COURT:** I'll give each side an hour  
4 if you want an hour.

5 **BY MR. EVANS:** If that's what they want.  
6 I don't think we need that long to argue, but  
7 if that's what they want, it'll be all right.

8 **BY THE COURT:** Are y'all breaking it up?

9 **BY MR. CARTER:** Yes, sir. We're going to  
10 split it. I think I only need about 20  
11 minutes. I'll try to be finished in 20  
12 minutes.

13 **BY MRS. STEINER:** I'm still doing the  
14 clinical part of the argument so I would have  
15 40.

16 **BY THE COURT:** Which one you of -- I mean,  
17 it doesn't matter but which is of you is  
18 actually --

19 **BY MRS. STEINER:** I'm going to finally  
20 close.

21 **BY MR. CARTER:** I'll go first.

22 **BY THE COURT:** And do you want me to warn  
23 you after 20 minutes?

24 **BY MR. CARTER:** Yes, sir.

25 **BY MRS. STEINER:** At 20 minutes.

26 **BY MR. CARTER:** Well, do it like 17  
27 minutes or whatever's easiest for you, 15 or  
28 whatever.

29 **BY THE COURT:** Well, whatever you want is

## CONSIDERATION OF INSTRUCTIONS - JURY OUT

1           what I'll do.

2           **BY MR. CARTER:** Well, do it after like 18.

3           **BY THE COURT:** Okay. So I'll just say  
4           you've got two minutes.

5           **BY MR. CARTER:** Okay.

6           **BY MRS. STEINER:** I'll take what's left if  
7           he finishes, and would like a five-minute  
8           warning prior to that, whatever that winds up  
9           being.

10          **BY THE COURT:** And I assume y'all are  
11          splitting? I assume you would split the time?

12          **BY MR. EVANS:** Yeah, half and half will be  
13          fine.

14          **BY THE COURT:** Do y'all want any warning?

15          **BY MR. HILL:** Ten for me, please.

16          **BY MR. EVANS:** Five if I get that far.  
17          Okay.

18          **BY MRS. STEINER:** Your Honor, before we  
19          bring the jury out, I would like to renew my  
20          motion made for a mistrial with respect to the  
21          testimony from the bailiff concerning how --  
22          concerning, a, the specific juror who he did  
23          acknowledge was at least allowed to attempt to  
24          initiate a conversation with someone other than  
25          himself or a fellow juror, regardless of  
26          content. That would be a mistrial as to the  
27          entire trial to set aside the verdict.

28                 We would also renew, if that were not  
29                 granted, to quash and have a mistrial with

## RENEWED MOTION FOR MISTRIAL - JURY OUT

1        respect to sentencing in this matter in light,  
2        not only of those revelations but also, very  
3        frankly, Your Honor, yesterday evening this  
4        jury was permitted to take control of the  
5        courtroom. As we were attempting to put  
6        evidence, the jury was chattering among  
7        themselves, laughing.

8                They have the right to their opinions if  
9        they don't like what they're hearing, that  
10       they're free to dislike it. But the jury was  
11       not attentive. I think the late hour, I think  
12       the fact that they knew supper was coming and  
13       that the Court, despite our explaining that we  
14       thought our witness would take longer than for  
15       the pizzas to arrive, failing to simply seizing  
16       that in the middle because the -- as it had to  
17       do, having ruled that we had to start  
18       proceeding while the jury knew they were  
19       waiting for some food to arrive, that has  
20       simply rendered this jury incapable of fairly  
21       and maturely following the instructions of the  
22       Court, and we would move for a mistrial.

23               **BY THE COURT:** The only thing I recall,  
24       you were showing a videotape that I said we can  
25       pause to allow them to eat. But you were bound  
26       to show the rest of them when we came back so I  
27       had to let them come back. But I don't see how  
28       that's any grounds for a mistrial, and I do not  
29       see any evidence of any jurors talking among

## RENEWED MOTION FOR MISTRIAL - JURY OUT

1 themselves or visiting with each other during  
2 the presentation of any evidence. And if you  
3 had any problem with that, you should have  
4 approached the Court and made that aware.

5 So I certainly do not think that to be  
6 grounds, and the Court -- the jury did not take  
7 control of the courtroom. If they did, they  
8 probably would have been up here til two or  
9 three o'clock this morning to be finished. But  
10 after you addressed the problems that you were  
11 having with blood pressure and diabetes and the  
12 length of time I knew that it would take to go  
13 through the instructions, the Court recessed  
14 until today to have a fresh start for  
15 everybody. So that's certainly -- the lateness  
16 of the hour last night has nothing to do with  
17 having arguments today and is not a ground for  
18 mistrial.

19 The Court does not find that any member of  
20 jury had any improper conduct with anyone. We  
21 had state troopers up here the entire two weeks  
22 we've been here that have been providing extra  
23 security, that have been guarding the jury to  
24 make sure that nobody was trying to approach  
25 them. We -- a couple of -- we've had several  
26 jurors who are smokers. The only statement I  
27 heard was one juror said, "Maybe when this is  
28 over, you can call and let my boyfriend know"  
29 or something. But there was not even any

## RENEWED MOTION FOR MISTRIAL - JURY OUT

1 response from the trooper, so there's been no  
2 violation of sequestration rules that require  
3 the jury to be sequestered and there's been no  
4 prop -- improper influencing of any kind.  
5 There's no indication that the jury has heard  
6 anybody say a word or if they read a paper that  
7 they've seen anything at all relating to this  
8 case, so I don't think that's appropriate so  
9 mistrial is denied.

10 **BY MRS. STEINER:** Thank you, Your Honor.

11 **BY THE COURT:** I have been told that the  
12 jury is fed lunch every day, and they will  
13 probably be here about 11:30 to 11:45. I think  
14 it will take me 20 minutes to read these  
15 instructions so my proposal is to read  
16 instructions, let the jury recess and then  
17 begin arguments immediately thereafter, after  
18 they have eaten.

19 **BY MR. EVANS:** Yes, sir.

20 **BY MRS. STEINER:** I have no objections to  
21 that.

22 (THE FOLLOWING PROCEEDINGS WERE HAD IN  
23 OPEN COURT WITH THE JURY PRESENT, TO-WIT:)

24 **BY THE COURT:** The Court will come to  
25 order.

26 Before I instruct you on specific matters  
27 regarding this case, I will instruct you on the  
28 general principals that will govern your  
29 deliberations during this phase.

## JURY INSTRUCTIONS GIVEN BY THE COURT

1           In explaining your duties, I must refer to  
2 matters that you may never need to reach. This  
3 is because there are four steps to the  
4 consideration of appropriate punishment. Each  
5 step is dependent upon the step that precedes  
6 it. You may not reach one step unless you  
7 reach a particular decision as to the prior  
8 step. By explaining all four potential steps,  
9 I do not want to imply or suggest that I  
10 believe it is necessary or in any way proper  
11 for you to reach any particular or final step  
12 in the deliberative process in this case.

13           My instructions are not intended as an  
14 express- -- as an expression of any opinion or  
15 desire concerning the result you should reach.  
16 It is my duty to offer as complete an  
17 explanation as is possible concerning the legal  
18 matters that must govern your deliberations.

19           Therefore, it is necessary for me to  
20 instruct you on the entire process even though,  
21 based on your consideration of the evidence and  
22 considered deliberation, it may only be  
23 necessary to go through one step in order to  
24 resolve this case.

25           The Court instructs the jury that at this  
26 phrase of the trial, conducted for the purpose  
27 of determining the sentence to be imposed upon  
28 the Defendant, the State and the Defendant may  
29 elect to stand on the testimony and evidence

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 introduced in the first or guilt phase of this  
2 trial or the parties may elect to introduce  
3 additional testimony and evidence as to matters  
4 relating to any of the aggravating or  
5 mitigating circumstances.

6 In reaching your verdict, you may consider  
7 the testimony and evidence presented during the  
8 first phase of the trial together with the  
9 testimony and evidence, if any, relating to any  
10 of the aggravating or mitigating circumstances  
11 presented for your consideration during the  
12 second or sentencing phase of the trial.

13 You have found the Defendant guilty of the  
14 crime of capital murder of Bertha Tardy. You  
15 must now decide whether the Defendant will be  
16 sentenced to death or life imprisonment without  
17 parole.

18 In reaching your decision, you may  
19 objectively consider the details and  
20 circumstances for the offense for which the  
21 Defendant was convicted and the character and  
22 record of the Defendant himself. You should  
23 consider and weigh any aggravating and  
24 mitigating circumstances set forth later in  
25 these instructions, but you are cautioned not  
26 to be swayed by mere sentiment, conjecture,  
27 sympathy, passion, prejudice, public opinion or  
28 public feelings.

29 To return the death penalty in this case,

## JURY INSTRUCTIONS GIVEN BY THE COURT

1       you must find -- first find -- first and  
2       unanimously find from the evidence beyond a  
3       reasonable doubt that one or more of the  
4       following facts existed: One, that the  
5       Defendant actually killed Bertha Tardy. Two,  
6       that the Defendant attempted to kill Bertha  
7       Tardy. Three, that the Defendant intended the  
8       killing of Bertha Tardy take place; or, four,  
9       that the Defendant contemplated that lethal  
10      force would be employed.

11             Next, to return the death penalty, you  
12      must find the mitigating circumstances, those  
13      which tend to warrant the less-severe penalty  
14      of life imprisonment without parole, do not  
15      outweigh the aggravating circumstances which  
16      tend to warrant the death penalty. Consider  
17      only the following elements of aggravation in  
18      determining whether the death penalty should be  
19      imposed: One, the Defendant knowingly created  
20      a great risk of death to many persons. Two,  
21      that a capital offense was committed while the  
22      Defendant was engaged in the commission of the  
23      crime of armed robbery for pecuniary gain.  
24      Three, the capital offense was committed for  
25      the purpose of avoiding or preventing lawful  
26      arrest or effectuating an escape from custody.

27             You must unanimously find beyond a  
28      reasonable doubt that one or more of the  
29      preceding aggravating circumstances exist in

## JURY INSTRUCTIONS GIVEN BY THE COURT

1       this case to return the death penalty. If none  
2       of these aggravating circumstances are found to  
3       exist, the death penalty may not be imposed,  
4       and you shall write the following verdict on  
5       the sheet of paper or on the form provided:  
6       We, the jury, find that the Defendant should be  
7       sentenced to life in prison without parole. If  
8       any one or more of the above aggravating  
9       circumstances are found to exist beyond a  
10      reasonable doubt, then you must consider  
11      whether there are mitigating circumstances  
12      which outweigh the aggravating circumstances.

13             Consider the following elements of  
14      mitigation to determine whether the death  
15      penalty should not be imposed. One, Curtis  
16      Flowers has no history of prior criminal  
17      activity. Two, Mr. Flowers has an excellent  
18      prison record. Three, Mr. Flowers follows the  
19      rules and regulations of the prison and is  
20      willing to work and does as he is told. He  
21      helps others in the prison and outside, and he  
22      does not cause trouble for guards.

23             Four, if you sentence Mr. Flowers to life  
24      in prison without parole, he will never be  
25      released from the penitentiary. Five,  
26      Mr. Flowers has a loving, supportive family and  
27      many friends. Six, any and all factors  
28      relative to background, life, environment and  
29      emotional makeup of Curtis Flowers, which would

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 be mitigating circumstances or should be  
2 considered mitigating circumstances. Any other  
3 -- and, seven, any other circumstance or  
4 commendations, circumstances of the crime or  
5 the life and character of Mr. Flowers which you  
6 believe should mitigate in favor of a sentence  
7 of life in prison.

8 If you find from the evidence that one or  
9 more of the preceding elements of mitigation  
10 exists, you must consider whether it or they  
11 outweigh or outweighs or overcome or overcomes  
12 any aggravating circumstances you previously  
13 found.

14 In the event that you find that the  
15 mitigating circumstances do not outweigh or  
16 overcome the aggravating circumstances, you may  
17 impose the death sentence. Should you find the  
18 mitigating circumstances outweigh or overcome  
19 the aggravating circumstances, you shall not  
20 impose this death sentence.

21 The verdict, you -- the verdict you return  
22 must be written on a separate sheet of paper  
23 signed by the foreman. Your verdict shall be  
24 written in one of following forms on the forms  
25 provided by the Court: One, we the jury,  
26 unanimously find from the evidence beyond a  
27 reasonable doubt the following facts existed at  
28 the time of the commission of the capital  
29 murder of Bertha Tardy, and then you write in

## JURY INSTRUCTIONS GIVEN BY THE COURT

1       those facts that you find from section eight.

2               Next, you would write we, the jury,  
3       unanimously find that the aggravating  
4       circumstances are, and you list or itemize  
5       those from the section in section B. And then  
6       you say that exists beyond a reasonable doubt  
7       and is sufficient to impose the death penalty.  
8       If there is insufficient mitigating  
9       circumstances to outweigh the aggravating  
10      circumstances, we further find unanimously that  
11      the Defendant should suffer death and that  
12      would then need to be signed by the foreman of  
13      the jury.

14             However, secondly, you could return a  
15      verdict saying, We, the jury, find the  
16      Defendant should be sentenced to life in prison  
17      without parole. Or third -- and that would be  
18      sign by the foreman. Or three, We, the jury,  
19      are unable to agree unanimously on punishment,  
20      and that would be signed by the foreman of the  
21      jury.

22             You have found the Defendant guilty of the  
23      crime of the capital murder of Robert Golden.  
24      You must now decide whether the Defendant is to  
25      be sentenced to death or life in prison without  
26      parole. In reaching your decision, you may  
27      objectively consider the detailed circumstances  
28      of the offense for which the Defendant was  
29      convicted and the character and record of the

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 Defendant himself. You should consider and  
2 weigh any aggravating or mitigating  
3 circumstances as set forth later in these --  
4 this instruction, but you're cautioned not to  
5 be swayed by mere sentiment, conjecture,  
6 sympathy, passion, prejudice, public opinion or  
7 public feelings.

8 To return the death penalty in this case,  
9 you must first unanimously find from the  
10 evidence beyond a reasonable doubt that one or  
11 more of the following facts existed: That the  
12 Defendant actually killed Robert Golden, that  
13 the Defendant attempted to kill Robert Golden,  
14 that the Defendant intended the killing of  
15 Robert Golden take place or that the Defendant  
16 contemplated that lethal force would be  
17 employed.

18 Next, to return the death penalty, you  
19 must find the mitigating circumstances, those  
20 which tend to warrant the less-severe penalty  
21 of life in prison without parole, do not  
22 outweigh the aggravating circumstances which  
23 tend to warrant the death penalty.

24 Consider only the following elements of  
25 aggravation in determining whether the death  
26 penalty should be imposed: One, the Defendant  
27 knowingly created a great risk of death to many  
28 persons. Two, the capital offenses  
29 were committed while the Defendant was engaged

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 in the commission of the crime of armed robbery  
2 for pecuniary gain. Three, the capital  
3 offenses were committed for the purpose of  
4 avoiding or preventing lawful arrest or  
5 effectuation an escape from custody.

6 You must unanimously find beyond a  
7 reasonable doubt that one or more of the  
8 preceding aggravating circumstances exist in  
9 this case to return the death penalty. If none  
10 of these aggravating circumstances are found to  
11 exist, the death penalty may not be imposed,  
12 and you shall write the following verdict on  
13 the sheet of paper: We, the jury, find the  
14 Defendant should be sentenced to life in prison  
15 without parole.

16 If any one or more of the above  
17 aggravating circumstances are found to exist  
18 beyond a reasonable doubt, then you must  
19 consider whether there are mitigating  
20 circumstances which outweigh the aggravating  
21 circumstances. Consider the following elements  
22 of mitigation in determining whether the  
23 Defendant -- whether the death penalty should  
24 be imposed: One, Curtis Flowers has no history  
25 of prior criminal activity. Two, Mr. Flowers  
26 has an excellent prison record. Three,  
27 Mr. Flowers follows the rules and regulations  
28 of the prison. He is willing to work and does  
29 as he is told. He helps others in the prison

1 and outside. He does not cause trouble for  
2 guards. If you sentence Mr. Flowers to life in  
3 prison without parole, he will never be  
4 released from the penitentiary. That's number  
5 four.

6 Number five, Mr. Flowers has a loving,  
7 supportive family and many friends. Number  
8 six, any and all factors relative to  
9 background, life, environment and emotional  
10 makeup of Curtis Flowers, which would be  
11 mitigating circumstances or could be considered  
12 mitigating circumstances.

13 Seven, any other circumstance or  
14 combination of circumstances of the crime or  
15 the life and character of Mr. Flowers which you  
16 believe should mitigate in favor of the  
17 sentence of life in prison.

18 If you find from the evidence that one or  
19 more of the preceding elements of mitigation  
20 exists, then you must consider whether it or  
21 they outweigh or outweighs or overcome or  
22 overcomes any aggravating circumstances you  
23 previously found. In the event that you find  
24 that the mitigating circumstances do not  
25 outweigh or overcome the aggravating  
26 circumstances, you may impose the death  
27 penalty.

28 Should you find that the mitigating  
29 circumstances outweigh or overcome the

## JURY INSTRUCTIONS GIVEN BY THE COURT

1       aggravating circumstances, you shall not impose  
2       the death sentence.

3               The verdict should be written on a  
4       separate sheet of paper, signed by the foreman.  
5       Your verdict should be written in one of the  
6       following forms: We, the jury, unanimously  
7       find from the evidence beyond a reasonable  
8       doubt the following facts existed at the time  
9       of the commission of the capital murder of  
10      Robert Golden, and then you list or itemize all  
11      facts found, if any, from the list under  
12      section A of this instruction which you  
13      unanimously agree exist in this case beyond a  
14      reasonable doubt.

15              And then the next would read, We, the  
16      jury, unanimously find that the aggravating  
17      circumstances are, and then you list or itemize  
18      all of the aggravating circumstances presented  
19      in Section B of this instruction, which you  
20      unanimously agree exist in this case as to  
21      Robert Golden beyond a reasonable doubt.

22              If you find that it exists beyond a  
23      reasonable doubt and it is sufficient to impose  
24      the death penalty and there are insufficient  
25      mitigating circumstances to outweigh the  
26      aggravating circumstances and would further  
27      find unanimously that the Defendant should  
28      suffer death, then that would be signed by the  
29      foreman of the jury.

## JURY INSTRUCTIONS GIVEN BY THE COURT

1           Number two, We, the jury, find the  
2           Defendant should be sentenced to life in prison  
3           without parole and that would need to be signed  
4           by the foreman. Or, number three, We, the  
5           jury, are unable to unanimously -- to agree  
6           unanimously on punishment and that would be  
7           signed by the foreman.

8           You have found the Defendant guilty of the  
9           crime of capital murder of Carmen Rigby. You  
10          must now consider whether the Defendant will be  
11          sentenced to death or life in prison without  
12          parole. In reaching your decision, you may  
13          objectively consider the detailed circumstances  
14          of the offense for which the Defendant was  
15          convicted and the character and record of the  
16          Defendant himself. You should consider and

23          To return the death penalty in this case,  
24          you must first unanimously find from the  
25          evidence beyond a reasonable doubt that one or  
26          more of the following facts existed: That the  
27          Defendant actually killed Carmen Rigby. That  
28          the Defendant attempted to kill Carmen Rigby.

2 contemplated that lethal force would be  
3 employed.

4 Next, to return the death penalty, you  
5 must find mitigating circumstances, those which  
6 tend to warrant the less-severe penalty of life  
7 in prison without parole, do not outweigh the  
8 aggravating circumstances which tend to warrant  
9 the death penalty. Consider only the following  
10 elements of aggravation in determining whether  
11 the death penalty should be imposed: The death  
12 penalty (sic) knowingly created a great risk of  
13 death to many persons. The capital offenses  
14 were committed while the Defendant was engaged  
15 in the commission of the crime of armed robbery  
16 for pecuniary gain. The capital offenses were  
17 committed for the purpose of avoiding or  
18 preventing lawful arrest or effectuating an  
19 escape from custody.

20 You must unanimously find beyond a  
21 reasonable doubt that one or more of the  
22 preceding aggravating circumstances exist in  
23 this case to return the death penalty. If none  
24 of these aggravating circumstances are found to  
25 exist, the death penalty may not be imposed,  
26 and you shall write the following verdict on  
27 the sheet of paper: We, the jury, find the  
28 Defendant should be sentenced to life  
29 imprisonment without parole.

## JURY INSTRUCTIONS GIVEN BY THE COURT

1           If any one or more of the above

1       imprisonment.

2               If you find from the evidence that one or  
3       more of the preceding elements of mitigation  
4       exist, then you must consider whether it or the  
5       value outweighs or overcomes any aggravating  
6       circumstances you previously found. In the  
7       event that you find that the mitigating  
8       circumstances do not outweigh or overcome the  
9       aggravating circumstances, you may impose the  
10      death sentence. Should you find that the  
11      mitigating circumstances outweigh or overcome  
12      the aggravating circumstances, you shall not  
13      impose the death sentence.

14              The verdict should -- must be written on a

26              And then it would read next, We, the jury,

6 sufficient to impose the death penalty and  
7 there are insufficient mitigating circumstances  
8 to outweigh the aggravating circumstances, and  
9 we further find unanimously that the Defendant  
10 should suffer death," and then that would be

12 Next, the verdict would be, We, the jury,

5               To return the death penalty in this case,  
6       you must first unanimously find from the

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 offenses were committed for the purpose of  
2 avoiding or preventing a lawful arrest or  
3 effectuating an escape from custody. You must  
4 unanimously find beyond a reasonable doubt that  
5 one or more of the preceding aggravating  
6 circumstances exist in this case to return the  
7 death penalty.

8 If none of these aggravating circumstances  
9 are found to exist, the death penalty may not  
10 be imposed, and you shall write the following  
11 verdict on a sheet of paper: We, the jury,  
12 find the Defendant should be sentenced to life  
13 in prison without parole. If any one or more  
14 of the above aggravating circumstances are  
15 found to exist beyond a reasonable doubt, then  
16 you must consider whether there are mitigating  
17 circumstances which outweigh the aggravating  
18 circumstances.

19 Consider the following elements of  
20 mitigation in determining whether the death  
21 penalty should not be imposed: One, Curtis  
22 Flowers has no history of prior criminal  
23 activity. Two, Mr. Flowers has an excellent  
24 prison record. Three, Mr. Flowers follows the  
25 rules and regulations of the prison, is willing  
26 to work and does as he is told, and he helps  
27 others in the prison and outside, and he has  
28 not caused trouble for guards. Four, if you  
29 sentence Mr. Flowers to life in prison without

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 parole, he will never be released from the  
2 penitentiary. Five, Mr. Flowers has a loving,  
3 supportive family and many friends. Six, any  
4 and all factors relative to the background,  
5 life, environment and emotional makeup of  
6 Curtis Flowers which would be mitigating  
7 circumstances or could be considered mitigating  
8 circumstances. Any other circumstance or  
9 combination of circumstances of the crime or  
10 life and character of Mr. Flowers which you  
11 believe should mitigate in favor of a sentence  
12 of life in prison.

13 If you find from the evidence that one or  
14 more of the preceding elements of mitigation  
15 exist, then you must consider whether it or  
16 they outweigh or overcome any mitigating  
17 circumstances you previously found. In the  
18 event that you find that the mitigating  
19 circumstances do not outweigh or overcome the  
20 aggravating circumstances, you may impose the  
21 death sentence. Should you find that the  
22 mitigating circumstances outweigh or overcome  
23 the aggravating circumstances, you shall not  
24 impose the death penalty.

25 The verdict you return must be written on  
26 a separate sheet of paper signed by the  
27 foreman. Your verdict should be in one --  
28 written in one of the following forms: One,  
29 We, the jury, unanimously find from the

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 evidence beyond a reasonable doubt that the  
2 following facts existed at the time of the  
3 commission of the capital murder of Derrick  
4 Stewart, and then you list or itemize all facts  
5 found, if any, in the list under Section A of  
6 this instruction which you unanimously agree  
7 exist in this case beyond a reasonable doubt.

8 And then you would go on, Next, We, the  
9 jury, unanimously find that the aggravating  
10 circumstances of, and list or itemize all the  
11 aggravating circumstances presented in Section  
12 B of this instruction which you unanimously  
13 agree exist in this case as to Derrick Stewart  
14 beyond a reasonable doubt and is sufficient to  
15 overcome -- and is sufficient to impose the  
16 death penalty, and there are insufficient  
17 mitigating circumstances to outweigh the  
18 aggravating circumstances, and we further find  
19 unanimously that the Defendant should suffer  
20 death. And that would be signed by the  
21 foreman.

22 Or, two, you could return this as a  
23 verdict: We, the jury, find the Defendant  
24 should be sentenced to life in prison without  
25 parole, that to be signed by the foreman of the  
26 jury. Or, three, We, the jury, are unable to  
27 agree unanimously on punishment, and that would  
28 be signed by the foreman of the jury.

29 The Court instructs the jury that I

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 previously read to you the three aggravating  
2 circumstances which the law permits you to  
3 consider in this case. These are the only the  
4 aggravating circumstances you may consider.  
5 However, before you may consider these factors  
6 or any one or more of them, you must first  
7 unanimously find that the fact or factors you  
8 consider are established by the evidence beyond  
9 a reasonable doubt.

10 The Court instructs the jury that it must  
11 be emphasized the procedures that you must  
12 follow is not a mere accounting process of a  
13 certain number of aggravating circumstances  
14 versus the number of mitigating circumstances.  
15 Rather, you must apply your reason and judgment  
16 as to whether this situation calls for life in  
17 prison or whether it requires the imposition of  
18 death in light of the totality of the  
19 circumstances present.

20 Punishment by death is a unique  
21 punishment. You must render a decision based  
22 on the evidence free from anger and prejudice.  
23 Even though the victim impact evidence has been  
24 allowed, you must face your obligations soberly  
25 and rationally, and you may not impose the  
26 ultimate sanction as a result of an irrational,  
27 purely subjective response to emotional  
28 evidence and argument.

29 Each of you must decide the sentence for

## JURY INSTRUCTIONS GIVEN BY THE COURT

1       yourself. In the course of your deliberations,  
2       do not hesitate to examine your own views and  
3       change your opinion if you're convinced it is  
4       wrong, but do not surrender your honest  
5       convictions as to what you feel the sentence in  
6       this case should be just because of the opinion  
7       of your fellow jurors or just so that you can  
8       all agree on a verdict.

9               The law does not compel Mr. Flowers to  
10       testify at the penalty phase. No adverse  
11       inference of any kind may be drawn from this  
12       decision.

13              The Court instructs the jury that you, as  
14       individual jurors, must consider mitigating  
15       circumstances. Therefore, even if all 11  
16       jurors find that a certain mitigating  
17       circumstance does not exist, if you believe it  
18       does exist, you must find that mitigating  
19       circumstance and weigh it in your further  
20       deliberations.

21              Upon retiring to the jury room, you will  
22       need to select one from among your number to  
23       act as a foreman, who may be a man or a woman.  
24       The foreman will preside over your  
25       deliberations and will be your spokesperson  
26       before the Court.

27              If it becomes necessary during your  
28       deliberations to communicate with the Court,  
29       please write out your message or question and

## JURY INSTRUCTIONS GIVEN BY THE COURT

1 pass the note to the bailiff. No member of the  
2 jury would ever attempt to communicate with the  
3 Court by any means other than in writing, and  
4 the Court will never communicate with any  
5 member of the jury on any subject touching on  
6 the merits of the case other than in writing or  
7 orally here in open Court.

8 If you unanimously reach a verdict as to  
9 the sentence or in the event you are unable to  
10 unanimously agree on a sentence, the decision  
11 of the jury shall be written and the signature  
12 of the foreman affixed on the sentencing forms  
13 provided by the Court.

14 I was told, ladies and gentlemen, that  
15 lunch is probably here for you now, rather  
16 than -- and closing arguments are going to take  
17 a while, so we'll recess and allow you to have  
18 lunch and then resume about 12:45. And the  
19 Court will stand in recess.

20 And, ladies and gentlemen, like I've told  
21 you, don't talk about it or consider any type  
22 sentence until you've heard closing arguments  
23 and are told to begin your deliberations.

24 (FOLLOWING THE LUNCH RECESS,

25 PROCEEDINGS CONTINUED IN OPEN COURT WITH  
26 ALL PARTIES, INCLUDING THE JURY, PRESENT,  
27 TO-WIT:)

28 **BY THE COURT:** The Court will come to  
29 order. Ladies and gentlemen, we're now going

## CLOSING ARGUMENT - STATE

1 to hear closing statements, first starting with  
2 the State.

3 **BY MR. HILL:** Ladies and gentlemen of the  
4 jury, make no mistake about it. The State  
5 believes that the only proper penalty in this  
6 case is the death penalty. And you say, why is  
7 that? It's not because of some personal animus  
8 between me or Mr. Evans or any officer or  
9 anything like that against Curtis Flowers. I  
10 don't know that I've ever spoken to him. It's  
11 because of what he's done.

12 You have found the Defendant guilty of the  
13 capital murder of four innocent people. He  
14 took the life of each and every one of those  
15 people with extreme prejudice, extreme  
16 premeditation, extreme deliberation. All  
17 you've got to do is imagine in your mind him  
18 going that morning and getting that firearm and  
19 going back to that store.

20 He went to get that gun for a reason. He  
21 had to walk all the way down to Angelica and  
22 get that gun and walk all the way home. Walk  
23 all the way back with that gun on him til he  
24 got to Tardy's. And when he went in there --  
25 those are not the shootings. They are not just  
26 shooting them in the leg, in the arm, what  
27 about those.

28 You've had occasion to look at the autopsy  
29 reports and the drawings, seen the pictures.

## CLOSING ARGUMENT - STATE

1 Every one without fail, every one of those  
2 shots, was a head shot. Every one of them was  
3 lethal.

4 I admit, there is one interesting thing  
5 about shooting Robert Golden; he was shot  
6 twice. He was shot point blank in the side of  
7 the head, up close, gunpowder residue on the  
8 side of his face. I don't know which was  
9 first, whether he was shot in the top of the  
10 back of the head first and then finished off by  
11 shoving the gun up to his head and pulling the  
12 trigger or vice versa. I don't know.

13 **BY MRS. STEINER:** If the Court please. I  
14 would object. I believe this is argument going  
15 to an aggravator that the State has not -- that  
16 the jury has not been instructed with respect  
17 to.

18 **BY THE COURT:** Overruled.

19 **BY MR. HILL:** As I was going to say, I  
20 don't know if Dr. Hayne even knew which one of  
21 those shots was first, but the point is that  
22 the shots were with premeditation, with  
23 planning.

24 Another factor is when he shot the first  
25 person, he then had to shoot another person.  
26 And if they were present in the store when he  
27 shot the first one, chances are great that the  
28 second one, third one, fourth one knew that the  
29 first one was shot before they died because

## CLOSING ARGUMENT - STATE

1       they were all right there in the same place  
2       basically.

3               **BY MRS. STEINER:** Same objection, Your  
4       Honor.

5               **BY THE COURT:** Overruled.

6               **BY MR. HILL:** The death penalty is only  
7       given in Mississippi if someone has been found  
8       guilty of capital murder, at least in the  
9       current state of our law in recent legal  
10      history of our law. Capital murder is the only  
11      crime for which you can receive the death  
12      penalty. And why is that? The reason for it  
13      is because it is the ultimate crime. That  
14      means you have been engaged in -- as in this  
15      case, you've been engaged in a robbery and then  
16      you kill somebody while you're committing  
17      another crime. So it's the ultimate crime, and  
18      it deserves the ultimate punishment.

19              In this case, we are not talking about one  
20      capital murder. You know, the defense is going  
21      to get up here and argue that Mr. Flowers  
22      should be given a life sentence. And if we  
23      were talking about one capital murder,  
24      depending on the circumstances, we would  
25      plausibly entertain such a notion.

26              But what about two capital murders? Does  
27      that up the stakes any? What about three?

28              Finally, what do we, as citizens of our  
29      community, do when we have somebody who kills

## CLOSING ARGUMENT - STATE

1 four people? And we've got to seriously,  
2 seriously start considering what the  
3 appropriate punishment is and whether or not  
4 the death penalty is the only punishment that  
5 is appropriate.

6 Now, the Court has read you a bunch of  
7 instructions. You've got a lot of those  
8 instructions. I want to call one set of  
9 instructions to your attention because this is  
10 one of the sets of instruction that you're  
11 going to need in analyzing what to do; in other  
12 words, as you set out to decide what penalty in  
13 this case would be appropriate.

14 You are given a formula. These  
15 instructions, SS-1 -- which is this little  
16 number right here at the bottom -- SS-1 is a  
17 sentencing instruction that tells you how to go  
18 about the procedure. You've got -- and  
19 they're -- I will tell you this: There's one  
20 of these for each of the four victims. You'll  
21 find the victim's names up here on the first  
22 line or two. This one I'm holding up is the  
23 one that says, "You have found the Defendant  
24 guilty of the crime of capital murder of Bertha  
25 Tardy." But there will be one for Carmen  
26 Rigby, one for Robert Golden, one for Derrick  
27 Stewart. Each one of them will have about a  
28 three-page instruction, and they're all the  
29 same except for the name of the victim.

## CLOSING ARGUMENT - STATE

1           So the process for each one will be the  
2           same, but you've got four decisions to make.  
3           You have to make a separate decision on the  
4           penalty for each of the four victims. And it  
5           tells you -- on the first page, there is a set  
6           of four things that you have to find in order  
7           to move to the next step in the sentencing  
8           process. It says, "To return the death penalty  
9           in this case with regard to Ms. Tardy, you must  
10          first unanimously find from the evidence beyond  
11          a reasonable doubt that one or more of the  
12          following facts existed," and then there's a  
13          list of those.

14          Now, these are not difficult, but you've  
15          got to go through the process. It says that  
16          the Defendant actually killed Bertha Tardy.  
17          Well, we already know that, don't we? He shot  
18          her in the head. So, yes, he killed Bertha; he  
19          actually killed her. He shot her, and he  
20          killed her.

21          The second one is that he attempted to  
22          kill Bertha Tardy. The answer to that in our  
23          view is, yes, he not only attempted, he  
24          attempted and was successful and killed  
25          Ms. Tardy. So his attempt was successful as he  
26          murdered Ms. Tardy by shooting her in the head.

27          The third one is that the Defendant  
28          intended the killing of Bert Tardy to take  
29          place. Again, I think it goes back to the fact

## CLOSING ARGUMENT - STATE

1       that all of these shots are to the head. This  
2       is not willy-nilly shooting a gun around. She  
3       was shot in the head.

4               And the evidence that he intended to kill  
5       is that when you take -- I think it's pretty  
6       obvious from what we have here in this case  
7       when we go in a store and we see four people  
8       killed, we know that that gun is a lethal  
9       deadly weapon. I mean, it will do its job.  
10      And it did, in fact, do the work of the  
11      Defendant that day. It killed Ms. Tardy.

12             The next thing is that the killing was  
13      intended; he intended the killing of Bertha  
14      Tardy. So again, that is an easy, I think,  
15      thing to see.

16             And finally, the Defendant contemplated  
17      that lethal force would be used. Again, that  
18      is a true statement. So what I'm telling you  
19      is, all four of those are true statements. So  
20      we believe that in your deliberations when you  
21      get back there and you're working through the  
22      form there on each of the four victims that you  
23      would find -- and you'll have a place.  
24      Mr. Evans will go over with you how to report  
25      and write that up, the four things for each of  
26      the victims are, the Defendant actually killed,  
27      he attempted the killing, he intended that the  
28      killing take place, and he contemplated the use  
29      of lethal force.

## CLOSING ARGUMENT - STATE

1           Now, when you fire a gun at somebody's  
2           head, you know before you pull the trigger that  
3           that is lethal force. You know it is. You  
4           know, so -- you've got those four things. The  
5           point I'm making here is in your deliberations,  
6           you go over those four steps and make a finding  
7           of those four things.

8           Now, I'm only suggesting it because I  
9           believe that the evidence in this case  
10          overwhelmingly proved beyond any doubt  
11          whatsoever, beyond any question that the  
12          Defendant did those four things.

13          Now, the next thing -- the next page, the  
14          very next page at the top of the page says  
15          this, "Next, to return the death penalty, you  
16          must find the mitigating circumstances, those  
17          which tend to warrant the less-severe penalty  
18          of life imprisonment without parole, do not  
19          outweigh the aggravating circumstances which  
20          tend to warrant the death penalty." There are  
21          those aggravating circumstances or elements of  
22          aggravation -- or what I call for short,  
23          aggravators -- those aggravators are listed  
24          here at the top of the page right up there,  
25          consider the following elements of aggravation,  
26          and then one, two, three. You have three  
27          listed elements of aggravation.

28          The first one is that the Defendant  
29          created a great risk of death to many people.

## CLOSING ARGUMENT - STATE

1 Not one, not two, not three, but four. Did he  
2 create a risk of death when he pointed that  
3 pistol at their head and fired? Yes, he did.  
4 The risk came about, didn't it? The risk of  
5 ending their life came about when he pointed  
6 that pistol and pulled that trigger and the  
7 risk and the fulfillment of the consequences of  
8 that risk was immediate.

9 And if per adventure, let's just say, if  
10 for the purpose -- for the sake of argument, if  
11 he didn't know that pointing a pistol at  
12 somebody's head and pulling the trigger would  
13 not end their life, he sure did after he shot  
14 the first one of those people, didn't he? Yep.

15 So the -- the thing, the first aggravator  
16 is that he knowingly created the great risk of  
17 death to many people. You know what I put in  
18 my notes to prove that point? Bodies on the  
19 floor. You just count them.

20 The next thing, the next aggravator --  
21 aggravator number two is the capital offense  
22 was committed while the Defendant was engaged  
23 in the commission of the crime of armed robbery  
24 for pecuniary gain. What is pecuniary? Money,  
25 monetary. You know, basic human fault of  
26 greed. He took the money. We know he took the  
27 money. We have that great huge poster over  
28 there of the empty cash drawer. The money's  
29 gone. It didn't walk out by itself. He took

## CLOSING ARGUMENT - STATE

1 the money. We have the financial records to  
2 show it was there. We walked in with the four  
3 bodies in the floor; the money's gone. You  
4 draw your own conclusions. He took the money.  
5 That's pecuniary gain.

6 The armed robbery part of it, we've  
7 already seen that, have we not? I mean, we've  
8 got a pile of dead bodies and gunshot firearms  
9 evidence all over the floor, and Mr. Ballard  
10 testified about the shell casings and the  
11 bullets. We even had a live round he said that  
12 got jammed when Curtis cleared his pistol. He  
13 ejected one of the bullets, and we've got one  
14 live round on the floor. But we know there's  
15 five shots. He fired five times, and we can do  
16 that because we've got five wounds. So we know  
17 how many times he shot someone.

18 The third one is that the capital offense  
19 was committed for the purpose of avoiding or  
20 preventing lawful arrest or effecting an escape  
21 from custody. Do we know that for sure?  
22 Absolutely. Why do we know that for sure?  
23 Because he had no reason to kill anybody over  
24 the money. He walked in, an armed man. He  
25 basically was up against women and children  
26 with the exception of Robert and we know -- and  
27 I don't know. I don't know exactly, but I know  
28 Robert got two shots in his head. And I submit  
29 to you that he didn't have to kill those people

Curtis Giovanni Flowers v. State of Mississippi

Kathy Gillis, Clerk

TRIAL COURT # : 2003-0071-CR

## CLOSING ARGUMENT - STATE

1 to take the money. He had a gun. They would  
2 have to comply. He had the gun. If he wanted  
3 the money, all he got to do is walk up there  
4 and take it.

5 So why did he kill all these people, to  
6 shut them up, silence them so they could not be  
7 a witness against him? They couldn't walk in  
8 here and sit on that stand and tell you that  
9 Curtis Flowers came in with a gun and stole our  
10 money. He got rid of the witnesses; he  
11 silenced them forever. And he did that to  
12 prevent his arrest, to effect his escape.

13 It's very simple. You have three  
14 aggravating circumstances. They are all clear.  
15 They are the same aggravating circumstances in  
16 all four of the instructions, one for each of  
17 the victims.

18 Now, in order for those to be -- you have  
19 to find those unanimously. But I don't think  
20 that's a stretch, and I don't think that's a  
21 problem. I think it's -- the evidence in this  
22 case is so clear; it's so overwhelming that  
23 it's just plumb obvious. We know who did this.  
24 We know who he killed. We know how he went  
25 about it.

26 Now, the defense has a list of factors  
27 called mitigating factors, things that they  
28 propose would mitigate this down. In other  
29 words, they tend to indicate that the sentence

## CLOSING ARGUMENT - STATE

1 of life without parole is the better sentence.  
2 Those are called mitigators. No history of  
3 prior criminal activity. Prison -- good prison  
4 record, excellent prison record. All of that  
5 kind of stuff. You've heard all of that. The  
6 question is, do those outweigh the aggravators.

7 You know, basically, what the Defendant  
8 established by calling his witnesses in  
9 mitigation was that he had an average life. I  
10 thought -- and you'll hear argument from  
11 counsel. They may suggest differently -- but I  
12 thought the evidence suggested that Curtis did  
13 not have a deprived life. He has a mama and  
14 daddy, brothers and sisters. Yeah, he had a  
15 good life. We don't know everything about him,  
16 but we know what they put on. Yeah, he had a  
17 good family.

18 The question for you is does that -- I  
19 mean, a lot of people have a good family. A  
20 lot of people have a good childhood. Does  
21 that -- does that outweigh the fact that he  
22 walked in one day, probably because he was mad  
23 or he was -- you know, his paycheck was on that  
24 desk back there. If he would have come in on  
25 that Monday, he probably could have had that  
26 check but he didn't show up. And he didn't  
27 show up. And then he calls, wants to know if  
28 he still has a job. But he has not really made  
29 arrangements to take care of his debt, he

## CLOSING ARGUMENT - STATE

1       hasn't cleaned that up and Ms. Tardy said, We  
2       don't need you anymore. He wasn't reliable.  
3       He knew he wasn't reliable. His attorneys even  
4       told you at the beginning that he decided to  
5       stay home; he quit.

6               But that's not really true. The evidence  
7       suggests that he was let go, that he was fired.  
8       Now, Curtis didn't have a job. Robert did. I  
9       know this has been what, a week and a half, two  
10      weeks, something like that when Curtis did not  
11      return back to work. And it's been just about  
12      long enough for him to need some money and  
13      figure that he had some money up there at that  
14      store he could put his hands on.

15             Now, I don't know if Ms. Tardy was heading  
16      back there to get him that check in order to  
17      try to appease him or not. She was shot and  
18      killed as she went back toward the office and  
19      that check was on her desk.

20             Okay. The mitigators outweigh -- not just  
21      living an ordinary life outweighs the brutal,  
22      senseless, cold-blooded murder of four innocent  
23      people.

24             **BY THE COURT:** Mr. Hill, you asked me to  
25      tell you when you had ten minutes left.

26             **BY MR. HILL:** Thank you, Your Honor.  
27      Ladies and gentlemen, this case, this  
28      circumstance, this situation, it's why we have  
29      the death penalty in my view because you have

## CLOSING ARGUMENT - STATE

1 to ask yourself the question: How many people  
2 do you have to kill before the death penalty is  
3 the appropriate penalty? Did y'all understand  
4 that? How many people do you have to kill?

5 Under our law, killing one person is just  
6 the same procedure. The State puts on  
7 aggravators, the defense puts on mitigators on  
8 the death of one person. If it's an armed  
9 robbery -- let's just say hypothetically for  
10 the sake of argument, somebody goes in, holds  
11 up a store. They shoot and kill the clerk,  
12 steal the money. Just one person, that's  
13 capital murder. And then we look at the  
14 aggravators and the mitigators and decide if  
15 that person, that the death penalty should be  
16 imposed on that person. That's all of them.

17 My question to you -- and I think the  
18 answer is obvious -- how many people do you  
19 have to kill? You know, another way of stating  
20 it is what is the life of one of these victims  
21 worth? One person, life in prison? Two, it  
22 gets to the point, and I think it's rather  
23 obvious that the point comes -- the time comes  
24 when the only appropriate penalty is the death  
25 penalty. The only thing. I mean, what are you  
26 going to do if the next guy comes up and says I  
27 didn't kill but one person.

28 **BY MRS. STEINER:** I'm going to object. I  
29 believe this is --

## CLOSING ARGUMENT - STATE

1           **BY THE COURT:** I'll sustain as to anything  
2           said by anybody else in the future. But you're  
3           to disregard that part of the argument.

4           **BY MR. HILL:** Your Honor, I'm speaking in  
5           generalities. The deal is this: How many  
6           people do you have to kill? I  
7           certainly think -- and it could be argued, at  
8           any rate -- and these are all, you know,  
9           general thoughts. One person, two people, you  
10          keep coming back to the same thing.

11          **BY MRS. STEINER:** I'm going to object on  
12          the same grounds again, Your Honor.

13          **BY THE COURT:** Overrule that.

14          **BY MR. HILL:** You keep coming back to the  
15          same thing. Curtis killed four people. What  
16          is the appropriate penalty? I don't see how it  
17          could be life. I don't see how it can be.  
18          This is a case that screams out for death  
19          penalty. And we're talking justice. We're  
20          talking the appropriate penalty for this case.  
21          For this case.

22                 I think this is why we have the death  
23          penalty for cases like this, because life just  
24          doesn't seem right for the killing of four  
25          innocent people. Premeditated, cold-blooded  
26          execution. And I'm not the first to use this  
27          word in a courtroom, execution of four innocent  
28          people.

29                 Ladies and gentlemen of the jury, when you

## CLOSING ARGUMENT - DEFENSE

1        get back there and you're deliberating and  
2        you're going through the formula here, I don't  
3        think you can come to any other conclusion but  
4        the only -- the only appropriate penalty in the  
5        case is to impose the death penalty because of  
6        what he did.

7                **BY MR. CARTER:** One thing is very clear,  
8        and that is the State of Mississippi says for a  
9        capital murder the penalty is life or death,  
10       and I'm leaving it up to you to choose which  
11       one you think is appropriate under these  
12       circumstances. I'm going to leave it up to  
13       you. I'm going to go over the facts and leave  
14       it up to you.

15               I don't know who was shot in what order,  
16       but I know there was no testimony about it. I  
17       don't know why Mr. Golden was shot twice, but I  
18       know there was no testimony about why he was  
19       shot twice. And I know that all of the  
20       killings took place on the same occasion, the  
21       same day around the same time. And it's not  
22       like, you know, he went down there on four  
23       separate occasions and shot four people; I know  
24       that. And I don't know what kind of  
25       premeditation was involved. I don't know if it  
26       was extreme or what it was. I'm not even going  
27       to try to tell you what it was. But, you know,  
28       we know that four people were killed and we  
29       know that you found Mr. Flowers guilty. And

## CLOSING ARGUMENT - DEFENSE

1       because of that, I find myself with the awesome  
2       task of standing before you once again with a  
3       clear mind and strong will and not under any  
4       illusions about the circumstances in which I  
5       stand.

6               Like Mr. Flowers, I'm deeply concerned at  
7       this point about whether you will listen to me  
8       and about whether you will consider both  
9       penalties. But I'm not paralyzed by being  
10      concerned. I'm not even scared. My hope is  
11      shattered, practically destroyed. And yet I  
12      march forward because that's what I do.

13             I do this for a living. Every case, this  
14      is what I do. And sometimes I feel like I'm  
15      marching to the cross for my clients, but I do  
16      it because that's what I choose to do. I used  
17      to be a corporate lawyer, and I quit. I walked  
18      out, because this is what I want to do.

19             Now, I'm a defense lawyer. I told you  
20      before. I don't apologize; I don't have any  
21      shame whatsoever for it. I chose to represent  
22      the hated. I chose to represent the damned,  
23      the low, those given up on. And oftentimes,  
24      people never have a chance. Those who don't  
25      know the beauty of fairness and compassion, for  
26      many of them have never experienced it.

27             I come to court constantly with everybody  
28      expecting, desiring and doing all they can to  
29      make sure I lose. Those are the circumstances

## CLOSING ARGUMENT - DEFENSE

1 under which I toil, and I don't ask for any  
2 sympathy for it. You shouldn't feel any  
3 sympathy for it. This is what I choose to do.

4 Now, people -- nearly everybody wants me  
5 to lose, wants my client to be executed. And  
6 my job is to represent him zealously and be  
7 unafraid. You know, you might say he act like  
8 he doesn't even care about the victims.

9 Now, I look at this all the time. I do  
10 see them. I see them more than they realize.  
11 I see them in the hallways. But I know what my  
12 responsibilities are. My responsibilities, my  
13 responsibility is to Mr. Flowers, and that's  
14 who I represent. And it would be unfair to  
15 hold me to another standard.

16 The people I represent may go to jail.  
17 They may even get executed. But there's one  
18 thing you can count on is that somebody's going  
19 to fight for them before anything happen to  
20 them. I don't apologize for that. And I hold  
21 no grudge against the prosecution. They got  
22 their job to do, and I got mine. And it might  
23 even surprise you that I don't dislike  
24 Mr. Evans. I don't have any ill will toward  
25 him whatsoever. But when we get in the  
26 courtroom, we're in a contentious battle, and  
27 I'm not his friend when I'm in here. He's  
28 doing his job, and I know I got to do mine.

29 Now, we seek justice, and we might have a

## CLOSING ARGUMENT - DEFENSE

1 different opinion about what justice is. I'm  
2 going to leave it up to you to decide what it  
3 is. The victims deserve justice, and so does  
4 Mr. Flowers.

5 Now, we asked you if you could consider  
6 mitigation, consider what we presented, and I'm  
7 concerned about whether you would give it  
8 meaning and value and consideration or whether  
9 you would consider it mere excuses and fodder  
10 for sympathy. I'm always concerned about that.  
11 And you said you could consider mitigation, and  
12 we're counting on you to do that.

13 I actually believe -- and you don't have  
14 to agree with me -- that there is some residual  
15 doubt. I'll leave it up to you whether you  
16 agree with me or not. If you don't, that's  
17 fine. And as I told you before, I don't have a  
18 problem accepting your decision even if I  
19 disagree with you. But I'm telling you justice  
20 demands a decision that is based on reason and  
21 based on deliberation. Our system of justice  
22 requires that. Otherwise, I don't know that  
23 anybody could ever get any real consideration.

24 You know, to sit where I sit and do what I  
25 do, people might think I don't know pain. You  
26 know, my two favorite brothers got killed.  
27 Somebody killed them. And at the time, I was  
28 very angry about that and wanted to do  
29 something. But I can tell you, at this point

## CLOSING ARGUMENT - DEFENSE

1       15, 25 years later that I'm glad I didn't. Of  
2       course, I didn't know I was going to feel that  
3       way, but that's the way I wound up.

4               This case is not about the lawyers,  
5       believe it or not; we just happen to be here.  
6       I guess the State of Mississippi requires us to  
7       be here only for the process to work. I can  
8       see that killing is wrong, and it is.

9               I'm one of these people who don't like  
10      guns, to be quite honest about it. Killing is  
11      wrong, in my opinion, unless it's in self  
12      defense or defense of others or maybe in war --  
13      necessary wars. And if it's wrong for  
14      Mr. Flowers to do it, it ought to be wrong for  
15      other people to do it, too.

16              You know, we have an option. You don't  
17      have to kill Mr. Flowers to punish him  
18      severely. Giving somebody life without the  
19      possibility of parole is serious punishment.  
20      There's no doubt about that.

21              What I would want somebody to tell me if I  
22      was angry and in a situation and contemplating  
23      killing somebody, I would want somebody to tell  
24      me to stop, to think about it, to decide if you  
25      really want to do it. Decide whether you have  
26      to do it. Decide what effect it would have on  
27      you later on. Because at 54, I'm convinced  
28      that doing wrong not only hurts the victim, it  
29      hurts the perpetrator, too.

## CLOSING ARGUMENT - DEFENSE

1           You've had several days to sit here and  
2           listen to us, and probably had several days  
3           even before then to think about this case.  
4           Now, I submit to you I wasn't at Tardy's so I  
5           don't know what happened. But I bet you  
6           Mr. Flowers didn't have ten days, 11 days to  
7           think about whether he wanted to do this or  
8           not, to think about whether he could do --

9           **BY MR. EVANS:** Your Honor, that's not  
10          appropriate.

11          **BY MR. CARTER:** What's inappropriate about  
12          it?

13          **BY MR. EVANS:** Talking about how long  
14          Mr. Flowers had to think about what he did.

15          **BY MR. CARTER:** Well, I don't know how  
16          long he had to think about it, Your Honor.

17          **BY MR. EVANS:** That's inappropriate.

18          **BY MR. CARTER:** I thought that's what I  
19          said, I don't know.

20          **BY MR. EVANS:** But it's inappropriate to  
21          even talk about it.

22          **BY THE COURT:** I'll overrule.

23          **BY MR. CARTER:** Well, to be fair, I don't  
24          know what happened down there. But the facts,  
25          as I understand them, is that on July the 16th  
26          this all happened. And not some of it, but all  
27          of it, as I understand it, the entire episode.

28                 Now, death leaves a heartache that nobody  
29                 can heal. And as I'm telling you, I've been on

## CLOSING ARGUMENT - DEFENSE

1       this case at least eight years. And every time  
2       I come up here, I can see this heartache. I  
3       can see the pain. All I do is look out, walk  
4       out here across the hallway and see it. You  
5       can't miss it. I've even seen the effect that  
6       this crime has had on this town to some degree,  
7       but not as much as folks who live here. But  
8       I'm up here a lot, and I'm not Brian, even  
9       though I do wear glasses.

10       Mr. Flowers should not be completely, in  
11       my opinion, judged by his worst act. Now, who  
12       can stand to be judged only by their worst act?  
13       I don't even know the worst thing I've done,  
14       but I know I don't want to be judged by just  
15       that because I'm more than that. And  
16       Mr. Flowers is more than that.

17       Mr. Flowers is a son, a father, friend, a  
18       gospel singer, and I've known him for at least  
19       eight years. And I can even remember when this  
20       case happened. I was in the courtroom with  
21       another death penalty case and when I heard  
22       about it, first thing out of my mouth is, "I'm  
23       so glad that I'm not involved in that." And I  
24       can't believe that a few years later this case  
25       would pass to me, but it was. And I took it,  
26       and I'm glad I took it. No matter what  
27       happened.

28       I've gotten to know Mr. Flowers. I like  
29       him. I've gotten to know his family -- his

## CLOSING ARGUMENT - DEFENSE

1       wonderful family. Mr. Flowers is a kind -- in  
2       a lot of ways and certainly an interesting  
3       personality, a lot of fun to be around.  
4       There's goodness in him. Ain't no doubt about  
5       it. You know, we can't bring the victims back.  
6       If we could, we certainly would, which we  
7       can't. That's just the way it is.

8               While I think my job might be hard, I also  
9       know your job is hard, and you had to sit here  
10      and hear all this and probably see some things  
11      and feel some things you don't want to feel  
12      because I had to be blind to my client as much  
13      as I can. Two wrongs don't make a right.  
14      We've heard it over and over. I believe it.

15             Ladies and gentlemen, I do, in fact, ask  
16      you to spare Mr. Flowers' life and allow him to  
17      live. And if you can't do it for me -- and I  
18      don't expect you to -- but if you can't do it  
19      for him -- I wish you would -- but if you  
20      can't, I wish you would do it for his child  
21      that he found out that he had when she was 14.  
22      Didn't even know it. Found out he had the  
23      child. He didn't even know. Thank you.

24             **BY THE COURT:** Mrs. Steiner, he didn't use  
25      thirteen minutes.

26             **BY MRS. STEINER:** Oh, thank you. I'd like  
27      to use those.

28             Ladies and gentlemen, by your verdict  
29      yesterday, you have guaranteed that Curtis

## CLOSING ARGUMENT - DEFENSE

1        Flowers will die in prison. The judge could  
2        have discharged you and sent you home, and  
3        Curtis Flowers will die in prison.

4                His Honor has instructed you if he  
5        receives a life sentence, it is without parole.  
6        He will never be released. The question we're  
7        here to consider today -- and it's each and  
8        every one of you individually -- each must  
9        decide this separately. The question to decide  
10       is will Curtis Flowers die in prison when God  
11       chooses to take him or will he die on your  
12       personal individual say-so at the hands of an  
13       anonymous state official who one day, probably  
14       many, many years down the road will poison him  
15       to death.

16               That's each of your decision. No one  
17       sitting in that jury room has the right to  
18       change your mind to what he or she believes if  
19       you believe that it's -- enough is enough, that  
20       a life sentence without parole, locking Curtis  
21       Flowers, throwing away the key, consigning him  
22       to the hell hole described by Mr. Aiken, the  
23       continual punishment.

24               If Curtis Flowers is sentenced to life in  
25       prison without parole, he will never again be  
26       private and alone. He will never again have  
27       anything beside walls, barbed wire and men with  
28       guns keeping him from any semblance of personal  
29       freedom. Someone else will decide when he

## CLOSING ARGUMENT - DEFENSE

1       eats. Someone else will decide what he eats.  
2       Someone will be able to watch him when he goes  
3       to the bathroom every day of his life, until  
4       God takes him. Leave it in God's hand.

5             You also heard from Mr. Aiken. He will be  
6       in personal danger. You have heard from  
7       Mr. Aiken. He has been extraordinary among  
8       prisoners in his ability to obey the rules, to  
9       stay out of trouble. That doesn't make prison  
10      not the dangerous place. He will be on maximum  
11      security with people not only who have  
12      committed terrible crimes and then -- this was  
13      a terrible crime, and I respect that you have  
14      determined beyond a reasonable doubt that he  
15      committed it. But the draconian punishment  
16      that locks him away, that throws away the key.

17            He'll never gather with his family. Many  
18      of you had told me you were acquainted with his  
19      family as well as with the families of the  
20      victims in this. He will never again gather  
21      with them on an occasion of joy and celebrate  
22      the birth, perhaps of his grandchild, perhaps  
23      of a niece or nephew, perhaps the joyous  
24      marriage of one of his nieces or nephews or his  
25      daughter. Never again will he share that.

26            That, by your verdict yesterday, you have  
27      taken from him -- you -- on a sentence of life  
28      in prison without parole. He will never be  
29      able to gather at the family wake, at the

## CLOSING ARGUMENT - DEFENSE

1 family gathering when, as will happen to all of  
2 us, his parents die. It's happened  
3 unfortunately here to many, to Brian Rigby, to  
4 Roxanne Ballard. He is deprived of that  
5 opportunity to mourn and heal.

6 He will be under armed guard with men who  
7 are dangerous with no privacy, with nothing  
8 except the time to think and contemplate and  
9 repent and let God do his work through him.  
10 And you heard from Reverend Billy Little. This  
11 is a man -- he's like you and me. He's not a  
12 bleeding heart. He's not a liberal. He is a  
13 man of God called to minister to the worst of  
14 the worst.

15 He told you it doesn't matter the crime.  
16 It doesn't matter how awful. It doesn't matter  
17 if it's one, two, three, four murders. His  
18 ministry to those men is to bring them in  
19 themselves redemption.

20 And what did he tell you? Curtis Flowers  
21 is -- when he was there, raising his voice in  
22 song. It wasn't for Curtis' enjoyment. That's  
23 not why he should stay locked up and wait for  
24 God to take him. It's because Curtis is an  
25 instrument of people like Reverend Little in  
26 doing his work, doing God's work, bringing  
27 these people, these souls, these terrible  
28 people to a peace to not continue their evil or  
29 whatever you call it, their crimes.

## CLOSING ARGUMENT - DEFENSE

1           And similarly, Mr. Flowers, there is no  
2           indication, however terrible these crimes were,  
3           that he would continue in that role. Thirteen  
4           years. You heard Mr. Aiken say it. Sure,  
5           inmates talk about coming to religion. Sure,  
6           inmates are good for a few months at a time.  
7           Thirteen years of perfect inmate behavior is  
8           not a soul so lost, not a man so vile, not a  
9           person so worthy that you personally should  
10          vote to have him poisoned to death.

11          The State talked a lot to you about what  
12          the instructions said, but they didn't talk  
13          about the instruction -- you know, he told you  
14          how to enter a verdict to sentence Mr. Flowers  
15          to death, but he didn't talk about the  
16          instructions that talked about the promises  
17          that your made, each and every one of you to  
18          His Honor that you were not individuals who  
19          needed vengeance. You would leave your  
20          personal feelings of anger, of your opinions  
21          that vengeance was needed, your sympathies for  
22          the people who came before you to talk about  
23          their mourning.

24          That you have promised not to be mere  
25          instruments of vengeance. Not for the  
26          families, certainly not for any larger  
27          community. You are making a reasoned, moral  
28          judgment about whether you want to tell the  
29          State of Mississippi, each of you individually,

## CLOSING ARGUMENT - DEFENSE

1 to kill Curtis Flowers.

2 You promised His Honor, and he has  
3 reminded you in his instructions that you would  
4 be guided by reason and moral judgment. And  
5 more than that, you promised His Honor -- and  
6 as I told each of you whom I talked to in voir  
7 dire, I said, What you're going to hear in  
8 mitigation will probably have nothing to do  
9 with the facts of this crime. It's not going  
10 to answer your question of why he came on that  
11 morning to be in a rage that is totally  
12 uncharacteristic of how he's acted in the 13  
13 years since or how anybody has testified he was  
14 in the 27 years before this horrible event  
15 happened, these murders which you have found  
16 him guilty of.

17 But I did talk about who he was. I talked  
18 about not his enjoyment but what he brings to  
19 the people who love him. Four murders. He is  
20 still loved. Four murders. There are still  
21 people who came up to tell you about his worth,  
22 including the Reverend Billy Little who has  
23 that personal worth to him.

24 Who knows if in maximum security lockdown  
25 he'll ever be able to sing other than as he  
26 sits in his own cell? I don't know that they  
27 have that program. It's a more draconian  
28 punishment than he was in with Reverend Little.  
29 But it wasn't for his enjoyment. It was

## CLOSING ARGUMENT - DEFENSE

1       because of what he brings despite -- despite  
2       the worst thing he ever did.

3               His value in this world to the people who  
4       love him, to the people who may be inspired by  
5       a Reverend Little to come to God, to live a  
6       better life in prison.

7               You remember what Mr. Aiken said, that  
8       prisons are safer places. Inmates are less  
9       troublesome. They're not going to hurt each  
10      other. They're not going to hurt guards.  
11      They're not going to try to escape. They're  
12      going to have successful lives that they can  
13      carry to once they will get out, and that  
14      Mr. Flowers won't. And Mr. Flowers' example --  
15      you heard his own quotes, his example -- and  
16      you heard Reverend Little, what he -- the gifts  
17      he has to demonstrate, that -- that is value.  
18      That makes him more valuable than the worst  
19      thing he ever did. And he will be suffering.  
20      He will be in draconian circumstances. This is  
21      no light sentence. The death penalty does not  
22      end it now. A life sentence without  
23      possibility of parole locks him up, throws away  
24      the key and ends this now.

25              And if you recall, as I spoke to each of  
26      you before you were selected, you promised that  
27      you would not try and be an instrument of  
28      vengeance. You promised that the powerful  
29      emotions that we all had as we listened to

## CLOSING ARGUMENT - DEFENSE

1 Ms. Ballard, Mr. Rigby, Mr. Golden and  
2 Ms. Permenter talking about how they were  
3 affected by the sudden loss of their loved  
4 ones. That you agreed that you were not them.  
5 You could set those emotions aside. You could  
6 understand them. You could hear them.

7 His Honor said to hear victim impact is to  
8 hear simply about the experience, and we do not  
9 for a minute doubt the devastation that these  
10 losses have caused these families. But that  
11 you were to hear it and not to make it  
12 aggravating of the crime, not to be weighed  
13 against the value of Curtis Flowers' life, not  
14 the Curtis Flowers of the world, to other  
15 people.

16 This is not -- you are to view and  
17 understand about these -- their emotions that  
18 they tell you, but you need to make them their  
19 emotions, not yours. You must bring a reasoned  
20 moral judgment to whether or not in this world  
21 the extraordinary penalty of you taking a life  
22 is worth it. And it is not here in this case;  
23 it is simply not.

24 By virtue, you said -- the conviction of  
25 the crime, as I said in voir dire and as His  
26 Honor has instructed you, we don't have to say  
27 anything about and you must -- you promised His  
28 Honor you would consider -- you wouldn't just  
29 listen and to ignore but actually consider,

## CLOSING ARGUMENT - DEFENSE

1 each of you individually, each of these things.  
2 I don't think you had your fingers crossed when  
3 you made that promise.

4 I know yesterday afternoon and evening it  
5 was late; we were tired; we were hungry. I  
6 noticed that some of you were -- you  
7 negotiated -- and you asked His Honor, Please  
8 let us get this over with. And I don't blame  
9 you. It was a long day.

10 But as His Honor instructed you when you  
11 went for the night, this is a life-and-death  
12 decision, the most important one any jury is  
13 ever called upon to make in a court of law.  
14 And it's not one that's a group consensus. It  
15 is an individual one. And I'm glad that you're  
16 here today remembering what you promised His  
17 Honor, what you promised yourself to do, to  
18 consider the evidence in mitigation and to  
19 consider it individually.

20 The other promise you made was that you  
21 would understand that because this is such a  
22 personal and individual decision that you would  
23 not give it up just because someone else felt  
24 differently, someone you have come to know,  
25 someone you have come to like, someone you've  
26 spent ten days with, with little influence --  
27 other influence than the right to be with each  
28 other.

29 You have the -- you have become friends

## CLOSING ARGUMENT - DEFENSE

1       and some of you may feel one way and don't want  
2       to change. But you remember you promised His  
3       Honor you're in this jury; you promised us that  
4       you would respect each other. That unlike with  
5       the guilt phase, you could agree to disagree.

6               This ends here if you agree to disagree.  
7       No -- no one will disrespect you, as his Honor  
8       says. No one -- you don't even reveal -- no  
9       one will ever outside the jury room need to  
10      know who, if there's not an agreement, who  
11      voted what way. That is private. That is  
12      personal within the jury, and the 12 of you go  
13      into that jury room equal and respect for each  
14      other -- in respect for each other's views.  
15      And even if you can't agree, all that happens  
16      is the draconian punishment the Mississippi  
17      State Legislature -- not a liberal body, not a  
18      bleeding heart body, not a wimpy body -- but  
19      our own legislature, who is very tough on  
20      crime, has said life in prison without parole  
21      in the hell hole of the Mississippi State  
22      Penitentiary is an appropriate punishment for  
23      one capital murder, two capital murders, three  
24      capital murders, four capital murders.

25             There's nothing in His Honor's  
26      instructions -- it says about endangering  
27      multiple people. Yes, that's an aggravator.  
28      But the murders of which you convicted him  
29      yesterday, he now stands -- even if you had

## CLOSING ARGUMENT - DEFENSE

1        gone home and not considered this -- to spend  
2        the rest of his life without possibility of  
3        parole.

4                And in case one sentence isn't enough,  
5        there's four of them. And it ends here if you  
6        bring a reasoned, particular judgment and you  
7        look into your heart and you see that however  
8        terrible the murders Mr. Flowers has been --  
9        you have convicted him of committing on  
10       July 16th, 1996, however terrible they are,  
11       Curtis Flowers was before -- whatever happened  
12       that made him do that and has certainly since  
13       then been a much better man than this worst  
14       thing he ever did.

15               He has a daughter. He has a daughter who  
16       came to know him only after he was in jail  
17       locked up for this. And the daughter has come  
18       to love him. She understands that he has --  
19       you know, he will never probably even hold his  
20       grandchild should she marry and have children.  
21       But she has a father that she's proud of  
22       despite this. Don't take that away from this  
23       child. Don't order -- don't order that he be  
24       killed.

25               **BY MR. EVANS:** Your Honor, that's not  
26       appropriate.

27               **BY MRS. STEINER:** I'll move on, Your  
28       Honor.

29               **BY THE COURT:** Okay. Move on.

## CLOSING ARGUMENT - DEFENSE

1           **BY MRS. STEINER:** Vote to lock him up and  
2           throw away the key. You know, he's not just  
3           what he's done. He's what he can be used for,  
4           good in this world, to atone in this world for  
5           the terrible crimes he has committed. And,  
6           yes, Mr. Flowers -- Mr. Carter said if you have  
7           residual doubt, I'll let you disagree or I  
8           really disagree.

9           But, you know, I understand that you found  
10          him guilty beyond a reasonable doubt. And as  
11          His Honor instructed you, you were entitled to  
12          do that even on the suspicious testimony of  
13          Odell Hallmon. And make no mistake about it,  
14          your guilty verdict could not be here without  
15          the words of self-admitted liar Odell Hallmon.

16          And what you heard in the penalty phase is  
17          there are some kinds of inmates who are on  
18          lockdown, in maximum security on the same tiers  
19          as death row. That's where Curtis Flowers had  
20          to live because of prior verdicts. It wasn't  
21          for his behavior. It was because of the  
22          sentences he was then under.

23          Odell Hallmon, on the other hand, he was  
24          one of those inmates that Mr. Aiken was talking  
25          about. He was the trouble maker. He was there  
26          because he couldn't live in prison, and he told  
27          you out of his own mouth he was a liar. He  
28          told you out of his own mouth as he walked out  
29          of this courtroom had committed crimes while in

## CLOSING ARGUMENT - DEFENSE

1        prison. Crimes of which he hadn't been charged  
2        yet except on the prison things.

3                This is the words -- this is the evidence  
4        on which each of you must make your individual  
5        decision. This is not, you know, saying I  
6        wouldn't hang a dog on the word of a liar.  
7        Well, you may -- you have decided Curtis  
8        Flowers committed these terrible murders. Lock  
9        him up, throw away the key, but do not vote to  
10       have the State of Mississippi kill someone who  
11       on the word of this self-admitted liar, this  
12       prison trouble maker.

13               I have been representing Mr. Flowers since  
14       2008, and I, too, have come to know the man his  
15       family described. I've certainly come to know  
16       the man that Mr. Aiken described. The person  
17       who is not likely to cause trouble behind  
18       prison. He's never going to have the chance to  
19       ever do anything like this again. He is going  
20       to be punished.

21               He is going to have to learn to live with  
22       the judgment of this jury and that he is the  
23       murderer of Bertha Tardy. He is the murderer  
24       of Carmen Rigby. He is the murderer of Robert  
25       Golden. He is the murderer of Bobo Stewart.  
26       He has to live with that, and he is going to  
27       live with that every day of his life until God  
28       takes him.

29               And during that time, what we do know is

## CLOSING ARGUMENT - DEFENSE

1       he won't hurt anybody else. And if he tries he  
2       can be hurt. He can be restrained. He will be  
3       locked up. He will be restricted. It's not  
4       like he's going to be wandering around loose  
5       and free. But he could be even more  
6       restrictively done. And we know that he is  
7       going to continue to be an object lesson, to be  
8       someone people like Reverend Little can use to  
9       do their work.

10       Ladies and gentlemen, you have a choice.  
11       You have a choice to let Curtis Flowers live  
12       until God chooses to take him or you have a  
13       choice to direct that he be killed. You have a  
14       choice to prolong the ordeal that these murders  
15       have created in the hearts and minds of the  
16       victims of -- of the survivors of the victims  
17       of these crimes and in this community. And you  
18       can put an end to that with a verdict of life  
19       in prison without parole for Curtis Flowers.

20       You have the choice to kill -- to vote to  
21       kill, to take an act which kills or to vote for  
22       mercy and to let God decide when Curtis Flowers  
23       will die. Be better than Curtis Flowers who  
24       had a choice about whether or not to kill. And  
25       he chose to kill. You are better than Curtis  
26       Flowers. You are in this jury box because you  
27       are better than his acts. You are better than  
28       someone who chooses to kill. Throw Curtis  
29       Flowers in prison. Lock him up. Throw away

## CLOSING ARGUMENT - STATE

1 the key. But don't you decide. Let God decide  
2 when to take him and save your souls, save your  
3 community and save -- end the ordeal once and  
4 for all.

5 **BY MR. EVANS:** May I proceed, Your Honor?

6 **BY THE COURT:** You may.

7 **BY MR. EVANS:** It's just terrible that  
8 Curtis Flowers is going to have to live with  
9 knowing he killed four people. That's what the  
10 defense just said. I almost fell out of my  
11 chair when she said that. That's just  
12 terrible. That's putting a lot on him that he  
13 has to live with the fact that he brutally  
14 murdered four people. Oh, I feel so sorry for  
15 him because he's going to have to live with  
16 that.

17 July the 16th, 1996, four people were  
18 minding their own business. Ms. Bertha Tardy  
19 was at work. She was running the business like  
20 she always did. Ms. Carmen Rigby was the  
21 bookkeeper. She was going to the bank, going  
22 to the post office, not even dreaming that  
23 there was a problem. Derrick Stewart, young  
24 boy, was on his second day at work, his first  
25 job and second day at work. His life was  
26 starting. Robert Golden was there for his  
27 first day at work.

28 What did Curtis Flowers do? He goes to  
29 the store with a gun and takes their lives.

## CLOSING ARGUMENT - STATE

1       Curtis Flowers has been here the last 14 years  
2       to visit with his family. Where have they  
3       been? But feel sorry for him.

4               The law in Mississippi is that the death  
5       penalty is an appropriate punishment for  
6       capital murder. Each of you told us that you  
7       believed in the law and that if the law  
8       justified it and the facts justified it, you  
9       could give the death penalty. What more facts  
10      could it take for the death penalty than  
11      murdering four people that hadn't done anything  
12      to you, four people that had helped you?  
13      Ms. Bertha Tardy had tried to give him a job.  
14      But feel sorry for him. That's what they want  
15      you to do. This, to me, is something you  
16      shouldn't have any question on.

17              **BY MRS. STEINER:** Object, Your Honor. I  
18      believe he did misstate the argument. I didn't  
19      ask them to feel sorry for him when I said give  
20      him the opportunity to regret what he had done.

21              **BY MR. EVANS:** I think the jury heard what  
22      she said, Your Honor.

23              **BY THE COURT:** I think the jury very well  
24      was listening.

25              **BY MR. EVANS:** All they want to do is sit  
26      up here and try to talk about how bad the  
27      penitentiary is. I don't guess we need to put  
28      anybody in there, either.

29              Ladies and gentlemen, this is a brutal

## CLOSING ARGUMENT - STATE

1 crime. The defense attorneys, from the very  
2 beginning, have talked about how brutal it was  
3 and what a terrible crime it was. It is. This  
4 Defendant did it. I think from the facts of  
5 the case you can only have one verdict and that  
6 would be that this case does deserve the death  
7 penalty because of what he did.

8 He deserves the death penalty because of  
9 the actions that he took, that he choose on his  
10 own to take. Nobody talked him into doing it.  
11 Nobody forced him to do it. He chose to go get  
12 that gun. He chose to go down there and rob  
13 the store. He chose to take their lives. He  
14 put hisself in there. You're not putting him  
15 in anything; he did it.

16 I'm going to briefly go through the  
17 instruction because it is a long instruction.  
18 It is kind of complicated. But if you look at  
19 it, it's really not. The instruction that the  
20 judge gives that has the A and B on it, I think  
21 it's No. 3. Under the A section, that's the  
22 ones that you will look at to fill out the  
23 first part of the instruction you have to fill  
24 out. And it says here that it's under Section  
25 A. "We, the jury, unanimously find from the  
26 evidence beyond a reasonable doubt that the  
27 following facts existed at the time of the  
28 commission of the capital murder."

29 And like Mr. Hill said, I think after

## CLOSING ARGUMENT - STATE

1 looking at it, you'll find that all four of  
2 those do apply. You would fill them in, the  
3 ones that you unanimously agree on on these  
4 lines right here.

5 Then you'll go to the next step. That's  
6 where the aggravators are. That comes under  
7 Section B. That's the ones right here. "That  
8 knowingly, created great risk of death to many  
9 persons, capital offense was committed while  
10 the Defendant was engaged in the commission of  
11 the crime of armed robbery for pecuniary gain.  
12 The capital offense was committed for the  
13 purpose of avoiding and preventing lawful  
14 arrest or effecting his escape from custody."  
15 Those that you find unanimously will be filled  
16 in on this line.

17 And if at that point, by following the  
18 Court's instructions, unless you find that the  
19 mitigating circumstances outweigh these  
20 aggravators, the death penalty is an  
21 appropriate sentence. And at that point, the  
22 jury can impose the death penalty, and that  
23 would be where the foreman would sign on the  
24 top line stating that the jury finds that the  
25 mitigating circumstances do not outweigh the  
26 aggravating circumstances and that he should  
27 suffer death. That is what the evidence  
28 justifies.

29 Like Mr. Hill said and I -- it's just so

## CLOSING ARGUMENT - STATE

1 to the point. How many people would he have to  
2 kill before the death penalty would be  
3 appropriate if it wasn't four? This is a  
4 terrible --

5 **BY MRS. STEINER:** Same objection, Your  
6 Honor, as during Mr. Hill's argument.

7 **BY THE COURT:** Overruled.

8 **BY MR. EVANS:** This is a very terrible  
9 crime. And again, he put himself there. He  
10 chose to do this. We are asking that you  
11 follow the law and that based upon the law,  
12 that you find that the evidence justifies the  
13 death penalty in these four cases because of  
14 what he did and that you return a verdict of  
15 death in those four cases. Thank you, Your  
16 Honor.

17 **BY THE COURT:** Ladies and gentlemen of the  
18 jury, I'll now ask that you retire to the jury  
19 room to begin your deliberations. When you  
20 have reached a decision, you will knock on the  
21 door and notify the bailiffs and everybody will  
22 be called back into court at that time. But  
23 you now may begin discussing this case.

24 (AT APPROXIMATELY 2:05 P.M., THE JURY  
25 RETIRES TO BEGIN DELIBERATIONS. THE  
26 FOLLOWING PROCEEDINGS WERE HAD IN OPEN  
27 COURT OUTSIDE THE HEARING AND PRESENCE OF  
28 THE JURY, TO-WIT:)

29 **BY THE COURT:** And let me just state for

## JURY RETIRES; NOTE READ IN OPEN COURT

1 the record, when the jury went into the jury  
2 room, the exhibits that were admitted during  
3 the sentencing phase were submitted to the jury  
4 for their consideration. The Court will now  
5 stand in recess to await decision of the jury.

6 (AT APPROXIMATELY 2:45 P.M., THE JURY  
7 KNOCKED, INDICATING THAT THEY HAD A  
8 QUESTION. AFTER A NOTE WAS HANDED TO THE  
9 BAILIFF AND THEN PASSED TO THE COURT, THE  
10 FOLLOWING PROCEEDINGS WERE HAD IN OPEN  
11 COURT OUTSIDE THE PRESENCE OF THE JURY,  
12 TO-WIT:)

13 **BY THE COURT:** Court will come back to  
14 order. If you would, bring the jury in,  
15 please, note from the jury. I've got a  
16 question that says, "If we cannot agree  
17 unanimously, who will make the ultimate  
18 decision?" And I think I should just write  
19 back, "That is not a concern for the jury as to  
20 who makes the ultimate decision. That isn't  
21 for them to be concerned about."

22 **BY MRS. STEINER:** Well, Your Honor, I  
23 think the law is clear that the Court is  
24 obligated to enter sentence.

25 **BY THE COURT:** But that's not something  
26 they -- you know, I've instructed them on what  
27 they should be concerned about.

28 **BY MRS. STEINER:** As you know, we  
29 submitted a proposed instruction that did

## JURY RETIRES; NOTE READ IN OPEN COURT

1       instruct them on that. And we would just ask  
2       that that instruction heretofore denied be  
3       given in response to this note.

4               **BY THE COURT:** I have written, "That is  
5       not an issue that the jury should be concerned  
6       about it," and I'll sign it or initial it.

7               (THE NOTE WAS HANDED BACK TO THE JURY  
8       BY THE BAILIFF AND DELIBERATIONS WERE  
9       RESUMED AT APPROXIMATELY 2:48 P.M. AT  
10       APPROXIMATELY 3:35 P.M., THE JURY KNOCKS,  
11       INDICATING THEY HAVE REACHED A VERDICT.  
12       THE JURY WAS ASSEMBLED IN OPEN COURT FOR  
13       THE FOLLOWING PROCEEDINGS:)

14              **BY THE COURT:** Be seated please. Court  
15       will come back to order.

16              Mr. Foreman, has the jury come to a  
17       decision?

18              **BY THE FOREMAN:** Yes, sir, we have.

19              **BY THE COURT:** Is that written on the  
20       forms provided?

21              **BY THE FOREMAN:** Yes, it is.

22              **BY THE COURT:** Would you hand that to the  
23       bailiff, please.

24              I'll have the clerk read the verdict. If  
25       the Defendant will please stand.

26              **BY THE CLERK:** "We, the jury, unanimously  
27       find from the evidence beyond a reasonable  
28       doubt that the following facts existed at the  
29       time of the commission of the capital murder of

## SENTENCING

1 record.

2 Curtis Flowers, you've been found guilty  
3 of the crime of capital murder of Bertha Tardy.  
4 The judgment of the jury is that you suffer  
5 death for that. So it is, therefore, the order  
6 and judgment of this Court that you're  
7 sentenced to death for the murder of Bertha  
8 Tardy.

9 You've also been found guilty of capital  
10 murder for the killing of Robert Golden. The  
11 jury has imposed a sentence of death, so it is,  
12 therefore, the order and judgment of this Court  
13 that you're sentenced to death for the murder  
14 of Robert Golden.

15 You've also been found guilty by a jury of  
16 capital murder of Carmen Rigby. The jury has  
17 imposed a sentence of death or recommended a  
18 sentence of death. It is, therefore, the  
19 judgment and order of this Court that you're  
20 sentenced to death for the murder of Carmen  
21 Rigby.

22 You've also been found guilty of capital  
23 murder of Derrick Stewart. The jury has found  
24 that the death penalty should be imposed so it  
25 is, therefore, the order and judgment of this  
26 Court that you're sentenced to death for the  
27 murder of Derrick Stewart.

28 That is the judgment of this Court and  
29 these proceedings are -- this case is

3 (DEFENDANT'S EXHIBIT NO. 25, CV OF  
4 ROBERT JOHNSON, WAS MARKED FOR  
5 IDENTIFICATION TO REPLACE THE ORIGINAL  
6 EXHIBIT THAT WAS MARKED AND MISPLACED)

7 **BY MRS. STEINER:** Your Honor, if the Court  
8 please, we have one other evidentiary matter.  
9 Exhibit D-25 for identification was marked as a  
10 curriculum vitae of Robert Johnson.  
11 Apparently, either Mr. Johnson made off with  
12 it -- I haven't been able to reach him by  
13 phone. The parties have agreed that this is an  
14 exact duplicate of what was marked, and we'd  
15 like to have it marked as that exhibit number  
16 for identification.

17 **BY THE COURT:** That'll be fine. It can be  
18 marked in place of the one. The question that  
19 was sent from the jury is available.

20 **BY MRS. STEINER:** All right. We'd like it  
21 to be part of the record as well.
